OIL SITUATION IS REPORTED IDEAL

The oil prospects in the Colorado territory continue favorable this week and development on an increased scale is promised soon. It is expected that drilling at two locations will be started within the next few days. One of these is Foster No. 2 of the Colorado-Tex. Petroleum Company at Iatan, where the company has about completed rigging for spudding, and the other at Coleman No. 1, seventeen miles northwest of the city, which was temporarily suspended a few months ago because that the water supply became exhausted.

The Coleman well is on leases controlled by the Underwriters Company and S. S. Owen, representing the company in this territory is in Tulsa this week to confer with officials of the company relative to plans for drilling this well to 3,000 feet. It was learned late Wednesday afternoon that the company would very probably resume drilling there soon.

D. J. Lewis, who is drilling Conaway No. 1, 14 miles southwest of Colorado, was in the city Wednesday morning and stated that he had just resumed drilling after a shutdown since Friday of last week when a stem was broken. Repairs were made in Cisco. This well was 3,070 feet Wednesday. The formation there continues most favorable, representatives of the company state. The sand has not been penetrated, although it had been drilled into a depth of 141 feet at the time Mr. Lewis was in the city.

Sloan & Poncia, developers of the Conaway lease, are optimistic over the prospects at Conaway No. 1. One of the best sands yet found in this section of the State is being penetrated, Mr. Sloan states, and any conclusions as to its depth is problematical.

W. J. Thompson, contractor at Morrison No. 2, near Westbrook, stated Wednesday morning that he would commence drilling Thursday morning. This well was drilled to 2,428 feet last year when a sand was penetrated, but because that the production proved unsatisfactory, the well will be completed to a depth of 3,000 feet. Fuel for this job will be furnished from T. & P. No. 1, nearby, the Mitchell County discovery well, which continues to pump a few barrels daily and also to furnish a slight gas pressure.

The Crescent Drilling Company was drilling at 425 feet Wednesday afternoon at Smith No. 1, five miles west of Colorado. This well is the nearest of any locations to the city and several local individuals are interested in the project. The well was spudded last year with a rotary but because of the very hard rock formation that string of tools was moved away and drilling is now being done with a Standard rig.

From Iatan the reports continue favorable. Foster No. 1, the largest producer yet brought in in the county, continues to maintain its production under the pump, and George Adams, contractor to drill the second well there, was reported as having completed stringing for commencing operations.

Another well will be started in that locality within the near future by a Pennsylvania syndicate who have acquired a lease on the Reed properties. They have made a location two miles northwest of Iatan and the derrick is being built this week.

The Texas Company continues to take leases in the Mitchell County field and for the most part have purchased leases comprising small acreage, checker-boarding their holdings throughout the county west of the Colorado river.

With the increase in price of crude oil and the continued trend of finances to normalcy it is expected that the development here will be characterized by several new wells drilling before many months.

The many friends of Rev. and Mrs. W. M. Lane will be pleased to note that he was returned to the Abilene district as presiding elder by the Annual Conference, Methodist Episcopal Church, South, at Amarillo last week. He was pastor of the Colorado church two years ago.

COTTON RECEIPTS LESS THIS WEEK

Receipts at the Colorado gins for the week ending Thursday at noon were not as heavy as for the week previous and this was explained in the fact that a number of cotton growers with special reference to those who live in the south part of the county, are nearing the completion of harvesting their crops. For the week ending Thursday 1,216 bales had been ginned here, as compared with 1,630 for the week previous. Total gin receipts are 7,426 bales.

Both the Colorado cotton market and offerings for seed at the gins and by street buyers have remained practically unchanged throughout the week, ranging from \$31 and \$30 all of the time until Wednesday morning when a drop of \$2 a bale was announced. This was the lowest price offered for seed here for several days.

Statistics compiled by the Chamber of Commerce estimate the cotton crop of Mitchell County 65 per cent gathered. There are a large number of farmers in this territory who will soon have the staple gathered while many others are not more than one-half through with this work. The demand for pickers, which three weeks ago was large, has not been evidence during the past few days, and soon the laborers who were brought here from various sections of the State to gather the cotton will be returning to their homes.

Weather conditions have been most favorable throughout the week, with the exception of a mild cold snap the last days of last week. The staple is clean and because that no blowing rains have fallen very little of the crop will be lost under present conditions.

SHAKE UP IN APPOINTMENTS N. W. METHODIST CONFERENCE

With the reading of appointments Sunday night, the Northwest Texas Conference, Methodist Episcopal Church South, in session at Amarillo since Wednesday morning, October 5, was adjourned to convene next year at Quarah.

Considerable movement on the part of the preachers in the conference was the result of a shake-up rivalry in the history of the conference. Some of the most important changes in the conference, among the Sweetwater district, in which Colorado is included, are effected. Rev. G. S. Hardy, during the past three years presiding elder of this district, was transferred to the Plainview district. He is succeeded by Rev. R. A. Stewart, last year pastor of the church at Sweetwater. R. A. Clements, last year presiding elder of Plainview district, goes to the Sweetwater church as pastor. Rev. Clements was at one time pastor of the local church.

Three pastors identified with the work in this county last year were returned. They are Rev. C. L. Brown in Colorado; Rev. H. G. Waldon of Dunn, who has an appointment at Buford, seven miles north of Colorado, and Rev. Sam Young of Lovine. Rev. B. H. Terrell, pastor at Westbrook last year, was sent to Fluvanna.

Following is the list of appointments for the Sweetwater district: Presiding elder, R. A. Stewart; Big Spring, Ben Hardy; Big Spring circuit, J. H. Plant; Blackwell station, A. D. Jamerson; Colorado, C. L. Browning; Camp Springs circuit, J. W. Griffin; supply Dunn circuit, H. G. Walton; Fluvanna circuit, B. H. Terrell; Gail circuit, John E. Bright; Hamlin, G. H. Gattis; Hamlin circuit, L. K. Malone; supply Hermleigh circuit, M. H. Hudson; Loraine circuit, S. H. Young; McCauley circuit, Y. H. Lightfoot; Roby, H. A. Nichols; Roscoe circuit, R. H. Watkins; Rotan circuit, J. W. Watson; Snyder, C. E. Jamerson; Stanton, J. E. Reynolds; Sweetwater, R. A. Clements; Sylvester circuit, H. W. Hanks; Westbrook circuit, Silas Dixon; student, S. M. U. O. E. Annis; missionary to Cuba, J. S. Canerton. Rev. and Mrs. C. L. Browning, Mrs. W. P. Edwards, Judge W. P. Leslie, Miss Sallie Herrington and W. S. Cooper of Colorado attended the conference, driving through in cars.

RALLY PROGRAM BAPTIST CHURCH

The time has come for us to have our rally day and we want to rally, too. The Sunday school has done well for some time but it now needs a little "spizzintum" injected into certain parts of its machinery. Some work entirely too hard during the week, so they are too tired to make it to Sunday school on Sunday. We want YOU to RALLY this coming Sunday. We want 250 in the school. Let each church member be present and also each member of the school. The ladies have prepared a good program and you will like it all the way through.

Let all the sinners be present on time. Take new courage and fight the battle of discouragement hard. The other schools of the town have had their rally days. Now it is our time. What shall we do? Come and help make a fine service of the occasion.

If you are missing the series of discussions on "The Devil and the Modern Age," you are losing out. The pastor will continue the discussion as he started it last Sunday night. The devil is so crafty as to lead good men and good women into his battle-line and wave the banner under which they fight and at the same time these folks think they are working for God, the Lord. It seems that the devil "has been loosed for a season" and is doing his best work, even among all classes of people. We want to hear him in his lair Sunday night. Everybody invited to come.

We want to discuss a new subject at the 11 o'clock hour. The night service will be at 7:15 instead of 7:30 as heretofore.

M. C. BISHOP, Pastor.

COLORADO BANKERS ATTEND STOCK FIRM LOAN MEET

J. M. Thomas, active vice-president of the Colorado National Bank, R. H. Looney and T. W. Stonerod, Jr., cashier of the City National Bank, were in Fort Worth Wednesday to attend a meeting of men from various sections of the State, representing the livestock interests and to discuss the organization of a company to advance cream loans to cattlemen.

INTERIOR OF J. P. MAJOR'S STORE BEING DECORATED

The interior of the J. P. Majors jewelry store on Second street is being decorated this week and, according to O. H. Majors, will be made quite attractive before the opening of the holiday season.

