## BROTHER DR. COLEMAN DROWNS NEAR DENVER

W. P. Coleman, prominent business man of Denver, Colorado, was drowned in the Platte river fifty miles northwest of Denver Wednesday last week while spending vacation at his hunting and fishing lodge. Mr. Coleman was alone when drowned, and it is not known whether he happened to an accident and fell into the stream or went down otherwise.

Mr. Coleman had made his home in Denver for thirty-five years and during the time had been continuously identified with the commercial interest of the city. He was at the head of the credit department of one of the large firms of the city, which position he had held for more than a quarter of a century.

Dr. Coleman received a telegram Friday informing of his brother's death. In a letter received from the family Monday, it was learned that W. P. Coleman had gone to his lodge alone to spend a short vacation fishing on the Platte River. He did not return to the lodge Wednesday night and Thursday a search was instituted for him, which proved futile. His family was communicated with and a party was formed at Denver and went to the lodge and dragged the river, with the result that the body was found Friday. The remains were interred at Denver Saturday.

He was the only surviving brother of Dr. P. C. Coleman, prominent physician and president of the Chamber of Commerce of this city. He is survived by his widow and two children, one son and a daughter, all of whom live at Denver.

## BAPTIST HOLD LEADERSHIP IN SCHOOL ENROLLMENT

The First Baptist Sunday school maintained the best record in Sunday school attendance last Sunday, there being a total of 253 registered in the various classes. The First Methodist Sunday school had an enrollment of 243.

Sunday, July 10, the Baptists passed to first place, taking from the Methodists this honor, which had been continuously held throughout the year.

## AMERICAN LEGION MEMBERS ENTERTAINED BY AUXILIARY

The Auxiliary to the Oran C. Hooker Post, American Legion, gave an entertainment for the Legion boys at their new club rooms over F. M. Burns' store last Thursday evening. This was in the form of a formal opening. Mrs. Merritt, president of the Auxiliary greeted the boys with an address telling of what the Auxiliary meant and some things it was doing. Mr. Joe Y. Fraser, commander of the post, responded to the address, and told of some of the aims of the Legion. The other features of the program were a reading "Uncle Peter's Kin," by Miss Floyd Cook, which was highly appreciated, a song by Mrs. Ross Dixon, who responded to the encore. Some "Texas portraits" were given in costume. Mrs. Dixon represented the pioneers; the Indian maid, Mrs. H. S. Beal; the days of LaSalle, Mrs. Harry Ragan, the Spanish; Mrs. H. P. Slagel, the Republic; Miss Pauline the Confederacy and Miss Frank Ball Root Columbia. Charades and forty-two were features that nearly all had a part in. Mrs. Landers, Mrs. Roy Dozier and Mrs. Donnell, assisted by the boys, served delicious punch and home made cake. The Legion was well represented and the boys expressed themselves as having a very pleasant evening.

## CHESNEY DENIES REPORT THAT SHERIFFS WERE DRUNK

Sheriff W. J. Chesney returned Monday from Amarillo where he attended the State Sheriffs' convention, in session there last week. Chesney also visited a sister in Collingsworth county whom he had not seen since 1888.

When attention of Mr. Chesney was directed to recent press reports, in which it was alleged that a number of the sheriffs attending the convention were drunk, he denied the report as unfounded, in so far as he could see while at Amarillo. "I saw one newspaper reporter drunk at the barbeque given for us, but I never detected any of the officers under the influence of whiskey," Chesney stated.

In an article quoting Sheriff Roach of Potter county and carried by the press Tuesday, this official denied the allegation that the peace officers in Amarillo last week attending the convention were "stewed."

## COLORADO BOOSTER BAND APPRECIATES CIVIC LEAGUE

"The Booster Band boys appreciate very much the liberal consideration given them by the Civic League," J. Lee Jones, director of the band, stated to The Record Monday. "These ladies are not only supporting the band in a financial way, but are giving us their valued moral support, each of which essentially means that the Booster Band will continue to succeed," Jones continued.

