SCHOLARSHIPS OFFERED IN TEXAS COLLEGES

FOR BOYS AND GIRLS ENCAMPMENT AT VICTORY FAIR

The boys and girls of Texas will have greater representation than ever before, at the Victory Fair. Forty thousand boys and twenty thousand girls of the State of Texas are now competing for free entertainment there. This they are doing through their work in the Boys and Girls clubs, under the direction of the A. & M. College of Texas and the U. S. Department of Agriculture.

Plans are being made to house six hundred boys and three hundred and fifty girls in new commodious, comfortable quarters at the Victory Fair this fall, at the Educational Encampment.

The County Agents supervising their work report the boys are making great progress in raising corn and poultry, and the girls in poultry raising and home demonstration work.

Appreciating the vital import—

of this work, scholarships in leading Texas colleges have been donated by several public-spirited Texas business concerns, as follows:

Titche-Goettinger Company, and the newly organized L. H. Lewis (Wholesale) Dry Goods Company, both of Dallas, each offer a scholarship to some girl club member, in the College of Industrial Arts at Denton.

Sears, Roebuck & Company of Texas, and T. B. Truitt (of Truitt's Improved Cottonseed) Ennis, Texas, each offer a scholarship to some boy club member, in the A. & M. College, or some of the Junior Colleges of Texas. Awards will be made to the young folks attending the Encampment at the Victory Fair.

NOTICE TO SCHOOL PATRONS

All children who were not enrolled in the Colorado Independent School District, and who are to attend this school next year, should be transferred to this district before the first of August. See Judge J. C. Hall or J. M. Thomas during July.

THE JUMBO RAIN.

Saturday night the biggest rain fell in Mitchell county, that has fallen at any one time, since 1900. The weather gage shows 6.14 inches and many farmers report from 8 to 12 inches. It was no uncommon thing to hear of a wash tub being filled, sitting out in the open. Geo. Dunn reports a soda water bottle sitting in his back yard as being filled and running over. Anyway it was a big rain. Three separate and distinct clouds each succeeding one heavier than the others, caused the tremendous rain fall. The first about 6:30 Saturday evening, the second about 11 o'clock that night, and the biggest one about 2 o'clock Sunday morning.

Lots of damage was done to young crops in the way of washing up and being covered. The rain seemed to be heaviest at Westbrook. Several farms there was completely washed away. The westbound morning train was held here Sunday morning until 1 o'clock waiting for the water to subside at Westbrook, as the track was covered for miles. Many bridges and culverts in the county were badly damaged, or washed away. The abutments at Lone Wolf bridge were badly washed and damaged. Clouds were all heavily charged with electricity, and the display of lightning and the constant roll of thunder was something terrific, though no damage was done outside of electric and telephone wires. The entire town was flooded, all the creeks overflowing, the Colorado river bank full, and the whole face of the earth was covered with water for a time.

Press dispatches report big rains in East and North Texas. A nine inch rain at Gainesville; five inches at Fort Worth; two inches at Abilene. The T. & P. Track was washed out near Merkel and Westbrook.

Crop conditions in Mitchell county are about 80 per cent perfect. More feed of all kinds is already made than can possibly be gathered. Young feed promises a large yield. Cotton is simply fine. Older cotton is fruiting heavily and the younger plants are growing very rapidly. There is plenty of cotton in the county that now looks like a half bale or better. Late vegetables and melons are coming on with a big yield, and all together Mitchell county promises the greatest crop since 1907.

The farmers are preparing for the harvest with high hopes and the big drouth is completely forgotten.

BEAVER VALLEY WELL MAKING 4000 BARRELS.

Cisco, July 21.—The Beaver Valley Oil and Refining Company's Terry No. 1, one-half mile southeast of Desdemona (offset to the Warren Wagner well) has been completed and is making over 4000 barrels of oil per day. Terry No. 2, four hundred feet southeast of Terry No. 1, is down to the black lime and casing is being set on the lime at a depth of 2650 feet. This well will be drilled in this week or as soon as pipe line connections can be made. Hodges No. 1 (of the Beaver Valley Company) on the 12-225 acre lease in Montague county is drilling at 2480 feet in blue shale. The drillers expect to hit the Ranger sand at about 2800 feet.

Casing is being placed on the ground for the Beaver Valley well in Stephens, one-half mile east of Breckenridge. Drilling will be resumed in a few days.

The above is reproduced because quite a number of Colorado people own stock in the Beaver Valley Company.

Last week the Record advertised for a lost mule for Wade Bros. at Roscoe. This week we received a letter saying your ad got the mule at once, even a mule can not get away from the Records circulation.

The government rain record reported by Mr. Keathley, shows July rain as follows:
July 3—.01.
July 7—.43.
July 19—.46.
July 20—.14.
Total for July 7.04. This makes a total since Jan. 1, of 24.43, more than any year since 1915. This shows the heaviest rain fall in July since 1907. Look at the rain table and see what the weather man can do under favorable circumstances.

OIL.

Some four or five contracts for deep test wells are closed, or about to be closed in Mitchell county. Work is going forward at Iatan. The derrick has been moved and the new well is to be spudded in next week. Rumor has it that a contract has been closed on the Westbrook block, but could not be verified. The town is full of oil men, all the time, leases are being secured, titles examined and abstracts made. There will be something doing soon. Judge Looney says he has syndicated the Looney block with a strong New York Company. Dr. Coleman is absent, but says he will soon close the Buford Block, and also the Cuthbert block, in both of which he is heavily interested. We have heard that a new contract has been made for a second well in the Iatan valley, several miles north of the location of the Iatan No. 1. Prospects are good and plans are maturing for at least five deep tests in this county, in the very near future.

NOT BUSINESS MEN.

Mr. W. B. Yearly, Cotton Specialist of the State Agricultural Department, was recently asked why the farmer does not make known to his newspapers and his legislators, his needs and desires, or protest to them his objections to things at variance with his interests, as do bankers, merchants and other business men. Mr. Yearly replied:

"Other interests are organized, and have men sitting at the typewriter and telegraph ready to hit the wires, or use the mails. Their membership has short hours, with time to take up recommendations and put them over. Their organization is not only close, but they are trained in business.

The farmers are unorganized; are not trained in business or in business procedure. They are too busy trying to save their crops during fourteen-hour days. The weeds and grass, rain and insects, give them little time to consider other things, and so they depend upon the Press and the Legislature to treat them right.

There are usually too many members of the Legislature not familiar with farm conditions, to understand why demands or protests do not pile up to defeat bad, or enact good legislation for or against the interest of the farmer, as the case may be.

BIG BOND ISSUE.

The largest bond issue ever submitted in any county in Texas and one of the largest voted anywhere in the country was ratified by a big majority in Dallas County, Texas. It provides \$6,500,000 for a complete belt line around the county, with 12 roads radiating from Dallas to all sections and 6 intermediate roads connecting the radial highways. The system provides for 332 miles of road, and in addition feeder roads amounting to about 100 miles will be improved by the decrease in maintenance expenses. Federal aid amounting to \$250,000 had been allotted to Dallas County for highway development, and it is expected that a large number of motor trucks will be assigned to assist in the construction work. The favorable reception of the big bond issue in this county is expected by officials of the Bureau of Public Roads, United States Department of Agriculture, to have a favorable effect on similar proposals elsewhere. Road building in Texas is at high tide. State highway engineers estimate more than \$20,000,000 worth of roads are now under construction.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition, corrects the stomach and checks looseness of the bowels. Sold by all dealers. Ad

Earl Burk, son of Mr. and Mrs. J. N. Burk is another soldier boy coming home from across the water last week, and was greeted by his many friends in the Longfellow neighborhood.

BRING YOUR EMPTY OAT AND CORN SACKS TO R. O. PEARSON, JR., AT BURTON-LINGO COMPANY, BURTON YARD.

Did you need Canada & Lambeth advertisement?

Revival Services.

The revival is now in progress on the lawn of the Christian Church. Fair audiences and good interest are in evidence at each service. The meeting will continue until Sunday the 27th and perhaps longer.

Subjects will be announced each day until Sunday. Sunday morning we expect a number of visitors from Snyder.

Rev. J. T. McKissick, president of Midland College with two of his children were visitors Wednesday evening.

Two of the greatest subjects the minister can discuss will be given Sunday morning and evening. We sincerely pray for your presence at each service.

The attention has been perfect, interest growing and audience getting larger at each service.

D. R. Hardison.

UNION HAPPENINGS

One of the greatest rains of the season came last Saturday evening, in this section, at least since I've been here. It damaged our crops considerably, but we have the consolation of knowing that it also helped a great deal. So let us bear in mind to be content with what we have, as the outlook is still good for us to make more than we can gather, and why shouldn't we be content?

Our protracted meeting began Monday with Rev. Doak of Big Spring at the helm. To say the least of it all who are in reach of Union, who are not attending are missing a great treat (I mean a gospel treat). We expect the meeting to run over Sunday. Come along and get your share.

I noticed in your last issue that our worthy executives in our county have made some important changes in the road work, which, so far as we can see, are very unsatisfactory to the people in this section of the county.

