SEVENTEENTH YEAR—VOL. XVII

COLORADO, TEXAS, FRIDAY, SEPTEMBER 9, 1921

WHIPKEY PRINTING COMPANY

C. OF C. BANQUET THURSDAY NIGHT

The annual banquet and election of officers of the Chamber of Commerce was to be held Thursday, September 8, just after this edition of the Record had gone to press and therefore no report of the proceedings can be published this week. It was announced last week that the banquet would be held at the Union Tabernacle but a change in the location was necessitated on account of a revival meeting starting there Saturday night. The banquet will be held at the display rooms of the Price Auto Company.

Elaborate arrangements for making this the most successful meeting of its kind ever held in this city were being worked out by committees representing the Chamber of Commerce it was learned Tuesday morning. In addition to the election of officers and a board of directors, a report of the activities of the chamber during the past year is to be made. Every citizen of Colorado especially the 150 members of the Chamber of Commerce, should be interested in these.

The Chamber of Commerce will entertain every citizen who attends the banquet, it was announced following a meeting of the board of directors last week. Dinner will be served free to every citizen who will accept the invitation to attend, and there is to be absolutely no charges exacted from any one. Members of the Chamber of Commerce, and other citizens of the city are to be guests of the chamber and according to J. H. Greene, chairman of the invitation committee, there is not a citizen of Colorado but to whom a cordial invitation to be present is extended.

The Colorado Booster Band will furnish concert music and other special features of entertainment will be included in the program. The program will be started at 8 o'clock and there will be plenty of comfortable seats for every guest who attends.

Every man and woman of the city who have an interest in making the Colorado Chamber of Commerce an aggregation of public spirited citizens who are anxious to make of the city a more progressive commercial center, a better educational center, and a better social and religious center, whether they be members of the chamber or not, or be in public or private life, were among those to whom an invitation to attend the banquet is extended, Mr. Greene stated.

A letter from Mrs. Jno. W. Pearce to E. Keathley, from Corydon, Ind., where she is visiting her folks, says she will soon join Bro. Pearce in a meeting at Kosmosdale, Ky. It further states that Bro. Pearce is State Enlistment Worker for Kentucky.

CHAMBERS OF COMMERCE TO PROTEST METHODS EMPLOYED

The methods employed by the Commissioners Court in throwing sand from the drainage lines onto the hard surfaced roads of the county were criticised in resolutions passed by both the Colorado and Loraine Chambers of Commerce last week, according to information received by the Record Monday afternoon.

A number of complaints have recently been received from various sections of the county as to the deteriorating effects alleged to result to these roads from such methods. Some citizens have represented to the chambers that in some parts of the county, especially on the Sterling City highway leading south from Colorado, a perfectly good, hard surfaced road has been made hard to pass over because of the fact that sand has been thrown from the drainage lines into the road way, covering the gravel surfacing from one to three and four inches. This the complainants and the Loraine and Colorado Chambers of Commerce will seek to have the Commissioners to discontinue.

A prominent attorney of the city among those to complain to the Colorado Chamber of Commerce among other things, says: "It occurs to me that it is high time that the business interests of Colorado represented by the Chamber of Commerce should call attention of the county authorities to the manner of the recent work on all roads leading in and out of our city. This has been commented upon individually by business men and others who have had occasion to travel over these roads and attention of the County Judge and the Commissioners called to it by these individuals.

"One has only to travel over any of these roads to observe that perfectly good roads have been ruined by dragging sand from the gutters on to the surface of the roads, and in some places rendering them almost impassable. This applies particularly to the road between Colorado and Westbrook, Colorado and Sterling City and in some sections of the Colorado-Loraine road.

Resolutions protesting such methods were passed unanimously by the directors of the Colorado Chamber of Commerce Tuesday afternoon of last week and a committee composed of Joe H. Smoot, H. L. Hutchinson and W. S. Cooper appointed by the Chamber to register this protest with the Commissioners Court.

