## EARLY SETTLER RECALLS EARLY DAYS IN COLORADO.

Early days in the history of Colorado, when the city was the best town between Fort Worth and El Paso were recalled Tuesday by J. Wright Moor, pioneer cattleman of Scurry county. Mr. Moor spent the day here on business and meeting with "Bud" Coe, "Bill" Doss, "John" Doss, "Charlie" Adams, and other citizens whom he knew here in the early eighties.

Mr. Moor settled the Moor ranch on Deep Creek in Scurry county forty-six years ago and has made his home there ever since. For many years, however, he was actively identified with the business interests of Colorado, and in 1884 built the Moor Livery Barn on Walnut Street, the property now owned by Judge Coe. These buildings were constructed of Colorado made brick, as were many others of the early bricks.

"In 1885 I did a livery business of \$36,000 in that building," said Mr. Moor. "I never refused anyone credit who came to my stable for horses or rigs and during the year I lost only \$8 in bad accounts. I lost no horses from overdriving during that year."

In those days Colorado was a thriving city of from four to five thousand people, and the commercial center of a territory extending approximately one hundred and fifty miles out. Abilene, Sweetwater, San Angelo and other towns that have since outstripped Colorado were then designated as small trading posts. Mr. Moor recalled the activities of Winfield Scott, Jerold Riordan and other such men who contributed much to the development of Colorado in those days.

"I remember very distinctly the time when I set out those trees," said Mr. Moor as he pointed to the large cottonwoods along the curb in front of the Coe Buildings. "It was in the fall of 1884, just after my new livery barn had been completed. Those China trees across the street were set out a few years before that time."

## PETITION T. & P. RAILWAY CO. TO IMPROVE CROSSING.

A petition asking the Texas & Pacific Railway Company to improve the crossing in East Colorado so as to remove some of the danger to traffic there was circulated on the streets this week by Dr. Dulaney. The track passes through a cut at this crossing and approaching trains are not visible.

## THE HOUSE OF BETTER SHOWS

### ATTEN-SHUN!

The Little Queen was reviewing her royal body guard. Little did she realize, as she stood there in her flashing Hussar's uniform that in just a few days she would be wandering, an exile, in America, compelled to earn her bread in an American business office.

It is a wonderfully romantic story of crowns and hearts and dishpans and typewriters, called

## LORAINNE WILL BUILD CONCRETE TABERNACLE.

The progressive citizenship of Loraine and vicinity will build a modern, reinforced concrete tabernacle soon, a representative of The Record learned while in that town Saturday afternoon. The building is to be 60 by 80 feet in size the walls constructed of concrete and glass, with shingle roof.

The cost is estimated at \$4,500, but the Loraine Chamber of Commerce was expecting small difficulty in raising the amount in cash. It was stated Saturday that two or three citizens had already pledged subscriptions of \$500 each.

The tabernacle will be located on a desirable site adjoining the business district.

## HIGHWAY ENGINEER COMMENDS COLORADO GRAVEL.

Lamar Cobb, a prominent highway engineer of El Paso, spent Friday in Colorado and while in the city made an inspection of the sand and gravel pits near the city from which these materials are being taken for commercial purposes.

Mr. Cobb stated that the Colorado materials were among the best he had ever examined in the Southwest. "I first became interested in Colorado sand and gravel" he stated, "when a few weeks ago I went to Abilene to superintend street paving, in which your material was used. The superior quality of this sand and gravel was very noticeable."

Cobb left Tuesday afternoon for Loraine and Sweetwater.

## DEATH OF BEN PLASTER.

After a lingering illness of weeks Ben Plaster died at his home on Fourth street, Wednesday, June 22.

For months he had been failing in health and on the advice of his physician, his wife took him to Southern Texas, thinking the change of altitude would do him good, but it seemed to have the opposite effect and he was brought back home where he could be among friends and have the quiet of home life. All was done for him that could be done, and he passed to his reward just as the sun was setting in the west, Wednesday.

Ben Plaster was born in Grimes county, December 13, 1861. Although he had but limited educational opportunities in youth, yet he was a man well informed along general lines, and had, by experience and observation, a good practical business education. He was married to Miss Ida Worley of Taylor county, December 22, 1885. They came to Colorado in 1886, where they have since made their home. He was a member of Colorado Lodge No. 280, I. O. O. F., and the three links always had a sacred meaning to him, as those in distress always found in him a warm friend. He was always true to his friends and they were in turn true to him, as those who knew him longest and best were anxious to serve him and his devoted wife to the last.

After coming to this section Mr. Plaster engaged in the cattle business, in which he was actively engaged until a few years ago when he retired on account of his health. He was prominent in the stock raising industry, and amassed a competence by hard work and fair dealing with his fellow man.