This popular retail jewelry establishment will carry one of the largest and most attractive lines for the holiday trade ever brought to Colorado, the management announces.

CITY BONDS MAY BE MADE SERIALS

That the City Council is considering the practicability of changing the recent issue of \$120,000 in water improvement and sewer bonds from 40's to serials was assured Tuesday morning by the city secretary, L. A. Costin.

Such a plan has been approved by the attorney general, Mr. Costin stated, and should quotations of an advance in the price offered for serial bonds, as compared with those offered for those to mature in forty years, be found correct, the change will no doubt be made. This would necessitate having the bonds reprinted, but if the bonds will be increased five per cent, a total of \$6,000 for the entire transcript, it is pointed out by the council the small additional expense of having them printed again and the occasional delay will be in line with a policy of economy.

Current information in the hands of the council relate that serial bonds are quoted at five points higher than 40's on the present market. An investigation is being made by the council to ascertain the correctness of this report.

Read the advertisements in The Record. They are brim full of interesting news.

**ALLEGED FORGER ARRESTED
HERE BY SCURRY SHERIFF**

A young man giving as his name A. E. Collins, but who is said to have several aliases in Scurry County, was arrested at Second and Walnut streets here Tuesday afternoon by Sheriff J. H. Byrd of Scurry county on charges of forgery. The prisoner had been employed on the farm of Steve Cox to pick cotton and is alleged to have forged two checks on Mr. Cox, one for \$97, cashed at Snyder, and one for \$8, cashed at Ira.

That the forgeries had been made became known Tuesday morning and the sheriff, accompanied by a deputy from Ira, traced the man to Colorado. Mr. Byrd had learned before leaving Snyder that the man wanted had purchased a .41 calibre Colts pistol, making the statement to some companions that he would "open a day-light hole through the first person who attempted to place him under arrest."

When accosted by the officers the prisoner resisted arrest, struggling to get to his gun, but he was soon overpowered, placed in an automobile and returned to Snyder where he was locked up late Tuesday.

morning with a friend of Steve Cox, on whom the checks had been forged. He knew that Collins had been employed on the farm of Mr. Cox but knew nothing of the forgery.

**RED CROSS OFFICERS HERE
FOR LOCAL CHAPTER MEET**

There was a called meeting of the executive body of the Mitchell County chapter, Red Cross, last Saturday. Miss Huff, a division officer from St. Louis and the nutrition worker, Miss Cavett, were present and told of the different work and needs of work being done. Delegates were appointed to the regional meeting in El Paso, Mrs. Prude and Mrs. Merritt were selected delegates and Mrs. Thomas Davis and Mrs. A. L. Whipple, alternates.

Miss Cavett began her work with the school children this week. Every child is keenly interested in the work and is telling the good news to the parents. Miss Cavett will be at the school house during the school hours and at the room over the City National Bank after school and on Saturdays. She will be glad to consult with the mothers at any time. She is here for service and needs the co-operation of the entire community to be able to accomplish the most good. Let's help for the betterment of our children.

HARLEY SADLER.

BRUNKS COMEDIANS.

Brunk's Comedians came to town last Sunday afternoon and Monday morning put up their tent on a lot near the Santa Fe station. At 4:00 o'clock p. m. the band gave an open air concert on the corner of the street at the State Bank which was listened to by a large crowd. At 7:30 they played again in front of their new comfortable tent theatre and at 8:00 the show started with "Peggy" as the opening play, which was put on instead of "When Dreams Come True" on account of the absence of Mr. Sadler, who was called to Dallas on account of the very serious illness of Mrs. Sadler's father.

The tent was packed and the weather pleasant and the play well rendered, although a little disappointment was manifested by the large crowd because of the absence of West Texas' favorite comedian, Harley Sadler.

Tuesday morning Sadler came in and Tuesday night made his appearance on the stage in "When Dreams Come True," which is a dandy good play and Sadler was at his best in a country boy character and pleased and amused the large crowd to the fullest.

Last night they played the "Wise Fool," another farm boy play in which Sadler again delighted the large crowd.

Tonight they play "Out of the Fold" and if you haven't been going you have been missing entertainment that is worth while for every member of the Company is an artist their plays are good and clean and a good moral lesson may be learned from each and every one of them.

The Brunks are all ladies and gentlemen and Post people are always glad to have them as is manifest by the large crowds they have at every show.

If you are grouchy and feel sore at yourself and the world there is nothing will do you more good than a good hearty laugh. Go and witness one of their plays.—Post City Post.

AFTER FOUR YEARS.

Colorado Testimony Remains Unshaken.

Time is the best test of truth. Here is a Colorado story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Cooper, prop. of blacksmith shop, Sixth and Oak Sts., Colorado, says, "I have used Doan's Kidney Pills several times in the past for trouble with my back. I think they are a good reliable remedy and gladly recommend them."

Four years later Mr. Cooper said: "I can still highly recommend Doan's Kidney Pills." 60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**JOY RIDERS APPROPRIATE
N. A. ROGERS SERVICE CAR**

The new Ford touring car of N. A. Rogers, taken from near the passenger station Friday night was found abandoned Saturday afternoon by the roadside six miles south of Colorado. The car was not damaged at all and no parts had been taken. Mr. Rogers stated that approximately two gallons of gasoline had been burned, showing that the car was not driven any great distance.

Just before time for arrival of west bound Texas & Pacific train Friday night, due here at 11:40 p. m., Mr. Rogers, who conducts a service car business, drove up to the station and leaving his car went inside. He returned in a few minutes to find the car gone.

It was not known Wednesday morning who had driven the machine away. This is the second time this offense has occurred at Colorado in recent weeks. Two or three weeks ago an Essex touring car belonging to J. R. Hastings was taken from the street near the City National Bank and was found on the following morning in the Colorado cotton yard.

THE STREET FAKIR.

Does the mention of this wandering minstrel and sooth sayer of forty years ago bring to mind any memories of certain happy nights somewhere in some little home town when the eventful was that one in which the dispenser of the infallible secret neotrons put in his appearance on the Public Square?

You haven't forgotten him, he of the long hair and sombrero hat—you couldn't. Can't you see him emerge from the little hotel across the way, to take his place in the empty piano-box buggy already placed in position? Don't you recall how deliberately, how nonchalantly he lighted those two dripping gasoline torches which supplied the private "spot light" for the star performer of the evening? You must remember that square black Sample Case where from "under the cellar door" he could always find just one more, of whatever it was he failed to pass out and that YOU never got.

The Banjo and what was the song? Wasn't it "Paddy Duffy's Cart?" That was his favorite. One of those fellows had a cloven pallat, the one who sold "Rattle Snake Oil" and proclaimed it as a "Panacea for

every ill that flesh is heir to," and impressed upon you the additional valuable information "that if one of these 'rep-tiles' should bite you, you would not live twenty-four hours."

Then some other fellow lost several perfectly good teeth through the process of painless dentistry, and poor location. You were there that night—can't you recall who you were with—it seems only yesterday. Wonder where these fellows have gone? They weren't a bad lot, and they "pretty much the sameness" evenings. Twasn't bad stuff—that Grease Eradicator—it WAS a good soap—the druggist who supplied him admitted as much. If you are all supplied—"Good-night."

THE BUSINESS SITUATION

A nation-wide survey of prevailing crop and business conditions gives us definite knowledge upon which to base our conclusions as to the probable trend in the immediate future.

The story is much the same everywhere: A partial and unequal harvest; plentiful returns in close position with parched and burnt up fields; but, prices and demand for farm products that are far from satisfactory to the producers. Yet these same products are seeking a market where ever they can find it that the obligations of the farmers may be discharged. There is an abundance of foodstuff in the country despite the small yields of some grains, that old stuff farmers holding back.

An enormous inflow of wheat to market indicates there is nothing to supply artificially to force up the price. Likewise that there is more wheat in the country than official figures declare.

One matter is most apparent in the horoscope of the future. The measure of the volume of business and of our commercial welfare hangs upon

the demand for farm products and their consequent prices for the year. All other "barometrics" are as nothing by comparison, and can be regulated to the scrapheap. Fortunately at this writing, Europe is importing largely of our grains and the exports of cotton from July 1st to date are more than double those for the same period of last year.—The Nation's Business.

These A B C Rules
About Batteries**

Adjustment and oiling make your bearings last longer—proper inflation and careful driving make your tires last longer—cleaning makes your spark-plugs serve longer and better. It is worth remembering that there are rules just as simple for making your battery last longer and serve more faithfully.

