NOTICE!
Attention is hereby called to Article 47, of the ordinances of the City of Colorado, regarding the growth of weeds in or about any premises in said City. The property owners, or those in charge of all property in the city limits, are hereby notified that this Article No. 47, will be strictly enforced. The Article reads as follows:

"The growth of weeds and mesquite and cat-claw and other like brush on any premises in or on any street or alley in this city is declared a nuisance, injurious to the health and comfort of the inhabitants of the city, and the owner or person in control or possession of any premises in this city, or using or occupying same is hereby required to keep such weeds cut down and burned, and such mesquite and cat-claw and other like brush dug up, and buried or removed from such premises, and from that portion of any street or alley upon which such premises may be situated, between the line separating such street or alley from said premises, and a line extending along the middle of such street or alley and lengthwise with the same; and each day that said weeds or other growth herein specified shall be allowed to remain on such premises or in such street or alley, shall be a separate offense. Penalty for the failure to carry out the above mentioned ordinance, is punishable upon conviction, of a fine of \$100.00, and each day thereafter,

The time limit which is stated immediately below will constitute a separate offense, and so carried out. Property owners are given until Saturday, the 16th day of August to complete this clean-up campaign. The City Marshal is hereby ordered to see that this ordinance is carried out, and to report any person who does not comply with same. Yours for a cleaner city, C. M. ADAMS, Mayor.

Cure for Dysentery.
"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." Adv

**JOHN K. ROSSEN SAYS
HOGS NEEDED SOON**

The following letter has been sent out to the country press for publication, and farmers would do well to read it:

"The Panhandle, West and Central West Texas has recovered from the drought more rapidly than any one anticipated. The serious condition which prevailed for the past two years made it necessary to not only ship the stock cattle out of that country but the hogs as well, and it now develops that many counties in the western districts haven't enough young hogs to supply meat for immediate consumption of the farming element, and orders are coming thick and fast for five to fifteen hogs to be shipped via express in order to provide families with meat the coming winter. This condition indicates a heavy loss to the farmer as much farm product will be lost on account of the hog not being there to take care of it. I have just been in consultation with some well advised people and have learned that high bred brood sows can be purchased in the northern markets, serum treated and sent to Western Texas at an expense of about 23 cents per pound. It appears to me it would be well for the farmers and bankers to get together and order these hogs in carload lots, distributing two to five sows, or probably more, to each farmer who has feed for them and in the course of 12 months there will be many carloads of hogs produced for the markets, to say nothing of the farmers who will be supplied with meat. This could be done through the different Chambers of Commerce in the towns where they have them, and I think should be looked after from that source. South America is also taking a great many brood sows, which indicates a big shortage of hogs in that country. Indications are also favorable for a heavy movement of stocker grades of cattle from the market to the ranges, as everything is favorable for high prices and favorable conditions."

JOHN K. ROSSEN.

Important to Patrons of the Colorado Public Schools.

The recent special session of the Legislature passed under the emergency clause a law relating to transfers. This law provides for the transfer of the funds apportioned to children of one county to that of another county. If you have come into the Colorado Independent School District since the scholastic census was taken in March and do not wish to be subject to pay tuition for your children the coming session of school, it is your duty and under the law just passed, you have the privilege until August the fifteenth of having your children enrolled in this district, and their apportionment will be transferred to this district no matter where they may have been enrolled in March. We think that numbers of people have come into this district since March and we urge you to go to the county judge's office and give in the names of your children. It will save you tuition and a great deal of bother after school opens in September. Use the following form:

Names of children

Name of parent or guardian

District

Town

County where children were enrolled in March

Of course, if there be those who have come here from some other states, this law does not apply in their case. We hope all those interested in this matter will attend to it at once. The State Superintendent has asked that these reports be sent to the Department of Education before August 10th.

Respectfully,
E. FRANK KING.

**SPECIAL SESSION PASSES
SEVERAL IMPORTANT LAWS**

Review of Work of Legislature Just Ended Shows Much Accomplished

Austin, Texas.—The second called session of the Thirty-sixth Texas Legislature accomplished before sine die adjournment on July 22 the main purpose for which it was assembled—the passing of appropriation bills for the support of the state government for the next two fiscal years, beginning September 1, 1919.

Total appropriations made by the session just closed are estimated at \$29,250,000, and the state comptroller estimates that the revenue for which these appropriations were made will be \$27,250,000.

Of the total appropriations, \$22,102,389 was contained in eight general appropriation bills passed at the session just closed. This sum is divided as follows:

Judiciary: First year, \$1,465,438; second year \$1,423,763.

Educational: \$4,171,861 and \$4,106,476.

Eleemosynary: \$2,769,864 and \$2,633,104.

Departmental: \$2,280,702 and \$2,264,583.

Emergency: \$217,708.

Deficiency: \$125,483.

Miscellaneous: \$464,376 and \$244,091.

Mileage and per diem: \$35,000.

The balance of the appropriations were made for various special purposes.

In speaking of the work on appropriations, Governor Hobby said: "The called session just ended has performed its work under the most unsettled conditions that have prevailed since the war between the states. On the whole, I am highly gratified with the work accomplished. Texas is growing so fast that her old clothes won't fit, and there is too much now in Texas to take care of the changed conditions by appropriations that compare with previous ones. The country bids fair to continue on wartime prices, and so the financial problems of the state is the most difficult in our history.

The work of the Legislature in disposing of legislation other than appropriations, however, is not considered so efficient, the governor said. "I was liberal in the matter of submitting subjects for legislation," the chief executive continued, "because I believed that the more subjects submitted the less legislation would follow. The results, I think, have proven this to be true."

Approximately thirty-five laws general in character and effect were passed. This number includes amendments to laws previously on the statutes.

The early part of the session was devoted to ratification of the woman suffrage amendment to the federal constitution, and then the Blue Ridge prison farm question received considerable attention. All through the session appropriation measures were pending, and not before the middle of the third week was a general law passed finally.

With the beginning of the fourth week the tangle was beginning to unravel, and during the last week action on bills became more frequent.

But the day before adjournment carried the record for business disposed of. On this day the house enacted twenty-two general laws. When the morning session opened on that day these twenty-two measures were in the form of senate bills on second and third reading in the house. At the end of the night session, about 11 o'clock, they had all been passed finally; and that day's work in the house as far as final results, aside from appropriations, are to be considered, was greater than that of all the preceding days.

Despite this late rush a number of subjects which had been submitted by the governor were crowded out of consideration. Among them were the proposed civil service regulations for state employees, conservation and reclamation measures, health regulations, and the soldiers' bonus bill.

A brief resume of bills passed includes:

An act authorizing the forming of corporations to guarantee bills of exchange on cotton.

An act extending the term of the Commission of Appeals for one year, or until June, 1920.

A revision of hard mineral mining laws to make them conform with federal regulations.

A revision of the state depository law.

An act allowing owners of land sold with mineral rights to reserve one-sixteenth royalty on oil and gas.

An act authorizing the prison commission to buy machinery for factories which in their judgment can be profitably operated by convict labor.

The enabling act of the prohibition amendment to the state constitution, which prescribes stringent regulations of liquor traffic.

An act authorizing the land commissioners to lease state lands under tidewater and the shallows of the Gulf for oil and gas development.

An act to require oil and gas production to keep records of their production.

A revision of the fish, game and oyster laws, which requires the licensing of professional fishermen, places a tax upon fish caught for sale from public waters, and provides that only citizens of the United States may obtain licenses as professional fishermen.

In addition there were a number of bills relating to the handling of school funds, creation of various school districts, etc. Other bills made more or less purely curative amendments to laws previously passed, especially those of the regular session of the Thirty-sixth legislature.

During the closing days of the session members were predicting that another session of the legislature would be called at times ranging from November this year to February of next, but Governor Hobby has given no information whether he would again call the Thirty-sixth legislature in special session.

