RANGER POLICE FORCE OUSTED AFTER ATTACK

RANGER, Aug. 23.—There have been rapid and startling developments here within the past twenty-four hours in regard to the local police officers and law enforcement. A mass meeting was held Sunday afternoon at which hundreds of citizens were present and resolutions were passed requesting the city commission to suspend the entire police force of the city. A special meeting of the city commission was held last night at 12 o'clock midnight and the police force was suspended from office and citizens were appointed as special officers to take their places. This action was taken following the attack on Pearl Long Saturday night by Leon Wilson, Wilson being the owner of one of the places raided recently by the citizens committee and Long a member of the raiding party. Long is alleged to have been struck down from behind by Wilson who had a small club of some kind in his hand, and was knocked unconscious. There was an ugly gash across his head but later examination showed that the skull was not fractured as was at first thought. It became known last week that a plot had been laid to kill Major H. S. Cole, police commissioner.

It is reported that there had been an offer of \$500 made to a man if he would get the commissioner and according to the information obtained the full details as to how the crime was to be committed had been laid.

The man who was to do the work was to hide in the Commercial hotel just across from the Lamb theatre and assassinate Cole as he left the theatre late at night. It was alleged that the man offering to pay the \$500 was a Ranger bootlegger.

This plot, as given out in the citizens meeting Sunday evening, is why the citizens asked that drastic action be taken. There was a petition signed by between 600 and 700 citizens asking that the police force be suspended. Since the police were suspended at 12 midnight the special officers have been working in relays. Sheriff Nolley of Eastland came in this morning and stated that he had issued commissions to a number of men as deputy sheriffs but that these commissions had not yet been delivered.

WEST TEXANS MANIFEST INTEREST IN DALLAS FAIR

The West Texas Chamber of Commerce is exerting a strong effort to induce many of the counties of West Texas to place their fair exhibits in the fair at Dallas this fall. Porter A. Whaley, manager of the chamber, stated this week, according to information received from Stamford, that already some of these counties had pledged to make these exhibits.

B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, will visit Colorado within the near future to take up with the Mitchell County Fair Association the question of sending an exhibit to both the State Fair at Dallas and the Waco Cotton Palace. Whitaker will probably be here for the fair September 22-23.

Several West Texas counties cooperated in an all West Texas exhibit, shown at those two exhibitions last fall as well as at the Southwest Exposition at Houston. At Waco and Houston, the West Texas exhibit was awarded first prize, while second prize was carried off at Dallas.

That Mitchell County is to have a part in the exhibits, and also have an exhibit at the West Texas Fair at Abilene, is suggested by R. H. Ratliff, secretary of the local county association. W. A. Dulin, county farm agent, and Miss Laceywell, home demonstrator, are working with the secretary in completing plans for these exhibits.

TO THE CITIZENSHIP OF MITCHELL COUNTY

I take this method of thanking the voters of this county for their liberal support in both the recent primaries in which I received the Democratic nomination for the office of sheriff and tax collector of Mitchell County. I certainly appreciate the work done in my behalf by my friends and hold no ill will toward those who voted against me. If elected at the general election in November, I shall be pleased to have the assistance and cooperation of all to enable me to make you an efficient officer in the enforcement of the law.

Very respectfully yours,
IRWIN W. TERRY.

VALVE-IN-HEAD Buick

The Standard of Comparison

Just Right for Two!

The 1923 Four Cylinder Roadster

Smart, sturdy—you won't find another two-passenger four cylinder roadster that compares with this new Buick in quality or in price.

Inspect it from any angle—snug, beautifully tailored top; low body lines; heavy one-piece crown fenders; lots of room for two people and two compartments for their luggage. A big steering wheel that comes up to you, a shifting lever that operates without bending forward, a transmission lock and improvements which give 1923 Buicks a Class "A" insurance rating.

And, below the surface, the famous Buick Valve-in-Head motor and chassis with refinements throughout which set a new standard of quality and performance in automobiles.

These are just a few of the many distinctive features that make this new roadster a car without an equal in its class.

