EIGHTEENTH YEAR—NO. 42

COLORADO, TEXAS, FRIDAY, JULY 28, 1922.

WHIPKEY PRINTING COMPANY.

LOONEY ELECTED MAYOR BY MAJORITY OF 3 TO 1

Judge R. H. Looney was elected mayor of Colorado Tuesday by a majority of almost three to one over his opponent for the place, Judge W. H. Garrett. Out of a total of 258 votes polled, Looney received 191 and Garrett 67.

The vote was light, representing less than half of the voting strength of the city. There are approximately six hundred qualified voters within the corporate limits of the city.

Judge Looney did not aspire for the office and consequently made no campaign. He permitted for his name to be used as candidate for the place upon petition from several citizens of the city. He stated, however, that if the people elected him as mayor he would qualify and devote the best of his ability to the duties of the office. He was elected to fill out the unexpired term of Judge A. J. Coe, resigned.

CALIFORNIA COMPANY WILL DRILL IN SECTION NO. 64

Anthony Folger, representative of the California Company, informed The Record Saturday that the statement carried in the paper last week that the company would drill a well on the Gary Ranch was erroneous, as the location for the first well had been made in Section No. 64, in the Richardson tract. The well, Folger stated, will be drilled on the south side of the section about five miles southwest from Colorado.

"We have made no location on the Gary ranch," Folger stated, "and we would appreciate it very much if your paper would keep the record straight concerning operations of the California Company here."

NOTICE TO SCHOOL PATRONS

The nine months of the Colorado schools for the year 1922-23 will open on the second or third Monday in September. All who intend to transfer to this district must do so before August 1. We shall have full nine months school.

HEAVY VOTE POLLED IN DEMOCRATIC PRIMARY SAT

The vote polled in the Democratic primary election in Mitchell County Saturday was the largest in the history of the county. According to unofficial returns, almost 2,000 votes were polled at the ten voting precincts, 864 of which were cast at Colorado. The heavy vote is accounted for by the unusually large number of women taking a part in the election.

Because of the large ticket the tallying of votes progressed very slowly and returns were slow in being received and in some instances conflicted. The election officers at Colorado were at work for thirty-two hours, from the time the polls were opened Saturday at 8 a. m., until 4 p. m. Sunday afternoon, when the last vote was counted and the returns completed.

Official returns of the election in this county will not be available until Saturday when the Executive Committee will meet to canvass returns from the ten precincts. Until that time it will not be definitely known just how many votes were polled for some of the county and precinct candidates.

Unofficial returns, however, give J. C. Hall an overwhelming majority over W. W. Porter for County Judge and R. H. Ratliff is known to have rolled up a heavy lead over Thos. Coffey for County Attorney. Out of 1751 votes reported in the county for County Judge, 1318 were received by Hall and 433 by Porter. Because of conflicting reports from one or two of the smaller precincts, the ratio of support developing for Ratliff and Coffey will probably not be known until an official report is made Saturday by the Executive Committee.

Seventeen hundred seventy-one votes are reported to have been cast for the six candidates for tax assessor. In this race Roy Warren led the ticket with 482, with Floyd Kennedy running in second place with a total of 372. Warren carried Colorado by a good plurality, receiving 345 of the 842 votes cast here for

J. C. HALL
Elected for third term as County Judge of Mitchell County by an overwhelming majority.

assessor. G. E. Quinney ran in second place at Colorado, receiving 137 votes. Kennedy carried Loraine by a substantial majority over his five opponents, receiving 293 out of 502 votes reported there. Fred Isom received 158 votes at Loraine, the remaining 51 votes being divided among the other four aspirants.

The vote for tax assessor, which is unconfirmed, has been reported as follows: Kennedy, 372; McClellan, 230; Page 212; Warren, 482; Quinney, 165; Isom, 310.

In the race for sheriff and tax collector, I. W. Terry is leading by a plurality of 111 votes over J. B. Holt. Jos H. Sheppard ran in third place for this office and J. W. Dearen fourth. According to unofficial returns Dearen received a light vote over the entire county.

Tom Terry was nominated public weigher at Colorado by a good majority over his opponent, Jack Helton. Out of fifty votes polled at Buford, the home of Terry, the successful candidate received forty-one. Terry also carried Colorado.

U. D. Wulfjen was re-nominated as County Commissioner of Precinct No. 1 by a majority vote over his two opponents, Rosellus Powell and J. W. Gross. H. A. Lasseter, by a small majority, defeated L. J. Burrow for commissioner from the Westbrook precinct. John Lane of Precinct No. 3 was elected by a substantial majority over E. Barber. Mr. Barber is the present commissioner of that precinct and did not offer for re-election, but received a light vote at Spade. S. M. Hallmark, present incumbent from the Loraine precinct, was defeated by W. D. McAdams.

W. S. Stoneham, county and district clerk; O. C. Green, county treasurer, and C. S. Thomas, justice of the peace at Colorado, were re-elected without opposition.

Fred Rogers, candidate for governor, carried Mitchell County by a good plurality. Rogers was the only gubernatorial candidate to visit Colorado during the campaign.

The election was quite in Colorado throughout the day, there being no disturbance of any kind reported. Supporters of the various candidates, however, were "still hunting" throughout the day, working in the interest of the candidacy of friends. The majority of candidates for both county and precinct office spent the day on the streets here.

SEVEN ADDITIONS REPORTED COAHOMA BAPTIST CHURCH

Rev. M. C. Bishop stated Monday that a total of seven additions to the Coahoma Baptist church resulted from the revival closed there by him Sunday night. The services lasted for one week.

Rev. Mr. Bishop will go to Westbrook Monday for a series of revival services there during all of next week.

HARDISON TO CONDUCT REVIVAL AT TOYAH

Rev. D. R. Hardison will leave Colorado Saturday for Toyah where he will begin a revival meeting Sunday morning. He conducted the revival for the Toyah Christian Church last year.

PRISONERS NOT TREATED HUMANE, SAYS CHITWOOD

"The tax payers of Texas are being called upon to meet an annual deficit of almost one million dollars in our penitentiary system," Hon. R. M. Chitwood of Sweetwater, member of the lower house of the State Legislature from this district, stated Friday night in an address delivered at Union Tabernacle.

