RED CROSS ROLL CALL IS ON TODAY

The chairman for the Fifth Annual Roll Call, Mrs. Merritt, called a meeting of the workers, Tuesday afternoon for the purpose of completing plans for the drive which starts Friday, November 11th, and continues until November 25th. There were quite a number present and each one present pledged himself or herself to help make the drive a success. The plans are to have a house to house visit for members beginning the morning of the eleventh, having enough on the committee to canvass every street; have booths and solicitors down town and on Sunday have the different churches and schools visited by members of the committee throughout the territory covered by this chapter. Rev. C. L. Browning will look after Buford; Rev. D. A. Hardison, Westbrook; J. H. Green, Cuthbert, and Fairview; Rev. M. C. Bishop, Union; Thomas Coffee, Looney; T. W. Stoneroad, Longfellow, and Judge J. C. Hall will visit Lorraine. Lorraine being an auxiliary to the chapter, has agreed to look after the adjacent locality, and will, we are sure, ably attend to this part of the work.

Most of the work of the Red Cross since the war has been done in a very unostentatious manner, yet it has been as a real friend to those in need. Quite a number of our ex-service men have received help in various ways and several children have been given the necessities and comforts of life during the past year as well as advice and friendly visits and words of cheer given. One young ex-service man is taking vocational training because of a loan from the Red Cross, who would perhaps, otherwise have been a care to his loved ones, as he lost his health in the service of his country. The Red Cross felt that a helping hand in his hour of need was due him. Is not that right?

One of the many things the war taught us was that our young and growing children need to be taught the value of health and how to build up the body. The Red Cross is doing educational work along these lines and stands ready to help the mother that she may teach her children the rules of health. Right now the Mitchell County chapter has a nutrition worker who will give her entire time over the county helping the parents find the defects of the children and helping them to remedy them. Also how to keep the body so there will be no defects that will keep the children from doing their best at home and school. Your dollars will help a child. Do you want better, healthier, happier children? All together, let's put this drive over in a conscientious, satisfactory manner.

The annual membership fee is one dollar. A contributing one is five dollars. A sustaining one is ten dollars and a life membership calls for fifty dollars. At this meeting Rev. and Mrs. M. C. Bishop, Rev. D. A. Hardison, Rev. C. L. Browning, Thomas Coffee and Mrs. Broadus became contributing members while J. C. Prude and J. H. Greene are sustaining members. Several others are expected to join these liberal members. Four dollars and a half are retained by the chapter out of the five dollar members and nine fifty of the ten dollar members.

CITY COUNCIL FAVORS CHANGE IN BOND ISSUE

That the proposed change from forty's to serials of the \$120,000 bond issue for water improvement and sewer system is favored by the city council was determined last week when the council was convened in special session by Mayor Coe to discuss the matter.

Thos. R. Smith, representing the city in handling legal questions arising from the issue, has been directed to report just what action will be necessary to effect the change, City Secretary L. A. Costin, stated Monday. It is probable that an order directing the change will be passed at the next session of the council which is to convene Monday, November 14.

COLORADO PUBLIC SCHOOLS CLOSE ARMISTICE DAY

The public schools of the city will be closed today in honor of the national holiday, Armistice Day, H. L. Hutchinson, president of the school board, stated Wednesday.

Following the proclamations of President Harding and Governor Neff, calling upon the people to observe the day in the spirit of memorial, elaborate programs and pageants are to be featured in many Texas cities and towns today.

In his proclamation, issued at Austin Tuesday, Governor Pat Neff, among other things said:

"Nov. 11, 1918, is one of the greatest days in human history. The first was immortalized by the birth of the Savior who came to make free the souls of men. The second was accorded undying fame by the Declaration of American Independence, which proclaimed to all the world the equality of men. The third, Nov. 11, 1918, chronicled the fall of autocracy and the triumph of democracy; sounded the deathknell of the divine right of kings and proclaimed the divine right of the people.

"On the morning of this day, 20,000,000 men were in arms; on the evening of this day there was not an unfriendly shot being fired around the world. On the morning of this day millions of dollars each hour were being spent for the destruction of human life; on the evening of this day the preservation of human life was the earth-encircling thought. On the morning of this day discord and bloodshed cast a shadow over every civilized land; on the evening of this day peace on earth was the one absorbing thought wherever civilization floated a flag. On the morning of this day the wheels of commerce were standing still; on the evening of this day the five continents and seven seas were preparing to fling wide their doors of trade.

