SEVENTEENTH YEAR—VOL. XVII

COLORADO, TEXAS, FRIDAY, OCTOBER 7, 1921

WHIPKEY PRINTING COMPANY

## COTTON RECEIPTS TOTAL 6210 BALES

Receipts at the five gins in Colorado for the week ending Thursday noon totaled 1,630 bales, making a total of 6,210 for the season. The new plant of the Farmers' Gin Company which heretofore held first place in the number of bales ginned, passed to second place this week and the Lambeth gin now holds this distinction. Lambeth was leading the Farmers' Gin by 156 bales.

The Colorado cotton market has remained steady throughout the week, the average price paid by street buyers being from twenty to twenty-one cents. Seed, too, has remained at practically the same quotations at the gins and on the street, selling at from \$30 to \$31 per ton.

The Mitchell County Farm Bureau continues to pool cotton daily for compressing and sale through the general offices of the organization at Dallas. E. M. Baldwin, secretary of the county bureau, stated Wednesday that recent advices from the Dallas office showed that the classing department there had become housed in adequate quarters and expected to soon catch up with the work of classing and commence marketing the staple.

W. A. Dalin, county farm agent, states that the farmers are now supplied with pickers and with a continuation of the favorable weather the bulk of the crop will soon be gathered. It is estimated that 500 bales is being gathered per day in the county. This estimate is rather conservative, and it is thought that actual figures would place the daily capacity of all the pickers at 600 bales. The gins at Colorado are handling 275 bales per day, and a report from Loraine Wednesday stated that 250 bales were being ginned per day by the four gins there. There are five additional gins in the county, making a total of fourteen in all.

Business in Colorado is better than last fall in all lines. A large per cent of the farmers have already liquidated their indebtedness and are spending their money freely. Two local automobile distributors alone report the sale of 23 cars during the past six days, practically all of which were purchased by farmers.

## LONDON NEWSPAPER LEADS "BACK TO GOD" MOVEMENT

London.—For the first time in the history of British journalism, a newspaper—the Daily Express—has begun a campaign to restore religion to its old place in the life of the people.

"Back to God," is the slogan of the Daily Express, which daily prints an editorial in sermon form, pleading with men and women to give up their sins and vices and spend more time in church and in prayer at home. The newspaper asks for a revival of family prayers, an institution that was formerly common but is now "out of date."

## LARGE MAIL ORDER HOUSE READS ALL COUNTRY PAPERS

"We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers," said Herman Rosenfeld, advertising manager for Sears, Roebuck & Co.

## LAUNDRY REDUCTION WAS FOR SHIRT LIST ONLY

The Record was in error last week in publishing the statement that A. B. Blanks, proprietor of the Colorado Steam Laundry, had announced a general reduction of thirty per cent. The article should have stated that a thirty per cent reduction had been made on the shirt list.

Reductions placing the prices here in line with those of other laundries had already been made on rough dry and flat work.

## SEVERAL STORE FRONTS IN COLORADO BEING IMPROVED

There are five of the leading business enterprises of the city that have recently caused improvements to be made to the front of their respective buildings. These are the stores of W. L. Doss, I. Colichman, H. B. Broadus & Son, The Colorado Bargain House, and the Grubbs Garment Factory, all located on Second street. At some of these the improvement has been more elaborate than at the others, but all of them have been repainted.

The new home of the Grubbs Garment Factory, located in the Lasker Block, Second street, is being made into one of the most attractive business places of the city. The entire interior and front of the building has been remodeled and the new quarters will furnish needed room for this growing enterprise, founded only a few months ago by W. A. Grubbs and Mrs. Grubbs.

A striking incident to be noted in all these five jobs is that an entirely different color was selected in the paint scheme. The Colorado Bargain House is done in red, H. B. Broadus & Son's grocery in black, Colichman's in yellow, the Doss drug store in blue and the Grubbs Garment Factory in white.

In addition to these improvements, an addition has recently been completed onto the rear of the building occupied by the Cozy Cafe and the restaurant at Jake's old stand is being remodeled throughout.

## SATURDAY WAS FIRST DAY FOR PAYING TAXES

Taxes, both county, state and city, for the current year, became due Saturday, October 1, and may be paid any time from now until the date on which these payments become delinquent.

Supplies for issuing receipts in payment of these taxes have been received by W. J. Chesney, collector of the county and state taxes, and L. A. Costin, collector of city taxes.

Poll tax assessments for this year are the largest in the history of the county, and should they be paid in full, thus qualifying those assessed for suffrage, it is predicted that a record vote will be pulled in the elections, scheduled for next year.

## CONTRACT LET FOR ED JONES' NEW RESIDENCE

Van King has been awarded the contract for the new cottage to be built by Ed Jones on property recently purchased by him in North Colorado. Foundation work on the new building was commenced this week.

Mr. Jones recently sold his home in the city to D. L. Buchanan, who with his family will move there.

## STORY OF HI-JACKER DID NOT PROVE TO BE TRUE

A few days ago a Mitchell County citizen brought to Colorado the "information" that a neighbor in his community had been stopped by an intended "hi-jacker" a few nights previous, and barely escaped with his life.

The story went that the man, who was riding through the community on horse back, was apprehended by the would be hi-jacker and ordered to turn over his money. To this command the citizen replied he had no money. "Well, then, pull off your clothes, and hand them over," came the next order. It was then that the intended victim put spurs to his horse to escape, and as he did so the villain jumped at him and stabbed the horse in the breast.

Sheriff Chesney stated Tuesday that he had investigated this report but failed completely to find anything to it. Just another one of our West Texas mirages.

## RENTER MAKES GOOD FARM- ING IN MITCHELL COUNTY

Will Berry, of several miles northwest of Colorado, recently marketed three bales of cotton at 23 3-4 cents per pound.

Mr. Berry told of a tenant on his place who came here two years ago from Georgia, and who had never farmed before in his life. This man out of the proceeds from two crops here, was able to purchase 320 acres of land.

## JOE CRAMER DAN- GEROUSLY HURT

Joe Cramer, an employee at the Concrete Gin, was probably fatally injured Thursday morning at 8 o'clock when his right arm was caught in a gin stand and torn from his body at the elbow. His head and neck were also lacerated and at 9 o'clock Thursday morning it was not known just what the extent of his injuries were.

Mr. Cramer was carried to the Colorado Sanitarium for treatment. The gin in which the member was ground up was wrecked and had to be replaced with new saws and other parts before starting up.

## FREIGHT DEPOT CONSTRUCTION PROGRESSING VERY SLOWLY

Construction work on the new freight depot at Colorado is progressing very slowly, and from indications it will probably be November 1, before the building is completed and ready for use of the Texas & Pacific Railway Company here.

A. E. Pistole of Big Springs, division superintendent for the railway company, while in Colorado one month ago, shortly before work on the structure was commenced, expressed the belief that it would be finished early in October.

