ADAMS RESIGNS AS MAYOR OF CITY

NO SPECIAL ELECTION TO BE ORDERED BY COUNCIL AT PRESENT.

Hon. C. M. Adams, mayor of the city of Colorado during the past nine years, tendered his resignation to the City Council Monday night, to become effective at once. The resignation was accepted and it was stated at the city hall Tuesday morning that the City Council would not order a special election for mayor to fill the vacancy, at least for the present. F. M. Burns, mayor pro-tem, will fill the office until after the municipal election in April, when a successor to Mr. Adams will be elected.

Mr. Adams leaves a most creditable administration and it was said of him Tuesday morning that probably no previous administration in the history of the municipality had done more for Colorado.

When seen by a representative of The Record Tuesday morning Mr. Adams stated that in view of the fact that he had held the office continuously for nine years he had consumed his allotment of the honor and desired to retire. Pressing demands of attention to his business interests also prompted Mr. Adams to tender his resignation.

Since the resignation of Mr. Adams there has been considerable discussion as to candidates to succeed him in the municipal election in April. Judge A. J. Coe has already announced his candidacy for the mayoralty and J. H. Greene, member of the City Council is being mentioned in connection with the office. Mr. Greene stated Tuesday that several citizens of the city had requested him to permit of his name being mentioned as a candidate, but gave no statement for publication as to what his plans might be. Joe H. Smoot, cashier of the Colorado National Bank, is also mentioned as excellent timber for head of the city administration.

TEACHERS EXAMINATION IS HELD FRIDAY AND SATURDAY.

Examinations for certificates to teach were held in Colorado Friday and Saturday last. These examinations will be held on the first Friday and Saturday of each month until July, inclusive.

The examining board is composed of Jno. B. Jordan of Lorraine and Sam C. Harris of Colorado.

Cotton ginned prior to January 1, 1921, amounted to 11,559,230 bales, it was announced by the census bureau at Washington Monday.

COMMISSIONERS APPOINT COFFEE COUNTY ATTORNEY.

Tom Coffee was appointed county attorney by commissioners court on Tuesday afternoon to fill the vacancy caused by the resignation of Thos. R. Smith. Mr. Smith was re-elected to this office in the general election in November but later announced his intention of retiring and therefore failed to qualify to succeed himself in office.

Mr. Coffee qualified for the office Tuesday afternoon and entered upon his duties immediately. Coffee was county attorney here six years ago. He and Mrs. Coffee recently came to Colorado to make their home, he returning from England where he served with the naval forces during the recent war.

CRESCENT FILLING STATION WILL BE OPENED SATURDAY.

The Crescent Filling Station, on West Second Street, will be opened to the public next Saturday, according to R. M. Hardison, manager. Mr. Hardison stated Monday that construction work on the building had been completed and the painters who were decorating the interior walls were expected to complete their work within a few days. Workmen were laying the concrete approaches to the driveways Monday afternoon.

A complete line of tires and tubes and for the present a few other items in the accessory line will be carried. The first shipment of automobile tires was received Monday. In the building an inviting rest room for ladies and lavatories for both ladies and gentlemen will be maintained. The architecture throughout is attractive and the Crescent will be a building of special civic interest in the downtown district.

COLORADO HIGH TAKES GAME FROM SWEETWATER.

Friday, January 7th, the boys basketball team of the Sweetwater high school came to Colorado and engaged the boys team of the Colorado high school in a basketball game. It was a good clean game, but it was soon apparent that the Sweetwater boys didn't have a chance to win.

The game resulted 31 to 4 in favor of Colorado. Our boys will go to Sweetwater to give a return game in the near future.

COUNTY COMMISSIONERS BUY EIGHT ADDITIONAL MULES.

Eight mules were purchased by the county commissioners Saturday and Monday for use with the county road building crew. A price of from \$200 to \$225 was paid for the animals.

The commissioners have purchased additional Fresno and one large grading machine. Additional men are to be employed on the public road works.

Oil shooting over top of derrick at Morrison No. 2, following nitro shot Sunday afternoon. Shooting of this well was witnessed by spectators from Colorado, Westbrook, and Lorraine.

17200 BALES 1920 COTTON RECEIVED

1920 COTTON CROP OVER 90 PER CENT GATHERED, NOW ESTIMATED.

J. M. Helton, public weigher at Colorado, stated Wednesday that a total of 17,200 bales of cotton of the 1920 crop had been received at the Colorado cotton yards. An estimate made by the Chamber of Commerce ninety days ago that 20,000 bales would be received at Colorado during the season has proven conservative as it is now apparent that that number will be exceeded by a few hundred bales.

Reports from Lorraine and Westbrook as to the amount of cotton received at those two markets were unobtainable Wednesday afternoon. It is estimated however that total cotton yard receipts in Mitchell county to date will approximate 25,000 bales. Last year a total of 32,000 bales were produced in the county.

Weather conditions during the past month previous to this week have been favorable to farmers in gathering their cotton. It has been fair and warm practically all of the time. During this week, however, the weather has not been so favorable. A material drop in temperature was noted and Wednesday night the heaviest snow of the winter fell.

COLORADO CIVIC LEAGUE SEEKS CHICKEN LEGISLATION

A committee of ladies, Mesdames Jerold Riordan, H. S. Beal and Abe Dolman, representing the Colorado Civic League, appeared before the City Council Monday night to request that an ordinance regulating the running at large of chickens in the city be passed. The league is formulating a program of civic improvement throughout the city and represented to the Council that it was a policy most destructive to the flower gardens, shrubbery, etc., to permit the town chicken to run at large and allowed to destroy these examples of civic attractiveness.

This committee will have an ordinance prepared along the lines desired to be presented to the Council at a later meeting.

20,678 BALES GINNED IN COUNTY PRIOR TO DEC., 1920.

20,678 bales of the 1920 cotton crop had been ginned in Mitchell county prior to December 20, according to a report received by The Record from the Department of Agriculture at Washington.

TRAVELERS WELL DRILLING AT 2,600

GEOLOGIST BELIEVES PAY WILL BE PICKED UP WITHIN 400 FEET.

Dr. Edward A. Hill, geologist representing the Renotex Oil & Land Corporation, spent Wednesday of this week at the Travellers well, 12 miles southeast of Colorado on the Landers ranch making a close examination of the deeper cuttings now being penetrated. It is his opinion that the log of the well conforms closely with those of both the T. & P. No. 1 and Morrison No. 2, drilled near Westbrook by the Underwriters Company.

The Travellers had reached a depth of 2600 feet Wednesday afternoon and was running six inch casing. According to the geologist, indications are that the oil sand will be encountered within the next 400 feet. Dr. Hill believes that the possibilities of the Travellers well are exceedingly favorable.

In commenting upon the situation in general, Dr. Hill stated:

"I have always held and still believe that a big oil field will be developed in Mitchell county. The structure to be found in different parts of the county are as prominent as can be found anywhere and indications are most favorable.

"With three wells completed, all producers, and no dry holes, the outlook is especially favorable. The best geology is that which is proven by the drill and as each well goes down we are enabled to know more of what future operations should result in. My contention that there is underlying this territory a large producing sand is yet unproven, but indications are making it more evident every day. Whether it be a matter of greater depth or different location remains to be seen, but all indications point to a great saturated horizon. This region correlates with the North Texas fields along Red river with much more assurance than with the Bend series."

Dr. Hill left Wednesday night with Messrs. Knight and Sloan, local representatives of the Renotex Corporation, for Garza County.

YOUNG MAN INJURED AS BUGGY IS OVERTURNED.

