The Light of the Western Stars

The following letter from the West Texas Chamber of Commerce will explain itself.

"We have perfected arrangements by which Mr. Jno. L. Spurlin of the Texas Cotton Palace and the writer will be in Colorado on August 15th, to take up with the citizens of Colorado and Mitchell County the matter of getting up a general agricultural-mineral exhibit of Mitchell County at the Texas Cotton Palace, Waco, Oct. 25th to Nov. 9th, 1919.

As you know this is the very best time in the history of West Texas for us to exhibit, and at Waco many oil men will be present in addition to those who desire to see our agricultural products—and West Texas' big come-back. It is a splendid opportunity—and I think I can convince you with Mr. Spurlin's aid that it can be done effectively and cheaply for Mitchell County.

I will appreciate it if you will take the matter up at once with prominent citizens, farmers, and the newspaper people, and arrange a meeting for us on this date. Any time of the day would suit us for the meeting, but if you contemplate having many farmers present, it would probably be best to have the meeting in the afternoon, say 2 p. m. Let me know what hour will suit you people the best, etc.

With many wishes, kindest regards

and anticipating seeing you at the meeting, I am,

Sincerely,
Porter A. Whaley,
General Manager.

BIG CELEBRATION OVER ALL FRANCE.

Paris, July 14. — France celebrated the victory of the Allies over Germany on the signing of the peace treaty today.

A triumphal march of Allied and American troops began at 8 o'clock this morning.

A thousand wounded soldiers with crutches or in wheel chairs led the parade. Guns were fired at minute intervals as President Poincare placed wreaths on the triumphal arch.

Marshal Joffre, the victor of the battle of the Marne, riding alone, led. Closely behind him came Marshal Foch, commander of the Allied forces in the final campaign of the world conflict. Much applause greeted his appearance.

General Pershing, commander-in-chief of the American Expeditionary Forces, was next in line and was received with equal enthusiasm.

REGULAR MEETING OF COUNTY COMMISSIONERS.

Monday of this week the county commissioners held their regular monthly meeting with all commissioners present, and County Judge J. C. Hall presiding.

Several hours were consumed in examining and approving various and sundry bills, which were allowed to the amount of \$464.32. Several bills were passed until next term for further investigation.

C. L. Black who has been employed as maintenance man on the east end of the Highway, tendered his resignation, which was accepted to take effect August 1st. C. M. Black executed a note of \$175 balance due on team, to be paid \$35 per month.

There has been considerable trouble in the court about the distribution of the county teams and road work. It has been, heretofore, that the teams would work more in one precinct than in others, and certain road work done at certain places would be lost or washed away before the teams could get back to it. So the court settled on the plan of letting the county teams work in each precinct according to the taxes paid, and the court fixed it this way: The teams to work nine weeks in Precinct No. 1; six weeks in No. 2; four weeks in No. 3; and seven weeks in No. 4, and repeat. In other words the teams work these weeks out of each 26 weeks, and then go back and begin again, so as to give each precinct the teams twice a year, and on certain fixed dates, so that each commissioner can tell exactly when he can get the teams and just how long they will remain in his precinct. The teams are now at work in Precinct No. 1 and will work here 9 weeks; then go to No. 2 for 6 weeks; No. 3 for 4 weeks and No. 4 for 7 weeks, and then back to No. 1 again for 9 weeks, and so on.

The court discussed the road work and are preparing for a big working campaign, so that the roads will be in good shape for the fall marketing of the big crop.

It was ordered by the court that all bills for road work done, be passed on and have the o. k. of the commissioner in whose precinct the work was done before the bill be allowed by the court.

Some time ago the State Highway Commission at Austin put out the statement that all counties having a state highway in the county, could secure, and was entitled to, a limited number of big army trucks and cars, the number being governed by the number of miles of highway in the county. Judge J. C. Hall made requisition at once for three trucks and one Ford car for this county. The court approved this but ordered only two trucks and one Ford car. These trucks and car will be shipped to San Angelo at an early day and the Judge was authorized to receive them there. The State Highway Commission requires that these trucks be used on the State Highway no long as needed there, then on other post roads in the county. The cost for these trucks to the county will be the freight charges and \$25 per year lease; but a certain per cent of this will be refunded, according to the length of time they are held by the county.

This is wholly an experiment with the court, as to whether they can make these trucks useful on the road work in hauling gravel, lumber, rock, etc., but as it costs the county comparatively nothing to try it, they have the two trucks coming, and will test them out.

County Judge J. C. Hall yesterday received the following letter:

"We have been offered a practically unlimited amount of T N T explosive under conditions that same be accepted immediately. T N T explosive, as you know, is one of the new explosives developed during the war. It is a light yellowish soapy substance which comes compacted in one half pound and pound copper covered sticks.

T N T is more powerful than the grades of dynamite ordinarily used and considerable safer to handle. It deteriorates slowly and since it does not contain nitro glycerine will not "leak". T N T is the most satisfactory military explosive known and adapted for most blasting work required in constructing roads.

We have been directed to wire our request to Washington by July 16th and if your county needs and can use any of this explosive, please wire me

at once the amount you desire. This explosive may be used on any highway work in your county subject to terms of our plan of distribution which may be applicable in this case. You will be assessed only an amount sufficient to cover the loading, transportation and distribution cost of the explosive.

Yours very respectfully,
Rollen J. Windrow,
State Highway Engineer.
Judge Hall sent in a wire for 100 sticks of this explosive.

AN OPEN LETTER.

I want to touch upon the road problem and situation in Mitchell county as I see and understand it.

First and foremost we are one hundred thousand dollars in debt, brought about by the scheme of issuing bonds. Let it be understood that I am unalterably opposed to the issuance of bonds for anything. I never voted for but one, and never expect to vote for another. However, I now withdraw all manner of ridicule, sarcasm or criticism that might be due to any one, and as a true citizen of the county put my shoulder to the wheel and try to better the situation if possible.

I now offer some thoughts to the powers that be. First, that we have always had men in the country that understood something about working roads, and it does seem to me that our supervisors could appoint some one in every community or school district to work the roads in their community or school district, with their own citizens, and remunerate them for it out of the tax that we pay. That would give every one that so desired, to get some of the benefit of the tax money paid out. In other words set aside the amount of taxes paid by every locality to work the roads in that locality.

The roads in many parts of the county are in a desperate condition, and the whole matter is tentative; so let everybody put forth their best efforts to better conditions.

E. M. McCRELESS.

DEPOSITS IN LOCAL BANKS.

The statement published this week of the four banks in Mitchell County show a combined deposit of 456,699.31. Nearly a half million and this at the end of a three years drouth.

Since the farming and cattle interests have been paying out funds instead of earning money to deposit during the three hard years, this showing is exceptionally good for this time of the year, and the deposits should begin to increase when Mitchell County's crops are harvested this fall.

The deposits stand as follows:
Colorado National Bank \$152,583.70
City National Bank..... 137,574.37
First State Bank, Colorado 76,638.29
First State Bank, Lorraine 89,902.95

WATER CONSERVATION PROJECTS UNDER WAY

Approximately \$50,000,000 worth of water conservation projects are under way or soon will be under way in West Texas, says Chester T. Crowell of the West Texas Chamber of Commerce.

"This prosperous year with its record breaking wheat crop, coming at the close of two years' drouth," he said, "finds the people determined to protect themselves against water shortage in the future. They can easily do this and the painful memory of the past two years makes them unanimous on the subject. There is an abundance of water in West Texas but little has been done to conserve it and the cost is astonishingly low considering the amounts of water stored. The reservoir and dam sites are numerous. Nearly every town in West Texas has one accessible. In the past many of these towns have depended on surface lakes for water. These stored a supply that would last a few months. Ordinarily they are entirely satisfactory but the cost of storing a supply for a year or two years is not at all prohibitive and that is now being done. Among the cities now at work on great water conservation projects are Wichita Falls, Eastland, Kanger, Breckenridge, Abilene, Stamford, Gorman, Graham, Caddo and Mineral Wells. Brownwood has recently acquired a great artesian well. Several of these projects will supply water enough for irrigation of large tracts of fertile land. The drouth in West Texas did not mean that there was no water but that many communities depending upon uncertain water supplies, were not equipped to take advantage of their best water sources."