This committee was also directed to co-operate with the Loraine Chamber of Commerce in augmenting the protest and on Friday morning went to Loraine to meet with the directors there which were convened in special session by the president, George Hutchins. The Loraine Chamber also entered a protest of dissatisfaction because of the manner in which the roads of the county are being worked and appointed a committee composed of A. B. Pratt, Judge Stephenson and S. E. Brown to represent the organization in a protest to be presented to the Commissioners.

County Judge J. C. Hall stated that these committees would be heard immediately after Commissioners Court is convened Monday morning. Other matters had previously been set for hearing at 10 o'clock Monday morning but he agreed to hear these committees at that hour in that the gentlemen from Loraine return to their business by noon.

ALVIN CONOWAY DIES SUDDENLY OF APOPLEXY

Alvin Conoway, son of John Conoway of a few miles southwest of Westbrook died Friday night of last week from a stroke of apoplexy. With his wife, Mr. Conoway was spending the night at the home of his father and the attack came as he slept.

The stricken man made a struggle for his life and fell from the bed onto the floor. This awakened Mrs. Conoway, who attempted to lift him back upon the bed. Failing in this she called the other members of the family and when they reached him the young man was dead. The remains were interred at the Westbrook cemetery Sunday.

Mrs. S. D. Vaughn and daughters Miss Marie and little son Dewitt spent the week end here the guests of Mrs. A. E. Madden and other friends enroute to their home in Amarillo from Fort Worth where they have been on an extended visit.

SCHOOLS OPEN MONDAY WITH LARGE ATTENDANCE; ALL ROOMS CROWDED

On Monday morning the public school buildings were indeed the community center for before the hour for opening the little folks and their parents began coming and by the time the hour for opening had arrived the building was surrounded by cars and filled with pupils and interested parents and friends. Never in the history of the school has there been a more successful opening. Always has Colorado been proud of her schools and justly so.

For the past four years Mr. E. Frank King has been Superintendent of the schools and each year he has endeavored to make it better than the one preceding it. Always contending that the school was Colorado's greatest asset and that the best was none to good for the children. Consequently the school has always had high standards and is coming up to them.

The opening program consisted of school songs, remarks, announcements, the introduction of teachers by Mr. King, and talks by the president of the Board of Trustees, Mr. H. L. Hutchinson, the different pastors, County Superintendent Judge J. C. Hall and other friends of the school, all speaking in a most encouraging way. Mr. Hutchinson spoke of the handicaps of the school all of which, with proper effort, could be removed. One was tardiness. He stated that in the monthly report of the Superintendent the number of tardies were great and asked that the parents help to remedy this. He also said the buildings were inadequate to hold the pupils and the only way to remedy that was to vote bonds to build another building. He said he had "bowed his neck" to make this the best year in the history of the school and asked that those present join him in working to that end.

On account of the early opening of cotton the compulsory limits has been extended six weeks and then the law will be enforced. The children must have the required five months time after that date.

Mr. J. H. Green, chairman of Mitchell county Chapter Red Cross announced that a Nutrition Worker had been secured at the Chapters

DISTRICT INSTITUTE TO BE HELD IN SWEETWATER

A district teachers institute in which the rural and independent schools of Mitchell, Nolan, Fisher and Scurry counties are to participate will be held at Sweetwater December 19-23, according to information given the Record by Judge J. C. Hall Monday. These four counties will hold their institute together Judge Hall stated in order to have the opportunity of hearing prominent school men deliver addresses.

Hall estimated that approximately 500 teachers from these four counties will be in attendance. All independent schools of these counties except Colorado have already pledged support of the district institute, he stated.

Judge Hall and C. L. Thomas and Chas. Thompson of Loraine met with representatives of other counties at Sweetwater last week to arrange for the meet. Prof. E. Frank King of Colorado had planned to go but was unavoidably detained because of pressing business here.

