FIFTEENTH YEAR—VOL. XV,

COLORADO, TEXAS, FRIDAY, JULY 16, 1920.

WHIPKEY PRINTING COMPANY

UNDERWRITERS WELL TO BE SHOT AT NOON TODAY

MCDOWELL WELL IS NOW INCREASING ITS YIELD

Big Spring, July 15.—While awaiting the arrival of pump machinery which is now enroute to make a test to definitely determine the production of McDowell well No. 1, of the General Oil Company, the well is swabbed occasionally to keep it in good shape and to secure a supply of fuel oil for use in their other test wells. In a swabbing test Thursday forty barrels of oil were secured in fifty-two minutes without appreciably lowering the 1000 feet or more that is standing in the well. An increasing amount of gas continues to be noticeable since swabbing has been started. A more thorough test with the swab is impossible due to the lack of storage tanks, but these are enroute and should be here by the time the well will be put on the pump.

McDowell well No. 2, 500 feet west of McDowell well No. 1, is to be spudded in within the next day or so and McDowell No. 3, 800 feet southwest, will be spudded in within the next two weeks. Material for twelve other tests on the McDowell tract has been shipped.

In anticipating the employment of a big force of men at this field the General Oil company is planning for the building of a new town, and already streets are being laid out and material for the first twenty bungalows to be erected for the workmen along the first street of the new oil field town.

On the Sand Hill test better time is being made since the formation is softening somewhat and every effort will be made to bring forth a gusher here before the big celebration August 6 and 7th.

Fishing jobs are delaying progress at the Read and Roberts tests. The drill jars of the Read test broke, making a difficult fishing job and special fishing tools must be made before the tools can be recovered. This well is now 1190 feet down. The Roberts drillers expect to make up for lost time as soon as they recover their tools.

OIL ACTIVITIES IN HOWARD AND MITCHELL COUNTIES

The following letter was received yesterday by Mr. D. H. Snyder from a prominent oil man, L. C. Denman, at Abilene.

"I understand that the Burton-Lingo Lumber Company has received an order from the General Oil Company for 17 additional rigs. The McDowell No. 2 had a boiler steamed up, and was supposed to have spudded in Saturday evening. The boiler for No. 3 was on the ground, and also the rig for No. 4.

The General Oil Co. had placed orders for 30 bungalows at the McDowell and foundations for some of the bungalows were being framed Saturday.

They also made a drilling contract with Mr. Hyman in which Mr. Hyman is giving the lease on 25 section of land in the H. S. ranch, and they are to drill four wells in the S. E. part of the county, and I understand that there is a possibility they may locate a new town on the T. & P. railroad at the Oklahoma or between Istan and ... They were at Coahoma Saturday trying to buy some land in fee, but had not met with any success on account of bad title, but I was informed that Mr. Reed offered them a very liberal proposition on some of his land located just east of the big tank. It looks like they are going to have some big doings in Howard County.

I would like to have you keep me posted on the conditions of the well at Westbrook, and if you can ascertain just when they are going to shoot the well I would be glad to know a day or two ahead of time so as to arrange and be there when the well is shot, if I can do so."

Breakdown at Abilene Delays Nitro Expert. Friday Noon will Shoot Well

On account of the unavoidable delay, occasioned by a breakdown to his automobile at Abilene, W. K. Snyder, of Ranger, nitro-glycerine expert, who was expected to arrive in time for placing the shot in the Underwriters T. & P. No. 1, at Westbrook, Thursday, the well was not shot Thursday afternoon as had been planned, from the first of the week.

J. W. Parks arrived at the well Wednesday at noon with a truck load of 600 quarts of the juice, but the loading reel for lowering the shells into the well, together with additional nitro glycerine, being delayed in the broken down car at Abilene, nothing could be done, in the way of placing the shot until the arrival of Mr. Snyder.

Mr. W. J. Vaughan representative of the New York offices of the Underwriters company, who is here to witness the effect of the shot, stated to a representative of the Record late Thursday afternoon that it was definitely expected Mr. Snyder would arrive at the well within a few hours. He estimated that the shot could be placed within four or five hours, and authorized the statement that the well would probably be shot today (Friday) at noon.

Mr. S. S. Owens, superintendent of drilling operations at the well stated that only 160 feet of nitro shells would be placed for the shot, instead of 200 feet as announced earlier in the week. The entire 160 feet will be five inches in diameter.

Several hundred spectators visited the well during the day Thursday, numbers remaining at the location until late in the hope that the belated car would arrive in time for placing the charge in time to shoot Thursday afternoon.

MOTION PICTURES,

C. J. Kalo, of Fort Worth, representing the Fox Film Corporation in on the ground at the Underwriters well filming negatives for a motion picture of activities accompanying the placing of the nitro shells and shooting the well. Mr. Vaughan stated Thursday afternoon that he planned to carry the negative with him to New York City. Mr. Kalo also shot up the streets of Colorado during the busy traffic of the noon hour, and will show the eastern folks what a live little city we have.

PLANNED TO RETURN LAST NIGHT

W. J. Vaughan and party planned to leave Colorado last night on their return trip to New York City, but will not leave here until today, on account of delay in shooting the Underwriters well. "We are here to witness the bringing in of this well," said Mr. Vaughan, Thursday afternoon, "and since the shot will not be exploded before tomorrow, we canceled all plans for leaving Colorado, until after the well is brought in."

COLD DRINK STAND

Already the advance enterprises to spring up in the oil fields is in evidence at the Underwriters well. A vendor of cold drinks has stretched his tent near the well and is finding himself busily engaged in dispensing bottled sodas to the numerous visitors.

HISTORY OF THE WELL

The Underwriters Producing and Refining Company, drill in the Texas and Pacific No. 1, now an actual producer of wonderful potentialities, has headquarters at Tulsa, Oklahoma, and New York. The company are now establishing a large suit of offices at Colorado to take care of their Texas interests.

This Company has 15,000 acres under lease about the T. & P. well, the latter being situated about one and a half miles from the east boundary of their holdings.

S. S. Owen is general manager and vice-president. He is well known in oil circles in Texas. W. J. Vaughan, one of the directors of the company, direct from the New York offices, is also on the ground. Messrs. Thompson and Lewis are the contractors, and they certainly know the drilling business.

The well was spudded in February 8, 1920, and progress has been rapid despite a number of fishing jobs. The celerity of drilling attests to the sincerity of intention of the company to get the production. The hole was started with 18-inch casing. The first oil showing was between 260 and 440 feet. The sand will be developed with the Star rig just 380 feet west of the big well. There was enough gas at that depth to make water in the 5 inch bore flow for seven weeks.

A fifty-five foot water sand was found at 350 feet. The T. & P. well went through 1100 feet of grey and blue lime and into the present producing sand at 2345 feet.

PEOPLE COMING IN

Already Colorado is feeling the forerunner of an oil development in the constantly arriving prospectors. Nearly all the big oil companies have scouts on the field, and those who will talk say it looks good to them."

The inevitable and irrepressible lease-hound is in full cry and on a hot trail. He is doing business on the curb in fifteen minutes after getting off the train. Trading among the people is carried on every day. The excitement of a doubtful production has given way to a certainty, and local people now feel assured of an oil field of no mean proportions. Of course as to the extent of the field and amount of production nothing can be determined as yet.

PIPELINE PLANNED FROM LOCAL OIL FIELDS

Preliminaries for laying a pipeline from the Mitchell County oil fields to the refining plant of the Rex Oil and Refining Co. at Sweetwater, are well under way, according to information made public Thursday by the Chamber of Commerce.

J. L. Mullins, superintendent of the company properties in this section, was in conference with a representative of the Chamber of Commerce Thursday and authorized the statement that the pipeline would be laid, it is announced.

BIG SUPPLY HOUSE

It is well known that the Republic Supply Co. at Ranger, has already arranged to put in a big oil well supply house here as soon as the well comes in. This is a big concern and will arrange to supply all the oil fields in the West.

In addition to the great amount of material arriving daily for the General Oil Company, they recently added a ten-ton tractor and a Nash-Quad truck to aid in keeping supplies moving to the new field.

THERE IS TALK OF A NEW RAILROAD

A prominent Santa Fe Railroad Official was in Colorado Wednesday looking over the situation. Of course he would not give out a word but it is well known that the dead end of the Santa Fe at Sterling City will be extended north.

This has been contemplated for several years, and now, that by passing through Colorado it will also enter the heart of West Texas Oil Production, as well as the best agricultural county, we confidently look for this improvement at an early date.

NEW CONTRACTS ARE SURE TO BE MADE

That there will be a great number of new contracts within the next thirty days there can be no doubt. We have already heard three or four that have been or will be closed by the time this appears in print. It is said that U. D. Wilfjen has a contract to develop his big ranch with a strong Company, as has also R. N. and C. P. Gary. Both these holdings are south of town. F. E. McKenzie has been on a trade to develop his big ranch down in the southeast of the County. While Dr. P. C. Coleman has a large tract in the Cuthbert neighborhood, which will no doubt soon be developed. Of course, the Underwriters will soon start several more holes as quickly as possible.

TEXAS AS AN OIL FIELD

There are more than six thousand companies and individual operators actively engaged in the search for oil in Texas alone. The big boom has just started. Billions of dollars will be spent in purchasing leases exploitation and development. The world's largest financial interests are getting together the largest money fund ever assembled for purchase and development of oil lands and leases.

UNUSUAL OIL SAND AT WESTBROOK NEAR COLORADO

Colorado, Texas—Ten miles due east of the Underwriters' test well located at Westbrook, now drilling in pey sand at 2,400 feet with a splendid showing of oil, is seething with excitement.

Curbstone brokers would make the cranberry merchant look as if he were backing up as far as activity was concerned. Leases are being turned with surprising rapidity. The story goes that one man who had leased his property three times, buying the leases back time after time and still doesn't own the leases. Abstractors are head over heels in work and are sending out the S. O. S. call for additional equipment and office help.

The Westbrook well is known as the T. & P. No. 1, and is located on what is known as the Morrison tract, eleven miles west of Colorado, and two miles north of Westbrook. This well is being drilled by the Underwriters Producing and Refining Co., of Tulsa, Okla. and New York, a subsidiary of the Underwriters Insurance Company of New York. This company has leases on about 7,000 acres surrounding the well, none of which are for sale.

In an interview with Steve S. Owens, vice-president and general manager of the Company, he advanced the information that the well is drilling at 2,400 feet and was now penetrating an oil sand 101 feet. Mr. Owens stated that this was a most unusual sand for Texas, not only as far as depth was concerned, but for the physical make-up of it, it being a very hard compact sand which made drilling a slow process. At 2,400 feet however, the sand had seemed less compact and showed signs of being considerably looser. Due to the condition of the sand there is no certainty that the oil might not begin flowing, at any time.

At the time of the interview the well stands 150 feet in oil in a ten-foot hole. The well is furnishing plenty of oil for fuel purposes and a very conservative estimate would be that it is good for 30 barrels a day the way it now stands.

Leases in the vicinity of the well are from six to seven miles distant, and are now selling at approximately \$60 down, depending on the location. —Abilene Reporter

DISCOVERY WELL at BIG SPRING MAKING 500 BARRELS DAILY

Big Spring—Swabbing of the General Oil Company's McDowell No. 1, was continued today, and the well is now claimed to be good for 500 barrels daily, with indications that it may do even better.

Several hundred barrels of oil flowed from the well during the two days swabbing.

The people of Big Spring are elated over the showing.

The well will be put on the pump within the next few days. Large storage tanks are being built to take care of the output which will be used as fuel by the General Oil Company and other drilling operators in the Big Spring field. All the big companies have representatives on the ground and Big Spring has suddenly found itself in the midst of an oil boom, with leases finding an active market.

Four additional wells are being drilled on the McDowell ranch by the General Oil Company of Houston, and eight other companies have wells down to pay sand.—Taylor County Times.

Paper files, Letter Files, Hooks, fountain pen ink, T. W. Ribbons and full office supplies at the Record office.

NOTICE TO SCHOOL POTRONS
Those who live outside the Colorado Independent School District and wish to transfer to this School should do so at once. No transfer can be made after Aug. 1. Give names and age of children to Judge J. C. Hall, and state name of District from which you are transferring.
T-20-c E. FRANK KING.

Young People Meet
The Young Peoples Missionary Society of the M. E. Church, held a business meeting with the leader, Mrs. Barcroft, Tuesday afternoon. It was decided that the study be "Stewardship." One member promised that she and her husband tithed. A letter was read from Miss Forman, the missionary who sails for Africa soon, thanking the Society for the part in the shower given for her. A time was spent sewing, and several finished garments turned in.

Honoring Out of Town Guest
John Prude was host at the Barcroft Monday, for a dinner party of six, honoring Miss Margery Colvin of Fort Worth, who is a guest here. After dinner a picture show party was also enjoyed.

The personnel of the party were, Misses Margery Colvin, Georgie Peebles, of Anson, Eleanor Thomas; Messrs. Marvin Elliott of Weatherford, Maxwell Thomas, and John Prude.

"Forty-Two" Party
Miss Elnora Dulaney entertained a number of her friends with "42" last Thursday evening. There were four tables. Ice cream and cake were served.

Mrs. Lee H. Donnell entertained at her home Wednesday afternoon with a Bunco Party, honoring Mrs. M. Lyle Holland of Amarillo, Tex. After games were played and prizes given, a delicious ice course was served with angel food cake, to twenty guests. Out-of-town guests were Mrs. M. Lyle Holland, of Amarillo.

Kings Daughters
The Kings Daughters met with Mrs. Marvin Dorn last Thursday. There was a good attendance. The Sunday school lesson was studied. An offering of twenty-five dollars was made to add Domestic science to the Wesley House at Fort Worth. Mrs. Pritchett and Mrs. McKenney were received as new members. Mrs. Lon Allmond and Mrs. Sherwin were guests. At the close of the lesson a conference on political questions was held and instructions on the qualifications of the State officers given. The hostess served two kinds of cake and ice cream.

