## BAILEY EULOGIZED IN ADDRESS HERE

### ABILENE ATTORNEY DECLARES BAILEY OPENED FIGHT ON THE OPEN SALOON

E. N. Kirby, an attorney of Abilene, spoke here Saturday in the interest of the candidacy of Joseph W. Bailey for governor. Mr. Kirby delivered his address from an automobile in the street east of the City National Bank building. Approximately 200 voters, many of whom were farmers, heard the address.

The speaker reviewed the record of Mr. Bailey as a private citizen and as a member of the United States Senate, declaring that Bailey had always lived the life of a clean man and that as a statesman his record in the Senate had been one of commendable achievements.

"If any man will show me the private life of Bailey is not as clean as that of Mr. Neff," stated Kirby, "I will take the stump for Neff; that is, if Mr. Neff will abandon his Socialistic land plank." With reference to the charges of Neff supporters that Bailey was anti-prohibition, the speaker said: "I will give \$1000 in cold cash to the man who will show me the fact that Bailey ever made an anti-speech or voted the anti ticket."

He paid his respects to the "oligarchy of five," whom it is charged by Bailey are running the State government, with special reference to Cone Johnson of Tyler. "Bailey was the first man to ever open his mouth in a fight against the open saloon," he said, "and while he was making prohibition speeches Cone Johnson was sumping the State for the saloons, with his pockets full of brewery money and his stomach full of brewery booze."

Kirby attacked the Baptist Church for alleged attempt to take over the State government through election of Mr. Neff, declaring that it was the intention of Mr. Bailey when elected governor to take the reins of government from the hands of any denominational or political factions and return it to the people. He stated that he himself was a Baptist, but would fight his denomination to the last drop of his life's blood in the attempt to keep Baptists from running the State.

Reference by Kirby to his candidacies being a champion of prohibition resulted in considerable comment following the address by those of his hearers who were familiar with the true status of Mr. Bailey's record on this issue. It is a fact that Mr. Bailey is unalterably opposed to local option and that he has from time to time so expressed himself from the stump during this campaign. It is also an acknowledged fact that Bailey has been for some time retained by the National Hotel Men's Association, outspokenly in opposition to National Prohibition, and recently Mr. Bailey acknowledged during an address that he was in the employ of the Association for the repeal of National Prohibition.

### Reorganized.

The Merry Wives met with Mrs. Bruce Aycock Wednesday afternoon at Mrs. Abe Dolman's and reorganized with twenty-one members. Mrs. Abe Dolman was elected president, Mrs. Roy Dozier Secretary and Treasurer and Mrs. Oscar Price press reporter. The game will be 42. The hostess served ice cream and cake. The next meeting is with Mrs. W. R. Charters. The personnel of the club is: Mesdames Bruce Aycock, W. R. Charters, Abe Dolman, J. A. Sadler, Osborne, O. Lambeth, Lindley, Myrtle Vaughan, Nelson Vaughan, Boyd Dozier, Sam Wulfjer, Oscar Price, J. M. Pidgeon, Lucien Maddin, Grubbs, Leslie Crowder, Vivian Shropshire, Jack Smith, Henry Doss, Ed Jones, and Winn.

### BROTHER OF LORAINIE GIRL DIES AT SAN FRANCISCO

T. N. Duncan of Lorainie, was in Colorado Friday and reported the death of B. F. Witcher, brother of Miss Velma Duncan, an adopted daughter of Mr. and Mrs. Duncan. Witcher, who was an enlisted man in the army, died recently at San Francisco where he was stationed.

### CITY VALUATION RAISED 30 TO 40 PER CENT

The Equalization Board appointed by the City Council have completed an audit of property renditions in the corporate limits and adjourned until September 3 when the board will sit to hear cause from various property owners of the city as to why their valuations should not be raised.

The taxable valuation of property in Colorado was materially increased by the board over figures given the City Assessor by property owners. In many instances valuations were raised from 30 to 50 per cent.

The high cost of maintaining the municipality, which has increased with the cost of everything else, has made an advance in taxes imperative, city officials state.

## RIG FOR N. SMITH WELL IS RECEIVED

### UNDERWRITERS' CO. PLAN TO START THREE NEW WELLS WITHIN FEW DAYS

Three loads of rig material for the Underwriters' Producing and Refining Company's Smith No. 1, on the Nat Smith tract six miles west of Colorado were unloaded at the location Tuesday afternoon. Several from Colorado, among whom were officers of the Chamber of Commerce, M. E. Adams field superintendent, and L. W. Sandusky, attorney for the Underwriters' Company, were present to witness the initial work in construction of this rig.

All material for this rig has been received at Colorado and will be hauled out to the location at once. Construction has been awarded to D. D. Wertzberger of Ranger, who is expected to arrive within the next week. This well will be spudded in at the earliest possible date and rushed to completion, according to local representatives of the company.

The Smith No. 1 will be the third well to be drilled in Western Mitchell County by the Underwriters' Company. The others are the T. & P. No. 1, brought in five or six weeks ago at a location three miles northwest of Westbrook, and Morrison No. 1, now drilling. Morrison No. 1 is to be a shallow well and is being drilled for the purpose of making a test of oil sands penetrated in the T. & P. well at a depth of between 400 and 500 feet.

Two other locations have been made by the company. One of these is also on the Morrison tract near Westbrook, designated as Morrison No. 2 and will be drilled as an offset to T. & P. No. 1. The other location is on the Dr. P. C. Coleman tract, 20 miles northwest of Colorado on the Colorado river.

Rig irons for Morrison No. 2 have been received at Westbrook and remainder of material for this rig, together with material for well on the Coleman tract are in transit from Ranger.

L. W. Sandusky stated for the company that rigs at their various locations would be placed just as soon as material could be received and assembled and that drilling would be commenced at the earliest possible date. He stated that delays in receipt of shipments were being experienced because of congestion in freight traffic.

M. E. Adams returned recently from Ranger where he had gone to make shipment of pumping equipment for T. & P. No. 1, and when this equipment is received and installed a thorough test of this well will be made.

T. M. Prettyman, geological expert who was in Colorado Monday, made a visit to the location of Smith No. 1 and expressed the belief that the bend would be encountered at that location within a reasonable depth, easily within the reach of the drill. He made this statement following a study of the geology of the immediate vicinity.

His home was at Baird.

Witcher carried Government insurance to the extent of \$10,000, with his sister, the only known surviving relative, named as beneficiary.

## U. S. ARMY TRUCK CONVOY DELAYED

### HEAVY RAINS MAKE SECTIONS OF HIGHWAY AT TRENT AND ROSCOE IMPASSABLE

The Bankhead National Transcontinental Convoy, due to have arrived in Colorado Monday from Sweetwater, has been delayed on account of impassable conditions of the route of the highway at Trent and Roscoe.

The convoy left Abilene Saturday morning for Sweetwater and upon arriving at Trent they became bogged in the mud. Some of the larger motor vehicles were still bogged there Tuesday and it could not be definitely determined when the transcontinental trip would be resumed.

The convoy is in command of Maj. Jno. F. Franklin, Jr., U. S. Army officer of twenty-two years experience, and Mr. J. A. Rountree, Field Director of the U. S. Army Convoy and Director-General of Bankhead National Highway.

Major Franklin was in Colorado Monday on a trip of inspection over the route from Trent west to Midland. He stated that the mud hole at Trent Taylor County, and the Roscoe Flat, in Nolan County, were two of the worst stretches of road he had encountered since leaving Washington, June 14. The officer stated that in case the rains did not cease or some improvement was made to these parts of the road, he might be compelled to turn back to Fort Worth and from there continue the trip to the Pacific Coast by way of Wichita Falls and Amarillo.

The Colorado Chamber of Commerce, however, realizing the importance of this convoy passing through Mitchell County, immediately got in communication with Mr. Rountree through parties at Sweetwater, and Tuesday received a letter from the Director-General in which he stated the Convoy would visit Colorado just as soon as "8 miles of almost impassable road between Sweetwater and Colorado" could be traveled over. The eight miles of road referred to is in Nolan County across what is known as Roscoe Flat. Concluding, Mr. Rountree said, "We shall be delighted to visit Colorado and accept your hospitality."

Plans for the reception and entertainment of officers and men with the convoy are being formulated by representatives of the Chamber of Commerce, County Judge J. C. Hall and the City Council of Colorado. A feature already determined upon is to have a representative number of citizens meet the convoy in automobiles at the county line. The Chamber of Commerce urges that every citizen who has a car and can possibly make the trip take part in this part of the program. Camping grounds for the convoy have been provided on the aviation field landing across the river west of Colorado.

Upon arrival at Colorado the convoy will have traveled a distance of more than 2000 miles from Washington, D. C. The convoy consists of eighteen officers and one hundred, sixty men that have charge of seven touring cars, six motorcycles and forty-eight trucks. The convoy is fully equipped as if going to war. It has tents, cooking outfit, machine shops, food supplies, surgeons, dentist sanitary officer, ambulances, lighting plant, etc. It is conducted on purley military tactics under the rules and regulations of the army.

### Leaves for Dallas

Miss Jennie Lively, who during the past several years was in charge of the local Western Union Telegraph and Cable office, left Wednesday night for Dallas where she will spend an extended stay resting and recuperating. Miss Lively is a veteran in point of service with the Western Union and was retired from duty two weeks ago on a pension basis.

Miss Elsie McCarroll, recently of Sweetwater, succeeded Miss Lively at the Colorado office.

Mesdames Lane, O. Lambeth, J. G. Merritt, J. W. Shepperd, Jim Dobbs, Boyd Dozier and Everett Winn, with his sister, the only known surviving relative, named as beneficiary.