Mrs. J. E. Stowe and children of Abilene spent several days here this week visiting with her sister Mrs. Harry Ragan.

expense for four months to visit meet with the physicians and advise parents in regard to the health of their children. This is a step in the right direction and every parent should give the greatest possible co-operation to it.

Many of the teachers this year are home girls and are received with joy. The others come highly recommended and are given the glad hand of fellowship and sympathy for they have a great work before them as nearly all grades are crowded.

There were more than 140 in the high school the first day, 65 being in the eighth grade. So it behooves parents to see that all necessary home work is done right from the beginning if the children do the work under the present difficulties. And now is the time to see about promotion next year.

The teachers for the different grades and the number announced in their rooms are:

- First, 50—Miss McNutt and Miss Chambers.
- Second, 53—Miss Ethel Pritchett.
- Third, 74—Miss Alma Phillips.
- Fifth, 63—Miss Hawkins.
- Sixth, 52—Miss Elsie Cretch.
- Seventh, 49—Mrs. Schnabel.

Some of the grades will be divided, Miss Winnie Vaughn will have part of the second and third; Miss Erii King, part of the fourth and fifth and Miss Olive Terry part of the sixth and seventh.

The high school teachers are G. D. Foster, Science; Miss Mabel Smith, History and Spanish, Miss Thelma Baker, Latin, and Miss Maurice Thompson, English.

The Record has always been ready to join hands with the school forces for the betterment of the schools and it again renews its willingness to do so. The school now has 17½ credits and if it is possible let's make it 18 next year.

Again Mr. King has secured a lyceum course even better than the one last year and in a few days the children will be out for your season tickets. Besides the splendid entertainment you will get you will help pay for the lovely piano which was secured just before the closing of school last year. Help the school!

TOOLS NAT SMITH WELL ARRIVED COLORADO TUESDAY

Tools to be used in drilling the Nat Smith well, five miles west of Colorado, arrived here Tuesday afternoon. The tools were shipped to Colorado from Spur where they had been used in drilling a test on the 24 Ranch, fourteen miles southwest of Spur.

G. M. Hoover, field superintendent for the Crescent Drilling Company who have contracted to drill the Smith well, arrived from Spur Monday and states that his company will move the tools out to the location without delay and resume drilling there at an early date. This well was spudded by the Underwriters Compay several months ago with a rotary rig, but because of the hard stone formation unsatisfactory progress was made and the rotary was moved away with the view of completing the well with a Standard string of tools. The hole was drilled to a depth of about seventy five feet.

Drilling on this well was to have been resumed two months ago but the Crescent Drilling Co. was delayed in obtaining permission to plug the well on the 24 Ranch and subsequently delayed in moving the tools for shipment to Colorado.

The Crescent Drilling Company, headed by J. D. McFann of Wichita Falls, prominent financier, is one of the strongest independent companies operating in this territory.

COMMISSIONERS COURT TO MEET NEXT MONDAY

County Commissioners Court will be convened Monday morning at 10 o'clock in its regular September term, County Judge J. C. Hall stated Monday.

A. D. Hodges, head man of the Williams Miller Gin Co., spent most of the week in Oklahoma city. He reports fairly good crops in Oklahoma but are better in Mitchell county.

SUNDAY SCHOOLS PLAN PICNIC AND BARBECUE

Plans for a big picnic and barbecue at Seven Wells, in which the various Sunday schools of the city are to co-operate are being formulated according to J. H. Greene, superintendent of the First Baptist Sunday school. This announcement was made Monday afternoon following a conference between Mr. Greene, W. S. Cooper, superintendent of the Methodist Sunday school W. W. Porter, superintendent of the Christian Sunday school and J. M. Thomas, superintendent of the Presbyterian Sunday school.

It was stated that committees, representing the Sunday schools are to be appointed Sunday morning and will meet Sunday afternoon at the Christian church to work out plans for the proposed celebration. The Superintendents are to work in connection with these committees, it was announced.

