

INTERSCHOLASTIC LEAGUE AT COLORADO NEXT YEAR

Plans for making of the interscholastic league, to be held at Colorado March 28 and 24, 1923, the best league ever held in Mitchell County have already been started by G. D. Foster, elected director general of the league by Mitchell County teachers here last week. Foster announced some of these plans Friday afternoon in an address before the teachers institute, just before the session was closed.

Dues for membership in the league will be one dollar for those rural schools of less than one hundred scholastic population and two dollars for all other schools. Foster stated. Payment of these dues will give the schools the right to participate in any of the athletic or literary events.

"We expect to soon announce definite awards in all of the several awards," Foster stated, "and can now promise that at least one loving cup will be among the awards offered. Another loving cup is promised and we plan to obtain either bronze or silver medals for all first prize awards." He urged the teachers to co-operate with those directing the program.

Other officers elected are as follows:

B. L. Templeton, director public speaking; Perry T. Brown, director spelling; Miss Steadham, director essay writing; P. L. Ferguson, director athletics; L. E. Crutcher, director debate; Chas. Hooks, director rural schools; Miss McNutt, director music.

COMMISSIONERS COURT IN SESSION FIRST OF WEEK

Commissioners' Court adjourned Tuesday afternoon after a session of two days. Judge J. C. Hall states that the usual routine business constituted practically all work of the court during the term.

Place your order for Christmas cards at the Record office.

12 FELONY CASES WAIT DISTRICT COURT ACTION

At least 12 felony cases are pending for probing during the November term of District court, to convene at Colorado Monday, Sheriff W. J. Chesney stated Tuesday. Five prisoners, each charged with felonies, are in jail awaiting grand jury investigation, and seven others are under bond to appear before the jury. The term promises to be a busy one, according to Mr. Chesney. In addition to the twelve felony cases pending, the usual number of misdemeanor cases are expected to develop as the grand jury commences its work. Two of the prisoners held, charged with burglary of the C. M. Adams store, have been in jail since last spring, they defaulting in making bond allowed by Judge Hall following a preliminary trial.

PUBLIC HEALTH SERVICES AT M. E. CHURCH SUNDAY

Dr. P. C. Coleman, chairman of the cancer prevention campaign for Mitchell County, announced Wednesday that union services would be held at the First Methodist church Sunday evening at seven o'clock, to observe a program in keeping with that recommended by the American Society for the Control of Cancer, and the United States Public Health Service, each of which organizations co-operated in arranging for the week of November 12-18 to be observed as Cancer Control week.

Literature, supplied by both the society and the government has been collected by Dr. Coleman and will be distributed through the churches and schools of the city.

Dr. Coleman stated that the several churches of the city would be invited to co-operate in the program Sunday evening.

NEW CORRESPONDENTS

The Record is pleased to give space for news letters from the New Hope and Shepherd communities this week, and we trust the correspondents at these places will send in letters every week.

ARMISTICE DAY PROGRAM IS OBSERVED COLORADO

"It was the most impressive Armistice service I have ever attended." Thus was the manner in which scores of people of Colorado and from various surrounding communities expressed themselves concerning the program rendered Monday afternoon at the First Methodist church under auspices of the American Legion.

Recognition of fourth anniversary of Armistice Day was noted here throughout the day Monday in the closing of practically all places of business in the city. The program for the day, however, was not begun until in the afternoon when the Colorado Booster Band, former service men and others, formed in parade on West Second street, at 2 o'clock. The line of march followed Second street east to Chestnut and turned north, ending at the church.

Arriving at the church halt was made for the first impressive rite of the ceremonies. As the band and former service men stood in formation, with others standing at attention, all faced the west in silence out of honor to the memory of the boys from Mitchell County who had "gone west." Pausing thus for one minute, "taps" was sounded and the program was concluded in the building.

Inside the church the ceremonies were opened with concert music by the band, after which the invocation was pronounced by the Legion chaplain, Thomas R. Smith, in charge of the program, introduced L. W. Sandusky, Rev. W. M. Elbert, C. M. Adams, and Rev. D. R. Hardison, who in turn delivered addresses. Mr. Smith also delivered an address. Singing of "America," led by Thos. Dawes, and a quartet by former service men were other features of the program.

Each of the speakers painted a vivid picture of some of the scenes attending mass meetings in Colorado some five years ago, when the public met in mass to bid the young manhood of Mitchell County good bye as they were leaving for the cantonments to train for army service. More than once numbers in the large audience were in tears as one of the speakers described the scene of mother or wife bidding son or husband farewell, perhaps for the last time.

The speakers paid a tribute to the young men of America for the part they had in stopping the onrush of the mailed fist of Germany and finally, on that eventful day, November 11, 1918, causing the guns to cease and men to fall no more in battle as if in wind rows. That celebration of that date should be one of the most sacred and cherished by the American people, more than one of the speakers declared.

In recalling the events remembered so well, when the boys were leaving home for the front, each of the four speakers also recalled pledges made by the people of Mitchell County to those boys during those times, in which it was promised "there is nothing that we cannot do for you."

"I am looking into the faces of the same men and women today who stood up in a mass meeting at the Christian church some five years ago and pledged to those boys that there is nothing too good for us to do for you," one of the speakers stated. "I am also looking into the faces of the same men and women whom I recognized at mass meetings at the tabernacle just west of us and put over the Liberty Loan and Victory Loan drives, and the call of the Red Cross by more than five hundred per cent."

"These boys, who laid their all upon the altar of services for their country, and there are some of them who made sacred the soil of France through the spilling of their blood upon its battlefields—are asking that you do but little for them. In fact, they are modest and have not taken the initiative in calling upon the public to do anything for them. A certain civic organization in Colorado inaugurated the campaign to build a hut in this city as a memorial to these boys. It is a call to your patriot-

COLORADO MAN KILLED IN ACCIDENT AT BIG SPRING

L. H. Costin, 23, son of Mr. and Mrs. L. A. Costin of Colorado, was instantly killed Sunday afternoon while at work in the Texas & Pacific shops at Big Spring. Costin, an electrician, was employed in the shops and while working on a pole carrying live wires in the sheds, fell a distance of eighteen feet to the concrete floor below and was instantly killed.

E. S. King, another employee in the shops, was the first person to reach the body of Mr. Costin after he fell. King was in Colorado Wednesday to attend the funeral services and stated that it was supposed that the deceased came in contact with a live wire which knocked him from the pole. In so far as could be learned, however, no one saw Mr. Costin the moment he lost his equilibrium and fell.

The remains were shipped to Colorado Monday morning and were met at the Texas & Pacific station by members of Oran C. Hooker Post, American Legion, who took charge of the body and escorted it to the home of his parents in N. Colorado. The casket was draped with an American flag.

Funeral services were not held until Wednesday afternoon, pending arrival of a sister, Mrs. Clarence Dubon of Baton Rouge, La., who arrived early Wednesday morning. The services were conducted at the family home at two o'clock Wednesday afternoon by Rev. J. F. Lawlis, pastor of the First Methodist church, assisted by Rev. E. A. Clements.

After conclusion of the services in the home the Masonic lodge took charge of the remains and concluded the rites at I. O. O. F. Cemetery. The floral offerings were profuse and hundreds of friends of Mr. Costin and family followed the remains to the cemetery. Funeral arrangements were directed by J. H. Greene.

The death of L. H. Costin was the occasion of sorrow throughout the entire city. He was the son of one of the most prominent families of Colorado and a young man himself very popular here. He was a former service man and a feature of the Armistice Day program at the Methodist church was a special prayer for his bereaved loved ones and a memorial to his honor.

NEGRO CRAP GAME ENDS AS SHOOTING IS BEGUN

One Walker Smith, negro, is in jail facing charges of assault with intent to murder, while another is nursing a broken arm as the result of a shooting scrape which terminated a negro crap game Friday night on the Smith farm west of Colorado.

TENNIS TOURNAMENT HELD HERE MONDAY, NOV. 13TH

Representatives of the Sweetwater Tennis Club came to Colorado Monday for a series of games with players from the Colorado club. Lunch was served the visitors at noon on the tennis court at the Thos. Dawes home.

ism and for you to fulfill the promise you made them five years ago."

The appeal for subscriptions to the American Legion hut was closed by Rev. Mr. Hardison. He called voluntary contributions and the sum of \$885.00 was pledged within a few minutes. Several thousand dollars are yet to be raised to finance the hut as planned by Legion officials.

The services, which had been planned to take place at Union Tabernacle, were changed to the Methodist church on account of the severe cold weather prevailing Monday morning. Post Commander Joe Y. Fraser, learning there were no stoves in the tabernacle, issued an order changing the place of meeting.

Ladies of the Civic League and Woman's Auxiliary had an important part in arranging the program and they personally decorated the church. The decorated truck of the American Legion which was driven in the parade was also the work of the ladies.

CLEVER FORGER PLACED UNDER ARREST IN CITY

A young man said to be 25, and who gave his name as D. C. Lynch and his home as Roswell, New Mexico, was placed under arrest late Thursday of last week by Dick Hickman, police officer, and jailed on the charge of forgery. The charges against him will be investigated by the grand jury, to be convened next week.

From information from the Sheriff's office, it developed that Lynch had been employed by R. W. Hewett of near Cuthbert to pick cotton. He came to Colorado and while in conversation with J. C. Moore, proprietor of lunch room near the city hall, stated that Mr. Hewett owed him \$30.00 on account of cotton picking.

"I will give you \$5 of that money if you will drive me out to Mr. Hewett's farm," Lynch is claimed to have stated to Moore.

Moore accepted the proffer and taking the man in his car, drove to the Hewett farm. Mr. Hewett was out in the field, and Lynch went where he was at work, returning in a short time with a check for \$30.00 written over Hewett's name. Upon solicitation from Lynch, Moore cashed the check and later during the day when he presented it at the City National Bank for payment, officials there detected it to be a forgery and declined to honor the check.

