**SUGAR SHORTAGE SERIOUS.** Colorado's sugar supply is just about exhausted according to local grocers. For several days the supply of granulated sugar has been steadily declining with very little stock coming in but now it has reached an alarming crisis, with little hopes of relief soon. Wholesalers declare that there is little prospect of securing very much sugar any way soon. One wholesale house salesman declared that one of the biggest refineries in the world has quit booking orders because no prospect of future supply soon. Many dealers do not expect the condition to improve before September 15, when the new sugar crop is supposed to begin to move. There has been an unusually large fruit and vegetable yield and housewives have been consuming much sugar in preserving. It being in the middle of the preserving season makes it difficult to take care of some of the fruit now. Some of the grocers say that many gallons of certain brands of syrup are being sold to take the place of sugar in some kinds of preserving. Grocers also say there is a shortage of various kinds of dried fruits and it is feared the supply this winter will be short.

**Notice!—Change of Business.** Having bought all equipment of Watt Collier's Dray and Transfer business, I will take charge of same on Sept. 1, and will, at all times, have teams, floats and truck ready for service. Will also handle wood in car lots. Will appreciate your trade. S. D. WOOD.

**Bees Must Have Higher Wages.** Had you noticed that the bees in and around Colorado are having a much harder time producing honey than they once had? Evidence: they have raised the price of their product until only the elite and the exclusive and the money barons can eat it. Honey at \$1.00 per quart or \$4.00 per gallon is some high for sweet. But what puzzles this writer is why it cost a bee more to make honey now than it did before the war. What new fangled method is the bee using? **CURIOSITY.**

**THE RAIN**  
Wednesday morning rain again visited Mitchell county. It came just at the right time. It was .66 of an inch in Colorado and reported heavier in most all other parts of the county. South of Westbrook and in the Spade and Union communities it was a full inch. Loraine and Champion report heavy rain; Roscoe and Sweetwater east to Abilene a big rain Buford, Longfellow, Lone Star and all around the mountain reports about like in Colorado. It was a fine rain. Late feed and all June cotton now promises a bumper crop. June corn is now assured. Billy McIntyre has 60 acres in June corn that looks like 40 bushels per acre. It is not how much we will make in Mitchell county, but how to get it gathered.

Wednesday night it again rained a little, and the cool, cloudy weather Thursday is fairly making the crops hump themselves. Cotton is fruiting heavily and so far no worms or insects are reported. Rain is reported pretty generally all over West Texas and will prove of tremendous benefit to the cotton crop, as well as the younger feed. Cotton, in many pieces was beginning to need rain and it came just right and at the right time to give the plant a big boost.

One and a half inches reported at Abilene; two inches at Stamford. Good rain at Sweetwater, Snyder, Baig and at Post a regular flood, perhaps the heaviest of the season. At Fluvanna, Haskell and Rule. This is the first measurable rain fall in August and is very welcome to the farmers of the west.

**MANY NEW TOWNS WILL BE BUILT.**

Ranger, Texas.—Four hundred teams went to work this week on the grade of the Hamon & Kell Railroad between Ranger and Jakehamon, the new town in the Hogcreek oil field. Maney Bros. & Co., the contractors, intend to attempt rapid work on this line with the expectation of getting trains into Jakehamon in progressing rapidly and the town is all arranged for the opening which will be one day next month.

In addition to Jakehamon, which is in Comanche county, there will be another town in that county between Dublin and Jakehamon on the line of the Hamon & Kell railroad which has its southern terminus at Dublin. There will also be new towns in the vicinity of the Stephens county oil pools and one in Eastland county about midway between Ranger and Jakehamon. The new railroad will reach Breckenridge the old inland county seat of Stephens county, and the city will unquestionably grow very rapidly as it is in the center of a big oil field that is developing very fast and showing good production.

The Hamon & Kell railroad will traverse the entire North and South Central Texas oil field which extends a distance of almost 150 miles from north to south. It is to afford rail facilities for pools that are now far remote from railroad stations and will expedite the development of the pools while reducing the expense of transportation for material and supplies that are now transported by wagon and truck from Ranger and other railroad points.

**SERIOUS ACCIDENT.**  
Last Friday while the children were in the yard playing with a target rifle it was accidentally discharged shooting Emma Hickman through the knee. She is the 11 year old child of Mr. and Mrs. T. A. Hickman. Dr. Root dressed the wound and she was taken to Fort Worth to the sanitarium, where an X-ray examination located the ball and it was extracted. She is doing fine and improving rapidly.

A. K. Hawks special optician will test your eyes and fit glasses perfect. Will be here Wednesday, Sept. 10 at W. L. Doss' drug store. One day only. Have your eyes tested and fitted.

Eastland, Aug. 20.—Fifteen locations have been made during the past few days within the vicinity of the Sammie Oil Co. well on the Frank Thorp site near Gunaught. Derricks are up on most of them.

**TEXAS OFFERS TO HELP CUT COST OF LIVING**

Gov. W. P. Hobby of Texas has telegraphed Attorney General Palmer at Washington that he had placed the full facilities of the State Government at the disposal of the Attorney General for use in his efforts to reduce the high cost of living. Gov. Hobby expressed the hope that the Attorney General would not hesitate to call upon the Texas authorities for any services they can render.

Food worth millions of dollars will be dumped into wholesale markets to force down prices in every section of the country, beginning Tuesday or Wednesday of next week, under plans being made by officials of the Department of Justice.

Two million dollars worth of butter, eggs and sugar libeled Friday and Saturday in St. Louis, Kansas City, Chicago, Toledo, Canton, Ohio, and Detroit, will be sold first.

Hearings will begin next week on ten libel actions filed against 5,000,000 eggs stored at Chattanooga, Tennessee.

Food worth more millions will be seized next week under evidence now being gathered. Biggest seizures are expected in Boston, New York, New Orleans and Chicago.

The seizure of 75,000 pounds of beans, said by Federal authorities to have been stored throughout the war, was ordered by District Attorney, P. M. Wilson at Kansas City. This was the first confiscation to be made by the Federal authorities at that place but it was intimated by officials that another libel action might be forthcoming soon.

Seizure of 42,026 cases of eggs, 16,569,360 eggs in all, held for seven owners by the Mound City Ice and Cold Storage Company at St. Louis, was made on a libel warrant issued by the United States Attorney. The names of the holders of the eggs were not announced.

In a second raid at Detroit on food supplies stored in the Detroit Refrigerating Company's plant agents of the Department of Justice today seized 7,404,000 eggs and approximately 300,000 pounds of butter.

**PASSED OVER VETO.**

Washington, Aug. 19.—The house today passed the repeal of the daylight saving law over the president's veto by a vote of 223 to 101.

