## MAY EXTEND WATER MAINS

### BETTER FIRE PROTECTION IN RESIDENCE DISTRICT IS SOUGHT

An extension of five blocks of water main north and east from either the corner of Church and 5th streets, or Chestnut and 4th would place residence property east of Elm street and as far north as 8th within the zone of adequate fire protection, according to a member of the City Council. This would mean a reduction of the fire insurance rate from 50c to 21c, a saving of hundreds of dollars annually to property owners in that section of the city.

It is estimated that twelve blocks of residence property would be affected by this extension. In addition to the material reduction in insurance rates an actual physical saving to property owners would be assured in case of fire, since in the absence of the extension as is now the case, it requires much more time to lay a line of hose from either of the outmost plugs to the northeast proximity of the city, allowing a fire to get well under way before a stream of water could be played upon it.

It is explained that the city could not finance the proposed extension. Furthermore, the Council has taken no official action whatever in the matter, but there is no question but that a permit to lay the proposed main extension would be granted. As explained to the Record Wednesday several of the property owners are taking the matter up and plan to pool together for financing the project. This, it was stated, could be easily done in case a sufficient number of those citizens would become interested.

All property within 500 yards of fire hose connections are within the zone on which the rate of 21 cents applies. Property beyond that distance is taxed an additional 29 cents, or \$2.90 per \$1,000.

A large number of citizens living in that district obtain their water supply from privately owned wells and at times during the summer season inconveniences are experienced because there is not sufficient velocity of the atmosphere to operate the windmills.

Not only are inconveniences experienced from the uncertainty of a water supply for these homes, but losses have been sustained to property owners through damage to gardens shrubbery and lawns because of insufficient water. An owner of one of the most desirable homes in that district stated Tuesday that he would be glad to cooperate with other property owners in financing an extension of the water mains so that plenty of water would be available at all times for keeping his lawn and shrubbery supplied with moisture.

## COTTON OPENING FAST THIS WEEK

### BOLL WORMS HAVE NOT DAMAGED THE CROP IN THIS COUNTY

Warm weather during the past several days has caused the cotton to open rapidly, according to reports from over the county and it is expected that before the end of next week the staple will commence to move in large volume. A large number of cotton growers are picking this week and many others plan to start pickers in their fields the first of next. But few foreign pickers have as yet been brought in, but several hundred will be needed within the next few weeks, if weather conditions continue favorable.

Reports from a number of communities indicate that the boll worms have done but slight damage to the crops in Mitchell County. Several farmers report the presence of these worms in their cotton, but state that the pests are not in numbers sufficient to do material damage. A few farmers, however, report considerable damage from this source.

The greater damage to cotton, the farmers state, is from the effects of excessive rains falling throughout most of the month of August. Because of these rains and continued cloudy weather the weed grew very large and in several instances did not fruit. W. R. Womack of near Cuthbert is one to report this condition. He has a field of cotton in which the weed is fine as could be expected but there is but few bolls to be found.

Ginners report that cotton coming to Colorado this week is in much better condition than the first bales received. The first cotton to be received at local gins was green and in some cases wet, making it very difficult to gin and causing a condition to exist that did much to deteriorate the quality of the staple. The cotton classers office announced recently that cotton ginned while green or wet would be damaged from \$30 to \$50 per bale as a result.

### NEW TRUCK DRIVER FOR COLORADO FIRE DEPT.

George Filler has been appointed truck driver for the Colorado Fire Department to fill a vacancy caused by the resignation of Hugh Nixon. Mr. Filler assumed his duties last week.

### FARMERS SELLING CROPS

Several farmers of the Cuthbert community are selling their crops in the field, according to D. T. Bozeman, who spent a few days of this week in Colorado on business. Mr. Bozeman reports that Elmer Burrus has recently sold his crop for a consideration of \$2,000; Howard Rogers for \$2,700, and Will Rogers and Jim Hooks at considerations not made public.

## IT'S TIME.

Print paper is selling at a high price and it is going to continue to sell at a high price. That high price may not be the peak the market has reached at times during the past year, but it is going to be a price that is easily twice the price of three or four years ago. Labor is selling at a high price and it is going to continue to sell at a high price. All men engaged in the mechanical departments of a newspaper are today receiving from 80 to over 100 per cent more in wages than they did three or four years ago, and while conditions of the future may bring that price down to a small extent it will not come down to anything like it was three or four years ago.

Everything that enters into the making of a newspaper, or any other product of a printing office, has increased in price in the same proportion that is true of print and labor, and these prices are going to stay up because all other commodities are going to stay up.

It is time that every man engaged in the newspaper business, or any other form of the printing or publishing business realized these facts. Those who do not do so are going to the wall, and a sheriff's notice will be posted on the door.

The day of the 10 cents a week daily, or the \$1.00 or \$1.50 a year weekly is over, and if the publishers of such papers do not know that they cannot continue such prices they had better get out of the business and so save what they can of their investments.

The day of 10 and 15 cents an inch advertising is over, and will never return. The cost of setting the type from which the advertising is printed, the cost of the paper on which it is printed, the cost of the ink with which it is printed, the cost of the power supply to run the presses, and the cost of every other item that enters into the service to the advertiser, has doubled or more than doubled.

The time-worn wail that "the public will not pay more," is out of date. They pay more for every other commodity they buy, and they will have to pay more if the newspapers are to continue at all, and no apologies for an increase are needed.

Thousands of red-blooded, clear-eyed publishers have not hesitated to meet existing cost conditions, and have made their prices in proportion to present-day costs. These publishers are succeeding. They have money in the banks. They are discounting their bills. They are in no danger of a visit from the sheriff.

But there are hundreds of publishers who are afraid to meet conditions as they exist. Hundreds of them who are watching their plants depreciate, their savings of previous years dwindle, their credit going by the boards. They are anxiously waiting for that change in conditions that is to bring prices back to what they were a few years ago instead of accepting conditions as they are and meeting them on a business basis.

It is time such publishers awakened to their own condition. It is time they took an inventory of their business. If they do not do these things, and do them quickly, they will find themselves on the rocks of financial disaster.

THE TIME TO ACT IS NOW, and the act does not call for any apology to the public.

### GOVERNMENT EXPERT WILL VISIT MITCHELL COUNTY

Paul G. Haines, of Cuero, representative of the United States Department of Agriculture, will visit Mitchell County in the interest of the department, according to a communication received by the Chamber of Commerce Saturday from Mr. Haines. Mr. Haines is in charge of the government hog farm near Cuero where pure bred Duroc and Poland China pigs are produced for distribution to the farmers of Texas.

The statement from Mr. Haines that he planned to visit this county came in reply to an invitation that the government consider Mitchell County as affording many advantages for raising these pigs. He was furnished with data compiled by the Chamber of Commerce in which it was shown that hogs were practically free from disease in this part of the State and that maize fed hogs from West Texas had carried off first prize in some classes at the State Fair at Dallas and other fairs.

