WOLVERINES WHIP MULLIN TO OPEN FOOTBALL SEASON

The Carbon Wolverines opened their 1965 football season here with a win over Mullin Saturday night 46 to 7.

Danny Hobbs scored the first 2 touchdowns with runs of 20 and 40 yards and Alvie Allison kicked both goals after TDs and the quarter ended 16 to 0 Carbon leading.

In the third quarter Allison passed to Norris for 20 yards for a TD and Allison converted the 2 points. Ronnie Hughes, Danny Norris and Bruce Wyatt all scored TD in the final quarter and the game ended 46 to 7, Carbon winning. Carbon plays Morgan here

Thursday night, Sept. 16. The following boys saw action in the game Saturday night: Bruce Wyatt, 163; Jerry Cook, 132; Danny Hobbs, 140; Alvie Allison, 130; Tim Warren, 150; Ronnie Hughes, 170; Ray Kanady, 140; Jimmy Nelson, 159; Danny Norris 167; Kelly Wyatt, 140; Herbert Casey, 152; Danny Williams, 154; Larry Bryant, 150; Joe Fields, 122; Weldon Kanady, 135; Ronnie Lasater, 125; Harry Glenn Justice, 113; Rickie Pack, 113.

Coaches are Dale Key and Jimmy Hughes.

Personals

Virgil Gromley and family of Tahoka visited her mother Mrs. Laura Foley, last weekend.

Dewitt Gromley and wife of Woodson visited Omar Hogan Sunday.

Lester Clark of Dallas and Jerry Metajek and family of Midland visited Mr. and Mrs. Ray Wyatt last week.

Dee Petree and wife of Seagrave and Mr. and Mrs. Clyde Hogan and wife of Albany visited relatives here Sunday.

Lee Duke and wife of Eules visited his sister and husband, Mr. and Mrs. Rufus Been Sunday.

Wade Earl Clark and wife of Plainview and J. T. Clark and family of Cleburne visited their mother, Mrs. Wade Clark, last weekend.

Mrs. Elsie Criswell and Mrs. Wade Clark visited J. T. Hamlett of Rising Star Tuesday.

Mr. and Mrs. Lou Norris visited their daughter, Mrs. L. D. Holladay, and husband in Dallas Sunday. Mr. Holladay is ill in the Veterans Hospital there.

Robert Holloway visited his daughter, Mrs. Robert Mitchell, and family of Cisco Sunday.

Mrs. H. Hall is visiting her daughter, Mrs. Athol Claborn and family of Trent. She is recovering from eye surgery she underwent in Houston recently.

Mrs. Annie Reese of Cisco visited Mrs. Susie Wharton last week.

Mr. and Mrs. C. C. Gilbert are vacationing in Colorado.

James Wood Is Route 1 Mail Carrier

James Wood who has been a teacher in our public schools for a number of years has received the appointment as Route 1 mail carrier, a position held by W. J. Greer for a round 40 years until his retirement in July 1964. Mrs. Glenn Justice has served as substitute carrier since his retirement.

Mr. Wood has resigned his teaching position here and began his carrier job Tuesday, Sept. 14. He is the son of Mr. and Mrs. Floyd Wood and his family consists of a wife and 2 children.

Mr. and Mrs. Ray Wyatt have leased the O&M Coffee Shop from Mr. and Mrs. Marvin Hays who have operated the shop for the past 8 years. Mr. and Mrs. Hays are moving to Irving where he has employment. Mr. Wyatt stated they would make some changes in the building and he and Mrs. Wyatt would start serving the public on October 1.

Mr. and Mrs. Truman Been and Mr. and Mrs. Pete Hallmark attended the quarterly meeting of the Central West Texas Postal Association in the Colonial Room of Wyatts Cafeteria in Abilene Saturday

ASCS Convention To Be Sept. 22

The County Convention, Agricultural Stabilization and Conservation Service, will be held on Sept. 22, at which time county committeemen will be elected, according to J. G. Meredith, county ASCS office manager.

Another election, for the purpose of choosing community committeemen, was held on last Wednesday.

32,000 Acres Planted in Peanuts In This County, ASCS Chief Reports

Eastland County has a potential of \$2,220,000 income from its peanut crop this year — "if we get a good rain soon" — Gilbert Meredith, local manager for the Agricultural Stabilization Conservation committee, told the Eastland Lions Club Tuesday.