In the meantime, Lynch again called at the Moore lunch room and persuaded an employee there to cash another check for \$13.00 and was preparing to board an outbound freight when apprehended by the officer.

BURGLARS ENTER ROBERTS AUTO TOP CO. BUILDING

Affecting an entrance into the building occupied by the Roberts Auto Top Company, burglars appropriated merchandise to the amount of \$35. The burglary was committed some time between Saturday afternoon and Monday morning.

O. J. Roberts, manager of the business, left Colorado Saturday afternoon to visit relatives in Abilene and upon returning Monday morning found that the building had been broken into.

Ward Timlin, until recently of Colorado, is here this week from Freeport on business. Mr. Timlin was formerly court reporter for the 32nd Judicial District and made his home at Colorado.

SPECIAL SERVICES HELD HONORING SERVICE MEN

Honoring former service men of Mitchell County, special services were held at the First Christian church Sunday evening. The program consisted of special music and addresses by members of the local American Legion post and Rev. Mr. Hardison, the host pastor. The men honored occupied reserved seats in the center of the church auditorium.

"The post is very much indebted to Rev. Mr. Hardison and members of his congregation for these special courtesies," Joe Y. Fraser, commander, stated Monday. "We appreciate such consideration, and enjoyed the program to the fullest extent."

112 POLL TAX RECEIPTS ISSUED WEDNESDAY NOON

W. J. Chesney, tax collector, reported Wednesday at noon that a total of 112 poll tax receipts for 1923 had been issued up to that time. Tax payments are coming in slowly, the collector stated. Poll tax receipts issued by voting precincts are as follows:

Colorado 40; Loraine 45; Westbrook 12; Spade 8; Carr 2; Cuthbert 3; Buford 2.

Chesney and Office Deputy Chas. Franklin will be in Loraine today, Friday, to collect taxes from property owners in that end of the county. On the following Friday, November 24, they will be in Westbrook to collect taxes there. These dates have been arranged for the convenience of the public. During the two days, the collector's office at the court house will remain closed.

ADDITIONAL WELLS WILL BE DRILLED IN MITCHELL

Tentative locations for two additional wells in the Underwriters block were made this week, both of them to be drilled by the Underwriters Producing and Refining company. The tentative plans are to drill these wells in the vicinity of producing wells northwest of Westbrook. These, with Smartt No. 1, now ready to spud by S. A. Sloan and associates, and Badgett No. 2, recently spudded by C. F. Kelsey, will make a total of four new tests in the field. Badgett No. 2 was spudded only a few days ago and is down about 250 feet.

The Magnolia Petroleum Company drilled through an excellent showing Wednesday in Foster No. 1, three miles south of Iatan, 2400 feet. Drilling is being continued for deep production.

Coleman No. 1 was drilling at 2960 feet Thursday morning, after having penetrated several good showings. This test will be drilled to the Morrison sand. Drilling is to be started again at Zilpha Morrison within the next few days and this well will also be deepened to the Morrison pay level.

The crew at Smith No. 1, five miles west of Colorado, were drilling at between 2400 and 2500 feet Thursday in the attempt to dislodge the string of tools lost several months ago. A pocket will be drilled below the tools before further efforts to recover them are made.

The California Company is reported as nearing the 2000 foot level in Richardson No. 1. C. C. Bowser of Bowser and Reed, is expected to return to Colorado probably next week and commence preparations to resume drilling at Badgett No. 2.

A new derrick will be built to replace the one which collapsed a few weeks ago.

LeSue No. 1 was reported as making more than 100 barrels on the pump Thursday. Texas & Pacific No. 2, Morrison No. 2 and other pumps in the field are holding up satisfactory.

Oil men in Colorado were greatly enthused during the day Thursday because of the rain which fell intermittently several hours. The water shortage in the field has been one of the greatest handicaps operators have been facing and a good rain, running water in surface tanks would directly result in drilling being resumed at several wells.

JACK HELTON NEW POST COMMANDER COLORADO

Jack Helton of Colorado was elected commander of Oran C. Hooker Post, American Legion, at the annual business meeting held Thursday night of last week at the Chamber of Commerce. Helton succeeds Joe Y. Fraser and was elected for a period of one year. Other officials elected for the ensuing year are: C. C. Pritchett, 1st vice commander; Alvin Myhre, 2nd vice commander; W. E. Shields, post adjutant; Charles Farris, finance officer; Floyd Quinney, Sergeant at arms.

Discussion of the proposed American Legion hut at Colorado constituted much of the business introduced. Rev. D. R. Hardison and Dr. P. C. Coleman met with the post and delivered addresses, pledging their support to the hut campaign. Rev. Mr. Hardison suggested that in view of the fact that no other town in the county was large enough to finance the building of a hut, the campaign here be made county wide and the opportunity extended every citizen of Mitchell County, especially the property owners, to contribute something to the hut, as a memorial to the boys of this county who were in the service.

Dr. Coleman stated that he believed support of the boys in this campaign was nothing more than a patriotic duty of the citizenship and gave detailed suggestions as to plans for raising the funds needed to build the hut. Dr. Coleman pledged a subscription of \$500.00 to the fund. This is the largest individual subscription yet made public.

A Pen That Is Different

Here's a pen that is even more than a perfect writing instrument. It is an unique article of adornment which one may well be proud to show.

The NEW WAHL PEN

with daintily engraved, all-metal barrel marks an epoch in fountain pen making. Greater ink capacity, and the ink cannot leak. There's a style of writing that writes exactly like you.

Let us show you your WAHL PEN today

An ideal Christmas present. The Pen alone or in matched combination with Eversharp Pencil, in gold or silver. See them at Record Office, exclusive agents for the Wahl Pens.

the body, Thrift Club of Cuthbert, The Pioneer Club of Lone Star and the Daughters of the King of Colorado. It was decided to be responsible for the sale of the tubercular Christmas seals. Every club accepted its quota and will try to sell them. Home economics was discussed and the women asked to help put over the work of the girls clubs as outlined by the Home demonstrator and her assistants. A luncheon cooked in the steam pressure cooker was served. This consisted of chicken, dried beans and stewed dried fruit cooked while the club was in session. Coffee and sandwiches were served with it and everyone pronounced it delicious. The next meeting will be held in the Baptist Sunday school rooms. The leading topic for discussion will be economical Christmas ideas. The Hesperian club will be hostess.

U. D. C.

The U. D. C. will hold their regular meeting at the residence of Mrs. J. G. Merritt November 21, at 4:30 o'clock. With the following program:

Business.
Roll Call—Thanksgiving thoughts.
Reading—Twenty-five years ago—Mrs. R. N. Gary.
Story—A little of the history of the Confederate Museum—Mrs. F. Lupton.
Report of the Twenty-Sixth Annual Convention of the United Daughters of the Confederacy—Mrs. Jack Smith.
Social hour.

Auxiliary to American Legion

The Woman's Auxiliary to the American Legion met at the Chamber of Commerce Saturday at 4 o'clock. The poppy sale which the ladies had carried on all day amounted to nearly fifty three dollars. Numbers of people responded to the call to help the wounded ex-service men in hospitals. The firm of Burns Dry Goods Company were the most liberal purchasers, buying enough to make a miniature field in the show window. Plans were made to decorate for the Armistice program to be given on Monday afternoon. The next meeting will be the election of officers and will be held with Mrs. Tom Hughes.

Mission Club.

The Mission Club of the Presbyterian church was presided over by the vice president, Miss Mary Riordan at the home of Mrs. Abe Dolman last Thursday. The special topic of Home Missions, Mountain Missions, was studied, led by Mrs. Dolman. The club is systematically studying the bible and the lesson in Genesis was conducted by Mrs. Jerold Riordan. The guests were Mesdames

Osborne, Bruce Aycock and Browning of Kansas City. The hostess served home made ice cream and cake.

Needlework Guild.

The local branch of the Needlework Guild of America held its annual meeting at Mrs. B. S. Van Tuij's on the 8th of November, and 242 new garments and household linens were packed. The boxes were shipped to 5 different orphan homes in Texas.

Daughters of the King.

The Daughters of the King met with Mrs. A. A. Dorn last Thursday. The devotional consisted of a sermon being read by Mrs. Merritt which was preached by Bishop Darlington in Memorial of Miss Bennett. Many visits and gifts of flowers were reported to the sick, strangers and shut-ins. A Thanksgiving shower was planned for one of their shut-ins. The hostess served a fried chicken dinner. The December meeting will be with Mrs. Ruddick.

Central Circle

The Central Circle of the Methodist church met with Mrs. W. P. Leslie Monday afternoon. Besides the regular business a church meeting was planned for the 21st in the basement of the church. "Capsules" were given to each member and she was urged to take excellent care of it. The hostess served cocoanut pie and coffee. The December meeting will be with Mrs. Merritt.

1921 Study.

Mrs. Henry Pond was hostess for the 1921 Study club. The program was on Poe and the short story led by Mrs. Tom Pritchett. Mrs. Stewart Cooper gave a paper on Poe, founder developer and model of the short story. A discussion, classification of Poe's stories, Mrs. Charlie Thompson. Discussion and analysis of the Gold Bug, Mrs. Pritchett. At the business period the club decided to take one-fourth page ad in the High School Annual. The guests were Mrs. L. R. Pond, Mrs. Leslie Terry and Mrs. O. B. Price. The hostess served fried oysters, their accompaniments and caramel pudding. The meeting this week is with Mrs. Ed Jones.

Hesperian.

