WEST COLORADO BRIDGE UNSAFE, SAYS ENGINEER

The West Colorado bridge, spanning the Colorado river in the western edge of the city, is in such condition as to render it unsafe for heavy traffic, according to D. E. Manigault of El Paso, engineer representing the State Highway Department, who was in Colorado Monday. Mr. Manigault personally inspected the structure Monday morning and stated that he found much of the woodwork of the bridge badly decayed, placing the structure in a condition to be considered unsafe for heavy trucks or tractors to pass over.

In a statement made to Commissioners Court Monday afternoon, the engineer recommended that the county replace the old structure with a new bridge. "The State Highway Department has no money available for maintenance, and thus could not assist you in making repairs to the bridge," he said, "but if you will construct a new bridge there the department will go fifty-fifty in paying the expense. There would be little difference to the expense incurred by the county in making repairs to the old bridge as compared with your part of the expense of building a new one," he continued. "In the former case, you would have only a repaired job, while in the latter your county would have a new bridge, meeting requirements of both the State Highway department and the Federal authorities, and sufficiently strong to withstand the heavy traffic to which it might be subjected."

Mr. Manigault stated that he did not have sufficient time in which to make an estimate of the cost of a proposed new steel span bridge, with concrete approaches and floor, such as is now specified by engineers of the department. Figures recently furnished Judge Hall, however, place the estimated cost at \$38,000.

While here Monday Mr. Manigault further renewed the promise to Mitchell County that the State Highway Department would bear one-half the expense of building the nine mile gap in the Bankhead highway from the Howard-Mitchell line east toward Colorado. The engineer expressed himself as being anxious to see this work done. The court endorsed the plan, but stated that finances with which to meet the expense to be paid by the county were not available. It was technically agreed, however, that this gap would be built within the next three years, three miles to be constructed each year. The engineer agreed to this plan and promised full co-operation in any feasible program looking to having a good hard-surfaced road across the county over the route of the Bankhead highway.

"The highway is now being built over a distance of 78 miles west from your western county line," he said, "and the department will be very much interested in seeing the gap closed in this county. The Highway Department is co-operating very liberally with counties along the route of the Bankhead Highway and you may rest assured that Mitchell County will have due consideration when you outline your program, raise your part of the money and file application for aid."

Judge Hall and members of the court had known for some time that if the present bridge was continued in use repairs were imperative. The court has desired, however, to build a concrete viaduct across the river at this crossing and had awaited the arrival of Manigault in order to confer with him before outlining any definite program.

In case sufficient State and Federal aid may be obtained tentative plans for the proposed concrete viaduct will be made permanent, Judge Hall stated Tuesday morning. In company with members of the commissioners court, Judge Hall will leave Colorado Sunday morning for Austin to confer with the Highway Department on the project. The commission will be in session at Austin Monday and Tuesday and has wired the Mitchell County authorities that a hearing would be given.

The conference with Mr. Manigault and Commissioners Court was held at the court house Monday afternoon and was attended by a representative of the Chamber of Commerce. Manigault left late Monday for Big Spring.

MITCHELL BOYS AND GIRLS TO COMPETE AT CO. FAIR

Arrangements for launching the drive for organizing Boys and Girls' Community Clubs in every rural school district of the county are practically complete, W. A. Dulin, county farm agent, and who will supervise this work, stated Saturday. Mr. Dulin plans to perfect such organizations among the boys and girls along the plan followed in former like organizations in Mitchell County which were suspended during the drought a few years ago.

Pigs, calves and products from farm and truck patches are to be featured by the membership of these clubs. A feature of the plan, as announced by Mr. Dulin, is to eliminate individual competition in county or community exhibits, but entries from any one community or district will be made collectively in competition with those of other districts at the fair to be held at Colorado during the fall. Such a plan, Dulin believes, will prove more successful and of just as much interest and educational value to the individual members as the old plan of accepting entries at the county fair.

Dulin plans to devote much of his time to personal supervision of care and feeding of the pigs and calves that may be entered and in directing soil preparation, cultivation, etc., of the crops. This practical experience obtained by the youthful producers of baby beeves and porkers and agricultural products will be of inestimable value, the farm agent believes. "No arrangements for the fair to be held at Colorado some time in the fall have yet been worked out. These, however, will be made within the next few months. Dulin is optimistic over the whole program and believes it will receive endorsement from both the farmers and business men of Colorado."

Date for holding the fair is expected to be set at a meeting of fair representatives from West Texas to be held in Abilene Monday. Dates are to be arranged so as not to conflict, in so far as possible. Tentative plans for the date here, however, are that the fair be held a few days prior to the opening of the Dallas fair. Mr. Dulin plans taking exhibits from the county fair to the State Fair at Dallas, and possibly other exhibits. Mr. Dulin stated Monday that he would endeavor to arrange his plans to go to Abilene Monday in company with a representative of the Chamber of Commerce to attend the meeting.

MEXICAN SHOP LIFTER CHASED BY SALESLADY

A Mexican shop lifter appropriated a silk dress pattern at the Jones Dry Goods Company Friday morning and was in the act of leaving the store when Miss Hazel Costin, saleslady detected the theft and ordered the man to stop. The hombre made a dash for the street with Miss Costin in chase and several times she caught the man but could not hold him.

In the alley way south of the store the fleeing Mexican and the lady passed a negro man. "Catch that Mexican," shouted Miss Costin. "He has stolen some silk from the store." With a resigned expression on his face, the negro replied: "No, sah; dis nigger is afraid of dat Mexican." The culprit escaped.

MITCHELL GINNINGS 1921 COMPARE YEAR AGO

According to information received by The Record Monday from the Bureau of Census at Washington, a total of 22,962 bales of cotton from the crop of 1921 were ginned in Mitchell county prior to January 1. On January 1, last year, the ginnings from the crop of 1920 in the county had totaled 24,269 bales.

The report shows Howard county ginnings on Jan. 1 to have been 9,011 bales from the crop of last year.

TRUCK IS BURNED ON HIGHWAY NEAR SWEETWATER

The truck operated by Homer Key between Colorado and Sweetwater was burned last week on the highway between Roscoe and Sweetwater. Mr. Key had been to Sweetwater and was returning with a load consisting principally of grocery consignments from Sweetwater wholesalers to retail grocers here when the machine ignited.

RED SALT STRATA SHOWS EVIDENCE OF POTASSIUM

The strata of red salt formation drilled through in the T. & P. No. 1 and Smith No. 1 wells, west of Colorado, show a trace of potassium, according to a report of the Geological Survey at Washington. In the T. P. well, which was completed in July of last year, a strata of fifty feet of red salt formation was drilled through at from 1,010 to 1,060 feet. In the Smith well the formation was drilled into at 750 feet and was found to be slightly thinner than the strata in the other well.