Washington Aug. 20.—Repeal of the daylight saving bill was accomplished today. The Senate voted 57 to 19 to sustain the house in passing the measure over the President's veto.

**PROCEEDINGS OF THE COMMISSIONERS COURT**

The Commissioners' Court met in regular session on Monday of last week. All commissioners present and County Judge J. C. Hall presiding, with District Clerk, W. W. Porter, keeping the records.

The court went over and carefully examined all bills and allowed same to the amount of \$1319.83.

Attorney M. Carter, as county attorney then offered his resignation as county attorney, which was accepted and Thos. R. Smith appointed to fill the vacancy.

The matter of paying road hands better wages was discussed and it was decided to pay \$4.00 per day for the present.

Pickens & Reeder submitted their butcher's quarterly report which was examined and approved.

W. W. Porter as county clerk, M. Carter as county attorney, J. C. Hall county judge, and J. W. Nunn, justice of the peace No. 1, all submitted their quarterly reports which were examined and approved.

J. W. Bird, commissioner precinct No. 2, offered his resignation which was accepted and H. H. Lasseter of Westbrook was appointed to fill his place.

The bond election held in July for school districts Nos. 12 and 9 was canvassed, and found to be held according to law and that the bonds carried in each district. These elections were approved and so recorded. The bond elections also carried a 50c special tax for these districts.

The county tax levy for the year 1919 was made as follows:  
General Fund, 25c on the \$100 valuation.  
Court House and Jail Fund, 5c on the \$100 valuation.  
Court House and Jail Fund No. 2, 10c on the \$100 valuation.  
Road and Bridge Fund, 15c on the \$100 valuation.  
Road and Bridge Fund No. 2, 5c on the \$100 valuation.  
Jury Fund, 5c on \$100 valuation.  
Special County Bond Fund, 15c on \$100 valuation.  
Jail Special, 3c on the \$100 value.  
Bridge Special 2c on \$100 value.  
A total levy of 85c on the \$100 valuation.

J. N. Miller as road supervisor then tendered his resignation, which was accepted and W. C. Hargis was appointed to take his place at a salary of \$125 per month.

Thos. R. Smith, the newly appointed county attorney then submitted his bond which was examined and approved.

\$150 was then transferred from the Highway Fund for work done on Highway near Loraine by the county team.

Tax levy was then made for the different school districts for the year 1919 as follows:  
School districts Nos. 1, 2, 4, 8, 10, 11, 12, 15, 16, 17, 21, 24, 25, 27 and County Line, all made a levy of 50c on the \$100 valuation.  
School district No. 9, 35 cents.  
Districts Nos. 3, 5, 6, 7, and 19, 25c levy.  
Districts Nos. 20 and 22, 20 cents.  
District No. 23, 15 cents.  
After inspecting some of the recently washed out bridges and planning some extensive road work, the court adjourned.

**CASING ARRIVES.**

Snyder, Aug. 20.—A car load of casing for the Snyder Oil Association arrived Wednesday. It is being hauled to the Walker location seven miles northwest of here. Geologists who recently investigated territory along the Colorado river have made favorable reports and developments in this section are promised in the near future.

An embargo has again been put on the express business at Ranger. All the available store rooms are filled and nine cars of express on the side tracks.

**BAPTIST PASTOR RESIGNS.**

Last Sunday morning Rev. W. C. Garrett, pastor of the First Baptist Church tendered his resignation to take effect Sept. 1.

It was with deep regret that it was accepted by the church, for Brother Garrett has given entire satisfaction the two years he has been here. Never has the church had a better man, pastor, preacher or citizen. He is a noble, all-around man, and the sadness of the hearts in giving him up is only made glad in the thought that he enters on larger fields of usefulness and can be of greater service in the Master's vineyard.

He has wrought well here, and Big Spring, which church he has accepted, and the Association, will be the richer by having him and his estimable family in their midst.

His son, Jesse Hill, who is just returning from a year's service in the marines was ordained for the ministry on the eve of his departure, and a sweet, sacred service it was, with his noble father and beloved Rev. R. C. Pender, to assist in his ordination. Brother Pender, whom the people here all know and love, also assisted in ordaining his father, our pastor. So the good people of Colorado will always hold them all in loving remembrance.

At a conference meeting of the church Sunday night, at the close of services, a committee was appointed to get in touch with various preachers looking to the calling of another pastor as soon as possible. This committee will arrange to have services at the church as regularly as possible, after Sept. 1, until another pastor is secured.

Jule Henderson says the rain will make him 100 bales of cotton this season.

Mr. and Mrs. Bert Robertson of Ranger came up Wednesday to join the Landers and Phelans on the Concho, to spend a week anticipating the big ones to stay on the hook. Bert says he is going to catch a "horse" if he has to go on, down to Devil's River.

Mr. J. B. Farmer is on the sick list this week.

Miss Ruby Campbell of Merkel is the guest of Mrs. O. B. Price.

Mrs. Henry Doss who has been quite sick for the past ten days is able to be out again.

Will Collier, brother of Watt Collier came in yesterday from Denver, Colorado, where he is now living, having left here nearly three years ago. Mrs. Collier is visiting in Central Texas and will join her husband here in a few days.

Mr. and Mrs. Beardsley of Willis Point have moved in the Phenix home. He has a position with the Continental Oil Mill for the season.

Mrs. Lockett of Abilene is visiting her brother J. H. Guitler.

Miss Mattie Conaway who has been attending summer school at Simmons came home Wednesday.

Misses Ethel and Grace Mann have returned from Denton where they attended the summer normal.

Mrs. Anna H. Simon and nephew, Blandford Harness, returned from Milwaukee, last week.

Mrs. Meeks returned from Dallas Wednesday.

Leonard Simon returned to his work in Cisco Monday, after spending a few days with his mother, Mrs. Annz. Simon.

Dan Beeman says he has a 70 acre patch of June planted cotton as fine as he has ever seen. Wednesday's rain makes a promise of three-fourths bale per acre.

Constipation is the starting point for many serious diseases. To be healthy, keep the bowels active and regular. Herbine will remove all accumulations in the bowels and put the system in prime condition. Sold by all druggists. Adv.

Rev. W. P. Garvin is home again from his summer campaign among the country churches. He reports good meetings and a pleasant time, with plenty of fried chicken—so much that he says he hates to hear a rooster crow.

### AN OPEN LETTER.

Editor Record:  
It is the lot of some to serve the people in public office. It is the privilege of all to render service as private citizens. After being with the State Department and War Trade Board at Washington for about a year, working on matters relating to Mexico, I have come home to El Paso, to practice law and live the life of a private citizen.

There was never a time when private citizens could do a better job by their government than now. It is going to take the good horse sense of the American people to straighten the world out.