- Here are three rules in A B C form:
- 1—Put in water regularly and keep up the charge.
 - 2—Come in every two weeks for battery service.
 - 3—And when your present battery wears out, buy a Willard Threaded Rubber Battery—the only battery with Threaded Rubber Insulation between the plates.
- There is only one battery good enough for us to back by our unqualified recommendation—that's the Willard Threaded Rubber Battery. Come in—and we'll show you some records it has made right here.

UNION HAPPENINGS.

The general rush is about over so far as crop gathering is concerned. Most crops have turned out very well, but the Lord only knows how long it will take us to get over the awful calamity that has befallen us in the way of reasonably good crops and a price to match. Why do I call it a calamity? It has surely avowed us up financially which is

blessing so far, but has set us back spiritually I suppose something like a hundred years. Religion and prosperity don't seem to go together. During the drouth our Sunday school was well attended but as soon as the drouth was over, we began to have a drop off and most of our people took the douts and dropped off but our faithful and live superintendent held on and now the school seems to be reviving.

There has been some sickness in the community but not serious. Just feel bad especially on Sunday. Cotton picking is nearly over and now we begin to hear the humming, banging, hustling, rustling about some new candidates, which brings me back to some of my early recollections. Yes, I can actually recollect when men used to be elected to office but it seems so now it seems to be a one-eyed man up a tree more like they buy the office than anything else. That is not all that I can recollect. When there was not such a cry for law enforcement. In those days there was a magistrate elected in every beat.

Yes, I can recollect when it took three yards cloth to make a common man a pair of breeches—we now say pants—and took from ten to fourteen yards to make the ladies' dresses. They were then commonly called frocks. Judge for yourself how much it takes now. To me the peg-leg pants look more like frog skins than pants and the hobble skirts are sorter like one-legged pants.

People used to live their time out and die. Not so now, they are taken to the sanitarium, whittled on a while and the bumps trimmed off and the rough places made smooth and worked over in general. Most cases get well and are good for a long time, yet wonderful improvement.

I now ring off. ELL. Vaudville show in town all this week. Big tent show in town all next week.

CHITWOOD MAY TRY FOR BLANTON'S SEAT

Sweetwater, Texas, Oct. 10.—State Representative R. M. Chitwood of Nolan county probably will be a candidate for Congress to succeed Thomas L. Blanton. Announcement is expected within the next few weeks.

Chitwood was the author of the original West Texas Agricultural and Mechanical College bill which was passed by the Thirty-seventh Legislature. He took an active part in the fight for the redistricting of the State into Senatorial districts.

Chitwood also was author of the House rural aid bill, which after having passed the House was made a part of the Senate Floyd bill, and which was passed finally and signed by the Governor following the last regular session.

Although this was Chitwood's first term in the House of Representatives, he drew a number of important committee assignments, and was a member and the secretary of the penitentiary investigating committee.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. G.S.

"Cold in the Head"

An acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

BIG SPRING PAPER GIVES OIL NEWS

The work of erecting the derrick on the C. D. Read ranch for another test well is to be started today. R. S. McDonald, rig contractor, received instructions to have the derrick completed by Oct. 15th and the material is now being transported to the drilling site. This well is to be drilled about two thousand feet northwest of Read No. 1 of the General Oil Company.

This test is to be made on a 2,560 acre tract which was leased by a company composed of oil men, bankers, and business men of Pittsburg, Pa. The head men of the company have been interested in the Big Springs field for some time and are going to

make a thorough test for oil on the acreage owned by them.

It is indeed good news for our folks that this company of successful business men, as well as oil men, are to start at once on this test. We believe that this company is going to start the ball rolling for an active development campaign in this section.

One of the big oil companies has had a representative here recently who has been endeavoring to secure acreage near the drilling site the Pennsylvania men have selected.

General Oil Company

A. B. Conley one of the trustees for the General Oil Company, returned Wednesday night from Houston, where he had been to confer with the other trustees relative to future operations.

It is encouraging to learn that Mr. Conley will continue to make his headquarters here to supervise drilling operations which the company

expects to resume in the near future; in fact, just as soon as they can get some preliminary work completed.

Believing as so many have contended that the McDowell No. 1 is an edge well, since McDowell wells No. 2 and 3 both west of No. 1 are non-producers, they plan to drill the new test southeast of the McDowell No. 1. The derrick from well No. 2 will be skidded to the drilling site. Being able to secure fuel oil from McDowell No. 1, as well as having the log of the McDowell wells to go by, they will be able to drill this well in quick time and at less expense.

This may be just the beginning of extensive operations to be carried out.

Refinery May Locate Here

Believing that the finding of oil in the McDowell, Foster and Conoway wells in this portion of West Texas indicates the existence of a big pool, a Boston, Mass., company is in com-

munication with the Chamber of Commerce with a request for data relative to a site for a refinery. The president of the company, who is fairly familiar with development in this section, gives it as his opinion that it is only a question of time until a real oil field is going to be developed.

When some of the wells now started are completed to a greater depth it is believed that big production may be secured, and if so, a refinery will be a necessity, as well as a paying proposition for the owners.

Texas Company Buying Leases

It is stated that a representative of the Texas Company is now in this section for the purpose of securing oil and gas leases.

From the best information at hand it seems that the company is checkerboarding in quarter sections. While they are only offering one dollar per acre it is indicative that they believe there is a possibility of oil being developed here and want to be protected.

As most of the land owners of Howard County also believe an oil field is going to be developed we doubt if this company acquires much acreage at the price they are offering.

At the Enders-Cushing Test

Drilling is now in progress on the Enders-Cushing test, but the eight inch bit is making slow progress due to the caving formation. It is only possible to drill a few feet a day on account of the sand caving in, and the depth of the well is 2,655 feet.

The six and five-eighths inch casing was removed until a hard formation was encountered where it would be possible to cut off the water.

Bill Gallagher is now one of the drillers on this well taking the place of Mr. Croom who was called to Strawn by the illness of his wife.

In the Iatan Section

The gasoline engine now being used to pump oil from Foster well No. 1 is now propelled by gasoline supplied from this well. Fuel oil from this well will also be used at Foster well No. 2, located about 2,000 feet southeast of No. 1, which well is to be spudded in within the next day or two.

The oil from No. 1 in excess of the amount kept in storage is being sold to gins and other concerns using fuel oil.

TOYAH BELL IS SHOWING OIL AT 4,360 FEET DEPTH

Pecos, Texas, Oct. 6.—Oil is standing within 700 feet of the top of the 4,360 foot hole of the Toyah Bell No. 2, 20 miles north of Pecos, as fishing operations continue for the string of tools which were blown 359 feet high in the well where they stuck and stopped the greater part of the gas flow.

Oil men are flocking here from all directions, and other visitors are arriving.

A special car containing a group of officials of the Santa Fe lines which operate a line within four miles of the Toyah Bell, is to visit the well this week. The station of Arno is four miles from the well, and favorably situated to care for the needs of the field when the well comes in.

Manager Ralph Sparks of the Pecos & Northwestern Telephone company has prepared plans for the construction of a telephone line and the installation of a switchboard near the well when the oil comes over the top.

The find in the Toyah Bell has stimulated activity in other sections of the Pecos territory, and arrangements are being made to shoot the Troxel well northwest of Toyah. Parker and Hancock have returned from California prepared to put a 600 quart shot of nitro-glycerine in the well.

A 200 quart shot was put in the well at 1,950 feet last spring and oil stood several hundred feet in the hole as a result, but did not gush over the top.

As there is 80 feet of formation bearing oil in this hole, the managers believe that the well can be made to be a larger producer. This well is 20 miles west of the Toyah Bell.—El Paso Herald.

Whah is Yuh Been?

The following little story illustrates very nicely the extremely human tendencies under which the majority of us labor—

Rastus was very small and very black, and Rastus liked to ride. One day, in some miraculous manner he found himself owner of a fifty-cent piece. In the neighborhood was a merry-go-round which Rastus had often watched longingly, so just as soon as he had secured the fifty-cent piece he proceeded there immediately. His mother watched him ride until his money was all gone. When he returned she remarked as follows—

"Honey, yuh sho' is had a good time, ain't yuh? Yuh is been ridin' all mawnin', yuh is spent yo' fo' bits, but— WHAH IS YUH BEEN?"

Figuratively speaking, we are all spending a lot of money and time riding "merry-go-rounds," and each day when we try to find out how far we have gone we find that we have landed perhaps six feet farther back than we started. LET'S QUIT IT! Let's start a bank account and after a while, if we keep faithfully at it,

WE CAN OWN A MERRY-GO-ROUND OF OUR OWN!