The Buick line for 1923 comprises fourteen models:
Four—6 Pass. Roadster, \$2065; 6 Pass. Touring, \$2200;
5 Pass. Coupe, \$1175; 6 Pass. Sedan, \$1350; 6 Pass. Touring Sedan, \$1225; Six—6 Pass. Roadster, \$1175;
6 Pass. Touring, \$1125; 6 Pass. Touring Sedan, \$1250;
6 Pass. Sedan, \$1205; 6 Pass. Coupe, \$1205; 7 Pass. Touring, \$1450; 8 Pass. Sedan, \$2100; Sport Roadster, \$1625; Sport Touring, \$1675. Prices f. o. b. Plant. Ask about the G. M. A. O. Purchase Plan, which provides for Deferred Payments.

A Triumph for Value

In the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile,

are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

LeSure No. 1 has hit the pay sand around 3000 feet and is showing up for good producer.

We were not able to learn what the estimate will be on this well as the drill had only penetrated pay sand about 3 feet.

Stewart No. 1 is shut down on account of water shortage but we are told that they have made other arrangements and will soon resume drilling at 2680 feet. We have high hopes of this well being a good one.

Mr. Riley states that he has succeeded in getting tools out of the Murphy No. 1 and will soon be busy again on this well.

T. & P. No. 2 has a real good showing of oil now and it is a foregone

conclusion that this will make a real good well in the next few days.

Smith No. 1 is still shut down for unknown reasons however we hope they will soon be going again.

The Jones well being drilled by Maxwell & Johnson north and west of Westbrook is drilling steadily around 1100 feet.

Phelan No. 1 is shut down on account of a broken bull wheel but will soon be drilling again.

The Magnolia Co. well south of Iatan is drilling steadily and making good headway.

Word was received from Burton Hines, who left here several days ago for Minnesota, to be treated by the Mayo Brothers, that he would return in a few days and would be

treated by Dr. C. L. Root under instructions of Mayo Bros.

Mr. and Mrs. Geo. Mc Masters of Brownwood and Mrs. Harrison of Sweetwater were guests of Miss Margaret Lasseter Sunday.

Mr. and Mrs. Ed Hayslip entertained with a dance Friday night after the dance refreshments were served.

Mrs. Van Boston has her mother and father, Mr. and Mrs. M. G. Wildman for the week-end. Mrs. Boston accompanied them home at Ranger Tuesday.

Sunday night about twelve or one o'clock Emmett McCallum's car was stolen from his front gate. Mrs. McCallum was awoken by the starting of the car when she reached the door she saw them driving off. She woke Mr. McCallum who got some one to phone to the officers of the neighborhood towns, while he and Deputy Sheriff Dale followed them in a car. They went as far as Midland, as yet they have heard nothing definite from it.

J. W. Bird made a business trip to Abilene Wednesday.

Miss Elan McDonald accompanied by her aunt, Miss Willie Perkins returned from Huntsville, Friday, where they have been attending the summer normal.

Key Hooks of Buford arrived Monday to buy cotton during the season here.

Miss Iola May returned home Wednesday from El Paso, where she accompanied her brother, Guy, to the sanitarium.

Miss Esta Shaw returned to her home at Hedley, Tuesday after spending several weeks with her sisters, Mesdames Tom Hastings and Burton Hines.

Miss Thelma Hudson returned home Sunday from Canyon where she attended the summer school.

Mr. and Mrs. A. L. Young accompanied by Miss Margaret Lasseter and T. E. Hodges motored over to Colorado Sunday night.

The contest between the Reds and the Blues at the Methodist Sunday school was in favor of the reds and they were royally entertained by the blues at the school house Saturday night. All kinds of out door games were indulged in until a late hour, then a midnight lunch was spread about 45 being present and all expressed themselves as having a nice time.

H. L. May has the honor of having the first bale of cotton ginned here this season, which sold for 20 1/2 c. A premium of \$13.00 was presented to him. Up to Wednesday 12 bales had been ginned here.

B. Y. P. U. CONCLUDED TWO DAYS SESSION MONDAY

Delegates from Colorado attended the district B. Y. P. U. meeting held at Sweetwater Sunday and Monday. Two of the principal addresses delivered before the convention were by Rev. M. C. Bishop, pastor of the First Baptist church of Colorado, and J. H. Greene, superintendent of the Sunday school here.

The address of Rev. Mr. Bishop was delivered Monday afternoon at 2:00 o'clock, from the subject, "The Teaching Commission of Christ as Related to Our Organized Co-Operative Sunday School Efforts." Speaking from the subject, "How We May Make the Associational Sunday School Convention a Success," Mr. Greene addressed the convention Monday afternoon at 2:30 o'clock.