## I.O.O.F CONVENTION ADJOURNS FRIDAY

### THE EIGHTEENTH ANNUAL CON- VENTION OF WEST TEXAS ASSOCIATION MEET HERE

The meeting of the West Texas Odd Fellows Association held here last week was well attended, and was quite an inspiration to all Odd Fellows and Rebekahs. The meetings were held in the Methodist Church, which had been tastefully decorated in the intermingling of colors of both the Rebekahs and the Odd Fellows, with ferns.

The meeting was presided over by the president, Judge E. M. Overshiner, of Abilene. The morning session was given over to addresses of welcome and response, with a musical program by home talent.

Hon. L. W. Sandusky started the ball rolling with his enthusiastic welcome for the city, and Rev. W. M. Lanewas also sincere in his welcome in the name of the Colorado Odd Fellows. Judge E. M. Oxershiner responded to the words of welcome bringing to memory the good times that were had here at the meeting a few years ago.

Mrs. Katie Doss, Past president of the Rebekah Assembly, gave the words of welcome for the Rebekahs. This was responded to in a gracious manner by Mrs. Annie Savage of Dallas, wife of the Grand Master. The musical numbers, a vocal solo by Miss Byrd Adams, piano solo by Mrs. W. L. Doss, Jr., and a violin solo by Stansil Whipkey accompanied by Mrs. O. B. Price, were all appreciated and heartily enjoyed.

The afternoon session was mostly business, but was interspersed with a reading by Miss Scotti Mae Hines, and a selection by the Deering quartette.

The chicken fry, which was to have been given at Seven Wells, was given on the Church lawn instead, on account of the mud. It is needless to say that it was a success—for Colorado and the Odd Fellows had extended their hospitality, and neither has ever failed. This was done justice to by every one present, and some said the proverbial basketsful were taken up.

In the evening the Odd Fellows' picture was shown in front of the "Best Theater" and was enjoyed by a large crowd. This showed the workings of the Orphans Home at Corsicana and was interesting and instructive throughout. Several important officers of the Order were shown, among them being Mrs. Katie Doss of Colorado, Past president, whose picture was heartily cheered.

Friday morning the program was interspersed with a vocal solo by Miss Jessie Schroeder; readings by Misses Irma Quinney and Hallie Roddy, and a piano and clarinet duet by Mr. and Mrs. W. L. Doss, Jr.

In the afternoon Miss Hazel Cook gave a reading, and a male quartette rendered selections.

The association was honored by having the Grand Master, Mr. Savage of Dallas, and the State Secretary, Mrs. M. J. Alexander of Cisco, as guests and each gave helpful talks.

The next meeting is to be held at Big Spring, in August, 1921.

The following officers were elected for the coming year:

President, Judge E. M. Overshiner of Abilene; 1st Vice-President, M. Prescott of Big Spring; 2nd Vice-President, M. J. Alexander of Cisco; Secretary, M. Z. Haley of Abilene; Treasurer, Mrs. Katie Doss of Colorado; Chaplain, M. Anderson of Abilene.

As a visible result of the meeting, nine were initiated in the Mysteries of Rebekah and Odd Fellowship. The Evergreen Rebekah organized a Degree Staff with Mr. Jamie Sherwin Captain. The Association adopted as its mascots, the little baby son of the president and wife, Judge and Mrs. Overshiner of Abilene, and the tiny baby girl of Mr. and Mrs. Green Delaney, and each were presented with suitable presents. Mrs. Katie Doss was presented with a string of pearls in token of her work as an officer and faithful worker. At the close of the session the Odd Fellows served cold watermelons.

### MOSQUITOES BREEDING ON PRINCIPAL STREET CORNER

Thursday morning attention of the Record was directed to a pool of stagnated water which has collected along the curb on Walnut street adjoining the Colorado National Bank building, and in which, seemingly, millions of mosquito larvae were thriving. It was noticed that the larvae had commenced to hatch and numbers of the detestible pest were to be seen flying from the pool.

This pool of water has collected under and on either side of an unsightly wooden shack extending from the curb into the street. The shack, which has been occupied by dispensers of soft drinks, should be removed for two purposes. It is contrary to any civic improvement and is an impediment to traffic and to sanitation.

## ROADS OF COUNTY DAMAGED \$40,000

### 26 BRIDGES AND CULVERTS ARE OUT AND SOME ROADS BADLY WASHED

The heavy rains to fall in Mitchell County during the past two weeks resulted in damage to the county to an extent of \$40,000 in the destruction of bridges and culverts, according to an estimate made Tuesday afternoon by Commissioners Court which was convened in special session for the purpose of investigating the extent of these damages and to start repairs without delay.

Commissioner Laseter of Precinct No. 2 reported that a total of twenty bridges and culverts were out in his precinct, and six additional bridges in various parts of the county are known to have been either washed out or become temporarily useless by damage to approaches. In several places, it was stated, where large volumes of water passed over the road bed washouts had resulted

## BODY OF JONES IS NOT RECOVERED

### LOCAL AUTOMOBILE DEALER SINKS WHILE BATHING IN RIVER SUNDAY.

The body of M. V. Jones had not been recovered from the Colorado river early Thursday morning and several of those who have assisted in dragging the river throughout the week in the hope of bringing the body to the surface regard the recovery of the remains now as being doubtful.

Mr. Jones, a member of the Holt-Jones Paige Company, local Paige dealers, was a member of a party of young people who visited the river at West Bridge Sunday afternoon. He announced his intention of bathing in the stream, which at that time was in a swollen condition, and went up the river approximately one-half mile from the bridge. He plunged into the water and swam down the river to a point within seventy-five yards of the bridge where he suddenly disappeared.

The general belief is that the unfortunate young man was attacked by cramps, while one of the party who accompanied him to the river and who witnessed him sink, entertained the belief that Jones might have been carried under by driftwood into which his bathing suit had become entangled.

A few minutes before drowning Mr. Jones swam near the east bank of the river where H. F. McCorkle was engaged in gathering driftwood. Jones, with a smile on his face, swam within a few feet of Mr. McCorkle and soon after passing him disappeared beneath the water. He came to the surface again, however, and swam further down, when he went under the second and last time.

Because of the depth of the water and the swift current, the friends of the young man who stood on the bridge and bank of the river, and who witnessed him sink were powerless to render assistance.

The parents of Mr. Jones, Mr. and

### TEXAS SCHOOLS MAKE PUPILS STOCKHOLDERS OF THE GOVERNMENT

El Paso, Texas.—Pupils in six schools in this Texas town made such unusual records in their work that their reports have been received by the Savings Division of the United States Treasury from Miss Annie Webb Blanton, State Superintendent of public instruction.

Lovina school is represented by the grade taught by Miss Modena Griffin, who had sixteen pupils, and under the encouragement of Miss Griffin and Miss Myrtle L. Tanner, superintendent, they owned, at the close of school, Thrift and War Savings Stamps to the amount of \$1361.50. One high third grade in the Travis School of San Antonio, with thirty-one pupils under Miss Ruth E. Laidlaw, owned \$1590. Miss Stella Traweck's third grade with thirty-six pupils own \$1704 of the government's securities, bought as Thrift Stamps and converted into War Savings Stamps.

The Farmersville High School, with sixty-six Stamp owners, reports, according to Superintendent A. M. Blackburn and Principal R. Reece, ownership of \$2,999.75 in Government Savings Securities. N. O. Robbins, superintendent of the Jasper schools, entered the high school, with Mrs. Joe McCarthy in charge, which owns, according to Mrs. McCarthy \$34.15 in Government savings. Miss Eva Grizzard of Waxahachie, according to Superintendent G. B. Winn, had a class of fifty pupils, who on June 1 owned \$3,650.50. Miss Grizzard's pupils own

an average of \$72.61 and Miss Griffin's pupils own an average of \$85 each in Government Savings Securities.

"Perhaps other schools may have done as well," said Dinsmore W. Hume, Federal District Director, "but we have not been advised. Certainly these children have learned a valuable lesson as well as accumulated what is to a school child an unusually large sum of money. This work will be continued in the schools next season."

# PAIGE

The Most Beautiful Car in America

THE utility of the motor car is no longer confined to the masculine side of the family. The woman of today, in her own important sphere of social, business and charitable duties, is also turning to the motor car as a means toward the more efficient conduct of her affairs. The trend of feminine thought in this direction finds definite expression in the increasingly large number of Paige Light Sixes sold to women.

There can be no doubt that the smart five-passenger Paige Glenbrook admirably meets the requirements of the feminine motorist. It is a car of mechanical excellence, a car of luxurious comfort and, quite as important, a car noted for its ease of control.

Of course, you can better judge this Paige model when you have seen it and enjoyed a trial ride. All we ask is the privilege of making a single demonstration.

## Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

## CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last my days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.  
J. 71

**--better Groceries make a better Meal**

**ODD FELLOWS APPRECIATE COLORADO'S HOSPITALITY**

The 18th Annual Session of the West Texas I. O. O. F. Association convened in Colorado, Texas, August 19-20. It convened in a city where generous hospitality and brotherly love knows no bounds.

From the hour of the arrival of the members who came from adjoining towns, baffling the mud and rain, they were well repaid for their journey to the beautiful city of Colorado, where they were met and housed in the homes of the members, well cared for and well fed—which means the greatest hospitality that can be given—and they all felt it was good to meet and greet such people as that city is made up of.