"In the work and welfare that made possible this day the courageous sons and daughters of Texas, fighting by the side of four million other brave American patriots, performed a heroic part. It is indeed fitting that all our citizens should do honor to our valiant soldiery, who, fighting on land, on seas and in the air, added imperishable luster to American arms and undying glory to the flags of freedom throughout the world.

"Now, therefore, I, Pat M. Neff, Governor of the State of Texas, do hereby designate Friday, Nov. 11, 1921, Armistice Day. Let the click of factories and the whirl of wheels be hushed in the busy marts of men. Let the people of the State assemble in the temples of God, the institutions of learning and in public forums generally, and join with the American Legion in solemn and impressive exercises worthy the memory of all those who by their suffering and sacrifices made the day immortal."

COLORADO HOLDING LEAD AS BEST COTTON MARKET

That the buyers of Colorado are paying from 50 to 100 points more than other markets of Texas is shown from day to day through telegraphic reports carried in some of the daily papers circulating here. Scores of the principal cotton markets of Texas are making these reports daily and it is invariably the case that Colorado either heads the list, or is as good as the best.

This record was maintained throughout the season last year and up to the present time this season.

SCHOOL CHILDREN HERE ASSIST ARMENIAN RELIEF

Under the personal direction of Dr. P. C. Coleman, president of the Chamber of Commerce, school children of the lower grades have been organized for a drive to raise funds for Armenian relief. Dr. Coleman visited Grammar School Thursday afternoon and addressed the children on the subject of relief for the sufferers in Armenia and urged them to make special efforts to contribute toward the fund to be forwarded from Colorado.

Saturday scores of school children sold sandwiches in the business district, the entire proceeds of which were applied on this fund.

ALL PLACES OF BUSINESS WILL BE CLOSED TODAY

Every store, office and bank in Colorado, with the exception of one filling station on Second Street, will be closed throughout the day Friday out of honor of Armistice Day. The following petition, carried by W. W. Porter, was signed by eighty-two business and professional men and women of the city, representing every business and professional interest here, excepting the filling station, whose proprietors declined to agree to close:

"Out of due appreciation of what Armistice Day should mean to the American people, and in that we may comply to the petition of Oran C. Hooker Post, American Legion, which post, in regular session Thursday night, requested that we, the business and professional men of the city of Colorado, close our places of business throughout the day Friday in honor of Armistice Day and the memory of the boys who paid the supreme sacrifice in the world's war, we, the undersigned, hereby agree to close, as above stated."

FARMERS GIN COMPANY CLOSES DOWN ONE PLANT

Gin plant No. 1 of the Farmers Gin company was closed down Saturday for the season. This is the old gin located south of the Texas & Pacific tracks. A total of 1610 bales were ginned there for the season.

T. L. Sailors, manager for the company, stated that the new gin, located on West Second street, will continue to operate until the season is over.

The gins of O. Lambeth, Williams & Miller and the Continental Oil-Cotton company are the other plants operating here.

ROGERS CITIZENS PLAN ORGANIZING SUNDAY SCHOOL

A Sunday school is to be organized at Rogers school house, nine miles northwest of Colorado, W. M. Green of that community, reported while in the city Monday. At a mass meeting of citizens of the community Monday, on the occasion of the opening of school, more than sixty dollars was raised with which to make the initial payment on a chapel organ for use of the Sunday school.

The people of that community are also to take more interest in church services there, it was stated and should present plans materialize preaching services will be conducted twice each month.

HILA MORGAN CO. TO SHOW IN ABILENE TWO WEEKS

The large crowds that filled the tent situated across from the Library every night during the past week would indicate that this company is above the average of tent shows.—Abilene Reporter.

BOND ELECTION TO BE HELD DEC. 8TH

An order was passed by the board of trustees, Colorado Independent School District, last week, directing that an election be held at the city hall on Tuesday, December 8, to determine whether bonds in the sum of \$80,000.00 shall be issued with which to purchase a site and to build and equip a new High School building at Colorado, and also to make needed repairs to the two buildings now in use by the district.

Another order was also issued by the board at the same time directing that in connection with the bond election, the proposition of removing the present tax restriction of fifty cents shall be submitted. Under the provisions of a recent Constitutional amendment in Texas, the limit of the tax levy for school purposes may be increased from fifty cents to one dollar on the one hundred dollars valuation of property, provided such be authorized by popular vote.

Petitions asking the board to order an election for voting on these two propositions were carried by W. W. Porter, who stated that local property tax paying voters endorsed the matter almost unanimously.

Should the bond issue be adopted it is the plan of the board to have the proposed new building completed and ready for occupancy before the opening of school in 1922.