Colorado has been without a freight depot about one year and during that time the railway company has employed the use of box cars on siding from which the freight business at Colorado has been handled. The old building burned down.

## COLORADO TEACHERS IN INSTITUTE HERE FRIDAY

The first session of institute was held by the Colorado Independent District faculty Friday at the High School auditorium. The Colorado school is holding its institute this year independent of other schools and a report from the meeting Friday is that such a plan was found to be most satisfactory.

These meetings are to be held once each month for one day until the five days prescribed by law have been taken up.

## FIRE AT LAMBETH GIN DOES SLIGHT DAMAGE

Fire, originating in the gin stands at Lambeth's gin at 3 o'clock Wednesday morning was extinguished before any material damage had resulted. Cotton to the value of twenty five or thirty dollars was damaged to the extent of destroying its market value. The larger damage, it was stated, resulted from water thrown into the machinery.

## COLORADO FORD AGENCY SELLS 17 CARS IN FIVE DAYS

W. J. Chesney reported Wednesday afternoon that a total of 17 new Fords had been registered at the tax collector's office during this month, a record of only five days. Eleven of these cars were registered Saturday, October 1.

Distributors of other automobiles at Colorado report a lively sale during recent days. Practically all of these new cars are being purchased by farmers of the Colorado territory.

## FIRE ALARM CAUSE OF RUN TO LASKY BUILDING

Fire broke out in a storage room on the second floor of the Lasky Building, corner Second and Oak Streets, Wednesday afternoon at 4:20.

The fire department made a quick run to the scene and extinguished the flames before any material damage was done.

Dr. D. R. Hardison stated Tuesday that he would probably leave next week for Barnhart to conduct a series of revival meetings. Requests have come to him recently from various parts of the State to hold revival meetings, but he states that it will be impossible for him to meet them all.

Better see the vaudeville and Paramount pictures at Opera House all next week.

Day and Night service at A. J. Herrington's. The Ford Place.

## FRASER ANNOUNC- ES POST MEETING

Thursday, 12 m.—Joe G. Fraser, commander of Oran Hooker Post, American Legion, announces that a regular meeting of the Legion members would be held tonight, asking for a full attendance. He said that there would come up several matters of importance, including a report of delegates to the State Convention at El Paso.

## COTTON MARKET QUOTATIONS POSTED AT LAMBETH GIN

O. Lambeth has placed a bulletin board at his gin on which cotton market quotations from New York and New Orleans are posted throughout the day. The reports from these markets are received every fifteen minutes and are posted for the information of farmers ginning there, as well as the general public.

## ACALA COTTON PRODUCING EXCELLENT QUALITY STAPLE

Dan S. Beaman, who owns a fine farm on the Lone Wolf Creek, five or six miles northeast of Colorado, was in the city Tuesday to market cotton and while here brought two stalks of and brought two stalks of Acala variety, of which he has twenty-five acres to this office. This cotton was well matured and a noticeable feature was in the excellent quality of the staple. Mr. Beaman has fifty acres in cotton this year, twenty-five of which is in Acala and twenty-five in Lone Star, and of the two the former is producing the most prolifically, he stated.

"I am going to gather forty bales of cotton from my acreage, which is four-fifths of a bale to the acre," Mr. Beaman stated. He had brought thirteen bales to gin Tuesday.

## A. D. HODGES INJURED IN ACCIDENT AT W. & M. GIN

A. D. Hodges, manager of the Williams & Miller Gin, sustained painful though not serious injury Monday morning when caught in a belt at the gin.

Mr. Hodges suffered a dislocated shoulder.

## PUBLIC SCHOOL PUPILS PLAN VISITING FAIR

Arrangements for pupils of the Colorado schools to visit the State Fair at Dallas on October 14 as guests of the management are now complete. Prof. E. Frank King stated Tuesday morning. Complimentary tickets, admitting the visitors into the grounds and every attraction on the grounds will be issued all scholars who attend on that date.

Parents of some children, among them County Judge and Mrs. J. C. Hall, have already expressed their intention of taking their children to the fair on that date, it was learned Tuesday.

Those children who visit the fair on that date will not lose the time from school, in so far as their reports are to be made, Prof. King stated. "I appreciate the educational value of the State Fair and shall encourage the pupils of the schools here to attend," he concluded.

Parents who desire for their children to visit Dallas and the fair on that date should confer with Mr. King at once in order that reservations for tickets be made.

## OVERLAND AGENCY SELLS SIX CARS WITHIN WEEK

Winn & Pidgeon, local Overland dealers, reported Wednesday that they sold six new cars since and including October 1, an average of more than one a day during the time.

The Overland Four is proving a very popular automobile and since the reduced price became effective and the good cotton crop and the good market for the staple and seed the demand for these cars is stimulating.

These cars were sold to Jas. T. Johnson, who purchased one touring car and one sedan; Mrs. J. B. Enderley, touring; Dr. Wimberley, touring; Ed. S. Glover, touring; Mrs. Olive Thompson, touring.

## LORAIN AND WESTBROOK SCHOOLS OPEN MONDAY

The schools at Loraine and Westbrook opened Monday morning with good attendance and the indications that excellent terms would be taught at both. S. C. Harris is superintendent of schools at Loraine, while Claud Elliott is superintendent at Westbrook.

The scholastic population of Loraine Independent District is 470 and the district employs nine teachers. At Westbrook the scholastics will reach 150 and four teachers are employed.

There are a total of 32 districts in the county, employing 68 teachers.

## CONSTRUCTION COMMENCED ON NEW SCHOOL HOUSES

Construction work was commenced Friday on the new school building at Landers and at Rogers Monday. These buildings are to be ready for occupancy before the opening of school, Judge Hall stated Monday afternoon. Material for both is on the ground.

These will make eight new rural school buildings erected in Mitchell County during the present year, all of which are modern in all respects, complying to specifications of the Department of Education. The size of these buildings range from two to four rooms and all are provided with ample cloak rooms.

Loraine Independent District has recently completed an annex to the school there. The new building contains two class rooms, two cloak rooms and the school library.

In addition to the new buildings constructed in the several rural districts of the county and the annex at Loraine, six additional rural school buildings have been repaired and placed in excellent condition. Out of the 32 districts in the county, only six fail to meet the requirements of the State Department of Education.

## COMPUSORY ATTENDANCE IN EFFECT OCTOBER 17

The compulsory attendance law, which requires that all scholars under the age of 14 years attend the public school for a period of at least five months, becomes effective in the Colorado Independent District Monday, October 17, according to a statement given to the Record Tuesday by Prof. E. Frank King.

The school board postponed the enforcement of this law until that date in that those patrons who live on the farms might have the assistance of their children in gathering the cotton crop.

The law governing this act provides a penalty for parents and guardians who fail or refuse to send their children to school regularly for the prescribed five months.

Deputy Sheriff R. C. Dale of Loraine was in Colorado Wednesday on official business.