The last session accomplished practically everything upon which the governor laid special stress, except a revision of the board of control law and the general opinion at the capitol is that the calling of another special session depends largely upon results in the constitutional amendment election on November 4.

NOTICE—TO ALL SOLDIER BOYS WOUNDED IN WAR

Notice is given to all the boys, home from the war, who were wounded, or received any injuries, as much as 10 per cent, or more, that they are entitled to vocational education, free, with a \$75.00 per month salary besides. They are allowed to select his own college for a four year course. For full particulars see W. A. Dulin, county agent, at Colorado.

Ex-Congressman Bob Henry says Suffrage usurps state rights, and says the legislators who voted to ratify the Federal amendment violated the fundamentals of Democracy. Speaking at Lexington, Texas to several thousand people, Mr. Henry denounces the State Legislature, and intimates that he might be a candidate for governor. Mr. Henry's activities of late leads one to believe that he is only airing himself preparatory to entering the governor's race next year. He is about the only available anti politician left in Texas that could make a respectable showing before the people, and his strength would not be alarming to the pro-freedom. Anti-prohibition and anti-suffrage is so closely linked together that the fight is pitched jointly. The anti-suffrage in all probability put up Bob Henry next year for governor on a joint platform of anti-prohibition and anti-suffrage. The defeat he will get will be as great as that of United States Senator a few years ago.—Lockney Beacon.

Death of J. P. Billingsly.

Word received Thursday morning of the death of J. P. Billingsly of Dunn, who died Wednesday night at 7 o'clock, in the sanitarium at Fort Worth. Mr. Billingsly has been in bad health for some time and was taken to the sanitarium about a week ago for an operation. The remains will be brought to Colorado and then to Dunn, where the interment will be. He was a prominent and successful banker, and farmer and well known all over Mitchell and Scurry counties.

EMERGENCY TRANSFERS.

A law passed at the recent special session of the Legislature and signed by the Governor provides for emergency transfers of the state school apportionment of any pupil from any county to any other county of the state. This law is intended to provide for the present situation in the drought stricken counties and for unusual conditions in oil sections. No applications for transfer of the school apportionment of one child or of children of one family will be granted. If your section is among those having a large influx of children since the census was taken in March, you should proceed as follows: You should give as wide publicity as possible to the fact that children returning since March can be enrolled, and should require their parents to report all cases at some designated place. The children should then be listed alphabetically, with full information as to the school district and county in which they were enrolled in March.

In explanation of the above letter to Judge Hall, the old law was that no money could be transferred except from adjoining counties. Now it can come from anywhere in the State. If you have moved into this county from anywhere in the State, since the enrollment in March, you should see County Judge Hall, and have your children enrolled, so as to get the State money here from the county you moved from. This must be done not later than August 10th. This is a very important matter and should be attended to at once. It applies to every school district in the county.

NOTICE TO ALL TRUSTEES.

The County Trustees will hold their annual meeting at my office in Colorado Monday, August 4th, at 1 o'clock p. m. I want the trustees of every school district in this county to be present at that meeting if possible. We have some very important business to transact.

Very respectfully yours,
J. C. HALL,
County Judge, Mitchell County, Tex.

CITATION BY PUBLICATION

State of Texas:

To the Sheriff or any Constable of

Mitchell County—Greeting:

You are hereby commanded to summon Wm. Heard and J. H. Standridge by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof in the City of Colorado, on the eleventh Monday after the first Monday in September, A. D. 1919, the same being the 17th day of November, A. D. 1919, then and there to answer a petition filed in said Court on the 7th day of May A. D. 1919, in a suit numbered on the docket of said court No. 3709, wherein J. C. Simmons is Plaintiff and D. L. Gentry, E. D. Robinett, Henry Zweifel, J. D. Eubanks, Wm. Heard and J. H. Standridge are Defendants, said petition alleging:

That Plaintiff is the lawful owner and holder of Note No. 5 and Defendant R. D. Robinett is the lawful owner and holder of Notes Nos. 1, 2, 3 and 4 of a series of five (5) written promissory notes, all dated Sept. 6, 1916, numbered 1 to 5, both inclusive, or the respective sums of \$95.00 \$100.00, \$100.00, \$100.00 and \$500.00, due and payable Jan. 1, 1917, Jan. 1, 1918, Jan. 1, 1919, Jan. 1, 1920 and Jan. 1, 1921, respectively, with interest from date at 10 per cent per annum, interest payable Jan. 1, each year as it accrues, both principal and interest payable at Granbury, Texas, containing stipulations for past due interest and principal bearing 10 per cent interest, that failure to pay same or any installment of interest thereon when due shall, at the election of the holder of all or any of them, mature the series, and for the payment of ten per cent on the principal and interest then due if placed in the hands of an attorney for collection, or collected by legal proceedings, same being signed and executed by D. L. Gentry and payable to R. D. Robinett

or order, and secured by the express retention of the vendor's lien on and against one hundred acres out of Section No. Forty (40) in Block Twenty-nine (29), Township 1N, Texas & Pacific Ry. Co. surveys, in Mitchell County, Texas, abstract No. 1398, also described as sixty (60) acres off of the South end of the West half of said Section No. 40, and being all that portion of the W. 1/4 of said survey, lying south of the T. & P. Ry. Co.'s right-of-way, and also the Southwest one-fourth (S. W. 1/4) of the Southeast One-fourth (S. E. 1/4) of said section, described in deed from R. D. Robinett and wife to D. L. Gentry of that date, recorded in Vol. 29, p. 334, Deed Records of said county. That though lawfully bound and obligated to pay said notes the defendant Gentry has failed and refused to pay the installments of interest due Jan. 1, 1917, 1918 and 1919 on said Note No. 5, and also the interest on each of said past due installments of interest, and Plaintiff has elected to declare all of said notes due, and has placed said notes in the hands of an attorney and brought this suit, and become obligated to pay his said attorney the reasonable value of his services, which is averred to be in excess of ten per cent of the amount of principal and interest due. That Defendants J. D. Eubanks, Wm. Heard and J. H. Standridge are each asserting some claim to said land or a part thereof, the nature of which is unknown to Plaintiff, but which he avers to be junior and inferior to his claims and lien, and likewise to the claims of the defendants Robinett and Zweifel, which last named claims some interest in said Notes 1 to 4, both inclusive. Plaintiff avers that taxes for the years 1912 to 1918, both inclusive, aggregating with principal, penalties and interest, \$75.00 and school land interest for seven years at 3 per cent on \$97.50 principal due the State of Texas, and for which a lien exists against said land have been allowed to accrue, and which he will have to pay to protect his lien, all of which defendant Gentry is lawfully bound to pay and to which defendants Robinett and Zweifel are liable to contribute in the proportion borne by their interest in such purchase money indebtedness to the whole purchase-money debt, and that Plaintiff is entitled to be subrogated to such lien for all such payments of

taxes and interest made by him. Plaintiff prays for judgment against Defendant Gentry for the principal, interest and interest on past due interest due on said note with 10 per cent interest thereon, for his costs, and that the vendor's lien on said land to secure all five of said notes be foreclosed and the priorities to payment, if any, between himself and the defendant Robinett and Zweifel be adjudged and determined, and distribution of proceeds of sale of said land between them be decreed and that the costs of this action not collected from defendant Gentry, and all payments of taxes and school land interest be equitably apportioned and distributed among Plaintiff and said Defendants Robinett and Zweifel and that he do have judgment against the latter for their portion thereof paid by him, and against Defendant Gentry for all of same, and be adjudged subrogated to the liens of the State of Texas therefor, and that the claims of the defendants J. D. Eubanks, J. H. Standridge and Wm. Heard and each of them be foreclosed and held for naught, and that said land be decreed to be seized and sold as by law provided, and further that Plaintiff be afforded such other and further relief, both general and special, legal and equitable as he may show himself entitled to, as in duty bound he will ever pray.