A young man by the name of Felts, son of J. V. Felts of a few miles northeast of Colorado sustained a broken collar bone Friday when the horse he was driving to a buggy became frightened and ran away, overturning the vehicle. Felts was given medical attention by Dr. C. L. Root.

ARRESTED AT COLORADO ON CHARGE OF THEFT OF CAR.

Joe Flax of Plainview was arrested at Colorado last week by Sheriff W. J. Chesney on the charge of automobile theft at Plainview and was delivered to City Marshal Wilson of Plainview Friday, who came here for the prisoner.

Flax admitted to the officers that he had driven the car from Plainview but claimed that he had been employed to do so by the owner of a Plainview garage in which the car was stored. According to his story, the garage proprietor desired to collect insurance on the machine and agreed to pay him a sum of money to drive the car out of the country. Accordingly he drove the car to Van Horn, placed it in storage, and came to this city on the train.

TOOTS PAKA QUINTET PLAYS TO A LARGE AUDIENCE.

Toots Paka and her Hawaiian company of artists played to a crowded house at the High School auditorium Tuesday of last week. This was the third number of the Dixie Lyceum course given at Colorado this season under the auspices of the public school management.

Renditions on the steel guitar, the ukelele and folk songs and dances of the Hawaiians were given. The occasion was one of the most appreciated lyceum numbers to come to this city.

ORDINANCE CREATING A HEALTH BOARD PENDING.

Ordinances recently prepared at direction of the City Council, creating a City Board of Health, are still pending, it was stated Tuesday morning by the City Secretary, L. A. Costin. Mr. Costin stated that delay in final action on this matter was occasioned by the unavoidable absence of some members of the council at recent meetings, who it was desired should be present when the matter came up for final action.

The office of the city board of health has been officially established by the City Council, but the matters now pending are represented in ordinances governing duties of the board and providing penalties for violations under the act.

CHILDREN OF JUDGE AND MRS. HALL ARE POISONED.

Three children of Judge and Mrs. J. C. Hall were quite sick during several days of this week from poisoning, according to a diagnosis of the attending physician. Judge Hall stated Wednesday that it had not been determined in what manner the children were poisoned. J. C., Jr., the oldest of the children, was reported very sick Wednesday morning. The two smaller children were improving.

MORRISON NO. 2 IS GIVEN NITRO SHOT

WELL REPORTED STANDING 1000 FEET IN OIL; BAILER IS LOST.

Morrison No. 2, second well to be drilled into the pay by the Underwriters Producing & Refining Company was shot Sunday afternoon with 160 quarts of nitro and responded a heavy gush of oil for a short time. The fluid was thrown several feet over the top of the derrick. A representative of the company stated on Wednesday that the well was standing 1,000 feet in oil and probable production had been estimated at 300 barrels.

The bailer was lost in the hole late Sunday afternoon and the crew has been on a fishing job this week. After the flow of oil receded the bailer was lowered and became lost when the hole caved in from above. The well shot from 2363 to 2435 feet.

The showing of gas continues at T. & P. No. 1, the discovery well. A report from the well Wednesday was that the gas continued at approximately the same production as one week previous, 10,000 feet.

A telegram from Steve Owen, the manager of the Underwriters Company, who is in Tulsa this week, stating that rig builders were expected to arrive in Colorado within the next two or three days to commence work on the derrick at Dorn No. 1 location, was received Tuesday. This rig will be erected by D. D. Wertzberger of Tulsa.

The statement that drilling would be resumed within the next ten days at Smith No. 1 location, five miles west of Colorado, was made Wednesday in offices of the Underwriters Company at Colorado.

FIRE AT HOME OF R. E. BEAN SATURDAY AFTERNOON

The explosion of an oil stove in the home of R. E. Bean, 6th and Vine Streets, Saturday afternoon at 5 o'clock caused slight damage to the building. The flames were extinguished by the fire department before the fire gained headway.

The property is owned by J. B. Farmer and it was stated Tuesday morning that the loss was covered by insurance.

ABILENE CITIZEN PAYS \$46.50 PER ACRE FOR LAND.

Claude Gill of Abilene purchased 480 acres of land of J. R. Hastings last week, paying a price of \$46.50 an acre for the property. This tract is located two miles northwest of the Nat Smith No. 1 location and known as the A. D. Cress place.

The substantial way in which Mr. Bean and Mr. Farmer showed their appreciation of the work done by the Volunteer Fire Department was very encouraging.

Rev. D. R. Hardison and R. P. Price made a trip into the country Monday afternoon for a rabbit hunt and Rev. Mr. Hardison proved to be the superior marksman, bagging eleven cotton tails, while Mr. Price secured only two.

PLAN ORGANIZATION OF WEST TEXAS FAIR ASSN.

Will H. Jobe of Sweetwater, sales manager for the Rex Oil & Refining Company, was in Colorado Wednesday and spent the day here on business. Mr. Jobe is a member of a committee of five appointed recently by a mass meeting of citizens at Sweetwater to formulate plans for perfecting the organization of a "West Texas Fair Association," and stated in Colorado Wednesday that cooperation of this city would be invited in consummation of the undertaking. Definite plans under which it is proposed to organize the association as yet have not been made, he stated.

Mr. Jobe said that the Rex Refinery at Sweetwater, which has been in operation during the past several months, was enjoying a liberal patronage throughout the Sweetwater territory.

J. I. PAYNE, SWEETWATER, CARRIES PAGE ADVERTISEMENTS.

Readers of The Record are directed to the full page advertisement of J. I. Payne, furniture dealer and undertaker of Sweetwater, which appears in the paper this week. Mr. Payne is advertising a sale of furniture and house furnishing goods at a big reduction and no doubt will experience a lively trade throughout the sale.

Mr. Payne formerly lived at Colorado. Mrs. Payne is the daughter of F. A. Winn of this city.

"PLANT A TREE."

Every citizen who is interested in beautifying the city is urged to plant as many trees as possible. Now is the time to plant!

Especially do we recommend the planting of trees along the sidewalks. Let us strive to plant five hundred trees in the city this season.

As you plant please notify Jerold Riordan at the Racket Store.

If you want to plant pecans let Mr. Riordan know how many you need and we will order together, and take advantage of quantity buying. City Beautiful Committee, Civic League.

1920 YEAR BOOKS ARE READY FOR DISTRIBUTION

"I have for distribution eight hundred copies of the nineteen twenty year books," writes Hon. C. B. Hudds, congressman from the 16th Congressional district of Texas, in a letter written from Washington to The Record. "I have always found them to contain valuable information to the live stock growers, the farmers, the chicken raisers and the good housewives."

"Wishing to place them in the hands of those who desire them and will benefit by them, I will ask you to publish this letter so that those who desire them will write me and I will send them a copy. Having only a limited number I can not send all of my constituents a copy and possibly all will not desire one."

OUT BUFORD WAY.

Just forget what has been said of "balmy winter days" please. Here's hoping this spell does not last till every bit of our coal pile is gone.

We had a good week end at Buford. Bro. Leach preached three times to good crowds each time. We shall patiently await your coming again in February, go a teacher.

Sunday school seems to be taking on new life, and more folks are interested in the work every week.

Quite a crowd at singing Sunday evening. We are going to order some new song books. Then folks, come over and help us learn the new songs.

The Nick West oil well at Dunn is temporarily closed down. People are getting a little pessimistic up there and they are depending on the Mitchell county oil boom for their excitement. Say they had rather come to Colorado where it's "done right."

The gin at Dunn has lost over 500 bales of cotton. The manager informs us, that the double cleaners at Colorado gins were partially the cause, the other was that there was a "dead town" in Scurry county. Come to Colorado, folks. Just as soon as we get the sand in a few more wells, you will think you are in Fort Worth, judging from the number of people and the business that is being done. Better move down to a good town, seven miles north of Colorado, and your troubles will be all over with.