The Geological Survey has examined reports of geologists and other authorities on indications of the existence of this mineral in a number of West Texas counties and in its reports is quoted as saying that considerable credence may be based upon the suggestion that potash is to be found in that section. Recently much evidence of the presence of the mineral was found in the vicinity of Odessa.

Among the technical evidence of the presence of potash is salt rock of a vermillion color. It is the presence of this evidence that is gradually strengthening the belief that this important commercial mineral may be found in the vicinity of Colorado. Some of the salt taken from the T. P. well last year was submitted to the washing test to determine whether the coloring was the result of red bed absorption. M. E. Adams, field superintendent for the Underwriters Company and who personally conducted this experiment, discounts the statement that this salt strata was colored by red bed impregnation, because, as he states, when the salt was submitted to the washing test the coloring was not removed but was found to be perfectly blended with the salt. Furthermore, he says, it would be impossible to believe that red bed was responsible for the color peculiar to the salt strata drilled through in the T. P. well, as the salt was crystallized and so hard as to form a barrier against absorption of the foreign coloring matter contained in the red bed formation.

As to whether potassium is to be found in Mitchell County remains problematical, but evidences that the mineral exists here are in the least encouraging. Wells to be drilled in the future are to be watched closely for traces of the mineral.

OIL PROSPECTS BETTER; T. P. NO. 1 IMPROVING

Morrison No. 2 of the Underwriters Producing & Refining Company at Westbrook was drilling into another sand at 2689 feet Thursday morning. Drilling was recently resumed at this well following a shut-down of several months after an oil bearing sand was drilled into last year. The well was shut but the response did not prove satisfactory and the company is drilling deeper. W. J. Thomason, the contractor, states that the sand he is now drilling in looks excellent and no doubt it will be tested out for production.

A. T. Spaulding was still under-reaming at 800 feet at Zilpha Morrison No. 1, the first test being drilled by Sloan and associates on their sub-lease from the Underwriters near Westbrook. Spaulding expects to shut out the flow of salt water within the next few days and will then resume drilling.

T. P. No. 1, the discovery well at Westbrook, is improving in production under the pump and is easily furnishing fuel for the jobs at Morrison No. 2 and Zilpha Morrison No. 1. A report from this well Thursday morning placed the daily production at 21 barrels. Heretofore the production has been approximately 15 barrels.

Conoway No. 1 and Smith No. 1 are still shut down on account of water. For a time water was hauled a distance of seven and one-half miles to the Conoway well, but now it is impossible to obtain water at that distance.

From Iatan reports of the Colorado-Tex Company operators continue favorable. Foster No. 1 continues to hold up under the pump, affording from 100 to 150 barrels of oil per day. The gas showing in this well continues. The company has their storage capacity filled, it was reported Thursday morning, and plan to ship out some oil next week.

FATHER OF W. W. PORTER DIES AT WILLS POINT

J. Worth Porter of Wills Point, father of W. W. Porter of Colorado, died Friday afternoon of last week at his late home. Mr. Porter was 64 years of age and his death was not unexpected by members of the family. W. W. Porter left Colorado Sunday, January 8, to be with his father, and is expected to return to Colorado today.

EPISCOPAL CONVOCATION CONVENES HERE SUNDAY

An event of unusual importance to this city is the Convocation of the Missionary Diocese of North Texas, Episcopal Church, which is to be convened in Colorado Sunday morning for a three days session. Important clergymen of the district as well as Bishop Gailor of Tennessee, the presiding Bishop, are to be in attendance.

The annual address of the Bishop is to be delivered on Monday evening, January 23, at 7 o'clock, at the First Methodist church. The Bishop's address will be delivered at the Methodist church on account of the larger seating capacity. Women of the district will hold a part of their sessions in the Sunday school rooms of the First Baptist church.

Rev. Mr. Etson, pastor of the Episcopal church, gave The Record the following statement Tuesday in regard to the coming Convocation:

"The Convocation of the Missionary Diocese of North Texas will meet here on January 22nd, 23rd and 24th. Convocation will open on Sunday morning at 10:30 o'clock with morning prayer, followed by the Holy Communion for the whole Convocation. The sermon will be preached by the Rev. W. P. Gerhart of the Church of the Heavenly Rest, Abilene. The Bishop of the Diocese, the Rt. Rev. E. A. Temple, D. D., will celebrate the Holy Communion.

"At 7 p. m. there will be a short evening service with an address by Mrs. Leaning Clark, Chattanooga, Tenn.

"Convocation will be organized for business at 10 o'clock Monday, 23rd. Dr. Patton of New York, the originator of the Nationwide campaign, will address the Convocation Monday morning. Monday evening at 7 o'clock at the Methodist church Bishop Gailor of Tennessee, the presiding Bishop of the church, will address us.

"By the kind permission of our Methodist brethren we have the use of the Methodist church on Monday evening, so that every one can hear Bishop Gailor. A reception will be held at the home of Mr. and Mrs. J. C. Prude, after the services at the Methodist church, for our guest and those entertaining them. Luncheon will be served at the Barcroft Hotel each day of the convocation. There will be a corporate communion of the Woman's Auxiliary Tuesday morning at 8 o'clock. Rev. R. M. Callum being the officiating minister. "The Women's Auxiliary will meet in the Episcopal Sunday school for business. "Other items of interest will be duly announced."

PROMINENT VISITORS TO BE GUESTS AT BANQUET

Because of the blizzard weather here Thursday morning the trip to Iatan and Westbrook, arranged by the Chamber of Commerce, was abandoned. A telegram from Geo. A. Reese, manager of the Colorado-Tex Company, stated that Foster No. 1 was in fine condition and that if the visitors here came to the well they would be shown that press reports concerning this well were all true.

C. C. French and party arrived in Colorado Wednesday night from Merkel and are registered at the Barcroft. It was feared that the cold weather would interfere with the county mass meeting to be held at the court house at 1 o'clock in the afternoon, but the program will be carried out as announced, it was stated by a representative of the Chamber of Commerce.

The Record went to press at noon Thursday and at the last moment a statement was given that all plans for the banquet were on at the Barcroft were complete. The dining room is to open at 1 o'clock and every person who has a reservation will be expected to be in attendance, regardless of the weather. Col. C. C. Adams will preside as toastmaster and a seven piece orchestra under the direction of J. Lee Jones will furnish music.