"In spite of this fact the penitentiary system of this State has at its disposal some 86,000 acres of choice agricultural lands in the vicinity of Houston and Beaumont, among the best farm lands of the State, on which no taxes have to be paid, and the labor of 3,000 convicts is available without expense to the penitentiary. This is wrong and I call upon you, the citizens of Texas, to co-operate with me in removing this evil and placing at the head of our penitentiary system only those men who are capable managers."

Chitwood was a member of a legislative investigating committee appointed by the governor to investigate the penitentiary system of Texas and make recommendations for improving the same. He acted as secretary for this committee, which was appointed jointly from the Senate and House.

In his address he did not go into details as to the various unfavorable conditions found in the system, nor as to the recommendations to be made to the Thirty-eighth Legislature. He stated, however, that the convicts were inhumanely treated and that the food given them was of a most inferior quality.

"There are too many men being killed in our penitentiary," Chitwood stated. "I shall contend that these men shall be accorded humane treatment, and that they shall be properly fed and clothed, especially when detailed to work on our farms."

Chitwood deplored action of Governor Neff in vetoing the Rural School Aid Bill, which passed the regular session of the last legislature. He was the writer of another bill, however, introduced at the first called session, and which passed both the Senate and the House, later becoming a law and carrying an appropriation for the rural schools of the State.

"I shall never be satisfied until the strong arm of Texas reaches out and lifts up the last child in Texas and places him on the same footing with all other children in the matter of public free school facilities," he declared. "And the only equitable manner in which to improve our educational system and extend its advantages to all alike is through taxation."

"School facilities carry with them large property valuation," the speaker said. "If you had no schools in Colorado, you would have no property valuations here and all too soon this city would become deserted and property valuations sink to almost nothing."

EXCAVATIONS NEW BRIDGE WILL BE STRATED MONDAY

F. F. DuBose, engineer in charge of construction of the Colorado river bridge, stated Tuesday that excavations for the foundation would be commenced Monday of next week. This work might be commenced Saturday, DuBose said, however, it was definitely planned to commence the work by Monday.

DuBose plans to build a temporary bridge of corduroy construction across the river while the new structure is being built, in that traffic over the Bankhead Highway be not handicapped.

UNIFORMS FOR COLORADO BAND ORDERED THIS WEEK

Members of the Colorado Booster Band were being measured Tuesday for the new uniforms to be presented the band boys by business and professional men of Colorado. Funds with which to purchase the uniforms were raised by Roy Farmer.

BIDS SCHOOL BUILDING WILL BE OPENED MONDAY

Bids for construction of a new ten room school building and remodeling the old Grammar school building are to be opened Monday by the school board. H. L. Hutchinson, president, stated Tuesday. Hutchinson stated that it had not definitely been determined just where the proposed new building would be located, but that it would be built on property already owned by the school district, near either the High school building or the Grammar school.

It was planned at first to raze the Grammar school building and erect a fourteen room building on that site, but no bid within the allotted limit for constructing that building was received and that plan had to be abandoned. The plan now to be followed will give the same amount of class rooms at a considerable saving in finances.

Hutchinson stated Tuesday that if finances were available with which to purchase a site at some other location in the city other than the property owned by the school district, such would probably be done. The bonds voted recently were solely for construction of a new building, and equip it and make repairs to the other school property, it was stated, and thus, no part of the bond issue can be diverted for purchasing building site.

DEMOCRATIC COMMITTEE TO MEET COLORADO SATURDAY

A meeting of the Mitchell County Democratic Executive Committee will be convened in Colorado Saturday by J. A. Buchanan, chairman, for the purpose of canvassing returns of the election Saturday and officially declaring nominees of the party.

Buchanan stated Tuesday that the second or run-off primary election, would be held Saturday, August 26. This campaign promises to be interesting between Roy Warren and Floyd Kennedy, leading in Saturday's primary for the office of tax assessor, and J. B. Holt and I. W. Terry, leading for sheriff and tax collector. Unofficial returns Monday gave Warren a lead of 110 votes over Kennedy and Terry 111 over Holt.

HARDISON RETIRED FROM PRESIDENCY BY REQUEST

Visitors to the West Texas Encampment at Merton reported upon returning to Colorado that Rev. D. R. Hardison of this city was not elected to the presidency of the encampment again for the ensuing year because of his own request made before the meeting. Rev. Mr. Hardison held this office for the past two years.

G. E. Goodwin of Fairview was elected a member of the board of eight directors for the ensuing year. Sixteen conversions are reported and the meeting is said to have been one of the best in the history of the encampment. Ezra Jacks of Dallas, who directed the song service here during the Christian revival, conducted the song services there.

LARGE TONNAGE MATERIALS MOVING INTO THE FIELD

The tonnage of oil field materials moving out from Colorado, Westbrook and Iatan to the Mitchell County field is increasing every day. Much of this material is being moved by truck, while wagons and teams are coming in for a considerable amount of work. Tuesday afternoon fifteen large wagons loaded with rig materials were counted leaving Colorado for the field west of the city.

PRIMARY ELECTION OBSERVED AS HOLIDAY BY BANKS HERE

The Colorado National and City National banks of Colorado were closed throughout the day Saturday in observance of the Democratic Primary election. Several of the bank officials and employees took advantage of the holiday and spent the week-end on an outing or visit to relatives elsewhere.

MANY NEW OPERATORS ENTER MITCHELL FIELD

An unusually large number of California, Oklahoma and Kansas operators was noticeable at Colorado and in the field during the past week. Several of these last little time in making an inspection of the field and purchasing leases. It is conceded that operators from outside of Texas control the greatest amount of choice oil lands in Mitchell County.

The hotels of Colorado are filled to capacity each night and have been for the past several weeks. Many of the oil fraternity, unable to obtain hotel accommodations, are stopping at rooms in private homes of the city. Bank deposits have been greatly augmented during the past sixty days because of the large volume of business in lease dealing.

Building in Colorado has been stimulated because of the oil development and several new buildings are in process of construction in the city. These new buildings are both residence and business buildings. Colorado is dreaming of its old time glory when it was the metropolis of the great cattle industry in West Texas and the citizens are working to make of it the oil metropolis of the Southwest part of the State.

One of the most important developments of the week occurred Wednesday when the Western Petroleum Company's Etta Brennan No. 1 encountered the sand at a depth of 2,962 feet. Grave fears were expressed during the early part of the week in regard to this well. The sand encountered is thought to be the same from which Underwriters Morrison No. 2 is producing.