The Baptist Meeting
The series of meetings held by the Baptists at the Tabernacle for the past ten days, are still going on. Dr. Forest Smith, pastor of the Broadway Church at Fort Worth, has brought some faithful Gospel messages. The morning services were along lines to especially develop Christians, but have always had an Evangelistic note. The night messages have been largely for the unsaved, yet there has been food for the regenerated. Personal work and the reading of the Bible have been emphasized. Every evening a report of the number of chapters which have been read by those present have been called for, and always the result is hundreds of chapters. Boys, Girls, Men and Women of all denominations have had a part in this work. Not only has Dr. Smith emphasized Bible reading and personal work, but he has brought out the great need of prayer and right living for the Christian. Many lives have been already blessed through his influence. As a visible result of the meeting several have joined by letter, and more than a dozen are awaiting Baptism.

Dinner Party
Mrs. Y. D. McMurry entertained with a dinner party at her home, Tuesday, honoring Miss Eleanor Thomas and her guest, Miss Margery Colvin of Fort Worth. The parents of Miss Margery lived here as young people, and have many friends who delight to help entertain their young daughter. The McMurry hospitality was thoroughly enjoyed and appreciated by these young people.

Central Circle
An unusually good meeting of the Methodist Central Circle was held with Mrs. W. P. Leslie Monday afternoon. A letter from the Fort Worth Wesley House was read telling of the need of domestic science room being added, and an offering was taken. Twenty-five dollars was received as dues. Mrs. Garrett was received as a new member. The hostess served ice cream and cake.

Birthday Party
Little Miss Irene Dorn celebrated her eighth birthday Tuesday, by having a group of little friends come play with her. The birthday cake, with its eight lighted candles, was the center of attraction. After playing games, ice cream and cake were served.

Mrs. Bert Wulfer and daughter, Miss Louise, are visiting relatives in Georgetown.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA—The automobile is doing much of its nation's work and doing it better than any other form of transportation.

American business has been motorized. For both short and long hauls, the gasoline truck has proven itself a thoroughly efficient form of transportation.

And no intelligent field executive would dream of tackling his job without the proper equipment—a dependable touring car or roadster.

It would amaze you to know how many lawyers, doctors, architects, contractors and specialty salesmen have adopted the Paige. These men have bought their cars for active service and they have been influenced in their selection by practical considerations only.

They deliberately sought out the car that would offer the greatest dollar-for-dollar value—and they found it in the PAIGE.

M. C. HOLT

HOLT-JONES PAIGE CO.

M. V. JONES

Married
On Sunday evening at the bride's parents, Mr. and Mrs. J. M. Green, Miss Ethel Fay Dyas and Mr. W. M. Gordan, of Dallas, were united in marriage, Rev. D. E. Hardison, pastor of the Christian Church performing the ceremony. Only the relatives and a few intimate friends were present. The bride wore a dark blue coat suit with accessories to match, and carried a bouquet of roses. Miss Pritchett was dressed in a light colored flowered georgette, and Miss Vaughan in a dark blue taffeta, and a picture hat.

The bride is the youngest daughter of Mrs. J. M. Green, and is well known and loved, having taught public school in different places over the community.

The groom holds a responsible position with the T. & P. railroad, having been with the Company for over seven years.

Miscellaneous Shower
The Young Ladies' Missionary Society of the Methodist Church, entertained with a miscellaneous shower for Miss Ethel Dyas, who was married Sunday July 11th, at the home of Miss Winnie Vaughan. The affair was a heart party and hearts of all sizes were used as decorations. The honoree was presented by Mrs. Barcroft, the Superintendent of the Young Peoples Missionary Society, as the "Queen of Hearts" and was decorated with a large heart. Two pages were presented to her. They were little Elizabeth Grantland and Erdine Morgan, dressed in white with red bows in their hair, and wearing red socks. They had red hearts all over them. They presented the gifts to Miss Dyas, which were many and a varied assortment, some personal, and many to adorn the new home and keep fresh the memory of friends and days of young ladyhood.

Toasts were given by Mrs. A. E. Soper to the Missionary Society. Miss Winnie Vaughn, the bride-elect, Miss Irma Quinney the groom, and Mrs. Barcroft the friends. Fruit ice and cake were served.

Protracted Meeting
A protracted meeting will begin at Conoway's School house, Saturday night. Rev. J. L. Wood, a former Missionary of Sweetwater Association, will do the preaching. Everybody cordially invited.

Mr. and Mrs. Worth Blume of Fort Worth, visited his aunt, Mrs. J. C. Prude, this week before sailing for China. Mr. Blume goes as a Missionary from the Methodist Church.

Mrs. Myrtle Vaughan and baby are visiting in Sweetwater.

Miss Geneva Holt has returned from her vacation and is now at her place of duty at the Colorado National bank.

Dr. Campbell Coming
I will be in Colorado Saturday, July 17, to do any practice relative to Eye, Ear, Nose or Throat. At the hospital or Dr. Root's office.
M. E. Campbell, Abilene, Texas.

Oxy-Acetylene welding of all kinds at Ford Service Garage.

ANNOUNCEMENTS

For Representative
We are authorized to announce Charlie C. Thompson as a candidate for Representative of the 121st legislative district composed of Mitchell Nolan and Fisher counties, subject to the Democratic July Primaries.

We are authorized to announce William C. Holden of Rotan as a candidate for representative of the 121st legislative district, composed of Fisher, Nolan and Mitchell counties, subject to the Democratic July Primaries.

We are authorized to announce R. M. Chtwood as a candidate for Representative of the 121st legislative district composed of Mitchell, Nolan and Fisher counties, subject to the Democratic primary in July.

For District Attorney
We are authorized to announce E. I. Hill as a candidate for the office of District Attorney for the 32nd Judicial District Composed of the counties of Mitchell, Nolan, Howard, Borden and Scurry. Subject to the Democratic primary.

For County Judge
We are authorized to announce J. C. Hall (re-election) for the office of County Judge Mitchell County subject to the Democratic primary.

For County Clerk
We are authorized to announce the name of W. S. STONEHAM as a candidate for the office of county and district clerk for Mitchell County subject to the action of the Democratic July primaries.

We are authorized to announce N. T. Smith as a candidate for the office of County and District Clerk of Mitchell County subject to the Democratic Primary.

We are authorized to announce the name of John T. Smith as a candidate for the office of County and District Clerk for Mitchell county, subject to the July Democratic primaries.

We are authorized to announce the name of E. O. (Ocy) Green, as a candidate for the office of County and District Clerk for Mitchell county, subject to the July Democratic primary.

For Sheriff and Tax Collector
We are authorized to announce W. J. Chesney as a candidate for re-election to the office of County Sheriff and Tax Collector, subject to the Democratic July Primaries

We are authorized to announce the name of J. W. KAY for the office of Sheriff and Tax Collector of Mitchell County, subject to the action of the Democratic primary in July.

For Tax Assessor
We are authorized to announce John B. Holt as a candidate for re-election (2nd term) to the office of tax assessor for Mitchell County subject to the Democratic primaries.

For Commissioner
We are authorized to announce U. D. Wulfjen for the office of County Commissioner Precinct No. 1. subject to the Democratic primaries.

We are authorized to announce Ether Barber for re-election to the office of County Commissioner Precinct No. 3.(2nd term) subject to the Democratic Primaries.

We are authorized to announce Geo. E. Goodwin as a candidate for county commissioner Precinct No. 2. subject to the July primaries.

We are authorized to announce the name of W. G. Sweatt, for County Commissioner Precinct No. 2. subject to the July Primaries.

We are authorized to announce H. A. Lasseter as a candidate for the office of County Commissioner Precinct No. 2. (Westbrook) subject to the July primaries.

We are authorized to announce the name of J. H. McCullough for commissioner Precinct No. 3 (Spade) subject to the Democratic Primaries.

For Public Weigher
We are authorized to announce E. Mabry Smith as a candidate for public weigher (Colorado Precinct No. 1.) subject to the Democratic primaries.

We are authorized to announce N. T. Womack as a candidate for public weigher for Precinct No. 1. Colorado, subject to the July primaries.

We are authorized to announce the name of J. M. Helton as a candidate for the office of Public Weigher Precinct No. 1, Mitchell County, subject to the July primary.

You can order a pint or quart of fresh sweet milk from Broadus & Son. Tilley the Milk Man supplies them every morning.

THE VICTORY MEDAL

War Department Now Issuing Medals to All Ex-Soldiers

The Victory Medal is a beautifully designed medal which is being issued to all ex-soldiers as a mark of appreciation of their service in the World War. If you were in the Army in any capacity between April 6, 1917, and November 11, 1918, and your service was honorable, you are entitled to it. To get it send your discharge certificate to the Army Recruiting Office, 1514 Main Street, Dallas, Texas. The officer in charge will make out your application for you and return your discharge certificate by registered mail.

It will simplify matters very much if you will send in your original discharge. It will be handled carefully and returned to you by registered mail. However, if you do not wish to trust it to the mails you can write to the Recruiting officer for special blank form on which an exact copy of the discharge may be prepared. He will send you the blank form requested with instructions how to fill them out. When you apply for this form be sure to give your RANK AT TIME OF DISCHARGE.

If you are the next of kin of any person who died in the service or since discharge you may make application in the same way and his medal will be sent you. By next of kin is meant the following, in order who is living: wife, eldest son, eldest daughter, father, mother, eldest brother, eldest sister. In all correspondence with the Recruiting officer about the Victory Medal, mark your envelope "VICTORY MEDAL."

When you send in your discharge be sure to give your full and correct address so that your Discharge Certificate can be returned and your Medal sent to you.

FARMERS SHORT COURSE TO BE HELD AUGUST 2-4

Information has been received here recently about dates character of the work, entertainment, and equipment of the Farmers Short Course, which will be held in College Station August 2 and 7. For the benefit of the people of this section who are contemplating attending this course we give the following general information. The Short Course is planned to meet the needs of men, women and boys and girls who desire to farm on a better basis, to make farming more profitable.

Work will be offered in agricultural husbandry, etomology, etc. Arrangement has been made to give work in home economics, especially adapted to the needs of girls and women.

There will be song services, musicals, moving pictures bathing, etc. for the entertainment of the pupils. The equipment includes machinery, livestock, creamery, orchards, etc. Students will be charged \$1.25 for a three-meal ticket and 50c per day for lodging.

Railroad rates will be offered at a far and one-half rate on the certificate plan.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation, as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

SANTA FE MAY EXTEND

We have it on good authority that the Santa Fe people have secured large holdings close to the McDowell Oil well No. 1, 32 miles west of here.

The fact that the McDowell well is near the logical right-of-way of the Santa Fe between here and Big Spring, it is predicted that the line will be built out of here in the near future in order to reach a supply of much needed fuel oil.—Sterling Record.

If this logic holds good, Colorado is sure to get this Santa Fe extension for this selfsame railroad man has been here the past ten days acquiring leases and has intimated the road will be built slapdab through Colorado to connect up with Snyder.

You can get any kind of battery recharged, repaired or rebuilt at the City Garage.

GRAIN CROPS OF OKLAHOMA WILL BE LARGE

Oklahoma City, July 14.—The Oklahoma 1920 wheat yield will be in excess of 36,000,000 bushels, it was stated at the office of the State Agricultural Department, following information collected by the department. Conditions of the wheat at harvest time was 84 per cent. The crop will grade No. 2 and better, and in many instances is testing 60 to 64 pounds to the bushel.

Corn acreage is increased 5 per cent over last year, and the condition at this time is 90 per cent.

The oats yield is estimated at 41,345,000, the condition of which at harvest time was 87 per cent.

The estimate on cotton is 953,000 bales of 500 pounds each.

All crops so far have been saved in excellent condition. Rains of the past 24 hours in the northern and western parts of the state have helped corn.

SPECIAL NOTICE

There will be a big basket dinner spread at Shepherd school house on Sunday July 18th with singing all day on the ground. A cordial invitation is extended everybody to attend and enjoy the day's program.

FRONT CELL CAMPAIGN FOR DEBS IS BEING PLANNED

Chicago Ill., July 14.—A 2-front cell" campaign is planned by the Socialist Party for Eugene V. Debs, its presidential nominee, according to William M. F. Figenbaum, director of publicity for the national campaign. Mr. Figenbaum said today the party intends to send some prominent socialists to Debs prison every month. What Debs has to say will then be distributed by the campaign committee.

FOR SALE.

The Jake Maurer Home in West Colorado is on the Market.

This is one of the best and nicest and well improved homes in Colorado. Located about one block northwest of the court house. Lot 150x200, highly improved, with plenty of extra large shade trees and all kinds of shrubbery. In the center stands a modern well built home of four 16 ft. rooms, well arranged, with nice porch completely surrounding the house. A splendid well and windmill with two large tanks and water piped all over the place. A good, extra large underground cistern. Well appointed out-houses and all modern improvements making this one of the best little homes in Colorado. This place has an up-ground tank or swimming pool, five feet deep, and 30 feet wide, well stocked with fish and shaded with large cottonwood trees—an ideal place. The trees and shrubbery and water is worth \$2000 to the place. There is also a good barn, lots, and well arranged garden plot.

I have decided to sell, and any one wanting a place of this kind, it will pay to come and see it and get the price I am asking.

Write, wire, phone or see me at the place any time. **JAKE MAURER.** Colorado, Texas

Citation of Appointment of Temporary Guardian

THE STATE OF TEXAS—To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

The State of Texas:
To all persons interested in the Welfare of Jewell Costin, Janyce Costin, Berry Costin and Ruth Costin, Minors; Mrs. Allie Callaway was by the County Court of Mitchell County, Texas, on the 23rd day of June, A. D. 1920, duly appointed Temporary Guardian of the person and estate of said Minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in Sept., A. D. 1920, the same being the 6th day of Sept., A. D. 1920, at the Court House thereof in Colorado, at which time all persons interested in the welfare of said Minors may appear and contest such appointment if they so desire.

Herein Fain Not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, this, the 23rd day of June, A. D. 1920.