Herein fail not but have before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness W. W. Porter, Clerk of the District Court of Mitchell County, Texas.

Given under my hand and the seal of said court in the City of Colorado, this the 29th day of July, A. D. 1919.

PERSONAL INVITATION
FROM FAIR OFFICIALS

TO VICTORY EXPOSITION, DALLAS,
TEXAS, OCTOBER 6TH TO
19TH, 1919.

JNO. N. SIMPSON, President
W. H. STRATTON, Secretary

After two years, during a part of which time the grounds and buildings were patriotically turned over to "Uncle Sam" during the war, the gates of the State Fair of Texas will again open for the thirty-third session on Oct. 6th. This will be known as the "Victory Fair."

For many months our beloved State has been blessed with copious rains. These have transformed our fields into modern, variegated Gardens of Eden. Business is good. All conditions favor the most comprehensive, representative and largely attended Fair we have ever held. We hope to bring two people here where only one was here before.

Golden grain from fertile fields, luscious fruits from fragrant orchards, succulent vegetables from well-kept gardens; lowing herds of fattened cattle; magnificent thoroughbred horses, and all the other faithful, lowly friends of man; as well as riches from the marts of trade; modern creations of the inventive wizard's brain; the wonders of science; the beauties of art—in a word, our Twentieth Century Texas civilization will be typified, visualized at the Victory Fair!

It takes time to prepare displays. Are you seeing that your county, your home town, will be properly represented. Little display space is left.

In the spirit of fullest confidence, therefore, in the extent of our preparations, we most cordially invite the people of Texas, and of the entire Southwest, to accept this, our hearty invitation to be present Oct. 6th to 19th, so that you may enjoy to the utmost the benefits and pleasures that we have provided for you at the Victory Fair.

STATE FAIR OF TEXAS,
Jno. N. Simpson, W. H. Stratton,
President. Secretary.

A ten days meeting came to a close Sunday morning at the Baptist Church, Rev. J. T. Nicholson, of Stanton, filled the pulpit. Despite the rushing times on the part of the farmers the attendance was good. Those who attended were benefited and the church was greatly uplifted. There were two conversions and one addition to the church by baptism. Bro. Nicholson is a great preacher, and he leaves with the love and good wishes of all who knew him and had the pleasure of hearing him preach. As the appreciation of his splendid service in the meeting, a nice purse of \$52.00 was presented to him at the close of the service Sunday morning.

COLORADO WINS TWO OUT OF THREE BALL GAMES

For the last six or eight years the sport of base ball in the small western towns has been the leading attraction through the summer months. Last year, on account of the war and drouth, few teams were organized in West Texas. Among all the towns perhaps there are no two that have had more equal rivalry than Colorado and Loraine, and this year has not been an exception. The series of games was started at the July 4th picnic. Up to that time Colorado had no team, nor had intended to get up one, but the program committee thought the day would not be complete without a ball game, and appointed Sam Wulfjen to get up a team and match a game for that afternoon. He did so and without practice or preparation played the Loraine team on the Colorado ground. Loraine ran circles around them and beat them so bad that anybody but Sam would have been discouraged and quit, but not Sam. He got a little more pep in the boys, strengthened the team some, and played them again about a week later on their own grounds. This was a pitchers battle between our old stand-by Bob Crooper, and Muns of Loraine. Each did such good work, and were so well backed up that the game ran to 12 innings and was called on account of darkness. This put both teams on their metal and on the following Friday they had another game at Colorado. Colorado won this game with a score of 7 to 1, both teams playing good ball with the exception of a series of errors by the Lorainites in the first and seventh innings. Then last Thursday they met at Loraine to play off the tie, which was won easily

by Colorado with a score of 9 to 3. In the sixth inning Sam Wulfjen, who was catching for Colorado had a finger nail knocked off, but as this did not injure his voice, he put in a substitute and rooted the game to a finish. So Loraine won only one in four, but all the same she has a dandy good ball team. We have not learned whether there will be any more games played or not.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children, any time. It can't salivate, so let them eat anything afterwards. Adv

A Big Trade in Land and Cattle

Probably one of the largest deals of this season was made recently when George C. Wolfarth and W. L. Ellwood traded holdings of about seven thousand acres or more, located near Littlefield, and eleven hundred head of cattle, for East Texas property.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless. Adv.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

3RD DIVISION STARTS HOME 5TH AUGUST.

Coblenz, July 28.—The American Third Division has been ordered home from the German occupied area and will begin entraining Aug. 5th for Brest. The movement of the Third Division to the embarkation port is expected to be completed within a week. The 75 and 155 millimeter guns of the Third Division which were instrumental in stopping the Germans on the Marne a year ago will be shipped on barges down the Rhine to Rotterdam, thence to the United States.

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special.)—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

"To the American People: "The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department.

"Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belong, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: "The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself."

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies butts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

actually increased since the armistice.

"As for work among the French people, now that hostilities have ceased, the French themselves naturally prefer as far as possible to provide for their own. It has accordingly been determined that the guiding principle of Red Cross policy in France henceforth shall be to have punctilious regard to its every responsibility, but to direct its efforts primarily to assisting French relief societies. The liberated and devastated regions of France have been divided by the government into small districts, each officially assigned to a designated French relief organization.

"The American Red Cross work in France was initiated by a commission of eighteen men who landed on French shores June 13, 1917. Since then some 9,000 persons have been upon the rolls in France, of whom 7,000 were actively engaged when the armistice was signed. An indication of the present scale of the work will be obtained from the fact that the services of 6,000 persons are still required.

"Our American Expeditionary Force having largely evacuated England, the activities of the Red Cross Commission there are naturally upon a diminishing scale period. Active operations are still in progress in Archangel and Siberia.

"The work in Italy has been almost entirely on behalf of the civilian population of that country. In the critical hours of Italy's struggle the American people, through their Red Cross, sent a practical message of sympathy and relief, for which the government and people of Italy have never ceased to express their gratitude.

Supplies and Personnel to Near East.

"The occasion for such concentration of effort in Italy, England, Belgium and even in France having naturally and normally diminished, it has been possible to divert supplies and personnel in large measure to the aid of those people in the Near East who have hitherto been inaccessible to outside assistance, but whose sufferings have been upon an appalling scale. The needs of these peoples are so vast that government alone can meet them, but the American Red Cross is making an effort to relieve immediately the more acute distress.

"An extensive group of American workers has been dispatched to carry out this winter in the various Balkan countries. In order to co-ordinate their activities, a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

"A commission has just reached Poland with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Russian prisoners still confined in German prison camps.

"An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Relief Commission, which was the only agency able to carry relief in the interior of Turkish dominions.

Red Cross Will Continue.

"Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our experience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast. We know that so long as there is an American army in the field the Red Cross will have a special function to perform.

"Nothing could be of greater importance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended activities in the interest of humanity. The conception involves not alone efforts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings throughout the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than veritable "Peace on earth good will to men," and practical in that it seeks to take means and measures which are actually available and make them effective in meeting without delay the crisis which is daily recurrent in the lives of all peoples.

"For accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sympathy, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-operation which will make its work a source of pride and inspiration to every American."

Mr. Davison, as chairman of the International Commission of the American Red Cross, has undertaken to represent the American Red Cross in the preparation of the program for extended Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross societies for that purpose.

PERMITTING PRISONERS TO SHARE IN THE NET PROCEEDS FROM THE STATE PENITENTIARY SYSTEM.

House Joint Resolution No. 38.

Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expenses of such election.

Be it resolved by the Legislature of the State of Texas.