And let me say now, that we don't want to be called kickers, grumblers, nor won't be called slackers, but be it understood that we possess a spirit of patriotism that demands that we claim our rights. We fail to see the point where it is necessary for precinct No. 1 to have nine weeks to begin with, when according to our belief its had a large majority of the work that's been done in the last three years. People, stop and think. Where will nine weeks run to? In that time we will be gathering and marketing our crops (or trying to) over roads that are well nigh impassible. More to be said later—not through the press either. I hope this will be taken in the same spirit it is written in. We are suffering along this line, and certainly in great danger of losing our mail route on account of road conditions. It's a great drawback to the progress of our meeting at the present time.

Now, Mr. Road Booster quit boosting good roads in Mitchell unless you travel some and know whereof you speak.

This writer can be easily spotted if wanted. EL

Some one of our farmer friend sent in a stalk of cane this week 2 yards tall, or thereabouts, and said he had plenty more like it. If he has very much acreage of that kind he will have to rent an additional farm to stack it on when it is harvested.

Yes! It's Cash—Gas and Oil at the City Garage—Hill Low.

County Farm Demonstrator, W. A. Dulin, has been absent all the week attending the farmers congress at A. & M. College. At the concluding session of the Congress resolutions were adopted calling upon the people of the State to vote for the proposed amendment to the constitution, looking to the separation of A. & M. College and the University of Texas, asking the Legislature to enact a law prohibiting the shipment of weevil infested sweet potatoes into non-infested territory, and providing for the establishment of a State botanical garden and arboretum; urging the Texas delegation in Congress to vote for the repeal of the daylight saving law, and to support an educational program by the United States Department of Agriculture, looking to the encouragement of a larger use of domestic vegetable oils made from cotton seed, peanuts and the like; and curtailing the importation of vegetable oils from the Orient.

If hot weather saps your energy and you can't work well, it is a sign that your system is full of bilious impurities. You will be sick if you do not do something. Take Prickly Ash Bitters, the remedy for men; it cleanses the blood, liver and bowels, restores strength, vim and cheerful spirits. Price \$1.25 per bottle. John L. Doss, Special Agent. Adv.

Mrs. W. Y. McKinzie, a sister of Mr. John Doss, came up from Weatherford to be with Mr. Doss during his recent illness, and on Wednesday of this week she, with Mr. Doss and Henry Doss, returned to Weatherford, where Mr. Doss will recuperate for a few days, and will likely go to Glennwood Springs, Colorado, for a summer vacation, and to regain his health.

Word received yesterday that Thos. R. Smith had landed on this side and was now at Camp Meade, N. Y. He will likely be home in a few weeks.

Mr. and Mrs. J. H. Greene and the children returned home Wednesday night after a splendid trip, and a fortnight visit with relatives and friends at Stephens, Arkansas.

Elizabeth Chesley of Hamilton has been visiting her cousin, Miss Hallie Roddy for some time. She returned home this week and Miss Hallie accompanied her.

NATIONAL BUILDING.

Dallas, Texas. — Soldiers and sailors of Texas, Oklahoma, Louisiana and New Mexico who served in the world war, are to be honored by the erection of a permanent building at Southern Methodist University in Dallas, Texas.

Plans for the building call for the construction of the memorial along similar lines to the famous West Point Auditorium. Three large auditoriums will be provided for in the memorial with an aggregate seating capacity of over 3,000, together with numerous smaller rooms on each side of the main auditorium. When completed the building will furnish a long needed demand for suitable facilities for Church and Sunday School gatherings, conferences, assemblies, lectures, etc. Dallas being the Methodist center of the Southwest, facilities for these purposes have been very acute.

In honor to the soldiers and sailors, other than through the name of the memorial, bronze tablets will be placed in the main lobby, giving the names of those in the service up to the time the Armistice was signed, as furnished by their parents and friends. These tablets will be placed

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sell for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

in two sections; one for those who died in the service and the other for those who have returned or will return. Already more than 40,000 names are available together with the names and addresses of their parents who will be asked to subscribe to the erection of the memorial at ten dollars for each name to be inscribed on the bronze tablets. A large number of those are from the Methodist Sunday Schools from the Southwest. The estimate cost of the structure is \$250,000.

All presiding elders of Texas, Oklahoma, and many from Louisiana and New Mexico met last week in Dallas and completed plans for the campaign which will start July 27th and continue until the fifth week in August. The campaign will touch nine conferences, sixty-five districts and 2,500 charges, and the proposition will be placed before Methodist congregations on Sunday July 27th. Headquarters for the four States have been opened in Dallas.

Investigation of W. O. W. is asked at Austin.

Austin, July 18. — The House of Representatives today adopted a resolution asking the commissioner of insurance and banking to furnish a statement concerning the financial condition of the Woodmen of the World. A circular declaring the order insolvent prompted the resolution.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 60c. Sold by all dealers. Adv

A SPECIALIST

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado, on Friday, August 15th—One day only.

All Gas and Oil is cash at the City Garage. Air and water are free, but gas is cash. Better not ask for credit.

Deering twine—the best made—at H. C. Doss.

LONE STAR LOCALS

Mr. Jirde Bennett is reported on the sick list this week.

Mrs. E. Brown returned home one day last week after spending a few days in Abilene.

Messrs. Moody Richardson and Harley Mears returned from a trip to Fisher County Saturday afternoon.

Misses Esther Dunlap and sister Neva spent Sunday night with Misses Eadie and Lillie Richburg.

Mr. Lemmons of Delta County spent a few days of last week in this community looking after his land holdings.

Oh my! Wasn't the rain just fine. It will help the corps very much, and it was appreciated very much by everyone.

Messrs. Roland Brown and Lawrence Jones let Tuesday night for Fort Worth, where they have employment.

Mrs. Bertha Moore of Sweetwater, who has been visiting her parents Mr. and Mrs. Richardson, returned home one day of last week.

Mr. McIntire of Kemp, Texas returned home Saturday night after spending a few weeks with his daughter, Mrs. John Richburg.

A few of the young people from this community are attending the singing school, which is being held at town, and all seem to be progressing nicely.

Miss Mae Jones gave a farewell party one day last week in honor of Messrs. Grady Brown and Louis Jones, who left one day of last week for Amarillo, where they go to seek employment.

Rev. Watson, who organized the Baptist Church in this community some years ago, is here this week helping the pastor, Rev. W.D. Greene, conduct a revival meeting.

Mr. Alfred Richey was taken to Abilene some few days ago, where he underwent an operation for appendicitis, and is reported to be progressing nicely and will be able to be brought home in a few days.

Have your last year's suit dyed and remodeled into the latest style.—Tom Hughes, Expert Tailoring. Clothes called for and delivered.

WESTBROOK ITEMS

Following is a clipping taken from the Chicago Tribune:

Lange has had a talk with Leroy E. Gressett, the Texas boy who plays left field for the second division. Gressett's splendid arm and his manner of facing the pitcher attracted the attention of the Big League scout, who adds that the boy also has the making of a fast runner in his make-up.

Another good rain fell here Saturday and Sunday. About 4 or 5 in. fell Saturday, accompanied by a hard wind which twisted and blew lots of feed to the ground, but no great damage was done.

Mr. and Mrs. Elzia Groves, of Hale County, spent several days here this week visiting friends and looking after their household goods which has been stored here for several months.

Miss Elsie Canterbury, of Big Spring, is visiting relatives here this week.

Miss Elda Riley, of Coahoma, is visiting her sister, Mrs. L. V. Yates.

Miss Maja McKenney has returned from a visit with her sister, Mrs. G. E. Slaton, in Colorado.

Mr. E. Laugley and family, of Abilene, spent Thursday and Friday with his parents, Mr. and Mrs. John Lengley.

We are glad to report Mrs. W. E. Donaldson improving after being confined to her bed several days with cold and fever.

Mr. and Mrs. Joe W. Clark left Wednesday morning for their old home, Cooper, to be gone for quite a while.

Miss Pobbie Hudson left Friday to spend a week with Miss Lutie Neel of Water Valley.

Raymond Reed, who has been visiting his cousin Nawl Boatler, returned to his home in Stanton Monday.

Westbrook and Union matched a game of base ball Saturday, which was played on Westbrook diamond. The game was interesting throughout; the score was 3 to 7 in favor of Westbrook. The Batteries were: Westbrook, Miller and Miller; Union, Austey and Dorn.

Mr. and Mrs. King, of Goldthwait, are guests of Mr. and Mrs. A. F. Bledsoe.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

I Must Sell For Cash.

I have to pay cash for all oil, gas and grease, and am not able to sell on credit. I must have the cash. Do not ask me to charge it—W. C. Morrow.

Can you imagine a thirty thousand barrel well?

Ft. Worth, July 18. — The Terry No. 1 of the Beaver Valley Oil and Refining Co. just south of Desdemona, has been drilled in and is flowing 2500 barrels daily, according to today's report from the field.

There is an unverified report that the Terry No. 1 of the Comanche Central Oil Co. near the Beaver Valley well is in with a flow of 30,000.

The Oil Mill at Colorado pays the highest market price for all second-hand sacks.

Time table for Sunshine Special No. 2, Daily Passenger No. 26, Daily Passenger No. 25, and Sunshine Special No. 1.

The old saying "away from home to learn the news" still holds as we take this from the Big Springs Herald:

John Persons, postmaster of Colorado, was a business visitor here Tuesday. While in this city, Mr. Persons closed a deal with the General Oil Company to sink a test well on a tract of land in Mitchell Co.