W. W. PORTER,
Clerk County Court Mitchell County, Texas. 716C

GETS THE PUP

Bill Kellis, down at Sterling, gets the pup. Quite a number of fish stories have been told here lately, but Kellis in the Sterling City Record this week takes the pup without any question. Hear him:

Landed a Big Fish

Last week a party composed of Mr. and Mrs. Jim Hodges, L. C. Hodgas, Chester and Mr. and Mrs. I. M. Springer, while camped on the river a few miles below here, caught a 25-pound catfish. In preparing the fish for the frying pan, a pair of pliers about five inches long was found in the stomach of Mr. Yellow Cat. It is supposed that someone dropped the pliers in the water and the fish supposing it to be something good to eat, proceeded to swallow it.

This may sound a little "fishy" but we can vouch for the truth of it. We know all the parties and they are perfectly reliable.

Lowe's

Cost of Barn Paint

A new way to figure it

Take a pencil and paper in one hand, and put down the cost per gallon. Take a brush and a half pint can of any paint. Now paint the side of your barn as far as the paint will go. Then measure the space, and mark it down.

Now take a half pint can of Lowe Brothers' Barn Paint, and do the same thing. In doing it, compare the ease with which Lowe's spreads on, and how thoroughly it covers. Take particular notice of how you can brush it out so much farther than the other paint.

Now measure the space Lowe's covered. Compare it with the other.

Then consider the reputation of Lowe's, with its half a century of paint making back of it, to back it up. After which, if you don't paint all your barns with Lowe Brothers' Barn Paint, it will be because of some reason all your own, that you don't want as good a paint as your money will buy.

Come in and get a color card. It's free.

PAST PERFORMANCES IN OHIO

The contest between Governor Cox and Senator Harding to carry Ohio is bound to be one of the most interesting political contests in recent years, not because of the mere fact that they both live in Ohio and are native sons of the Buckeye State, but because of the past performances of Democrats and Republicans in the State since 1912. It was in that year that the careers of the two men crossed for the first time, and it was in that year, because of the Bull Moose split, that Ohio appeared in the national Democratic column for the first time since the organization of the Republican party.

In 1912 Mr. Cox appeared as the candidate of the Democratic party for Governor, and Mr. Harding was the candidate of the Republicans for the same office. The Republican party was split in two, and Mr. Taft, also of Ohio, was the Republican candidate for President. Mr. Cox was elected, his vote being 439,323, Mr. Harding received 273,500 votes and the Progressive candidate 217,903. On the face of these returns it is reasonable to suppose that if there had not been a Progressive candidate Mr. Harding would have been elected. But there is a significant aspect of the returns which should not be overlooked in the fact that whereas Mr. Cox ran ahead of the Democratic National ticket by 16,000 votes, Mr. Harding fell behind the Republican national ticket by 5,000 votes and the Progressive candidate for governor fell behind Roosevelt by 12,000 votes.

Two years later, when most of the Progressives had returned to the Republican party, these two men came before the voters again. Governor Cox was a candidate for re-election, and Mr. Harding was the Republican candidate for United States Senator. Governor Cox was defeated by a Republican plurality of more than 30,000 and Mr. Harding was elected to the United States Senate by a plurality of more than 100,000. These figures would indicate that both men were strong with the people personally.

In 1916 another Presidential election came on, and again Governor Cox was a candidate for Governor. The Republican and Bull Moose parties had been reunited and there were no Progressive Candidates for either State or National Office. President Wilson carried the State by 90,000 votes, and Governor Cox was elected by a vote of 566,201 to 535,346. The National ticket this time polled approximately 60,000 votes more than Governor Cox.

Then came the Congressional elections of 1918 and Governor Cox appeared as a candidate for the fourth time this time asking for a third term. He was elected by a plurality of 11,000 votes. Senator Pomerene, also a Democrat, was a candidate for re-election in the same election. He was elected over his Republican opponent by a vote of 570,000 to 535,346, a plurality of 35,000. But at the same time fourteen Republican Congressmen and only eight Democratic Congressmen were elected.

Summer Complaint in Children

There is nothing like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer Complaint in children. It is far ahead of anything I have ever used for this purpose."

WARNING!

The opposition realize that Pat M. Neff has the race for Governor won, and they are beginning to circulate campaign lies, and will continue to do so, and we hope that his friends will take care of the situation.

There is no better, cleaner, or more capable man in Texas than Mr. Neff. Nacogdoches County is overwhelmingly for him and during the few remaining days before the primaries, we earnestly request that his friends in every section of the County be on the look-out for all tricks and schemes.

Respectfully,

Pat M. Neff for Governor Club,
Nacogdoches County, Texas.

Don't you hear that saw-a-hummin'? That means plenty of wood blocks—Jones pays the freight—S. D. WOOD

NEVER INTENDS TO BE WITHOUT IT

Ball Restored to Health Four Years Ago by Taking Tanlac—Good Effects Continue

"I was entirely relieved of my troubles four years ago by Tanlac and have enjoyed the best of health ever since," said Edward Ball, a well-known farmer who lives on Route 3, Box 8, Duluth, Minn.

"For two years I had the worst sort of stomach trouble and rheumatism," continued Mr. Ball, "what little I managed to eat would sour on my stomach and I was so nauseated after nearly every meal I could not retain a thing. I would suffer terribly from gas and, to add to my other troubles, I was taken with the rheumatism in my legs and knee joints and got in such a bad fix I could hardly get up and down."

"After trying a lot of other things which did me no good I started taking Tanlac and, believe me, I soon felt like a new man. My appetite came back and I could eat anything I wanted without it hurting me the least bit. The rheumatism left me entirely and, as I stated before, although this was four years ago I haven't had a trace of bad health since. I always keep Tanlac in the house and once in a while take a little, for I believe it will keep anybody in fine condition and I am always recommending it to someone."

Tanlac is sold in Colorado by W. R. Charers.—Adv.

CHINA GROVE NOTES

(Delayed from last week)

Farming is the topic of the day—crops are good, but a little rain would be appreciated.

Little Vida Lee was accidentally shot and seriously wounded one day last week. The doctors say there is hope for her, and her many friends trust she will speedily recover.

M. Huston Webb and Miss Sadie Hunt attended Singing at Valley View last Sunday.

Rev. W. D. Green will fill his regular pulpit next Saturday night and Sunday, and everyone is cordially invited to attend.

Mrs. Lee Drake and Mrs. R. D. Hall visited Mrs. S. R. West, Sunday.

Mrs. George, of Sweetwater, is visiting her daughter, Mrs. Arnold Webb, this week.

Mrs. Lottie Mae Brown is suffering a misplaced ankle this week, caused by a fall while fishing in the Colorado river. She says she is "off the fish-game" for awhile.

Chamberlain's Colic and Diarrhoea Remedy

This remedy always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

BOLL WEEVILS ATTACK EAST TEXAS COTTON

Dallas Texas.—A general alarm that boll weevil is seriously damaging the East Texas crop was sent out recently by the East Texas Chamber of Commerce.

The Chamber urged that precautionary and eradication measures by farmers be taken.

NOTICE TO COAL USERS

The railroads have asked for an increase in freight rates of 30 per cent, which means about \$1.35 per ton on coal. You better get yours now before this rate is granted, and save \$1.30 on every ton you buy.—O. Lambeth.

Rich-Tone Is a Friend of the Weak

"It Has Made Me Strong and Well Again."—Says J. R. Martinez.

He writes: "Rich-Tone is a wonderful remedy for people who are over and lacking in vigor, and all those who desire to gain strength and energy should take this truly famous tonic. It has given me perfect health, and cured me of ailments from which I had long suffered."

Take RICH-TONE and gain new energy

Not one penny will Rich-Tone cost you, if it doesn't prove of genuine worth in treating your case.

You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, peaceful sleep, powerful and quiet nerves—if doesn't dispel that tired feeling and build you up, then Rich-Tone will free to you—without cost to you—any other remedy.

You owe it to yourself to try this marvelous remedy. You owe it to your family and friends to be strong, healthy, bright of eye, brisk of body, rosy of cheek, able to go about your work with a smile on your face.

Try Rich-Tone entirely at our expense. Get a bottle today on our money-back guarantee. Sold and guaranteed by—

THIRD PARTY GETS READY FOR DRIVE

AMALGAMATION AT MEETING THIS AFTERNOON IS OBJECT AT MEETING

PLATFORM GIVEN OUTLINE

Free Speech, Free Press, Referendum on Wars and Other Subjects Included in Party Document.

Chicago, July 13—A new political party will be formally launched here this afternoon.

The National Convention of the Committee of Forty-Eight and the Labor Party Conventions each, amid scenes of enthusiasm, voted unanimously to amalgamate and meet in joint convention at Carmen's hall at 2 p. m. to complete plans of organization and finally adopt a platform.

Candidates for President and Vice-President will be nominated at a joint session called for 8 o'clock tonight.

Already unanimously agreed on a platform, with the acceptance of three planks through the action of the conferees, the way was paved for the conventions to merge by the action of the joint committee on political procedure in making details of amalgamations. Both conventions went into a frenzy of applause when the news was received that the other had voted to join.

The Committee of Forty-Eight acted first and was followed in short time by the Laborites.

The acceptance which the Committee of Forty-Eight made to the suggestions by the Labor Party included reservations regarding the nationalization of mines, the Plumb plan and the capital tax levy.

MORRISON HOTEL, Chicago, July 13.—Senator Robert M. LaFollette will not accept the Presidential nomination by a new party unless the various groups holding sessions here form a coalition and unite their forces in a permanent organization.

Morrison Hotel, Chicago.—The convention of the Committee of Forty-Eight tonight authorized its conference committee to negotiate with the American Constitutionalist party. Earlier in the day the Constitutionalist party had extended an invitation to the Committee of Forty-Eight to negotiate with a view to consolidating the two organizations for a third party.

Former Governor Ferguson discussed with the National Executive Committee of the American Constitutionalist party, the possible merging of the American party of Texas with the American Constitutionalist party.

Third Party Conventin Hall, Chicago.—A new political party, lusty, though as yet unchristened, came into being here today.

Minus many of the political group units which it was hoped would come into the party organization at the last moment, the parent of the party, the Committee of Forty-Eight, presented the new party, in convention assembled, with the avowed purpose of capturing for itself the Presidency of the United States next November, together with all other National offices that the country offers.

Ford and LaFollette
The name of Senator La Follette was probably the greatest in evidence, that of Henry Ford as a close second. Just before the call to order, it was learned that Senator LaFollette at Madison, had made a statement in which he said his acceptance of the nomination, if it were tendered him, would depend on the assured permanency of the Third Party movement.

The boom for Henry Ford appeared to gather strength hourly. It was declared by the Michigan delegates, who came to the convention unofficially instructed for the Detroit auto-

mobile manufacturer, that he would be glad to accept the nomination if it is offered him, and that he would "Make a red-hot campaign to win in November."

Walsh Also Mentioned
Indications from the talk of the delegates were that the nominating, unless some unforeseen event occurred, evidently will narrow down to a contest between Ford and Senator LaFollette, with Frank P. Walsh the third strongest contender.

Chicago, July 13.—Official sanction was given today by the American Labor party at the first session of its national convention, to the informal negotiations in progress for an amalgamation as a third party with the groups represented at the convention called by the Committee of Forty-Eight and in session at the Hotel Morrison.

At these conferences, efforts were made to reach an agreement on the points on which the two conventions are at variance. These points are:

The name by which the new party shall be known.

Its platform.
The question of the name of the new party is regarded as of great importance by the laborites and of minor consequence by the Forty-Eighters. The labor representatives are inclined to insist that the name of the party should indicate plainly that union labor men and women compose a large part of its membership.

May Compromise on Name
The Forty-eighters are inclined to believe that the word labor in the name of the new party might drive away the farmer vote and those of others who are not particularly fond of labor unions.

One that has been suggested is that the name of the party should be different in the various states of the Union.

For instance, there is a possibility that in North Dakota, where the Non-partisan League, which is affiliated with the Forty-Eighters carried the Republican primaries, that electors who will vote for the third

party candidate for President will be designated as Republicans on the official ballot.

Names in Other States
The situation in the state is somewhat similar to that in California in 1912 when the Roosevelt-Johnson elections were in the Republican organization, the Johnsonites controlling the Republican machinery in the state.

Still Talk LaFollette
It was impossible, however for the committee to reach any agreement upon any plank in the platform, as the platform is before the conference committees. There are no new developments in the Presidential nominee situation. Senator LaFollette retains his undisputed lead for the nomination.

The Labor party is still entertaining hopes that if they accomplish what they aim in Chicago they will receive strong reinforcements from the ranks of the major parties, including several United States Senators.

Those who are mentioned as likely to jump to the third party it it develops strength are Senator Borah of Idaho and Senator Borah of Maryland, among the Republicans, and Senator Reed of Missouri, and Senator Owen of Oklahoma among the Democrats.

The Forty-Eighters are not considering aid from Bryan. His insistence upon making prohibition a national issue makes him an undesirable recruit from their standpoint and they are counting upon a labor vote which he might drive away.

The Forty-Eighters position on the liquor question is that it is a minor one and should not be injected into the national campaign.

In spite of the fact that William R. Hearst has been suggested a possibility for the Presidential nomination third party groups that his newspapers will support the third party, will be guided by business rather than political reasons.

"Palmer will have to go before (Continued on Page 12)

We Beg to Announce The Opening of Our New House In Sweetwater

RAINFALL FOR COLORADO FOR LAST FOURTEEN YEARS
This record is made from the Government Gauge, now in charge of, and accurately kept, by E. Keathley. He can give you any other information.

Table with columns: Year, Jan, Feb, Mar, Apr, May, Jun, July, Aug, Sep, Oct, Nov, Dec, Total. Rows for years 1904 to 1920.

Dr. P. C. Coleman, president of the Chamber of Commerce, is authority for the statement that the cotton crop produced in Mitchell County in 1919 was worth in the aggregate an amount equal to \$700 for every man, woman and child in the county, and his prediction is that the present year will witness the breaking of that record in the matter of cotton production, along with the many other staple agricultural products of the County.

This has been a nice damp spring in Kansas, but they do say as how, in Western Texas, it has been so danged dry that the natives followed their usual order of procedure—first praying for rain; second, writing to their congressman about it; third, cussing until they were black in the face, and winding up by setting of jolts of dynamite in a futile effort to make the skies "give down."—Cappers Weekly.

