

### ADMINISTRATION TICKET LEADS SCHOOL ELECTION

The administration ticket led in the school trustee election held Saturday in the Colorado Independent district and every member of the old board who offered for re-election were retained in office. R. E. Terrell, member of the board last year, and whose term in office expired Saturday, did not offer for re-election. E. H. Winn was elected to fill the place formerly occupied by Terrell. Other members of the old board re-elected were H. L. Hutchinson, Jack Smith and H. E. Grantland.

The vote, while very light for the district, was considerably heavier than that polled in the trustee election here one year ago, when less than one hundred votes were polled. A total of 270 votes were polled in the election Saturday. Seven names appeared on the ballot and the vote received was as follows:

Mrs. A. L. Whipkey, 87; Mrs. H. B. Broadus, 98; H. L. Hutchinson, 146; Jack Smith, 212; H. E. Grantland, 227; E. H. Winn, 199, and B. F. Dulaney, 97. J. Lee Jones, member of the school board, stated Monday afternoon that he did not know when the new board would be convened for organization.

### EL PASO PRESBYTERY HOLDS SESSION HERE

The El Paso Presbytery convened here Tuesday night with the largest attendance ever held in the Presbytery. Rev. W. M. Fairley of El Paso, was elected the new Moderator while Elder E. W. Daniels of Toyah was elected to the clerkship.

Committees for the different phases of the work were appointed after which two new members were elected to membership to the Presbytery. They are Rev. J. V. Johnson who comes from Ouachita Presbytery of Arkansas, who is to take charge of the Manhattan Presbyterian Church of El Paso and Rev. W. L. Shepherd of the Presbytery of Brazos who is to be pastor of the Big Spring church.

Rev. W. L. Shepherd delivered a most wonderful and interesting sermon to the Presbytery Tuesday night, after which Communion was had under the leadership of Rev. L. O. Cunningham of Lovington, New Mexico.

At noon Wednesday the members of the Presbytery and all visitors were entertained in the beautiful new home of Dr. and Mrs. P. C. Coleman with a luncheon.

The afternoon was devoted to business and the evening hour was given over to discussions on Evangelism.

Thursday morning Rev. Mr. Johnson of Manhattan church; Thursday evening Dr. W. M. Fairley of Westminster church, El Paso, preached. This has been a helpful and inspiring session throughout and the church here has been wonderfully blessed in having the privilege of entertaining the Presbytery.

### BAPTIST REVIVAL TO CONTINUE NEXT WEEK

The revival being conducted at the First Baptist church by the pastor, Rev. M. C. Bishop, is to continue through next week, closing with the services Sunday night, April 22nd. The meeting was begun Sunday morning, B. B. Cox, superintendent of the Baptist seminary at Fort Worth, is directing the choir and special music. Mr. Cox has organized a large junior choir and the children are co-operating with the adult choir in the music.

Services are being held twice daily at 10 a. m. and 7:45 p. m. Prayer services are conducted each evening at 7:30 at the church for both men and women. The men's service is held in the church basement, while the ladies meet in one of the Sunday school rooms. Rev. Mr. Bishop is delivering some powerful sermons and the prediction is well supported that the meeting will result in a great revival. The pastor has expressed his appreciation for co-operation in the services by members of other congregations in the city.

### VETERAN ENGINEER LOSES LIFE IN TRAIN WRECK HERE

Ignoring the appeals of his fireman, Dee Orr, Billie Price, veteran Texas & Pacific engineer, remained at his post in the cab of Engine No. 701 in the attempt to save the lives of passengers on train No. 15, while the engine and tender jumped the track and landed bottom up in the chasm below here Tuesday morning. He was instantly killed in the wreckage of his engine. Price received a double fracture to his skull, several minor injuries and was frightfully burned by escaping steam. He was dead when removed from the debris a few minutes after the wreck.

The wreck occurred in the western limits of the Texas & Pacific yards and just before the train of six coaches reached the Colorado river bridge. A broken rail caused the engine and tender to leave the track and Orr, realizing the danger called to Price to jump for his life. This the veteran engineer refused to do, stating that he must remain in the cab and do everything within his power to stop the train before it plunged into the river or was reduced to wreckage at the foot of the steep embankment. Price never let loose his grasp on the brake control lever. He stopped the train and saved his passengers from injury, but paid out his own life in so doing.

That was the version of scores of passengers on the train who were profuse in expressing their profound appreciation for the chivalry of the dead man. One of the passengers, a woman with a baby in her arms, was among the first to speak of Billie Price as a man who forgot self in the interest of others. "He risked his life—and gave it—for our safety," she exclaimed, as she drew the little blue-eyed girl of two years to her breast and wiped a tear from her eyes.

Local railroad men recalled soon after the accident that Billie Price had demonstrated his sense of responsibility to others on a previous occasion. A few years ago he was pulling his train under full speed when the engine jumped the track just before crossing the bridge across Morgan Creek, five miles west of Colorado. Price held to his seat in the cab, refusing to leave until every channel of safety for his passengers had been run. As the engine came to a stop in a gulch on the edge of the right-of-way, he was greeted with the interrogation, "Why did you not jump? You had a thousand chances to be killed and one to escape?" Price calmly replied: "There were too many people behind me," referring to the passengers on his train.

The body of the dead engineer was removed to the undertaking parlors of J. H. Greene and prepared for shipment to his home at Big Spring. A wrecker arrived from Big Spring and extra gangs were here within a short time after the wreck from various points east and west, clearing the wreckage by 11:45. The train which Price had pulled from Fort Worth to Colorado, arriving here forty five minutes late, pulled out of the passenger station at 11:48, bearing the body of its engineer.

This was the first train wreck in Colorado for many years and several hundred people from the city and surrounding country visited the scene Tuesday. It is estimated that fully one hundred people were about the wreckage within ten minutes after the engine and tender plunged into the ditch.

Just what would have been the result had Price jumped from his cab and left the train to fate is problematical. Passengers stated that air was applied to the brakes for the third time before the train finally stopped with a jolt. None of the coaches left the track. Momentum of the train, which is estimated to have been going fifteen miles per hour would have probably reduced several of the coaches to wreckage in passing over the torn up track, entailing a large toll in loss of life.

