BONE OF PRE-HISTORIC ANIMAL FOUND NEAR CITY

A large bone, supposed to have come from the skeleton of a mastodon, was found Monday by Ivy Webb on Lone Wolf Creek two miles north-east of Colorado. Mr. Webb brought the curio to this office where several have called to examine it.

That the relic is a part of the skeleton of a mastodon is generally conceded by those who have examined it. Such an opinion was declared by Prof. E. Frank King. The bone, which is five inches in diameter, is supposed to have formed the socket joint in either the knee or ankle of the gigantic animal, said to have inhabited this continent thousands of years ago. It is less than one foot in length, that end of the bone extending from the rounded end supposed to have formed a part of the joint, having been lost in decay.

W. W. Jeffress, who examined the bone, advanced the opinion that it was possible for it to have come from the skeleton of a large buffalo, which animal prior to the eighties thrived in this section in large numbers.

Other bones supposed to have come from the same animal were found ten years ago at a place near where Mr. Webb picked up this one Monday. It was lying near the creek bed where it had been uncovered by the recent high water that came down Lone Wolf following the heavy rains.

WEST TEXAS C. OF C. TO HANDLE CLAIMS OF MEMBERS

Porter A. Whaley, general manager of the West Texas Chamber of Commerce, has notified the Colorado Chamber of Commerce that arrangements have been completed whereby traffic claims for damage, loss or over-charges of the members of the West Texas chamber will be handled by the organization.

"Arrangements have now been perfected whereby the Traffic Department of this organization is now ready to handle loss, damage and over-charge claims on shipments of freight and express," writes Mr. Whaley. "Will you please refer this to all of your members and let them know that they may now avail themselves of this service. A special loss and claim man has been placed at work in the traffic department especially to handle these claims."

The West Texas Chamber of Commerce will exact a charge for handling loss and damage claims on the basis of 25 per cent of amount collected. On over-charge claims, a charge of 50 per cent of the amount collected will be charged.

There are twenty-two firms and individuals in Colorado who are members of the West Texas Chamber of Commerce. Any of these, having claims that they desire for the organization to handle should take up the matter direct with Ed. P. Byars, traffic manager, Fort Worth, or with the local Chamber of Commerce.

LAMBETH WILL OPERATE GIN AT WESTBROOK

O. Lambeth left Monday night for Dallas to purchase an engine and other equipment for a new gin plant to be operated by him at Westbrook.

The Westbrook plant will be a duplication of the Lambeth Brick Gin at Colorado, except that the engine there will be 125 H. P., while the engine at the Colorado plant is 150 H. P.