INCREASE IN PAYMENTS OVER LAST YEAR

Payment of taxes for the year 1921 show an increase over the relative amount paid up to the same date last year. W. J. Chesney, tax collector, stated Monday. There is yet a large amount of property owners to square up with accounts, he stated and a rush of payments hour rush is anticipated.

con will be served at the Barcroft Hotel each day of the convocation. There will be a corporate communion of the Woman's Auxiliary Tuesday morning at 8 o'clock. Rev. R. M. Callum being the officiating minister. "The Women's Auxiliary will meet in the Episcopal Sunday school for business. "Other items of interest will be duly announced."

BACK TO THE DECLARATION THE RECORD'S AMERICANIZATION SERIES.

ABRAHAM LINCOLN.

In his campaign for the Senate, against Stephen A. Douglas in 1858, Abraham Lincoln said:

The Declaration of Independence was formed by the representatives of American liberty from thirteen states of the confederacy. These communities, by their representatives in old Independence Hall, said to the whole world of men: "We hold these truths to be self-evident that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness." This was their majestic interpretation of the economy of the Universe. This was their lofty, and wise, and noble understanding of the justice of the Creator to His creatures. Yes, gentlemen, to all His creatures, to the whole great family of man. In their enlightened belief nothing stamped with the divine image and likeness was sent into the world to be trodden on and degraded and imbruted by its fellows. They grasped not only the whole race of man then living, but they reached forward and seized upon the farthest posterity. They erected a beacon to guide their children and their children's children, and the countless myriads who should inhabit the earth in other ages. Wise statesmen as they were, they knew the tendency of prosperity to breed tyrants, and so they established these great self-evident truths, that when in the distant future some man, some faction, some interest, should set up the doctrine that none but rich men were entitled to life, liberty, and the pursuit of happiness. The posterity might look up again to the Declaration of Independence and take courage to renew the battle which their fathers began, so that truth and justice and mercy and all the humane and Christian virtues might not be extinguished from the land, so that no man would hereafter dare to limit and circumscribe the great principles on which the temple of liberty was being built.

Now, if you have been taught doctrines conflicting with the great landmarks of the Declaration of Independence; if you have listened to suggestions which would take away from its grandeur and mutilate the fair symmetry of its proportions; if you have been inclined to believe that all men are not created equal in those inalienable rights enumerated by our chart of liberty, let me entreat you to come back. Return to the fountain whose waters spring close by the blood of the revolution. Think nothing of me—take no thought for the political fate of any man whomsoever—but come back to the truths that are in the Declaration of Independence. You may do anything with me you choose if you will but heed these sacred principles. You may not only defeat me for the Senate, but you may take me and put me to death. While pretending no indifference to earthly honors, I do claim to be actuated in this contest by something higher than any anxiety for office. I charge you to drop every paltry and insignificant thought for any man's success. It is nothing; I am nothing; Judge Douglas is nothing. But do not destroy the immortal emblem of Humanity—the Declaration of Independence.

AT THE METHODIST CHURCH.
 There was a splendid increase in the attendance at Sunday school last Sunday. Let's keep it going up till we pass the three hundred mark. Be on time. 9:45 is the hour.
 Rev. J. W. Hunt, of Abilene, president of McMurry College, will fill the pulpit both morning and evening. He is one of our strongest preachers and you will be delighted with the message which he brings.
 Epworth League at 6:30. Prayer meeting Wednesday evening at 7:30. Choir practice Friday evening at 7:30. You have a hearty welcome to attend all these meetings.

FIRST CHRISTIAN CHURCH.
 Bible school Sunday was above the average in attendance and interest. Services very well attended. We begin the pre-Easter campaign next Sunday. Come on time and get in line for aggressive work.
 Bible school at the usual hour 10 o'clock. Services at 11:00 and 7:00. Come and worship with us.
 D. R. HARDISON.

BAPTIST NOTES.
 Last Sunday was simply fine. 213 Sunday school and a fine audience were present but the house was well filled at the morning hour but some of the faithful were absent at night. Some of the teachers were absent which always makes it difficult for the Department but there were some fine "supplies" found which relieved the situation. We were delighted to have several new faces in the audience at both services. Several folks contemplating joining are in the near future.
 The feature of the work is the matter of conscience. We are attending services each Sunday and you must be doing something at the morning service to grow a great church. The great incentive is the school. Everyone should be glad to be present.

If you have a taste for good things come down and you can be satisfied. If the world has gone wrong with you come down and get encouragement. We are here for the purpose of helping those who need help.

We greatly enjoyed the special solo by Mrs. Scoggin. The audience was simply charmed. We trust we are to be treated with this special music each Sunday. This song inspired the folks. It is great to have a good voice and then use it so the folks can understand what you are singing.

Next Sunday we hope to speak along the line of "Obeying the Law" We invite every patriotic citizen, in town to be present at both hours.

Don't forget we are in the fight for the good of all the people all the time.
 M. C. BISHOP.

Sunbeams Organize.
 The Sunbeams, a class of girls from 10 to 13 years of age in the First Methodist Sunday school, perfected organization last Sunday by electing the following officers: Rosalie Leslie, president; Virginia Stonerod secretary; Alice Banks, treasurer; Alla B. Cooper, publicity superintendent. The class is taught by Mrs. W. H. Garrett and each member is enrolled in the Junior Missionary Society. The class has pledged \$5.00 for missions during the year.

All kinds of water supplies, pipe and pipe fittings, bathroom fixtures and windmill supplies at R. B. Terrell's.

Worth Considering.
 The question is not so much how you contract a cold but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

ROGERS ITEMS.
 The baby of Mrs. Nancy E. Young was laid to rest here Friday afternoon, Jan. 13 at 3 o'clock, Rev. Leach of Westbrook conducting the services. Mrs. Young died here at the home of her daughter, Mrs. Geo. Bass, Thursday afternoon at 7:30 o'clock after a long and tedious illness. Mrs. Young had lived here only a short while having recently moved from Oklahoma. She was fifty-five years of age and had been a member of the Baptist church for forty years. Surviving her is a large family of children who are scattered all over the states, none of whom were with her at the time of her death but Mrs. Bass, in behalf of the entire community, extend our sincere sympathy to this family in their loss of this Christian mother. May God give to their hearts the comfort that man cannot, the blessed assurance that all is well with her.

The new song books are here and were ready for use Sunday morning. A large crowd was present for Sunday school with quite a visitors. It was the time for the election of new officers and the old officers were unanimously re-elected. Sunday school is held at ten a. m. on Sunday morning. Come and be with us.

J. W. Gross and family spent Sunday in the W. M. Green home.

Mr. Earnest Rhodes spent the week-end with home folks.

Quite a few from here attended Sunday school Sunday afternoon at Horns Chapel.