Price was 46 years of age and had been in the employ of the Texas & Pacific for 25 years. He was considered one of the best employees of

### FARM BUREAU CAMPAIGN COVERS MITCHELL COUNTY

With addresses to be delivered at Conoway by John Owens, and at Cuthbert by R. L. Overstreet, Saturday night at 8:30, the Mitchell County Farm Bureau will complete an organization campaign extending into every community of the county and covering the entire week. Owens, who is president of the First National Bank of Wills Point and also identified with Fort Worth and Dallas banks, is touring the State in behalf of the co-operative marketing scheme of the Texas organization. Overstreet, who lives at Lubbock, is special district representative of the organization for West Texas.

The weeks program was begun at Colorado Monday afternoon with a mass meeting at the district court room, attended by a representative number of farmers and several local business men. Overstreet was the first speaker and told in detail workings of the cotton marketing association, and of its advantage to the producer. Owens confined his address largely to the economic side of the question, as seen by the banker and merchant.

"If we are wrong in fostering this organization of orderly marketing our cotton," Overstreet stated, "then the business men should condemn us; if we are right, then they should give us their endorsement. It is a physical impossibility for us to make a success of this organization without the co-operation of the business man. We do not want their money. Their moral support is all we desire, and that is amply sufficient." The speaker predicted that more than forty million acres would be devoted to cotton culture in the South this year.

"Texas farmers lost over \$60,000,000 last year through failure to sell their cotton under the co-operative marketing plan. Mitchell County contributed its share to this loss, at the rate of \$30 per bale, or more than \$600,000, just because our cotton farmers were content to dump their product upon the market in a lump sum and disregard the advantage of orderly marketing.

"Don't cuss the street buyers," Overstreet stated with emphasis. "The man who makes you a bid for your cotton on the street has nothing whatsoever to do with setting the price, and he is just as much entitled to a reasonable profit as any other man who handles your product. You, the farmer, who produces this cotton, is the man who sets the price of the commodity, and you do so by dumping an annual output upon the market within a period of from sixty to ninety days."

Owen touched upon the relation that should exist between the banker and merchant and the cotton farmer in making a success of the campaign to organize cotton farmers into a great wholesale marketing body. "The bare facts in this case is that the banker and the merchant is the man who should take the initiative in demanding that the farmer sell his product only through the co-operative plan and upon a stabilized market, as offered through the Texas Farm Bureau Cotton Association. A stabilized cotton market and perfection of a system for proper marketing would build a mansion on every cotton farm in the country and raise the man possessing the source of the nation's wealth to that plane to which he is entitled."

In discussing the distribution of wealth, Owen stated that some so-called economists would attempt to lead the public to believe that the farmer held an insignificant place in the control of American wealth. "The American farmer today controls 40 per cent of the nation's wealth," he declared.

Owen affirmed that California was today the most prosperous state (Continued on page 12)

the system on the Rio Grande division. His home was at Big Spring. Divisional Superintendent A. E. Pistole of Big Spring, arrived within two hours after the wreck and spent the day here directing work of clearing the wreckage.

### REPORT COLORADO BANKS SHOW HEALTHY CONDITION

Reports of the two National banks at Colorado, made to the comptroller last week, showing condition of the institutions at the close of business April 3rd, show each of the banks to be in excellent condition, with total resources of \$1,728,048.29. A comparison of the several items cited in the reports disclosed the fact that the City National and Colorado National shared closely in the credits named. Loans and discounts at the City National were given at \$451,000.58, as compared with \$631,608.41 at the Colorado National. Cash on hand and due from banks was placed at \$186,014.47 by the City National and the same item showed a total of \$170,581.91 at the Colorado National. Capital and surplus funds were given at \$90,000 by the City National and \$200,000 by the Colorado National. A difference of only \$3,067.68 was given in statements of undivided net profits by the two institutions, this item at the Colorado National totaling \$46,277.56 and \$43,209.88 at the City National. Deposits at the Colorado National bank were given at \$636,694.57 and at the City National at \$671,866.28, a total of \$1,308,560.85.

Statistics recently furnished the Chamber of Commerce by the two National banks at Colorado and the First State Bank of Loraine placed the total checking accounts at 6,419, with an average of \$325.82 for each depositor. Mitchell County banks were never in better condition it is claimed, and the outlook for 1923 is considered with optimism by officials of all three of these banks.

### NEW CITY OFFICIALS TAKE OATH OF OFFICE

Judge R. H. Looney, re-elected mayor of Colorado in the municipal election Tuesday of last week, was sworn in late Monday afternoon by Joe H. Smoot, mayor pro-tem. Judge Looney delivered a short address to members of the council and members of Commissioners' Court who were present at the city hall, in which he again pledged his best efforts for a progressive administration. He stated that the present term would be his last and that after the ensuing two years had expired the mayor's office would be left by him.

The oath of office was administered by Mayor Looney to A. B. Blanks, new member of the aldermanic board, and R. O. Pearson and G. B. Slaton, re-elected to succeed themselves in office. The mayor also administered the oath of office to City Secretary L. A. Costin, who was also retained in this office by the voters. Joe H. Smoot was again named as mayor pro-tem.

Mayor Looney named the following committees: Street and alley—A. B. Blanks, chairman; G. B. Slaton and R. L. Spalding. Fire—R. L. Spalding, chairman; A. B. Blanks and R. O. Pearson. Water—R. O. Pearson, chairman; G. B. Slaton and J. H. Smoot.

### 2780 VEHICLES PASS OVER STREET IN DAY

In order to obtain definite data as to the amount of traffic over the Bankhead Highway through Colorado, the Chamber of Commerce caused a check to be made of passing vehicles during a period of twelve hours. The count showed that a total of 2780 vehicles, including automobiles, trucks and horse drawn vehicles passed over the street from eight a. m. to eight p. m. The count was made by Chas. Bush.

The Bankhead Highway, designated as Highway No. 1 by the Federal and State departments, is becoming recognized as one of the most important highways in America. The few remaining gaps in the route west of Colorado are being improved and Highway Commission officials at Austin believe that it will be only the matter of a few years until a hard surfaced road will connect El Paso and Texarkana.

### CITY AND COUNTY UNITE FOR STATE AID ON PAVING

Through recommendations made by the Chamber of Commerce, members of the Commissioners' Court and City Council reached definite agreement Monday afternoon where-by application for State aid on the proposed paving projects at Colorado is to be sought. Since the county had previously assumed control of the Bankhead Highway, which passes over Second street through Colorado, it became necessary that application for financial assistance by the State and Federal departments be made by Commissioners' Court. The whole procedure was authorized in orders passed by the council Monday afternoon.