It is also understood in Colorado that Riley has encountered the lower sand in Murphy No. 1. The first or top sand was drilled into in this well the first of last week at 2560 feet. Riley is setting casing at 2960 feet, preparatory to drilling in.

The three wells of Maxwell & Johnson Brothers in the Iatan vicinity are promising of attracting much attention, as they are located near the Foster No. 1 of the Colorado-Texas Company, from which an excellent quality of petroleum has been pumped for more than a year. Stewart No. 1 of this company is drilling at 750 feet and Jones No. 1 of the same company will be spudded today.

The Fensland Oil Company is drilling at 850 feet at Reed No. 1. The Magnolia Petroleum Company has been delayed in spudding their Foster No. 1, three miles south of Iatan, because of delay in shipment of surface casing. They have been awaiting arrival of the casing two weeks.

The Colorado-Texas Company is drilling in lime at 2325 feet in Foster No. 2. Bill Thomson, contractor, at Chad Daniel LeSure No. 1, is drilling at about 1500 feet. The Flescher Petroleum Company has passed the 2100 foot depth in Coleman No. 1.

BOOSTER CLUB MEETING ANNOUNCED FOR AUG. 3RD

W. W. Whipkey, vice president of the Booster Club, stated Thursday that the next meeting of the club would be held Thursday night of next week at the Ford Agency display rooms. J. H. Greene, president of the club, is out of the city but is expected to return August 1.

A program will be arranged and announced next week, Whipkey stated. Among the matters pending is that of co-operating with the census Bureau at Washington in taking a revised census of Colorado. Judge C. H. Earnest is representing the club in presenting this matter to the city council.

REPUBLICAN CONVENTION TO BE CONVENED SATURDAY

B. S. Van Tuij, acting chairman of the county committee, Republican party, stated Thursday that Mitchell County Republicans would convene at the court house in Colorado Saturday afternoon at 3 o'clock for the purpose of electing delegates to the State convention.

BEEN FISHIN'

Part of the Record force spent the week on the North Concho fishing. The party consisted of A. L. Whipkey, Mr. and Mrs. W. W. Whipkey and daughter, Mrs. A. B. Robertson and son, S. E. Whipkey of Dallas and Miss Aline Miller of Paris and Master Robert Whipkey. Through the kindness of Farmer Simpson, who let us use his jitney, we hiked out early Monday morning. Through the kindness and hospitality of Mr. George McEntire, who has a big ranch on the Concho, we had a splendid camping place and plenty of water to fish in. They told us Mr. Mc was rather particular who camped on his place, but we were made entirely welcome, and certainly appreciated his kindness. He has a magnificent ranch, a large part of which is under irrigation. He has sheep and cattle on a thousand hills and not being satisfied with this is drilling an oil well of his own.

We had some mighty fine neighbors, too, while in camp. We are under obligations to Mr. Slatin, who was very kind to us. Also Mr. Alwin, who lives hard by and is superintending the irrigation plant. He paid us a pleasant visit and put his roasting ear patch (about 100 acres) at our disposal. Mr. McEntire says this irrigated corn would make at least 200 gallons to the acre. He expects to get better than a bale of cotton to the acre and water melons—he has 'em very fine.

We had a nice outing, camping, fishing boating and swimming. Got several good messes of fish and everybody in the crowd was fully supplied with chiggers. We are home now ready for another year's work.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary... expense. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Mr. Peterson and family who live on the R. E. Bennett place north of town left this week for a visit to their old home in Louisiana.

Miss Odessa Smith returned the latter part of last week from a visit with her sister at Clovis, N. Mex.

Mr. and Mrs. Ira Warren who have been visiting his parents here have returned to their home at Dallas.

C. M. Black was down from Cuthbert to spend the weekend with the home folks.

Miss Irene Brown visited Miss Dale Hall at Colorado from Wednesday till Sunday.

L. W. Rhodes, Bill Swafford, Anton White, Dr. W. L. Hester and Dr. Webster composed a fishing party to the Colorado river Wednesday.

Mr. and Mrs. W. R. Martin visited in the R. B. Terrell home at Colorado Sunday.

Rev. Little of Abilene, association B. Y. P. U. worker, will begin a B. Y. P. U. training school here Monday at the Baptist church. The Junior members will be instructed in the work in the afternoon and the Senior members in the evening. All members are urged to co-operate with Bro. Little in making this school a successful one. Every one is cordially invited to attend whether or not they are members. Examinations will be given on the work and those who pass it will receive diplomas.

The Two weeks revival held by Rev. W. H. Sims closed Sunday afternoon at the water. Good attendance and lots of interest was manifested throughout the meeting. Fifty conversions and 43 additions to the church, 29 by baptism, was reported. Rev. Little will be here Sunday and will probably hold services Sunday evening.

Quite a number of the Loraine people have been attending the Baptist revival in progress at Bethel this week. Rev. W. D. Green of Big Spring and Rev. C. E. Ball of Plainview are conducting the revival.

There were no services at the Methodist church Sunday but a very interesting Sunday school hour with 178 present. Mr. Lester Jarratt sang a special song which was very much enjoyed and O. E. Stevenson gave an interesting talk on faith.

The Adult Missionary Society met at the church Monday afternoon. Mrs. Jim Johnson led the lesson on "The Meaning of Prayer."

The Y. P. M. S. met Wednesday afternoon at the church. Their lesson which was on Mission Study was reported as quite interesting.

Miss Viola Brown celebrated her eighteenth birthday anniversary with a dinner party at her home about 1 mile north of town at 7:30. The house was in festive attire for the party the colors used were pink and white. The favors were dainty butterflies and the place cards, miniature Japanese lanterns. After a very delicious dinner music and progressive conversation gave diversion during the evening. Miss Viola made this evening a very delightful one for Misses Thelda Black, Mattie Thompson and Ading Howell and Messrs. Byron Dorn and Bill Dorn of Colorado, Floyd Coffee and Kirk Taylor.

Mrs. Roy Edwards is on the sick list this week.

Earl Hallmark and family went to Strawn Wednesday to visit Mrs. Hallmark's parents, Mr. and Mrs. Page Henderson.