## IRA JARMON IN- JURED BY KICK

Ira Jarmon, 15, son of Mr. and Mrs. Hall Jarmon of the R. N. Gray farm, four miles southwest of Colorado, was seriously injured Friday morning of last week when attacked by a vicious mule that he was attempting to hitch to a wagon preparatory to hauling a load of melons from the farm to Colorado to market.

A few days previous, Ira had sustained an injury to his knee cap with an ax while chopping fire wood and as a result was unable to pick cotton. He had been remaining at the family residence and occasionally hauling melons to market here. Friday morning, about eight o'clock, after all the family, except himself and a little girl sister, had left for the cotton field, Ira went to the lot to catch his team and start to Colorado with melons. A short time afterwards the girl was attracted by a noise coming from the barnyard, occasioned by the continued "put, put" of a flock of turkeys, and going out to investigate the cause of their disturbance, found that they were frightened because of the appearance of the boy, whose limp body lay upon the ground with his skull crushed.

It is supposed that one of the mules attacked the boy and struck him in the head with one of his front hoofs. The wound inflicted was a very dangerous one, and for a time but little hope for his recovery was entertained by attending physicians. It is said that when he was picked up in the lot, a portion of his brain had already escaped to the ground through the crush in his forehead.

The injured boy was brought to Colorado sanitarium where an operation was performed and he has gradually grown stronger throughout the week. Dr. C. L. Root, chief surgeon at the sanitarium, stated Tuesday afternoon that in case complications did not set up, the boy had a good chance to recover.

No one witnessed the accident and had the little sister of the injured boy not been attracted to him by the turkeys, it is probable that he would have lain in the lot for several hours, or until noon when the family would have returned for lunch.

## ELECTRICIAN'S COAT BURNS AT COLORADO BARGAIN HOUSE

Wednesday morning Chas. Taylor was doing some electrical wiring at the Colorado Bargain House and after working a while pulled off his coat and threw it down in a corner of the store.

Employees detected fumes of burning cloth and investigation disclosed that Taylor's coat was on fire and practically burned up. It is not known how the garment was ignited.

### AMERICAN LEGION DELEGATES TO REPORT CONVENTION

J. Y. Fraser, commander of Oran C. Hooker Post, American Legion, stated Monday that a meeting of the post would be held Thursday night of this week, just after this edition of the Record had gone to press. This meeting, Mr. Fraser stated, should prove interesting to the membership, since reports of the delegates attending the State Convention at El Paso last week were to be made.

The local post has employed the services of a special feature writer to contribute articles to The Record each week portraying the ideals for which the organization stands and the benefits promised to all former service men who affiliate. One of the principal thoughts in mind in causing these articles to be given the public is to recruit new members for the local post, in that the ideal club room be maintained.

It is interesting to note that the Rev. E. W. McLauren, pastor of the First Presbyterian church at Sweet-

water, was elected chaplain of the State Legion at El Paso last week. Rev. McLauren served with the 90th Division in France, and is remembered by, at least, a few of the boys from Mitchell County.

### Improve Your Digestion.

If you have weak digestion eat sparingly of meats, let at least five hours elapse between meals, eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion.—Adv.

### SPEEDERS GET PINCHED

Monday night two young couples drove down from Colorado in a Ford jitney and concluded they would pull off a few fast driving stunts, but they came to grief and after paying a stiff fine went back to Colorado sadder but wiser people. They took several fast spins about town when chief of police, Buck Johnson and his night man gave chase and headed them off in the south part of town where they got in to a bed of deep sand and entirely off the highway. The car was occupied by two young men and two girls, and the driver of the car was considerably "stewed" up on some kind of liquid, the Lord knows what.—Sweet-water Reporter.

### STUDY COURSE

The M. E. Missionary Society met at the church Monday for the regular mission study course. The book on The Church and The Community was completed. Another book will be begun at the next meeting.

The commercial printing department of The Record continues to be rushed with orders, and has work contracted for that will take several days to complete. This office is competing with any legitimate printery, on anything typographical, from a visiting card to blank books, catalogues, books, etc. This week, two jobs requiring 25,000 impressions, were handled. There are lots of folks in Colorado who do not realize the fact that the Whipkey Printing Company plant is the best between Abilene and El Paso.

The "IMP" is full of giggles, thrills and throbs.

Read the Spot Cash Grocery ad, Page 8 this issue.

The Imp will get you if you don't watch out at the Best Theatre Friday and Saturday.

### LORAINÉ PHONE SYSTEM BOUGHT BY COLORADO MAN

J. T. Ledbetter, manager for the West Texas Electric Company at Colorado, has purchased the Lorainé Telephone Exchange of J. W. Fairbain and assumed charge of the business Saturday.

Mr. Ledbetter stated Wednesday that he and family would move to Lorainé just as soon as his successor at Colorado is checked in. He did not know who would be placed in charge of the West Texas Electric Company's business at Colorado.

### BUILDING CHARACTER

Last Sunday was a milestone in the lives of some of the young people of Dalhart. It marked the end of the fifth year, during which they have attended Sunday school without a single absence. Heretofore they have received their first, second third and fourth year pins. Last Sunday the fifth year pin was added to the others. These fortunate children are Lee, aged 14; Merle, 12 and Cleo aged 10; the sons and daughter of Mr. and Mrs. R. R. Davis. What record they have made two hundred and sixty Sabbaths in their places in Sunday School! In the past six and a half years they have missed only two Sundays and those for excellent reasons. Behind such a record as this we are sure to find a devoted mother. We hope that our little city will have many more children who will follow the splendid example set by these three.—Dalhart Texan.

The above news item is of extraordinary importance. These three children with such a splendid Sunday school attendance record are being brought up in the nurture and admonition of the Lord. There is every reason to believe that these children will grow to man and womanhood with character well grounded and rooted in Christian faith and practice. It will not be them that will break our laws and bring shame and disgrace upon their parents and communities in which they live. Faithful Sunday school attendants are not the boys and girls that get into mischief. They are not the boys that grow up to be drunkards and libertines, dishonest in their dealings and men without integrity and honor. It will not be the Sunday school pupil who goes astray and leads the sordid life. It will not be her who will be found automobile joy riding at night in all kinds of unquestionable company. She will not be the girl when she reaches woman's state who will adopt the dress ex-

trêmes and come out on our streets with legs bared to the knees and that part of her person exposed that God gave her to be sacred and private. Faithful regular Sunday school boys and girls will grow to manhood and womanhood with characters that will shine forth like diamonds in their settings, with pure manly and womanly lives that will be lived to bless mankind, and be an honor to their God and Creator. They it will be who will fill the important places in church, state and nation. The record of these Dalhart children is a record that should be held up as standards for others. If all parents everywhere were zealous in seeing their children are regular at Sunday school where Christian character is won't to be moulded we would be rearing a class of citizens that would place civilization upon a higher plane. Would that Colorado mothers and fathers would wake up to their responsibility that God has enjoined upon them in bringing up their children in the nurture and admonition of the Lord. Send and go with them to Sunday school regularly each Sunday in the year and assist the teachers in building for them Christian characters that will be able to withstand the storms of sin that will rage upon them in their future lives. There can be no greater heritage left a child than a Christian character, and this character can only be obtained through the church, Sunday school and Godly parental lives lived before the child.