The new member, Miss Lacewell, entertained the Hesperian at Mrs. D. M. Logan's. The club observed Armistice Day with a program on Americanization. Splendid papers were given. Mrs. Vivian Shropshire gave one on The History of the American Flag. Mrs. Leslie one on Our Country, its history and government, its ideals and traditions. Mrs. Merritt one on Service, the Keynote of Democracy. This program was interspersed with patriotic songs and violin solos by Miss Steadham with Miss McNutt accompanist. The patriotic spirit was carried out in the refreshments of red, white and blue cake and red, white and blue brick ice cream. Mrs. Milwee, Misses Lane, McNutt and Steadham were welcome guests. The meeting this week will be with Mrs. Sam Majors.

Standard.

The club had a full and interesting meeting with one of the new members, Mrs. Y. D. McMurry. The lesson period was devoted to the study of Carlianus at the social hour a delicious two-course luncheon was served. The meeting this week will be with Mrs. M. Carter.

Bay View.

Mrs. C. T. Harness entertained the Bay View. The short story and Shakespeare lessons were led by Miss McComas. At the social hour a salad course and cherry pie were served. The meeting this week is with Mrs. E. F. King.

MARRIED.

Mr. Barkley Adams of Cleburne and Miss Vernella Crook of Colorado were married Sunday evening at 6 o'clock at the Baptist parsonage, Rev. M. C. Bishop, performing the ceremony. Mr. and Mrs. Adams left at once for Cleburne where they will make their home.

WED E. REID Machinist (At Record Office)

Typewriters Rebuilt, Overhauled and Repaired. Auto Speedometers Reset and overhauled. Absolutely no Auto work.

WESTBROOK ITEMS.

Miss Ramelle Hamilton, after spending a week of vacation with her grandparents, Mr. and Mrs. J. E. Lase'er, returned to her home in Dallas Sunday.

Leman Draper spent the week-end with home folks at Loraine Sunday. Mr. and Mrs. W. C. Hooks of Buford, were guests of Mr. and Mrs. E. V. Bell Sunday.

Members of the Methodist church and friends of Rev. and Mrs. Silas Dixon gave them quite a surprise

ATTEMPT TO MODIFY DRY ACT IS EXPECTED

With the election of at least 155 wets to the new House, substantial modification of the Volstead act may develop as soon as the new Congress convenes.

The defeat of Representative Andrew Volstead, leaders of the dries and author of the dry law, may contribute something to the success of possible wet efforts, it was pointed out, because his probable successor as chairman of the House judiciary committee, Representative G. C. Hinckley, its national secretary, predicts a wet control of the House which might even lead to repeal of the Volstead law.

"In view of the extent of the political landslide, as well as the fact that the majority of our endorsed candidates in the Middle West belong to the party that is forging ahead this year," Hinckley said, "no satisfactory estimate of our total gain can be made for another twenty-four hours. It seems reasonable to assume, however, that our present indicated gain of thirty will be more than doubled when all the returns are in."

"By virtue of the fact that only one-third of the Senate came up for re-election, there will be less change there, although we will gain at least four liberals."

"The prohibition referendums in California, Illinois and Massachusetts are heavily in our favor. The vote in the Ohio referendum is more evenly divided."

Wayne B. Wheeler, general counsel for the Anti-Saloon League, while somewhat surprised at the large number of wet returns, nevertheless declared late Wednesday, that "in many cases where Republican dries have been defeated, Democratic dries have won, so the margin of dries in the House will remain strong. It is safe to say that we would be able to defeat any proposal to relax the dry laws."

NOTICE TO CREDITORS. THE STATE OF TEXAS

County of Mitchell.
To the Creditors of Mrs. Kate Carter, you are hereby notified that Mrs. Kate Carter, of the county of Mitchell, on the 28th day of October, 1922, executed a deed of assignment, conveying to the undersigned all of her property for the benefit of such of her creditors as will consent to accept their proportional share of her estate and discharge her from their respective claims, and that the undersigned accept said trust, and has duly qualified as required by law.

All creditors consenting to said assignment must, within four months after the publication of this notice, make known to the assignee their consent in writing, and within six months from the date of this notice file their claims, as prescribed by law, with the undersigned, who resides at Iatan, Texas, which is also his post office address.

Witness my hand this 3rd day of November, A. D. 1922.
11-24c J. H. BARKER, Assignee.

WEEVIL CONTROL IS FOUND CLAIMS FLORIDA EXPERT

Gainesville, Fla., Nov. 14.—Developments of a satisfactory method of controlling the boll weevil on short staple or upland cotton was announced here tonight by Dr. Wilmot Newell, plant commissioner for the state board and director of the University of Florida experimental station.

Dr. Newell's announcement was made as the result of the successful culmination of research work by Geo. D. Smith, associate entomologist, conducted under the auspices of the state plant board.

The method involves a principle in boll weevil control heretofore not recognized by other investigators. Dr. Newell stated, and he added that the total cost of treatment, labor included, does not exceed \$1.50 or \$2 an acre. In the fields treated, the cotton crop in nearly every instance has been as large as that obtained prior to the advent of the weevil.

While some poison is used the amount is comparatively small. Dr. Newell said by means of the improved method a cotton field is cleared of practically all boll weevils early in June and remains in that condition for several weeks. During this period a good crop of bolls is set without weevil interference.

Both the state plant board and the experiment station will issue immediately bulletins on the improved method of control.

Notice to school children, get your pencil tablets at Record office at 3 for 10c or 40c dozen.

SNOW AND SLEET VISITED ABILENE FOR BRIEF TIME

Abilene and vicinity was visited Sunday and Monday morning by the first real touch of winter, a brief ice storm following a thunderstorm of early Sunday morning. This city has been visited since Saturday night by a variety of weather. Saturday afternoon the weather was so hot that a wrap or overcoat was strictly taboo, while Monday morning everybody was huddled in a warm wrap or coat and it was considerably uncomfortable if one was not so wrapped.

A rain measuring .72 inches fell in this city and in the surrounding territory early Sunday morning continuing intermittently throughout the day, although the mercury had fallen so low during the day Sunday that the rain stopped. Early Monday morning sleet fell at a rather rapid rate for a time, followed by a light snowfall which however melted as it fell and did not remain on the ground. The total rainfall for the city since the first of the year is given at 23.38 inches.—Abilene Reporter.

STERLING OIL NEWS.

From Sterling City News-Record:

J. L. Murray, field manager at the Sterling Petroleum Company came in Wednesday to arrange for the resumption of drilling in the Brennan well. Mr. Murray says that a car load of fuel is on the railroad tracks, and that a car of casing is expected to arrive any day, and as soon as these can be gotten on the ground, drilling will be resumed in the Brennan well. He says that Mr. Redmond, chief driller who has been on a fishing job at Brownwood is expected in any day. When asked how much deeper the Brennan well will be drilled, Mr. Murray said, "We know that it will be drilled 300 feet deeper anyway, how much more I cannot say." The present depth of the Brennan well is 3004 feet.

The drill is going at the Cushing well around the 4300 foot level. The material alternates between lime and shale at about 10 foot intervals. Pockets of inflammable gas is frequently encountered. Increasing showing of oil continue which keeps the operators in an expectant mood.

The drill is nearing the 900 foot level in the Sparkman well and every thing is going smoothly.

The sales of Calumet are over 150% greater than that of any other baking powder.

THE WORLD'S GREATEST BAKING POWDER

well is still suspended, but as soon as circumstances will permit, the Ender-Cushing intends to complete this interesting project.

The crew at the Durham well one and one-half miles southwest of town has had steam up every day this week adjusting the machinery and cleaning out the hole.

There are eight producing wells in the Iatan-Westbrook field. Production runs from 75 to 200 barrels daily in each of these wells. Lack of water is hindering drilling in this field.

Before you send your order off for a cook stove or range bring your catalogue and figure with us.—H. L. Hutchinson & Company.

JUDGE WILSON EXONERATED BY BODY OF LAWMAKERS

FT. WORTH, Nov. 14.—Federal Judge James C. Wilson was exonerated of all charges against him today, following a two months investigation of all charges against him by lawyers from the Tarrant Bar Association.

The investigation was demanded by Judge Wilson's friends, following publication in a church paper and statements in sermons here that he was easy on bootleggers, that he ate and drank with them and otherwise encouraged them in their operations.

SAYS UNITED STATES SPENDS MORE ON HOGS THAN BOYS

"Uncle Sam spends 170 times as much on hogs as he does on boys," Dr. Walter Scott Athearn, dean of religious education and social service, Boston University, told the Methodist Union of Greater Providence. He spoke on "Spiritual Illiteracy and Its Remedies."

"Last year," said Dean Athearn, "the sum appropriated for the national committee of education was \$600,000, of which \$200,000 was spent in gathering and distributing educational statistics and \$400,000 in the feeding of Alaskan reindeer. In the last year \$34,000,000 was appropriated to the Department of Agriculture to be used in the interests of raising hogs and corn."

"We have in the United States 8,500,000 persons unable to read or write the English language and 5,000,000 unable to recognize their own name in any language. This illiteracy is due to our basing our educational system on the community rather than the State and nation. The remedy is a national bureau of education. We are the only nation of size not to have a Minister of Education."

Some Day You'll Need a New Battery
You'll step on your starter button and not even get a murmur.
You'll wonder if some of those wires could have worked loose somehow—
You'll blame yourself for not having noticed that your battery's health was falling—
You'll make up your mind that you'll never get caught like that again—
Sixty miles from nowhere with a dead battery.
But it will be too late then to do anything about it!

The time to avoid chance of battery trouble is RIGHT NOW, when your battery is in perfect, bouncing health. There are a lot of things we can tell you about batteries, battery life, battery cost, battery care and so on as you'll come in.
You're welcome anytime!