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto a new section to be numbered Section 60 as follows:

Section 60. The Legislature shall have power to authorize a division of the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportions as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For the amendment to Article 16 of the Constitution, authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment to Article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each County, for use in said election, a sufficient number of ballots for the use of the voters in each County, on which he shall have printed herein prescribed, for the convenient use of voters.

Section 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.

GEORGE F. HOWARD,
Secretary of State.

CALLS A PASTOR.

Rev. W. A. Bowen, pastor of the First Baptist Church at Big Spring resigned, and preached his farewell sermon there last Sunday night. The Big Spring Herald, in this connection says: "After the preaching service the church held a business session at which a call was extended to Rev. W. C. Garrett, pastor at Colorado, Texas to become pastor of the church in this city. It is not yet known whether or not he will accept. Rev. Bowen and family left Thursday for their new home at Lubbock, where we trust his work will be pleasant and his efforts appreciated. The best wishes of our entire citizenship will follow them to their new field."

It is going to be mighty fine for our farmer friends to be able to have crop products to market once more. This old game of paying out real money and nothing coming in has become trying on the nerves and it's time the program was changed. Bumper crops and good prices are needed to enable most of our people to make up in part for the tough times we have passed through.

Judge J. C. Hall has received word from State Superintendent, Anna Webb Blanton, that she cannot possibly visit Mitchell county now, but will make a speaking date here later on, in the interest of the rural schools.

The West never does things by halves. She believes in going whole hog or none. If she sets in to have a drouth, she has one that fairly scorches the hair on the heads of the natives. If she sets in to produce bumper crops, with almost magic celerity she can bring forth flowers from the burning sands, conjure up fields of wheat and maize and cotton of unsurpassed richness and beauty from the very bosom of the desert, put a smile on the face of the sourest old pessimist in the country and a song of "Glory Hallelujah" in the heart of every man, woman and child, bird and beast and insect west of the 98th meridian. We imagine that even the Angels in Heaven almost envy the inhabitants when West Texas puts on her Sunday garments. Buy your ticket for Roscoe and get off-right in the heart of God's own country.—Roscoe Times.

COTTON MAY REACH 75c.

Chicago, July—Prediction that cotton may rise to 75 cents a pound within a year were made at a conference held here under the auspices of the Dry Goods Reporter. Southern merchants blamed the manufacturers for high prices of finished products. One speaker declared no estimates of future prices of cotton goods could be made at this time.

Between 30 and 35 workmen have accepted positions at the Texas & Pacific shops here the past two weeks, and the hiring of mechanists, copper-smiths and boiler-makers will continue. From now until the first of the year the force at the local shops will continue in excess of five hundred workers if the men can be secured.—Big Spring Herald.

Mr. and Mrs. Prude were called to Ardmore, Oklahoma last week on account of the illness of the baby of Mr. and Mrs. Cary Prude.

The Record has turned its columns over to its advertisers this week. We have worked over time on getting out oil literature for Wichita Falls, a big law brief for Sweetwater, and a 100 page journal for Clarendon; besides all this-time we are getting ready for our annual fishing trip on the Concho regardless of business. We must have some recreation, and the paper may be even worse next week. This is not an apology, but an explanation.

Phone 162—Terry's market.

WHAT WILL HE DO WITH IT.

The indications now are that this county will produce more feed stuff this year than ever in its history. What will the farmers do with it? It is a well known fact that there is not much money in selling feed stuff in the open market, especially when there is a big crop in the country. All kinds of feed is a good price now—a profitable price in fact—but will it stay at the present price. The probabilities are that when the new crop begins to come in it will go off quite a good deal. The expense of getting bulky feed to the market, and the valuable time it consumes, just at the time that the cotton crop must be gathered, discourages many people from trying to sell their feed, and heretofore many tons have rotted in the field or been wasted.

The Record man is not a farmer, but is the son of a mighty good one, and our observation has been that the man who will put some young stock, yearlings of either cattle or mules or colts, or a good bunch of pigs, around him, put them in his stalk fields, utilize all the waste that is bound to occur, and then feed the surplus feed in the winter,—this is the man that will make money out of his feed crop—aye, even unto the golden sheikels he expects to get for the "money crop"—cotton. Two many farmers in the South waste all their energy, their time, and their money in trying to raise and harvest and save their cotton crop, and let the real values of their farm—the by-products as it were—go to waste for lack of attention.

In the first place, with this year of plenty, every man should store up in some safe way enough feed to run him for two years. Then he can figure on his surplus and secure stock sufficient to consume it, which he can turn into good cash money at any time. When his next year's crop is far enough along that he is sure of making another feed crop, then he can put in more stock to consume the surplus he had stored away; or on the other hand, if his next year's feed crop was a failure he would have his surplus to run on for another year. We think this is sound argument, but then we guess that were we farming we would do just like the rest of them do. An there is no doubt, but a number of farmers in this county could tell us just how we could run this newspaper and make it much better than it is and make lots more money out of it—but would we take their advice, should they tell us?

CAN BOB WIN?

The secret is out. Bob Henry is preparing to run for governor next year. That much was made clear in an address which he delivered to the Confederate veterans at Lexington a few days ago. He devoted his time almost entirely to the subject of woman suffrage. He mercilessly flayed the members of the present legislature who voted to ratify the equal suffrage amendment to the federal constitution. He led the fight against its ratification before that action was taken. He has sought to place himself much in the spotlight recently. He is posing as an old-time Jeffersonian Democrat. He seems ambitious to lead the anti-prohibition anti-suffrage, anti-progressive forces of this state. He will have lined up behind him most of the Ferguson support, as he was a warm personal and political friend of the dethroned and discredited ex-Governor. He will have lined up behind him much of the once powerful Bailey following, as he was for many years a warm friend of Senator Bailey and is now taking the same position that Bailey has long taken on political issues. He is personally a very charming fellow. He is an orator of no mean ability. He is an astute and adroit politician. Without doubt he will be the champion of the re-actionary forces in this state for the Democratic nomination next year. There will be much trumpet sounding and bugle blasting and sky-rocketing in his behalf. His supporters are going to make a big noise and put on a big show. Can they win? We hope not. We feel sure that they cannot if the moral and forward looking men and women of this state will put out a man big of brain and big of heart to lead their forces. There are a number of such men in the state. There are two or three whose names we could call residing in West Texas. Having put our hands to the plow, the people of Texas cannot afford to look back. They cannot afford to make a mistake in the election of a governor. Let us begin to cast about for the best man. Let us get ready for another forward march.—Roscoe Times.

Here is you man, Mr. Roscoe Times a man who is "big of brain and big of heart;" a man who can lead the people of Texas to better, nobler and

higher things. A man whose life has been an open book, and who stands on the solid rock of progress towards all things of the better class. A man who has always stood firmly upon his convictions; a mighty force in the moral and religious world; a strong champion of equal suffrage, and a power in the anti-prohibition fights —we mean Pat M. Neff, of Waco, Texas. If Pat M. Neff will come out for governor of Texas, and he says he will, he will be elected as sure as shootin'. Other prospective candidates are Tom Love of Dallas, R. E. Thomas of El Paso, H. B. Terrell of Austin, B. F. Looney of Greenville, Lieut. Gov. W. A. Johnson, of Hall County; Judge Marvin H. Brown of Fort Worth; Gen. Jno. A. Huleg of Houston; Col. Claud V. Birkhead of San Antonio; Hon. Earl B. Mayfield of Bell County; Senator Paul D. Page of Bastrop, and several others in the race. But we predict that Pat M. Neff, can beat the whole bunch and not run hard enough to make him draw a long breath.

PAT M. NEFF FOR GOVERNOR.