Mr. Haines states in his letter that hog raising is to become one of the leading industries and that the fact that the animals are free from disease here is a potential factor.

W. A. Dulin, county farm agent, states that the government could not find a more ideal location for such a farm than the natural advantages of Mitchell County could offer.

### RIG CONSTRUCTION BEGINS AT UNDERWRITERS' LOCATIONS

D. D. Wertzberger, rig contractor of Ranger, arrived in Colorado Sunday and has started his crew of workmen in constructing rig at the Morrison No. 2 location, an off-set to be drilled by the Underwriters' Company to their T. & P. No. 1, the first production in Mitchell County.

Mr. Wertzberger has two other contracts for rigs from the Underwriters' Company. One of these is at Smith No. 1 location, six miles west of Colorado, and the other the Coleman No. 1 20 miles northwest of Colorado.

The Westfall well, a shallow contract four miles west of T. & P. No. 1, was spudded in and is to be drilled for testing the shallow sands penetrated in the initial production well. This sand was passed through at between four hundred and five hundred feet.

## CHAUTAUQUA IS CLOSED MONDAY

### CHAUTAUQUA HD ONE RADCLIFFE WILL RETURN TO COLORADO FOR 1921 SEASON

The Radcliffe Chautauqua bill at Colorado was closed with the Monday evening program at the tabernacle and the various programs rendered, especially the lectures, were perhaps the best ever coming to this city. A contract between L. W. Emerson, chautauqua manager, and 34 citizens of Colorado was closed Monday for returning the chautauqua to Colorado during the season of 1921.

The largest attendance at chautauqua programs was on Friday afternoon when high school children of the county were admitted free of admission as guests of the management. Practically every seat in the large tabernacle was taken. Attendance throughout the chautauqua program was representative and ticket sales paid the chautauqua contract with a small surplus. It was stated Tuesday morning that a small deficit existed in the chautauqua funds in paying the various incidental expenses.

Sunday evening a special religious lecture was delivered by Dr. Emerson, chautauqua director. He urged a greater unit of cooperation among the various churches of the city in furthering the mission for which they were established. Special music was rendered by local talent.

The chautauqua went from Colorado to Roscoe and from there to Merkel.

### CUTHBERT YOUNG PEOPLE MARRIED AT SYLVESTER

Howard Rogers and Miss Nellie Bozeman of Cuthbert, were married at Sylvester Sunday by Rev. H. W. Hanks. Both are prominent young people of that community and will make their home at Cuthbert. They left Cuthbert Sunday morning and drove to Sylvester, a distance of seventy-five miles, were married and returned home. The license were issued in Colorado Saturday.

## FARMERS URGED TO MARKET HERE

### OFFICE GOVERNMENT COTTON CLASSER WORTH MUCH TO PRODUCER

Farmers of Mitchell and adjoining counties are urged to haul their cotton to Colorado to market, the Chamber of Commerce states, because of the attractions offered them here. The first of these is in the fact that on account of having established the distinction of producing a better quality staple than many West Texas counties, Mitchell County product is quoted at a better price on the market than are inferior grades of cotton. All cotton in Colorado will be eligible for this increased margin.

Another attractive feature of the Colorado cotton market this season is in the addition of a government cotton classer. This expert, under the direction and employ of the Federal government, will properly class all cotton samples submitted to his office in the First State Bank building, informing the farmer of the quality staple and the market quotation on that particular grade for the day. By patronizing this government office, the farmer is enabled to ascertain the exact grade of cotton he has to offer and knows from an authoritative source just what the price offered should be.

Farmers from an extended territory are urged to market their cotton in Colorado. They do not have to be citizens of Mitchell county in order to obtain the services of the cotton classer here. Bring a bale to Colorado and be convinced that you will get a better price.

### BUILDING NEW BUNGALOW ON FARM NEAR CUTHBERT

J. B. Autrey of Mountain Air, N. Mex., is spending a visit with relatives near Cuthbert. He is building an attractive bungalow farm home on his place there and the building will be ready for occupancy within the near future. The Bungalow is being built on the site of the Autrey home recently destroyed by fire.

With the advent of prosperity into a community there almost inadvertently comes the presence of sharks of some brand who make it their business to take advantage of the situation and collect an unwarranted toll from the public. One of the most prevalent of these brands, especially in those communities where oil fields have developed, is the rent shark. He is not content with an equitable rental fee but seems to be under the delusion that it is a part in the cast to exact the maximum charge, believing that everybody connected with the oil game has a big bank account. It is to be regretted that these conditions exist and it is apparent that the only safeguard against it lies in the universal demand of the public that the landlord be equitable in prosperity, as well as in adverse times. The Mitchell County oil field is now developing and becoming recognized throughout the country. We trust we will have none of these sharks here, but in case they do show up, we must sit squarely down upon them.

### PRESIDENT OF SOAP CONCERN CHARGED WITH EMBEZZLING

The Sweetwater Reporter reports that N. A. Harper, president of the "Texas Manufacturing Co.," a concern with offices in Sweetwater and selling stock for the purpose of building a soap factory there, had absconded with funds belonging to the company. Harper left Sweetwater Tuesday of last week, the article states, and then charges of embezzlement were sworn out against him later during the week.

### LORAINNE NEWS

Mr. and Mrs. Voyt Williams of Brownwood, are visiting the latter's mother, Mrs. W. T. White.

Miss Lillian Mason of Abilene, was the guest of Miss Maye White last week.

Fletcher White of Sweetwater, spent a few days with relatives last week.

Mrs. I. J. Pierce's new home is rapidly nearing completion. It is being built on the lots between Harry Hall's and W. J. Coon's residences.

Little Lulu Mae Young was over from Colorado Friday visiting Pauline Riden.

Bruce Johnson underwent an operation for tonsils and adenoids on Saturday. He is now doing nicely.

The ice cream supper given Friday night added \$81.30 to the rapidly growing general fund of the Parent-Teachers Association. The members greatly appreciate the cooperation shown by the Loraine Band in giving a concert, and especially are grateful to Mr. Jones, the leader, for being present to insure its success.

Ross Gregg and family motored over from Sweetwater on Sunday afternoon. Their sister Mrs. Clyde Fairbairn, returned home with them.

J. S. River, who has been here the past week, returned to Eastland Saturday. He was accompanied by Clyde Fairbairn who was called there on business.

Miss Katie Lee Clement was in Colorado Thursday.

Mr. and Mrs. L. B. Walker motored over to Colorado Friday.

C. H. Manley and family have moved into their new home, recently purchased from Hiram Toler.

Claude Muns and wife of Eastland, visited home folks here Sunday.

Will Rowland is busy in Colorado, this week.

Mr. and Mrs. A. C. Pratt were in Abilene Saturday and Sunday.

Frank Johnson and family motored over to Colorado Thursday.

Will Farrar and family moved into their new home on Thursday.

A. J. F. Meier and wife, recently of St. Louis, Mo., have moved into the Crownover place in West Loraine. Mr. Meier is pastor of the Lutheran Church here.