Studebaker

No motor car is more satisfactory!
Made of the best materials the market affords, under most precise standards of workmanship, the Studebaker Big-Six Touring Car is the outstanding value among fine cars.
It is a roomy, seven-passenger car but is not bulky. And it does not carry an ounce of excess weight.
The 60-horsepower motor provides speed, stamina, flexibility and power in abundance.
Comfort is insured by correct design, long, semi-elliptic springs, restful nine-inch seat cushions and shock absorbers.
The body lines are distinctive, and the equipment includes many motoring refinements such as the one-piece windshield, tool pocket in left front door and the courtesy light on the driver's side which illuminates the roadway in passing cars at night.
At \$1650 it represents a large saving over cars that do not even approach it in intrinsic value. And it is economical to drive and possesses high resale value.
The body, like the chassis, is built in Studebaker plants, which eliminates middlemen's profits. The savings resulting are passed along to you.
The Big-Six is a wonderful motor car! It well sustains the 70-year Studebaker reputation for business integrity and honest value.

LORAINI NEWS

Local and Personal News About Loraine and Vicinity.

—MISS PEARL TEMPLETON—

Miss Templeton is also authorized receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and Vicinity. See her and take your County Paper.

Norman-Miller.

At the Baptist parsonage in Sweetwater on Saturday afternoon, the ceremony was performed which united in marriage Bert Miller and Miss Nell Norman, two of Loraine's popular young people. The Rev. Mr. G. L. Maroney officiated. The contracting parties stole a march on their friends when they motored to Sweetwater with the intention of seeing the "Armistice parade" and it was not until their return to Loraine that friends were advised of their marriage.

The bride is the daughter of Mrs. J. S. Norman, has made her home in Loraine since childhood and is loved and esteemed by everyone who knows her.

Mr. Miller who is a Bible salesman has resided here only about two months but during that time has made a number of friends whom we join in extending to this worthy couple best wishes for a full measure of success and happiness in the future.

Miscellaneous Shower

Mrs. T. R. Bennett entertained with a miscellaneous shower Tuesday afternoon honoring a member of her Sunday school class, Mrs. Marion Mahon (nee Miss Lucille Jarratt). The rooms were decorated in Chrysanthemums, ferns and pot plants. Each guest was given crepe paper and told to make a hat. The one making the prettiest one was to receive a prize. Mrs. Mahon's hat was voted the prettiest and she was presented with a large hat box covered with crepe paper and filled with beautiful and useful gifts together with numerous good wishes and messages of love. After the gifts which were many, were passed around and admired the hostess served hot chocolate and cake. Victrola music was enjoyed throughout the evening.

Mr. and Mrs. Charlton Brown of Mineral Wells spent Saturday and Sunday in the S. E. Brown and Willis Brown homes.

Dr. and Mrs. W. L. Hester very graciously threw open the doors of their hospitable home Saturday night November 11, to a number of their friends. Music and the ever popular game of 42 furnished entertainment till a late hour. The rooms in keeping with Armistice day were beautifully decorated in red, white and blue. The score cards were also tastefully decorated in these colors. The hostess served delicious refreshments of two kinds of sandwiches, cake and hot chocolate to four tables of players.

Announcements have been received of the birth of a daughter to Mr. and Mrs. Frank Segar of Crowell, formerly of Loraine, on Wednesday, November 8th. The little lady has been christened "Velma Marie."

Claude McCallum and Rufus Marshall returned Friday from a trip to Roswell, N. M.

Miss Florence Watlington went to Abilene Monday night to visit with an aunt.

Mike Looby left Sunday for Stephenville where he will enter John Tarleton college.

Miss Gwendola Dunnahoo left Sunday for Lowe where she will teach this winter.

W. T. Poward of San Antonio is visiting in the home of his uncles, Bob Gill and Ben Fatheree.

Mrs. A. W. Thompson and daughter Lucille and Miss Irene Roberts of Coahoma spent Sunday in the C. M. Thompson home.

Misses Swan and Cleo Farrar who are attending the Abilene Christian college spent Sunday and Monday at their home here.

John Coffee returned Friday from a business trip to Dexter, N. M.

W. A. White and Henry Foy made a business trip to Ranger Monday night.

Rev. Lawrence of Abilene will hold services at the Christian church next Sunday. Everyone is cordially invited to be present at these services.

Mr. and Mrs. Marion Mahon returned Saturday night from their honeymoon trip to El Paso.

George Wemkin and family of the China Grove community moved to their new home in Loraine Wednesday of last week.

Misses Myrtle Hutchins and Gladys Key of Simmons College spent the week-end in the former's home here.

Mr. Edd Cobb of Lamesa visited friends here from Saturday till Monday.

Edgar Seymour and wife of Ft. Worth arrived Friday afternoon to visit in the W. A. White home and also to look after business interests here.

Mesdames Edd and Jack Mahoney of Hermleigh visited in the George Wemkin home Saturday.

Mrs. O. E. Stevenson is visiting her son, Marvin Stevenson and family at Sweetwater this week.

Miss Connie Baird left Sunday for Spade where she will be intermediate teacher in the Spade school.

Miss Mary Ethel Richards began her work in the Carr school Monday.

Kenneth Adams of Gatesville spent Sunday and Monday in the T. B. Porter home. Mr. Adams has employment at Colorado at the present.

Miss Beatrice Porter is spending the week in the Thomas Riden home in the Bauman community.

Mesdames Clarence Rowland and Bert Miller began their work in the Rogers school Monday.

Mrs. J. F. Bennett, Sr., and son Virgil and Mrs. Joe Bennett and children left Friday for Strawn to visit in the Page Henderson home. Joe Bennett joined them Monday and Mrs. Bennett will return with him but Mrs. J. F. Bennett and children will go on to Erath county for a visit.

Bob Sides of Canton is visiting in the Lee Wright and Dee Faulk homes and also prospecting here this week.

Rev. G. C. Farris of Sweetwater was a Loraine visitor Saturday. He held his regular appointment at Bethel Sunday.

The Landers school was among the other rural schools to open Monday with Mrs. Otha Thompson and Miss Beatrice McGee as teachers. Mrs. Thompson has not returned from El Paso yet but writes that her husband is improving so rapidly that she will be able to take up her school work soon. Mrs. Jim Johnson will teach her classes till she arrives.

Mrs. Chas. Coffee, Mrs. T. J. Coffee and Mrs. S. D. Dunnahoo attended the county federation of women's clubs at Colorado Tuesday.

Misses Bonnie and Isla Smith who have been visiting their aunt, Mrs. C. M. Black, left Friday night for their home at Big Spring.

Miss Jewell Spikes has accepted a position as telephone operator with the telephone company at Colorado.

Ira Crownover went to Abilene Tuesday to consult an eye specialist. Mr. Crownover had the misfortune to get a small piece of an indelible pencil point in his eye last week which has proved quite painful.

Rev. Gaines of Bonham who has been conducting a revival at the Presbyterian church left Monday morning for Lubbock. The singer, Wade Mangum of Lamesa, accompanied Rev. Gaines to Lubbock.

Mr. and Mrs. Jim Dodson of Arizona, visited in the W. S. Thomas home Saturday.

Mr. and Mrs. Willis Brown are having their residence, which has been about a mile north east of town, moved this week to the vacant lot between J. J. Ridens' and J. D. Howell's residence.

Mrs. Chancil Gunn returned Monday from an extended visit with her parents at Harper, Kansas.

C. C. Thompson of Colorado was a Loraine visitor Monday.

Ft. Worth Star-Telegram bargain days are here. Read the big ad this week.

LONE STAR.

We had a good rain Saturday night and a norther followed so hog killing was the order of the day Monday.

The school has been postponed on account of the building not being ready.

A crowd of young folks from here spent Sunday in the Sam Curry home at Buford.

Allie Hallmark entertained the young people Saturday night. Every one reported a nice time.

Mrs. Sanford Fraser and children spent Saturday night in the J. W. Richburg home.

Mrs. C. W. Groom and baby returned Sunday morning from Glen Rose where she has been taking treatment.

Milton Hamilton and family and C. C. Hamilton, wife and baby spent Sunday with their parents, Mr. and Mrs. S. Y. Hamilton.

Mr. and Mrs. N. J. Richburg spent Sunday in the W. H. Long home.

Misses Annie Mae Porter and Claudia McGowan spent Monday night with Emma Willis.

J. W. Porter, Sanford Fraser and W. E. Sanders went prospecting out in Gaines county last week.

Bertie, Jessie and Ozella Mearse spent Saturday evening with Effie and Blanche Richburg.

We print your monogram on any sentiment you desire on Christmas cards. Come see our samples before the rush.

A great railroad, not serving West Texas, has nevertheless selected a collection of West Texas products to be used in inducing immigrants to settle along its lines in this state. The action shows that West Texas not only is a great producer of agricultural items, but that the fact is becoming rapidly recognized. The West Texas farmer is leading the state. He has the soil, the will to work, and given even a fair rainfall he will excel all his fellow Texans in the production of crops—and do it with much less expenditure of labor and money. Come to West Texas.

**Why
Build a Hut?**

The Colorado National Bank endorses the campaign to build an American Legion hut at Colorado as a memorial to those of our stalwart young men who fell during the World War, and as a token of our sincere appreciation for those who offered their all in support of the principles of freedom and Democracy and were spared. The call has been issued to every citizen of Mitchell County to have a part in financing this memorial. We sincerely trust the appeal will not be in vain. This bank will be glad to receive contributions for the fund. If not convenient for you to call at the bank, or see officials of the American Legion in person, detach the remittance form appearing in another column of this paper, fill it in and mail to us.

Your Thanksgiving Table

Dear Madam: Do you have the family Thanksgiving dinner at your house this year? It seems early to be getting ready for it, doesn't it? Well, Thanksgiving is only four three weeks away. We are wondering whether you may want a new tablecloth for that big dinner, whether you may not want to use a dozen new napkins for the first time on that occasion. We never had a better line of table linen in stock than right now. Prices are down, too, to a very attractive level.

