## PORTER RECEIVES BULLET WOUNDS IN GUN AFFRAY

R. L. Porter, who was wounded in a shooting affray Monday morning on the McKenzie ranch, twenty-five miles southeast from Colorado, was reported improving rapidly Thursday morning and is expected to be able to be up within a few days. Porter was brought to Colorado Tuesday afternoon for medical treatment and was carried to the Coe Rooming House, following an x-ray examination at the offices of Dr. C. L. Root.

Joe Bowman, an employee on the Spade ranch, surrendered to Sheriff W. J. Chesney following the shooting and in a statement to the officers admitted that he fired four shots from a .38 calibre revolver at Porter. Three of the shots took effect, one of them shattering the left arm and the other two entering just below the left shoulder blade lodged in Porter's body immediately above the abdominal cavity. The wounds are not considered serious unless complications set up.

Tuesday afternoon, Bowman waived examining trial and was released under \$5,000 bond, pending appearance before the grand jury, which convenes April 24. The bond was signed by several prominent Mitchell County cattlemen.

Information as to the cause of the shooting is meagre. It is said, however, that family trouble between the two men, which had been brewing for several days, was the cause.

Drs. P. C. Coleman and T. J. Rattiff of Colorado attended Porter Monday a few hours following the shooting and their first report was unfavorable. The physicians, following a hasty examination of the wounded man, feared that two of the pistol bullets had lodged in his left lung. The x-ray examination Tuesday afternoon, however, disclosed such not to be the fact.

## FOSTER NUMBER ONE AT IATAN CLEANING OUT

Horace Cook, representative of the Colorado-Tex. Company, was here Monday from Iatan and stated that the crew at Foster No. 1 were cleaning out this week. When the well is thoroughly cleaned production is expected to show an increase. Petroleum from this well is of the highest quality found in the Mitchell County field and has been contracted for by the Rio Grande Oil Company of El Paso.

George A. Reese, president of the company, is in Trinidad on business in connection with development here, Cook stated. A depth of 250 feet had been reached in the well being drilled near Foster No. 2 for water. Operations at this well has been temporarily suspended during the past several weeks on account of water shortage.

## CONGRESSMAN PARRISH IS INJURED IN AUTO CRASH

Congressman Lucian Parrish, candidate for the United States Senate, was seriously injured Wednesday night of last week when the automobile in which he was driving from Anson to Roby went over an embankment and turned over three times. Parrish sustained a broken jaw, fracture of the skull and was otherwise injured. He was carried to a sanitarium at Wichita Falls where for a time attending physicians held but little hope for his recovery. Wednesday, however, he was reported as improving.

Parrish was in Colorado Tuesday of last week and delivered an address at the court house in the interest of his candidacy.

## NEEDHAM BROWN EXHIBITS UNUSUAL FREAK HERE

Needham Brown, of ten miles south of Colorado, was in Colorado Friday exhibiting the gizzard taken from the carcass of a pet duck which died at his home Friday morning. The gizzard contained eight large wire nails three inches in length.

The duck, which had been a pet about the Needham home for ten years, died Friday morning from apparent strangulation. The little son of Brown, noticing that the duck strangled to death performed an autopsy to ascertain the trouble, finding the gizzard with the nails in it.

Each of the nails were swallowed by the duck pointed end first. One of the nails was partly eaten away from rust but the others were intact. Just how long the foreign bodies had been contained in the organ is problematical. The alimentary canal was completely closed by the nails.

## THREE MILES LINE PIPE AND PUMPS ARE SHIPPED

Three miles of two-inch line pipe and pumping equipment for the Rio Grande Oil Company pipe line from the field to Westbrook were being assembled at Fort Worth Monday for shipment to Westbrook, according to information received by J. L. Vaughan from offices of the Rio Grande Oil Company at El Paso. Mr. Vaughan stated that the pipe would probably arrive at Westbrook by Thursday.

"We hope to have our pipe line laid and commence taking crude from your wells at Westbrook by Saturday," L. E. Lockhart, manager of the El Paso refinery, wired Monday.

## BIG BOX SUPPER FRIDAY NIGHT AT SEVEN WELLS

A. W. Dearen, principal of the Seven Wells school, states that a box supper is to be featured at the school house Friday, March 31, proceeds of the sale of boxes to be applied on a fund for the benefit of the school. Dearen extends an invitation to the general public to attend.

## RIG MATERIALS SMITH NO. ONE ARRIVE SUNDAY

Material for rebuilding the rig at Smith No. 1, five miles west of Colorado arrived in the yards at Colorado Saturday afternoon and was hauled to the location Sunday. McDonald of Big Springs has contracted to build this derrick.

Drilling at this location will be resumed just as soon as the derrick can be built and the tools strung. J. L. Vaughan, stated Monday. The derrick here burned down two weeks ago.

## Activities Increasing in Colorado Field; Two New Derricks—Line Pipe Arrives

The last of the two additional storage tanks at Morrison Number 2 was set up late Wednesday and the Underwriters Producing and Refining Co. now have adequate facilities for storing production from this well and T. & P. No. 1, the discovery well, one-half mile south-west from the Morrison.

Three miles of line pipe which was concentrated at Fort Worth Monday arrived at Westbrook Thursday and the line from Westbrook to the field is being laid now. The pipe line is being laid by the Rio Grande Oil Company of El Paso, which company has contracted production from the Underwriters in the Colorado field. A telegram from C. L. Lockhart of El Paso, manager of the Rio Grande Oil Company, stated that he expected to have the line completed and be taking crude from the storage at Morrison No. 2 by Saturday night.

The first shipment of oil from that section of the Colorado field will leave Westbrook next week and plans for celebrating this event are being worked out. Several hundred people from Colorado, Westbrook and various sections of Mitchell County will assemble for the celebration.

Two new derricks have been sent out to the field since Saturday. One of these is for the T. & P. No. 2, to be drilled three hundred feet south from Morrison Number Two, and the other to replace the derrick at Smith No. 1, five miles west from Colorado, which burned down a few days ago. The derrick was burned when an improvised heater in which crude oil was used as fuel, exploded. No tools were lost in the well and drilling will be resumed at 1620 feet as soon as the derrick is up and the tools strung, which will be about April 1st.