Mr. Jones, in speaking of assistance rendered the band by the ladies of Colorado who constitute the Civic League, referred to the recent social fete on the court house lawn. The ladies served refreshments, the proceeds from which was placed in a fund for the benefit of the band.

## JENKINS HINSLEY INJURED—STRUCK BY AUTOMOBILE

Jenkins Hinsley was painfully injured Saturday night when struck by a passing automobile. The accident occurred on the hill-west of Colorado, and Hinsley was at the time making repairs to his car when a Dodge roadster was driven by, knocking the young man to the ground.

Dr. C. L. Root, who attended Hinsley, stated Tuesday morning that he did not believe the injuries were serious. No bones were broken but several painful bruises were sustained. It is said that the Dodge car is owned in Westbrook.

## CONWAY CONTINUES IN LIME FORMATION

D. J. Lewis, driller at Conway No. 1, was in the city late Wednesday afternoon and reported that he was drilling at 2585 feet in blue lime, the formation of which was very hard. Only five feet in depth had been attained since Tuesday when drilling was again resumed, following a temporary shut-down Thursday of last week on account of the temporary water supply being exhausted. "I have never drilled a well the log of which was more promising," Lewis stated. "We have been drilling in this lime formation for the past several days and my prediction is that we are going to encounter a good commercial sand when we drill through it." Lewis stated that he did not expect to be forced to shut down again on account of water shortage. A water well has just been completed at the location from which plenty water for the boiler is furnished. He believes that this test will be down within the next few days.

## ROTAN PUBLISHER ATTRACTED BY OUR SCHOOLS

H. C. Shelton, editor and publisher of the Rotan Advance at Rotan, arrived in Colorado Wednesday and stated that he planned to locate in this city for the benefit of the schools here. Mr. Shelton has published the Advance continuously during the past 10 years and is among the leading newspaper men of West Texas.

Mr. Shelton stated Wednesday afternoon that he would probably become identified with the Whipkey Printing Co., publishers of the Record. He expects to move his family to this city before the opening of school in September.

Hooper Shelton, his son, has assumed charge of the plant at Rotan and the Advance will continue to be published under the former ownership.

"I am coming to Colorado for the purpose of giving my children advantages you have here," Mr. Shelton stated. "I had planned locating either at Colorado or Denton, but decided here was the place that would suit me best."

## COLORADO CITIZENS ATTEND WEST TEXAS CONVENTION

O. Lambeth, owner of the Lambeth Gins, W. H. Grubbs, office manager, and T. L. Sailors, manager of the Farmers Gin Company, attended the West Texas Ginners convention at Abilene Friday and Saturday of last week.

The Colorado-Tex Company continue to be most optimistic over prospect for developing a good commercial field on their holdings at Iatan. Foster No. 1, which has been under pump for several days, continues to improve and a production of 200 barrels is expected to be realized soon.

The company has a storage capacity of 1700 barrels at the well and these tanks were all filled last week, necessitating that pumping be temporarily suspended pending shipment of one or more cars of oil.

## W. W. PORTER TO DENVER AS GUEST INSURANCE CO.

W. W. Porter, local representative for the Missouri State Life Insurance Company, left Colorado Wednesday morning for Denver, Colorado, to attend a convention of "100,000 Club Members" among the company agents.

## 1920 TAXES 90 PER CENT COLLECTED, REPORT SHOWS

Tax assessments for the year 1920 are 90 per cent paid, C. E. Franklin, office deputy at the collector's office, stated Wednesday. A large per cent of the 10 per cent represented in the delinquent list, Franklin stated, was assessed against personal property.

Mitchell county established the best record in the history of the county last year, in the matter of tax collections, Franklin stated. Of the total amount assessed against Mitchell county property for both State and county taxes, for 1919, only 3 per cent passed to the delinquent roll. During the year \$13,000 in delinquent taxes, much of which amount had been due since 1917 and 1918, was collected without a judgment, the property owners making voluntary settlement of these back taxes.