### CHRISTIAN AID

The Christian Aid Society met with Mrs. Donnell last Thursday. Plans were made for the Christmas bazaar to be held the first Saturday in December.

Their friends always look forward to this bazaar because of the many dainty and useful gifts they are able to get at it for Christmas presents. And this year will be no exception. At the social hour the hostess served ice cream and two kinds of cake.

If you appreciate service we have it, free air, water and courteous treatment. Crescent Filling Station.

### TWO TEACHERS TRAINING SCHOOLS OPERATING HERE

Rev. C. M. Bishop, pastor of the First Baptist Church, stated Tuesday morning that a teachers training school was organized at the church Monday night for the purpose of training teachers in the Sunday school to more efficient work. There were ten charter members enrolled in the school.

Rev. D. R. Hardison, pastor of the First Christian church stated that such a school had been in operation at the Christian church for two weeks and now has an enrollment of twenty five.

### APPRECIATED PUBLICITY

The Record appreciates very much the valued publicity our friend, Will White, editor of the Lorainé Leader, gives Colorado in the current number of his paper. And we are sure that every business interest of the city likewise appreciates it.

We know that when the public learns of the best place to trade or to market their cotton, they will pass the information on to others.

Here is what Mr. White says: "Lorainé probably has the largest and busiest bunch of knockers this side of the famine stricken and be whiskered Russia. The only difference is that the Russian knocker hides behind a bunch of whiskers and drinks vodka while the Lorainé variety comes out in the open and chews "Brown Mule." They are anti administration and anti everything, if the government is democratic they are republican; if the government is republican they are socialist. Lorainé's knockers are never so happy as when—with a head full of their favorite plug—they get a crowd around them and tell how cheap everything is in "Collerrader."

### BILTMORE ORCHESTRA TO APPEAR OCTOBER 18TH

The Biltmore Orchestra, second number of the Dixie Lyceum course to appear at the High School auditorium this season, is coming on the evening of October 18th.

The first of the course, the Orpheus Four, here a few weeks ago, was highly entertaining, and no doubt the coming numbers will be liberally patronized. There will be five numbers in the course.

### See Us Now About Your Battery

Suppose some queer trick of fate made you the owner of this service station and me the customer.

And I came in some day red hot because my battery had gone wrong—

And I had missed my train—

And I lost out on an important engagement—

And disappointed a good customer—

And stood to lose a lot of money—

You bet your life I'd be good and sore, but I'm mighty sure I couldn't ask for any more courtesy and consideration and square dealing and SERVICE than we are giving right now day after day.

**NEGRO WITH RAZOR HAD GOOD INTENTIONS BUT HIS FRIEND DID NOT KNOW IT**

That intangible lacteal compendium, the milk of human kindness, got slightly mixed with the acidity of Deep Elm social repartee, near a busy downtown corner yesterday afternoon and almost curdled in the heat. People in possession of the facts still wonder if it were a case of guilty conscience or the involuntary promptings of self-preservation that started it.

However that may be, about the time the sun was making the tar in the middle of the street look like the floor around the molasses barrel in a country grocery, a long, hungry-looking negro started sprinting, bare headed and bare armed down the sidewalk, waving his arms and whistling to a similar citizen who had a lead of about a block on him. The most noticeable thing about him after his color and the fact that he was running on a day hot enough to melt the pin feathers out of a marble dove was the fact that his feet were attired in a pair of canvas shoes that looked like a couple of white-enamel

violin cases. But the boy had speed—there was no question about it.

The pursued one finally gathered that some one behind him sought intercourse with him and he paused for one fleeting moment and looked back. Then he got pedicular action in nothing flat, for the pursuing one waved in one fist a social implement familiar to every negro citizen from the days of Ham down, a large well developed, straight-edged razor. And that was enough.

Speak of the man who ran so fast his vest pockets dipped sand when he rounded the corner, or of the other brother who ran so fast that the bottoms of his feet showed so often he appeared to be lying down, these two darktown representative, stepped fast enough to make an aeroplane look like a rowboat.

A traffic jam at Akard brought matters to a head. The pursued one, hemmed in the front, ducked, side-stepped, and found himself barred on both sides by passing automobiles. He discovered that his retreat was also cut off and a look of terror ashed his frontal stove polish as he contemplated the loss of other portions of his anatomy as well, for the

other negro was passing up pedestrians like the famed passenger train passing a tramp, and he lumbered to a heaving halt, perspiring gallons.

"Beg pardon," he gasped, as bystanders crowded around, "but ah seen you drop dis razah outen yo' pocket up de street. Thot yuh mought need it."

The caged one straightened his quivering knees, explored his pockets and with double-distilled relief sighed, "Yeah, ah must uv. C'mon ovah on Pacific while Ah buys a drink."—Dallas News.

**Financial Loss Due To Cold,**

It is estimated that the average man loses three days time each year from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and an immense sale by its cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief which it affords.—Adv.

Not so very long ago if the young man or the young woman wished to learn a clerical trade, they had to serve a long apprenticeship before they were qualified to pursue their trade. Such conditions are, happily, now past. Now if you wish to learn clerical work, they may always be found in their course of preparation in a Business College.

Why? First: The Business College trains both theoretically and practically; whereas the old style apprenticeship trained only practically. Practice without theory is unwise therefore the work and the situations the student will encounter in his work are carefully studied and considered, together with the best methods to pursue, and the why and wherefore of each. An effort is made to train the student to successfully handle all situations and business methods that may confront him in the business world.

Second: Any branch of clerical work may be studied in the Business College. Several branches may be completed before the student leaves the school. Thus enabling him to know what line of work he can best do. Also he is able to do any work required of him in the position he holds, even though the work be of a nature includes several branches of clerical work. In this way, he fits himself to be valuable and necessary.

Third: In the Business College, the student may undergo training to make him expert in his particular line of work. By doing so, he may become expert much more quickly than if he attempted to do so while employed at the work with some business firm. And again, by becoming expert in his work, the student may command a much higher salary in the business world than the ordinary worker.

# Fordson TRACTOR

\$625.00  
F. O. B. Detroit

### Henry Ford Was Right When He Said:

*"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."*

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

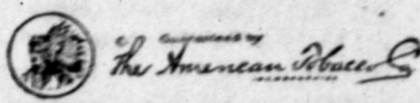

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

#### BAPTIST PASTOR LEAVES FOR ASSOCIATIONAL MEET

Rev. M. C. Bishop, pastor of the First Baptist church, left Tuesday afternoon for Avalo, Taylor County, to attend a meeting of the Sweetwater Baptist Association, which was convened Wednesday morning.