The funeral services were held at the home Thursday afternoon, conducted by the I. O. O. F. Lodge and Rev. D. R. Hardison, pastor of the Christian church. The pall bearers were J. G. Smith, A. E. Maddin, Dr. E. F. Dulaney, F. E. McKenzie, L. A. Costin and W. M. Cooper.

Honorary pall bearers were Lay Powell, John Holt, Hiram Snyder, Marcus Snyder, Charles Mann, Hunter Looney.

## BAIRD TO PLAY BOOSTERS AT COLORADO JULY 4TH-5TH.

The Baird ball team will come to Colorado Monday, July 4, for two games with the Colorado Boosters at the local ball park, W. R. Charters, manager of the Boosters informed The Record Wednesday. The games will be called at 4 o'clock in the afternoon of each day.

Baird has one of the best amateur teams in this section of the State, it is said, and these two games promise to be interesting.

## Citizens Petition Council for Election to Vote on Water and Sewer Bonds

A petition, signed by 175 property tax paying voters of the city, asking that an election be ordered to vote on reservoir and water works bonds, in the sum of \$85,000 and sewer bonds in the sum of \$35,000, was presented to the City Council Monday afternoon by Dr. P. C. Coleman, C. M. Adams and Thos. R. Smith, representing the Colorado Booster Club.

Aside from requesting that the proposed bonds bear interest at the rate of six per cent per annum, the petition does not go into details as to date of maturity, denominations, etc. of the proposed bonds.

The petition was started at a mass meeting of citizens convened at the Price Auto Company display rooms Friday afternoon and W. W. Porter, president of the Booster Club and who carried the petition, stated Tuesday morning that sentiment in

the city was found to be almost unanimous in favor of the issues. Out of approximately 180 voters to whom the petition was presented, only three declined to endorse it, Porter stated.

Mayor Coe stated Thursday morning that the City Council would issue an ordinance ordering the election just as soon as the city attorney had completed an investigation of some technical questions involved. It is expected that the notice will be published next week and that the election will be held about August 1.

"The city administration heartily endorses the wish of the people in this matter," the Mayor stated, "and we shall order an election to vote on the proposed bonds just as soon as possible. Of course we desire to be positive that we are right and then go ahead."

## CONTRACTORS BEGIN WORK ON DOLMAN RESIDENCE.

## HOLT CATERPILLAR TRACTOR IS BEING USED ON ROADS.

The Holt 10-ton caterpillar tractor assigned to Mitchell county a few weeks ago by the Highway Department, is now being used on the roads of the county to draw heavy grading and maintenance machines. The tractor was received in Colorado three weeks ago but because the electrical equipment was shipped separate from the machine, and delayed in transit, it was not put into use until Monday.

This machine will do the work of eight good mules and the operating expenses are said to be small.

## PICNIC PARTY GOING TO SEVEN WELLS THURSDAY

A delegation of Colorado people will go to Seven Wells Thursday afternoon for a picnic and barbecue dinner. J. Lee Jones, director of the Colorado Booster Band, informed The Record Thursday morning. The picnic was arranged for the band members, who are to be honorary guests for the trip.

The Union Sunday school at Buford will visit the First Methodist Sunday school at Colorado next Sunday morning and plans for the entertainment of these visitors are being worked out by a committee composed of T. W. Stoneroad, Jr., Mrs. W. P. Leslie and W. S. Cooper.

The Buford Sunday school is the largest rural Sunday school in the county, it is claimed. H. B. Palmer, the superintendent, was in Colorado last week and stated that attendance the previous Sunday was 140.

They have previously visited the Christian and Baptist Sunday schools and plan paying visits to the five Sunday schools of the city.

## BOOSTER CLUB BANQUET TUESDAY NIGHT, JULY 12TH.

The next Booster Club smoker and banquet will be held Tuesday night, July 12, W. W. Porter, president of the club, announced Friday afternoon. Porter made this announcement at a mass meeting of citizens which had been convened at the Price Auto Company display rooms to sign a petition to the city council asking for the lake and water works and sewer bonds.

Porter did not announce where the meeting would be held, but it was presumed that the boosters would meet at the tabernacle, where the last meeting was held. The usual entertaining features, speaking, concert music by the Colorado Booster Band, and the cats, will be provided for this meeting.

## FARMERS HEAR COOPERATIVE MARKETING TALKS SATURDAY

W. C. Calvert, of Sweetwater, the county farm agent of Nolan county; Phil Mason of Rogee, president of the Nolan County Farm Bureau and Sid Hart, prominent farmer of near Loraine, addressed a mass meeting of farmers at Loraine Saturday afternoon upon the subject of cooperative marketing as proposed by the Farm Bureau Federation of Texas.