Friday 13th, could hardly be called a day of ill luck. Our boys and girls basket ball teams played the Westbrook teams on the Westbrook court Friday afternoon. The boys and girls worked hard and kept the score so nearly the same that interest ran high. The girl's game ended with a score of 16 to 5 in favor of Westbrook and the boys' game with a score of 13 to 7 in favor of Rogers. Considering the date and the score perhaps, after all, 13 is Rogers' lucky number.

Mr. Lloyd Brown, who will be in the community several weeks on business, is now in the W. M. Green home.

H. L. Rhodes attended the quarterly conference at Westbrook Monday.

Miss Pauline Smith spent Sunday in the H. L. Rhodes home.

Miss Pearl Chivers left Wednesday for home in Wise county.

Miss Bennie Adams of the Long-fellow community spent Sunday in the Tom Powell home.

Bole Snouden the small son of Mr. George Snouden, is suffering from pneumonia. We hope that he will soon be well and back at school.

The ladies of the 1921 Study club visited the school Monday afternoon. Several short talks were made. The club is interested in our school work and we hope to have them with us often.

SECRETARIES WILL CONVEENE AT ABILENE MONDAY

BALLINGER, Texas, Jan. 16.—A meeting of the Fair secretaries of West Texas has been called by the West Texas Chamber of Commerce for January 23rd at 10 a. m. to be held in the rooms of the Abilene Chamber of Commerce. Stuart L. Williams, secretary of the Runnels County Fair at Ballinger has been asked to act as chairman of the meeting.

It is expected that dates will be decided upon for all Fairs, Merchants Expositions, Live Stock Shows, Poultry Shows and other community celebrations scheduled for West Texas during the fall of 1922.

An agreement on dates by the Fair secretaries will make it possible for amusement attractions, exhibitors, and race horse owners to follow a well defined itinerary.

W. S. Cooper of Colorado has been invited to attend the meeting, and it is expected that others from that city will be present. The secretaries and visitors will be guests of the Abilene Chamber of Commerce for the day.

TO THE VOTERS OF MITCHELL COUNTY

Give a farmer boy a chance. I take this method of asking each of you, both ladies and gentlemen, for your vote and influence in the coming primary in July. I have been practically raised in Mitchell county, having been here twenty-two years, and feel worthy of the office I am asking for. Also feel that I am fully competent to fill same if the people see fit to elect me, and if elected I will show my appreciation by rendering the best service possible to you. Also I am going to make a special effort to see and talk to every one of you personally between now and the coming election.

Respectfully,
 O. R. (Roy) McCreless.

Joint Installation.

There was a joint installation of the Odd Fellows and Rebekas Friday night at the Odd Fellow's Hall. District Deputy, C. E. Cameron of Sweetwater was present to assist in the work and speak in behalf of the good of the order. Those who were over from Colorado lodge were: Mr. and Mrs. Green Delaney, Mr. and Mrs. Joe Dearen, Mr. and Mrs. Jim Fulkerson, Mr. and Mrs. J. M. Green, Mr. and Mrs. Will Ledbetter, Mr. and Mrs. S. D. Wood, Mr. and Mrs. T. E. Smith, Mr. and Mrs. M. T. Cranfill, Misses Grace Standefor and Lela Givens and Mrs. Homer Fulkerson. After the installation the members of the local lodge served a bounteous supper.

MARRIED.

The many friends of Miss Maye White were very much surprised to hear of her marriage Tuesday, Jan. 10th, 1922, to Mr. Baten B. McChristy at Brownwood, Texas. The bride is the second daughter of Mrs. W. T. White and has lived in Loraine practically all her life, where her sweetness and goodness made her a host of warm friends.

The writer has only a slight acquaintance with the groom but congratulate him on his choice of a life partner and join their friends in wishing for them both a full measure of success and happiness in the future.

Mr. and Mrs. McChristy will make their home at Brownwood.

MARRIED.

Last Saturday afternoon Mr. Jack Bryant of Loraine and Miss Emma Nichols of Sweetwater motored to Colorado and were united in the holy bonds of matrimony. These young people are very popular and of unexcelled character. They both number their friends by their acquaintances. Mr. and Mrs. Bryant will have rooms at the John Compton residence.

Allen Nelson is having a new room built onto his residence this week.

Misses Alma Browning and Frances McMurry spent the week-end at their homes at Colorado.

Roy Edwards and family spent Saturday night and Sunday in the Barna Haney home at Roscoe.

Ball Games.

The boys basket ball team of Colorado met the Loraine team on the latter's court Friday afternoon, Loraine carrying off the victory. Then the Colorado boys played the Snyder boys on the Loraine court, Colorado winning it. We failed to get the score.

Saturday afternoon the Lone Star boys and girls came down and played Loraine's two teams. Loraine won both games.

DIED.

News was received here last week of the death of T. J. Reece at Paris, Texas, Jan. 10th, following an operation. Mr. Reece and daughter, Miss Ora, came to Loraine last fall for the benefit of Mr. Reece's health and remained here till some weeks ago, when his son, Earle Reece of Oklahoma came and took him to Paris for medical treatment. They made many friends while here and Miss Ora has the sympathy of our entire people in this dark hour of her bereavement.

The Loraine children who are taking the Pasteur treatment at Austin will have taken the last treatment Friday of this week and are expected to return home Saturday or Sunday.

Mrs. Frank Johnson entertained her Sunday school class with a party Saturday evening. A large crowd was present and a good time reported.

Miss Irma Braswell of the Valley View community spent Saturday and Sunday in the A. E. Walker home.

Mr. and Mrs. Malcom Blakely and daughter, Jaunie left Monday morning for their new home at Abilene. We are indeed sorry to lose these good people from our town but our loss is Abilene's gain, and our best wishes go with them for happiness and prosperity in their new home.

Miss Melita Covett spent the week end at Colorado.

Mr. and Mrs. S. M. Hallmark and Mr. and Mrs. Hugh Hallmark and children spent Sunday in the S. A. Farris home at Sweetwater.

Misses Ojal Jackson and Hattie Coffee of Westbrook spent the week-end in Loraine.

Mr. and Mrs. J. T. Ledbetter visited relatives at Loraine Sunday.

Wise Cooper of Sweetwater was a Loraine visitor Saturday.

Miss Pauline Blakely of Willis Point, who is attending school at A. C. spent the week-end in the R. B. Pratt home.

Herman Finley left Sunday night for a week's visit with relatives at Hico and De Leon.

Mrs. W. T. White went to Brownwood Sunday for an extended visit with her daughter, Mrs. Voyt Wil-

Mrs. T. R. Bennett spent Friday and Saturday with her sister, Mrs. Thomas Hall in the Bauman community.

Mesdames J. T. Ledbetter and S. E. Clement were Colorado visitors Monday.

