A CALL FOR 80,000 CENSUS ENUMERATORS
The Director of the Census, Hon. Sam L. Rogers, announces that 80,000 enumerators will be needed to take the next census. The work begins January 2, and will last about two weeks in cities, and a month in rural districts. Rates of pay will vary, depending upon the locality and character of the district to be canvassed. The average pay per enumerator at the census of 1910 was about \$70. At this coming census it will probably be not less than \$100.

Mitchell county's feed and cotton crops this year are the best in the history of the county and the shortage of labor is in proportion to the size of the crops. Farm laborers may find employment in this territory for the next six or eight months at from \$5 to \$10 per day.

COMMISSIONERS' COURT.

The county commissioners met in regular session on Monday of this week with all commissioners present and Judge J. C. Hall presiding. Nothing of special interest was before the court and the session lasted only one day. All bills before the court were closely examined and passed on and allowed, except in a few cases, where they were passed for adjustment. The big old gasoline engine down at Lorraine was sold to W. D. McCarty and considered good ridance of had rubbish. I. W. Ramsey was appointed public weigher at Westbrook. S. M. Bryson was taken over as a county charge temporarily. The per diem was allowed and the court adjourned.

DOCKING WET COTTON.

It seems that there has been some trouble about docking wet cotton, either by the public weigher or cotton buyers.

Mr. J. W. Gross objected to his cotton being docked some four or five pounds, and wrote to the Attorney General about it. Here is the reply:

J. W. Gross, Colorado, Texas.
Dear Sir: I have yours of the 25th ultimo, relative to dry bales of cotton being docked four or five pounds to the bale. I am transmitting your communication to the Markets and Warehouse Department for reply. It may be that they can give you some information along this line. Yours very truly, C. M. Cureton, Atty. Gen.

The Markets and Warehouse Departments then wrote:

Dear Mr. Gross:—Your letter of the 25th ult., addressed to the Attorney General, has been forwarded to this Department for attention; and in reply we beg to advise that there is no law that requires of public weighers to dock cotton for any cause whatever, but this Department has ruled that if cotton is weighed wet, the public weigher has a right to state unofficially how much moisture he thinks the bale contains. For your information we are enclosing herewith a copy of Rules Regulating Public Weighers in this State. Yours truly, Markets and Warehouse Department; by Pat Daniel.

The section of the law applicable to the above, reads:

"After the public weigher has stated in the weight certificate the correct and accurate weight of the commodity that is weighed, as shown by the scales, he is further directed to state, under the proper heading, the condition of same, whether the cotton or other commodity received for weight at the time it was weighed, was green, wet, normally dry or damaged, and shall state under the heading of remarks, his unofficial opinion of the amount in pounds such commodity should be docked by reason of excess moisture, at the time of weighing."

"Public weighers, cotton buyers and exporters, at a meeting held in Austin, Texas, on September 4, 1919, decided that it should be the duty of the public weigher to suggest the amount of excess moisture contained in any bale of cotton weighed by him. This department approved this recommendation, and instructs you in accordance with same as outlined above."

NOTES FROM ASSOCIATION.

The Baptist Sweetwater Association which met in Abilene, was one long to be remembered by those in attendance. The simple, gracious hospitality of these good people of the first church strengthened the bond of brotherly love and helped much to make the meeting a success. Their hearts and homes were wide open to receive their guests and nothing was forgotten for their comfort. Dinner and supper were served both days in the basement, and such meals as they were.

The keynote of both the women's and men's meetings were christian rejoicing. The financial report of the women's was a little less than usual, but the whole report of the Association was gratifying.

The missionary and all other expenses were paid, leaving a balance in the treasury of over \$300.00. The big thing now before Baptists, the \$75,000,000 Campaign, had the right of way on all programs. In fact all topics led up to that and also concluded with it.

Dr. V. L. Neal, State Organizer, was there, and as usual, was full to overflowing. The quota for Sweetwater Association is \$350,000. The first church of Abilene gets \$100,000 of this, College Heights church \$40,000, Colorado \$18,000 and other churches in proportion. This is, you know, a pledge for the work for the next five years for Christian education, old ministers' relief, State Home and Foreign Missions, Sanitariums and the buildings at Buckner Orphan Home. In fact it is putting our gifts into one big fund and laying out the plan of work on a five year basis. It is a big undertaking for Baptists and will require the united work of every member to make it a success, but with that, with God as

leader, it will be gloriously done. Let no one fail to do his best.

The officers for the women are: Mrs. G. L. Paxton, Abilene, President. The vice-presidents will be the presidents of the local societies. Corresponding Secretary, Mrs. Fry, Abilene; Recording Secretary, Miss Breedlove, Abilene; Treasurer, Mrs. Ed Shaw, Abilene; Chairman Missions, Mrs. C. H. Lasky, Colorado; Chairman Benevolence, Mrs. S. P. Smith, Sweetwater; Personal Service, Mrs. R. C. Crane, Sweetwater.