I was at the White House and heard the President in his first talk to the newspaper men after he got home from Paris. Woodrow Wilson is all right. He has come home the most seasoned and the biggest statesman of the world. We of Texas can well afford to stand by him.

Zach Lamar Cobb.

### A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

### A SPECIALIST.

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado on Saturday September 13th—One day only.

Read the Record's WANT ADS.

### LABOR DAY CELEBRATION.

Big Spring Will Give a Big Labor Day Barbecue September 1.

The arrangement committee has appointed all necessary sub-committees, and everything is moving along nicely in preparation of having one of the best barbecues and celebrations on Labor Day, September 1st, ever pulled off in West Texas.

The present plan calls for, in addition to the barbecue, parade, wild west attractions, baseball games, races, airship fights, and other attractions.

The district log-rolling of the Woodmen of the World will be in session in Big Spring September 1 and 2, and the competitive drills and other numbers on the W. O. W. program will add materially to the attractions during the celebration.

The committee has estimated that it will require about forty heaves and twenty muttons and goats to feed the crowd that will be here on Labor Day, and have employed A. R. Wy-song of Garden City to superintend the barbecuing of this meat.

It is planned to cause every visitor in our city during this celebration to have a jolly good time, and every citizen is expected to consider himself a member of the reception committee and assist in their entertainment.

Germes are plentiful in the summer air, we breathe them every minute. In health they do no harm, but to those who have a bad liver, disordered stomach or constipated bowels they mean a spell of sickness. The best way to insure your health is to take Prickly Ash Bitters. It purifies and strengthens the system. Price \$1.25 per bottle. Jno. L. Doss, agent. Adv.

The Oil Mill at Colorado pays the highest market price for all second-hand sacks.

### THAT BALL GAME.

Monday evening Loraine's team came up to play Colorado again. They brought "Big" Muns along to pitch the game for them, which was a sure indication that they would shut Colorado out. They would have done it too, if Bob Cooper had not hit a ball out in the woods, where it was lost, and he ran in home. This was the only score Colorado made. While Loraine rolled up five of 'em. The "Boy Pitcher" from the Dora team twirled for Colorado, and he did splendid work, and had he had a good smooth team behind him the game would have been close. But when Muns pitches you can count on there being something doing every minute. Wolfen, Colorado's manager, says while they did not have much chance in this game that he will beat 'em the next time.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, listlessness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

### CITATION BY PUBLICATION

State of Texas:  
To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon Wm. Heard and J. H. Standridge by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof in the City of Colorado, on the eleventh Monday after the first Monday in September, A. D. 1919, the same being the 17th day of November, A. D. 1919, then and there to answer a petition filed in said Court on the 7th day of May A. D. 1919, in a suit numbered on the docket of said court No. 3709, wherein J. C. Simons is Plaintiff and D. L. Gentry, E. B. Robinett, Henry Zweifel, J. D. Eubanks, Wm. Heard and J. H. Standridge are Defendants, said petition alleging:

That Plaintiff is the lawful owner and holder of Note No. 5 and Defendant R. D. Robinett is the lawful owner and holder of Notes Nos. 1, 2, 3 and 4 of a series of five (5) written promissory notes, all dated Sept. 8, 1916, numbered 1 to 5, both inclusive, or the respective sums of \$95.00 \$100.00, \$100.00 and \$200.00, due and payable Jan. 1, 1917, Jan. 1, 1918, Jan. 1, 1919, Jan. 1, 1920 and Jan. 1, 1921, respectively, with interest from date at 10 per cent per annum, interest payable (Jan. 1) each year as it accrues, both principal and interest payable at Combsbury, Texas, containing stipulations for past due interest and principal bearing 10 per cent interest, that failure to pay same or any installment of interest thereon when due shall, at the election of the holder of all or any of them, mature the series, and for the payment of ten per cent on the principal and interest then due if placed in the hands of an attorney for collection, or collected by legal proceedings, same being signed and executed by D. L. Gentry and payable to R. D. Robinett,

or order, and secured by the express retention of the vendor's lien on and against one hundred acres out of Section No. Forty (40) in Block Twenty-nine (29), Township 1N, Texas & Pacific Ry. Co. surveys, in Mitchell County, Texas, abstract No. 1398, also described as sixty (60) acres off of the South end of the West half of said Section No. 40, and being all that portion of the W 1/2 of said survey, lying south of the T. & P. Ry. Co.'s right-of-way, and also the Southwest one-fourth (S. W. 1/4) of the Southeast One-fourth (S. E. 1/4) of said section, described in deed from R. D. Robinett and wife to D. L. Gentry of that date, recorded in Vol. 29, p. 334, Deed Records of said county. That though lawfully bound and obligated to pay said notes the defendant Gentry has failed and refused to pay the installments of interest due Jan. 1, 1917, 1918 and 1919 on said Note No. 5, and also the interest on each of said past due installments of interest, and Plaintiff has elected to declare all of said notes due, and has placed said notes in the hands of an attorney and brought this suit, and become obligated to pay his said attorney the reasonable value of his services, which is averred to be in excess of ten per cent of the amount of principal and interest due. That Defendants J. D. Eubanks, Wm. Heard and J. H. Standridge are each asserting some claim to said land or a part thereof, the nature of which is unknown to Plaintiff, but which he avers to be junior and inferior to his claims and lien, and likewise to the claims of the defendants Robinett and Zweifel, which last named claims some interest in said Notes 1 to 4, both inclusive. Plaintiff avers that taxes for the years 1912 to 1918, both inclusive, aggregating with principal, penalties and interest, \$75.00 and school land interest for seven years at 3 per cent on \$27.50 principal due the State of Texas, and for which a lien exists against said land have been allowed to accrue, and which he will have to pay to protect his lien, all of which defendant Gentry is lawfully bound to pay and to which defendants Robinett and Zweifel are liable to contribute in the proportion borne by their interest in such purchase money indebtedness to the whole purchase-money debt, and that Plaintiff is entitled to be subrogated to such lien for all such payments of taxes and interest made by him.

Plaintiff prays for judgment against Defendant Gentry for the principal, interest and interest on past due interest due on said note with 10 per cent interest thereon, for his costs, and that the vendor's lien on said land to secure all five of said notes be foreclosed and the priorities to payment, if any, between himself and the defendant Robinett and Zweifel be adjudged and determined, and distribution of proceeds of sale of said land between them be decreed and that the costs of this action not collected from defendant Gentry, and all payments of taxes and school land interest be equitably apportioned and distributed among Plaintiff and said Defendants Robinett and Zweifel and that he do have judgment against the latter for their portion thereof paid by him, and against Defendant Gentry for all of same, and be adjudged subrogated to the liens of the State of Texas therefor, and that the claims of the defendants J. D. Eubanks, J. H. Standridge and Wm. Heard and each of them be foreclosed and held for naught, and that said land be decreed to be seized and sold as by law provided, and further that Plaintiff be afforded such other and further relief, both general and special, legal and equitable as he may show himself entitled to, as in duty bound he will ever pray.