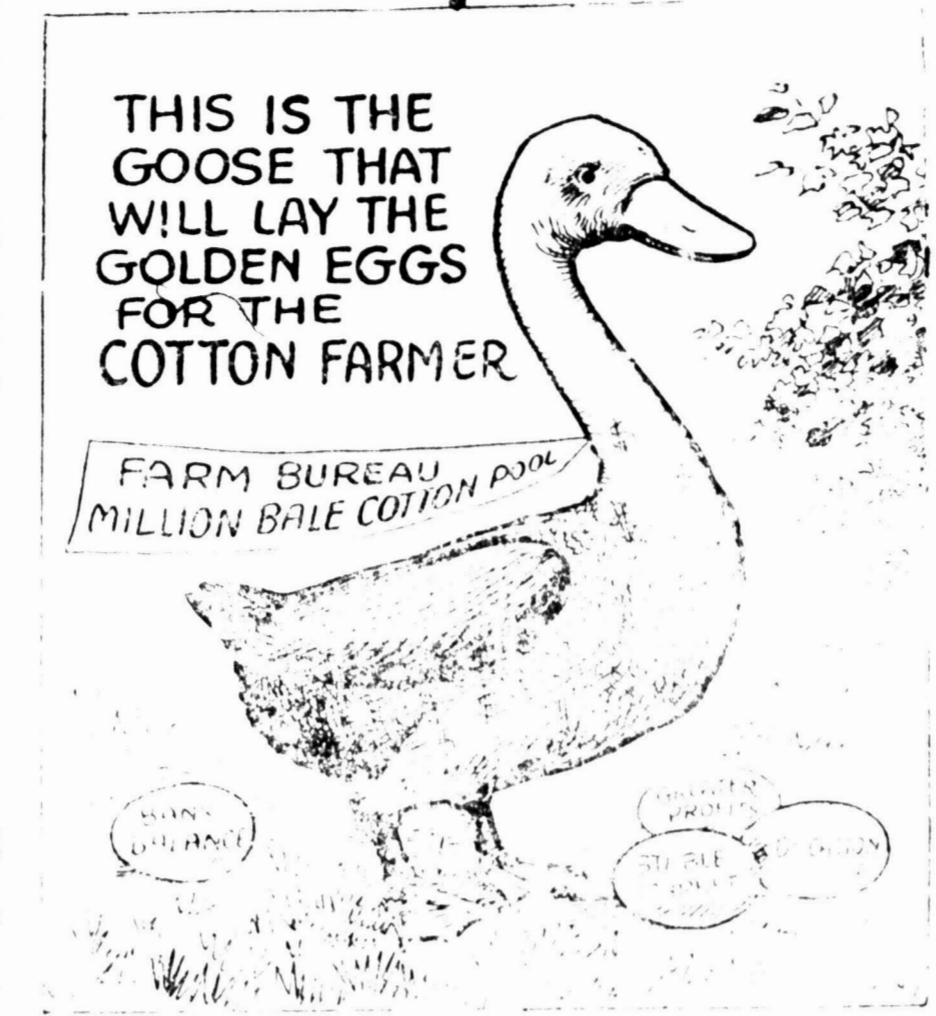

The Lambeth Steel Gin at Colorado is being dismantled, and a part of the machinery will be used at Westbrook. This will leave five modern cotton gins at Colorado.

W. A. Grubbs, office manager at Lambeth headquarters, stated Tuesday afternoon that the new plant at Westbrook would be ready for operation by the opening of the cotton season in September.

LONE MOUNTAIN FARMER EXHIBITS FREAK MELON

Berry Derry of the Lone Mountain section came in Saturday with an interesting freak of nature in the substance of a snake melon. The vegetable was more than three feet long, and had grown into the shape of a coil, representing the attitude of a reptile ready to strike.

Mr. Derry stated that the vegetable, which is served like the cucumber, has been found to thrive in this

Colorado Negroes Victimized by Wiles 'Supernatural' Indian Squaw

Costella Bell, who states she came from Muskogee, Oklahoma, is in the Mitchell County jail and a number of negroes of Colorado and vicinity are out several hundred dollars, as the climax of the confidential information imparted by Costella to victims that she possessed "supernatural" power, even to the extent of controlling spirits of the departed.

Costella, who is a full blooded Cherokee Indian, came to Colorado several days ago and immediately began to take the negroes of the city "into her confidence" declaring that she could take one dollar and cause it to go into a trance and later emerge with an increase of from ten to one hundred times.

"I can take your money, money, money it is a dead ground, go off and talk with the spirits and then go take a basket and gather it up again, every time finding at least ten dollars where one was buried," she would tell them in a confidential manner.

"I can even take the money of your fingers and hold it in my hand; by saying 'hokus-pokus' cause the money that belong to them white folks there in the bank to come right out of that safe and into my hand and them bankers will never miss it."

Her plan worked so well that several local negroes, dreaming of sudden wealth, automobiles and no work turned what funds they had into her possession. One local negro went so far as to sell his pig, cow and some of the household effects, raising \$150 all of which he delivered to Costella with the expectation of the spirits

FOSTER NO. ONE PLACED ON PUMP TEST WEDNESDAY

COUNTY COURT CONVENE MONDAY; DOCKETS LIGHT

County court was convened Monday morning and the filing of demurrers and setting down cases for trial has constituted practically all business transacted his week. The probate docket will be called today.