Colorado is sleeping on her rights and has done so for years, in not damming Lone Wolf Creek—One of the most ideal places in all of West Texas, and a proposition that could be handled with very little money, compared with some of the plants referred to above. Now that prosperity is on the way Colorado should get busy and build this dam. Let the Chamber of Commerce take the matter up and work out a plan, and see what can be done. It would not only serve as the most attractive pleasure resort in the west, but would be a big drawing card for industries to locate here. The T. & P. railroad is going to make some changes in their division headquarters some of these days, and if this town would get a move on herself she might get a look-in. The railroad needs water, and at one time made this town a very attractive proposition if they would build this dam. A big dam across Lone Wolf will be worth more to Colorado than an oil well, or another railroad. Now that we are on the line of the Bankhead Highway and Ozark Trails, it behooves us to forge ahead and make our town an attractive stopping place for tourists, and nothing would be more successful than a large lake of pure water, with attractive surroundings and accommodations.

LeGears poultry food makes hens lay. W. L. Doss drug store has it.

OIL, WEATHER AND CROPS.

The oil interests in Mitchell county is on the pick up. The contract has been closed on the Itan well and work already begun. The derrick has been moved, and a new 16-inch hole started. The contract calls for 3500 feet and if the driller fails to go to that depth all leases are forfeited. Several other locations are just ready to be closed up and by next week at least, two deep tests will be closed.

The past ten days or two weeks the weather has been ideal. In all the history of Mitchell county there has never been seen such prolific growth of grain, row crops, melons—and weeds. It is going to be somewhat of a task for many farmers to gather and market their immense crops this fall. The price of feed and cotton both, promise to be high, and this year the farmer can dictate to his banker. The cotton crop is yet problematical as it is too early to even guess. Most of the crops are clean and growing very rapidly, but at least two-thirds of the crop is young and will yet have to be made. The outlook, however, is most promising and with bumper crops and oil as a side issue, Mitchell county will come into her own this fall.

Business is picking up somewhat, as almost all farmers now have feed and this heavy drain of money has been stopped. The merchants are buying heavily for the fall trade, and everybody is looking forward to a prosperous fall season.

DAYLIGHT SAVING VETO TO BE OVERRIDEN.

Washington, July 14. — Under unanimous consent and agreement, the agricultural appropriation bill with the rider repealing the daylight saving law, was taken up in the House today with the Republican leaders hopeful of passing the measure over the presidential veto.

Proponents of the repeal are confident that the two-thirds majority necessary to override the President's veto can be obtained.

337,339 MEN STILL IN FRANCE

Washington, July 15. — The American overseas forces aggregated 337,339 officers and men July 8th, an official announcement today said.

On the same date 100,000 men were enroute to the United States and 389,000 were in this country.

The second division of regulars and all attached units have been assigned for an early return home.

This division includes the Fifth and Sixth regiments of marines. Their departure leaves only the First and Third divisions on active duty in France.

ROOMS FOR WORKING GIRLS IN S. A. HOME

Oklahoma City to Get \$30,000 Building.

A women's and children's home will be one of the features of the new Salvation Army building which it is planned to erect in Oklahoma City with the proceeds of the Home Service Campaign.

C. G. Fencil, who is in charge of the plans for the drive, says, "The experience of local officers emphasized the necessity for the provision of women's and children's rest rooms and a day nursery as a very practical and much needed feature."

It is expected that mothers who are in the city on shopping trips will leave their small children under the care of the trained Salvation Army nurses.

It is also planned to provide some 18 or 20 moderate sized bed rooms to be rented to working girls at a minimum price. It is hoped that this feature will afford clean and wholesome living conditions on a cost basis at a reasonable rate compatible with the girls' wages.

Lieut. Col. George Wood, who is in charge of Salvation Army activities in the Southwestern Division, has announced that similar institutions for working girls will be established after the campaign for Home Service work in many of the larger cities of this division.

THE OUT-OF-LOVE CLUB

The New York Sun describes the work of this Salvation Army club in New York City:

"No, the Out of Love Club is not made up of jilted girls. Many of the members have been jilted—nay, cruelly used by conscienceless men in the past—but that isn't what the name means. It just means that what is done by it is done out of love and affection and good-will for all those who suffer and need a helping hand."

"It is a plain, but prettily furnished house at 318 East Fifteenth street, where the Out of Lovers gather for their meetings and teas and various good times, or are welcome to stay, when they need the shelter and strength of this home. There is the Salvation Army Hospital, too, next door, at 316—the Booth Memorial Hospital it is called, after the old general who founded and started the Salvation Army. And many a desolate girl, some country girl, perhaps, who had come to the city and gone upon the rocks, has found shelter and comfort and the restoration to health in one of the white beds of this hospital."

"Commander Evangeline Booth stated recently that 85 per cent of the unfortunate girls they had taken in for reclamation had turned out well. Hundreds of them have been placed in service, and it is the rule of the Salvation Army to follow up the girls who leave the home, to keep track of them for three years at least and see how they turn out. Sometimes the girls are only too glad to report frequently."

"There was the girl who set out to starve herself to death on a park bench. It was one cold autumn night when a man's voice called up the matron at this home and told her that he was much concerned over a girl who had sat for several days on a bench in the little park opposite his house. He watched her in the early morning and at night, he said, and he was convinced that she hadn't moved; he thought she seemed in great trouble. So the Adjutant of the home, which faces the same park, ran out and hunted up the bench where the girl sat."

"Come! Come with me and I will take you to a place where you will be more comfortable," she told the poor creature, who was a pitiable object indeed, her hair matted, her face thin and drawn, her eyes vacant and glazed, her clothes torn and wet. The girl shook her head.

"It's no use talking to me—I'm going to sit here till I starve to death," she said in a dull monotone. For an hour the Salvation Army matron pleaded, argued, tried every wile to induce the half-crazed creature to go with her. Finally, not daring to leave her there, she told the girl that if she didn't come a policeman would be called. At this she gave in and went.

"It took weeks of nursing and care to win from the girl her story. It was one of misunderstanding and trouble at home and harsh treatment that had driven her out into the world, where lack of training made it impossible for her to get work, and she was soon without money. Now that girl is an assistant in the Out of Love Club, where she is busy and happy all day, and the matron says she has saved many another girl who was tottering on the brink of despair."

CIVILIAN CLOTHES FOR DISCHARGED SOLDIERS

The Salvation Army is spending about \$200 per day in Chicago on civilian clothing for discharged soldiers. Commissioner Estill has placed Ensign J. A. Ryan in charge of this bureau. His office is always crowded. Every applicant is carefully interviewed and registered to prevent fraud and duplication. No clothing is given to men who have not yet secured jobs as they can seek employment in soldiers uniform as well as in civilian's clothing.

Summary of the weather and crop conditions in this neighborhood during the month of June.

June 1—crop conditions good; worms eating cotton some, but proved not to be serious damage as most of the stubs revived.

On Sunday night, June 8th we had a fine rain, which we all were glad to see.

Monday the 9th, we had several hard rains from noon on through the evening, followed by a nice still day. This was followed next day June 10, by a heavy sand storm. Both rain and sand injured our crops considerable. This was followed by three still days.

On Saturday night, June 14th, we had the master rain of the season which damaged the crops badly, also washed our fields as never before.

On Tuesday, June 17th, we had a heavy rain, such as is seldom seen. Next day, Wednesday the 18th another good rain fell, which was only a good crop growing season if we had needed it. We thought we didn't but of course we didn't know.

On Saturday evening about 5 o'clock it began raining again, and a heavy rain was the result.

Next day, Sunday, we had a good crop growing season, but didn't need it. At least we didn't think so.

Then the next three days were reasonably good work days, with some light showers, followed on Thursday with the heaviest rain during the wet season. Then Friday and Saturday were good work days, followed by a good crop growing season Sunday evening. Crops holding up reasonably well.

Then early Monday morning it began raining and a good rain was the result, followed by a severe sand storm in the evening, but we are hopeful it didn't do much damage.

At this time, July 1, it seems that the wet spell has broken up. Don't that sound strange after the drouth?

WESTBROOK ITEMS

The home-coming of the boys has been the occasion of much merriment in the past few weeks. Quite a number have returned. Ollie Thompson, Buss Gressett and James Metcalf are among those who returned recently. One of the events of the week was the lawn party given last Saturday evening at the home of Mr. and Mrs. J. E. Lasseter in honor of the boys. Forty-two and music were the features of the evening. Refreshments of ice cream were served by Mrs. P. M. Van Horn.

The out of town guests were: Mrs. W. H. Hogg of Waco, Misses Elizabeth Curry, of Teague, Leona Watts, of Clyde and Bertha Carter, of Iatan, Messrs. James Metcalf and D. L. Reed, of Stanton, Jack Helton, of Colorado, Claude and Key Hooks, of Cuthbert.

Mrs. Earl Phillips, of Big Spring spent the week end with her parents Mr. and Mrs. E. O. Gressett.

Born—To Mr. and Mrs. H. L. May on the 10th a baby girl.