Pat Neff of Waco announces this week for Governor.
 Pat M. Neff is a native Texan. He is an A. B. and an A. M. graduate of Baylor University and holds a LL. B. degree from the University of Texas. He has practiced law at Waco, for the past twenty years, six years of which time he served McLennan County as prosecuting attorney. During the past few years he has been connected with some of the most noted cases ever tried in Texas. Mr. Neff has always taken an interest in political matters and has the distinction of being the youngest Speaker who ever presided over the Texas House of Representatives. He was for some time President of the Conference for Education in Texas, and has been for fifteen years President of the Board of Trustees of Baylor University. During 1918-19 he served as Grand Chancellor of the Knights of Pythias of Texas, and has since the signing of

the armistice done much constructive and patriotic work as State Chairman of the League to Enforce Peace. This wide range of experience in legal, political, educational and fraternal affairs, together with his scholarly attainments, will enable Mr. Neff to make a splendid race against the field.

Priscilla Club.

Mrs. J. Max. Thomas was hostess for the Priscilla Club last week. Besides the pleasant time of the regular members conversing and working together, Mrs. Thomas had several of her neighbors and quite a number of out of town people as guests, who added much to the occasion. After the working period several musical selections were given by Miss Pauline Root, a former Colorado girl, but now of Sherman, and Miss Talty of Dallas, that were highly enjoyed. Refreshments of cake and punch were served on the lawn, by the daughters of the house, assisted by Misses Elsie Lee Majors and Iva Del Miller of El Paso. The out of town guests were Mrs. J. P. Majors, Sweetwater; Mrs. McDaniel, Georgetown; Mrs. H. C. Beal, Fort Worth; Mrs. F. P. Miller, El Paso; Mrs. Ed Rowley, Abilene; Miss Pauline Root, Sherman; Mrs. Waskom and Miss Talty of Dallas, and Miss Louise Moor of Atlanta, Ga.

Birthday Party.

Mrs. Robert Terrell entertained a number of little boys and girls honoring her little daughter Elizabeth's tenth birthday. Games were played and a good time was had by all. The birthday cake with its ten lighted candles was very much admired and best wishes made as they were blown out. It, with punch, was served as refreshments. Many dainty little gifts were left in memory of this red letter day in Miss Elizabeth's life.

A PLEASANT DAY ON RIVER.

Last Friday the Rogers, or Horn's Chapel, community, friends and neighbors, all gathered on the banks of the river near the Cedar Bend bridge and had a day's outing, picnic and fish fry. Dinner was spread under the liveoak trees, and such a dinner—no one can tell of half they had to eat. The good ladies of this community had cooked fried chicken, roasting ears, pies and cakes, and all things nice, until it was a feast for kings. All of this was added to by fish fresh from the river, but not much was said about the fish. Some of the families who gathered on this occasion were Gross, Holmes, Loftis, Robinson, and many others. J. W. Gross ate so much he has not been able to come to town since.

Four Generations.

Mrs. M. E. King and Mrs. R. F. Franklin had as their guests last week their brother, Judge J. P. Smith, his daughter, Mrs. A. J. Williams, granddaughter, Mrs. W. H. Porter, and great-granddaughter, Ruth Porter, all of Mansfield, La. Judge Smith was favorably impressed with the country and being strong and only 86 years of age, is thinking of coming west and growing up with the country.

Frank Miller came up from Ranger Saturday night and spent Sunday with his mother.

Mrs. John Miller left Tuesday night for Amarillo, accompanied by her two grandchildren. She will spend the winter up there.

PROTRACTED MEETING.

The protracted meeting which has been going on at the Christian Church or the past ten days, closed Wednesday night. The visible results of the meeting were nine for baptism and two by letter. The pastor, Rev. D. R. Hardison, did the preaching and he was at his best. He is a splendid preacher, making his thoughts clear and impressive to his hearers. Besides making new converts the church members and others who attended, were edified and built up in the faith. Many of his sermons will long be remembered for the timely and helpful strength they brought to hungry hearts. The music was led by Mr. J. E. Stowe, with Miss Hardison as pianist, and Messrs Lee and Ed Jones with cornet and violin. The music was fine, enjoyable and worshipful.

DINNER GUESTS.

Judge and Mrs. C. H. Earnest had on Wednesday, as their dinner guests Mr. and Mrs. James Newton, who live at San Antonio, and their two daughters, Misses Bettie and Mary. Judge Newton is a relative of the Earnests and they were on their way home after an eight week's tour of the West, in their big King Eight. They visited the Grand Canyon, Yosemite Valley, Petrified and Sequoia forests and on as far west as Los Angeles, California. The speedometer showed a tour of 6000 miles. It was a camping out trip and a most delightful one.

The A. R. C. Class in Home Hygiene under Miss Cuff, grows in interest each day. Every lesson is complete within itself and visitors are welcomed. Quite a number who were unable to attend, took the book for home reference. Over sixty books have been sold, and every one is gratified with the information she receives from it. The class will close with this week.

FIVE GENERATIONS.

Mrs. J. J. Jackson has at her home in East Colorado this week, as her guests, a representation of five generations. This is not a reunion but just a gathering of relatives on a visit. Those here enjoying the visit are Mr. Kin Elkins of Grant, N. M., her father; F. Elkins of El Paso, a brother. Mr. and Mrs. Boren of Snyder, a sister. Mrs. B. B. Hudson, San Angelo, a daughter. Mrs. Ruby Baron, San Angelo, a grand daughter and Miss Helen Francis Baron of San Angelo, a great granddaughter. A big dinner was spread on Wednesday and a delightful time enjoyed by all.

Mrs. C. H. Lasky has as her guests her brother and wife, Mr. and Mrs. Calvin Trulock, and nephew and wife Mr. and Mrs. Verder Trulock, of Paris, Texas.

Marie Cocreham returned to Dallas Tuesday, having spent several days with her parents and friends.

John Worrell who has been visiting his uncle, Mr. Quinney, left Tuesday night for Waxahachie. He will soon return to Washington where he hopes to receive his discharge. He was wounded early in the war and has been in the hospital for months. He wears the Distinguished Service Cross.

MARRIED.

Mrs. Ury Hooton and Mr. A. D. Martin were married Sunday evening, Rev. D. R. Hardison officiating. Mr. Martin has a position with the Hutchinson Furniture Co. at Cisco, and Mrs. Martin is a popular saleslady at C. M. Adams. Mr. Martin returned to Cisco Monday morning, where Mrs. Martin will join him soon and they will make their home at that place. Both these people have lived in Colorado for a number of years, and are well known. Their many friends wish for them all the happiness that may come to them.

Campfire Girls.

The last week's Campfire meeting was held with Miss Jessie Schroeder. The main topic of discussion was the outing next week. Jessie Watson, Lois Davis and Clarice King were received as new members. The hostess served cream and cake. This week the meeting was with Miss Fern McDonald. The treasurer reported \$8.10 received from their market held last Saturday. Plans were completed for the outing. Watermelon was served.

BOY SCOUTS WORK.

Scout Master, Jno. W. Person, had a phone call from John Lane, down on the ranch for Scout Boys to come and help get the snakes out of the weeds and weeds out of the cotton. Early Wednesday morning Mr. Person sent the following boys to his relief:—Jas. D. Adams, Travis Pritchett, M. B. Roddy, Jr., Hume Garrett, Boyd Quinney, Ed and Willie Jones. These boys are all good workers and will soon clean up Mr. Lane's farm; but if he has a melon patch he had better look out for it.

A letter comes from the farmer-printer, Lawrence Simpson, down at Leesdale, south of Big Spring, announcing the arrival of a big ten-pound boy, and the grandpa, Dr. A. E. Lee is so elated that he has not worked a day on the farm for the last three weeks. The Record men have a standing invitation to Leesdale, and have promised these good people to go down about the time watermelons get good.

Mrs. Veda Behler left for her home in Miami, Arizona, on the late train Sunday, after a two weeks visit with her parents, Mr. and Mrs. B. C. Cook, who live East of town near the mill works.

