Scene From "Auction of Souls"

Look at this girl.

She is the sole survivor of a half million Christian women. She has had the most terrible experiences, witnessed the most atrocious deeds of brutality and rape ever conceived by human fiends. By a miracle she lived through it all and came to America to tell her story to the Christian world. The story is truly depicted in

"Auction of Souls"

It is absolutely the truth. Not a motion picture story. Every inch of this picture is an actual fact—just as it happened in RAVISHED ARMENIA. See it—be convinced.

This Picture showed for two weeks in Dallas to standing room at 50c admission. Successfully shown in New York at \$10.00 a seat.

Aurora Mardiganian

From the most stupendous epic of the screen

Auction of Souls

The dramatic picturization of the escape of this sole survivor of half a million Armenian girls. The film shows the unspeakable adventures of Aurora and Miss Merritt in England, who was her companion through two awful years in the hands of lusty Armenian and Turkish harem.

Arrangements are being made in the drama, which was written from her own story and FACTS furnished by Virginia Byrne, the British ambassador.

Admission 45c, War Tax 5c; Total for Everybody 50 cents.

Be sure and see the Auction of Souls Friday Night, so you can attend the Matinee Saturday Night.

Coming Next Week: "A Perfect Lady"

A SAD ACCIDENT.

Sunday evening last, quite a number of small boys came over from Sweetwater to swim in the Colorado river. They were at the "ole swimmin' hole" at the South side, and the rock bank on which is the bath house and spring board is some 12 or 15 feet above the water. While they were all having a good time several of them on the bank got into a scuffle, and one of them, young Cox, fell off into the water, but striking a reef of rocks just beneath the surface. He was knocked senseless, but was quickly taken out and doctors summoned. It was found that he was completely paralyzed from his shoulders down. It was thought at first that his neck was broken, but afterward developed that the spine was badly injured, if not fractured, just below the neck. Drs. Root and Ratliff did all they could for him, and sent him home on the 8:20 train. He was the son of B. S. Cox, a jeweler of Sweetwater. On Wednesday it was learned that he had been taken to a sanitarium at Abilene accompanied by his parents. But there is but little hopes of his recovering.

TEACHERS' EXAMINATION.

Notice is given that the State teachers examination will be held in Colorado on Friday and Saturday of this week, (Sept. 5 and 6) for First and Second Grade Certificates.

Nursing Notes.

In returning the things borrowed by the class in nursing, three pillows remain, that no member of the committee can remember who lent them. Will the owner, or owners, please phone Mrs. Merritt that she may return them or go to Mrs. Garvin for them.

Miss Cuff writes that some one borrowed her book on Dietetics, and she needs it. Please phone Mrs. Merritt at once if you have this book.

The following have received certificates from the American Red Cross for satisfactorily completing the course of fifteen lessons in Home Hygiene and care of the Sick:

Nellie Riordan, Mamie Riordan, Eiril King, Louise Hardison, Jesse Shroeder, Nancy Whipkey, Gladys Jones, Sallie Sandusky, Fannie McMurry, Olive Price, Myrtle Crowder, Elhora Merritt, Hazel Costin, Bella Vaughan, Evelyn Lasky, Natalie Garvin, Fannie Pink, Willie Booker, Lucy Dunn and Lennie Brooks. Twenty took the written examination and all passed, so we are very proud of the class. There were several others who could have done as well who were unable at the last to try; but all who attended any lectures were benefitted.

This class was taught in July by Miss Theresa Cuff, who is now in Gatesville where she has a large class.

The class presented Miss Cuff with a pretty vanity case as a little remembrance of her first class and her success as a teacher.

Mrs. Merritt, Chm. Nursing

It is now figured that 410 wagon loads of feed was brought here last Saturday, each from one to two tons, making about seventeen car loads bought here in one day. What other West Texas town can beat it?

NOTICE!

All school trustees that have not made bonds for free text books, are asked to attend to this at once.

Misses Johnnie and Gertrude Piester, bright and winsome young ladies of Weatherford, who spent the past ten days visiting in the home of Mr. and Mrs. Dan L. Beeman, came in Tuesday morning, taking the train for their home. They report the time of their lives on the farm, and are loud in their praises of the young people of that community who "showed them such a good time."

Mr. and Mrs. Dick Arnett spent the week here visiting home folks. They are domiciled at Lubbock.

COLORADO PUBLIC SCHOOLS OPEN SEPTEMBER 15TH

With the exception of one place that is yet to be filled, the following is the list of the names of the teachers to teach in the Colorado schools during the coming year:

High School—

E. Frank King, Superintendent.
Mrs. Eugenia D. Wecter, English.
Miss Georgia Kennedy, Latin.
Mr. Gray Dean Foster, Science and Mathematics.

Miss Ura Crawford, Spanish and History.

Grades—

Seventh grade to be supplied.
Miss Dell Howard, Sixth.
Miss Pauline Pritchett, Fifth.
Miss Nell Riley, Fourth.
Miss Maggie Reeves, Third.
Miss Vita Wasson, Second.
Miss Caroline Chambers, First.

Music—

Prof. Thomas E. Dawes, vocal.
Mrs. Ed Dupree, piano.

Expression—

Miss Hallie Roddy.

Negro School—

Miss Hetty V. Wallace.

The teachers whose names appear above are all teachers of experience and good professional training. Two or three of them are rather young, but if they receive the hearty co-operation from patrons and pupils, we believe that all will be highly satisfied with results. It has been hard to secure teachers who have had several years experience, and it looks like this will be the case until the general public becomes willing to see to it that the teacher is paid an amount for her services that will enable her to remain in the profession.

This year all text books except Spanish, general science, and classics will be furnished by the State, free. Of course parents must purchase pens, pencils and tablets. In this connection, we wish to request as many patrons as can possibly do so to come to the high school building on opening day. Several things in connection with the free text-book question are not understood by many, and these matters will be explained at that time. Besides, each patron should feel enough interest in the welfare of his child to wish to become acquainted with the child's teacher. Please do this on opening day.