Miss Laundry Smith, of Colorado, is visiting her aunt Mrs. T. W. Gilliam.

Mr. and Mrs. W. A. Oliver spent Saturday and Sunday in Colorado with their son Garland Oliver.

HOBBY ASKED TO RESIGN

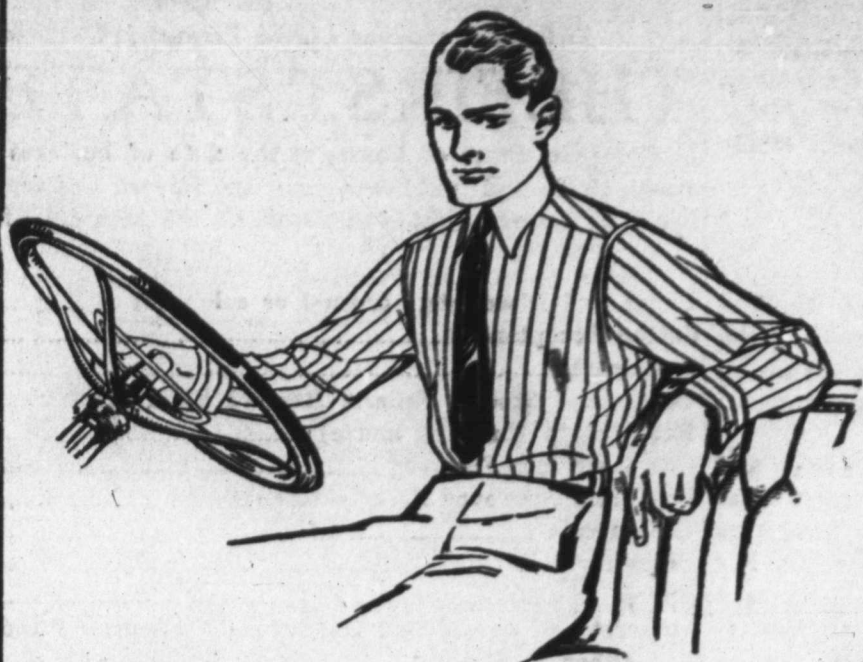

Resolution is Presented by Pope of Nueces—Alleged Action in Blue Ridge Prison Farm Operation.

Austin, July 15.—A resolution asking the resignation of Governor W. P. Hobby because of his alleged action in connection with the attempt to relinquish the state's option to buy the Blue Ridge prison farm was introduced in the Texas house by Representative Pope of Nueces. The speaker announced that the resolution would go over until tomorrow and be printed in the Journal.

Several days ago a resolution expressing confidence in the integrity of the governor was adopted unanimously in the senate and with only two opposing votes in the house.

Order For Special School Tax.

State of Texas, County of Mitchell: Whereas, on the 11th day of June 1919, a petition bearing the requisite number of signatures of property tax paying voters and being in every respect in conformity with the law, was presented to me for an election in Common School District No. 12 on the question of authorizing the levying of a tax of 50 cents on the \$100 valuation of all taxable property within said district, for the purpose of supplementing the State School Fund, apportioned to said district. Now, therefore, I, J. C. Hall, in my capacity as county judge of Mitchell County, Texas, do hereby order that an election be held on the 19th day of July, 1919, at Looney school house in Common School District No. 12 of said county, as established by order of the commissioners' court of this county, of date 9th day of April 1917, which is of record in book 1, page 15, Records of School Districts, to determine whether a majority of the legally qualified property tax-paying voters of that district desire to assess and levy a tax of 50 cents on the \$100.00 valuation of all taxable property in said district for the purposes of supplementing the State School Fund apportioned to said district. J. M. Thompson is hereby appointed presiding officer of said election and shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been

held, make due returns thereof to the Commissioners' Court of this county as required by law for holding said election. The ballots for said election shall have written or printed thereon, the following: For the Tax. Against the Tax. All persons who are legally qualified voters of this state and of this county and who are resident property tax payers of said district shall be entitled to vote. The Sheriff of this county shall give notice of said election as required by the laws of this State. Witness my official hand and seal of office at Colorado, Texas, this 12th day of June, 1919.

Sheriff's Notice of Election.

State of Texas, County of Mitchell: Notice is hereby given that an election will be held on the 19th day of July, 1919, at Spade school house, in Common School District No. 9, of this county, as established by order of the Commissioners' Court of this county of date the 8th day of June, 1914, which is recorded in book 1, page 5, of the minutes of said Records of School Districts, to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$1,500.00, the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to fifteen, both inclusive, payable twenty years from their date, with option of redemption after ten years from their date, and bearing 5 per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in repairing and equipping a public free school building of wooden material, and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect annually said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election. Said election was ordered by the county judge of this county by order made on the 12th day of June, 1919, and this notice is given in pursuance of said order. Dated the 12th day of June, 1919.

State of Texas, County of Mitchell: Whereas, on the 11th day of June 1919, a petition bearing the requisite number of signatures of property taxpaying voters and being in every respect in conformity with the law, was presented to me for an election in Common School District No. 9, on the question of authorizing the levying of a tax of 50 cents on the \$100 valuation of all taxable property within said district, for the purpose of supplementing the State School Fund, apportioned to said district. Now, therefore, I, J. C. Hall, in my capacity as County Judge of Mitchell County, Texas, do hereby order that an election be held on the 19th day of July, 1919, at Spade school house in said Common School District No. 9, of said county as established by order of the Commissioners' Court of this county, of date 8th day of June, 1914, which is of record in book No. 1, page 5, Records of School Districts; to determine whether a majority of the legally qualified property taxpaying voters of that district desire to assess and levy a tax of 50 cents on the \$100.00 valuation of all taxable property in said district for the purposes of supplementing the State School Fund apportioned to said district. A. R. Northcutt is hereby appointed presiding officer of said election and shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due returns thereof to the Commissioners' Court of this county as required by law, for holding said election. The ballots for said election shall have written or printed thereon the following: For the Tax. Against the Tax. All persons who are legally qualified voters of this state and of this county, and who are resident property tax payers of said district shall be entitled to vote. The Sheriff of this county shall give notice of said election as required by the laws of this State. Witness my official hand and seal of office at Colorado, Texas, this 12th day of June, 1919.

FORTY-THREE MEN, TEN WOMEN, DIE IN "Y" SERVICE OVERSEAS

Sacrifice Proportionately One-Quarter as Great as That of Army—Sixty-Three Decorated.

The Y. M. C. A. carried the Red Triangle into the camps and trenches abroad at a cost of fifty-three lives, a sacrifice proportionately one-quarter as great as that of the American army, according to a statement issued today by the National War Work Council of the Y. M. C. A. Of these fatalities thirty-five were due to disease, and the remainder to shell-fire, bombs, gas-fever, drowning and wounds. Ten of these were women, one of whom was killed by shell fire and the other in a German air raid.

There were also fifty-five non-fatal casualties. These were due principally to machine gun fire, gas, shell fire, and motor transport accidents. Numerous cases of slight wounds and grassings which were attended at dressing stations, but were not reported to headquarters, are not included.

These casualties occurred in a force which at no time exceeded 9,000 workers, of whom it is reckoned that more than one-half were never sent to the front, being employed in the hundreds of huts maintained throughout the training areas and the "leave areas."

Sixty-three "Y" workers were decorated, while in all more than 152 received official recognition or distinguished service. Thirteen of these were decorated with the Croix de Guerre, while forty-eight received other decorations. Of these three received the Distinguished Service Cross, three the Order of St. Stanislaus; five the Italian Cavaliere del Corona; thirty-eight the Italian War Cross, and one the French decoration of the Corps d'Armee. Seven were cited for the Croix de Guerre, and seven for other decorations, six commended for meritorious conduct, and twenty-nine received honorable mention in dispatches. Several units were cited in their entirety, those serving with the Third division being cited twice. More than a score more reported decorations have not yet been confirmed.

Not one of these men under thirty was fit for military duty, but the citations show that they carried on with the same courage and spirit that identified Americans throughout the war. These records show that they went over the top with the assaulting waves, that they exposed themselves under machine gun and shell fire to minister to the wounded, that they worked indefatigably as stretcher bearers, and that they drove ambulances into the midst of battle to rescue the wounded.

Others were sacrificed in the less heroic but no less necessary work behind the lines. Among these stands out Miss Winona Martin of Rockville Center, L. I., a Y. M. C. A. secretary, who was the first American woman killed in the war. She was killed by a bomb during a German air raid, and her death made a deep impression on American minds.

Miss Martin had been in Paris only a month, but had already done valuable work in stimulating an interest among the soldiers in the Y. M. C. A. in Paris.

