

ENTHUSIASTIC RALLY IS HELD BY LOCAL CITIZENS

George Peddy and "the bunch" who are supporting him were flayed by speakers at the Democratic rally Monday night at the district court room.

The rally was called to order by Dr. P. C. Coleman, president of the Colorado Chamber of Commerce.

In referring to George Peddy, fusion candidate for the Senate, the speaker stated "Peddy claims to be a Democrat. It is indeed surprising to me to understand how that any man in Texas, claiming to be a Democrat, would seek to have his name placed on the Republican ticket for the United States Senate."

"I know nothing about the Ku Klux Klan," Dr. Coleman stated, "and I am not here to condemn nor praise them. I know it to be a fact, however, that many of the best men of Texas are members of the Klan."

MAYFIELD AND KU KLUX SCORED BY GEO. PEDDY

That an invisible empire, whose emperor lives in Atlanta, Ga., is seeking to undermine the constitutional rights of the people of Texas and assume charge of the government, was asserted by George E. B. Peddy, fusion candidate for U. S. Senate, who spoke for two hours at the Union Tabernacle Friday night in the interest of his candidacy.

The speaker was introduced by Judge C. H. Earnest, who referred to Peddy as having proved the man of the hour to save the University of Texas a few years ago when the institution was threatened through influences of certain public officials, and who, in this hour of "crisis" had again come out boldly to fight for the preservation of principles.

Peddy arrived in Colorado late Friday afternoon from Sweetwater where he spoke earlier in the day, and was met at the Barcroft by Judge Earnest, E. M. Boren and other admirers of the city. He went from here to Big Spring where he spoke Saturday afternoon.

Discussion of the Ku Klux Klan was the principle issue introduced by the candidate. In the outset he paid a beautiful tribute to Thomas Jefferson and those principles wrote into the declaration of independence by the great statesman.

BIG BUSINESS REPORTED BY MITCHELL MERCHANTS

The business men of Colorado, Loraine and Westbrook, the three principal towns of Mitchell County, report that the year 1922 up to this time has been one of the most successful business years they have ever had.

Especially has business been good with Mitchell County merchants during the fall season. The cotton crop, because of the most favorable weather conditions for gathering, has been moving rapidly since early fall, and a good, stable price has been obtained throughout the season for both the staple and seed.

Another reason for good business is attributed to oil development in the county. According to an estimate made by the Colorado Chamber of Commerce recently, not less than two millions of dollars have been invested in leases, materials and labor in the field.

"This fall has been one of the best in the history of my business career," one of the large merchants, who has been in business here a quarter of a century, stated recently in discussing business conditions.

While in the city recently to attend a banquet of the Booster Club, prominent business men of Loraine stated that conditions there were excellent. Every business in that important cotton market and trading center has enjoyed a thriving patronage throughout, not only the fall season, but the entire year as well.

News of similar conditions at Westbrook was brought to Colorado Wednesday by C. E. Danner, one of the leading merchants of that town. Westbrook, being situated near the oil field, has enjoyed a large trade from workers at the several wells.

The banks of Mitchell County are carrying individual deposits in excess of approximately one million dollars more than shown by the individual ledgers at this time last year. This is one of the best proofs to be obtained that the farmers, cattlemen, along with the business interests of the county, are prospering.

The cotton crop will be all gathered within the next few weeks, should favorable weather continue. It is estimated that from two thousand to three thousand bales remain in the fields yet to be picked.

MITCHELL COUNTY HAS SMALL INDEBTEDNESS

Mitchell County is carrying the smallest bonded indebtedness of any other West Texas county, according to figures submitted at the Booster Club Thursday night.

LORAIN AND COLORADO CITIZENS BANQUET HERE

Mitchell County is sorely in need of a new court house and there should be no practical reason why that a campaign to vote bonds with which to build the proposed structure should not be started, business men of Colorado and Loraine declared at the Barcroft Thursday night.

Visitors from Loraine were S. E. Brown, of the First State Bank; J. J. Riden, mayor; A. C. Caswell, president of the Chamber of Commerce and George Hutchins, druggist.

Tentative plans of the proposed new court house were submitted by County Judge J. C. Hall. These plans call for a building two stories in height, with basement, 65 by 101 feet in size, constructed of fire proof materials throughout and modernly furnished.

A legal committee composed of Judge C. H. Earnest, L. W. Sandusky and Thos. R. Smith was appointed to confer with the county attorney, in case same was needed, in handling all legal matters pertaining to the election, writing of bonds, etc.

Petitions asking Commissioners' Court to order an election are expected to be circulated within the next few days. The court will meet next Monday, and action will be probably taken at that time.

STORES, BANKS, OFFICES WILL BE CLOSED MONDAY

Colorado will close shop Monday for the big Armistice celebration arranged by the Oran C. Hooker post, American Legion. The banks, and practically every store, shop and office will be closed throughout the day.

Patrons of the banks and stores should bear this fact in mind and attend to business matters on Saturday or before that otherwise may have been planned for attention on the following Monday.

HUGHES TAILORING SHOP BOUGHT BY HURON DORN

Huron Dorn has recently purchased the Tom Hughes tailor shop and assumed management of the business. Mr. Hughes plans leaving Colorado and engaging in business in California.

MITCHELL COUNTY FAIR ASSN. WILL INCORPORATE

The Mitchell County Fair Association will be incorporated for \$19,000 and commence improvement of permanent fair grounds within the near future, as a result of the mass meeting held Monday night at the district court room.

After it had been unanimously voted to hold the fair at Colorado another year, the president, J. A. Sadler, asked: "To what extent do you want a fair?"

One of the most interesting addresses delivered was by Col. C. M. Adams. The Colonel criticized those responsible for reports in Colorado that the local business men had failed to co-operate with the association in the past.

Adams stated that he believed he represented the spirit of the business men of the city when he pledged to the fair management his support. Other citizens speaking on the same subject were equally as enthusiastic as Adams.

Another speaker to receive special recognition from the enthusiastic crowd was Hon. L. W. Sandusky, who following an address in which the appeal was made for a bigger and better Mitchell County Fair, stated that he, too, desired to subscribe liberally to stock in the proposed corporation.

Before it had been determined to incorporate, J. A. Buchanan, another liberal supporter of the last fair, spoke of his endorsement of the fair here and stated: "I am ready to make a cash donation of \$100 toward meeting the expense of the fair another year."

A committee composed of S. E. Brown, president of the First State Bank of Loraine; L. A. Powell, Colorado cattleman, and W. C. Berry, prominent stock farmer of Fairview, was appointed to solicit sale of stock in the proposed corporation.

The report of R. H. Ratliff, secretary-treasurer of the association, showed that \$731.89 remained in the treasury after all indebtedness of the fair this year had been paid.

DISTRICT COURT CONVENES HERE MONDAY, NOV. 20TH

The district court of Mitchell County will be convened at Colorado Monday, November 20th, by Hon. W. P. Leslie, judge of the 32nd Judicial district. Several cases are pending grand jury probes, while others are docketed for trial.

BADGETT SALT GUSHER PLACED UNDER CONTROL

Mitchell County's big "air well," Badgett No. 1 of Bowser & Reed, has been successfully capped and is now under control. The derrick is being rebuilt and the test will be drilled deeper.

Drillers at Coleman No. 1 encountered another oil sand at a few feet below the 2500 foot level, but drilling is being continued for deep production.

With two new tests in the field soon to be spudded and drilling progressing at many of the uncompleted wells the outlook in the field continues excellent. The seven producing wells of the field are reported as holding flush production.