The best record reported in the State is 98 per cent and only a few counties have made even that record, it was pointed out, showing that in the collection of taxes for 1919 Mitchell county established an enviable record.

## SEVERAL COLORADO PEOPLE AT MERTZON MEETING

A number of Colorado people attended the Christian encampment at Mertzton last week, while others are there during this week. The encampment, which opened July 10, is under direction of Dr. D. R. Hardison, pastor of the First Christian Church of Colorado, and will close Sunday.

Among those who were at Mertzton last week for the encampment were Ed Jones and family, Mrs. Dickinson and daughter, S. M. Majors and family, all of whom returned to Colorado the first of this week. George Goodwin and family of 15 miles north-west of the city, left Tuesday to spend a few days there. A party composed of W. R. Charters, Bun Pritchett, Al Soper and Jim Dobbs and their families left Colorado Wednesday for Mertzton.

Mr. Majors stated that a large attendance, from various parts of the State, especially West Texas, was at the encampment. The camp grounds are noted for beauty and natural scenic environs, and excellent facilities for fishing and bathing are afforded, he stated.

## FRESBYTERIAN PASTOR TO LEAVE COLORADO AUGUST 1

Mr. Duff and family have made their home in Colorado several years and are popular with the people of the city, in the church, or out of it.

## BAPTIST REVIVAL AT UNION TABERNACLE

The revival services of the Baptist church are now in progress at the Union Tabernacle. The pastor, Rev. M. C. Bishop is doing the preaching, and the song service is being conducted by Mr. Miller of Sherman. While Brother Bishop has only been here for two months, he has endeared himself to his people and the town in general. He is a man of strong religious convictions, and a heart full of love for the unsaved. His messages have been directed to the church so far. Sunday at both hours he spoke on the need of a revival, using the 51st Psalm and the 85th Psalm as references. The day's services are unusually attended; the men are leaving their places of business and attending for one hour. The music is a strong feature of the worship and all the choirs of the churches are co-operating in a most beautiful manner. The solos Mr. Miller sings are full of the gospel. He not only enlisted the grown-up singers, but has the children in what he calls the Sunshine Booster Band, and they are learning new songs at each service. On Tuesday evening the text was "Have Faith in God." He urged Christians to have the faith of God, believe in folks, prevail in prayer, and magnify the church of God. If the Christians put forth the same effort and spirit the pastor and singer are putting forth, there will be a great harvest of souls.

## JNO. W. PERSONS CONTINUES AS ACTING POSTMASTER

Jno. W. Persons, whose appointment as postmaster at Colorado expired July 1, continues to act in that capacity. The Department at Washington having not designated a temporary successor to Mr. Persons, pending an appointment to the place following the examination to be held here August 1.

It was reported that B. F. Van Tuyl, local Republican and an aspirant for the postmastership, would be appointed to act as postmaster until a successor to Mr. Persons is qualified, but such has not materialized. Van Tuyl has the endorsement of his party for the place.

## Why is Marriage?

Not just because a man and a maid meet and love. Sociologists will tell you that marriage and the home, as human institutions, grew up around the child. Primitive man, like the beasts of the field, could rove at large; sleep wherever night overtook him, until his mate began to complain that she simply wouldn't lug that heavy baby any further. Then they selected a nice cave, stopped wandering, and thus a home came into being.