Mr. and Mrs. Donas Dunlap who attended the Baptist revival here last week, left Sunday for Sweetwater, where they will visit his parents, Mr. and Mrs. E. J. Dunlap, before going on to their home at Abilene.

Folks in the Loraine territory are beginning to be a bit blue because there has been no rain lately. However, prospects for the best crop in years is reported if the rains come within the next week or two.

The Pioneer club met with the president, Mrs. S. D. Dunnahoo, Thursday, July 20. Quite a number were present and the topic of the afternoon was on canning and var-

ious other things concerning the home. We have only been organized a short time but are pleased to say that have quite a number of members who are interested in this home work and by this time another year we hope to have a larger number in

our circle. If each and every home that has a garden or say a few fruit trees would preserve the surplus, what a delicious dinner or supper one could have from their own pantry on a cold dreary day in winter.

To The Citizens of Colorado
I very much appreciate the confidence you manifest in selecting me to serve you as mayor. I feel this more keenly because it came to me entirely unsolicited. And in this connection I promise to give the business of managing the city's affairs my best thought and attention.

Yours truly,
R. H. LOONEY.

Joe Earnest, who extended his studies at the University through the summer term, came home Saturday night.

Thanks to Voters.
I desire to express my appreciation to my friends, who so loyally supported me in my race for public weigher. I thank each of you, who assisted me in any way and shall make an earnest effort to merit your approval.

TOM TERRY.

Hon. D. T. Bozeman was here from Cuthbert Monday and spent a few hours in the city, on official business. Mr. Bozeman expects to be re-nominated as mayor of Cuthbert without opposition.

CIVIL WAR VETERAN DIED AT ALEDO, TEXAS

Col. C. C. Poole, 85, died at 4 a. m. Saturday at his home in Aledo, according to advices received in Colorado. He was a veteran of the Civil War, having fought with the Confederate armies. For a time after the war he wrote for the old Stockman's Journal published at Ft. Worth.

He is survived by two sisters, Mrs. Kitty Johnson of Fort Worth and Mrs. M. B. Bland of Aledo, and one brother, J. M. Poole of El Paso. Col. Poole made his home at Colorado many years ago.

To The Citizenship of Mitchell County.

To say that I appreciate the liberal support accorded me by the people of Mitchell county on last Saturday would be putting it mildly. I shall always remember same in the kindest way.

And I further wish to solicit the support of every citizen in the runoff and have but one promise to make and that is the one that I have repeatedly made during the past campaign, which is: "If elected or if not I will still be with you and endeavor to treat you in my business dealings and associations with you as I would have you treat me."

I have been practically reared in the county and my record from boyhood to the present is the only basis on which I solicit your support.

Again thanking you for past favors, I beg to remain,
FLOYD T. KENNEDY.

To The Public!

Men employed in our mechanical and car departments have been on strike since July 1st against the decision of the United States Railroad Labor Board. The officers and loyal employes of this company are doing all in their power to keep trains operating. If we can have that protection for life and property which the law guarantees, we will succeed. The strikers and their sympathizers, on the other hand, are doing their best, through a campaign of lawlessness, intimidation and terrorism, to prevent our operating trains. The welfare and prosperity of the communities we serve depend upon who wins. The law will be enforced if the public demands it. If the law is enforced, the railway can and will continue to operate trains and give that service so vitally necessary if crops are to be moved and producers and consumers alike spared the suffering and financial loss involved in a tie-up of the transportation industry.

DEMAND THAT THE LAW BE ENFORCED

Goodrich
announces
new tire prices

—lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the *Goodrich one-quality standard*. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

Silvertown Cords

at such prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3 1/2 Cl.	\$13.50	34 x 4 S. B.	\$30.85
31 x 3.85 Cl.	15.95	32 x 4 1/2 S. B.	37.70
30 x 3 1/2 S. B.	15.95	33 x 4 1/2 S. B.	38.55
32 x 3 1/2 S. B.	22.95	34 x 4 1/2 S. B.	39.50

MANVILLE BROS., COMEDIANS PLAY TO STANDING ROOM AT SNYDER, TEXAS

Packed to the door was the verdict of all who came late last night to see the big opening play "Mickey" The play throughout was one of the best ever produced in this city by any tent show. The company has played here before and the skill of the actors was a foregone conclusion as each seemed fitted for his or her part. The big surprise of the play was Miss Ida McColum in the leading role as "Mickey," as she is particularly fitted for the part the moment "Mickey" is received into the author's home (business seems to pick up) "Mickey" is accused of a theft

she did not commit, and the evidence rests first on one member of the home, then on the next. Not until the exciting climax in the fourth act is the crux of the whole plot revealed. The whole play throughout is clean, moral and uplifting with unusual comedy situations of heart interest, interspersed with a mystery the solution of which will tax the ingenuity of the keenest minds.

Between the acts Big Time Vaudeville was introduced and was endorsed time and again by the large audience.

Manville's Radio-Orchestra stormed the lovers of music with many happy jazz and classical selections. "Zella" the only and original girl with a million eyes is truly a wonder in her entertainment of science mirth and mystery of answering questions. Her work is truly wonderful and has created considerable interest among the hundreds who ask her questions last night. In addition to answering the questions she proved her occult powers in more ways than one, and we can only say if you have never seen this show you can't afford to miss it. See Ladies' Free Ticket in other column of this paper for Monday night.—Dunnam.

Biliousness and Constipation.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

A FREE COUNTRY?

"This is a free country. The majority rules here!" A proud American boasts this, which we are all fond of making to our foreign friends.

IS it a free country? Does the majority rule? Many a patriotic and home-loving citizen is asking himself these questions. Is it a case of majority rule when the well-organized minority in a basic industry can jeopardize the entire Nation? Is it a free country when a man who says, "I want the job a striker doesn't want," must pay the penalty with his life if he dares take it? Is it a free country, or a majority rule Government, when any "bloc" in the House or Senate can dictate legislation in the interests of any part of a hundred millions as opposed to the interests of the whole? Is it a free country when any religious bias attempts to interfere with the schools of the Nation? War breeds hate, hate breeds fanaticism, fanaticism breeds intolerance, intolerance breeds oppression,

anarchy, Bolshevism, fear. We have had the war, and experienced the hate and the fanaticism. But we, the American people, with the love of freedom and independence, which is the priceless heritage given us by our traditions, our history, and our love of what we truly think of as God's country, do not HAVE to follow the road to the end; we do not have to absorb the intolerance, or experience the oppression, anarchy, Bolshevism, fear.