ELECTION RETURNS POSTED ON BULLETIN BOARD HERE

Returns of the general election in Texas Tuesday were posted on a bulletin board in front of the Best Theatre Tuesday night. But few of the spectators remained downtown to watch these reports after the first report received from Dallas, placing Mayfield's lead at 50,00 was received.

Andy Gump, fusion candidate for congress, had a place on the bulletin along with Peddy and Mayfield, Senatorial aspirants, but as the returns began to come in, the fact was disclosed that the man who "wears no man's collar," failed to develop much strength.

JUNIOR BOY SCOUTS GO TO HILLS SOUTH OF TOWN

Under command of Scout Master W. M. Elliott, members of the Junior Boy Scouts hiked to the hills south of Colorado Tuesday afternoon, leaving the city early afternoon. They spent the afternoon in the woods making camp, hiking and otherwise receiving instruction from the scout master.

The expedition ended with supper prepared and served in characteristic camp style, when the return march to the city was started.

COUNTY COURT CONVENES MONDAY FOR BUSY TERM

The County Court of Mitchell County was convened Monday morning by Judge J. C. Hall and during the week a number of cases have been disposed of. Most of the trials heard were for offenses of minor interest to the public.

DEMOCRATS LEAD 2 TO 1 IN MITCHELL COUNTY

Earle B. Mayfield, democratic candidate for United States Senate, carried Mitchell County by a majority of more than two to one over Geo. Peddy, fusion candidate, in the general election Tuesday. This majority was even larger in the Colorado precinct. Only nine boxes in the county held elections, there being no election at McKenzie, and returns from Iatan and Carr could not be obtained in time for going to press Thursday afternoon.

Colorado, Mayfield, 306; Peddy, 97. Loraine, Mayfield, 147; Peddy 118. Landers, Mayfield, 4; Peddy 22. Buford, Mayfield, 5; Peddy, 25. Spade, Mayfield, 29; Peddy, 4. Westbrook, Mayfield, 63; Peddy 4. Cuthbert, Mayfield, 21; Peddy, 2. Westbrook rolled up the strongest democratic majority of any voting precinct in the county. Mayfield's majority there being more than fifteen to one. Cuthbert and Spade also went strong for the democratic nominee.

The vote was light throughout the county. At Colorado less than one-half the number of votes polled in the first primary election, were polled. Only 413 votes were cast at this box. The election passed off very quietly here.

ENTHUSIASTIC RALLY IS HELD BY LOCAL CITIZENS

(Continued from page 1)

Peddy, the speaker declared, and yet Peddy and his bunch are going about over Texas claiming to be democrats. The Rev. M. C. Bishop, pastor of the First Baptist church, was introduced by the chairman. Rev. Mr. Bishop launched into a discussion of the issues of the campaign from the start and during the twenty minutes he spoke received round after round of applause.

"They are making a fight against the Democratic nominee on the charge that he is a klansman," Bishop stated. "If they had not been able to have hatched up this charge it would have been something else. Earle Mayfield was railroad commissioner of Texas for twelve years and did they ever raise a cry against his character or faith to the democratic party? No. The reason they are doing it now is prompted by no other motive than the desire of the disgruntled politicians, anti leaders and the Knights of Columbus to defeat the true nominee for the senate."

Answering the challenge of Peddy that he is a Democrat, Bishop said that his answer to that argument was nothing more than this: "George, you are with the wrong crowd."

The speaker pled for some consideration to the moral obligation of the pledge Democrats took when they

went into the first and second primaries, resulting in the nomination of Mayfield. "I have swallowed some very bitter pills in casting my ballot in the general election, in voting for Hobby, Jim Ferguson and others of that type, but I am a Democrat and when I pledge to support the nominee of the party, I mean to do so."

In commenting upon these remarks Dr. Coleman stated that about the time of a certain general election, he became sick and could hardly eat nor sleep. I was driving on the Plains one day, so ill that I could hardly sit in my car, wondering what the diagnosis of my case might disclose, when, like a flash, it dawned upon my mind that two days previous I had voted for Jim Ferguson in the general election. It was the bitterest pill this poor sinner ever swallowed."

"You old men, some of you with hair growing white because of the years you have lived, don't you go into the polls tomorrow and vote for George Peddy and ever be guilty of walking the streets of Colorado again to make the statement you are a Democrat," Hon. L. W. Sandusky, local attorney, stated in the beginning of his address. "Why is it," he continued, "they hunted all over Texas for this young man, George Peddy as the 'Democrat' and Republican candidate for the Senate? Why is it that they looked all over Texas and then went to a little court in East Texas to file an injunction to keep the name of Earle B. Mayfield off the ticket as the Democratic nominee for the Senate? They tell

us this was court of justice, but when these twelve men on the jury trying the Mayfield case at Corsicana could not answer the 21 questions he gave them, the court called them into the court room and answered the questions for the jury."

"They tell me that pencils are scattered all over Colorado with the name of George Peddy on them. What does a democrat want with a pencil in voting tomorrow?" Calling County Judge J. C. Hall, who stood in the rear of the room, Sandusky asked: "Has the Secretary of State certified a name to you as the Democratic nominee for the Senate?" He has," came the reply. "And who is this nominee?" Sandusky again asked, to which Hall replied, "Earle B. Mayfield." Yet they tell us that the democratic party has no nominee."

Sandusky discussed the obligation of the party pledge at length and turning to E. Frank King, superintendent of schools, stated: "Here is the superintendent of your schools. If you believe there is nothing in a moral obligation, go to him tomorrow and request him to instruct your children and mine to disregard moral obligations, no matter how sacred they may be. You would not do it. The obligation you took when you went into the Democratic primary is just as binding and sacred as any obligation you could ever make."

"I, too, have swallowed some bitter pills at the polls. A few years ago when that silver tongued orator of East Texas rose up as a candidate for the Senate, and was nominated, they came to me and said the Woodmen Lodge is behind Morris Sheppard. I swallowed the Woodmen Lodge and kept my pledge in voting in that general election. Again, when Pat Neff was a candidate for governor, I fought him hard, but he was the party nominee. They came and told me that the Baptists of Texas were putting Neff in the governor's chair. I swallowed the Baptist church with Baylor thrown in, and again voted the ticket in keeping with my pledge."

Hon. M. E. Rosser of Snyder, who was scheduled to speak at the rally, was unable to reach Colorado.

to this Mayfield objected and demanded that those five men do the eliminating. Mayfield lost out in this however but one of the titans went to his home Klan, at Dallas, and instituted a Klan primary there, the membership deciding that Mayfield should be the Klan candidate."

Prof the result of the "cow pasture and river bottom" meetings of the Dallas Klan, Mayfield was finally decided as the Klan candidate, Peddy claimed, and when he went into the primary election, he did so with 120,000 Klansmen votes in Texas.

"I cannot see why that a good citizen would have to put a pillow case over his head and wrap a bed sheet about his body in order to protect the womanhood of this state," Peddy declared, in discussing activities credited by him to Klansmen in Texas. "Mayfield is not the Democratic nominee for the United States Senate from this State, because that in a court of Justice, it has been declared that he was not entitled to have his name on the ticket," Peddy said.

The speaker requested that all members of the Klan present at the speaking raise their right hands. If there were any members in the tabernacle, they did not disclose their identity, as no hands were extended. "The pass word of the organization," Peddy said, "is 'I do not belong'."