Rev. T. Y. Adams of Sweetwater was elected Moderator of the Association; Rev. Richardson of Lorraine, Clerk, and Mrs. U. Collins of Abilene, Treasurer.

At the close of the meeting cars were provided to take the visitors over the city and out to Simmons College. The college is running over now and President Sandifer said he did not see how many more could possibly be accommodated—a striking need of the \$75,000,000 Campaign.

The writer stayed in the hospitable home of Dr. and Mrs. W. C. Neal, what time she wasn't at the meeting house, and when Mrs. Neal and Miss Elsie Hooper would let her do some talking.

The meeting next year will be with Lorraine.

ANOTHER GROUND SOAKER.

It would sound almost criminal for anyone to cry "too much rain" in this country, but there are plenty of folks here nevertheless who are now hoping deep down in their hearts that it will not-rain any more soon. The ground is thoroughly soaked—and more than that, much feed yet remaining in the fields is also thoroughly soaked. There are great fields of fine maize which the farmers have been unable as yet to harvest, and much has fallen down. Some of it is sprouting in the fields. Cotton too has been damaged somewhat by the abundant rains this week.

The big rain came late Sunday afternoon and Sunday night. For two or three hours the water came down in real, good old-fashioned East Texas style. Then it settled down to a slow drizzle which continued intermittently for two or three days. It has rained almost continuously all through October so far.

As a result the ground is very soft, and while some damage to open cotton and old feed have been done, yet Jack Frost stays away long enough, this rain will help to mature a lot of late cotton and feed. It will also benefit the grass. Best of all, it puts a fine winter season in the ground and gives us a good start for a crop next year. A few have already sown a little wheat, and this soaker will make it fine for many weeks at least.

It has now gotten to the place where the rain hurts. Hundreds of tons of feed has been lost and it is estimated that the cotton crop in this country has been reduced at least one-third. It now looks like we might have a little sunshine.

Of all the rains this month the mammoth one fell Wednesday night and Thursday morning. The rain fell continuously nearly all Thursday morning until the whole face of the earth was covered with water. Boats could have easily been run in quite a number of the streets of the town. Business of every kind is at a stand-still, and the end is not yet in sight. Those who have had a bunch of cotton pickers employed, and have been holding them idle for the past two weeks, are in bad shape; the pickers are becoming restless, and some are leaving. It is to be hoped that the rain of Thursday will be the clearing up shower, and that we will have some pretty weather for the next few weeks. Early cotton is not being much damaged, but the late crop cannot open, and is still growing and putting on fruit, the greater part of which will be caught by the frost.

Wormy children are unhappy, puny and sickly. They can't be otherwise while worms eat away their strength and vitality. A few doses of White's Cream Vermifuge performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Price 30c per bottle. Sold by all druggists. Adv.

STATE AID SCHOOL MONEY.

County Judge J. C. Hall as County Superintendent, this week received the following letter:

Hon. J. C. Hall, Colorado, Tex.
Dear Sir:—This is to advise that state aid under the Two Million Dollar Rural Aid Law, has been conditionally approved by the Department of Education, for schools in your county, as per statement herewith.

By "conditionally" is meant that the final approval of these amounts of aid will depend upon how well the schools separately have met the requirements, as stated in the rural school law, when the supervisor makes his visit. Please impress upon your trustees the necessity of complete compliance with the legal requirements if they are to secure all or any of this conditional aid.

To the end that parents, teachers and children of the rural schools may all be justly proud of their new and improved schools will you, as leader of the rural school energies of your county, do all in your power to see that the several communities and the children get a permanent benefit from the expenditure of this aid.

Most sincerely yours
L. D. BORDEN,

Chief Supervisor Rural Schools.

Leader Claims that Texas Will Vote Republican

Paul Gage, vice chairman of the Texas Republican Council has returned from a trip to El Paso, Wichita Falls and Amarillo. The visit to these cities was made for the purpose of stimulating interest in the work of the council and enlisting the support of republicans in putting the party candidates over in the 1920 election.

"The people of West Texas are thoroughly alive to the necessity for a change in party management, state and national," Mr. Gage stated. "I find that the majority of democrats who bolted their party in the recent split, regard the new movements as merely a flash in the pan and have no confidence in the ability of the democratic party to correct the governmental blunders it has made. These men look to the republican party as the only solution for the present evils existing in government and I believe they will vote accordingly."

Wait until after the election and Mr. Gage will see what a monumental mistake he has made. If there is any part of Texas that is staunchly democratic, it certainly is West Texas, in this statement however, we might expect El Paso, and perhaps Amarillo. We do not mean that they are likely to be republican, but that they might cast a few republican votes, while the rest of this country will never know that there is a republican candidate in the field.