The way is clear; we have but to apply to these our present problems that ideal for which our forefathers fought, which Washington put in practical operation, which Lincoln upheld. We have but to remember that before we are railroad men, farmers, strikers, strike breakers, legislators belonging to a bloc, members of any special group, or upholders of any special faith, we are first of all, good-Americans.

While we all remember that, this will be a land where the majority rules. When we forget it, and only when we forget it, can this cease to be a FREE country.—Ex.

In referring to Dr. George Truitt of Dallas, "Zim," the tithing evangelist, stated in his sermon Sunday night that the Dallas Baptist pastor was one of the greatest preachers of the Southwest.

That the women are appreciating more than ever rights of suffrage was evidenced in the heavy vote polled by them in the Democratic elections Saturday. Woman suffrage was one of the best laws ever enacted. Giving the ballot to the women will do more than any other agency, perhaps, in correcting many of the corrupt policies of politics and establishing a higher ideal in the affairs of State for moral, social, educational and all good things.

Those defeated candidates for county and precinct office in Mitchell County are about the cleanest and hardest fighters and best losers we have seen for some time. The candidates who lost in Saturday's election are congratulating their successful opponents and passing the word that we all co-operate together for a successful administration. The chivalry of the typical West

Texas cannot be questioned, and in this Mitchell County is in the heart of the best of West Texas.

In reviewing the result of Bob Henry's candidacy for U. S. Senator, terminating so fatefully to Bob in the Democratic primary election Saturday, The Record is deliberating between one of two conclusions: Henry is not recognized as the Jeffersonian Democratic statesman, he advocated himself to be, in the opinion of even avowed klansmen, or else the Ku Klux Klan is not as strong in Texas as some newspapers would lead the innocent public to believe. We believe there is some reason to believe either of these conclusions.

When you go to your banker to borrow money or merchant to obtain goods on time, you will find you are accommodated more readily if you have a nice lot of hens, turkeys, hogs and milch cows; not merely because they are collateral, but because the bankers and merchants know you are in a position to meet your obligations more promptly. They know you are not depending on one crop for your living; that your live stock and poultry will provide the necessities and that you will be able to pay them back out of your grain crops.

The Record longs for the day to come when some newspaper editors we know of and some "orators" we have heard of get the fact stamped into their cranium that Mitchell County has a proven oil field. "When you bring in an oil field," they will say, "great things are in store for Colorado and Mitchell County." The fact that we have a proven oil field in this county is so plain that "a wayfarer man, though a fool, could not err therein." Let's get away from that stuff. We have a field, absolutely proven up, extending over a territory eight miles long by three miles in width.

While the sorghum crops of Mitchell County are in need of rain, to mature to best advantage, the cotton, as a general rule, is not suffering, but rather continues to grow and fruit in a most satisfactory manner. The acreage planted to cotton this year is the largest in the history of Mitchell County and under favorable conditions from now until frost, with no storms to damage or partly destroy the crop, production in this county promises to be around forty thousand bales. And with the price of the staple looking up, augmented by unfavorable government crop reports as covering many of the cotton growing sections of the South, Mitchell County farmers are in line for prosperity.

"The Sheik" Coming. George Melford's superb picturization of E. M. Hull's famous novel, "The Sheik," which is the literary sensation of the year, will be seen at the Tent Theatre next Wednesday and Thursday. Agnes Ayers, Paramount star, and Rudolph Valentino, who made such a hit in "The Four Horsemen of the Apocalypse," are the featured players.

To Our Clergymen

Did You Ever Think What Advertising Would Do To Build Up Your Church?

You know that churches in all the big cities advertise, and they have found it most profitable to do so.

If it is a success in the city, why wouldn't it be a success right here in our home town?

You know it would be if you only had the nerve to try it.

Let's reason the thing out. Every Sunday morning you speak to about the same people. That isn't growth. That's hardly holding your own. You know the people you want to reach are the people who never come to church.

If they don't come to church, how are you going to reach them?

Through this newspaper, that's how.

Supposing you got your official board to approve of a moderate expenditure of say \$100 a year. That's a small sum when you spread it over 50 weeks of advertising. That would give you a \$2 space in this newspaper every week.

There are special agencies which prepare church advertisements, if you don't feel capable of doing it yourself and your church will give you this information. *BUT we think you can write the best advertisements yourself, for you know your town.* Supposing you only increased your congregation ten per cent the first year, wouldn't it be a fine investment? Of course it would. And it can be done.

But don't try it for a month and then stop.

That would be wasting your money.

Ivory Soap, Cream of Wheat, H-O and all of those other well-advertised articles that are household words did not achieve their success except after years of advertising.

That old motto, "Keeping everlastingly at it brings success," applies to advertising.

The road is open to you. This paper stands ready to help.

You want to grow.

You want to reach out.

Advertising is the answer.

Fill those empty pews with new people.

SMALL FARMS.

West Texas is passing from the cow range stage to become a country of farms. This in no wise should be looked upon as a discredit to the cow. The cattle business in other years has occupied the premier position in the industrial growth of the Panhandle-Plains country, but the home-seeker demands his innings and land has become too valuable to devote vast acreage to the growing of cattle alone.

The thriving towns have found that the trade from the big ranches

is not so valuable as from that of several established farms on the same area and there is a growing hope that the big ranches will be subdivided and settled up by local farmers. It has already been done in many places and the increased volume of trade coming to the market towns is plainly noticeable.

There is a growing demand for farming lands in West Texas and Northwest Texas and the coming of progressive farmers with advanced knowledge in scientific and intensive farm methods is transforming

the Plains country into a land of farm homes. The cattleman is doing his part to bring about these conditions and is realizing more profit from his improved herds on restricted areas than he did in former years with the pioneer herds that roamed over the unbroken and unfenced Western country.

The time is coming when a section of land heretofore used as grazing ground for a few head of cattle will be transformed into well tilled homes for four progressive families. These changes are coming and with them is coming all the marks of progressive civilization—more and better public roads, substantial farm buildings, stronger schools, churches, and social centers throughout the rural precincts, and the town schools, churches, societies and merchants will get their share of the social, intellectual and economical and commercial benefits. There may not be so great a percentage of wealthy families, but the country will be rated for its wealth of happy, prosperous and contented home owners.—Amarillo Tribune.