Mrs. Will Farrar was hostess on Thursday evening to the ladies of the 42 club and their husbands. Punch and cake was served to about 30 guests.

### MAN HELD IN COLORADO IS ESCAPED CONVICT

E. A. Henderson, alias Chas. Davenport, arrested in Colorado about two months ago in connection with the burglary of the F. M. Burns dry goods store, is an escaped convict, according to Sheriff W. J. Chesney, and will be delivered to a penitentiary agent from Huntville who is expected to arrive in Colorado this week.

While on his beat on the morning of July 23, Night Policeman Dick Hickman detected Henderson in the Burns store. When ordered to surrender, Henderson escaped from the building through a rear window and ran along the alley north of Second street. The officer gave chase, firing several shots at the fleeing man. Henderson crashed in a window at the rear of Ausley and Wright's grocery and took refuge in the building. His arrest followed.

When placed under arrest, Henderson claimed his name as being "Chas Davenport" and stated that he was a native of Mississippi. At an examining trial before Judge Hall he was granted bond in the sum of \$500.00, pending action of the grand jury. In default of bond he has been in the custody of the sheriff.

Sheriff Chesney stated that he has learned from the penitentiary authorities that Henderson was serving two sentences aggregating five years when he effected his escape. He had been sentenced to two years from Milam County and three years from Austin County on charges of burglary and at the time of his escape, June 12, this year, had served two years.

The prisoner was a trusty and with three others escaped from the penitentiary authorities while attending some horses. They mounted and rode away from the farm on which they were being worked and later stole an automobile. They were finally forced to abandon the car, however, and escaped into the woods. Henderson stated to the sheriff that he had never heard of his companions since they separated and sought shelter in a wooded pasture near the penitentiary farm.

Henderson was reared in Abilene and, according to information filed with the sheriff, his mother resides at Buffalo Gap, a small town in Taylor County ten miles from Abilene.

District Attorney Hill and County Attorney Thos. R. Smith recommended that the prisoner be delivered to the penitentiary authorities now, issuing the statement that they could have him returned to Mitchell County later, for trial, in case a bill is returned against him by the grand jury.

Buy the Bain Wagon from us quick before they are all gone—Colorado Mercantile Company.

# PAIGE

The Most Beautiful Car in America

**Y**OUR eyes will tell you that our new "Glenbrook" is one of the handsomest five-passenger cars that has ever been designed. But in order to really appreciate this model, you must take an actual demonstration on the road.

Then—and then only—will you understand what our engineers have accomplished in three years of patient experimental work and testing. Then and then only—will you realize what giant strides have been made in motor and chassis development.

The "Glenbrook" you must remember, is a strictly modern car. It was developed during a period of world wide mechanical research and represents the last word in automotive science. It is actually and literally a motor car developed by the war.

Just what these new standards of engineering have accomplished will be quite evident in a single demonstration. It will prove a liberal education, we believe, if you will permit our dealer to arrange for an appointment.

M. C. HOLT, Paige Agent Brick Garage, Cooper Motor Co., For Demonstration

### The Best Advertisement

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, Prop. Guion Drug Store, Guion, Ark. "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction."

## Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50  
30 x 3½ size in waterproof bag

**You Do More Work,**

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would not go a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**Greatest Farm Light**

NO need to bother with old style oil lanterns, when you can have the most brilliant light known. Safest and most convenient lantern ever invented. Makes and burns its own gas from common gasoline and lights with matches. No alcohol torch needed.

**Coleman Quick-Lite**

Gives a pure, white light of 300 candle power—more light than 20 old style oil lanterns. Brighter than electricity. No wicks to trim. No chimneys to wash. Won't blow out. Can't spill fuel or explode even if tipped over and rolled around. Thousands in use. Will last a lifetime.

See your Hardware Dealer now and get your QUICK-LITE. If he can't supply you write Coleman Lamp Co., Dallas, Texas.

**ANARCHY'S DEADLY WORK IN WALL STREET**

Anarchy in its most sinister form, the bomb, invaded New York City Thursday. An infernal machine was placed in front of the banking house of J. P. Morgan and Company, and wrecked the building. The sub-treasurer of the United States was also wrecked by the explosion. That the terrible deed was the work of plotters against the government, although directly aimed at J. P. Morgan and Co., appears well established. A warning letter had been sent to the French High Commission domiciled near the scene of the explosion. No attention was paid to the letter at the time of its receipt, it being credited to an unknown crank. The letter was torn to bits. Subsequent to the terrible explosion the bits were retrieved, pasted together and delivered to the authorities.

Agencies of the federal government, including secret service, the department of justice, and the postoffice authorities are at work investigating the horror. They are joined by the vast police machinery of New York City, with W. J. Burns specially employed. It is the opinion of all these investigators that the explosion was the deliberate work of anarchists. In fact W. J. Burns says that warning was received a month ago that there was to be a renewal of the bomb outrages that characterized the war period.

There is no proper place in America for the bomb hurler and his apologists, for the procurers of violence, for the sponsors of discontent. Six feet of rope and sliding board should be their portion, wherever they are found. Let us have an open season for anarchists, and everybody go gunning for them.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Why man—

To get a line on why Camels win you so completely compare them puff-for-puff with any cigarette in the world at any price. You'll prefer quality to coupons or premiums!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

**Essex Famous Endurance  
Makes It Ideal Business Car**

And Its Economy Includes Freedom From Repair Expense,  
as Well as Great Oil, Fuel and Tire Mileage

To an unusual extent, business men have come to depend upon the Essex Roadster as an important part of their business system. They choose it for utility and fast, reliable transit. Service of this sort is far more exacting than any requirements made of a car chiefly used for pleasure and recreation. The Essex Roadster has exceptionally commodious carrying arrangements in the rear deck.

Absence from commission on account of repair needs is not excusable in a business car. It must be on the job, keep all engagements on time and be as responsible as an engineer's watch.

Chiefly it is performance that sets Essex apart. Consider that no car ever equalled its 50-hour endurance record of 3037 miles.

And the feat of the Essex in 4 times break-

ing the transcontinental record between New York and San Francisco is accepted as the greatest endurance proof of all time.

The fastest Essex time was 4 days, 14 hrs., 43 min., beating the former record by 12 hrs., 48 min., and the average for all 4 Essex cars was 4 days, 21 hours, 32 minutes.

And to these add the hundreds of records of all sorts Essex set in a single week of nation-wide contest, using many owner cars, some of which had already seen above 35,000 miles service. Among them it made a new world 24-hour dirt track mark, travelling 1261 miles.

Do these proofs leave any question unanswered about the ability of Essex to meet the most severe demands in business use or for pleasure?