Mr. Greene expressed pleasure at the present prospects for the event being a most successful affair in all respects, it being pointed out that in addition to affording the people of the city an opportunity for a few hours social intercourse, it would serve to weld closer together the spirit of co-operation that has marked the work of the Sunday schools here.

DERRICK AT IATAN IS BLOWN DOWN THURSDAY

The derrick for Foster No. 2, completed a few days ago, was blown down during the heavy wind storm Thursday afternoon. This derrick stood only a few hundred feet from the initial well drilled by the company there and it was planned to spud the second test within the near future.

The derrick will be replaced, it was stated in Colorado Wednesday. Foster No. 1 continues to hold up well in the production of oil and the management is optimistic over the outlook for a good commercial field in that end of the county.

LOCAL GOLF ENTHUSIASTS VISIT POST CITY CLUB

A party of local golf enthusiasts representing the Colorado Golf Club, were at Post City Monday as guests of the Post Golf and Country Club. The visitors played a few rounds of golf on the course there and were entertained royally.

Those making the trip were, Judge C. H. Earnest, president of the Colorado club, Lynn Bennett, Joe H. Smoot, C. M. Adams, J. A. Buchanan, and T. W. Stoneroad.

CITY COUNCIL TO MEET MONDAY NIGHT, SEPT. 12

The City Council will be convened in regular session next Monday night September 12, L. A. Costin city secretary stated Monday. Mr. Costin stated that no business of unusual importance was pending.

BOOSTER MEET IS NOT TO BE HELD

"Because of the fact that every member of the Colorado Booster Club is either a member of or interested in the Chamber of Commerce the Boosters will attend the annual banquet of the Chamber of Commerce with bells on," W. W. Porter, president of the club, stated Wednesday afternoon.

"Work of the two organizations have been so closely related that one could hardly be a good booster without at the same time being a member of the Chamber of Commerce, and vice versa," Porter continued. "I am urging, therefore, that every member of the club add his presence to the galaxy of the annual banquet and business meeting of the Chamber of Commerce Thursday night. The Booster Club has accomplished material things for this city during recent months that very probably would not have been consummated without it or a similar organization. In other words, the Booster Club furnished the spizzintinum for putting over the recent bond issues, while the Chamber of Commerce, in co-operation with the club, financed the preliminary surveys, estimates, etc., making the one organization the counterpart of the other in so far as doing real things for the City of Colorado is concerned."

Porter authorized the announcement Wednesday that he had instructed the Booster banquet, planned for next Monday to be postponed until a later date. He did this because of its being only four days after the Chamber of Commerce banquet. "I did this in order that no citizen of the city might have an excuse for absenting himself from the Chamber of Commerce meeting," he continued.

BARN DESTROYED WHEN STRUCK BY LIGHTENING

A barn on the farm of Marvin Dorn eight miles west of Colorado, was burned Thursday night as the result of a lightning stroke, which set fire to the structure. Mr. Dorn lost some corn and maize and other property in the fire.

A Paige touring car owned by Mr. Dorn was probably saved from loss due to the fact that it was in use that night and had not been stored in the family garage, which occupied one end of the structure.

ELDER CHISM COMMENCES SERIES REVIVAL MEETINGS

Elder Chism of Hillboro commenced a series of revival meetings Saturday night at the Union Tabernacle and the services are to continue two weeks, according to information received by the Record.

The revival is being conducted under the auspices of the Church of Christ.

W. T. Branch and W. L. Davis of Abilene spent several hours Saturday in the Jasper McGarth home.

PRITCHETT & THRAILKILL OPEN CREAM STATION

Pritchett and Thrailkill, local grocers, have established a cream station at Colorado and announce this week that they are in the market for butter fat. Shipments are to market elsewhere in the state.

Several farmers of the Colorado territory have been shipping cream to market elsewhere in the state. With the advantages of a local market quicker returns will result and

the venture is sure to create a demand for a greater volume of dairy products here.