County Judge J. C. Hall submitted to the council blue prints and estimates of the proposed paving covering seven blocks on Second street, as prepared by F. F. DuBose, resident bridge engineer. Hall stated that the State would participate on nothing more than a twenty foot roadway through the city and would do this only because that the Bankhead Highway passed over the street and also the proposed paving would connect two projects in which the state and federal departments had already participated—the Colorado river and Lone Wolf Creek bridges.

"I was in Austin recently and discussed this matter with Captain Fautleroy, State Highway Engineer, and he has agreed to recommend state aid on this paving," Hall stated. It will become necessary, however, before the application is filed by this Commissioners' Court that we make the positive guarantee to carry out our part of the project and guarantee our share of the expense to be incurred. Since the paving in purely a local program, to be conducted by this council and financed by the city, it becomes necessary that the city guarantee to Commissioners' Court that the paving will be carried out and that funds will be available to meet your ratio of the expense. This done, we can then make formal application for the aid desired."

Following the address of Judge Hall an order was unanimously passed obligating the city to Commissioners' Court to carry out in detail the entire paving project, as affecting the seven blocks on Second street. Upon recommendation of the Chamber of Commerce, the council also requested the county judge to go to Austin and personally direct negotiations to obtain the desired aid. Hall stated that he would go to Austin and would be accompanied by two members of Commissioners' Court and a representative of the Chamber of Commerce. The latter will make the trip to Austin to assist in supporting the claims of the city for the aid and to file with the locating board the brief submitted by this city in application for the Technological College. The Colorado representatives plan leaving Saturday.

### SADLER CALLS MEETING FAIR ASSN. DIRECTORS

President J. A. Sadler of the Mitchell County Fair Association has called a meeting of the directors to meet with him on next Wednesday at 2 p. m. at the Chamber of Commerce in Colorado.

Mr. Sadler is desirous that all of the directors be present in order that committees may be named in the different divisions of live stock, and agricultural exhibits. Furthermore, to discuss plans for the coming fair and to secure grounds to hold the fair. Sadler states that he has already signed up with a big amusement company, and now the next thing is to see about getting out the catalog.

The Fair Association would be glad to have present anybody that is interested in the fair. Don't forget the date, April 18th, at the Chamber of Commerce rooms.

J. B. Stoneham of Phoenix, Arizona, sends the price of The Record for another year and requests that the paper be mailed to his address regularly.

### FIELD EXTENDED 8 MILES BY COLEMAN NUMBER ONE

Colorado oil men are enthused over the showing made at Coleman No. 1 of Flescher & Duty, in section 69; Block 97, and are free to make the prediction that development in the territory between this newest commercial producer and proven territory in the Underwrites block and the Smart well will be opened on a larger scale than ever attempted heretofore in the history of the field. The Coleman well was placed on the pump Tuesday afternoon of this week and during a test of six hours gauged sixty barrels, an average of ten barrels an hour or 240 barrels per day.

The distance between the Coleman well and producers in the Underwrites block is given at eight miles. From the Coleman to Smart No. 1 of Sam Sloan et al., is perhaps one mile less. Between these is a large area yet undeveloped. Extending the proven territory has caused members of the local fraternity to believe more strongly than ever that one of the largest fields in the Southwest is due to be brought in here.

Three new rigs are up in the field and drilling is to be started within the near future. These are at locations for Texas & Pacific No. 3, in Section 29; Texas & Pacific No. 4, in Section 41, and Morrison No. 4 in Section 28.

J. F. Carey et al have resumed drilling at 2812 feet at Smith No. 1 after placing new liner. Conditions are favorable at this test.

The Smart well is estimated to be making 300 barrels from swabbing. Eddleman et al expected to pick up the first T. & P. pay Thursday afternoon at 2360 at their Texas & Pacific No. 1 in Section 39. At Morrison No. 3 the crew has landed six and five-eighths casing at 2970 feet after pulling the string last week to reset packer. This new producer gives promise of taking rank with the largest pumps in the field. Drilling reports from other tests are favorable, with both the old line and independent operators becoming over optimistic in the knowledge that a large field has already been proven in the territory north and west of Westbrook.

### AMERICAN LEGION WILL BEGIN MEMORIAL HUT

Construction of the American Legion Memorial hut at Colorado is to be commenced within the near future, according to Jack Helton, commander of Oran C. Hooker Post. Helton stated Thursday morning that preliminaries for commencing actual construction on the building were being worked out. The site, at the corner of Chestnut and Third streets, was purchased several weeks ago.

Helton stated that a change had been made in the date for holding the regular monthly business meetings of the post and in the future these meetings would be on the second Friday night of each month. This was done to eliminate a conflict between meetings of the post and practice rehearsals by the Booster Band. The meetings were originally held on the second Thursday night.

### PUBLIC WARNED AGAINST FAKE STOCK PROMOTERS

During the last few days complaints have been received by the county attorney of alleged fake oil promoters operating at Colorado and vicinity. It was learned Thursday afternoon that arrests had been made in connection with the placing of oil stock here this week and that an examining trial was scheduled for that afternoon. These charges do not in any way effect operators in the Colorado field, the county attorney stated, but are persons coming into the community and posing to represent companies elsewhere. Radliff warned the public against dealing with strangers who could not establish creditable standing. It mat- tering not if the solicitor offered oil or other alleged stock for sale.

IF YOU like brains, try these:  
Beef Brains in Corn Patties.  
Remove a slice from the top of large corn muffins and remove the centers with a spoon, leaving a firm, crisp wall. Parboil the brains in acidulated water, add them to highly seasoned white sauce and fill the muffin patties, sprinkle with grated cheese and place in a hot oven to brown well.  
Scotch Hash.  
Chop one onion and cook in a little beef drippings, then add cooked meat which has been put through a meat grinder and one-fourth as much dry bread crumbs. Moisten with a little soup stock if at hand (or water will do), season well and heat very hot in an iron frying pan.  
Potato and Ham Croquettes.  
Take three cupfuls of hot riced potato, three tablespoonfuls of sweet fat, salt, pepper to taste, a tablespoonful of minced parsley, one cupful of minced ham, a few dashes of cayenne and celery salt, a teaspoonful of onion juice and the yolk of an egg. Mix and shape into balls, roll in egg and crumbs and fry until brown.  
Olive and Oyster Canaps.  
Take one cupful of green olives stoned, one cupful of oysters, two tablespoonfuls of butter, one of minced onion, one tablespoonful of finely-minced red pepper, one and one-half teaspoonfuls of lemon juice, one teaspoonful of Worcestershire sauce, one-half teaspoonful of beef extract. Cook butter, olives, pepper and onions and one tablespoonful of flour for five minutes. Parboil the oysters in their own liquor, adding water to make a cupful. Pour the liquor into the flour and vegetable mixture, stirring until smooth. Add the seasoning and oysters and serve on squares of buttered toast garnished with whole olives.  
Baked Apple Dumplings.  
Cut rich pastry into six-inch squares. In the center of each place a cored, pared apple. Fill the centers with sugar, cinnamon and a whole clove. Wet the edges of the pastry and fold over the apple. Bake about forty minutes in a moderate oven. The last of the baking brush the tops with white of egg and sprinkle with sugar. Serve with hard sauce.