Herein fail not but have before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness W. W. Porter, Clerk of the District Court of Mitchell County, Texas.

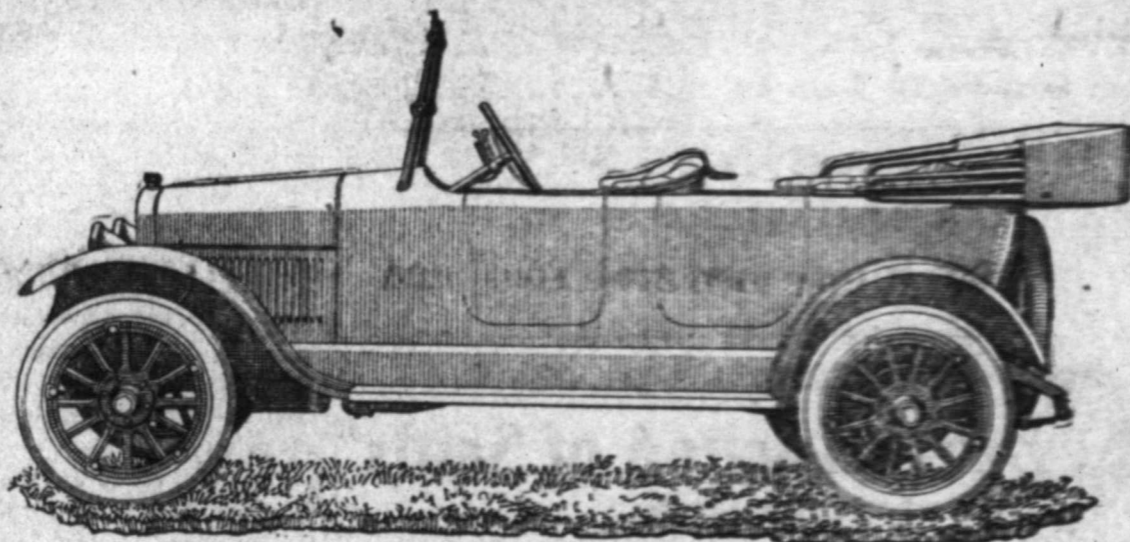

Given under my hand and the seal of said court in the City of Colorado, this the 29th day of July, A. D. 1919.

## Be Among the First to Drive this Astonishing Post-War Maxwell

More miles per gallon  
More miles to tires

If you're buying a car this year, why not have the most recent thing offered?

Here we have a Post-War Maxwell, developed during the war years, and given to you now, not only a far greater Maxwell, but more advanced even than many cars that twice exceed its price.

It's an engineering treat to look it over, and an event that will linger in your memory to ride 5 miles behind the wheel.

For a new Lemoine type front axle gives you a casting effect in steering that will surprise you.

A heavy rear axle, new, makes you hug any kind of a road.

New full oval fenders express the rhythm of motion, and two new types of brakes bring you to a halt in a very decisive way.

The "emergency" is up at the transmission, as in so many foreign cars. The "service" is equipped with equalizers and thus any tendency to skid is prevented.

Many louvers in the bonnet, a large tank in the rear—the number of fine developments seems endless!

Also equipped with Hot Spot and Ram's-horn.

But it's the same basic chassis as the 300,000 Maxwells that precede this post-war car. How well the public has regarded these is expressed in the sum of \$200,000,000—the price paid by the public for the previous ones.

This Post-War Maxwell is a greater car. \$985 f. o. b. Detroit.

Now All You Good Fellows, Come Fill Up Your Pipes

15c

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts, Yo' mouth with friendly smoke—An' let the old world wag."

Cure for Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

Dr. Frank J. Norris is holding a big meeting at Cisco this week, preaching daily to crowds estimated at three to five thousand.

Nearly every county in West Texas will have an exhibit at the Dallas Fair and Waco Cotton Palace, this year. Mitchell county will be able to make the best showing of them all.

The Record's business is steadily picking up—that is the out-of-town work. We are turning out job work for some half dozen West Texas towns. It is our intention to visit the oil fields and see if we can get some liberal orders from there. In the coming year we have to make up for at least two years lost time.

Joseph W. Bailey will close his office in Washington, return to his home at Gainesville, and with his two sons open a law office at Fort Worth. Friends of the ex-senator are urging him to run for governor. Others are urging him as a suitable candidate for President. He has declared that he is willing to do whatever his friends can convince him he should do, but he does not believe he can be convinced that he should become a candidate for political office. Time alone will reveal what will happen in Texas politics in 1920.

The Colorado Chamber of Commerce is behind the matter of gathering an agricultural exhibit for the county to be taken to the Waco Cotton Palace this fall. Mitchell county and West Texas got some hard knock during the drouth of the past two or three years. The statement has been made that it would take West Texas twenty years to recover from the lean years of '16, '17 and '18. Many people in other sections of Texas and in other states believed that and still believe it. Visitors to the Waco Cotton Palace and Dallas Fair, each year are largely from South, East, Central and Central West Texas, with many from other states. These are the folks who have been told—and believe—that it will take West Texas twenty years to recover. We can tell them that West Texas has "come back"—not in twenty years, but in one year. They might believe it, and again they might not. West Texas is prepared to give ocular proof of the fact; however, and the Cotton Palace affords the opportunity. The expense of such an exhibit will be insignificant in comparison with the benefits derived.

Farmers are urged to bring in exhibits to Mr. Dulin, who will look after them. Let the good ladies send in samples of canned goods, jelly, preserves etc.

OPPORTUNE TIME.

The Bailey-Ferguson coterie have chosen a psychological time to raise a political disturbance in Texas. People everywhere are in a turmoil. Some people are growing immensely rich and others are plodding along in poverty. Dealers in necessities are holding fast for the last cent they can wrest from consumers. Labor is demanding bigger pay and shorter days. Employers are sweating to keep industry going. The high cost of living is creating a general stir of unrest. Government and individual expenses go higher and higher and tax rates are abnormally high. Personal and class interests are clashing and officials are being criticised for mistakes and alleged short comings. Political jealousies are rife. The established political parties are planning for the contest to come next year and because the democrats are in that party is the target for every gas bomb that can be hurled, and because of this unrest, these certain de-throned leaders in Texas are seeking to harrass the democracy in Texas, because they have heretofore been condemned by their party they want to destroy the existing democratic party. They realize that the democrats are not apt to go to the republicans or the socialists, but they hope to lure enough of them into a side-line to make possible some other political cult.