After an all night ride on the T. & P., being a little tired, as we felt we had traveled over the space five times while in our seats, being hurled from side to side on the seat, backwards and forwards, we straightened ourselves and retired to the home of our friend and co-worker in the Order of Odd Fellowship, Mrs. W. L. Doss, where a generous welcome awaited us with an appreciative breakfast that we felt had been well earned by the shaking up we had on our trip there.

At 9:30 o'clock the members began to arrive, and when the 10 o'clock train came it brought the Grand Master, W. T. Savage and wife of Dallas. They received a welcome due them and were domiciled in the home of Brother and Sister W. L. Doss, where many have found the same welcome we received as this home is the home of the Triple Link Fraternity in Colorado.

When the noble band of men and women met in the First Methodist Church that Rev. Lane, pastor of that church had so liberally donated to the Order that he realized went hand and hand with the work that he is engaged in, we found many of the good citizens of Colorado ready to receive us and help to render a splendid program that Colorado had seen before, and we believe that every number on it was rendered, and heartily responded to; splendid music was rendered and heartily appreciated as were also the readings, and after the two days session had closed, we felt that truly Colorado was a city containing people that were imbued with the true spirit of fraternity.

Thursday morning the time was spent in hearing the numbers on the program, and the addresses made by the officers of the Order. Mrs. Katie L. Doss, Past President of the Rebekah Assembly of Texas, and a Past President of the Association, welcomed the visitors, and it is useless to emphasize the ability of this noble woman on such occasions. Mrs. W. T. Savage of Dallas, responded in the place of Mrs. Ella Goff, the President of the Assembly, who was detained at home.

The Mayor of the city, Hon C. M. Adams, with the dignity that such officers are possessed, and who realize what it means to have such a band of people in their midst, gave us the key to the city and told us that it belonged to us while there. Appreciation was shown by his generous offer, but he well knew we would not take away a thing but the promised fried chicken that awaited us to be devoured.

Hon W. T. Savage responded to the address of the Mayor, and the work was continued.

The afternoon session, opened by the President, E. M. Overshiner, began its regular business, but each time Brother Overshiner tried to talk we noticed a look of anxiety and restlessness, and upon investigation we found that Brother Overshiner left a little son at home demanding his attention, and he felt that the "yell" of a young Odd Fellow could be heard by all present.

Committees were appointed and the report of the officers read, showing the association to be in good condition. Mrs. J. D. Alexander, Secretary of the Rebekah Assembly of Texas, being present, she was called upon to tell what was being done by the members in Texas. Those who have heard Mrs. Alexander before know what she is to the Order, and her address was well taken.

After the regular business session, the President announced that he could no longer stay away from young Odd Fellowship and would have to leave on the evening train, so election of officers came, and Bro. Overshiner was re-elected President, making the third time he has served them. His ability in presiding has proven that he is the man for the place.

W. A. Prescott of Big Spring, was elected Vice-President, and J. Alexander of Cisco second Vice-President. Z. W. Harley of Abilene, was elected Secretary, and Mrs. Katie L. Doss, Treasurer. Brother Anderson of

Abilene, was elected Chaplain.

Immediately after the election of officers, the association dismissed to retire to the lawn of the Methodist manse where a bounteous spread awaited the members and visitors. Fried chicken! And do you know it tasted a little better there than it would have tasted at the Seven Wells, as had been planned? Chicken is so connected with Methodism that it gives it a taste that no cook has ever found the mystery to. Such a spread, and such hungry people we have never seen, the writer not expected, each one tried to eat everything in sight, but they could not master it so turned their heads with regret from the table. This spread is just one of the principles of Odd Fellowship, and that principle was well exemplified on that occasion. The good pastor and his noble wife rendered all assistance possible, even would not let the tired sisters wash the many dishes left from the meal.

Thursday night a meeting of Evergreen Rebekah Lodge was held, when nine members were inducted into the Order; and Friday morning session found nine more good members in the audience. A Degree staff was organized with such a band of enthusiastic members that will show Big Spring, at the meeting next year, what can be done in Colorado.

Friday morning the regular order of business was dispensed with, and splendid music was furnished by local talent.

The afternoon finished the session of the Association with a splendid program, after which members retired to the hall to have the Assembly degree conferred upon them, and to practice the Degree Staff work.

The young son of E. M. Overshiner and the young daughter of Mrs. Nellie DeLaney were made mascots of the association and a liberal contribution was given to purchase some gift for the young mascots.

Friday night the good brothers planned to give the Sisters a Grand Degree, and planned to make the sisters members of the Grand Lodge, but one good sister became frightened when the Goat was turned loose and left the hall in a run with several brothers in pursuit, catching her before she made the leap from the top stair to the ground. But the Grand Master got the degree from the Sisters.

Every moment while in Colorado was one of pleasure, and will long be remembered by the writer. We have visited there before and see many changes in the town, and a great future before it. The inhabitants are progressive, and expecting an oil boom that will place Mitchell County in line with the other counties that are enjoying prosperity. Thanking everyone that gave us a moments pleasure while there, and

ONE MORE OPPORTUNITY TO SAVE MONEY

### "BUY AT HOME CAMPAIGN" WOULD PROFIT TO COLORADO

It would be pleasant to think of Colorado as so attractive that it would be the ambition of our children to stay here and in their turn contribute to making things better for their children. How fine it would be to keep our boys and girls at home by making things so fair to them that they would not want to go away. But they must be amused; they must be educated, and brought up to think in clean and healthful ways; and to make improvements and to better conditions takes money. Commerce is Colorado's one way to get it. Colorado is a trading center. Every dollar spent here makes it a better trading center. Every dollar sent away makes it a worse trading center. Nobody is going to contribute to the building and upkeep of our parks, schools and churches. Nobody is going to make living conditions in Colorado better except Colorado people, and they can make it better only by making trade better.

A week or two back the Record stated that it believed every man had a perfect right to do as he sees fit with the fruits of his labor. If he elects to spend his money with the catalog houses, he has the glorious American satisfaction of thinking of this as a free country; but we repeat the further thought, that it takes something more than merely staying out of jail and paying one's legal debts to constitute a really good and valuable citizen. After we get a dollar and the getting thereof does not interest the county attorney, it is to all interests and purposes, our dollar—legally. But how did the opportunity to get the dollar present itself? Still, why go into it in detail? We are all dependent upon one another.

Since these times of high prices set in the catalog houses have made greater capital than ever. Their advertising activities have been infinitely greater than ever before, and it is high time our people came to an understanding of the dangers we are facing. Who loses the money that is sent away to the catalog house? A thoughtless person will answer, at once, that the local merchant does. He suffers the first and most direct loss; but a dollar is a community asset, for the reason that it is a community product and every man in the community loses his interest in every dollar that is sent away.

The merchant loses his profit on the sale and his employees lose their share of that profit.

The banker loses, for the catalog houses do not carry deposits in Colorado, and his profits come from deposits.

The doctor loses because, in times of prosperity, people pay doctor bills and he can't make money attending people who are broke.

The lawyer loses, for there is little profit in the dollarless client.

The cattleman loses for he needs the town in his business and if there were no stores, or if ours were poor stores, he would feel the effect.

The farmer loses for the fewer people there are here the smaller his chance to dispose of the produce he raises for sale.

The hotels lose, for with poor stores there would be but few travelers.

Everybody loses and the working-man most of all. There is not a person in town who does not suffer part of the loss.

And if the losses grow great enough, even the children will lose, by reason of inadequate school facilities.

Too many people are in the habit of looking at this subject as being strictly and exclusively the affair of the merchant. They say that he is the loser and if he wants to stop the catalog business that he ought to

do something about it. Cut his prices for instance.

If Colorado is to grow; go a step further and say: "if Colorado is to stay as big as it is people will have to get out of the habit of thinking the only things that directly concern them affect their prosperity."

The same logic that applies to a loss of opportunity to the larger interests of the town applies to the smallest interest in the town. Every man without employment represents a loss to the community. Every idle man in town is taking something away from every other person in town. It is an essential to trade at home in the employment of help as in the purchase of goods.

Just a little thought, just a little resolution, and Colorado can make a handsome profit, can extend its trade, improve in every way by the conservation of its resources, its every resource, banking, farming, stock raising, merchandising, laboring. Stick together, pull together, and prosper together.

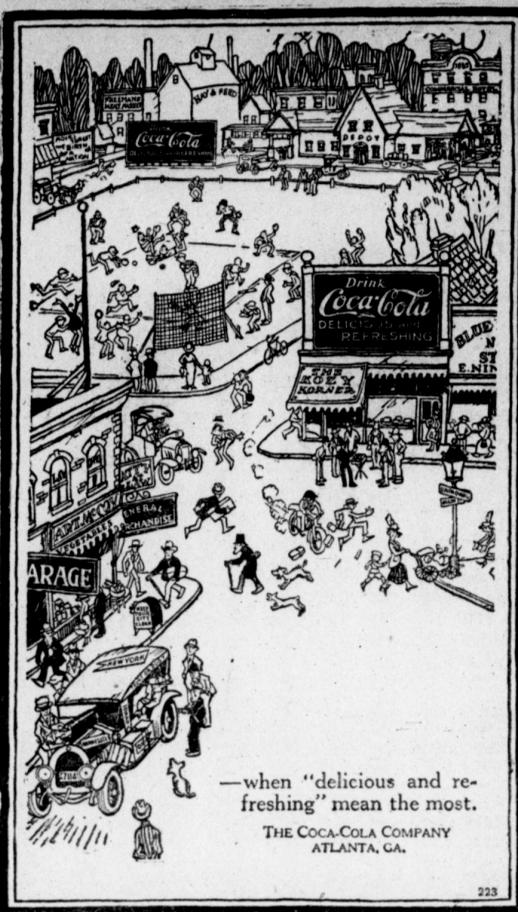

And it is not difficult to find a way to a realization of all this. The merchants of Colorado should lead in it by making a solemn vow to speak well of one another, and never, under any circumstances to send their own money away for anything that could be bought at home. Their clerks should be instructed that when a customer calls for something not in stock, that the customer should be referred to a competitor who may have that article, and if the clerk has time he should find the article for the customer.