This well is being drilled by the Crescent Drilling Company of Tulsa.

D. J. Lewis, contractor drilling Conoway No. 1, 14 miles south from Colorado, stated Friday that he would resume drilling early next week at 3000 feet. This well has been shut down for several weeks on account of water shortage. During the last few days before closing down, Lewis hauled water by wagons a distance of seven and one-half miles. The recent rains put out water in surface tanks in the vicinity of the Conoway well.

At Iatan the Colorado-Tex. Company is cleaning out Foster No. 1 and expect the production of fifty barrels per day to be increased when the well is properly conditioned. Foster No. 2, being drilled by George Adams of Ranger, is shut down at 800 feet because of water shortage. The company is drilling a water well near the location this week in the hope of finding a water supply on which to operate. Several wells have been drilled near the Foster wells, but water from them could not be used in boilers on account of the salt content.

At Zilpha Morrison No. 1, two miles west from Morrison Two, drilling is progressing at 1400 feet. The Spaulding Drilling Company is taking water by pipe line from shallow wells near the T. & P. No. 1.

Billingsby No. 1, 12 miles north of Colorado, is drilling at 630 feet. W. G. McClung, operator there, is moving his headquarters from Wichita Falls to Colorado this week. He stated in Colorado Monday that a new test on his acreage, which lies in both Mitchell and Scurry Counties, would be spudded within thirty days.

Coleman No. 1, on the P. C. Coleman ranch, 17 miles northwest of Colorado, will be drilling within the next two weeks. This well was started last year and shut down at 700 feet on account of the water supply becoming exhausted. The recent rains have left large water holes in the Colorado river and pipe line is to be laid from the location to the river, a distance of two miles.

At Morrison Two the Underwriters are lowering two-inch tubing to 2900 feet and the belief among local oil men is that the well will flow continuously when the smaller piping is set. Since the five and three-sixteenths casing was set at 2900 feet two weeks ago the well has shown a gradual increase in production daily.

The flows by heads have become more frequent and of longer duration and once during this week when the production was gauged the well flowed three hundred barrels without agitation. When uncapped the well will flow a jet of oil above the crown block. It is to be noticed that the gas pressure from this well is becoming stronger.

Since the Morrison first began to flow a few weeks ago there has been thousands of acres of leases changed hands in Mitchell County, and the price of this property has increased from day to day with clock regularity. The number of prominent oil men and scouts to visit the field is becoming larger each week and lately it is noticed that many of these visitors are from New York, Pennsylvania and other industrial centers of the East. Operators from Colorado, Nevada and California have been in the field during the past week.

W. J. Vaughan, 1st vice president of the Underwriters Producing & Refining Company, stated Wednesday that his company would start three more new wells on their property in the Westbrook vicinity within the near future. These are to be in addition to the T. & P. No. 2, the derrick for which is being strung this week.

Crude from the Morrison Well tested thirty per cent gasoline and twenty-seven plus gravity, according to a telegram received from Theodore B. Westgate, president of the Underwriters. Westgate left here last week for Titusville, Pa., and carried samples of the crude with him for tests in the laboratories of his refinery there.

## COUNTY ATHLETIC MEET AT LORAIN THIS WEEK

The Mitchell County athletic meet in which the various rural schools of the county are to participate, will be convened at Loraine today for a two-days session, Chas. Thompson of Rogers, stated while in Colorado Saturday. Thompson is one of the directors of the athletic association and believes the meet this year will be one of the most interesting held in several years.

The Loraine Chamber of Commerce will hang up cash prizes amounting to \$60.00, Thompson stated. These are to be awarded winners in the several athletic features to be observed.

## SCHOOL INSPECTION.

Miss Sibly Attwell, Department of Education, will arrive in Colorado March 24th, to make inspection of all schools applying for State aid.

## COLORADO PETROLEUM TESTS THIRTY PER CENT GASOLINE

Theodore B. Westgate, president of the Underwriters Producing and Refining Company, and E. J. Quigley, a director in the company, arrived at Titusville, Pa., Monday afternoon in a blinding snow storm, according to a telegram received from Mr. Westgate.

Westgate carried a sample of petroleum from the Morrison well to Titusville and caused it to be tested in his refinery laboratories there. He wired that the crude tested 30 per cent gasoline and twenty seven, plus, gravity.

"Please convey my sincere regards to those Colorado boosters," Westgate wired in a telegram to W. J. Vaughan. "I was so favorably impressed by those people down there that I plan to make a return visit soon."

## INDEPENDENT OPERATOR MOVING TO COLORADO

W. G. McClung, independent operator in the vicinity of Dunn, 14 miles north of Colorado, is moving his headquarters from Snyder to Colorado. The family of Mr. McClung is also moving to this city from Wichita Falls and they will make their home in this city.

McClung and associates have holdings in both Mitchell County and Scurry County, north of Colorado. Billingsby Number One, being drilled by the company, was down 620 feet Monday. This well is located 12 miles north from Colorado.

## NEW STORAGE TANKS AT MORRISON WELL ARE UP

Work of setting up the two additional storage tanks at Morrison No. 2 was completed Wednesday. The Underwriters Company now has four five-hundred barrel tanks there in addition to the smaller wooden tanks and the earthen storage.

J. L. Vaughan, a director in the company, stated Wednesday that the Morrison well would be given a test for production within the next one or two days. Five flows by heads in twenty-four hours are becoming frequent feats for the Morrison, Vaughan stated. Monday the well is said to have flowed three hundred barrels.

## DECLAMATION-SPELLING CONTEST HELD WEDNESDAY

Elizabeth Terrell, in the Junior Girls class; Fay Thompson, in the Senior Girls class, and Vivian Franklin, in the Senior Boys class, were winners in the declamation contest held Wednesday at the High School auditorium.

In the spelling contests held the same day, Irene Buchanan was winner in the Senior Girls division and Mildred Cook in the Junior Girls.

## A. & M. COLLEGE OFFICIAL ASSISTING IN CLUB WORK

R. W. Persons, assistant State agent in charge of boys and girls club work, Extension Department, A. & M. College, arrived from College Station Wednesday and with W. A. Dulin, county farm agent, commenced the work of organizing boys and girls clubs in the several rural communities of Mitchell County Wednesday afternoon.