Several years ago it was found that the demand existed for a second session of the summer school of the University of Texas. In the summer of 1917 the experiment of conducting a second term was tried and met with great success. Not more than 150 students were expected to register, but to the astonishment of all 424 students attended. The next year plans were made for 400 students. Again the greatest expectations were surpassed—756 students were enrolled. A graduation exercise was held and degrees were conferred upon 42 students. This year between 50 and 60 candidates will receive the degrees.

Never in the history of the West was there such an abundance of feed as is, and will be, raised this year in the west. Mitchell County farmers are already planning big barns for the coming fall crop.

J. E. Pearce, professor of anthropology in the University of Texas who has made discoveries of scientific value in the Indian mounds near Round Rock, is going to Washington D. C., to confer with Dr. J. Walter Fewkes of the Smithsonian Institution, who is also interested in this work.

Both the Record men are feeling badly and have been for some time and the doctors whom we have consulted say that nothing in the world will cure our malady, but to go fishing, so we are arranging to go fishing sometime in August, and mean to go if we have to close up the shop. While we are away you may think of us in an enchanted Fairyland of greenery with tempestuous mountain streams full of alluring trout tall trees clothing the precipitous, rock-bound banks on either side, with a wonderful blue sky overhead, and the solitude and silence of Nature's marvelous "rest cure" all about us. Don't you want to go along?

Hot weather in Paris has made the soldiers and sailors on leave in the French capital yearn for the old home soda fountain. This yearning has been met by "The Garder" on Rue Faubourg St. Honore, an honest-to-goodness soda fountain which has just been opened by the Y. M. C. A. Here from ten in the morning until ten at night twelve Y girls serve an average of 1200 soldiers and sailors daily anything they may call for, from a phosphate to a Swiss chocolate sundae. It takes two hundred pounds of sugar, twenty pounds of fresh strawberries and a similar amount of fresh cherries, not to mention fifty gallons of ice-cream and plenty of chocolate and fruit juices, to keep the soldier-sailor patronage supplied with drinks.

CANADA & LAMBETH LASKY OLD STAND

THE COILS ARE TIGHTENING

In the past the rules on the exchanges were that if any one bought a contract for future cotton, and called for the cotton, the party selling could deliver a mixed lot of stains, tinges, low and high grades, or all of these; or all of low or stains, as he chose. The buyer had no choice as to what he received and paid for.

"This permitted combinations to slump the future market for below what spot cotton values were. There was no danger of spinners buying their supply through the exchanges, because if they called for the cotton, they would have delivered to them stuff they could neither use or sell.

"The 4th of March, the Smith amendment went into effect, which freed delivery of white cotton of grades from low middling up. These are all spinable grades, and if by a combination, the future price should be reduced below spots, as was the case last winter, the spinners would buy their supply through the exchanges and call for the cotton. The party selling would have to buy the cotton from the farmer at his price, thus entailing heavy loss.

"Futures were \$25. a bale below spots when the law went into effect, and they advanced rapidly to that price. Since then, there has been no slumps of a duration of more than a few days. This law was a serious blow to combinations to slump the price of futures below that of spots. Those posted in future dealing do not look for these shameful slumps in the future. Every now and then a shrewd friend of cotton, like Senator E. D. Smith of South Carolina, clips the wings of the gambler and manipulator just a bit.

"When the South decided to find the cost of production and name a price for which to hold cotton, the move was naturally opposed by the speculator, but they had to stand it. The South is making progress rapidly and the closer we stand together, the faster will be the progress."

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

Phone 162—Terry's market.

One of the best patches or small fields of cotton in Mitchell county has been planted, plowed and hoed by a young lady. It is in East Colorado. There is about ten acres, nearly two feet high, loaded with squares and blooms, with a promise of more than a half bale per acre. It was raised by Miss Hulda Bodine on the McFarlan old place, and those who wish to see a real fine piece of cotton, and that raised by a young lady, can do so by driving by it on the highway, east of town.

NOTICE—EFFECTIVE TODAY. There has been a big advance in all kinds of leather goods, and the price of repairing has been forced up on the account of high prices. It is that or quit business.—C. E. Jackson, the reliable shoe man.

The fishing and swimming is ideal, the air is pleasant, the shade is dense, the water cool and clear, fish are biting and only 2 to 4 pounders are caught. Better get ready to go fishing.

VICTORY FAIR HELPS SWINE INDUSTRY

\$5,500.00 IN PREMIUMS ANNOUNCED BY SECRETARY STRATTON OF STATE FAIR

Swine breeders will have every reason to feel that their industry has been given adequate attention by the Directors of the State Fair of Texas, at the Victory Exposition, Secretary Stratton said a few days ago.

Premiums aggregating \$5,500.00 have been offered. Enthusiasts predict that the swine industry in Texas will very soon rank among the chief money-making industries of the great Southwest. The State Fair of Texas is doing its part to hasten that day.

Many additional special prizes will be offered. Among them are the American Poland China Record Association Futurity, the Standard Poland China Record Association, the Futurity of the American Berkshire Association, the National Duroc-Jersey Record Association Futurity, and specials from the Armstrong Packing Company of Dallas, J. J. McLain of Anna, Texas, the American Tamworth Swine Record Association, the Chester White Swine Record Association, and the Flowerdale Farm of Dallas.

The American Duroc Association of Chicago is financing a promotion club show to be put on during the 1919 Victory Fair.

Entries are being made from all parts of the country. It will be a great show.

LAX-FOS WITH FEPSIC is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

GOODWIN—JENKINS.

Wednesday evening, July 16th, 1919, at the home of the brides parents Mr. and Mrs. Geo. E. Goodwin, Miss Ida Faye Goodwin and W. W. Jenkins were united in the bonds of holy matrimony. Their beautiful country home was tastefully decorated in the national colors—in honor of the returned soldier bride groom also flowers and growing plants. The sweet tones of the wedding march were played by Miss Mabel Ross. Attended by cousins of the bride, Mr. Earnest Ross of Colorado and Miss Marjorie Perry of Tyler. The happy couple marched through the hall out on the spacious vine covered gallery which with ferns and palms in the background made a beautiful setting—for the impressive ceremony which made them man and wife. This was by the bride's pastor D. R. Hardison of the First Christian Church of Colorado, and witnessed by a host of friends and relatives.

The bride was beautiful in white carrying a bridal bouquet of brides roses and shasta daisies. Her maid wore a white colored chiffon over net, the bridegroom and attendants were attired in the conventional black. After the usual congratulations the guests were invited into the large dining room—where numerous gifts were displayed and where punch was served by Misses Marjorie Perry and Nellie Ross. From here the guests passed into the parlor where music and a regular sing-song combined to make this evening of unalloyed pleasure for every one present. Ward is a young man of sterling worth, esteemed by all who know him; was formerly a Mitchell County boy. He has just returned from overseas. Was with the 36th Division when being wounded and was returned with the casualties. Several pleasant entertainments have been given in his honor recently. Miss Faye is a charming and accom-

plished young lady, respected and esteemed by a large circle of friends. The happy couple will go to Sierra Blanco to make their future home. We join many friends in wishing these popular young people a full measure of happiness and prosperity.

Impossible Things Happening.

Next Sunday morning at the Baptist Church—Will you hear it? The subject will be: The Impossible Things Happening. Let no member fail to come; bring some one who is not a member with you. There will be no preaching Sunday night on account of the meeting which is now going on in our town.

INFORMAL DANCE.

Miss Jeanette Earnest entertained with an informal dance last Thursday evening, honoring her guest, Miss Aleph Alexander of Dallas. Ice cream and cake were the refreshments.

Attention Councilmen!

Tonight (Friday) at the Masonic Hall, Colorado Council No. 114 meets in regular convocation. All members should be present; visiting companions welcomed.

MISSIONARY MEETING.

The women of the Baptist church met with Mrs. Robert Terrell last Thursday for the Mission Study. The lesson was from "Royal Service" on Planning for the Conventional Year, led by Mrs. A. L. Whipkey. In spite of the extreme heat twenty women were in attendance. The offering went to the bible fund. At the social hour the hostess displayed her Southern hospitality by serving two delicious and appetizing courses, pressed chicken with mayonnaise dressing, sandwiches and frozen gelatine with whipped cream and little cakes. Mrs. R. O. Pearson and Mrs. Geo. W. Smith are hostesses for the August meeting.

NURSING OF A. R. C.

The class in Home Hygiene and the care of the sick, given under the supervision of the Red Cross, is being held at the M. E. Church every day, and will continue all next week and every woman who is neglecting this valuable and free training is depriving herself of this privilege. It is missing an opportunity to gain practical information that will be worth more than any time she may have to sacrifice for it. Miss Cuff, the teacher, is not only a special training nurse and experienced along these lines but is a young woman of pleasing appearance, and so makes everything so simple, and gives a reason for everything taught. The attendance has been good, and every one who comes to these classes, is much interested, and highly pleased with the course.

DIES SUDDENLY.

Last week Mr. and Mrs. C. W. Beard received the sad intelligence of the sudden death of their son G. R. Beard at Jonesville.