PRIZMA PROCESS IS EMPLOYED IN "THE GILDED LILY"

For the first time in the history of Paramount picture-making in the East, scenes made by the Prizma process in natural colors have been incorporated into a Paramount feature picture. This was for "The Gilded Lily," featuring Mae Murray, which will be shown at the Tent Theatre for two days, beginning Wednesday, Sept. 6th.

"The Gilded Lily," is an original story by Clara Beranger, and was written especially for Miss Murray. It tells the story of a dancer in a New York club, and gives Miss Murray unusual opportunities to display her histrionic ability and her skill as a dancer. In a monster cabaret set of rare beauty Miss Murray executed two difficult dances; one a variation of the Spanish variety, the other a bubble dance.

LESURE WELL IN SAND WITH EXCELLENT SHOWING

(Continued from page 1)

The Smith well is to be drilled to contract depth as soon as the additional tools can be shipped in. This well has been idle for several weeks and the local people are very anxious to see this well completed for it is located only a few miles west of the Capital of Mitchell County.

The Petroleum Operators well on section 36, Block 29, will be spudded in within the next few weeks.

Several new locations have been made and will be reported as soon as details have been completed.

The Lockhart Bros., Chal. Daniels, S. A. Sloan and others who are interested heavily in the development here are very busy men at this time, and are all working hard for a successful campaign of drilling which they have inaugurated in this field.

Probably no single operator has done more for the development of Mitchell County than Mr. Sloan and with his indomitable courage and strict business acumen he has been and is now responsible for the largest business already accomplished in this field.

Mitchell County operators are accustomed to delayed shipments of materials and other deterrent influences which go to make the path of the operator anything but a tarvia straightway but even now, with many drawbacks, every operator and every company in the field is going ahead with their original plans.

The most elaborate fixtures ever set up in any field are on the ground where the California Company will drill its first well—a few miles southwest of Colorado. This company is prepared to make a complete test of their entire holdings in this field, and their development work should occupy the next five years, and if they get production in the early days of their development, it is expected that they will become one of the largest local business concerns with prospects of their expansion unlimited.

Generally the progress of development in this field is growing more important almost daily and the situation as to actual drilling is very satisfactory in every way.

O. LAMBETH PLANS ICE AND COLD STORAGE PLANT

O. Lambeth stated Monday that he had planned for several months to install an ice plant in connection with his gin at Colorado, and has the storage vault, railroad switch and power available for handling the business of the proposed plant, which would be of about thirty tons capacity.

Lambeth assigned the delay in installing the proposed plant to two reasons. One of these is in the fact that he has a contract with an out-of-town factory to furnish ice to Colorado, this contract to expire in 1923. The other reason was assigned to the belief that the city would impound a lake from which soft water would be available. Because of the high mineral content of the well water supplied here at present, it would be impossible to manufacture ice from it without first distilling the water.

COUNTY COURT CONVENES MONDAY; DOCKETS HEAVY

The September term of County Court will convene Monday with one of the heaviest dockets in several months, Judge J. C. Hall stated Wednesday. Hall stated that much of the business pending was on the probate docket, while both the criminal and civil dockets were crowded.

The jury panel will be summoned to appear Tuesday morning, Hall stated, as it is planned to complete preliminaries Monday and set trial dates for a number of the cases to be heard.

FARM BUREAU DISTRICT MANAGER WILL SPEAK

R. E. Overstreet of Lubbock, district manager for the Texas Farm Bureau federation, will deliver addresses at four mass meetings to be held in Mitchell County next week. E. M. Baldwin, secretary of the Mitchell County bureau, stated Monday that the district manager would discuss the federation from a number of interesting angles as affecting the public.

The mass meeting, as announced by Baldwin, are to be held as follows:

Westbrook, September 7, at 10:00 a. m.; Colorado, September 7, at 2:00 p. m.; Buford, September 7, at 8 p. m.; Lorraine, September 8, at 2:30 p. m.

CHRISTIAN ENDEAVORS

ENJOY HAY RIDE

Members of the Senior C. E. Society with a few guests went for an old time Hay Ride last Tuesday night—that is, as old time as modern times could make it. A Ford truck strewn with hay and covered with a tarpaulin made a very good substitute for the old mode of conveyance. After everyone had sung and yelled himself hoarse, refreshments which consisted of sandwiches and soda pop were enjoyed. Next Sunday is consecration day with the Endeavors

and every member should make an especial effort to be present. Miss Mary Broadhus will be leader. The subject will be: "Better Living"—Acts. 20:31-35.