CONDITION OF TEXAS COTTON CROP GOOD

The crop reporting board of the bureau of crop estimates of the U.S. department of agriculture, estimates from the reports of the correspondent and agents of the bureau that the area of cotton in cultivation this year 11,356,000 acres, as compared with 11,025,000 acres, the revised estimate of acreage in cultivation a year ago, being an increase of 331,000 acres or three per cent.

The condition of the growing crop on June 25 was 71 per cent of a normal condition, as compared with 60 on May 25, 69 on June 25, 1919, and 81 the average condition for the past ten years on June 25.

A condition of 71 on June 25 forecasts a yield of about 135 pounds and a total production (allowing 1 per cent from planted area for abandonment) of about 3,173,000 bales. That is, the final out-turn will probably be larger or smaller than this amount according as conditions hereafter are better or worse than the average conditions.

The disposition from the start was to plant a largely increased acreage and for a time it was thought that the increase would approximate that of the year of 1913, when it exceeded

twelve million acres. For several years past, extremes of unfavorable weather influence at time of planting has greatly curtailed the acreage, such as drouths in the west and south portions, and the excessive rainfall of last year in the eastern half of the state. This season planting was unusually delayed on account of a protracted spring drouth and failure of seeds to germinate under abnormally low temperatures, necessitating frequent replantings. Finally an abandonment of much late planted cotton because of excessive rains at a period when labor was inadequate to free it of grassiness. The result is an acreage only three per cent in excess of last year's low acreage.

The condition is greatly improved over that of a month ago. The weather, except for the beginning, has been generally favorable for growth and development. While there are several sizes of the plant, according to replantings, under influence of heat and abundance of moisture, much of the lateness has been overcome. Now that the chopping season is practically over the labor shortage experienced at one time has been relieved and under the use of improved machinery for cultivation, which is in general use, it is believed that no difficulty will be experienced in this particular until the picking season when undoubtedly more labor will be required.

The best conditions are noticed in the northwest, west and south districts. Boll Weevil are present in many parts of the south half of the state, but are not attacking as much as feared, being largely controlled thus far by agricultural methods, and calcium arsenate for dusting the plant.

Have you noted that the residential district of this city is, perhaps, the most attractive to be found in any town in West Texas in the appointment of shade and ornamental trees and shrubbery and well-kept lawns. Almost any home on the North Side is an example of civic attractiveness because of these.

It is true that the present outlook for good crops in this county is never more promising, even though the crops be late, on account of unfavorable conditions for planting in the early Spring. Mitchell County already occupies an enviable place among the banner cotton counties of the State, and with the coming of more farmers and the placing of additional acres of virgin land under cultivation, will come the realization of the distinction of being the Banner County.

If the City of Colorado should fail to maintain a live commercial organization it would permit the existence of a deficit charged directly to the financial, civic and social welfare of the community. Get behind the Chamber of Commerce and the Chamber of Commerce will get behind you.

The Record received a letter this week from a prominent oil man at Titusville, Pa., which says, in part: "Enter subscription to your paper beginning July 2nd. I am very much interested in the newspaper reports of the oil development of the Underwriters' Producing & Refining Company near there. I want to keep in daily touch with developments as you record them. I observed from one of your reports regarding oil developments that you were going to record only actual facts and conditions. This is certainly gratifying, not only to one connected with the Co. but to all interested in oil, as the news that oil men want is actual conditions, not overdrawn in the least, strictly authentic."

The Texas Democratic primaries are only a little over two weeks off. The campaign has been singularly free from fireworks and pep, and it would be impossible to predict the successful gubernatorial candidate. In all probability there will be a runoff. Messrs. Neff and Thomason have been the hardest campaigners and covered more territory than Messrs. Bailey and Looney.

We present Judge William Pierson of Hunt County for Associate Justice of the Supreme Court. adv.2-tp

Kodak Films.—W. R. Charters.

The small-boy ruffianism in Colorado is getting to be intolerable, and, much as we deprecate mob law, the individual citizen will be obliged to take steps to protect himself.

One night this week during the picture show, some ruffian kids throw a rock from the alley-way between the picture show and the bank building, and came near hitting two men standing across the street, and we are reliably informed that this throwing of stones at passing cars is of nightly occurrence.

If there is no protection to be afforded from this ruffianism, we should soon know it.

Many Young Men and Women Offer Themselves For Christian Service

Southern Baptists Will Have Ample Working Force for New Program—Campaign Hopes to Strengthen Local Churches and Win 2,500,000 Lost to Christ During Next Five Years.

Group of Young Women Volunteers, Preparing Themselves for Special Christian Service at Baptist Women's Training School, Fort Worth, Texas.

Probably the most encouraging development that has come to the Baptist 75 Million Campaign, so far, is the large number of young men and women throughout the South and Southwest who have volunteered their services for special Christian work wherever God may need them. A special day was set apart in the Baptist schools and churches for "calling out the called," when it was expected to secure a minimum of 5,000 volunteers for special Christian service, this number being necessary, it was held, if the enlarged program of the campaign was to be carried out. Returns from these services are still coming in with the prospect that the number will reach at least 7,500.

These volunteers will enter the ministry, go as missionaries, Christian doctors, nurses and teachers to foreign lands, labor in the homeland for the advancement of the kingdom of God or serve in any special capacity where they feel the Lord directs them. Baylor College, Belton, Texas, an institution for young women, led the list of schools with 430 volunteers; Besse Tift College, Forsythe, Ga., responded with 248; Louisiana College, Pineville, La., 93; Southwestern Theological Seminary, Ft. Worth, Tex., 83 for the foreign field alone; Oklahoma Baptist University, Shawnee, 57; while similar responses came from numerous other institutions in the various states comprising the territory of the Southern Baptist Convention.

Prominent among the many interesting accounts of the special services held in the churches was a report from Rev. E. Allison, a Baptist minister of Etowah, N. C., who, now in his eightieth year, looks back over an active ministry of sixty years, practically all of which has been spent in the vicinity which he is now serving. Mr. Allison has the unusual distinction of having baptized 5,526 persons and at least 100 additional converts under his ministry have been baptized by an assistant pastor since Mr. Allison's health has not been good, due to his advanced years. When this aged minister of the gospel presented the call for volunteers for special Christian service in this campaign, three young men, all of whom were converted and reared under Mr. Allison's ministry, responded for the ministry themselves, one of them being his nephew.

But the campaign hopes to enlist a large number of Christian workers other than those several thousand who will give themselves entirely to special religious work. The campaign hopes to enlist 2,000,000 additional pupils in the Sunday Schools of the South and Southwest; win 2,500,000 additional souls of this section to Christ during the next five years; bring the Baptist church membership in the South to 5,500,000 and enlist all these in all forms of church work; increase the number of Baptist churches in the South to 40,000, and enroll 40,000 young men and women in the denomination's schools where they will prepare themselves for lives of Christian usefulness in their communities or for service in any part of the world where they may be needed.

While it is the hope to raise \$75,000,000 to be invested in the larger program of Christian service which gave the campaign its name, raising the money is only one of the objects sought. Baptists are being implored to give themselves and all of their talents as well as their money to God, Director Scarborough announces.

WESTBROOK ITEMS
J. T. Candler of Dallas, is here looking after business and visiting relatives and friends.

Mr. and Mrs. Elisha Laughley and daughters, Hazle and Annie Jack, of Abilene, spent Sunday and Monday with Mr. and Mrs. J. Langley.

Mr. and Mrs. I. C. Sheffield have returned from Teague, where Mr. Sheffield has been in search of health.

Mr. and Mrs. J. J. Moore entertained Saturday night with an ice cream supper. Games and music, interspersed with merry chats, were the diversions of the evening.

Guy Hooks, after spending several weeks with his sister, Mrs. E. V. Bell, returned to his home in El Paso, Monday.

Mrs. Agnes Snyder, who has been visiting her parents, Mr. and Mrs. McKenney, returned Monday to her home in Oklahoma.

J. R. Oglesby made a business trip to San Angelo last week.

The Methodist meeting will begin Sunday morning, July 18th. Rev. Ben Hardy of Big Spring, will be in Monday to assist the Pastor, Bro. Terrell.

New Grocery Store Dorn & Bean

We have bought out I. Colishman in the Lasker Block, opposite the City National Bank. We will open up a first class grocery store, and give absolute satisfaction or your money back.

TRUCK DRIVER KILLED BY SWITCH ENGINE

Ed Barnes, whose home is said to have been at Sylvester, was instantly killed at Sweetwater Thursday morning shortly before 8 o'clock, when a Maxwell truck he was backing onto the T. & P. tracks was struck by a section of the passenger train being made up there for Fort Worth.

The accident occurred on the main line immediately opposite the American Railway company office. When the truck was hit, so it was stated, Barnes jumped from the driver's seat, but is supposed to have fallen to the ground, as the machine passed over his body. The body became entangled in the truck underneath a baggage coach, and was horribly mangled, death being instantaneous.

The body, mangled beyond recognition, was taken in charge by the J. I. Paine Undertaking Co. Funeral services had not been announced Thursday afternoon.

Had Barnes remained on the drivers seat he would have escaped uninjured, as the truck was not overturned nor demolished, and was only skidded for a distance of 20 or 30 ft. One of the rear wheels was demolished.

The truck is owned by J. M. Bennett, of Sweetwater, and was being operated by Barpes for commercial purposes.

This is the second time within the past few weeks that a similar tragedy has occurred at Sweetwater. Recently Ned Hare, a man 65 years of age, was run down and killed by a switch engine on the Orient industrial tracks, not far from where Barnes met his death.

CROP PROSPECTS

W. H. Jobe, of Sweetwater, sales manager for the Rex Oil & Refining Co., who was in Colorado for a short time Thursday, stated to a representative of the Record that crop prospects, with special reference to cotton, were ideal throughout this section.

"I have been a resident of this county for more than twenty years," stated Mr. Jobe, "and during practically all the time I have travelled very much calling on the trade, and have never seen crop prospects better."

T. J. Davis writes from Yucaipa, California.
M. F. B. Whipkey, Colorado, Texas, Friend Whipkey:

You will please send the Record to me at Yucaipa, Cal. We landed at Redlands on the 9th of June. We boarded the train at Alamogordo, N. Mex., at 1 o'clock, p. m., and landed at Redlands the next day a 4 a. m., with very little fatigue. We felt somewhat dazed as we came among the flowers and oranges. We found the weather quite cool for a week, but since the coming of July the weather has been quite warm; the sun shines hot, but in the shade it is cool. Redlands is an asylum for old people. I have never met a more friendly and God-like people. The Churches are nice and the preaching of the night-oider. I have bought a modest six-room bungalow with sleeping porch and built-in features, with plumbing and electric lights, in the town of Yucaipa, ten miles east of Redlands. The valley of Yucaipa ten years ago was devoted to raising grain and hay. Today the valley is being cobwebbed with an irrigation system under pressure, an is devoted to the raising of the various deciduous fruits such as Apples, peaches, plums, olives, English walnuts, Apricots, Almonds and Cherries, the king of all fruits.

Yucaipa is over a thousand feet higher than Redlands, and is fanned by the ocean breeze in the day, and at night the air from the mountains comes down, and makes the nights very refreshing and conducive to sleep.

The soil in the valley is productive and is known as decomposed granite, and takes the water well. Fine black berries and vegetables are grown. Fertilizer makes big yields.

Yucaipa is eighty miles from the ocean and sixty from Los Angeles, and the roads are cement and well high perfect. The ocean to ocean highway passes through the valley, and should your contemplated trip

materialize, the latch string hangs on the outside, and I will try to have some chicken ripe. I think I will find surroundings congenial; I will introduce some new ideas in irrigation on a small scale, and will report of its success later. I can at least follow the bent of my mind here. I will say my health has improved, for which I am thankful.

Truly yours,
T. J. DAVIS.

The Taylor County Times, published at Abilene, in writing about the oil says:

"But seriously, three well in this territory have made oil showings and that fact is worth consideration. The McDowell has dished out the most of the fluid and it is the sensation, but if you get away from Big Spring you find that Westbrook has a chance to get in the limelight with the Underwriters' well where they have finished a 120-foot sand and gone into lime again with some oil showing all the way through the sand—which said sand averages about fifty per cent lime at the top and gradually dwindles into ten per cent sand and 90 lime at the bottom. However, the Ranger oil apparently never saw sand.

Then, too, over in Borden county, just across the line, they have sunk two wells and each had oil showings at less than six hundred feet. The first hole was lost and a second is

now down to the shallow sand. And right back of th Westbrook well a star rig is going down the 470 foot oil sand found in the original hole but had visions of bigger pay dirt or had too many leases on hand at the stage of th drilling.

Colorado City isn't taking the thing so seriously as Big Spring, although the Westbrook well is several miles nearer Colorado than the McDowell is to Big Spring. But the town is showing some effects of real industry and is continuing to be one of the liveliest, most progressive cities of the Western part of the state—which means more than it seems at first because, from a legitimate business standpoint all the other towns west of Fort Worth are pushing things along at a good rate.

Summer Complaint Quickly Relieved
"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for Colic and Diarrhoea and should be kept at hand by every family.

Will pay good price for all your cream. Donnell & Son.

All kinds of windmill repairs at R. B. Terrells.

Opening Announcement

I have leased the Brick Garage and am now having the building cleaned up and rearranged, and will open in a few weeks one of the best and most up to date City Garages and Automobile Service Stations in the West.

It is my purpose to put in only first class mechanics, who will give perfect satisfaction, which is guaranteed both in the mechanical department and in the salesrooms.

I will put in a complete line of automobile accessories, of every kind; will handle well known tires and tubes, as well as the best makes of batteries. I propose to make good on everything I advertise.

Later on I will handle the sales agency of one of the best cars on the market.

I will be ready to open up in about three weeks and may call it

The Cooper Motor Co.

