Some of our folks were in the third reader, some twenty years ago perhaps remember the story of the old man that left his home early one morning with a fine horse traded all day. First the horse for a cow then the cow for a sheep, grindstone, goose, hen and finaly wound up with a sack of rotten apples, and as he trudged his way home he made a wager with a rich man that his wife would put her arms around his neck and say. "What the old man does is always right." The idea we wish to compare is this: We watched two present day farmers meet last Tuesday evening and one swapped the other a mule for a red rooster and do you suppose either of their wives made the above remark when they reached their respective places

The old timers wont hardly know the community when they come back on a visit, there is so many new farms in cultivation. It will all help the appearance of the community and we feel sure the rains will come in time to repay those folks for their time and labor as well as

James Bodine has had the third well drilled on his farm. Jim says 'the third time's the charm" and he got a good supply of water at a shallow depth and will put him a windmill over it right away.

After the Commissioners' Court prepare an A-1 road bed to the county line north from the cemetery Then the citizens and C. of C. Booster Club raise a fund of several thousand dollars a year to pay for labor to put gravel on the wagons and dump and scatter it off the wagons then we'll be in shape- to start that said hard surfaced road north from the cemetery.

And the time to get action is now, that is get these funds pledged and plans under way for a good road bed then we think the farmers on either side of the road north clear to the north line can be interested in the project enough to pledge himself to put on so many yards of gravel every year during the summer months. When a farmer stops and thinks just a little, he can see that it will repay him in the long run, if he has a good road to haul his produce to market over, instead of the worst stretch of road in West Texas, as we have had the past fall. In making an appeal for support of the proposed center, Mrs. Merritt outlined the need of a rest room for women from the country who come to the city. "There is now no place for these ladies to go and rest and the need for such a place is very much in evidence, especially in the case of those women with small children," she stated.

Mrs. Merritt praised the work of the Red Cross nutrition worker recently employed by the chapter and cited instances wherein children found underweight had become normal through the system of diet arranged under direction of the worker, Miss Cavett. Scores of physical defects in school children were deto the parents, she said.

Following reports on activities of the Mitchell County chapter during the past year by the chairman, J. H. Greene; the treasurer, T. W. Stoneroad; Mrs. Thos. Dawes, Mrs. H. S. Beal and Mrs. Merritt, officers and executive committeemen for the ensuing year were elected, as follows:

Resolutions thanking officials of the City National Bank for courtesies extended in the way of furnishing free of cost an office suite as headquarters for the nutrition worker and use of one of the executive rooms as a place for holding meetings of the chapter, were adopted and ordered incorporater in the minutes.

In his report, Mr. Stoneroad stated that funds received from the membership drives in 1920 and 1921 were approximately the same, there being a few dollars more received last year. After current indebtedness of the chapter is paid, he stated, there will remain approximately \$340 to credit of the treasury.

Helton, who for many years has been a resident of Mitchell County, died Szturday shortly after midnight at his home in North Colorado, and was buried Sunday afternoon at Teeville beside the body of his first wife, who preceded him in 1918. For more than a year Mr. Helton has been ill. He was taken to the Temple Sanitorium in the summer, where it was found that he had cancer of the liver in such an advanced stage that an operation was not considered Edvisable. He was brought home and lovingly cared for, by his family and physician until the end came quitely and gently and he passed peacefully into the great beyond.

The funeral services were conducted at the home Sunday afternoon at two-thirty o'clock by his pastor, Rev. |-C. L. Browning, assisted by Rev. D. R. Hardison. The Masons had charge of the service at the cemetery. Mr. Helton was born in Middle Tennessee September 19, 1869, being a little more than fifty-two years old. He had been in Texas since a boy, havng lived at Cuthbert. Teeville and other places in Mitchell County. He was known an loved by each community 'n which he had resided, as was testified by the great gathering of friends at the little cemetery to which the body was carried, and the number of Masons who gathered to do honor to their falen comrade and the flowers that covered the new | made grave when the Masons had concluded their beautifut ceremon-

Mr. Helton was married in 1895 to Miss Lillie May Childress. To them were born five children, Mrs. Ruby Moore, Jack, Loula, Ruth and John, all of whom survive them. All of these are Christians and are loved and respected by their friends and school mates.

A year ago Mr. Helton was married the second time to Mrs. Cora McCarley, who has been a mother to his children and a faithful wife ministering untiringly to him in his long illness. He was for a number of years a consistent member of the Methodist church serving in every community in which he lived in some official capacity, and striving always to advance the interest of morals and religion. Soon after he moved to Colorado he was made a steward in the Methodist church here being discontinued only because of his illness. In his death his family, his church and his town has suffered a great loss for good public spirited citizens are always needed but the loved ones can feel that their loss is his gain, and they may look forward to a reunion, where partings never come and where sorrow and sickness do