Miss Marion G. Crandell of Alameda, Cal., killed by shell fire near Chalons March 26, 1918, was another of the women sacrificed in helping the soldiers.

Officials were quick to see and appreciate meritorious work, on the part of the secretaries and prompt to recognize it officially. Major General Dickman of the Third division gave a particularly strong citation of the units attached to that division, consisting of thirty-four men and six women.

A later commendation of the same units was ordered by Major General Howse.

Major General Henry T. Allen of the Ninetieth division in a letter to the Divisional Y. M. C. A. secretary said: "Two secretaries, F. A. Dawes and B. F. Ford, actually went over the top with the assaulting battalions and carried on their work in the midst of the severest losses."

The Y. M. C. A. honor roll of those who gave up their lives while helping the soldiers win the war, and of those who distinguished themselves in this work, contains the names of the following men from the Southern Military department: Dr. John H. Clifford, Tucson, Ariz., awarded Croix de Guerre; Thomas Nell Jefferson, Fden, Tex., awarded Italian Croix de Guerre; William Alsa Miller, Austin, Tex., awarded Italian Croix de Guerre.

STOKER OF IMPERATOR LEARNS HE IS MILLIONAIRE

New York, July 13. — A "millionaire stoker" with two years and five months' naval service to complete before his enlistment runs out arrived on the transport Imperator today in the person of E. L. Perkins of Eastland, Texas. Oil discovered on his farm, which his father is running for him, will give him an income of \$1,000,000 a year, he was told in a message from the elder Perkins, received just before the big transport left for Brest on her last previous trip.

Young Perkins enlisted in the navy in December, 1917, was assigned to transport service and later was sent into the Imperator's engine-room for duty as a coal passer. A few weeks ago a 6,000-barrel gusher was discovered on the farm, and drillers have started boring seven other wells, he has been notified.

The coal passer millionaire will not try to get out of enlistment, he said and will use the money "for the benefit of the world and Christianity."

THAT MORNING LAMENESS.

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Colorado testimony.

Mrs. W. M. Casey, Colorado, says: "Last winter kidney trouble came on me all of a sudden. I was doing sweeping and I got such terrible pains in my back it felt as if a red-hot iron was being pressed into me. I could hardly do any work for it would play me all out and when I would get up in the morning I would have a sore and lame back and would feel so tired I would want to go back to bed again. I had throbbing headaches and was nervous. I heard what Doan's Kidney Pills did for other people in my condition, so I bought a box at W. L. Doss' Drug Store. After finishing one box of Doan's, I was relieved of the hurting in my back and other troubles. Occasionally now I have to use a few doses of Doan's when I do any heavy housework."

PERMITTING PRISONERS TO SHARE IN THE NET PROCEEDS FROM THE STATE PENITENTIARY SYSTEM.

House Joint Resolution No. 38. Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expenses of such election.

Be it resolved by the Legislature of the State of Texas.

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding hereto a new section to be numbered Section 60 as follows:

Section 60. The Legislature shall have power to authorize a division of the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportions as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For the amendment to Article 16 of the Constitution, authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment to Article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each County, for use in said election, a sufficient number of ballots for the use of the voters in each County, on which he shall have printed herein prescribed, for the convenient use of voters.

Section 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.

WEST TEXAS COMING BACK

The Midland Reporter last week reproduced our article on the above subject and in commenting on the same says:

With the conclusion of the war and thus early in 1919, ere crops are harvested, West Texas is beginning to lose sight of its recent troubles and to break into a wide-spread grin as she anticipates the approach of a new and greater prosperity.

Twenty years to come back is too ridiculous, ten years an absurdity, and a prophecy of five years for the return of normality would be no more than amusing hallucination of a pessimist.

Today West Texas is blooming with the effulgence of an undisturbed Eden, and her people are marching on, hope emblazoned upon a horizon of promise that foretells the story of a brief period of reconstruction that will be concluded in happiness, progress, and prosperity as sweet-scented and as wide-spread as are now her green-carpeted and tower-decked prairies.

HISTORIC WASHINGTON HOUSE TO BE TORN DOWN.

Philadelphia, June 17.—Another landmark of George Washington is to go into discard.

The historic Washington House, noted as a hotel since 1746, is to be torn down as soon as prohibition becomes effective, it is announced.

The place is filled with reminiscences of Washington and revolutionary times. Washington retreated to it after the disaster of Brandywine.

Previously Washington had been a guest in this hostelry then known as the Washington Arms and again, when making the journey from Washington to New York when he was elected president, he with his retinue had breakfast in the hotel's dining room.

This marks this house as the place where Washington wrote at midnight the only report of the battle of Brandywine, September 11, 1777.

After the evacuation of Philadelphia by the British army the name of the hotel was changed to the Washington House.

On each occasion when Washington stopped at the hotel the best room in the house was placed at his disposal.

When Washington departed from Chester for New York for his inauguration ceremony he rode a splendid white horse, the gift of the citizens of Darby, Pa., nearby.

There it was that Lafayette's wounds were dressed by Mary Gormans on the night of the battle of Brandywine.

SIT STEADY IN THE BOAT.

Our East Texas friends who are out here with their first crop in the West are getting uneasy, shaky in the knees and want to sell out and go home; in fact one good family has already done so, sold out and left and has lost several thousand dollars by doing so.

A grand total of \$90,000,000 will be available for expenditure upon Texas highways, according to revised figures of the highway department.

This total is divided as follows: County bonds, approximately \$70,000,000; federal funds allotted, \$15,865,295; state funds, \$2,586,767; automobile tax retained by counties, \$2,500,000.

The state highway department says that in addition to building roads, many counties are perfecting maintenance organizations.

SCHOOL TRANSFERS MUST BE MADE THIS MONTH

Attention is called to the fact that all who desire to transfer their children from one school district into another for the ensuing year must make application to the county superintendent of public instruction during the present month. It will be too late to do so on or after August 1.

Those desiring to transfer into the Colorado Independent School District may present the matter to the President or Secretary of the school board, or Supt. E. F. King, and they will see that the matter has proper attention.

DAUGHTERS OF THE KING.

The Daughters of the King met last week with Mrs. Garvin. The lesson was led by the president, Mrs. J. G. Merritt. At the social hour the hostess served veal loaf sandwiches, pickles and ice tea.

B. Y. P. U. PICNIC.

The B. Y. P. U. went on a moonlight picnic at Seven Wells last Friday night. There was a truck load of merry young people, chaperoned by the pastor and wife. A good time was reported by all.

SWIMMING PARTY.

A crowd of young folks went to Seven Wells Tuesday evening on a swimming party, honoring Miss Alexander of Dallas, and Capt. and Mrs. Slagel. After an enjoyable swim, a most delicious supper was eaten, and the return was made by moonlight.

PRISCILLA CLUB.

The Priscilla Club met with Mrs. G. W. Smith last week. Besides the members several of Mrs. Smith's neighbors were guests. A profitable and pleasant hour was spent. After the work the hostess, assisted by her daughters, Mrs. R. O. Pearson and Miss Smith, served sandwiches, pickles and ice tea, garnished with mint.

CENTRAL CIRCLE.

The Central Circle of the M. E. church met with Mrs. Sam Wulfjen Monday afternoon. A good number were in attendance. Besides the regular business a quarterly report of the treasurer was given. This amounted to over a hundred dollars and was used for local work only. Mrs. Chambers, Mrs. Boewel of Iatan, Mrs. Adanson of San Antonio and Mrs. Cromer of Strawn, a former member, were guests. The hostess served peach ice cream and maccaroons.

CAMPFIRE GIRLS MEET

The Campfire Girls met with Miss Allie Merrill Monday evening. Plans were made for their camping trip, August 1. It was decided to have a picnic Saturday at Herrington's garage, to make money for their camping trip. Miss Hardison, who has been a Guardian, was present and told the girls of the work as she had seen it. Miss Lula Helton was received as a new member.

TO BAPTISTS OF COLORADO

Some time ago I sent you, through the mail, a questionnaire, with the special request that you fill it out and return it to me at once. Up to the present only a few have returned them. Will you please hunt up and fill it out and return it to me at once as it is very essential to the welfare of our church?

Will you also take notice to this following statement? I will not preach in Colorado next Sunday morning, but will preach Sunday night. I trust that each member of our church will worship with some of the other churches of the town at the eleven o'clock hour and then come to your church, without fail, Sunday night. W. C. Garrett, Pastor.

MOONLIGHT PICNIC.

Miss Sallie Herrington entertained the young people who had been attending the Saturday night socials in her home, last Saturday night with a moonlight picnic. A good time was had singing and playing games and partaking of a picnic supper. Miss Herrington was assisted in entertaining by Mesdams Merritt, Merrill and Herrington.