Miss Swan Farrar was over from Roscoe to spend the week-end with the home folks.

Miss Alma Browning was on the sick list the first of the week. She was unable to teach Monday. Mrs. Jim Johnson taught her classes.

Miss Fanny Jarrett has purchased the B. Z. Shop from Mesdames Pearl Bennett and Irl Zellner and will have charge of same.

Stock For Sale.

The entire stock of groceries, furniture, fixtures, notes, accounts, real estate, stock certificates and checks belonging to the T. C. Donnel business and assigned to the undersigned for the benefit of creditors will be sold by the undersigned on Wednesday, January 25th, 1922. Bids will be received for the entire stock and fixtures for each separately and the right is reserved to reject any and all bids. Information may be had from the undersigned at his office in Colorado at any time. S. D. WOOD, Assignee.

O. M. MITCHELL WRITES.

A letter from O. M. Mitchell at Aberdeen, Miss., says they are very well and comfortably fixed but are somewhat lonesome at times for their old Colorado friends. Mitch is not very optimistic over the cotton future as they are in the midst of the boll weevil district. We take the following from the Aberdeen paper: "A beautiful wedding was solemnized Tuesday afternoon at the home of Mr. and Mrs. O. M. Mitchell when their daughter, Jewel Witt, and Mr. Charles Wright of Brinkley, Ark., were united in marriage. Rev. J. Cunningham, pastor of the First Methodist church, officiated. Miss Francis Mitchell and Mr. Frank Wright were the only attendants. The bride is the pretty and attractive daughter of one of the most prominent families in the state. The groom is a young business man of Brinkley, Ark. After a bridal trip embracing the southern cities they will be at home in Brinkley."

The End of a Perfect Day

WHY NOT PUT IT OVER?
It may seem a little early for some of us to be thinking ahead to the time for Mitchell County having a part in the annual agricultural exhibits...

During the past two years the subject of agricultural exhibits has been brought before the Chamber of Commerce but never received the consideration that several citizens considered it merited.

At their regular meeting Tuesday night the members of the City Council passed an ordinance prohibiting the use of streets and sidewalks in Big Spring in the district between First and Fourth streets and Runnels and Scurry streets as a place of conducting business.

CHILDRESS TO HAVE A MUNICIPAL LAKE

CHILDRESS, Texas—This city is planning the construction of a municipal lake by impounding water at Grassy creek. A dam is to be constructed which it is estimated will impound five billion gallons of water thus creating a lake of about the same size as Lake Wichita at Wichita Falls.

The announcement that Childress is to follow the example set by Abilene, Cisco, Colorado, Stamford, Mineral Wells and Wichita Falls in constructing a great municipal lake is further evidence of the growth of the lake idea for municipal water and irrigation throughout West Texas.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. R 25

Resolutions.

Whereas, the joint Institute of Mitchell, Fisher and Nolan Counties has reached the conclusion of its session, we therefore, the teachers composing said Institute desire to express ourselves in the following:

Resolved, that we desire to express our thanks to the County Superintendents, Miss Minnie E. Fowler, Judge J. C. Hall, and H. L. DeBusk, and to the people of Sweetwater in general for the many courtesies extended to us.

To the County Judge and Commissioners of Nolan county for the use of the building.

To the Hill Music Company for the use of the piano.

That we especially thank Mr. Thomas Dawes of Colorado, and the Sweetwater Choral Club for the highly instructive and entertaining program rendered on the evening of Dec. 30th. Also, to Misses Laura Sheridan, Edith Moody and Mabel Handy for special numbers, which were very much appreciated.

That the following speakers and workers: Col. T. N. Jones, S. M. N. Marrs, Dr. W. B. Bizzell, Miss Dixie Wood, R. L. Marquis, M. B. Johnson, and L. A. Inman be extended our appreciation for their magnificent addresses and work.

That we ask each teacher if there is a local paper published in his locality to have published in the same at an early date, the address of the Hon. T. N. Jones.

That we ask each County Superintendent to have published in his or her county a copy of these resolutions.

THREE STIRRING TRUTHS.

Over the triple doorways of the cathedral of Milan there are three inscriptions spanning the splendid arches. Over one is carved a beautiful wreath of roses and underneath is the legend: "All that which pleases is but for a moment." Over the other is sculptured a cross and there are the words: "All that which troubles us is but for a moment." But underneath the great central entrance to the main aisle is the inscription: "That only is important which is eternal."

Salesmanship is the Ability to Manipulate the Other Man's Mind.

Salesmanship is the ability to manipulate the other man's mind, to make him think as you think, feel as you feel, and act like you would like to have him act. It doesn't make any difference whether you are to clerk behind a counter, a lawyer before a jury or a president of the United States, you are a salesman. You are trying to induce action in your behalf.

In order to be a good salesman, we must have some training in logic, psychology, and expression. It is necessary that the salesman argue from a logical standpoint, a psychological standpoint, and from the standpoint of expression. The duty of a salesman is to secure orders. If we wish to get on the good side of a prospective customer and secure an order, we must know how to induce action in our behalf; in other words, we must know how to get around the customer and put it over. A salesman must know how to produce conviction and compel decision. We as salesmen must utilize our time and make every minute count, for the more time we waste, the less orders we get on our books. Now in order to make our time count, we must form a method of attack.

First, we must introduce ourselves and make a good impression. We can learn how to approach our customer by observing him, his arrangement of stock and equipment of the place. Always create a good picture in your mind of what you are selling, because if you have a good picture your customer will get a good picture, but if you have a poor picture the customer will get a poor picture, and you fail to hold his attention. Attract his attention by giving detailed information concerning the goods you are selling; give reasons why they will be of value to him; reasons which appeal to the mind's eye and the imagination. Cite many cases of fair dealing, and tell the length of time the concern which you represent has been in business. Thereby you inspire confidence in the other man's mind, and it is necessary to gain confidence, because no business can be carried on without the confidence of one party in the other. Arouse his interest by displaying your goods, and explaining their use and worth. Compare them with other goods on the market, and point out their superiority, their worth, use, and their demand. Create his desire by getting him to agree with you on small comparisons. Prove to him that you have the best. Use your psychological reasoning, and lead his mind through a series of mental processes. Impress upon his mind how he will appreciate something new as of better value. If the price is high, get him to agree with you that good merchandise and a well-stocked store, are as necessary as a good location. Tell him of the value of these goods. Once they have been introduced. Flatter him! Every business man is vain; ninety per cent of them fall for flattery. They like to be complimented and to be made to think good of themselves. The price still seems low to them, and they believe that they are getting the goods they need, thereby closing your order.