### WARNING AGAINST FAKE STOCK PROMOTERS ISSUED

Porter A. Whaley, manager of the West Texas Chamber of Commerce, has issued a warning to the people of West Texas against the depredations of worthless schemes of various description. In a letter under date of Sept. 18, addressed to the Chamber of Commerce, Mr. Whaley states:

"I want to call your attention to a very serious matter which I think should have the attention of us all. Fake stock promoters and vendors of worthless schemes of every imaginable kind are already invading West Texas literally in droves. Day by day schemes are being 'hatched up' in the large cities of the State, covering the sales of worthless securities, and hundreds of salesmen are being sent broadcast over West Texas to peddle their worthless 'junk' to the people.

"The bumper crops of West Texas are the target. Even the very best people fall for some of these schemes.

"I suggest that you give this matter your personal attention, warn your people about these 'fakers' and especially put your farmers on guard against them."

### LONE STAR LOCALS

Cotton picking has begun in this community. Some people have out several bales. The dry, fair, sunny weather we are having makes the cotton open fast, and it also ripens the feed.

Rev. W. D. Green filled his regular appointment here Saturday night and Sunday.

A singing was enjoyed at the home of Mr. and Mrs. J. N. Porter Sunday afternoon.

Miss Elidie Richburg spent Sunday with Misses Eunice and Ethel Long.

Mr. C. C. Porter of Champion, is visiting in the home of his uncle, J. N. Porter.

Misses Lillie Richburg and Pearl Richardson were guests of Miss Mae Preston Sunday.

Mr. and Mrs. John Richburg and children spent Sunday afternoon in the G. H. Richardson home.

Mr. and Mrs. Grey Taylor were Sunday dinner guests of Miss Lillian Porter, Sunday.

Mr. and Mrs. D. N. Arnett and Mrs. Alice Brown came up from Colorado and spent Sunday afternoon in the home of Mr. and Mrs. T. E. Willis. Mrs. Mary Bullard, mother of Mrs. Brown, returned home with them to visit a few weeks.

Mr. Marvin Martin and Miss Minnie Wilson motored out to this community and visited Miss Mae Preston Sunday afternoon.

Mr. D. Land and wife were visitors in this community Sunday.

Mr. and Mrs. Seymour Saunders, while enroute to their home in El Paso, stopped here and spent a few days with relatives.

Mrs. Longmire and grandson of Windom, are visiting in the homes of Mesdames Homer Selby and Charlie Armstrong.

These 30x3 1/2 Goodyear Heavy Tourists Tubes for sale at the City Garage.

Pure Apple Cider at Lambeth & Creath's, 35c a qt. bottle.

### 65,000 BALES WEST TEXAS COTTON IS UNSALABLE

More than 65,000 bales of the 1919 cotton crop are in the hands of farmers of West Texas without a market. The grade is low, which accounts for the small demand for it. Prospects are that the 1920 crop will have many bales of the same grade, due to the lateness of the season.

Disposition of this immense number of bales is now a question confronting the West. Unless cottonmills utilizing a low grade can be erected, the prospects for its consumption will be dubious.

Many farmers holding a great deal of this cotton are willing to sacrifice at the picking price.

### HOW AN EDITOR GOT RICH

An exchange tells of a rural editor who started poor twenty years ago, and retired with a fortune of \$50,000. This money he acquired through ceaseless energy, strictest economy, conscientious efforts to give his advertisers and subscribers full value, indomitable perseverance, and the will of an uncle whose estate netted \$49,999.50.

WE ENCOURAGE, HELP, THE YOUNG MAN

There is no time in the life of a man when he is more susceptible to training, to discipline, than during boyhood days.

Many a successful business man of today owes his success in large measure to proper training as a boy.

Don't you think your boy's future is worth the starting of a bank account for him today?

### WHY COTTON SEED IS LOW IN PRICE

The question of why cotton seed is low in price is answered in rather convincing fashion by H. L. Seales of Scurry County in a communication to the Dallas News. He finds the present depression in seed prices due to the unprecedented importation of peanut and other edible oils from China and other Oriental countries. He gives several reasons for the heavy importations. One is that vast quantities of edible oils accumulated in those countries during the war because of the inability to get ships to transport them, and now that accumulated store is being poured flood-like into the United States for the reason that purchasers of Europe are limited by their poverty. If this is the explanation, the cause of the low price of cotton seed oil, and therefore cotton seed is transitory, at least to a considerable degree, according to the News. When the Asiatic surplus shall have been marketed and Europe shall again be able to buy edible oils in something like normal quantity, cotton seed will be relieved of a good deal of this competition.

See the beautiful new patterns in Wall Paper at before the war prices. No profiteering here.—W. L. Doss.

**MITCHELL COUNTY MARKETING ASSOCIATION HAS 500 MEMBERS**

The Mitchell County Marketing Association now has a total membership of 500, according to a statement of W. A. Dulin, County Farm Agent, in an address before a meeting of cotton farmers, bankers and other citizens interested in cotton production and marketing at the court house Saturday afternoon. Mr. Dulin further stated that \$4,000 had been subscribed to the capital stock of the association, which was in excess of the amount for meeting the expense of a cotton classer.

Mr. Dulin urged that every farmer of the county become a member of the association, stating it was the desire of the directors to have sufficient capital to finance marketing cotton seed and other products of the farm and to act as purchasing agent for such commodities as the farmers might desire to purchase direct in car lots.

Mr. Dulin paid a tribute to the several banks of Mitchell County for the policy of their directors in "staying with the farmer." He stated that during his several years work in this county he had learned that Mitchell County banks would do all within their power to protect the interest of the farmer, during drought or seasons years alike.

J. M. Thomas, vice-president of the Colorado National Bank, and W. Stonerod, cashier of the Colorado National Bank, attended the meeting and delivered addresses. Both spoke their endorsement of the marketing association and pledged the farmers they were behind them in any legitimate undertaking. Mr. Stonerod urged that warehouse facilities here be increased to sufficient capacity for storing all cotton not sold on the market when ginned. He pointed to the deterioration of cotton stored in yards, which in many instances had rotted and depreciated to an extent as to become unmarketable.

**Colds & Headache**

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

**THEDFORD'S BLACK-DRAUGHT**

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

W. S. COOPER, Local and City Editor

#### NOTICE TO ALL SUBSCRIBERS

Owing to the lateness of the crop and cotton not yet on the market we have decided to wait until Nov. 1st before we raise the subscription rate to \$2.00 per year. This will give all another month in which to pay up at the old rate of \$1.50.

Bear in mind on November 1st the rate will be raised to \$2.00 per year, and all who have not paid up will be cut off the list.

All subscriptions outside the County are now \$2.00

Print paper is now 16c a pound, and every paper issued costs us 5c and we cannot sell at a loss on credit. Pay up or stop.