YOUNG PEOPLE'S MEETING

The Young Peoples Missionary Society of the M. E. church met with Mrs. Barcroft last Tuesday. The program was on Americanization. Every member present pledged to take the course in Home Hygiene which will be taught by Miss Cuff, a Red Cross nurse, as soon as the books arrive.

REVIVAL SERVICE.

There will be a revival meeting, beginning Sunday, July 20th, under the direction of the Christian church. The evening service will be on the church lawn, each evening, beginning at the usual hour for services.

We very earnestly ask for the fellowship, presence and prayers of all the ministers and christian people of Colorado, that the unsaved may attend and hear and obey the gospel.

We hope to stir the indifferent members to action and the regular attendants to greater appreciation of their duties. Praying for the blessings that will give joy to the people of God and for a united effort for the general good of all.

Your fellow servant,
D. R. HARDISON.

ABOUT DANCING.

Rev. Mathews, at Fort Worth, a Methodist minister and presiding elder, said:

"It's time for the church to be heard. The religious forces have brought an indictment against the modern dance."

Rev. Mr. Matthews answered Paul Goss, secretary of the War Camp Community Service, who appeared before Fort Worth ministers in defense of the dances given by the Khaki Club.

"The church brings the indictment against the modern dance—the round dance from the simplest to the vulgar, from the turkey trot to the—well, I'll not try to define them, because there is scripture against it."

He told of the ancient Greek dance condemned in the bible. He said the Greek dance is very much like the modern dance and read a description of the former which pictured it as "usually given at night, when the sexes mingled freely, and when music accompanied the revelry."

"Again the dance is indicted because the book of discipline of the Methodist church condemns it; because it is condemned by the Methodist Church, North and South, and other denominations. You can look into a ball room and see it is not in harmony with the teachings of the New Testament."

When Goss addressed the pastors he intimated that church women had been chaperoning dances given for the soldiers.

"I feel reasonably sure," Mr. Matthews said, "that if church women have been chaperoning the dance at the Khaki Club they have not been doing much chaperoning at prayer meetings. If they are Methodists they are half breeds. They are betrayers."

"If there is anything disgusting to me it is to see some society sister dance around all week and prance in on Sunday in her best clothes and take the sacrament."

"Much of the trouble is with the mothers who have stood by their daughters and put them into the ballroom. This continues despite the fact that 75 per cent of the fallen women say it was in the dance that they started to go down."

"The chief objection to the dance is the position that men and women get into—that's the only thing that

keeps the dance living. You've never heard of a club giving a dance where men danced together and women together. If you have it wasn't much of a success. And the man who dances only with his wife gets tired the quickest and goes home earliest."

REFLECTIONS.

The richest child in the world—the heir of the John R. McLean millions—was killed by an automobile a few days ago. At the time of his death this child was heir to more than a hundred million dollars, and had he lived to the age of maturity would have found himself possessed of fabulous wealth. Death is a monster that even wealth cannot safeguard. There were many nurses and attendants to guard the body, and eminent physicians to watch health, but in an instant a buzz wagon dashed by and the richest child in the world was no more. The world has its classes, its pets, but death is the greatest leveler that plays no favorites. Notwithstanding the fact that this boy was the richest

boy on earth, it is not likely that he got much pleasure out of his short life. There were nurses to deny him the privilege of getting dirty, dieticians to stand between him and green apples and other things a boy's appetite craves, and guards to keep him from "goin' in washin'" at the old swimming hole. It's doubtful whether he ever fought a yellow jacket's nest, and reasonably sure that he never robbed an orchard or a watermelon patch. Boys who were not able to have a suit of clothes or a pair of shoes, but who were permitted to catch the dew fresh from the grass, to live among the pigs, calves, birds and negroes, got more out of life than the rich little prisoner who knew nothing of God's great out of doors or of the things that help a boy grow, by knocks and bruises and lickings, into a real man.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

DEPUTY SHERIFF NOW OUT WITH FACTS

"We Know From Actual Experience What Tanlac Will Do," Says Joe, Chadwick

The imposing list of men now endeavoring Tanlac who have held, or are now holding some responsible public office grows longer day by day. To the large number of representative men whose statements have been published in the press of the country is now added the name of Joe Chadwick, formerly deputy sheriff of Bexar County, Texas, for fourteen years, and who enjoys the esteem of all who know him. Mr. Chadwick lives at 125 Krempkau street, San Antonio and made the following statement detailing his wife's experience with Tanlac.

"I've just come in to get another bottle of Tanlac for my wife," said Mr. Chadwick, "she has already taken two bottles and her improvement is simply wonderful. My wife has suffered for ten years from a disordered stomach that gradually got worse, and about eight years ago she noticed a distressing feeling of gas after eating and it caused painful smothering spells to come on. The gas seemed to press on her heart and cause palpitations that would nearly overcome her and she would lose sleep on account of it. She couldn't sleep on her left side at all, for the pain was simply unbearable when she tried to. She had a morbid appetite and seemed to be hungry all the time, but couldn't digest what she ate very well, and early in the mornings she would often get sick at her stomach and begin vomiting.

"Her condition got to be so serious I worried a lot about her till she started taking Tanlac, then she began to improve at once and I became more hopeful of her recovery. She sleeps like a top every night now and she can sleep on her left side just as restfully as on the other, and she shows no signs of her old trouble. Her nerves are quieter now and she eats better and everything seems to agree with her and gives no distress afterwards. She is stronger and has more life and energy than before and says she feels more like working now than she has in a long time. We know from actual experience what Tanlac will do and are telling all our friends about it whenever we see them."

Tanlac is sold by all druggists everywhere. Adv

"THE HELL CAT" GOLDWYN'S SECOND FARRAR PICTURE

Brilliantly Geraldine Farrar made her debut in Goldwyn Pictures and brilliantly she continues. Her second appearance is made in "The Hell Cat," which comes to The Best Theatre on Friday and Saturday nights, July 18th and 19th, and Saturday matinee, and the play promises to be an extra good one.

Geraldine Farrar is Pancha O'Brien daughter of a Wyoming sheep raiser, who is loved by Sheriff Jack Webb. There is another, one Jim Dike, a squaw man, who would possess her. She rebuffs him repeatedly.

At night he comes to the O'Brien ranch and shoots down Pancha's father. The girl puts up a terrific fight and proves that she is a veritable hell cat. Dike, however, carries her away to his ranch.

Dike's squaw steals into Pancha's room, intent on stabbing her; but when Pancha explains the Indian knows that it is Dike who must be punished. She dashes off to tell the sheriff. In order to win Pancha back to responsiveness, Dike offers to marry her and take her East. The girl consents.

On the way to Cheyenne Sheriff Jack Webb and his posse spring from behind rocks and cover Jim Dike with their guns. The cattleman sits in the buckboard, stiffly erect. The posse approaches. He topples over, dead, with the dagger Pancha has wrested from the Indian in his heart.

war he established the work of the Army "Y" at Camp Pike, Fort Logan H. Roots, the Remount and Ebberts field, Arkansas. In August, 1918, he was transferred from the camp secretaryship of Camp Pike to take the same position in Camp Travis, Tex., finally becoming associate executive secretary of the southern department, which place he held until his recent promotion. As foreign missionary he was located in Nigeria, British West Africa, for a year, and later he spent five years in Jamaica, West Indies. He entered city Y. M. C. A. work 15 years ago in Columbus, Ohio, later serving as general secretary at Columbus, and at Pittsburg and DuBois, Pa.

Mr. Appleget was in newspaper and magazine work in New York city for 15 years, having been editor of "Newspaperdom" and "Publisher's Guide" and a special writer for the American Telegraph and Telephone company. He entered the "Y" war work October 1, 1917, at Camp Pike, Ark., as camp educational director. He organized the first agricultural school and the largest central camp school in the southern department, the camp school registering 2,100 soldier students, and became popular as an educational and humorous lecturer at Pike. Since February, 1919, he has been connected with the department headquarters at San Antonio.

RELATING TO SPECIAL TAXES BY CITIES, TOWNS AND COUNTIES FOR PUBLIC IMPROVEMENTS, PUBLIC ROADS, ETC.

Senate Joint Resolution No. 20.