Our people should be willing to buy everything they use at home, unless they know—not think or guess—they make a material saving by sending away. Pretty soon, now, the Winona Mills peddler and others will be showing up in Colorado. Colorado people really ought not to even discuss business with them, but give them to understand that Colorado is a "Buy-at-Home" town in its real and literal sense; and every person here should at least make one fair honest and unbiased effort to see if this sort of remedy will not work to the end of making Colorado a better town.

Colorado is already a good town, one of the best, of its size, in the State, but it can be made a better one. Colorado, perhaps, doesn't send any more money away from home than do other towns of its class, but we should send none away.

The importance of this subject can hardly be overestimated. Do you know how many Texas towns show a loss of population in the census that has just been taken? We know that some years ago it was estimated that 7000 towns in Middle Western States showed a loss of population directly traceable to catalog trade, while 1300 towns in Pennsylvania showed losses traceable to the same cause.

The community spirit is the safe spirit. The community spirit is the Christian spirit. "I live in Colorado and live here because I want to. It is my town. It is a good town. I like to live here because it is a good town, and I would like it better and to live here better if it was a better town." This is the community spirit, the safe, sane and Christian spirit,

—when "delicious and refreshing" mean the most.

THE COCA-COLA COMPANY  
ATLANTA, GA.

and your part in making Colorado a better town is to speak well of it, and of your fellow townsmen, and to give every person in Colorado the preference over a catalog or an agent when you have a dollar to spend. This is the remedy—it is the remedy to sustain and increase Colorado's population; it is the remedy for quieting the restlessness of your children and keeping them at home; it is the remedy for most of our social and civic ailments. It is the foundation upon which good towns are built—the spirit of cooperation—the spirit of doing unto others as you would have others do unto you.

#### The Best Physic.

When you want a pleasant physiotherapy Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter.

#### An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Letter From E. M. McCreeless  
Last Monday I continued my journey, going from Montgomery, Ala., to Atlanta, Ga. From Atlanta I went to Canton, Ga. and visited the Marble Company by whom I am employed. It was an interesting trip for me, and the firm and working crew showed me the greatest kindness and hospitality. I can now tell my customers I have looked my people in the face and recognized them as perfect gentlemen, and found their plant well equipped to meet every emergency.

From Canton I traveled to Greenwood, S. Carolina, where are located many large cotton mills.

There are some good crops in this section, and rain in abundance falls nearly every day.

E. M. McCreeless.

#### AUTOMOBILE INNER-TUBES FREE

Beginning June 1st for a time we will give free an inner-tube with each automobile tire you buy, knowing as we do that many new casings are ruined by trying to use old tubes.

Use good tires and cut down your tire trouble. We handle only the best tires. All standard brands. Come and see us, we have what you want.

A. J. HERRINGTON.

The City Garage can recharge, repair or rebuild any kind of battery.

## In Your Plans

for future business are you placing the matter of CREDIT in the place of importance to which it belongs?

Remembering that CREDIT is often as valuable an asset as CAPITAL, the business man of tomorrow can only establish and maintain a permanent basis of credit by unflinchingly honest dealings by keenness, perception and capability. In a credit thus established lies unlimited confidence and business power.

We invite you to talk over your financial needs with us.

## College of Industrial Arts (The State College for Women) Denton, Texas

The College of Industrial Arts, Denton, Texas, enrolled during the past session 1462 students and during the summer session 666, or a total of 2128 Texas girls, making it the largest College for girls in the United States with the exception of two both of which are located in Massachusetts. It is a college of the first class, and gives literary, technical, industrial and vocational education and training of the best quality, designed solely to develop mental discipline, social culture, industrial efficiency, and spiritual vision and outlook.

Its courses of study are composed of correlated subjects, including every necessary phase of woman's education, and are grouped as follows:

- (1) literary, (2) household arts, (3) fine and applied arts, (4) manual arts, (5) rural arts and sciences, (6) music, including piano, violin, voice and public school music, (7) reading or expression, (8) secretarial studies, (9) kindergarten training, (10) homemaking, rural and urban, (11) teacher-training for public school music, public school art, household arts, vocational home economics, primary grades, and high school subjects; practice teaching under expert supervision, (12) vocational training of both college and non-college rank for many of the most remunerative and attractive vocations, rural and urban, for woman. It confers the degree of Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Literary Interpretation, and Bachelor of Business Administration; awards vocational diplomas and certificates of proficiency; and issues teachers' State certificates.

The College plant is valued at \$1,500,000; the management is modern, safe and wholesome; the faculty is one of the best in the Southwest; it is a Texas College for Texas girls. The next session opens Tuesday, September 14, 1920. For further information or the latest catalog, address

F. M. Bralley, L. L. D., President, College of Industrial Arts, Denton, Texas.

### Judge Key's Manager Now for Judge Pierson for Supreme Court

#### IN AN INTERVIEW GIVEN TO THE SAN ANTONIO EXPRESS HE GIVES SOME REASONS WHY HE WILL SUPPORT PIERSON

News that Dudley K. Woodward, Austin lawyer, who managed the campaign of Judge W. M. Key for Associate Justice of the Supreme Court, will support Judge William Pierson in the run-off primary against Judge Hawkins is contained in the following item from the San Antonio Express of Friday morning:

"During the contest just closed, I managed W. M. Key's campaign for nomination as Associate Justice of the Supreme Court. It now appears that he has been eliminated, and in the run-off between Judge Pierson and Judge Hawkins, I shall vote for and support Judge Pierson, because as between these two gentlemen, I believe that Judge Pierson is better qualified and that it is a matter of genuine importance that he be nominated.

Judge Hawkins is a man of strict integrity and high character, but his record upon the Supreme Court during his seven and one-half years of service there, forces me to the conclusion that, temperamentally and otherwise, he is not qualified for the position which he holds. During the period between Jan. 7, 1913 (the date upon which Judge Hawkins qualified) and June 29, 1920, covered by volumes 152 to 221, advance sheet No. 1 of the Southwestern Reporter, I find that Chief Justice Phillips has written 294 opinions of the Court (exclusive of dissents, concurrences and others not decisive of the case); that Justices Brown, Tammie and Greenwood, each succeeding the other in the order named, have written in the aggregate 182 opinions, and that Justice Hawkins has written 28 opinions. If these figures are correct, and they have been made with the utmost care, they reflect a situation which, in my judgement, renders it imperative that Judge Hawkins be superseded.

"Judge Pierson is a man of equally high character, an eminent lawyer of wide experience, and for a number of years past has served with credit to himself upon the District Court, where he has demonstrated his ability to transact the public business with accuracy and dispatch. I am convinced that, if elected to the Supreme Court, he will prove himself to be a distinguished member of that great body. He has conducted his campaign in such a manner that his success leaves no trace of bitterness, and it will be a pleasure as well as the discharge of a public duty to give him my support."—D. K. WOODWARD, JR.

Judge Pierson won first primary by a plurality of 24,853 votes.

turning three other animals that had been "lost" and on the following morning they were found in the pasture of their owners.

#### WESTBROOK ITEMS

##### Widner-Morris.

On August 14th, Mr. Isaac Widner and Miss Adeline Morris were united in marriage, Rev. James Porter officiating.

Miss Adeline is the third daughter of Mr. and Mrs. J. I. Morris. She has made Westbrook her home since childhood, and is much loved and admired, and has been a great help to Westbrook. Mr. Widner is a young business man of sterling worth. He has made Westbrook his home for several months, having moved here last fall from Bisbee, Arizona, and has won many friends during his short stay here. Mr. and Mrs. Widner will make Westbrook their home. They have the heartiest congratulations for a life of much happiness.

Underwriters Oil and Refining Co. are unloading another oil rig to be erected on the Morrison section. This looks encouraging to the people of Westbrook. Three months ago we predicted that Westbrook would be an oil town in six months. Now we say that within six months she will be an oil city.

Little Mildred Wright is on the sick list this week.

Mrs. O. T. Bird spent Wednesday with her parents, Mr. and Mrs. D. H. McNairy of Latan.

Announcement has been received here of the marriage of Miss Bertha Lylian Carter to Mr. Forest Elton Rhodes of Abilene. Miss Carter is a talented young daughter of Mr. and Mrs. B. F. Carter of Latan. She is well known here and has a host of friends who wish her a long and happy life.

Mrs. Annie Wright and children returned Saturday from a visit to Sulphur Springs.

Mrs. H. C. Miller received a very painful cut on her hand last Friday while opening a can of fruit. Her hand and arm are badly swollen and had the appearance of blood poison. She was carried to Colorado Saturday where she could receive medical attention. She is doing nicely at this writing.

Misses Bessie Golden and Pauline Felker of Abilene are visiting their grandmother, Mrs. Bessie Young.

H. C. Guthrie has rented rooms here and will move his family from Electra. We are always glad to welcome new comers to our town.

Mr. and Mrs. Stovall of Cooper were week end guests of Mr. and Mrs. H. C. Miller.

Wagons are hard to get from factory; just unloaded car. Come quick before they are all gone.—Colorado Mercantile Company.

#### NOTICE TO COAL USERS

The railroads have asked for an increase in freight rates of 30 per cent, which means about \$1.35 per ton on coal. You better get yours now before this rate is granted, and save \$1.30 on every ton you buy.—O. Lambeth.