Bro. Leach and Bro. Floyd from Westbrook, Mr. and Mrs. Bob McGuire, Mr. Reese Bedford and family all ate Sunday dinner with Grandpa McGuire Sunday. We are glad to say that Mr. McGuire is holding up the finest kind for the winter.

Mr. and Mrs. Willie Gamble have a fine girl "over to their house." Just a sweet little babe, like our Master took in His arms and blessed, saying "Suffer little children to come unto me, and forbid them not for of such is the Kingdom of Heaven." May she always be a blessing to that home and scatter sunshine down life's way.

Next Friday evening at seven the farmers and others are urged to be at Buford school house. We are to learn more about the Farm Bureau and we must lend an ear, and take heed. It is awfully easy to set back and criticize any forward movement and some folks make mighty good cussers when something new comes up. Saying "The farmers never have done anything for themselves, and never will." How will we, unless we start? We prophesy that Mr. Dulin and the speaker who is to tell us what the fruit growers of California have done will have every farmer in the community to hear the story. Come out and learn something.

We hear today that Mr. Phillip Miller, our ex-mayor carrier to Dunn and Ira received the news from Ira that his little grand daughter had died, and would be buried at Ira. Mr. Miller and the children went up on mail car to be with the grief stricken parents and to attend the funeral.

Well, these cold, drizzly days make us all wish we had an "Uncle Bim." Maybe he would stake us to at least enough to pay up our debts. I know we wouldn't complain about having to wear our dress suits out a few nights anyway. I wonder if "Uncle Bim" wouldn't come to Mitchell county and then out Buford way, and shake loose from some of that filthy lucre, for some oil leases. Mr. Editor if he comes to your office, inquiring, send him up, please sir!

WE APOLOGIZE.

Mrs. E. J. Eddleman, who lives out on Route 2, was among the number to renew their subscriptions to The Record last week, and in reporting her renewal in the local news column it was stated, "Mrs. E. J. Eddleman, colored, R. 2," etc. The article should have read, "Mrs. E. J. Eddleman, Colorado, R. 2," etc. This was a most ungrateful error and The Record regrets very much that it occurred. Both the linotype operator and the proof reader admit their share of responsibility for the mistake.

Mrs. Eddleman is a refined lady and a good friend of The Record and we feel confident that she will accept our apology, especially when it is shown that typographically there is very little difference between the words "colored" and "Colorado."

If there be those who may doubt that the locals, news articles and advertisements carried in the columns of the Record are being read, just ask Mrs. Eddleman. Fifty people called her attention to this error and about 23 have been in to see us about it. We apologize.

I now have the agency for the Gulf Refining Company. Get your good Gulf gas and Luster Light from me. Delivered free, anywhere, any time. J. A. Sadler.

"NOLAN COUNTY CENSURED FOR ITS BAD HIGHWAYS."

Under the above caption the Sweetwater Reporter recently carried an article summing up reports made by D. E. Manigault of El Paso and J. E. Price of Ballinger, divisional engineers of the State Highway Department, who were in Sweetwater and registered a complaint with A. S. Manzey, county judge of Nolan county, and Geo. H. Sheppard, mayor of Sweetwater, as to bad condition of the Bankhead highway route through Nolan county.

The article follows: "Tourists from the North and East coming through Sweetwater enroute to El Paso and California 'have it in' for the section of the Bankhead Highway between this city and Roscoe, and in fact all of the road in Nolan county, according to reports made on Tuesday by two divisional engineers of the State Highway Department.

"This report was made by D. E. Manigault, divisional engineer from El Paso, whose district comes to the west line of Nolan county; J. E. Pirie, Ballinger, whose district included Nolan county and other counties in Central Texas. These men were here to confer with County Judge A. S. Manzey and Mayor Geo. H. Sheppard and other officials with a view of ascertaining what may be expected in the way of completing the highway to Roscoe.

"Already, they said, every county in Texas through which the road passes has made complete financial arrangements to carry out the project as planned by the state and federal governments, both of which are now ready and willing to do their share. Messrs. Manigault and Pirie expressed disappointment at the seeming indifference on the part of this county regarding the construction of the highway, which it was pointed out, will be of great benefit to Sweetwater and other towns on the route, bringing, as it will, thousands of the tourists through here every year.

"As a bad advertisement, they said the proposition as it stands has no equal, declared the engineers."

A "NEW" PRINTER.

The young lady has been very little assistance as yet—in fact, we have almost despaired of ever making a printer of her as she seems to have such a good strong voice she will doubtless make a great singer and be too high toned to "stick type."—Lorraine Leader.

"LET THEM CALL ON ME," STATES HAYS.

Is Glad To Tell Anyone How Tanlac Built Him Up After the Flu.

"I didn't think I would ever be a well man again, but Tanlac has certainly built me up and given me fine health," said James S. Hays, living at the corner of Shawnee roads and Coy Street, Kansas City, Kansas.

"Several weeks ago I had a severe case of flu and after I got up I found myself in a weak and run down condition. My legs felt like they would give way and I could hardly stand up. I was badly constipated and was continually having splitting headaches and awful dizzy spells. My stomach was all out of order, I would bloat all up with gas that would press round my heart and nearly shut off my breath entirely. I had such severe pains across the small of my back it was almost impossible for me to sleep.

"One day, my foreman advised me to try Tanlac and before I had finished half of my first bottle my appetite got a new start and I was feel-

ing better and stronger. And now I have taken four bottles and I eat like a bear and am never troubled afterward at all. My constipation has been entirely relieved, and I am free from those headaches and dizzy spells. The pains have left my back and I sleep like a log every night. I have gained eight or nine pounds in weight have been built up in every way and am working hard every day. My health is better than it has been for years, and if anybody wants to know what I think of Tanlac tell them to call on me. Tanlac is sold by leading druggists everywhere.

"The Phonograph with a Soul"

At last you can learn What Edison Did during the War

YOU wondered—everybody wondered, and practically nobody knew how Edison "did his bit." At last the official announcement is out! Come in and get your copy of the bulletin: "What Did Edison Do During the War?"—or write, if you can't call.

It tells what Edison did while Chairman of the Naval Consulting Board—how he spent months at sea, experimenting and inventing devices for foiling the German submarines.

The bulletin also tells how Edison stood the gaff and kept the price of the New Edison down to bed-rock during the era of high costs and soaring prices. The New Edison has increased in price less than 15% since 1914—part of this increase is war tax. The bulletin also tells Mr. Edison's views on our Budget Plan which makes the New Edison easy to buy.

GROCERY PRICES CUT TO THE CORE

We will not permit any Grocery Stores in West Texas to undersell us. Our Motto is to buy close, small profits and quick turn-overs.

If you buy in case lots for cash, we will give you the dealers cost price and save you the freight; we mean by this, that we will sell to consumers for cash, who buy in case lots at the same price a dealer pays F. O. B. his nearest wholesale house.

OUR Stock is fresh and complete, a good variety to select from, new goods arriving daily, and more on the road. If you do not buy groceries in case lots, get your neighbor to club with you and save money.

We quote below a few articles at retail prices, for cash. If you want to buy in case lots come in and we will name you a price that will sell the goods. Let us show you.

GRANT WELL HITS OIL DEPTH AT 96 FEET.

That Pecos county has another real oil well is now a matter of history. On Wednesday at noon of this week the drill bit penetrated the earth to a depth of 96 feet in Grant well No. 10, about 65 miles southeast of Pecos and about 20 miles northeast of Ft. Stockton, and the liquid gold belched out in torrents.