The third week of court, commencing Monday, July 18th, has been designated by Judge Hall as jury week and some ten cases are pending trial then. There are only three criminal cases pending, Judge Hall stated, the others being civil matters.

COLORADO BANK DEPOSITS \$882,891.24 ON JUNE 30TH

Individual deposits in the City National and Colorado National banks totaled \$882,891.24, at the close of business June 30, according to statements made to the Comptroller Wednesday.

HUNDREDS OF PEOPLE ON COLORADO STREETS SAT'DAY

Saturday was a busy day for the merchant and business men of Colorado, according to reports made by a number of representatives of the business interest of the city. At an early hour Saturday morning people from various sections of the Colorado territory began to arrive and by noon the streets, stores and shops were filled with busy shoppers.

The week previous, however, had been quiet, in so far as business with the local concerns was concerned. This is attributed to the fact that farmers are very busy in their crops and are not taking the time out of their fields to come to town except for supplies and on other urgent business.

A representative of The Record, who interviewed a number of these farmers, from a score of the communities of Mitchell county, found them in optimistic mood, in so far as the physical outlook is concerned. Crops, though in some instances late, are in excellent condition and growing off well, promising of a satisfactory yield in the fall.

From cattlemen we learned that the live-stock interests of the county were excellent, in so far as fat cattle and luxuriant ranges are concerned. The only unfavorable condition is the cheap market price of the commodity.

FARM BUREAU OFFICIALS ENDORSE MASON CANDIDACY

Plat Mason of Roscoe, president of the Nolan County Farm Bureau Federation, was nominated for director to represent the Thirteenth district of Texas, composed of a number of Central West Texas counties, at a meeting of farm bureau officials held at Sweetwater Tuesday.

E. M. Baldwin, secretary of the Mitchell County Farm Bureau, and W. A. Dulin, county farm agent, attended the Sweetwater meeting. Representatives from Coke county were also there, and it was unanimously voted to endorse Mr. Mason for the place.

The primary election will be held later during the present month, Mr. Baldwin stated.

"The campaign for cotton contracts will be continued," Baldwin stated Wednesday. "We expect to have from ten thousand to twelve thousand bales in the Mitchell county contracts before the drive is over."

BOOSTER BAND MEMBERS PLAY AT BIG SPRING

J. Lee Jones, director of the Colorado Booster Band went to Big Spring Monday with a few members of the band to play with the Big Spring band during a Fourth of July celebration there. The party made the trip to Big Spring and return by automobile.

CONAWAY WELL DRILLING AT 2450 FT IN SHALE

Conaway Number One, Fourteen miles southwest of Colorado, was drilling at 2450 feet in black shale late Wednesday afternoon when a representative of the Record visited the well. A strata of hard lime had just been drilled through. The log of this well, during the last few days, has corresponded with that of the well at Loran.

FARM BUREAU DIRECTORS THANK RECORD AND C. OF C.

Resolutions expressing appreciation for the assistance rendered the Mitchell County Farm Bureau in the campaign to put over the cotton contract drive, were voted by the directors Tuesday to the Colorado Record and the Chamber of Commerce.

"We are indebted to The Record for its loyal support in carrying publicity matter and its editorial policy towards the Farm Bureau throughout this campaign, and also to the Chamber of Commerce for its moral support and active work in augmenting the efforts of our officers in carrying the drive to the success we have attained." E. M. Baldwin, secretary of the bureau, stated Wednesday in commenting on action of the board in passing the resolutions.

SCHOLASTICS WILL SHOW INCREASE

The scholastic enrollment at the opening of school in September will show a material increase over that of one year ago, according to the prediction of E. Frank King, superintendent of schools. Last year the enrollment totaled approximately 750 pupils, more than 700 of whom were white children.