The law requires that every child under fourteen years of age shall attend school one hundred consecutive days this year. The local school board can say when this hundred days shall begin. In our case, this period will begin with the first day of the third school month, which will be the first Monday in December. However, it is hoped that every child who possibly can will start on the first of school. If children are kept out of school until the compulsory attendance law applies, they can not possibly do nine months work after that date. This same law provides a penalty for those who employ any child in any kind of work during this period of five months if that child is under fourteen years of age. The State Superintendent insists that every phase of this law be enforced hereafter.

A school of the first class can not be maintained in Colorado or anywhere else if children are kept out of school for several weeks at the beginning and withdrawn several weeks before the closing time. Pupils can not do the work required in the course and, therefore, can not hope to be promoted under those conditions.

The pastors of the churches of the town are especially invited and urged to visit the school on the first day and at any other time they can possibly do so. They should not wait for a special invitation any more than any other person should wait for a special invitation to attend church. The school is a public institution in which every one should be interested.

During the two years the writer has been in Colorado, it has been a delight to work in this school for the reason that the people have been interested, willing to help the school in every way they could, and have given their hearty co-operation. In the past the people have been generous to the faults of the teachers, realizing that no person is perfect, and willing to help build up rather than to tear down. We hope to have the same helpful co-operation during the coming year as in the past, and wish to lack of every one once again to be a

constructive rather than a destructive critic.

The negro school will be maintained for nine months this year, and its patrons should show their appreciation of this by seeing to it that every child possible is in school every day.

At the high school building, at nine o'clock, on Saturday, Sept. 13th, there will be held a faculty meeting. The teacher of the negro school should be at the building at eleven o'clock to confer with the superintendent.

\$25,000 FIRE IN COLORADO

City Garage, With About Twenty Automobiles, Goes Up in Smoke Almost Total Loss.

At 6 p. m. Tuesday evening the fire alarm rang out and the whole town was attracted to the City Garage, which was discovered to be burning rapidly, and was, in a few minutes completely destroyed. It was a frame building, very dry and the oil, gas and grease on the floor caused the fire to spread rapidly, and the building with all its contents was consumed so rapidly, and with such terrific heat that nothing could be done to check the flames.

The fire originated in the vulcanizing room and in less than five minutes after the fire was discovered the whole building was in flames.

Nothing was saved except Dr. B. F. Dulaney's big Franklin car.

The fire company with their auto truck responded quickly and did good work in saving the adjoining buildings—Vaughans feed store on the east side and a dwelling house on the south—both very close. These buildings caught several times, but were put out with no damage except a slight scorching.

The building belonged to Stowe & Price, and was a total loss, as they carried no insurance.

Messrs. Winn & Payne had in the building quite a lot of windmills, fixtures and piping, which was partially covered with \$1000 insurance.

Also a lot of new casings, tubes and auto parts and supplies, which was a total loss.

The following cars were in the garage at the time of the fire, for repairs or storage:

Stowe & Price one Maxwell truck, with \$800 insurance.

Stowe & Price, one Overland.

Stowe & Price, one Mitchell.

A big Case car, owner unknown.

Lon Allmond, one Maxwell truck.

O. B. Price, one Hupmobile.

Ben Van Tuyl, Dodge.

F. C. Dale, Ford.

Mrs. R. T. Coffey of Loraine, an Overland.

Albert Nessmith, Overland.

Joe Bird, Studebaker.

A. F. Callan, Saxon.

Newt Miller, Maxwell.

J. N. Porter, of Loraine, Overland.

Jim Terry, Motorcycle.

J. L. Pidgeon, Buick.

Mr. Pidgeon lost a fine set of tools, and some new machinery which had just been installed, as well as his car.

Stowe & Price estimate their loss at between \$7000 and \$8000.

Mr. Pidgeon put his loss at all he had.

This was, by far, the greatest loss by fire that Colorado has had in years because very few if any of the cars were insured.

AN APPEAL TO YOUR HONESTY

In the recent fire at the City Garage I lost most all of my accounts for work done on cars and for parts sold. I will have to leave most of these accounts to the honor of the parties and ask that all who had work done and know that they owe me to see me at once and get the account adjusted. If you will do this I can get me a set of tools and go to work again.

Methodist Meeting.

The revival services which began last Sunday at the Methodist church are proving most helpful to those who attend. The pastor is preaching splendid gospel sermons on the vital things of Christianity, Prayer, Faith, Charity and other needs of christian living. Miss Higginbotham of Fort Worth came in Monday morning and has charge of the singing. She has built up a good choir, but is anxious to have every singer in Colorado in it, and all of the children in her Junior Choir. Her solo work is very good indeed—the gospel in song. The services will continue through Sunday and all are invited to attend. The meetings are held at 10 o'clock each morning and at 8:30 each evening.

Cemetery Association Meets.

The Cemetery Association met with Mrs. G. W. Smith Monday, for the purpose of electing officers for the ensuing year. The same officers were re-elected, not because they desired the place, but because it was impossible to get other women to serve, and being interested in the work and feeling that it was a needed work they again resumed the responsibility and will work faithfully that the spot that marks the last resting place of their and your loved ones be kept from growing up in briars and weeds. Now that they have cheerfully accepted this work, they ask that those having any interest in this work send in their contributions. The officers are, Mrs. Gustine, President; Mrs. Earnest 1st Vice President; and Corresponding Secretary; Mrs. G. W. Donaldson 2nd Vice President; Mrs. M. Callan 3rd Vice President; Mrs. G. W. Smith Secretary; Mrs. Stoneham Beal, Treasurer. Miss Farmer was chosen collector, to take the place of Mrs. Shropshire while she is away, and Mrs. Smoot to take the place of Mrs. John Vaughan who resigned. Mrs. J. G. Merritt and Mrs. Donaldson were retained as collectors. Any of these women will gladly accept any amount you feel disposed to give them. A man with a mower is wanted to cut the weeds that they may be raked and burned before winter.