Proposing an amendment to Section 9 of Article 8 of the Constitution of the State of Texas, by changing said section 9 so as to provide for the levy of taxes by counties, cities and towns, not to exceed thirty cents for roads and bridges, and a tax not to exceed fifty cents on the One Hundred (\$100.00) Dollars' valuation in any one year, for the erection of public buildings, streets, sewers, water works, improvements of cemeteries and other permanent improvements, providing for the levy of a maintenance tax by counties, or political subdivisions thereof, not to exceed fifty cents on the One Hundred (\$100.00) Dollars' valuation, upon a majority vote of the qualified property tax payers voting at an election held for the purpose, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas be so amended that the same will hereafter read as follows:

Section 9. The State tax on property, exclusive of tax necessary to pay the public debt, and the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the One Hundred Dollars' valuation; and counties, cities and towns are authorized to levy not exceeding thirty-five cents for city or county purposes, and not exceeding fifteen cents to pay jurors, on the One Hundred Dollars' valuation, exclusive of taxes levied for the payments of debts incurred prior to the adoption of the amendment September 25th, 1883; and for the erection of public buildings, streets, waterworks, improvement of cemeteries, and other permanent improvements not to exceed fifty cents on the One Hundred Dollars' valuation, in any one year, and except as in this Constitution otherwise provided and the qualified voters, who have been assessed or paid property tax, of any county or sub-division thereof now existing or that may hereafter be defined by the Commissioners' Court, may at an election called in accordance with the law authorizing the levy of a special road tax, by a majority vote levy a special tax of not exceeding sixty cents on the one hundred dollars' valuation on all property, for the further improvement and maintenance of public roads; provided that this provision shall be self enacting and that no part of such tax shall be available to pay an indebtedness incurred prior to the current year for which said tax is collected, except to pay indebtedness now existing, and providing further that such levy may be voted off or changed at any time by majority vote of those qualified to vote under this provision. And the Legislature may pass local laws for the maintenance of public roads and highways, without the local notice required for special or local laws.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors at an election to be held for that purpose on the fourth day of November, A. D. 1919; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the Amendment to Article 8, Section 9 of the Constitution of the State of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges and not to exceed fifty cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed sixty cents for maintenance of

"Completely Discouraged"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "everything goes wrong." Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you. A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablets. Tablet form, 60 cents, at all drug stores.

It is a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless.

PADUCAH, KY.—"After first becoming a mother, I was in miserable health. I developed a severe case of woman's trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the 'Prescription' and my health was completely restored. I am always ready to speak a good word for this wonderful woman's medicine."—MRS. ANNIE SMITH, 1119 N. 12th Street.

HOW CLEOPATRA'S NEEDLE WAS SAVED

New Process Invented to Preserve Surface of Monolith in Central Park.

HEROGLYPHS OBLITERATED.

Rigors of Western Climate Caused Khedive's Gift to Disintegrate. Painting Ancient Obelisk with Special Preparation Stays—Ruined Portions Restored.

New Yorkers awoke one morning to find in their breakfast headlines the news that a zealous park employee had discovered signs of disintegration on the surface of the city's most treasured antique—Cleopatra's Needle. Photographs revealed that the monolith was peeling, large pieces of sandstone having fallen from the tall shaft, carrying with them part of the prized hieroglyphs.

London's twin sister of Cleopatra's Needle was reported as resting comfortably and enduringly on the banks of the Thames, and the rival port wondered whether a preparation would be found to stay the attacks of their harsher climate.

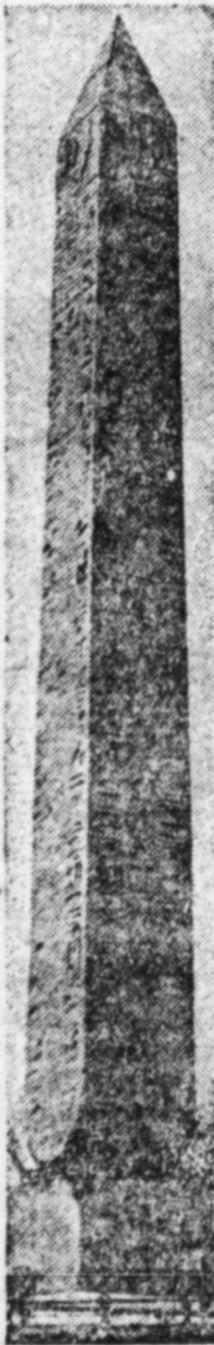

Such a preparation was soon forthcoming. A new paint combination as a preservative for stone was invented

THE OBELISK.

The Obelisk was presented to the City of New York by the Khedive of Egypt. Lieutenant Commander Goringe, U. S. N., after a three years' effort, obtained possession of it and moved it to its present position at an expense of nearly \$100,000. It was finally swung into position at noon, January 22, 1881.

The height of this monument, from base to tip, is 69 feet, 2 inches. The measurement of the base square through its axis is 7 feet, 8 1/2 inches. The entire weight of the monolith is 219 1/2 tons.

Since it was quarried near the Red Sea, it has traversed the entire length of Egypt, most of that of the Mediterranean Sea and the width of the Atlantic Ocean—a distance of 6,400 miles—proving itself a first rate traveler for one whose age has exceeded thirty-five centuries. The course of its existence it has seen Pharaoh and his host going to their destruction in the Red Sea, Sishak marching to the conquest of Jerusalem, Cambyses despoiling the land, Herodotus, Plato and other Greek students engaged in pursuit of Egyptian lore, Alexander the Great on his victorious expedition through the land of Goshen, six and a half centuries of Roman sovereignty and Christian struggle at Alexandria, all the long line of Moslem rulers since Caliph Omar; and now, leaving its native land it stands looking up on the million dwellers in this metropolis whose site was unknown to the Eastern world at a time when the Obelisk had been in existence for two thousand years.

by Dr. William Kuckro, chemist of the Metropolitan Museum of Art. Many years previous coating with paraffin had been tried, but the application had not entirely accomplished its purpose. The new painting process, however, proved a success. Disintegration was halted and the damaged parts restored. New York breathed easily again.

PAINT PROTECTION AND ITS ECONOMY.

The preservation of structural materials, which may be obtained through the application of paint, constitutes a most vital means of furthering the conservation of our natural resources. It is, moreover, the most economical method of sustaining the appearance and general upkeep of any community.

A structure coated with sheets of India rubber would not be as well protected from decay as a structure coated with a good oil paint. This is due to the fact that a sheet of rubber is not so durable or as waterproof as a thin dried film of paint. The latter material when applied dries to a continuous elastic film containing finely divided particles of metallic, wear resisting pigments. A square foot of such a film upon a wooden surface costs less than a penny, yet it will beautify and protect a dollar's worth of surface for many years. This is a low rate of insurance.

Dwellings, barns, outbuildings, sheds, posts, fences, stock enclosures, wagons, implements, windmills and other structures, whether of wood, iron or cement, should be preserved, through the use of paint, from rapid decay. High grade paint may be used successfully for all such purposes. Colored paints will be found the most serviceable, the coloring matter in the paint adding from two to three years to the life of the coating.

Order For Bond Election.

State of Texas, County of Mitchell: Whereas, on the 11th day of June, 1919, a petition was presented to me for an election in Common School District No. 9, of this county, on the question of issuing bonds to provide funds to be expended in payment of accounts legally contracted, in repairing and equipping a public free school building of wooden material, and authorizing a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity, said petition bearing the requisite number of signatures of property taxpaying voters of said district and being in every respect in conformity with law; and, it appearing that Mitchell County contains a population of more than 8000, according to the last United States census; and it further appearing that said Common School District No. 9, has been heretofore on, to-wit, the 8th day of June, 1914, properly established in accordance with Article 2817, Revised Statutes of Texas, 1911, and it further appearing that said district as so established contains an area of more than nine square miles, and that no other district has been reduced in area below nine square miles by reason of the creation of this district; and it further appearing that said district No. 9, does not embrace any territory that was taken from any other school district (either common or independent) that had an outstanding issue of bonds at the date of such inclusion in this district;

Now, therefore, I, J. C. Hall, in my capacity as county judge of Mitchell County, Texas, do hereby order that an election be held on the 19th day of July, 1919, at the school house in said Common School District No. 9, of this county as established by order of the Commissioners' Court of date the 8th day of June, 1914, which is recorded in book 1, page 5, Record of School Districts, to determine whether a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$1,500.00; the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to fifteen, both inclusive, payable twenty years from their date with option of redemption after ten years from their date, and bearing 5 per cent interest per annum, payable annually April 10th of each year, to provide funds to be expended in payment of accounts legally contracted, in repairing and equipping a public free school building of wooden material, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

A. R. Northcutt is hereby appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding same, and he shall, within five days after said election has been held, make due return thereof to the commissioners' court of this county, as required by law for holding a general election. The ballots for said election shall have written or printed thereon the following: "For the Bonds," "Against the Bonds." All persons who are legally qualified voters of this state and of this county and who are resident property taxpayers in said district shall be entitled to vote at said election. The sheriff of this county shall give notice of said election by publication as required by law.