I have converted all the methods from the logical and psychological, and the final method is that of expression. Always make your arguments effective. Never make negative suggestions, always argue positively. Never say, Mr. Jones is this all you want? Say Mr. Jones, what else do you want? Have a good appearance, cultivate a winning smile, personality counts, always be courteous, kind, cheerful, sincere, and tactful. Be enthused over your goods. Believe in them, and you can make the other fellow believe in them. Tell the second party to do it now. The salesman who draws the large salary is the sale man who can produce conviction and compel decision.

I am not prescribing these as the methods used by all salesmen making a sale; these are suggestions, but I do say that when you have made the other fellow think as you think, feel as you feel, and act as you would like him to act, you have performed the great art of salesmanship; the ability to manipulate the other man's mind. —Elizabeth Prady.

BALLYHOONG.

Did you ever stop to think how much difference there is between being "disappointed," and being "discouraged?"

A disappointment is, according to Webster, the defeat of an expectation or a hope. As an illustration; some reader of the Colorado Record puts on a short advertising campaign. He may be a merchant, a farmer, a planter, a laborer, or a professional man; but he has something to sell, and advertises it.

If the results of this advertising campaign do not come up to expectations, the man is disappointed. But if the man gets discouraged, especially after but one try, he'll never head the list or come any where near the top of the list as a man of fame.

Mr. Webster says the man who is discouraged is a man from whom the courage has been wrested or extinguished. In other words, the man who is discouraged is like a diseased pair of tonsils. He's no good for himself or for anyone else.

And the right kind of a man sometimes comes out of the lake of discouragement by bumping up against an occasional honest to Pete disappointment.

The Record is here, day after day, year after year, trying in its own way to assist those who are discouraged, and always in shape to help a man or woman who has been disappointed. We'll admit that it is easier to help the latter, but as we are picking out an easy path, we are also doing our mite in every case.

No matter what you have, no matter how much money you have, to use in giving the article publicity, we can give you a special price, and the results will be proportionate with the amount of money you put out.

We help you in every way, and whether it be a special price, a special clearance, or a special merchandise sale, we'll help you; phone 280.

JUST NATURE, THAT'S ALL

It is the nature of all men Such as you commonly see, To want a very small woman As pretty as can be.

And on the other hand, It is a wonder they can find An overgrown woman, A two hundred pounder.

And sometimes it is true, But seldom you ever see, Such as Mr. and Mrs. Jones, Are almost equal.

But, generally you will find, A hundred pound man, and his wife, With a great big home, As ugly as "home made" pie.

But I do not believe, In going to the extreme, And, I want a woman, Who has an abundance of means.

One that likes good things, And a set of cut glass, Who will furnish an abundance, And buy all the goods.

If you this woman find, Upon this one accord, Kindly bring her to me, And receive a liberal reward.

"You see me every day, and don't think of your soiled shoes, and tell me your wants. I'll clean right Klasy Kleaner."

There is a great deal of difference between desire and action.

IN SOCIETY AND AT THE CLUBS

Auxiliary to Legion. The auxiliary to Oran C. Hooker Post, met at the post rooms last Saturday. This rounded out the first year's work of this unit and a brief summary of the work is: A membership of over fifty women who in a measure appreciate the work of the noble buddies and who are anxious to stand shoulder to shoulder to them in all their undertakings for 100 per cent Americanism.

King's Daughters. The King's Daughters met with Mrs. Chesney last Thursday. There were twenty-eight present. The roll call was new year's resolutions. The Bible lesson was fruit bearing from the fifteenth chapter of John.

AID MEETS. The Christian Aid Society met with Mrs. C. T. Harness last Thursday. The devotional exercises were conducted by Mrs. Dickerson. Two lectures for the Red Cross were distributed among the members to make it was decided to have the Christmas banner again this year and it was decided to be held to the first Saturday in December.

Hesperian. The Hesperian met with Mrs. Barrett. Four things were spent in the reading of miscellanea by the members as this was original manuscript day. Mrs. Sam Majors won the first honors and Mrs. Lee Jones second. The hostess then invited the club to the dining room, where a luncheon of fried chicken, gravy, creamed potatoes, celery, olives, hot biscuits, ice cream and cake was served.

1921 Study. Mrs. Jim Debbis was hostess for the 1921 Study. The first lessons of the Travelogue was begun. The first study being American cities, led by Mrs. Roy Doster. The roll call was

a tribute to America by a foreign writer. Miss Vaughan gave a map study discussing natures, provision of sites for American cities. Mrs. Coffee gave a paper on atmosphere of American versus Foreign cities. The club voted to adopt Rogers school and help build up a library. At the social hour the hostess served salad, olives, cake and coffee. Mrs. R. P. Price is hostess this week.

Standard. The Standard met with Mrs. Prude Mrs. Skerwin led the lesson in "In Memoriam" and Mrs. Adams the lesson in Civics. The hostess served chicken on toast, cheese, white cake and coffee. Mrs. Carter is hostess this week.

Harmony Club. Mrs. W. L. Doss was hostess for the Harmony Club this week. Her guests were: Mesdames Coleman, Donnell, H. D. Snyder, H. B. Smoot, M. Carter, E. F. King, F. E. McKenzie, Murphy, Stonerod, W. L. Doss, Jr., T. J. Ratliff, H. E. Grantland, J. M. Green, A. L. Whipkey and Miss Katherine Justice. A salad, sandwich, olives, fruit cake, coffee with whipped cream were served. The next meeting is with Mrs. J. H. Guitar.

Civic League. The Colorado Civic League met Thursday at the residence of Mrs. P. C. Coleman with the president, Mrs. A. L. Whipkey, presiding. Mrs. Coleman reported that electric lights had been secured for the negro school house, and were now in use. The League assumed a deficit of \$11.05 on this bill, which was about \$25.00. The colored auxiliary will refund this amount to the League as soon as possible. The negroes are now able to use their school building as a community center which was impossible to do without some lighting system. The treasurer reported \$22.40 in bank. The chairman of the membership committee reported 57 members. The League is planning a clean-up campaign in the next few weeks. It is hoped that the entire citizenship may participate in this work.

MARRIED. Miss Mary Moore and Mr. Guss Vallentine Bassinger of west of Colorado, were married Sunday afternoon at the Baptist parsonage. Rev. M. C. Bishop officiating.

Bayview. The Bayview met with Mrs. J. L. Bennet at Mrs. Prude's. The time was spent studying the Merchant of Venice, led by Mrs. D. H. Snyder. At the social hour the hostess served creamed chicken and toast, jelly, cake and coffee.

Missionary Meeting. The monthly missionary meeting of the Baptist Auxiliary was held at the church Monday afternoon. The subject was "Expanding the Foreign Mission Horizon," led by Mrs. Gustine. The growth of the various mission fields was reviewed and needs studied. The offering of \$9.30 went to our training school girl, Miss Coral Bishop. The next study will be on foreign mission fields.