Judge R. H. Looney left on Tuesday night's train direct for New York. He will go to Wall Street, the financial center of the world, and make arrangements for his bank here, the Colorado National, to finance the coming cotton crop. It has been estimated that it will take five million dollars to move Mitchell county's crop. It is also rumored that while there he will dicker with some of the oil barons in regard to drilling a deep test in Mitchell county.

A wire from C. M. Adams at Selma Alabama says there is no hope for the recovery of his uncle. It is not known now when Mr. Adams will return.

This Post-War Maxwell is a Rare Study in Automobile Development

WHILE the great plants of the Maxwell were busy in war production the engineering laboratories were working night and day on a Post-War Maxwell.

Today this car is in our salesrooms. It expresses in a decisive way the progress of automobile making in this country.

Unquestionably it leads the way among cars selling under \$1200.

There's a new type radiator, larger, more efficient, more handsome; a new Elliott type front axle, which makes steering now a tireless pleasure; a new rear axle, heavier, with an indestructible four pinion differential; an improved electric system; a new idea in an instrument board; a larger and more convenient gear shifting lever; full crown fenders with wire edge reinforcing, (the front fender aprons are crowned to eliminate all vibration and rattle); a new way of anchoring the running board; a larger gas tank, and hung in the rear; a new tire carrier; a new emergency brake, located at the transmission, and not on the rear wheels; a heavier service brake, and equipped with equalizer to prevent any tendency to skid. Also equipped with Hot Spot and Ram's-horn.

These are but a few; and yet it is the same fundamental chassis on which 300,000 Maxwells have been built.

To miss seeing this Post-War Maxwell is to miss the motor car treat of the year.

Right after eating I would have a terrible pain in my stomach, I would bloat up with gas and suffer with pains around my heart. At times this was would almost cut off my breath and would make me so weak I could hardly stand and when I would bend over to throw a switch I would pitch forward on my hands and knees I couldn't sleep more than two hours a day and just had to force myself to work."

"I tried everything I heard of, but got no better. Then I laid off from work for some time trying to rest up. One of my neighbors persuaded me to try Tanlac and it has made me feel like a new man. I am eating any and everything I want without the least trouble from it and I sleep like a log. I haven't had a pain or an ache of any kind and will always have a good word to say for Tanlac."

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogs-heads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No dolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

Lighten up, pipe-smokers!

A friendly pipeful makes even the umpire seem almost human.

Velvet Joe

SOUTH TEXAS' BIGGEST FAIR

The Eighth Annual South Texas Fair to be held at Yoakum, October 22nd to 25th, will be the biggest and best Fair ever held in South Texas. The Eighth Annual South Texas Fair ranks next to that of the State Fair held at Dallas.

Special features for each day are being featured on a more magnificent scale than any other fair ever held in South Texas. In the spirit of the fullest confidence in the extent of our preparation we most cordially invite the people of South Texas to accept this our hearty invitation to be present, so that you may enjoy to the utmost the benefits and pleasures that we have provided for you at the "PEACE FAIR" October 22nd, 23rd, 24th and 25th, 1919, YOAKUM, TEX.

Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotics. Adv.

UNION HAPPENINGS

The general health of the community is good. Also the crops are as fine as heart could wish. Feed gathering is the general order of the day. A great deal of maize is being hauled to town and sold. It is to be hoped that people will not forget to keep enough for home use. It is bringing a fairly good price, yet it don't compare with what we've had to pay for feed for the past few years. It is hard to understand why the Feed and Seed Association was not kept up after proving so beneficial. There is no doubt that the proposition could have been handled just as successfully in selling as in buying. Help for gathering the crop is scarce, yet we hear of many of our

Mitchell county people who moved off in time of the drouth coming back to the land of promise, where work is plentiful and wages higher than we can afford to pay, all things considered. I hope the fact will not be overlooked that organization is the only method that will meet the demands of any worthy enterprise.

Now in conclusion let me say that we are waiting in vain for the clicking of the road workers, the footing of the tractor engine and the sight of the steam roller, on our disgraceful roads in this community.

RAINFALL FOR COLORADO FOR LAST FOURTEEN YEARS

This record is made from the Government Gauge, now in charge of, and accurately kept, by E. Keathley. He can give you any other information.

Table with columns for Year, Jan, Feb, Mar, Apr, May, Jun, July, Aug, Sep, Oct, Nov, Dec, Total. Rows for years 1904 to 1919.

OUR NEXT GOVERNOR.

Some of the South Texas newspapers are prognosticating over the next gubernatorial election and discussing possible candidates. It is a little early for that, but it is an interesting game just the same.

The Telegram never was more mistaken. West Texas will never get a governor or anything else until the state is divided. Our East Texas friends will always see to it that we remain as a tail to the kite of State for taxation purposes only.

WILL MARK HIGHWAY WITH TREES.

At the meeting of the Scenic Bankhead Highway held Tuesday at Medicine Park, Okla., Mayor James W. Mitchell of Childress was honored by being elected vice president for Texas.

Four states comprise the territory to be traversed by the scenic route, these being Arkansas, Oklahoma, Texas and New Mexico. The branch will begin at Little Rock, Ark., and connect with the Bankhead Highway again at El Paso.

The convention voted to mark the road by planting trees. An effort will be made this winter to plant trees along both sides of the highway through its entire distance.

At the Mineral Wells convention, it was voted that there should be but one Bankhead highway, and the report of the pathfinding committee, who had gone over both roads and unanimously adopted the southern or all Texas route, was adopted.

Did you note in the above about the cactus and sand hills between Big Spring and Abilene? And, oh, those beautiful snow clad mountains up on the plains, say around Plainview or Amarillo for instance—and the Indian life—fairly whoops 'em up with war paint and tomahawk.