JOHN ADAMS DIES ON T. & P. TRAIN MONDAY

John Adams, who sustained injuries to his head and spine last week when thrown from the rear of a truck on East Second Street, died early Monday morning on a Texas & Pacific passenger train between Eastland and Strawn. The injured man, who had been at the home of Horace Cook in Colorado since the following day after receiving the injuries, was being taken to his home at Strawn. Adams is survived by a wife and eight children. His wife, accompanied by her mother, arrived in Colorado Friday and was with him continually until he died en route home.

AMERICAN LEGION HOLDS ENTHUSIASTIC MEETING

The regular business meeting of Oran C. Hooker Post, American Legion, held Thursday night of last week at the club rooms, was one of the most enthusiastic meetings held by the post for some time, Joe Y. Fraser, post commander, stated Monday.

Expressions of sympathy for W. W. Jeffress, post adjutant, who was a patient in the Colorado Sanitarium were voted, and each of the men present shared in a fund with which to provide flowers for Mr. Jeffress.

IN SOCIETY AND AT THE CLUBS

Business Meeting.
The regular business meeting of the Baptist Auxiliary was held at the church Monday afternoon. Besides the usual business it was decided to have a social meeting Thanksgiving evening at the Sunday school rooms. The children will be entertained in the basement at the same hour. Also a box was packed for Backner Orphans Home. So far the value of the box is at \$108. It will not be sent this week as others have asked to have part in this work. All persons having articles, either new or old, please send them to the parsonage and they will be put in the box.

Standard.
Mrs. Riordan was hostess for the Standard. The lesson was from Macbeth. Mrs. Coleman and Mrs. Sherwin gave papers. At the social hour escalloped oysters, pickles, sandwiches, cake and coffee were served. The meeting this week is with Mrs. Smoot.

1921 Study.
Miss Ewell Gary was hostess for the 1921 Study. The lesson was Act II, Scene I, of Julius Caesar, led by Mrs. Tom Pritchett. Miss Mabel Smith read a paper on "The Three Conspiracies of History" the cause and result of each—Guy Fawkes (Eng); The Pazzie (Florence) and Brutus with Cassius (Rome) and Lucian Madden and Miss Ruby McGill were guests. At the social hour the hostess served a salad course. The meeting this week is with Miss Winnie Vaughn.

Bayview.
The Bayview met with Mrs. C. T. Harness. Mrs. Stonerod led the lesson from the Bayview magazine and Othello. Mrs. Simon and Mrs. Royall Smith of El Paso were guests. The hostess served a salad course, cake, custard and coffee. The meeting this week is with Mrs. E. F. King.

Hesperian.
The Hesperian met with Mrs. J. A. Sadler. The regular lesson in Antony and Cleopatra was led by Mrs. Lee Jones. Mrs. Edwards and Mrs. Bishop were guests. At the social hour the hostess served a salad course, cake and coffee. The meeting this week is with Mrs. Vivian Shropshire.

CARDUI HELPED REGAIN STRENGTH
Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.
"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."
For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.
If you suffer as these women did, take Cardui. It may help you, too.

Week of Prayer.
The women of the Methodist church observed the week of prayer for home and foreign missions this week. The subject for study has been Conquest Through Prayer. On Sunday afternoon Mrs. E. H. Winn was the leader; on Monday Mrs. Van King. Tuesday the Young People's Missionary Society had charge of the program. On Wednesday evening at the prayer meeting hour the Juniors gave a play "Daddy Greenback's Birthday Party." The offerings go to the Holding Institute at Laredo and the Lambuth Training School in Japan. The gifts of the children go to kindergarten work in Japan.

AN ALL DAY PROGRAM IS FEATURED ROGERS SCHOOL

The opening of Rogers school Mon-
day was the occasion of a commu-
nity get-together meeting there for
the day. Patrons left their farm
homes, carrying dinner and with the
teachers and pupils, spent the entire
day at the school house, at noon din-
ner was spread on the ground.

The program consisting principally
of addresses by citizens of the Rogers
community and visitors started at 11
o'clock and continued well into the
afternoon.

In a resume of the progress made
by the Rogers school as given by W.
M. Green, a member of the board of
trustees, it was shown that four years
ago school opened in a shack with
an enrollment of ten pupils. From
that beginning the school has grown
until now a modern two-room build-
ing is in use and two teachers are
employed. Chas. Thompson of Lo-
raine has been principal of the school
during these four years and to him
was given much credit for success of
the institution.

WAS SURPRISE OF HIS LIFE, HE SAYS

Oklahoma Business Man Says Tan-
lac Restored Him a Year Ago
Still Feels Fine.