When it comes to a question of the best place to begin, the place will be easily found. We are right in the heart of the business district.

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

AT THE METHODIST CHURCH.

We are delighted to be returned to Colorado for another year. We come back with a resolution to do better work than we did last year.

We shall look to God, daily for His

guidance and approval. Wherever whenever we can serve the people of Colorado in Christian friendship, we are at your service. Count us as friends and we shall strive not to disappoint you.

Come to Sunday school Sunday at 9:45 and then to preaching at 11 a. m. and 7:30 p. m. The pastor is specially anxious to meet a full attendance of the church members at each of these services.

Plans for the new year will be discussed and organization for the year's work will be effected at the evening service. Begin the new conference year in the right way by attending Sunday school and church services. We need you.

C. L. BROWNING, Pastor.

Catholic church services will be held at the Catholic church Saturday morning at 9 o'clock, according to information received by The Record Thursday from the pastor, Joseph M. Keller of Stanton.

A NEW COAL FIRM IN TOWN.

Mr. L. B. Rice of the firm of A. Rice & Son at Paris, who are extensive coal dealers there, has associated himself with W. A. Grubbs and is entering the coal business here upon a large scale.

They have leased the Lambeth Coal Yards and will handle coal from the Lambeth yards.

Mr. Rice has had many years experience in the coal business and knows which mines ship the best grades and assures the people of Colorado that he will give them the best coal obtainable and at as low a price as he possibly can.

The name of the new firm is Grubbs & Rice and the business will be under the personal supervision of Mr. Rice.

COLORADO REBEKAH LODGE HOLDS INTERESTING MEET

The regular meeting of Evergreen Rebekah Lodge No. 223 at Colorado was made doubly interesting Monday night because of the presence of visiting Rebekahs from Sweetwater, Loraine, Big Spring and Snyder. The addresses of welcome on behalf of the local lodge was delivered by Mrs. J. M. Green.

Two candidates were introduced into the mysteries of the order by the Sweetwater degree staff, after which a lively contest on the "Unwritten Work" was indulged. The judges selected to award the prizes offered were Mesdames Snyder of Big Spring, Reynolds of Sweetwater and Strayhorn of Snyder. The prizes were: 1st, \$5; 2nd, \$2.50; 3rd, \$1.50 and were offered by J. D. Sherwin of the Colorado lodge. They were awarded to Mesdames W. L. Doss, Jr., Will Cooper and E. B. Canada, in the order named.

Mr. Sherwin announced additional prizes of one dollar each to be paid each officer of the lodge who could quote from memory their charge by the next meeting.

Wisdom in Reduced Cotton Acreage

In the opinion of the Manufacturers Record, the advance in the price of cotton proves the wisdom of a reduced acreage with an increase of food-stuff.

"If the South will, now and forever be independent and rich, let it cut its cotton acreage heavily for all time to come and intensify the acreage it does cultivate in order to reduce the cost of production and then concentrate on foodstuffs for itself and for the country. Then home-made fertilizers will enrich its soils, grain and grasses and cattle and hogs will diversify its agriculture, enlarge the horizon of its farmers and add enormously to their prosperity. Never was there a better object lesson than the present."

Farm and Ranch has been preaching this doctrine for many years. Its soundness has been frequently demonstrated, but not in recent years has it been more forcefully presented than during the present advance in the

price of cotton. If Southern farmers will continue to keep their production within the probable limits of the demand, and do it by more and better cotton per acre, they will soon become more prosperous than the farmers of any other section of America. On the other hand, if good prices tempt them to increase the total production of the staple until they have more than enough and to spare, we may again expect to hear calls for Government aid and witness another period of depression.

The buying power of every known commodity, even gold, depreciates if the supply exceeds the demand. There can be too much cotton, even though it is the most useful, and therefore, the most valuable of known fibers. Having a near monopoly of this fiber, the Southern cotton growers, by refusing to produce more than the world will take at cost-plus, will usher in an era of prosperity, often dreamed of, but never realized before in the history of the industry.—Farm and Ranch.

"I will purchase the best window shade to be had for the money at H. L. Hutchinson & Company.

THE WAY IT GOES IN TEXAS

To give you an idea of the opportunities awaiting one in West Texas, we cite a case in Mitchell County. At the close of the cotton season last year a man who with his family had been picking cotton in that county finished up practically without funds. He decided he would like to stay in that county and when he found he could rent a place he tried to mortgage his wagon and team at one of the banks for \$25.00. The bank turned him down but suggested that he call on the county judge who sometimes made loans. The judge did not have any funds available but suggested that he call at the other bank. The almost discouraged man stated that it was after banking hours so he might as well give it up as a bad job and move elsewhere in search of work. The judge gave the man a dollar to pay his expenses until the next day so he could wait and try to secure a loan from the other bank. The bank agreed to advance the \$25.00 but urged that the borrower cut his expenses to a minimum. This man borrowed an additional sev-

erty-five dollars during the year; doing odd jobs, to help him along during the year. By hard work he made a bumper crop and will probably make one hundred bales of cotton, seventy-five bales to be his portion. If the present price of cotton continues he will make a real stake. He plans to purchase the farm he has rented this year. This farm, consisting of 160 acres, will cost him \$6,400; so he will have \$1,000 or more after he meets all his obligations, pays for extra labor, etc.

If any other section can beat this actual happening we would like to learn of it.—Big Springs Herald.

A GOOD REPORT.

The West Texas Fair at Abilene reports a profit of \$3,000 which is a most gratifying report as it is usual for fairs to run behind in finances. It is already being planned to make the West Texas Fair next year bigger and better and Colorado with Mitchell County will help to do so.

It is a deplorable fact that less than one-third of the people of Colorado ever attend any kind of church service on Sunday. The church buildings are comfortable and all of them have able ministers, yet Sunday after Sunday they speak to empty benches. One of the most disheartening or discouraging things we can imagine is for a minister to work hard all week preparing a sermon for Sunday and then get up and deliver his well studied message to empty pews. There is not a church in Colorado with perhaps one exception, that one half its membership is ever present. The church cannot expect the outsider to attend when even its members will not. Everytime a member fails to attend church services that member breaks the church covenant. The Bible teaches that the church is like the human body, so when one member of the body is injured the whole body suffers. So it is with the church. One member does wrong and the whole church suffers. It is not only your duty to attend church services but a divine command.

Our good friend F. M. Bourn was notified a few days since that he had a very heavy parcel post package at the post office and he pondered for sometime on what it could be. It has not been so long since anyone could tell what was in a package by express or parcel post, but now one can only guess. When Mr. Bourn opened his box it contained nearly a bushel of the finest Irish potatoes we have yet tasted. How do we know? That's easy, for Mr. Bourn brought three big messes or rations to the Record office, one for F. B. one for A. L. and one for W. S. Cooper, and all are agreed that they were very fine. They were sent to Mr. Bourn by his sister, Mrs. J. H. Crawford, who lives at Steamboat Springs, Colorado, and were the famous Colorado potatoes. Thanks.

"Why don't you dress before you start?" he said. "I'd just as soon see you put on your stockings in the car as your gloves." "Yes," answered his wife, "most men would."

A good farmer friend says if the fellows who are swinging a golf club every day will come out and help him pick a bale of cotton he could get out of debt and start life anew.

IN SOCIETY AND AT THE CLUBS

CIRCLE MEETING.
The Circles of the Baptist Auxiliary are studying stewardship and missions. Circles No. 1 and No. 2 met at the church Monday and after the lessons spent an hour quilting on the quilts for the Orphan's Home box. Circle No. 3 met with Mrs. G. W. Smelt and after the lesson hemmed the quilts that were quilted at the all-day quilting last week. Next Monday will be the regular missionary study and the meeting will be with Mrs. T. J. Ratliff.

LITERARY CLUBS.
Most of the literary clubs began work last Friday and all report good meetings and renewed interest in the work.

THE 1921 STUDY.
The 1921 Study met at the home of the president, Mrs. Stewart Cooper. After the business period the president gave her address, which was full of optimism for the year's work. The mothers of the members were invited guests and quite a number responded. They were Mesdames. Earnest, Dozier, Arnett, Robison, Miss Cravett, the Red Cross nutrition worker, was also a guest and the members of the club promised their help in her work. The diversion for the hour was "pied cities." The hostess served lemons ice and cake. The meeting this week is with Mrs. Roy Dozier.