Efforts will be made to stop the hunting and killing of quail in Texas for a period of ten years. It is claimed that the ever increasing boll weevil menace to cotton is caused by the rapid extinction of the quails in Texas.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Beal's Cash and Carry Store

A COTTON FAMINE IN SIGHT.

Austin, Oct. 6th.—The government estimate of 10,696,000 bales of cotton for this crop, is 534,000 bales less than Sept. 2nd. Nearly the entire belt is infested with boll weevil leaf worm or boll worm. The effect of the boll weevil and leaf worm upon the final yield is not easily determined early in the season. Bolls which appear safe this week may prove ruined next. Immature bolls never fully mature when the leaves are stripped from the stalks before they are grown. This lessens the yield and length of fiber. The damage by these two insects may be expected to continue as a surprising factor through the season. A 10,000,000 bale crop, or less, should not be a surprise.

The serious question arising, and now being considered by cotton consumers, is "where will the supply of raw cotton come from?" English spinners now in the United States to attend the New Orleans Conference, say "The South made a great mis-

take in reducing the acreage. That English spinners want 4,000,000 bales of this crop for their own use." English spinners are furnishing German spinners cotton to spin into yarn, on commission, and need 2,000,000 bales for that purpose. The mills of the United States want 7,500,000 bales, and Japan and Canada at least 1,000,000 bales. Neutral nations having plenty of money, want at least 1,000,000 bales. This makes 15,500,000 bales, and all want a better grade of cotton than that which was carried over from last year. France, Italy, Belgium, Germany and other countries, are in need of from four to six million bales.

Of the carry over, after eliminating the linters and unspinnable cotton, is estimated to be not more than 3,000,000 bales. Thus we have an eighteen to twenty million bale demand and a possible 13,000,000 supply. Can anyone imagine the scramble for cotton in the near future?

Be sure you're right, then go ahead to—The Best Theatre.

13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned \$11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be Christians, according to information gathered by the Baptist 75 Million Campaign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of \$11,000,000 has been apportioned from the total of \$75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of Christian work.

According to this same source of information, it is learned that there are 3,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship. Inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

There are seventy-four county seats in the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes and the like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries, and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not Christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 1,000 churches with a membership of many thousands which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor, there are in the various states a total of 19,688 churches which have preaching services only once a month, 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the \$11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the \$75,000,000 that is asked in cash and five-year pledges during Victory Week, November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

STRAIGHTFORWARD TESTIMONY

Many Colorado Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 50,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Colorado readers should take fresh courage in the straightforward testimony of a Colorado citizen.

Tom Goss, farmer and ranchman, says: "I can recommend Doan's Kidney Pills highly, for I have used them on several occasions when my back has bothered me. I have had a tired, languid feeling and on getting up in the morning, my back would feel sore and lame. I had severe headaches and a shooting pain across my temples. I heard of Doan's Kidney Pills, so I used them and they certainly gave me a great deal of relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Goss had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"No money, no prayers" will probably become a popular slogan unless the pay of the ministers of the gospel is raised. In a statement issued by Chas. A. McAlpine, a member of the national committee of Northern Baptists, nation-wide strike of clergymen is predicted unless their salaries are advanced.

Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug papoose root for her, for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

JACKSON, MISS.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very prompt relief as soon as I started to take the 'Prescription.' It cured me of my trouble and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity."—MRS. Citation by Publication.

The State of Texas: To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to summon Henry Dickson, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 32nd judicial district, to appear at the next regular term of the District Court of Mitchell county, to be held at the court house thereof, in Colorado, on the 3rd Monday in November, 1919, the same being the 17th day of November, 1919, then and there to answer a petition filed in said court on the 3rd day of April, 1919, in a suit, numbered on the docket of said court No. 3707, wherein Rhoda Dickson Plaintiff, and Henry Dickson Defendant, and said petition alleging that plaintiff and defendant were married in Mitchell county, Texas, on or about December 26th, 1910 and lived together as husband and wife until about February 24th, 1915, on which date the defendant left the plaintiff with the intention of abandonment at which time he did abandon plaintiff and has since said date lived separate and apart from this plaintiff, at no time during said period avoiced in any manner any intention whatever of again returning to and living with her as her husband. Plaintiff alleges that during the time she and defendant lived together, as aforesaid she was kind, affectionate to him, doing all in her power to make him a dutiful and loving wife, always caring for the household affairs, and that regardless of this treatment on her part he violated his marriage vows with her, and without any fault on her part abandoned her as aforesaid. That during the marriage relations between plaintiff and defendant there were born to them three children, all girls, and being of the tender age of 8, 6 and 4 years; that plaintiff has cared for said children since their birth and is still ready, willing and able to care for them.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness W. W. Porter, Clerk of the District court of Mitchell county.

Given under my hand the seal of said court, at office in Colorado this 1st day of October, 1919.

We Take Pleasure In Announcing An Early Fall Display of Ladie's Ready-to-wear, consisting of Suits, Silk and Serge Dresses, Coats, Skirts, Waists and Petticoats.