His office reports that 32,035.5 acres are planted this year, he said, and with an average yield of 21 bushels (last year's yield) and an average price of \$3.30 (some higher, some lower), the net income should exceed \$2 million, he said.

Number of acres planted is up considerable from last year, he pointed out, and if

rains come, the crops should be very good.

Outlining the roles of the U. S. Department of Agriculture, Meredith said that four agencies; his office, the Extension Service, the Farmers Home Administration and the Soil Conservation Service, are represented in this county.

Describing the peanut economy here, he said there are 5,400 "patches" of peanuts with some 950 to 1,000 peanut allotments, on the some 2,454 farms. The county has some 166,000 acres of cropland, and some 347,000 acres of non-cropland. Of the total number of farms, some 950 have peanut allotments, 1,250 have feed grain allotments,

240 have wheat allotments, and only 275 now have cotton allotments.

Purpose of the ASCS is to conserve and build natural resources; to improve and protect farm incomes; to attempt to keep the supply equal to demand; and to provide food and fiber to the consumer at fair prices, Meredith said. The county has the capacity to produce some 60,000 acres of peanuts, he said.

The farm income was \$7½ million in 1963, he pointed out, and should be up in 1964 and 1965.

Jim Parks was program chairman, but Earnest Moore introduced Meredith in Parks' absence.

Tuesday's Vote Cost \$875.84

There is hope that all the action of the state senate is not as expensive as last Tuesday's constitutional amendment election.

If you were among the few in Eastland County who voted, your ballot cost the county about \$1.40, according to figures tabulated at weeks end. Had more people voted the per vote average would have been less, of course.

In all, the election cost the county \$875.84 and there were only 608 votes cast. The total cost includes \$706.50 for election clerks, \$92 for printing of ballots and \$77.34 for election supplies, bought from an Austin firm.

Box by box, here's the clerk cost: Eastland, \$78; Olden, \$55 (includes \$5 for rent of a voting site); Ranger, \$101; Carbon, \$32; Gorman, \$57; Desdemons, \$6.50; Kokomo, \$35; Pioneer, \$70; Rising Star, \$46; Cisco, \$123; Scranton, \$35; and Nimrod, \$24.

According to a report, the 59th session of the State Senate passed 783 bills and resolutions of 1,806 considered. It also presented 27 constitutional amendments for citizens to consider at special elections. The first was Tuesday; nine will be decided early in November and the other 17 will come up for vote in 1966.

Andrew Jackson, seventh president, seldom held cabinet meetings, but rather relied on a small group of advisors whom the newspaper dubbed the "Kitchen Cabinet."

CHARLIE NORRISSES OF CARBON FETED ON 59th ANNIVERSARY

Mr. and Mrs. Charlie Norris of Carbon were entertained with a surprise get-together in their home Thursday night, Sept. 9, occasion being the 59th wedding anniversary of the couple.

Watermelon and homemade ice cream and cake were enjoyed by everyone present.

Those attending were Messrs. and Mrs. Robert Henderson and J. V. Boldin, all of Su-

dan, Earnest Norris of Gorman; Lon Norris, Truett Norris and children, Art Lasater and children, Paul Norris and children, Carroll Wayne Hogan and children, all of Carbon; Earnest McNalby of Kokomo; Obie Duncan and Gary Norris and Greg, all of Eastland; and Larry Marrow.

Also present were Meses. Adeline Norris, LaJuan Rollins and Louise Dorsey, all of Eastland; and Ronnie Pack of Carbon.

Break In At Gorman Yields Assorted Loot

An assortment of merchandise was taken in a burglar of Rankins Store in Gorman Sunday night, according to County Sheriff L. E. Sublett.

Entry was by pulling a screen off a back window and raising the window, he said.

Loot included a .45 revolver, 11 wrist watches, ammunition, two hunting knives, three portable transistor radios, batteries, pair binoculars, a pocket knife, rifle scope, .22 rifle, model airplane motor and about four or five dollars in change, all carried off in a black leatherette case.

Singing At Gorman

H. A. Tyrone announces Third Sunday Singing at Gorman on Sept. 19. He suggests you go to church then bring a lunch to spread at 12:30.