STANDARD.
Mrs. C. M. Adams was hostess for the Standard with all members present except two, one being out of town and the other had sickness in the family. The roll call was vacation pleasantries. The study of McBeth was begun by a character study of the play. After the program the hostess served dinner at which time Mrs. Meeks was an invited guest. The meeting this week is with Mrs. Prade.

BAYVIEW.
Mrs. Robert Brennan was hostess for the Bayview. The regular work was begun on the study of Othello and the Bayview magazine. The guests for the social hour were Mesdames. Y. D. McMurry, H. C. Doss and Miller of El Paso. The hostess served fried chicken, its accompaniments, cake and coffee. The meeting this week is with the new member, Mrs. J. R. Bennett.

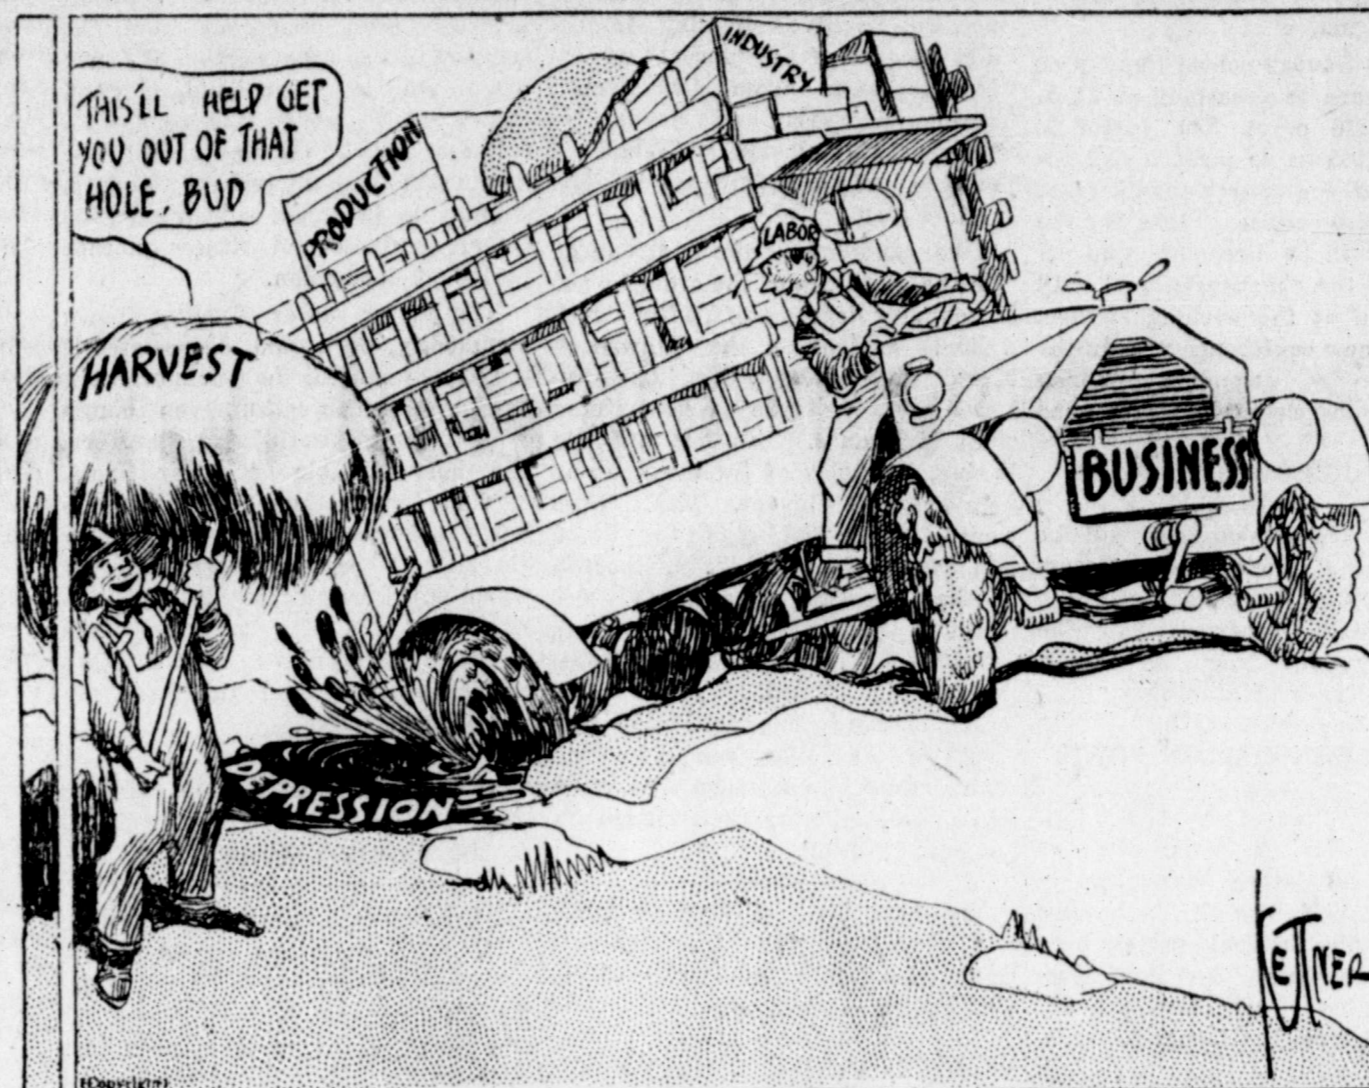

HESPERIAN.
On account of the serious sickness of one of the members the Hesperian did not have the open meeting, but regular work will be begun this week with Mrs. A. L. Whipkey hostess.

AUXILIARY TO LEGION.
The auxiliary to Oran C. Hooker Post, American Legion, met in the Legion rooms Saturday at 4 p. m. Besides the regular business fifty dollars were given the home boys to be applied to their work. Mrs. Almond was a guest.

HARMONY CLUB.
Mrs. Chambers was hostess for the Harmony Club this week. There were six tables of players. Her guests were: Mesdames. P. C. Coleman, W. P. Leslie, T. J. Ratliff, F. B. Whipkey, Jerold Riordan, H. S. Beal, E. M. Majors, M. Carter, F. E. McKenzie, T. J. Coffee, Misses Earnest, Riordan and Mabel Smith. She served cream, chicken, olives, pimentos, sandwiches, cheese balls, Osgood pie, cherries, whipped cream and tea. The meeting next week is with Mrs. Coe.

CENTRAL CIRCLE.
The Central Circle of the M. E. Missionary society met with Mrs. Barcroft Mosday afternoon. The new chairman, Mrs. King, presided. Mrs. Elliott resigned as secretary and

Helping Hand

Mrs. Boyd Dozier was elected to fill her place. Besides the routine business, plans were made for a pouncing for the pastor, Rev. C. L. Browning, on his return from conference. Mesdames Hall, Hurd, Edwards, Johnson, Edmondson, Smiley and Roland, Martin Hutchins of Loraine visited the Circle to get plans about the Calendar System of carrying on the work. Six dollars and fifty cents were received as dues and sixty-five cents on the flower fund. Mrs. J. W. Sheppard was made treasurer of the flower fund. The hostess served grape ice, grapes and cake. The next meeting is with Mrs. J. A. Buchanan.

AUXILIARY TO C. W. B. M.
The Auxiliary to C. W. B. M. meeting was held with Mrs. W. L. Doss, Jr., last Thursday. The program was on India's Millions. The roll call was a worker in India. The special music was a solo by Mrs. C. T. Harness. India's sunset song. The pastor, Rev. D. R. Hardison, gave a talk on Human and Natural Resources. Mrs. Coe had a paper on medical missions, Mrs. Dickerson one on social conditions, Mrs. Pond had "Through the Eye Gates." At the social hour the hostess served ice cream and cake.

U. D. C. Meeting.
Regular meeting of the U. D. C. will be held with Mrs. Tom Hughes Tuesday, October 18th, at 3:30 p. m. There will be business as well as a social meeting.

MERRY WIVES
Mrs. Everett Winn was hostess for the Merry Wives Wednesday. As it was annual election of officers her guests were only the members. Following officers were elected: Mrs. Vivian Shropshire President; Mrs. Ed Jones, Vice President; Mrs. Lucia Maddin, Secretary and Treasurer; Mrs. Oscar Price, Press Reporter. The time of meeting was changed from 4 to 3:30 o'clock. The hostess served chicken salad, tomatoes, olives, celery, crackers and coffee. Meeting next week is with Mrs. J. A. Sadler.