GET TOGETHER BANQUET OIL MEN AND COLORADO CITIZENS

Mr. J. Vaughn, of New York, of the Underwriters Made a Very Optimistic Talk on the Oil Situation in Mitchell County. Many Other Speeches

Definite assurance that Mitchell County was no longer in wildcat territory but rather now a proven oil field, was given in addresses at the Chamber of Commerce banquet Monday evening at the Barcroft Hotel by Mr. J. Vaughn, of New York City, a director of the Underwriters' Company, who own the Westbrook well; Mr. Geo. A. Reese, of the Iatan well, and others closely associated with the tests started several months ago in the County.

Mr. Vaughn, who arrived in the city last week direct from the New York offices of his company, was very optimistic in his discussion of the result of the test made by his company at their well, and predicted that within a very short time the City of Colorado and Mitchell County would become the scene of magnitudinal activity, as comes only to those communities in which a real big pool of oil is uncovered.

"There is no doubt in my mind what- ever," stated Mr. Vaughn, "but that we have encountered a big find and when our well is shot the hopes of us that a big producer would be encountered will be realized. There will not only be the well we have drilled, but others and others all about our location will be drilled and quite soon we may confidently expect to see numerous derricks dotting the horizon of this county. It is an absolute fact that you have oil in Mitchell county, and we have it in our well at Westbrook.

"The bringing in of this field will put your city before the world as nothing else could possibly do," continued Mr. Vaughn. "Immediately the news goes out that we have a proven field here, people will flock

to your county from everywhere, and your city will increase in population to the extent of an overflow—and do it over night, as it were. And the news of this find will not be confined to bringing people here from the United States, alone, but you will have them here from France, England and Canada."

Mr. Vaughn paid a tribute to the integrity of Mr. D. J. Lewis, superintendent of the Westbrook well, and assured his hearers that no disappointments would come to them through a policy of absolute reliance upon any statements given out by Mr. Lewis, as pertaining to the well and what the find promised to develop.

Mr. Geo. A. Reese, of the Iatan well, also delivered a most interesting address along the same lines as Mr. Vaughn, and gave out the assurances that Mitchell County was about to be developed, proven territory. "The plum will go to our friends, the company represented by Mr. Vaughn, for having brought in the initial well in this territory," stated Mr. Reese. "But be sure that you keep a watch on Iatan, for we are going to bring in a well there also."

The banquet was attended by more than sixty business and professional men of the city and county, and optimism of a marked degree dominated throughout. The meeting was called to order in the spacious dining room at the Barcroft at 9 o'clock by C. M. Adams, who presided as Master of Ceremonies. A fitting invocation was offered by Dr. Coleman, followed by the serving of the dinner, which was universally declared to have been the most elaborate in both culinary art and service of any banquet ever given in the city.

Addresses were delivered by practically every guest at the banquet and each speaker was possessed of a spirit of optimism because of the wonderful future promised both the city and county. It was true, as suggested by one of the speakers, that the meeting really developed into a love feast in which all came to rejoice over the find at Westbrook, and to unite their efforts into one common cause for maintaining a live commercial organization and keeping the city and county in line with the material advancement in various lines of industry now assured this territory.

As a token of appreciation to the drillers of Mitchell County, a purse of \$1,450 was subscribed for the crew to bring in the first paying well. A committee was appointed to see other business and professional men of the city who were not in attendance at the banquet for the purpose of inviting them to subscribe, and Wednesday afternoon it was announced that the amount had been increased considerably. This purse is to be payable immediately following the bringing in of the well.

The President announced that the Chamber of Commerce had obtained the services of a paid secretary who would devote his time to the work. The new secretary, W. S. Coper of Sweetwater, was present at the banquet and it was announced that he expected to assume his duties within the next few days. Mr. Coper was formerly managing editor of the Sweetwater Reporter and has several years of experience in newspaper and commercial club work in West Texas.

Church Announcement

The revivals for the Westbrook Circuit will begin at Westbrook on the third Sunday in July. At Iatan the fourth Sunday in July. At Union and Spade on the fourth Sunday in August. At Cuthbert on the first Sunday in August, and at Newhope on the first Sunday in September.

SANTA FE REPORTED PLANNING EXTENSION

Big Springs, Texas.—A semi-reliable report here is to the effect that the Santa Fe Railroad Company, through one of its oil officials, has purchased considerable acreage in proximity to the McDowell No. 1 well, located twenty-five miles south of Big Spring.

The representatives of the Santa Fe lines came here some time ago and made an investigation. On a subsequent trip he is said to have closed up the deal for the acreage. This is taken as an indication that the Santa Fe railroad will shortly undertake to project its Sterling City branch from Sterling City to Lamesa, a distance of approximately ninety miles, being an almost straight line and giving the Santa Fe two main lines through West Texas.

The Santa Fe representative was induced by representatives of the West Texas Chamber of Commerce to visit also the Underwriters' Texas & Pacific No. 1, eleven miles due west of Colorado, which is reported bailing thirty-five barrels a day from a 105-foot sand and expected to be good for several hundred barrels when shot.

Big Spring people are very enthusiastic over the prospects of getting another railroad to open up the vast territory to the north, and the pasture and sheep lands to the south. The Santa Fe contemplated extending Sterling City line through Big Spring just prior to the war and now the vision of opening a new fertile region is widening for the progressive West Texas line, which is gradually

monopolizing all of West Texas' most fertile territories.—Big Spring Herald.

According to the arguments of the Herald, Colorado is sure to get this Santa Fe Extension from Sterling City to Snyder, for this very same representative spoken of by the Herald, came over to the Underwriters' well and bought quite a lot of base blocks intimating all the time that his line would connect up with the main line at Snyder and pass directly through a sure enough oil field in Mitchell County.

Just as soon as it is known that the Underwriters' well is a gusher, Colorado will arrange for a refinery dam Lone Wolf, get the Santa Fe Railroad and open up an oil well supply house, and many other things.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Gordan-Dyas
A beautiful home wedding was witnessed by a number of good friends at the residence of the bride's parents Mr. and Mrs. J. M. Green, when W. M. Gordan and Miss Ethel Fay Dyas were made one by the impressive ring ceremony, Sunday, July 11th, Bro. Hardison performing the ceremony. Mr. Gordan is a successful business man of Fort Worth, and enjoys the confidence of a host of friends. Miss Dyas is one of Colorado's best girls.

After the ceremony refreshments were served, and the happy couple left immediately for Fort Worth.

Attention

Can you sell your surplus butter? No Market. Well come into town, hunt up Donnell & Son and ask them what to do about it.

We have completed arrangements with one of the largest creameries in the state to ship them butter fat. In a short time we will have the most up to date testing equipment in this part of the country.

So bring us your cream, or butter fat, when we get fixed up and then—

Remember we always have the best of GROCERIES in town, and the price is right.

SUFFICIENT OIL FIND AT COLORADO TO HELP RE-SERVE SALT DEVELOPMENT

Colorado, Texas, July 2.—Finding of oil in sufficient quantities around Colorado to furnish fuel cheaply will facilitate development of probably the largest salt reserves in the Southwest about the city.

At present there are two salt plants here, one of which has not been operation for some time, due it was stated, to the high cost of fuel. The salt is taken from wells, one on either side of the Colorado River. Practically every well put down in this section has struck a stratum of salt.

While drilling for artesian water in 1884 old-timers at a depth of about 700 feet, encountered a 65-ft. stratum of almost pure salt known as "solar salt." After going through it the drillers struck a stratum of hard rock and when it was penetrated a vein of fine fresh water was unearthed. The upper portion of the well was cased off and the fresh water allowed to rise to the top. This water absorbed the salt and was pumped into evaporation contrivances and some of it treated with a steam process. The salt produced analyzed 99 per cent pure. At one time here local merchants purchased solar salt at from 10 to 15 cents per 200 lbs.

Now Colorado wants to develop her salt wealth on a large scale and preparations are being made to that end. If the T. P. oil well comes in for several hundred barrels of production and is followed by others, the fuel situation will be solved and the salt resources will be worked on a scale of magnitude. According to local business men the entire country around Colorado is underlaid with this solar salt. The fact that Colorado has an unlimited supply of fresh water—something very valuable in the west—adds favor to development views.

The above was carried by the Associated Press in Sunday's State Papers, and is only one of the many things to be developed following the finding of oil.

BIG STOCKTON ALFALFA CROP

Fort Stockton—Harvesting and marketing the bumper alfalfa crop of the valley is the gentle order of the day in this section. The Alfalfa yield will be up to the standard, or from one to one and one-half tons to the acre, bringing from \$25 to \$28 per ton.

Oats and wheat are also being threshed. Wheat is making around 26 bushels and oats from 40 to 70 bushels to the acre. A car shortage is preventing uniform shipments. From June 1 to 9 over 41 cars of hay were shipped.

The best yield of oats so far threshed, came from the irrigated farm of G. W. Rose and raised by D. S. Thomas, averaging 73 bushels to the acre. The best yield of wheat threshed came from the farm of Jas. Rooney and made 25 bushels to the acre. However, only a small amount has yet been harvested, so that it is probable that the yield per acre will be increased materially in the final analysis.

We have had eight years experience on Ford cars exclusively, and can fix yours and fix it right. No bum work sold. Ford Service Garage

Buy your winter's supply of coal now and save the advance in freight, and avoid the winter rush, when you might not be able to get it.—O. Lambeth is the place to get it now.

Plenty of 88 oil leases in Blank at the Record office.

BITTER CREEK WELL MOST PROMISING, EXPERTS SAY

That Bitter Creek well just southeast of Sweetwater, has a most promising formation at 3584 feet and should come in a good producer, is the opinion of Fred H. Empey, a practical oil man of Clarkburg, W. Va., who spent several days at the well last week. While here Mr. Empey was the guest of a friend, L. W. Drago, one of the drilling contractor on the well who resides on Lamar Street.

Mr. Empey has been identified with the oil game in West Virginia and elsewhere since 1872, and declared that the formation in the Bitter Creek well and in this section generally promised a great field. He has holdings around the well.

Leaving here Mr. Empey went home via Kansas.

WHY NOT LET SOCIETY REPORTERS WRITE UP DIVORCES

The divorcee-to-be was beautifully gowned in a going-away tailored suit of black and blue in memory of the groom's frequent handy presents to her. She entered the room on the arm of her father and seated herself opposite the maid who had given her away to the husband. The divorce complaint was read by her attorney to the soft strains of "You'd be surprised," which were wafted into the room from a hand organ on the sidewalk below. During this part of the service every ear was strained to catch each word. Judge Breakheart then read the divorce decree in a sweetly solemn tone of voice and smiled benignly upon the ex-wife.

Following the service both ex-wife and ex-husband were the recipients of many congratulations from their friends. The divorce is one of the most important of the local social season, untying as it does the representatives of two of the city's pioneer families. The affair was perfect in all its appointments, and much praise for this feature has been showered upon Bailiff Smith, who had entire charge of the arrangements. After short trips the ex-wife will be at home, while the ex-husband will take up quarters at the Bachelor's Club.—Life.

I sell Gas, Oil, Greases and Coal Oil, wholesale and retail. Will deliver in any quantity. I have the Pierce Oil Assn. back of my guarantee to be the best; save money by the barrel—Phone 291. LON ALLMOND.

ENCAMPMENT OPENS HERE ON THIRD DAY OF AUGUST

The Christoval Baptist Encampment opens here Tuesday, August 3, and will continue ten days. Many visitors will come from all over the state, and some will fly here from Dallas in airplanes. The Program will be published as soon as it is announced.

West Texas Production West Texas crop prospects were never brighter. Cotton looks good for a bale to the acre, or thereabouts and feedstuffs are booming. Small grain came out wonderfully after hope for it had been abandoned. Gardens are in splendid conditions and West Texas has been living on garden sass for many weeks. The recent rains have further boosted crop prospects, and taken all in all, the outlook is excellent. Come to West Texas.—Abilene Reporter.

STORY REGARDING A COUPLE OF LEASE-HOUNDS IN HEAVEN

It is officially related that a couple of oil men died and went to heaven.

Of course, the skeptics will now begin to jeer at the truth of this story. However, this is the way it runs: "You can't get in here," announced the keeper of the pearly gates.

"How come?" they inquired. "Our record's straight."

"Maybe so," was the unruffled reply, "but the place is full up."

The pair drew apart to confer. "Could you just let us in to look around?" they urged. "That won't do any harm surely."

"All right, go ahead, I'll give you half an hour."

The oil men entered. Within ten minutes one of them returned to ask the keeper as to the identity of the occupant of an apartment overlooking a choice golden street—What might be called close-in stuff.

"Let's see. Um—yes! Those men are lease-hounds from Texas."

The applicant thanked him and rejoined his companion. The minutes passed. Suddenly the keeper was surprised to see a streak flash by him. Presently the two oil men came out.

"Why, I thought you had gone! Who then were those two I saw go out a minute ago?"

"Those fellows from Texas."

"And where have they gone?"

"Well, my partner here, who lived near the Underwriters' well, happened to mention that he'd heard they'd struck oil in hades, and they've gone to sign up leases."

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

INEQUALITIES OF TAXATION

Hon. R. E. Thomason, in his campaign for governor, is offering a new solution of the problem of inequalities of taxes, which faces commissioners' courts all over the land, and results in holding back progress in many counties, because commissioners are unwilling to ask the tax payers of their county to pay more than their share of state taxes. Mr. Thomason's solution of the matter is to separate county and state taxes, allow the state to derive its revenue from oil and other corporation taxes and the county its revenue from taxes on real and other property within its limits. We are not prepared to say whether the solution offered would meet the requirements or not, but to say the least of it, it is worthy of investigation. That some better method of equalizing the tax burdens between the counties is needed, is evident to every thoughtful citizen. Either the county and the state should separate its tax and the county left to place whatever value it desired on its property unpenalized by the state government through value of other counties to set a like value, of all property should be assessed at its face value. Already our state laws require the assessment of property at full value, but no county observes while the varying standards at which they place values results in an injustice that is deplorable. Either the present law should be enforced or a better method adopted.—Hillsboro Mirror.

