INTERNATIONAL TRUST IN POTASH IS CHARGE

TEXAS RANCHERS ASK CON-GRESS TO CHECK ALLEGED EURÓPEAN COMBINE

The following article is a press service bulletin from Washington, D. C. It shows the interest which the outside world is beginning to take in Odessa and the potash area. On June 8th, a copy of the petition mentioned was laid on the desk of every Senator and Representative in Congress. The petition and Odessa were featured in Washington and many Eastern

WASHINGTON, D. C., June 17 .-Charging that an international combination in restraint of trade has monopolized the potash supply of the world, forcing out of operation American plants representing an investment of \$30,000,000 and threatening to prevent the development of ranch owners, business men and oil companies in the potash region of Texas last Friday petitioned Congress for relief.

"A new international problem faces Congress," declares the petition. issues are so clearly drawn."

The report cites a statement of the directors of the German potash syndicate to the effect that the German industry is now in competition with the French industry. In rebuttal to this, it cites the German domidustry before the war and declares Service chairman, Mrs. Merritt. that the Germans and French have It declares that the Germans and the German prices, being named in as secretary. each instance shortly after the German announcement.

petition, "we do not understand the meaning of the word 'competition.' " The petition then gives reasons

for the belief in the probability of extensive development of the Texas potash fields. It calls attention to encouraging reports from the United States Geological Survey, although it indicates that the certainty of commercial deposits will not be revealed until core drillings have been made. These, it says, are now being put

It then takes up the claim of the Germans that they "are interested solely in again placing their product at the disposal of the American farmer under the most favo file circumstances."

Deriding this statement the petition cites the treatment accorded the German farmers by the potash monopoly. It refers to a recent report of the Western European Division of the Department of Commerce, which reported that the German syndicate raised its prices for domestic consumption 50 to 55 per cent in May, 1921, 35 per cent more during the summer, and another 70 to 80 per potash resources in this country, 58 cent last December. This spring it again raised prices to the German farmer 21 per cent, declares the petition Referring to the German potash magnates, the petition says:

Claims Attempt to Mislead. "Yet these men would mislead the American farmer into the belief that so that the price can be raised."

The petition concludes with an apneal to Congress to "consider favorganization of an international mon- ably" paragraph 1635 of the proposopoly with which Congress must ed tariff bill, which, it claims, "procope to protect the interests of the vides a moderate tariff, graded in five years, which would impose controlled by the Government of maximum additional cost of 25 cents T. Young People's District Meeting. The Y. P. M. S. of the Sweetwater district which was organized last year at Loraine held its first annual meeting in Colorado Saturday, June 24th, with Mrs. Boyd Dozier, district of young people as guest of honor. Mrs. Barcroft led the opening devotional and Miss Ewell Gary president of the local Y. P., most graciously welcomed the guests. Mrs. Clyde m. Smith of Hamlin responded in a very happy manner. The district officers gave their reports. Mrs. Delaney gave a splendid talk on right living, right thinking and helpfulness to others. She made it very plain that one cannot indulge in worldly amusements and live close enough to God to influence others. She gave several examples of loving girls into the church and its work and gave an outline of "Chumship" a woman being chum with a girl; a big girl with a little one; a very helpful uplifting talk.

President, Mrs. Boyd Dozier, Colorado; corresponding secretary, ed time only .- Womack Garage. Mrs. Otho Thompson, Loraine; treasurer, Mrs. Charlie Coffee, Loraine; superintendent of mission study, Miss Vaughan, Hamlin; superintendent of social service, Miss Adams, Roscoe; superintendent of supplies, Mrs. Hanks, Sylvester; superintendent of social activities, Mrs. Clyde Smith, Hamlin. Roscoe was selected as the next place of meeting.

Mrs. Delaney asked for a "silver shower" for our missionary, Miss Christine Allen, who sails in July for Africa. Every auxiliary present pedged to this.

In her closing talk Mrs. Delaney tressed life service. She called our volunteer Miss Stell Regward and she told of her call and her willingness to go any where the Lord wanted her. All who were willing to be Home Guards to put church first were called to the altar and every young woman responded. Mrs. Delaney dismissed the meeting with

When is a Battery Old?

Some men are young at eighty -others are old at forty. It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all-on the original quality of the battery. There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rubber Batteries.

from her Missionary Society. In the death of Mrs. Anna M. Donaldson we feel that our society has lost not only a true friend and efficient officer but a Christian of the highest order. A truly outstanding personage.

She loved her church and all of its departments but especially was she ever on the alert for the interest and upbuilding of the womens work. She did not, as so many women who serve long, become dictational, nor think her methods best but she was always ready to undertake new things willing to do any work that was helpful and upbuildWORTH WHILE-SERVICE