A Pleasant Afternoon.
Neighbors of Mrs. Maddin enjoyed a very pleasant afternoon in her home Wednesday. She invited them to bring their work and come sit with her. There were fifteen present and tongues kept time with the needles. Mrs. Maddin was assisted in serving a salad course, ice tea, punch and two kinds of home made cake, by Mrs. Reed, who has recently come with her husband from El Paso, and are making their home at the Maddins.

HELP YOUR LOCAL PAPER.
Don't make fun of your local paper. It has possibilities of being as good as that it reflects the ego as good as any in the country—and remember that it reflects the community in which it is published, and it is the one product that goes to far places bearing the town trade mark. It deserves the best you can give of active support and sympathetic understanding. Give the editor news, whether it benefits you or not. Don't ask him to print it on the front page and just the exact way you handed it in. Don't worry lest the editor makes

Uncle Walt's Story
Walt Mason

PLEASURE OF GIVING

"SKIMBACK, the banker, is acquiring quite a reputation as a philanthropist," observed the druggist. "He's always giving to somebody or something, and I notice that the sickening details always get into print. He believes in keeping his left hand posted as to what his right hand is doing, and nobody ever will see him concealing any of his lights under a bushel." "I'm sorry to hear you refer to that great and good man in sarcastic terms," said the village patriarch. "Every day I hear similar remarks concerning him, and I think it a poor appreciation of his generosity. As you say, he's always giving, and it's a small business to look a gift horse in the mouth, as the psalmist says. If he hires a man with a megaphone to announce his benefactions, he isn't hurting anybody."

"Caustic things are said of every philanthropist who manages to get some advertising out of his liberality, but it's my opinion that you'll have to hunt a long time, with a searchlight and a pair of gumshoes, before you find the man who enjoys doing good by stealth. If you do find him, he will prove to be a freak, and it will be your duty to see him returned to the asylum from which he escaped."

"We are all more or less hungry for the approbation of our friends and fellow citizens. And I am glad it's so. If we didn't care three whoops what our friends thought of us, we wouldn't paint our houses, or mow our lawns, or trim our whiskers. We wouldn't spend any money for flowers or balled shirts or any of the things which make life beautiful and attractive. If a man spends a lot of money for a gorgeous lawn, with real trees and expensive flowers, and all sorts of ornaments, he's doing it because he wants to be praised by the people who see it all. You don't see any such lawns in lonesome rural districts. There the front yard always is a calf pasture."

"The farmer reasons that it's no use having a pretty lawn, for there's nobody to admire it. Nobody ever goes past the place except an occasional lightning rod agent or a man who is taking orders for fruit trees."

"Why don't you sneer at the town man who puts so much money into too much money. If he's prosperous, he'll be foolish enough to give his community a better paper; that's an editor's ambition—that's why he engages in the publicity business."

Tell him when he has a good paper. You are willing to congratulate your preacher on a good sermon, and your merchant on an attractive window display, he editor is no less grateful for a word of praise.

Make it a point to visit the print and complexities. At least that will give you a more charitable attitude. The paper should not be the product of the editor solely, but of all those who are interested in it as friends, contributors, readers or advertisers.

scamium grounds? It's all a grandstand play. He expects to get advertising out of it, and he does, and he deserves it. We shouldn't criticize any man who is doing good, even if we don't like his methods.

"Some people say that Skimback is trying to atone for all the sinfulness of his past career. It is argued that until recent years he never gave away anything, but was after the dollars by day and night, and didn't care who got hurt so he overtook and captured them. They tell of mortgages he foreclosed, causing unspeakable suffering here and there. He is accused of resorting to every dark trick to increase his hoard. Most of the stories probably are bunk, but what if they are true? Now that he shows signs of repentance in his old age we should encourage him in every possible way, and if he gives a phonograph to the high school, or puts up a public drinking fountain in the public square, we should tell him he's everybody's darling, and not dig up a lot of ancient history for his confusion."

"I haven't much money to give away, but when I do loosen up to the extent of a dollar or two I like to have an audience. I like to imagine that people are saying, 'What a great-hearted, benevolent old geezer he is!'"

OUT BUFORD WAY.

We wonder what the chances are of starting a "good fellow fund" like the Star T. does every winter down at Ft. Worth? We thought if the movement met with the approval of the public, that we would call on the club for a "passel" of coal if these mothers begin coming more often than twice a week.

Bro. Leach got Bro. Carr to fill his appointment Sunday at eleven and Sunday night. Bro. Carr is a new man in our county, and preached two very interesting sermons. Sunday School was reasonably good Sunday morning, but we missed quite a few good folks who have been attending regularly.

Mr. and Mrs. Martin have as

their guests this week Luther and Miss Erna Webb and Mrs. Lusk Merrill and little daughter of Southbend. Ben says he came out to get acquainted with Bill's new jitney.

Dr. W. H. Morrow of Hermleigh stopped in at the Palmer home for a little visit last Monday. He had brought a patient Mrs. Brown of Dunn, to the sanitarium for an operation.

Herman Gist had rather a sudden attack of appendicitis and was operated on Monday evening. The last report from him was that he was doing well.

The Sunday School decided to give the entire collection for one week to a fund to buy and make something usefull to Miss Fannie Redmond while at the sanitarium at El Paso. She leaves today. We realize that Miss Fannie gave the best part of her life to her school work, while a teacher at the Buford school several years ago, and we feel like we can do nothing too good for her now. Mrs. Blackard and Mrs. Bodine were appointed as a committee to see what she would need most, and decided to buy the material and make her a bath robe, and then get slippers to match. It was given to her last Tuesday evening.

We are looking forward to the time when our school will begin and our teachers come into the community. Mr. and Mrs. Claud Hooks will move to their farm 3 miles northeast of the school house and we surely welcome these good folks to our community. We will have more school notes for information later.

He done it agin! He sez, sez he, "We have lots of competition among our 'street buyards' here." We sez, sez we "Mister, you got just about as much competition here among the 'street buyards' as one billy goat has on the dump grounds of a one-hoss town after a clean-up, campaign." Why that fellow didn't know that our 'street buyards' sent all the way down to the Dallas office of the Farm Bureau and wanted to buy this cotton down to the compress, yes sir, and our good ole officers down there sez, sez they, "no, we don't sell to nobody but the

spinners, and you 'street buyards' out at Colorado can't spin a good yarn.

That fellow didn't know what to say hardly, but finally he sez, sez he, "Be 'ding-fod' if I don't believe I'll hunt up Mr. Secretary and jine."

Enthusiasm

Enthusiasm in a school room Works like yeast cake in the dough; Each depends upon the other, If you want to make things go.

Dough would always mean just heavy If you left it to itself, And the yeast cake too, is useless, When upon the pantry shelf.

When you mix the two together, Zip, the stuff begins to grow; There is life and zeal about it, Soon its work begins to show.

And the students may sit and sour Like a batch of heavy bread, With enthusiasm lacking And the energy all dead.

Get elated over something, Get inspired with the work; Be on time, get there early; Make it a rule, you will not shirk.

Keep yourself from being lifeless. If you want to grow, Mix in some enthusiasm; It will rise just like dough.

Wealth and leisure are not needed, Workers are the ones who thrive; Talk things up! enthuse a little; Show that you are still alive.

Life's Work

If this world had no sorrow, If this life wasn't so sublime, What would be the use of living Just for time and then—time.

Let's begin life's work anew, Begin it with a better zeal, Let's be better through and through Before our book of life He seals.

Then, when our work is finished, If it has been for the best, We'll then receive the reward As those who are blessed and from Him who bless.

Fuss and Features.

Some days you feel happy Full of fun and perfectly free. Then you explode with a laughter Like the French big seventy-three.

And is was on one Friday night The time of my life I did see, Over on the north side On Third and Fisher Street.

I suppose I must tell it all, And I must say it was a fright, My friend who had always helped me Said "No," and refused that very night.

But I suppose he couldn't help it Since the temptations were so great, He gave his reasons for refusing to talk.

And finally pulled his freight. And from that day until this He's ben jolly and awful gay, But I am off of him Like a dirty shirt on wash day.

Now let me give you some good advice If you are a friend, Do as you use to do

And when a pal gets in a tight Step right in and help him thro.

But here comes the slacker And the author of this poem May have to suffer the consequences And I must be goin' in.