New tires and new tubes—guaranteed 5000 miles. E. Z. Tire Co.

Don't you hear that saw-a-hummin'? That means plenty of wood blocks—Jones pays the freight—S. D. WOOD

NOTICE OF SALE OF REAL ESTATE UNDER ORDER OF SALE

THE STATE OF TEXAS, COUNTY OF MITCHELL. In the District Court of Mitchell County, Texas.

A. A. Daniel vs. C. E. McCoy

Whereas, by virtue of an Order of Sale issued out of the District Court of Mitchell County, Texas, on a Judgment rendered in said Court on the 21st day of April, 1920, in favor of the said A. A. Daniel and against the said C. E. McCoy, No. 3724 on the Docket of said Court, I, W. J. Chesney, Sheriff of Mitchell County, Texas, did on the 11th day of August, 1920, 11 o'clock a. m. levy upon the following described tract and parcel of land, to-wit:

The Northeast 1/4 of Section No. 21, T. 1 S. in Block No. 29, Texas & Pacific Railway Company Survey in Mitchell County, Texas, belonging to the said C. E. McCoy, and on the 7th day of September, 1920, same being the first Tuesday of said Month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day in the Court House Door of said County, I will offer for sale and sell at public auction for cash all the right, title and interest of the said C. E. McCoy in and to said property.

Dated at Colorado, Texas, this the 11th day of August, 1920.

W. J. CHESNEY, Sheriff Mitchell County, Texas.

**Cox Against Bailey**

Governor James M. Cox, Democratic nominee for President of the United States, has utterly demolished every principle announced and every fallacy effected by Bailey from the moment he re-entered Texas to this hour. Read Gov. Cox's speech of acceptance Aug. 7. In speaking of the enemies of the Reserve Act, the nominee says:

"Woodrow Wilson was elected President in 1912, a reform of our banking and currency system had been universally demanded and had been, year after year, refused by the hand-picked element of the Republican party in obedience to orders. The control of money interest at that time had been held by favored groups, who were thus able to dominate the banks, regulate prices, favor friends, destroy rivals, precipitate and end panics, and in short, through their financial, social and political outposts, become the real rulers of America. The Federal Reserve Act was originated, advocated and made a law by a Democratic president and Congress, against the bitter protest of the Republican stand-patters, who almost without exception voted against it. The Federal Reserve Act is admitted to be the most constructive monetary legislation in history. At one stroke it transferred the power over money and credit and all they represent from one financial district into the keeping of the people themselves, and instead of one center to which all paid tribute, there are twelve citadels of financial freedom where every citizen has an equal right and where the principle that the credit of American business shall be free is the basis of administration. Every citizen should be alert to guard this great institution which is his guarantee of credit independence."

Bailey denounced our war with Germany.

Bailey denounces the League of Nations.

Bailey denounces the Federal Reserve Bank Act.

Bailey derided the Federal Farm Loan Bank.

Bailey denounces the Child Labor Law.

Mr. Bailey is against the Initiative and Referendum.

Mr. Bailey is against Woman Suffrage. He said it would be a greater evil than having saloons in politics. In a recent speech at Spur he said he was against the National Democratic Platform for Woman Suffrage.

Bailey kept his mouth shut during the war and is now bragging about it.

Governor Cox endorses the many achievements of the Democratic administration and endorses the Democratic National Platform. He is against Bailey and Bailey knows it. And yet Bailey says he plans to stomp some of "the doubtful States" for the Democratic nominees for President and Vice-President. The object of the business is, Mr. Bailey will do anything in order to get support in the run-off, and he no doubt thinks such an announcement would bring him votes from some Democrats not now pledged for him and who could be made to believe that

Bailey is not aligned with the Republican Party.

The "Texas Republic," a newspaper published in San Antonio and which is recognized as the official State Republican organ, endorses the candidacy of Mr. Bailey for governor. In its current issue the following editorial, written by Major Mosé Harris, appeared:

"The Republic is unalterably of the opinion that the Republicans cannot do a greater service to their State than to help elect Bailey. They can do this without any greater sacrifice of party fealty than is common in every election. Every two years a majority of Texas Republicans vote for one or more Democratic candidates; and never can they be more justified in such action than in voting for Bailey.

"The Republic wants to be distinctly understood that in making this recommendation there is not the slightest suggestion of abandoning the Republican party, or the regular Republican ticket. The Republic itself never will forsake the party or its principles, and it hopes none of its readers ever will do so. But, strictly as a non-partisan measure, Republicans can forego the nomination of a gubernatorial candidate this year and support Bailey with no thought of party disloyalty.

"There would not even be a remote possibility of electing a Republican Governor in Texas this year. Everybody knows that a nomination would only be a farce; a joke, a waste of time and effort. It would be as reasonable to expect an angel to be appointed head doorkeeper in hades.

"Therefore the sensible, the patriotic thing to do is to elect Bailey Governor of Texas. And if the Republicans assist in doing this they can claim a share of the credit for that election, and thus be entitled to recognition in State affairs—something they have not been entitled to in more than half a century. Bailey will make Texas a good Governor, and the Republic will willingly give its influence to secure his election."

Charges that the Baptist Church is attempting to take over the State government, through support of its membership to the candidacy of Pat Neff for Governor, is one of the most inconsistent phases of the sophistry of Bailey and many of his stump speakers in the run-off campaign. We suppose they are attempting to make political capital out of that because Neff is a member of the Baptist Church and one of the leading benefactors of this denomination and its institutions in the State. Baptists are supporting the candidacy of Pat Neff, not as a Church, but as citizens.

Methodists, Presbyterians, Episcopalians, Christians, Catholics and members of other Christian denominations of the State are also supporting the Waco candidate, not through the desire to carry the church into politics, but because they recognize in Neff, both as a private citizen and a servant of his consistency, the right man for chief executive of Texas if an untrammelled Democracy is to prevail. Why not accuse the Baptists of attempting to elect Bailey? It was only last week that members of the family of the late C. C. Slaughter, a man who perhaps did more in his lifetime than any other individual in Texas, for the Baptist Church, authorized the statement that each of the 22 votes in that family would be cast for Bailey in the election tomorrow. The Democrats of Mitchell County are not to be influenced by such propaganda, as the election tomorrow will show.

In his address at Spur, Friday, August 13, Mr. Bailey said: "My honorable opponent, Mr. Neff, was young enough to have had his services accepted, while I hate to acknowledge before these ladies that I was too old." Mr. Bailey made that statement in defense of his war record, which is being exposed by Neff

speakers throughout the State. Bailey meant that he was really too old to be sent. There were hundreds of men in the service older than Mr. Bailey, and they volunteered. Among them are Colonel Thomas R. Hamer of Boise City, Idaho. He has a wife and two children and at the time of entering the army was 55 years of age. He, like Mr. Bailey, was too old to be sent, but not too old to be accepted. Major Francis E. McGovern, former governor of Wisconsin, was another. He also was too old to be sent, but young enough to go. Dr. John S. Turner of Dallas, the late Dr. C. E. Cantrell of Greenville, a personal friend of Mr. Bailey, a splendid doctor with a big practice, the father of ten children; and others we might enumerate, were too old to be sent but young enough to go. The trouble with Bailey is that he did not want to enter the service. He was not in sympathy with the war, insofar as America was concerned. He, who had the opportunity to do so much for his Country, as his boys did, should not attempt to take away any of the credit from them. The people of Texas do not relish such false patriotism.

As to the assertion that Mr. Bailey was the first one to open his mouth in a fight against the open saloon, we take issue with the gentleman from Abilene who spoke here Saturday afternoon in support of the candidacy of Bailey. Anyway, his following in Texas would not suggest such a distinction. Mr. Bailey is being supported by those citizens of the State who stand for the open saloon. And, furthermore, every alien enemy of the American government during the recent war who is a voter in Texas will scratch the name of Bailey's opponent in the run-off tomorrow.

**OBITUARY**

On Monday the aged aunt of Mrs. McCall, Miss Margaret McCreless, passed to her reward. She was laid to rest in the Union cemetery Tuesday, Rev. W. M. Lutz conducting the funeral service. Miss McCreless was born in Alabama but has lived in Colorado for years with her niece, Mrs. McGill and since her death, with Mrs. McCall. She was 86 years old and leaves a twin sister and numbers of other relatives who will miss her and mourn her departure.

Last week in the Dorn Community, Mr. B. F. Henson, aged 73, died and the body was shipped to Cleburne.

Mr. Henson lived at Cleburne and was out here on a visit to his son, Ben Henson, on the Gary ranch. He was an old veteran and was sick but a few days. Rev. E. N. Parish of Cleburne and T. B. Ford of Morgan came out and accompanied the remains to their last resting place.

**FARMERS OF MITCHELL COUNTY**

You are urgently requested to meet at the Court House in Colorado at 2:30 p. m. Saturday Aug. 28, for the purpose of discussing some of the features of Farmers Cooperative Marketing Association of Mitchell County. A classer has been employed and all that wish to become members must do so by Sept. 1.

The Marketing of cotton seed will also be discussed.

R. C. Morgap, President.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

**BODY JONES NOT RECOVERED**  
(Continued from Page 1)

Mrs. William Jones, live at Windfield, Alabama. He is also survived by four brothers, all of whom with him saw service in the recent war, coming out of the army without injury. The family were notified of the death of Mr. Jones and have instructed that the body, if recovered, be forwarded to Windfield for burial.