HIGHWAY MARKING IS REQUIRED SAYS W. T. C. OF C.  
STAMFORD, April 8.—Requests for suggestions from the organization as to how to proceed in getting counties to properly mark roads so as to obviate confusion to tourists on West Texas highways, have been received by the West Texas Chamber of Commerce from a number of persons. Some out-of-state tourists are very vociferous in denunciation of certain counties in West Texas whose roads are so inadequately designated that those travelers have frequently taken the wrong road.  
The West Texas Chamber of Commerce has issued a communication in which it states that under the laws of Texas county commissioners are required to have all main highways and laterals properly designated by signs indicating destination of such roads. A penalty is attached for failure to comply. Chambers of commerce and other interests are requested to lay the matter of road designation before their commissions in order to refresh their memories pointing out the loss and damage that accrue to tourists who are not properly directed. In cases where these appeals do not bring rectification they are asked to take the matter before the courts.

### LEGION MINSTREL NETS \$175.00 FOR HUT FUND

The Alabama Minstrels played to a packed house at the High School auditorium Friday evening and the presentation was a success from the curtain to the close of the last number on the program. Approximately \$175 was netted from ticket sales and this has been placed to credit of the fund being raised with which to build at Colorado a memorial hut to be owned and occupied by the American Legion.  
The presentation Friday night, featured local men who are members of Oran C. Hooker Post, and Don Carlos, proprietor of the dog and pony show bearing his name. Mr. Carlos gave an interesting monologue on the monkey and was assisted in the cast by one of these animals from his winter quarters in Colorado. Music was furnished by the Goldman Blackface Orchestra.  
E. H. Ratliff, member of the post

and who was active in presenting the program here, stated Monday that in view of the success of the venture and many words of congratulation received, it was probable that a return date would be announced for September or October. Members of the post appreciate very much the liberal patronage given them, Ratliff stated.

**"Feeling Fine!"**

"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

and I then remembered my mother used to take it. After the first bottle I was better. I began to freshen up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.

If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need.

**SECRETARY DAVIS SEES PROSPERITY AHEAD**

WASHINGTON, April 2.—In a comparison of present industrial conditions with those which existed on April 1 a year ago, Secretary Davis predicted today that, with the exercise of caution, the country should have a "continued period of substantial prosperity that will put behind us the whole era of depression which followed the war."

The Labor Secretary also predicted that with accumulating of coal stocks during the coming summer there would not only be an abundant coal supply for all needs next fall and winter, but a "more normal" market price as compared with last winter.

Continuing the statement in part said: "Outside of the coal industry, pessimism rather than optimism prevailed in the other basic industries one year ago today."

"Prior to that time the unemployed had numbered approximately 5,000,000; today that number is reduced to normal."

"One year ago the steel industry's unfilled tonnage was less than 4,000,000 tons; today it is nearly 8,000,000 tons. The former is the basis of dull business, while the latter means 'full steam ahead.'"

"The copper industry, on April 1, 1922, was almost down and out as most of the mines, mills and smelters were idle, due to unsold stocks and poor market; today stocks have been depleted and production is fast approaching the best records of the war period."

"The same is largely true of the textile and allied industries. April 1, 1922, found overloaded shelves with unsold goods and strikes brewing which finally involved 80,000 workers before the summer was over today empty shelves, plenty of work, no strikes and both employer and employes sharing in the general prosperity."

Despite the threats of industrial depression there has been but little reduction of the general wage level throughout industry, and today the trend of wage scales is upward. During the last four months wage increases have been reported in practically all of the forty-three industries covered by the Bureau of Labor Statistics.

"The outlook seems to justify optimism so far as the immediate future is concerned. If we exercise every caution and do not become so overenthusiastic with the turning of the tide that we lose rational control there seems to be no reason why we should not now enjoy a continuing period of substantial prosperity that will put behind us the whole era of depression which followed the war."

"Work, gainful work, is the salvation of any nation. We have the work and the opportunity."

**FARMERS GIN COMPANY TO BUILD PLANT AT BUFORD**

W. W. Porter, secretary of the Farmers Gin Company, stated Monday that at the meeting of directors held Saturday capital stock of the corporation was increased from \$12,825 to \$50,000 and that plans were definitely accepted for the construction of a new gin plant at Buford, seven miles north of Colorado. The Buford plant, according to Porter, will be modern throughout and is to be ready for operation at the opening of the cotton season this fall.

Approximately \$10,500 of the new capital stock was subscribed Saturday by farmers of the Buford section. The new gin will make the third owned and operated by the company, which already has two gin plants at Colorado. Officials and stockholders of the company are optimistic over success of the corporation since organization a few years ago. The increased capital stock makes the concern one of the strongest operating in Colorado.

**FOUR TAKE EXAMINATIONS FOR TEACHERS PERMITS**

Examinations for teachers certificates were taken by five ladies here Saturday, as follows:

Mrs. Thos. R. Smith, for primary permanent; Miss Iva Bledsoe, for first grade; Miss Jennie Bledsoe, for first grade; Miss Ida Widner, for second grade; Miss Gladys Roach, for second grade.