The styles are right, the materials are good, the prices are as low as could reasonably be expected; in fact, we believe you will find them lower here than elsewhere. We cordially invite you to call and inspect these lines.

We still have some Gingham at 25c, better at 30c and 35c; Brown Domestic at 20c, better at 25c and 28c; Bleached Domestic at 25c, better at 30c and 35c.

We still have some shoes we are selling at less than present wholesale prices, but sizes are broken. If you are lucky we can fit you and the children. Merchandise of all kinds is very high. The wholesale people say everything will be much higher. In spite of this you will find bargains all over the house. It will soon be school time. Bring the girls and boys in and fit them up for school. Then buy your winter's bill with the certainty that you can buy cheaper now than later.

FORT WORTH WOMAN GAINS 15 POUNDS

Mrs. Parks Feared End Was Near, But Takes Tanlac and Health is Restored.

"I actually believe Tanlac saved my life, for it pulled me up when I was nearly past going," said Mrs. Laura Parks, of 1432 N. Calhoun St., Fort Worth, Texas.

"My condition was such," she continued, "that everything I would eat caused gas to rise and press on my heart till I thought I would smother to death. After eating it would become enaused and would get so dizzy I was afraid of falling; my limbs would become numb, then again they would tingle all over like thousands of needles sticking in me. I was so nervous that I could hardly sleep, had sick headaches most all the time and was so miserable and despondent I feared my end was near."

"Soon after taking Tanlac my appetite picked up, my digestion improved and I got to eating everything I wanted. I am now strong enough to do all my housework and more, all my troubles are over, I sleep like a child and my husband tells me I am the very picture of health."

Tanlac is sold by all druggists.

NEW EDISON CREATIONS.

Maggie Teyte, "The Favorite of Two Continents," heads the list of artists featured in the all worth-while numbers on the October list of RECERATIONS for the new Edison.

Miss Teyte chose for RE-CREATION two simple, but beautiful melodies, "Believe Me If All Those Endeared Young Charms," and "My Ain Folk." Her limpid soprano voice, caressingly beautiful, makes these songs the dearer and the memories they bring the more vivid and appealing.

The mad crush experienced at Baylor University, Waco, during the first two weeks of the present term, due to lack of room and facilities for accommodating the largest student body in the history of the institution covering seventy-five years, has set the Baptists of Texas thinking seriously and prayerfully, according to Dr. J. Land values in Mitchell county are picking up, but considering the fine crop yields this year prices of land are yet cheap. The crops raised this year on much of the land would more than pay for the land on which they have been raised. If a reasonably good crop should be made again next year and prices remain high, land values are going to soar.

The Nobles came to town Tuesday morning, C. N. and P. A., editor, owner and foreman of the Kerens, Texas Tribune, expert printers and linotype manipulator. These boys are touring the west; in fact are on their way to California in their Chandler Chummy roadster. Mr. Noble dropped by the office and as soon as we found out they were printers we put their car out of commission, held them over here one day and worked them sixteen hours, which helped us out of the hole some. The boys left westward bound Wednesday morning burning the breeze and gas.

The weather is getting on our nerves. Thousands of tons of feed is rotting in the fields, young cotton cannot open, the sun refuses to shine business is at a standstill and the end is not yet in sight.

"Labor Day" is probably so-called because no labor leader labors on that day. Come to think more seriously, these men never labor on any other day.

If there is to a continuous round of increases, first of wages on the ground of the cost of living, and then of the cost of living on the ground of the cost of labor, the result will be a perpetual game of "Tag, you're it" with the public always in the role of "It." Obviously, if conditions are to be restored to a normal basis the see-saw must be stopped with one end or the other on the ground.

Joe Bailey delays his return to Texas, while the lambs of his fold are running at large and liable to attack any moment from Wolfe and his gang of blood-sucking Democrats. Joe never was a dependable shepherd.

"Cotton is headed for fifty cents per pound, basis middling. The combined fight of the spinners and profiteers of the world is concentrated in an effort to beat the price down. The American Cotton Association with one million members, with warehouses under the control of a people of the South in every county or parish in the cotton belt, revolutionize the marketing of cotton. The producer will claim right to sell his product, and will longer to be profited upon by those who have long reaped where he sown and who have brought poverty and misery.

Ferguson's For-rum is suffering with a second attack of diarrhoea of words, superinduced by over indulgence in spite at the Methodist church and the connection of the Hobbys with that denomination. The "degenerate son of the illustrious sire" becomes more degenerate as he realizes his inability to "come back" in Texas.—Wills Point Chronicle.

Land is turning in Mitchell county every day of the week, many people are coming to this section this fall from various sections of Texas and Oklahoma, and investing in our fertile land. If a man don't want to sell out in Mitchell county he had better not list his land.