Dated the 12th day of June, 1919.
J. C. HALL, County Judge
718 Mitchell County, Texas.

All persons who are legally qualified voters of this State and of this county and who are resident property taxpayers in said district shall be entitled to vote at said election. The sheriff of this county shall give notice of said election by publication as required by law.

Dated the 12th day of June 1919.
J. C. HALL, County Judge
718 Mitchell County, Texas.

Sheriff's Notice of Election.

State of Texas, County of Mitchell: Notice is hereby given that an election will be held on the 19th day of July at Looney school house, in Common School District No. 12, of this county as established by order of the Commissioners' Court of this county of date the 9th day of April, 1917, which is recorded in book 1, page 15, of the minutes of said Records of School Districts, to determine whether a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$2000.00, the bonds to be of denomination of \$100.00 each, numbered consecutively from one to twenty, both inclusive, payable twenty years from their date, with option of redemption ten years after their date, and bearing 5 per cent interest per annum, payable on April 10th of each year, to provide funds to be ex-

pendent in payment of accounts legally contracted in constructing and equipping a public free school building of wooden material, and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. All persons who are legally qualified voters of this state and county, and who are resident property tax paying voters in said district shall be entitled to vote at said election. Said election was ordered by the county judge of this county by order made on the 12th day of June, 1919, and this notice is given in pursuance of said order.

Dated the 12th day of June, 1919.
718 W. J. CHESNEY,
Sheriff Mitchell County, Texas.

Notice by Publication of Final Account.

The State of Texas: To the Sheriff or any Constable of Mitchell county, Greeting: W. D. McCarley, Administrator of the estate of J. G. McCarley, Deceased, having filed in our County Court his Final Account of the condition of the estate of said J. G. McCarley, together with an application to be discharged from said administration; You are hereby commanded, that by publication of this writ for twenty days prior to the first day of the next term of the County Court, in a newspaper regularly published in the county of Mitchell, you give due notice to all persons interested in the account of final settlement of said estate, to file their objections thereto, if any they have, on or before the July term, 1919, of said County Court commencing and to be held at the court house of said county, in the city of Colorado, on the third Monday in July, A. D. 1919, when said account and application will be considered by said court.

Witness, W. W. PORTER, Clerk of the County Court of Mitchell Co. Given under my hand and seal of said court, at my office in the city of Colorado, this 21st day of June, A. D. 1919.

TUBERCULOSIS IS NOT INCURABLE

IF DISEASE DETECTED IN TIME CURE CAN BE EFFECTED IF PROPERLY TREATED.

PROPER HOME CARE HELPFUL

Pamphlets on Treatment of Tuberculosis and Transmission of Disease Will Be Sent Free on Request.

WHAT ABOUT THE CHILDREN?

Are the people of Texas going to continue allowing their children to fall heir to all sorts of constitutional defects, merely because of the lack of knowledge of the means of preventing the acquirement and spread of communicable disease? The State Tuberculosis Sanatorium, Carlsbad, has prepared an excellent little pamphlet, gotten up attractively in colors, entitled "Communicable Diseases Among School Children." The propaganda department of the institution hopes to get a copy of this pamphlet into the hands of every primary grade teacher, during the fall term of 1919. The pamphlet is intended for parents as well.

Among other things, it is hoped that this pamphlet will help to establish the falsity of the old notion that children should be exposed to such dangerous diseases as Mumps, Measles and Whooping Cough "To get it over with." Measles and whooping cough both are apt to leave certain organs of the body—the heart, kidneys, lungs—in impaired condition, so that other diseases find a ready lodgement. Oftentimes the eyes are affected. Because a child can be very sick, yet complain little, it is thought that these diseases "go harder" with the grown person. The grown person can better afford to take the chance of after disease than can the child, because the former's immunity to many diseases is established, whereas that of the child is not.

Prevention is better than cure.

TUBERCULOSIS

is not INCURABLE

IF it is detected in time and proper measures of treatment instituted. Home treatment is good. Institutional treatment as an educational feature is excellent. PREVENTION is better than cure.

O. LAMBETH The Coal and Feed Man

IS HIT BY SHELL WHICH KILLS FOUR OF UNCLE SAM'S MEN

Y. M. C. A. Man Returns With Story of Finding Huns in French Uniforms.

Under shell fire and gas for three weeks, the buildings in which he ran his canteen hit six times, and finally knocked out by a shell which killed four men, wounded thirty and put him in a hospital for two months, Guy A. Willis, a Grand Rapids lumberman, has returned on crutches from France with some evidence of the zeal with which the Y. M. C. A. canteen men worked with the troops in the St. Mihiel and Argonne drives.

Willis was attached to the Three Hundred and Fifty-fifth regiment, Eighty-ninth division. In the Toul sector, which the division held until the St. Mihiel drive began, Willis' Y. M. C. A. outfit had a canteen near Mont Sec, at Beaumont, and one of his pleasant jobs was to drive almost daily around the famous Dead Man's curve on trips to get supplies for his canteen. Willis entered Benny, in the St. Mihiel drive, three hours after the Germans had been thrown out of it.

In a shell-wrecked building he found a German kitchen with three big cauldrons. For several nights he made cocoa—hundreds of gallons a night—which was rushed in cans, shell cases,

ephoned that spies had been in the canteen, but the pair made good their escape in the darkness.

In the Argonne drive Willis was at work in a first-aid station when Captain Baker was wounded in the barrage. Willis went back through the barrage, serving as a litter bearer, and helped carry wounded down through the mud for four kilometers to the ambulances.

Two days before the last drive in the Argonne Willis went back into the village of Romagne to get supplies for a first-aid station. As he entered the town the Germans opened up on it with a battery of 88s, and the second shell sent over landed in the street within twenty-five feet of him. The shell killed two soldiers on a truck, setting fire to the gasoline tank and cremating one of the men. Two others were killed and thirty wounded, one of whom was Willis, a piece of steel being driven through his foot.

The field hospital to which he was taken had been shelled ten minutes before he arrived, and four hospital attendants and several engineers had been wounded. A few minutes later some German airmen came over and bombed the place, one of the bombs ripping a piece of cloth from under the head of a doughboy two stretchers away from the Y. M. C. A. man. The doughboy was not even scratched.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

While at Benny Willis was busy in the canteen one night when two officers entered. They wore uniforms of the Fifth French artillery. The canteen was full of doughboys getting cigarettes and chocolate, and the Frenchmen, who seemed in a great hurry, picked up several pieces of chocolate and started to go out. Then they hesitated and turned back toward the counter. As they did so a doughboy heard one of them say to the other, "Wie viel?" (How much?).

A group of eight or ten doughboys entered at that moment, and in the crowding and jostling and dim light the soldier who had heard the remark lost sight of the officers for a moment. When he looked for them again they had vanished. Headquarters was tel-

palls and whatever else came handy out to the boys. Three times shells crashed through what was left of the roof of the building in which the Y. M. C. A. had set up shop, but they kept on at their work and ran the canteen there for three weeks, until they were shifted to the Argonne.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

F. M. Burns left Tuesday morning for the New York markets, and said he intended buying the largest stock he had ever bought. He was met at Sweetwater by his buyer from the Plainview store, at Abilene by the buyer from his store at Tulia, and at Fort Worth by the Texas representative of the New York house, and these four will search the Eastern markets for the latest and best. Mr. Burns said he was sure now that Mitchell county would make a bumper crop and would buy accordingly.

BASE BALL

Last Friday evening the Loraine team and Colorado team played a game of ball on the Loraine ground. Possibly there has not been such an interesting game this season. Cooper of Colorado was in fine trim. Old "Big" Winstead of Loraine had nothing lacking. These fellows twirled eleven innings in mortal combat. They played until sundown and then quit with a score of 2 and 2. Of course this does not finish the series of games. On July Fourth Loraine was victorious over Colorado, but must defeat the team again before they claim the season's championship. The team under the management of Mr. Jackson has been doing splendid work, and expect to do more as they become more efficient by practice.

Business Change

THE EAST SIDE SINGING CONVENTION

A Great Day For Loraine and the Sixteen Hundred People Present.

The East Side Singing Convention met in Loraine on Sunday last. The program was held in the Baptist church.

As one man expressed himself, "I didn't think there were that many people in West Texas." To say the least of the crowd we had a "house over full."

The morning program was rather short. Beginning at 11 o'clock a few songs were sung to while away the time until the president of the East Side Convention could arrive. President Hutchins of the Loraine class had everything working in perfect order. A short welcome address was made by Charlie Thompson.

After this a few songs were sung, while the committees arranged the afternoon program. When the tap of the bell (signal for dinner) was heard all were ready.