FERGUSON SEEKS ELEVATION BY BAILEY'S KITE.

In the language of the reformer: "All reform measures attract the vicious." And it might be added that popular reform measures attract the mediocre and those of pee wee calibre. This is very forcibly exemplified in the eagerness with which Jimmy Ferguson grabs the tail of Joe Bailey's kite, and tries to ascend from the place of oblivion in which his own ignorance, graft and chicanery had placed him, or rather by which he had been placed by the people. Jimmy was a political accident pure and simple, a child of the primary system which elevates the man to position and power who uses the most money to get before the voters. Just why Ferguson should take himself seriously is a matter that thinkers could never fathom. Coming before the people by the use of unlimited means, furnished from questionable sources, and at a time when the tenant class was sorely oppressed by avarice of landlords, having his makeshift of a land platform, and an opponent whose corporation alliances were too strong for the people to swallow, he was elevated to the highest position within the

STATE FAIR POULTRY SHOW TO EXHIBIT 6,000 BIRDS

PLENTY OF POULTRY INFORMATION FOR ALL AT VICTORY FAIR AT DALLAS.

The Poultry Show will be greatly enlarged and improved at the Victory Fair in October. \$2,500.00 in cash premiums will be awarded. This includes numerous specials offered by the Texas Barred Rock Club. Two thousand new steel coops, sufficient to accommodate 6,000 birds, have just been purchased by Walter Burton, of Arlington, the Superintendent of the Poultry Department. These have been made necessary by the large number of entries already received. All coops will be modern and sanitary.

A new feature will be the complete educational department provided through the co-operation of the Extension Department, Texas A. & M. College. Prof. Kazmeier will be in charge. The care of poultry and other barnyard fowls will be outlined in detail. Oats sprouters, methods of proper feeding, hatching, incubators, their timing and temperature, the layout and arrangement of poultry houses, methods of getting rid of mites, lice, and other vermin, and many other vitally important subjects to poultrymen, will be explained by experts. No charge will be made for this information. It will be free to all, and will be found of great value not only to amateurs but also to experienced poultrymen.

The annual meeting of the Texas Barred Rock Club will be held at the Victory Fair. It will be a perfect Poultry Paradise.

Miss Lillian Hazel, Extension Department A. & M. College, Boys and Girls Club work, advises 1,000 birds will be entered from the boys and girls alone.

The judges for the contests will be E. C. Branch, Lee's Summit, Mo., who judged the recent state poultry show, James Tucker, Royal Oak, Mich., and G. D. McClaskey, Kansas City.

MAKE BUSINESS CALL BRIEF

Well to Remember That Executives, as a Rule, Have Little Time to Waste.

Month-talk or brain-talk — which kind do you chiefly use during a business call or conference? "I can't see half as many men as I could see or as I should like to see during the day because my callers, once they get in to see me, waste my time with inconsequential talk," said a busy executive recently. "Consequently, my secretary is under instruction to admit only such persons as she thinks I must see."

If you make a business call know beforehand what you are going to present and how. Don't waste time in nonessentials and trivialities. Fix the objective of your talk before you call. It may be a yes-or-no decision; it may be a promise merely to consider your proposition; it may be the fixing of a specific date when you can go into the matter in detail. Whatever your objective is, work toward it as rapidly as you can; and when you have reached it pick up your hat and say "Good-by." This is one of the surest ways of making a favorable impression.—Face Student.

J. P. MAJORS,

Colorado. Jeweler and Optician Sweetwater.

A good rain in Mitchell county this or next week will mature the largest crop of everything in the history of the county. Already more feed has been made than can be gathered. More feed will lie in the field and waste than was raised last year. East of us, down about Merkel, they are offering one half the crop to gather it. Labor is the problem now confronting the farmers. Any kind of common labor is \$5.00 per day and none to be had at that. The Chamber of Commerce must get together and get up a plan of some kind to bring in labor. It is no use to go east, for the oil fields are paying from \$10 to \$18 per day. Tarrant and Dallas counties are crying for more help. All of North Texas is swamped with crops. The best plan is to send out a call for laborers into Oklahoma, Kansas and Arkansas. The wheat harvest over and there are many who went to Oklahoma and Kansas for the harvest, who are now available for other sections of the country.

President Wilson has again vetoed the bill repealing the daylight saving law. The President said he returned the bill with reluctance because he realized the inconvenience the law would subject the farmer, but he had to do it on account of the demand for the law by the manufacturing interests of the country. We hope congress passes the bill over the veto. It helps sometimes to "sit" down on so big a man as the President.

**Kidney Trouble Attacks Colorado Men and Women, Old and Young**

Kidney ills seize young and old. Often come with little warning. Children suffer in early years—Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills You must reach the cause—the kidneys. Doan's Kidney Pills are for weak kidneys—Have brought relief to Colorado people. Colorado testimony proves it.

Mrs. R. L. Spalding, Colorado, says: "About three years ago my boy was troubled with his kidneys being too active and the secretions would pass too freely, especially at night. I heard of Doan's Kidney Pills, so I bought a box at W. L. Doss' Drug Store and I gave them to him according to directions. I can gladly say that one box of Doan's regulated his kidneys and cured him entirely." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Spalding had. Foster Milburn Co., Mfgs., Buffalo, N. Y. Adv.

Farmer's Nerves Were Shattered.—Had Lost Forty Pounds—Tanlac Restores Health.

"I never expected to be the strong well man I am today and my neighbors think my recovery is the most astonishing thing that has ever happened in this part of the country," said Hiram Robinson, a well known farmer, R. F. D. 3, Randolph, Illinois, in relating his remarkable experience with Tanlac, recently.

"I used to think no medicine could help me," he continued. "But I've got to hand it to Tanlac, as it has not only relieved me entirely of all my suffering, but has added nearly forty pounds to my weight besides. For eleven years I was hardly able to be up, much less work, and when I ventured to eat anything except broth and the very lightest of food I would put in a day of the worst misery imaginable. If I ate a piece of pie or cake or a little fruit gas would form on my stomach and bring on such awful cramping pains that I could hardly stand it. This gas would press on my heart, nearly cutting off my breath, and cause such a dizzy, whirling sensation in my head that I thought I would go distracted. I dropped down all of forty pounds in weight and got so weak that I could hardly walk. At the time I got Tanlac I had not been able to do my work for a year. I was not only an absolute wreck physically, but my nerves were in such a shape that I couldn't lie still at night and during the day I was just like a fish out of water. I was habitually constipated and had such a hurting in my head juts back of my eyes that I couldn't read at all. I was so nervous, weak and dizzy that I was actually afraid to drive a team to town and had taken so many different medicines without getting any better that I had given up in utter despair.