The "ISLE OF CONQUEST" is a eral island and some real conquests. See it at the Best Theatre.

Still another cut- THIRD REDUCTION

At \$1375, f. o. b. Detroit, the Essex offers a value that we believe no one buying a car priced between one and two thousand dollars will fail to consider.

The Essex has always been an outstanding value by every standard of price and quality comparison.

Since its reduction of price this advantage is even more evident. Especially interesting now is a price to price measurement of the cars you have regarded as comparable to it in quality.

Doesn't its low cost with such quality appeal to judicious buyers, whether they are considering a car slightly less in cost, or have been asking Essex quality in one much costlier car?

You must have many friends and acquaintances who own Essex cars. Ask them about it.

They will tell you that Essex at its present price is the greatest automobile value in the market.

RAIN BREAKS DROUGHT IN THIS SECTION OF STATE

Rains fell over the Colorado territory Thursday afternoon and night of last week and again Monday night of this week, ending the drought that had become prevalent here. At Colorado the precipitations totaled 1.67 inches but in many other sections of the county the fall was heavier. In some communities south of Colorado four inches of rainfall is reported to have fallen. At Westbrook it is reported that five inches fell and the general average over the county was from two to three inches.

A severe wind accompanied the rain Thursday but from reports received by the Record small damage was done to cotton. Corn, maize and other feed crops, however, were in numerous instances blown down. Surface tanks on the ranges, which had been dry for several weeks were allfilled and no wan abundance of stock water is available. Cattle men and farmers alike were greatly benefitted by the rains.

Business Meeting

The Baptist Auxiliary met in business session Monday afternoon at the church. Besides the regular business it was decided to begin work on the Buckner Orphan's home box this month. Piecing of quilts will be the main work and every Baptist woman is urged to take part in this work. This is to be done this month that the box may be ready for the winter months. A report was given on the cook book, the third edition of which has just been received from the printer, which was most gratifying. Mrs. R. B. Terrell reported the sale of 20. Others who had the books were unable to be there to report. The ladies were pleased with the sales and of the good things said about the book.

The following officers were elected: Mrs. C. H. Lasky, president; Mrs. M. C. Bishop, 1st Vice President; Mrs. John T. Smith, 2nd Vice President; Mrs. R. B. Terrell, Recording Secretary; Mrs. A. L. Whipkey, Corresponding Secretary and Treasurer; and Mrs. W. R. Morgan Sunbeam leader.

The Y. W. A. will elect their councillor next week.

Lone Star

This community received another fine rain Monday night, which was greatly appreciated by every one.

Nat Porter and family returned to their home at Sweetwater Saturday J. N. Porter and wife going with them to spend a few days.

T. E. Willis' brother and family of Abilene are visiting in the Willis and Draper homes, also Mrs. Atwell of Big Springs.

Mr. Preston is suffering from a light stroke of paralysis.

Misses Lillian Porter and Florence Richardson were guests in the Harris home Sunday.

Pat Lucas and family and E. M. Armstrong and family spent Saturday night and Sunday in the J. H. Preston home.

Mr. Jim Porter and family and Wm. Martin and family and Cline Taylor and Homer Mearse and wife were guests in the A. C. Taylor home Sunday.

Mr. and Mrs. Jim Boyd entertained the younger set with a party Saturday night. They reported a real nice time.

W. H. Long and family and Misses Eldie and Lillie Richburg and brothers Lester and Orbie were guests in the Joe Richburg home Sunday and C. J. Martin and family and Mrs. Dee Land in the afternoon.

Frank Barnett and family of Rising Star are visiting in the home of the uncle, W. H. Long and family.

Lois Jackson spent Saturday night with Gladys Richardson.

A good singing was enjoyed at the A. S. Hallmark home Sunday night.

Homer Mearse and wife and Cline Taylor and Seth Morrison were supper guests in the Richardson home Sunday night.