Efforts to locate the body will be continued, it was stated Thursday morning and the search will be extended for a distance of several miles down the river. Because of the swift current of the river, many are advancing the opinion that the body was carried down stream a distance of several miles.

**ROADS OF COUNTY DAMAGED**  
(Continued from Page 1)

to such a degree as to tie up traffic. Rural Route No. 2, out of Colorado, which passes over the South Westbrook road, was temporarily suspended Monday because of the bad condition of the route from washouts. A crew of several men and teams were placed to work on this road Tuesday and repairs were expected to be completed within two days, according to Judge Hall. It is not known when the Postal Department will resume delivery service over the route.

The rural route running north and south out of Lorraine is over roads in such bad condition that the carrier is making his daily trips on horseback. The distance of 70 miles, over each end of the route, is being served by relays. Originally this is a motor route and the distance is covered by automobile.

"Commissioners Court is doing everything within their power to make repairs to these roads," Judge Hall stated Tuesday afternoon following adjournment of the special session of court. "The road and bridge funds do not have sufficient funds to their credit at present to finance a program that would mean the repairs we need, but we find that many farmers living along the various roads made practically impassable are cooperating with the county in this work and are offering their teams and services at a most equitable price."

Practically the entire damage to result from these washouts occurred on cardinal roads of the county. It was stated Tuesday afternoon that no material damage had been noted to the macadam road running east and west through the county nor some of the other principally traveled thoroughfares of the county.

There are a total of 612 miles of public road in Mitchell County. This means that a total damage of \$40,000 to the roads is equivalent to an average of \$65.35 per mile, if distributed over the entire road system of the county.

**CHRISTIAN ENCAMPMENT**

The Merton Star has this to say of the Second Annual Christian Encampment held here:

"Rev. D. R. Hardison's preaching continues to draw large congregations at each service, especially at night. The crowd was so great Sunday night that seats could not be found except by resorting to automobiles which were parked around the grounds. The committee was fortunate in securing Bro. Hardison to do the preaching, his work here last year having won the love and esteem of all local church-goers—and they all go—and his coming this year was eagerly looked forward to. Rev. A. C. Glover of Ballinger, has been here this week and has been assisting in the meeting in various ways. He preached an excellent sermon Tuesday morning.

A quartette composed of George Goodwin and family of Colorado City, have been singing at each service and have merited much praise. They are camping in the park. Harry Shields of Glendora, Calif., who was to have had charge of the choir work, here that his brother was very ill in Indiana and cancelled the date to attend the brother. Some phonograph records of Rev. Shields singing made by the Eison company will be played at the Sunday night service. Among the collection is "On Calvary," which is familiar to those who attended the encampment last year.—Merton Star.

Mr. and Mrs. Ed. Jones and family, Mr. and Mrs. R. P. Price and family, and Mr. and Mrs. Geo. Goodwin and family attended from here and all report a splendid time.

Bring your battery troubles to us. We guarantee satisfactory service at moderate prices.—Womack & Co.

**BAYLOR FEMALE COLLEGE OPENS SEPTEMBER 27**

The fall term of Baylor Female College at Belton will open September 27, according to announcement made in another column of the Record this week by the President, Dr. J. C. Hardy. Baylor is the largest and best equipped school for women of strictly college grade west of the Mississippi river. A standard college course, giving four degrees, is offered. The Fine Arts Conservatory, with twenty teachers, is among the best of the country. The school has a large loan fund from which loans are advanced to young women not financially able to pay their way through school.

The student body has increased from 804 to 1350 and material investment from \$250,000 to \$1,000,000 in eight years. Last year students from 170 counties in Texas, 15 states and 6 foreign countries were matriculated.

Only STANDARD Tires and Tubes You can't afford to buy seconds, or cheap tires—A. J. Herrington.

**Study Course**

The Baptist Auxiliary met at the Church Sunday afternoon, for the study course in "All the World in All the World."

Next Monday the book will be completed and every member is urged to come, as an examination will follow soon.

Mrs. D. M. Culp and the Misses Britton of Lorraine visited Mrs. Clint Mann Tuesday.

Miss Minnie May Stephens of Kyle is visiting her cousin, Mrs. Everett Winn.

Rev. J. M. Shuford returned home this week from an extended visit to his daughter, Mrs. Schuhmann at Austin. While there Bro. Shuford visited the Old Soldiers Home.

Mr. and Mrs. Walter Whipkey, after a ten day's vacation here and at Big Spring to their parents, returned this week to their home in Paris, Texas.

Mrs. George Robertson and son, George Pink, of Lorraine, spent Tuesday with her sister, Mrs. Bruce DeGarmo.

**Pure Bred Lone Star Cotton Seed**

The COLORADO NATIONAL BANK has secured a limited amount of

**PURE BRED LONE STAR Cotton Seed**

for planting next season. It is important that you book your next year's seed NOW, as the demand for this staple Cotton will be far above the supply.

These seeds are Certified Pure Bred & guaranteed FERTILE by the Caged Seed Co., of Austin, Texas.

**TO WHOM THIS MAY CONCERN:**

I planted Lone Star Cotton seed, furnished by Caged Seed Company, on one thousand acres this season, 1920. It is a deep rooted, heavy fruiting cotton and I like it better than any cotton I have ever planted. On all sales to date, I have received one and one-half cents per pound premium above my neighbor's, in the same sale to the same man on the same day. This premium was given me on the length and quality of the staple. I shall plant my entire crop for 1921 in Lone Star Cotton. (Signed) W. L. FALLWELL.

**Young People Meet**

The Young Peoples Missionary Society, of the Methodist Church, met with Mrs. Barcroft Tuesday afternoon. There were eighteen present, and twelve dollars were received on the Pledge. The lesson was on the rural churches. The rest of the time was spent working on hand embroidered articles. It was decided to have a bazaar some time this fall. Mrs. Barcroft, Mrs. Jim Dobbs and Mrs. Boyd Dozier were selected as delegates to District meeting which convenes in Sweetwater this week. Mrs. Barcroft escorted the crowd to the ice cream parlor and treated to ice cream.

**Missionary Society**

The Missionary Society of the Methodist Church met for regular business Monday afternoon. The president, Mrs. Winn, presided. The program was on the Rural Church. There was a good attendance. The report from the officers showed the society was well up with the work. Seventeen dollars were paid on the Pledge. Mrs. Lane and Mrs. J. W. Sheppard were elected delegates to the District meeting which convenes at Sweetwater this week. Mrs. Leslie and Mrs. Winn were elected alternates.

**Former Pastor Here**

Rev. W. C. Garrett, former pastor of the Baptist Church here, passed through Monday on his way to Longfellow School to aid Rev. A. D. Leach in a meeting there this week.

Brother Garrett has participated in some excellent meetings this Summer at Vincent and Salem churches in Howard County. Bro. Garrett is said to be one of the best revivalists among the preachers of the State. The people of Colorado will vouch for its being true, alright.

**Married**

At the Courthouse Sunday afternoon at 5 p. m., Mr. Leland C. Newton and Miss Dane C. Smith were united in marriage by the Rev. D. R. Hardison.

A few good friends were present to witness the ceremony and wish them joy.

The happy couple left on the 8:30 train for Fort Worth to make their future home.

**Nearing Completion**

The new residence being built in North Colorado by J. M. Page is nearing completion and it was expected Wednesday that the building would be ready for occupancy by the latter part of the week. Several homes in Colorado are being remodeled and improved.

Don't you hear that saw a-hummin'? That means plenty of wood blocks—Jones pays the freight—S. D. WOOD

**Card of Thanks**

We desire to express our sincere thanks to our friends and neighbors who so tenderly ministered unto us in the sickness and death of our Aunt Miss Margaret McCreless.

May God, in His mercy so reward each of you in your hours of sorrow.  
THE FAMILY.

**Dr. Pender at Baptist Church Next Sunday.**

Dr. R. C. Pender, who is well known among Texas Baptists, will speak at the Baptist church next Sunday morning. His subject will be "The Buckner Orphans Home." It is desired that the church will make an offering for the current expense of the Home at this service. Dr. Pender will begin speaking just before 11 a. m. Please come on time. Sunday school at 10 a. m. Evening worship at 8 p. m. Jr. B. Y. P. U. at 5 p. m.

Just unloaded car of Bain Wagons, the best built. Get yours.—Colorado Mercantile Company.

**CANADA & SPALDING**

**Combines Ease of Operation With Good Work**

It's a pleasure to drive the John Deere Row Binder round after round, and see the standing corn transformed into well-shaped, easily handled bundles because the hard work is all taken out—it is just a job of driving the horses.

**JOHN DEERE ROW BINDER**

—The power carrier does away entirely with the hard work—you don't have to dump the bundle carrier and return to position hundreds of times during the day.

—On the John Deere you press the foot trip lever and the power carrier does the rest. It delivers the bundles free of the path of the horses, and practically parallel to the standing corn.

—The horses don't have to tramp over and on the bundles.

—Because the carrier is always in receiving position, no bundles are scattered between the windrows.

—You will also appreciate the John Deere Binder because it is easy on the horses. The Quick-Turn Tongue Truck takes off all neck weight, and makes it just as easy to turn at the ends as if the horses were hitched to a wagon.

—Besides the truck takes off side draft and prevents sluing because the axle of the

truck is flexibly mounted—the wheels hold to uneven ground constantly.

—You will understand why the John Deere works so successfully in all kinds of maize-fields when you see the wide throat with flexible throat springs that hold the maize into the conveyor chains operating close to the butts, carrying the stalks back in a vertical position all of the way.

—The three packers, one working above the needle and two below, insure well-formed bundles. The three discharge arms discharge the bundles onto the power carrier, no chance of the discharging bundle mixing with the bundle being made.