"I endorse Tanlac from the bot-
tom of my heart, for it set me right
a year ago and I have enjoyed the
best of health ever since," said
Claude E. Anderson, 209 Garfield
St., Sand Springs, Okla. Mr. And-
erson is a member of the firm of
Anderson and Day, and his spending
and influence are too well known to
require further comment.

"I hadn't been in good health,"
he went on, "for some two years,
and was so run-down generally I
could hardly take care of my busi-
ness. What little I ate did me more
harm than good and I felt tired out
from morning till night. I was nerv-
ous and restless and my whole system
seemed to be out of order. I didn't
know what it was to feel good and
I was worried over where it would
all lead to.

"I saw Tanlac so highly recom-
mended that I made up my mind to
try it, and nothing ever surprised
me more than the way I picked right
up. Three bottles simply put me to
feeling like I had been wanting to
feel, and to this day I have been in
as good health as I ever was in my
life. Tanlac certainly proved its
worth in my case and there is no
question about its being a great

medicine."
Tanlac is sold in Colorado by the
Colorado Drug Company.

The Effect of Right Thinking.

If the thoughts are negative that
is along the line of dishonesty, im-
morality, fear, failure, and faults,
the brain cells will be demoralized
into that kind of action.

—But if on the other hand, these
ideas are positive, there is certainly
a positive force that results in posi-
tive actions. Therefore, if enough
of these positive ideas are brought in
contact with the brain cells a revolu-
tion is bound to take place in the
human life. The individual will de-
velop from the person on mediocrity
to a person of great power.

For instance, take the life of Dan-
iel Webster. Webster was born on a
farm in New Hampshire in the year
of 1782. Until he was about 20 years
old he was, as we now call it a
rounder. In 1802 he started to col-
lege. Here his brain cells were
brought in contact with positive
ideas and this and other things
changed from the rollicking good-
for-nothing Webster on the farm to
one of the greatest orators and
statesmen the world has ever known.
Put what brought about this revolu-
tion? It was nothing in the world but
the kind of thinking.

And what we want to bear in mind
is that Right Thinking can do just
as much for us as it did for Webster.
—L. F.

Be Careful What You Start.

Parrot and dog were left in a
room all by their lonely. The parrot
thought it would start something to
break the monotony. It yelled, "Sic
em! Sic 'em!" The dog jumped up,
alert and ready to get on the job and
seeing nothing but the parrot to
"sic" it went for the bird. After a
force struggle in which the parrot
was beautifully mused up, it man-
aged to escape to its high perch. There,
in its security, it looked itself over
and muttered: "Tally, you talk too
dam'puck!" Who would be a par-
rot?

"Have a Heart and a Dollar."
The fifth roll call of the American
Red Cross opens today.

Mrs. J. T. Merritt, directing the
fifth roll call for the Red Cross in
Mitchell County, will expect you to
"Have a heart and a dollar" when she
or some of the messengers appointed
by you come with the invitation to
renew your annual membership. Do
not turn them away.

So That's It.

A physician was giving an in-
formal talk on physiology. "Also," he
remarked, "it has been found that the
human body contains surplus!" "Sur-
plus?" exclaimed one of the girl
students, "and how much surplus is
there in a girl's body?" "Oh, the
amount varies," said the doctor, smil-
ing, "according to the girl." "Oh!"
said the girl, "and that is why some
of us make better matches than
others?"

Bobby's Version.

Asked to define "lunch," Bobby re-
plied: "Lunch is what you have for
dinner when your father is away."

Hard in French.

"Frenchy, why do you not learn to
speak English?"

"Well, I tried once but came to a
sentence like this: The first one
won one guinea as a prize, and I
quit."

—MISS PEARL TEMPLETON—

Miss Templeton is also authorized receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipkey Printing Company in Loraine and Vicinity. See her and take your County Paper.

G. H. Richardson, aged 74 years, died of paralysis Thursday afternoon at one thirty, at his home north of town. The funeral was held at the grave in the Loraine cemetery Friday afternoon, Rev. W. D. Green officiating.

Mr. Richardson was born in Lamar county in 1847. He served in the civil war, having volunteered at the age of seventeen. In 1888 he married Miss Martha Adeline Carpenter in Hill county. To this union nine children were born, all of whom are living and were with him when he died. He had been in ill health for three years and death was not unexpected but yet it came all too soon for loved ones are never ready to give up those whom they watch over and love. Mr. Richardson had been a devout member of the Christian church since the age of thirty years. He had lived in Nolan and Mitchell counties for the past thirty-one years and was known and loved by a host of friends in both counties who extend sympathy to those who mourn.

CITATION BY PUBLICATION.