Stockmen Asked To Give Animal For Rehab Sale

Eastland County stock farmers and ranchers who would like to contribute an animal — cattle, sheep, goats or horses — to the West Texas Rehabilitation Center in Abilene have been invited to contact Sam Kimmell, well known Cisco rancher.

The annual livestock sale for the benefit of the center, which serves this West Texas region, has been set for Sept. 27 in Abilene. Mr. Kimmell said that he would pickup any animals donated to the sale and deliver them to Abilene by Sept. 25.

"The Rehabilitation Center is doing a wonderful job for those who have suffered from polio and the like," Mr. Kimmell said. "A good many of our people have received treatment there and they can tell you that this is an organization that is doing a real job for us."

New SS Law To Send More Cash To County

The first noticeable effect in Eastland County of the 1965 Amendments to the Social Security Act, signed into law on July 30 by President Johnson, will be the receipt of some \$136,986 in extra benefit checks, due about the middle of September, according to R. R. Tuley, Jr., District Manager of Social Security in Abilene. The checks arriving October 3 will be in the new amounts, totalling some \$269,592 for Eastland County.

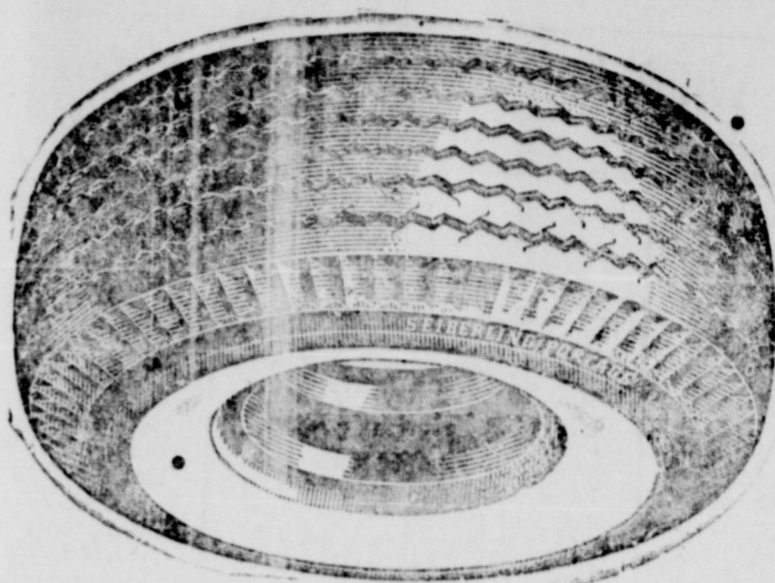

"That sum represents the 7 per cent increase in benefits for the months of January-August", he added, "and will go to some 4,356 residents of Eastland County who are now receiving monthly social security checks by reason of age, disability, or the death of a parent or spouse."

Present beneficiaries will get that increase automatically, and need not write or con-

tact their social security office.

Tuley believes the next early effect will be the securing of claims applications on behalf of unmarried students between 18 and 22 years of age who can be paid monthly benefits on the records of a deceased, disabled, or aged parent, who was insured under social security. The new law provides that these benefits will also be retroactive to January of 1965, but a formal claim will be needed as will evidence of regular school attendance. The school may be high school or college; if college, it must be either state supported, accredited by a state or national body, or its credits must be acceptable by transfer to such an institution. Those students who previously received social security benefits to age 18, will not need to prove their age again.

Dove Hunt Spans 120 Part Days

AUSTIN — Texans will have a total of 120 half days to pursue the popular sport of dove hunting this year. Many other states have only 60 full days.

The season set by the Texas Parks and Wildlife Commission provides a substantial bonus for white-winged dove hunters in the Rio Grande Valley of Texas. This year, a full limit of mourning dove is permitted in addition to the limit of whitewings.

For mourning doves, the daily limit is 12 and 24 in possession (after the first day). For whitewings, the daily limit is 10 and 20 in possession (after the first day).

Dates for the white-winged dove season which attracts gunners from as far away as New York City, are Saturday and Sunday, September 4 and 5, and Saturday and Sunday, September 11 and 12. Shooting hours are from noon to sunset.

On mourning doves, the season is the same as last year in the north zone. Dates are September 1 through October 30, and the south zone from September 25 through November 23 except in those counties having a whitewing season where it will be September 25 through November 19. Shooting hours are from noon to sunset.

