CONTRACT FOR WATER AND SEWER PROJECTS LET

Contracts for the sewer system and water extension were awarded Monday afternoon by the city council to W. C. Weeks of Arlington. For the sewer system the contract is for \$20,069.73, while the water extensions will cost the city \$12,538.83, making a total cost of \$32,607.56 for the two projects.

Actual construction work on the projects is to be commenced within fifteen days after the contracts have been executed and both the sewer and water mains extension are to be completed within one hundred working days after signing of contract.

Joe H. Smoot, mayor pro-tem, stated Monday afternoon that the city expected to have contracts for both projects signed up within the next week or ten days. This would mean that work is to be commenced on or about August 1.

The sewer system will extend throughout the business district and over much of the residence sections of the city as far north as Ninth street. All mains are to be large enough to meet the demands of a city much larger than the present population of Colorado.

The water extensions are to be built across the Colorado river into South Colorado giving both fire protection and water for domestic and commercial use to that section of the city. The main will cross the river at the South-Colorado river bridge. Extending from the present terminus of the system in North Colorado, mains will be laid as far out as Ninth street.

E. M. Noyse, of Myers & Noyse, engineers in charge of these projects and also proposed increased water supply, stated Monday that the contracts awarded for the water extensions and sewer system were most satisfactory, as the successful bidder had submitted a price as low as could have been reasonably expected.

RURAL SCHOOL TRUSTEES TO MEET AT COLORADO

The call for a meeting of the board of rural school trustees, Mitchell County, has been issued by T. W. Walding, secretary. The meeting will be convened at the court house in Colorado, July 29th at 2 p. m.

NOTICE TO SCHOOL PATRONS

The nine months of the Colorado schools for the year 1922-23 will open on the second or third Monday in September. All who intend to transfer to this district must do so before August 1. We shall have full nine months school. 8-4c

FOUR LORAINÉ CITIZENS FACE ASSAULT CHARGES

Four young men of the Lorainé vicinity are defendants in a case charging assault upon the person of Deputy Sheriff R. C. Dale, filed in County Court Friday. The case has been set for trial Monday before Judge J. C. Hall. The defendants are Harry Scown, O. C. Compton, Reginald Compton and Amos Curry.

Information filed in the case alleges that the four attacked Dale Thursday night of last week while the officer had under arrest a prisoner, which he was bringing from Lorainé to Colorado. The attack is alleged to have occurred on the highway a few miles east of Colorado.

The four men were released under bond in the sum of five hundred dollars each Friday, pending their appearance at the trial court. Judge M. Carter has been retained as counsel for the defense, while the State will be represented by Thos. Coffey, county attorney.

HON. R. M. CHITWOOD TO SPEAK HERE FRIDAY P. M.

Hon. R. M. Chitwood of Sweetwater, candidate for re-election as representative of this district in the lower house of the Texas Legislature will address the voters here Friday night in connection with the program arranged by local county and precinct candidates.

Chitwood made an address at Westbrook Tuesday night in the interest of his candidacy. He is making the campaign without opposition.

OKLAHOMA MAN IDENTIFIED WITH ROBERTS COMPANY

J. T. Hampton of Durant, Okla., and for several years proprietor of the Ideal Top & Paint Company of Durant, has located in Colorado and will be associated with the Roberts Top & Paint Shop. Hampton stated that he came to this city because of the attractive inducements offered for business in his line to result from development of this city as the commercial center of the Mitchell County oil field.

SCHOOL OF NINE MONTHS ASSURED BY SUPERINT'D

The Colorado schools will hold a nine months session another year, E. Frank King, superintendent, stated Tuesday. That such would be done has been definitely determined by the school board, King stated. Because of a shortage of funds much discussion has been noted recently as to whether the school would be able to continue nine months. Property valuations of the district are to be raised sufficiently for school taxes as to guarantee maintenance of the schools.

LIONS CLUB ORGANIZED AMONG LOCAL CITIZENS

A Lions Club was organized at Colorado Monday evening at the law offices of Judge C. H. Earnest by R. L. McKinney of Dallas, field director. The club was organized with a charter membership of twenty-five. The following officers were elected:

President, Col. C. M. Adams; first vice president, L. W. Sandusky; second vice president, I. L. Tilden; third vice president, Roy Farmer; secretary-treasurer, W. S. Cooper; publicity director, W. W. Whipkey; official lion tamer, T. W. Stonerod; official tail twister, J. H. Greene. Joe H. Smoot was elected assistant lion tamer and H. C. Broadus assistant tail twister. Thomas Dawes, musical director.

Four directors were elected as follows: Judge C. H. Earnest and O. Lambeth, for a term of two years, and L. B. Elliott and I. S. Cooper, for a period of one year.

Colonel Adams accepted the presidency of the club with a most interesting oratorical deliverance. It was announced that the club would hold its regular weekly luncheons on Wednesdays, the first of which will be held Wednesday of next week at the Barcroft. An entertainment committee composed of Judge Earnest, J. M. Thomas and W. S. Cooper was appointed by the president to arrange programs for the weekly meetings during the next month.

The Lions Club of Colorado is affiliated with the Lions International, one of the most universal and active organizations for promoting civic, industrial and social conditions in America. This is the first club of the kind organized in Mitchell County.

McKinney left Colorado Tuesday night for Big Spring where he planned to perfect an organization. He stated that a club would probably be perfected at Sweetwater within the near future. He came from Sweetwater to Colorado last week.

COLORADO NATL. CHARTER EXTENDED FOR 99 YEARS

"Because of the excellent record made by the institution during the past forty years, as a sound and conservative bank, this department extends the charter of the Colorado National Bank for a period of ninety nine years," wrote the Comptroller of the Currency at Washington in a letter, recently to Joe H. Smoot, cashier of the Colorado National Bank.

The Colorado National Bank was chartered October 15, 1882, the permit extending over a period of twenty years. April 12, 1902, H. B. Smoot, as cashier of the bank, made application to the Comptroller for extension of the charter, which was granted for twenty years, or until October 15, of this year. April 13, just twenty years after his father had filed the first renewal application, Joe H. Smoot, now cashier, filed application for renewal of the charter.