SWEETWATER EXCURSIONISTS TO VISIT COLORADO SOON

A trade excursion requiring three days to make by automobile and covering a distance of 327 miles has been arranged by the business and professional interests of Sweetwater. The party will leave Sweetwater on the morning of October 25th, and under the announced schedule would camp at a site 15 miles south of Colorado.

A formal invitation has been extended the excursionists by both the Colorado Chamber of Commerce and the Booster Club to change the schedule so as to arrive in Colorado on the evening of the first day and camp here, instead of a few minutes out. It was not known Thursday morning whether the invitation would be accepted. However, Hubert Toler of Sweetwater, and who has charge of the routing, stated in Colorado Tuesday afternoon that he believed such would be done and at any rate Sweetwater would appreciate very much the hospitality extended.

Phone Broadus, they have it.

COUNTY COMMISSIONERS IN REGULAR OCTOBER SESSION

Commissioners' Court was convened in the regular October session Monday morning and aside from passing an order authorizing that the work on West Point Avenue, from the eastern city limits to an intersection with Austin Street, planned some time ago in an agreement between the court and the City Council, be done, nothing other than the regular routine work was done.

Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 10, 1921
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida
Gentlemen—

I submit herewith the history of a 334 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.

Gentlemen—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

TOBE CRAWFORD WAS ARRESTED YESTERDAY

Sheriff W. E. Bradford and Deputy Will Manning yesterday afternoon arrested and placed in jail Tobe Crawford, who is accused of being an accessory to the escape of B. C. Girdley, who was delivered from jail by parties unknown on the night of September 29th.

prisoner is said to have been affected. Information about this key was secured by Sheriff Bradford, who through the sheriff's department at Mineral Wells, has located the maker of this key, and such other evidence as led to the arrest of Crawford.

The whereabouts of B. C. Girdley still remain a mystery to the general public. Officers, however, are no less busy studying the escape, and there is rumor of his probable capture in the course of a short time.

YOUR COMFORT AND MINE

San Angelo Standard: Something that probably has puzzled you often is expressed in this letter from a reader of the Standard: "Years ago I paid 25 cents to have a trunk hauled by a baggage man with horse and wagon. Inventors gave us motor trucks, which now charge 50 cents for the same haul. I claim that the nation, that mechanical inventions make for cheap production is a fallacy. In the last 50 years, so-called labor saving devices have been applied to coal mining, cloth weaving, transportation, farming and other industries.

"What is the real result? Have these inventions given us cheaper products? They have not. Prices have steadily advanced. Everytime an inventor makes a short-cut in the production of any article, the price tends upward. My notion is that the solution of the cost of living is to go back to the old-fashioned system of making things by hand. Let us discard our burdensome machinery."

NOTICE OF SHERIFF'S SALE THE STATE OF TEXAS County of Mitchell

Notice is hereby given that by virtue of an order of sale issued out of the Honorable District Court of Mitchell, County, Texas, by the clerk of said court, on the 5th day of October, 1921, in the case of Earl Morrison vs. Clyde Hines, No. 3702, on the docket of said court, on a judgment rendered in said court on the 22nd day of April, 1919, in favor of the said Earl Morrison and against the Said Clyde Hines for the sum of \$3,047.74, with interest thereon from the 22nd day of April, 1919, at ten per cent, per annum, and costs of suit, with foreclosure of an attachment lien on the following described real estate, to-wit:

An undivided one-eighth interest in and to Section No. 36, in Block No. 28, Township One North of the Texas & Pacific Railway Company surveys, in Mitchell County, Texas, save and except 320 acres off the East side of said section 36.

As said attachment lien existed on the 19th day of October, 1918, and levied upon as the property of said Clyde Hines, and that on the first Tuesday in November, 1921, the same being the 1st day of said month, at the courthouse door of Mitchell County, Texas, in the town of Colo-

and happier if we discard most of the devices made necessary by congested civilization, junked our machinery and went back to the simple life? The standard of material living constantly advances, but is the price worth it?"

BUSINESS PICKS UP

Is business getting back to a sane basis? A representative of New York Commission merchants told Southern textile manufacturers that he brought a message from New York financial circles that the worst had passed and conditions are on the mend.

The nation's bankers meeting at Los Angeles decided that the blue funk of commerce was a thing of the past, that there has been a decided change for the better in the mental attitude of the men who keep the wheels of industry spinning, that the armies of unemployed are finding jobs, that money is more plentiful and interest rates lower, and that liberty bonds are to continue their recent steady rise in values.

Optimism is the keynote of the times, in finance, commerce and industry. Agriculture is looking up, and building activities are coming alive in every section of the country. The post war scare seems to have been eliminated by a gradual return to sanity in business.

The livestock industry, like a good many others, is still handicapped by lack of adequate loans, but even this situation is being remedied, if we are to believe recent reports.

Retail and wholesale business is reviving. Retailers in all lines are buying for the fall and winter trade.

America has quit waiting for Europe to make the first move, and is beginning to move some herself.

FROM FORMER PASTOR

A letter to the Record from W. C. Garrett up at Matador, writing on a business proposition, says in part: "Our work goes well here, everything about the services is fine except the preaching, and that is the best I can do. The people are charitable enough to say they like that. Our whole report is the best the Church ever made, and also the best of any church in his association. Tomorrow ends my first year here. I hope the next report will be still better.

Jess Hill (our son) is having a fine work with his church at San Angelo. Just had a letter from him telling of five conversions in the regular services there last Sunday. And nine additions to his church the same day. Hume Pender, our younger son, is teaching in the High school at Roaring Springs with Mr. Charlie Bishop, your present pastor's son, they are getting on fine. Hume likes his work and is the only one, so they say, that has handled that bunch of boys and girls (the seventh grade) so well, for some time. God bless all you Coloradians, I still love you all.

In Him, your brother, W. C. Garrett.

Trade with us—we have nothing but the best in millinery and our prices and styles will compare favorably with much larger places. Mrs. B. F. Mills.

DEPUTY STATE GAME WARDEN

C. A. McClintic of this city has been appointed Deputy State Game Warden by Commissioner W. W. Boyd of Austin, and is now a full fledged officer of that department. He will look after the violations of the game laws in Western Texas, or in fact any part of the State, and no doubt Charlie will make a good one. If you think of killing more game than the law allows, or kill game out of season, you had better be careful, for Mr. McClintic is going to be right on the job, and he will see that the law is enforced. A good appointment.—Sweetwater Reporter.

LEGISLATIVE MANUAL CAN BE OBTAINED FREE

In compliance with a resolution introduced by and passed through the instrumentality of Senator R. P. Dorough of Texarkana a thousand extra copies of the "Legislative Manual" of the 1921 Texas legislature were printed for free distribution. This is probably the first time that citizens of the state, other than members of the legislature and state officials have had the opportunity of securing a copy of the "Legislative Manual," as before a very limited edition has been printed.

The extra copies were printed in a response to the numerous demands for material contained in the Manual and not accessible elsewhere. This manual contains an up to date copy of the Constitution of Texas, and out side of certain expensive compilations of Texas Statutes, the Manual is the only place where anything like an up to date copy of the Texas constitution can be found. This manual also contains the Constitution of the United States; lists of members of the House and Senate, the rules of both houses, standing committees of both houses, as well as other material of interest.

A request addressed to Miss Octavia F. Rogan, Legislative Reference Librarian, State Library, Austin, enclosing postage for transportation will bring a copy of the Manual. The Manual weighs, unwrapped, one round two ounces, making the postal charges for the first and second zone from Austin six cents; for the third zone eight cents, and for the fourth zone eleven cents for a single copy.

Teachers of history and civics may obtain several copies for class use.

AT HIGH SCHOOL TUES. DAY NIGHT OCT. 18TH

The Biltmore Orchestra

Happy Medium Struck by Talented Group of Orchestral Artists—To be Heard Here.

The two most common criticisms of orchestral work are that the orchestra plays either a too classical program or a program which is altogether too light and "jazzy." In the talents of the members of the Biltmore Society Orchestra, which is to appear here on the evening of October 18, at the High School, local folks will enjoy a happy medium in the type of program offered. A long tour during the past summer on one of the largest Chautauqua circuits of the country has won such fine commendation for the Biltmore Orchestra that the Dixie management can unhesitatingly commend the program to all classes of music lovers.

Primarily, the Biltmore Orchestra consists of a group of fine orchestral artists, headed by Mr. Eugene Schweizer, a noted young leader of rare talent, and considerable experience. Consequently the Biltmores play the standard symphony numbers with as much ease as they do the more popular orchestrations of the current season. They offer a program which has a strong appeal by reason of this very fact.