"The southern route is impassable during the hot summer months," we poor mortals who live here had not noticed that our roads were impassable. But what about the wind swept plains in the winter, when the very horns are frozen and drop off

An article on marketing of maize in Abilene is published this week, showing that \$22.50 per ton is being paid for head maize. Colorado buyers are paying \$32.00.

Life is worth too much and is too short to treat one's fellow man wrongfully or unneighborly, and to bear a grudge hurts only the one who carries it in his heart.

We have eaten this week the last of the fine tomatoes brought in by E. H. Britton out near the mountain, and Mr. E. E. Goodlett has been keeping us pretty well supplied with all kinds of vegetables.

Write to your friends down east, folks and tell them to come to this county, where they can get all kinds of money for a little labor.

It will take a sheet of more colors than Joseph's coat to cover such political antagonisms as exist between Joe Bailey, Jim Ferguson and Bob Henry. It will beat a side-show when these three try to occupy the same political bed.—Willis Point Chronicle.

We have enough trouble in this old world today, goodness knows. What with our strikes and our J. W. W.'s and our Bolsheviki (both the parlor and gutter varieties), and the high cost of living, and the Mexican problem, and Senators Lodge and Borah, we are pretty well fed up on public calamities.

Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., for trial package.

Jackson, Miss.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very prompt relief as soon as I started to take the 'Prescription.' It cured me of my trouble and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity.—Mrs. K. G. SUTHERLAND, 309 Polkcenter Street, Buffalo, N. Y.

ALL STAND TOGETHER.

The Record stayed by the stuff through the long trying drouth, when staying looked to be impossible. We have stood by the town and county in adversity as well as in prosperity. We have not asked our farmer friends for their subscription money, knowing full well that they would pay when the country came back.

THE MAD RUSH.

The mad rush and scramble for money has already commenced in this part of the country. From this date on until the crops are all harvested and sold, men will run over each other, in a commercial way. No time for anything now, but to try to get back what we all have put out the past three years.

THE TEST THAT TELLS.

Is The Test of Time. Many Colorado People Have Made This Test.

Years ago this Colorado citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Colorado reader demand more convincing proof? It's Colorado testimony.—it may be investigated.

J. H. Cooper, prop. of blacksmith shop, Oak St., gave the following statement November 4, 1915: "I have used Doan's Kidney Pills several times in the past for trouble with my back. From the results I obtained I think they are a good, reliable remedy. I purchased this medicine at Doss' drug store and I gladly recommend it to anyone suffering with their kidneys."

On April 12, 1919, Mr. Cooper said: "I can still recommend Doan's Kidney Pills as highly as I did when I endorsed them in 1915. Doan's certainly benefited me a great deal." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had. Foster-Milburn Co. Mfrs., Buffalo, N. Y. Adv.

Young People Meet.

The Young Peoples Missionary Society of the M. E. Church observed Friday, the day of prayer for worldwide revival, by planning for the revival meeting to be held this week by their pastor, Rev. W. P. Garvin. They pledged themselves to help all they could in the meeting. This meeting was with their leader, Mrs. Barcroft, and she served ice cream and cake at the close of the hour.

Episcopal Church.

There will be regular services at All Saint's Episcopal church next Sunday, by Dr. Williams. Morning at 11 o'clock, and evening at 8:30. Everybody cordially invited.

Womens Auxiliary.

The Central Circle of the Presbyterian Woman's Auxiliary held its Foreign Mission meeting with Mrs. Y. D. McMurry on Thursday. The lesson on the Crying Needs of Mexico and the plans formed for her redemption was a very interesting one. At the close of the meeting delicious sandwiches and iced tea were served by the hostesses, assisted by Miss Annie McMurry.

Leonard Simon who has been at Cisco during the summer is home with his mother for a few days, and will then go to Quanch to buy cotton.

Mrs. Edward Dupree returned Monday from a visit with her mother in Huntsville.

Mr. and Mrs. Harold Riordan, after a three weeks visit and summer rest at Georgetown, have returned. They were the guests of Mrs. Riordan's parents, Rev. and Mrs. M. C. Hutton, pastor of the Presbyterian church at Georgetown for the past 30 years.

J. B. Smart of Admiral, came up this week on a visit to kinfolks here.

PRIVATE SCHOOL PAINTING AND EXPRESSION

On Monday, September 22nd, Miss Dry will be centrally located, where she expects her old and any new under grade pupils in th mornings. Painting and Exprssion pupils are solicited for the afternoons. She is away taking special lessons, so as to be better equipped in each (the instruction in painting coming from Mrs. Greathouse of Ft. Worth, the State Chairman of the Art Department of the Federation of Womens Clubs). For further information phone 370.

At Baptist Church.

Next Sunday at the Baptist church Sunday School at the usual hour and B. Y. P. U. at 7:30 p. m. There will be no preaching service either at the morning or evening hour. Everybody is asked to worship with the Methodist congregation, at their revival meeting. The pulpit committee will make arrangements for services for the following Sunday if possible.

Extra school books and extra school supplies at W. L. Doss drug store.

Mr. R. L. Cathcart, out on the Lasky place, brought his daughter to the local sanitarium last week to be operated on for appendicitis. She is slowly improving and doing very well.

Mr. and Mrs. N. H. Cush spent last week visiting in Abilene and returned home Sunday morning. Mrs. Cush has accepted a position at C. M. Adams store.

Mr. and Mrs. Geo. E. Goodwin came in Wednesday evening from a visit to their recently married daughter who lives at Sierra Blanca.

Mr. G. D. Adams of Mingus spent a few days with his family last week.

98TH BIRTHDAY.