"The Sheik" Remarkable Picture

One of the most remarkable pictures of the current season is "The Sheik" a Paramount picture produced by George Melford, which comes to the Tent Theatre next Wednesday and Thursday. CONTRACT MORGAN CREEK BRIDGE AWARDED MONDAY

Commissioners' Court awarded contract Monday to the Brown-Abbott Construction Company of Lorraine for a new steel bridge, one hundred feet in length across Morgan Creek on the Dorn road, a few miles southwest from Colorado. The structure will replace the old bridge washed out several months ago.

Construction of the new 110-foot steel bridge across Beals Creek, 20 miles south of Colorado on the Sterling City road was commenced Wednesday. The Brown-Abbott Co. has this contract.

H. H. DuBose, engineer in charge of bridge construction in the county, stated Thursday that the temporary span across Lone Wolf in Colorado was nearing completion and would be finished probably today.

THE PRICE IS THE THING

COMING OUR WAY

With the restoration of home-seeker's rates on the railroads to this section predictions are being made that the Southwest will see the greatest influx of new settlers, this year, that has ever come to the Plains.

While the war and the subsequent depression did not stop immigration entirely, the uncertain conditions deterred many from making changes, although there has never been a time when the towns of the Panhandle and West Texas were not growing and there still exists a great shortage of rent houses all through this section in spite of the fact that thousands of new homes have been built.

Of course this being a new country, nearly everybody who is here

has come from somewhere else and most of our citizens have relatives, friends or acquaintances back in East Texas, South Texas, Oklahoma and Kansas and other states who are potential settlers of West Texas. People whom you know would make good out here and whom anyone would be glad to have as neighbors. Why not make an effort to get these good men, who are, perhaps, somewhat undecided just what is best for them to do, to come to the Great Southwest? Just think what it would mean if each Panhandle family brought in just one other family.

Not only have we the greatest country in the world but its wonderful opportunities are within the reach of any honest and industrious person. Thousands of acres of idle land are waiting the plowshare and

will reward richly the man who will make use of their hidden fertility. The land is cheap, not because it will not produce crops, but because the country is not settled up. In the early days of New York, of Illinois of Minnesota, the land was just as cheap as the Plains land is today but the purchaser of a farm in those states now has to pay from two hundred and fifty to six hundred dollars per acre. The difference between \$20 an acre and \$600 an acre is the difference between one farmer on six sections and a farmer on each quarter section.

During August and September, between harvesting and corn husking, farmers in the north and east will have time to look around for opportunities to better themselves. That will be an opportune time for Panhandle folks to put in a good word for this section. We all want the right kind of settlers—men who believe in good roads and good schools and good live stock and good farming methods—and everyone of us know at least one such family back in the old home. Write to them. Or if you are afraid that they will think you are biased, send them the Plainsman. Right now the reports for the wheat harvest are coming in. This has not been a favorable year for wheat but we don't want prospective settlers to come here by reason of misleading or false propaganda. The truth about this country needs no adulteration to attract right thinking men who really want a home and that is the sort we want.

We have the climate, we have the soil and we have a start in the right direction in the matter of good roads and good schools. Now let's get the people. Send the names of three of your farmer friends and a check for one dollar and we will send them each fifty-two doses of the best Plains dope extant!

If each member of "Our Family" would do that, it would not be long until all the country folks as well as all the town folks, would have "near neighbors." —The Southwest Plainsman. Amarillo.

CANDIDATES HOLD RALLY AT COLORADO FRIDAY P. M.

The political rally at Union Tabernacle Friday night, at which the various county and precinct candidates addressed the voters in behalf of their candidacies, was one of the largest political gatherings in Colorado for several years. It is estimated that fifteen hundred citizens attended the meeting. The meeting was presided over by J. A. Buchanan, Democratic county chairman. Concert music was furnished by the Colorado Booster Band, under direction of Sam Goldman.

There was no issue between any of the candidates except for county judge, and even in that case, the question discussed apparently was not considered seriously either way by the voters. This discussion grew out of reports that Judge Hall had been petitioned by some of the voters to offer his candidacy for reelection.

Speaking of the new church at El Reno, the Democrat of that city says:

From time immemorial, religion has stood for the highest conceptions and ideals of mankind. It is therefore natural that art, which ever seeks to give form and expression to the highest human conception, should reach some of its loftiest attainments in the shrine, the temple, the church, and is the best that man can do in giving to religion a local habitation and a name.

It is also natural to suppose that a subject dealing with infinity and eternity, would require for its art expression, vastness of space, loftiness of design, grandeur of dimension, and it is from these three ideals that the architect has secured his inspiration for the church building pictured above for the First Baptist Church, El Reno, Okla.

This Basilica style of plan, and northern Italian design fulfills all of the ideals above mentioned, and affords the three characteristics that a church, large or small, must always have, permanence, truth and beauty. This is also a very economical plan. The walls are of tapestry, mingled shades, red brick. The trimmings are of stone and marble, and the roof will be red tile. The interior will be barrel-vaulted, supported by side aisle columns. There will be

16 class rooms in the Sunday school; a dining room, kitchen, and a chapel. The main auditorium will seat about seven hundred. This floor will have a pastor's study, choir room, and baptistry. W. H. Schumacher of Oklahoma City is the architect.

The probable cost of the church has been estimated at \$45,000. Space will be included in it for a pipe organ which will be placed later. The building committee expects to begin a campaign within a few weeks with a view of completing the structure this year. Rev. Holmes Nichols is pastor of the church. Lots for the building are located at the corner of Bickford avenue and London street.

COLORADO PARTY REPORTS FISHING GOOD IN MEXICO

That the fishing is good in Old Mexico is good is reported by a party made up of Colorado citizens who returned last week from a trip carrying them sixty miles south of the International border at Del Rio. Those composing the party were Sam and Ed Majors, E. H. Hurd, Grady and Frank Newman of Colorado and J. P. Majors of Sweetwater.

They spent several days in camp on a lake in Mexico and state that some big catches were made. Especially were bass found to be plentiful.

In addition to catching all the fish he desired, Sam Majors claims to have caught a large Mexican hound, but the animal was never landed and escaped, carrying Major's fishing tackle with him.

The Same Everywhere.