Mr. and Mrs. W. R. Charters returned home yesterday from Brownwood. Mrs. S. M. Charters, mother of W. R. has been here some time on a visit and on returning to her home at Brownwood was accompanied by her son and daughter, Mr. and Mrs. W. R. Charters.

Mrs. H. F. Wheeler has been dangerously sick all the week. Almost day and night hope was despaired of, but on Wednesday evening she showed decided improvement for the better, and at this time seems to be recovering. All Colorado rejoice in this turn for the better.

The revival meeting that was being held at the church closed Sunday with glorious results. The preaching was done by Re. Watson, who is a fine preacher, and everyone seemed to enjoy his sermons as they were so plain. There were thirteen converts, six for baptism and one by letter. Everyone is smiling over the good results of the meeting.

Mr. and Mrs. A. C. Taylor received a message last Tuesday morning announcing the arrival of their sons Tom and Clive. These boys are among the last of this community to get home. Although they have just gotten to the U. S. they will probably be home in a few weeks.

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES.

Senate Joint Resolution No. 23.
A Joint Resolution proposing and submitting to the people of the State of Texas an amendment to Article Sixteen of the Constitution of the State of Texas by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for protective works, irrespective of Constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds, principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of the State of Texas:

Section 1. The City of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building sea walls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to and irrespective of any provisions of the Constitution of the State of Texas limiting tax levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined, provided however, that that portion of Galveston County not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston county outside of the corporate limits of the City of Galveston; provided that no such bonds issued by the City of Galveston shall be valid unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the City of Galveston, voting at an election to be called for that purpose by the Mayor and Board of Commissioners of said City of Galveston.

Sec. 2. The Governor is hereby directed to issue the necessary proclamation for submitting an amendment to the Constitution to the qualified electors of the State of Texas on the first Tuesday in November, 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston."

Sec. 3. The sum of five thousand (\$5,000.00) dollars, or so much thereof as is necessary, out of the funds in the State Treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this Resolution.

RELATING TO SPECIAL TAXES BY CITIES, TOWNS AND COUNTIES FOR PUBLIC IMPROVEMENTS, PUBLIC ROADS, ETC.

Senate Joint Resolution No. 20.

Proposing an amendment to Section 9 of Article 8 of the Constitution of the State of Texas, by changing said section 9 so as to provide for the levy of taxes by counties, cities and towns, not to exceed thirty cents for roads and bridges, and a tax not to exceed fifty cents on the One Hundred (\$100.00) Dollars' valuation in any one year, for the creation of public buildings, streets, sewers, water works, improvements of cemeteries and other permanent improvements, providing for the levy of a maintenance tax by counties, or political subdivisions thereof, not to exceed sixty cents on the One Hundred (\$100.00) Dollars' valuation, upon a majority vote of the qualified property tax payers voting at an election held for the purpose, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:
Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas be so amended that the same will hereafter read as follows:
Section 9. The State tax on property, exclusive of tax necessary to pay the public debt, and the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the One Hundred Dollars' valuation; and counties, cities and towns are authorized to levy not exceeding thirty-five cents for city or county purposes, and not exceeding fifteen cents to pay jurors, on the One Hundred Dollars' valuation, exclusive of taxes levied for the payments of debts incurred prior to the adoption of the amendment September 25th, 1883; and for the erection of public buildings, streets, waterworks, improvement of cemeteries, and other permanent improvements; no to exceed fifty cents on the One Hundred Dollars' valuation, in one year, and except as in this Constitution otherwise provided and the qualified voters, who have been assessed or paid property tax, of any county or sub-division thereof now existing or that may hereafter be defined by the Commissioners' Court, may at an election called in accordance with the law authorizing the levy of a special road tax, by a majority vote levy a special tax of not exceeding sixty cents on the one hundred dollars' valuation on all property, for the further improvement and maintenance of public roads; provided that this provision shall be self-enacting and that no part of such tax shall be available to pay an indebtedness incurred prior to the current year for which said tax is collected, except to pay indebtedness now existing, and providing further that such levy may be voted off or changed at any time by majority vote of those qualified to vote under this provision. And the Legislature may pass local laws for the maintenance of public roads and highways, without the local notice required for special or local laws.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors at an election to be held for that purpose on the fourth day of November, A. D. 1919; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the Amendment to Article 8, Section 9 of the Constitution of the State of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges and not to exceed fifty cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed sixty cents for maintenance of

House Joint Resolution No. 29.

A Joint Resolution to amend Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, which article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youths; provides that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that said University, said Agricultural and Mechanical College, and said College of Industrial Arts shall be separate State institutions and independent in organization; provides for the sale of the lands belonging to the University of Texas permanent fund, and for the division of the proceeds of such sale and all securities between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College; directs that the respective parts of each shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements, and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a Constitutional branch of the Agricultural and Mechanical College; provides that the Legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College, and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment, and granting authority to the Legislature to make appropriations to supply any deficiency; provides that the Legislature shall give encouragement and direction to the development of a University of the first class, and an Agricultural and Mechanical College of the first class, and a College of Industrial Arts of the first class; provides for the submission of this proposed amendment of the Constitution to the people, fixing the date for election to be held, and making an appropriation to pay the expense of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, which Article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and a branch College or University for the instruction of colored youths, be amended to read as follows:

Section 10. In pursuance of constitutional authority and direction the State having established the University of Texas at Austin, in Travis County; the Agricultural and Mechanical College of Texas at College Station, in Brazos County; and the Prairie View State Normal and Industrial College for the instruction of colored youths of the State at Prairie View, in Waller County; and the Legislature having established the College of Industrial Arts at Denton, in Denton County, the said University of Texas, the said Agricultural and Mechanical College of Texas, and the said College of Industrial Arts for white girls, are hereby declared separate state institutions and independent in organization. The Texas State Medical College, located at Galveston, in Galveston County, and the School of Mines, located at El Paso, in El Paso County, are constituted branches of the University of Texas. The Prairie View State Normal and Industrial College for the instruction of colored youths is constituted a branch of the Agricultural and Mechanical College of Texas.

Section 11. To better enable the

University of Texas and its constitutional branches; the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment, and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas, and for the Prairie View State Normal and Industrial College; provided, that when the permanent University endowment shall, by constitutional and statutory authority, be apportioned to the institutions named it shall be divided between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the following manner: To the University of Texas, sixty-six and two-thirds (66 2/3) per cent, and the Agricultural and Mechanical College of Texas, thirty-three and one-third (33 1/3) per cent; and the governing board of the Agricultural and Mechanical College of Texas shall apportion to the Prairie View State Normal and Industrial College for colored youths such part of, or interest in, the said thirty-three and one-third (33 1/3) per cent as may be determined equitably by said governing board. The principal of all funds accruing to each institution from the division of the University endowment under the provisions of this section shall, whenever the said endowment is divided, constitute the permanent fund of each, and shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the governing boards of the University of Texas and the Agricultural and Mechanical College of Texas shall be authorized, with the approval of the Governor, and in the manner to be provided by law to issue bonds for permanent improvements, such bond issues to be based upon the permanent funds of the institution issuing them; and the governing board of each institution shall make provision from the income derivable from its permanent fund for the payment of all bond issues under its authority as may be provided by law.