Mrs. Mary P. Moreland celebrated her ninety-eighth birthday Friday, August 29th, at the home of her daughter, Mrs. D. N. Arnett. A birthday cake was made on which Virginia Stoneroad and Roddy Brooks Merritt, two of her great grand children placed the 98 candles. In the afternoon the relatives who are in Colorado, gathered with gifts of aprons, handkerchiefs, and the sweets of which she is most fond, and these the great grand children opened and displayed around the birthday cake. Grandmother insisted on standing until the cake was lighted and cut, then she insisted upon everyone being served before herself, a fine, old time courtesy she never forgets when any hospitality is offered in her home. Slices of the cake were sent to a few elderly neighbors and friends who had called during the day to express good wishes and hope that she might round out a century. Mrs. Moreland was born in Tennessee and came to Texas when a young wife, and suffered the hardships and privations of pioneer days as a missionary Methodist preacher's wife. She was left a widow early and reared her family of nine to manhood and womanhood in Burnett County. For several years her health has been such that she could not actively engage in the pursuits she most enjoyed—cooking and fine sewing. In her day she was a famous cook. She has woven and spun wool and made it into suits for the young itinerant preachers her church sent out in the early days of Methodism in Texas. Her sons said her patches and darns were real ornaments to any garment. She suffers much, but is unflinching in her courtesy and kindness to those who do the slightest thing for her. She is indeed an angelic spirit, brightening any home, and it is a pleasure to do the little one can for her happiness.

W. B. Stoneham Dead.

William B. Stoneham, second son of W. S. Stoneham was born February 6th, 1883 in Falls County, Texas. He died at Lovington, New Mexico at 11:15 o'clock p. m., September 2nd, 1919. His death was caused by auto intoxication, from which he has suffered for the past three years.

Camel

CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

D. M. (Moody) Logan, who held the section foremanship here so long, but who was transferred to Midland, is moving back to Colorado to live. Mr. Logan has a good farm east of town, and says Colorado is the best town to live in in the West—better streets, more shade trees, more sidewalks and more and better water, than anywhere he has lived. He has an extra

gang of railroad men under him and will do extra work, up and down the line. The Logans, including the children are glad to get back to Colorado again.

Most of our patrons have already discovered that our service is superior but we want the rest of you to know that our deliveries are prompt, our selections accurate, our prices right, our quality top notch, and our adjustments—if adjustments are necessary—are courteous and prompt. Smith & Page.

Tom Smartt has the prize, or blue ribbon, on maize heads so far this season, according to samples brought into town.

Mrs. W. M. Stowe of Crockett is here this week on a visit to her son, J. E. Stowe.

Mr. and Mrs. Shelton of Abilene visited her sister, Mrs. Sam Wulfjen this week.

Critics pronounce the "Auction of Souls" to be the most wonderful and fascinating picture ever produced. It will be shown here Sept 5 and 6. See announcement next week.

D. F. Glisson an old time Coloradan, now living at Eastland, spent Wednesday here on business, and was the guest of E. Keathley.

Little Emma Hickman, who was accidentally shot in the knee and taken to Fort Worth sanitarium, returned home Monday night and is slowly improving.

11,230,000 BALE CROP.
Washington, Sept. 2.—An increase during August of 114,000 bales of the prospective cotton crop for this year is shown in the cotton report today, forecasting 11,230,000 bales. Condition of the cotton crop was 61.1 of normal. Boll weevils, boll worms, army worms and the red spider combined with almost continuous rains over a considerable area of the cotton belt with dry hot weather following caused deterioration of the crop.

NEFF ADDRESSES BIG CROWD AT BARBECUE.

Big Spring, Sept. 1.—Big Spring and people from the surrounding country celebrated Labor Day with an immense barbecue and all the events which accompany such affairs. The attendance was estimated at 8000 to 10000 people. The Hon. Pat M. Neff of Waco, candidate for Governor, delivered an address, discussing the political issues of the day and delivering a special message to members of the Woodmen of the World and Woodmen Circle, who had assembled for the district log-rolling. It is estimated that more than 50 people attended from Colorado and all report a good time.

WILL SELL COTTON ONLY IN 100 BALE LOTS.

Howard county farmers will sell cotton only in lots of not less than 100 bales. This was agreed upon at a mass meeting held at Big Spring Saturday. While there is some complaint of worms condition of crops in that county is reported unusually good.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Sold by all druggists. Adv.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

RAISE MORE HOGS.

Now is the chance for our farmers to realize a good profit on their feed crop by buying hogs and fattening them. Many communities in West Texas are sending to east Texas for hogs by the car load and are being distributed around for fattening purposes for home use and the market. A car or two have been shipped in here but there is a demand for more, which are wanted to consume the waste from the immense feed crop. Every farmer should have hogs enough for his own meat, but at the present price (25c per pound on the hoof) it seems to us it would be a

little risky to speculate too heavily. Suppose the price would go down to 15c or 10c by the time you had your hogs ready for market; would you have gained enough in weight to cover the difference in price, and cost of the feed?

The styles are right, the materials are good, the prices are as low as could reasonably be expected; in fact, we believe you will find them lower here than elsewhere. We cordially invite you to call and inspect these lines.

We still have some Gingham at 25c, better at 30c and 35c; Brown Domestic at 20c, better at 25c and 28c; Bleached Domestic at 25c, better at 30c and 35c.

We still have some shoes we are selling at less than present wholesale prices, but sizes are broken. If you are lucky we can fit you and the children. Merchandise of all kinds is very high. The wholesale people say everything will be much higher. In spite of this you will find bargains all over the house. It will soon be school time. Bring the girls and boys in and fit them up for school. Then buy your winter's bill with the certainty that you can buy cheaper now than later.

What is a Bank?

A bank is much more than merely a safe place for keeping funds, for handling checks, for collecting drafts, etc.

A bank should be regarded as the intimate helper, advisor and friend of the customer; ever ready to co-operate in every proper way, to extend necessary accommodation as required, and to protect his interest in every way that lies within its power.

This is the kind of service that we endeavor to render; and we invite you to make your connection with us with such service in view.