COLORADOIANS TOURING IN NEW MEXICO MOUNTAINS

A letter to the Record from the Las Vegas-San Miguel County, (N. M.) Chamber of Commerce at East Las Vegas, N. M. says:

"Mr. James Riordan and party including Mrs. Riordan, Nellie Riordan and Miss Mildred Coleman arrived in Las Vegas, New Mexico, today. They were very much pleased with the high altitude and cool weather.

"Mr. Riordan stated that he found a much larger city than he had anticipated. Mr. Riordan and his party left Las Vegas for El Porvenir, famous winter and summer resort located at the terminus of the wonderful Scenic Highway, eighteen miles from Las Vegas. Mr. Riordan stated that he is a law-abiding citizen and would try to resist the temptation of exceeding the daily limit on his trout and bass catches."

The letter is signed by W. B. Estes, secretary-manager of the above mentioned chamber and is dated July 20th.

The Record force received a long letter this week from Bro. Holmes Nichols, El Reno, Okla., and while it is somewhat personal we take the liberty to publish it in part because Bro. Nichols was formerly pastor here and was so well known and loved by all. The letter reads in part:

Not necessary for me to tell you that we were truly glad to hear from you, and to learn that "cultured Colorado" is on a boom and that the Whipkeys are in the swim.

I thought of your beginning in Colorado with that small outfit, and the strong opposition you had to overcome, and the hard, nerve-racking, faithful work that the Whipkeys have done during the years that followed and then I said: "Fred and Aunt Rose, Abe and Aunt Nannie deserve everything that is coming to them."

And now looking back over the years of our acquaintance, I am constrained to thump it down: "It pays to practice religion, and to stand erect as a Mason." Now listen. This old "pasture" rejoices in all the good things that are coming your way. I rejoice, too, to see that Walter has made good and I know it is a pleasure to you and your good wife to have him associated with you in business.

You write hopefully about Colorado, but I can not so write about El Reno. Out of 21 bank failures, state banks, in Oklahoma, we had the worst of all in our city. Hundreds of wage earners lost their all, the county and city were both caught napping, and lost hundreds of dollars, and worst of all, it caught the public schools for \$240,000, and all we have to show for it is a big hole in the ground. We had just voted bonds for the new building, and it all went into worthless oil stock, the deal being made by the bank just before the failure. A friend of mine, not a member of the church, sent me a check for \$385.00 with this statement: "Use this at your own discretion." Now I have a checking account and a savings account in the Citizens National, and I did not want to place this gift found with my own account hence I placed in the savings department of the Commercial Bank, which failed, and that savings bank proved to be like a safety razor which bleeds you when you shave! Am rejoicing that I did not have my all in that bank.

I went to Geary for commencement sermon not long since, and thought of you and Aunt Rose, and your struggles in the ranch business there. Speaking of commencement sermons leads me to say a word about myself: I have all the honors as a preacher that I could desire, and more perhaps than I deserve. Am president Minister's Alliance, chaplain Lions Club, honorary member of the golf club, member of the Carnegie Library board, member hospital board, Oklahoma City, and a member of the State board of the Anti-Saloon League. Recently I preached the baccalaureate sermon for our Baptist University and am booked for the annual sermon of our State Convention. Now how is that for the old "pasture" that handed spiritual provender to the Whipkeys at West in the long ago? Thinking of such honors, I look back and see a drunken, dissipated, debauched prodigal at West in the person of Holmes Nichols, and then I thank God that that old fellow is dead, and that for these many years there have been a living Holmes Nichols whose life is hidden with Christ in God, who has never needed for the necessities of life, whose children are walking this Holy highway of life. "Nuff sed."

Have recently closed our annual meeting. We had fifty-four additions thirty-nine being by baptism. Am still preaching in the Theatre as we

have not yet started our house, and things look blue indeed on account of the bank failure followed by the strike, which put 350 men in El Reno out of business. We have our new lots paid for, and have adopted and paid for plans and specifications and have a fund on hand as a neucleus to begin with.

In addition to all our financial failures, the wheat crop is very short and prices low and this as you know, is our leading farm product. Alfalfa and corn are good, and this will help us tide over.

Ruth and husband and boy have been with us during their vacation. It was a pleasure to have Ruth play for us during the meeting. We think of making a trip overland to Texas during August. It is our purpose to go to the mountains west of San Antonio, but it all depends on Marshall's vacation. He will spend his vacation here and at Mangum with his wife's people, and we want to be here at that time.

Well, I had no idea of writing such a long letter, but when I think of the old days, good old days, the happy days gone, it is indeed hard for me to ring off.

Let me ask that you remember us kindly to our Colorado friends and give our best regards to the tribe of Abraham, and to Aunt Rose and Walter and wife.

Sincerely
HOLMES NICHOLS

THANKING THE VOTERS.

I wish to express through the press my sincere appreciation for the loyal support given me by my friends during the campaign closing Saturday. I did not lead the ticket for sheriff and tax collector, but I have nothing except the most friendly feeling for every citizen of Mitchell County.

Cows on Pasture Need Grain

Large extra summer profits may easily be obtained from cows on pasture. Two pounds of PURINA COW CHOW FEED on pasture will increase the flow of a good producer at least 6 pounds of milk per day, usually more.

At \$2.00 per cwt. the extra milk will bring 12 cents per cow at an extra feed cost of only 7 cents per cow. This means 5 cents extra profit per cow per day or \$1.50 a month. On a herd of 20 cows it would mean an extra profit of \$30.00 per month. These figures are conservative. Make a test. Order PURINA COW CHOW FEED today and start tomorrow.

The Simple Little Secret

The Chiropractic secret of good bodily health is very simple—so simple it may surprise you.

First of all, the science of Chiropractic assumes that the Creator knew His business. Similarly, man's internal machinery should not need drugs to make it run properly.

Granted that the Creator knew His business, we must concede that the body of man is a finished product—a complete machine. Then why doesn't it run properly? Why isn't every one healthy.

Suppose you have an auto. You run it over rough, bumpy roads. You race the engine. You neglect to oil the bearings. You let the valves get choked up. You put low grade gasoline in the tank. In short, you pay no attention to the car, thinking it will run indefinitely, no matter how you abuse it. And one day the car refuses to run. Why?

Now, when the auto gets stalled, do you pour sassafras tea in the tank, put a seidlitz powder in the radiator and bathe the carburetor with oil of cinnamon?