It is said by those witnessing the bringing in of the well that it flowed a thousand barrels the first hour. This The Enterprise editor who visited the well yesterday afternoon believes is exaggerated, though it may be true. The natural lake, on the edge of which is this well, was full of oil and the oil was being pumped into tanks all the while. After the first gush the well calmed down and when visited by the editor yesterday, while still flowing a good grade of oil it was gently running over the top like the placid waters from a spring. There was some gas, but not sufficient to assist materially in bringing the oil to the top. All who viewed this well yesterday, and there were many from every point of the compass, think it a fine well, and it has been dubbed, "Miracle Well." The editor may be a little too conservative, but he believes that with the pump it will produce anywhere from one hundred to one hundred and fifty barrels per day. This, however, is guess work for no man can tell how much or how long it will pump. But at that it is a wonderful well and probably the very best known at the depth of 96 feet.

This well is in a big valley of fine fertile land covered with salt and tobacco grasses. Where the well was put down there is a natural lake which would probably cover an acre. This lake was usually dry, but has for years been covered with a seepage of oil. Some twenty years ago a well was put down to a depth of about 1200 or 1400 feet on the edge of this lake and not more than 50 or 75 feet from the Miracle Well. And no oil was found. Recently this casing was pulled and now this well is filling with oil and gas. Around and near the edge of the lake are several wells which have been drilled to various depths, some producing and some dry.

These wells are believed to be the result of a fissure in the rock which forms a pipe line from some mother pool and is considered by sound business men in the oil game as positive proof that the Pecos oil field is no longer in the wildcat class, but a real, proven, undeveloped field, and not only are the Fort Stockton people but those of Reeves and Ward and Loving counties elated. All that is necessary is to sink the wells down to the proper depth to get the real gushers and since many of our wells are now well beyond the 2000 foot mark a new life has been put in every phase of business in this section and the public are held almost breathless waiting and watching for the various bits now busy to penetrate the mother oil pool.—Pecos Enterprise.

THIS STORE FOR SALE

The principles of success in business are old as business itself.

They are: Have saleable merchandise at a saleable price; deal squarely with folks,

—and Keep on Advertising

An advertisement today will reach a certain number of folks who are in the market for your goods. They may call at your store, may purchase, may like your way of doing business and tomorrow forget all about you, unless you keep reminding them you are still in business.

A store may build up a good business and may have a list of customers a mile long. But folks don't live forever; neither do they always stay in one place and if a store does not continually reach out for new business, there will come a day in the not distant future when its list of customers will not be a mile long, nor a very large fraction thereof.

Instead of advertising "This Store For Sale," the stuff in it should have been advertised. Then there would have been no necessity of going out of business.

IN SOCIETY AND AT THE CLUBS

After the two weeks holidays the literary clubs resumed work last week.

TURKEY DINNER.

On last Tuesday Mr. and Mrs. Sam Wulfjen entertained a number of their friends with a turkey dinner with all the good things that go with it that Mrs. Pidgeon knows so well how to prepare. After this the ever popular game, 42, was played.

FORTY-TWO PARTY.

On last Friday evening Mr. and Mrs. Sam Wulfjen entertained a number of their friends with 42. There were eight tables and eleven games were played.

Refreshments of fried chicken, gravy, hot biscuits, candied yams, scolloped oysters, pickles, celery, and coffee were served cafeteria style.

CENTRAL CIRCLE.

The Central Circle of the M. E. church met with Mrs. Merritt in the basement of the church Monday. The usual business was transacted. Twenty-five members were present. The pastor, Rev. C. L. Browning, was also present and thanked the ladies for the "canning" they gave him at Xmas time, and said the many good things were enjoyed by his family, which was all at home for the holidays. Two new members were received into the Circle. The next meeting will be with Mrs. J. L. Pidgeon.

The hostess served black and white cake and tea.

SENIOR CLASS GIVE BANQUET

The Senior class of 1921 of the Colorado High School gave a banquet at the Barcroft last Friday evening. The High School teachers were the guests. There were three courses, orange and marshmallow, a turkey with the accompaniments and an ice with angel food.

The decorations were the class colors, green and white, with a center piece of white carnations. Dixon Wector acted as toastmaster, and each responded with a toast. The presonnel was Mr. and Mrs. E. F. King, Mrs. Wector, Miss Smith, Miss Kennedy, Mr. Foster, Misses Mary Terrell, Lillian Dorn, Hazel Cook, Gladys Dorn, Jessie Schroeder Baker, Anna Mary Lupton, Messrs. Brooks Bell, James Adams, Dixon Wector, Robert Breannand, Mell Beck, Conrad Ausley, Jack Helton, and Robert Nunn.

STANDARD.

Mrs. R. N. Gary was hostess for the Standard. Work was begun on "The Blue Bird," led by Mrs. Smith. The roll call was new year greetings. Mrs. Edwin Faulkes gave a synopsis of the play. At the social hour refreshments were served.

BAYVIEW.

Mrs. R. O. Pearson was hostess for the Bayview with Miss McComas a leader. The regular lesson in Shakespeare's MacBeth and the Bayview Magazine on Immigration was studied. Refreshments were served at the social hour.

HESPERIAN

Mrs. T. J. Ratliff was hostess for the Hesperian. After the holidays there were many greetings and several items of business. Mrs. C. T. Harness sent in five dollars to help support the Near East orphan the Club is feeding, which was highly appreciated. A letter was read from our congressman, Mr. Hudspeth, thanking the women for their stand on the Sheppard-Townley bill and saying he would heartily support it. Mrs. Sandifer, chairman of the art department of the Sixth District asked that the Club have an art exhibit soon. The Club hopes to be able to do this in the near future. The lesson was Act IV, Scenes 1 and 2 of Julius Caesar, led by Mrs. W. L. Doss. The hostess had as guests Mesdames Pearl Shannon, O. Lambeth, E. H. Leskev and Thomas Coffee. At the social hour Mrs. Doss and Mrs. Coffee favored with pastimes. A salad course coffee was served. The meeting this week is with Mrs. Sam Majors.

As to whom the voters of Colorado should select to fill the office of mayor in the municipal election in April, The Record is not advising at this time. In our belief, the three men already mentioned, either as an announced candidate for the mayoralty or prospective aspirants for the place, are commendable and in the election of either the city would have promise of a progressive administration. There is one material question, however, that we should settle. The best interests of this city demand that the best man to offer for the place be elected.

DERRICK TIMBERS UNLOADED AT CONOWAY TRACT LOCATION

Derrick timbers for the first well to be drilled by the Renotex Oil & Land Corporation on their Conoway lease, three miles southwest of Westbrook, have been unloaded at the location and the rig contractor is expected to string the derrick this week, according to information given The Record Wednesday by Sloan & Knight, local representatives of the corporation.

Dr. Edward A. Hill, geologist for the corporation, spent Tuesday and Wednesday of this week inspecting their Mitchell county holdings. The first location on this lease has been made on the Little estate, which adjoins the Conoway property. This lease comprises 7200 acres and negotiations are now pending for 3500 acres additional.

"We expect to spud this well within the next two weeks," Mr. Knight stated Wednesday afternoon. Mr. Knight also stated that his company has negotiations pending for sinking a 3500-foot test on their Wulfjen lease.

The Renotex Oil & Land Corporation is composed of Reno and San Francisco capitalists.

CIVIC LEAGUE MEETS.

At the meeting of the Civic League last Saturday two points were stressed, the necessity of tree planting if we are to have a "city beautiful" and the paying of poll tax that the women might have intelligent and helpful part in public affairs.

The sad news was received here on Sunday from El Paso of the death of Will Homan. The Homans were citizens of Colorado for years, the family being of the first of the city, and the many friends here sympathize with the loved ones in their bereavement.