"But, one day I was persuaded by my wife to get a bottle of Tanlac and right there is where my recovery started. If I should sit down here and talk or write for a solid week I couldn't tell how thankful I am for getting out of my misery to where I can enjoy living again. I now eat all kinds of meats, vegetables, pies and cake. In fact I eat like a wolf and enjoy every mouthful, and never have the least trouble with my stomach. I sleep as good as I did when a boy and can do as much work as I ever could in my life. I used to lag behind the boys in the field, when I was able to work at all, but now they have to step some to keep up with me. I am not one bit constipated and haven't had one cramp in my stomach since Tanlac commenced to bring me out of the kinks. What I say is more than verified by my looks, but my neighbors will tell you the same thing. I will never get through praising Tanlac."

Tanlac is sold by all druggists in every place.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

Miss Mary Hartsfield of Dallas spent the week end with her cousin, Miss Irma Quinney.

### QUOTA \$350,000

In the Baptist \$16,000,000 campaign in Texas the county quota of Taylor, Nolan and Mitchell counties has been announced as \$350,000.

The \$16,000,00 to be raised by the Baptists of Texas for the five year program of the Southern Baptists \$75,000,000 drive has been apportioned by the campaign directors through the 18 state districts, 120 Texas Baptist Associations and counties. Individual church apportionments will be made from the county quotas.

August is being devoted to Information, September to Intercession, October to Enlistment, November to Stewardship and actual campaigning "Victory Week" November 30th to December 8th.

According to Dr. F. S. Groner, State Campaign Director, the organization is rapidly being completed, and it is thought the full organization will be perfected within the next few weeks. The major portion of the campaign will be conducted thru the Baptist Standard, the church's official organ, and much stress is being placed on greatly enlarging the circulation of this paper. Efforts are being made to place the Baptist Standard in every Baptist home in the State.

The county quotas above announced cover amount to be raised in pledges and subscriptions for the next five years.

### ITEMS FROM STERLING CITY RECORD.

A big barbecue was given at the site for the new test oil well on Sec. 173, Block 29, W. & N. W. Ry. Co. near the Parramore ranch last Wednesday. Quit a crowd of enthusiastic people were present. The well was spudded in in the afternoon. We predict that there is where they are going to "strike ile."

A party composed of Myrtle Vaughan, Terrell McKinney, George Slaton, C. F. Dixon, Covington Pritchett and Jack Smith, all of Colorado and J. P. Majors of Sweetwater, were here on a fishing expedition last Tuesday.

The Whipkey families, including the main "Rods" of that great religious weekly, the Colorado Record, have been down here on the Concho this week catching fish, accumulating chiggers and keeping time to the music of the mosquitos taht roost in the big pecan trees along the river bank. No doubt Whipkeys will print in the Record next week that Concho mosquitos are as big as chicken hawks, when in fact, no fisherman here ever saw a Concho mosquito much larger than a mocking bird. You may depend on what they might say

about the big fish they caught, and the whale that broke the line and got away, but take it "cum grano salis" about the size of the mosquitos, for we are not ready to admit that the birds that eat on them are a bit bigger than a sparrow.

That "all in" feeling so common in hot weather is not due to heat alone, but to an unhealthy condition in the liver, stomach and bowels. To prevent a spell of sickness take Prickly Ash Bitters. Men find it excellent as a system cleanser and regulator. Price \$1.25 per bottle. John L. Doss special agent. Adv.

J. W. Gross was in town Wednesday morning right after the rain and said the rain was heavier at his place than here in Colorado, and it looked to him now like 150 bales of cotton.

### UNION HAPPENINGS

Since my last writing many things have transpired unexpectedly. First a flying trip to the oil fields of Desdemona, Eastland county by E. M. McCreless of which he says but little, but does say that in his judgment no tongue can describe it, no human mind can comprehend it, and not enough figures to estimate it; and not enough religion to overshadow or control the situation. Go see it for yourself. It's worth while.

He also bought and shipped a few hogs, merely for table use; expects to ship a car soon. He also says he saw some fine crops, some very poor and some not at all--that is cultivated crops in the oil field.

Crops in this section are holding up reasonably well despite the short dry season that has come upon us and the rays of the scorchng sun.

Syrup making near Bob McGuire's tank is an important factor now.

Feed saving has commenced at a lively gait, and cotton is beginning to open ready for the harvest.

Please excuse me this time for not reporting the fishing trips, the parties given, and ice cream suppers, etc., but permit me to write of more interesting things.

I noticed an editorial recently in the Agricultural Bulletin touching upon farm waste, and I deem it of vast importance. So much so that I want to tell of the management of cotton saving fifty years ago. When we commenced gathering, or picking cotton in the fall, there was generally heavy dews in the morning and the first sackful was generally spread out in a clean place on the ground in order that it might easily shed the dirt and trash that might be sticking to it. There has been many a chap from ten to fifty years old got whipped for picking trashy cotton. After it was picked it was taken to the gin house, put away nicely for a rainy day, when the team was hitched up and ginning was the order. After it was ginned and nicely packed on the old fashioned screw, and the ends nicely sewed up with a large needle to carry the twine which was made for the purpose. It was then stowed away under a good shed, and kept there until the owner saw fit to market it. When that time came it was taken from the shed carefully placed on a wagon and covered with a sheet to prevent it from getting wet or dirty before it reached town.

Nowadays the first item is to manage to lose \$12.50 for farm waste, and many other wastes too numerous to mention. I wonder how it would work if say ten men in each community would organize a club to save their crop, and market it with out all this unnecessary waste; then compare it with the general run. It's our main money crop, why not give it an equal share of nicety. Then take it to the warehouse and advertise for a buyer, and I promise you that you will get the best, also the best price.

Another thing has recently occurred to my mind--that every farmer plant a small patch of broom corn and make his own brooms. To my mind the first step towards reducing the high cost of living is to raise everything you can on the farm, and use just as little as possible of such things you can't raise. Eli

Albert Duncan Accused of a Serious Crime.

Albert Duncan, a young business man who runs a tailor shop, we are sorry to say, was accused of a very serious crime. Complaints have been filed by the people. For three years he has been doing cleaning, pressing and repairing, and ordering suits to measure in a manner that no doubt will surprise the good people of Loraine and surrounding country who have been spending their hard-earned money with him. Mr. Duncan has been accused and no doubt will the name of Duncan Tailor Shop, and has been accused and no doubt will be found guilty of doing cleaning and pressing cheaper than any other place in the county; also of selling better made to order clothing at a price too low. The case will be tried later. Watch for reports. In the meantime he will continue to do business in the way he has been accused. (Adv.)