Rev. Mr. Bishop stated that he would return to Colorado to fill his pulpit Sunday at 11 o'clock and at 7:30. He will have an interesting report to give of the association meeting, and the public is cordially invited to attend these services.

#### G. D. FOSTER ELECTED AS SUPERINTENDENT M. E. S. S.

G. D. Foster, principal of the High School, was elected superintendent of the First Methodist Sunday School at an adjourned session of the Fourth Quarterly Conference, held Sunday afternoon. Mr. Foster succeeds W. S. Cooper, who has held the place during the past year.

There was also announced a change in the superintendency of the Primary Department, in the election of Mrs. J. W. Sheppard, succeeding Miss Sallie Herrington. Miss Herrington was released from duty at her own request in that she might have a much needed rest during the next year.

The board of stewards elected for the ensuing year are: J. A. Buchanan, T. W. Stoneroad, D. N. Arnett, L. H. Gaskins, H. L. Hutchinson, Ocie Green, J. C. Pritchett, Mrs. A. E. Barcroft, Mrs. J. W. Sheppard, A. B. Blanks, Ed Womack, E. B. Smith, Jim Dorn and L. B. Elliott. Only a few of the old board was retained. It was stated Monday that the new board would meet within the next few days for organization and to formulate plans for the ensuing year's work.

J. C. Pritchett was re-elected recording secretary and Judge W. P. Leslie was elected lay leader.

##### FIRST CHRISTIAN CHURCH

Last Sunday was a good day at this church. Reports from all departments of the church activities were fine. The finance committee wanted to raise a sufficient budget for local expenses and they were gratified to see it go over their expectations, as nearly three thousand dollars will be on the budget. This was fine.

On the future work of the church, several high aims were made and we feel that they will be attained.

Bible school attendance was not as high as expected, but 99 were present with 11.98 offering. Every teacher present.

We hope to have a full attendance October 9. Services at 11:00 and 8:00. All are welcome.—D. R. Hardison, Pastor.

##### REV. EARNEST ROPER TO FILL METHODIST PULPIT

Rev. Earnest Roper will fill the pulpit at the First Methodist church Sunday morning at 11 o'clock and at 7:30 in the evening, the pastor, Rev. C. L. Browning, announced Sunday. Rev.

#### RECORD MAN IS LOSER IN RACE WITH NEGRO

A few days ago a husky negro man meandered into The Record office, made a purchase of some writing materials, and when asked "Is there anything else," by F. B. Whipkey, requested to be shown a gold trimmed fountain pen which he noticed on display in the show case. Mr. Whipkey showed the negro the pen, and after quoting him the price, the negro replied, "Boss, I believe I won't take it, as it costs too much for a poor cotton picker."

Mr. Whipkey turned to the cash drawer to make the change for the negro and as he did so—hokas, pokas, the coon picked up the fountain pen and crammed it down into his pocket. Then is when the chase began, the negro working a few feet in the lead. The race led from the Record office across Walnut Street and up the alley way in the rear of the Lasker Block. The negro turned and ran into the rear of the Colorado Bargain Store and was lost in the crowd that throng-

ed the street in front. Mr. Whipkey searched the business district for the "customer" but he had completely absconded, taking the fountain pen with him.

#### AFTER FOUR YEARS.

Colorado Testimony Remains Unshaken.

Time is the best test of truth. Here is a Colorado story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Cooper, prop. of blacksmith shop, Sixth and Oak Sts., Colorado, says, "I have used Doan's Kidney Pills several times in the past for trouble with my back. I think they are a good reliable remedy and gladly recommend them."

Four years later Mr. Cooper said: "I can still highly recommend Doan's Kidney Pills."

**COMMENDABLE RECORDS**

A resume of all of the work of one of the local churches, and a partial resume of two others of the city, in so far as finances are concerned, is published in The Record this week, and they each speak out in discernable tones the commendable record the churches of Colorado are making. Colorado is reciprocating to the church to some extent the worth these institutions are to the community.

The several churches of the city are supporting liberally, not only the ministry, but every other duty from without that comes to them in the appeal of Missions, charity and benevolence. They are meeting every obligation imposed upon them—and doing it cheerfully—in the knowledge that a service is being rendered that will in the end bring large dividends. The Record is pardonably proud of the churches of Colorado. Not only do the several congregations worshipping in the city keep as their pastors among the best in the Southwest, but they extend their offerings most liberally into every arm and auxiliary of the church work. The Sunday school the Woman's organizations and the departments maintained for the juniors are above par in efficiency and the record for commendable results. The people who are citizens of Colorado and vicinity but are not in the church should affiliate with the congregation of their choice and unite their endeavors with these folks who are accomplishing so much for Christianity, society, enlightenment, and to alleviate the sufferings of those in need, both at home and abroad. To be an active, consecrated Christian, working in the church, is a requisite not to be countenanced.

**WHERE WILL WE STOP?**

Under the caption, "Watch Out for Female Bandits in Black Attire," the Fort Worth Star-Telegram carried a United Press dispatch Monday under San Francisco date line, as follows:

"Look out this Winter for Female Raffles and girl bandits.

"That was the warning sounded today by Miss Oriella Rexford, color psychologist.

"Black is a stimulant to crime," Miss Rexford declared, "and I believe the black garments prescribed by fashion for women's gowns this Winter will result in a crime wave which will sweep from coast to coast."

"Miss Rexford also took a wallop at red. She said wearing of too much red is responsible for many divorces."

"Red is antagonistic to some persons," she explained. "It seems to make people irritable."

It is just such bull as this that causes The Record to wonder what the American people have done with what little consistency they formerly practiced. The assertion that the color of a dress worn by a woman will influence her into acts of a criminal nature is as far from reason as much of the alluring "fiction" now being carried by the metropolitan press as "news matter." Of course there is nothing to such stuff. The fact that

a woman wears a black dress—or a red one—is no more conducive to criminality than one of some other color. Perhaps the "color psychologist" will next recommend the arrest of all men caught in the act of wearing black trousers, since there can be no difference, as we can see, whether this dangerous color scheme in clothing be worn by a woman or a man.

**A DISGRACE TO CIVILIZATION**

The recent tragedy at the State Training School at Gatesville wherein a youth was beaten and strangled to death by a big six foot brute in human form should serve to awaken the sensibilities of the people of Texas. Our preachers and moralists continue to tell us of the awful barbarities of the heathen world, when in fact crimes are committed seemingly with the sanction of the government almost in our presence that would make the barbarous Igorotes in darkest Africa blush with shame. Very frequently stories of like reclusiveness leak out from other state penal institutions. It has been frequently charged that our penitentiary system is rotten to the core, and the report of the recent legislative investigating committee is inclined to substantiate the charges. Every legislature has an investigation of the penitentiary system, which necessarily costs much money, and the reports and recommendations of those committees are put in cold storage and there remain. Our governors and law-makers are too busy playing politics to give any attention to the poor unfortunate denied of his liberty by reason of the infraction of some law.