The speakers made a strong appeal to the farmers to cooperate with the champions of the cotton contract campaign now under way in the state and at the close of the meeting several cotton growers signed these contracts.

Mr. Baldwin and W. A. Dulin, our county farm agent who is assisting in the local campaign, state that special efforts are being made during this week to reach the quota assigned for Mitchell county. The campaign will close July 1.

## IMPROVEMENT BEING MADE ON HIGHWAY NEAR LORAINNE.

The county road gang is making improvements to the highway between Colorado and Loraine this week at one or two places where the grade was low and better drainage was needed. At one location a few miles west of Loraine the road bed is being raised and a concrete dip will be placed.

Roads of the county were damaged in several communities during the rains that have fallen during June. Rains in the vicinity of Loraine have been heavier than at Colorado.

## SUNDAY SCHOOL PICNIC PLANNED FOR JULY FOURTH

The Business Men's Class of the Methodist Sunday school will go on a picnic July 4th to the Renderbrook Ranch, 25 miles south of Colorado, T. W. Stoneroad, Jr., teacher of the class, informed The Record Monday. It is planned each member of the class take his family on this outing, and Mr. Stoneroad estimates that the party will approximate one hundred people.

Mr. Stoneroad states that the place where the picnic will be spent is among the attractive beauty spots of West Texas. Renderbrook Creek, fed by an ever-flowing spring, affords excellent fishing and beautiful shady groves fittingly arranged by nature, stretch along either side of the stream.

A basket dinner prepared by the ladies, and barbecue prepared at the ranch will be served at noon. The pastor and Sunday school superintendent and their families are to be guests of the class on the picnic outing.

## CHRISTIAN REVIVAL CLOSING SUNDAY WITH 22 ADDITIONS.

The revival conducted for two weeks by the First Christian church at Union Tabernacle closed Sunday night with a total of twenty-two additions to the church, twenty of which were admitted by baptism.

Rev. D. R. Hardison, the pastor, and who did the preaching during the revival, stated Tuesday morning that he was greatly pleased over success of the revival. Seven of the additions to the church were men of families, he stated, and the spiritual condition, not alone of the membership of the Christian church, but of the entire community, has been elevated.

Harry K. Shields of Glendola, California, who directed the song services, has returned to California, where he will continue in evangelistic singing. Shields will return to Texas early in July to sing during the encampment at Mertzon which opens July 10. This encampment will be directed by Rev. Hardison.

The first baptismal services were held Sunday, June 12, when four were administered the rite. Last Sunday afternoon sixteen were baptized. Fourteen of these were baptized at the church and the other two in the Colorado river near the South bridge.

## CHILDREN'S DAY OBSERVED AT WESTBROOK M. E. CHURCH

Children's Day services were held at the Westbrook M. E. church Sunday night, June 13. There was a large crowd in attendance, and an interesting program was rendered, all departments of the Sunday school being represented. The success of the program was due both to the readiness of the children to do their part and to the faithful and earnest efforts of the program committee, Mrs. W. E. Skelton, Miss Robbie Hudson, Mrs. Van Horn, and Miss Thelma Hudson.

The program was concluded with a short talk from the superintendent, who urged the parents to encourage their children in the good work they are doing by regular attendance at Sunday school.

The Sunday school children who took a part in Children's Day exercises were entertained by the committee at the home of Mrs. Van Horn Saturday afternoon. Music and different games were enjoyed, after which refreshments were served. A good time was expressed by all.

After other games and contests were enjoyed the guests were ushered into the dining room. Pink roses and ferns formed the decorations and the unique place cards were in the form of report cards bearing the years average. A delicious two course luncheon followed.

**WHEAT-BROWNING.**  
The home of Rev. C. L. Browning on Chestnut Street was the scene of a pretty wedding on the evening of June the eighteenth when Miss Grace Browning was given in marriage to Dr. Taylor Morris Wheat of San Antonio.

The reception suite presented the appearance of bower of smilax and pink roses. Under an archway of the roses hung the wedding bell of pure white roses and tulle. The bride was attended by her sister, Ruth, who wore a frock of orchid and white organdy, and carried a shower bouquet of orchid and white sweet peas. The bride wore a gown of white chiffon over shell pink taffeta, and carried a shower bouquet of bride's roses and maiden hair fern.

The groom was attended by C. L. Browning, Jr.  
The wedding ceremony took place directly under the bell of roses, Rev. C. L. Browning, father of the bride, officiating. Immediately after the wedding, Dr. and Mrs. Wheat left for Galveston and other points. The bride wore a tailored suit of navy twill, a hat of navy horsehair braid, with grey slippers and accessories. Dr. and Mrs. Wheat will be at home after July 1st at 104 Trenton Avenue, San Antonio, Texas.