The Methodist meeting came to a close Sunday night. Bro. W. P. Garvin of Colorado, conducted the services. Bro Garvin is a man of high ideals, practical, firm and religious. He had no compromise with sin and with worldliness and each service grew in interest, especially the last two or three services. A great deal of heart-to-heart talks that we have ever listened to, in which she made a strong appeal to the young people to give up their worldly pleasure and to live a life of more usefulness, a life consecrated to God and to his service and her words were not without effect. There was one conversion and one addition to the church. The meeting proved to be a great blessing to our town. At the close of the services a contribution of \$40.00 was given Bro. Garvin.

Sunday morning at the Methodist parsonage, Miss Gertie Myrick and Mr. Milton Yater were united in marriage, Rev. H. W. Hanks officiating. Miss Gertie is the oldest daughter of Mr. and Mrs. S. P. ### BROUGHT BACK PYGMY HIPPO

Hunter Spent Weary Months in Jungles to Prove That the Species Really Existed.

It seems incredible, but there exist hippopotami that do not exceed 30 inches in height. For a long while no body believed that there were any pygmy hippos in Liberia. The natives insisted that the Hippopotamus Liberiensis lived deep in the forests; but that was another reason why explorers and hunters shook their heads in incredulity. The hippopotamus lives along the rivers, they said, and this talk about pygmies of this species in the forests is nonsense.

Nevertheless a pygmy hippo was caught as far back as 1873 and brought from Africa to the zoological gardens in Dublin. It might have convinced the world, only it arrived in a dying condition, and perished before it could be exhibited. After that, people took to doubting it again, and considered the one recorded specimen as a freak. But Carl Hagenbeck, the famous animal man, made up his mind at last that the pygmy hippo could be and should be, introduced to man. He sent an intrepid hunter, Schomburgk, after it, and Schomburgk, after spending a year and a half in the jungle, reappeared with three pygmy beasts, two of which were at once brought to the New York zoo and placed on exhibition.—New York Herald.

### GIANT SEARCHLIGHTS WILL ILLUMINATE VICTORY FAIR

THREE HIGH POWERED LIGHTS MADE FOR RUSSIAN GOVERNMENT SECURED.

Three immense electric Searchlights that will prove a revelation in illuminating possibilities, have been secured for the Victory Fair. These were obtained through the co-operation of J. F. Strickland, President, and J. W. Carpenter, Vice President, Dallas Light & Power Company. The combined strength of these searchlights is 4,500,000 candlepower. They were procured in Chicago where they were originally made for the Russian Government prior to the revolution in that country, but were never shipped there. The additional light will be found a great convenience and protection to the visitors. Light is emblematic of progress and knowledge and these giant searchlights will be especially appropriate for the Victory Fair at Dallas in October.

### TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

### Notice in Probate.

The State of Texas: To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby caused to be published once a week for three successive weeks previous to the return day hereof in some newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in Mitchell County, a true copy of the following notice:

The State of Texas—To all persons interested in the Estate of Alma Jane Little, a Minor, now deceased, Tina Johnson (formerly Little) Guardian of the Estate of said Minor, has filed in the County Court of Mitchell County, Texas, on the 15th day of August, A. D. 1919, her account for final settlement as such Guardian, which said account will be heard by said Court at the October Term thereof, beginning on the 20th day of October, A. D. 1919 at the Court House of said County in the City of Colorado, at which time all persons interested in said Estate of said Alma Jane Little, Minor, now deceased are required to appear and answer said application, and contest said account should they desire to do so.

Herein fail not, but have you before said court on the first day of the next regular term thereof, this writ with your return thereon showing how you have executed the same.

Witness my hand and official seal at Colorado, Texas, this 16th day of August, A. D. 1919.

(Seal) W. W. PORTER, Clerk Co. Court, Mitchell Co. Texas A true copy I certify.

W. J. CHESNEY, Sheriff Mitchell County, Texas.

Representatives of the state highway departments of Kansas, Nebraska, Texas, Iowa and Oklahoma, who met here have forwarded to congress a memorial asking that \$400,000,000 additional federal aid for state roads be appropriated immediately, allowing \$100,000,000 each year for four years.

Oct. 7, 8, 9, and 10 were the dates chosen for the annual reunion of the United Confederate veterans, and since General K. M. Van Zandt of Fort Worth, Texas, in accepting the invitation to hold the reunion in Atlanta, Ga., in the fall suggested October, it is presumed these dates will be acceptable to the veterans.

Y. M. C. A. Turns Loose More Than \$200,000 for Athletic Equipment.

More than \$200,000 worth of athletic equipment has been distributed throughout the Third army in the Rhineland by the Y. M. C. A. athletic department in six weeks for use either in games for recreation or training leading up to championship competitions.

The "Y" also has assigned 40 athletic directors to duty with this army. Footballs, baseball material, track and field equipment and a great quantity of suits have been supplied.

In addition to this the Y. M. C. A. has distributed 1,200 sets of boxing gloves in the Third army and is co-operating with the army officials in the A. E. F. championship contests. Boxing bouts have become almost as popular as theatrical entertainments in the Rhine forces. About 24,000 men attend the six bouts staged weekly by the "Y" at Coblenz and 9,000 the six bouts staged weekly at Neuweid.

### WATER MAKES HIM FAT.

While hundreds of men in the army in Camp Travis are anxious to get out of service and back into civilian life, Cecil Rooms of Raton, N. M., is happy because he got in.

He rushed into a Y. M. C. A. building, threw his hat toward the ceiling and danced around. The attention of the "Y" secretaries was directed toward him by his antics and they inquired the cause of his glee.

It was then that the story was told. During the war Cecil, could not get into the army on account of his age. He became eighteen years old not long ago and enlisted.

After his preliminary examination he was accepted although he was just heavy enough to pass the mark set by the regulations. When he was examined at Camp Travis it was found that he was two pounds under weight. Then he was in the midst of gloom.

"What did you do?" someone asked. "I drank a whole lot of water just before I was weighed again and gained three pounds, one pound more than was necessary," answered the cheerful Cecil.

### PECULIAR NAMES OF YANKEE TROOPS.

Paris Green helped win the war. So did a Little Kattie Karr and a Diner Bell. All of them were in the army, according to file cards in the Bureau of War Risk Insurance.

Some others who appear in the bureau's files are: Asaid Experience Wilson; Mih Gosh; Green Horn; Velvet Couch; Will Swindle; Oscar Tarbin; E. Pluribus; Slaughter Bugg; Chocolate Candy Clark; Owen Money; Willie Darling; Great Britton Turner; Wiley Fox Hunter; Green Borry Anderson; Yostus Horrible Reiner; George Sleeps From House; Sandsom Pleasant Ayres; Green Hue Jackson; Lloyd George Parliament; Grief Grimes; Precious Eugene Gant; Free Office Graves; Huckleberry Shell; Isaac Didnot Butcher and Fine German also are listed.