J. B. CRANFILL'S CHRONICLE.

He Discusses the Railroad Problem and Refers Incidentally to Other Important and Absorbing Matters

(J. B. Cranfill in Dallas News).

It seems to me that the American press and people have not lived up to their inherent feelings of gratitude and duty with reference to the four brotherhoods on what is called "the Plum plan." In Russia the Bolsheviks took it all; but the Plum plan only contemplates taking half. It is thus seen that the American soviets are more considerate than the Russian soviets were. Of course, the four brotherhoods have not given bond that they will not take the other half later on; but thus far no intimation has been given that they will commandeer all of the railroads as soon as they secure their demands for half of them, or rather a half interest in them. Moreover, the beauty of the plan seems to have escaped many writers and publicists. It is this way: The American soviet, represented by the four brotherhoods, not only contemplate taking over a half interest in all the railroads thru the Plum plan, but they participate only in the profits. If there are any losses, the Government is to pay the losses, as it is doing now. If there

UGH! CALOMEL MAKES YOU DEADLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Adv

are any profits, the brotherhoods take the profits on their half and seem at the present writing to be willing for the other two groups of owners to take the other half. That is what is called downright liberal, and the American people should be duly grateful to the brotherhoods for the fact that they have spared up to this writing, half of the railroads and have not as yet demanded forty acres and a mule for each one, as was the case in certain circles after the close of the Civil War.

Naturally all of us feel sorry for the brotherhoods. They are a down-trodden and oppressed element in our population. Congressman Blanton, who represents Abilene district in Congress, has recently made public the salaries for July of engineers and conductors. I quote from a report that appears in a special telegram in the Dallas News:

"For the month of July freight engineers received \$392.35 a month; passenger engineers \$376.85; passenger conductors \$313.90, and freight conductors, \$308.55."

Representative Blanton goes on to make some comparisons, which I quote:

"The Governor of Texas only receives \$333.33 per month, and a Colonel in the army receives the same rate per day. A Lieutenant Colonel gets no more than \$291.66; a Major \$250, and a Captain \$208.33. In other words, members of these two brotherhoods get more than does the Governor of the great State of Texas or a Colonel in the United States Army."

I repeat that we are naturally sorry for these brotherhood men, because of the oppression under which they now live. This terrible oppression of which they are victims began at about the time America entered the world war. At that time W. G. Lee and the other three heads of the brotherhoods went to Washington and demanded the passage of the Adamson law, which I have not now time to analyze. Moreover they made demands for increases in wages, coupled with the threat that unless these demands were at once complied with they would precipitate a Nation-wide strike, tie up all the railroads of the country and paralyze every branch of American industry.

Later on, when we were in the very crisis of our struggle with Ger-

many, these demands for increased wages were renewed and our President, wisely, as I believe, acceded to them. These brotherhoods did not mean very much by these demands. They only meant that if we did not grant the demands, they would tie up the railroads—but they were unmindful of the fact that the effect would be to give us over to the enemy. And no one knows the heart of the walking delegate doubts that Germany would have overawed the world if the American Government, in the most critical hour of the world's history, had not allowed these men to pile up their salaries until they are now what Mr. Blanton has disclosed.

All of this shows such a spirit of patriotism and unselfishness on the part of these brotherhoods that all of us, whenever we hear a locomotive engine whistle, should take off our hats. If we do not take off our hats they will take them off for us a little later on, and all the balance of our clothes.

When we approach the discussion of the high cost of living, we can not consider the question without first considering the fact that these four brotherhoods precipitated the high cost of living in America by making it possible for people to travel in comfort, or with the same economy that was formerly their right.

When I started on a trip to the Battle Creek Sanitarium, I went to the ticket office of the Railroad Administration here in Dallas to secure a ticket. I stood at the desk exactly 23 minutes before I received any attention whatsoever. Then a young man who seemed to be suffering from a duplex attack of hookworm slowly approached me and asked me if I was the next to be served. I bought my ticket to Chicago and when I paid for it I found that it cost within \$2.21 for the one-way ticket of the round-trip ticket before the railroad brotherhoods fastened their tentacles upon our lines of transportation. Before the world war began we had prompt service at every ticket office and the most courteous attention, and the round-trip fare to Chicago was \$32.50 at this season of the year. This year it was \$60.38 for the round trip; and mind you, in all of this journey, made in the heat of summer, there was only one train on which I traveled that made its destination on time. The train on which I returned to Dallas

was five hours late, which was a little over the average of lateness. Every other train was late, every car was crowded, and our Government Administrators of the Railroad have left nothing undone to hand to the traveling public every possible item of inconvenience.

For this very gratifying state of affairs, we are indebted to the four brotherhoods, and, if by any means they should succeed in becoming the owners of our lines of transportation, I for one would walk or ride in an automobile.

Leaving all persiflage and irony aside, the American people have reached a monumental crisis in their history. The common man, the day worker, and the owner of property must confront the fact that his liberties are not only imperiled, but every dollar's worth of property he owns hangs in the balance in free America. The resolutions that are being passed by the different local unions of the American Federation of Labor, approving the Plum plan, are but indices of the smouldering volcano upon which the American people are walking day by day. We had an exemplification of this in what is called the Mooney case. This man was convicted of murder in California, and the labor unions of the country came very near precipitating a Nation-wide strike because the jury of this man's peers had assessed his punishment at death. I know nothing of the facts in the case except those disclosed through the press reports, but the incident furnishes us with a warning that even a blind man should not ignore. The American Federation of Labor, through its walking delegates and leaders, are determined to either rule or ruin this country. They are determined to own it through one plan or another. Of course, they can soon own it on the salaries they are drawing, if they will keep quiet and mind their own affairs; but that will be rather too slow a process for the average walking delegate. The property, and incidentally the life, of every owner of property in America is in danger. We will be blind to the fact of world events if we do not see our American peril.