G. R. Beard had employment at Ranger, and had been here on a visit to his parents, and in returning to his work, went by Jonesville to visit his sister, Mrs. Willingham. While there he was taken suddenly ill with acute indigestion and died. The remains were shipped to Colorado, arriving here Sunday night. The funeral service was held on Monday at the home of his father C. W. Beard, in East Colorado, conducted by Rev. W. P. Garvin, and the body laid to rest in the Odd Fellows cemetery.

G. R. Beard was about 22 years of age, unmarried. A man of sterling qualities and adored by the fond parents, and respected and loved by all who knew him intimately.

His voice is still—not that he is dead, but only listening to the Angel chorus out yonder beyond the stars. His eyes are closed—but with brighter vision is he viewing the glories of a better land and watching for the following feet of friends and loved ones left behind.

The Record with a host of friends extend to the bereaved family and relatives, true sympathy.

CARD OF THANKS.

We desire to extend our heartfelt thanks to one and all who ministered to us in any way during the sickness and death of our dear son and brother; both here and at Jonesville. Especially do we want to thank Mr. and Mrs. Hale, Mr. and Mrs. Petty for what they have done for us; and for the beautiful floral offerings. It is as appreciated more than we can express, and to those who have been with us in our bereavement, and by kind words and acts have tried to lessen our sorrow, we extend our sincere thanks.

Mr. and Mrs. C. W. Beard and son, Will. Mr. and Mrs. J. M. Willingham. Mr. and Mrs. R. C. Harlow. Mrs. Allie Neill. Mr. W. E. Beard.

42 CLUB.

Mrs. Y. D. McMurry entertained the summer 42 Club Wednesday afternoon. The time was spent very pleasantly on the spacious sleeping porch. Ice cream and cake were served after the games.

A MILLIONAIRE.

Wish I was a millionaire! many a time I've said it, Ownin' stocks an' bonds an' lands an' gold an' endless credit! Wish I was a millionaire! Then I chanced to see one, An' changed my wish again. I didn't want to be one.

Got one cornered yesterday, Lord, but he was funny! Acted like he was afraid I was a'fter money; Talked a little 'bout the kids, romping round us gladsome, Then he sighed an' looked away and said he wished he had some.

Showed him round the yard a bit, with the roses growin', Said he wished that now an' then he could work a' hoccin'; "Hired men do this for me, an' they do it badly!" Seemed to me with all his wealth he was talking sadly.

Then I took him in the house to get a look at mother. Bowled to her an' shook her hand like he was her brother. "Let me hold the baby now," tried, but couldn't stop him.

Other almost scared to death he was goin' to drop him.

Wish I was a millionaire! Never more I'll say it! There's a price men pay for wealth, an' I'll never buy it; Can't do things like common folks, have no kids to race with. Poor am I, but I don't know a rich man I'd change places with.

—Edgar A. Guest.

TO LADIES:—Hemstitching and Picot edge work promptly and neatly done—10c per yard customer furnishing the thread.—Sweetwater Hemstitching Co., Sweetwater, Texas.

Will Shroeder, a soldier from "Sunny" France, came in Tuesday evening. This is the last one of the Shroeder boys to return, and the mother is now very happy.

Mrs. R. B. McDonald went down to Sweetwater Wednesday to accompany her daughter, Jewell, who is off for the summer with her grand parents at San Angelo.

W.E. WATSON

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

All Druggists

SOUTHERN BAPTISTS TO RAISE 75,000,000 IN 8 DAYS.

At the Southern Baptist Convention in Atlanta, Georgia, in May, with more than 5,000 Baptists assembled, it was unanimously decided to raise 75 million dollars, for missions, in home and foreign lands; for their more than 130 educational institutions; for their many orphanages and hospitals; for their aged ministers; and for the National Memorial Church, dedicated to Roger Williams and Religious Liberty, to be built in Washington. A campaign Commission was appointed, with Dr. George W. Truett, pastor of First Baptist Church, Dallas, Texas, as chairman, and one member from each Southern State.

At a meeting composed of nearly 200 representatives from every phase of the denomination's life work, in Nashville, Tenn., July 2 and 3, a complete program and organization for the campaign were effected. Each of the Southern States will be organized, with the State Secretary

of Missions as the General Director for that state. He will be aided by a general organizer and a publicity man and an advisory campaign committee made up of the three persons above named. It will be the duty of these state organizers to organize the sub-divisions in each state, called Associations or Districts. Each of these Associations have an organizer and a publicity director, and these will organize the churches, with a general director, preferably the pastor; and an organizer, some select layman; and an organizer representing the women's work. All these organizations are to be aided by volunteer workers from among men and women.

The name of the campaign is "Baptist 75 Million Campaign." The time for the big drive will be November 30th to December 7th. This will be called "Victory Week," at which time cash and pledges payable in 5 years are to be raised to the amount of more than 75 million dollars. All the general organizations—The Foreign Mission Board at Richmond, Va., the Home Mission Board at Atlanta, Ga.,

the Educational Board at Birmingham, Ala., the Old Ministers Relief Board, at Dallas, Texas, the Laymen's Board at Knoxville, Tenn., the Women's Missionary Union, at Baltimore, Md., and all the state organizations are throwing themselves full length and full strength into the length and full strength into it and will put it over. It is to be the greatest and most meaningful movement ever inaugurated by Southern Baptists. Its issues to the cause of Christ are incalculable. This money will help every phase of religious life represented by Baptists throughout the whole world. It is expected that every Baptist church, more than 25 thousand of them, and every Baptist member, more than 3 million, will put themselves in a great fashion into this movement.

We had rather have a satisfied customer than to have your money, unless you get value received. We take pride in being sanitary, and our service is prompt. Phone 262, we'll get it to you at once.—Smith & Page.

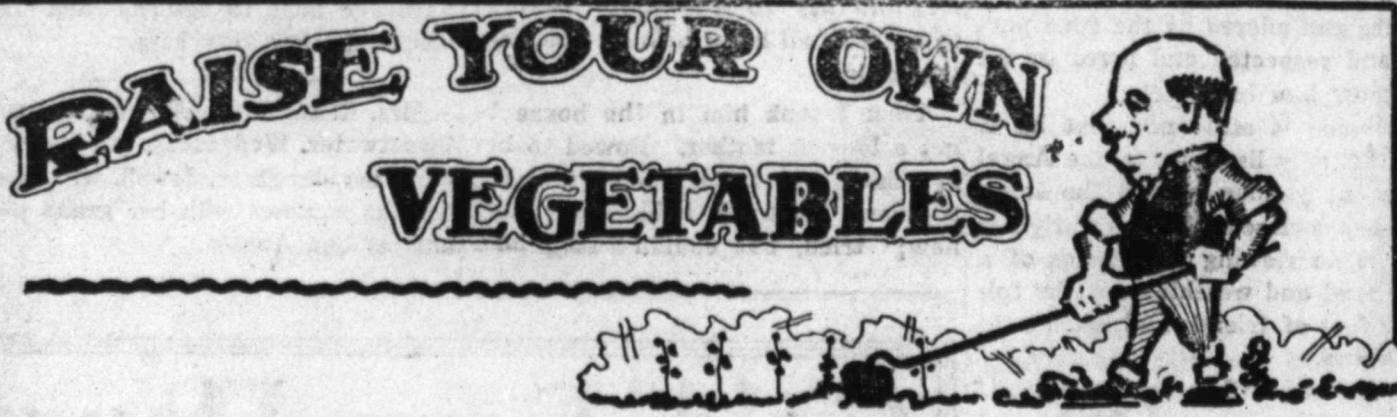

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

RELATING TO SPECIAL TAXES BY CITIES, TOWNS AND COUNTIES FOR PUBLIC IMPROVEMENTS, PUBLIC ROADS, ETC.

Senate Joint Resolution No. 20.

Proposing an amendment to Section 9 of Article 8 of the Constitution of the State of Texas, by changing said section 9 so as to provide for the levy of taxes by counties, cities and towns, not to exceed thirty cents for roads and bridges, and a tax not to exceed fifty cents on the One Hundred (\$100.00) Dollars' valuation in any one year, for the erection of public buildings, streets, sewers, water works, improvements of cemeteries and other permanent improvements, providing for the levy of a maintenance tax by counties, or political subdivisions thereof, not to exceed sixty cents on the One Hundred (\$100.00) Dollars' valuation, upon a majority vote of the qualified property tax payers voting at an election held for the purpose, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas be so amended that the same will hereafter read as follows:

Section 9. The State tax on property, exclusive of tax necessary to pay the public debt, and the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the One Hundred Dollars' valuation; and counties, cities and towns are authorized to levy not exceeding thirty-five cents for city or county purposes, and not exceeding fifteen cents to pay jurors, on the One Hundred Dollars' valuation, exclusive of taxes levied for the payments of debts incurred prior to the adoption of the amendment September 25th, 1885; and for the erection of public buildings, streets, waterworks, improvement of cemeteries, and other permanent improvements; no: to exceed fifty cents on the One Hundred Dollars' valuation, in one year, and except as in this Constitution otherwise provided and the qualified voters, who have been assessed or paid property tax, of any county or sub-division thereof now existing or that may hereafter be defined by the Commissioners' Court, may at an election called in accordance with the law authorizing the levy of a special road tax, by a majority vote levy a special tax of not exceeding sixty cents on the one hundred dollars' valuation on all property, for the further improvement and maintenance of public roads; provided that this provision shall be self enacting and that no part of such tax shall be available to pay an indebtedness incurred prior to the current year for which said tax is collected, except to pay indebtedness now existing, and providing further that such levy may be voted off or changed at any time by majority vote of those qualified to vote under this provision. And the Legislature may pass local laws for the maintenance of public roads and highways, without the local notice required for special or local laws.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors at an election to be held for that purpose on the fourth day of November, A. D. 1919; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the Amendment to Article 8, Section 9 of the Constitution of the State of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges and not to exceed fifty cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed sixty cents for maintenance of

Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug papoose root for her, for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

JACKSON, MISS.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very prompt relief as soon as I started to take the "Prescription." It cured me of my trouble and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity."—Mrs. K. G. SUTHERLAND, 209 Poindexter Street.