THE STATE OF TEXAS
To any Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon J. B. Watkins, T. C. Green and M. J. Dart by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the Third Monday in November A. D. 1921, the same being the 21st day of November A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of March A. D. 1921 in a suit numbered on the docket of said court No. 2919 where-in H. Cranfill is plaintiff, and J. B. Watkins, T. C. Green and M. J. Dart are defendants and said petition alleging that heretofore, to-wit: On or about the 1st day of January, 1921, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit: All of the Southeast one-fourth (S. E. 1-4) of Section No. Six (6), in Block No. Twenty-five (25), as surveyed by the Texas & Pacific Railway company by virtue of certificate No. 2-1397 and containing one hundred and sixty (160) acres of land, more or less. That on the day and year last aforesaid defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof, to his damage in the sum of Four Thousand (\$4,000.00) dollars. Wherefore, plaintiff prays judgment of the Court that defendants be cited by publication, according to law, to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described land and premises; and that writ of restitution issue and for his damages and cost, of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

WITNESS, W. S. Stoneham, Clerk of the District Court of Mitchell County.

Given under my hand and the Seal of said Court, at office in Colorado, Texas, this 12th day of October A. D. 1921.

How Not to Take Cold.
Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, overeating and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

"I Guess—"

TOO OFTEN a guess, "that the land you buy or sell, has perfect title" means as little as a guess on the weather.

Appearances are often deceitful. What may appear to be a perfectly sound, legitimate business proposition may have hidden away somewhere, the germs of financial disaster.

A carefully prepared Abstract of Title displays the True condition of your land title, whether it be good or bad. The validity of the Title is based on a chain of facts—not guesses.

We spare no expense to put the best quality of material and expert workmanship into the preparation of our Abstracts.

We invite you to our office—Let us explain to you the importance of the carefully prepared abstract.

Get First Hand FACTS About Your Battery

Batteries will wear out—nobody can stop that, but in a good many cases the embarrassment would be less if the owner knew his battery had "one foot in the grave," and was apt to die any time. When anything like that happens we feel that we have failed in our effort to get your car and tell you the facts—the condition of your battery.

One of our most important duties is to tell you—whether you own a Willard Thru-Rubber Battery or not—just how that battery stacks up.

AMERICAN LEGION MEMBERS ATTEND SPECIAL SERVICES

Thirty-five members of Oran C. Hooker post, American Legion, attended services in a body at the First Christian church Sunday evening, where a special service arranged for the former service men by the pastor, Rev. D. R. Hardison and his congregation, was rendered. The men assembled at the Legion Hall and marched from there to the church.

Misses Kate Justice and Nell Guest, two nurses who distinguished themselves during the war and who are members of the post, formed in line with the men, and headed the march to the church. The post at Colorado feels specially honored in having among its membership such distinguished young ladies as these, Joe Y. Fraser, post commander, stated Monday.

Mr. Fraser was liberal in his expression of appreciation for the courtesy extended the post by Rev. Mr. Hardison. The guests were given reserved seats in the church and the sermon delivered was in the main a eulogy of the integrity and character of the men composing membership in the American Legion.

Rev. Mr. Hardison stated that he did not favor class legislation, but if ever in the history of America there had arisen a class of men justly entitled to favorable legislation by the National Congress, it was the American Legion. He expressed the belief that the bonus bill, so long pending in Congress, will finally be passed.

"In adopting your constitution, you pledge that the American Legion would not support the interests of any party or creed in politics," the speaker stated, "but you men have the balance of power in your control and if there ever was an organization of men capable of handling our affairs, both church and state, it is you."

Cuthbert Letter.

Mr. Lewis Wright and family who have been picking cotton in the Cuthbert and Vincent communities, returned to their home near Abilene last week. Mr. Wright stated that his crop had been practically a failure but that he and family had made over \$400 picking cotton for those whose crops were better.

Mr. D. W. Thompson, who farms on M. I. Burrus' place, had his crop hauled out early in the year and offered at the time, to take ten cents for what was left." When asked a few days ago how many bales he had gathered he said, "forty nine," and added that he expected to get five or six more.

Mr. and Mrs. Everett Bond of El Paso, Texas, visited friends and relatives in Cuthbert last week.

Mr. R. J. Hutchins and family were all sick with colds last week.

Mr. Henry Everts made a business trip to Colorado Saturday afternoon.

HOOVER AGAIN PRESIDENT COUNTY FARM BUREAU

J. C. Hoover was re-elected president of the Mitchell County Farm Bureau at the annual business meeting of the organization held Saturday at the district court room. Hoover was chosen president at the time the county bureau was organized last year.