CALIFORNIA COURT HOLDS BIBLE IS "SECTARIAN BOOK"

The King James version of the Bible "is the accepted Protestant version" and therefore sectarian, the supreme court of California has decided in an opinion just made public reversing a judgment of a supreme court in Kings County, which permitted the Selma Union High School district to purchase two copies of the Bible for the school library.

The court held the acquisition of the Bibles by the school would be in direct violation of the school law.

At the same time this decision was rendered, a prominent woman's club in the Nation's Capital formed a non-sectarian class for the study of the book held sectarian in California. A majority of the educators of the Capital City, whether or not they believe in the use of the Bible as a foundation for public school study, are united in believing that the King James Bible is as non-sectarian as a book can be, since it is the foundation of the teachings of every Christian religion, with one notable exception, and its Old Testament is used in many Jewish synagogues.

Many educators believe that the Sunday school and the home are the places for Bible study, and that religious instruction does not belong in the public school, but hold that the premises on which California is keeping the Bible from the public school library is a mistaken one.

BURGLARS DEMOLISH CASH REGISTER TAKEN IN HAUL

Forcing an entrance into the building occupied by the Fairhill Service Station by breaking a rear window, burglars carried off the cash register from this place Friday night and robbed it of all cash contained, estimated at \$25, by Stewart Cooper, manager of the business.

The cash register, which was practically new, was demolished and thrown into Lone Wolf Creek a short distance below the Second street bridge, where it was found late Saturday completely submerged in water by Edgar Cooper, youngest son of Dr. W. M. Cooper. Cooper stated Monday that the cash register was valued at \$475.

No clue as to who perpetrated the burglary had been established Monday afternoon. Since the register weighs approximately 200 pounds, it is presumed that at least two were implicated in the robbery.

PLAINVIEW WILL STAGE POULTRY SHOW DEC. 14-19

PLAINVIEW, Tex., Nov. 4.—Gables will be mingled with cackles during the West Texas State Poultry Show to be held here December 14 to 19. For the first time in the history of poultry shows in the Southwest, the humble turkey will have a prominent place. The West Texas show will provide 500 specially built coops for turkeys. Heretofore, turkey exhibitors have been forced to furnish their own coops and very little attention has been given to turkeys. The rapid development of turkey raising in West Texas has forced the directors of the West Texas State show to give the turkey his proper place.

W. J. Klinger, secretary of the show insists that there will be no less than 5,000 birds entered in the Plainview show this year, which will make it rank as one of the largest in the South. Entries have been received from California, Maine, Kansas, Oklahoma, New Mexico, Colorado and Arkansas. Requests for premium lists have come from nearly every state in the union.

It now appears that Plainview's new \$60,000 auditorium will be filled to capacity with the feathered aristocrats.

Bishop Temple at All Saints'

Bishop Temple of North Texas Diocese, held services at All Saints' Mission (Episcopal) Sunday evening. He was assisted by the Reverend Eteson, priest in charge of this mission. The text for the evening was a portion of 1st Kings, 20:39, "and behold, a man turned aside, and brought a man unto me, and said, 'Keep this man; if by any means he be missing then shall thy life be for his life, \* \* \*'" The Bishop explained this as an allegory regarding personal religion. He spoke of the possibility of the young men of our country committed to our charge. "We are too busy," said the Bishop, "with other things, things innocent in themselves, that we neglect our charges given us by God."

There was a message for everyone in this sermon. The Bishop left Sunday night for his home in Amarillo. Reverend and Mrs. Eteson returned to Big Spring by motor Monday noon.

First Love Often Stone Blind The teaching of "First Love," in which Constance Benney is to be seen this week at the Palace Theatre, seems to be that first love usually has not got its eyes open yet, and as it is often bestowed upon unworthy objects, it is something to get over rather than to keep alive.

The heroine of "First Love" is a simple-minded young factory girl, and her blind devotion and loyalty to her first beau, who turns out to be a thorough rotter, is a pathetic thing. The last reel opens the way to a happier love, however, so the picture is not a tragedy.

Spectacular Fire on Mountain Top

One of the most spectacular flashes in "Flower of the North," which will be shown at Palace Theatre on Friday shows a light signal fire which Pauline Starke, as Jeanne, kindles to start a tribe of Indians on the warpath.

This fire was kindled on the highest peak of a range of mountains of Northern Oregon at midnight, and its flames shot hundreds of feet in the air and were visible for many miles. The flame resembled a huge giant beckoning from the mountain

top. Several cameras were placed to catch the spectacular blaze from various angles so as to record it in all its spectacular beauty. The results far exceeded the expectations of David Smith, who has a reputation of securing some of the most unusual effects known to motion pictures.

"Flowers of the North" is based upon James Oliver Curwood's famous novel by the same name. It deals with the land "north of 53" in the summer time. It is replete with thrills and adventure and a strong love interest. An all-star cast headed by Henry B. Walthall and Pauline Starke was engaged for the production.

The seat is placed at just the right angle for relaxation and is provided with big, fat cushions, upholstered in genuine leather. The semi-elliptic springs are long, strong and resilient.

There is ample luggage space under the rear deck—plenty of room for everything you may want to carry.

Vibration, which is so destructive to motor cars, is practically eliminated by the perfect balance of the motor. This is largely due to the fact that the crankshaft and connecting rods are machined on all surfaces, an exclusive Studebaker practice for cars at anywhere near the Light-Six price.

Economy of operation is increased by valves inclined at a 20-degree angle and by the internal hot spot.

This handsome roadster is a quality car throughout. It is sold at \$975 only because of complete manufacture, in large volume, in one of the most modern and complete motor car plants in the world.

Middlemen's profits are thus eliminated, and the savings are passed on to you.

The Light-Six Roadster well upholds Studebaker's 70-year reputation for dependability and dollar-for-dollar value.

Attractive cowl lights. Thief-proof transmission lock. Cowl ventilator. Storm curtains opening with the doors. Large plate-glass window in rear curtain. Inside and outside door handles. Upholstered in genuine leather. Ample space under the rear deck for luggage.

Jarratt and Mr. Marion Mahon were married at the home of the bride's parents, Rev. S. H. Young officiating. The rooms were decorated in Chrysanthemums, ferns and pot plants. The bride wore a tailored dress of navy blue tricotine. The groom was attired in the conventional black. Miss Mattie Thompson played the wedding march which ushered in the wedding party.

Only relatives and a few close friends of the two families witnessed the ceremony. After congratulations refreshments of punch and cake were served.

The bride was one of the most popular young ladies of Loraine and her goodness and sweetness have made her a host of warm friends. The groom is a young man of steady and industrious habits. The happy young couple left on the midnight train for El Paso for a short honeymoon trip. They will make their home on a farm five miles east of town.

Renderbrook spring is perhaps, one of the most interesting places in this entire section. Emerging from large crevices in the rock banks of Renderbrook near the ranch house a continual stream of pure water flows passing through the spring house and on into the stream. It was the scene of one of the earliest pioneer homes located in the wilds of West Texas. Beautiful groves of pecans and other attractive trees have grown up about the spring and along the creek, mak-

ing the place a nautral park of more than ordinary beauty. It was here that Sunday school picnics were held on July 4th, 1921 and 1922, two events to be long remembered by those who attended.