C., Miss Eleanor Thomas, Miss Coffee of Philadelphia, Miss Frank Ball Root of Sherman and little Mary Bell Brennan, cousin of the bride elect, and who also served refreshments of angel food and ice cream. The entertainment was in the form of a wedding, Mrs. Tom Coffee acting as groom and Miss Allie Merrill as bride. Bill Cartwright ably did the part of the minister. Miss Grace Browning assisted by her sister Miss Ruth, favored with several violin numbers which were very much appreciated. The dining room doors then opened and the guests invited in. This was also decorated with cut flowers and ferns, and in the center of the table beneath a lovely wedding bell was a bride's cake, round which were piled gifts for the bride elect. **THIS MAN DREADED TO SEE NIGHTFALL ARRIVE.**  
Was So Restless He Couldn't Sleep and Daylight Was Always Welcome.  
"With the exception of a little milk toast, which comprised my diet for more than eight weeks, I could not eat a thing," said Capt. Geo. W. Womble, residing at 105 Jennings St., Knoxville, Tenn., a highly respected citizen of that city.  
"I am now able," continued Capt. Womble, "after taking two bottles of Tanlac, to eat practically anything. I had a bad form of stomach and intestinal trouble for a long time and for months my condition had been such that I suffered agony. I got so I could not eat the simplest food, I tried doctor after doctor and all kind of medicine but nothing that was prescribed for me seemed to do me any good. I had a terrible pain in my breast just over my heart and for weeks and weeks I got no relief.  
"I finally got so nervous that I actually dreaded to see night come as I could not sleep and was always too restless. I would rejoice to see daylight come. I was also constipated all of the time. In fact, life seemed a burden and I was so miserable that I was almost on the verge of despair. Several of my neighbors told me of Tanlac and advised me to try it.  
"I am personally acquainted with Mr. Dan M. Chambliss, of the firm of Kuhlman & Chambliss, and when I told him of my condition and how I suffered he advised me to begin taking Tanlac without delay and that it had relieved hundreds of the best people in Knoxville. I have now taken two bottles of Tanlac and am giving you this testimonial in the hope that it may induce others to take it. Since taking this medicine I actually feel like I had been made all over again with the youth, energy and ambition of a sixteen year old boy."

**MAKE YOUR RECORD.**

A revolution is under way; as it isn't fought with guns, we take it calmly.

Armed with contracts and visions of an agricultural land where full justice is given, the generals, and the captains, and corporals of cooperation, backed by thousands of farmers, are winning a victory that will bring greater fruits than could any conceivable combat by armed forces.

The "front" in this revolution of Marketing extends clear across the South, from where the North Carolina farmers are covering their tobacco, peanuts and cotton with a co-operative selling contract, to Texas, where a million bales of cotton are being eagerly signed up by the cotton marketing association. South Carolina began this month to sign up 400,000 bales of cotton. Georgia expects to cover 300,000 bales this year. Mississippi has almost a quarter of a million bales under contract. Arkansas is driving ahead on a 200,000 bale schedule and in Oklahoma the "shock" troops that lead the attack are resting on their success in winning a half million bales to the Oklahoma Cotton Marketing Association. Mitchell County is but a small spot or sector on this front, but it is imperative that we "go over the top" and contribute our quota to the forces of the South if we are to win. E. M. Baldwin, secretary of the Mitchell County Farm Bureau is optimistic this week over the prospects for "routing" the "enemy" and carrying the champions of better times for the cotton farmer on to a successful victory. If you have not signed up, remember this is "Victory Week," and you should by all means do some effective soldiering for the interests that are vitally yours.

Where the campaign has not yet started, men are chafing at the delay and working to hasten the movement. In counties being organized the strongest farmers are leaving their work and joining the fight, conscious that they are helping put over the greatest single advance Southern agriculture has ever made. Do not miss the great opportunity of joining and of making a record in this fight, the winning of which will bring not only honor to the South, but in the course of years a greater increase of wealth than any war indemnity ever paid.

Farmers of Mitchell, make your record, and do it this week.

**Enthusiasm Prevails.**  
Two hundred property tax paying voters of Colorado signed the petition that was presented to the city council Monday afternoon, asking that an election to vote on \$120,000 water and sewer bonds be ordered. Two or three persons to whom the petition was presented declined to sign it. W. W. Porter, president of the Booster Club, stated.