Mr. and Mrs. O. B. Price, accompanied by Misses Pearl and Callie, returned home this week from their Humber trip to Paris, Windsor and McKinney. They report some wonderful stories about the big rains and mud, having had to be pulled out with a four-mule team several times, on their way back. Oscar says all of North Texas got big rains last week.

All oil and gas is strictly cash. Pay as you go.—W. C. Morrow.

The Record man and wife spent last Saturday and Sunday in Big Spring, the guests of Mr. and Mrs. W. B. Buchanan. Everybody is excited there over oil. Some seem to think they will get oil in a few days. We stayed Sunday and went to church. This may not be generally believed at home, but we did. We found the Baptist church without a pastor, Rev. Bowen having resigned to go to Lubbock, but we understand that they called a pastor Sunday night.

Pay cash for your gas and ride with some satisfaction.—W. C. Morrow.

Jacob Shuford, Jr., came in home Tuesday night from San Diego, Calif. Jake was in the navy and brings with him his papers of honorable discharge. He is glad to be home again. Nearly all of the Colorado boys are now at home and out of the service.

Try LUSTERLIGHT, clear and sparkling, in your oil stove.—It's the best.—J. E. Stowe, Agent, Phone 211.

J. M. Radford came over from Abilene on Tuesday as a business visitor.

Phone 406 for expert cleaning, pressing, busheling and dyeing.—Tom Hughes, Expert Tailoring.

Mrs. L. A. Tomlinson now at Meridian, Miss., in changing her street address says she don't want to miss a copy of the Record.

Get the Deering Binding Twine—the best twine on the market—at H. C. Doss.

Will Clayton, another overseas boy came in Tuesday morning from Rockport. Will has been on this side for some time but could not get turned loose until now; so he bolted for home, much to the delight of his father, Jeff Clayton.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

Rev. D. B. Doak of Big Spring is holding a meeting this week down in the Union Community. Rev. Doak is a good speaker and no doubt his meeting will be a great success.

Get your Deering Binding Twine at H. C. Doss—Best twine on the market.

Spot Cash

Hens 22c per lb. Springs 25c per lb. Eggs top prices. A. BORDEAUX, South Passenger Depot, Colorado, Texas.

John Garner, the expert fisherman of the West, last week took his women folks and visitors off to the shady and moss covered banks of the Middle Concho and fished to their heart's delight, catching baskets full of trout and black bass from two to five pounds. Several of the parties in the crowd were from East Texas, average East Texas fish is but a snip perch the size of the bowl of a table spoon. In the crowd were Mrs. R. C. Farr and Mrs. Ellen Kendrick of Mart, Texas; mother and sister of Mrs. Garner.

Next Friday and Saturday Charlie Taylor will have one of the best pictures ever booked at this place. This is a Goldwyn production and one of the best. It is called "Too Fat to Fight," and a great screen success. August 22nd he has coming "Go West Young Man," a companion piece and a production worth seeing. There will be no advance in price to see these splendid pictures.

Its Cash! What?—Gas and Oil at City Garage—Hill Low.

Joe R. Sheppard and Lee Jones have been in Snyder the most of the week attending a Masonic school of instruction in the Chapter Work. This is Lee Jones vacation week and Joe vacates all the time, so they avail themselves of this splendid entertainment and instruction at Snyder's expense.

Mrs. George McDaniel of Georgetown, Texas, after an extended visit in Silver City and other New Mexico points, stopped over here, on her return home, and will be the guest of her sister, Mrs. Addie Wulfjen.

A SPECIALIST.

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado, on Friday, August 15th—One day only.

Miss Josie Erwin came in last week from Paris, Texas, where she graduated in high school with the 1919 class, and she is now at her ranch home near Cuthbert for the summer months. Miss Erwin is the daughter of Mr. and Mrs. J. C. Erwin, and they are proud of their daughter's accomplishments.

NO REST—NO PIECE.

There's no piece and little rest for the one who suffers from a bad back and distressing urinary disorders. Colorado people recommend Doan's Kidney Pills. Be guided by their experience.

Mrs. S. A. Cox, Cypress St., Colorado, says: "Quite a few years ago I suffered with kidney trouble. I was so bad at times that when I stooped over the pains would catch me so, I couldn't straighten up without help. When I got to bed, I couldn't rest on either side, as the pains were so sharp. I had terrible headaches and was almost a nervous wreck. The action of my kidneys was irregular and my back felt so sore, I couldn't do any work. My feet and hands were swollen twice their normal size. I tried different kidney remedies, but nothing did me any good until I was told by a friend to use Doan's Kidney Pills, which I did. After finishing two boxes of Doan's, I could feel great benefit and continued their use until I was relieved of the terrible pains in my back and all the other troubles. This medicine completely cured me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Milburn Co., Mgrs., Buffalo, N. Y.

W. L. DOSS

HE HAD SUFFERED FOR FIFTEEN YEARS

Charles Wentworth Is Relieved of Troubles by Tanlac

"Tanlac has proven to be just the medicine I have been needing for fifteen long years," said Charles H. Wentworth, whose address is Box 179 R. F. D. Route No. 1, Berkeley Cal.

"I suffered with indigestion so bad that it just looked like almost everything I would eat would put me in misery," continued Mr. Wentworth, "I didn't dare to eat anything that was the least bit greasy, because if I did I would be terribly nauseated, and at times the gas that would form in my stomach would press so against my heart that it would palpitate so fast that I would feel just like I was going to collapse. I was troubled a lot with dizzy spells, too, and if I happened to be on the street when one of these attacks came on me I would just have to lean up against a building, or if I was at home at the time, I would have to lie down till the dizziness wore off. For the past eight or ten years I haven't been able to sleep well at all and would always get up in the morning feeling all tired and worn out, and I suffered with splitting headaches, too, and was troubled a good deal with awful pains in my back, right across my kidneys. Sometimes in the morning those pains would be so bad I could hardly get up, but would just have to ease myself out of bed the best way I could and if I would make a quick move of any kind a sharp pain would strike me like I had been struck with a knife.

"I was just in this shape when I began taking Tanlac, but I could not notice a difference by the time I had finished my first bottle and it wasn't long till I got so I could just eat anything and everything I wanted without suffering a bit with my stomach afterward. I am never troubled with palpitation of the heart any more and have been completely relieved of those dizzy spells. The rheumatism which left me completely, I am not troubled with those pains in my back and all that is left of those awful headaches is just the memory of them. I sleep like a log for eight or nine hours every night and get up in the morning feeling fine; in fact, Tanlac has helped me so much that I actually am feeling years younger. It has certainly done wonders for me and I can't say enough for it."

Tanlac is sold in all drug stores.

CORRECTED STATEMENT.

Last week the Record's statement about the deposits in the local banks was wrong, as we quoted only the individual deposits, which really is only about half of the banks' showing. Below we give a correct showing: City National Bank245,173.84 Colorado National Bank244,415.31 First State Bank, Loraine 101,160.28 First State Bank Colorado 83,725.35 Total Deposits674,474.78

If your appetite is poor and your stomach and bowels are out of order the remedy you need is Prickly Ash Bitters. It cleanses the system of bilious impurities, sharpens the appetite and makes a man feel fine. Price \$1.25 per bottle. John L. Doss, Special Agent.

Men's clothing to increase 100 per cent

New York, July 19. — An increase of 100 per cent in the cost of men's clothing is predicted for next summer by American Clothing Designers' Association, which is in convention here.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

To make hens lay and to kill Blue Bugs, Lice, etc., feed plenty of Le-Gears Poultry Food. For sale at W. L. Doss Drug Store.

RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME.

House Joint Resolution No. 35

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate Soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$0.07) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof:

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipalities or other corporations whatsoever, provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circum-

stances and who have been bona fide residents of this state since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the states served in organizations for the protection of the Frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension funds of this state under any existing law or laws hereafter enacted by the Legislature, and to grant aid to the establishment and maintenance of home for said soldiers and sailors, their wives and widows and women who are aided in the confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$0.07) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for

services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on Tuesday after the first Monday in November, A. D. 1919, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since January 1, 1912," and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of the State, and the sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this state not otherwise appropriated for expenses of publication and elections thereunder.

GEORGE F. HOWARD, Secretary of State. (Attest—A True Copy) -8-8

This is the Firestone YEAR

Two Big New Savings for Car Owners and Truck Owners

Never before have Firestone Tires been so decidedly better than others as they now are. So, for months back dealers, car owners and truck operators have been saying: "It's the Firestone Year."