The town was divided in districts and supervisors appointed that the clean-up designated by the mayor and which the League hopes to see made thorough, could be the better worked. DEVOE PAINT AND VARNISH PRODUCTS. Protect Your Home from the World's Worst Vandals. THEIR names are Wear, Warp, and Rot. They steal, they mar, they bend, they break. They leave behind them a trail of ugliness and ruin. Fire does far less damage than they. At a hundred places in your home where there are bare, or poorly painted surfaces, these vandals are robbing you night and day. Stop their destructiveness! Shield your property! Protect your walls, floors and furniture with paint and varnish products. As long as the paint and varnish coating is sound, Wear, Warp, and Rot are powerless. The cost of painting is trivial compared with the loss caused by this constant vandalism. And when you buy paint and varnish products, buy only the best, as the better the paint the greater the return. FREEMASONRY

The Prince of Wales, heir to the English Throne, has been installed as Senior Grand Warden of the Grand Lodge of England. Were it only an estimable and pleasant young man who was thus honored, the matter would be of no special importance. But the heir to the British Throne is not permitted to follow his own will and bent as he pleases; he may never forget in playing the man, that he is also Prince of the Realm.

It should be a sufficient answer to any of the detractors of the Order of Freemasonry that the President of this great Republic is a Freemason; that many of his predecessors have been Freemasons, and that the first President, Washington, was not only a Freemason but devoted his time and attention to the order, and became Master of his lodge.

But for those whose admiration and veneration are given more to those who rule by hereditary right than those who win to power by their own abilities and the will of the majority, the fact that the future King of England becomes a Senior Grand Warden of the English Grand Lodge of Freemasonry, should be all sufficient proof that the diatribes directed against Freemasonry by those who are its enemies and who know not whereof they speak, are but the fulminations of minds untutored.

Freemasonry stands for patriotism for law and order, for fear and love of God, without regard to church or creed, for charity, for toleration, for brotherly love and relief of distress, for education, for freedom; in other words, for the ideals of all enlightened and civilized nations. That the future ruler of a great country thus takes his place officially in the Grand Body of the order, obviously with the consent and encouragement of the rulers of Great Britain, should make those who slander the order for their own ends pause to wonder if the Masonic virtues of silence and circumspection are not ones which they had better cultivate.

SALICIOUS PUBLICATION

The old problem of how far a newspaper is justified in publishing news again is brought to attention by the duplicate homicides, in which ministers and women with whom their names had been connected, have enlivened the front pages of the metropolitan dailies of this fair land within the past month. That the "bishop of all outdoors" would be alive today had the papers played down the New Jersey murders there must be little question. Whether, supposing all that is presumed by the editors running the stories, any of the lives were worth saving does not enter into the question. The two lives in the West were sacrificed to the insatiable maw of modern journalism.

Editors of today who pose as wearers of the togas of Dana, Bennett, Greeley, Watterson and those other sane guides of popular thought of the Nineteenth century, will justify their use of the stories by saying that their use acts as a deterrent on others who would forsake the

Texas Chamber of Commerce concerning their action might be timely right now.—Sweetwater Reporter.

Yes, and a lot more opposition will be heard before long, when it is generally understood what has happened. It is all true that the West Texas dope will get circulation by means of the new publication taking it on, but West Texas folks could give it a much better circulation, that is, among a class of people who are really interested in its publication. The West Texas Chamber of Commerce certainly loses a lot of its influence with the people of this section. It has broken faith with the people who have been keeping it up and they are not going to give it as liberal support as heretofore. West Texas folks believe in West Texas and they resent the influence that the work could not be done in West Texas. We do not believe the money spent on this kind of a publication is worth what it costs anyway. If the West Texas Chamber of Commerce would spend that amount of money in sending yearly subscriptions of weekly and Semi-Weekly papers from all over the Western part of the State to farmers and other classes of people who might be interested in this country, it would have much better effect, and the contributors would be better satisfied.—Lubbock Avalanche.

In the above the Avalanche is exactly right. The local weekly papers from the several different sections mailed north and east to prospective farmers would be the best advertisement for West Texas in the world. The Record has been a member of the W. T. C. of C. ever since its organization and have contributed our part, a portion of which was used to print the "West Texas Today" magazine, but now since it has gone to a section of Texas that has nothing in common with West Texas we do not care to keep it up. We do not believe that West Texas people will stand for the present arrangements.

FOR EQUAL TAXATION

The people of the Panhandle and West Texas have known for years that they were being mulcted in the matter of taxes but they have gone on paying the amount demanded by the State with considerable grumbling, it is true, as is apt to be the case when one knows that he is being buncoed, but without active protest.

It seems that at least, a defender of the weak has arisen in the person of Mr. John B. Carrington of the San Antonio Chamber of Commerce, who proposes that the matter of equalizing the taxes of the State be taken up at the next session of the legislature. According to Mr. Carrington, one hundred and sixty-eight counties of Texas are paying excess taxes. It isn't necessary to state which counties they are for we all know that most, if not all of them, are in the Panhandle and West Texas. Potter County is one of them and last year the taxpayers of this county paid an excess of seventy-nine thousand, nine hundred and sixty-three dollars into the State Treasury. This year, they will pay an estimated excess of ninety-nine thousand, six hundred and two dollars. Last year we paid twenty-six thousand five hundred and fifty-five dollars into the State rural school aid fund and did not receive a penny from the fund in return while Hopkins county, over in northeast Texas, paid in only seventeen thousand, five hundred and twenty-nine dollars and received seventy-eight thousand, one hundred and ninety-four dollars. Hopkins county is over where the land is sold as several times the figure asked for Plains land but valued for assessment at considerable less than the valuation on which Plains farmers pay.

Over in East Texas there are eighty-four counties which are accepting with condescension, the excess taxes paid into the treasury by raisers of "rocks, rattlesnakes and prairie dogs" out here in the one hundred per cent. American part of the State. Ordinarily, the older settled states are paying on higher valuations and it would seem that if there were any difference, it would be the older settled part of this State that would be helping out the sparsely settled part but it works the other way round in Texas. Mr. Carrington characterized as a fraud, the Rural Aid Fund and said that it pays a premium to the backward counties and tax dodgers. The reason of the failure of the eighty-four eastern counties to pay into the State Treasury something over eight millions of dollars which they should pay, the State is always in debt and is constantly seeking new commodities on which to levy a tax in order to cover the deficit, as witness the oil tax, the gas tax, the truck tax and the State income tax.

All this is grossly unjust and it is certainly time that the citizens of this section did something more than grumble about these inequalities. Why not get together and stage a real fight for our rights? Apparently that is the only way we shall ever get them.—Amarillo Plainsman.

A COMMENDABLE MOVE.

The real sportsmen of the Panhandle should give their hearty cooperation to a suggestion offered by B. D. Garmon, deputy game warden, that a game preserve be established in this section.

In early days, this region abounded with many varieties of game but already some have been entirely exterminated and all others are on the way, unless some measure of protection is given them. The antelope, which used to haunt our canyons, has disappeared and the wild turkeys, which were once shipped out of this section by the wagon load, are never seen any more. All the other game is becoming scarcer every year.

It would seem that those who love to hunt would be the men who would be most scrupulous about observing the law in regard to closed seasons and bag limits but that is not the case. Many of them will hunt any time if they think that they can get away with it.

One of the reasons why so much game is destroyed out of season is because a man can go out any time of the year to hunt rabbits and if

while ostensibly after the jacks or cotton tails, a quail rises, few will forego the pleasure of shooting it, thereby probably destroying a whole covey, if it is the nesting season. Of course a true sportsman would not do such a thing but there are too many who consider that they have done something smart when they "get ahead of the law" and show no disposition to be fair either with the birds or their fellow hunters.