Scores of these citizens expressed enthusiasm over success of these projects when the petition was presented, and stated they were at a loss to determine just why the city had never dammed Lone Wolf Creek and put in an adequate sewer system before

"Sure, I want to sign that petition," a prominent physician stated, "since the best interests of the public health demand sanitation, and an adequate sewer system is absolutely required in making a city as large as Colorado sanitary."

"The saving that will come to us through better service at the laundry, handling our clothing, linens, coverings, etc., with less wear and tear, appeals to me, and I certainly desire to go on record as favoring those bonds," a thoughtful housewife stated. "With pure water, the laundry will be enabled to do us a service that under present conditions is impossible."

A number of business men expressed their version of the real commercial worth the success of these projects, especially the lake of pure water, would be to the city. Among other things, reference was made to the assurance already made that an ice factory is to be built here as soon as the water supply is available and that the saving to mill and gin operators here who employ steam power in their plants will be large.

There is apparently very small opposition to the proposed bonds and an estimate that these will be voted at about the same ratio as were the school bonds recently, is considered conservative. The school bonds were adopted by a vote of six to one.

The Dalhart Chamber of Commerce, at its last weekly session, announced the employment of a caretaker at the Dalhart fair grounds, the installation of cooking apparatus and shower bath for use of the tourists coming through that town. This again reminds us of the fact that Judge C. H. Earnest has made a liberal offer to Colorado in the way of such an asset to this city. What shall we do about it?

The Record commends the spirit of those men who are making Loraine the progressive little city it is. A few days ago a mass meeting was convened for the purpose of discussing the need of a tabernacle and a large amount of the funds necessary to finance the undertaking was immediately pledged. We are informed that three men signed on the dotted line for a cash contribution of \$500 each. There are no rich men living in Loraine, but then, it does not take riches to build a city. The main thing is to have a citizenry full of the spirit of spizzierintum and push.

The Oran C. Hooker Post American Legion, have recently installed a pool table in their club rooms over the Burns store and plan further improvement there for the pleasure and entertainment of its members. Every former service man of Colorado and Mitchell county, who is not already a member of some post, should affiliate with these boys.

The supply of pure water to be given Colorado through impounding the lake on Lone Wolf Creek will be one of the best investments this city ever made. One manufacturing industry is already assured just as soon as the water supply becomes available, and others will follow.

Going to Sunday school Sunday morning? There are five Sunday schools in the city and the one of your choice will welcome your presence. Let's make the attendance 900 next Sunday morning.

There are scores and scores of cities in Texas that would consider the worth of Seven Wells without price, if they had such an ideal and attractive natural park within easy access.

"We are living in hopes though we die in despair" that Iatan Flat will be repaired, and the highway across this wallow be placed in good condition.

Count that man idle that might be better employed.

**THE SURPRISE PARTY**

"OLD Singlefoot is going to celebrate his golden wedding tomorrow," said the assessor; "we are planning to give him a surprise party, and would like you to go along."

"You couldn't drag me there with a team of government mules," replied the village patriarch. "About the meanest trick you can play a man is to spring a surprise party on him. Of course the majority of surprise parties are fakes. The victim has been informed in advance that he is going to be ambushed upon a certain date, and he makes his preparations accordingly. Then when the visitors arrive at his abode he pretends to be immensely astonished, and says he never dreamed of such a visitation; but the fact that he is wearing his Sunday shirt, and has his hair parted in the middle, gives the lie to all his protestations. "There is no serious objection to a surprise party when the victim is warned in advance, although, as I have shown, it encourages skulduggery and hypocrisy, for no man can be thoroughly honest who pretends amazement over a visit he has been planning for."

"But the genuine surprise party is an outrage, and people who resort to it should be severely punished. There's nothing more humiliating to a self-respecting man than to have a whole neighborhood blow into his dwelling when he isn't looking for it."

"When I am at home I sacrifice everything to personal comfort. I take off my shoes and collar and necktie, and roll up my shirtsleeves and slip my suspenders down over my arms. I don't care how I look if I am feeling at ease. If I am expecting visitors, I go to my boudoir and fix myself up so I look like a bridegroom. My wife has theories, similar to mine, and doesn't believe in being arrayed in purple and fine linen all the time. But she wouldn't be seen looking slouchy for anything."

"Some months ago my wife casually remarked to a neighbor that my birthday would occur on the following Wednesday, and that neighbor, being a confirmed busybody, got busy and organized a surprise party. I never received the faintest hint of the scheduled catastrophe, and on the evening of my birthday I was lying on the floor of the sitting room, with about a hundred newspapers around me. My wife was wearing an old wrapper, and was popping corn on the kitchen stove. There was nobody else in the house, and we had no idea visitors would come, for it was a bad night."