E. M. Baldwin was another of the officers to be re-elected for the ensuing year. Baldwin has acted as secretary-treasurer for the bureau since organization and his services were spoken of in a most commendatory manner.

G. D. Bynum was chosen as vice-president of the bureau, succeeding Jim Bodine.

S. H. Hart of Loraine and G. E. Godwin of Cuthbert were elected directors, who with the officers will compose the board.

The meeting was addressed by W. A. Dulin, county farm agent; S. H. Hart of Loraine; J. W. Kay of Colorado; G. E. Goodwin of Cuthbert, and C. P. Conway of Westbrook, who spoke on what the organization had accomplished during the year and delivered an appeal to the farmers to remain loyal to the bureau.

S. H. Williamson of Brownwood, representative of the Cotton Association of the State Farm Bureau Federation, addressed the meeting on the selling and concentration of cotton pooled by members.

The first sale on the New York market of acceptances of the Texas

Farm Bureau Cotton Association was made Friday, according to a telegram received by J. T. Orr, at Dallas, president. According to the telegram, acceptances to the amount of \$100,000 were sold at 5 1/2 per cent, the telegram said. The sale was made through the Southwest National Bank of Dallas.

"This sale is a recognition of the soundness and stability of our organization," Mr. Orr said.

A telegram was also received by Mr. Orr from the War Finance Corporation in Washington, which has advanced \$15,000,000 to the association, announcing that hereafter all commitments will bear interest at the rate of 6 1/2 per cent instead of 7 per cent as originally provided.

"This means that we can get all the money we need at 6 1/2 per cent to finance the cotton crop," Mr. Orr said.

The association has already received more than 100,000 bales of cotton and advanced more than \$1,500,000 to members. From one to three thousand bales are being received daily.

"We have sold 17,000 bales to date at prices which net \$200,000 more than street buyers would have paid and not a single bale of staple cotton has been included," said Mr. Orr. "We are holding the staple cotton to be sold direct to spinners."

LAMBETH & HARDISON DODGE DEALERS MITCHELL COUNTY

Announcement is made by Dodge Brothers, Detroit, Michigan, of the appointment of Lambeth & Hardison at the Crescent Filling Station as their dealer in Colorado and all of Mitchell County, and a complete salesroom and service station will be maintained by these dealers at the above mentioned address.

The remarkable popularity of the Dodge Brothers motor car has caused automobile men all over the country to clamor for sales privileges, but Dodge Brothers policy of quality in selling methods; as well as quality in the car, requires a painstaking investigation in every instance before a selection is made. In Lambeth and Hardison Dodge Brothers have a dealer on whom they believe they may rely for both progressiveness and fair business methods.

The prompt manner in which Dodge Brothers assumed one of the foremost positions in the automobile industry is regarded as a striking testimonial to the high regard in which their name was held by the public even before they marketed a motor car bearing their name. Prior to that time Dodge Brothers had built the vital parts for more than a half million other cars, establishing a reputation for thoroughness and mechanical skill.

This reputation has been more than upheld. It is said of Dodge Brothers in explanation of their unusual success, that they spare no money or effort in building a car to suit their particular ideas of thoroughness in manufacture. What their ideas on this subject mean to the purchaser of their product may be imagined from the fact that they have a staff of several hundred inspectors who do nothing but check up on workmanship in the various processes of manufacture. In addition there are several large departments devoted entirely to similar work, such as the physical and chemical laboratories where raw and finished materials are subjected to tests so thorough as to leave no doubt of the quality.

It is sufficient that the first Dodge Brothers motor car ever built was made up exactly as a car is made in the regular line of production. Ordinarily the "experimental job" as the first car is known, is built of castings because of the great time and expense involved in preparing dies for forgings. Dodge Brothers, however, decided that their experimental car should be like the car they expected to build in every detail so that neither they nor the public might be "fooled." So they spent almost a year in making these dies and preparing otherwise for a completely manufactured car. As a result, when the car was built they knew what they had and what they and the public might expect of their products. As a further result this first car, although only an "experimental job" has rolled up a total of more than 150,000 miles, traveling year after year under all sorts of road conditions. This is but an illustration of the many things unique in the history of Dodge Brothers as manufacturers.

Public approval of their principles of thoroughness is seen in the rapid expansion of Dodge Brothers Works made necessary by public demand. In December, 1914, it was a plant of less than 20 acres. Today Dodge Brothers Works covers 100 acres

CONTRACTS LET ON BANKHEAD HIGHWAY

The Womack Construction Company of Houston, awarded the constructing the Bankhead Highway through Howard, Martin, Midland and Ector Counties, is subletting the contract and work will be under way shortly. A Kansas City firm was given the contract to deliver the gravel on cars at the pit at Big Spring, also to complete a five-mile section of the road in each direction from Big Spring.