Mr. King based his prediction upon two outstanding features either of which assures the position that more pupils will matriculate in the Colorado public schools this year than did last year. These are the increased scholastic population of the Colorado Independent School District, as shown by the 1921 census, and action of the governor in vetoing the rural schools bill, which will deny needed financial assistance to a number of financially distressed school districts of the county.

"These make it obvious to believe that we are to have a larger attendance in the schools of Colorado another year," stated Mr. King. "The scholastic census for the present year shows that we have more pupils in the district than we did a year ago, but I believe we are to receive the larger increase through transfer from the rural districts adjacent to and within reach of the Colorado district."

"My prediction that a larger than usual percentage of scholastics will be transferred to the Colorado Independent district" continued Mr. King "is based upon conditions that will confront many of the rural schools of the county this next year as a result of the administration in withholding financial aid to these schools. There are several schools in the county, that in the absence of financial help from some source will be handicapped in conducting efficient terms and the results will be that several of the patrons of these will transfer to Colorado in order to receive the advantage of the schools here."

When attention of Mr. King was called to recent press dispatches in which the governor was quoted as having promised to submit the rural schools appropriation measure to the special session of the Legislature, soon to be convened, he expressed but little hope for ultimate success of the bill, since the governor is quoted as having stated he would approve an appropriation for the rural schools only on condition that the Legislature provide for the appropriation to be raised through some source other than taxation. Just how the governor would do that remains a mystery.

Mr. King stated that the school board were facing a herculean task in attempting to solve the problem of providing sufficient class room for these pupils. Two or three of the class rooms were crowded to capacity last year and there is no additional room available to care for the increased attendance another year, he stated.

Home Again.
We are home once more after a pleasant two weeks visit with friends in Roswell, N. M., the town of trees, flowers, grass and artesian water. We met up with more Texas people than any others, and found New Mexico very much like West Texas, only some higher in altitude. It also rained there from two to three times a week while we were there. If this county had the water and irrigation it could be made just as productive as N. M.

Mr. and Mrs. Leslie Hamilton, also Mr. and Mrs. Wyley Coles witnessed the ceremony. This young couple have made their home in the Valley View community and are well known, have many friends and acquaintances who will join in congratulations and good wishes for them. They were served a wedding dinner at 6 o'clock Sunday at the bride's home, and at present are there, but will begin their own home soon, probably at Valley View.

Mrs. C. P. Gary Dead.
Again were the hearts of old friends and acquaintances of the Gary family, who once made their home here, made sad, and quite a few went over to Colorado to pay tribute to one who had been a good neighbor and friend, one who was always among the first to offer aid in time of sickness or trouble of any kind; one who was loyal to her home, to the W. C. and church where she had a class at the time of her death; one whom we remember as truly a good woman. And we speak the sentiment of our entire little town when we say we shall sadly miss her and extend sympathy to her loved ones who are left to mourn her demise.

Christian Revival.
Rev. Thos. E. Mitholland of Clarendon, assisted by Prof. M. N. Young of Abilene, are conducting a revival at the Christian church which began last Wednesday. There has been two additions to the church already and the baptismal rites administered at the Cranfill tank on Tuesday afternoon.

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. 200 ATTEND S. S. PICNIC AND BARBECUE MONDAY.

"The picnic and barbecue at Randerbrook Ranch Monday given by members of the Young Business Men's class of the Methodist Sunday school, was the best I have ever attended." E. H. Winn, local business man, stated Tuesday when asked about the success of the occasion.

T. W. Stoneroad, teacher of the class, announced three weeks ago that his class was arranging to entertain with a picnic and barbecue at the ranch and during the intervening time plans were continually in the making, in order that everybody enjoy themselves to full capacity.

Randerbrook Ranch, which is twenty-five miles south of Colorado, is one of the scenic beauty spots of Mitchell county. Near the old stone house, that for many years has served as headquarters for the ranch, rises a beautiful spring and flows away toward the river, feeding Randerbrook creek.