PIANO WILL BE BOUGHT FOR SCHOOL AUDITORIUM.

A grand upright piano is to be purchased for the High School auditorium, according to announcement made last week by E. F. King, superintendent of schools in the city. Mr. King stated that receipts from cash ticket sales to the lyceum number at the school auditorium Tuesday of last week would be credited to fund with which to buy the piano. "The school children of Colorado are entitled to the very best of everything," stated Mr. King, "and for that reason we plan to place in the auditorium for their use one of the best instruments on the market."

The Toots Paka Company, who were here Tuesday of last week, said that they would make a special effort to return to Colorado within the near future and render another program, the entire proceeds of which would be placed to the credit of the piano fund.

LAMBETH WILL IMPROVE HIS COLORADO PROPERTIES.

Extensive improvements to the O. Lambeth properties at Colorado are being planned by the management, according to information given The Record Monday by Walter A. Grubbs, a representative of Lambeth headquarters. Mr. Grubbs stated that the buildings housing the gins and the grocery and hardware departments would be repaired throughout and painted. At the Brick Gin, new awnings are to be placed and new wharfs of reinforced concrete construction built. The old fence surrounding the store and some of the smaller out-buildings is to be torn away, which will add much to the general appearance of the property.

LORAIN - TEXAS

LOCAL OIL MAN RETURNS A MITCHELL CO. ENTHUSIAST.

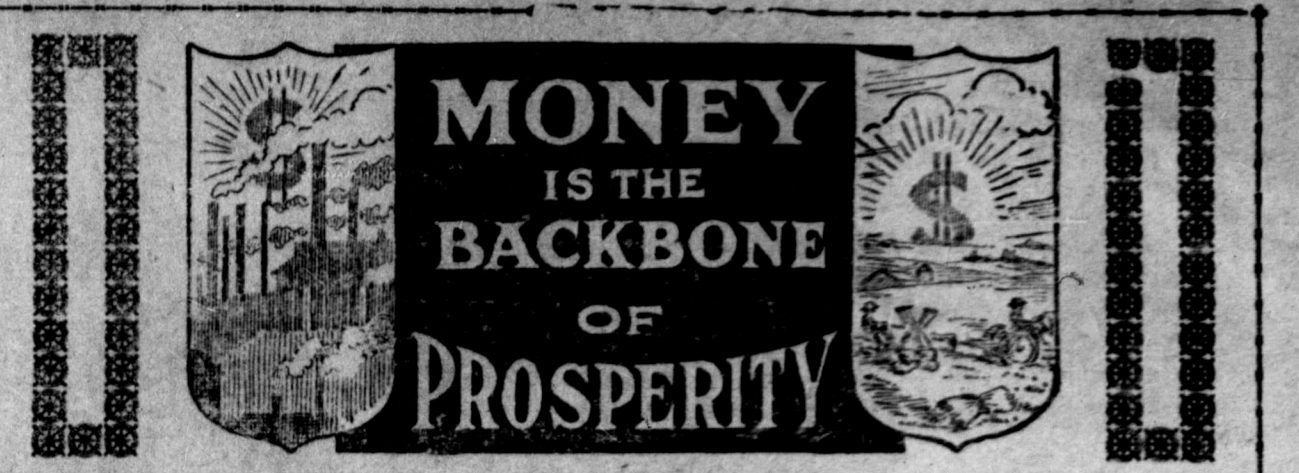

In company with Bill Martin and Arlie Martin of Loraine, Arthur W. Palmer, lease and royalty broker of Colorado, returned Sunday from a visit to the "wonder well" near Fort Stockton, which was reported through the press last week as coming in a producer good for 5000 barrels. Mr. Palmer gave the following account of his trip to a reporter for The Record.

"We left Colorado Friday afternoon at 1:30 o'clock and arrived at Fort Stockton at midnight the same day, securing lodging on the office floor at the Buena Vista Hotel. Saturday morning we drove to the Fort Stockton well arriving there at 9:30 o'clock. At that time the well was showing a bubble eye half as big as a water bucket every ten seconds, the fluid being part oil and part water."

"We placed an estimate on the production at about fifty barrels per day. Upon investigation we found ten additional holes surrounding this 'wonder well' located in a circle and at a distance of approximately seventy feet away. These eleven wells cover an area of about one fourth acre. Near the center well is a hole drilled some years ago by the Anaconda Copper Company in exploiting for deposits of sulphur, which they drilled into at 1200 feet. The hole was drilled 400 feet deeper and abandoned. Strong sulphur fumes can now be detected arising from this well, which is capped but not air tight. "The oil in the 'wonder well' seems to be forced up by water pressure, and this also carries a strong odor of sulphur. The petroleum is a very dark heavy oil and looks as if it might be excellent fuel oil."

"One fourth mile from the wonder well, in three different directions, are located three other wells, neither of which passed through the 96 foot sand, from which this well is producing. In our opinion a deeper stratum will have to be penetrated if oil in commercial quantities is discovered there."

"We found that in going from Colorado to Fort Stockton the route via Big Spring, Midland and Monohans is much the better, as a very good pike may be traveled over most of the distance, and would advise tourists to go that route. We found nothing to interest an oil man west of Istan. and returned as soon as possible to Mitchell county, where there is an actual oil field."

LAMBETH ENTERS WHOLESALE & RETAIL GROCERY BUSINESS

O. Lambeth has purchased the interest of Mr. J. R. Creath in the grocery business of Lambeth & Creath, and will engage in both wholesale and retail grocery business, and a general line of supplies used on the farm and ranch.

Mr. Lambeth will conduct this department of his business on a very small margin of profit with quick turnovers. He says he will sell a farmer or any consumer who buys in case lots just as cheap as he will sell a dealer, as he believes if the consumers buy in wholesale quantities they are entitled to the wholesale price as much so as the dealer.

The retail department will be conducted upon a strictly one-price to all basis, with a money-back guaran-

tee if you are not satisfied.

The grocery department will be in charge of Mr. R. E. D. Smith of Snyder who is thoroughly experienced in every phase of the grocery business, and we welcome him to Colorado and wish him success in his new undertakings.

C. W. B. M. MEETING.

Mrs. A. J. Coe was hostess for the January C. W. B. M. meeting. The subject for study was India, led by Mrs. Leslie Crowder. The roll call was "possibilities of the New Year." The music was appropriate songs on the Edison, "Let the Lower Lights Be Burning," and "Dreams of Galilee."

Mrs. C. T. Harness read a paper on the life and work of Miss Mary Kingsberry of India. Mrs. Ed Jones one on Translation and Teaching the

Bible in India. Hidden Answer from the Missionary Magazine proved very interesting. Mrs. Allen Soper who has returned to Colorado to live entered again for service. The hostess served a salad course and coffee.

AUSLEY & WRIGHT.

We are now selling flour, White Deer, at \$3.00 per sack. All canned goods of every kind at cost by the case. Red Karo, Mary Jane Lasses at cost by the case.

OIL LEASES.

I have lands for oil lease, the best location and the best price, if you want an oil lease, see me, I will give you the location you want, and I will give you the best price you can secure on lands in Mitchell County. Earl Morris.

Notice of Dissolution of Partnership

By mutual agreement the firm of Lambeth & Creath has been dissolved, O. Lambeth buying the interest of J. R. Creath.

O. Lambeth will pay all accounts due by the old firm, and to collect all accounts due them. Mr. Creath will remain with the new firm and close up all accounts due Lambeth & Creath.

O. Lambeth
J. R. Creath

As I have sold my interest in the firm of Lambeth & Creath am anxious to collect up all accounts due the firm, would therefore ask that all parties owing an account to Lambeth & Creath would please come in at once and settle up.