ELECTION RETURNS WILL BE POSTED SATURDAY P. M.

Returns of the Democratic primary election Saturday will be posted Saturday night on a bulletin board at the Colorado Drug Co. store, according to information given the Record Thursday by a representative of the Chamber of Commerce. Returns of the results in the State for governor and U. S. Senator will be furnished by wire as fast as compiled. Returns of the county results will be posted as rapidly as reported.

Requests have been mailed to election officers over Mitchell County, asking their co-operation in getting these returns in without delay. These officers are urged to co-operate with the Chamber of Commerce and telephone the result of the election to Colorado as soon as possible.

FAIR ASSOCIATION WILL HOLD SESSION SATURDAY

An executive session of the Mitchell County Fair Association will be convened Saturday afternoon at 2 o'clock at the Chamber of Commerce, R. H. Ratliff, secretary, stated Thursday. Ratliff stated that concession privileges would be awarded at this meeting.

"RAISE THE VALUATIONS," COLORADO BOOSTERS SAY

"When the school board of equalization mails to your address that little notice, citing you to appear before them and show cause why your property valuations should not be raised, do not go, but remain at home and work, thus making money with which to help you pay the additional taxes to be required in running the schools," Colonel C. M. Adams stated in an address at the Booster Club Thursday night of last week.

H. L. Hutchinson, president of the school board, stated that in the opinion of the board the property valuations of the district, now placed at two and one-quarter millions of dollars, would have to be increased to six millions of dollars, if finances needed for conducting a nine months school were to be made available. The large increase in scholastics and the varied expenses of conducting the schools, together with the necessity of employing several additional teachers, will make such a step necessary, he stated.

In order that the school board might have the wishes of the public as to whether the board should provide the necessary funds with which to conduct a nine months term of school another year, the question was put by the chairman. Of the more than two hundred boosters present, not one voted against the proposed increase in property renditions.

"The only thing for the school board to do is to place the property of the school district at a valuation directed by the statutes of this State, L. W. Sandusky, local attorney, stated. "There are lots in the town of Colorado rendered on the tax rolls at fifty dollars that you cannot purchase for five hundred dollars. Such a rule will be found to exist in many instances when applied to the adjacent farm properties within the district," he concluded.

"If all the people who forge themselves in rendering their property for taxation were prosecuted under the criminal laws of Texas, we could not build penitentiaries large enough to hold them," Sandusky stated. "The property valuations are here and the only thing to do in meeting the deficit in the school treasury is to tax these properties as the law directs."

Because of the absence of the president, J. H. Greene, who was confined to his room because of illness, Vice President W. W. Whipkey presided. In addition to the speakers mentioned, the chairman introduced Judge J. C. Hall, who spoke of the new bridge project across the Colorado river here; Judge C. H. Earnest, who spoke on the matter of a revised Federal census for Colorado; Roy Farmer, who reported that \$480 had been subscribed to the fund being raised with which to purchase uniforms for the band; Dr. P. C. Coleman, who gave a report of the Brownwood West Texas Chamber of Commerce executive meeting, July 10th. The meeting was noted for the usual Booster spirit throughout. Concert music was rendered by the Booster Band under direction of Sam Goldman and at the conclusion of the business session refreshments were served by ladies of the American Legion Auxiliary.

GIANT TORPEDO COMPANY LOCATES MAGAZINE HERE

The Giant Torpedo Company have opened their Colorado offices and are ready for contracts to shoot oil and gas wells in this field, K. T. Kinley, proprietor, stated Saturday. The company has located their magazine and office at the Cotton-Wood Filling Station, west of the river.

This is the second shooting company to be located in this field.

All the candidates are singing louder than ever the chorus, "If You'll Only Vote For Me." After tomorrow the run off will be on the program and displacing the quartettes and a double quartettes, the chorus will be rendered only in duet.

SWEETWATER TRIPPERS SPEND NIGHT COLORADO

Approximately fifteen automobiles, loaded to the guards and decorated with attractive banners and pennants, carrying 75 Sweetwater trade trippers, swung into the curb on East Second street Tuesday afternoon and immediately took possession of the city, in spite of the fact that City Marshal Hickman and Band Director Sam Goldman, with guns and horns, occupied the center of the street and attempted to quell the melee.

Forming in parade at the Barcroft Hotel the visitors marched through the city, following the Colorado Booster band and several score of the citizens of Colorado, to Union Tabernacle, where the fractious Sweetwaterites were finally subdued and caused to be seated. That a good show was in town and a "calf feast" was in store for the general public was heralded by the combined Sweetwater and Colorado bands.

J. H. Greene, president of the Colorado Booster Club, called the meeting to order and after welcoming the visitors to Colorado and delivering them the keys of the city, with the warning that they do not break into jail and keep at a safe distance from the court house to avoid possible danger from falling brick and debris from the decaying structure, introduced the Hon. R. M. Chitwood, who spoke of the many mutual relations existing between Colorado and Sweetwater.

Hon. L. W. Sandusky, chief "calf dealer" of the Colorado Boosters, was next introduced and delivered a most interesting "line" telling the visitors of many of the attractions of the city and county. He urged the visitors to spend twenty-four hours here and in the adjacent oil fields, in that they might forget some of the disadvantages of living among the red hills of Sweetwater.

M. B. Howard, postmaster at Sweetwater and charge-de-affairs of the excursionists, followed Judge Sandusky. In spite of the fact that Howard is a Republican, he made an excellent address, telling the Colorado public of some of the attractions of the Nolan County Metropolis.

On conclusion of the calf feast and band concert, the visitors were escorted to the court house lawn where a barbecue dinner was served. There was plenty to eat for all of them, especially in the case of Guy E. Morris, who, walking along the tables with a quarter of beef in one hand and a loaf of Hurd's bread in the other, suggested that Sweetwater accept the invitation of Judge Sandusky and spend a long visit here.

At 8:30 Tuesday evening another program was rendered at the tabernacle. That several of the Sweetwater trippers remained up all night was declared by Jim Irvin Wednesday morning. Irvin said, as he rubbed some of the red from his eyes: "That Sweetwater bunch is about the wildest delegation I have ever associated with. They would not sleep, nor allow anyone else to sleep last night."