The advance in the price of realty is very noticeable. Several deals have been made recently at prices which would not have been thought of six months ago. As the cotton money continues to roll in and as the people continue to come back, real estate values may be expected to continue their upward trend for many months yet.

Neither cotton pests nor political pests can put old Van Zandt to the bad. The citizens here have the reserve power to rise above every calamity.—Wills Point Chronicle.

Statistics show there are only 360,000 automobile in Texas, but we don't believe there has been a fair count. Either twice that number of buzz wagons pass our home every Sunday night, or all of the three hundred thousand double back.

New citizens are coming into Colorado on almost every train nowadays, and the population of the city is fast getting back to normal proportions again. There are now no desirable tenant houses to be had and the rush is only beginning. Truly West Texas is "coming back" with a rush.

Sunday funerals in Dallas will be discouraged hereafter by the General Pastor's association, acting at the request of undertakers and cemetery companies.

The Autrey's have tumbled into Snyder and started a new paper—The Record—and the business men are foolishly falling over each other to get in its columns. We know nothing about the Autrey's as newspaper men, but we do know that Snyder, like Colorado, is not now and has never been large enough to support two papers. The Hardy's, on the old Signal, which, by the way, is a creditable paper, have stuck out the three years drouth, often sopping cold water cornbread in cheap molasses and staying by the town through lean and fat years and now that a semblance of prosperity appears, in comes a division and puts both on the blink. The people of Snyder ought to stand by the Hardy's, for this reason, if they foster and build up the new paper they just simply double their own advertising expense and nothing gained because both papers necessarily reach the same people. We are not knocking on the new paper at Snyder, but only stating facts, well known by all, yet but few dare say so.

The Texas Republican Counselor, the official organ for the Republican party in Texas, says:

FIRST:—We complain of inefficiency, extravagance and waste in managerial affairs of government, state and national.

As a remedy we suggest a change in party management, state and national.

Here is the whole solution in a nut shell, the Democrats are in and the Republicans want in. They have been so long away from the pie counter they are getting hungry. They have no valid reason for a change, but just simply want in.

HAM SANDWICH AS A PREMIUM

The Record now offers to our subscribers Ham Sandwiches as a premium to pay up or subscribe for this great moral guide.

Everybody seems to be going daffy nowadays over something to eat, and as eating is the popular fad we do not propose to lag behind, therefore we offer a fine ham sandwich to every subscriber. This ought to catch the ladies and we expect that as soon as this announcement gets out there will be a large increase in the subscription list, though it is as big now that it keeps the management busy hustling funds for white paper.

In looking over the exchange papers finding their way into this sanctum we note that every one of them without exception, contain in every issue the startling announcement that "delicious refreshments were served." If anybody has a few friends calling on them to play cards or pass away a pleasant evening, the first thing they do is feed them. If a lodge wants to hold its membership or attract attention it proceeds to dish up a Dutch lunch or a lot of other indigestibles. If the church wants to pay the preacher his salary or put on a coat of paint, or send a missionary out to convert the wicked and devilish, the first thing on the program is to give a series of ice cream and cake socials and stuff everybody clear up to the Adam's apple with chicken and sandwiches. It is eat, eat all the time, day and night, Sunday and Sunday night, until it is a wonder the people are not all dead from indigestion. They go to evening parties and other functions and drink strong coffee and eat sandwiches, pie and pickles until they are uncomfortable and can not sleep the rest of the night, and feel like the devil all next day, but it is the fad. Therefore, bring in your kopecks and get this humdringer of a newspaper for a whole year and a fine ham sandwich thrown in for good measure to keep you from starving to death before you can get to a lunch counter or a social doings.

Some of our contemporaries are giving away automobiles, wheelbarrows, clocks and all that sort of junk as subscription premiums, but it is a doubtful method because people can't eat them. We intended to club with a number of splendid literary magazines as a premium, but after deep consideration have concluded to switch from brains to bowels, from head to stomach, feeling that the great general public would rather have a chocolate éclair or a ham and cheese sandwich to anything literary or inductive. Education comes secondary to grub. Subscribe early and avoid the rush.

Earl Jackson came in Tuesday from Fort Worth and was here only for a day, to close up the deal of selling his beautiful home at this place.

The great "American Party" appears to have died abornin'. It was too "good" to survive long in the muddy sea of politics, maybe.

The two delinquent tax lists was about all we could get up for this week's paper.

Fine lot of well bred pigs and shoats now in lot at wood yard. Get your hogs now. See Jim Dorn or Ed Dupree.

By W. Alexander Imlay

Weaving eternal figure eights through the streets of a great city in the southwest a Saturday evening crowd shifted in a human phantasmagora under brilliant arc lights. It was early winter. In the fashionable district well clad men wore new overcoats and silken mufflers. In the lower end of the city men pulled thin summer coats tightly about their necks.

Women beating their way along the thoroughfares felt the chilling wind on sleazy silk clad ankles. Children of the slums hopped swiftly along, homeward bound from errands seeking the warmth of tenements, for their chilled bare feet.