A STOCK REDUCING AND PRICE LEVELING SALE

AT C. M. ADAMS STORE, Colorado, Texas

The Terms for this Sale are CASH

In order to keep pace with the downward trend of prices, we have decided to give our customers, and the people generally the benefit of a

25 Per Cent Reduction on Our Entire Stock of Merchandise

This means more to the public than the ordinary sale, as we have always endeavored to mark our goods at a reasonable profit, as hundreds of our satisfied customers for *Thirty-One Years* will testify. Therefore, we make a reduction of 25 per cent, it makes our prices exceedingly low. In fact some of the items in stock affected by this reduction will sell for

LESS THAN THE FIRST COST

While a Great Many Items Will Sell at or Near Cost

The buying public will easily see that this is an opportunity to purchase their winter needs at abnormally low prices. It is easy enough for a merchant to advertise a \$90.00 suit for \$45.00, because he has added a big percentage of profit to the cost of that suit, therefore he can make a big noise when he advertises a reduction. But the true test consists in a liberal reduction on merchandise conservatively priced. On this basis we ask the patronage of the people of Mitchell and adjoining counties.

If you will examine carefully the figures made by some of our competitors, you will find their quoted prices show very slight reductions from the regular prices. Here you get

25 PER CENT REDUCTION ON EVERYTHING IN THE STORE Except Stetson Hats which are subject to a discount of TEN PER CENT. The discount of 25 per cent applies only to merchandise. It does not, of course, apply to the governmental luxury tax, which will be figured net.

NO GOODS WILL BE CHARGED AT THESE PRICES

Where customers desire goods charged our regular prices will prevail

REMEMBER

TWENTY-FIVE PER CENT REDUCTION ON ALL GOODS EXCEPT

STETSON HATS, WHICH ARE SUBJECT TO A DISCOUNT OF TEN PER CENT.

Small Aviator Is Coming!

TWO AIR NAVIGATORS TO MAKE ASCENSIONS DURING THE OPENING DAY OF THE BIG SALE SATURDAY, JANUARY 15TH, AT J. I. PAYNE FURNITURE STORE.

One of the tatest little fellows imaginable has been secured by the Powell Sale System to guide airships over the city before the opening of the big sale this firm is conducting for J. I. Payne.

He is now on his way to Sweetwater from Cincinnati, Ohio, and has the reputation of being the smallest aviator in the country. If weather conditions permit, he will make his first ascension from the top of the store about 9:30 a. m. Saturday, January 15th, and when he sails over the tops of the buildings he will carry in his hand an order for two excellent prizes which he will hand over to the first person he meets when he returns from his trip through the clouds and alights on terra firma.

The airship man is not the only attraction that has been secured by the Powell System to let the people of Sweetwater know about the Big Sale, and after the airship trip another gentleman, carrying an order for prizes, will make an ascension in a balloon from the roof of the building. His particular thriller will be a parachute leap when his balloon is high above, and when he comes down he will come with the order held very tightly in his right hand, to fork over to the first person who reaches his side and aids him to his feet.

Both of these aviators are mechanical devices, but are highly interesting little fellows and worth coming miles to see.

LORAINNE NEWS

Local and Personal News About Loraine and Vicinity.

—By Miss Isophene Toler—

Miss Toler is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and Vicinity. See her and take your County Paper.

MARRIED.

Mr. Roy L. Nunley of Eastland and Miss Blanch Hooks were married in Fort Worth on New Year day at the Methodist church parsonage. They will make their home at Eastland, where Mr. Nunley is district clerk.

Miss Blanche is one of Loraine's best and most popular girls, having taught in the school here and made her home here for several years. A number of friends will join in the very best wishes for her future happiness, and too, congratulate Mr. Nunley on having won her for his life companion.

AN EXAMPLE OF ADVERTISING.

The Loraine Mercantile Company's big sale is on, and Saturday was a big day with them. All the old clerks and the new ones couldn't accommodate the big crowd Saturday, quite a number of ladies carried off some of the 25c ginghams, which they sold ten minutes at 5c a yard. Mr. Altman believes in advertising and has found like all up to date merchants that it pays.

PARENT-TEACHERS CLUB.

The Parent-Teachers Club held a business session on Tuesday. They voted to pay \$25 on library fund. Also to secure a state health examiner to come and examine the children. Mr. McNabb's room was awarded the prize book.

BIRTHDAY SOCIAL.

Mrs. W. A. Pendergrass entertained for her husband on Friday evening, the occasion being his birthday. Four tables of 42 afforded the entertainment for all. The hostess served delightful refreshments. The guests included Mr. and Mrs. H. V. Richards, Mr. and Mrs. Farrer, Mr. and Mrs. C. H. Manley, Mr. and Mrs. Neil, Mr. and Mrs. Harry Cranfill, Mr. Kaykendall, and Mrs. Calhoun, Mr. and Mrs. Alonzo Phillips.

STORKETTES.

Born to Wayne A. Ursery and wife, a girl.
To E. A. Stevens and wife, a girl.
To U. E. Shields and wife, a son.
To Ray Kidd and wife, a son.
To Tom J. Land and wife, a son.
To Will White and wife, a girl.

MOVED.

Justice of the peace, Floyd Kennedy, has moved from the rear of T. C. Auto Shop to the building adjoining same and now greets his clientele at the front door.

DIED.

Sibel, ten months old baby girl of Mr. and Mrs. Grady Furlow died on Thursday morning after a few days illness of pneumonia and other complications.

Funeral services were conducted at the home by Rev. S. H. Young, and interment made in the City Cemetery. Just another little flower has blossomed in the garden of eternity. The heart broken parents have the sympathy of many friends and acquaintances in the loss of their darling babe.

PHILOMATH CLUB

Mrs. Harry Hall was hostess to the Philomath Club on Friday afternoon. The usual number of members were present and a business session was held. And the new officers for the New Year were elected, as follows: President, Mrs. A. C. Pratt. Vice President, Mrs. Arlie Martin. Recording secretary, Mrs. J. S. Jackson. Corresponding secretary, Mrs. Clarence Rowland. Treasurer, Mrs. C. B. Reeder. Auditor, Mrs. C. M. Jackson. Mrs. Hubert Toler of Sweetwater and Mrs. D. C. Hazelwood of Rising Star, were elected honorary members. The hostess served a sandwich course.

CARD OF THANKS.

We wish to thank all our friends who assisted us in any way during the illness and death of our dear baby, Sibel. Your kindness and sympathy helped us to bear our sorrow.

Mr. and Mrs. Grady Furlow.

J. H. Johnson Sr.'s condition continues about the same.

Mrs. S. D. Dunnahoo will be hostess for the Philomath Club this week.

John Martin and Dee Land made a business trip to Iatan this week.

Editor White and wife are entertaining a little daughter who has come to stay indefinitely in their home. Both mother and daughter are doing nicely.

S. W. Altman has returned from the Plains where he made a business trip.

Mrs. I. J. Pierce and son and daughter, Mrs. Homer Richards have returned from Santo, where they were called on account of the death of their relative, Mrs. Drewery Pierce.

Hubert Toler and son, Harris, of Sweetwater were here Saturday.

J. L. Pratt slaughtered on Monday a fine hog which he raised at home. It tipped the scales at 450. Some Mitchell county production.

Mrs. Germany Land is reported as being much better this week.

Oscar Price and wife of Colorado were over Sunday for a short stay.

Mrs. S. L. Williams has returned from Amarillo where she was nursing Mrs. George E. Scown, and was called home to the bedside of Mrs. T. O. Scown, who has been quite ill.