**SEE THE JOHN DEERE ROW BINDER**

There is enough difference to make it worth your while to go out of your way to inspect it. We have one set up, see us about this soon, and write us for our catalogue that fully describes it.

**H. C. DOSS**

**Greatest Farm Light**

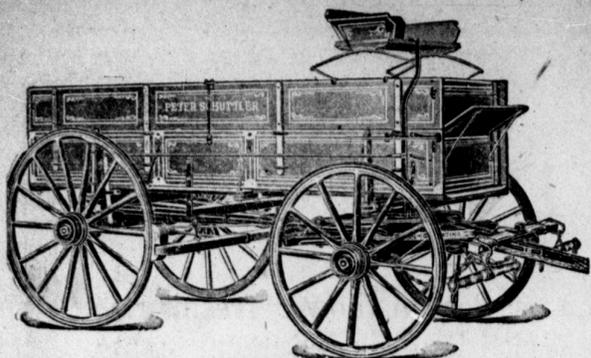

NO need to bother with old style oil lanterns, when you can have the most brilliant light known. Safest and most convenient lantern ever invented. Makes and burns its own gas from common gasoline and lights with matches. No alcohol torch needed.

**Coleman Quick-Lite**

Gives a pure, white light of 50 candle power—more light than 25 old style oil lanterns. Brighter than electricity. No wicks to trim. No chimneys to wash. Won't blow out. Can't roll fuel or explode even if tipped over and rolled around. Thousands in use. Will last a lifetime.

See your Hardware Dealer now and get your QUICK-LITE. If he can't supply you write Coleman Lamp Co., Dallas, Texas.

"The Cash and Carry Store"

NOTICE TO SUBSCRIBERS

On October 1st the subscription price of the RECORD will be raised to Two Dollars (2.00) per year.

This has become necessary on account of the advance in print paper and increased postage. Before the war we bought News print for 3c per pound. Now we are forced to pay 15c per pound and experience difficulty in securing it even at this price.

Our postage formerly was 59c per week—now it is \$5.00. The wholesale houses advise us that paper will go higher and may not be able to supply the demand for it.

Now, listen! We have more than 1000 names on our list whose subscriptions will expire between now and October 1st, and all who will do so may renew at the old price of \$1.50, if they do so before October 1st, the time the increase goes into effect.

We have another 1000 names on our list whose time will expire by January 1st, and it will pay all of these to come in and renew at the \$1.50 rate, before Oct. 1st.

When we sell the Record at \$1.50 per year we get approximately 3c per copy. The white news paper that now goes into the Record costs us 5c per copy. Therefore, it is readily seen that we cannot continue at the old rate, and are forced to raise the subscription to \$2.00.

Remember, October the 1st, the rate per year for the Record will be advanced to \$2.00.

I sell Gas, Oil, Greases and Coal Oil, wholesale and retail. Will deliver in any quantity. I have the Pierce Oil Assn. back of my guarantee to be the best; save money by the barrel—Phone 291.

LON ALLMOND.

Night keys are not half so popular now as they were before John Barleycorn was put on the blink.

Wagons are hard to get from factory; just unloaded car. Come quick before they are all gone.—Colorado Mercantile Company.

The Dixie Lyceum Course, coming to Colorado this year for benefit of the High School, is represented as being better than the lyceum here last year. And the lyceum coming to this city last year was a wonderful success in all respects. The various features furnished entertainment of a class not often available to people of the smaller towns and was a success in a financial way. After all expenses were paid in full, a balance of \$173 was left and went to the library and laboratory funds of the school.

WONDERFUL MUSICAL REVUE FAIR EVENT

Emile de Recat, Famous Producer, to Present Original Show.

Assuring the people of Texas and the southwest a wonderful and entirely original Coliseum show for the State Fair season by a daring adven-

ture into the production game, the State Fair management will present, beginning October 9 and ending October 24, Emile de Recat's latest and most famous production. It will be in the nature of a musical revue, giving world events in song and dance. De Recat is a genius in costuming, stage decorations and effects. He will be given free rein to make the State Fair revue the most wonderful in the way of costumes and stage scenes that has ever been produced in the South.

"There will not be a dull moment in this great revue," says Secretary W. H. Stratton, who visited a week at de Recat's studio in Chicago. "The singing and dancing will be extraordinary, introducing as it will ten principals and a chorus of twenty-four beautiful girls. The costumes will make every scene one of dazzling, vivid beauty. In addition four unusual specialty acts will round it out."

Three carloads of scenery will be needed to stage the revue, which will be shown in Dallas for the first time, making the State Fair rank with New York and Chicago for original productions.

COX'S CATTLE MAY VISIT STATE FAIR

Democratic Presidential Nominee is Owner of Fine Herd of Herefords.

Visitors to the livestock exhibit of the State Fair of Texas—October 9 to 24—will likely have an opportunity of seeing some of the famous Hereford breed raised by Governor James M. Cox of Ohio. Plans are being made to bring the pick of the Democratic nominee's herd here during the Fair and enter them in the contest for the livestock awards.

Assurances that the livestock exhibit this year will far excel any previous exhibit held here are made by Secretary W. H. Stratton, who has just returned from a trip to Chicago, where he visited a number of prominent cattlemen whose prize herds will be seen here this fall. Mr. Stratton declares that the coming Fair is arousing more interest in the North and East than ever before and that scores of cattle raisers from the Chicago district alone are already making plans for the trip during October.

Cattle, swine and sheep will have a prominent place in the exhibit and entries for all divisions have already begun to pour in. Those in charge of this department of the Fair are fired with enthusiasm over the prospects of staging the greatest livestock show that America has ever seen.

SCHOLARSHIP AWARDS EVENT FOR YOUNGSTERS

The awarding of seven college scholarships will be one of the many features of the Boys' and Girls' Educational Encampment to be held at the State Fair of Texas, October 9 to 24. It is estimated that more than 1,000 boys and girls will attend the encampment and each will be given an opportunity to win a prize.

In addition to the six scholarships announced recently, T. B. Truitt & Son of Waxahachie, Texas, have offered an A. & M. College scholarship for the best acre of cotton grown by a member of a Boys' club.

The encampment, which has been organized now for several years, is a very important factor in keeping boys and girls of Texas interested in farm work.

AUTO SHOW AT FAIR TO BRING NEW MODELS

Though the exhibition season of the State Fair of Texas—Oct. 9 to 24—is several weeks away, automobile dealers of Dallas and of North Texas have practically all placed their orders for cars to be brought here for the automobile exhibit, which will be held on a larger scale than ever before. Already more than a hundred entries have been made by automobile dealers and many more will be made before the Fair is opened, taking up every bit of available space in the automobile building.

Late models of cars of practically every make will be shown here. In many instances the new 1921 models will be displayed for the first time.

EXHIBITS SPECIMEN OF GOOD COTTON GROWING IN COUNTY

W. A. Oliver of near Westbrook, was in Colorado Friday with two stalks of cotton from his field. County Farm Agent W. A. Dulin and others who examined the cotton pronounced the specimen as being most excellent, and if representative of the crop would easily produce a bale to the acre.

One of these stalks was taken from a field planted to the Improved Mebane which Mr. Oliver has been growing the past three years. On the stalk were 16 bolls and approximately 65 other healthy forms of fruitage, ranging from the bloom to young bolls almost grown.

The other stalk was from a field planted to a special breed-cotton which is this year receiving a test on the Oliver farm. This stalk did not carry as many forms as the Mebane.

Notice.

The Westbrook local Farmers Institute will meet in Westbrook on Saturday 28th at 2 o'clock p. m. Every member and every farmer is urged to attend.

A. B. HINES, Pres. Inst.

We brought the price of gasoline down to only 2 cents above the Dallas price. It's for your benefit—Womack & Company.

Traveling Man's Experience  
You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

TEXAS COMPANY AGENCY

I have the agency for the Texas Co. Oil, Gas, and Lubricating oils. Buy your oil and gas wholesale. I will deliver. Your account large or small appreciated. See me at filling station at Womack & Co's. Garage.—RUBE HART.

ESSEX San Francisco to New York 4 Days 14 Hours 3347 Miles 43 Minutes

Lowers Transcontinental Record by 12 Hours 48 Min. Another Essex Going from New York to San Francisco Broke the Record for that Direction by 22 Hours 13 Min., Completing the trip in 4 days 19 hrs. 17 min

So the ESSEX Holds the Transcontinental Record Both Ways

Two Essex touring cars, carrying U. S. Mail, each one making the entire trip between San Francisco and New York, have set the time records for their respective directions across the American continent.

And thus comes to Essex another distinction for reliability and endurance.

Except for one airplane record, these two Essex cars have crossed the continent in less time than was ever recorded by any traveling machine. The fastest time possible between San Francisco and New York by train is slightly less than the time taken by the light weight economical Essex. But in the case of the railroad train, many different locomotives are used, each pulling the train only a few hundred miles.

From Cheyenne to Omaha the route taken by the Essex was 43 miles longer than the 550-mile route of the famous Overland Limited yet the Essex time was but one hour longer than the express train time.

The World's Most Coveted Records

From the days of the Prairie Schooner, the Pony Express and the completion of the railroads men have sought to establish new trans-continental time records between the Atlantic and Pacific oceans.

It has called for the highest development of skill and courage. And it has, as in the case of the motor car, blazed the way to mechanical reliability.

The purpose of this Essex test was to prove its reliability. In the period of 114 hours was crowded more strains, more calls for endurance and mechanical strength than the average owner demands in a lifetime.