The tax views of Mr. Thomason are of large interest to the people of

the big progressive counties which are paying more than their share of taxation. There are some counties in Texas which receive for more money from the state school for the maintenance of these local schools than they pay into the state treasury all told. The extra money comes, of course from the counties that place a higher valuation on property in order to secure funds for carrying out local projects, and for general expenses. Those counties which do not prefer to make improvements and whose expenses are low do not find it necessary to assess property at anything like its true value. While the state rate is the same for all counties, the variation in the assessment practices results in a notorious injustice. It has been estimated that if all the counties in the state placed as high a valuation as Harris county does, the rate could be reduced by the state about one-third and the revenues to the state would still exceed the present revenue. If state and county taxation were separate, there would be opportunity to develop a more just system by allowing each county to take care of its needs without being penalized.—Houston Post.

NOTICE

S. D. WOOD.

TEXAS & PACIFIC IN IMPROVEMENTS

Sunshine Special on this End of Line to Be All-Steel Equipped at Once

The T. & P. officials passed through Colorado on an inspection tour, and the Record in talking with General Passenger Agent, Ollie Webb, secured this statement:

"Our road, said Mr. Webb, is in better condition and is giving the public better service than ever before in its history. I believe our Colorado patrons will bear us out in this, in a general way, insofar as our freight service is concerned—and certainly the way our passenger trains are rolling into Colorado on time, coupled with the enormous travel we are handling, justifies us in believing it is true of our passenger business. And we are planning to do still better for, with the delivery of the fifty new steel coaches, five new steel diners, and seventeen new steel combination baggage and express cars now on the way (delivery should begin within 10 days) it is our purpose to make the Sunshine Special a solid all-steel train between Fort Worth and El Paso, as it now is between Fort Worth and St. Louis. Our receiver, Mr. J. L. Lancaster, returned last Saturday from New York, where he perfected arrangements for borrowing Three Million Dollars from the Government, for use in purchasing car equipment, constructing new and extending old sidings, and in otherwise strengthening the property's ability to serve the public; in addition to this, our people have also arranged through their own resources, for another Three Million

Dollars, which will be used in enlarging yards, shops, facilities, ballasting, new steel, etc., and while of course, owing to shortage of material it will take some time before we will begin to see the actual results from this Six Million Dollars, the results are coming. The new passenger equipment I spoke of was financed by our Company out of their own resources, as the Government wouldn't loan us any money for that purpose."

WEST TEXAS WILL HAVE MANY FAIRS

Stamford.—The choicest of field, ranch and mines will be seen at the many county and district fairs which will be held in various towns in West Texas this fall, according to the West Texas Chamber of Commerce.

The date for the Central West Texas Fair at Abilene has not yet been announced but is expected shortly. San Saba will hold its county fair and encampment August 10 to 13. This fair was a financial success last year. The San Angelo Fair will be staged October 26 to 30. The Hall county Fair will be held September 28 to October 1. A big fair at Clarendon is set for September 2, 3 and 4. The Erath county Fair is booked for September 30 to October 2.

The Fair at Hamilton has been set for September 21 to 25. The Lubbock county Fair has announced dates as September 23 to 25. Childress county will stage its big event Sept. 15 to 18. The Northwest Texas Fair at Plainview will be held September 27 to October 1. Other fairs will be held at Paducah, Spur, Floydada, Haskell at Shamrock and in Swisher county, and other places.

At least thirty counties in West Texas will have agricultural exhibits at the Dallas State Fair and combination exhibits at fifteen of the state and interstate fairs of the North in connection with the West Texas Chamber of Commerce national exhibits campaign. The thirty or more counties exhibiting their wares culled for a general exhibit to be displayed at Waco Cotton Palace to compete with the picked products of any other section of the state. J. C. Wells, Exhibits Manager, is very jubilant over the outlook.

AUTOMOBILE INNER-TUBES FREE

Beginning June 1st for a time we will give free an inner-tube with each automobile tire you buy, knowing as we do that many new casings are ruined by trying to use old tubes.

Use good tires and dtubes with the proper air pressure and cut down your tire troubles. We handle only the best tires. All standard brands. Come and see us, we have what you want.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes—20¢; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel. R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

LETTER NO. TWO

(From E. M. McCreless)

Commencing where I left off last week. After I mailed my letter in the morning, I boarded a big truck with one Mr. Gus Dabney, went to Denton town, where I bought a bill of lumber for my sisters at Bartonville. From there I went to my brother's the next day, (Sunday). I went to Chin Chapel in the morning and had a pleasant time meeting old friends and acquaintances. Then, in the evening, I attended the unveiling of a niece of mine, Miss Dora Tarker, by the Woodman Circle. Though the occasion was a sad one, it seemed nice to me, and well-rendered. At the close, Mr. J. A. Medloe, a man whom I have known from childhood, made a well-rendered lecture, using very appropriate wording. I then spent the next two days building a porch for my sister. Early Wednesday morning Bud and I found ourselves sitting on the front seat of a big car speeding on our way to the railroad. Bud had hold of the wheel while I held the car to the ground, and I soon heard the porter say "Dallas" and after attending to an item of business, I employed a street car conductor to take me out to Mr. C. T. Medlocks, another one of my highly esteemed friends of long standing. I spent a pleasant time with him and his estimable family and after partaking of a good dinner, he spread out a reclining chair (I guess that's the right name for it) and had me come in contact with it. And there I lay and took at least two good naps, one right-handed and the other left-handed. He then took me in his big car for a ride over town and as far out at the Southern University grounds, and I was sorry I didn't have more eyes so I could have seen more. All you boys, everywhere, prepare to see more of the world, and do more in it, for it sure is a whopper. After supper Mr. and Mrs. Medlock took me to the train and saw me safely off for Alabama, and I travelled and looked when I was awake, and it was not dark, and suffice me to say the more I see abroad in the East the more I think of the West. I have seen nothing since I left home in the way of crops to beat ours in the West, at least such as we raise. Of course through Louisiana I saw some fine looking cotton patches, but I couldn't tell what was on it; and some fine looking corn—and some very inferior on account of being drowned out. The cane crops showed up to be a mighty bad stand, which, I think, spells high priced syrup. The rice fields were beautiful to behold. Then I began to see other sights such as I had been used to in other days, such as one man, or boy, ploughing with one mule. Now don't you people in the West adopt this style of farming if you can help it. I next found myself in Montgomery in the hands of a policeman—but he gave me good treatment. He carried the genial face and good nature of Jack Phenix, one of our used-to-be Coloradoans. I found him batching and he soon had a fine breakfast prepared with his own hands. He then buckled on his armor and we walked down to the street car line and had a ride over part of the capital city of Ala., the terminus of our ride being the Methodist Woman's University. The buildings and grounds were beautiful to the limit. This was Friday evening and I boarded the train for Union Springs met two special friends at the station, spent a few minutes and boarded my next train for Inverness, the terminus of my trip. There I met with loved ones which produced joy and sadness, spent the night in the home of my brother-in-law, Mr. H. B. Pritchett—ask our Billie Pritchett who that man is and if he don't tell you, charge it to me. Next morning I boarded the train and went back to Union Springs and spent the day with old friends and acquaintances looking at many of the old familiar building, giant oaks, etc. It surely was a big day in my lifetime. Then back to Henry's I came and today I am going to the Fourth of July singing at Macedonia where I used to go. Off I ring for this time.

Yes, I went to the Fourth of July Singing at old Macedonia Church, which custom has been in vogue for for about fifty years. It seemed like old times being renewed. I went from there to Mt. Hilliard, my old home surroundings; went into the old Church where I was converted, went out into the cemetery where lay many of my loved ones, among whom was our first-born darling girl. Then into the old Lodge room where I was made a Mason. Since then I have travelled over many parts of the Country where I had made tracks many times in the bygone days, viewing many natural scenes such as tall pines, giant oaks, sweetgum bushes,

LIST

Night office at my home in Westbrook, Texas.

running streams of water, old red hills, bare-footed negroes following one mule in front of what we know as a Georgia Stock. I saw many things too numerous to mention, except one, as follows: My attention was called to an old negro woman hoeing in a potato patch. She is alleged to be 107 years old. I talked with her a little. She hardly looked human, but was active and cheerful, could talk as glib as anyone, heard good and see good. Then I visited an old Confederate soldier, Woody Tenning, and among other things he showed me an old-time rifle measuring 45 inches, with tallow still in the tallow box made in the stock. Ask old Cliff E. who he was. Ill now ring off for the present.

Summer Complaint Quickly Relieved
"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for Colic and Diarrhoea and should be kept at hand by every family.

FERGUSON BOOSTS HEARST FOR NEW PARTY LEADER; THE MEETING ADJOURNS

Chicago, July 14.—Either some one slipped one over on William Randolph Hearst or William Randolph Hearst slipped one over on the American Constitutional party.

At any rate the birth of Hearst's "third party" scheduled by the Hearst newspapers for yesterday evening in the auditorium Recital Hall failed to take place.

E. G. Ballard, chairman of the meeting, declared that it was not intended to be a mass meeting but simply a meeting of the executive committee, and that there was to be no national convention as the Hearst newspapers had announced.

O'Loughlin took pains to point out that no one owned the American party, not even Hearst, although he heartily agreed with the Hearst editorials. He took a few cracks at the Committee of Forty-eight, which he declared had spies at the meeting. Finally former Governor James E. Ferguson of Texas, after speaking for an hour, mentioned Hearst as the proper man to nominate on a light wines and beer platform. He was cheered. Then he proceeded to show how a third party would pay the war debt out of taxes on wines and beer. Then the Rev. Geo. Chalmers, Richmond, pastor of the Central Church of St. Louis spoiled everything.

"We are looking for a prophet, but I doubt if we'll find one," he said. "The next President of the United States will be a small man and the result will be that he will not be able to cope with the revolution that is surely coming. There is not a candidate in the field who measures up to the standard of leadership we need, unless it is Eugene V. Debs."

Then the preacher denounced Governor Lowden and Boies Penrose, the latter of whom he declared was "unfit to enter hell," announced that he was against prohibition and had

a flask of Bourbon in his room in the Hotel LaSalle. An advertising solicitor cornered the party leaders for a page ad and the meeting adjourned.

MONUMENTS.

As I will be absent for two or three months, I have placed my monument business in the hands of Mr. J. B. Slaton at the First State Bank. He will attend promptly to any business in this line, until I return. I thank you for your past favors.—E. M. McCRELESS.

SEND FOR CATALOGUE.

Homan's Hog Farm

YSLETA - - - TEXAS

TO MY FRIENDS IN MITCHELL COUNTY:---

I do not know all of the candidates for Governor of Texas. They may all be excellent men. I am intimately acquainted with Mr. R. E. Thomasson, and want to tell you the following things that I like about him:

- 1—He is one of the cleanest men in his personal and family life that I have ever known.
- 2—He is one of the ablest lawyers in El Paso, and is highly respected by every member of that profession in this city.
- 3—He has been in the legislature from El Paso for several years, and the records show that he has always supported prohibition and woman's suffrage, and has been on the right side of all other important questions.
- 4—He is young, progressive, a successful business man, and has the courage to stand for the right because it is right.
- 5—He is an honest, conscientious Christian gentleman, and I hope you will vote for him.

Sincerely,
R. B. Homan,
El Paso, Texas.

(Political Adv.)

No. 5276—Reserve District No. 11.
REPORT OF THE CONDITION OF

THE CITY NATIONAL BANK

At Colorado in the State of Texas, at the Close of Business on June 30, A. D. 1920

WESTBROOK ITEMS

(Delayed From Last Week)

The Underwriters' Oil Well, three miles Northwest of Westbrook, is growing stronger every day, good showing for a gusher, leases and lands in fee are still advancing in price.

Westbrook is now prepared to care for the transient trade, rooms at most any of the private homes, and Skelton and Gregory have opened up a first class Cafe.

Mr. and Mrs. M. L. Cope royally entertained Saturday night with a lawn party. Games and music were the diversions of the evening. Refreshments of punch and cake were served.

E. C. Gressett came in Tuesday from San Francisco, Cal. Buss, as he is familiarly known, is quite a favorite with the Westbrook people and we are glad to have him with us again.

Mrs. Annie May and family are moving back from Merkel; Mr. and Mrs. H. I. May are moving back to the farm one mile north of town.

Misses Mattie and Hattie Canaway are entertaining this week with a house-party. Quite a number of out of town guests are present, and their ranch home has been the scene of much merriment throughout the week.

Guy Hawks of El Paso, has been the guest of his sister, Mrs. E. V. Bell, for several days.

Emmett Hamilton of Dalais, is the guest of J. E. Lasseter and family this week.

Mr. and Mrs. Jack Barnes of Eastland, are visiting their parents, Mr. and Mrs. J. S. Barnes.

L. V. Yates, of Abilene spent several days of this week here on business.

Rev. Hammerick of Cooper, is the guest of Joe W. Clark.

J. H. Board returned to Grapevine Monday spending several days with

his daughter, Mrs. A. L. Young, and looking after his business.

Mrs. Joe W. Bird was carried to Temple Sunday, where she will undergo treatment. Her friends deeply sympathize with her, and hope to hear of her improvement soon.

J. P. Birmingham made a business trip to Pecos the last part of the week.

Mrs. E. S. Hudson and daughters left Sunday for Pandora to visit relatives.

Bro. A. D. Leach will fill his regular appointment at the Baptist Church, Sunday, July 4th.

The third Quarterly Conference will convene at Spade July 13, all church officials are requested to be present.

Dr. W. H. Butler, returned to Dallas Tuesday after closing out a big lease deal.

WHY SUFFER SO

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Colorado people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Mrs. W. M. Cooper, Concho Street, Colorado, says: "About five years ago I suffered a great deal with severe pains across the small of my back. I used a box of Doan's Kidney Pills and they removed the pain and regulated my kidneys. I felt like a different person."

All work returned within 24 hours from time received. Films developed 10c per roll; Prints 20c; Prints 5c and 6c. Send cas with order.

EXPERT KODAK FINISHERS

Clements Studio, Box 537, Snyder, Texas.

All kinds of windmill repairs at R. B. Terrells.

Will pay good price for all your cream. Donnell & Son.