Dulin stated that it was planned to organize one each of these clubs in every school district of the county. The club members are to be requested to grow baby pigs and beeves, poultry of prize winning stock, in addition to agricultural and garden products. This work is to be carried along under the personal direction of the county agent.

Dulin stated Wednesday that R. W. Ridgeway, dairy expert of Fort Worth, and who for ten years was in charge of the Dairy Department at A. & M. College, had promised to come to Mitchell County and assist in the club organization. Ridgeway is expected to arrive in Colorado within the next few days.

On September 21.22, during the Mitchell County Fair, members of the boys and girls clubs are to enter their products in competition for prizes to be offered. Following the fair the prize winners from these entries are to be shown at the Dallas Fair and the Cotton Palace at Waco, Dulin stated.

Organization of the clubs is to be worked largely through the rural schools. County Judge J. C. Hall and the Colorado Chamber of Commerce are co-operating in the work, according to Dulin.

## COMMISSIONERS' COURT INSPECTS ANGELO BRIDGE

Judge J. C. Hall, S. S. Posey, assistant bridge engineer from the State Highway Department and the four county commissioners went to San Angelo Saturday afternoon to inspect the new concrete viaduct there. The inspection was made with the view of incorporating some of the features of the San Angelo bridge into plans of the one to be constructed here.

Mr. Posey left the party at San Angelo and returned from there to Austin, where he is working on plans and specifications for the new structure at Colorado.

### OUR TRIBUTE TO F. A. WINN

F. A. Winn, our beloved teacher of the Bible class at the Methodist church passed away Monday, March 13, and, sad as the thought, will teach us no more. We knew him long and well. He most efficiently taught us the past eleven years, and we had learned to love him dearly, and shall cherish his memory while time endures.

He was always patient, kind and considerate; took a personal interest in every member of the class; was careful to call each one by name, and ever tried to impress upon us the religious application of the lesson.

Bro. Winn was entirely orthodox; accepted the Bible as the word of God, and, without the slightest misgiving, believed every word in it from cover to cover.

Members of his class at times may have differed with him in his interpretation but no one ever doubted his earnestness or the sincerity of his heart.

Bro. Winn was a good man, a student of the Bible. He kept the faith, ran a good race, lived a life worthy of all emulation, and at the Pearly Gates we doubt not will find an abundant entrance.

May each member of his class determine to meet him there, and when the "roll is called up yonder" may we have a love feast in the skies and a reunion of the old Methodist Bible class.

### THE BIBLE CLASS.

Chamberlain's Cough Remedy Nothing so Good for a Cough or Cold.

"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbottstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

The church work; the meetings of church societies or guilds; the visits to the sick; the relief of the poor; these things make life happier and make life nobler.

### The Pneumonia Month.

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.

## No Need of Getting Shoes Half a Size Too Large

as so many ladies do—because they don't pay enough attention to the fit of the stockings. You can always get the "happy medium" of a comfortably snug fit—no waste room in the toes or heels, or about the ankles—no wrinkles to hurt and look slovenly. There's a size in

## ARMOR PLATE Hosiery

that is precisely your size. They're knit (never wet and molded) to size and shape. They'll neither shrink and bind your feet nor stretch and wrinkle under the shoes, after you've worn them awhile. Because they fit so well, they look trim and stylish; the extra wear you get out of them is due to the extra quality long-fiber yarn of which they're made and the special dye (Harmamol) which positively doesn't burn, rot or weaken the fabric. Cotton, silk or wool—perfect in weave, wear and wash.

### FARM BUREAU MAKING MITCHELL FARM SURVEY

A complete farm survey of Mitchell County is to be made within the next few days. E. M. Baldwin, manager-secretary of the bureau, stated Wednesday. Information cards, on which are printed thirty-three questions to be filled in by every farmer and rancher of the county, whether land owner or tenant, are being sent out from the local office of the organization.

Baldwin stated this would be the first farm survey of its kind ever attempted. The information to be obtained will cover every item to be classified on the farm or ranch, even giving the age, sex and breed of livestock. Minute information as to the exact acreage devoted to individual crops, together with production per acre, is another feature of the survey.

When the returns are collected bulletins will be prepared by Baldwin for distribution.

## When is a Battery Old?

Some men are young at eighty others are old at forty. It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—on the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rubber Batteries.

Come in and we'll tell you more about them.

### ORIENT BRAKEMAN KILLED IN ACCIDENT

N. C. Hudgins, Orient brakeman, was killed in the Sweetwater freight yards at 6 o'clock Friday morning while attempting to step from one moving freight car to another. His body was completely severed and otherwise badly mangled. Hudgins' run was between San Angelo and Hamlin. His home was in San Angelo. He is survived by his wife and seven children.

### DIED.

Joe Pritchett Girvin, the little six weeks old son of Mr. and Mrs. Luke Girvin, died at the home of Mr. and Mrs. W. J. Pritchett Tuesday night. While the little one had been sick all its short life yet it was thought to be so much better Monday that the father returned to his home in Girvin, but on Tuesday he grew worse and passed to the home where there is no suffering nor death to be with Him who said "Suffer little children to come unto me." The parents and loved ones have the sympathy of their many friends in this dark hour. The funeral was held Thursday morning conducted by Rev. C. L. Browning, pastor of the Methodist church.

### ARROGANCE OF WIRE GATES.

W. J. Vaughan tells this one: "Last week during the visit of Mr. Westgate and party to Colorado, we were going out to the field one morning and arriving at a wire gate E. J. Quigley, a member of the party, alighted from the car to let the gate down. After working for some time with the wire fasteners, which were stretched taut, Quigley finally managed to open the gate and I drove through. He worked for two or three minutes in closing the gate and just as he did so the fact dawned upon him that he had shut himself out on the opposite side from where our car was standing. "Mumbling something about the arrogance of wire gates, Quigley climbed over the fence and into the arc, begging us to say nothing about his experience. To cap the whole thing off, two cowboys drove by and gave Quigley the laugh just as he was 'going over the top' of the fence."