MITCHELL CO. TEACHERS CLOSE SESSION FRIDAY

The Mitchell County Teachers' Institute closed Friday afternoon at three o'clock following a stormy debate lasting an hour over the question as to whether the teachers endorse a Mitchell County Teachers' Institute, or more extended in its scope, taking in two or more counties. S. C. Harris, superintendent of the Loraine schools, led the fight against the one county institute, while the other side was led by E. F. King, superintendent of the Colorado schools. By a vote of 27 to 34, the teachers voted to eliminate the third clause from resolutions submitted by the committee pledging support to the one county plan.

Some seventy-five teachers of Mitchell County were in attendance throughout the week, the great majority of whom were given places on the program. The sessions were presided over by Chas. Thompson of Colorado. The teachers from Loraine and the rural schools of the county were profuse in expressing their appreciation for hospitality shown them while in the city.

Claud Hooks of Buford, in speaking of the State teachers' institute, announced that thirty-five new members from Mitchell county had recently become affiliated with this organization and plead for a more universal spirit of co-operation with the State organization by teachers of this county.

Two resolutions were unanimously adopted by the teachers during the

closing hours of the institute Friday afternoon. One of these was general in its application, presented by the resolutions committee, and the other pertained to legislative matters and was submitted by Mr. Hooks. The resolutions follow:

"Chairman Mitchell County Institute: 'We, your committee on resolutions beg to report as follows:

"First—Resolved, that we, the teachers of Mitchell County in institute assembled extend our thanks to the Colorado School Board for the use of the high school building during the recent session of the teachers institute.

"Resolved further, that we also extend our thanks to the Civic League, to Mr. Charley Taylor, to the High school orchestra, to the male quartet, to members of the institute who gave special music and readings, and to all others who in any way contributed to the entertainment provided during the session.

"We wish also to express our appreciation of the splendid addresses given by Dr. C. L. Root, Miss Laceywell and Mr. W. S. Cooper.

"Second—In view of the fact that there should be a very close coalition and co-operation between the schools of the state both rural and high school for the general good of all concerned; and in view of the fact also, that the county board of trustees of the various counties of the State are doing little toward this co-relation and co-operation,

"Resolved, that this institute endorse a county association and a district association of teachers to meet at such time as they deem proper and at places selected by them to act in connection with the State teachers' association in providing a system of grading and co-relation of the rural and high schools of the State.

"Third—Resolved, that this institute go on record as favoring such changes in the general school laws of the State as will provide for the election of county superintendent of

schools for each county of the State. We believe the county superintendent of schools to be one of the most important officers elected by the county.

CONGRESS MAY DO MORE WORK

The people, and not improbably the leaders of the administration, will look with more confidence upon the ability of congress to accomplish worthwhile things now that the margin of the party in power has been reduced in both houses. The Republican portion of the population will not be very happy at the chastisement received at the elections Tuesday but they can count themselves fortunate to have retained control, as seems likely at the hour this is written, and in a chastened spirit and with a more tractable majority they are likely to keep better step with an administration toward which the public has felt more kindly than it has toward congress.

The majority of Texans, as the vote has indicated for years, would have preferred a Democratic victory in the congressional elections. But not all the leaders of the Democratic party concurred in that wish. In fact a victory in the house, with the Republicans retaining control of the senate, as they were sure to do, would have produced a condition not agreeable to either party. Democratic control of both houses of congress, with a Republican administration, would have given the present minority responsibility without real power. So both parties will be more or less satisfied with the situation as it stands.

The Republicans are on notice and their margin is so slight that party discipline will be more easily applied, unless there are enough independent and progressive members of the house to create an unstable condition. That ought to make for accomplishment and the Republicans will have to accomplish to retain control. On the other hand the Democrats will be so near control as to be able to harry the Republicans and are in a strategic position for the 1924 drive. This is the strategy of politics and we are in for two years of highly developed strategy. If the public gets worth-while legislation in those years it will consider its day's work November 7 a good one.

The influence of the adjusted compensation or "soldier bonus" issue may well be added to the other factors in the result mentioned last week. Progressivism, the antagonism of the farmer toward the railroads, the dry and wet issue, labor's activities, the Transportation act, the tariff, the general reserve system—these are some of the national issues, the reactions of which may perhaps be discovered in an analysis of Tuesday's voting. But they did not make themselves felt in any broad, national way. One issue was a factor in one State, another in another and there was great conflict of sentiment even in adjoining States. One writer said the contests were "local" and the application of issues "spotty." That about describes it.

A reaction from the extraordinary tidal wave of 1920, a restiveness because the settlement of post-war problems did not bring "normalcy" overnight, a great number of acts of the administration which alienated some special section of the voters in each case, a general feeling that congress had not lived up to its opportunities, and a growth of independence in voting—these may well be said to be the real causes of the backwash. Naturally the result pleased the Democratic leaders and the rank and file. But it is still too early to diagnose the situation that will develop in 1924. What happens in the intervening years is likely to settle that.

A Challenge To Your Patriotism

The campaign to build at Colorado an American Legion hut, as a memorial to those ten young men from this county who paid the supreme sacrifice and those 288 others who offered their all in the recent world war, is on. The call is made to every citizen of this county. Scores of citizens have already subscribed liberally to the fund, but several thousand dollars are yet needed. Are you proud of the young manhood of your country who served with such gallantry in the war? Many of them returned home with citations of bravery, issued by General Foch and General Pershing. Others returned home gassed or crippled. Every citizen should have a part in this memorial. Detach the accompanying form, fill in for the amount you desire to contribute and mail to The Record office. Pay your pledge in cash if you desire.

QUALITY IS THE FIRST CONSIDERATION

Here, with our customers and ourselves. Price is secondary. Our trade demands, first of all coffee with flavor and richness; canned goods that are choice and fresh-tasting; and other eatables of distinctive quality. False economy to save on foodstuffs and give it to drugs and doctors.

Bean's Grocery

RAINFALL FOR COLORADO FOR LAST EIGHTEEN YEARS.

This record is made from the Government Gauge, now in charge of, and accurately kept by E. Heathley. He can give you any other information.

THE COUNTY SUPERINTENDENT

The seventy-five teachers of Mitchell County, just before closing the institute here Friday afternoon, endorsed the plan to create the office of county superintendent of public instruction in Mitchell County. Because of the fact that under the law the office is not automatically created until a county has a scholastic population of 3,000, it would require an election to determine whether the proposed official shall be furnished the schools of the county. The scholastic population of Mitchell County is 2,618.

In order to guarantee that Commissioners' Court would call this election—that of voting to determine whether the office shall be created—it is necessary that a petition, endorsed by at least one fourth of the property tax voters of the number of votes cast in the last general election for governor be presented.

This would be an excellent opportunity for those teachers who expressed their interest in having the office created. Take the initiative in

your several communities in creating public sentiment in favor of the county superintendent. It is a matter of vital importance and one that every citizen who would be pleased to see our schools improve should endorse.

AT THE BAPTIST CHURCH

Rev. M. C. Bishop, pastor of the First Baptist church, together with Mrs. Bishop, is in Waco attending the Baptist General Convention of Texas, but expects to return to Colorado for services Sunday. Colorado Baptists are requested to keep this fact in mind, as the pastor will no doubt have an interesting report from the convention.

Rev. C. H. Ledger of Lampasas arrived in Colorado Friday afternoon and is visiting Rev. and Mrs. J. F. Lawlis. Rev. Mr. Ledger was at one time pastor of the Methodist church at Westbrook, and also at Hermleigh.

Open every hour in the year. Call us.—A. J. Herrington.

S. E. Brown, president of the First State Bank of Lorraine, was in Colorado Monday. Mr. Brown reported that the cotton season at Lorraine was drawing to a close and that within the next few weeks all of the crop would be out. Business conditions in Lorraine are good, Mr. Brown stated.

NOTICE

The Star-Telegram bargain days are on, daily with Sunday \$6.45, daily without Sunday \$5.30. Home town agent.—Roy Farmer. 12-1c

AMERICAN RED CROSS IS STILL FILLING MISSION

Through the office of the Southwest Division, American Red Cross, The Record receives reports almost every day of the commendable activities of the "Greatest Mother of Them All." As in war, this benevolent organization, continues to cover every part of the globe where its services are needed. Among the reports received Wednesday is the following:

Through the efforts of the executive secretary of the Red Cross at Pawnee, Oklahoma, Frank Ingle, a young farmer of that district, was found for his mother, Mrs. Al J. Renegal of St. Cloud, Minnesota. Ingle was kidnapped when he was two years of age and although every effort was made to find him, his parents, who then lived in Harrisburg, Pennsylvania, completely lost track of him.

He is now 24 years old and since attaining his majority he has constantly searched for his mother. The search was completed in August and the latter part of that month Mrs. Renegal reached Pawnee and was reunited to her long-lost son.

HAVE YOU READ NOVEL, "MISS LULU BETT?"

Have you read "Miss Lulu Bett," Zona Gale's powerful novel? Did you see the play of the same name which was awarded the Pulitzer prize of \$1,000 as being the best produced during the theatrical season of 1920-21? Whether you have or not, you should see the Paramount film version of "Miss Lulu Bett," which comes to the Palace Theatre next Monday and Tuesday, the 20th and 21st. It's a William de Mille production and the principal roles are played by Lois Wilson, Milton Sills, Theodore Roberts and Helen Ferguson.