Pat M. Neff is frequently referred to as our valorous young Christian governor. If he is really entitled to this appellation he should take some steps to correct this barbarous practice of inflicting corporal punishment on the helpless criminal who happens to be incarcerated in our state penal institutions.

Abilene Reporter: Howard, Martin, Midland and Ector counties are going to build improved highways in the near future, the four counties being on the Bankhead highway which extends from Washington city to California. The one hundred miles of good roads which they will build will cost about one million dollars. Good roads are a splendid asset to any county, but no county should build good roads without also provision for the upkeep of same. It is criminal to spend large sums of money for good roads or streets and then allow them to deteriorate and become worse than lost. In Abilene many of the improved streets are about impassable. It seems to be the policy of the street department to build a street and then leave it alone until it gets so bad that it is almost impossible to travel before any work is done on it. All of which may be entirely proper, but it seems to us that a better policy would be to keep every improved street in good condition. It is our belief that no street should be improved until the city is in position to keep it up. The street department at Colorado apparently is similar to the one at Abilene, in so far as maintaining the streets is concerned.

During times as these, when so many sections of Texas and the Southwest are not prospering as the people of this vicinity, we may reasonably expect the advent of the shark. The people of Colorado and Mitchell county are warned to avoid dealing with the stock promoter, the sympathetic fellow who comes to you with the offer of obtaining you cotton pickers—or any other proposition in which you would be required to separate yourself from your money—unless these people show credentials of authenticity. Ask them if they have obtained the endorsement of the Colorado Chamber of Commerce, and if they have not, better ignore their spells entirely unless you know beyond a doubt the proposition offered as bona fide.

The Colorado Chamber of Commerce declared war on the faker more than a year ago and since that time there has not been a citizen of this county defrauded in so far as information obtained by the Chamber goes.

A pastor in Oregon holds that "if a minister thinks a man is a damn fool he has just as much right to say so as anybody else". But his congregation asked him to resign.

In place of the preacher calling the man a damn fool he should have referred to him as one lacking that measure of perspicacity that characterizes the mental attitude of a gentleman known for his wisdom and intelligence.

Mr. McAadoo says a hard winter is ahead, with 6,000,000 men out of employment and the Republican party tinkering with taxation and tariff. With the Republican party seeing how much it can collect and groups of voluntary idlers how little they can do, the saints of a living democracy are keeping a stiff upper lip and trusting in the Lord.

Occasionally we hear some one trying to praise or say a good word about the Russian Jew Lenin. We have been asked by an admirer of his what The Record thinks of Lenin. Here it is:

Lenin is the real autocrat of Russia, the one man responsible for the chaos which the Muscovite Empire has come to. When Lenin appeared at Petrograd in 1915, heavy with German gold, and began agitating and bribing for the overthrow of the Constitutional Government which overturned the Czar, it was not a sign that he was a genius, but a sign that he was a traitor. When he told the workmen in Russia that they should ride in carriages and live in palaces, it was not a sign that he was a statesman, but a sign that he was a liar. When he called God from His throne, scoffed at all religions, took our savings banks and our money and destroyed them, it was not a sign that he was a robber and a thief. When he destroyed the accumulated capital of Russia, wrecked industry and proclaimed "a world revolution" designed to destroy everything civilization had erected, it was not a sign that he was "an able ruler," but a sign that he was a hee-hawing jackass. Today Lenin, like a docile fool after a murderous drunk, has renounced the upon which he rose to power and is imploring capital and brains to come to the relief of the hordes of starving and naked creatures of whose miseries are due entirely to his unparalleled stupidity.

**A NOTED COLORED PREACHER**

The death of Rev. Charlie T. Walker, a colored Baptist minister, in Augusta, Ga., July 29, removes possibly the most noted preacher of his race in the United States. He had just succeeded in erecting one of the largest and most pretentious church buildings in the South. He was born a slave and was owned by Dr. Samuel B. Clark, of Richmond County, Ga., who regularly held family prayer morning and night, attended by the household servants as well as the household.

Charlie Walker was a son of the cook and stated publicly it was at the family altar of his owner he was first impressed religiously and attributed his conversion to the religious services in the Clark home. He was a product of the family altar.

He was licensed to preach at the age of 18, and bore an unblemished religious character, esteemed alike by the white as well as the colored race. He was a preacher forty-four years, and during that long period had not missed a half dozen Sundays from his pulpit.

No such funeral, white or colored, was ever held in Augusta. It was estimated that 10,000 people viewed the body in the casket. And never were so many flowers seen at a funeral, many sent by organizations of white people.

John D. Rockefeller sent a telegram of sympathy and many others of like character were received.

The Mayor and the City Council in a body attended the funeral, with other bodies of white citizens, and Major J. C. Black, ex-Congressman had a place in the funeral addresses.

By special ordinance, the City Council gave permission for the body to be buried in the churchyard. No negro in Georgia ever received such a high tribute from the white people. —Clement C. Cary, in Texas Christian Advocate.

#### LUTHERAN CHURCH DEDICATION A GREAT SUCCESS

The Lutheran church in West Loraine, was dedicated last Sunday to the preaching of the Word of God. Both the morning and the afternoon service realized a full house. A one hundred mile trip was not too much for many visitors. There were representatives here from the Lutheran Mission Stations at Soash, Sagerton, Longworth, San Angelo, Ballinger, and from the congregation at Abilene. A bounteous dinner was served by the Lutheran ladies of the Loraine community. The sermons by the respective pastors were most edifying and heartily appreciated by a devout audience. Having spent a joyful day, some 175 worshippers left for their respective homes.

#### SHOWER FOR BRIDE

Mrs. G. A. Hutchins and Mrs. A. C. Pratt invited quite a number of ladies to assemble at the home of Mrs. Hutchins on Friday afternoon from four to six o'clock for the purpose of showering Mrs. Ira Crownover, nee Miss Minta Finley. When all had arrived with their miscellaneous gifts, they were each asked to register and write a receipt in a book which was to be presented to the bride. There were then several contests. In the first, Mrs. Crownover was taken on a "wedding trip," then she was given a kitchen shower, which proved to be a funny contest and one that took quite a bit of guessing on the part of the guests. Another one, "What your wife's name should be," afforded lots of fun for all present. Mrs. Pratt then announced that as Mrs. Crownover had served the pub-

lic as saleslady so long and had given out so many samples, that her friends had decided to each give her a "sample" to show their love and esteem for her friendship. A large box containing many useful and beautiful gifts was then presented to the honoree. Mesdames Pratt and Hutchins served delicious punch and cake. Victrola music was enjoyed throughout the afternoon.