"About eight o'clock, just when I was thinking of going to bed, there was a knock at the front door. My wife thought it was some boy on an errand so she went to the door with a stovehook in one hand, and the corn popper in the other, and she gave a shriek of anguish when she saw the mass meeting on the front porch. The minute the door was open all those delegates pushed themselves in, smiling and giggling as though they were doing something mighty funny."

"Our house hadn't been in such disorder in twenty years. It looked as though a couple of amateur teams had been playing basketball in it. My wife and I began apologizing and explaining, as people will do under such conditions, although they know that nobody will believe what they say; the guests assured us that it was all right, but I could see them squinting around and making mental notes for future reference, and inside of a week the story was all over town that our house was a fright, and no respectable cow could live in it."

"That was the most miserable evening I ever spent, my friends, and I have never forgiven the people who took part in that uprising. And you may be sure I'll never treat another man as I was treated."

**Lost Note Redeemed.**  
A soldier presented himself at the commonwealth treasury in Melbourne, Australia, and said, "I am a 20-pound note and want to be cashed." He stated that he had swallowed the note at Fleurbaix when he expected to be captured. He remembered the number, and the note in question turned out to be the only one missing from a particular issue which had been recalled.

**NOTICE IN PROBATE.**

To the Sheriff or any constable of Mitchell County—Greeting:  
You are hereby commanded to cease to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

**WHY SUFFER SO**

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Colorado people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Mrs. W. M. Cooper, Concho Street, Colorado, says: "About five years ago I suffered a great deal with severe pains across the small of my back. I used a box of Doan's Kidney Pills and they removed the pain and regulated my kidneys. I felt like a different person."

**O.E.S. RESOLUTIONS ON THE DEATH OF JOHN S. VAUGHAN.**

Whereas, in His wisdom the Great Ruler of the universe has removed from our chapter Bro. Jno. S. Vaughan, one of our members since 1904, who for a number of years graced the highest office in our order.

Whereas, by his long and continued faithfulness, we ever found in him, "One among thousands altogether lovely"

That he deserves to be forever held in grateful recollection by this order—

Be it resolved, by the members of Colorado chapter that we deplore most profoundly his untimely death; that in his death we recognize that the O. E. S. of Colorado and State of Texas have suffered an irreparable loss; that this community has lost an unselfish Christian gentleman of the highest type, whose noble character and purity of life have never been questioned.

Be it further resolved that his death brings with it a sense of personal loss and that he will be sadly missed by every member.

That we extend to his wife, daughters, sons and relatives our deepest sympathy and condolence in the loss of a devoted husband and father, and offer them the consolation that he died loved, honored and respected by all who knew him; that his record through an upright and useful career may always be contemplated with pride and satisfaction, and that the halo left behind by his exemplary life will ever guide and direct to the Light that faileth not.

Resolved, further, that this resolution be spread on the minutes, and a copy of same be furnished his family.

Fraternally submitted,  
Mozella Dry,

Wonder what became of the suggestion that those park grounds adjoining the city on the northwest be improved?

Count that day lost whose low descending sun finds from thy hand no worthy action done.

**CONSTANCE BINNEY MAKES GOOD OFFICER.**

Among the most interesting and pretentious scenes in Realart's production of "Such a Little Queen," which is this week's feature at the Opera House Theatre, is one in the palace courtyard, when the Queen of the petty European kingdom inspects her royal guard.

Constance Binney, the diminutive Realart star, playing the title role, is seen in the uniform of a colonel of the royal regiment. As the troops march into the courtyard for inspection, the tiny queen, with her uniform blazing with military decorations, emerges from the palace, and inspects each trooper.

A company of extras was formed by the casting department, and trained in the sabre drill for this scene. Elaborate uniforms of blue and scarlet, with short capes and shakos of fur were worn by them, and a very brilliant bit of action was thus added to the picture.

The decorations worn by the little queen are genuine decorations bestowed at one time or another upon various persons by various monarchs of old Europe, in the days when monarchs were in vogue more than they are now in the Old World. These decorations have become the property of a New York collector of antique jewels and art objects, and were borrowed for Miss Binney's use in this picture, which is making a decided hit at the Opera House Friday and Saturday this week.

**Five Weeks Campaign.**  
The Presbyterian Sunday school began a five weeks campaign for new pupils last Sunday. The school was divided into two divisions with captains for each, the Reds and Blues. It is to be in the form of baseball, and if all requirements are met it will mean a home run. Each side is sure of winning.