### OIL LANDS AND LEASES

### SOME SAND STORM.

Last Saturday was a whizzer in the way of a sand storm. Lots of people here said it was the worst day ever. Every cloud has its silver lining and the greatest consolation we have is that it was lots worse everywhere else than here. At El Paso they report a Desert storm, blew down signs, broke plate glass fronts and blew the tops off of 20 or more automobiles. At Cisco the press dispatches report a flock of wild ducks flying and the sand was so thick in the air it blinded them so they had to come to earth and were all caught as they were blind. At Bronte one man reported that the sand killed all his lambs. At San Angelo one man took refuge in a dug out shutting the door after him but the sand came in through the key hole faster than he could shovel it out of the window. At Midland it was reported that prairie dogs were seen up in the air digging through the sand. At Lubbock the sun was darkened and chickens went to roost. We had a little gale at Colorado but no sand storm at all compared with other places.

### WELL DRILLING.

Two Noted Periodicals.

In our mail this week we found two small papers. One entitled "The Sovereign Citizen" published at San Antonio, and the other entitled "Liberty" which hails from Washington City. The first of these papers deals with "Personal liberty" in the rankest form. It attacks everything down to the most insignificant person in the state who believes in the enforcement of the lately enacted laws for the protection of the morals of our people.

This "Sovereign Citizen" deals miserably to the Home and State as well as the Governor of Texas. When I read the sheet I wondered what kind of a paper it was that was excluded from the U. S. Mails. This sheet calls folks liars, hoodlums, etc.

You will see many things said about repealing the Volstead Act and that it is anarchy and so on, but realize, friends, the devil has always done his part in every fight and you will find him on the job trying to keep liquor in America.

We will have something to say next week on "Liberty" the other sheet we mention. That sheet attacks the church in trying to have laws passed to enforce Sunday observance.

The meanest man we have heard of is the fellow who was "just dying for a drink" and bought a pint of moonshine from a bootlegger. He had heard of men being poisoned on moonshine and was afraid to risk his life. So he went out and invited a friend to have a drink with him. The friend took a copious draught of the fluid but the owner of the flask said he didn't care for a drink. He watched his friend closely for an hour to see if he died or went blind. Nothing serious happened to the friend, and then the owner consumed what was left of the moonshine. We can excuse the fellow who has a thirst that will dare all things, but a fellow with a thirst as cold-blooded as the one herein described isn't fit to live.—Honey Grove Signal.

A man without hope is the poorest man alive because the lack of hope dulls vision. It is hope that makes us willing to live! Man sees nothing to urge him on to aspire to higher levels without hope as the foundation. And where there is no hope there is no endeavor. Great hopes make great men and the man who does not try is pronounced a failure. Hope makes man see the brighter side of life and makes him believe that there is a pathway that leads to greater things. When this belief

is assured man will strive to reach the desires of expectations. And the man who honestly strives for that which he desires there is hope for him.—Thrift Magazine.

OUR FUTURE.

Does the future ever enter your minds? To be sure it does but how many of us think about it enough to realize what it means to us? We must wake up to the fact that the past in the past and the future is what we make it.

We all have our troubles in life but we must forget those things and think of the future. For time is coming when we will be responsible for ourselves. Are we looking forward to that time and prepare for it; or are we just going ahead and getting all the enjoyment out of life without thinking of the future? We may think if we strive hard and prepare for the future that there would be no enjoyment in life. That isn't true. We would really be happy in the knowledge that we are saving up something for the after-a-while.

It is everybody's duty to do something worth while in life. Are we going to do it, or are we going to sit idly by and let the other fellow do it? No doubt on all have an aim in life. Do you intend to reach it? We are living in an age when every American girl and boy should try to reach the standard of life and do things that our country would be proud of.

My heart is weary, mother dear, Mrs. I have tried to hide its pain, But tis no use, I am longing still To see you all again;

The big, cold city is so hard For one we wear girl alone, And no one cares just how you live That is why I am going home.

I am going home, no more I'll roam, I am going back where the flowers bloom; To sweetest charms, my mother's arms.

And where the birds sing sweet tunes No more I'll stray the Great White Way.

Where eyes are bold and hearts are cold; I want to feel one kiss that's real I am going home. I am going home.

I've wandered o'er the city streets All tired and forlorn; And many times I've often prayed That I ne'er had been born.

Sweet memories steal o'er me tonight I see the shady lane, My heart is set, my eyes are wet, I'm going home again.

Labor is the only prayer that is ever answered. If men could only know each other they would never idolize or hate.

Men are valuable just in proportion as they are able and willing to work in harmony with other men. When a person loses his ability to cooperate with others he has joined the Down-and-out Club.

Success is voltage under control—keeping one hand on the transformer of your cosmic kilowatts. Verily, in the midst of life we are in debt.

Blessed is the man who has found his work. Sing-Sing has several men who were sent there simply because they had administered desires and rag-carpet capacities.

Lovers are fools but nature made them so. A lie travels by the Macaroni route, while truth goes by slow freight and is often ditched at the first water tank.

It is getting so that it is harder to find a gentleman than a genius. Great organizers are men who are able to distinguish between initiative and "freshness," and quite frequently the difference is very slight.

It's a wise guy who does not monkey with his destiny. Bury the thorns of yesterday beneath the roses of today.

The job is as big as the man. It is well to be busy, but there are better occupations than picking up the beans you've spilled.

"The fact is," remarked the old resident of Little Lot, "that a machine with plenty of grease on its bearings is better off out in the weather than one without grease is under cover."

Count that day lost in which you do the things that help no one save you. Count that day lost, also, I say, for whose delights you do not pay.

If you'd plan wisely, make your plans to give as well as take. Strive always to be just and fair; use what God gives with thought and care. Conduct yourself as you'd be known.

There is always room at the top for the cream. A man often takes a girl for an angel because she dresses like one. Doing nothing is the hardest job to finish.

