LORAINE NEWS

Local and Personal News About Loraine and Vicinity.

—MISS PEARL TEMPLETON—

Miss Templeton is also authorized receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and Vicinity. See her and take your County Paper.

The funeral of Miss Berta Butler, a former Loraine girl, who died at a sanitarium in San Angelo, Tuesday, May 23rd, was held at the Baptist church here Wednesday afternoon at 3:30, Rev. M. F. Richardson, pastor of the Baptist church conducting the services.

Miss Butler was born in Louisiana thirty-one years ago but moved to Loraine while a very young girl and made her home here until two years ago when she went to Palestine to live with her brother, Askin Butler. She became a member of the Baptist church twelve years ago and has since that time led a quiet, though active and sincere Christian life. She made a beautiful place for herself in the hearts of those around her and though the frail body has gone the gentle spirit remains to temper their lives with sweetness. The future held no terrors for her among the last of the thoughts expressed by her was a desire to go.

Miss Butler follows a mother, who has been dead for twenty years and her father, who died last February. She leaves two sisters, Mrs. A. T. Furlow of Loraine and Mrs. W. T. Pollard of Winnsboro and three brothers, D. F. Butler of Loraine; J. W. Butler of Floydada and Austin Butler of Palestine, to whom we, in behalf of their many friends, extend deepest sympathy. The pall bearers were: Tennis Wilson, Clyde Wilson, Thomas Riden, Marshal Bruce and Floyd Kennedy.

We find more adequate than our poor words the comfort offered in another's words.

“When our loved ones pass through the uplifted curtain and its heavy folds drop back hiding them from our mortal sight our human hearts tremble, and the strongest faith and brightest hope would fail were it not for the divine assurance. Let not your hearts be troubled, ye believe in God, believe also in me. In my Father's house are many mansions, if it were not so, I would have told you. I go to prepare a place for you, I will come again and receive you unto myself, that where I am there ye may be also.”

Died

The death of J. H. Barrett came as a distinct shock to his family and friends Sunday afternoon, May 28, 1922. He and his wife had just started home from their son's home at North Champion when he had an attack of heart trouble. Before he could be removed from the car to a house he was dead.

Mr. Barrett moved here from Grand Saline several years ago and since that time has made his home four miles west of Loraine. He had suffered from heart trouble for years but death did not overtake him until his years had been well numbered, he being between sixty and seventy years of age. He united with the Baptist church while a young man and has served in her membership for years. The body was laid to rest in the Champion cemetery Tuesday afternoon at four o'clock with Rev. Farris of Sweetwater and Rev. Richardson of Loraine conducting the services. He leaves a wife and a large family all

of whom have grown to womanhood and manhood. We extend to all of these our sincerest sympathy and may they learn “in hours of faith, the truth to flash and sense unknown that life is ever lord of death and love can never lose its own.”

Died

Mrs. Jenny Bryant, who came here from Nashville Tennessee a month ago for her health, died quietly a few miles north of town on Monday morning, May 21. She was to have left Monday night for her home in Tennessee. With her was her father, Will Ellis, and her four children, the oldest of which is twelve and the youngest two years of age. Her baby was laid to rest in the Lone Wolf cemetery Monday afternoon where words of comfort were given to the four little children who were called upon to give up their father less than a year ago. \$156.20 had been made up to help her back to her home. This money was used to defray the burial expenses and the traveling expenses of the children. Mr. Ellis carried them back to Tennessee where they will find homes among their mother's people. God will bountifully repay these good people who have done their utmost to help the suffering mother and her children for “inasmuch as we do good unto the least of these our brothers, we do it unto Christ.” May the bereaved father and orphaned children find peace and solace in the knowledge of God and in the care and sympathy of the great and noble hearts that have suffered and can understand.

Card of Thanks.

We take this method of thanking the good people of Loraine and surrounding country for their many acts of kindness and words of sympathy in the death of our dear sister, Berta, also for the many beautiful flowers. May God bless you everyone and spare you the loss that is ours. Mr. and Mrs. A. G. Furlow. Mr. and Mrs. W. T. Pollard. Mr. and Mrs. J. W. Butler. Mr. and Mrs. D. F. Butler. Austin Butler.