Section 12. The lands set apart to the University fund shall be sold under such regulations at such times, and on such terms as may be provided by law; and the Legislature shall provide for the prompt collection, at maturity of all debts due on account of University lands heretofore sold, or that may hereafter be sold, and shall in neither event have the power to grant relief to the purchasers. And, until such time as the University endowment fund shall be divided in accordance with constitutional and statutory authority, the proceeds from the sale of lands as realized and received into the Treasury of the State, together with such sum belonging to the funds as may now be in the Treasury, shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the interest accruing thereon, and any income from the use of the said University lands, shall be subject to appropriation by the Legislature, and may be available for the redemption of bonds based on the University endowment and to be redeemed from the said interest and income from the use of land, as may be provided by law, to aid in the construction, equipment and maintenance of the University of Texas and the Agricultural and Mechanical College of Texas, and the total of such bond issue outstanding shall at no time exceed four and one-half million dollars, and the legislature is hereby authorized to appropriate out of the general revenues of the State such moneys as may be necessary to cover deficiencies in the interest and sinking fund accounts of the bond issues herein provided for. Provided, that the one-tenth of the alternate sections of the lands granted to railroads, reserved by the State which were set apart and appropriated to the establishment of "The University of Texas" by an Act of the Legislature of February 11, 1858 entitled "An Act to Establish 'The University of Texas,'" shall not be included in or constitute a part of the permanent University fund.

Section 13. The Legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this Article and such other branches as may hereafter be estab-

lished by law; for the Agricultural and Mechanical College of Texas and its branches as now or hereafter may be established by law; for the College of Industrial Arts for the education of White Girls; for State Normal Schools; and for the Prairie View State Normal and Industrial College for colored youths.

Sec. 14. The Legislature shall give encouragement and direction to and make provision for the educational activities of the respective State Institutions provided for in this Article, and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in the professions of a University of the first class; and for instruction in all those branches of learning which relate to agriculture, animal husbandry, the natural sciences, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an Agricultural and Mechanical College of the first class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a College of Industrial Arts of the first class for white girls, and for instruction in all the branches requisite to the development of normal schools of the first class.

Sec. 15. The Prairie View State Normal and Industrial College for the instruction of colored youths of the State, having been located at Prairie View, in Waller County, as a branch of the University of Texas, is hereby declared a branch of the Agricultural and Mechanical College of Texas. And in lieu of the separate apportionment of a part of the University endowment, as authorized in Section 11 hereof, the said Board of Directors of the Agricultural and Mechanical College may apportion to the Prairie View State Normal and Industrial College such part of any fund from any authorized bond issue by the Board for the purpose of permanent improvements as the Board may determine to be equitable and the fund so apportioned shall be available only for the purpose of contacting permanent improvements for the said Prairie View State Normal and Industrial College.

Sec. 2. The Governor of this State is hereby directed to issue and have published the necessary proclamation for the submission of this proposed amendment to the Constitution of the State, to the qualified voters of the State, said election to be held throughout the State on the first Tuesday in November, 1919, and all voters favoring the amendment shall have written or printed on their ballots the words:

"For the amendments to Sections 10, 11, 12, 13, 14 and 15 of Art. VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas, and the East Texas State Normal at Commerce, Texas, and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction, and development of State Educational Institutions."

Those opposing the amendment shall have written or printed on their ballots the words:

"Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas, and the East Texas State Normal at Commerce, Texas, and other State educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State educational institutions."

Sec. 3. The Governor is hereby directed to submit this amendment to the qualified voters at an election

to be held throughout the State on the date herein specified, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the general revenue not otherwise appropriated, for the purpose of issuing the proclamation and publishing the amendment as required by the Constitution and laws of this state.

NATIONALIZATION OF BANKHEAD ROAD SOUGHT

Continued interest is being manifested and work done to establish the Bankhead National Highway that starts at Washington and ends at the Pacific Coast as an officially designated State Highway by the Legislatures and Highway Commissions thru the states it traverses and also requesting Congress to take the same over as the first National Highway to be built in this country.

The Legislatures of Alabama, N. and S. Carolina have already passed acts establishing the Bankhead National Highway in those states and memorializing Congress to take over the Bankhead National Highway in those states as a government highway.

The Texas and Georgia Legislatures that are now in session are expected during the coming week to pass similar acts.

Director-General, J. A. Rountree of the United States Good Roads Association is in Atlanta this week conferring with the Georgia Legislature and the State Highway Commission in regard to taking over the Bankhead National Highway as a state road.

The Arkansas legislature has been called to meet on July 28th to take action on the Woman's Suffrage Amendment. If it takes up good roads legislation there is no doubt that the Bankhead National Highway in that state will be taken over by the Legislature. Just as fast as the Legislatures meet, favorable action is being taken. The reports at headquarters show that wonderful work of building the highway is being done.

CUSTER VETERAN
 NOW WITH Y. M. C. A.

Survivor of "Battle of Big Horn" Touring Southern Department Telling Experiences.

Col. Theo. W. Goldin, a veteran of Custer's famous Seventh cavalry, has for many months been devoting all of his time to war work with the Army Young Men's Christian association. He is now on a tour visiting all military camps in the six states of the Southern Military department entertaining the soldiers with stories of the great West of the long ago.

Colonel Goldin has had an unusual and picturesque career on the frontier as soldier, government scout and quartermaster clerk, having participated in several Indian campaigns, among them the "Battle of the Big Horn," where Custer and some five hundred veterans went down before ten times their number of Indians. He has been in the Army Y. M. C. A. work since November, 1917, serving first at Fort Bliss and later at Presidio. He has been booked by the educational bureau of the Southern Department Army Y. M. C. A. for a speaking tour in Southern department camps.

Colonel Goldin owes his life to the fact that during the battle of the Big Horn he was serving as regimental clerk, and in that capacity was doing duty as mounted orderly. He was sent to Major Reno, some three miles away, with dispatches; but even then, during most of the ride, he was a target for a number of long-range shots taken at him by the Indians. He was with Major Reno during the remainder of the fight, which lasted two days.

COL. THEO. W. GOLDIN.

Among other campaigns he took part in was what was known as the "Big Horn and Yellowstone Expedition," which was probably the largest single expedition ever sent out against hostile Indians. As government scout and courier, he served under Gen. Nelson A. Miles at the Tongue River cantonment and later with his old regiment at Fort Meade. In 1876 he was in Arizona with different regiments at war with the Apaches. Later he carried dispatches for a time between old Fort Bliss, near El Paso, to the various posts as far down the border as Eagle Pass.

As Y. M. C. A. man, he worked with the Kansas City association, and among colleges and universities in Oklahoma, Missouri and Kansas. For several months he served at Oklahoma City in the boy scout work.

Colonel Goldin was awarded the Congressional Medal of Honor for his services in 1876 during the Custer campaign.

COMMANDER OF THE
 90TH COMMENTS "Y"

Gen. Henry T. Allen Says Red Triangle Men Went "Over the Top."

Maj. Gen. Henry T. Allen, commander of the Ninetieth division, composed almost wholly of Texas and Oklahoma troops, has written J. W. Nixon, division secretary of the Army Y. M. C. A., as follows:

"Dear Mr. Nixon: By reason of the excellent work shown by the Y. M. C. A. assigned to the Ninetieth division throughout the period September 12-19, I ask that in behalf of this division you express to all members concerned my sincerest thanks for the highly important services rendered by them. Through these trying days, from your headquarters at Griscourt, where a canteen, warehouse and dormitory were established, your valuable activities were at all times in evidence up to the assaulting battalions and back from those advanced elements with the wounded through the various medical stations to the field hospitals.

"Nine secretaries were with the infantry battalion, and two secretaries (F. A. Daves and B. F. Ford) actually went over the top with the assaulting battalions and carried on their work in the midst of the severest losses. I specially desire to commend the zeal and fortitude of these two gentlemen, and to thank the Y. M. C. A. for having sent such excellent representatives to us.

"Very truly yours,
 (Signed) HENRY T. ALLEN,
 Major General."

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

House Joint Resolution No. 13.

A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Amend said Section so as to read after its adoption as follows:

Article 3, Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words "For the amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49, of Article 3, relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the one Hundred Dollars valuation, on taxable property in the State." Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3 of the Constitu-

tion proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State."