Gray Taylor and wife spent the week end in Sweetwater visiting relatives.

Education

—There are many way of acquiring an education. Your advancement depends upon the earnestness of your desire for knowledge. The time is past when education was available to only a chosen few. Your financial education is absolutely essential in the successful operation of business. By consulting with the City National Bank many costly mistakes may be avoided. Call on us as often as your needs demand.

Answer the Questions.

The question: "What disposition is being made of the street and alley tax in Colorado?" continues to be propounded by some of the citizens of Colorado, and their position is endorsed by the Record. If there be resident property tax payers here who are dissatisfied with the disposition of these funds, believing they have been diverted from their proper channel, it certainly should be up to the City Council to answer the question.

The City Council will be convened Monday night and the Record will make them this offer:

We will give space free of cost to the city for publishing a financial exhibit of the receipts and disbursements paid into the several funds through tax collections, in that the city, without cost, may answer this question: "What disposition is being made of the street and alley tax?"

Its Still Spotted

It is impossible for the leopard to change its spots, therefore it was, perhaps, not to be expected that the Texas legislature would do the right thing by West Texas, even when regard for public sentiment compelled them to redirect the State.

At that, it was done with extreme reluctance and probably would not have been done at all had not the Honorable (?) Senators found a way to preserve their political hides (and incidentally their places on the payroll) for some time to come. There is neither right nor justice, law nor precedent to warrant the Senate of the State of Texas in autocratic decree that West Texas shall wait until after the next election for its right of representation at Austin. We have already waited twenty years and now, having by the passage of the bill reluctantly accorded us the right that was supposed to be inalienable ours by the Constitution of the State, they yet propose to cheat us of this right until the year nineteen-twenty-four! Could anything better illustrate the pettiness, the self-interest, the debauchery of a public trust that characterizes the grotesque figures that pose as statesmen at our state capital?

We save your drayage on meal and hulls. Vaughn & Son. Free delivery. Phone 27. 9-16-c

Jas. R. Porter, The Klassy Kleener
 For windmills get them from R. B. Terrell's.

For Sale
 Crop, team, wagon and harness, 10 head hogs, about 200 fine chickens. Don't write, come. Thos. W. Fields, 4 miles north of Colorado on E. E. Goodlett's place. 1tp

Open Meeting
 Mrs. J. L. Pidgeon was hostess for the Merry Wives on Tuesday evening. This was an open meeting. The husbands and a few other couples were the guests. There were ten tables.
 Punch was served during the evening. At the close apple pie topped with ice cream was served. The regular meeting next week will be with Mrs. Oscar Price.

NEW HOPE SCHOOL DIST. VOTES \$3,000 IN BONDS

An election was held at the New Hope School house Saturday to vote on \$3,000 bonds with which to erect a new building and also to vote on the proposition of removing the tax limitation as provided in an act of the Thirty-seventh Legislature.

Both propositions were adopted by large majorities, it was reported to the Record Monday.

The New Hope School is sixteen miles northwest of Colorado in the midst of a prosperous farming community. It was stated that three teachers would be employed in the school this year.

For windmills get them from R. B. Terrell's.

Guaranteed all wool suits to your individual measure \$22.50 to \$40.00 at Al and Bob's.

We fill your car at midnight and will appreciate your business thru the day. Crescent Filling Station.

Drive in, free air and prompt service, Ladies Rest Room, all conveniences, cool, comfortable while you wait. Information Bureau at the Crescent Filling Station.

Death of Mrs. Waldo

After months of suffering Mrs. Leonora Webb Waldo died at the home of Mrs. M. Callen last Saturday evening. The funeral services were held at the All Saints church Sunday afternoon, conducted by the rector, Rev. Mr. Eaton and the remains laid to rest in the I. O. O. F. cemetery.