Philomath Club.

The final meeting of the Philomath Club was held at Mrs. S. D. Dunnahoo's May 26th. The following is report of work done the past year: Our course of study for the year 1921-1922 was American Literature, Red Cross course in food selection and Parliamentary Law. We assisted the Red Cross nutrition worker while here. Since being federated we have made a contribution to Gifts Training school, Gainesville, paid 50¢ per capita on endowment fund, also \$1.00 on victrola for Richmond Penitentiary. A committee was appointed to collect literature and Bibles for prisons. The history of the federation has been ordered. At the beginning of the year we pledged \$25.00 toward playground equipment to be raised by individual effort in one months time. One of the most enjoyable meetings of the year was had when each member told in rhyme just how she had made her part. At the last business meeting we voted to accept the invitation

to join the County federation. We are planning a more profitable year's work for next year. Literary Digest will be the basis for our course of study. We also hope to do more civic work.

The Home of the Soul.

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

Why Suffer From Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

20,994 MILES AND TREAD ONLY 1/3 WORN

MOST MILES per DOLLAR Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, grueling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

Not only does the West Texas farmer make bumper crops, but the land he makes them on can be bought at a fraction of the price of land in older parts of the state...

This is proved by editorial comment from the Fort Worth Star-Telegram, on the need for a greater diversification of crops in the black land belt. The Star Telegram observes:

"In our editorial yesterday we compared Tarrant with Taylor County. The same comparison may be made for Dallas County. The census figures show that 5,379 farmers in Dallas County in 1919 using land valued at \$76,407,965 produced crops valued at \$13,552,456. In Taylor County 1892 farmers, using land valued at \$14,415,752, produced crops valued at \$11,313,463.

The West Texas farmer handles 200 acres with greater ease than the black land farmer cares for 100 acres. The soil is easier to work, there are fewer weeds, the climatic conditions are vastly better, and the return per unit of effort is immensely greater.

West Texas needs more farmers, and a greater diversification of crops. It is an ideal place for a farmer who desires to get ahead.—Abilene Reporter.

Ex-Governor Jim Ferguson, who is a candidate for the United States Senate, wants the question whether the people of Texas shall be allowed to sell and drink light wines and beer submitted to the people in the July primaries. Jim evidently believes that a majority of the people would vote to legalize light wines and beer, but we do not take this view. If a majority should favor such state of affairs it could not be put into force in view of the Federal Prohibition laws, barring the

sale of light wines and beer. Therefore Mr. Ferguson's attitude, in case a majority could be found to favor wine and beer, would be to revive the anti issue in Texas. Mr. Ferguson and all other men might as well accept our prohibition laws as final, and arrange their affairs and thirsts accordingly. There is no power on earth that can restore the liquor traffic in Texas or the nation. The liquor traffic has gone for good. As the months and years pass the sentiment for prohibition will increase. Instead of gaining their former foothold in Texas and the Nation the liquor crowd is growing weaker each year. It naturally follows that the man that endeavors to drag this question into politics in Texas or any other State in the Union has little chance of election.

Maybe the catfish will eat up the boll weevils in the flood cotton field down in the state.—Plainview News.

The catfish remedy has been tried before, with the result that the fish sucked the cotton to death and the boll weevil swam. What little cotton that will be raised this year in the flooded sections of Texas, which includes practically all the cotton districts of Texas, will have to be gathered in row boats. The boll weevil is the only thing that will escape these overflows. They can't be drowned. They thrive on overflows and washouts. West Texas folks are setting pretty, and are preparing to furnish the spinners this year with their cotton. A big acreage will be planted. We sympathize with the folks down East. They are hard hit. While West Texas has its drawbacks, we are blessed in many ways. We have no boll weevils and floods. West Texas must help the people of North, East, Central and South Texas. We must furnish cotton picking for those folks this fall. We can do this, and from the present prospects there will be a large acreage of cotton, and as it always yields big crops in this country, we are sure that there will be labor here for the surplus idle in the overflowed districts. Come to West Texas.