Lulu Bett is the spinster sister of the wife of Dwight Deacon, a Justice of the Peace and dentist of a small town. Supported by Deacon, she is a beast of burden in the house, filling the place of a servant which Deacon couldn't otherwise afford. Ninian Deacon, Dwight's black-sheep brother, sympathizes with Lulu and arranges a supper-party in her honor, at which occasion he jokingly suggests a mock-marriage ceremony with Lulu and himself in the roles of groom and bride.

After the ceremony by Deacon, the latter realizes that it is legal, he being a Justice of the Peace. Ninian takes Lulu away and although she does not love him, she is grateful to him for taking her away from her life of drudgery and oppression. Lulu learns that Ninian is already married and uncertain whether or not his wife is alive. She returns to Deacon's home and the old life.

Neil Cornish, the school teacher, champions her, then discovers that he loves her. All ends happily after some exciting happenings. Lois Wilson is leading woman and Milton Sills leading man.

GET YOU A HOME PAY FOR IT WITH CROP

Will sell you a splendid quarter section of land for Two Hundred and Fifty Dollars cash, a Federal loan, and the balance long time, or if preferred a share of crops until land is paid for. If crop payment plan desired, will take fourth of cotton crop every year, good or bad, until land paid for; or, if buyer prefers, will take half of crop over ten bales, and nothing in years when not over ten bales made. Will guarantee school in less than ninety days, and guarantee as many as ten families to patronize school in one year. Twenty quarter sections, all splendid land, for sale on these terms. Land is on H. S. Ranch, and is best body of land on that ranch. Price twenty dollars an acre if full mineral rights conveyed, cheaper if half mineral rights reserved. Land now unleased. Located about eight to twelve miles south of Magnolia well.—HARRY HYMAN, Colorado, Texas.

The new Goodyear Cross-Rib Tread Cord

A Real Cord Tire for Small Cars at a Popular Price

The new Goodyear Cross-Rib Tread Cord in the 30 x 3 1/4 inch clincher type is a tire that the small car owner will warmly welcome. It gives him, at a price lower than the net price he is asked to pay for many "long discount" tires, every advantage of quality cord tire performance, for it is a quality tire through and through. It is made of high-grade long-staple cotton; it embodies the reliable Goodyear quality of materials; its clean-cut tread engages the road like a cogwheel. The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear. The tough tread stock in this tire is carried down the sidewalls clear to the bead, making it rut-proof to an extraordinary degree. In every particular it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation. Despite its high quality, and the expertness of its construction, it sells at a price as low or lower than that of tires which lack its important features.

The 30 x 3 1/4 inch Cross-Rib Cord clincher \$12.50

This price includes manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

Do you realize that when you buy Goodyear Tires you have made an investment that will pay big returns in mileage and, too, there is a certain degree of satisfaction and pride of ownership which does not exist when other tires are bought, even your friends will remark about the good judgment you have shown in selecting Goodyear Tires. Let us put a set of Goodyear Tires on your car. The Goodyear is the best investment you can make in automobile tires.

ICE AND COLD NORTHER FOLLOW SUNDAY STORM

Following closely on the heels of the wind and rain storm of Saturday night, a "blue norther" swept the Colorado section Sunday and Monday, precipitating a drop in temperature to below the freezing point. The first ice of the season was reported Monday morning, and the freeze Sunday night was followed by another Monday night. Tuesday morning, however, dawned clear and calm, with one of the heaviest frosts seen here for years.

The rain at Colorado Saturday night was light. Sweetwater reported one inch of rain, the heaviest in this section. Reports from towns north and northwest of Colorado indicate rainfall of from one-half to one inch, while to the west only light showers fell.

Because of the cold weather during the day Monday, Joe Y. Fraser, commander of Oran C. Hooker Post, American Legion, issued an order changing the place of holding the Armistice Day ceremonies from Union Tabernacle to the First Methodist church.

LION ABSENTEES UP FOR PROBE WEDNESDAY, NOV. 22

Members of the Colorado Lions Club who have promiscuously absented themselves from meetings during the past, are up for an accounting by the club at the luncheon Wednesday of next week. Such was stated by Col. C. M. Adams, president of the club, during the session held Wednesday of this week at the Barcroft. The fact that the roll call disclosed fifteen absentees was deplored by Col. Adams and others.

Rev. J. F. Lawlis, new Methodist pastor, Dr. P. C. Coleman, Ward Timlin of Freeport and J. "Murphy" Riordan, were guests of the club Wednesday. Each of the visitors delivered addresses.

A committee composed of W. W. Whipkey, A. B. Blanks and C. H. Earnest was appointed to work with officials of the American Legion in extending the legion hut drive into the several communities of the county.

PETROLEUM OPERATORS ASSN. TO DEEPEN MORRISON TEST

Zilpha Morrison No. 1, drilled to a depth of 2550 feet by the Petroleum Operators Association, will be drilled for deeper production, to the Morrison sand, encountered in Morrison No. 2 at 2907 feet. The crew was rigging up at the well Wednesday and expected to resume drilling the latter part of this week. This well has been producing from the 2550 foot level for several months.

A. S. Kendrick of Sweetwater was in Colorado Wednesday, spending the day here on business.

Special Sale ON New Type Copper Tub AutoMatic Washer

\$5 down \$5 a month

The Automatic will do a big washing for 5 cents or less. It will save lots of Doctor bills and bad colds in cold weather. It will wash in a nice warm room and not get water all over the floor. It will make your clothes last much longer. It eliminates all rubbing and wringing. It will last a life time.

Free Trial in Your Home

How to wash with the Automatic.

Put the water and dirty clothes in the washer, turn the switch and go ahead with the house work until the clothes are clean. When they are clean run them through the electric wringer into the rinse water, then through the bluing water and they are ready for the line—almost dry enough to iron when they come out of the wringer. Washes any thing from baby's clothes to quilts and overalls. A child can operate them. No rubbing—no wringing.

West Texas Electric Company, Colorado, Texas

SCHOLASTIC ENROLLMENT NOW APPROXIMATES 700

Scholastic enrollments in the Colorado schools will now approximate 700, according to an estimate made Wednesday afternoon by E. Frank King, superintendent of schools. Mr. King stated that several new pupils had been enrolled in practically every grade this week.

There are six rooms in the school on half day sessions, King stated, and the fourth grade is large enough for two teachers, there being a regular attendance of 69 pupils in this grade alone. This congested condition in the class rooms is expected to be increased as new scholars, expected to enroll soon, enter school. There will be no relief until the new building is completed.

Card of Thanks

We deeply appreciate the tokens of sympathy and comfort, extended in both word and deed, by the people of Colorado and other during the sadness overshadowing us in the great bereavement we experienced this week. Especially do we appreciate the beautiful floral offerings and friendship shown us by the Masonic Lodge and members of the American Legion. All of these tokens helped to alleviate our sorrow in the loss of our son and brother.

NECESSITIES TAKE LEAP IN PRICE ACCOUNT NEW TARIFF

Twenty years ago the two great political parties reached the parting of the ways at the sign of the tariff, and it was difficult for the people to form any well-rounded judgment on the subject.

Republican newspapers felt themselves bound to support and justify a high tariff, right or wrong, and the Democratic newspapers felt it incumbent on them to shout for free trade and the common people quite regardless of the consequences. Those were days when the independent voter was denounced as a "mug-wump."

Now conditions have changed. The tariff has been taken out of politics in a measure. True, there remain newspaper publishers who conscientiously believe they serve the country best by the advocacy of the high or the low tariff and the "tariff for revenue only crowd" we will always have with us, but for the most part that kind of political bias that has prevented the presentation of facts because they did not fit in with a particular editorial policy has pretty much disappeared.

Clear thinking publishers now publish the results of tariff schedules regardless of political consequences. All of which is introductory to the presentation of a few facts in connection with the Fordney-McCumber tariff that unmistakably point to a quick revival of the high cost of living.

The Fordney-McCumber tariff has

been in effect less than a month, and sugar is on the climb. Under the Smoot schedule the price to the housewife is steadily hoisting.

The Pennsylvania Refining Company of Philadelphia has advanced the price of refined sugar 25 points to 6.76c pound. The Federal and Arbuckle refineries report in New York an advance in price of 10 points.

The West is equally affected. Penn and McCahan have advanced, and Warner National and American have gone up. California, Hawaiian, and Western have gone up 6.50 seaboard basis in competitive territory up to an including Missouri river points. Plus these advances two other Pacific Coast Refiners are preparing to go to a 6.90 basis for Pacific Coast territory and the Rocky Mountain states.

Turning to the subject of clothing, the ink had not dried on the President's signature before the American Woolen Company announced advances on its lines of men's staple and fancy worsted fabrics for next spring. A general advance in the fabrics of other concerns has been made.

According to the New York Journal of Commerce, it will be no surprise to the trade in general to learn of advances from other sources whose products more directly compete with the fabrics of the American Woolen company. One man frankly stated he had raised prices on certain of his lines not because he thought it was really necessary to do so, but he felt the opportunity

was afforded to get better prices.

Chemicals and drugs have gone up steadily since the new schedule has been in effect. A comparative table of prices existing two weeks before the new tariff bill became a law and those put into effect immediately after the bill was signed show general advances ranging from 25 to 50 per cent.

The same story is being repeated in almost every line of trade, and there is no doubt the effect will soon be forcefully felt in the general cost of living.

W. B. Buchanan of Big Spring was in Colorado to visit his daughter and family, Mr. and Mrs. W. W. Whipkey.

OF LOCAL INTEREST

Some People We Know and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Colorado. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence than one you know nothing about, endorsed by unknown people.

C. D. Daggett, retired stockman, Colorado, says: "Several years ago I was troubled with my bladder, which caused me to get up often during the night. I can gladly say that Doan's Kidney Pills helped me a whole lot and I take pleasure in recommending them to anybody suffering with their kidneys or bladder."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Daggett had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ARMISTICE AT ABILENE.