The picnickers began to arrive on the grounds at 6:30 Monday morning, and from then until almost noon a continual line of automobiles came up, until the number of people reached 200. Everybody was smiling and all had the best time possible.

Mr. Stoneroad stated: "The dinner that was spread at 12:30 in one of the groves near the spring was the best I have ever seen on a similar occasion. There were cakes, pies and other pastry galore; salads, prepared meats, etc., and those two goats barbecued by O. F. Jones, manager of the ranch, were just simply delicious. We had all that one could desire to eat and plenty of hot coffee, furnished from the ranch chuck wagon, and iced tea and lemonade."

The picnickers did not devote all their time to fishing and eating, however, Mr. Stoneroad continued. In the forenoon a goat roping contest was staged by cowboys of the ranch and this furnished a great deal of amusement. R. P. Ainsworth, who last week carried off first prize at Sterling City, roped and tied his goat in 11 seconds. County commissioners U. D. Wulfjen was among the contestants in this contest, tying his goat in 20 seconds.

In the afternoon steer riding contests were staged by the cowboys. In these Rural Low, champion of this section, successfully rode an outlaw steer. Low was the winner in all steer riding entries at the recent Sterling City meet. There were cigar races and more goat roping during the afternoon.

It was 6 o'clock Monday afternoon when the delegation broke up and started for the city. "Tom Stoneroad and his class certainly know how to make a fellow enjoy himself" was the way one of the guests expressed it Wednesday morning.

SETTING AN EXAMPLE.

Hon. A. J. Coe, mayor of Colorado, and Dr. P. C. Coleman, president of the Chamber of Commerce delivered addresses before the crowd assembled on the court house lawn on Friday night that were appreciated, and will be given full consideration by the people of this city who endorse the suggestions of these gentlemen that the public unite in making of Colorado a bigger and better city, from the viewpoint of commerce, education, civic attractiveness, sanitation, etc.

In opening his address, Judge Coe paid a tribute to the accomplishments of the Civic League in taking the initiative in accomplishing those results. "Through the representations of the league, I as mayor of the city, suggested to your city council that the city should improve this band stand, making possible such an enjoyable occasion as we are having the pleasure of attending tonight. To have such a place as this, where you people may be congregated together occasionally in a social way during the summer months means a diversion sure to result in a more united people and the furnishing to the youth of the city some of the social atmosphere to which they are justly entitled.

"When we deny the young people that sort of social intercourse that encourages good citizenship and that would leave fresh upon their youthful minds the attractions of a city beautiful in a civic way, to be desired as a home, and that leaves the earmarks of advantages to come to them as a generation through better educational, religious, social and business attainments, we are denying them those things to which they are justly entitled. Let us make of Colorado that sort of city in which they will all take pride."

In discussing the policy of the administration along those lines, the mayor said: "I deem it a great privilege to have the opportunity of co-operating with the progressive interests of Colorado in any program having for its purpose a better and more to be desired Colorado."

The Judge paid a tribute to the Colorado Booster Band, describing it as "one of the best bands in West Texas," and one of which every citizen of the city should feel proud.

Dr. Coleman, who followed the mayor, spoke of the three projects undertaken at Colorado by the Booster Club; those of damming Lone Wolf creek, extending the water system and laying a sewer system. Like the mayor, he paid a tribute to the women of Colorado for their initiative in this and commended the Colorado Civic League as an important adjunct to the Booster Club.

The Doctor stated that figures as compiled by men familiar with the city valuation and with the percentage to be charged off as loss in unredeemable taxes, placed the tax rate that would be required to carry the proposed bond rate, at 60 cents on the \$100. valuation. The present rate including 31 cents against the city in form of an old judgment, is 91 cents, and thus the total rate of taxation, after the proposed bond issue, would have it

if the bonds should be voted, will approximate \$1.50 on the \$100 property value. These figures were based on a valuation of \$1,700,000 within the corporate limits.