#### TEACHERS ENTERTAINED

Monday evening Mr. and Mrs. T. R. Bennett gave a "get acquainted" party for the teachers. Music, progressive conversation and "42" gave diversion during the evening. The hostess served delicious punch. Mr. and Mrs. Bennett made this evening a very pleasant one for Misses Hudson, McDonald, McMurray, Browning, Mattie Thompson, Fanny Jarrett, Helen Stevenson, Pearl Templeton, and Messrs. Harvey Munns, Albert Hiser, Drue Givins, Benton Templeton, Chas. Thompson, Clyde Smith, Russell Cope, Herman Finley, Mr. and Mrs. W. R. Martin, Prof. and Mrs. Harris and Mrs. McNabb.

#### MARRIED

#### Think of These Advantages for \$1575

Thousands of those owners who have driven their cars above 30,000 miles with an actual maintenance cost of only a few dollars.

Essex does not, of course, take rank with the finest, high priced cars, without duplicating or excelling their design and workmanship.

This is evident in every feature of its structure. Devices to provide for a longer wear, or to take up wear at small expense, are Essex advantages shared only by a few of the costliest cars. Its frame, for instance, is sturdier than that of any other car, except one, for the weight carried.

These are some of the reasons Essex cars remain smooth, economical and quiet, even after years of hard service. Especially do such features appear when men compare old Essex cars to old cars of other makes.

Cleaning and Pressing — Goods Called for and Delivered

Once Upon a Time
This from Senator Tom Watson:
When the preacher used to come to the house on Sunday after the church services he was asked if he would have a toddy from the decanter on the side board and I have never seen him refuse. It seemed to do him good. It genialized him.

But isn't Tom violating the law of hospitality to tell on him?—Houston Post.
Senator Watson has described the situation as it existed in many homes of the South half a century ago. In many homes where liquor was not used as a beverage it was kept for guests, and was tendered the preacher when he stopped under the hospitable roof. The writer of this had an old uncle in the olden days who kept a still house. This uncle was a great church man, and his aged father who lived with him was a minister, and so the home was a favorite resort of the preachers.

Many times, when a small boy, this scribe passed the pitcher of brandy around to the guest, some of whom were preachers, and few declined the proffered "nip." In those days liquor was sold in all family groceries and in a few of the dry goods stores. People who want to carouse did not drink in the groceries or dry goods stores, however, they went to the little shack saloon, which was called a "dogery." As we remember there was not much drunkenness in those days. The people who did get drunk were known as "drunkards" and as a rule were shunned by sober people. Times have changed and John Barleycorn has gone. Some times it seems to us that there is about as much drunkenness now, when there is supposed to be no whiskey, as in the olden times when whiskey was plentiful and cheap. This is due not to the condition, but to the growth of a bad habit. If we had a plentiful of whiskey now, and the price thereof was low, drunkenness would be common and most of the people would be killed by automobiles in a few weeks.—Honey Grove Signal.

A clerk came along
And he jollied her

Which cost her \$1
Out of that \$12.
Every week
She was thinking very little
About our daily reporter.
And very much
About the man.
She put out the daily reporter
Behind the wrong guide.
When our customer came in
We couldn't find it
And he didn't care
About that Marcel wave
Not one little bit,
But he did care about his business
Which he took elsewhere.
So we lost
A perfectly good customer
But any way
That file clerk
Doesn't cost us very much—
We only pay her \$12 a week
So it doesn't matter.

TEXANS WILL SEE NUMBER OF GREAT SHOWS THIS YEAR

Amusement Program of State Fair of Texas High in Standard and Variety.

Texans are known the world over as firm friends to wholesome amusement. The population of the State, living as it does in an environment that encourages broad-mindedness and develops mass intelligence, gives favor to good productions in a way that leaves no doubt as to their feelings. This year Texans will have full opportunity to display their love for the tinsel, for the amusement program of the State Fair of Texas and International Exposition—Oct 8 to 25—has just been announced and brings to light that some of the leading shows of the country will make America's greatest Fair.

"Smiles of 1921" will lead off the program as headliner, and it is a show well worthy of this important rank. It is a musical revue produced under the direction of Edwile de Recat, the noted French maitre de ballet, who will bring the most beautiful chorus to the State Fair that has ever been seen outside New York or Chicago. The show itself will be a sparkling medley, filled to a delightful measure with snappy songs, clever dancing, and bright hued costumes. "Smiles of 1921" will be staged in the Coliseum Building every day during the Fair, with one show in the afternoon and another at night.

Down on Amusement Row that well known showman, Clarence Wortham, will provide outdoor amusement with his series of shows and rides. This feature of the State Fair will advance many novelties, chief among them being a three-ring circus, which will play every day during the season. Before the grandstand in the afternoon there will be auto races, motorcycle races, and a hippodrome show which will include some of the best vaudeville actors in America.

At night before the grandstand a scenic of deep historic interest will be shown. It is called, "Monterama, or the Last Days of the Aztecs." This show is staged on a tremendous scale, and depicts in startling fashion the vain struggle of the proud Aztecs to withstand the conquering arm of Cortez. There will be a vivid pyrotechnic display, featuring the roaring volcanoes of Old Mexico.

There are other attractions galore that the State Fair is announcing from time to time, and the visitor to the 1921 Exposition is sure to find something of particular interest. Trade with us—we have nothing but the best in millinery and our prices and styles will compare favorably with much larger places. Mrs. B. F. Mills.

OUT BUFORD WAY

Yes, We are still busy. But, thanks to Him who giveth all good things, we wont have to work like this 12 months in the year.

Nearly 80 folks were at Sunday School Sunday morning. The superintendent was absent, but it was noised around that a committee will wait on him if he is absent again without a better excuse.

Bro. Walton from Dunn, the Methodist pastor, filled his last appointment of this conference year. We sent in our collection in full.

Nathan Rodgers, from the Plains country, is visiting in the Sam Curry home, and with other friends. There was a sing-song at Mr. Curry's Sunday night, and, as is always the case where Mr. Rodgers sings, a pleasant evening for every one.

Mr. Hines was sick Monday night and called Dr. Ratliff to his home. He is better now.

Last Sunday evening at 5 o'clock, Mr. Wiley Key and Miss Ivy Iglehart were united in marriage in the city. Rather surprised some of us, so soon, but it happens to the best of folks.

Mr. Key has lived in our community some 18 or 20 years, and has a host of friends. He went with the

motor truck company from Colorado and Big Springs to France. He is a member of the American Legion.

Miss Iglehart has lived among us only a couple of years, but she numbers her friends by her acquaintances. Needless to say this splendid young couple have the sincere well wishes of the entire community.

This was the third member of the Key family to get married within the last 8 months.

Martin Miller and his cousin have just returned from Van Zandt County. He says things are in better shape down there than he had hoped to find them.

One fellow walked up, slapped us on the back, and says, "sez he", "arn't you rather severe on the street 'buy-ards' of Colorado. Isn't this a free country? And aint we folks getting as much or more for our cotton as they give elsewhere?" We says, sez we, "all true brother, its a free country and that's what the Farm Bureau is after Mr. Street 'Buy-ards' scalp. The farmer has slaved for him long enough. He may have been a necessary article here-to-fore, but not now or when the Farm Bureau gets the rest of these farmers lined up." Now Mr. Farmer, the way has been pro-

vided, the times are right and you had better "jine" before the street "buy-ards" pick you clean, for by the end of this 5 year period they'll get desperate, and peck that knot off your shoulders (if it is bone) and your back bone will ravel out. So again, we yell, three cheers for the Farm Bureau, and watch her come.