And while we are waging war on those who practice the policy of using the streets and alleys of the downtown section as a dumping ground for piling paper, old cans, bottles, water melon rinds, and the like, we should also direct some attention to the street vendor who is making frequent visits to Colorado, perching himself on a soap box and through conditions made possible by local tax payers dispensing of his wares at most any price he may decide to ask. This class of men should either be forced to pay an occupation tax or be refused the privilege of locating on the street corner for the purpose of selling the stuff offered. The local merchant pays taxes for support of the schools; the municipal county and State government, and contributes in a liberal manner to the support of the church and every benevolent undertaking. But how about these street peddlers, who are here today and gone tomorrow? Fact of the business, gentlemen, we do not need these street peddlers. The better interests of Colorado would mean their elimination. They pay no taxes here; they contribute nothing toward the educational, civic and commercial benefit of the city, neither do they assist the local citizenry in support-

ing the churches and benevolent programs. If we are to permit them to come to Colorado and reap a profit under conditions made so by the tax payers, why not exact a pro rata part of the expense from them?

Some of our exchanges do not seem to appreciate the fact that Colorado is to continue in rank as the best cotton market in this part of the State, advancing the information that the town represented by them will pay just as much for cotton as Colorado—or any other town. We are of the position that the old adage "Actions speak louder than words" still obtains and we have yet the first instance to note of where a West Texas cotton market duplicated Colorado in the price and premium paid for the first bale. And the price paid for the first bale is going to be an index of the prices to be paid throughout the season. Bring your cotton to Colorado. We have the government classifier here.

Former Senator Joseph W. Bailey is to establish a newspaper at Fort Worth Nov. 1, according to reports carried in the papers Monday. The publication is to be known as the "Democratic Review" and will be published in the interest of true Democracy and devoted to the cause of returning the younger generation to the principles of Jefferson and Jackson, the article stated. We trust Joe will have better success with his venture in the journalistic field than he did in politics.

There never has been a time in the history of Colorado, those who have lived here many years tell us, when the demand for residences and rooms was so great. There is never a day but that some person is out in the city on a hunt for a room or a house. This condition is keeping many families from locating in Colorado and there should be some relief from this congestion in the housing question. Colorado must have more houses and apartments.

**FOR SALE**—The property belonging to Presbyterian Church, including church building, residence and lots. For terms see J. M. Thomas at Colorado National Bank.

Mrs. Dick Jones from the H S ranch spent the week with Mrs. J. A. Sedler.

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the young woman peers in her glass, she may see pimples and blotches and she immediately goes

to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alternative known as "Golden Medical Discovery."

This vegetable tonic and blood alternative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly.

Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

HE COULD HARDLY GET HIS BREATH

Johnson's Troubles All Disappear After He Takes Tanlac

"The way Tanlac built me up proves to me that it is a great medicine," said Gust A. Johnson, of Virginia, Minn. Mr. Johnson has been employed by the Duluth and Iron Range railroad for thirty-five years.

"I suffered from stomach trouble in its worst stages," continued Mr. Johnson. "So much gas would form in my stomach after eating I could hardly breathe. I also had rheumatism so bad in my knees sometimes it was all I could do to hobble about and I was so nervous that many a night I could not sleep at all, and by morning I was all tired out and weak as if I hadn't been in bed at all."

"I noticed in the papers about Tanlac and gave it a trial, and it's a fact nothing can beat it, for I've taken only three bottles and feel like a new man. I eat anything I want now and am never troubled with gas any more; the rheumatism has left me and my nerves are steady as a clock and I get up every morning feeling fit and ready for the day's work. Tanlac is the greatest medicine I've seen and I know what I'm talking about, for I have tried nearly everything."

Tanlac is sold in Colorado by W. R. Charters Drug Co.

God knew all of the troubles we would have in this old world and that is why he sent an angel of compensation from Heaven and named her mother.

AUTOMOBILE INNER-TUBES FREE

Beginning June 1st for a time we will give free an inner-tube with each automobile tire you buy, knowing as we do that many new casings are ruined by trying to use old tubes.

Use good tires and cut down your tire trouble. We handle only the best tires. All standard brands. Come and see us, we have what you want.

"I Was So Weak That I Could Not Walk"

Rich-Tone Is Making Me Strong and Healthy.—Says F. Maese.

"I was so very weak and nervous, had lost all my appetite and had become in such a bad physical condition that at times I could not walk. I saw your advertisement on Rich-Tone and am now taking it. I feel so much better that I take pleasure in recommending Rich-Tone to all my friends as the very best tonic in the world."

Take RICH-TONE and gain new energy

Not one penny will Rich-Tone cost you, if it doesn't prove of genuine worth in treating your case. You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you—it will not cost you anything—not one penny.

You owe it to yourself to try this marvelous remedy. You owe it to your family and friends to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

Try Rich-Tone entirely at our risk. Get a bottle today on our money-back guarantee. Sold and guaranteed locally by

O. LAMBETH

In Their Place—  
What Would  
You Have Done?

This was the situation:  
The Overland had no serious competition at its price, and at its price it had no competition as to quality.  
Overland plants were working to capacity, 600,000 Overlands had been sold, and a continent was clamoring for more.  
Then the Overland organization became concerned about the price of gasoline.  
Now, gasoline is not Overland business, but it becomes Overland business when the welfare of Overland owners is at stake.  
The sale of an Overland is the beginning and not the end of Overland interest in the man or woman who buys it.  
So Overland designers were told:  
"Gasoline is continually going up. Every cent advance increases the upkeep of the Overland. Go back to your draughting boards and bring it down!"  
Months and months of experiment!  
Millions and millions of expense!  
And then, up and out of the Valley of Dilemma, leaping into the road like a thing possessed—

A GREATER OVERLAND, built of light alloy steels, mounted on the famous Suspension Triple Spring, and giving unheard-of mileage out of every gallon of gas in her tank!  
Overland designers said: "We don't know what it cost to create, but we do know it will cost six millions to get ready to use it!"  
The answer was: "The public has stood by the Overland, the Overland must stand by the public. Go ahead and equip your plants to produce it."  
\$6,000,000 for an ideal!  
In the Overland Company's place, what would you have done?  
Some organizations would have said: "The present Overland is good enough. Why quarrel with success?"  
But the Overland theory is, that nothing is good enough that can conceivably be better, and that the great family of Overland owners have placed upon the Overland Company an obligation, not only to produce, but to progress!  
In that spirit, the Overland was created.  
In that spirit, the Overland is presented.  
And now, in that spirit, let us get together!

# In Your Plans

for future business are you placing the matter of CREDIT in the place of importance to which it belongs?

Remembering that CREDIT is often as valuable an asset as CAPITAL, the business man of tomorrow can only establish and maintain a permanent basis of credit by unflinchingly honest dealings by keenness, perception and capability. In a credit thus established lies unlimited confidence and business power.

We invite you to talk over your financial needs with us.

### LONE STAR LOCALS

Everyone seems to be quite busy this week gathering their maize. Quite a number are selling maize that was raised last year in order that they may have space in which to store this year's crop. There is a good crop of feed here this year, but it is feared the worms will do great damage to the cotton.

Miss Florence Richardson returned from a visit to relatives at Sweetwater Wednesday morning.

Misses Nannie Lou Taylor and Annie Mae Porter, and Dexter Taylor were guests of Mr. and Mrs. Homer Mearse Sunday.