From this estimate it is shown that for example, if a taxpayer is now assessed for property worth \$10,000, he pays, in city taxes, a total of \$91. Under the increased rate, his total tax would be \$150.

Dr. Coleman made a strong appeal for his hearers to support the bond issues, which are to be voted upon on August 2nd. He warned against the danger of considering the issues safe and thus losing interest to the extent of remaining away from the polls, and pleaded that every property tax paying voter go to the polls on election day and exercise their suffrage in the matter.

Dr. Coleman has devoted much of his time during the past two months to preliminary work on these projects. He has made two or three trips to Dallas to confer with civil engineers employed by the Chamber of Commerce to make surveys, blue prints and estimates of the three projects and has these complete on file at his office. He would be pleased to furnish any interested citizen such information as might be desired concerning either one of them upon request.

Dr. Coleman and Judge Coe are among the large taxpayers of Colorado, and realize that the issues they are championing for a better city will mean an added expense to them. In this, they are demonstrating that the public interest is above self and have placed themselves in an attitude worthy of commendation by the progressive people of Colorado. Come to the Booster Club meeting next Tuesday night and demonstrate your appreciation of these men and what they are doing for the city.

Through activities of the Colorado Civic League, the people of Colorado have been presented with a broader horizon as to the real worth to the community of the Colorado Booster Band. This was in the concert program rendered by the band Friday evening on the court house lawn. The ladies of Colorado who compose the Civic League membership are directly responsible for repairs having been made to the band stand at the court house, converting the property from an unsightly, useless and decaying asset to the city, making possible such concerts as was rendered Friday evening.

OUT BUFORD WAY.

Oh, Mr. Boll Weevil, please stay away. We'll take back all the little songs and jokes we told and sang about you, back in East Texas.

That might have been a doodle bug that Star T reporter saw up in Scurry county, but if it was a "shore nough" boll weevil we would like to help quarantine him up in Scurry county. Maybe so some fine haired farmer sent down in the piney woods in some river bottom and got about 75 per cent cotton seed and 25 per cent weevils, when really he ought to have come down into Mitchell county and bargained for a car load of Mitchell county one and a quarter inch staple. He may have gotten a few tumble bugs, grass hoppers and "sieh" but he never would have hauled back any boll weevils.

Most of us are well, thanks. Bill Martin is so far recovered from his recent illness that he's threatening to go fishing with Uncle Bradley Jones again.

We are glad to note that Mr. and Mrs. Martin are not to move away from our community as had been planned.

Bro. A. D. Leach, pastor of the church here, has had to take his wife further south for her health. He phoned that Rev. Mr. Hardin from Snyder would fill the Sunday services for him. We appreciate Bro. Leach's kindly efforts to have a preacher here to fill his pulpit in his absence. All are invited Sunday to morning and afternoon at 3:30.

Another good singing at Mr. Iglehart's Sunday night.

Bro. Walton from Dunn preached at his regular hour Sunday afternoon. Grandma Prentice was received into the Methodist church. Mr. Clay came down with the preacher as a visitor.

The Sunday school hour was interesting Sunday morning. We begin a series of lessons about Paul, one of the greatest bible characters.

The Fourth of July was rather quiet out Buford way. It was almost necessary that we put off our celebration because growing crops need to have the soil stirred about then.

We are still waiting on the showers. Perhaps this east wind will help us, as did the miraculous east wind that wrought so much for the children of Israel in the long ago.

DEATH OF MRS. C. P. GARY

The entire town was saddened last Thursday morning when the news was received of the death of Mrs. C. P. Gary, who died at the Baptist sanitarium Wednesday night. While her friends knew she was very sick, yet they were not prepared for the sad news. The body was received here Friday morning and carried to the home four miles south of town and from there the funeral services were conducted at 3:30 by the pastor, Rev. M. C. Bishop, assisted by her former pastor, Rev. W. L. Williamson, and the remains laid in the I. O. O. F. Cemetery. Many were the floral tributes, silent messages of love. Mrs. Gary was Mrs. Sue E. Snowden, was born in southern Texas May 22, 1871 and was married to C. P. Gary August 12, 1891. To this union six children were born, three of whom are living, and were present at the funeral; Mrs. Lewis Adair McKinney, John and Raymond Gary, and adopted son who has never known any other mother's love.