Celebration of Armistice at Abilene was started Saturday morning with the raising of the flag on Tee Pee Lawn at Sunrise and firing of a salute from the top of Citizens National Bank building. From that hour until midnight Abileneans joined one hundred per cent in celebrating with the former service men of the city the day so eventful to America, and especially the boys who followed the Stars and Stripes to France.

Every store, office, bank, barber shop, and, by-the-way, even the cotton gins, were closed for the celebration. The program ended Saturday night with an elaborate banquet at the Grace Hotel.

An official of the Abilene American Legion Post issues the following statement:

"The spirit in which the business men of the city responded to the request of the ex-service men that they close their business in honor of the men who saw service during the world war is appreciated very much by every ex-service man in the city. The ex-service men realize that the business men are making a sacrifice in closing their places of business on Saturday and for that reason thank us doubly expressed."

The business men were not alone co-operating with former service men in celebrating armistice. The schools and colleges of Abilene had an important part in the program for the day and entered into it as enthusiastically as the business men.

A. & M. EXTENSION DIVISION FAST PROVING ITS WORTH

An article appearing in the Fort Worth Star-Telegram Tuesday, telling of the success of the Extension Department, A. & M. College of Oklahoma, will be of interest to Mitchell County citizens. The article told of the difference in market value of a beef on foot as compared with tinned products of the animal, canned under direction of the county demonstration agent of Kiowa County. Similar canning demonstrations are being given this month in this county.

The article follows: Mrs. L. B. Stone, farmer's wife, living in Kiowa County, canned and sold half of a young beef for \$38.76, according to a report made by the Kiowa County demonstration agent of the extension division of the A. & M. College, Stillwater. More than 30 quarts of beef, soup stock and other by-products were put up. The hide and other portions of the carcass were sold, bringing total receipts to \$53.80. They had been offered \$12.50 for the beef on foot local market.

The extension division of the college has long recommended the preserving of meat, as it can be disposed of later, and at a very good price.

K. D. HART, Agt.

PROHIBITION HOME BUILDER.

The bank clearings in 1921 were practically the same as in 1918, the last wet year, but the total savings deposits increased from \$249,463,913 to \$509,086,968. This evidences a striking increase in thrift on the part of those of moderate means. Particularly noticeable is the increase in savings deposits in banks which are located in foreign speaking communities. Bankers are not of two minds in regard to this. It is noticeable with what frequency banks have been established at old saloon locations. A picturesque change of this character is the establishment of the new Cragin State Bank at Armitage and Grand Streets, on the location of the old "Whiskey Point" Saloon. Another such change is noted in the demolition of the old Woodlawn Cafe at Sixty-third street and Cottage Grove Avenue, on which site will be erected the new home of the Washington Park National Bank.

Mr. William J. Rathje, president of the Mid-City Trust & Savings Bank, says: "In my business experience I have never known a time when so many people are investing money in homes. Instead of being \$1,500 cottages, we now find that the laboring man purchases and builds homes at a cost of \$8,000 to \$12,000. The standard of living of the working men has advanced immeasurably since the prohibition law went into effect."

James B. Forgan, Chairman of the Board of the First National Bank, said: "Immediately after prohibition became the law of the land a large influx of savings accounts was noticeable in our bank, and, I believe, generally in other banks. The number of accounts opened has steadily increased, showing that the number of thrifty is steadily increased, growing and I believe that the absence of the saloon is largely responsible for this growth.—Chicago Temperance Board

MILLION BARRELS CRUDE OIL CONSUMED BY FIRE

HOUSTON, Nov. 14.—Probably the most disastrous fire in the 21 years history of the Gulf Coast oil fields is raging today in the Humble sector, 17 miles northeast of Houston. Three quarters of a million barrels of oil are burning and with a stiff north wind blowing fully 2,000,000 additional barrels are endangered.

A Sunday afternoon storm is responsible. At 4:30 o'clock during a terrific downpour of rain, lightning struck tank No. 21 of the Gulf Pipe Line Company, transportation subsidiary of the Gulf Oil Corporation. A column of flame shot up 200 feet, followed by a report that shook houses all over the Humble town.

At 2:45 a. m. Monday tank No. 22 immediately adjoining tank No. 21 on the north caught fire and this morning is burning fiercely. The flames fanned by wind, now threatens tanks Nos. 11 and 8 and even the big pump station itself. If the wind holds it is possible nothing can save the Gulf tank farm with the further probability that the Sun Company's tanks on the opposite side of the road from the Gulf tanks will ignite. More than a million barrels of oil are in storage in the Sun Company tanks.

Our word for it!
You'll never know how delicious
Corn Flakes can be till you
eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream!

Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-time crispness! Kellogg's are never tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

The Colorado Record

HASKELL WINTER WHEAT IS LOOKING FINE AFTER RAIN

HASKELL, Nov. 16.—Haskell was struck Monday morning by the first real norther and bringing with it a shower. A hard rain fell for about twenty minutes all over the county amounting to about 1/2 inch.

This rain will greatly help the winter wheat which is needing rain. There has been a great deal of wheat sowed over the county and the land is rapidly being prepared for the winter.

Place your order for Christmas cards at the Record office.

THANKSGIVING PROCLAMATION ISSUED BY PRESIDENT HARDING

WASHINGTON, Nov. 14.—President Harding has issued a proclamation calling upon all citizens to observe Thursday, Nov. 30, as Thanksgiving Day.

The President said that Thanksgiving day, established by "the devout father" to give thanks for the "bounties and protection which divine providence had extended throughout the year," had come to be to him the "most characteristic of our national observances."

"As the season approaches for its annual return," he stated, in his proclamation, "it is fitting formally to direct attention to this ancient institution of our people and to call upon them to unite in its appropriate celebration."

Marked by Triumphs.
"The year which now approaches its end has been marked, in the experience of our nation by a complexity of trials and of triumphs, of difficulties and achievements, which we must regard as our inevitable portion in such an epoch as that through which all mankind is moving. As we survey the experience of the passing 12 months we shall find that our estate presents very much to justify a nationwide and most sincere testimony of gratitude for the bounty which has been bestowed on us. Though we have lived in the shadow of the hard consequences of great conflict our country has been at peace and has been able to contribute toward the maintenance and perpetuation of peace in the world."

"We have seen the race of mankind make gratifying progress on the way to permanent peace, toward order and restored confidence in its high destiny."

"For the divine guidance which has enabled us, in growing fraternity with other peoples, to attain so much of progress; for the bounteous yield which has come to us from the resources of the soil and our industry we owe our tribute of gratitude and with it our acknowledgement of the duty and obligation to our own people and to the unfortunate, the suffering, the distracted of other lands. Let us in all humility acknowledge how great is our debt to the providence which has generously dealt with us, and give devout assurance of unselfish purpose to play a helpful and ennobling part in human

achievement.

Must Serve Humanity.
"It is much to be desired that in rendering homage for the blessings which have come to us, we should earnestly testify our continued and increasing aims to make our own great fortune a means of helping and serving, as best we can, the cause of all humanity."

"Now therefore, I, Warren G. Harding, President of the United States of America, do designate Thursday, the thirtieth day of November, as a day of Thanksgiving, supplication and devotion. I recommend that the people gather at their family altars and in their houses of worship to render thanks to God for the bounties they have enjoyed and to petition that these may be continued in the year before us."

NOTICE.

The Star-Telegram bargain days are on, daily with Sunday \$6.45, daily without Sunday \$5.30. Home town agent—Roy Farmer. 12-1c

AMERICAN LEGION MEMBERS EXPRESS APPRECIATION

Members of the Oran C. Hocker Post, American Legion, have requested me to express in this issue of the Colorado Record the appreciation the ex-service men feel for favors received at the hands of many of the good citizens of Colorado and near by communities.

We especially desire to express our appreciation to Rev. D. R. Hardison for the service given us at the First Christian church on the evening of Sunday, November 12th. I do not hesitate to say that every ex-service man present, not only enjoyed but received much benefit from the service of Sunday evening. We have also been pleased to have Dr. Hardison present at several of our regular meetings of the American Legion, we are always glad to have the ministers of the town visit our meetings. Dr. P. C. Coleman was also present at our last regular meeting. We appreciate the interest these and other citizens have shown in the welfare of our local post.

JOE Y. FRASER, Post Com.
L. B. ELLIOTT, Adjutant.

Try Martin's Lung Tonic for coughs, colds, hay fever, influenza, and asthma at Colorado Drug Company. 11-24p

ANTI-DRY DEFEAT IS FORECAST BY MANY

DALLAS, Nov. 14.—Reduction of taxes and limitation of armament will be the leading issues taken up by the new Congress when candidates elected in the recent election take office.

Among other things the new Congress will do will be to unseat Senator Newberry, to repeal the Esch-Cummins railway bill and to pass a soldier bonus measure. No attempts will be made to repeal the Volstead act or to otherwise modify the prohibition laws. The result of the election is not, in his opinion, a victory for the wets. The prohibition forces still hold a big majority.

"The Democrats have gained a great victory, and have increased their power not only through election of Democrats but by disaffection in the ranks of the Republicans. A number of the Republicans in the new Congress have radical tendencies and will vote with the Democrats on some of the main issues."

The prohibition act is safe so far as the result of the election is concerned. Before the election the drys had a majority of about three to one and that majority has been changed very little if any. While Volstead himself was defeated his defeat will not affect the prohibition issue, for the man who beat him is also a dry.

"The revival of the Democratic party is not caused by the Wilson supporters or any other faction. It is simply a victory for the Democratic party as a whole. McAdoo is now the strongest possibility for President, although there are others, including Smith of New York and Governor Cox."

One of the issues that has divided the Republicans is the soldier bonus. The new Congress is certain to reopen the question and I think a

bonus bill will be passed. The bill recently defeated was merely a case where some of the Republicans left the matter to President Harding and it looks as if they expected him to veto the measure.