The trade trippers left Colorado Wednesday morning for Snyder, by way of Hermleigh. From Snyder they motored to Rotan for dinner, returning to Sweetwater Wednesday afternoon by way of Roby and McCaulley.

The visit of the Sweetwater delegation to Colorado was one of the most enjoyable occasions here for many months. Every body was wearing a smile, carrying out the "get acquainted" slogan.

COTTON ASSOCIATION MAN ADDRESSES FARMERS HERE

J. P. Bagwell, representative of the Texas Farm Bureau Cotton Association, delivered an address at Colorado Wednesday afternoon on the work of the association during the past year. The address was delivered at the court house to a representative number of Mitchell County farmers.

The association has shown a marked success during the year. Bagwell stated. He affirmed that the average price realized to associational members was above spot market quotations, the most notable gain being in prices received for red bollies and snap cotton.

MITCHELL COUNTY FIELD EXTENDED 3 MILES NORTH

The Mitchell County field was extended three miles to the north Monday when Henry Riley drilled into a productive sand in Murphey No. 1. The sand is declared to have been the best found in the field in the first or Underwriters formation. This is the same formation from which the discovery well and Zilpha Morrison No. 1 are producing.

Proven territory now extends over a distance of eight miles east and west and three miles north and south, an area larger than some of the oil fields of Texas which have in recent years caused unprecedented booms.

The Standard Oil Company of California, through its subsidiary, The California Company, is planning to drill two wells a few miles south of Colorado, according to information given The Record. One is to be drilled on the Gary Ranch and the other on the Beal Ranch lands, it is reported. The corporation will erect standard rigs of the California type and will probably have all their equipment shipped from one of their supply houses on the Pacific coast.

Activity continues unabated in the Mitchell County field. The price of leases is climbing steadily. In certain sections of the western part of the county leases are in great demand. Independents are buying the choice small blocks because they are willing to pay a little higher than the major companies have bid for the same tracts. The larger companies are buying as much acreage as possible in blocks.

Colorado is fast approving the boom era, though no boom is expected like that of Ranger, Burkburnett and Mexia. The field is twelve miles west of the city and the small towns of Westbrook and Iatan are much nearer the scene of activity. In these two small towns by far the greater part of the oil workers will stay.

The latest sensation of the field is the Underwriters Producing and Refining Company's T. & P. No. 2, where 6-inch casing is being set. Oil is standing 2,500 in the hole. Conservative oil men estimate the well good for 500 to 1,000 barrels daily.

The Flecher Petroleum Company Coleman No. 1 is drilling at about 2,000 feet.

Maxwell and Johnston's Stewart No. 1 is drilling at about 1,000 feet. Their Capps-Lucas No. 1 is drilling at approximately 500 feet. Their Jones No. 1 is rigging up. Due to favorable geology there has been an unusual demand for acreage near these tests.

Badgett No. 1 is ready to spud in. The Fensland Oil Company's Red No. 1 is drilling at about 700 feet. The test is on the Read anticline, regarded as favorable for production by all the eminent geologists who have worked in the western part of the field.

Colorado-Texas Oil Company's Foster No. 2 is reported drilling in black lime at about 2,200 feet.

Riley's Murphy No. 1 is drilling at approximately 2,800 feet. The test passed through a sand at 2,540 feet estimated as good for 100 barrels or more. Riley plans to drill to the deep sand.

Western Petroleum Company's Etta Brennan No. 1 is drilling in hard lime thought to be the caprock at approximately 2,885 feet.

A. T. Spaulding Oil Company's Zilpha Morrison No. 1, recently put on the pump is reported good for 100 barrels daily from depth of 2,552 feet.

Underwriters Producing and Refining Company's T. & P. No. 2 is preparing to pump. Oil is standing 2,500 feet in hole. Sand was encountered at 2,910 feet.

Petroleum Operator's Association Earl Morrison No. 1, section 36, block 28, T. & P. survey, derrick erected and tools are being hauled to location.

AMERICAN LEGION ORDERS SPECIAL AUTOMOBILE SIGNS

The local American Legion post has recently ordered one hundred special automobile signs to be placed with Colorado motorists. The signs, which will show "Colorado" in red lettering, on a white background, were purchased at a meeting of officers of the post last week.

DEMOCRATIC PRIMARY TO BE HELD SAT. JULY 22ND

The Democratic primary election will be held throughout the state Saturday and in the campaign for more than usual interest has developed. Especially is this true in the campaign for U. S. Senator. Election of aspirants to the senate is speculative and, according to the press of Texas, there is little certainty as which of the several men in this race will be in the run-off to be held in August.

In Mitchell County local politics have assumed much importance during the past few weeks. In the early stages of the campaign the general public did not manifest a great amount of interest in the campaign, but as the primary draws at hand the voters and candidates themselves are daily taking on new interest.

In the majority of instances the people's choice will be determined at the polls Saturday, since there are only two candidates offering. This applies to the office of County Judge, County Attorney, County and District Clerk, County Commissioners from all of the precincts except No. 1, from which three aspirants are seeking preferment, and public weigher at Colorado.

County and District Clerk W. S. Stoneham is seeking re-election without opposition and John Lane is the only candidate seeking the office of County Commissioner from Precinct No. 3. There are two candidates for Commissioner in Precinct Nos. 2 and 4.

County Treasurer O. C. Green is another candidate for re-election without opposition.

In the campaign for Sheriff and Tax Collector there are four candidates, and it is generally conceded that two of these will complete the finals in the August run-off, as no candidate expects to receive a majority vote in the election Saturday. Speculation as to which of the four candidates these two will be is found to differ in the opinion of the voters. Running for Tax Assessor is the largest battery of aspirants to be found offering for any one office in the county. As to whom of these shall prove the formidable candidates, there is also much speculation.

The candidates will conclude a joint speaking tour of the county with a big rally at Colorado Friday night. They have been speaking two and three times each week since early in the campaign. Thursday

night they spoke to voters on the east side at Loralne.