Standard Keyboard--Absolutely The Best and Newest Machine

- 1. Takes 11 inch sheet of paper in regular standard length carriage. 2. Has double rack ball bearing carriage--adjustable. 3. Tabulator, very fast and built extra strong and rigid. 4. Line lock positive and absolutely accurate. Tabulator key releases line lock. 5. Metal rolls in paper fingers instead of rubber--last longer. 6. Basket shifting, faster and lighter than all others. 7. Shift lock can be locked and released on same side. 8. Steel extension on back of type prevents type from being battered or defaced. 9. Two color ribbon indicator in face of machine--does not mix colors. 10. Ribbon reverses automatically at each end--width standard half inch. 11. Stencil device throws off ribbon action without removing ribbon. 12. Ball bearing sub-lever giving light free action. 13. Back spacer on side of machine, cannot be forced two spaces. 14. Ribbon feed faster than others--using less ribbons and giving better impression. 15. Ribbon very easy to change--ribbon spools nickle-plated. 16. Standard key-board having two more keys giving more characters, allowing for writing medical signs, Spanish, Polish or Slav-

- ish languages without eliminating other important characters, also has degree and caret. 17. Card device for cards and envelopes without moving paper fingers. 18. Has nine individual paper feed rollers and metal paper finger rolls making it the best typewriter for writing labels, cards and shipping tags. 19. Writes on the extreme top and bottom edge of the paper. 20. Entirely visible, very simple and easy to operate. 21. Entire type section removable--exclusive feature of the new Shilling Bros. Typewriter--most important and valuable improvement brought out in years for the following reasons: You can keep the machine perfectly clean eliminating the wear, lost motion in bearings, bad alignment, preventing the type bars from sticking, and the machine to operate slow and heavy by keeping out the eraser, grit and gummy oil. 22. When type basket is removed a new main spring can be put in without removing other parts, requiring only about 5 minutes. 23. The new Shilling Bros. typewriter having 500 less parts than other standard key-board machine requires less adjusting and repairs and will last much longer. 24. Each machine furnished with enameled carrying case with sheet metal base. 25. WRITTEN GUARANTEE WITH EACH MACHINE.

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS  
To the Sheriff of the County of Mitchell  
Greeting:  
You are hereby commanded to summon Ophelia Salome Smith, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 22nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 22nd Judicial District to appear at the next term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the fourth Monday in April, A. D. 1922, the same being the 24th day of April, A. D. 1922, then and there to answer a petition filed in said Court on the 23rd day of March, A. D. 1922, in a suit numbered on the docket of said Court No. 4074, wherein T. C. Smith is Plaintiff and Ophelia Salome Smith in Defendant and said petition alleging that plaintiff is an actual bona fide inhabitant of the State of Texas and has resided in the County of Mitchell for more than six months next preceding the filing of this suit; that on or about the 1st day of October, 1902, plaintiff was legally married to the defendant, then a single woman, by the name of Ophelia Salome Barnett; that plaintiff and defendant continued to live together as husband and wife until the 1st day of August, 1921, when by reason of the cruel and harsh treatment and improper and outrageous conduct of defendant towards plaintiff, plaintiff was forced and compelled to permanently abandon defendant, since which time they have not lived together as husband and wife. Plaintiff alleges that the cruel and harsh treatment and improper and outrageous conduct on the part of defendant began in the year 1914 and continued up to and on or about August 1, 1921. Plaintiff alleges that the marriage relation between plaintiff and defendant still exists.  
Plaintiff further alleges that defendant's actions and conduct toward him generally are of such nature as to render their further living together insupportable, the premises considered. Plaintiff prays for judgment dissolving said marriage relations for custody of minor children of plaintiff and defendant, for costs, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to. Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.  
Witness, W. S. Stoneham, Clerk of the District Court of Mitchell County, Given under my hand and the Seal of said court, at the office in Colorado, Texas, this 23rd day of March, A. D. 1922.

Clerk, District Court, Mitchell County, Texas. 4-14-c

**Y. P. M. S.**

The Young People's Missionary Society met at the home of Miss Ewell Gary, on Tuesday afternoon the 14th inst. The business meeting was followed by our program led by Miss Clarcie King on "Possessing the Land—Cuba," which was very interesting. Proceeds from our package tea amounted to approximately \$35.70c dues collected. It was decided to have our business at the first meeting each month instead of at the second, dues therefore, will be paid at the beginning instead of end of the month. Miss Ewell Gary was elected to attend the district meeting at Sylvester. Our next meeting will be on Tuesday afternoon, the 28th, with Mrs. L. Madden. We will have our Bible study taking chapter 21 on to the end of the Book of Acts. Our program will be led by Mrs. Hope Herrington on "Mexican family life" Light refreshments were served at the social hour.

**HIGHER IDEALS OF LIFE.**  
(By G. E. LAWSON.)

Time is like the mighty billows  
As the bell swings too and fro,  
Passing, passing swiftly passing  
Like the downward waters flow.

As we see the world grow wiser,  
And the years come and go,  
Something seems to stop and whisper  
You should not be worried so.

Life is sweet and fascinating;  
We should do the best we can  
To prepare ourselves for something  
That will make us greater men.

If we have a little courage,  
And a little self control;  
If we only keep on trying,  
We will surely reach the goal.

We must have a full determination  
If we want to make success,  
Good enough will lead to failure;  
To succeed requires the best.

We should not wince or falter  
If a fight we once begin;  
Be a man and face it bravely,  
That's the only way to win.

THE Remington Portable is a capable, companionable, individual typewriter, built for the use of the man in his business or profession, the woman in her home, the child attending school—in fact for every man, woman and child who writes.

It is the most compact of all writing machines. Fits in a case only four inches high. Like every Remington, it is strong, speedy, durable and turns out beautiful work.—and mark this: It has the Standard Writing Key-board with which you are familiar—no shifting for figures. Small as it is, the operation of a Remington Portable is exactly like writing on a Standard machine. Just as easy, just as swift, just as simple.

**WESTBROOK ITEMS.**

Mr. M. E. Smith and A. L. Buford left for a business trip to Brownwood Monday evening.

The citizens of Westbrook and vicinity have decided to keep the school going for one or two months longer by subscription which is very commendable of them.

Recent reports have it that Conaway well south of here will soon be drilling again. We understand there has been a gasoline engine ordered for this purpose out of Ft. Worth and will be installed immediately upon its arrival.

Morrison No. 2 continues to flow by heads and is reported to be getting better each day. We may look for a real big gusher in Morrison No. 2 yet as this is the way the discovery well in the Mexia field did for 90 days before it blew in and caused such a sensation.

Rev. Johnson of Big Spring has his business house on the new town-site addition to Westbrook near completion and will soon be ready for business.