The miracle of love makes a home—but one lie can break it. See gifted Mary Miles Minter in two different roles, in this most poignant drama of love, ambition, treachery, tragedy and final happiness. Supported by Jack Holt, Carmen Phillips, Mickey Moore, Clarence Geldart, and other screen favorites.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

### F. B. BACK IN TEXAS

Georgetown, Monday 18th. After four weeks spent in North Texas and Oklahoma, we are now pleasantly located in the staid old town of Georgetown. We are only a three hours drive from Austin and will auto down there tomorrow to set the Legislature to work and after we get our friend, Pat Neff, straightened out on the suspended sentence law and the redistricting bill we will return here and arrange for a week's camping and fishing down on the beautiful San Gabriel river. Will camp at the famous "Blue Hole," where twenty years ago we fished and went swimming. We will spend the first week in August in Taylor and stop for a short time in Waco on our return home, arriving in Colorado about August 15th. We have been "wind-ed and dined," feasted and fed, entertained and automobilized so much, treated all the time like "company come" from El Reno to Austin that it will be hard to come down to earth again.

Everybody wherever we have been knows "Aunt Rose" and I am merely known as Mrs. W's husband.

Crops are most excellent here this year. Corn is made; estimated at 40 bushels. Cotton looks like a bale to the acre and but little talk of boll weevil. Lots of fruit, melons and roasting ears with fresh fish yet to be caught by the writer next week.

In our stay in the cities Ft. Worth, Dallas, El Reno, Waco and Austin, we have not yet found a place we like near so well as Colorado.

"There are things, you see in the wealthier towns

That you can't in the town that's small;

And yet, up and down, there is no town

Like OUR little old town after all. It may be that the streets aren't long,

They're not wide and maybe not straight,

But the neighbors you know in your little old town

All welcome a fellow—it's great. In the glittering streets of the glittering town,

With its palace and pavement and thrall,

In the midst of the throng you will frequently long

For your OWN littletown after all. If you live and you work in your own little town

In spite of the fact that it's small, You'll find it a fact that OUR own little town

Is the best little town after all.

Perhaps the most pleasant short stay we have had since leaving home was at the home of Bro. and Sister Holmes Nichols, in El Reno, Okla.

They have a fine church and are loved by the flock. They have a fine coupe car and motored us all over that country and founded us with choice food until we almost lost our health.

The Gabriel river here, with its massive live oaks and wide spreading pecan trees and sparkling waters lures one to get on its mossy banks and think of Eugene Field's appropriate lines:

It seems to me I'd like to go Where bells don't ring, nor whistles blow,

Nor clocks don't strike, nor gongs don't sound,

And I'd have stillness all around, Not real stillness, but just the trees' Low whisperings, or the hum of bees Or brooks' faint babbling over stones

In strangely, softly tangled tones. Or maybe a cricket or katydid,

Or the song of birds in hedges hid, Or just such sweet sounds as these, To fill the tired heart with ease, If 'twere for sight and sound and smell

I'd like the city pretty well, But when it comes to getting rest, I like the country lots the best, Sometimes it seems to me I must Just quit the city's din and dust, And get out where the sky is blue And say, how does it seem to you?

We attended church on Sunday night and heard Bro. Homer E. Trey. Sister Trey here is a sister of Mrs. Chas. Miller, wife of the singer whom you have in your meeting.

Teacher, and Workers Meeting.

The teachers and workers of the Baptist Sunday school met at the home of Mr. and Mrs. W. R. Morgan last Thursday evening. Plans were completed for work with the different classes for work during the revival meeting which began Sunday morning.

### Entertained Clubs.

Mrs. M. C. Ratliff and her daughter, Mrs. E. M. Majors, entertained the three 42 clubs of the town, the Tuesday Club, the Merry Wives and the Harmony Club, out of town visitors, their neighbors and a few intimate friends at the home of Mrs. Majors last Thursday afternoon.

There were eighteen tables besides a number who did not play. In spite of the exceedingly hot day everybody had a good time for electric fans were going all the while and a number of tables were on the lawn and everyone was glad of the opportunity of a social gathering where old friends could be visited with. After

a pleasant time playing and chatting together, brick ice cream and home made cake were served. Nasturtiums were given as favors with piano selections during the afternoon.