OUT BUFORD WAY

Last Friday morning quite a few of the good folks met at the church as per agreement, with wagons and teams, axes and hammers, etc., and at sunset Friday evening we had a fine, well built skeleton for an harbor, and covered over with post oak and shinnery brush, everyone was proud of his day's work. We met again Thursday of this week to build a rostrum, remodel and fix additional seats, and trim the lights' to have every thing in readiness for the Baptist meeting that begins tonight. Everybody is invited to attend every service. You'll be cordially and kindly treated and we hope to have a revival that will reach everyone, old or young, in our community.

The S. S. had their social Friday night and we gave the two recently married couples, Mr. and Mrs. Wiley Key and Mr. and Mrs. Cullen Powell, a miscellaneous shower. Both couples received many useful things that we know they'll appreciate all through life.

The young men's class gave a community set of knives and forks to each couple. Each of the teachers furnished refreshments for their class and they all "spread together." There was just worlds of cream and cake for everyone and all told it was an enjoyable occasion. Mr. Claud Hooks made a short talk and Mrs. Bodine gave some interesting readings.

Well, folks go by every day, some to see their "wife's kinfolks" to spend the summer, some fishing, others just to be going and we just let our hoes get a little nourishment, shake our heads and say, "what's the use?"

Mrs. J. M. Wells of Stamford; formerly Miss Vada Terry, is visiting her mother, brothers and sisters. She says "there's no place like home."

Everybody and his "purp" come in Wednesday to hear the Farm Bureau annual report, by Mr. Bagley.

Mr. James Bodine was appointed to hold election Saturday but due to the fact he's delegate to Quarterly Conference at Ira on the same date has declined the honor, and the voters will elect an official early Saturday morning.

If in need of any thing in dishes we will absolutely save you money. We have the latest purchases which enables us to make the lowest prices.—H. L. Hutchinson & Co.

Hot cooked meats every day at the City Market.

W. J. Chesney, outgoing sheriff and tax collector, made an impressive talk to the people of Westbrook Tuesday night, in which he expressed his sincere appreciation for the loyal support always given him by the citizens of his home town. Chesney was reared near Westbrook, cast his first ballot there and until his election to the office of sheriff and tax collector four years ago, made that community his home for many years. He was called to the speakers stand by Joe Bird, master of ceremonies at the political rally held there, and when the name of "Jake Chesney" was called, loud applause followed. He was also applauded at the conclusion of his remarks.

Engineers Recommend that Dam Project Be Abandoned

The report of Myers & Noyse, recommending that plans to dam Lone Wolf Creek to impound a lake of water for use of the city be abandoned has been accepted by the city council, it was learned Tuesday afternoon following adjournment of a mass meeting at the Chamber of Commerce, attended by executives of the Chamber and members of the council.

The recommendation of the engineers that additional wells be drilled near the present water plant east of the city, and that a water softener plant be built there for treating the well water was accepted as being the only practical solution of the water problem.

The engineers' report follows: **Reservoir on Lone Wolf Creek.** At the time we were employed by your Chamber of Commerce, in connection with your water supply, the only water source we were asked to investigate was on Lone Wolf Creek. We estimated the cost of building a dam, with the necessary pumping equipment and connections to your present system, at \$59,700.00. This contemplated a dam about 35 feet high at the deepest point in the channel, and a reservoir capacity of approximately 140,000,000 gallons which should give about twelve

months supply for the present population after deducting the probable evaporation and seepage.

The factors in favor of this source of supply are as follows:

The water from this reservoir should be of somewhat better quality than what you are now obtaining from your wells.

The reservoir should give ample supply of water at all seasons of the year with your present population and assuming your average rainfall conditions.

The points of objection to this source of supply are as follows:

The capacity of the reservoir is rather small for a City the size of Colorado and especially so in view of the probable rapid increase in population during the next few years, this increase coming from the added advantages of the city on account of its water supply and sewage system and also from the development of oil fields in your vicinity.

On account of the nature of soil in your section of the state you may expect a comparative rapid silting of the reservoir from loose soil carried down by your sudden heavy rains. This tends to decrease the capacity of your reservoir and there are no practical methods of remedy-

ing this trouble.

On account of the location of this reservoir being so near the City it is nearly impossible to prevent a certain amount of pollution from houses locating on the drainage area and the reservoir will require continual watching to prevent swimming in the same.

On account of the possible pollution of this water supply, arrangements would have to be made within the next few years to put in a good filtration plant in order to protect the health of the city.

Reservoir on Champion Creek at Seven Wells.

An inspection of this site was made a few weeks ago and a number of elevations taken in the vicinity of Seven Wells. We do not believe that Champion Creek affords a good location for a reservoir on either the North or South branches or at Seven Wells. The storage capacity would be small, while a dam on these creeks would be much more expensive than on Lone Wolf Creek and would require several miles of large pipe line to the present reservoir and in addition to this would require a pumping plant at the dam and the expense of an operator, located permanently at this plant. A dam at Seven Wells would be approximately 3000 feet long and the storage would consist largely of shallow water, encouraging the growth of water plants and greatly increasing the percentage of loss from evaporation. We believe Champion Creek should not be considered for the above reasons.

New Springs Northwest of Colorado.

We inspected the new springs which have been developed Northwest of the City and find these springs to be following a rather large stream, but on account of the uncertainty of this supply and the expense of developing storage and building a pumping station and pipe lines into the City, we do not believe this source warrants the expenditure which would be necessary.

Additional Wells With Water Softening Plant.

We have investigated a plan of drilling additional wells, spaced from five hundred to one thousand feet apart in the vicinity of the present pumping plant and treating this water through a standard water softener in order to make it of better quality for domestic and boiler use.

We believe that three additional wells eight inches in diameter, 185 feet in depth, equipped with double pump jacks should more than double your present supply. Under the present well system there is no doubt that the City is losing considerable water on account of the wells being located so close to each other. We believe that one and possibly two of your present wells might be kept in operation with three new wells. This whole system

could be operated with an oil engine, direct connected to a generator. Water from the wells would be run through a water softening plant and from this would go to the storage reservoir.

The arguments in favor of a supply obtained from wells and treated to soften the same, are as follows:

Freedom from contamination.

Having a water supply well adapted for domestic and boiler purposes.

The concentration of power equipment in one place.

Utilization of a certain amount of the present equipment.

The comparative low cost of additional supply when required.