If a game preserve were established, the birds and animals would soon learn where they were protected and if punishment swift and sure awaited the violator of the law, the wild life of the Plains would have a chance.

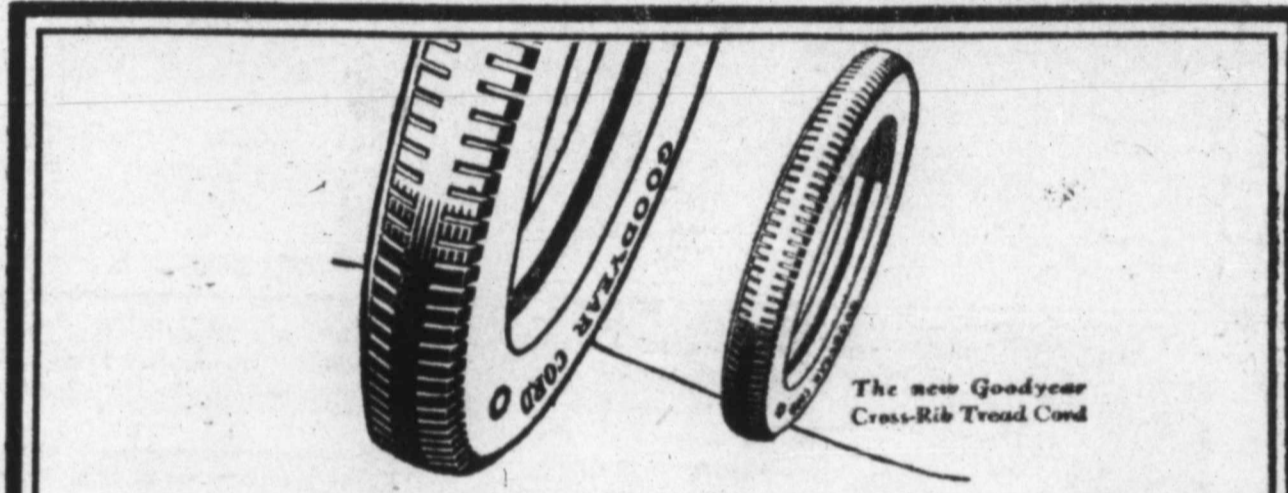

In this country of "magnificent distances" it is difficult to enforce the laws concerning the killing of wild game but with a protected area in addition to the closed seasons as now established, it would be possible to restock this territory so that there would be an abundance of game in a short time. Land is about the cheapest things we have, out here, let's let the wild things have some of their rightful heritage in which to nest and rear their young undisturbed by the pot hunter and the game hog.—Amarillo Plainsman.

Why They Come to West Texas

A gentleman recently here from Milam County to invest in Howard County lands told why he was quitting his old home and coming to West

Texas. He stated that he planted 90 acres to cotton this year and might have secured two bales had he gone to the trouble and expense of gathering his crop. Last season he made six bales on about the same acreage and the year previous about thirteen bales. Four years ago he secured over eighty bales of cotton off the same field. The year of the big yield he was offered \$250 per acre for his farm but refused to sell. When he decided to sell this year he considered he was lucky to secure \$134 per acre which was about \$25 above what his neighbors were being able to secure. His farm happened to be located in between two farms owned by a Swede who didn't want an undesirable neighbor to secure it and hence his willingness to pay more than the market price. He was indeed pleased to find such fine crops in West Texas and pronounced lands here one of the best investments a man could make.—Big Spring Herald.

The Colorado Lions Club is growing in prestige every day and its members almost every week. The organization, following out the ideals of Lionism and in keeping with the usual progressive spirit of the great majority of Colorado citizens, is fast developing into a strong asset for making Colorado a bigger and better city as viewed from either the moral, social, educational, civic or commercial enthusiast.

A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation. It is liberally oversize—the 4 1/2-inch tire, for example, measuring nearly 5 inches.

The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

This new tire is a genuine Goodyear through and through—in design, in material, in construction.

It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value.

Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make?

Table comparing prices with NET prices for "long discount" tires. Columns include tire size (e.g., 30 x 3 1/2 Clincher, 32 x 4 Straight Side) and price.

These prices include manufacturer's excise tax. Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks.

Large advertisement for Goodyear tires featuring the text 'Do you realize that when you buy Goodyear Tires you have made an investment that will pay big returns in mileage and, too, there is a certain degree of satisfaction and pride of ownership which does not exist when other tires are bought, even your friends will remark about the good judgment you have shown in selecting Goodyear Tires. Let us put a set of Goodyear Tires on your car. The Goodyear is the best investment you can make in automobile tires.' **C. E. AND E. L. SOCIETIES HOLD SERVICES TOGETHER**

**Pioneer Club.**  
On Wednesday, November 8, the Pioneer Woman's Home Demonstration club met with Mrs. Joe Johnson of Valley View community. There were over 36 present in all girls and women. Twelve members present, 3 new members and 6 visitors as women. Mrs. Dulin was unanimously elected as an honorary member.

The women all brought work of their own and a great deal was accomplished. First a dress form was made on Mrs. Johnson, after that was under good progress toward being completed, Miss Laceywell was busy giving instructions to the different women with their individual problems. There were three coat suits ripped up and fitted into one piece dresses, the dress form completed, a darning lesson was given and then an hour was spent on Christmas gifts. Attractive bottles were used to make vases. A little mustard jar was painted a pretty silver and a turkey feather was made into a very attractive quill. Then a little cream box was made into an attractive pen tray, a bunch of violets were made of ribbon. The women were all intensely interested to find so many really pretty and inexpensive things could be made. There were four hats made.

One of the most interesting features of the program was a picnic dinner which was prepared by the club members and spread on the front porch. We had off an hour and during that time every one became acquainted and visited with every other one there. It was a real picnic dinner too. In the business session the club voted to meet every time in the morning, bring their lunch so they could accomplish something. Miss Laceywell states they could count on her presence so long as those dinners were being served.  
Next meeting, Nov. 22, will be at Mrs. Hart's. The subject "Balance ration for the family" In the afternoon Miss Laceywell will give a meat canning in tins. We trust every member will be present.

**BUY YOU A HOME NOW.**  
I will sell you as good land as there is in Mitchell or any other West Texas County for twenty dollars conveying full mineral rights, or for fifteen dollars and retain half. Some tracts half tillable balance good grass land as cheap as ten dollars.

Will sell quarter section for \$250 cash, half section for \$500.00 cash, section for \$1000.00 cash; balance on or before one to ten years. These terms, made to secure development, are to homebuilders only. Not more than section to one man.

When buyer moves to land and gets half in cultivation will help him get Federal Land Bank loan, taking second lien for my balance. If desired will take pay for this second lien in share of cotton crop. Will take fourth of crop, or, if buyer prefers will take nothing in years when crop falls below bale to ten acres, and half when more than that, until second lien paid. If desired, will contract in advance at high price for share of crop coming to me out of first two or three years. I have two or three places partly improved that I will lease for few years to men buying land from me.

I am going to sell this land, if it is possible to find a way to do it. I believe I am offering the best and safest buy in Texas. If you want a home of your own I would like to discuss the matter with you fully. —HARRY HYMAN, Barcroft Hotel.