Mr. G. L. Crownover and mother who have been seriously ill are reported better.

Hiram Wimberly of Dallas was busy here this week.

Mrs. T. N. Duncan is reported better this week.

J. S. Rudy has gone to Baird a which place he has employment.

Misses L. V. Anderson, Eldie and Lillie Richburg and Messrs. Orlie Richburg and A. G. Anderson were guests of Pearl, Florence and Moody Richardson Sunday.

Mr. Hall has moved from our community and we regret to lose these people. Mr. O. P. Blair has moved where Mr. Hall has lived for the past two or three years, and Mr. Frazier from Buffalo Gap lives where Mr. Blair lived.

A. E. Anderson and wife were the guests in the G. H. Richardson home Sunday.

Miss Lillian Porter spent the week end with home folks.

Mrs. Albert Land spent Sunday night in Loraine.

and the evening hour for worship at 7:00. Friday evening at 7:30 at the residence of H. B. Broaddus there will be the regular monthly meeting of the church to attend to some very important business.

WEEK OF UNITED PRAYER IS CLOSED FRIDAY NIGHT.

The week of united prayer by the Christian, Presbyterian and Methodist congregations closed Friday night with services at the Presbyterian church, the Rev. D. R. Hardison, pastor of the Christian church leading.

The subject used by Rev. Mr. Hardison was "Home Missions." He stressed the importance of the various Christian churches of America, giving more consideration to this work. "Speaking for my own church," he said, "the Christian church has contributed \$750,000 more for foreign missions during the last year than it did for home missions. I am ashamed of this. We should do more mission work at home."

During a round table discussion of the information was made public that the Presbyterian church at Colorado had, during the past year, contributed approximately fifty per cent of the entire fund raised among churches of the El Paso presbytery for missions. This is a most creditable distinction for the church at Colorado, especially when it is shown that the membership is less than one hundred people.

BUSINESS MEN'S SUNDAY SCHOOL CLASS ENTERTAINS.

Members of the Methodist Sunday school choir, and officers and teachers of the school, were guests at a church social given Thursday evening of last week by the Business Men's Class, taught by T. W. Stonerod, Jr. Select vocal and orchestra numbers were rendered under direction of Messrs. Leon Jenkins and Claud Womack, directors of the Sunday school choir. Refreshments of sandwiches, cake and coffee were served in the basement.

Included on the program was also a short address by the pastor, Rev. Mr. Browning. In commenting the choir, the pastor said: "I have served as pastor during the past twenty-two years and I have never heard better music by a Sunday school choir than these young people are capable of rendering." He paid a special tribute to the young men to whom credit is due for advancing the standard of the choir to its present proportions.

The pastor announced that a supply of new song books would be ordered at once, the volumes to comprise the best of the old songs as well as the new, "and when these books are received, you may expect to hear even better music by this choir than now," he concluded.

FIRST CHRISTIAN CHURCH

CHRISTIAN WORKERS CLASS

The Christian Workers Class of the Methodist Sunday school have reorganized their class since the beginning of the year. Mrs. W. H. Garrett was elected teacher and other officers are Mrs. Robert Smith, president; Mrs. Bert Smith, secretary; and treasurer; Mrs. L. B. Elliott, the press reporter.

This class is composed of the young married women of the church. Everybody cordially invited to come worship with us.

AT THE METHODIST CHURCH

During the next few months the M. E. Church, South, will follow one program, this program known as THE CHRISTIAN EDUCATION MOVEMENT. Every church in our connection will follow the same plan and seek the same end—the education of our people in the essentials of church efficiency. The immediate end of this movement is to build up Bible reading, private and family prayer, church attendance, pray meeting, attendance, the recognition of stewardship to God, both in what we have and what we are. Such a program,

we hope, will bring about a great revival throughout the church. A secondary end of this movement is to strengthen all our educational institutions and meet the growing demands for schools where they are needed. Our Centenary Drive resulted in greatly enlarging our missionary operations at home and abroad. This movement is to build up our educational work at home and abroad. New conditions are before us; new demands are upon us. We must educate or perish! It is the call of God and we must respond.

Our membership in Colorado is urged to enter heartily and loyally in this great movement. Come to church, to Sunday school, to prayer meeting. Enter enthusiastically into all the departments of the church activities. The church needs you. You need the church.

Services Sunday will be as follows: Sunday school at 9:45. Preaching, morning and evening by the pastor. Morning subject, "The Power of Men Who Prayed." Evening subject, "Moses, The Man of Destiny." Junior League at 3:00. Senior League at 6:15. Bible study and prayer, Wednesday evening.

C. L. Browning, Pastor.

CLASS REPORT.

Judge W. P. Leslie, teacher of the Men's Bible Class of the Methodist Sunday school, will give a report of the workings and plans for the class Sunday morning. The attendance of the school last Sunday was 194, an increase of one over the previous Sunday.

OUTGOING AND INCOMING MISTRESS OF MANSION.

Moving day does not come the first of May for the Texas governor and his wife, but in the middle of January. This month will see a change not only in the administration but in the mistress of the executive mansion. A new mistress will preside at the great old Colonial mansion on the hill, and new faces will be seen in the halls and about the grounds of this home which belongs to all Texas.

Mrs. Neff's advent will be welcomed, but Mrs. Hobby's leaving will be regretted. She has proved herself well adapted for the arduous position she has so well held as the "first lady of the state," and has shown herself as one of the most democratic, as she has proved one of the most popular governor's wives that ever graced the mansion.

Housekeeping in the executive mansion, as it does everywhere these days, requires strict economy and good management. Mrs. Hobby has proved herself a capable chatelaine, and in leaving this house of the governors she leaves it in perfect order, and it is more of a home than it has ever been.

Each of the governors' wives leaves an impress upon the mansion—their mark, as it were. To Mrs. Culberson belongs the credit of "Sam Houston's Room," with the bed occupied by this famous Texas hero restored and placed as a relic which countless numbers come to see. Mrs. Hobby has added to this room a spinning wheel used by a contemporary of Sam Houston, which was presented Mrs. Hobby by the Texas Daughters of the American Revolution. Mrs. Hobby, out of her slight appropriation for wear and tear of the wheels of domestic government, had hardwood floors placed in these upstairs rooms of the mansion, banishing the linoleum that formed the rug border—to the disgrace of this Colonial mansion. She has also had steam heat placed in the mansion, something that adds more than anything else to the comfort of the building. This was done at an opportune time, for had she waited one month the cost of installation would have been doubled.

Mrs. O. B. Colquitt had built the extra sleeping rooms in the mansion

and the breakfast room, which has added so much to the attractiveness and the commodiousness of the mansion. Mrs. Colquitt desired to put in steam heat, but the appropriation ran short, and this was left for Mrs. Hobby. She has had the breakfast room and its furniture ivory tinted and made ideal with its window baskets of ever-blooming scarlet geraniums. Mrs. Hobby has made the mansion liveable—has placed dainty curtains and effective hangings, has furnished the rooms wherever possible with old-fashioned furniture in keeping with the dignity of the house.

It is her idea that the mansion is the people's house, that it belongs to all Texas, and she has held it ever open, at all times for visitors. Never has a Governor's family entertained more house parties than has this governor, and seldom has one entertained more distinguished guests.

During the past year there have been entertained at the mansion Colonel and Mrs. House, who were here on New Year day just a year ago; Edwin Markham, the poet; Anne Morgan, daughter of the great financier; Madame Gruitch, the writer; and last of all, Vice President and Mrs. Thomas R. Marshall.