Delegates from Colorado to the Fourth Annual Convention of the West Texas Chamber of Commerce convention at Plainview are returning to Colorado and report the occasion one of the biggest and most successful meetings ever held in Texas west of Fort Worth. Colorado was well represented at the Plainview meeting and some of the delegates occupied prominent places on committee work. Col. and Mrs. Chas. M. Adams and W. S. Cooper left Colorado Saturday morning to arrange Colorado headquarters, which were maintained at the Plainview Mercantile Company store.

It is said "comparisons are odious" and apologies "an excuse for laziness" but be that true or not we want to say that the Record is published this week under very trying circumstances, and is therefore not up to the standard. Most of the force is off on a frolic at Plainview advertising Mitchell county, Colorado and the Record and part of the force on the sick list and the balance wanting to go fishing, makes it extremely difficult to those who are trying to put out this issue. So take it as you find it and wait for the oil wells to come in.

"El Rodeo," the annual of the Big Spring High School, printed and bound by the Whipkey Printing Company, is one of the most striking examples of artistic typographical work we have seen in some time. The job was delivered last week and the graduating class of the Big Spring High school have been profuse in their appreciation of the work.

The Chamber of Commerce is one of the leading factors in the development of the country, and the up-building of the town. It should be the delight of everyone to be a member of the Colorado Chamber of Commerce and contribute to its support. The work that the Chamber of Commerce does is the kind that benefits the community, and it directly benefits every individual in the community.

It is rather a grave situation when you get the report from the so-called farming districts of the State that crops are all gone. At this time of the year when the one crop farmer loses what he has, he is "blowed up" Out in the great, broad wide West the crop season is just opening, and everything is looking grand. Every indication points to a heavy yield, and at this time of the year there is yet time to grow nearly anything between now and frost. Indeed West Texas is certainly sitting fine.

CROSS PLAINS IS ENJOYING REVIVAL OF BUSINESS RUSH

CROSS PLAINS, Texas, May 30.—Merchants and business men of Cross Plains now report slow business as strictly a thing of the past. Ever since the drilling in of the big Eakin gusher business has been forging ahead with rapid strides, but all along there has been a feeling that something bigger should develop to give that feeling to perfect confidence so necessary to rapid progress now has come the big Bryson gusher the 8,000 barrel well, largest of its kind in the United States, and that something that was lacking before has been supplied.

On Sunday last sixty-eight loads of oil field materials of all kinds were hauled from Cross Plains to the field between Cross Plains and Pioneer and Monday over a hundred loads of supplies were hauled out, it is estimated that this week over 500 loads of material will be hauled out from Cross Plains alone in addition to large quantities that are being unloaded at Pioneer.

Bank deposits had doubled in the banks of Cross Plains several days ago and are yet mounting so rapidly that it seems impossible these banks could have been just small country banks such a short time ago.

SEYMOUR COX IS FACING TRIAL ON 14 COUNTS

HOUSTON, Texas, May 30.—One of the hardest fought trials in the annals of federal court here is expected with the opening today of the trial of S. E. Cox, oil promoter and airplane enthusiast. Cox faces an indictment charging, in 14 counts, use of the mails to defraud in connection with sale of stock in three companies whose capitalization aggregate on paper \$41,000,000.

A special venire of fifty men from 13 counties has been summoned and there are witnesses from 23 states.

A dramatic fate has pursued S. Cox since his entry into Texas. He was arrested March 13 in the Broadway Theatre district of New York and upon arrival in Houston, was leased on \$25,000 bond.

He came to Texas at the height of the oil fever and since then has organized eight oil companies and one publishing company.

An airplane enthusiast, Cox was in France in 1920, attempting to capture the James Gordon Bennett races when the General Oil Company up to then his most successful company was plunged into receivership. The federal trade commission wrote another chapter in his sensational career. Charges of indulging in "improper business practices," were made against the promoter.