**IN MEMORIAM.**

On a bright, sunny day in June, 1910, the "gates of Heaven fell ajar" and a little cherub came to earth to find an abiding place. She found a happy welcome into the home of Mr. and Mrs. R. L. Womack, who were, at that time residents of Hood County. This tiny bud was christened Margurite, and as the months sped by, she filled the home with joyous baby laughter and quaint sayings. She held tightly to the hand of her who led, and eventually several milestones in the journey of life had been passed. When she was eight years of age she lost her father in the great Flu epidemic, and this lively child was then a real sinbeam to the sorrowing mother. She grew in and on, in grace and beauty until she had observed her eleventh birthday and a stealthy thief of health began to creep upon her unawares. Two of the best physicians in Colorado were summoned at various times and although they did all that medical skill could suggest, she rallied but very little. Finally a lower altitude was suggested so she was brot back to the land of her nativity, Hood county, and for about nine months she stayed in our midst. It was the writer's privilege and pleasure to be with her many times, and to say the very least her life was a real blessing to us. Ever patient and sunny, she always had a glad smile for every one and each time we asked her how she felt she always replied: "I'm just fine." Oh! what a lesson in fortitude and patience, and although God saw best to take our dear little friend away from us, we feel that our loss is Heaven's gain. She went back to her own home on August 12th, and there she lingered until October 25th and then the gates of Heaven were again held

ajar, and her gentle spirit passed inside to bloom anew in God's garden of lovely blossoms. Margurite leaves a host of relatives and friends to mourn her loss, but to those who are nearest and dearest we would say: There are living hearts that love. Grieve not too long for the dead. Smile on those whose hearts are bounding.

With life's blood so rich and red; Grief is such a dear companion, It is best to let her go. And retain a sweet remembrance. Just a sacred, tender glow. Scatter roses in the pathway, Of the people who still live; Sod your graves with sacred kindness.

Let your heart sweet homage give. But the dead you cannot comfort. Love the living while you may; You have friends whose paths are thorny. Scatter roses in their way.

Tuesday at 4 p. m. the death angel visited the home of Mr. and Mrs. Frank Bossinger, and took away their little sixteenth months old daughter, Loyas. She was born June 1, 1921, and died Nov. 7, 1922. Little Loyas left a father, mother, a little brother and sister and many friends to mourn her death. Mr. and Mrs. Bossinger say they are thankful to the people for their kindness during the fourteen days illness of their little daughter and hope that some time in the future they may be able to repay them for their kindness. **HARDING VS. THE LEGION**

President Harding is in bad with the American Legion. At their annual National Convention at New Orleans recently a resolution was adopted demanding that President Harding call Dr. Sawyer, who is at the head of the department for the care of our disabled soldiers. The president has refused to comply with the request of the American Legion organization. And again President Harding vetoed the soldiers' bonus bill. The soldiers are overwhelmingly in favor of the bonus. Whether or not President Harding was right in vetoing the bonus bill, he will doubtless receive an adverse vote from Legion members this fall. The Republicans have had a rocky road to travel since going into power. They promised much and have been able to deliver but very little.—Exchange.

The latest stunt by Harding against the Legion is to refuse to recognize November 11th as a holiday on the grounds that America already has enough holidays.

Another stunt of the President was to replace Major Newlin, naval officer of the Port of New Orleans with one Cohen, a negro politician as comptroller of the customs of that port at a fat salary.

**LIONS PLEDGE SUPPORT IN PRINTING ANNUAL**

Endorsement of plans of students of the High School and members of the faculty to publish an annual by the Colorado High School was voted unanimously Wednesday by the Colorado Lions at their weekly luncheon at the Barcroft. The den pledged its moral support to the plan, and the announcement was made that Colorado bankers, business and professional men would be invited later to contract for advertising space in the annual. Publication of the annual will be in charge of Miss Steadham, English teacher, it was announced.

Rev. M. C. Bishop, Rev. D. R. Hardison and A. W. Palmer were introduced as guests, each of whom delivered interesting addresses. The entertainment program, under direction of R. P. Price, furnished the usual interesting diversion. Price demanded of each Lion to rise at the table and quote a poem, causing those who failed to do so to be penalized. Several of the "readings" were the source of much laughter, especially that given by Col. Adams, in his toast to the "Tommy Cat."

**Singing His Love Song to His Sweetie.**

The banquet to be held at the Barcroft on the evening of Wednesday, November 29, as ladies night, was discussed. Lions are looking forward to this event with much interest. M. S. Another cub, W. J. Stewart, manager of the Southwestern Bell Telephone Company, met with the Lions for the first time Wednesday. The organization now has a membership of twenty-nine.

**OFFICIALS DENY STANDARD OFFER TO UNDERWRITERS**

The report published in the Pictorial Oil News of October 25th in which it was stated that the Standard Oil Company of California had made an offer of \$2,000,000 for the holdings of the Underwriters Producing & Refining Company holdings in Mitchell County, is denied by W. F. Vane, representative of the Standard and J. F. Vaughan, vice president and general manager of the Underwriters Company. There is absolutely no truth in the statement, each of these officials stated Monday when shown a copy of the article.

The article follows:  
"An offer of \$2,000,000 has been made by the Standard Oil Company (California) through its subsidiary company, the California Oil Company, for the Mitchell County, Texas, properties of the Underwriters Producing and Refining company, according to reports at Oklahoma City, Okla.

"The Underwriters concern control approximately 10,000 acres of leases in the western portion of Mitchell County and one producing well which was completed several months ago for around 200 barrels. The company is capitalized at \$1,000,000 and maintains headquarters in Oklahoma City.

"The Standard of California, thru its subsidiary, owns several thousand acres of leases in Mitchell and adjoining counties."

The California Company, a subsidiary of the Standard Oil Company of California, controls valuable oil leases in the Mitchell County field, Richardson No. 1, which is five miles southwest from Colorado, is the first test to be started by the company on their holdings here.

Co. surveys, altogether in Mitchell County, 4500 acres, and making altogether in Sterling, Cooke and Mitchell Counties, 14,000 acres.

Plaintiff alleges that said lease contract provided either for the drilling of a well on said lands, within one year from date of lease, or all rights under said lease should cease and terminate, provided however that should have the right to continue lease in force from year to year, until a well should be drilled thereon, by paying an annual rental, the rental to be deposited to the credit of plaintiff in the Colorado National Bank, Colorado, Texas. Plaintiff alleges that no well for oil or gas has been drilled on any of said lands, as under said contract, and no rental was paid under said contract, in lieu of drilling, within one year from 18th day of September, A. D. 1921, nor was said rental deposited to credit of plaintiff in the Colorado National Bank within the period of one year from the 18th day of September, 1921.

Defendant Rotary Oil and Gas Company is setting up some sort of claim to a portion of said lands, by assignment from defendants Burton and Eakin, but plaintiff says that this defendant, Rotary Oil & Gas Company, have likewise defaulted in complying with the terms of said oil and lease contract.

Wherefore plaintiff prays for judgment cancelling said lease contract as against all of said defendants and removing cloud from title to said lands.

Herein fall not, but have you before said court on said first day of next term thereof, this writ with your return thereon, showing how you have executed the same.  
Given under my hand and seal of said court, this 9th day of October, A. D. 1922.

### MANY CHANGES MADE AT ANNUAL METHODIST MEET

A general shake-up in assignment of pastorates in the Northwest Texas conference was made during the closing hours of the session at Quannah Sunday night, and as a result scores of preachers are moving to new parsonage homes this week. Two new pastors were sent to churches in Mitchell County, affecting the charges at Colorado and Lorraine.