You do not. You go to an expert mechanic. The car is all there, but the parts need adjusting. That's the mechanic's job.

The Chiropractic Masseur is the expert mechanic of the bodily machine.

He does not employ drugs. He simply adjusts the human machine and then lets it alone. Result—health.

Now that you know the secret, you will want to come right away and have us adjust YOUR body to normal. You're not sick? Fine. But you want to STAY well, don't you? Write us, today, when we may have the pleasure of serving you.

BIG-SIX SPEEDSTER

THE new Studebaker Four-Passenger Speedster is mounted on the Big-Six chassis with the same dependable 60 horse-power motor that made enthusiasts of thousands of owners during the most critical buying period in history.

Every item of its complete equipment and finished detail suggests ultra style and riding comfort.

The front seat is tilted at the correct angle for comfortable riding. An upholstered armrest divides the tonneau into

two individual seats which provide the comfort of an overstuffed armchair.

The touring trunk at the rear, with tray and suitcase compartments, is easy of access, because the two spare disc wheels are mounted on each front fender.

These disc wheels, complete with cord tires and tubes, are furnished without extra cost.

This latest Studebaker creation reflects Studebaker's seventy-year-old reputation for building fine vehicles.

In addition there is a handsome set of nickel-plated bumpers front and rear, a courtesy light on the driver's side, a built-in, thief-proof transmission lock which is operated by the same key that locks the ignition switch and tool compartment in the left front door. Ask for the Studebaker "Yardstick," a measure of the greater value that Studebaker offers

GOD DEMANDS THE TITHE M. E. EVANGELIST SAYS

Rev. O. F. Zimmerman of Naples, better known as "Zim," the tithing evangelist, began a series of sermons Sunday morning at 11 o'clock at the First Methodist church. The services are being held twice during the week, at 10 a. m. and at 8:30 p. m.

Rev. Mr. Zimmerman, in the series of sermons he is delivering, is appealing to the Christian people of this city to pay up their debts to God, as commanded under the law and by statements of Christ that the tithe should be paid. Under these teachings, it is declared that no man contributes anything to the church until he has paid into the treasury the tithe of one tenth which belongs to God.

Preaching from the text: "Why tarriest thou," Sunday evening, Rev. Mr. Zimmerman said:

"In the language of Texas, this text would read, 'What are you waiting for?' God, through Malachi and others of the prophets has demanded of you the tithe, and you are not waiting for the endorsement of God before you commence to serve Him with your means. Christ has spoken of his endorsement of the tithe and you cannot be waiting for lack of information from the Master as to whether or not you should tithe.

"The bishops of the Methodist church and all the Methodist preachers I know anything about have endorsed the teaching of the Bible that men ought to tithe; therefore, you are not waiting for your church to endorse tithing. If you go to the Baptist church, you will find tithing endorsed there, since George Truitt of Dallas, one of the greatest preachers of the Southwest, Dr. S. P. Brooks of Baylor University, another great man of the Baptist church, and others of that church, are calling upon the people of that great church to worship God as directed by the Bible with the material things God has placed in their charge.

"You cannot avoid the call to tithe by going to the Presbyterians, as they endorse the teaching of the Bible on this matter. If you go to the Christian church, you will find them endorsing the word of God as to the command not to rob God. If you go to the Nazarene church, you will find the tithe demanded there. If you go to the Catholic church, they will take it, so what are you waiting on?"

The evangelist outlines in his sermons that tithing is not only a distinct command from God, but that no person can figure his ten per cent and then claim to have contributed anything whatsoever to the church or to God. That part of our income is God's property and must be so respected. After the tithe has been paid, the beginning of contribution may be designated.

In preaching from the parable of the rich man Wednesday night, the evangelist stated, "It takes fifty of you Methodists one entire day to raise twenty-five cents for foreign missions. That is the reason those Chinamen are such gamblers. They have been betting for the last one hundred years on how much longer it would be before the Methodists sent another missionary to China."

The song services are being directed by Thos. Dawes. During the first of the week the morning services were held at six o'clock, but a change was made to ten o'clock after Tuesday.

BARBECUE CELEBRATION SPUDDING BADGETT WELL

People of the Fairview community celebrated the spudding of Badgett No. 1 Monday with a picnic and barbecue near the location on the W. H. Badgett farm, 15 miles northwest from Colorado. Tables were placed in a hackberry grove near the well and in addition to barbecue, basket dinners prepared by the housewives of that community were spread. Several Colorado people attended the celebration.

The Badgett well is seven miles northeast from the Morrison No. 2 and Texas & Pacific wells of the Underwriters Company and five miles south of east from the Coleman well near Cuthbert. It is on a direct line extending from the Foster wells at Iatan northeast between the Morrison No. 2 and Murphy No. 1, recently drilled through the top pay by Henry Riley at 2560 feet.

AMERICAN LEGION POST GIVEN FAIR CONCESSIONS

Entire concession privileges on the fair grounds during the Mitchell County Fair at Colorado September 22-23, were awarded Saturday to the American Legion post by directors of the fair association convened at the Chamber of Commerce. The bid submitted by the former service men was the best received, R. H. Ratliff, secretary of the association, stated Tuesday.

Ratliff stated that a meeting of the American Legion had been called to convene Thursday night of this week by Post Commander Thos. R. Smith, at which time it was expected to work out plans for handling the concessions. It is generally conceded that the post will not subcontract any concession privileges, but reserve them all and work to the end of raising as much money as possible to be applied to a fund being raised to build a hut at Colorado.

A tentative contract for rodeo events during the fair has been made, Ratliff stated. Plans for exhibiting cattle, horses, hogs, poultry and agricultural products are being made. Ratliff stated that the premium list was now being compiled and would be ready for distribution within the next few days.

We will allow a 10 per cent discount on all our Refrigerators, Tuesday, August 1st., one day only. Colorado Mercantile Co.

Sam Majors states that if any of the subscribers of The Record in Old Mexico find a dowagiac, he would be pleased to have them communicate with him. While fishing sixty miles below the border last week, Majors states that he caught a Mexican hound with his dowagiac and when last seen, it was speeding rapidly across a pasture toward a distant adobe hut, swinging wildly from one of the dog's hind legs. Majors regards the lost fishing tackle equipment very highly and would appreciate any information leading to its recovery.