We were unable to learn who the parties who have the garage and filling station under construction. This building also is located on the new addition. Many things are soon to happen in Westbrook, which will give it the appearance of a real oil city, which is surely to come soon.

T. E. Hodges, manager for the Westbrook Oil & Gas Co. stated that the company will be in shape to give the press their plans in a few days and further stated that Messrs Sherset and Bland of Ft. Worth made a tour of the Westbrook oil field and vicinity and report they are more than pleased with the prospects here and left to soon return but had no other statement to make at present. The above gentlemen are operators and we will be glad to see

them begin operations here soon. Here's hoping that we can get more men like these to assist us in development of Mitchell County.

Colorado is going to build a fine viaduct over the Colorado river where the Bankhead Highway crosses. In Howard, Midland, Ector and Martin counties a ninety mile stretch of this highway is being constructed. Eastland county is trying its best to get its part of the great system under way. Mitchell and Taylor counties have theirs in use. In time the Bankhead will be the greatest transcontinental highway in the country. It is a year-round route, clear of snow and flood water practically the entire year. It will bring thousands upon thousands of tourists through here every twelve months.—Abilene Reporter.

**FIRST CHRISTIAN CHURCH.**  
We had a fine Bible school Sunday although a number of the regular attendants were absent on account of illness. All the teachers present but one. It hurts for a teacher to be away. We are in the lead in our contest, but there is only one way to stay there and that is to work.

Our music is a very attractive feature in our services. We have a fine orchestra and the singing is improving all the time.

Services Sunday at 11 a. m. and 7:30 p. m. A sincere welcome always awaits you here.  
D. R. HARDISON.

**C. E. PROGRAM.**  
For next Sunday, First Christian church, 6:30 p. m.  
Subject: What our country owes to home missions. Luke 10:1-17. Leader Mary Broadus.

Song  
Sentence prayers led by Miss Jau-nite Pond.  
Song.  
Topic: (1) Who is your favorite home missionary?—Mrs. Lidie Crowder.  
(2) What are some of the home missionary needs in our rural districts—Willie Jones.  
(3) What are some of the home missionary needs in our cities?—Mr. Newlan.  
Offering.—Benediction.

**SUNDAY WITH THE BAPTISTS.**  
We were tickled last Sunday with our audiences. We want every Baptist in the community who has religion enough, he thinks, to go to Heaven on, to come to the church at both hours next Sunday. 7:45 we want to speak on "A Good Man Teasing the Devil." We will try to say something at the 11:00 o'clock hour that will help the brethren. Visitors are urged to worship with us. Boast the Sunday school and prayer meeting.  
Yours,  
M. C. BISHOP.

**AT THE METHODIST CHURCH**  
Spring is a good time to start to church and Sunday school. We give you a hearty invitation to the Methodist church next Sunday. Sunday school begins at 9:45. Morning services at 11:00. Evening services at 7:45.

Services Sunday will be as follows:  
Morning subject: "In My Father's House."  
Evening subject: "No Room in The Inn."  
Epworth League at 7:00.  
Choir practice each Friday evening.  
Prayer and Bible Study each Wednesday evening.  
C. L. BROWNING, Pastor.

**RESOLUTIONS.**

Whereas, it has pleased our Heavenly Father to take J. W. Nunn, our good friend and brother to his reward.

Therefore, Be it resolved, that we acknowledge God's omnipotent power and submit to His will, yet we shall miss our good brother's cheerful companionship. We shall miss him about town and in our chapter room where his smiling face was ever an inspiration. He was a faithful and willing worker in the O. E. S. chapter being a charter member and active in the organization of this chapter. Always looking toward "the Star in the East"

Be it further resolved, that in token of our sincere friendship and sympathy for his family we extend to them our fraternal love in this their hour of sorrow in parting from their companion and loved one.

Be it further resolved, that a copy of these resolutions be furnished the family, a copy be sent the Colorado Record for publication and a copy spread on the minutes of Colorado Chapter No. 58, Order of the Eastern Star.

Respectfully submitted,  
Mrs. Lillian Phenix,  
Mrs. Celia McKenzie,  
Mrs. Carrie E. Gustine,  
Committee.

**OUT BUFORD WAY.**

We'll try not to do it again. We missed our letter last week, due to sickness in the home and no less than fifteen different folks have asked: "What's the matter with Buford Way?"

Our sick folks all seem to be improving Fred and Preston Miller are both clear of fever and are sitting up in bed some. Some of Mrs. Miller's neighbors, four in number, came over Tuesday of this week and helped Martin plow. We didn't learn the names of all of those that came but we feel like that those that were there will receive an hundred fold for every sacrifice and we know it was appreciated.

Little James Bodine has had fever several days and the doctor was called into the home. James thinks no doubt that there is no more pills and castor oil left for any more little boys. But his neighbor's boys are in the same condition. It seems just to be an old time bilious attack. Yes, Bruce, the third son of J Sam Franklin thinks he's taking all the oil and pills.

After due inquiry we have learned of only one other case of sickness and that's Mr. Iglehart. Just a case of the la grippe. He is better.

We have the report of one of the trustees that the school funds are getting low and unless we get some relief from some quarter at once our school will only go on three weeks after today. That means only five and three-quarter months and we should have at least eight. Several reasons, on is that about \$150.00 more or less is due the school from unpaid taxes in the school district. Folks, money is hard to get now, but let's make a real effort to pay those back taxes by Saturday of the week. Or at the earliest possible moment. Another is that the trustees have had to spend in the neighborhood of a thousand dollars for repairs to the building and the need of more required by the State inspector and the need of more room. Here to fore its only been a two-teacher school, and the trustees with the county superintendent asked for \$1000 state aid and have been allowed only \$500 Judge Hall has written the State Superintendent urging them to send additional aid but we can only hope for relief from that source.—We really believe this has been the most successful year in the history of Buford school and that we have the best corps of teachers in the county and that school should go on seven months at least. Meet the crisis, Buford folks.