Rev. C. L. Browning, pastor here during the past two years, goes to Brady and Rev. J. F. Lawless, sent to Brady two weeks ago by the West Texas conference at Lampasas, will come to Colorado. Rev. S. H. Young, pastor of the Lorraine church for three years, goes to Hedley, and Rev. H. W. Hanks, at Sylvester last year, is the new pastor at Lorraine.

Rev. R. A. Clements of Colorado was named as agent for the superannuate home. Rev. Silas Dixon, pastor of Westbrook circuit last year, was returned, as was Rev. R. S. Watkins of Roscoe. Rev. D. B. Doak,

formerly pastor of the Colorado church, was returned to Sweetwater, and Rev. R. A. Stewart will be presiding elder of the Sweetwater district another year. Rev. W. E. Lyons, another former Colorado pastor, was assigned to the parsonate of the Methodist church at Dalhart.

## BAPTIST LEADERS ISSUE CALL PLEDGE PAYMENTS

The following appeal sent out and signed by Dr. Geo. W. Traitt, Dr. J. D. Sandefer and fifty or sixty other leading Baptists of Texas is reproduced in The Record upon request.

The statement follows: The undersigned would send most cordial Christian greetings to their fellow Baptists, in every nook and corner of Texas expressing the earnest hope that the present "Catch Up Campaign," to provide one million and five hundred thousand dollars, is being everywhere carried forward in the spirit of whole hearted joyfulness, and with the high purpose to win.

The interests and issues involved in this Campaign are too serious and tremendous for any Texas Baptist to be willing, on any plea, to stop short of his or her best help in the Campaign. All of our co-operative work, missionary, educational and benevolent, both at home and abroad, is bound up on this Campaign. All of this co-operative work, let us ever remind ourselves, is wholly dependent upon our voluntary co-operation. The state levies taxes for the carrying forward of its enterprises, Christ's cause is carried forward by the voluntary gifts of His friends. Every one of us is therefore put upon his or her sacred honor, both in the sight of the people and in God's sight, to give our utmost loyalty and support to that cause in which are enwrapped the highest hopes and the supremest interests of mankind, both for today and for the long tomorrow. If Texas Baptists should dilly-dally in such an hour as this and with such a Campaign as they are now waging, they would mortgage the future and put shackles on their children's children, for generations to come.

God is setting His seal in a marvelous way to the work that is now being done by our Baptist people. Their great program in recent years has been so startling in daring, and so wonderful in co-operation, as to challenge the attention of mankind around the globe. In the wake of such vastly enlarged program, new missionaries have gone forth by the hundreds, and new converts have confessed Christ and followed Him in beautiful baptism, by the hundreds of thousands. Our Christian schools have all been strengthened and enlarged, and trained Christian students are being sent forth in ever enlarging numbers to strengthen the churches and to bless the world. Our Orphanage and Hospitals have been greatly fortified and new ones built, so that God's grace is being gloriously exemplified by the ministry of healing. Our churches and all their agencies have been so vitalized and blessed by our enlarged program as to call forth devout thanksgiving from all our hearts. For Texas Baptists to be half hearted in such an hour as this, or to allow themselves to be diverted from the work of caring wisely and worthily for their present "Catch-Up" Campaign, would be far worse than a tragedy—it would be treasonable to the incomparable trust committed to us by our Lord Jesus Christ, and treasonable to the highest welfare of souls for whom He died.

There are well known influences at work to divert Texas Baptists from their great Campaign. For one thing, there is going on a statewide, political campaign, with an election soon to follow. We would not minimize the duty of Christians to be true to the high obligations upon them in the realm of civil government, but we would from our deepest hearts adjure them not only to "Render unto Caesar the things which are Caesar's," but also to remember to "Render unto God the things which are God's." God's people are to have the sense of perspective, the right viewpoint—they are to seek first the Kingdom of God and His righteousness. It is righteousness which always exalts a nation, while sin is ever a reproach and a waste to the people. If Christ's cause should be ignored, then nothing would be stable and safe in the social order. For a people to seek to build a civilization without regard to the will of God would be to build it on the shifting sands. Christ's cause is the only hope and help for humanity, in all realms. That cause should be given the first place, every moment, in all our lives.

We would speak here briefly but frankly, concerning the well known and noisily aggressive and spectacular efforts that are being put forth in Texas, not only to hinder the present Campaign, but also to cheapen and hinder the advancement of all the co-operative work fostered by our Texas and Southern Baptist Conventions. Texas Baptists will meet

## Winn & Pidgeon

this opposition just as they have met such opposition before; that is to say, they will completely answer and expose the inaccurate and reckless stream of statements sent near and far, concerning our Baptist work and workers, and they will at the same time redouble their efforts to provide worthy gifts to care for the work. We send the frank word to our brethren and sisters everywhere, that while the opposition above referred to is both deplorable and inexcusable, yet the outcome of such opposition to Christ's cause will be what it has always been before—pitiful confusion and shame to those who have trifled with Christ's work, and greatly added triumphs to the work itself. We will now remember Paul's great word: "But I would ye should understand, brethren, that the things which happened unto me have fallen out rather unto the furtherance of the Gospel." We will also remember his faithful admonition to "Stand fast in one spirit, with one mind, striving together for the faith of the Gospel; and in nothing terrified by your adversaries; which is to them an evident token of perdition, but to you of salvation, and that of God."

Our hearts are warmed to the depths when we remember how quickly Texas Baptists have again and again accomplished a great victory in a brief time. They are called now to achieve a mighty victory in a few fast-passing days. They are abundantly able to accomplish such victory, for God has marvelously blessed them both temporarily and spiritually. Let us with one heart and "with both hands earnestly" now dedicate ourselves to the winning of that victory. Let us do twice what our churches did a year ago, in order to grapple victoriously with the acute needs and constantly enlarging opportunities of all our Baptist enterprises.

The whole situation makes the most challenging appeal to pastors, deacons and all other officials in all our churches. Let such leaders recall that deeply significant sentence in the Book of Judges: "For that leaders took the lead in Israel, for that the people offered themselves willingly." Let us faithfully make the expression: "The leaders took the lead." That is the high business of leaders to lead the people in the right ways, to do the right things, the leaders themselves seeing to it that they set the right examples for the people. Following such leadership comes the other significant expression: "The people offered themselves willingly." God grant that every leader in every church in Texas may now

lead the people in this Campaign according to the will of God. And may the people in the churches, all the estates of all the people likewise make just that response to this Campaign which shall be according to the will of God. Through every day and hour leading up to the Waco Convention, let us all and each, by prayer, by personal testimony, by our best gifts, seek to fortify the Campaign according to the will of God. And in the Waco Convention a few days hence, let us gather, the Lord willing, to take most faithful counsel with one another and with God how to win still more glorious victories in His name in the great days which are just ahead.

D. 1922, in a suit numbered on the docket of said Court No. 4078, wherein Dolie French Griffin is plaintiff and John Henry Griffin is defendant, the nature of plaintiffs demand being as follows, to-wit:

That on or about the 6th day of July, 1920, in McCurtain County, Oklahoma, plaintiff was lawfully married to defendant, that they lived together as husband and wife until on or about November 1st, 1920, when by reason of the cruel and harsh treatment of defendant toward plaintiff, she was forced and compelled to abandon him since which time they have not lived together as husband and wife.

STERLING OIL NEWS.