The arguments against this plant might be named as follows:

The daily cost to the City of operation, which amounts to about \$20.00.

Summary

The following is a statement of first cost, operating cost and annual charges for the impounding reservoir on Lone Wolf Creek based on the assumption that a filtration plant will be necessary within the next few years:

Cost of dam, pump house, \$59,700.00
8-inch main to dam..... 4,000.00
Filtration plant 12,000.00

Total \$75,700.00
Annual operating cost \$3,600.00
6 per ct. interest 4,592.00
Depreciation at 5 per ct 3,785.00

Total annual charges \$11,977.00

Wells and Water Softener

The following is tabulation of first cost and annual charges for three additional wells, a water softening plant, oil engine and generator and a surface reservoir.

3 wells, jacks, motors \$3,600.00
Engine, gen., and s.b. 6,500.00
1 water softening plant 10,000.00
Surface reservoir 3,000.00
Pump house 2,000.00

Total \$25,100.00

Annual Charges

Softener plant, \$20 per day including chemicals, operator's time, interest and depreciation \$ 7,000.00
Interest 906.00
Depreciation, 10 per ct 1,150.00

Total annual charge \$9,056.00

Total balance in favor of wells \$48,700.00

A still further saving in connection with the water softening plant will be about \$6.23 on amount of soap consumed for each 100 gallons of water used for washing purposes of any nature where soap is required.

Assuming that 1 per cent of the water used is for laundry purposes, we will have a saving of 6c per 1000 gallons on all water softened, leaving a net cost for softening of 4c per 1000 gallons. Taking into consideration the saving to the water consumer in the amount of soap or softening compounds used for laundry purposes, we have the following statement:

Recommendations.

In view of the foregoing facts which we have determined, we recommend as follows:

That three additional 8-inch wells be drilled in the vicinity of the present pumping plant.

That a water softener plant, having a capacity of 200,000 to 250,000 gallons per day, be installed.

That an additional surface reservoir, of approximately 100,000 gallons capacity, be constructed close to the present surface reservoir.

That an oil engine, direct connected generator and necessary switchboard, be installed in a new pump house or in the old brick pump house if the same is large enough to accommodate this equipment.

That a force pump, having a capacity of 100 gallons per minute, be installed to pump water from the surface reservoir into the stand tower.

That all pumping be done with power from the new generating plant and that the present power lines to the pumping plant be held and so connected that in case of breakdown of the City's generator, the pumping can be done from the power company's line.

That the saving in cash out-lay of approximately \$38,000.00 under the cost of Lone Wolf reservoir as originally estimated by us (not including filtration plant) be applied to extensions and betterments of the water system where needed or that this amount of bonds be retired.

MARSHAL P. C. BEDFORD DIED SUDDENLY SATURDAY

City Marshal P. C. Bedford died at noon Saturday at his home in South Floydada, his death coming within a few minutes after he reached home for dinner after an active morning's work down town. Apoplexy, due to high blood pressure was given by physicians hurriedly called, as the cause of his death. He arose from the dinner table complaining of slight illness and was conscious for a minute or two at one time for his death came some twenty minutes later.

Funeral services for the deceased were held on Sunday afternoon at three o'clock at the Bedford home conducted by Elder J. J. Day. F. C. Harmon directed the funeral and burial. Interment was made in Floydada cemetery at four o'clock. A large number of friends were present at these last rites for the deceased and many floral offerings attested the high regard in which he was held.

P. C. Bedford was born in Fannin County forty-five years ago. He had resided in Floydada at two different times in his life, the last time since 1915. He was raised in Brown County where he was married. He was a member of the Church of Christ and the Woodmen Lodge. Surviving him are his widow and four children, his father and mother and two brothers. The children are Burl, 21; Charley, 19; Chester, 13; and Emma Lou, 2. His father and mother are Mr. and Mrs. J. H. Bedford of Colorado City and his surviving brothers are Sam and Reece Bedford, also of Colorado City. These were all present for the funeral and burial, as were C. W. Hagler, W. G. O'Neal and Frank Redmon, also of Colorado City. Hagler being a cousin, Mr. and Mrs. W. N. Johnson of Lorenzo, were also here for the funeral. Mrs. Johnson being a sister of the wife of the deceased.

Mr. Bedford was elected city marshal in the city election in the spring of 1921 and had held the office since that time.—Floyd County Hesperian.

Mr. Bedford lived here about 15 years and was well-known by the older citizens.

TITHING EVANGELIST TO DELIVER SERIES SERMONS

O. F. Zimmerman, "tithing evangelist," of the Methodist church, will deliver a series of sermons at the First Methodist church of Colorado next week, beginning Sunday morning at 11 o'clock. The services are to be held twice daily all of next week, but no definite announcement has been made as to the hours. This will be announced Sunday morning, Rev. C. L. Browning, pastor, stated Tuesday.

B. F. Yoder and Mrs. Yoder of Snyder were here a few weeks ago and he delivered an address on tithing. The results of the campaign starting there has been that a number of Colorado Methodists are now supporting the church under the tithing method, Rev. Browning stated. Collections the past two Sundays have averaged \$250.00 he said.

"The series of sermons to be delivered by Zimmerman will be for the purpose of studying our financial problems and meeting them in the manner given in the Bible," Rev. Mr. Browning said. "All Methodists and members of other churches are urged to attend all of these services, whether they expect to endorse the plan recommended by the evangelist or not."

TAMPERING WITH MAIL IS REPORTED BY R. F. D. PATRONS

Reports of youngsters tampering with mail boxes on some of the rural free delivery routes out of Colorado has been reported to The Record. Patrons whose mail has been taken from their boxes and destroyed state that they desire to cause no one any embarrassment, but since such a practice is criminal and punished under Federal laws, parents should see to it that their children do not violate this law.

Among those to report mail taken from their boxes is N. T. Womack. Mr. Womack stated Tuesday morning that recently several important letters had been taken from his box and scattered over the vicinity. One or two letters of importance to Mr. Womack, supposed to have been in the box, were never recovered, he said.

WITHDRAWN FROM TAX ASSESSOR'S RACE

Open letter by L. B. Elliott, Announcing his Withdrawal from The Tax Assessor's Race, With Reasons.