DEMOCRATS ASK A. & M. COLLEGE FOR WEST TEXAS

The following resolution was adopted by the district convention, for the One Hundred and Seventeenth Representative District, which met at the Nolan County court house in Sweetwater Saturday afternoon:

"Whereas, the needs for an Agricultural and Mechanical College of the first class is sorely felt by the people of West Texas, and there is no reason in justice and equity why the people of the west domain of that section of the State should be further denied this right by the Legislature.

"Therefore, Be it resolved, that we, the delegates to the Democratic convention of the One Hundred and Seventeenth Representative District (assembled) at Sweetwater, Texas, August 26, 1922, do demand that such a college be established and located at some practicable point in West Texas."

The resolution, which was the same adopted by the county convention for Mitchell County, held at Colorado July 29, was passed unanimously. Mitchell County delegates attending the convention at Sweetwater were R. H. Ratliff and W. S. Cooper. Mr. Ratliff was elected district chairman for the ensuing two years.

FORD CAR STOLEN FROM WESTBROOK SUNDAY NIGHT

A new Ford touring car was stolen from in front of the residence of Emmett McCallum of Westbrook at 2 o'clock Monday night and up to Wednesday afternoon the machine had not been recovered, although Mr. McCallum and R. C. Dale, deputy sheriff at Westbrook, trailed the thieves as far west as Stanton.

Mrs. McCallum was awakened Monday morning at 2 o'clock by a noise near the home and looking out the window detected men rolling their car from the house. Just as she saw them they started the engine and left toward the west. She immediately called her husband, who called Dale and the two men were in pursuit within a few minutes. McCallum was in Colorado Wednesday afternoon and stated that had it not been for the fact that Dale's car ran out of gasoline, the thieves would no doubt have been captured.

The car was trailed to Stanton and from there it is supposed to have turned south. It is known, from information obtained along the road to Stanton, that the car was stolen by transients who were noticed at a Westbrook restaurant late Sunday night.

Sheriff Chesney is offering a reward of fifty dollars for return of the car. It is a 1922 model, highway number 681519, seal number 412966 and motor number 6110984. The plug on crank case is broken off and cork is used instead.

Studebaker
Now
Special-Six Touring
\$1275

SAVINGS resulting from capacity manufacture are now offered to the buyer of the Studebaker Special-Six. The new price of \$1275 is \$200 under its former price.

Studebaker reductions became effective August 1st after Studebaker had completed the biggest seven months in its 70 years' history. And at a time when Studebaker had 15,000 unfilled orders on hand! It is a Studebaker policy of long standing to share manufacturing savings with the customer.

The performance, durability, comfort and quality of the Special-Six are recognized everywhere. And here's new proof of its endurance: Studebaker's sales of repair parts, covering accidents as well as service, for the first seven months of 1922 were less than they were for the first seven months of 1919, in spite of the fact that 186,000 new cars were sold and put into operation since January 1, 1920.

The Special-Six at \$1275 represents a new standard of value—the greatest value Studebaker has ever offered, and that means a value that is positively unapproached anywhere in the industry.

A. & M. POULTRY EXPERT VISITS MITCHELL COUNTY

Miss Myrtle Murry, poultry specialist of A. & M. College, spent Friday and Saturday in Mitchell County attending group and mass meetings to discuss the various phases of the poultry industry as affecting the farmer and business man. She delivered addresses at Buford Friday morning, at Looney Friday afternoon, Colorado Friday evening and at Loraine Saturday afternoon.

The visit of the specialist to Mitchell County was arranged by Miss Georgia Lacewell, home demonstrator, and W. A. Dulin, county farm agent. Miss Lacewell and Mr. Dulin accompanied the specialist on her visit to those communities and they, too, delivered addresses. Miss Lacewell spoke of her work as outlined for organizing clubs among the women and girls of the several communities of the county.

Friday evening Miss Murry met with local bankers and business men at the Chamber of Commerce to discuss with them the commercial advantages of cooperating with farmers and other interested citizens in establishing the poultry business in this county. Statistics compiled by the Federal department of agriculture were read by the specialist, showing that in Texas, the commercial value of poultry and poultry products in Texas at \$42,000,000 in 1921, exceeding its nearest rival, the dairy industry, by several million dollars.