Tables had been arranged to accommodate the large crowd present, and it is needless to say there was plenty for all. In our opinion there was not a barnyard unmolesed, for every box contained at least one of those big frying chickens. This is the one thing that makes a spread dinner complete. We know some of those dinner boxes had all good things to eat as they were so heavy that a couple of men had to carry them to the tables. Some of the good mothers discarded the little goods boxes and piled the contents out of the baby's trunk and filled it with good things to eat for the convention. Possibly some of them placed the old man's boots and pants under the bed and used his trunk for a "chuck box." Of all the good things to eat nothing was left out. These good old mothers had not forgotten the times when they used to go to "big meetings" and carry their dinner.

If this dinner could have been spread a year ago Mr. Hoover would have resigned his place, because no one Hooverized, but brought all the cake and pies and chickens, that all the people in Mitchell county could have eaten. Even the good old black-berry pies and peach cobbles were not forgotten. There was dinner for all and plenty to spare.

The class singing began the afternoon program. The classes of the East Side proved themselves to be singers of the very best. Each class left nothing undone. All the parts were carried in every song that was sung. The leaders of the respective classes proved to be ones possessed of the leadership necessary for such occasions. The classes present were: Bauman class which had a membership of possibly sixty or seventy members; Valley View class with a large membership. Longfellow, Looney, Wastella, Zellner and Loraine. There were special songs given by the different classes that were worthy of mention.

This day is one that will long be remembered by all who were present.

The convention voted for the next meeting to be held at Bauman.

President Westbrook was well pleased with the success of the convention and the large crowd present.

Moonlight Picnic

Thursday night a few of the folks decided they would go on a picnic. A nice lunch was prepared and they drove over to the creek, where they spread the supper. Of course they wanted to entertain Roy Baird, who has just returned from France, and of course old "China" Herman Finley was there, because a great time like this could not have been complete without him. They all had a nice time. Others present were, Mr. and Mrs. Jesse Pratt, Harry Hall and wife, Mr. and Mrs. T. R. Bennett, Mr. and Mrs. Joe Bennett, Miss Helen Altman, Jewell Pierce, Mrs. Hurd, Miss Wilson, Mr. and Mrs. A. C. Pratt and Mattie Thompson.

Farewell Party

At the home of Mr. and Mrs. R. E. Bennett a farewell party was given in honor of the Misses Philipp, who have been visiting friends and relatives here. Their home is in Socorro, New Mexico, where they have been residing since they left Loraine. Everything was arranged very nice for the occasion, and everybody reports a nice time.

SINGING SCHOOL FOR LORAIN

Prof. Ben. H. Parrish of Waco Will Conduct a Class for 12 or 18 Days

A School of Singing will be conducted at the school building in Loraine, commencing on Monday, July 21st. It will be conducted by Ben. H. Parrish of the Trio Music Company of Waco. Charges for 12 days will be \$60.00; and for 18 days \$100. This amount is guaranteed by the citizens of Loraine. Everybody is invited to attend, who wants to learn to sing or to improve their voice. At the close of the term the patrons will be called upon to pay their pro rata of the charges, as outlined above. Let everybody attend, and have a successful and instructive course in singing.

SOLDIERS MAKE SIXTY MILLION VISITS TO Y.M.C.A.

Stupendous Figures Given Out by Southern Department Headquarters—Religious Meetings Popular.

Stupendous figures showing something of the activities of the Army Young Men's Christian Association in the Southern Department during the year ending April 30, 1919, have just been compiled at Southern Department headquarters at San Antonio, Tex. The Southern Department embraces the states of Texas, Oklahoma, Arkansas, Louisiana, New Mexico and Arizona, and according to the figures submitted to Executive Secretary H. G. Williamson, the total attendance at Y. M. C. A. buildings during the year was 60,212,823—or equivalent to more than half the population of the United States. Statistics are based on daily reports covering each of the 365 days during the year just closed.

A most remarkable showing is made by the religious work department, a very positive refutation of the claim on the part of some people that the soldiers dodge religious services. During the year, according to the report, there were 18,092 religious meetings with an attendance of 2,719,719. The movies, with a total of 3,914,681. By way of explanation, it is said that it is only fair to admit that many religious services were held immediately after the movies, thus getting the benefit of the movie audiences. It is well known that motion pictures draw attendance as no other amusement feature.

Among the outstanding figures embraced in the report, under the head of the several departments of Y. M. C. A. work, are the following: General—Attendance at buildings, 60,212,823; amount of postage stamps sold, \$1,622,246.48; money orders sold, \$1,986,006.92; envelopes given away, 81,106,170; pieces of mail handled, 10,212,755; comrades in service committees organized, 2,061; number of men serving on these committees, 6,581.

Social—Number of entertainments other than motion pictures, 13,433; total attendance at same, 5,473,412; number of entertainers participating, 45,865; motion picture programs, 10,997; attendance at same, 3,914,681; socials, 538; attendance at same 78,641.

Physical—Number participating in compulsory athletics, 82,174; participating in formal athletics, 639,278; participating in informal athletics, 2,951,704; total spectators at above, 6,637,461.

Educational—Number of class meetings, 44,382; class attendance, 951,907; soldier-teachers, 13,408; civilian teachers, 5,435; text-books distributed, 11,910; pamphlets, 1,806,707; lectures, 88,727; attendance at lectures, 2,613,923; books loaned, 136,761; total volumes in library, 203,784.

Religious—Religious meetings, 18,092; attendance at same, 2,719,719; Bible class sessions, 9,913; soldier and sailor leaders at same, 4,497; attendance at same, 213,571; meetings of inner circles or prayer circles, 327; attendance at same, 7,537; normal training class sessions, 255; attendance at same, 1,670; Christian life work decisions, 967; Christian decisions, 71,175; Scriptures and portions distributed, 384,027; other Christian literature distributed, 816,944; personal Christian interviews, 201,109; visits to sick, 593,404.

RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME.

House Joint Resolution No. 35

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate Soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$0.07) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof:

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipalities or other corporations whatsoever, provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this state since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the states served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension funds of this state under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$0.07) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on Tuesday after the first Monday in November A. D. 1919, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since January 1, 1912," and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of the State, and the sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this state not otherwise appropriated for expenses of publication and elections thereunder.

GEORGE F. HOWARD,
Secretary of State.

WEALTHY N. Y. GIRL S. A. WAR LASSIE

MISS CORA VAN NORDEN HOME FROM FIGHTING FRONT, TELLS OF WORK.

Miss Cora Van Norden, daughter of the late New York banker of that name, now an envoy in the Salvation Army assigned to battle zone relief work, has come on from the shell-torn trenches for a short furlough to plead with the West to contribute liberally to the overseas fund now being raised.

On the same day the frail appearing girl in khaki reached Chicago she made a speech before those in charge of the big drive now under way there which caused them to double their quota from \$250,000 to \$500,000 and this is a minimum. There were tears in the eyes of many when she told of the great needs of comfort "over there", particularly dwelling upon the large number of boys who lack relatives at home and who look to the Salvation Army lassies for their only grain of sympathy.

Miss Van Norden, whose great bravery under fire has been recorded in cablegrams from war correspondents in an interview told how the Salvation Army men hiked with the boys to their sectors, brought back the wounded, comforted the dying and buried the dead. She told how they fulfilled little missions for the soldiers, had their watches repaired, sent money home, thawed out their boots and overcoats, mended their clothes and served hot drinks and cakes.

"The boys like to come to us with their troubles," she said. "We take the place of the families they have left at home. They tell us about their mothers and sisters."

"If they are hard up they make a gentle 'touch.' I want to say right here, too, that I have only been stung once, and then by an officer."

They like to have somebody to say good bye to them when they go over the top at the zero hour—somebody to welcome them when they come back, no matter how many "cooties" they may bring. And they like to feel, when their time comes to "go west" that somebody will plant "Old Glory" on their lonely graves and send their treasures to the folks at home.

Miss Van Norden told of the great popularity of the huts and rest dugouts and said they are constantly crowded.

"There were three of the Salvation Army women who kept one hut closest to the front line trenches open 24 hours a day for three months," she said. The men appreciate it. They love to come there. They love to feel that when they go into the trenches there is someone thinking about them within hailing distance. And when they get back they make a rush to the huts first off. They just seem to feel that it is like running home to mother, or to wife or sister to tell them of the big happenings.

"The boys told me to tell the folks back home—their mothers and fathers and brothers and sisters—that the overseas fund must be raised and that this work must not be allowed to lag. I know that loyal folks at home won't deny them their wish."

THE EXPLANATION

Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why
Scott's Emulsion
is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needed for normal growth.
Scott's Emulsion will help any child grow.