From Sterling City News-Record: There was a stampede to the Cushing well Saturday when it was reported that oil had been struck. Quite a number of our citizens went out, but they were again partially disappointed. Drilling had been suspended for a few days and when the barrier was sent down to draw out the water that had accumulated in the hole, it came up with oil in it instead of water. This was repeated several times and each time the bailer brought oil, and it looked like Cushing-Enders people had reached the end of the rainbow and these facts were telephoned in. After awhile the oil that had accumulated was exhausted and the conclusion was reached that the oil found had come into the well while drilling was suspended. However, the drillers are full of confidence and believe they will yet bring in a producer.

The drill is slowly feeling its way around the 4175 foot level. The oil found in this well is of an amber color and of a very high grade.

The drillers steamed up at the Durham well No. 1 southwest of town last Wednesday. Paul S. Odward, head of the Texas-Chicago Oil & Gas Syndicate called on us that day and assured the News-Record man that a force of men were at work stringing the tools and adjusting the machinery and making plans to run day and night shifts until the well was completed. K. K. Biglow, who is drilling the Cushing well will assume charge of operations in a few days. In the meantime J. R. McCannon and Earl Craig will have charge of operation at present. Everyone is betting on this well.

### ADVERTISING

A merchant in a neighboring town states his advertising thus far this year cost him 54 cents for every \$100 worth of goods sold. He used half a page of his local paper each week for his business announcement, and says that as long as people read newspapers he will continue to advertise. There's a man possessed of a good head. Just as soon as merchants begin to look upon advertising as a branch of their business which requires as much care as any part of it, then will advertising pay. Honestly, force, originality and persistence in advertising makes it paying investment.—Merkel Mall.

### TEACHERS' INSTITUTE WILL CLOSE FRIDAY

The Mitchell County Teachers' Institute was convened at the High school auditorium Monday and has been in session throughout the week. The sessions will close Friday afternoon. The institute was called to order by Judge J. C. Hall, ex-officio superintendent of instruction, but because of pressing official duties, among which was presiding at County Court during the week, Judge Hall was unable to attend the sessions and Chas. Thompson was elected chairman.

The institute this year has been a success from the very start. Thompson stated Thursday morning. The attendance has been almost one hundred per cent and the subjects discussed were all interesting and instructive and handled in a creditable manner by the teachers.

The Interscholastic League for the current year was organized Monday, with the election of Chas. Thompson director general. Mr. Thompson states that the league meet, which is scheduled to be held next spring, promises to excel all previous contests of like nature in the county. Tests of like nature.

### Homesteaders Use For West Texas

West Texas is due to come into her own, and that very shortly. The fine record this section is making the present year is attracting attention from all sections of the state, and there is going to be a rush of homesteaders to secure land while it can be purchased at a reasonable price and on easy terms.

Many farmers in East and Central Texas are becoming tired of raising cotton to feed the boll weevils and have their eyes turned westward where the boll weevil does not thrive. Do you wonder that they are headed for West Texas where they can farm large acreages with less trouble and with a better prospect of making a profit year after year; where land can be purchased at what appears to those who have been used to \$100 to \$200 an acre land as a most ridiculously low prices since numerous instances can be cited wherein farmers in Howard County have paid for their land with one season's crop. This is not an uncommon occurrence during favorable years—yet there are those who have done this the past year, which has been anything but an extra favorable year since we had no general rain since June. Another factor that is playing a part in the bringing of a big develop-

ment era to West Texas is the subdividing of large ranches into 160-acre farms. These are being sold to practical farmers on easy terms, and speculators are being discouraged. Ranchmen held on to their vast ranches until now, but they at last realize that the country is too valuable as an agricultural section to be further denied recognition.

Never in the history of this section were so many inquiries being received relative to farming land in our county and we can expect many prospective farmers paying Howard County a visit in the coming months.—Big Spring Herald.

### ENGINEER HERE MONDAY TO INSPECT PROJECTS

E. M. Noyes of Dallas, member of the firm of Myers & Noyes, engineers in charge of the sewer and water extension projects at Colorado spent Monday here checking up work of the contractors, Weeks & Hightower. Mr. Noyes expressed himself as being highly pleased with progress of the sewer project and stated that the city was receiving an entirely satisfactory job on this contract.

Connecting laterals for the sewer system are nearing completion and the entire system should be ready to turn over to the city within the next few weeks. Work on the water extensions are to be commenced within the near future, Noyes stated.

While in the city Mr. Noyes also made an inspection of the new water wells recently drilled on the waterworks property east of the city. Two deep wells have been drilled there and present plans are to drill one more, making three of these deep wells, in addition to those formerly used as the water supply for the city.

### HUNDREDS OF CITIES PLAN ARMISTICE CELEBRATIONS

Armistice will be celebrated in almost every city and town of America Saturday, and in hundreds and hundreds of these places the programs are to be elaborate. Several of these celebrations are to be held in the vicinity of Colorado. One of the largest parades ever attempted in West Texas is scheduled at Abilene Saturday when the entire city will join with former service men in celebrating Armistice Day. Sweetwater is another city in which similar plans are being announced.

Colorado will also celebrate Armistice and the program promises to be an interesting one. Stores and offices of the city are to close for the day Monday, November 13th, and in the afternoon a big parade will form on Second street near the Ford agency building. The parade will follow Second street east to Elm, then north to Fourth and west to Union Tabernacle, where services will be held.

## Good Farming Land Cheap--Easy Terms

Sold by Hart-Costin Realty Company

This section is known as the Sudan country in the shallow water district of the Plains, and is on the line of Lamb and Bailey Counties. The town of Sudan is located on the main line of the Santa Fe Railroad, northwest of Lubbock and is southwest of Plainview. It is a new, growing town with all facilities necessary for the incoming settler, including a good cotton gin.

The Sudan lands range from the tighter to the mixed sandy, catclaw land, being very heavy red sandy loam with an extremely thick red clay subsoil. This red clay subsoil is very thick, which makes this land practically sub-irrigated. When once wet, the moisture keeps rising, hence will make crops with almost no rainfall. No white blow sand or shinnery. No breaks, rocks or grubbing. This high grade red sandy land has been farmed here for eight or more years and has never as yet failed to make crops. It is very easily cultivated. An inexhaustible supply of good water. There is a school house on this land and the Texas State Highway now being completed is almost to this land and is expected to cross it.

A large number of farms have already been developed, and more families moving in all the time. While many of these farmers are from Kansas, Central Texas and elsewhere, the majority are from other plains counties, counties along the Ft. Worth and Denver railroad, Southwestern Oklahoma, and counties East of the Cap. These being a class of farmers that know land and selected these lands as the safest and best for farming, they having had practical farming experience in the West. Various crops do well here, including cotton. Corn is an especially safe crop.

These lands being about 6 1-2 miles from town, and we are selling it at the same price land adjoining sold for several years ago. We are selling this in tracts of about 177 acres, and price is only \$30 an acre, including school debt. \$3 to \$5 an acre cash, ten years time on balance if desired. A part of the purchase price is school debt, which runs 17 years yet. All notes, including the school part, can be paid off at any interest paying period.

If you want to build a barn and live in it awhile, you will have lots of neighbors doing likewise, or if you want to develop your farm to a high state at once, you will have plenty of neighbors doing this.

See this community. This is the place to become a farm owner through one or two crops. You owe it to your children to locate in this rich section where they will have more opportunities for advancement. Do not confuse this close in land with land twenty to forty miles from the Railroad.

Just think, nothing to pay but interest for ten years. If you have a little money and wish to begin paying out a little home now is the time to start. Stop and think, there is being no more land made, but the population of the world is increasing every day.

If you wish to look this land over call on us at our office in City Hall, we will reserve you a seat, we will make a trip once a week.