She urged that only standard breeds of poultry be raised. This would prove advantageous from two angles, she explained. In the first place, standard strains will develop into better egg producers and none but pure breeds can ever be developed into show birds. The second reason was assigned to the fact that those sections of America where the poultry industry is assuming importance in the commercial world, poultrymen have learned that the product from a standardized breed commands a better price than the product from mixed breeds, because of uniformity in color and size of both the eggs and chicks.

Miss Lacewell is completing preliminary arrangements for organization of several poultry clubs in the rural communities of the county. These will be urged to purchase day old chicks, rather than eggs for setting, from which to build their flocks. In all instances where the same can be done, only one strain of poultry will be raised.

In speaking of the commercial value of poultry to the farmer, Miss Lacewell stated, while delivering an address at Westbrook Thursday night, that there were numerous instances which had come under her observation wherein poultry had proven the most valuable crop on the farm.

"The wife of Judge Shipman, in Hamilton County, has a flock of two hundred white leghorns on the Shipman farm, near Hico," she said. "Last year Mrs. Shipman met all expenses of the family for groceries and clothing and paid a note of \$1,100 maturing against the farm,

WOMAN IS NEW POSTMASTER AT SAN ANGELO, REPORTED

SAN ANGELO, Aug. 30.—Mrs. Sadie Boulware of this city has been appointed acting postmaster of San Angelo to fill the remainder of the term of the late Penrose Nevins Ions expiring Sept. 5. Recommendation of Mrs. Boulware's appointment for a full term was to have gone to the Senate Friday, Congressman Claude R. Hudspeth of the Sixteenth District telegraphed he had been advised by the First Assistant Postmaster General.

Mrs. Boulware's father, J. L. Millspaugh, pioneer West Texan and Republican leader, was postmaster of old Fort Concho here in 1879-80. He owned the first ice factory here

and started the first waterworks. He died in California in 1909. A residence addition is named after him.

The indorsement of the local Republican organization was given Mrs. Boulware in her bid for the postmastership. She is county woman's chairman of the G. O. P. and also senatorial executive committee-woman.

Miss Bounds Gives Piano Numbers Over Radio

Radio fans who tuned in on WPA Thursday night were entertained by one of the most promising of Fort Worth's youthful musicians when Miss Jane Bounds played a number of piano selections from The Record broadcasting station. In the midst of the concert many requests were received over the telephone to announce the result of the Abadaba handicap and the success of Barney Google's horse, "Spark Plug." Barney and "Spark Plug" are features of the Record's daily cartoon page. Miss Bounds afforded radio fans a pleasant evening with her offerings on the piano, and numerous telephone acknowledgements of receipt of the concert reached The Record following the program.

"Duce de Harlequine," a Hale composition, was acclaimed by local musicians who heard the concert by radio as being the feature number of the program. Although Miss Bounds gave no demonstration of her vocal ability, she is considered one of the best singers in the city.

Other numbers on Miss Bounds' program were: "Wedding Day at Troldhaugen," by Greig; "Romance" by Jean Sibelius; "Rio Nights," by Waltz; "Swanee River Moon," and "On the Gin, Gin, Ginny Shore,"—Fort Worth Record.

Miss Bounds is a sister of Mrs. Jack Smith of Colorado and has many friends here.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund, well fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

The B. Y. P. U. and Sunday school Association at Sweetwater Sunday and Monday was well attended by Colorado folks. Among those who went were Rev. and Mrs. M. C. Bishop, Mrs. Robert Terrell, Mrs. E. Keathley, Mrs. Albert Wilson, J. H. Greene, Claud, Clyde and Earl Cook, Newbren Morgan, Chester Thomas, Sterling Keathley, Luther Terry, Misses Coral Bishop, Mary Terrell, Anna Dean and Susan Smith Helen Wright, Tella and Juanita Cook, Hattie Conway and Daisy Adams. Mr. Greene was elected president of the Sunday school association. They all report a pleasant and profitable time and enjoyed the hospitality of the Sweetwater people very much. On Sunday the guests were entertained in the homes and on Monday luncheon was served at the church. Our own pastor and superintendent made speeches, to put it modestly, that were well received.