A gutter rat stood in the doorway of a cheap restaurant. The odor of frying onions and steak tantalized his nostrils. It was for the warm air that came through the open door that he tarried.

"Git, you bum," he heard. A second later the toe of a tall man's boot had forced him into the street.

"No one wants a down and outer," the sniffling thing moaned as he slunk away.

Women of the street passed him with a leer. A "down and outer" was the last thing on earth they sought. What they wanted was money for food and warm quarters. The "rat" could supply neither.

A swinging light in the street ahead drew his attention. Upon coming close to it he spelled out "W-E-L-C-O-M-E."

"Ha! Ha!" he laughed cynically, but he entered.

Next morning the "rat" was no longer a rat. He had been fed and clothed. He had been bathed and given a bed. Hope burned high in his heart.

Through the offices of his new friends he was given work. It is useless to follow him for, of course, as in all articles of this kind, the "rat" made good.

Beaten and cuffed; scorned and unwanted he had at last come to his own.

Five years later we find the "rat" without a semblance of the thing of the gutter which had been clinging about him.

In a pleasant room, with a flower in the window, we find him reading the daily paper. A woman speaking in soft tones is lulling a child to rest.

Outside the wind howls. A cow bawls in the stable at the rear of the lot on which the cozy home is built.

The one time down and outer is moving up. He has a wife and child. He owns a home. He has a cow.

"We must make some steps to issue our child the surroundings of Christianity," the wife tells the one time thing of the gutter, after the child is sound asleep in its crib.

"Well, what shall we do about it?" he replies.

The woman places her cheek next to his and whispers. The honest citizen is at peace. He nods his head in acquiescence.

Sunday comes with bright sparkling morning light. The honest citizen and his wife dress in their best and start for church.

It is a church of brick and stone. Glazed windows break early morning light into thousands of prismatic crystals.

The minister takes his text—"Even as you do unto others." His sonorous voice rings out in full periods. The one time child of the slums is entranced.

A great organ peels its message of life and love.

The honest citizen and his wife walk forward.

They join the church. No one knows he has been a thing of the streets and the cinderpath. That has been forgotten. But—

Many are brought to American churches each year who took their first upward step with the Salvation Army backing their effort.

House Indorses S. A. Campaign.

"Those of us who have been fortunate enough to see something of the work of the Salvation Army with the American troops have been made proud by the devotion and self-sacrifice of the workers connected with your organization. I congratulate you and through you your associates and I wish you the best of fortune in the continuance of your splendid work." —E. M. House.

In the last year Salvation Army workers visited in prisons of America 10,624 hours. 43,345 men in cells were given personal advice and prayer was said with them. Attendance at prison meetings totalled 365,769 men and women.

that at Roswell, New Mexico, recently five fire department justice men came to that city in secret and investigated the high cost of living. The citizens did not know they were there until they had obtained all the evidence they wanted. When they left the paper published the fact. Since then beef dropped from 50 cents to 12 and one-half cents per pound, and other eatables in proportion. When the evidence goes into Washington some one will likely be pinched for profiteering.—Lockney Beacon.

It is reported that secret service men were here last week, but could find no profiteering here; in fact reported merchandise sold cheaper here than elsewhere.

LIST YOUR LANDS.

Notice to Mitchell county land owners: I now have connection with a big land firm at Kansas City and can sell your farms. If you will list your farms with me at Abilene I will sell them. I will advertise these lands in the North and East and sell. Write me and list your property.

E. B. GAMEL,
 1031p Box 720, Abilene, Texas.

And now comes the news that paper has advanced two cents per pound. After the long drawn out high price of paper comes the raise of two cents. Printers will be forced to raise their prices or go out of business, for printers and publishers have been compelled to live close since the war started and wear old clothes. Not only has the price of all printing material advanced, but the price of printer labor has become prohibitive and cannot be secured at any price.

EVERY Chesterfield you light begins and ends with *satisfy*. For Chesterfields set no limit on your smoking enjoyment. Their smooth, rich, even flavor keeps right on pleasing your taste down to the last half-inch.

And no wonder.

The great buying organization we maintain in the Orient makes it possible for us to obtain the pick of the finest Turkish leaf. Experts blend these tobaccos with the best Domestic leaf; not in any hit-or-miss fashion, but by our own *exclusive* process that never varies.

And actually this process brings out hidden flavors and new delights that give to this cigarette a *satisfying* quality all its own. We don't care what cigarette you've been smoking, you'll like Chesterfields better.

FARMERS SHOULD BUY LAND.

Every Tenant in Mitchell County Could Be a Home Owner.