CALDWELL FAMILY WILL MOVE TO ABILENE

Announcement that Judge C. M. Caldwell, wealthy oil capitalist of Breckenridge, had purchased the fine home of W. C. Goodwin at 790 Orange street, and will move to this city in the fall, was made by Dr. J. E. Sandefer, president of Simmons College, upon his return from Breckenridge Monday. Judge Caldwell now resides at Breckenridge.

The Caldwell family will go abroad for the summer and upon their return from their trip to Europe will move here next September.—Abilene Reporter.

The Caldwells are related to Mr. and Mrs. E. Keathley here. They recently acquired great wealth thru oil and one of the first acts of these good people was to donate a large sum to Simmons College.

WHAT CONSTITUTES SUCCESS?

Glancing through the editorial columns of an exchange, we happened upon the following which, it was explained, won first prize in a contest recently promoted by a Boston, Mass., business establishment, involving the question, "What constitutes success?"

"He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem or a rescued soul; who has never lacked appreciation of earth's beauty or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction."

How refreshing it is to be able to turn for the moment from the world financial standard of success to the inspiration of so true and wholesome a definition of that something for which every man is striving!

What constitutes success? Money? It is a transient, fickle thing. Position? No man is safe in service. Power? It owns the man; no man can own it.

Then what is success, if it is neither money, position, nor power? Success is not a possession; it is an attribute. No man can have it but he can be it. True success is not what a man has but what he is. Analyze a man's character and you will find therein the measure of his success.

Paul, a pillar of the holy church died in a Roman prison, like his Master, despised and rejected of men. William Shakespeare died a pauper. Joan of Arc met ignominious death upon the French guillotine. John Bunyan, whose Pilgrim's Progress will be a source of rest and comfort to the sad and weary as long as the world shall stand, was friendless and penniless at his death. And so it has been with thousands whose names will forever stand high upon the memory tablets of history, always unscathed by the changing time, and ever breathing magic music for generations yet unborn to conjure with. They were poor in the measure of money, but surpassingly rich in wealth of soul. It was not what they had but what they were that made them great.

It is not what he has, but what he is that tells the story which will appear forever unerasable upon the credit side of time's ledger.

CULLEN THOMAS FILES NAME GO ON BALLOT

DALLAS, May 29.—Cullen F. Thomas, candidate for the U. S. Senate, has filed his application with Frank Davis of San Antonio for a place on the ballot in the July primaries. He gave his occupation as that of a lawyer and his residence in Dallas.

Commenting on the statement of Ex-Governor James E. Ferguson with reference to reported opposition to Mr. Ferguson's going on the ballot in July, Mr. Thomas said:

"I note that Ex-Governor James E. Ferguson states that opposition has arisen to his name being placed on the ballot in the July primary elections and because of that Mrs. Ferguson's name was substituted.

"Personally I have never heard of any suggestion or movement to the former Governor's name being permitted to appear along with the other candidates. In as much as in his first formal announcement Mr. Ferguson said that his candidacy was almost chiefly against my own, I deem it not improper to say that I hope all doubts as to his eligibility will be resolved in his favor. I welcome an open field and a fair fight."

Following are Mr. Thomas' speaking engagements for the next ten days:

- Wednesday, May 31—Gordon 3 p. m.; Strawn 8 p. m.
 - Thursday, June 1—Mingus 2 p. m.; Thursday 8 p. m.

LIGHT WINES AND BEER.
(BY J. H. LOWREY.)

It seems probable that the people of Texas will be given an opportunity to say at the ballot box whether the Volstead act will be so amended as to legalize the sale of light wines and kicky beer. I never take a stand on any troublesome issue in this Magazine Section, having been informed that I can not do so and hold my job, but I desire to call attention to the fact that if the sale of light wine and beer is legalized in this country, many lines of business that are now prosperous will be seriously injured. The near-beer business, which has been built up to gigantic proportions, and in the manufacture of which many million dollars have been invested and many thousand people are employed, would be absolutely ruined by the legal sale of wine and beer with a kick. Furthermore, several thousand bootleggers would be damaged seriously, and the manufacturers of fruit jars would suffer heavy losses. I may be unduly suspicious, but sage experience has taught me that there is a selfish, sinister motive behind nearly every great movement, and I believe I have already located the interests that are behind the movement to have light wines and beer legalized. I am, in fact, firmly convinced that it is a scheme of the pretzel makers and the manufacturers of limburger cheese to create a demand for their products and fill their purses to plethoric proportions. Since the sale of beer was outlawed the demand for pretzel and limburger cheese fallen off several hundred per cent, and of course the manufacturers of these beer adjuncts are facing bankruptcy and ruin. But is it right or fair, my countrymen, to pauperize the bootleggers, and the near-beer brewers, and the makers of fruit jars in order to enrich the makers of pretzels and limburger cheese? It would be class legislation of the worst type and no man can deny it.