And on top of this quality advantage offered in the improved Gray Sidewall Fabric and Cord Tires, on top of the enlarged size and extra heavy tread, come these two other Firestone savings—

Much lower prices—and adjustments made on a bigger mileage basis.

NOTE THIS NEW SCHEDULE	
Fabric Tires	6,000 Miles
Cord Tires	8,000 Miles
Solid Tires	10,000 Miles

You can thank the rubber market for a part of the price saving. You can thank Firestone men—90% of whom are stockholders in the company—for a tire of such quality. 6,000 miles, 8,000 miles, 10,000 miles—these are only beginning points from which you can figure the extra miles that have made this the "Firestone Year" and given greater meaning than ever to the Firestone pledge of—

Most Miles per Dollar

LOCAL NOTES

Mr. Edwards of Collin County spent the first of the week with Geo. Hutchins.

Miss Greene of Colorado has been visiting the Misses Black this week.

Virgie Walker has been quite ill the past two weeks.

Homer Richards left Monday night for Cisco, where he will work for a while; then he expects to attend the Tyler Commercial School.

If you can't work well in hot weather take Frickly Ash Bitters, it purifies the stomach, liver and bowels and fortifies the body to resist the depressing influence of summer heat. It is fine for working men. Price \$1.25 per bottle. John L. Doss, Special Agent. Adv.

Mrs. Pool and daughter, who have been visiting in the Hutchins home, returned to Abilene Monday night.

Mrs. O. E. Stevenson has been quite sick for the past few days.

Mr. Jewell is a new comer and a new subscriber for the Record. He says that he wants to know what these people are doing. He lives north of Loraine.

The Oil Mill at Colorado pays the highest market price for all second-hand sacks.

Joe Caldwell was over from Roscoe Sunday.

Miss Lillie Nelson was home Sunday visiting home folks.

Hubert Toler and family, A. C. Pratt and family put the sheet on a truck and journeyed to the river.

Mrs. L. B. Walker has been on the sick list this week.

Miss Ruby Greene of the Rogers community spent a few days with here this week.

Tom Bennett resumed his place at the store after a brief spell of sickness.

Kelsey Saddler came in Thursday. He was discharged from the army in June and has been visiting his parents in Eastland county. He is one of the Mitchell County boys who served in the Signal Corps of the 90 division. He has many interesting things to tell about how they kept up communication. We are glad to see the old boy home again.

The singers met with Mrs. Donos Dunlap Sunday night for a few hours practice.

Miss Jean Hall has been visiting in Stanton. She returned Sunday night.

Worms interfere with the growth of children. They become thin, pale and sickly. Get rid of these parasites at once if you would have healthy, plump, cheerful children. WHITE'S CREAM VERMIFUGE destroys the worms and benefits the whole system. Sold by all dealers. Adv.

Miss Nellie Norman has gone to Bronco to spend a few weeks with her sister Mrs. Doctor Chambers.

Miss Kemble and Mrs. Smith of Dallas returned home after visiting Miss Kemble's parents for a short while.

Mr. and Mrs. Bob Anderson and Roy White are visiting relatives and friends here. They are working in Tulsa, Okla.

Their many friends extend to them their heartiest congratulations to continue throughout all the coming years.

Mr. and Mrs. Grantland of Colorado visited grandpa and grandmother Grantland Saturday night and Sunday.

The singing class that is being well attended. The recent rain prevented many from attending, who, otherwise would have.

W. F. Altman, of Arlington, spent the week end here looking after business matters. The Altman Mercantile Co. has been sold at Arlington. They expect to increase the stock of the Loraine Store and have a house full for fall disposal.

Miss Hazel Cook has been visiting her aunt Mrs. Robertson this week.

Mrs. Sam Sharp returned home Tuesday morning after visiting relatives here for a while.

Mrs. J. M. Baker received a telephone message from J. S. Jackson, saying that Mrs. Jackson was sick. Mrs. Baker left Wednesday for Merzon to be with her.

NELSON-DICKSON.

Wednesday, July 16, at the home of the brides parents, Miss Ida Nelson and Mr. Dickson were united in marriage. Mrs. Dickson has resided in Loraine for several years and is known and admired by all. Mr. Dickson has been in Loraine for the past year and has made many friends. They are now visiting Mr. Dickson's parents in the East. They expect to return soon and make their home here.

Dickson-Nelson.

While July's golden sunlight was glowing in the west, and the day of the sixteenth was drawing to a close, relatives and friends gathered in the home of Mr. and Mrs. D. K. Nelson, and as the dial read "7 o'clock sharp" words were heard from Rev. M. L. Moody, that made Miss Ida Nelson and Mr. W. E. Dickson husband and wife.

Miss Ida is one of Loraine's most popular young ladies, having finished in the Loraine high school, and attended college at other places. She has been teaching school for several years, always giving satisfaction.

Mr. Dickson, formerly of Valley View, came to West Texas some two years ago, locating at Loraine. He comes to us with a high recommendation from all who know him.

Mr. and Mrs. Dickson left Thursday morning for Valley View, where they will visit relatives for awhile, thence to the plains, around through New Mexico, visiting other points in Texas; after which they will return to Loraine, where they will make their home, in South town.

Entertains.

At the home of Mr. and Mrs. J. W. Fairbairn, the young folks were entertained on Thursday night last with a very appropriate supper party. All came masked. The drawing of shoes determined the one who should be your partner throughout the entertainment. The lawn was lighted with electric lights. Punch was served. The tables were placed on the pretty green grass for forty-two. After some games had been played, before taking off the masks, we were called before the fortune teller who outlined our future destiny. There were many dress make-ups, little boys, little girls, Japanese and other specimens of humanity were imitated. When the clock was striking twelve they departed after finishing the refreshments of tea and sandwiches; All claiming they had one of the greatest times.

On Friday, August 15th, Jno. L. Spurlin of the Texas Cotton Palace and Porter A. Whaley, general manager of the West Texas Chamber of Commerce will be in Colorado and speak to our people and farmers about getting up an exhibit from west Texas to the Cotton Palace and Dallas Fair.

West Texas has a perfectly wonderful opportunity this year to make some fine exhibits, and to attract home-seekers back to us again. It is an opportunity which no county in West Texas can afford to pass up.

The Colorado Chamber of Commerce should get busy and get up a big crowd and help push this matter to a fine exhibit at these show places.

FORTY-TWO PARTY.

Mrs. Frank Johnson entertained with a forty-two party on the lawn in her yard from 4 to 6 o'clock. The tables had been arranged for progressive forty-two. After spending quite a while playing the game and pleasant conversation, the hostess served white and black cake with cream. All present assured the hostess of a fine time and claimed the afternoon well spent.

THE OUTLOOK FOR COTTON PRICES.

The question that is foremost in the mind of every farmer, banker and merchant of all the Southland, is what will be the price of cotton.

When we take all things into consideration we must conclude that a good price to be had for the cotton crop this fall. When we figure and think for a moment about the demand for cotton, we shall realize that the greatest demand will be at hand since the war between the States.

In the first place, during the past three years, production has been reduced down to figures smaller than they have been for many years.

It has been estimated that a total shortage of at least 9,000,000 bales now exists. And again we find that the world will absolutely be in need of 20 or 21 million bales for the next year. If the crop of 1919 could have been even greater than preceding years, the cotton would hardly supply the demand. But when we take a survey of the acreage and expected production, we shall find the figures short of previous years. The eastern states of the South have had great damage done by the excessive rains and boll weevils. Some acres of cotton have never been cultivated. Although the crop is comparatively good in Texas, eastern Texas has had a good many difficulties with so much rain. The West has a better crop considering the drouth which has existed in all the great cotton producing west.

The shortage of labor, of course, has hindered the production. Men who were called into the service, others who were compelled to go to the munition factories. Then the question of consumption of the war times was greater in the United States than in ordinary times. Of course the supply to European countries has been short for the past two years at least. Considering the fact that those who have been in the European countries stores of cotton shortage, we can understand the need of cotton in that country. Even the men who were in service tell us it was a very difficult matter to even obtain a cotton handkerchief in that war-torn country.

When we take into consideration the great manufacturing industries of those countries, we can see the demand that shall be for cotton over there. Not for three or four years in some parts of the country. In Germany they had even gone so far as to use mattresses and other articles that contained cotton. France has not had the men nor cotton to manufacture to a very large extent. All the European countries are clamoring for American cotton. What reason is there to expect a small price; but rather the greatest that the farmers of the present have ever received.

Again, when the supply is considered, we shall see that it is very short compared to the years in the past. In 1915 the world's production was 17,609,000 bales; in 1916 it was 18,095,000 bales; in 1917 it was 17,410,000 bales. The 1918 crop, when all the figures shall have been obtained, will fall far below the average for the last four years.

All these things cause us to look forward to the best prices of cotton that we have had in many years, possibly the greatest we have had since the invention of the cotton gin.

The cost of production has been greater than previous years. The steady increase in the price of manufactured goods, causes us to look forward to good results for our labor and expense. With cotton prices near 35 cents and still climbing, the outlook for the cotton farmer looks promising.

The Joy of Living.