We had an unusually good hour Sunday morning in the S. S. We wonder if our own great nation have to be punished by God in some way, as was Israel in the days gone by. Or will the real spirit of Americans prevail and change the trend of immorality and vice? What if the conditions that exist in and on the highways to the larger cities should gradually spread to our little towns what a tragedy. What a disgrace to our fair land? Wake up, mothers and fathers and citizens. Laws are well and good perhaps, as far as they go, but we are told in God's word: "These devils come out only by fasting and prayer," and tis true folks. The far reaching power of the religion of our Lord and Savior is the only cure. Mother are you preparing your infant daughter for the battle of life fifteen years hence? If the Christian character and the respect of God and His holy church is not imbedded deep in her soul, how can she get thru to womanhood unscathed, pure and good? Now someone's going to say "don't take the joy out of life." Well look back 15 years and see how times have changed. What if one of our pure good girls would have stepped on the street with it cut low on top pulled up to the knees on the bottom and she had just "rolled her own" we rather think Grandmother then in her last days, would have said "let's pray."

And all this reminds us that the officers caught an alleged "full-fledged bootlegger on the job in our community recently and we tell the world our community don't stand for anything like that. The man that was caught liver here or rather existed, only about a month, had no land, no crop, nor prospect of one, had never attended a church service of any kind, though in 300 yards of the church. He has no sympathy of at least 95 per cent of our folks and we commend the lady who kindly phoned for the officers and then the officers for doing their duty, we just won't stand for things like that, oil field or no oil field out Buford way.

Come out to hear Bro. Leach next Saturday night, Sunday morning and night, and see if he advises us to tolerate bootlegging. Be on time Sunday morning or you'll miss S. S. It begins at 10 a. m. on the dot.

Next Sunday evening at 2:30 every man, woman, boy and girl in the community is urged to be present at the church and organize a singing class. elect such officers as we need and pledge our support to them in having a real class. Come and bring ever "Gospel Call" song book that you can find.

**Alabama Lady Was Sick For Three Years, Suffering Pain, Nerves and Depressed—Read Her Own Story of Recovery.**

Paint Rock, Ala.—Mrs. C. M. Stogall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists.

**CISCO VISITOR RECALLS EARLY DAYS AT COLORADO**

Max Elser of Cisco spent a few days of last week at Colorado looking after his interests in the Colorado field. Elser controls 8,000 acres a few miles north from the Morrison Number Two.

In speaking of the story carried in The Record last week written by Hamilton Wright in which scenes in the early life of Colorado were depicted, Elser stated that he, too, was here at that time and remembered very distinctly many of the frontier scenes here.

Elser came to Shreveport, La., in 1872 direct from New York and in 1874 built the telegraph lines from Shreveport to New Orleans. In 1876 he came to Dallas and contracted construction of the first telegraph line between Dallas and Fort Worth. In 1881 Elser received the contract to build the telegraph line from Fort Worth to El Paso, and during the next two years while this line was building spent much of his time in the "yilds of the west."

"When we built the line into Abilene," Elser stated, "there was nothing there but a wide expanse of country. No town of any size. We arrived in Colorado with our construction to find things humming here, however, and in those days this was the best town on the railroad between Fort Worth and El Paso." Elser built the telegraph line through here in 1882.

**To The Citizenship of Mitchell County.**

I have been asked: "What will you give me to vote for you?" Others say, "I'll vote for the highest bidder, there's two votes in my family." And my answer is this: I offer to the citizenship of Mitchell County genuine expert service. I want to be Tax Assessor of Mitchell County because I know that I can fill the office as it should be filled; the work is not new to me, I can do it. I made all tax rolls for Mitchell County, and the independent school districts for the year 1921 and I made approximately half of the Nolan County tax rolls. The tax rolls are important, but there are many other things to be considered—taxation affects the title to your property, an inefficient tax assessor would cause you trouble and expense in the years to come. I can improve the efficiency of the office, improvements that will last for years.

L. B. ELLIOTT.

**UPTON INDICTED BY FLOYD COUNTY GRAND JURY**

Houston Upton, the young man who was found wounded in a school house early in the morning of Monday, February 27, following the fatal shooting of Gladys Solomon, 15, and Nell Umberson, 13, at the home of Mrs. Martha Umberson, a widow, in the Sunset community in Floyd County, has been indicted on a charge of murder by the Floyd County grand jury.

Upton, who is only eighteen years of age, was thought to be fatally wounded when he was found, but his condition is said to have steadily improved since his removal to a hospital here the day of the tragedy. It is now believed he will recover.

The wound was self-inflicted, according to statements officials declare he made shortly after he was found.

The two slain girls, together with Vera Wilson, a neighbor girl, were all sleeping in one bed at the Umberson home, where the tragedy occurred.

According to a statement made by Miss Wilson following the shooting the tragedy was the outgrowth of a lover's quarrel between the Solomon girl and Upton, who were sweethearts. The two quarreled Sunday afternoon after they, with others, had attended a B. Y. P. U. meeting at the neighborhood school house. Upton is said to have visited the Umberson home and talked with Miss Solomon once during the night before the shooting occurred at 4 o'clock in the morning.

Upton is a son of J. H. Upton, a prominent and well-to-do farmer and business man of Floyd County.

### VIRGINIA OPERATOR MAY DRILL WELL IN MITCHELL

M. S. Goldman, of the Turk & Goldman Realty Company, a recently organized concern at Colorado, stated Tuesday that he would probably drill one or more wells in the Colorado field. Goldman drilled the Ranger Extension well, northwest of Roscoe and has a complete string of tools and five strings of casing at Roscoe now.

Until recently Goldman has operated in the Virginia and Oklahoma fields.

A. C. Turk, senior member of the firm, came from Roscoe to Colorado and at the former place he was engaged in the realty business. They plan to make their homes in Colorado. Offices of the company are located on the second floor of the First State Bank building.

### SPRING STYLE SHOW.

#### Local Merchant Gives Display of Spring Styles at Opera House.

Friday evening a new program was given the people of Colorado by the enterprising and progressive firm of F. M. Burns Dry Goods Co., at the Opera House. The house was packed everyone trying to secure a position where everything on the program could be seen and heard. The stage was turned into a scene of spring beauty with its decorations of ferns and flowers. A throne of carmine and white in the center back completed the decorations. At the appointed hour, Rev. D. R. Hardison made the introductory remarks and introduced the queen and her attendants. The queen was Mrs. Ross Dixon, dressed in white satin over draped with sequins. Her maid of honor was Miss Katherine Buchanan, wearing a black evening dress of satin over-draped with sequins and jet. Her matron in waiting was Mrs. A. E. Soper. Her gown was Robinegg blue Drapella cloth trimmed with iridescent beads. The court jester was Miss Marie Ferguson who gave during the evening classic dancing in a most graceful and artistic manner. Mrs. Claud Hooks and Miss Mary Lee Crowder furnished piano music accompanied by Stansil Whipkey on the violin, who also gave a vocal solo.