The county superintendent stated Tuesday there would be no examinations held in May.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS  
To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon L. A. Hayley, whose residence is unknown, and the heirs of L. A. Hayley, deceased, whose names are unknown, to appear at the next regular term of the District Court of Mitchell County, to be held at the court house thereof on the eleventh Monday after the first Monday in February, 1923, the same being the 23rd day of April, A. D. 1923, then and there to answer a petition filed in said court on the 14th day of March, 1923, in a cause numbered 4404, wherein W. T. King is plaintiff and L. A. Hayley, the unknown heirs of L. A. Hayley, deceased and W. H. Abrams are defendants, plaintiff's cause of action being as follows: Suit in trespass to try title, plaintiff alleging that on January 1st, 1923, he was lawfully seized and possessed of Lots Nos. One and four (1 and 4) in Block No. Eighty-nine (89) of the City of Colorado in Mitchell County, Texas, holding and claiming the same in fee simple; that on said date, defendants unlawfully entered upon said premises and ejected plaintiff therefrom and are withholding from him the possession thereof, to his damage \$2,000; that the reasonable annual rental value of said premises is \$200.00. Plaintiff further pleads title under the five years statute of limitations, alleging that he has been in peaceable, continuous, open and adverse possession of said lots, cultivating, using and enjoying same, under a duly recorded deed, for more than five years prior to January 1, 1923; Plaintiff also pleads that he has had actual possession of said premises, under an actual inclosure, cultivating, using and enjoying the same, for more than ten years prior to Jan. 1, 1923; and that defendant W. H. Abrams is asserting some title to said premises, the nature of which is unknown, but that said claim and that of defendants constitutes a cloud on plaintiff's title; plaintiff prays for citation, and judgment for title and possession on premises described in petition, removal of cloud upon title, issuance of writ of restitution, costs, etc., as more fully appears from his original petition on file in said cause.

You are further commanded to serve this citation by publishing the same once in each week for four consecutive weeks previous to the return day hereof in a newspaper published in your county; but if no newspaper is published in your county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness W. S. Stoneham, Clerk of the District Court of Mitchell County.

Given under my hand the seal of said court, in the City of Colorado, this the 14th day of March, A. D. 1923.

(SEAL) W. S. STONEHAM,  
Clerk, District Court, Mitchell County, Texas.

**THE OUTLOOK FOR COTTON AS SEEN BY FARM JOURNAL**

Of course, no one can raise the evil which obscures the future and paint the true picture of the cotton crop of 1923 as it will be finished at the end of the year. Far be it from our purpose to attempt to enter the field of prophecy regarding the acreage, production, consumption and prices of cotton of the crop of 1923. But it is always well to take stock of present conditions and knowledge if they have a bearing on our future work and its results.

We have produced less cotton in the last two years than for any other two consecutive years since 1895

and 1896, or more than a quarter century; while during the last century the crop doubled about every twenty-five years. We have produced less cotton on the average during the last three years than the average for the last thirty-five years. In the cotton year 1921-1922 there was consumed of American cotton about 5,000,000 bales more than was produced in 1921. There was consumed in the cotton year 1921-22 about 3,000,000 bales more of American cotton than was produced in 1922 and it is almost certain, if it can be had at a price not to exceed 25 or 30 cents a pound, that we will consume during the cotton year

1922-23 at least 3,000,000 bales more of American cotton than was produced in 1922.

If these be facts, and they are, then it follows that about all the American cotton consumed in the cotton year 1923-24 must be produced in 1923, for the carry-over July 31, 1923, is certain to be less than the carry-over for many years and not more than its absolutely necessary to fill in the time between July 31 and the arrival of the new crop of 1923 in the market.

It is also a fact that a large increase in price, such as we have had during the latter part of the season of marketing the 1922 crop has always resulted in a large increase in acreage and it is not a fact, as some assert, that an increase acreage usually results in a decreased yield per acre. In fact, low prices have generally resulted in a decreased acreage and a decreased yield per acre; while high prices have resulted in an increased acreage and increased yields per acre. Every pertinent fact which we can find points to a large cotton acreage in 1923, probably the largest in the history of the South. Of course, areas recently infested with boll weevils, such as South Carolina and Georgia, may not largely increase their already decreased acreage, but there will be a large increase in other sections, especially in those where a fair crop was made in 1922, and also in the northern quarter of the cotton growing area and the country immediately to the north of what has usually been the cotton growing territory. We think there is no question but that the area planted to cotton in 1923 will be large. No fear of boll weevils, nor any scarcity of labor will prevent the planting of a large acreage.

What the production will be we dare not even venture a guess. We do not take any stock in the oft repeated statement that we can't produce over 10,000,000 bales. With a planting of 37 to 38 million acres and a season as favorable at 1920, we will make 13 or 14 million bales. In 1920, fifteen years after the entire then cotton growing part of the State of Texas had been covered with boll weevils, that state produced 4,345,000 bales of cotton, and in 1922 both Mississippi and Arkansas each produced over a million bales.

What the crop of 1923 will be will depend most largely on the weather, as it affects the start or the early growth of the plants, and as it affects the boll weevil during midsummer.

Of course, the amount of fertilizers used and the effectiveness of the fight made on the boll weevil will be factors, but rather minor factors. If we knew what the weather would be we would venture a prediction on the size of the 1923 crop, for a large acreage is practically assured; but since the weather is the most influential factors affecting both the cotton plant and the boll weevils, and what it will be is unknown, any estimate of the crop between 10 and 14,000,000 bales would be reckless guessing. A crop of not over 12,000,000 bales should not lower the price below 25 cents a pound, although with a crop of that size the price might go as low as 20 cents during the fall when more cotton is dumped on the market than the trade demands. If the crop is much over 12,000,000 bales there is no telling what effect it may have on prices, for a crop no larger than is required to meet the needs of consumption will sometimes break the market badly, because of the way cotton is marketed—75 per cent of it being dumped on the market in three or four months. If the crop is over 12,000,000 bales, which, however, seems improbable, although possible, the effect on the price may be disastrous.

With any crop like cotton which must be all sold, that is, cannot be fed on the farm, like corn, for instance, it is highly important that all supplies required be produced on the farm. This is the only insurance against the disaster of low prices for cotton and high prices for food and feed products.—Progressive Farmer.

# ANNOUNCEMENT OF INTEREST TO Millions of Families

"I WILL BUILD A CAR FOR THE MULTITUDE"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the—

## Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you to get started toward the ownership of a Ford car.

**U. D. C. Meeting**  
Mrs. Tom Hughes and Mrs. Jack Smith were hostesses for the U. D. C. meeting at Mrs. Gary's Tuesday. Besides the regular business the Daughters voted five dollars to the educational fund also an incidental scholarship for a member of the high school graduating class who is a lineal descendant of the Confederacy. The markers for the Veterans graves are being placed. News was received that Miss Dry, a former president, would attend the reunion at New Orleans as a sponsor from Fort Worth. Mrs. Leslie Crowder was received as a new member. The hostesses served a salad course and tea. The next meeting will be with Mrs. Reese.

**C. W. B. M. Meeting**  
The April C. W. B. M. meeting was held with Mrs. W. L. Doss, Jr. Mrs. Sam Majors led the lesson on Ministers of Mercy. Papers were given by Mrs. Venable, Mrs. Ed Jones and Mrs. H. B. Broadus, Mrs. C. T. Harness and Mrs. John Daniels favored with a duet. Mrs. Jack Norris was a guest. The hostess served ice cream and cake at the social hour.