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

Rain Insures a Bumper Feed Crop.

The recent rains that have fallen the past few days, unless otherwise checked, insures a great feed crop. Maize in many instances will produce a ton to the acre. There are many small patches of corn that have been furnishing plenty of roasting ears and now they will produce regular old river bottom corn. The cotton situation appears to be very good. The young cotton is growing so fast that a man could hardly know his own patch after a week's absence. The old cotton that was left has many forms and half grown bolls.

INCREASE NUMBER OF "Y" WORKERS

Five Months After Armistice Signed Welfare Body Has 8,350 "Over There."

Five months after the signing of the armistice the Young Men's Christian association had 8,350 workers overseas, according to an official statement issued by the national war work council of the association. The figure shows an increase of 726 workers since last November, indicating that the Y. M. C. A. has strengthened its forces, despite the return of troops to America, to meet the greater need for its work that came with the end of the fighting.

Of the total number, 5,528 are men, a small portion of whom are directing the "Y" overseas work from the Paris headquarters, while the great majority are scattered from Archangel to Rome, and from Vladivostok to Brest and London and the north of Scotland. There are 2,187 women workers abroad. Most of these are helping to give pleasure to the men who go to the Y. M. C. A. leave areas, on the Riviera, at Aix les Bains, at Cauterets in the Hautes Pyrenees, and elsewhere. More than 40 are assisting in the motion picture entertainment of the troops.

In the overseas entertainment bureau of the war work council there are 635 men and women workers abroad. Of these, 352 were recruited by the Overseas Theater league workers—125 men and 227 women. The remainder, 283, were enlisted by the "Y" entertainment section.

Since the beginning of its overseas work, the Y. M. C. A. has sent 11,229 men and women abroad—8,338 men and 2,891 women. Of these, 2,645 men and 234 women have returned, eleven were killed in action, three died of wounds and 56 from disease and other causes.

Farmers urged to bring in your coupons for LeGears Stock Tonic and get free sample. W. L. Doss, druggist

THE WORLD'S BIGGEST SALOON

The biggest saloon in the world went out of business in Bridgeport, Ohio, when Ohio became dry under an amendment to the State constitution. It was located in the little city of 4200 people, just across the Ohio river from Wheeling, Va., and was owned and operated by Sam Ungerleider. The saloon employed 77 bartenders and clerks and had 216 feet of bar. For the past year or two its average daily bank deposits have been \$5000, or \$1,500,000 a year. The saloon made Bridgeport one of the show places of the Ohio valley. Ungerleider is 36 years of age. He is a millionaire and says he never smoked or drank intoxicating liquor. He estimated that since 1915 approximately 20,000 drinks a day have been sold over his bar. He also claims there has never been a fight in his saloon. He attributes this to the fact that he would not sell to a drunken man or a minor. In addition to owning the world's biggest saloon he is a banker, manufacturer, mine owner, oil man, hotel owner and vice-president of a street railway company at Columbus, Ohio.—Texas Republic.

KEEP STRONG

As an aid to robustness, thousands upon thousands use

Scott's Emulsion

as regular as clock-work the year around. A rich tonic, Scott's—abounds in elements that contribute to the up-building of strength. Be sure that you buy Scott's Emulsion. Scott & Bowne, Bloomfield, N. J. 19-3

Delicate Mechanism

Despite its scope Swift & Company is a business of infinite details, requiring infinite attention.

Experienced men must know livestock buying with a knowledge of weight, price, the amount and quality of meat the live animals will yield.

Each manufacturing operation must be done with expert skill and scientific precision. A highly perishable product must be handled with speed and care to avoid loss.

Chemists, engineers, accountants, and other specialists are required to take care of our intricate problems.

Alert wisdom and judgment must be used in getting stocks of goods into the open channels of demand through our four hundred branch houses. Branch house organizations must show activity and energy to sell at the market in the face of acute competition from other large packers, and hundreds of small ones.

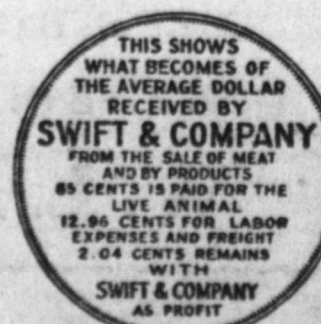

All these requirements of intelligence, loyalty, devotion to the task, are met in the personnel of Swift & Company. Yet the profit is only a fraction of a cent per pound with costs at minimum.

How can the workings of this delicate human mechanism be improved upon?

Do you believe that Government direction would add to our efficiency or improve the service rendered the producer and consumer?

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Swift & Company, U. S. A.

PROVIDING FOR THE SEPARATION OF THE STATE UNIVERSITY AND THE AGRICULTURAL AND MECHANICAL COLLEGE AND FOR BOND ISSUES BY EACH:

House Joint Resolution No. 29.

A Joint Resolution to amend Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, which article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youths; provides that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that said University, said Agricultural and Mechanical College, and said College of Industrial Arts shall be separate State Institutions and independent in organization; provides for the sale of the lands belonging to the University of Texas permanent fund, and for the division of the proceeds of such sale and all securities between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College; directs that the respective parts of each shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements, and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a Constitutional branch of the Agricultural and Mechanical College; provides that the Legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College, and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment, and granting authority to the Legislature to make appropriations to supply any deficiency; provides that the Legislature shall give encouragement and direction to the development of a University of the first class, and an Agricultural and Mechanical College of the first class, and a College of Industrial Arts of the first class; provides for the submission of this proposed amendment of the Constitution to the people, fixing the date for election to be held, and making an appropriation to pay the expense of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, which Article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and a branch College or University for the instruction of colored youths, be amended to read as follows:

Section 10. In pursuance of constitutional authority and direction the State having established the University of Texas at Austin, in Travis County; the Agricultural and Mechanical College of Texas at College Station, in Brazos County; and the Prairie View State Normal and Industrial College for the instruction of colored youths of the State at Prairie View, in Waller County; and the Legislature having established the College of Industrial Arts at Denton, in Denton County, the said University of Texas, the said Agricultural and Mechanical College of Texas, and the said College of Industrial Arts for white girls, are hereby declared separate state institutions and independent in organization. The Texas State Medical College, located at Galveston, in Galveston County, and the School of Mines, located at El Paso, in El Paso County, are constituted branches of the University of Texas. The Prairie View State Normal and Industrial College for the instruction of colored youths is constituted a branch of the Agricultural and Mechanical College of Texas.

Section 11. To better enable the

University of Texas and its constitutional branches; the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment, and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas, and for the Prairie View State Normal and Industrial College; provided, that when the permanent University endowment shall, by constitutional and statutory authority, be apportioned to the institutions named it shall be divided between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the following manner: To the University of Texas, sixty-six and two-thirds (66 2/3) per cent, and the Agricultural and Mechanical College of Texas, thirty-three and one-third (33 1/3) per cent; and the governing board of the Agricultural and Mechanical College of Texas shall apportion to the Prairie View State Normal and Industrial College for colored youths such part of, or interest in, the said thirty-three and one-third (33 1/3) per cent as may be determined equitably by said governing board. The principal of all funds accruing to each institution from the division of the University endowment under the provisions of this section shall, whenever the said endowment is divided, constitute the permanent fund of each, and shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the governing boards of the University of Texas and the Agricultural and Mechanical College of Texas shall be authorized, with the approval of the Governor, and in the manner to be provided by law to issue bonds for permanent improvements, such bond issues to be based upon the permanent funds of the institution issuing them; and the governing board of each institution shall make provision from the income derivable from its permanent fund for the payment of all bond issues under its authority as may be provided by law.

Section 12. The lands set apart to the University fund shall be sold under such regulations at such times, and on such terms as may be provided by law; and the Legislature shall provide for the prompt collection, at maturity of all debts due on account of University lands heretofore sold, or that may hereafter be sold, and shall in neither event have the power to grant relief to the purchasers. And, until such time as the University endowment fund shall be divided in accordance with constitutional and statutory authority, the proceeds from the sale of lands as realized and received into the Treasury of the State, together with such sum belonging to the funds as may now be in the Treasury, shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the interest accruing thereon, and any income from the use of the said University lands, shall be subject to appropriation by the Legislature, and may be available for the redemption of bonds based on the University endowment and to be redeemed from the said interest and income from the use of land, as may be provided by law, to aid in the construction, equipment and maintenance of the University of Texas and the Agricultural and Mechanical College of Texas, and the total of such bond issue outstanding shall at no time exceed four and one-half million dollars, and the legislature is hereby authorized to appropriate out of the general revenues of the State such moneys as may be necessary to cover deficiencies in the interest and sinking fund accounts of the bond issues herein provided for. Provided, that the one-tenth of the alternate sections of the lands granted to railroads, reserved by the State which were set apart and appropriated to the establishment of "The University of Texas" by an Act of the Legislature of February 11, 1858 entitled "An Act to Establish 'The University of Texas,'" shall not be included in or constitute a part of the permanent University fund.

Section 13. The Legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this Article and such other branches as may hereafter be estab-

lished by law; for the Agricultural and Mechanical College of Texas and its branches as now or hereafter may be established by law; for the College of Industrial Arts for the education of White Girls; for State Normal Schools; and for the Prairie View State Normal and Industrial College for colored youths.