"To serve you as we would want you to serve us"

Golden Rule Service

Service is the one thing that we sell— service in line with the Golden Rule

WE distribute this same Service to all car owners and to all makes of batteries without discrimination.

When you pay money for a new USL you are buying Golden Rule Service, of which the battery is but an essential part. It's just the same as paying your employees, your lawyer, your doctor, your dentist—for Service.

Service is the most important thing in the world today. To all car owners, we aim to be the "greatest Servant of them all."— Our Golden Rule Service, we think, makes us so. But we invite your careful co-operation in caring for your battery so as to assure you long battery-life.

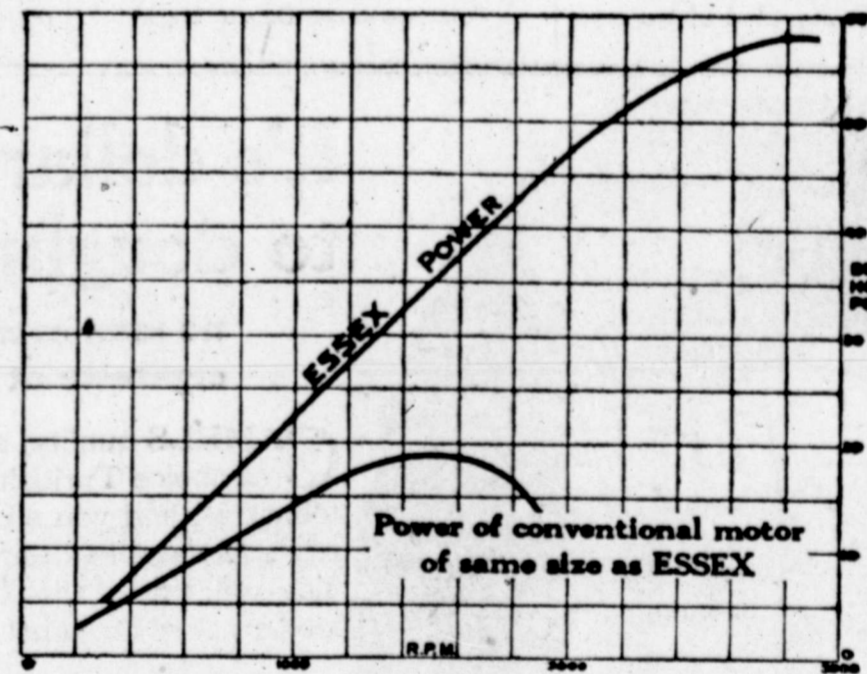

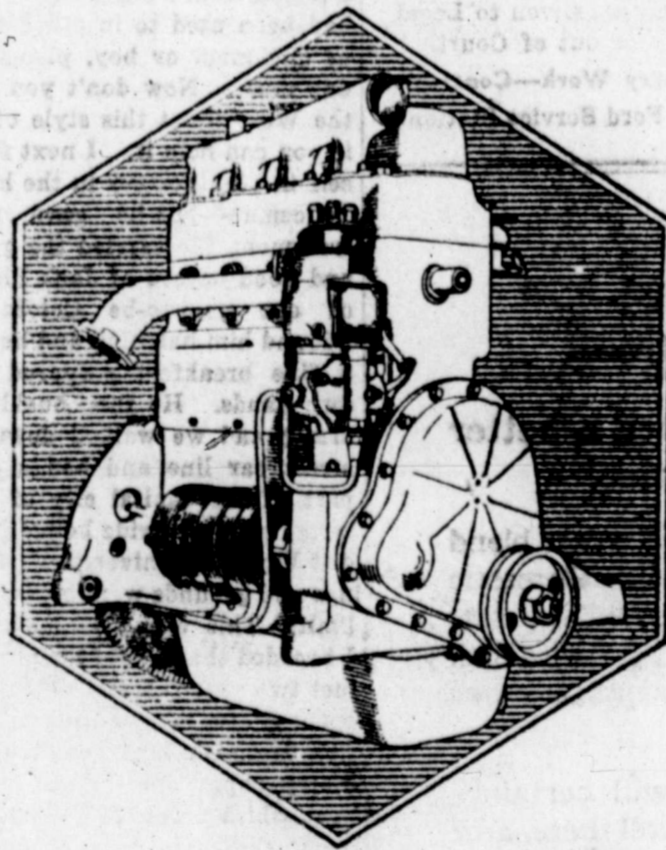

Often when a man thinks his battery is "done for" and he is ready to buy a new USL, we show how we can save him money by repairing his old battery and giving an adjustment guarantee for eight months.

We sell only USL Batteries with the durable machine-pasted plates. The factory ships them to us "Dry-Charged." This avoids all before-sale deterioration so that you really get a perfect, full-life battery.

We are a USL Golden Rule Service Station—not a battery-store

Note How Essex Trebles Motor Power

The swing of interest to light cars, led by champions of the Essex, calls for particular caution.

Some may think of Essex only as one of a finer type, marking a general advance in standards throughout the light car field.

But the facts quickly expose that mistake. The Essex Motor is patented. No larger than standard motors that yield but 18 H. P. at utmost, the Essex delivers 55 H. P. And Essex performance, so enthusiastically admired by all motordom is the product of that exclusive invention.

Essex has set the greatest official endurance record of 3037 miles in 50 hours. It has never

been equalled by any car, regardless of size or price. And Essex made the world's 24-hour road record of 1061 miles.

All Results of Its Patented Motor

For cars of its piston displacement it has set every official record from 1 to 50 hours. And in its first year it set a selling record never equalled in motor history.

It creates a new standard of light car capacity in a totally new type. And it cannot be copied. Do not forget that. You can get the abilities for which these records stand, only in the Essex.

PRICE AUTO CO.

ABSTRACTS

Have capable assistant now in the person of Mr. Lewis Elliott of Lorraine, and we are prepared to turn out your abstract work with promptness. Abstracts are being kept up to date. We would covet a share of your business.

LOCAL NOTES

All of the oil men say Colorado is just on the eve of an oil boom.

Prescriptions accurately filled—W. R. Charters.

A letter from E. M. McCreeless somewhere in Ala. says he is having so good a time he may never come back to Mitchell County.

Permanent Gas is the best. Phone 291. Will deliver any quantity.
LON ALLMOND.

Mrs. J. M. Dickenson of Stanton, mother of Mrs. Ralph Beall, is visiting her daughter and other friends here this week.

Back at it again. At what? Repairing Ford Cars. Who? Ed Jackson. Where? At Ford Service Garage.

J. R. Oglesby, who lives at Westbrook, has just returned from a trip to South Texas and says people down there are very much dissatisfied over crop prospects and have their moving eye on West Texas.

Satisfaction guaranteed at Bear-Cat Tailor Shop. Give us a trial. Phone 104.

Lots of folks have faith in the Westbrook oil well and some are putting their last dollar into it.

Mr. and Mrs. J. J. Robertson, parents of Mrs. E. Keathley, also her brother, S. P. Robertson and his wife of Crystal Falls, and Mrs. J. F. Bryant, a sister, of Abilene, were all week-end visitors here. All returned home this week except Mrs. Keathley's mother, who is not in good health and stayed here to recuperate. Sterling Keathley accompanied the folks home and will visit at Abilene, Crystal Falls and Breckenridge.

W. R. (Rube) Morgan slipped off Monday from Dallas and when last heard from was at Mesquite, a little town beyond Dallas, and was still going.

New tires and new tubes—guaranteed 5000 miles. E. Z. Tire Co.

Mrs. Robert Terrell and little daughter Elizabeth left Monday morning for a weeks visit in Big Spring.

Mr. and Mrs. R. P. Price and the children left Saturday night to visit relatives in Windom, and Mr. Price goes on a business trip to Dallas and other places.

Lehys California Candies are the best.—W. R. Charters.

Mr. and Mrs. Thrane of Snyder, spent the week-end with her sister, Mrs. John Vaughn.

New tops made, or old ones repaired for Ford Cars at Ford Service Garage.

A. G. Webb, a prominent oil man of Abilene, was here this week investigating the outlook here. Mr. Webb owns 640 acres between Dunn and Poch and is quite enthusiastic over the Dunn well.

Mrs. Quinney and the children have gone on a visit to relatives at Waxahachie.

Druggists Sundries—W. R. Charters.

TELEPHONE US FOR AN APPOINTMENT

We will be glad to make Portraits in in your home of the children, yourself, the entire family or any gathering of friends. The charm of home surroundings add immeasurably to such pictures

MARTIN'S STUDIO

Oil! Oil!

Office with C. H. Earnest

Mr. and Mrs. A. J. Payne of this city, and Mr. and Mrs. V. D. Payne of Abilene, motored to Hereford Sunday and visited Mrs. H. G. Green, sister of Messrs. Payne, on a ranch near that city. They returned via Amarillo and arrived home Tuesday night after a very pleasant trip.—Slaton Slatonite.

A pealsant and popular place to meet your friends is at the Cold Drink stand of W. R. Charters.

Mrs. Jake Maurer is off this week on a visit to the J. Wright Mooar ranch, ten miles north of Snyder, and Jake is left at home to batch—the first time in thirty years as he always had his restaurant to fall back on when Mrs. Maurer left him.

Farms and City property bought and sold.
O. B. PRICE.

Lay Powell, Mr. and Mrs. Wm. Cooper, Mr. and Mrs. Bob Cooper and J. C. Hooker, of Colorado, attended our barbecue, Tuesday. Sterling City Record.

Get you an automobile tire now. You get a tube free with every tire at A. J. Herrington's.

Mr. and Mrs. M. Lyle Holland of Amarillo, are here visiting Mr. and Mrs. Le. Donnell, and they all spent last week fishing and camping on the Concho and Spring Creek. They all report a good time but said nary a word about fish.

I have a few oil leases for sale—can also sell yours—List your oil holdings with me.
O. B. PRICE.

W. S. Cooper, an experienced Newspaper man and ex-Chamber of Commerce secretary, was over from Sweetwater on Monday and attended the "Get together" banquet at the hotel Monday night. Mr. Cooper contemplates moving to Colorado and taking up the Commercial Club work in connection with the city editorship of the Record.

Singer Sewing Machines sold by E. Keathley.

Grady McRae, who now lives at Ranger but a former Mitchell county boy, spent several days here this week

Mark Harper, an experienced grocery merchant, has accepted a position with H. S. Beal Grocery and is now ready to meet all friends and customers. Mack received his early training under C. H. Lasky and he knows the business.

We recharge any kind of battery, and guarantee our work. We charge \$2.00 only. A. J. Herrington.

Mr. and Mrs. J. L. Pidgeon returned home Wednesday from a three months visit at Dallas, Fort Worth, Arlington and other points East.

Fresh sweet milk in pints or quarts at Broadus & Son. Order a bottle when you order groceries.

Mrs. H. H. Bennett left for Temple Wednesday evening where she will visit her father, Mr. D. H. Plaster.

TO THE VOTERS OF MITCHELL COUNTY

Saturday, July 24th, the County Primary Election will be held, and you hold the power to choose your County Officers. Although I am as anxious to be elected County and District Clerk as either of my opponents, it has been impossible for me to get around and get acquainted with many of you, however, I solicit your support, and if elected I promise you good service, and will consider it a privilege to aid you in any way that I can in giving you any information connected with the office of the Clerk. Respectfully, W. S. STONEMAN.

F. M. Burns, the oldest dry-goods merchant in the West, left on the early Friday morning train for the Eastern markets, principally in New York. For the past 37 years Mr. Burns has visited the New York wholesale houses twice a year and this year he will combine pleasure with business and visit at Chataqua, New York, where Mrs. Burns is spending the summer. He said, in view of the promised good crops, and the coming oil well, he would buy heavily this year, and with him that means Forty to Sixty Thousand Dollars worth of fall and winter stock.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 50c.

Mr. and Mrs. Lyle Holland of Amarillo, are the guests of Mr. and Mrs. D. H. Donnell.

Bring us all your cream. Donnell & Son.

Mr. and Mrs. N. M. Anthony, of the Champion Community, visited their daughter, Mrs. Van King, Wednesday.

Battery station satisfaction; storage batteries at A. J. Herrington's.

Mr. and Mrs. Conrad Watson of Lamesa, visited her parents, Mr. and Mrs. Van King, this week.

Try Santox face cream—W. R. Charters.

Mrs. Jim Ledbetter is off on a three weeks visit to her mother and convalescent sister at Roxton.

BORN—Last Saturday, to Mr. and Mrs. Jess Thomas, a fine baby girl.

Santox face powder, white as snow and the best. W. R. Charters.

Mrs. C. H. Lasky has two brothers and a nephew of Paris visiting her this week—J. M., G. B. and Hoyt Trulock. She will accompany them home for a visit the last of the week.

We "Press 'em" while you wait, and furnish the "barrel"—Bear-Cat

Mrs. Merritt and Mrs. Jim Dobbs went to Lorraine Monday to give a report of the Conference recently held at Amarillo. There was a large number present and a very interesting meeting held.

Save money on Coal Oil. Get it by the barrel. Will deliver in any quantity if you will phone 291.
LON ALLMOND.

E. H. Winn was in Abilene on a business trip Wednesday.

E. G. Ross sends for the Record to come to him at Medina, N. Y.

Tom Hughes, expert Tailoring. Phone 406. Work called for and delivered.

Dr. Reeves Coleman, who holds a responsible hospital position in St. Louis, is here on a few days vacation visit to his parents, Dr. and Mrs. P. C. Coleman.

Uncle Bob Dolman is home from Excelsior Springs, Mo., and is looking as spry as a spring chicken.

Those 30x3 1/2 Goodyear Heavy Tourists Tubes for sale at the City Garage.

Mrs. Jack Smith and children have returned from their visit with relatives in McCauley.

Mrs. M. J. Culp, after a few week's visit here to her daughter, Mrs. Cook, has returned to her home at Coleman.

One Premium Lister and Planter, complete, \$90. Better hurry. Donnell & Son.

Joe Frazier was called back to Baird this week on account of his father being dangerously ill.