For one I am caught up on the whole bunch of them I am in favor

BAPTISTS LAUNCH WORLD PROGRAM

PLAN TO RAISE \$75,000,000 FOR
GENERAL PURPOSES WITH-
IN NEXT FIVE YEARS.

WHOLE SOUTH TO CO-OPERATE

Each State is Given Definite Task To
Perform In Raising Huge Sum
For Denomination's New
Budget—Drive Is On.

Recognizing the need of the world for more religion and christian service along general lines, the Baptists of the South have resolved to contribute \$75,000,000 to a program of reconstruction following the war, and have laid plans to subscribe this sum during the week of November 30-December 7, a period of five years to be given in which to complete the payment of these subscriptions.

The decision to inaugurate this world program was reached at the meeting of the Southern Baptist Convention in Atlanta last May, when the more than 4,000 delegates present voted unanimously to undertake the

Dr. L. R. Scarborough of Fort Worth, Tex., General Director of Campaign.

task. The campaign has now been organized with the general headquarters in Nashville, Tenn., where Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary at Fort Worth, is in charge as general director for the South. He is assisted by a number of men in charge of special divisions of the work, while each of the eighteen states in the territory of the Southern Baptist Convention has in turn perfected a state organization, including a State Director, a State Organizer and State Publicity Director. Each association, or district, within each of the states has likewise gotten busy by naming its associational or district directors, and the work of organization has been carried into the local churches to the extent that practically all of the more than 25,000 local Baptist congregations in the South have their workers named to help put over the biggest church drive that has ever been attempted in this section of the country. There are 3,000,000 white Baptists holding church membership in the South, and it is hoped to reach every man, woman and child among them with the message of this campaign and give each of them a part in the plan of saving the world by giving to the extent of their ability to this vast conservation fund.

Christian education, home and foreign missions, state missions, ministerial relief, orphanages and hospitals, are among the various general interests of the denomination that will be cared for in this campaign, the matter of local church expenses, and local church equipment not being included.

Between now and November 30th every effort will be put forth in organizing and mobilizing the Baptist forces in the South, preparatory to the launching of the big drive for the subscriptions and cash payments. July was known as preparation month, August was designated as information month, during which time every effort has been put forth in informing the people on every phase of the campaign, while September has been designated as intercession month, October as enlistment month, November as stewardship month, and the period from November 30 to December 7 as victory week.

"We have undertaken a big task," Dr. Scarborough, the General Director, says, "but we have undertaken it in God's name and for His glory, and by trusting in God and doing our whole duty, we will succeed. There is work here for all, and glory enough for all if we win, but we cannot succeed except we labor diligently and pray earnestly."

AGED TEXAS WOMAN MAKES GIFT
From Matagorda, Texas comes the story of the devotion of Mrs. M. J. Bruce, an aged saint of that vicinity, to the Baptist 75 Million Campaign. She gave her pastor \$5 to apply on the campaign and was informed that subscriptions would not be taken until the week of November 30. "But I am getting old," she replied, "and may not live till the end of September, and I do not want to pass away without having had a part in this great campaign."

POULTRY SHOW AT VICTORY FAIR BEST SELLING EVENT

\$2,500.00 IN PREMIUMS ATTRACTS
POULTRYMEN FROM EVERY-
WHERE, WHO CAN SELL
MANY BIRDS

The Poultry and Pet Stock Show will be given greater prominence than ever at the Victory Fair at Dallas in October. Walter Burton, Arlington, Texas, Superintendent, says that reservations for coops are coming in daily.

\$2,500.00 in cash premiums are offered for Poultry. Poultrymen can make good money by exhibiting at the Victory Fair. The Judges will be E. C. Branch, Lee's Summit, Mo.; G. D. McClaskey, Kansas City, and James Tucker, Royal Oak, Mich.

The Texas Barred Rock Club and other clubs will meet at this time at the Victory Fair.

The general arrangement, lighting facilities and hygienic accommodations for the birds, are very gratifying to poultrymen everywhere. The 1917 show was a big success. The exhibits ranked high in number and quality, and many prominent breeders were represented.

Being held ten days earlier this year, the show comes at a time when both farmers and fanciers have money to buy birds, and many fine ones are sold at the Dallas show. The Dallas dates, Oct. 6th to 19th do not conflict with other shows, but enable breeders to advertise their winnings this fall when birds command the highest prices. The Victory Fair Poultry Show will be the biggest selling event in the country this fall.

The Pigeon Display will also be the very best yet. The splendid part played by carrier pigeons in the war has endeared them to both breeders and the public generally. A larger number of pigeon entries than ever before, and a greater variety of fine breeds, will be represented at the Victory Fair Pigeon Show, than ever before. Cash premiums and ribbons are offered.

CRANFILL'S CHRONICLE.

(Continued from Page 7)

of allowing all of them to strike whenever they want to, and the rest of us will take care of ourselves the best we can. I am in favor of liberty of conscience and freedom of speech and action, and if our brave boys fared forth to defend the civilization of the world against the Huns, it is far more important for us to defend our own American civilization against the encroachments of the Soviets here at home. A man's life will not be worth a groat in America if we allow this strike mania to encroach upon us farther. It is an amazing fact that in view of all that we know, much of which the average American has hidden from his eyes, that only one man in either the Senate or the House of Representatives at Washington has had the courage to stand for untrammelled freedom of thought, action and purpose, and that man hails from the western part of Texas.

I think we have reached the limit; and while I am absolutely and always a friend to every true laboring man, we have had enough of this strike business, which seems to be epidemic in many sections of the country. There ought to be a getting off place somewhere, and for my part, I feel that the American people have about reached the terminal station.

On the labor question in general, the late Andrew Carnegie stated some fundamental principles that all of us should always keep in mind. I will not discuss them, for they speak for themselves. I simply quote them as follows:

"Labor, capital and business ability are the three legs of a three-legged stool; neither is first, neither is second; neither is third; there is no precedence, all being equally necessary. He who would sow discord among them is an enemy to all."