Colorado, Texas, June 28th, 1922. Now that I have withdrawn from the Tax Assessor's race it falls on me to announce the fact publicly. I have withdrawn from the present political campaign because of the business in which I am engaged. I am an abstractor of Land Titles in this county and I have too much interest in this work which I have chosen as my life's profession to drop it even for so short a time as two or four years.

When I entered the race for Tax Assessor, business conditions were such that I could have given that office proper attention and the same time conducted my abstract business by the employment of a reliable person to whom I could intrust certain parts of the work. But with the present outlook for oil development in Mitchell County and realizing the increased work it would create in the Tax Assessor's office as well as in the abstract business, I am not willing to assume the responsibility of my work and a public office, each of which would tend to demand my entire time and attention.

Considering that my abstract business is my life long work and profession; while the office of Tax Assessor, would be a matter of only four years at the most, I withdraw from the race.

I desire to thank the entire citizenship of Mitchell County for the whole-hearted support which it appeared I would get in the coming election. And especially do I thank those of my friends who have spoken good words for me to proper people, at proper times and proper places.

Sincerely yours,
L. B. ELLIOTT.

LASKY CORNER

O. F. ZIMMERMAN, Naples, Texas

"ZIM," the tithing evangelist, will hold services at the Methodist Church for a week, beginning next Sunday morning at 11 o'clock. His coming has the endorsement of the official board of the church and the church conference. The pastor urgently invites the entire membership of the church to hear Zim through this meeting. People of other denominations, as well as the public, are given a hearty welcome. Throw all prejudice aside, and with an open mind, hear this specialist for a week. Stewardship is the greatest need of the church and a revival at this point is the greatest revival that can come to the church.

Sunday school, be on hand in full force at 9:45. Zim will be there and make a talk. Let every Methodist be at church Sunday morning.

There is one thing that is a cinch. Some of the candidates who are today wearing a big smile won't be feeling so gay about eight o'clock Saturday night.

Another recent asset to Colorado is in the Lions Club, organized here this week. It is non-sectarian and non-political, perpetuated for the promotion of social, industrial, moral and educational problems, which arise in the life of every community.

'Posse Closing on Black Assailant,' 'Man Finds Mother Beaten To Death,' and others of similar nature were among headlines in the daily papers Thursday morning. These reports of crime are but a continued story from yesterday. Crime is in evidence everywhere and hardly a day passes but that at least one brutal murder or assault is reported.

Lubbock continues to hold on the spirit of progress and development. Tuesday the voters of that city adopted bond issues in the sum of \$150,000.00 for water and sewage extension by a vote of nine to one.

The fact that the engineers, employed by the city of Colorado to tell us how to expend the money voted with which to install a sewer system and enlarge our water plant, have made a careful survey of all solutions offered and recommend that the drilling of additional wells is the only feasible thing to do should settle that matter.

DR. FRANK HALL WRIGHT DIED IN OKLAHOMA

Dr. Frank Hall Wright, noted Indian evangelist, died suddenly on July 15 while on his summer vacation at Muskoka Lakes, Ontario, Can.

Dr. Wright was born at Boggy Depot Jan. 1, 1860. He was a son of ex-Governor Allen Wright, a noted full-blood Choctaw chief and also noted divine in the Southern Presbyterian church.

He is survived by his wife and daughter, Mrs. Charles Buckner Harrison, and her two children of St. Louis; three brothers and four sisters.

Dr. Wright held a two-weeks meeting in Colorado a few years ago and will be remembered by many residents of Colorado and Mitchell county.

OLD GRAMMAR SCHOOL TO BE REPAIRED, IS REPORT

Plans to raze the old Grammar school building and construct a new fourteen room building on the site, have been abandoned.

The change became necessary when it developed a few days ago that the bonds voted recently were insufficient to meet the expense of constructing the proposed fourteen room building, equip it and make needed repairs to the High School building.

L. H. Gaskins, architect employed by the board, is preparing blue prints and specifications for the proposed ten room building, and the board expects to advertise for bids on this project, as well as repairs to the present two buildings, at the earliest possible date.

Tires vulcanized, casings changed while you wait. - A. J. Herrington.

Mr. and Mrs. Reader

When you pick up a copy of your home paper, do you give any thought how it was produced, or the money that is spent to print it and deliver it at your home?

The newspaper of today, no matter if 25 cents a copy was charged, would be the cheapest thing you bought.

In the first place it represents an investment in plant and equipment of many thousands of dollars.

Its editor and staff work diligently day in and day out to gather all the news and present it to you in readable fashion. It aims to keep you informed on all the news that's 'fit for ink.'

With the average paper, the price you pay for subscription does not cover the cost of WHITE PAPER.

Yes, the newspaper is the cheapest thing you buy.

Think it over. Look it over. Then support your home paper. It's the best investment you can make, for it brings the largest returns.

Unexpected! a New 'USCO' - Better, Heavier, Longer Wearing

30x3 1/2 - \$10.90 No Tax added on Sale Now

USCO set the high value mark for 30 x 3 1/2 tires when it originated the \$10.90 price last Fall.

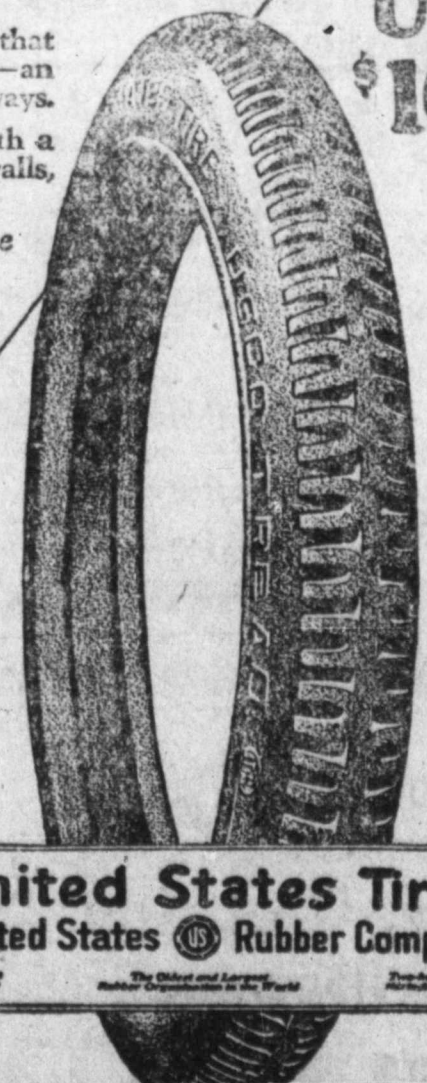

USCO today betters that mark with a new and greater USCO - an USCO improved in many important ways.