An old man traveling a lone highway
Came at the evening, cold and gray,
To a chasm deep and wide,
The old man crossed in the twilight dim,
For the sullen stream held no fears for him,
For he turned when he reached the other side,
And builded a bridge to span the tide
"Old Man" cried a fellow pilgrim near,
"You are wasting your strength with building here,
Your journey will end with the ending day
And you never again will pass this way.
You have crossed the chasm deep and wide
Why build a bridge at even-tide?
And the builder raised his old gray head
"Good Friend, on the path I have come," he said,
"A youth whose feet will pass this way
This stream which has been naught to me,
"To that fair-haired boy may a pit-fall be.
"He too, must cross in the twilight dim
"Good friend, I am building this bridge for him."—Ex.

COLORADO LOST A DEAL AT PLAINVIEW CONVENTION

"Colorado lost a deal at the Plainview convention last week," F. M. Burns, member of the delegation from this city, stated Tuesday afternoon. "What we should have done," continued Mr. Burns, "was to have carried a big delegation to that convention, obtained a decorated float, carrying a barrel of Mitchell County oil and a speller and following the Booster Band, paraded the streets of Plainview before those five thousand visitors."

"After parading the streets," suggested Mr. Burns, "we could have poured out the barrel of oil onto the street and set it on fire. That would have been publicity."

Mr. Burns returned to Colorado Sunday afternoon after making a business trip to Tulia and Amarillo from Plainview. The convention at Plainview was the biggest thing of its kind ever staged, Mr. Burns said.

All of the delegates to the Plainview convention are enthused over the successful manner in which that city handled the convention. Some of them are even now discussing plans for sending a strong delegation to San Angelo next year.

"It'll Run All Right-- Just Polish The Case"

Suppose you had a watch, and it didn't keep good time. It would go on periodical wild sprees of gross inaccuracy. And you took it to a jeweler.

Suppose the jeweler looked the watch over critically, squinting at it through an optical binnacle attached to one eye. And suppose after much squinting the jeweler should deliver himself gravely as follows:

"This watch is perfectly all right. If you'll just polish up the case a bit, it'll keep perfect time."

What would you think of that jeweler? What would you say to him? What you would, in all probability, think and say will not be printed here. There are some things which do not look well in print.

Well, the joke's on you. You are probably acting just as foolishly as the supposititious jeweler just described. Want to know why?

You have a body machine, which is more wonderful than any machine made by hands. It's more marvelous than any watch ever made—and adjusted just as delicately, or more so.

Of course, this body machine of yours will stand a lot of abuse and still keep running. If it wasn't capable of pretty hard usage, you'd have been dead long ago.

Ever thought much about this body machine of yours? Chances are you have. And, to keep it in good shape, you've perhaps gone in for some kind of outdoor sport—golf or tennis or rowing or something else.

Or maybe you've taken up gymnasium work—calisthenics, handball or throwing the medicine ball.

Now, all of these things are fine and all right in their place. But don't you see you're only "polishing the case" of your body machine? It's the machinery itself that needs to be adjusted if you are to enjoy good health. For perfect health, your body needs mechanical adjusting more than outside "polishing."

The great drugless health science of Chiropractic Massage concerns itself with adjusting the working mechanism of the body machine. Chiropractic Massage will get you well if you're sick, but its great service is in keeping you well so you won't get sick. Instead of "polishing the case" of your body machine try Chiropractic Massage.