Don't fail to see Will Rogers in "Roping Fool" at the Palace April 19th and 20th.

**County Federation**  
The Mitchell County Federation of Women's clubs met in the basement of the Methodist church Tuesday afternoon. Only the clubs in town were represented in person but some others sent messages. Special welfare work had been done by every club represented. Mrs. Merritt said it was impossible for her to attend the district meeting in Midland and Mrs. Lee Jones was elected in her place. Miss Lacewell attended. Green and white chosen as the club colors and a committee appointed to select a motto. The report to be given at the district meeting was read and it was most gratifying to all. Mrs. Broadus was asked to make the invitation speech at Midland inviting the Federation here next year. Miss Beard, State health missionary, was present and made a talk in regard to her work. She is here for a few weeks to assist in a better health program in the school. The federation decided to sponsor the Baby Clinic which will be held in Colorado Friday and Saturday, April 27 and 28. A committee was appointed to see if clinics could be held at Loraine and Westbrook. All mothers are urged to have their babies weighed, measured and examined. After the business session the Daughters of the King served two kinds of cake and hot tea. The next meeting will be held in the basement of the Methodist church May 8th.

**MAN ARRESTED AND CHARGED WITH BURGLARY**

Tuesday morning Deputy Sheriff R. C. Dale placed G. G. Bates under arrest while on the streets of Colorado, charging him with burglarizing the office of Burton-Lingo Lumber Company at Westbrook Sunday night. Bates' examining trial was held before Justice of the Peace C. S. Thomas Wednesday. Justice Thomas set bond in the cap at \$500.00, which Bates failed to make and he was lodged in jail to await action of the grand jury.

The 1921 Study Club met with Mrs. Tom Pritchett. Mrs. C. R. Earnest led the lesson in Antony and Cleopatra. Papers were given by Miss Chambers, Mrs. Floyd Quinney Mrs. Earnest and Mrs. Harry Rat-

liff. Mrs. Dorn and Miss Mattie Dorn were guests. The hostess served ice cream with crushed strawberries, two kinds of cake and grape juice. The meeting this week is with Mrs. O. B. Price.

**The Shakespeare**  
Mrs. Jack Smith was hostess for the Shakespeare. Mrs. Stonerod led the lesson on Antony and Cleopatra and the short story, Wild Earth, by Sophie Kerr. At the social hour home-made ice cream and cake were served. The meeting this week will be with Miss McComas.

**Civic League**  
The Colorado Civic League met in regular session April 7, at the residence of Mrs. Coleman. The clean-up campaign fostered by the league, has been successful. Each section of town shows marked improvement, however there are a few places, that will be cleaned this week. The league has been handicapped in accomplishing the clean-up in one week, owing to the lack of wagons. A box of magazines, 301, was reported to have been sent in to Richmond prison from the three Federated clubs of Colorado. The colored school was reported to have been visited and mounted pictures were given. The report to be read at Midland was read. The amount of work done by league since last April is gratifying. A committee to inspect down town section of town was appointed. The league adjourned to meet May 5th.

**Central Circle**  
The Central Circle of the Methodist church met with Mrs. Tom Stone road Monday afternoon. The sick committee reported all sick in church better. The committee to purchase the Window for the church reported it here and paid for in full. The president, Mrs. Winn, urged as many

as possible to attend the Annual conference in Snyder this month. Mrs. W. W. Whipkey and Mrs. Buchanan of Big Spring were guests. The hostess served ice cream, angel food and little cakes. Mrs. J. W. Shepherd will be hostess for next meeting.

"Last night," smiled the Mad Monsieur. "Here's one of those 'SURE-FIT'S' called the Happy Hibernian. When you're driving, just wear in this little strap. It'll stick like fly paper."

strap (hidden above the visor) works the same way as a belt. A slight pull, and your "SURE-FIT" is tighter or looser, as you prefer.

All the new Fifth Avenue styles, in the latest patterns from American and overseas mills. Prices the same as you'd pay for any stylish cap—and you get "SURE-FIT'S" unrivalled comfort.

Important: Our better grade "SURE-FIT'S" are specially treated so that they shed showers. Thus they keep their shape, last longer, look better, and give you 100% comfort on a rainy day.

It was learned last week that admirers of Hon. R. M. Chitwood of Sweetwater were mentioning his name in connection with the secretary-manager post of the West Texas Chamber of Commerce, in the event a change in this appointment is made by the board of directors. Chitwood is praised for the firm fight he conducted for creation of the Technological College, supporting the demand for some time almost alone for an institution of the first class with its own board of regents, and for the display of managerial ability and statesmanship he has developed.

Chitwood has frequently been referred to as "Congressman Chitwood," and even "Senator Chitwood," by admirers, not alone in West Texas, but from over the State. A prominent West Texas banker stated last week that it would be an unwise thing to do to support Chitwood for the appointment as secretary of the West Texas Chamber of Commerce, "because he is too big a man for that." The bigger the man, the better qualified he would be for such an important post, and the more reason he should be placed in charge of the affairs of the organization, a supporter of the suggestion to place Chitwood at the new post, declared.

Information received from Sweetwater suggests nothing definite in the proposed plan to carry the name of Chitwood before the next annual directors meeting as an aspirant for the place. Neither is it known here whether Chitwood would accept the post if elected.

CHAMBER OF COMMERCE BANQUET IS POSTPONED

The annual banquet and business meeting of the Colorado Chamber of Commerce, scheduled to have been held Tuesday night of this week, was postponed until a later date, following a conference between Dr. P. C. Coleman, president, and members of the directorate Saturday. Dr. Coleman stated that the meeting would be held within the near future, probably on Tuesday night, April 24th.

The original program will be carried out and plans are being formulated to make of the meeting one of the most largely attended banquets ever held in Colorado. Prominent speakers, music by the Booster Band and other entertaining features are included. The banquet will be held at the Pullman Cafe and members of the chamber and other citizens of Colorado are to be guests of the organization. Definite announcement of date for the affair will be published in The Record next week.

The Best Theatre will have Jack Hoxie on the screen all day Saturday to the enjoyment of hundreds of people. It is reported that many inquiries have been sent in to the Best Theatre as to the date of Jack's next appearance from all over the country and town and many ladies call him the idol of the screen. The name of our hero's picture this time is "The Forbidden Trail." Jack assumes the role of a United States marshal and does some trail riding and high shooting to capture a gang of cow rustlers, and he also captures a wonderful girl. Bring your whole family to see this entertainment at the Best Theatre Saturday.