T. J. McKinney of Big Spring was awarded the contract to construct a six mile section, as was also a Lubbock contractor. A Fort Worth firm was awarded a ten mile section in the eastern part of the county.

An auxiliary road will be provided so that motorists will not be inconvenienced while the highway construction work is in progress.

LEGION ASKS THAT ALL
MERCHANTS CLOSE FRIDAY

To the Colorado Chamber of Commerce, the Colorado Booster Club and the merchants and citizens of Colorado:

At the regular monthly meeting of the Oran C. Hooker Post No. 127, American Legion, the following resolution was unanimously adopted:

Be it resolved by the Oran C. Hooker Post No. 127, of the American Legion, Department of Texas, in regular monthly meeting assembled:

That, whereas, on next Friday, November the 11th, is celebrated the anniversary of the Armistice which ended the world war and brought to an end the most terrible war in the history of mankind;

And, whereas, the Congress of the United States has by Joint Resolution called upon the President to proclaim Armistice Day a National holiday, to do honor to the burial of the Unknown Soldier as a representative of all our Buddies who gave their all that the rest of us might live in freedom from autocracy;

And, whereas, Armistice Day should be observed as a day of Thanksgiving for peace and victory, and a day of solemn remembrance for our dead, and all our ordinary calling should be suspended to commemorate this glorious day, with all that it implies and to prove to the world that America does not forget her sons who went forth to war in the name of Liberty and that those who made the supreme sacrifice did not do so in vain;

Therefore, the Oran C. Hooker Post No. 127, of the American Legion, Department of Texas, hereby requests that all stores and places of business in the city of Colorado and in Mitchell County be closed on Armistice Day, and that all work not absolutely necessary, be suspended, and that all ex-service men and women and patriotic citizens, at eleven o'clock, a. m., do turn to the West and engage in two minutes silent prayer for those who have gone on and passed the torch on to us.

In the name of the American Legion and of all the ex-service men and women of Mitchell County,

J. Y. FRASER,
Post Commander.

Attest:
THOS. R. SMITH,
Acting Post Adjutant.

MUDDY NOTES FROM THE
NATIONAL CAPITOL

Congressman Marvin Jones took Hon. Nicholas Longworth to task today for his attitude on the Muscle Shoals project.

During the war the government established a nitrate plant at Muscle Shoals on the Tennessee river to manufacture nitrate for making explosives for war purposes. After the war the engineers recognizing the value of the tremendous water power and of the established plants urged that dams could be completed at a small expense and fertilizer manufactured for use on the farms, the claim being made that in this way fertilizer could be sold to the farmers at one-half the present cost. Mr. Longworth and others from manufacturing districts strenuously opposed the completion of the project.

The entire project was about to be abandoned when Henry Ford offered to take the whole system off the hands of the government and to operate it in the interests of agriculture.

“For years,” said the Texas member, “Mr. Longworth has been fighting the entire project and picturing it as public waste and extravagance. The government has spent some \$60,000,000 there.

“One would think that the gentleman from Ohio would jump at a chance to rid the government of the whole proposition. But all of a sudden when the manufacturer of ‘Flivvers,’ Henry Ford, offers to pay the government a total of two hundred and fourteen million dollars, Mr. Longworth becomes dumb. The outburst of oratory has not occurred; the flaring patriot has not spoken the eloquent tongue has been silent. Oh, consistency, thy name is not Niecho las!

“What is the reason for the sudden cooling of the ardor of all these gentlemen? Can it be that the clause in Mr. Ford’s offer that he guarantees to sell fertilizer at a net profit of not more than eight per cent frightens the other manufacturers and that his offer to turn it over to the government in the event of war as a powder plant scares the munition makers?

“There are those in the Congress who balk at any legislation which has for its primary purpose the furthering of the interests of agriculture.”

Caught With The Goods.

A raid was made early Saturday night, on a car and in a room which netted officers G. C. Jufstetler and Jno. McCullough, about one gallon of pure “old corn whiskey.” The car was a suspicious looking one and a watch was kept up when two men approached, the officers accosted them and read a search, when they found about one-half gallon of whiskey. Taking the car, the two men and whiskey in charge, they then proceeded to search the room of one of the men and found another half gallon, and several jars which had contained the stuff that makes the “kick.”

The officers have positive proof as to the guilt of the two men, as one of the officers had bought some of the “stuff” some time early in the evening.