Mrs. Waldo was born December 22, 1870. She had lived in Colorado practically all her life and was a member of the Episcopal church and had many life long friends whose hearts go out to the two devoted daughters who so tenderly nursed her during her long illness and who will be called upon now to face life's duties alone. The prayers of many will follow them. Her only son paid the supreme sacrifice during the World war.

The pall bearers were Robert Terrell, J. L. Doss, Frank Lupton, F. E. McKenzie, Lee Jones and Pat Kelsey.

We fill your car at midnight and will appreciate your business thru the day. Crescent Filling Station.

Best dinners served in town for 40c at the Pullman Cafe.

If you want your clothes cleaned right. Call 133.

All kinds of water supplies, pipe and pipe fittings, bathroom fixtures and windmill supplies at R. B. Terrell's.

Iatan

There was a severe storm at Iatan Thursday afternoon doing damage to the extent of several thousand dollars. The new derrick of the Colorado Tex. Petroleum Co., was blown down. The large reservoir used by the company was broken as was also several large tanks on the ranch, by the heavy rain fall.

An automobile of the oil well crew was blown from the garage and the building then wrecked. It is estimated that 4 1/2 inches of rain fell here within thirty minutes.

The Colorado-Tex. Co., are installing a large gas engine with which to operate the pump at Foster No. 1. It will operate on the natural gas flowing from the well, which is at present making about 80 barrels a day.

A fine season is in the ground over this section and the farmers are feeling better over the prospects.

If you need a new tire or tube phone us and "we'll bring it." No extra charge. Crescent Filling Station.

Card of Thanks

We wish to express our thanks to the good people of Colorado for their floral offerings and words of sympathy at the death of our daughter and sister. Mr. and Mrs. S. T. Smith and family.

Grateful Letter

It is trying conditions like that related below by Mrs. Geo. L. North of Naples N. Y. that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer," she says, "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passing from one convulsion to another. I sent my husband for the doctor and after he was gone I thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of that and he began to improve at once. By the time the doctor arrived he was out of danger."

The Housing Problem

Every town in West Texas with as many as a thousand inhabitants ought to have a building and loan association. This applies especially to Colorado, where the housing problem has at times during the past year become serious, and even now at a time when conditions are some what slack, on account of the drouth and the crimp that resulted to business from the prolonged financial stringency, houses and apartments are in demand.

The Texas laws are not difficult to comply with and are liberal. It is contended with ample argument, by lumber and contracting companies, that the homestead laws of Texas operate against securing of cheap money from outside loaning companies for housing purposes, and, again, these large companies refuse to loan money in many towns of less than 5,000 inhabitants.

Ordinarily the building of as through the cooperation of a local building and loan association materially helps the local situation.

The Chamber of Commerce will be pleased to find some Colorado citizens sufficiently interested in this proposition as to make an initial start. If 100 persons would pay \$10.00 a month to such an association here, the organization would have \$1,000 per month to loan.

Somebody has recently started something that is of material importance to Colorado, namely the voting of bonds to finance an improvement in the water system and to install a sewer plant. Many of the people of Colorado have long desired to see start in this city. Recently we have heard the remark made. "Colorado should have dammed Lone Wolf Creek twenty years ago," and that is a fact. Had we dammed Lone Wolf creek twenty years ago and provided an adequate water system, it is not only probable but it is assuredly a fact that industries would now be operating in Colorado that we may never secure. The Colorado Booster Club has taken the initiative in creating a new Colorado—a new Colorado spirit—and urges every loyal man and woman to nail their energies and influences onto the Booster banner.

Albert Wilson has sold his mercantile business at Cuthbert and with his family moved to Colorado. Mr. Wilson and family formerly lived at Colorado and he was an employee at the F. M. Burns store.

The Saturday Evening Post and The Ladies Home Journal are back to pre-war prices and Mrs. A. L. Whipkey is still the agent for them, and also the Country Gentlemen. See her or phone 157 and your order will receive prompt attention. She wishes to thank all her friends who have always given her their orders, and solicits new ones at all times.