Counties in the whitewing zone are: Brewster, Brooks, Cameron, Culberson, Dimmit, El Paso, Hidalgo, Hudspeth, Jeff Davis, Jim Hogg, Kenedy, Kinney, La Salle, Maverick, Presidio, Starr, Terrell, Val Verde, Webb, Willacy and Za-

Creighton Is On Law Study Group

AUSTIN — Lieutenant Governor Preston Smith announced the appointment of Senator Tom Creighton of Mineral Wells to the interim Election Law Study Committee.

The 27-member group, authorized by resolution passed during the recent legislative session will make a complete study of the Texas Election Code with a view to recommending changes which may be necessary or desirable. It will report to the Legislature in 1967.

Senator Creighton, who was president pro tempore of the Senate during the Regular Session of the 59th Legislature this year, is serving his second term, having begun his service in 1961. During the session this year, he was chairman of the Game and Fish Committee and vice-chairman of the Committee on Jurisprudence in addition to serving on the following standing committees: Banking; Counties, Cities and Towns; Finance; Legislative, Congressional and Judicial Districts;

Bobby Rivers Is New Patrolman In This Region

Highway Patrolman Bobby Chester Rivers, formerly of Brownwood, has joined the Eastland County Highway Patrol force, moving to Eastland Monday, Aug. 30.

Being a patrolman for the past five and a half years, Rivers spent the past two years patrolling in Brownwood and the three and a half years preceding, in Canyon.

He is a 1955 graduate of Rotan High School. In '57, he joined the Army, did overseas duty and was discharged in '59. During 1961, when the 49th Division, called for "filers," he was drafted, and was stationed with the Eastland-Cisco-Ranger Unit.

Patrolman Rivers and his wife, Barbara have three sons Bobby Ross 7, Bradley 2, and Bruce six weeks old. The family resides at 305 Nebbett Street.

Avery Island, near New Iberia, Louisiana, has a salt mine underground and raises peppers above ground for Tabasco sauce — hence is called the "salt and pepper island."

The Cisco Dam

The Cisco Dam, completed in 1924, is a haven for the love-lorn, the curious, the adventuresome, the dare-devil, the tourist, and bats of all sizes.

For forty years it has stood as a monument to the City of Cisco. This dam, known as the Amburson type, cost two and a quarter million dollars; quite an ambitious undertaking for a city of only 10,000 people.

The dam impounds a lake with a capacity of some 20 billion gallons of water. It is located in the scenic hilly section three miles north of Cisco, on what is known as Big Sandy Creek. In 1924 U. S. Highway 283 passed over the top of the dam at a height of 125 feet from the lowest point of the lake bed. It was computed to be one of the highest vehicular bridges in the state, as well as being the only hollow dam in the entire United States at the time of its construction.

It has three levels of catwalks. Two are still in good shape today, but the third is condemned because some of its guard rails are missing, leaving no protection at all against becoming overbalanced in the total darkness and falling many feet to backwater and what would be certain death. It is supposedly closed off to the public now and has been for some years, but the upper and the lower levels on the eastern side of dam are still open for all to walk through, day or night. The only restriction is the prohibiting of firearms and fireworks.

The foundation of the dam required an excavation of 125,000 cubic yards. The foundation rests on limestone. The dam itself is 1,190 feet in length, is 125 feet high at spillway and contained 90,000 cubic yards of concrete and 2,000,000 pounds of re-enforcing steel. The re-enforcement is designed to bear a maximum stress of 15,000 pounds per square inch with a maximum stress in concrete of 550 pounds per square inch.

The slabs which retain the water have a thickness of eight and one-half feet at the base, graduating to 18 inches at the top. Expansion joints are located at intervals of 72 feet, each joint copper flashed with a strip 32 inches wide from top to bottom. Each strip is folded and cast separately into the concrete, rendering the dam waterproof.

Below the dam there is a recreational area, centered about two concrete swimming pools with an overall length of 700 feet and a width of 300 feet. Camping and picnic area, adequate for a large or small group, is just what a party needs for relaxing after the half-mile hike round-trip through the Lake Cisco Dam.

Trees are the oldest living things.

According to the American Institute of Men's and Boy's wear, browns will be important in accessories for the next few seasons at least.

William Harrison at 68, was the oldest president ever inaugurated.

Silk was first reported in Europe in the first century A. D. as an extremely expensive fabric imported from China.