Section 14. The Legislature shall give encouragement and direction to and make provision for the educational activities of the respective State Institutions provided for in this Article, and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in the professions of a University of the first class; and for instruction in all those branches of learning which relate to agriculture, animal husbandry, the natural sciences, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an Agricultural and Mechanical College of the first class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a College of Industrial Arts of the first class for white girls, and for instruction in all the branches requisite to the development of normal schools of the first class.

Section 15. The Prairie View State Normal and Industrial College for the instruction of colored youths of the State, having been located at Prairie View, in Waller County, as a branch of the University of Texas, is hereby declared a branch of the Agricultural and Mechanical College of Texas. And in lieu of the separate apportionment of a part of the University endowment, as authorized in Section 11 hereof, the said Board of Directors of the Agricultural and Mechanical College may apportion to the Prairie View State Normal and Industrial College such part of any fund from any authorized bond issue by the Board for the purpose of permanent improvements as the Board may determine to be equitable and the fund so apportioned shall be available only for the purpose of constructing permanent improvements for the said Prairie View State Normal and Industrial College.

Section 2. The Governor of this State is hereby directed to issue and have published the necessary proclamation for the submission of this proposed amendment to the Constitution of the State, to the qualified voters of the State, said election to be held throughout the State on the first Tuesday in November, 1919, and all voters favoring the amendment shall have written or printed on their ballots the words:

"For the amendments to Sections 10, 11, 12, 13, 14 and 15 of Art. VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas, and the East Texas State Normal at Commerce, Texas, and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction, and development of State Educational Institutions."

Those opposing the amendment shall have written or printed on their ballots the words:

"Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas, and the East Texas State Normal at Commerce, Texas, and other State educational institutions and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State educational institutions."

Section 3. The Governor is hereby directed to submit this amendment to the qualified voters at an election

to be held throughout the State on the date herein specified, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the general revenue not otherwise appropriated, for the purpose of issuing the proclamation and publishing the amendment as required by the Constitution and laws of this state.

GEORGE F. HOWARD,
Secretary of State.

"VACATION LAND" FOR EVERYBODY

Americans everywhere are invited to make use of the "ideal vacation land" that exists in the national forests. Most of the great woodlands are in the Western States, but some are in the East, so that no section of the country is too distant to share in their benefits. The Forest Service of the United States Department of Agriculture is endeavoring to bring about a full realization of what the forests offer.

You will encounter no "Keep Out" signs on the forests," says one of several booklets issued by the Forest Service. "They are not fenced against the public, but invite your presence and use. The only signs you will find are those which point you on your way or ask your cooperation in preserving the beauty and value of these free recreation grounds and their resources. Firearms are not barred, and hunting and fishing are restricted only by the requirements of the State game laws. You are welcome to all the necessary firewood and to forage for your saddle and pack animals; and, so far as possible, the grazing of commercial stock is regulated in such a way as to save an accessible supply of forage for the camper's use. You may camp where you like and stay as long as you please. The Forest Service asks that you look only to the sanitation of the camp and that you be careful with fire.

Information on the forests will be furnished to all who apply to the forest supervisors, the district foresters, or to the Forest Service at Washington, D. C.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. Adv.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

House Joint Resolution No. 13.

A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Amend said Section so as to read after its adoption as follows:

Article 3. Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words "For the amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49, Article 3, relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State, and providing for the levy of a tax, not to exceed 20 cents on the one Hundred Dollars valuation, on taxable property in the State." Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3 of the Constitu-

tion proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State."

Sec. 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated, for the purpose of printing and publication and election.

Sec. 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3 of the State Constitution from enacting needed highway legislation creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

GEORGE F. HOWARD,
Secretary of State.

MRS. BURNS' LETTER.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 12, 1916.
"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I've recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."

I am the only one in Colorado that handles genuine repair parts for John Deere, Deering and McCormick row binders. Don't be fooled into buying bogus parts. I have the only genuine parts.—H. C. Doss.

Blank oil leases at this office.

DOUGHNUTS AND COFFEE AT VERDUN

Salvation Army Lassies On The Job At End of Long March.

Harry A. Williams writing in the Los Angeles Times, tells a story of what the doughnut meant to the boys in France.

The boys were stopping along through a muggy night typical of northern France. A constant drizzle was turning into a rain, and the water was forming in pools on a landscape already so sodden that it could absorb no more. When there was not the slushy sound of the soldier's feet slipping in the mud, there would be the splash of their hoofs in these puddles. Our brogans were full, and all of us could feel the "squish" of the water up between our toes with the pressure of each step. Altogether it was a miserable night—one of those unexpected moves—and our packs grew heavier each step with water and weariness.

The column had lost its way in the interminable darkness of this forest, and was forced to march sixteen kilometers instead of the scheduled ten. And every man in that column knew that at the end of that march comfort and cover did not await us, for in that section there were no barracks. In their utter fatigue they would throw themselves down in the mud at the end of the march, some of them not even waiting to unroll their blankets. It was not altogether a roseate prospect. Visions of food or something hot to drink before morning they could not conjure up in their wildest forays of imagination.

About midnight a little flivver creaked by the column. It was loaded to the mudguards with people and a lot of paraphernalia, but details could not be visualized in the dense darkness. The fellows were too tired to even chirp their customary greeting to "Henry." The Ford camionette painfully picked its way ahead through the night, and nobody gave it another thought.

But when they finally slipped and half staggered up the incline where they were to sleep under the scraggly trees, because the incline offered a bit of drainage, a delicious aroma on the heavy air made them sniff. Were they dreaming on their feet, or was it the partial delirium that sometimes comes mercifully to over-wrought men. Unmistakably that was the combined aroma of boiling coffee and frying doughnuts. Verily, it was more than a fantasy.

Into the hands of the men at the head of the column was slipped a warm doughnut and a steaming cup of coffee. And as the line passed each soldier was served. After all, it was more like a fairy tale than reality—doughnuts and coffee in this black wilderness back of Verdun.

The Salvation Army was on the job. It was their flivver which had floundered past us in the dark. They had a way of never announcing what they were going to do.

DOUGHNUTS AND DANGER

(Editorial in Dallas (Tex.) News.)

The Salvation Army specialized in coffee and doughnuts—and danger. The devoted women of the Salvation Army carried their diminutive cooking apparatus to the front-line trenches when they were permitted. They braved death and wounds, and they fried doughnuts, wherever there were hungry doughboys, within the limits of the Salvationists' means. This service was performed freely; it was performed faithfully. The lassies knew how to make coffee and doughnuts, and knowing how, they made them. That is the substance of the whole thing—they knew how to do something useful, and did it. They didn't preach about it, or gesticulate, or write pieces to the papers, or sob in public, or moralize over the wickedness of war, or argue Scripture, or chant beatitudes—they simply moved their funny little stoves up to where the boys were and worked all day or all night at making coffee and doughnuts. Also they smiled while they worked, but (bless their deep maternal common sense!) they didn't try to pretend like it was all a joke or a picnic. Again, let us repeat, the women of the Salvation Army knew how to do something and did it. How greatly simplified would all our problems be if we would but agree, each with himself, to learn to do something that needs to be done, and then do it! The world—particularly America—is jam full of "smart alecks" who know all about everything or something about nothing, yet who are unable or unwilling to make a decent living in practical employment. There are sermons in doughnuts and entire theologies in a cup of good coffee.

NEW SALVATION ARMY HOTEL.

A new Salvation Army Hostel has just been opened in San Antonio. The Hotel Williams with its furnishings has been leased for a Red Shield Club and Hostel. It is a fine three-story brick building, 45x90, with a forty-foot grass plot at the side. On the first floor will be a parlor, writing room, library, social hall, kitchen and lunch room, with two bad-rooms for officers in charge. The two upper floors are all bedrooms, which will accommodate at least forty men.

\$25,000.00 BEING SPENT ON STATE FAIR GROUNDS

GROUPS AND BUILDINGS SPICK AND SPAN FOR VICTORY EXPOSITION

A glimpse behind the scenes at the great State Fair of Texas was enjoyed by the writer recently in a trip over the grounds and buildings with Secretary W. H. Stratton.

First we visited the coliseum, where all was bustle and activity. Skilled workmen were busy constructing an entire new set of elaborate scenery. A new drop curtain has been painted by a well-known artist. It depicts "Victory," with soldiers marching through a Victory arch.

At the grand-stand, where the hippodrome, spectacular and pyrotechnic displays will be held, improvements are being made. About 1,000 loads of dirt are being placed, covered with gravel and macadam, so as to make a hard-surfaced walk in front of the stand. A double row of boxes, and a new band-stand are being added.

The race track is soon to be regraded for the auto races. The evacuation of Camp Dick has necessitated many repairs, alterations and improvements. The renovating will include a new coat of paint for all buildings on the grounds. A steel arch at the southern turn of Grandstand Drive is to be erected. The paint itself makes the buildings look fresh and attractive, seeming to beckon one to enter and view the wonders within the walls.

The eight buildings formerly used as barracks at Camp Dick are being remodeled for the Boys and Girls Educational Encampment, so as to provide commodious and comfortable quarters for the young folks.

The Oil Mill at Colorado pays the highest market price for all second-hand sacks.