The broad jump record in names goes to a resident of Salmon. He is Harry Adolph Thomas Richard Eugene Bullock.

The clerks have found 49 ways of spelling Aloysius and 18 ways of spelling Ignatz. There were 53,000 Johnsons; 51,000 Smiths and 18,500 Walkers in the service. Forty seven thousand Williams were with the colors. There were 51 Jose Roddigeuzs in the 374th infantry.

Abraham Lincoln, George Washingtons, Robert E. Lees and William Jennings were in the service by the hundreds. Napoleon Bonaparte, or rather a dozen of him, fought for the United States. General Grant, General Wellington and General Jackson also helped beat the Germans. Quite a few Virgin Marys were in the army, too. These latter were largely men of Latin descent. Orange Cobb of Nolana, N. C., and his son Lemon Cobb were in the service.

### EASTLAND TO VOTE ON \$5,000,000 ROAD BONDS

The decision of the committee in charge of the program for building good roads in Eastland County that he people want good roads so badly that they are willing to vote for a \$5,000,000 bond issue will be followed by a call by the County Commissioners for an election to vote these bonds, for which a marke has already been promised. As the taxable valuation of the county at present is not large enough to permit a bond issue of \$5,000,000 in addition to the already bonded indebtedness, authority will be given by the voters in the election for the county to spend probably half of the amount immediately and the remainder of it as the valuation of the county increases. This will give Eastland County within a million dollars of the amount recently voted by Dallas County for the building of good roads. And because Eastland has so much of the material necessary to build permanent roads, probably more roads will be built in this county for the \$5,000,000 than will be built in Dallas County for the \$5,000,000 issue voted there. As yet no definite plans for the expenditure of the money has been announced. It is believed, however, that about \$2,000,000 of the amount will be used in building good gravel roads all over the county, while the other \$3,000,000 will be used for building a permanent highway from north to south across the center of the county and from east to west across the county. Road engineers are now making plans, predicated on the actual conditions of the roads and the amount necessary on each road for putting the roads in condition for the traffic which goes over them.

Six men were killed recently in a boiler explosion on the U. S. S. Melville, a naval tender attached to the Pacific fleet. Captain Twining, the chief of staff, has been advised.

Universal army and navy and vocational registration for youths between 18 and 20 years, and a national registration system, are proposed in a bill introduced by Senator Chamberlain (Dem.) of Oregon.

Final passage has been obtained in the house of the bill increasing the loan authority of national banks from 10 to 25 per cent, which will relieve a situation that has arisen chiefly in financing cotton, and to some extent with relation to live stock and other agricultural staples.

When you yawn a good deal in the daytime, feel dull, achey and want to stretch frequently it is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. Herbine is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. ## SALVATION ARMY PROVIDED FOR THEM

(Dallas Times-Herald)  
Huge preparations for making a happy Christmas for our boys overseas were made by the Salvationists. Shipped from the headquarters of the army were gigantic crates containing all manner of festive articles calculated to turn the four hundred huts of the Army in France into sparkling colorful holiday centers. For the huts in which the soldiers in the camps are entertained the army sent over only the Christmas tree trimmings.

"The boys will get their own trees," said Brigadier Weite. "These may not be pine trees, but they can be depended on to get something to put the trimmings on."  
For the sick boys in the hospitals the Army sent over a thousand little Christmas trees which fold up and pack neatly and are light enough to rest on the end of an invalid's cot without being a burden. The patriotic dolls to go on the big trees in huts or hospitals will afterwards be distributed to the French children. They are dressed in white, trimmed with red, white and blue ribbons and wear the American flag proudly displayed over their hearts.

The flesh colored dolls, which also were for the soldiers' Christmas-trees, although festive in form, are serious, hard working cakes of soap in reality, and after the holiday will take their places as sanitary aids to the kits of the infantrymen. As for the quacking ducks—well they will become the property of French children along with the patriotic dolls, although by that time they probably will be a little hoarse from too frequent exercise of the quack.

As yet the Salvation Army has seen no lessening of its service overseas and more women workers are constantly going over. Now that our forces are being rapidly shifted in France and England, so that large numbers of the men can be gradually sent home, there is more need than ever for the ministrations of the Salvation Army. The workers of the Army shift quarters as the troops are moved from one point to another, and when the military contingents make a new camp there are Salvation lassies ready to tender their much appreciated hospitality. Not only the famous doughnuts, but pies as well, and hot coffee chocolate and other particularly cheering and palatable evidences of their never flagging interest in the welfare of the American soldier are distributed by the Army lassies at all points to which our troops are shifted.—New York Herald.

### SOMETHING INFINITELY NOBLE.

(By Jm Dash, in Riverside, Cal., Press.)  
Are you one of those who laugh at the Salvation Army?  
Then be ashamed!

Their religion may not be yours or mine, we may disapprove of the jazz music of tambourine and accordion; we may not like these mixed with our religion. But these peoples are getting results. They are literally working to beat the devil—and they're doing it pretty often, too. They set under people's skins.

"Over there" the outposts of the blue-clad Army are furnishing hot coffee and doughnuts to the boys on the fighting lines, and according to reports from the front the Allied soldiers are for them to a man. Over here they march along the streets and stop at any convenient corner, where they sing hymns and tell the old, old stories of the Bible. And the passersby stop and listen and look—and laugh, some of them. But others drop coins into the tambourine which is passed among the crowd.

To me there is something pathetic and pitiful—and infinitely noble about these men and women of the Salvation Army. Some of them are men with snow-white hair; some are thin, labor-worn women; and some are fresh cheeked young girls. Out of the face of each of them, though shines that high and holy purpose which has been the motive power of every crusader since the time of the great Wayshower.  
Don't laugh at them, folks, they're doing good, and doing it against the heavy odds of limited means. They're fighting an uphill fight. Let's help them!

### THE MOTHERLY SALVATIONIST

Under the above caption the Literary Digest gives another magnificent article on the work of the Salvation Army in France. The opening paragraph of this article is as follows:

"The American soldiers in France take off their hats to the Salvation Army. And the salute includes the 'doughnuts and pie' that the Army provides in exchange for francs or for thanks, just as the 'emigre' soldier happens to be provided. A correspondent of the New York Times declares that 'when the memoirs of this war come to be written the doughnuts and apple pies of the Salvation Army are going to take their place in history.' It is explained that while the Salvation Army has no funds of millions back of it, it has the good sense of some motherly women and kindly men who discovered the homely way to the hearts of the doughboys."