For instance, a thicker tread - with a surer hold on the road - thicker side walls, adding strength and life to the tire.

And the price is \$10.90 - with the tax absorbed by the manufacturer.

Men have always looked to USCO for the biggest tire money's worth on the market.

They always get a bigger tire money's worth than they expect.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expense. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Died

Weldon, sixteen months-old baby of Mr. and Mrs. Marshall Bruce, died Friday morning at eight o'clock after an illness of three weeks. The funeral services were held at the Methodist church Friday afternoon at five o'clock with Rev. S. H. Young, pastor of the Methodist church officiating. Interment was made in the Loraine cemetery amid masses of beautiful flowers. The entire town was saddened by the passing of this little one so well loved by all who knew him and we offer in their behalf a sincere sympathy to the bereaved parents. In the language of the song whose beautiful words his baby lips had learned to lip before he was called away we find the consolation offered by one who had known sorrow: "We shall understand it better by and by."

Revival Closed

The Christian meeting conducted by Dr. J. W. Chism for the past two weeks closed Sunday night. The series of sermons delivered have been highly instructive and through them two souls have been added to the church. E. L. Eason, singer led Thursday for his home at Merkle, and Dr. Chism left Monday morning for his home at Teague.

The Baptist meeting conducted by W. H. Sims of Abilene has been in progress for the past ten days and much interest is being shown. Bro. Sims went to Abilene Sunday to fill his regular appointment in his absence, W. C. Ashford conducted services. The attendance at Sunday school last Sunday broke all previous records during the present pastorate. One hundred and fifty-six were present. The meeting will close at the baptizing Sunday afternoon and there will be no evening service. There have been thirty additions to the church at the present writing. W. H. Sims and M. F. Richardson will leave Sunday afternoon for Potasi to begin a meeting there and W. C. Ashford will go to Champion to assist Bro. Farris in a revival to be held at that place.

CITY POLL TAX NOT NEEDED IN PRIMARY

AUSTIN, July 18.—Shortly after the adoption of the woman suffrage amendment to Federal and State constitutions, the attorney general held that payment of a city poll tax could not be required of either men or women as a prerequisite to their right to vote. This ruling pertained to the general election in November, 1920. Since that opinion was rendered questions have been raised as to whether or not the same rule applies to primary elections and to cities of 5000 inhabitants or more.

These questions are answered in the affirmative in a ruling recently rendered by the attorney general to Marvin Scurlock, county attorney of Jefferson county.

In this ruling the attorney general said: "It is our opinion that the rule here announced applies to primary elections, as well as other elections, and that it also applies to cities and towns of more than 5,000 inhabitants, as well as to smaller cities and towns. We find nothing in the general laws, regular session of the Thirty-third legislature, which indicates that a different rule should be applied in cities of more than 5000 inhabitants."

SNYDER VOTES SCHOOL TAX BY MAJORITY 4 TO 1

Patrons of the Snyder Independent school district voted to increase the tax rate for school purposes by an overwhelming majority Saturday. Out of a total of 555 votes cast, 444 were in favor of the increased tax from 50 cents to one dollar on the one hundred dollars valuation.

On the same day 2,000 people attended ceremonies attending the laying of the corner stone of the new \$75,000.00 school building in Snyder.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expense. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

EX-RANGERS OF TEXAS TO HOLD RE-UNION IN COMANCHE

The Ex-Rangers of Texas, organized at Weatherford in 1920, will hold their third annual re-union in Comanche on August 3 and 4. W. M. Green of near Colorado, commanding the organization, stated Friday. This organization, composed as it is of men who blazed the way for the civilization of today in Texas, should be and is of the greatest interest. The first and earliest of these men hold in their memories now much of our early history which will be lost with their going; and at these re-unions this body of important historical matter has the best opportunity of being passed on by word of mouth to the present generation.

The following program has been arranged:

August 3 at High School Auditorium.
Welcome Address, 10 a. m.
Roll call, 10:30, a. m.
Reading of minutes by Secretary and business meeting, 12:00 M.
Afternoon—Meet, 1:30 p. m.
Business continued
Hand shaking, rides in cars.
Night—Experience meeting, by old soldiers.

Fiddlers contest.
August 4th at Club Lake.
Morning—Band concert
Shooting contest
Rifle contest
Sack races and athletic contests.
Noon—Barbecue, resting, band concert.
Night—Campfire, old time cooking.
Boys meet all trains.

ELECTION NOTICE.

Pursuant to an order made and entered at a regular meeting of the City Council of the City of Colorado, Texas, held on the 10th day of July, 1922, and under the provisions of Art. 898 and of Art. 2934 of the Revised Statutes of Texas, notice is hereby given that there will be held an election in the City of Colorado Texas, on Tuesday, the 25th day of July, 1922, at the City Hall of said City of Colorado, Texas, for the purpose of electing a Mayor for said City, to fill out the unexpired term of A. J. Coe, resigned.

J. C. Hooker is hereby appointed as presiding judge of said election, and same will be governed by the general laws of this State, governing elections in cities and towns.

The City Secretary of said City is hereby directed to give notice of said election by causing to be posted in not less than three public places in said City, one of which shall be the place of holding said election, a copy of this notice, which posting shall be for not less than ten (10) days prior to the date of said election. And the City Secretary is also directed to publish a copy of this notice in some newspaper of general circulation in said City for not less than ten days prior to the date of said election.

In Witness Whereof, I have hereunto affixed my hand and caused the corporate seal of said City to be affixed hereto by order of the City Council of the City of Colorado, Texas, this 11th day of July, A. D. 1922.