The two men live here in Lubbock and are well-known in town. They were placed in jail and a complaint

sworn out against them for having liquor in their possession and selling same.—Lubbock Avalanche.

Whah is Yuh Been?

The following little story illustrates very nicely the extremely human tendencies under which the majority of us labor—

Rastus was very small and very black, and Rastus liked to ride. One day, in some miraculous manner he found himself owner of a fifty-cent piece. In the neighborhood was a merry-go-round which Rastus had often watched longingly, so just as soon as he had secured the fifty-cent piece he proceeded there immediately. His mother watched him ride until his money was all gone. When he returned she remarked as follows—

“Honey, yuh sho' is had a good time, ain't yuh? Yuh is been ridin' all mawnin', yuh is spent yo' fo' bits, but— WHAH IS YUH BEEN?”

Figuratively speaking, we are all spending a lot of money and time riding “merry-go-rounds,” and each day when we try to find out how far we have gone we find that we have landed perhaps six feet farther back than we started. LET'S QUIT IT! Let's start a bank account and after a while, if we keep faithfully at it.

WE CAN OWN A MERRY-GO-ROUND OF OUR OWN!

When it comes to a question of the best place to begin, the place will be easily found. We are right in the heart of the business district.

JONES DRY GOODS

 WITH THE CHURCHES

 WITH THE BAPTISTS.
 Everybody smiling and feeling fine. A fine Sunday school last Sunday. Some sickness but hope all will be well by next Sunday. We were delighted with the Sunday night audience. The largest we have had since coming to Colorado, at any evening service at the church. We enjoyed speaking on the theme that evening. We think now we will speak next Sunday evening on the "Soul After Death." That is a very much discussed subject today by many. Shall we live again? If so how? And where, and under what condition? Do we go to some dark underworld and stay there for thousands of years and then have to have some one to pray us out? Or do we go direct to our eternal habitation? If you are interested in this great sub-

ject you are cordially invited to be on hand next Sunday evening at 7:00 o'clock.
 We urge upon our members to be present at both morning and evening hours. You are greatly missed. We expect each member to be at the services unless you are sick or providentially hindered by helping some other person who is sick. Remember the Sabbath day to keep it holy. We can't keep it Holy and spend the day in an unholy way. Paul says: "Forsake not the assembling of yourselves as the habit of some is." The sin of indifference is one of the devil's smoothest sins. Remember we are either for God or against Him all the time. Let us fight the battles of the Lord and not be on the devil's side. Do your duty and be happy.
 M. C. BISHOP.
 AT THE METHODIST CHURCH.
 Sunday school at 9:45. Many pupils and a few teachers are coming in late. Let us be on time and begin

on time.
 Preaching both morning and evening by the pastor. Subject of the morning sermon: "The Question of Questions." Subject of the evening sermon: "The Man Who Touched the Ark." In the evening services the pastor is giving character studies, using Bible characters as subjects. Do not miss any of these studies; they will be evangelical and practical. Young people especially invited. Good music and a cordial welcome to all.

Chamberlain's Tablets Have Done Her a World of Good.

"Chamberlain's Tablets have done me a world of good," writes Mrs. Ella L. Button, Kirksville, N. Y. "I have recommended them to a number of my friends and all who have used them praise them highly." When troubled with indigestion or constipation, give them a trial and realize for yourself what an excellent medicine it is.

CONGRESS PROVIDES PENSION SPANISH WAR VETERANS

The late Congress passed laws of interest to ex-soldiers who served in the war with Spain, at home or abroad, or those who saw service in the Philippine Insurrection or in the China relief expedition and their widows, according to information received by Sheriff Chesney Monday from Walter S. Buchanan, National aid de camp, Army and Navy union, Route 2, Louisa, Va.

Under the provisions of this law, these former service men and their widows are to receive a pension, Buchanan stated, and he requests that all such address him direct, enclosing stamp for reply.

LONGFELLOW PATRONS TO BUILD TEACHERS HOME

Funds with which to erect a teachers home near the school building in Longfellow district were raised Monday. \$185 of this amount was raised in a few minutes by patrons of the school who were present for the opening exercises of school Monday morning and the balance of the amount desired, approximately \$300, was subscribed during the day.

Judge Hall, who attended the school opening there Monday morning and assisted in raising the fund, stated Tuesday morning that the money had been obtained, contract closed for the home and that wagons were in Colorado then to haul the material out to the location.

Because of the fact that there was no available place for the teacher to obtain room and board near the school, patrons deemed the building of a home for him advisable, seeking to raise the necessary money through popular subscription. The Colorado Chamber of Commerce headed the list of subscribers.