ONCE IN 18 YEARS

Owing to the fact that the electric power was off all afternoon Thursday, The Record is a little late getting into the mails this week. For the first time in eighteen years, we failed

to catch the Friday morning mail out of Colorado, all of which we lay at the door of the power company. We can't run our meters and grind out the best paper in West Texas without "juice" on which to do it.

Ford Weekly Purchase Plan

Most of your neighbors drive motor cars. They can go where and when they choose. Their cars play a large part in their daily life, furnishing them with quick and convenient transportation for both business and pleasure.

Realizing what the automobile means to the average family in bringing them greater enjoyment of life, we have arranged to extend the facilities of our bank to those who desire to become owners of Ford cars through the new Ford Weekly Purchase Plan.

Under this plan, you can begin with an initial deposit as low as \$5.00. Then select the type of Ford car you want—Touring Car, Runabout, Coupe, Sedan, etc.—and arrange to make weekly deposits on which interest will be computed at our regular savings rate.

Come in and let us further explain the Ford Weekly Purchase Plan to you, or, if you wish, go to the nearest Ford Dealer for further details. Start today, and before you realize it you will be driving your own car.

SHEPHERD NOTES

No news has been sent in from Shepherd for some time, however, we are still out here and doing things. In the election Saturday, the school tax was raised to \$1 on the \$100 valuation of property. This was necessary in order to provide the school with some much needed desks and paint for the building before another school there was only one opposing vote cast. The people of this community will not be satisfied until their school is one among the best if not the best in the county.

Mrs. B. S. Davie who was operated on recently is gradually improving.

Willie Pierce was rendered unconscious for several hours last Tuesday after colliding with another boy in playing baseball. He received a severe blow on the head but after a few minutes walked into the house and talked some about his fall and the slight breaking of his front teeth. He was carried to his mother who was visiting a neighbor. No one thought of his being unconscious but he re-

lived several hours later. He did not know where he was and remembered nothing after the fall. Suffering no other inconvenience except slight pain from the swelling of leadera about the ear. He was in school the next day.

The party at Mr. Hobbs Saturday night was well attended and a pleasant time was reported. The honored guests were the Misses Moore and friends from Rogers and the Misses Davis from Stanton.

The Rev. Thornton of Loraine Baptist church will preach at the school house Sunday afternoon at 2:30. The intermediate B. Y. P. U. will accompany him and will render one of their good programs in connection with the sermon.

EIGHTY-NINE HUNDREDTHS RAIN FALLS WEDNESDAY

Rainfall totaling eighty-nine hundredths of an inch fell at Colorado Wednesday afternoon. The rain is said to have put out a large amount of stock water in surface tanks. The

rain was heavy over this entire section and in some localities a heavy hail storm preceded the downpour. Considerable damage was reported from Blackwell, Nolan County.

WRECKERS RAISE ENGINE THURSDAY AFTERNOON

The wrecker sent here from Big Spring Tuesday proved to small to lift the large Mogul engine No. 701 which went into the ditch near the Colorado river Tuesday morning and the second wrecking crane was sent to Colorado from Fort Worth. After building a track down the embankment and to the north of the wrecked engine the two cranes easily lifted the engine up.

E. A. Pistole, divisional superintendent and who had been here since within two hours after the wreck, personally directing work of clearing the wreckage, left Thursday afternoon for Big Spring, Texas & Pacific officials were here Thursday from Fort Worth.

Lawrence Jarnigan, 17, was injured Tuesday morning while working in a field near Spade, when struck by a bolt of lightning. The team of mules Jarnigan was driving were killed. He was completely paralyzed when first found but at last report was doing nicely and recovering rapidly.

Uncommon Sense

YOUR CAPITAL  
IF YOU are drawing a thousand dollars a year you are getting interest on \$25,000. Twenty-five thousand dollars therefore is your capital.

Every dollar that you add to your yearly income means that your capital is increased by \$25.

Double your salary and you double your capital. Quadruple your \$1,000 a year and you can consider yourself worth \$100,000, which is a tidy fortune.

The capital that you carry under your hat, you do not need to risk in speculation. It is immune from bank burglars and stock jugglers. It is yours as long as you keep your health and retain your earning capacity.

Always consider your brains as your capital. Take the same care of them that the banker takes of his funds and those entrusted to him.

Bad habits, sloth, shiftlessness, impair your capital. So does ill health. Avoid all of them if you can.

Keep your body in good physical condition, for if it is not, your brain will not be able to earn the interest that it ought to.

Get rid of bad habits. All of them cut your capital down.

Add to your capital as regularly as you can. Add not only to your earning power, but to the reserve of money that all men ought to establish as soon as possible.

When the capital that is under your hat and the capital that you have invested in good securities are both working for you, you will be beyond the reach of want and on your way to prosperity and independence.

But remember that both kinds of capital must be cared for and safeguarded, or they will shrink instead of expand.

Make them grow, while the growing is good. Capital of one kind or another is the only insurance against the miseries of poverty and old age.

MEN YOU MAY MARRY

By E. R. PEYSER  
Has a man like this proposed to you?  
Symptoms: Short, coat looks as if it were too tight over his husky little breast. He is fond of clothes and yet never indulges in a comfortable suit. He sits on the edge of chairs, and he is always on the edge of telling you he loves you. He doesn't stutter, yet he is nervous. As a lover he is very amusing, especially when he pretends that he isn't your lover. In most cases he tries the platonic, but his saccharine smile gives him away and his terrific effort never to be late is a fearful telltale.

Don't Worry Too Much About A "BARGAIN PRICE"

WHAT IS A BARGAIN?

Anything that is low in price is not necessarily a Bargain. A Bargain is something that you can buy at a price far less than it is worth, and at the same time have use for it, either at the present time or the near future. Unless you have use for a thing, regardless of its price, it is not a bargain. The price of a bargain must always be under the normal value of merchandise.

### Methodist Church

We had 148 at S. S. last Sunday and a good attendance at church services. In the evening our leaguers put on an excellent program, this was enjoyed by a large audience. We think that our leaguers are the best in the land. Their program Sunday night would do credit to any league. My prayer is that we may be able to keep their God given powers directed in the proper channel. After the league services Sunday night Judge Stevenson and Roy Edwards gave an interesting account of their impressions of the great laymans meeting which they attended at Sweetwater. We have now organized our laymen according to the plan of the discipline. Our W. M. S. is steadily growing and is doing excellent work.