MITCHELL VOTERS THANKED BY DEFEATED CANDIDATE

I appreciate very much the support given me in both the July and run-off primary elections by the citizenship of Mitchell County for the Democratic nomination as sheriff and tax collector. My opponent defeated me through a clean campaign and I commend him upon his success. I have nothing but the kindest feeling for those who could not support me. I would not be a loyal citizen to think otherwise. I ask that those who supported me now lend their cooperation to Mr. Terry, because as an officer he can better administer the duties of his office when sustained by the public. 9-1p

BILL HART'S BEST PICTURE.

The best picture said to have been made by William S. Hart to date, "O'Malley of the Mounted" which will be shown at the Tent Theatre next Friday and Saturday presents him as a member of the Canadian mounted police who while in pursuit of a murderer, falls in love with the sister of his quarry. There are many remarkable scenes in the picture and those who like to see Mr. Hart in one of his big fistic battles will not be disappointed. Eva Novak heads an unusually capable supporting cast.

Long-Proven Value
Breaking Sales Records

The story of the Hupmobile business since the first of the year is an inspiration.

In all the 14 years of our history there has been no such succession of shattered records. Never has the factory been called upon to meet such a tremendous demand for its product.

The inference to be drawn from this fact is perfectly plain. It is the Hupmobile that people want now that buying has settled down to a basis of real dollar-value.

In economy, the Hupmobile stands almost alone. Records carefully kept by business houses which operate fleets of cars show its upkeep and running costs below those of cars whose chief appeal is price.

In performance, it is known everywhere as a remarkable equal of cars which cost a great deal more and are therefore expected to do a great deal more. Its higher re-sale price is further indication of its high investment value.

RECORD ATTENDANCE IS EXPECTED AT CONVENTION

Ships, Pullman cars, tents, and army supply base buildings, private homes and hotels will house the thousands of delegates and visitors expected at the American Legion national convention in New Orleans October 16-20.

A preliminary canvass by the convention hotels and housing committee has demonstrated the fact that New Orleans will be able to house 150,000 guests.

Passenger liners will be docked and former "gobs" and marines will be allotted first cabin accommodations on them. A pullman city of hundreds of cars, to be established in three large railroad yards, will care for 14,000 visitors, the convention committee has announced. The "hotels on wheels" will be provided with all the conveniences of a modern hostelry. Dining car service will be maintained, shower bath will be erected and all equipment will be electrically lighted while parked.

The railroads have established a charge of \$12 for parking in addition to the \$54 for daily pullman car rental. The average cost to the pullman guest will be about \$2 a day.

If the size of the convention crowd warrants it, tents will be erected on the parquets of some of the more centrally located hotels. A model barracks, patterned after those of cantonment days, will be established in the Army Supply Base, a fifteen million dollar structure on the river front. Private homes will be thrown open to the veteran who brings his wife to the convention.

New Orleans hotel men have agreed upon a uniform rate schedule of \$1.50 a day without bath and \$2.50 with bath. Charges in the tent cities and improvised hotels will be from fifty to seventy-five cents a day and the cost in private homes will compare favorably with the hotel rates.

All reservations for rooms during the five days of the convention must be made through the Legion department adjutant of the state from which the visitor comes.

Highway Water Did It.

Mr. and Mrs. W. D. Baker and sons, T. J. and Dock Baker, who have been camping in the park for three weeks, left yesterday for their home near Colorado. They are very appreciative of the kindness shown them by our citizens and say they are coming back in November.

While here Mr. Baker took a course of baths at the Highway Wells, and says that he feels no ache or pain and believes he is relieved of both afflictions and that money could not buy what the mineral water has done for him. He subscribed for the Observer so as to keep in touch with coming events.—Christoval Observer.

Missionary Meeting

The regular monthly meeting of the missionary society of the Methodist church met Monday afternoon at the church in business session. Mrs. E. H. Winn and Mrs. J. W. Sheppard were elected as delegates to the all day meeting to be held at Hamlin September 6th. Good reports come from all departments of the work. The main item for discussion was tithing. This church quite recently began a tithing campaign and now nearly 200 members are tithers. Mrs. Barcroft resigned her office as superintendent of the young people's work. The president Mrs. Winn, will meet with the young people this week and confer with them about another superintendent. Copies of the minutes of a recent district meeting were distributed.

The Ideal Purgative.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.