A number of young people of this community attended the party given Saturday night at the home of Miss Fay Miles, who resides east of town. A good time was enjoyed by all.

Mr. G. H. Richardson suffered another stroke of paralysis Thursday night, but is reported to be somewhat better.

A party was given at the home of Mr. and Mrs. White Saturday night.

Mr. and Mrs. Albert Land spent Monday night with the former's brother Mr. D. Land and wife, in town.

Mrs. Longmire and little grand-son came in Tuesday morning from Windom on a visit to her daughters, Mesdames Homer Selby and Charlie Armstrong.

Miss Maggie Finch came out from town Friday to visit friends in this community. She returned home Sunday afternoon.

Mr. and Mrs. O. B. Price came up from Colorado Sunday afternoon and spent a few hours.

### WESTBROOK ITEMS

Mrs. J. R. Dinglesby left Saturday morning for Goldthwait to be gone a month.

Word was received Wednesday of the death of Mr. Joe Campbell, that occurred at Mineral Wells, Tuesday. Death was caused by typhoid-pneumonia. Mr. Campbell was a Westbrook citizen having moved away from here about six weeks ago, and has many friends here to mourn his death.

Mrs. Sam Smartt of Colorado, spent the week-end with her parents, Mr. and Mrs. Pool.

C. E. Gressett left Tuesday for Big Spring to visit his sister, Mrs. Earl Phillips.

Miss Ramelle Hamilton spent Tuesday in Colorado as the guest of Mrs. Ray Richardson.

Mrs. E. P. Gressett returned from San Antonio Wednesday where she had been visiting her brother.

A new grocery store, under the firm name of "May & May," has been opened in Westbrook.

The Westbrook baseball team was defeated Saturday by Coahoma on the Coahoma grounds. The score was 5 to 3.

Mr. and Mrs. J. D. Shaw of Hedley are visiting their daughter, Mrs. Burton Hines.

See the beautiful new patterns in Wall Paper at before the war prices. No profiteering here.—W. L. Doss.

Try those 30x3 1/2 Goodyear Heavy Tourist Tubes. The City Garage has them on sale.

Carload McCormick Binders and twine just received—H. C. Doss.

### WOMEN GIVE OUT.

Housework is hard enough when healthy. Every Colorado woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to lead this Colorado woman's experience:

Mrs. L. A. Costin says: "I use Doan's Kidney Pills off and on as housework at times weakens my kidneys. By taking a few Doan's I always get relief."

60c at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

"Boys" we have a few nice buggies left and the roads are good. Let us show you.—Colorado Mercantile Co. Mercantile Company.

Pen Sticks, Ink, W. A. Rubber Bands, Crayons, Pens, Paste, Fountain Pens, and 100 other things used in the school room, now in stock at the Record office.

Buy the Best Wagon from us quick before they are all gone—Colorado Mercantile Company.

If you have it for sale try a want ad in the Record.

YOU certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs. Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality. It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST OF ALL BAKINGS

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener. It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet. Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe  
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 2 cup butter, 1/2 cup granulated sugar, 1/2 cup of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

## Do You Want to Die? NO!

Well, the next best thing is to protect yourself and your family. We guarantee you not to die—if you do, we will pay the guarantee—fair enough, don't you think. It is a man's job to live and it is easy for a man to die if he leaves his family unprotected. We know what our policies are—nothing better, or we would give them to you. Our rate is a little bit less and terms to suit.

We sell Insurance that insures the Insured

### WHEN GOVERNOR COX WAS PRINTERS DEVIL

J. E. Black, who was working on the Middleton Signal when "Jimmie" Cox entered on his newspaper career in 1887, tells this story to the Springfield (Mo.) Leader:

Cox was put to work and as usual with a "devil" was given all the hardest jobs and was the butt of ridicule by his fellow workers. Cox was so good natured that the staff felt conscience stricken every time it played a joke on him, particularly the following: The paper was using copying ink at the time and after it had been run off the press, Cox was given some gasoline and told to clean the rollers. He was entirely unsuspecting of the fact that gasoline is all right for regular printing ink, but that only water would do for copying ink. He went to work with his gasoline and at the end of three hours had succeeded in transferring most of the ink to himself, so that, as the staff put it then, he looked like a fresh boiled lobster. He continued working until a fellow worker took pity on him and told him the joke. Cox took even this good naturedly and slouched off to clean up. Rub as he could none of the ink would come off. Young Cox had to wait until nature with a change of skin came to his rescue some time later.

Just unloaded car of Bain Wagons, the best built. Get yours.—Colorado Mercantile Company.

### RED PEP'S PHILOSOPHY

"Uncle Jerry came to town last week with a dirty shirt and a \$5.00 bill and never changed either one."

We have pinned our faith to this community for a good many years and have supplied much of the lumber and building materials that have gone into the buildings. We expect to be in the limelight many more years ready to give you that quality and service that has made patrons have faith in our business methods. We do not say lumber is lumber, but we do say that good lumber and building materials are the cheapest in the end. That is why people have faith in us and our goods.

# These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill—cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

COLORADO HOTEL BEING REMODELLED; OPENS OCT. 1.

The old Colorado Hotel, adjoining the Barcroft on the north, is being remodeled throughout, according to Jake Morrow, who now has charge of the property. Mr. Morrow stated Tuesday that he expected to open this hotel to the public about Oct. 1, and would furnish nice, attractive rooms and clean beds.

"Jake," as Mr. Morrow is popularly known, has been a conspicuous figure in Colorado for many years. It was more than thirty years ago that he founded "Jake's Restaurant" in this city at a time when Colorado was in the limelight as a booming city in the "Far West."

VALLEY VIEW NOTES

(Delayed) We are having some nice weather, and cotton picking will soon be the order of the day. The cotton is not so good as some predicted.

The baby of Mr. Silas Cranfil is on the sick list this week.

Mrs. Henry Brights was the guest of Mrs. Garwin Drake Wednesday.

Mrs. H. T. Coles and son motored to Loraine and Colorado Monday.

Mrs. H. T. Coles spent Wednesday in the Hamilton home.

Mr. and Mrs. S. H. Hart are rejoicing over the arrival of two grandsons which made their appearance on the 11th.

Roy Beight left Wichita Monday for Clarendon where he will enter College.

Jewell and Roy Coles and their cousin Nina Coles left for Clarendon last Sunday night where they will enter College. This is Miss Jewell's second term at that place.

Odie Hamilton is attending school at Colorado City.

Mr. Harry Cranfil has purchased a house in Loraine and will move his family there soon.

Mrs. Hallman entertained guests from Pylon Wednesday.

ELEPHANT RUNS AMUCK

The Republican parade at Dallas, advertising the opening of the North Texas Campaign of John G. Culbertson for Governor, almost resulted in a riot when the big park zoo elephant and a donkey were lined up side by side to be photographed. The elephant took one look at the donkey, broke loose from his keeper and tore out after the donkey. The donkey laid back his long ears and put space between himself and his huge pursuer. The chase lasted for nearly thirty minutes and finally ended when the elephant was stopped as he was entering the Union Station.