C. G. Gay and family are off this week on a visit to the old home in Collin County.

I handle the best Lubricating Oil on the market—Phone 291.
LON ALLMOND.

Miss Alice Mitchell of Mississippi, is the guest of her brother, O. M. Mitchell.

The identification mark of good hats . . . finely-made . . . manly in fashion. Nowhere will you find more quality, better style.

Rothschild Star Hats

See the many new styles and colors; all first quality. You can't but like them. They're most desirable to buy—and wear.

C. M. Adams

Roy D. Buchanan, oldest son of Mr. and Mrs. J. A. Buchanan, is here from his home in Dutch Guena, South America where he is superintendent of the Aluminum Co. of America, where aluminum is mined, and they also manufacture it. Mr. and Mrs. Buchanan are proud of the boy who has made good in a foreign country they are also happy because of the return home of Miss Katherine, their daughter who has been teaching at Gallop, N. M. Also Miss Ruth has returned from her summer vacation trip in N. M. This now makes the family all at home except Mrs. Hammock, who lives at Gallop, N. M.

To All Texas Rangers

You are invited to meet in Weatherford, August 9th and 10th, for a Reunion. Weatherford has promised to give us the time of our lives. A. T. Ritchie, Co. "D" Frontier Battalion, 1874, Comanche, Texas.

The Farmers' Gin Company announce that they now have their Gin thoroughly overhauled and almost ready for the new crop. They will have a 4-stand 80-saw gin, and turn out about 100 bales per day.

Floyd B. Thomas, editor of the Taylor County Times, at Abilene, was here this week with the Magnolia Petroleum Oil men, and mixed freely with the oil magnets while here—so much so, that he was taken for an oil king, and not an humble newspaper man.

Jno. Basden took his Summer vacation down about Lorraine, and has been home two weeks before the Record learned that he had taken his annual trip.

Ruber and cotton hose for lawn sprinkling at R. B. Terrell's

Mrs. Rix, and Mr. and Mrs. Vauchebet returned to their home in Los Angeles, Cal., after an extended visit with their daughter and sister, Mrs. C. M. Adams.

When in town make our shop your headquarters.—Bear-Cat Tailors.

The old reliable Peter Shuttler Wagon at A. J. Herrington.

ECZEMA!

LORAININE NEWS

By Miss ISOPHENE TOLER

Items of local interest to Loraine and the East half of the County gathered and reported by Miss Isophene Toler. Miss Toler is the authorized representative of the Record for Loraine and will attend to all business for the paper at Loraine. When having any business with this paper phone her and she will gladly wait on you.

Mr. J. A. Burnam of Stanton, was here the earlier part of the week.

Jude and Mrs. Stevenson received a message from San Angelo Monday, from their son Malwin, stating that a son was born to him and wife on Sunday.

Mr. J. W. Fairbairn and wife, in company with Mrs. Raleigh Fairbairn and children, motored to Sweetwater Monday.

If it is admiration coffee, Caswell & Hart have it.

Mr. Frank Johnson and family, and Miss Lydia Jackson attended the singing at Bauman Sunday.

Mrs. Voyt Williams of Brownwood, returned home with her sister, Ora White, and will visit her this week.

Mrs. Joe Hall and family have returned to their home at Stanton.

Mr. Earl Zellner and family are expected in this week from New Mex. to make their new home here. A cordial welcome is extended them.

Mrs. Lora Thornton and children, and Miss Wilma Zellner are home from New Mexico.

Mrs. Buryley Taylor and children of Patillo, are guests in the home of S. W. Taylor.

Clarence Palmer had the misfortune to break his arm Monday while cranking the Maxwell.

See Britton, Smith & Hutchins for real estate, rent houses, etc.

Mr. J. T. Linkenhoger of Abilene, who makes this town quite often, did business here Monday.

Mr. Brady Porter was up from Champion Monday.

Mrs. Clyde Wilson is home from the Sanitarium at Colorado.

Mrs. Hubert Toler and niece, Elizabeth Murchison, of Grapeland, were down from Sweetwater this week.

Among the Lorainites in Colorado Friday, were Mr. and Mrs. J. W. Fairbairn, Mrs. Looby and daughter, Mrs. A. M. Erwin, Miss Toler, Mrs. Dr. Hester and children.

Did you ever have that suit cleaned and pressed at Duncan's, and see how nice it looks?

Miss Henrietta Hall went up to Sweetwater Wednesday, to visit her niece, Mrs. Jack Wimberly, who, with her family are guests in the W. B. Wimberly home.

Mr. Paul Elder of Fort Worth, sent in his subscription to the Record this week; he says he wants to keep up with the oil news of Mitchell. Mr. Elder has land within three miles of the well at Westbrook.

Mrs. R. B. Pratt has been quite sick.

Nineteen gathered at the home of T. E. Willis, who has been quite sick, and hoed out his 60 acres of cotton and did other work on the farm.

Hart-Caswell still sells Light Crust flour at \$6.80 per 100.

Mr. R. A. Edwards has returned from a weeks visit at Gordon.

Rev. S. H. Young made a business trip to Abilene Tuesday.

Mr. and Mrs. Ray Irwin and baby left for Dallas Monday night where he will enter the Baptist Sanitarium for an operation for appendicitis. His many friends hope for his speedy recovery.

Hendrick will buy all the old furniture, stoves, etc., at a good price. First door east of Postoffice.

Mrs. Raleigh Fairbairn and children, of Eastland, are guests in the J. W. Fairbairn home.

One branch of the Salvation Army held services on the street Saturday.

Mr. and Mrs. J. W. Hale of Roby, and Miss Ola Thompson of Colorado, were guests in the Alonza Phillips home during the Christian Meeting.

Mr. Hagler of Colorado, was also over one day to attend the meeting.

Mr. Clyde Fairbairn and son are expected in this week from El Paso.

Mrs. Kate Howell left this week for New Boston where she will visit her father.

Messrs. Alfred and Boyd Ritchie, and two of the children of Mr. Alfred Ritchie left Wednesday for the Plains to visit.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 3c.

Mr. W. F. Altman has returned to his home at Arlington.

Mr. and Mrs. DeGarmo of Colorado were Sunday guests of her sister, Mrs. Robinson and brother, Mr. H. Cook.

Take that old piece of furniture to Hendrick and have it made to look like new.

Misses Nell and Lucy Norman are home from Bronte where they visited their sister.

Miss Addie Furlow of Corpus Christi, is expected in this week to visit her brother, Grady Furlow and family. Miss Addie formerly resided here and her friends will be more than glad to see her.

Save that old shoe by having it soled and heelod. Shoe can do it.

Mr. W. S. Erwin has purchased a Ford Sedan.

Mr. J. Stone Rives of Eastland, was here the earlier part of the week.

Mr. Frank Johnson made a business trip to Snyder Tuesday.

Mr. D. K. Nelson and daughter, Cora, accompanied Mr. J. P. Glenn to her home at Garden City, and will visit with her a few days.

Have you tasted those pure fruit Jellies at Hart-Caswells?

Mrs. Wylie Walker is suffering with a bad hand caused by a bruise while hoeing cotton.

Mr. Charlie Thompson is able to be out again since his recent illness. Miss Mattie Thompson is better.

All kinds of Repair work, varnishing, etc. done by Hendrick.

Miss Fannie Jarrett of Roscoe, is helping at J. W. Reeder's place of business during the absence of Miss Cora Reeder, who accompanied her sister Lillian to Dallas where she will undergo an operation for appendicitis at the Baptist Sanitarium.

Toler's Shos Shop is the place to be healed.

Christain Meeting
The meetings at the Church of Christ still continue, and very much interest is being taken in them. Evangelist L. C. P. Mansfield, of Waco, Texas, is doing the preaching, and has delivered some splendid sermons. Prof. D. A. Faubus of Waco, is leading the song services; he is a sweet singer and has many friends. There have been 21 baptized to date. The meeting will continue until Thursday night. Much good is sure to follow as a result of these meetings.

Birthday Dinner
Mrs. W. S. Erwin served a most delicious dinner to a few of the relatives and neighbors on Thursday, honoring her husband who has reached his 71 year on life's highway. 'Tis needless to say that all enjoyed the dinner and social time. Here's hoping Mr. Erwin has many more such happy days.

Hendrick is the man who will make over that old furniture for you or buy it.

Ball Game
The Ball Game between Loraine and Hamlin Saturday, resulted in a victory for Hamlin, the score being 6 to nothing in their favor.

If you want to look your best, get a new summer suit from Albert Duncan.

\$100 Reward, \$100
Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. **HALL'S CATARRH MEDICINE** is taken internally and acts through the blood on the mucous surfaces of the system. **HALL'S CATARRH MEDICINE** destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarrh that **HALL'S CATARRH MEDICINE** fails to cure. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

LONE STAR LOCALS
A good rain would certainly be appreciated by the farmers of this community; while crops are not suffering for rain, yet a good rain would improve them.

Rev. Linders and family are now driving a new car.

Miss Nola Henderson has returned from her visit to Big Spring.

Almost everyone attended the singing convention at Bauman Sunday.

Miss Gladys Richardson is much improved since her recent illness.

Mr. and Mrs. Davis came out from town and spent Monday with their daughter, Mrs. J. A. Faulkenberry.

Mr. and Mrs. W. E. Sanderson are rejoicing over the birth of another daughter who came to them sometime last week.

Mr. O. L. Willis left Monday for Big Spring, where he will visit his daughter, Mrs. Atwell for awhile.

A singing was enjoyed at the home of Mr. and Mrs. N. L. Henderson, Sunday night.

Miss Lera Draper and brother left one day last week for Abilene, after spending a few days with home folks.

Mr. T. E. Willis who is in the Sanitarium at Colorado, is doing very nicely since his operation, and hopes to be home in a few weeks.

Mr. and Mrs. Pedin entertained the young people with an ice cream supper Saturday night. Everyone just had a splendid time.

W. S. COOPER GOES WITH COLORADO CHAMBER OF COMMERCE

Colorado, July 13.—At a meeting of the Board of Chamber of Commerce yesterday, W. S. Cooper of Sweetwater, was elected secretary of the organization.

Mr. Cooper has been identified with publicity and newspaper work for several years in West Texas.

He will assume his duties as secretary within the next few days.—Sweetwater Reporter.

NEW LABOR PARTY (Continued from Page 5)

next March 4. The Cabined is very much perturbed over the situation, and it is not unlikely Mr. Palmer will quietly pack his grip and go this summer.

"There is nothing between us and revolution except the new party that is to be born here."—Swinburne Hale of New York.

"The name gang that put the Kaiser sawing wood will put the profiteers and the rest of the gang where they belong."—Lester Barlow of the "If we do not get together we deserve what we will get."—O. H. H. Thomason of North Dakota, of Nonpartisan League.

Chicago—Fusion of the various political parties now meeting in Chicago into one big third party, standing on a candidate for President, loomed appreciably nearer here today.

Representatives of the Committee of 48, the Labor Party, the Nonpartisan League, the Single Tax Party and the American Constitutionalist Party, held a series of conferences throughout the morning endeavoring to reach an agreement. So many details and angles to the merger cropped up, however, that the actual union was delayed.

Says Palmer Must Go
Swinburne Hale of New York, member of the Civil Liberties Bureau, was introduced by chairman as the "man who has been hot on the trail of Attorney-General A. Mitchell Palmer." "Palmer," he said, "will have to go before next March 4. The Cabinet is very much perturbed over the situation and it is not unlikely Mr. Palmer will quietly pack his grip and go this Summer.

If he does not, there is Senator France's resolution in Congress calling for an investigation of the Department of Justice expenditures, and on the committee to which his resolution would be referred are Senators France, Borah and Gore.

Says Revolution Is Near
"There is nothing between us and revolution except the new party that is to be born here," Hale said, amid loud cheers.

"I don't like revolution and I don't like war. I won't volunteer, and I won't be drafted in any way, either for offence or defence. I predict that if this country goes to war with Mexico our soldiers will see to it that we do not get very far into Mexico," he concluded.

That the labor people here are not "regular" in the leaning was seen.

HOW FAYETTE COUNTY PEOPLE ARE SAVING

Fayette County, Texas, is a community of homes and large families. Its inhabitants are proving that it is also a community of thrift, saving and safe investment and disproving the theory that large families are an obstacle to saving. These facts are clearly shown by reports to the Savings Division of the Treasury from residents of foreign birth and extraction who have pledged themselves to save systematically a certain sum before the end of this year and invest it in government securities.

John Baca, with 12 members in his family, heads the list with a pledge of \$600 between now and Dec. 31. Josef Stryk and J. Smolik, each responsible for the support and happiness of 7 citizens and F. L. Herzik with 4 in his family have each pledged themselves to buy \$100 worth of War Savings Stamps before the new year. Josef Staany has a household of 10, but he declared himself both able and willing to save and invest a like amount.

In the \$50 column are Frank Buzek, John Michal and John Mikulik Sr., all with families, while John J. Novak with 8 and J. Horelica with 11 dependent upon them are going to save \$10 each. What are you going to save?

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, listlessness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill Tonic has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would go a long distance to get GROVE'S TASTELESS Chill Tonic when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Methodist Notes

Rev. G. S. Hardy of Sweetwater, held quarterly conference at the Church on Friday. Rev. S. H. Young held regular services Sunday.

The H. M. S. met with Mrs. Harry Hall on Monday afternoon at 4 o'clock. There was a good attendance. Mrs. Jim Johnson conducted the services. Mrs. Merritt and Mrs. Dobbs of Colorado, were much appreciated visitors. Mrs. Merritt is Secretary of the W. M. S. and has recently returned from the meeting of the Northwestern Conference, which met at Amarillo. She spoke on the work of same until all the members caught an inspiration of the greater work that they can do, and are planning bigger things for the W. M. S. The Revival will begin the first Sunday in August.

A House Burned
The tenement house of G. H. Barrett of Champion, was burned last Friday and nearly all of the contents. B. W. Barrett and family occupied the house, house. The origin of the fire is unknown.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

For Weak Women
In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.
There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.
TAKE CARDUI The Woman's Tonic
You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.
"I was taken sick, seemed to be . . .," writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.