Lest You Forget

Let us remind you that Chamberlain's tablets not only cause a gentle movement of the bowels but improve the appetite and strengthen the digestion.

TO THE PUBIC

We are now ready to furnish the children with a complete line of school supplies and will greatly appreciate your trade, but owing to the great amount of trouble and expense to charge so many small items we ask that the children bring the money for the school articles if possible.

JNO. L. DOSS PHARMACY

AFTER FOUR YEARS.

Colorado Testimony Remains Unshaken.

Time is the best test of truth. Here is a Colorado story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Cooper, prop. of blacksmith shop, Sixth and Oak Sts., Colorado, says, "I have used Doan's Kidney Pills several times in the past for trouble with my back. I think they are a good reliable remedy and gladly recommend them."

Four years later Mr. Cooper said: "I can still highly recommend Doan's Kidney Pills."

60c, at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

New Market

Sometime next week we will open a new market in the stone building three doors north of the bakery. We have practical experience and propose to kill only the very best animals selected from our ranch herd.

We propose to be fair with the public and respectfully solicit a share of your patronage, by which we hope to prove our merit. Come and try the new market. SHEPPARD & GRABLE.

THE PRICE IS THE THING

HIGH SCHOOL BUYS A LYCEUM COURSE

The high school lyceum course for the present session is the strongest that the school has yet purchased. It costs the school considerably more than has been paid for a course before, and consists of some of the best numbers that the bureau handles.

The first number will be given at the high school on September 20th. That will be on Tuesday night, and the number will be one of the very best of the course. The Orpheus Four, a male quartette, is said to be the best male quartette on the stage in this country today. See what has been said of this quartette by other communities as it is given in another column of this paper. Every man, woman, boy and girl of Colorado will want to see and hear these people when they appear here on Sept. 20.

The whole course is as follows: The Orpheus Four, September 20; Biltmore Orchestra, October 18.; The Mississippi Misses, December 8th; The Chicago Ladies Sextette, January 19; The Lieurance Symphonic Orchestra, Feb. 1.

The High School boys and girls will be seeing you within the next few days to sell you a season ticket. We hope you will be ready to buy from the first one who approaches you, because buying a season ticket will be cheaper than buying for each number, and we are sure you will wish to see each one. The Lions and Tigers will be prowling around next week. Each of these animals is a good hunter and dangerous if aroused. They are kept in an amiable state of mind by your buying a season ticket for the Lyceum course.

NORMA TALMADGE AT THE BEST THEATRE

The queen of American Pictures has a lovely and highly entertaining play to offer at the Best Theatre on Friday and Saturday.

Ethel Harmon has married a bachelor in order to help her mother out of a financial strain. Quickly she learns the base character of her husband. Upon a cruise on the yacht a storm comes on the ocean and the boat is wrecked. Ethel and a young sailor are cast upon an island. Ethel learns the real makings of a man and as they live together on the "ISLE OF CONQUEST" the romance is taken thru many tense moments to a very dramatic end.

Civic League

The Civic League met at the Baptist Sunday school rooms last Saturday. Good reports came from the inspection committee. This committee had visited the food and drink stores and found most of them in a sanitary condition and the proprietors willing to co-operate in having the sanitary laws enforced. It was remarkable that those who were the least willing to co-operate had the least attractive places. Some reported they were unable to get the city wagon to carry off refuse.

The alleys are far from perfect as all know but they are in much better condition than a year ago and it is hoped that all persons will help to keep them free of tin cans, etc.

It was decided to encourage an band concert September 16. There has been nothing but appreciation heard from these concerts as every body is proud of the Booster Band.

The colored citizens have asked

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Get a package from your druggist today—Ask for and insist upon Thedford's—the only genuine.
Get it today.

that they become an auxiliary to the League and the officers and some of the other members will meet with them Friday afternoon to assist them in organizing.