A CORRECTION! For some reason it is rumored that we made an additional charge of 50 cents per bale on ginning last season. We desire to inform the public that this statement is in error. Last season when our one gin was so badly crowded, our patrons were compelled to leave their wagons some twenty-four hours before they could be unloaded.

Letter From E. M. McCrees Am still traveling, but wanting to start home mighty bad and will in a few days. I am now in Saluda county visiting Mrs. Emma Thrall-kill, near Dorn.

Yesterday I visited in a home where I found a copy of the Colorado Record and I read and re-read it with a great deal of satisfaction.

LARGE NUMBER SEEKING EMPLOYMENT AS PICKERS

During the week ending Wednesday communications were received by the Chamber of Commerce from 39 different parties seeking employment as cotton pickers in Mitchell County. Thirty-four of these letters are from parties residing in various sections of Texas, one from Elk City, Okla., one from Fort Smith, Ark., one from Cambridge, Mass. one from Hurley, New Mexico and the other from New Haven, Conn.

Through the West Texas Chamber of Commerce, the Colorado chamber is conducting a wide publicity campaign along lines of the commercial assets of Mitchell County, including agriculture, stock raising, oil development and opportunities for additional industrial enterprises. Hundreds of the pamphlet, "Development Essays and Home Ownership Pointers," recently issued by the Chamber of Commerce, were distributed last week at the Kentucky State Fair at Louisville.

The result of this campaigning has been most satisfactory to officers of the Chamber of Commerce. Through it thousands of people in various sections of the country are becoming interested in this section of West Texas and a material increase in production of the county is expected within the next few months.

School children should go to the Jno. L. Doss drug store for their needs in tablets, paper, pencils, ink, and other supplies.

### LOCAL NOTES

Mrs. T. J. Ratliff is visiting her father and other relatives at Paris.

Cleaning, pressing and dyeing on short notice. Phone 406—Hughes & Coughran.

BORN—To Mr. and Mrs. A. B. Robertson, a fine boy.

Hughes & Coughran, expert tailoring; phone 406; work called for and delivered.

Miss Beuna Vaughan of Hillsboro, visited her cousin, Mrs. H. E. Grantland, last week.

Listen! If you have a Ford car feed it on Ford Service Workmanship—the best work men can do.—Ford Service Station.

Miss Gertrude Chambers returned to her work in Waco last week as teacher in the public school, after spending the summer here with her mother.

Ruber and cotton hose for lawn sprinkling at R. B. Terrell's

Wall Paper at old prices. No profiteering here.—W. L. Doss.

Messrs. Frank Newman, Ed Jones and Grady Newman are in New Mex. this week visiting relatives, and hunting.

We have the Bain Wagon, the best wagon in the world.—Colorado Mercantile Company.

Mrs. F. M. Burns and daughter, Miss Dorothy, left last Thursday night for San Antonio where Miss Dorothy will attend St. Mary's College.

Get you an automobile tire now. You get a tube free with every tire at A. J. Herrington's.

J. H. Smoot and E. M. Majors are on the Federal jury at Abilene this week.

I am agent for the Dodge and Studebaker cars. Cars on the floor. Free demonstration.—J. A. Sadler.

Vance Phenix, Harry and Kirk Ratliff and Joe Earnest left this week for Austin to attend the State University.

Buy the Bain Wagon from us quick before they are all gone.—Colorado Mercantile Company.

Only STANDARD Tires and Tubes You can't afford to buy seconds, or cheap tires.—A. J. Herrington.

Mrs. Bert Wulfjen and daughter, Miss Louise, left last Friday night for Dallas where Miss Louise will enter St. Mary's College.

I now have the agency for the Gulf Refining Company. Get your good Gulf gas and Luster-Light from me. Delivered free, anywhere, any time.—J. A. Sadler.

Mr. and Mrs. R. P. Price made a business trip to Dallas this week.

I handle the best Lubricating Oil on the market.—Phone 291. LON ALLMOND.

W. S. Stoneham is reported confined to his bed with rheumatism.

We have the Bain Wagon, the best wagon in the world.—Colorado Mercantile Company.

J. W. Shepperd and family are now living under their own vine and fig tree in North Colorado.

Watch the date on the label of your paper. It tells when your subscription expires.

Mr. Stansil Whipkey accompanied his sister Lois to Belton this week, where she will attend Baylor College.

A full line of wall paper and oils.—Jno. L. Doss.

Mrs. H. B. Smoot has returned from her visit in Dallas.

"Boys" we have a few nice buggies left and the roads are good. Let us show you.—Colorado Mercantile Co.

Misses Daisy Adams, Jewel Mitchell and Lois Whipkey left for school Thursday morning. Miss Mitchell enters Southwestern, Miss Whipkey Baylor, and Miss Adams goes for her second year to Baylor University.

We can absolutely make your old Ford give you good service again, regardless of the condition it is in.—Womack & Company.

Mrs. W. A. Oliver and Miss Edna Oliver of San Saba, are visiting in Colorado at the home of Mrs. N. T. Smith.

The City Garage can recharge, repair or rebuild any kind of battery.

Mr. Bozeman of Cuthbert was in Colorado Saturday afternoon. Mr. Bozeman stated an iron pipe carrying a white flag had been driven into the ground at location for Coleman well No. 1 near Cuthbert. People of that community are enthused over the prospects for developing an oil field there, Mr. Bozeman stated.

List your land and city property with me. I have buyers now.—J. A. Sadler.

J. E. Buckingham returned Saturday morning from Fort Worth where he had gone on business.

Wagons are hard to get from factory; just unloaded car. Come quick before they are all gone.—Colorado Mercantile Company.

John W. Bates and wife, recently of Alexandria, La., arrived in Colorado and expect to make their home in this city. Mr. Bates has accepted the position of bookkeeper at the Burton-Lingo Lumber Co. office.

In our book department we are offering for your consideration the works of American and foreign authors who are eminently prominent. If you enjoy good literature, we can please you from this selection.—Jno. L. Doss.

#### BOTH RANGE AND CATTLE CONDITIONS ARE THE BEST

Range and cattle conditions in Mitchell County are excellent, according to J. Brown, manager of the Reynolds ranch, who was in Colorado Wednesday. Stocker cattle are fat and the range is covered with a luxuriant growth of grass, he stated, which assures stockmen that their cattle will winter well.

Mr. Brown stated that he had 1100 head of cattle on the ranch now and would purchase 400 steers additional within the near future.

Let us figure on your wagon—Lambeth & Creath.

MAIZE, Oats, Chops, Bran, Meal and Hulls at VAUGHAN'S Feed Store, Phone 27.

#### FARMERS WILL PAY \$1.50 CWT. FOR COTTON PICKING

Farmers of Mitchell County will offer a price of \$1.50 per hundred lbs. for cotton picking during the opening of the season, according to resolutions passed Saturday afternoon by a representative number of cotton growers assembled in mass at the court house. The meeting was called to convene for the purpose of discussing methods to be employed in gathering the crop, ginning and marketing. The price of \$1.50 was adopted with the provision that hands furnish their own board and lodging.