There is sentiment all over the country against the Esch-Cummins bill and it is very likely to be repealed. This is one of the issues that has divided the Republicans among themselves and made a majority against the bill possible.

Steps will also likely be taken by the new Congress to aid the farmers through some method of financing. This issue is also one that has disrupted the Republicans.

Since the Republican majority is still fairly secure, it is practically certain no efforts will be made to have the United States join the League of Nations. As a two-thirds majority of the senate is necessary the Republicans can easily prevent joining the league.

Five gross regular 5c pencil tablets at 40c dozen as long as they last at Record office.

SAN ANGELO IS CLOSED FOR ARMISTICE PROGRAM

With but few exceptions, the business houses, banks and offices, of San Angelo were closed throughout the day Saturday honoring Armistice. At 11 o'clock Saturday morning, the people of San Angelo, the same as millions of other Americans, stopped and silently faced the west for one minute, out of respect for the boys who "went west" during the world war.

Graves of the former service men were profusely decorated with flowers and other mementos were included in the program for the day, according to the San Angelo Standard.

I have fed you for 35 years, now I want you to sleep with me 35 years try my beds. First door north of Barcroft Hotel, across the street from Burns Store. —Jake.

I have several tracts of close-up acreage for sale at exceptional prices strictly in line of development. Investigate.—Arthur W. Palmer, care Colorado National Bank, Colorado.

WINTERS CITIZENS ATTEND TO STRANGER; NO MASKS

Citizens of Winters apparently gave a "jelly bean" his just consideration Thursday morning of last week, when they carried him to a lonely spot north of town and gave him a number of lashes. The men wore no masks. An account of the affair, as published in the papers Friday morning, follows:

Upon investigation it was learned that a stranger who was stopping at a hotel, ran to his car when the fire alarm sounded, and just then a little 14 year old girl was passing going toward the scene of the fire, when he called to her to get in the car and ride to the fire.

After her getting into the car he started North on the highway, and after getting out from town about a mile, he began to make improper advances, but fortunately another car appeared on the scene about that time, and the little girl escaped from her assailant and ran to the other car, which was driven by Mr. Owen Ingram.

Mr. Ingram brought the girl to town, where she told how she had been treated, then some of the settled citizens got together and found the stranger. It seems that a brother of the girl settled with him. At any rate the stranger is not in town this morning, and is not expected here soon.

There was no masks worn by the party who handled the situation, but some are of the opinion that the stranger bears a brand on a part of his body that would read "rope."

NOTICE TO TAXPAYERS

I will be in Loraine on November 17th and Westbrook on November 24th for purpose of collecting taxes. The office in Colorado will be closed on the above dates. 11-17c W. J. CHESNEY, Tax Col.

WORK ON HIGHWAY MAKING GOOD PROGRESS

The damp weather this section has enjoyed recently was just the kind needed for road building according to R. N. Baker, engineer in charge of construction of the Bankhead National Highway, through Howard, Martin, Midland and Ector counties. The wet weather set up the gravel surface of the highway in great shape and a few more such spells will put the highway in ideal condition. About thirty miles of the ninety-nine miles stretch of highway has been completed.

About twelve miles of the highway have been completed in Howard County. A six mile stretch west of Big Spring, a two miles stretch east, a 3 mile stretch east of Coahoma and a one mile stretch south of Coahoma.

A force of fifty-five men are now engaged in working on the highway in this county and two new outfits are to be put to work near Iatan at once.

It is certainly a pleasure to ride over the completed portions of the highway and we are going to have as fine a gravel road as is to be found in Texas. It is all that can be desired as to grade, curvature and construction and if properly maintained will be a first class highway for many years.

The eight inch crown of gravel on the highway is of especially good material and should withstand much travel which this highway is due to receive.—Big Spring Herald.

\$11,000 Stolen

Kansas City, Nov. 14.—Skillful robbers burned a large hole through two steel doors of a vault in the Panageas Theatre here early today and escaped with approximately \$11,000 according to a report to the police.

PEDDY MAY NOT FILE CAMPAIGN EXPENSE ACCT.

George E. B. Paddy, defeated candidate of the Fusionists for United States Senate, may not be required to file an expense account for his manager, Henry D. Lindsey, making a report, according to statements made by Paddy at Dallas Saturday. Paddy probably will claim he was not a candidate legally, because his name did not appear on the ballot.

There is considerable speculation as to what amount was spent for the Paddy campaign, some estimating the amount at not less than one-half million dollars. A traveling salesman from Dallas was in Colorado last week and stated that one item alone, the pencils with Paddy's name on them, represented an expenditure of \$40,000. "They bought one million of those pencils, at four cents each," he said. Numbers of these pencils were distributed at Colorado.

HULL SEES VICTORY FOR DEMOCRATIC PARTY

Chairman Cordell Hull of the Democratic National Committee predicts that the balance of power in the house, on the basis of present returns in the congressional election, will rest with progressive and radical elements rather than with either the Republican or Democratic party.

In an official statement issued at Democratic headquarters Wednesday night Hull declared that even this progressive balance of power is a Democratic victory.

THE MARATHON FOLD

From Texas Oil World: Mitchell County has settled down a little from the excitement following the discovery of the huge salt water dry gasser at a shallow depth and the well will shortly be drilled deeper, as the flow of water has subsided and the tremendous gas pressure has gone down. This was simply a freak from some shallow pay as yet undetermined and means nothing one way or the other as far as deeper oil production may be concerned. Oil is showing in several recently drilled holes in the Colorado-Westbrook field and some good completions should be announced in a short time.

This Mitchell production is coming from a sandy lime and we have believed that sooner or later the drill will get into far bigger production than has yet been found in this pool. Production now extends a distance of several miles from east to west and is gradually widening out from south to north and without doubt the production limits have by no means as yet been determined. Production in the wells completed to date is holding up in a remarkable manner and the field grows in importance from a production standpoint as drilling continues.

A greater period of time than is usually required will elapse before development work becomes general in this and other prospective fields of the Marathon Fold country because of their great distance from supply headquarters. The Mitchell County fields get fairly good shipping service, but many delays have been encountered even here, and the time element will be a big factor when drilling extends to the farther reaches of the Fold in the counties to the south, where railroad facilities are few. However, the Texas wildcatter is accustomed to fight and overcome all obstacles and another few months will see many wells drilling in areas which up to this time have never seen a drill.

We have believed that the big companies which have leased so much acreage in Crockett, Terrell and other counties during the last six months have had a particular reason for doing so. They leased a great part of this when their respective land departments were very busy with check books in the sensational discovery areas in East-Central Texas and at a time when it might naturally have been believed that they would slow up a little in their wildcat lease activities. They did cease those wildcat activities in other regions, but they went through with their Marathon Fold program and took up several thousand acres in the southern counties.

During this campaign Dr. J. D. Young formed the Marathon Fold Lease Syndicate and took up 50,000 acres in Crockett County, while more recently W. W. Gordon of this city broke all records for big leases by taking over 180,000 acres in one block in Crockett and Terrell Counties along the Pecos river and just south and west of the 10,000 acres leased some time ago by the Texas Oil Company. Holdings of the Magnolia Petroleum Company, Pure Oil Company, The Texas Oil World and others are farther to the north, and the Carteret Oil Company also has 50,000 acres in the same vicinity.

Four tests at least seem assured for this Sheffield Terrace region of Crockett and Terrell Counties in the near future. Carteret officials stated again during the past week that they would surely drill on their big Crockett County block some time during the winter while Gordon will put down two tests on his acreage. Clyde Logan, trustee of the Marathon Fold Lease Syndicate, is preparing now for a test on a 1,000 acre block of the big holdings originally leased by Dr. Young, and this will be to the east of the Carteret property, while the Gordon tests will be some distance to the south.

The potash area of West Texas continues to attract considerable publicity and the citizens of the region are expecting big things during the coming year. Reports of government geologists are very favorable, as were those of privately employed men, but very probably quite a time will be necessary to give the area the proper kind of development. Delays are always encountered in any new development proposition, but the value of the big potash strike is such that the work will continue until success has been attained or the field condemned.

Standard Oil of California is at work on its first test some miles south of Colorado, in Mitchell County, and will have this down to the pay in another ten days or two weeks. This test is one of the most important drilling in the county for if it is successful, it will open a distinctly new producing area.

Colorado, Texas, Nov. 15, 1922.

Mr. Landau,
 Following are the names of the boy and girl who made the highest average in their respective grades during first month of school. They will be entitled to the prize you offered to the boy and girl who made the highest grades.
 John Venable, seventh grade, made an average of 96.6
 Annie Moeser, sixth grade, made an average of 96.3
 E. FRANK KING, Supt. Colorado City Schools.

Do you realize that the present weather is something like
Christmas Weather
 And you are going to need some new Clothes for the Holidays.
Why Wait Until the Last Minute

Just come in and let us show you our Complete line of Ladies and Gents Ready-to-Wear, Hats, Boots and Shoes and get this task off your mind. There is just a little over a month to the holidays and it is much easier to do your shopping early so come in and let us supply your wants. It is not necessary for us to quote you prices, for you know that they are right. All we ask is a trial and you will be convinced.

THE CONTEST CLOSES

The prize winners of our school contest are Mr. John Venable of the seventh grade who made an average of 96.6. Miss Annie Moser, sixth grade made an average of 96.3. The first prize will be awarded to Mr. Venable which consists of a suit of clothes and it will take a pretty good size at that, but we are proud to fit him. The second prize will be awarded to Miss Moser which is a pair of Red Goose Shoes. We hope that our last months contest has helped the young ones study harder and make better grades. Watch our advertisements and see what our next contest will be.