The program not only includes instrumental efforts, but features some strong vocal combinations as well. Mr. Schweizer, the leader, has an unusual baritone voice, rich in quality, and with big range and power, and he with some of the other members of his orchestra who are particularly talented along vocal lines, lend a delightful novelty touch to their orchestral program.

The Biltmores have a great program, and those who love really good music along with the lighter numbers have a real treat in store upon the occasion of the Biltmores' concert here.

GRIP

Grip usually starts just the same as a cold with a watery discharge from the nose. You are more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. Adv.

SELLS TELEPHONE EXCHANGE

A deal was closed this week whereby J. T. Ledbetter of Colorado became owner of the Loraine Telephone Exchange. Mr. Fairbairn tells us that owing to continued poor health he has found it advisable to sell the business and take a rest. The people of Loraine have learned to appreciate Mr. Fairbairn as a citizen and telephone manager and are truly grieved that his health has failed. We hope that with a rest and relief from business worries he will speedily recover.

Mr. Ledbetter, who formerly was in the employ of the West Texas Electric Company, has many friends both here and at Colorado. He is an experienced telephone man and the Leader welcomes him to our town.—Lorain Leader.

LOST TWO FINGERS.

Ross Artman, a prominent farmer of Nolan, was in the city Tuesday having his hand dressed, which had been badly lacerated at the time he lost two fingers in a row binder accident Tuesday morning. He was adjusting the conveyor chain on his row bider on the farm, when the team moved, catching his fingers in a cog wheel and mashed them off, and otherwise injuring his hand. He will be denied the use of his hand for some time. Mr. Artman said he had been using a row binder for about 16 years and this was his first accident, and while suffering considerable pain, he was taking it philosophically, and said it would all come out in "the wash." We trust he will soon recover.—Sweetwater Reporter.

ROCHESTER WOMAN TELLS EXPERIENCE

"I suffered for ten years from nervous indigestion. I had no appetite and always felt miserable. I was in such a serious condition I thought my time for this world was getting short. My food didn't seem to nourish me at all and I only weighed 85 pounds.

"After taking Tanlac, I now weigh 168 and am gaining every day. Oh! there is such a wonderful change now. Tanlac relieved my troubles so quickly it surprised me. My appetite is splendid. I have plenty of strength and feel better than I have in years. I wouldn't take one thousand dollars for what Tanlac did for me."

The above statement was made by Mrs. Clara Lehman, Bristol Hotel, Rochester, N. Y.

Tanlac is sold in Colorado by W. R. Charters and all leading druggists. Adv.

BILTMORE ORCHESTRA TO APPEAR OCTOBER 18TH

The Biltmore Orchestra, second number of the Dixie Lyceum course to appear at the High School auditorium this season, is coming on the evening of October 18th.

The first of the course, the Orpheus Four, here a few weeks ago, was highly entertaining, and no doubt the coming numbers will be liberally patronized. There will be five numbers in the course.

Fordson TRACTOR

\$625.00 F. O. B. Detroit

Henry Ford Was Right When He Said:

"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time — a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

RURAL SCHOOL BONDS RECEIVED BY JUDGE HALL

Bonds voted a few weeks ago in the Rogers and Landers rural school districts have been received by County Judge Hall from the printer and after endorsements by the Judge and Clerk and registered by the County Treasurer, will be forwarded to Austin for registry there.

The transcript for the Rogers district is in the sum of \$1,400 and that for the Landers district \$2,000, a total of \$3,400 for the two. The bonds were voted for the purpose of financing erection and equipment of new school houses.

APPLICATION STATE AID RECEIVED BY SUPERVISOR

Application for state aid for twenty-six of the rural school districts of Mitchell County, filed recently with L. D. Borden, supervisor of rural schools, Department of Education at Austin, has been received and formally acknowledged in a letter received by Judge Hall from Mr. Borden this week.

In the letter Borden stated that the Mitchell County applications were the first to be received by the department this year for state aid. The county judge stated Tuesday afternoon that the schools of this county filing these applications could not be denied the assistance requested, if they were to conduct good terms.

\$14,000 was awarded these schools last year through appropriations granted in response to similar applications.

"PERRY'S PLACE" OPENS FOR BUSINESS THIS WEEK

P. E. Graham, for the past three months employed as salesman at the Broadus grocery, has purchased the restaurant business at Jake's old stand on Second street and after equipping the place with new fixtures throughout opened for business this week. Mr. Graham states that the restaurant will be known as "Perry's Place," and will be among the most attractive places of the city.

Graham formerly lived at Colorado but has for some time been making his home at Wilson, Okla. After all, he states, Colorado is the best town of them all, and he has returned to remain permanently.

UNION CITIZEN POSSESSES VALUED FAMILY RELIC

E. M. McCreless of Union was in Colorado Tuesday and called at The Record office. Mr. McCreless had with him an old document concerning a land preemption in Alabama in 1847, which is regarded by him very highly.

The document is in the form of a letter written by S. Haltmarsh, registrar at the General Land Office, Cahaba, Alabama, on September 18, 1847, and addressed to Captain John McCreless, an uncle of E. M. McCreless. The registrar acknowledged payment on land pre-empted by Miss Martha McCreless, who died at Colorado recently at the advanced age of 88 years.

"At the death of Miss Martha McCreless, who was an aunt of mine," stated Mr. McCreless, "the old family Bible she had preserved for so many years, together with other family relics preserved from early days in the history of our family in Alabama, passed to me. Among these I found the letter concerning the land pre-emption."

Captain John McCreless and Miss McCreless were the children of George L. McCreless, a pioneer settler and soldier of Alabama. The latter served the American Army with distinction during the war of 1812.

JOE CRAMER RECOVERING

FROM INJURIES AT GIN Joe Cramer, employee at the Concrete gin of the Continental Oil-Cotton Company, who suffered the loss of an arm Thursday morning of last week when the member was caught in the saws of a gin at the plant, is doing nicely and will recover, according to reports from the Colorado Sanitarium, where Mr. Cramer is under treatment.

The accident was, perhaps, one of the most regrettable tragedies to occur in Colorado for a number of months. Cramer suffered his arm to be drawn into the saws, which tore the member into shreds until only a short stub was left.

MITCHELL COUNTY TAX ROLLS ARE APPROVED

The Mitchell County tax rolls for the present year, recently compiled by Jno. Holt and L. B. Elliott and submitted to Lon A. Smith, comptroller at Austin, have been approved according to information given The Record Tuesday.

There was only one clerical error in the rolls, Mr. Holt stated, this being in the error of posting one poll tax charge tax too many. Auditors in the comptroller's office found the error and corrected it.

FEW POLL TAX RECEIPTS ISSUED IN THE COUNTY

Office Deputy C. E. Franklin stated Tuesday morning that few poll tax receipts had been issued to citizens of Mitchell County up to that date. In all a total of six of these receipts had been issued, parties in four different voting precincts receiving them.

At Colorado Theo. R. Smith was the first to thus qualify his suffrage

for another year, receiving poll tax receipt number 1. To Mr. and Mrs. C. L. Drew, respectively, were issued the other two here. At Loraine Mrs. R. T. Coffey received the first receipt, while at Westbrook C. O. Harper, and at Buford G. A. Ross were the first to qualify for voting in the elections coming next year.

CITATION BY PUBLICATION.

THE STATE OF TEXAS
To any Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon J. B. Watkins, T. C. Green and M. J. Dart by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the Third Monday in November A. D. 1921, the same being the 21st day of November A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of March A. D. 1921 in a suit numbered on the docket of said Court No. _____ wherein H. Cranfill is plaintiff, and J. B. Watkins, T. C. Green and M. J. Dart are defendants and said petition alleging that heretofore, to-wit: On or about the 1st day of January, 1921, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit: All of the Southeast one-fourth (S. E. 1-4) of Section No. Six (6), in Block No. Twenty-five (25), as surveyed by the Texas & Pacific Railway company by virtue of certificate No. 2-1307 and containing one hundred and sixty (160) acres of land, more or less. That on the day and year last aforesaid defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof, to his damage in the sum of Four Thousand (\$4,000.00) dollars. Wherefore, plaintiff prays judgment of the Court that defendants be cited by publication, according to law, to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described land and premises; and that writ of restitution issue and for his damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may justly be entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

WITNESS, W. S. Stoneham, Clerk of the District Court of Mitchell County.