Every requirement of motor car performance was met by these two cars. And the fact that they so consistently met their tasks proves Essex uniformity.

The speeds at which they traveled were not so unusual, for another Essex stock car had on a speedway track gone 3037 miles in 50 hours. But in the transcontinental runs, some 350 cities and towns had to be crossed. Crowded traffic imposed its obstacles to consistent going. Mountain ranges in the East and West with grades such as the average driver never encounters, called for the utmost of hill climbing ability.

Few will ever motor all the way across America and therefore cannot know the extreme varieties of conditions encountered. But let each reader apply to his consideration of what Essex has done every experience he has ever met in his own driving. It will give some appreciation of Essex reliability.

Light Weight Establishes Reliability

How gradual have men come to a realization that a light weight car can also offer reliance and performance.

Essex has led the way for that was its purpose from the very first. Economy is of growing importance. Men want to save in fuel and in first costs. But they want no sacrifice in performance and they demand unquestioned reliability.

Essex offered itself to the public without claim. Now more than 40,000 owners know and praise its worth.

Owner cars that had been driven upwards of 25,000 miles were used in the recent nation-wide Essex week to establish reliability, economy, speed and hill climbing records.

To Essex owners the winning of the transcontinental records is not a surprise. But those who do not know Essex performance and reliability must regard that these two trips across the continent are as important in marking mechanical advancement as any similar event in the history of the motor car.

# GEOLOGIC EXPERT VISITS COLORADO

### T. M. PRETTYMAN BELIEVES THIS REGION WILL DEVELOP INTO COMMERCIAL FIELD

T. M. Prettyman, of the Texas Consulting Company, with offices at Big Spring, delivered an address in Colorado Monday afternoon at the First Christian Church, on the subject of petroleum and of what the State knows of the geology of this region. Mr. Prettyman was a member of the geologic party sent out last year by the University of Texas to make a survey of the Marathon fold, extending from the Marathon Mountains in Southwest Texas in a northward direction.

Mr. Prettyman outlined the six principal theories as to the formation of oil, which are divided into two classes; organic and inorganic. He stated that the greater per cent of geologists were of the belief that oil was of organic formation and that both vegetable and animal matter had contributed to the properties entering into its formation.

He described the various stages through which petroleum had passed during the ages, passing from the most inferior grade to better and better grades through the action of time, heat, pressure, shock, etc. He stated that petroleum had been formed from the basic source of fish, which in innumerable quantities in the long ago lived in waters covering the earth's surface, had died and been deposited and preserved in mud at the bottom of the water. To substantiate this theory, he outlined how that oil, quite similar to petroleum, may be produced in a laboratory by submitting the body of a fish to extreme heat, pressure, and shock.

Mr. Prettyman described at length the science of geology in determining where to drill for oil. In the first place, he said, the geologist must as-

certain whether the oil is within reach of the drill. Then the crest of the bend should be located and a conclusion arrived at as to the porosity of the oil bearing formation. By the crest of the bend, the speaker explained this meant to locate the highest point or crest of the oil bearing formations which under great shock and pressure had been thrown up at points, forming oval shaped crests. Into these, he stated, the deposits of oil and gas had been forced from pressure by water which is heavier than either oil or gas. In explaining the importance of porosity of oil bearing formation, he outlined that unless the rock containing oil was porous, allowing the petroleum to penetrate through, no commercial producers would result from drilling wells even into sand or limestone containing a high test of the product.

In speaking of the various formations encountered in wells in this section, Mr. Prettyman stated that oil found in these were from the Wichita Albany formation. He stated that the structure known as the bend would be encountered here at an approximate depth of 2500 feet and explained that this structure formed the source of some of the best wells in Central-West Texas.

In reply to the question as to the comparison of the Underwriters' well in Mitchell County and the McDowell well in Glascock County, Mr. Prettyman stated that he had not made a thorough examination of deposits or petroleum taken from these wells, but from a casual examination of crude from the wells, was of the belief that the well in Mitchell County was the better of the two. He said that the test showing over 30 per cent gasoline in petroleum taken from the well in this county was very high.

Mr. Prettyman was asked the question if he believed that oil in paying quantities should be found here, to which he replied that, following a careful study of the geologic formations along the Marathon fold west of Colorado, as a member of the State University Geologic Survey last year,

together with data secured by him since that time through further research work here, he believed, from the viewpoint of a geologist, that oil existed here and was within reach of the drill.

The geologist spoke for two hours and thirty minutes, the address being considerably prolonged by members of his hearers who propounded various questions on oil geology. In explaining most of the factors of his address, Mr. Prettyman used the blackboard for sketching analysis.

Prettyman came to Colorado under the auspices of the Chamber of Commerce and had planned to deliver his address from the street. On account of inclement weather the outdoor feature of the program was abandoned and Rev. Mr. Hardison tendered use of the auditorium of his church.

#### NOTICE.

Having bought the Big Master Truck from The Anderson Sales people I am now in better shape to handle the business for the public than before. Will make daily freight and passenger trips to Sweetwater and also have trucks ready for parties and picnics at any hour.

LARGE LOAN FUND to aid worthy and ambitious girls.

STEAM HEATED DORMITORIES with daily capacity of eleven hundred students. R. E. Burt Hall, one hundred rooms with private bath and separate dressing rooms. Forty-two class rooms and laboratories, exclusive of Fine Arts Studios.

STUDENT BODY has increased from 408 to 1,350 and material investment of \$250,000.00 to \$1,000,000.00 in eight years.

Students from 170 counties in Texas, 15 states and 6 foreign countries.

### Her Aim

1. To create a wholesome, stimulating atmosphere in which there is as much freedom from restraint as is desirable for the rapidly growing character to reach the fullest development.
2. To develop an independent responsibility of action that will enable a young woman to take care of herself under any circumstances.
3. To develop a self-reliant initiative that is at the same time consistent with the truest womanliness.
4. To develop a strong, wholesome, religious character, animated by the real missionary spirit of the unselfish life, whether lived in the homeland or abroad.
5. In short, to create a type of young womanhood that is wholesome, self-reliant, capable, unselfish, fitted to assume the varied duties of the woman of today in the church, in business, in the State, or in the home or in all combined.

Our Fall Term Opens on September 27th.

Rooms are reserved only upon payment of required deposit fee.

It is very important for those who desire the best accommodations to arrange for their reservations early. Do it now.

# LORAINE NEWS

BY MRS. WILL ROLAND.

Items of local interest to Loraine and East half of the County gathered and reported by Mrs. Will Roland. Mrs. Roland is an authorized representative of the Record for Loraine and will attend to business for the paper. When having any business with the Record phone her and she will gladly wait on you.

W. F. Altman is rapidly recovering from an almost serious accident which occurred in the store Thursday. While taking some glass from a shelf, a broken piece fell and went in just above his heart, penetrating not quite far enough to do serious damage.

"Boys" we have a few nice buggies left and the roads are good. Let us show you—Colorado Mercantile Co.

The school board has secured J. B. Jordan of Carbon for superintendent of the school here.

We sell the Philadelphia Diamond Gird Batteries. They are guaranteed A. J. Herrington.

Fred Ison has returned to McKinney, after a short stay here.

S. W. Altman is here from Arlington this week.

We have the Bain Wagon, the best wagon in the world.—Colorado Mercantile Company.

Allan Avant of Fort Worth is here visiting Will Martin and other friends.

Mr. and Mrs. T. R. Bennett and little son Harold, left Sunday night for a ten day's vacation and visit to relatives and friends in Hico, Strawn and other points.

Plenty of Best Binder Twine at \$1.00 per ball—T. C. Donnell.

Ransom Tisdale has moved to the house he has just completed at Champion. The house here that he vacated is owned by Hiram Toller, who is having it repaired and refurnished throughout. As soon as repairs are completed Mr. Toller and daughter, Miss Isophene, will make their home there.

Best Oat Meal Wall Paper at 75c per bolt. W. L. Doss.

Miss Pearl Templeton has been on the sick list this week.

Buy the Bain Wagon from us quick before they are all gone—Colorado Mercantile Company.

Mr. and Mrs. L. D. Sowell and children of Hico are here on a visit to Mrs. Sowell's parents, Mr. and Mrs. W. H. Finley.

Carload McCormick Binders and twine just received—H. C. Doss.

Mr. Melvin McLester of Henrietta is a visitor in the W. H. Finley home.

You can get any kind of battery recharged, repaired or rebuilt at the City Garage.

Homer Richards, has sold his recently purchased home to Mr. Hagman, who will be in the cotton business here this fall.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

Plenty of Best Binder Twine at \$1.00 per ball—T. C. Donnell.

**Y. P. M. S. Street Carnival**  
The young ladies mission society of the M. E. Church held a carnival on Friday evening.

Soda pop, pop corn, confetti, ice cream, candy watermelons, hamburgers balloons, squawkers, and all the usual carnival accompaniments were very much in evidence. The Crazy Cauble, the tight trope walker, and a number of other concessions added to the interest and amusement of the crowd.

The Loraine band boys very kindly lent their assistance by giving a concert, which was very much enjoyed and appreciated. The carnival was a success in every way.

We have the Bain Wagon, the best wagon in the world.—Colorado Mercantile Company.

The many friends of Mrs. France James of Baird will be glad to learn that she is steadily, if slowly, convalescing from her recent serious illness.

Just unloaded car of Bain Wagons, the best built. Get yours.—Colorado Mercantile Company.

Mr. and Mrs. J. C. Hopper of Gorman; Floyd Pryor of Houston, and F. C. Sloan and wife of Roseco have returned home, after a visit in the Alonzo Phillips home.

## The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skipping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.