Misses Floyd Cook and Mattie Conaway entertained with reading. The styles were displayed by Misses Winnie Vaughan, Elsie Lee Majors, Evelyn Lasky, Lottie Pritchett, Bufa Hawkins, Ewell Gary, Floyd, Cook and Mrs. Harry Landers, Jr.

Beautiful wearing apparel of all kinds and descriptions were displayed. There were the breakfast jackets sports-suits of pongee, silk crepe knit, Peggie Paige gowns of most beautiful hues and material including Ash and Sattig. The Susan Smart suits, cape suits, spring coats and light wraps were also much in evidence. The tweed knickers called forth the approval of all lovers of sport suits. The sweet girl graduate was not forgotten with her dainty organdy and laces. Not the least, by any means were the little organdy girls with their little parasols doing a cute little step as they paraded to the delight of all. They were Julia Root, Frances Winnie Vaughan, Gladys Louise Jones, and Francis Price.

There were hats and parasols to match every dress and suit. The millinery display was under the auspices of Mrs. Meda Robinson, mill-

ner, and showed she is an artist in her line. She had the Lady Francis, Elzee, Paradise, other models, and numbers of her own designing. It was a feast of fashion for Colorado and showed she has live, up-to-date and wide-awake merchants in the town. The firm of F. M. Burns & Company at all times look forward to the best interest of the buying public and this was no exception. There is positively no need for any lady to go out of her home town for the latest in any wearing apparel. Stand by your home merchants They are here to serve you.

#### Sunshine Class.

The Sunshine class of the Methodist Sunday school had a meeting last Thursday with Frances Payne at Mrs. Arnett's. Scrapbooks were made for the Wesley House at Thurber. The hostess served sandwiches, cake and tea. The next meeting will be with Loree Dorn.

#### Hesperian.

The Hesperian met with Mrs. Meritt. The study of Marion was completed. Mrs. Johnson gave a paper on Christmas as Scott celebrated it. Miss Dry was back after an extended leave of absence. The district meeting will be in Ranger April 11 and 12. Nearly ten dollars was reported from art exhibition piano fund. The hostess served veal loaf, pickles, potato chips, fruit salad, white and brown bread and butter, sandwiches and coffee. Mrs. Broadus will be hostess this week at Mrs. Lee Jones. The lesson will be Scott's Kenilworth.

#### 1921 Study.

The 1921 Study met with Mrs. Tom Coffee. The lesson was on New Orleans and Saint Louis. Mrs. Roy Dozier had a paper on Sight seeing in the old French quarters. Miss Ewell Gary one on sight seeing in the New American quarters. Mrs. Claude Hooks one on a visit to Madri Gras and Miss Mabel Smith one on a morning on the levee. Miss Olive Terry gave a paper on Trade relations between Saint Louis and Texas. Mrs. W. A. Dozier, Pearl Shannon and Mrs. Boyd Dozier were guests. The hostess served a salad course, orange whip and coffee. The meeting this week is with Mrs. Roy Dozier.

#### Standard.

The Standard met with Mrs. Coleman. The lesson was in Memoriam led by Mrs. Smoot. Mrs. Van Tuyl, Mrs. Y. D. McMurry, Mrs. Russell of San Saba and Mrs. Vangesson of San Angelo were guests. The hostess served pressed chicken, olives, potato chips, saltines and coffee.

#### Juniors Entertain Seniors.

The Junior class of the high school entertained the Senior class with a St. Patrick's day party Monday evening at the home of Miss Lonnie Bess Earnest. The decorations were Shamrock and the favors were little Irish flags. The high school teachers were guests of honor. Each member of the classes wore fancy dress costumes and many were the people represented. The evening was spent in games and contests pertaining to St. Patrick. Ice cream and cake with green icing were served.

#### U. D. C. Meeting.

The R. E. Lee chapter U. D. C. will meet with Mrs. Allen Soper at 3:30 Tuesday, March 28; Ritual and Lord's prayer. Business. Roll Call—Pioneer men and women.

Biographical sketch Dr. James Long and Wife—Mrs. Gustine. Reading—San Jacinto—Mrs. Allen Soper. Reminiscences of Gen. Sam Houston—Mrs. Frank Lupton. Sketch of Mirabeau B. Lamar—Mrs. R. N. Gary. Sketch Dr. Anson Jones—Mrs. Jack Smith. Reading—Going out and coming in—Mrs. J. G. Merritt. Social hour.

The Junior Missionary Society met with Mrs. Blanks as hostess last Friday afternoon. All the members who were not present missed a treat and it is to be hoped that every one will try to remember the time and place for the next meeting. There were 22 members present with three visitors. One new name was added to the role. Mission study superintendent, Vera Gaskins, led the devotional. Mrs. Garrett had charge of the mission study. This was especially interesting on our work in Brazil. Mesdames Blanks and Sheppard counted the mite box offering which amounted to \$4.35. Names of many foreign missionaries were given out and the children were asked to write them a cherry letter. At the Social hour games were engaged on the lawn then the hostess served ice cream cones.

#### THANK YOU.

Colorado is in dead earnest about its oil possibilities. The people out there evidently have faith in the field and are building on that faith. If the field turns out as expected, it will mean much not only for Colorado, but for Abilene and all nearby towns. Here's hoping.—Abilene Reporter.

Of course Colorado is in dead earnest about the oil field. Oil is something that will make the most pessimistic folk eliminate at least a part of their habitual, constipated gloom. In passing, The Record wants to say that the people of Colorado and Mitchell County appreciate very much the co-operation the Abilene Reporter has given them in exploiting the Colorado field. Hardly an issue of the Reporter goes from the press but that an article under Colorado date line is carried, and for the most part these articles are displayed prominently on the first page. Thank you, gentlemen.

## How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 1/2 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—