Changing the subject for the moment, I was asked the other day why I had not devoted a Chronicle to Jim and Joe. A number of friends have written me on the subject and more have spoken to me about it. All of this reminds me of the story I heard concerning a dog. He killed himself barking into the little end of a hollow log because a rabbit ran through it last year.

COTTON ASSOCIATION.

In a further effort to protect the cotton growers of the South, the American Cotton Association has called a meeting of all persons interested in the cotton situation to be held in New Orleans on September 8th and 9th. Following the Government report of September 2nd, on the condition of crops, the meeting will be open to discussion of the commensurate price cotton growers should receive, and they will be urged to hold their cotton to meet such prices.

As a result of the activity of the American Cotton Association in organization of the southern states, the price of cotton has remained around thirty cents since the meeting of the Association in New Orleans, months past, at which time the result of the cotton acreage reduction movement was made public and announcement was made of the purpose of the association to organize the cotton growers in order that the grower's interests might be protected.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Sold by all druggists Ad

Mr. and Mrs. Joe Jackson left Monday for Mertzon.

Mitchell county has 60,000 acres planted in cotton. A conservative estimate is for the county to make 26,000 bales. In 1914 Mitchell county marketed 33,000 bales. O. M. Mitchell says we'll get 35,000 this season. \$6,000,000 turned loose in this county for one crop alone, will help mightily.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, wind-burn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless. Adv.

Mrs. A. C. Pratt and Mrs. M. D. Cranfill entertained with 42 Friday evening at the home of Mrs. Pratt, honoring Mr. and Mrs. Hubert Toler, who left for Sweetwater this week to make their home. Tables for progressive 42 were arranged and a merry time was had. Refreshing punch and cake were served. Toasts were given to the honorees, and at a late hour all departed after having expressed themselves to the hostess for a good time. The out of town guests were Mrs. DeVolin and daughter of El Paso.

Lithographed warranty deeds at Record office.

S. E. BROWN, President
W. L. EDMONDSON,
Mayor of Loraine

At the home of Mrs. Allie Erwin on Monday evening from 8 to 11, sixteen boys and girls were entertained, honoring Harris Toler with a good-bye social. Interesting and amusing games were played on the lawn, which was prettily lighted for the occasion. Gifts attended with toasts to the honoree were given and all expressed regret at having to lose one of the favorites from their circle. Harris has the distinction of being the first baby born in Loraine, so he boasts of being just as old as the town. Ice cream and cake were served.

Loraine is about as big a grain market as she has been a cotton, and will be both of reputation before all the fleecy staple is made into bales. A number of negroes from the east arrived Monday and will help out in the work of big crops of maize and cotton.

Mr. Hubert Toler and family moved their household goods to Sweetwater this week, where they will make their home. Mr. Toler is one of the first citizens of Loraine, having come here in October 1905, and established the first business in Loraine, that of Higginbotham-Harris Lumber Co.; and also established one at Snyder and other places during the time. In 1913 he resigned his work for them in order to take up the automobile business for himself in which he is still engaged both at Sweetwater and Cisco. On account of his business demanding more of his time and that his children may have better school advantages he is making the move from here.

Mr. and Mrs. Clyde Wilson arrived this week from Fort Worth.

Mr. Austin Butler is here from Palestine visiting relatives.

LONE STAR LOCALS

Every one in this community is very busy gathering their feed this week. Those who are through gathering are helping others. All are looking forward to the time when the fields will be white with open cotton. Some have reported that it is now beginning to open.

Mr. and Mrs. Gene Brown entertained with a fruit supper Saturday night in honor of Miss Wilma Zellner. Every one enjoyed very much, as they always do in this hospitable home.

Mrs. J. T. Draper and mother, Mrs. Mary Bullard, returned home Sunday morning from a visit to points in East Texas, where they have been visiting for the past month. They report fine crops, but old West Texas still looks good to them.

Mr. Jack Lemmons left Sunday morning for his home in Delta county after spending the past week in the home of his cousin, W. H. Harris.

Mr. and Mrs. Will Jackson entertained with a party Saturday night. Mr. George Armstrong and friend arrived Tuesday morning from Fannin county to visit relatives.

Miss Wilma Zellner and Gladys Spikes spent Saturday night in the home of the former's sister, Mrs. Gene Brown.

Mrs. Petty and son Schyler, left this week for their home in East Texas, after a pleasant stay here with relatives.

Mr. Charlie Armstrong returned home one day last week from a visit to Fannin county.

Miss Myrtle Brown was a guest of Miss Annie Mae Porier Saturday.

Misses Eldie and Lillie Richburg had as their guests Sunday, Misses Zella and Willie Harris, Eunice and Ethel Long, Nannie Lou Taylor, Mae Preston, Emma Willis, Pearl and Florence Richardson.

Mr. and Mrs. J. C. Prude of Colorado were up in this community Sunday.

Called Her Family TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Payne City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

We Take Pleasure In Announcing An Early Fall Display

of Ladie's Ready-to-wear, consisting of Suits, Silk and Serge Dresses, Coats, Skirts, Waists and Petticoats.

The styles are right, the materials are good, the prices are as low as could reasonably be expected; in fact, we believe you will find them lower here than elsewhere. We cordially invite you to call and inspect these lines.

We still have some Gingham at 25c, better at 30c and 35c; Brown Domestic at 20c, better at 25c and 28c; Bleached Domestic at 25c, better at 30c and 35c.

We still have some shoes we are selling at less than present wholesale prices, but sizes are broken. If you are lucky we can fit you and the children. Merchandise of all kinds is very high. The wholesale people say everything will be much higher. In spite of this you will find bargains all over the house. It will soon be school time. Bring the girls and boys in and fit them up for school. Then buy your winter's bill with the certainty that you can buy cheaper now than later.