**YOUR TOWN IS WHAT YOU MAKE IT—HELP BOOST IT**

"As a man thinketh—so is he"—the wording may be a little off but the meaning is there. The same thing will hold true of a city. When every human that lives in a town believes that the town is the best in the State, the cleanest, most progressive, constructive, winningest town in the whole country you are going to find just such a town right there.

Whenever the majority of the folks that live in a town think it is rotten, dead and going to the bow wows, it is time for the real folks to move for it certainly is on the road to that very place or condition.

The story is told of a traveler that stopped at the town pump in a small town to water his team one evening about sundown. His covered wagon was piled with all of his worldly goods, and trailing behind was a run down buggy with tubs, stove pipes and saddles tied on to it. They were moving.

A farmer stopped his team at the same pump and the two fell into conversation. The traveler, after the usual remarks about the weather politics, crops, etc., asked:

"What sort of folks live here, friend? This looks like a mighty good sort of country and I might locate here if the folks are the right kind."

"I don't know," said the farmer who lived there, "about like all other folks I suppose. How were they where you came from?"

"I tell you friend (that sort of a bird always calls everybody and everything friend)—that is just why I am moving. I had the rottenest bunch of neighbors I ever saw in my life. They would lie and steal and gossip about you with you looking them right in the eye. They were the sorriest bunch of folks I ever saw in my life. I just had to move to get away from them."

The farmer shook his head. "I'm sorry Mister, but I am afraid you will find them about the same way here!"

We usually find what we are looking for. Any fool can find fault but it takes a man to start something constructive.

In every town you will find folks who will sit flat and wait until somebody starts something progressive or constructive and then come alive just as though you had stuck a hot wire to them. They kick and howl until you can hear them a mile and folks made to believe the whole town is against them just because a measly little half dozen howlers yell themselves hoarse.

They have never made but one mistake, and that is living for that is all they have ever done. A stranger, standing on the street corner of a little town pretty much like Colorado one afternoon, saw a funeral procession pass. A native of the place said: "There goes Old Spivins—I never heard a man say a word against him in my life. He never made an enemy or hurt anybody's feelings."

The stranger looked the native over to see if he really was sincere. "Did you say he never had an enemy or made anybody mad and was never criticised?"

"Never in his whole life, I don't suppose."

"Then he was a disgrace to the town and it is the best thing that ever happened because he is dead, for I'll bet my head he never did do anything. Was he ever on the school board, a Steward in the church, an officer of the Chamber of Commerce, on the Board of Equalization, a city officer, a Red Cross director, on the Draft Board, Clean-Up Committee, Retail Merchants' Association?—Did he ever do anything?"

Towns do not happen—they are built! and most of the building is done against some folks' feelings. There was nothing ever done in the world that suited everybody, if it was of enough importance to amount to anything.

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

# Fordson TRACTOR

F. O. B. Detroit

**"Yes I've more Time for Myself Since I Got a Fordson"**

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work.

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

### HOW GHOSTS ARE PHOTOGRAPHED, DISCUSSED

Do ghosts wear underclothing? Are they bothered by the High Cost of Living?

Does one wear special attire at evening functions in Ghostland?

Certainly if one wants an answer—why not ask a young lady who for over two months played her own ghost?

This unusual experience was the lot of no less a person than Mary Miles Minter, the Realart star. Miss Minter will be seen at the Opera House Theatre in "All Souls' Eve," the startling drama of the occult which created a sensation on Broadway last season and has now been translated into film form.

Owing to the double and triple exposure possibilities of the films at just the right places at the right time. When I see three "me's" on the screen at once it's just about as spooky as the ghosts themselves!

If the environment has anything to do with ability to interpret a spirit role, certainly Miss Minter is most fortunate. For it so happens that her Los Angeles home was the residence of the late Ella Wheeler Wilcox at the time that famous writer was making her experiments as to the return of the dead.