It was given to Mrs. Sayers, though to entertain a real president at the mansion—the only president that ever paid Austin a visit, and a Republican at that—President McKinley. He, with his charming wife, was guest of Governor and Mrs. Sayers at the mansion, and one of the stateliest dinners possibly ever served was that in honor of these distinguished visitors.

Mrs. Sayers set the precedent for entertaining, as also in decorating, example is followed to this day. Each mistress of the mansion seeks to impress her personality on the house. And in bidding it good bye leave some memento of her presence.

Governor and Mrs. Hobby will take up their residence in Beaumont again, and her return to that city is awaited by her friends with much pleasure.

When Governor-elect and Mrs. Neff take up their residence in Austin there will again be children in the executive mansion, though they are almost grown. Mr. and Mrs. Neff have a son and a daughter, who will add to the gaiety of social life, it is

FARMERS OF OKLAHOMA SAVE \$585,459 THRU CO-OPERATION.

According to a statement from the extension division of the A. & M. College at Stillwater, Oklahoma, thru the method of co-operative buying and selling, farmers of Oklahoma saved \$585,459 during the year 1919. In this time 2,263 carloads of farm products were sold and 941 cars of supplies purchased.

The greatest saving was found to be on wheat, corn, mixed feed, cottonseed, coal and binder twine. There are about 80 cooperative organizations among the farmers of that state. This information is contained in reports made to the extension division by county farm agents through out the state.

According to W. A. Dulin, county farm agent of Mitchell county, the result in savings obtained by Oklahoma farmers through this cooperative policy of buying and selling is in some measure an example of what may be expected through affiliation with the Farm Bureau, now being formulated in this county.

expected, in the capital.

Governor and Mrs. Hobby were friendly, with a personality that made itself felt. Mrs. Hobby predicts that Mrs. Neff will make many friends in Austin, and bespeaks for her a warm welcome.—From Austin Statesman.

HEALTH RESTORED.

"My horse was in such run down condition, I thought he would die after feeding him Dr. LeGear's Stock Powders, he is as well as ever and is now as good looking a horse as there is in this section."—J. C. Huste, of Rockbridge Baths, Va.

Dr. LeGear's Stock Powders build up the body, vitality, and muscular energy of your horses and mules, insure more meat with less feed, from your hogs, sheep and cattle, and help your cows produce more and richer milk.

Mr. Huste's small expenditure saved him the price of a horse. Dr. LeGear can also help you. For 28 years as a Veterinary Surgeon and Expert Poultry Breeder he has devoted himself to the compounding of remedies for ailments of stock and poultry. Whenever you have an ailment among your stock or poultry get the proper Dr. LeGear Remedy from your dealer. It must satisfy you, or your money will be refunded.

FIRST ANNUAL CONVENTION FARM BUREAU AT DALLAS.

The first annual convention of the Texas Farm Bureau Federation will be held in Dallas on Wednesday and Thursday, January 26th and 27th at which time permanent officers will be elected. The convention had been announced for an earlier date, but has been postponed until the 26th and 27th in order that the delegates may hear Aaron Sapiro who is unable to be in Texas in January except on the dates given.

It is expected that there will be nearly 40,000 farmers in the Texas Farm Bureau Federation at the time of the annual meeting. These members are in the first twenty-five counties canvassed by the organization. When the organization started it was hoped to have one hundred thousand members by 1922 in Texas. Officials are of the opinion however, that the one hundred thousand mark may be reached by mid-summer. The organization has a million and a half members now in the United States and is functioning in forty-five states.

SINGING CONVENTION AT LONGFELLOW LAST SUNDAY.

The East Side Singing Convention met Sunday at Longfellow school house for an all day program. A number of singers attended from Colorado and among the song directors for the day were Messrs. Leon Jenkins and Claud Womack of this city.

The Looney class was the only one in the East Side district to be fully represented, although several singers from the Valley View class were present. The Looney class was directed by W. A. Dearen.

Mitchell county is divided into two districts, the East Side and West Side Districts, the Colorado river being the boundary between the two. The county convention will be convened at Colorado on the first Sunday in May.

Tom Ridens of Lorraine was re-elected president of the East Side convention at the business session of the organization held Sunday.

An attractive feature of this convention was in the luncheon served at noon by the ladies. Colorado visitors report a most sumptuous spread was served in abundance to everybody present.

TEXAS ENJOYED A GOOD YEAR

Texas enters the year 1921, as wealthy and upon as sound business basis as ever before in her history according to a report from the Texas Chamber of Commerce which has been conducting a "referendum" among the business men of the state.

Farmers and business men have suffered from the precipitate price decline of the past three months, but Texas has produced, during the past year nearly one billion dollars in agriculture, a half billion in live stock, and live stock products, a third of a billion in oil, and nearly half a billion in manufactured products. This is all "new wealth." While the total of agricultural production value has slumped this year, yet the total wealth production of the state is probably 15 per cent above that of 1915 which was the record breaking year to that time.

Figures showing the wealth production of Texas, in 1920, were prepared by the research department of the Texas Chamber of Commerce and laid before a number of experienced business men; without exception their reply was that Texas can not suffer more than a temporary business depression.

Figures below show something of Texas wealth production in 1920:

- Cotton, 4,200,000 bales.
- Wheat 13,500,000 bushels.
- Corn, 169,000,000 bushels.
- Oats, 42,336,000 bushels.
- Sweet potatoes 9,000,000 bushels.
- Rice, 9,212,000 bushels.
- Hay, 17,600,000 pounds.
- Apples, 489,000 bushels.
- Syrup, 650,000 gallons.
- Peanuts, 4,900,000 bushels.
- Broom corn 8,000 tons.
- Barley, 469,000 bushels.
- Irish Potatoes, 2,200,000 bushels.
- Rye 68,000 bushels.

All of Texas crops were above the average and some of them can be placed in the bumper class. Grain sorghum for example produced the greatest crop ever grown in Texas or any other state.

Owing to the Low Price of Cotton, we have decided to say to the people of this vicinity that we will trade cars, both new and 2nd hand, for cattle or young mules.

INSIST ON GENUINE FORD PARTS

Imitation "Ford" parts are being sold by many mail houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not genuine Ford Parts. They are made by concerns who have no connection whatsoever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend.

The Authorized Ford Dealers are your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel, and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.

COLORADO HAS A REAL MATTRESS FACTORY.

A visit through the Lambeth block in the west portion of town disclosed the fact that Colorado has an "honest to goodness" mattress factory which is already chipping mattresses to considerable larger towns than Colorado. The attaches of the Lambeth general offices own the factory and have secured Mr. L. A. Minter of Sylvester to manage it. Mr. Minter comes to Colorado highly recommended as a mattress man, and a gentleman in every respect. They are at present employing three men, and if the business continues to grow as it has since its establishment, they will soon afford employment for more people.

The class of mattresses being made in Colorado will equal that of factories located in much larger cities, and we people of Colorado should

insist upon a Colorado made mattress when we go to buy. They also manufacture pillows, chair and automobile cushions.

The name of the plant is The Colorado Mattress Factory, and the office is in the Lambeth General Offices, and any orders for mattresses phoned to Lambeth office will receive their prompt and careful attention.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health: "Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all. "I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish. "I was . . . nervous and easily upset. "I couldn't rest well at night and was . . . just lifeless. "I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . . "In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work. "Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness. "The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it. 1-14

RED DEP'S PHILOSOPHY

"One reason we respect the Bull Dog is that he finishes what he starts"

We started something here when we opened up our lumber yard and that is to give full measure for every dollar you spend here. We have been sticking to this policy and we are going to see it through to the finish. To have your respect and confidence means a whole lot to us. That is why we are anxious to treat you right. Good lumber and building materials are the only kind to buy and that is the reason we carry them. They are cheapest in the long run.