Mrs. Gary was converted in early life, and joined the Baptist church, of which she has always been a loyal member. While it is all dark to the devoted husband and loving children and they indeed "see through a glass darkly" yet they have the blessed promise that some day they shall understand all and "see face to face and know even as also I am known." And till then we bid them trust in Him who "doeth all things well."

WESTBROOK REVIVAL TO BEGIN SUNDAY NEXT

DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equaled in the history of the drug trade in America.

Fame is International.

The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope, and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

From coast to coast and from the Great Lakes, Tanlac is known and honored. Millions have taken it with the most gratifying and astonishing

results and have pronounced it the greatest medicine of all time.

Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified that they have been fully restored to their normal weight, health and strength by its use.

Restored to Health.

Still others, who seemed fairly well yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and of terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by the use of Tanlac. Tanlac is sold in Colorado by W. R. Charters and all leading druggists.

BURIAL OF SNYDER BOY.

The body of Robert Gerald Davenport, Jr., aged 21 years, was shipped here from a Fort Worth sanitarium Saturday morning for burial. He was the son of Dr. and Mrs. Davenport of Snyder, who at one time lived here and have their burying ground at the L. O. O. F. cemetery. The funeral services were held at the Christian church, and were conducted by the pastor, Rev. D. R. Hardison. The pall bearers were the young men friends from Snyder. A large crowd of friends of the family at that place attended the funeral.

SCURRY COUNTY REPORTED FREE OF BOLL WEEVILS.

A report came out in the Ft. Worth Star-Telegram on last Tuesday from Snyder, and here is what it said:

"Snyder, June 27.—Farmers from all sections of the county report the coming of boll weevils in large numbers."

This might have been Snyder, Oklahoma. It did not say Texas. But since seeing that report we have asked a number of farmers if there was such a thing as boll weevils in Scurry county and we have been unable to find any trace of boll weevils here. In fact the boll weevil has never worked in Scurry county.

We cannot imagine where this report came from out of Scurry county, therefore it must have been intended for Snyder, Oklahoma. No boll weevils in Scurry County, Texas—Snyder Signal.

UNION HAPPENINGS.

Since last writing there has been many changes, scenes and ceremonies—from normal crop conditions to extra good, such as corn, cotton, sorghum, and feed stuff, home gardens, etc.; scenes, such as green forests we now have in West Texas. All foliage and flowers. Ceremonies, such as good preaching. A fine and successful childrens day service. This we expected to hear of through our pastor, Rev. Terrell, but our good editor says in an interview with ye humble scribe, that the article was received too late for publication, and supposing it would not be of interest later, he let it pass by, and for which he expressed regrets. We hope yet to hear from Bro. Terrell regarding this occasion. The rains of late have been good and all things concerning a lively good people are on the upgrade.

Mr. Roy Standefer and family were entertained at the home of Mr. and Mrs. J. E. Davidson, on the Fourth, with ice cream and cake. The form of entertainment was music on the piano, and games of croquet. All had an enjoyable time.

Singing at Mr. Roy Standefer's on last Sunday night. Had a good time.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

PAIGE

The Most Beautiful Car in America

Now It Costs \$1635

Even before the price reduction on June 7th, our five-passenger "Glenbrook" model was conceded to be the greatest dollar-for-dollar value of all light six motor cars.

Now—with the price reduced to \$1635—it must be evident that opportunity is knocking at the door of every man who knows an unusual investment when he sees it.

The new price is amazingly low. It will appear absurd after you have had one ride behind the motor that accelerates from five to twenty-five miles per hour in nine seconds flat.