**WITH THE CHURCHES**

**BAPTIST NOTES.**

Last Sunday was a fine day with this church—300 in Sunday school, and a fine audience at church with three additions to the church. We hope to see the folks who are holding letters come right along and unite with us in this work. There are some who should be baptised as they have been saved. The Sunday school is full of pep. There was a record breaker in the Young Men's class. 53 present. These boys are a live proposition. A new class was organized—they named it the T. E. L. Class. Mrs. Bishop is teacher. She has had considerable experience in this class of work, and we expect to see this become one of the largest classes in the school. There were two classes that answered "perfect." That is fine.

We were all delighted to have the basement so we could occupy it. This will be a great help to the general working force of the church.

We are looking towards the organization of a Senior Union. We need it very much. The Juniors, under the fine leadership of Miss Alma Phillips, is doing good work.

We are "tickled" about the Junior choir. They will do something next Sunday that would delight you. Be there to hear them.

We are looking forward to our meeting, the third Sunday in July, with great anticipation. We have secured Mr. Chas. O. Miller of Sherman, Texas, to lead the music. We know this singer, as we have had him three times before. He will, with the cooperation of the folks put as fine a musical program as we have been able to witness in Colorado. Let ev-

eryone make his arrangements to put something into this meeting and we will make it a success. The pastor will do the preaching.

We have enjoyed the Christian meeting, which has just closed. We were glad to see men and women saved. We hope the good work will continue.

We extend to one and all a hearty invitation and welcome to worship with us each and every service. Remember we will have prayer meeting on Wednesday evening at 8:30. Sunday night services at 8:15.

Bro. Lee Jones was elected as orchestra leader, and we are glad. Thank you!

M. C. Bishop, Pastor.

**AT THE METHODIST CHURCH.**

Sunday school at 9:45. The auto race is becoming interesting. The Maxwell is in the lead, but the Ford and the Saxon are not far behind. Who will be in the lead next Sunday? Come out and see the race.

The pastor will fill his pulpit Sunday morning his subject being "What Think Ye of Christ?" A former pastor First church, Dallas, said "This is by far the best sermon that I ever heard on the divinity of Jesus Christ." Come out and hear it Sunday morning. Rev. W. S. Cooper will fill the pulpit Sunday evening, the pastor preaching for the Loraine people at that hour.

Epworth Leagues at 300 and 700. Prayer meeting each Wednesday evening. The pastor is giving talks on the books of the bible at the Wednesday evening hour the subject next week being the book of Numbers. Read the book and come to the meeting. The interest is fine and is growing.

**FIRST CHRISTIAN CHURCH**  
Next Sunday there will be services at the church. Bible school 10:00 a.

m. A new class is being organized by the men. Come and be a charter member.

Preaching at 11:00 and 8:15. We wish to thank the good people of Colorado and the many who came in so often from the country for their loyal support, attendance, attention and interest in the recent revival. Many expressed the wish that meeting continue longer. The revival was of much benefit to the members of our churches and also the means of leading some fine men, women and children to the church of Christ.

D. R. Hardison, Pastor.

**SOUR STOMACH INDIGESTION**

**Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.**

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour-stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's.

**THE U. S. USCO TREAD**

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

**Which one of your neighbors gets the best mileage out of his tires?**

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a *quality standard tire*.

It all comes to *this*—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter *what* weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight *quality tire facts*—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are *fresh, live tires*. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of *quality first* every time

**Pilgrims Knew the Bible**

Three hundred years ago a little band of men and women lived on faith and hard work in the forests of Massachusetts. They are known now as Pilgrims because they sailed from England to find a place to worship God without restraint. They brought their pastor with them—few modern immigrants do.

**Bible Develops Character**

The Pilgrims were poor and unlearned, but they knew the Bible. That knowledge developed a type of character we all admire! These first settlers would not be known to posterity had they not been so well acquainted with their Bible. Is your Bible a parlor ornament, or a study book? Read it today around the family lamp. Read it every day.

**SUNDAY SCHOOL ATTENDANCE SHOWS MATERIAL INCREASE.**

There were a total of 814 registered at the Methodist, Baptist, the Christian and Presbyterian Sunday schools Sunday morning, an increase of 104 over the previous Sunday. Of this number, 324 were registered at the Methodist, 283 at the Baptist, 138 at the Christian and 69 at the Presbyterian.

There was also an increase of \$8.66 reported in Sunday school collections last Sunday over the previous week. At the four Sunday schools last Sunday the collection totaled \$41.94, while the previous Sunday the collection totaled \$33.32.

Sunday, May 22, attendance at these four Sunday schools totaled 592. Comparison of the record with that of last Sunday shows an increase of 222 for the month, and during these four weeks the increase has been gradual, giving the impression that the Sunday schools of the city are growing for permanency.

The goal set for next Sunday is 900 and every officer, teacher and pupil of these Sunday schools are urged to cooperate in making possible this record, which would be a new record for Sunday school attendance in Colorado.