Study Course. The Methodist Missionary Society met with Mrs. Buchanan Monday for the regular mission study course. The Bible lesson was from Isaiah. The country studied was China. Mrs. Ben Plaster was a guest. The hostess served sandwiches and tea. The next meeting is with Mrs. H. S. Beal.

LORAINIE GIRL WEDS. News has been received of the marriage of Miss Maye White, formerly of Loraine, and Mr. Baten B. McChristy of Brownwood, Texas, on Tuesday, January 10th at 7:45 p. m., Rev. W. R. Hornburg officiating.

The bride, a daughter of Mrs. W. T. White, has been reared in Loraine and has a host of friends both here and at that place. She is an attractive young lady and of a lovable disposition. The groom, a son of Mr. and Mrs. W. D. McChristy, postmaster of Brownwood, though a stranger to us, comes as highly recommended. He is a splendid young man of high ideals.

Pay Your Poll Tax. Only two weeks more to pay your poll tax. It is a duty and privilege to do this. A duty you owe yourself and country and a privilege to have a part in voting and helping make the schools of Texas go further up the scale than 39th. One dollar of the poll tax goes to the schools and just think how much the women might help in this matter by paying their poll tax. You may not want to vote, may not care who the officers of the city, county, state and nation are but knowing that the schools of Texas will be benefitted, your children, your neighbor's children and the coming generations surely every woman in Mitchell county will not neglect this important matter of good citizenship. Pay your poll tax.

Merry Wives. The Merry Wives met with Mrs. J. L. Pidgeon Wednesday. Her guests were Mrs. H. C. Doss, Mrs. J. C. Etheridge and Mrs. Bert Robertson. She served banana salad, wafers, brown bread sandwiches and coffee. The meeting will be with Mrs. O. B. Price next Thursday evening with the husbands as guests.

U. D. C. Meeting. The U. D. C. chapter held an interesting meeting Tuesday at the home of Mrs. R. N. Gary. The program was on R. E. Lee and Stonewall Jackson. Miss Gary favored with several vocal numbers with the accompaniment. Mrs. G. W. Smith gave some interesting historical sketches. The hostess served veal loaf sandwiches, pickles, a sweet course and coffee. Mrs. Gustine will be hostess next month at Mrs. Thomas'.

SOME PROBLEM. A school teacher received the following note:

"Dear Madam: Please excuse my Tommy today, he dont come to skule because he is acting as timekeeper for his father an dit is your fault. You gave him a example, If a field is 5 miles around how long will it take a man, walking 3 1/2 miles per hour to walk 2 1/4 times around it? Tommy ain't a man, so we sent his father. They went early this morning father will walk around it and Tommy will time him, but please don't give my boy such examples no more, because my husband must go to work every day to support his family."

GARAGES AND FILLING STATIONS CLOSE SUNDAY

Nine of the ten service and filling stations in Colorado have mutually agreed to close throughout the day Sunday and to abide by the stipulated agreement that no oils, or gasoline sales or service or repairs of any kind whatsoever are to be allowed on Sunday. The agreement is to become effective next Sunday, January 22.

Another feature of the agreement signed by the managers or proprietors of these nine concerns is "that if we fail to keep this agreement we shall be subject to prosecution under the State laws governing such places of business on Sunday and this agreement is entered into with the understanding that the civil officers will see to it that it is enforced against every garage in the City of Colorado without discrimination."

The agreement was left at The Record office Monday morning by Sheriff W. J. Chesney and he stated that he had issued orders to members of his department to enforce the Sunday closing here as petitioned by the nine concerns of the city who had signed the closing agreement. The full text of the agreement and the names of those endorsing it follows:

"Believing that every man is entitled to Sunday as a day of rest and worship, and wishing to conform to the State laws governing Sunday opening and operating garages and filling stations, we, the owners and managers of garages and filling stations in the city of Colorado, Texas, mutually agree to close our places of business on Sunday, refusing to sell gas, oils or fixtures or to do any repair work of any kind on Sunday. In case of cars kept in storage in our places of business over Sunday, we shall be given the privilege of allowing these cars to be taken out by the owners at a fixed hour, but no sales or repairing of any sort shall be allowed by us.

"We furthermore agree that if we fail to keep this agreement that we will be subject to prosecution by the State laws governing such places of business on Sunday and that this agreement is entered into with the understanding that the civil officers will see that it is enforced against every garage in the city of Colorado and without discrimination, said closing to begin Sunday, January 22, 1922.

CHICAGO LADIES' SEXTETTE HIGH SCHOOL TUESDAY NIGHT

The Chicago Ladies' Sextette at the High school next Tuesday night, Jan. 24th.

This is the fifth and last number of the lyceum course, and will certainly be one of the best numbers.

Let's have a full house and pay for the course without having to call upon the guarantors to put up any money.

This is an orchestra worthy of the name of the great city it represents. A happy combination of artists who play and sing—and bring to their audiences the best as well as the popular. A rare combination of genius, experience, versatility and genuine ability.

An organization that stands out in the Lyceum world—as few companies do.

The Chicago Ladies' Sextette offers a most unique, original and delightful program. In varied combinations of violins, cello, string bass and piano, these gifted young ladies play their way into the hearts of their audience—and lose no time in doing so. They have what might be called a "Personality Program," for they certainly are "Personality Girls"—every mother's daughter of them.

You will like the Chicago Ladies' Sextette. You will enjoy every minute of their program. You will enjoy their orchestral work, their solos, their vocal combinations, and their readings and impersonation work. There is not a dull moment on their entire program, and when you have heard them, you will agree—that the folks all along the line—that the Chicago Ladies offer a program of real dramatic and musical worth. Program begins at 8:15.

OPEN FOR DISCUSSION.

Sometime ago the Record man was planting out some trees along near the sidewalk and a passer by advised that the lower limbs be cut off or the tree trimmed up so when the tree was grown the first limbs would be up out of the way. We said no let them alone that as the tree grew taller the limbs would naturally get

higher up from the ground, that is to say, set out a tree with the first limb say three feet from the ground and when that tree is grown say thirty or forty feet high, that first limb will be five or six feet from the ground. He laughed at us and said the limb would not get higher, not one inch even if the tree grew to be one hundred feet high. We referred the argument to Mr. Dulin, county farm agent and treeologist and he decided against us. Also we then wrote a letter to the Extension Service Department of A. & M. College and here is his reply: Mr. F. B. Whipkey, Colorado, Texas.