It is an interesting thing, however, to conjecture as to the possibilities of life among the ghosts. Do people through whom you can see have worries as to the condition of their garments—or as long as what they have is transparent—is there any need of body covering? Or if spirit, aren't transparent (the popular conception) of what substance are they? Are their clothes fashioned of different sorts of gases and atoms as they fly through the air? It's quite possible to conceive a portly banker ghost with a frock coat of fine nitrogen gas with a fashionable vest of gray carbon dioxide. Certainly a young feminine ghost in a diaphanous gown of lilac perfume would be a sight entrancing to the ghostly world.

"All Souls' Eve," the source of all this conjecture, was written as a stage play by Anna Crawford Flexner. Elmer Harris adapted it for the screen and it has been staged by Elmer Harris. Faxon Dean was responsible for the very difficult camera work of the "ghost" scenes.

Appearing opposite Miss Minter in the production is Jack Holt, while other players include Clarence Geldart, Carmer Phillips, Mickey Moore and Lucien Littlefield.

### OUT BUFORD WAY

Oh, you hot weather!

We didn't get last week's letter in, but we'll send it along anyway.

Nobody real sick in these parts.

Grandfather McGuire is now at Mr. Arthur Dorn's, and rests as well as could be expected. The intensive heat makes him very uncomfortable.

Mr. and Mrs. Spivy have a right new girl "ever to their house." They are both doing nicely.

In talking with Mr. Nich, west of Dunn, on Tuesday of this week, we learned that the Harris Oil Company is still at work at their well of his farm, and are down about 1000 feet, but had nothing further for publication.

Mr. J. C. Beakley was down our way and in the city. The one time merchant prince of Dunn.

We note the return of Bro. Leach our pastor, from South Texas. We trust the wife is much improved in health.

And we had over a hundred at Sunday school Sunday morning and some real live discussions on Paul's early life, and just what kind of a character he was before the sudden change on the Damascus road. He was a strict observer of the Mosaic laws. A moral man, no doubt. Was a religious fanatic. Come to Sunday school. We need your counsel and advice, your help and encouragement.

Oh, rain. III' say so! Talk about what a glorious feeling is. That guy Briggs, who draws pictures for the Star-Telegram, don't know himself nothing about a grand and glorious feeling. He should copy the expression on the faces of about a dozen West Texas farmers when it starts to rain, after a little dry spell. I say, "Oh, boy."

A number of folks went to church at town Sunday night. The Powsells went to Dunn to church. The Methodist meeting is in full swing there.

Singing at Mr. and Mrs. Reese Bedford's Sunday night. Mrs. B. B. McGuire was visiting in the home. I think it scared Mr. Bob away Sunday evening.

Come out Buford way and watch us smile.

### Important Election Will Be Held Saturday; 5 Amendments Proposed

The people of Texas will be called to vote on five amendments to the state constitution Saturday, as the legislature designated it in passing the bills. All five amendments were passed at the regular session of the Thirty-seventh Legislature.

The amendments are:

Amending the constitution to abolish the board of prison commissioners and so that the legislature may provide for administration of the prison system as they see fit.

Amending Sections 5, 21, 22 and 25 of Article 4 of the constitution so that the salaries of the executive

officers of the state can be raised.

Amending the constitution so that the legislature can raise the tax from 5 to 7 cents for Confederate pensions and authorize the legislature to aid Confederate soldiers, sailors and their widows who have been a resident of Texas since January 1, 1910.

Amending the constitution to reduce the mileage and increase the pay per diem of the legislators.

Amending the constitution so that only native born or naturalized citizens of the United States shall be allowed to vote in Texas and providing that either the husband or wife

may pay the poll tax of the other and receive the receipt therefor and permitting the legislature to authorize absentee voting.

On account of an error in copying the original bill, the prison commissioner amendment may be stricken from the ballot. It seeks to amend article 16, section 58 of the constitution, which provides for the board of prison commissioners, while the bill as passed, read, "article 17, section 58." There is no article 17, section 58, that article having but one section, providing for the manner in which the constitution shall be amended. It was the intent of the legislature to amend article 16, but whether this intention will offset the typographical error remains to be decided. The opinion of the attorney general has been asked.