(SEAL) JOE H. SMOOT, Mayor Pro-tem, City of Colorado, Texas.
Attest—L. A. COSTIN, City Secretary. 7-21c

NATIONAL BUSINESS COLLEGE ABILENE, ADDS COTTON CLASS

L. W. Ross, formerly of the Texas A. & M. College at College Station, and of the United States Department of Agriculture, has located in Abilene, where he will be connected with the National Business College in the capacity of instructor in the cotton classing department, which this college is opening up along with its other branches of business training.

G. E. Lawson, manager of the National Business College, states that Mr. Ross was recommended by the A. & M. College. The Finberg Cotton Office, at North Third and Pine, has been secured for the cotton classing department, this being an ideal place for the work with plenty of light and ventilation.

WHIPKEY PRINTING COMPANY ADDING MODERN EQUIPMENT

A new Babcock Optimus press with folder, will be installed at The Record office just as soon as the equipment arrives here. The new equipment, representing an investment of \$5,000.00, was purchased in Dallas Saturday by W. W. Whipkey and A. L. Whipkey, and is the newest departure in modern printing machinery.

This new equipment will make The Record office the best plant between Abilene and El Paso and one of the best newspaper and commercial printing plants to be found in a town of less than ten thousand population in Texas.

Minor Schott, business manager of the Sweetwater Daily Reporter, was in Colorado Tuesday afternoon and paid a visit to this office. Mr. Schott expressed surprise to find such a modernly equipped office here, stating that many daily papers in the State were being issued from plants not nearly so well equipped as that of the Whipkey Brothers at Colorado.

Studebaker Bodies Don't Rattle or Squeak

The Special-Six chassis frame is 7" deep. It tapers from a width of 29" in the front to 41" in the rear, so that the sides of the body fit perfectly without overhang. Five cross-members prevent the distortion that eventually causes bodies to squeak.

Studebaker bodies rest squarely on the chassis frame—not on the body sills. The body and the frame form a rigid unit that successfully resists the rack of the road.

Studebaker bodies are built in Studebaker shops by men, many of whom have been building vehicle bodies for Studebaker for upwards of 30 years—and their fathers before them. Studebaker has been building fine bodies for seventy years.

Studebaker Special-Six bodies, because of their quality and soundness, weigh more than those of other cars around the Special-Six price. You cannot skimp in material and build a body that will not rattle.

Freedom from rattle or squeak is just another of the fine-car refinements that emphasize the extra value of the Studebaker Special-Six.

Cut the Cost of Production

Profit in dairying depends to a great extent on reducing the cost per gallon of producing milk. Cows on pasture slip down in milk flow. Experienced dairymen have found they can produce more milk at less cost per gallon, by feeding a little concentrate.

With Cow Chow you can cut the cost of production per gallon, you can put your cows in better condition and get a longer milking period.

Hundreds of dairymen are using Cow Chow to lower milk costs. Cow Chow contains just the right proteins to balance grass and to make it produce more milk.

Cow Chow will make your milk checks bigger and lower the cost of producing the milk per gallon.

Bob Henry is mad and says Earle Mayfield and "his fixers" are trying to eliminate him from the senatorial race. It is persistently charged that Mayfield is the candidate of the Ku Klux, and will get the bulk of the Klan votes. Henry boldly claims he is a Klansman and deserves the support of the Klan. Possibly Henry's speeches may divide the Klan vote. It is hoped that it will do so. Of course, neither of these two Knights of the Pillow Case and Bed-sheet have any chance of the nomination. It would be a disgrace to elect a K. K. to any high office. —Plainview News.

"BEYOND THE ROCKS" AT TENT THEATRE MONDAY

Management of the Tent Theatre announced Thursday that a feature film production, "Beyond The Rocks," would be shown Monday. This picture, which has only recently made its appearance in some of the larger cities, is claimed to be unusually good.

The Tent Theatre has recently opened at a location on Walnut street, one block north of the Colorado Drug Company store.

WESTBROOK ITEMS

Mr. Cook, contractor on Foster No. 2, south of Iatan, reports they have drilled into black lime at about 2300 feet. He said this was the first black lime he had known of in any of the wells in Mitchell County.

Mr. Riley reports they have a delay on account of a broken part on their engine but expect to soon be drilling again. They have a splendid showing of oil in this well, Murphy No. 1.

Phelan No. 1 also has a showing of oil which proves up quite a large scope of the territory near Westbrook and Iatan.

Mr. Rowland, driller, reports that Stewart No. 1, north of Iatan is drilling at 700 feet and making good progress.

Maxwell & Johnson have spudded in their Capps-Lucas No. 1 and will make all the speed possible to reach the pay sand.

T. & P. No. 2 is setting casing preparatory to drilling in, the well standing 2800 feet in the liquid gold and is sure to be a good producer when completed.

Magnolia Petroleum Co. well on section 18 south and west of Iatan,

has spudded in and are drilling steadily.

The rig is up for the off-set well to the Zilpha Morrison No. 2 and will soon be ready to start operation. Westbrook sure has the appearance of an oil town now more new operators here every day.

Mrs. C. C. Bracken and baby of Abilene are visiting her parents, Mr. and Mrs. W. L. Cope.

Mrs. E. B. McCallum is able to be up again after being confined to her room for several days.

Mrs. Humphry of Ranger has spent several days in Westbrook on business. She leased the big store building of E. V. Bell's. We have not learned what kind of business that she will put in this building, on the lot joining this building on the north she is going to erect a first-class cafe.

Little Virginia Bell celebrated her 6th birthday anniversary by having some of her little friends join her in a little tea party Tuesday afternoon.

Mrs. Atkinson of Ranger is here this week looking for a location for a rooming house. Mrs. Atkinson says that she will not leave until she secures a desirable location and it will not be but a short time until Westbrook will have a commodious rooming house.

R. C. Dale moved into his new home Saturday.

Mr. and Mrs. J. R. Oglesby left Tuesday for a few weeks visit with relatives and friends at Goldthwait.

Mrs. Agnew, of Hamlin, is visiting her brother, Rev. A. D. Leach.

Attention Ford Owners!

Ford parts, like almost everything else worth while, are counterfeited. Imitation parts are manufactured to SELL at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled—Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.