During the past two weeks the Sunday schools have reported the enrollment of pupils that had heretofore failed to attend Sunday school for months, some of them, for years! There are yet many more within the reach of Sunday schools of Colorado who should be enrolled in and become permanent members of some class in one of the schools. The Sunday school of your choice needs you. Be on hand Sunday morning.

**ON VACATION.**

We have spent the past ten days in the fair city of Paris. Aunt Rose and I greatly enjoying the hospitality of these good people. Paris is a real city with its 30 miles of paved streets, magnificent business buildings, strong banks, beautiful homes and shady parks. A place of seemingly a prosperous and happy people. Our son Walter has turned over to us his car, membership card in the country club, and through the courtesy of Mr. Boyd, the "Dinner Horn" man, we have attended the league ball games almost daily, have visited Clarksville, Honey Grove, Windom, and camped on Red River with one continuous round of joy and pleasure, imitating the "rotten rich" as near as possible. Attended the services at the First Baptist church with its 1100 membership and 710 in the Sunday school, beautiful pipe organ and well filled choir loft. Hon. Cullen F. Thomas speaks tonight on the subject, "If Not Christianity—What?"

Attended Masonic banquet, also a big blow-out and rich feed by the Rotary Club. Have quite a number of important places to visit up to Wednesday, when we will leave on a visit to Hugo, Ardmore and Oklahoma City. Will likely write from there next. Will visit Bro. Nichols at El Reno and some time in July will meet the Klan at Arapahoe, and go into camp on the Washita, unless we get a wire from Colorado to come home and help run the town and Record. Have met Bruce Phenix and wife, Exa. Also Rev. H. G. Hennessey. All are doing well.

**AUTO RACES AT ABILENE FOURTH OF JULY.**

Probably the largest aggregation of fast racing cars and professional drivers ever entered for a race meet in this state will be seen in action

on July 4th at the Independence Day contest to be run on the newly constructed speedway at the West Texas Fair Grounds. The heavy entry list is due to the fact the Abilene meet will be the only strictly A. A. A. contest staged in the state on this

date and virtually all licensed drivers in this section have been attracted by the \$2,500 prize pot hung up for the events.

The newly constructed track, with an oiled surface will be very fast for the meet and some real speed contests are assured the thousands who are expected to attend.

**IN MEMORY BRO. J. S. VAUGHAN**

Hall of Mitchell Lodge No. 563. A. F. & A. M., June 12, 1921.

We, your committee heretofore appointed to draft resolutions in respect to our deceased Brother, John Steven Vaughan, beg leave to report: That, Whereas, it has pleased our Supreme Grand Master to remove the soul of our deceased Brother from our midst, and while we humbly bow to the behest of our Supreme Ruler, we deplore our loss;

Therefore, be it Resolved that, in the death of our deceased brother, this Lodge has lost a zealous and a faithful member, whose place will be hard to fill, and whose counsel we have lost.

Be it further Resolved, that this family has lost a loving husband, and an indulgent father.

We therefore tender to the members of his family our heart-felt sympathy in this their hour of bereavement.

Be it further Resolved that the community has lost an honest and patriotic citizen, whose labors have ceased, but whose works will long be remembered.

Be it further resolved that a copy of these Resolutions be spread upon the Minutes of this Lodge, a copy furnished to the family of the deceased Brother, and a copy be given to the press for publication.

All of which is respectfully submitted,

R. H. Looney,  
Fred McKenzie,  
J. W. Bird,  
—Committee.

When you know the cause of a disease a cure may often be effected. This is particularly true of headache. These tablets are easy to take and mild and gentle in effect.

We had something doing at the church Sunday morning. Besides an extraordinary interesting Sunday school hour with 101 in the classes, we discussed some future plans for the Sunday school. A committee of seven was appointed to either sell our organ or trade it in on a good piano, worth the money. We are actually in the market for a good piano at a pre-war price, and then that cut in half. If you are going to sell or trade your piano and buy a Victrola this year you had better get in touch with this committee. We have recently had rather a "raw deal" from what we thought was a reputable music company, so we are on our metal.

Singing Sunday evening at the church, and Sunday night at the home of J. B. Prentice. Quite a few of the folks went to town to attend the services at the tabernacle, and we had a splendid sermon and the finest music that it has been our good pleasure to hear for some time.

The Sunday school will go to Colorado Sunday morning early to visit with the Methodist Sunday school. This will be our third visit to the city and we feel we have been encouraged and helped in many ways in the Baptist and Christian schools, and as we have worn off some of the "new" we are in a position to gather in more helpful ideas, and be impressed anew with the thought that the Sunday school is world wide in its scope, and we have our own little place to fill.