The prison commissioner amendment was introduced by Representative Satterwhite and followed the report of the penitentiary investigating committee, authorized to investigate all phases and charges of the penitentiary system. It intends to allow the legislature to abolish the three prison commissioners' offices and provide for the administration as it may see fit. It is believed that a more efficient and economical administration can be worked out thru other methods. It has been suggested that the legislature intends to place the system under the control of one direct head, as are the other state departments. A change in the system may save taxes, supporters of the change pointed out.

Allowing the legislature to raise the salaries of the governor, attorney general, treasurer, comptroller, land commissioner and secretary of state is the object of an amendment to section 5, 21, 22 and 23 of article 4. The present salaries of these executives are as follows: governor, \$4,000; attorney general, \$4,000; treasurer, comptroller and land commissioner, \$2,500 each, and secretary of state, \$2,000. These salaries were fixed under the constitution of 1866—55 years ago, when living expenses and responsibilities of the offices were less than now.

Under the proposed amendment the legislature can pay the governor not to exceed \$8,000 annually; attorney general, \$7,500; treasurer, land commissioner, comptroller and secretary of state, \$5,000 each. The amendment does not provide that the salaries of the officers shall be the maximum amounts, but that the legislature can fix their salaries at any sum not to exceed those named in the amendment. The legislature can pay them less than they are receiving now if it should so desire. It has been pointed out that the taxes will be increased but 5 cents on every \$10,000 worth of property in order to meet these raises.

The Confederate pensions tax of Texas is now 5c on the \$100 valuation. By the amendment this tax would be increased to 7c. The Confederate veterans and their widows are passing slowly away, the state of old age having reached all of them that are benefited by the tax. It will in course of time be automatically erased from the tax books of Texas as the last of the veterans pass away. The 2 cent increase in the tax is to allow the legislature to increase the aid of the Confederates and their widows. By the terms of the amendment only those who came to Texas prior to January 1, 1910, and who were married prior to that date will be benefited by the tax. The word "widow" also applies only to women born before 1861.

The members of the legislature now receive \$5 per day for regular sessions of 60 days and \$2 per day thereafter with \$5 per day for special sessions of 30 days. The amendment to be voted on seeks to raise the pay of the legislators not to exceed \$10 per day for regular sessions of 120 days, and \$5 per day thereafter, with \$10 per day for special sessions. It also seeks to reduce the traveling expense or mileage one-half of its present amount. This rate is authorized by the bill to fix the pay of the members not to exceed the sum named. They could fix it at \$8 per day, or reduce it if they so desired.

Under the present constitution of Texas, foreigners are allowed to vote as soon as they declare their intention of becoming citizens of the United States. If the proposed amendment is adopted they must have become fully naturalized before they can vote.

In towns and cities of more than 10,000 population all voters must get their poll tax receipts in person. If the proposed amendment is adopted the legislature can authorize a voter to vote in a general election without being present at the polls, as is now permitted in the primary elections.

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. B 95

In the ordinary automobile engine there are more than 600 sq. inches of metal-to-metal surface. Under a glass, this surface would show millions of teeth which grip and wear, unless properly kept apart by lubrication.

## How to get the best Results from your Engine

After you have used the ordinary lubricating oil for a few days you will find it heavy with sediment.

This is caused by the terrific heat of the engine. The oil breaks down and the sediment crowds out a large part of the good oil. As a result you get friction instead of smooth running.

Sediment causes a definite loss in power, as well as increased cost for oil, and worn parts in your engine.

The increased cost may not be immediately evident but it is certain.

Veedol prevents formation of sediment because it resists heat.

The Faulkner Process, used exclusively in the manufacture of Veedol, causes 80 per cent. less sediment. This has been repeatedly proven in scientific and practical tests.

Veedol will reduce the upkeep of your car from \$50 to \$115 a year. Try it the next time you buy motor oil.