Sec. 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated, publication and election.

Sec. 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3 of the State Constitution from enacting needed highway Legislation creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

NO REST—NO PIECE. There's no piece and little rest for the one who suffers from a bad back and distressing urinary disorders. Colorado people recommend Doan's Kidney Pills. Be guided by their experience.

Mrs. S. A. Cox, Cypress St., Colorado, says: "Quite a few years ago I suffered with kidney trouble. I was so bad at times that when I stooped over the pains would catch me so, I couldn't straighten up without help. When I got to bed, I couldn't rest on either side, as the pains were so sharp. I had terrible headaches and was almost a nervous wreck. The action of my kidneys was irregular and my back felt so sore, I couldn't do any work. My feet and hands were swollen twice their normal size. I tried different kidney remedies, but nothing did me any good until I was told by a friend to use Doan's Kidney Pills, which I did. After finishing two boxes of Doan's, I could feel great benefit and continued their use until I was relieved of the terrible pains in my back and all the other troubles. This medicine completely cured me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Milburn Co., Mgrs., Buffalo, N. Y.

SEES FIRST WELL DAY IN TWENTY-TWO YEARS

Mrs. Altenburg Says Tanlac Is One of Greatest Blessings of Life

"I am so grateful for the good Tanlac has done me I consider it a privilege to make a public statement so that other sufferers may learn how I was relieved of nearly a lifetime of suffering," said Mrs. J. D. Altenburg, wife of a well-known stone finisher, 4213 Simpson Street, Dallas, Texas, recently.

"When you consider that I have been a sick woman these twenty-two years," she continued, "it seems hard to believe that I have been relieved in less than three months, and any medicine that would do that should be praised the world over. Twenty-two years ago, when I was a sixteen-year old girl, I had a severe attack of typhoid fever that left me with a serious stomach trouble that has made my life miserable ever since. My food lay in my stomach like lead and wouldn't digest. I suffered from terrible headaches and had a feeling of weakness—a sort of sinking away hard to describe. My nerves were shattered and at times I couldn't bear to have anybody in my sight, anyone speaking to me or just moving about the room would irritate me so I'd almost break down and cry. Not a single week passed in all that time that I wasn't sick in bed and often I was totally unfit to do a thing. I fell off until I was dreadfully thin, and about the first of this year I was so weak and run down my condition was truly pitiable and I could look forward to nothing but a lifetime of misery and disappointment. I was forever trying all sorts of medicines in the hope of finding one that would give me the blessing of health, but nothing did me any good till I started on Tanlac."

"It was about the first of April that I began taking Tanlac, and in a little while I felt I was getting better. I gained in strength and weight and my friends could see it in my face and soon they began to tell me how much better I was looking, and, really, I haven't felt so well as I do now in fifteen years. I have felt no discomfort since I began taking Tanlac and very seldom have a headache, my stomach has toned up and I digest my food with ease and I have gained all of eight pounds. I am getting stronger all the time and I can now do many kinds of work that I haven't been able to do in years. My improvement has been the talk of the neighborhood and I believe that Tanlac is one of the greatest blessings I ever had, for I feel that I am going to be a well woman for the first time in more than twenty years."

Tanlac is sold by all druggists, everywhere. Adv.

To Improve Your Digestion. "For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. You Do More Work, You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Colorado Minister Visits Midland

The presence of one of Colorado's citizens in Midland and in the Presbyterian church last Sunday was a pleasure to those who heard Rev. Guy B. Duff speak. It is regretted that more did not hear this gentleman who is a very pleasing speaker. Mr. Duff has been pastor of the First Presbyterian church of Colorado City for some six years. He came to Midland in the interest of the Southern Presbyterian Campaign in Texas for \$1,325,000 for Christian education. —Midland Reporter.

Watermelons are coming in, but they are higher than some men (and especially newspaper men) can afford to pay. It is a case similar to the case of the boy who went to the butcher shop and asked for a nickle's worth of sausage. The butcher extended the blade he was wielding and said, "smell of the knife." Watermelons are going to cost real money, and the day when you could feed the family for ten cents on the finest sort of melon is gone forever.

RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME.

House Joint Resolution No. 35

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate Soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$07) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof:

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipalities or other corporations whatsoever, provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this state since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the states served in organizations for the protection of the Frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension funds of this state under any existing law or laws hereafter passed by the Legislature,

and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$07) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on Tuesday after the first Monday in November, A. D. 1919, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since January 1, 1912," and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of the State, and the sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this state not otherwise appropriated for expenses of publication and elections thereunder.

GEORGE F. HOWARD,
Secretary of State.

42 PARTY.

The 42 club was entertained at the home of Mrs. Arlie Martins Thursday afternoon. After playing some mighty fine 42 games the hostess served punch and cake. Mrs. John Erwin being an out of town visitor. Everyone reported a nice time.

The Mexican situation has gotten to be a great question before the congress. A few weeks ago congressman Hudspeth made a very appropriate speech on the Mexican trouble. Several Americans have been killed and captured by the bandits lately. Possibly at present the U. S. may be thinking of intervening. — If the trouble continues.

Everybody is looking forward to the greatest business for Lorraine this fall that it has ever had. All the merchants of our city tell us they are preparing for a great fall business. Their stocks are being greatly increased to meet the demand. The gins are being put in the very best of shape to turn out the fleecy locks, as it now appears they will be well supplied. The feed men are preparing to handle the great feed crop that will soon be ready for harvest.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound over the seat of pain is often more effectual for a lame back than a plaster and does not cost anything like as much.

The United States has now opened up trade with Germany. The time will soon be here when the "made in Germany" inscription can be seen in the stores of this country, although it seems that the sale of German goods will be short for the next few years.

Miss Lucile Jarrett from near Roscoe is visiting friends and relatives here this week.

Albert Duncan Accused of a Serious Crime.

Albert Duncan, a young business man who runs a tailor shop, we are sorry to say, was accused of a very serious crime. Complaints have been filed by the people. For three years he has been doing cleaning, pressing and repairing, and ordering suits to measure in a manner that no doubt will surprise the good people of Lorraine and surrounding country who have been spending their hard-earned money with him. Mr. Duncan has been accused and no doubt will be found guilty of doing cleaning and pressing cheaper than any other place in the county; also of selling better made, to order clothing at a price too low. The case will be tried later. Watch for reports. In the meantime he will continue to do business in the way he has been accused. (Adv.)

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out worms, but it restores health and cheerfulness. It is sold by all dealers. Adv.

Mr. J. M. Templeton and son, Benton, left Monday morning for East Texas.

Miss Ethel Simmons of Denton, spent Tuesday with Mrs. Frank Ridens.

Mrs. Bob Coffee and daughter, Miss Marie, left Sunday morning for Temple where Marie was operated on for appendicitis. We are glad to report her as doing well.

Mrs. Lloyd Morris of Moran, Miss Eculah Putman of Anson, Miss Hulda Bedine, Mr. Erwin Terry of Colorado Miss Isophene Toler and Mrs. Allie Erwin, were Mrs. C. H. Thomas' guests Tuesday night for supper.

Mr. Toler and daughter Miss Isophene, have moved into their old home place. They expect to make this their home again, and we are very glad indeed to have them back with us.

T. R. Bennett and family, J. L. Pratt and family, Mrs. Blanton and children and Miss Margie Narrell, loaded up two cars Tuesday afternoon with everything that was useful to have a good time on a fishing trip and motored to Hunter Looney's pecan grove. They expect to stay several days. The men coming back to their work every morning and returning to fish at night.

We have a long letter this week from Turner Wathen, son of Mr. and Mrs. J. S. Wathen, of Lorraine, which will appear on this page next week, as it came too late for this issue. Turner is in the navy on the U. S. S. Palos, at Shanghai, China.