Speakers for the occasion urged that farmers employ methods of gathering their cotton that would guarantee the best quality of staple, since conditions in Japan and Europe following the war are such that foreign offerings on the market are greatly curtailed. These countries, it was stated, have in the past bought most of the short staples and inferior grades. The American spinner is in the market for the better grades of staple only, one of the speakers stated, and as a result the market this season will represent quotations on those grades.

Three main factors were emphasized in suggestions for marketing only the better grades of cotton. One was never to gin a bale that was wet or green; another was that particular points be used by farmers in picking leaving immature and rotten bolls in the field and eliminating as much trash as possible. The third suggestion was that a good breed of cotton be adopted by the farmers and so near as possible planted by every cotton grower. This plan, it was stated, would result in better market quotations at Colorado.

#### PAINTING AND EXPRESSION

Pupils under school age solicited; also pupils for Painting and Expression. For information see Miss Dry, Phone 370.

Miss Myrtle Barber and her bro. Robert and Dellis, and sister Ada left Sunday night for Abilene to attend school. Miss Myrtle enters Simmons and the others will go to the public school.

Phone 406—Hughes & Coughran—expert tailoring, Cleaning, pressing and dyeing.

#### COTTON FARMERS PLAY INTO HANDS OF OIL MILL MEN

"Why is it that the cotton farmer will play into the hands of the oil mill men?" asks the Frisco Journal. "The chusher offers to pay \$25 per ton for \$75 cotton seed; the cotton grower becomes indignant, calls a meeting of his fellow sufferers and demands—\$40 for the \$75 seed. Cotton seed becomes more valuable each year as we learn more about its properties. Last year seed sold at a pretty high figure and the farmer was awful glad to get it. This year the crusher figures that the farmer doesn't need so much money; he might spend it; he might buy a car of a horse, or a home, so Mr. Crusher says he'll take the extra profit for himself. Cotton seed is no less valuable this year than it was last year. Cotton seed products sell at a high figure this year. It is impossible for you to sell a ton of seed at \$40 and buy it back at the same price. Cotton seed is worth every cent of \$75 just as much as it was last year, and the cotton grower should demand that and not a cent less. The old trick of dumping it in a hole would be better for your future welfare than to come to the crushers' terms. If you come to his terms now you'll do it again and again, and then again. That has been the failing of the producer in almost every line, especially in Texas. The fruit growers have an organization. They demand their price—and by the way, they get it. When the cotton grower goes to a store to purchase an article does he set the price of the article he buys? Not much. And your goods should be placed on the same principle. You have the power in your hands with which to do it. You are the producer. You are the man who has the goods. Sell

them. Don't say 'how much will you give me,' but say 'They are worth so much,' and then stick to it."

**Hemstitching Machine.**

**Review of Operations In West Texas**

The southern portion of the West Texas wildcat oil field at present is experiencing a slump, while the northern and western sections are making steady progress and are preparing to spud in a half dozen or more wells, according to reports during the past week. The Shultz test in Concho county has been abandoned at 3,212 feet and its plugging will begin Monday. The Lacey & Mary Spreen wells in Runnels county have also been given up and not a single rig is running. The Menard district, with more than a dozen wells, reports only two operating.

Northward and westward the situation is different. In Mitchell county the Cole Petroleum company has made a location on section 19, block 28, township 1 North, T. & P. Ry. Co. survey, about four miles northeast of the Underwriters Producing and Refining company's discovery well. The latter is down 2,350 feet and a pump is being installed. The well was shot in July at 2,528 feet and oil men believe that it will make several hundred barrels daily. The test is ten miles west of Colorado City.

The Underwriters are now sinking a shallow test on the Morrison farm to explore promising sands encountered in the T. & P. No. 1 Morrison No. 2 will be an offset to the deep well and will be a half mile to the west for the derrick on the northeast on section 28, Timbers ground.

A third Underwriters' test will be on Dr. P. C. Coleman's ranch, twenty miles northwest of Colorado City on the Colorado river. A contract has been awarded to E. D. Wertzberger of Ranger to erect standard rig on the northwest corner of section 69 one and one-half miles north of the town of Outhart. Wertzberger is now building a rig on the Nat Smith ranch, six miles west of Colorado City, for the Underwriters' Company.

**Pennsylvania Operators**  
On W. L. Foster's ranch the Colorado-Texas Oil Company has been idle for repairs to its boiler, the crown sheet having burned out. The bit is down 2,200 feet in black lime.

Pennsylvania oil operators are reported to have just leased the Wheat ranch of 42,560 acres, located seven miles north of the Read well of the General Oil Company, in Howard county, and nine miles northwest of the Underwriters' T. & P. No. 1. They expect to start a well there within ninety days. It will be in Howard county.

Interest in Howard county last week was centered on the Big Spring Production Co.'s well on the Mabel Quinn ranch, thirteen miles southwest of Big Spring. On Tuesday the bit was at 2,860 feet, 75 feet in the Pennsylvania formation, and gas was showing frequently. A rock salt that was penetrated was saturated with oil. Big Spring reports that more than a half dozen scouts are watching this test closely. It is being put down by some people.

Owing to its nearness to the Underwriters' well the General's test on the C. D. Reed ranch, fifteen miles east of Big Spring, is also attracting much attention. It has drilled to 2,500 feet in gray lime. On the W. T. Robert's ranch seven miles southwest of Big Spring, the General has been waiting on ten inch casing around 1,625 feet. The Sand Hill well of the General on Pete Johnson's ranch has been fishing at 1,656 feet for a drill stem, which late last week was being drilled around with a rotary shoe. Six inch casing which collapsed in the bottom of the General Oil company's McDowell No. 1 in Glasscock county is being drawn from 2,354. Heavier pipe will be inserted and the well will be "shot" in an effort to increase the flow, which for several months has been sufficiently heavy to supply nearby rigs with fuel oil. McDowell No. 2 during the past week drilled from 785 feet in red beds to around 1000 feet, while No. 3 underreamed 12 1-2 inch casing to 650 feet. The General has completed its derrick on its Shafter lease. The Cosbrook Oil company also has its tower upon the Oxshear lease and the machinery is on the ground.

The Omaha-Texas Oil company on the W. H. Brunson ranch is reported by Big Spring to be shut down at 2516 feet.

**First**

Miss Shepherd sang "In the Gloom." The New Edison stood on the stage by her side.

**Then**

She suddenly stopped singing. The New Edison took up her song, and continued it alone.

**185 times - no difference!**

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips. 4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.

The New Edison is perfect realism achieved!

**What kind of music "gets" you?**

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

**The NEW EDISON**

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

The instruments which proved this perfect realism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

Our Budget Plan brings your New Edison for immediate enjoyment, without asking for immediate payment. Ask about it when you come in to hear the "Personal Favorites" Realism Test.