Dear Sir: Replying to your letter of the 17th, I hesitate to enter into an argument or be arbitrator of an argument between Mr. Dulin and yourself; however, I must agree with Mr. Dulin in that the center of the limb will not be raised as the tree grows taller. The place that it comes out is permanent and if a tree is allowed to grow for a period of years that limb will never be any higher from the ground than when it came out.

M. E. HAYS, Horticulturist. Notwithstanding this strong decisive letter from this learned gentleman, we are not yet convinced. How do you explain that when a cotton plant first comes up it forks right at the top on the ground only two inches off the ground when it puts on its two leaves yet when that cotton stalk is grown (three feet high) that very fork is right at the top of the stalk. When a child first begins to walk its knee is not more than six inches from the ground, yet when it is a grown man that knee is 18 to 24 inches from the ground. Why is it in the untrimmed forests you see very few trees with limbs close to ground. We have seen pine saplings with first limbs only ten feet off the ground and all of you have seen the pine tree 50 feet to the first limb. This is a subject open for discussion and we would like to have some expressions from our readers at least before we are convinced that we are wrong.

OIL SITUATION AS SEEN BY BIG SPRING HERALD

Under the caption, "The Itan Section has a Proven Commercial Well," the Herald, published at Big Spring, says the following in the current number:

The Foster No. 1 of the Colorado-Texas Petroleum Company is producing oil at the rate of 100 barrels per day when the pump is in operation, and there is a feeling that this well would probably produce as much as two hundred barrels per day if the sand was cleaned out of it.

A small amount of gas continues to be in evidence and this too might show a substantial increase if the well was cleaned out.

Drilling on Foster No. 2, located about two thousand feet southeast of No. 1, was temporarily suspended this week on account of inability to secure water for the boiler.

The contractor who has the contract to drill this test expects to complete the well in 30 days when he is able to secure water needed to carry on operations. This well is now down to a depth of six hundred feet.

Pumping oil from Underwriters Oil Co's T. & P. No. 1, northwest of Westbrook, goes forward steadily and fuel oil for the boilers at the Smith No. 1, Spaulding well and Underwriters well No. 2, is secured from this oil well.

The work of cleaning out and deepening Underwriter's well No. 2 is now under way and it is believed that a much larger production of oil will be secured.

The Spaulding Company, drilling a test well two miles west of the Underwriters No. 1, are making fast time, this test now being below the 800-foot mark. They are drilling on acreage subleased from the Underwriters Oil Company.

LETTER FROM E. M. McCRELESS

While I was away I saw many things, no two just alike. I saw beautiful towns and cities no two just alike only in one particular. That is everything and everybody were in a rush. It seemed no one had time for a social talk and pleasantness with his neighbor or even his loved ones. Yes I saw river beds practically dried up, ravens and valleys dry, and oh, what a contrast when I saw beautiful running streams clear as crystal trickling over rock bottom surfaces. I also saw some nice fields of small grain, but commonly speaking lots of it was very backward on account of dry weather conditions. Yes I saw lots of cotton yards without any cotton but a few that reminded me of Colorado. I saw lots of land ready prepared for planting with already enough work done to make a crop in West Texas, but also most people are climatized, which means too poor to move and too poor to stay where they are. I actually saw people without employment and still a cry for labor. I asked a merchant few days ago why shoes were so high and cowhides so cheap. He said on account of scarcity of labor and still the cry of starvation goes on for the unemployed. I am caused to think here in our midst there are a great many of unemployed merely from choice. Let's cut out the word unemployed and write in its stead "I'm going to work. If I can't get a whole loaf I'll take a half."

Yes, I saw many people moving from place to place, and I now quote old Jim Hogg's theory as follows: "Every man a home." Good happy homes go to make up a wealthy nation. Why should any human on this earth grapple for greed and lay up treasures on earth when the needy is all around him and the vaults of heaven empty? With this script I turn the writing proposition over to ELL.

NEGROES RETURNED BY SHERIFF CHESNEY

Sheriff W. J. Chesney returned from Dallas last week where he had gone to receive from the Dallas County authorities two negroes, Henry Gardner and John Ford, arrested in Dallas County recently on charges of assault to murder and robbery with fire arms. The offense is alleged to have occurred on the farm of W. H. Palmer, a few miles southwest of Westbrook, last November, and the pair were indicted by the recent Mitchell County grand jury.

Burrell Smith, victim of the two, claims to have been help up, shot and robbed by the pair. Valuables in both money and a gun are claimed to have been taken from Smith. The prisoners are being held in the Mitchell County jail.

WILLIE GRACE DOSS WINS IN BETTER BABY SHOW

Willie Grace, six months old daughter of Mr. and Mrs. Will Doss, Jr., was awarded the prize in the better babies show at the Best Theatre. The second prize went to Lois and Louise, twin daughters of Mr. and Mrs. Leon Jenkins. The third prize was carried off by little Amora Rogers, daughter of Mrs. W. F. Rogers.

The contest proved a most interesting diversion at the theatre, especially among mothers of the city who entered babies in competition for the prizes offered. Pictures of the several babies entered were shown on the screen and the judges made their decisions from these.

ENTHUSIASM ATTENDS LEGION POST MEETING

A representative attendance of the post membership was at the special meeting called Thursday night at the club rooms of the American Legion, Thos. R. Smith, post commander, stated Saturday. The meeting was called for the purpose of outlining a program for the post during the year.

The boys who were present Thursday night, and there were more than twenty-five of them, Smith stated, were enthused over the possibilities for making the local post better. A scale rate of \$12 per year, club and Legion membership dues, was assessed. These dues are to be paid annually or semi-annually in advance.

That was a good reply which Diogenes made to a man who asked him for letters of recommendation. "That you are a man, he will know when he sees you; whether a good or bad one, he will know if he has any skill in discerning the good and the bad. But if he has none, he will never know, the I write to him a thousand times." It is as tho a piece of silver money desired to be recommended to some one to be tested. If the man be a good judge of silver, he will know; the coin will tell it's own tale.—Epictetus.

Saddle and auto top work, harness repairing that is done right. Colorado Saddlery Co., next door Alamo Hotel.

Be Careful What You Say.

In speaking of a person's faults, Pray don't forget your own;

Remember those of homes of glass. Should never throw stones.

If we had nothing else to do Than to talk of those that sin, 'Tis better better that we commence at home,

And from that point begin. Have no right to judge a man Until he is fairly tried;

Should we not like company, We know the world is wide. Some may have faults—

And who has not? The old as well as young; Perhaps we may for aught we know,

Have fifty to their one. Then let us all begin

To slander friend or foe, Think of the harm one word may do

Do we little know. Remember, curses sometimes, like Our chickens, roost at home.

Don't speak of others faults Until you have none of your own.