Why pay rent? Every farmer could be a home owner. No reason in the world why you should not own your own farm instead of paying rent. The National Farm Loan Association will buy you a farm and let you pay it out on yearly payments for 36 years at 6 1-2 per cent interest, which is less interest than any bank can let you have money for. Ben Van Tuij has an ad in this paper as Secretary of this Farm Loan Co. and he will explain the plan thoroughly. Here is the plan and it is very simple: You buy a farm, we will say for \$4,000. The Loan Co. will let you have \$2,000 cash on it at 5 per cent interest. You take the \$2,000 pay down on the land and give the land owner 2nd mortgage notes for the balance, say 4 \$500 annual notes. You pay the \$2,000 back to the Loan Co. in 36 annual payments at 6 1-2 per cent interest and principal. By buying a farm this way the land can easily be made to pay itself out and you own your own home.

TOO SHORT TO DO UP AND STILL FALLING

A little "Danderine" stops your hair coming out and doubles its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug store or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant. (Adv.)

MR. PROGRESSIVE FARMER.

April, 1883, I started Farm and Ranch. I believed then, although their number in Texas was not numerous, that the progressive farmers and livestock breeders would patronize a real farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many have become subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch, and leave it to them, and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interest of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been, at all times, clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have every man in Texas who has faith in farming in its different branches become a subscriber to Farm and Ranch.

Send me your subscription, and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately.

You who do not know Farm and Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) dollars for three years—156 copies. No subscription is taken for a less amount and time.

Please send your subscriptions direct to Yours faithfully,
 FRANK HOLLAND, Publisher,
 Dallas, Texas.

P. S.—I want a responsible, active representative in every locality. Write me for my special proposition.

LONE STAR LOCALS.

Well it still continues unsettled weather, which is very disagreeable to the farmers, as everyone is anxious to get their cotton out.

Misses Zella and Willie Harris entertained with a singing Sunday afternoon.

Misses Pearl and Florence Richardson and Annie Mae Porter spent Sunday with Miss Mae Preston.

Mr. and Mrs. Albert Land delighted the young people by giving a party Saturday night. In spite of the coolness of the weather a large crowd was present and everyone reported a very pleasant time.

Misses Eldie and Lillie Richburg were guests of Misses Zella and Willie Harris Sunday.

Mr. and Mrs. Charlie Armstrong were guests in the home of Mr. and Mrs. Preston Sunday.

Mr. Albert Mearse returned from a trip to Louisiana, accompanied by his bride, the early part of last week. They are now at home in the home of his brother, Mr. Harley Mearse.

Misses Zella and Willie Harris spent Saturday night with Miss Pearl Richardson.

Mrs. E. Brown was shopping in Colorado last Thursday.

Mr. Lee Porter returned to his home in Justiceburg one day last week after visiting home folks for a few days.

On account of the weather there were but a few of the young folks

of this community who attended the singing convention at Bauman Sunday. A number of young folks attended the party given at the home of Mr. and Mrs. D. C. Baker last Saturday night, in the Valley View community.

Mr. and Mrs. Will Martin spent Sunday in the home of Mr. and Mrs. W. H. Harris.

Mr. E. Brown left one day last week for Dallas, where he will visit the fair.

Mr. and Mrs. Frank Brane spent Saturday night with the latter's parents, Mr. and Mrs. G. H. Richardson. Miss Florence Richardson spent Saturday night with Misses Lillian and Annie Mae Porter.

Miss Edna Armstrong spent Monday with her parents, Mr. and Mrs. Preston.

Messrs. Charlie and Milton Hamilton spent Monday with Mr. Ed Preston.

Can Now Eat and Sleep in Comfort

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would wake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." Ad

The Colorado Bargain House is now on the way to open up in Colorado about November 1st with Louie Landau as head man and manager.

These people say they have a \$30,000 stock of new and seasonable goods bought, and the backing of the Sweetwater and Sherman stores will make it a strong institution. The Colorado Bargain House has asked us to say for them, (at so much per line) that they will try to be here on time and Mr. Landau asks all his old customers to wait for his coming. Already the Record has been taken to task for boosting the coming of this store. The Record has advertising space to sell and the Colorado Bargain House has bought this and last week's space and will have some kind of an ad each week until they get opened up.

The Season's Leading Style Favorites are all here in a complete showing of Autumn Wear for early buyers.

Distinction and exclusiveness, so much sought by well-dressed women, are presented at their best in the new Fall Fashions shown here. New and interesting style features will be seen in the models, fabrics, colors, and trimmings of these late style garments. Early buying is more advantageous this fall than ever, because of a possible garment shortage and higher prices later. Selection is now at its best, and what you buy now you will get a full season's use of if you get the best in quality, such as offered at this store.

The New Styled Fall Suits

Fashion recognizes such a wide variation of new effects, varying from semi-fitted to loose belted, and with suit coats ranging from finger tip to knee-length, that every type of figure has a selection of pleasingly suitable models. And these are made still more attractive by the inclusion of elaborate braiding and embroidery buttons and fur trimmings.