And remember, please, the "Glenbrook" is a distinctly new product—not an old model repainted and re-christened with a 1921 label. It is a splendid investment now and will be a splendid investment one year from now.

Blue and Discouraged?

There are many men and women in this town whom life apparently has treated unkindly. Without true friends they struggle against odds. Yet the church around the corner is full of men and women anxious to help.

Christianity Means Helpfulness

Meet these church people half way. Give them an opportunity to be your friends. "Come unto me and I will give you rest." Thus directed the founder of Christianity. His promise stands today. Test it. Crosses which arise in business, in school, in the home are more easily borne if one has accepted the assurance that Jesus Christ is ever ready to help.

FIRST CHRISTIAN CHURCH.

Bible school, Sunday, 10:00 a. m.
A new class organized last Sunday.
No preaching on the 10th, as the minister goes to Mertzon to start the West Texas encampment.

BAPTIST NOTES.

Last Sunday was another fine day with us. The Sunday school was simply good. Many were out of town but we had a splendid school. The largest attendance at church we have had at the eleven o'clock hour. Four additions in the morning.
The spirit of the congregation is growing in a beautiful way. The folks seem to love to linger and to be together. The pastor tried to speak concerning "A Christian" in the morning service. The children, under the direction of Mrs. Guitar, rendered a very touching and impressive program at the close of the Sunday school. Mrs. Guitar and Miss Alma Phillips are doing great things for the children.
The pastor is now in a meeting at Hermleigh. It began on Friday evening of last week, but we came home for Sunday but will not be home for next Sunday. We trust that all will come to the S. S. and then visit other congregations for preaching.
We are enjoying the fine hospital of the brethren and sisters very much. We are dining out each Sunday. It is fine and we enjoy it. In fact, the social side of our religious life is great, if we only cultivate it in the right spirit. The pastor and his family always enjoy mixing with folks and being invited into the homes. It makes a pastor feel that his people love him and his family. Let us again say that should any one need the pastor at any time do not hesitate to call upon us. We may not know of your troubles unless you or some one else should tell us.
Our hearts were all made sad at the home going of Sister Gary. We will miss her so much. May the dear Lord comfort her loved ones.
Sister Williamson was with us Sunday, and we were glad. Hope she comes often. It is always a joy to have the former pastors and their families visit their former parishes. Do not forget the midweek prayer meeting.
M. C. BISHOP, Pastor.

Suffered Intense pain

"A few years ago when visiting relatives in Michigan something I ate brought on an attack of cholera morbus" writes Mrs. Celesta McVicker, Macon, Mo. "I suffered intense pain and had to go to bed. O. F. RESOLUTIONS ON THE DEATH OF BEN PLASTER.

To the Noble Grand Colorado Lodge No. 280 Independent Order of Odd Fellows:
We, your committee, appointed to

draft resolutions on the death of Bro. Ben Plaster, beg to report as follows:

Whereas, it has pleased the Great Ruler of the universe to remove by death from our midst our friend and brother, Ben Plaster, and

Whereas, in the death of this brother, we, the members of Colorado lodge, have lost a true friend and the Order a faithful member, and

Whereas, by his life and conduct he ever tried to exemplify among those he lived, principles of friendship, love and truth, and

Whereas, this town and community has lost a noble citizen, his wife a true, loving and faithful husband, and his mother a dutiful and faithful son; therefore, be it resolved:

First: That we bow in humble submission to the will of Him who giveth us life and in His own good time calleth us unto Himself, knowing that He doeth all things well; and

Second: That it saddens our hearts to see his chair vacant in our council and to be deprived of his cheerful encouragement in the adversities incident to human life; and

Third: That we extend to his wife, his mother, his relatives and friends such condolence as mere mortals can give, and point them to the Great Helper as a source from which only the true consolation can come, assuring them that some time, somewhere, they shall see their relative and friend again, and

Fourth: That a copy of these resolutions be spread upon the minutes of this lodge, and a copy be sent to the bereaved wife.