IMPORTANT EVENT RECALLED

W. F. Altman of Loraine was in Colorado Tuesday and spent a short time in the city on business. Mr. Altman is one of the proprietors of the Loraine Mercantile Company and reported business with his firm good.

It is always a pleasure for us to meet with Mr. Altman, since it always recalls vividly a most important epoch in our life. It was back in Hico several years ago this writer purchased his first pair of long trousers of Mr. Altman, and the day on which a boy dons his first pair of long trousers is an event he never forgets.

THE NEED FOR NUTRITION SERVICE IS PHENOMINAL

Thirty three and one-third per cent of the children in America are underweight, and consequently are handicapped mentally and physically, and in addition are deprived of the keenest joy of living. Investigation has shown that this indication is not peculiar to the city, nor to the children of the poorer classes, but is frequently the case in small or rural communities and among children of the well-to-do parents. This malnourished condition is caused by lack of information about food and health habits, and as a result the child is susceptible to disease and unable to withstand sickness which might otherwise be checked.

Malnutrition stands as one of the immediate problems of the day. Its symptoms are simple and obvious. The condition is indicated by pale face, projecting shoulder blades, a prominent abdomen, flabby muscles, poor posture, thin arms and legs and prominent lips and under weight. The child who is seven per cent or more below the normal weight for his height should be examined for other symptoms of malnutrition.

Perhaps the most encouraging thing about malnutrition is that it can be corrected, as it is caused not necessarily by lack of sufficient food, but by improper feeding. Other causes encouraging the malnourished condition are adenoids, tonsils, defective teeth, insufficient rest, and lack of exercise in the fresh air. Effort is being made by the American Red Cross through nutrition classes established by local Chapters to counteract the wide spread malnourished condition of American childhood. Through physical examinations leading to the correction of defects which sap the child's strength, the nutrition clinic aims to prepare the child for a fresh start. Through stories, games, health exercises, and lessons in the amount and kind of food, health habits are brought vividly to the child's attention. With this stimulation in health interest, children in the Southwest are being brought to a higher standard of well-being.

### VETERANS' BUREAU CLEAN UP SQUAD AT STATE FAIR

One of the points of interest for the ex-service man at the State Fair will be the group of tents near the entrance where complete units of the clean-up squad of the Veterans' Bureau will be in daily session. This will be an enlarged squad similar to the one that appeared at Sweetwater not long ago, and before which 4 or 5 Mitchell County former service men appeared.

The various squads which have been covering the entire country are completing their trips and reporting to their district offices. Their reports all show that hundreds of men were found who had just claims who had never filed their claims. In Texas this condition was especially prevalent and it is felt that even yet all men who are eligible for one of the various forms of compensation may not have been reached. To accomplish this the squad will be at the State Fair, and it is hoped that every man who was missed by it during its recent trip will arrange to see it at the Fair.

The squad that will be in session at Dallas is composed of representatives from the compensation and insurance departments, the rehabilitation section for vocational training, and medical examiners, who will be empowered to give examinations, or re-examinations and to order immediate hospitalization for treatment if necessary. The purpose of this squad is to advise with the men regarding the laws and rulings governing the granting of compensation, to render him valuable aid in filling out and filing his claim, directing him how to start it through the proper channels and smoothing his way toward as speedy a settlement as possible.

This squad cannot rate a man's disability, of course. That is in the province of the rating board which, since October first, has been operating in the district office at Dallas. This rating board will appraise and

rate all new claims presented to it by the clean up squads and immediate settlement will follow in those cases found compensable. In cases where claims have already been filed at Washington it will be necessary, of course, to work through the channels already in operation for final settlement.

Every man who has a disability arising from his army service and who has not filed a claim for compensation should take all his government papers with him when he goes to the fair and appear before the squad. It will be his best opportunity to get direct action on his claim, as claims sent in by this squad have a receiving desk in the district office where they get special attention from the rating board and their final adjustment is thus greatly accelerated.

The Red Cross, Y. M. C. A., Boy Scouts, American Legion and similar agencies are cooperating with the Veterans' Bureau in this work and wherever you see their insignias there you can get further information or direction regarding the clean up squads.

### VALUE MITCHELL COUNTY FARM LANDS INCREASES

The value of farm lands and buildings in Mitchell County was \$8,985,996 January 1 1920, as compared with a value of \$7,631,900, April 15, 1910, according to a report received Thursday from the director of Census, Department of Commerce, at Washington. This report shows that for the period of almost ten years these values increased \$1,354,096.

The report shows, however, that the number of farms operated in the county decreased during this period. On January 1, 1920, 864 farms are reported in the county, while on April 15, 1910, 1,108 are reported. In 1920 four of these farms were operated by colored farmers, and in 1910 three were so operated.

The total acreage in these farms, as reported, was 519,054 for 1920 and 576,694 for 1910. The acres under cultivation are reported as 109,318 in 1920 and 106,302 in 1910.

The report shows that in 1919 45,712 acres were planted to cotton, producing 20,665 bales, as compared with an acreage of 32,055 in 1910, producing 5,320 bales.

### SPRING WAGON DEMOLISHED IN ACCIDENT ON STREET

A spring wagon in which Rhoda Dickson, negro woman, and a small negro boy were driving along the street just opposite the tennis court was completely demolished when a Ford car, belonging to Tom Hughes and driven by a boy ran into the wagon from the rear.

The wagon was hurled forward and turned upside down across the street,

with the occupants underneath. How that the woman and the boy escaped serious injury is problematical. They escaped with only a general shaking up.

The pony which was hitched onto the wagon, became frightened and, breaking loose from the wagon, ran a few blocks and stopped. The car was slightly injured.

### DRY SALT BACON AT 14c.

The Record got in bad last week with the Spot Cash Grocers. They tried to say in their ad that dry salt bacon was selling at 14 cents and the type made us say 18 cents. This made them mad and they cut the price to 12 1-2 cents and still selling at this price, which is about half price. Turn to page 8 in this issue and see the prices quoted.

### SECOND MONTH SCHOOL BEGUN LAST MONDAY

The second month of the present session of the Colorado schools was begun last Monday and Prof. King continues to be most optimistic over the outlook for the best year in the history of the institution.

Of course the very crowded condition of some of the class rooms is serving to somewhat dampen the efficiency of the school, but this is a condition over which the board has no control and one which they are meeting in a most commendable manner.

J. A. Pickens, local grocer and butcher, is driving a new Essex touring car, purchased last week through the Price Auto Co., local distributors. This is the second Essex to be owned by Mr. Pickens in recent years, and he has found them to be dependable under all conditions, all seasons of the year.