New Autumn Dresses

Though a slight change is noted in the silhouette of the fall styles, suggested by draped effects, strictly speaking there is no radical departure from the straight lines of the familiar American model. Simplicity in cut has its contrast in a perfect riot of brodered, braided and buttoned novelties in trimmings; while a slight departure to French ideas is seen in the lines of the returning coat dress.

New Fall Coats and Wraps

These new fall outer garments run largely to coats and coat wraps, there being but few capes, while in furs some of the new garments are cape-like in effect. The new coats are full and loose with the line of the shoulders and arm-holes ample and free. Large pockets, narrow belts, choker collars frequently of fur are largely shown. Indicating a richness in the new coats which will please the woman who seeks elegance in her fall attire.

A MUSIC ROOM IN LORAININE.

While in the market we secured agencies for two of the most popular talking Machines on the market today, the Sonora and Graffanola. Note: At the Panama Exposition the former won awards over all. Having had ten years experience in handling different kinds of Machines we feel qualified in personally recommending to you the Sonora and Graffanola. We have had built in our store a demonstrating room, nicely and comfortably equipped. Your pleasure, we hope, our gain. We wish for each family in our community a world of pleasure; part can be furnished by a good talking machine in the home, something the whole family will enjoy. We have a \$500 stock of up-to-date records to select from. Now don't be faked by buying off brand Machines. We want your business and will give you in good goods all your dollar is worth. Come in—hear the machines and be convinced. Our motto: Good goods at reasonable profits.

HUTCHINS & HALL, Druggists, LORAININE, TEXAS

Entertains.

The hospitable home of Mr. and Mrs. S. D. Dunnahoo was thrown open to a few of their relatives and friends Sunday.

This home has ever been noted for its hospitality and a place of "good eats," and since their popular niece, Mrs. Mattie Nance, was visiting with them, they decided to make the day a special one. So Mr. and Mrs. R. J. Dunnahoo and son, Mr. Alex, and daughter, Miss Kate, of Colorado, were invited over, and Mr. Chester Dunnahoo of Austin and Mr. John Hodges of El Paso were already guests in the home; Mrs. A. M. Erwin and Miss Toler of Loraine, and Mr. Henry Pond of Colorado, were the other fortunate guests outside of the kinfolks.

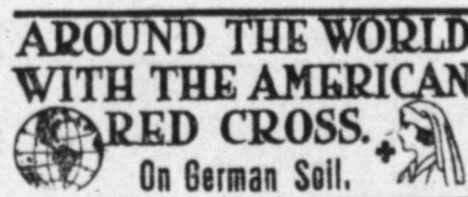

When the summons to the dining room came, all responded readily and were ushered in and seated to a most bounteous spread. A huge turkey graced the head of the table around which all the accessories that make a turkey course, were placed. This reminded one of Thanksgiving, and all were thankful they were living and there.

One of the most remarkable things about the dinner, was that most all the good edibles were home grown. For the Dunnahoo farm is one of the best and has produced wonderfully, especially of kershaws and pumpkins.

If you want to borrow money on real estate see E. N. Ridens.

Mr. W. J. Lemond of Enloe, visited his cousin Mr. W. H. Harris, the earlier part of the week, and was looking after his farm interests here. Mr. Lemond purchased the Simmons farm and has rented it to Mr. J. W. Richburg for next year.

In the City Square of Treves, Germany, headquarters of the allied military forces, an ancient cross surmounted monument marks the city's center of traffic. For this reason American Red Cross officials converted it, as shown by this picture, into a directory of all Red Cross activities in the city.

Good Players.

The boys had been playing ball all the morning on the vacant lot next door. Often there were many arguments but always they were settled and the game progressed. At noon mother reproached Tom for his part in them. "What would you think if mother would quarrel with her friends as you do?" she asked.

"But you can't, 'cause you women aren't good players," Tom explained carefully. "When you get mad over something you just resign. A good player quarrels it out and then goes back to the game like we fellows did this morning."

And the mother had no answer.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Casacaret tonight will surely straighten you out by morning. They work while you sleep.

FIRST OF MODERN PUGILISTS

Jack Broughton, Englishman, Nearly Two Hundred Years Ago, Formulated Rules to Govern Sport.

Jack Broughton, the father of pugilism, fought his first fight on July 9, 1725. He was engaged in many rough-and-tumble fights with other lads, but at that time he knew nothing of boxing, which was just being introduced by James Figg. While attending a fair Broughton was attracted by a boxing booth kept by Figg and was much incensed by the foul tactics used by a big man in boxing a much smaller one. He remonstrated with the big bruiser and an altercation ensued which had reached the stage of fist-cuffs when Figg interfered and invited the two men to the stage to settle their differences. Young Broughton, after ten desperate rounds, completely triumphed over his older, bigger and more experienced opponent. That was Broughton's introduction to the ring. After Figg's death he became champion and by formulating a code of rules to govern the game he became entitled to rank as the founder of modern pugilism.