SPECIAL-SIX TOURING \$1275

Wherever motor cars are discussed, and that's nearly everywhere, somebody is sure to remark—"That Studebaker Special-Six is a regular automobile."

The Studebaker Special-Six has been on the market for four years. Each year has seen added to it such refinements and improvements as time has made possible. Today there are more than one hundred and twenty-five thousand in every-day service and we don't believe there's a dissatisfied owner.

The name was selected because comparative tests against all kinds of cars made this car stand out as something special and apart from the ordinary run of automobiles. It requires special merit to warrant calling any car a special—and if the value isn't special the car quickly fades away.

Count the "Special-Sixes" that have appeared since the arrival of the Studebaker Special-Six. That's the proof of the value of the original Special-Six.

### OIL NEWS REPORTED BY THE BIG SPRING HERALD

That Enders-Cushing No. 1 has all the ear marks of a big oil well is the opinion of all who have investigated the showing which caused work to be suspended until the well can be prepared to be brought in properly.

The order to suspend drilling which was given by Mr. Cushing was approved by H. H. Enders, president of the Cushing Ranch Drilling association, in a wire received from Boston. Steps are now being taken to secure the necessary casing and approximately 4450 feet of new California casing is to be ordered. The best and heaviest of casing that can be secured is necessary to bring in a well as deep as this one and those in charge do not wish to take any chances that might result in the well being lost.

In addition to the paraffine a tion encountered in this well for a distance of about forty-five feet as made by the Massachusetts Technological College is a follows: Oil 41.3 per cent, paraffin 20.2 per cent, dirt 29.1 per cent, water 9.4 per cent. Samples sent to Austin have not been reported upon as yet.

In addition to the paraffine a coarse brown sand seems to have been encountered just before drilling was suspended. Then too the gas showing has been growing stronger in this test of late.

The showing is a most favorable one in the estimation of the most of folks who have visited the site and the completion of the well will be watched with considerable interest.

All men at the Enders-Cushing No. 1 were sent to Sparkman No. 1 where three eight-hour shifts will send this test downward. The Sparkman No. 1 is now drilling below 1825 feet, and the gas showing in the lime formation continues.

### BRITTON ELECTED MAYOR OF LORAIN; FEW VOTE

A very light vote was cast in the city election at Loraine Tuesday. Only 68 votes were polled. The following officers were elected: L. T. Britton, mayor; J. W. Hagans, city marshal; L. B. Walker and R. A. Edwards, Aldermen—Lorraine Leader.

### MIDLAND ELECTS YOUNGEST MAN FOR MAYOR IN HISTORY

The city election held in Midland last Tuesday resulted in the election Paul Barron as mayor of that town. Barron is the youngest mayor ever elected by Midland, and is probably the youngest mayor of any town in Texas. He is said to be only 25 years of age but was reared in Midland and is a leading business man there. Aldermen elected at Midland were M. C. Ulmer, M. E. Hill and John Howe, and John Winborne, city marshal.

### BIG SPRINGS CASTS HEAVY VOTE IN CITY ELECTION

Five hundred and twenty-eight ballots were cast in the city election was for the purpose of electing three aldermen. R. D. Matthews, S. A. Hathecock and J. F. Wolcott were elected.—Big Spring Herald.

### FOUR NEW BRICKS BEING BUILT AT COAHOMA

COAHOMA, April 4.—Building construction is transforming Coahoma into a new town that would not be recognized by a visitor here a year ago. Four new brick business houses and two large gins are under construction. C. E. Holden is erecting one of the new business houses, J. A. Roberts another adjoining Holden's. John Guitler of Abilene is erecting a large store and razing his old gin plant here for a new concrete building. A five-stand 60-saw gin is being erected by the Hendricks gin company.

### JAIL BIRDS ORDERED TO ROAD GANG BY CO. JUDGE

"That is merely an idea of your own and one that will not go very far in this court," County Judge Hall stated to a prisoner recently in reply to the statement from the man, convicted on charges of vagrancy, that he would lay the fine out in jail, "We are hard pressed for funds with which to maintain our public roads just now and you jail birds are going to either pay off with the cash or else go to the roads and make a hand."

And, apparently, the statement of the court was "two time" talk. The following day a total of five men, convicted on charges of various minor offenses, were to be seen "making hands" on the road and the rock pile. The prisoners are kept in jail at night and taken out on the road during the day. Tuesday the county convict gang had been reduced to two and these were at work on the public road leading north to Buford.

Judge Hall made the statement a few weeks ago that he planned putting an end of the practice of able bodied men being allowed to lay out fines in the jail. "The State allows them fifty cents per day for work and we are badly in need of hands," he commented.

WITH THE CHURCHES

FIRST CHRISTIAN CHURCH

Our Bible school Sunday was very good. There were 136 present with an offering of \$12.90. Some few regular attendants were out and over two teachers, but the interest was above the average. At the morning services there were three additions to the church. We appreciate the interest manifested.

Next Sunday we have a special subject for discussion and ask for a full attendance. Visitors invited to come and worship with us.

D. R. HARDISON

Men's Bible Class

There was fine interest Sunday at the Palace Theatre in the Men's Bible class. 48 men present. All seemed to take interest. We hope they will be many others come to this class. There is a friendly contest on and both sides working. It is a fine class. One of the best ever in Colorado. Come Sunday and hear the lectures and get the benefit of the quiz.

D. R. HARDISON.

Helpful Helpers

The Helpful Helpers met April 4th.

Hostess, Mrs. Edd Roach  
Subject, millinery and dress making  
Dinner served by hostess, being well prepared. Everyone enjoyed it. One child's hat finished, of pongee and straw braid. Girls dress of pongee finished, and other added bits of work such as button holes and embroidery were worked on.

A good attendance and 8 visitors all were very sorry to learn of Miss Laceywell's illness and hope that she may be with us at our next meeting.—Reporter.

THE REVIVAL MEETING

The meeting is doing fine. A little too much rain, even for the Baptists, but we are having good attendance in the face of weather and many other hindrances. The singer is all we could wish for. The folks are delighted. He is fine. The pastor is doing the best preaching he is capable of doing. We urge the people to co-operate with us in this meeting. If the business men only had a conception of what a good meeting would mean to the town, we feel they would join in with us and lend us their moral support. We are glad to see some from a distance coming. We invite you to come, one and all. If the house runs over we will provide some way to care for you.

10 o'clock in the morning. 7:45 in the evening.

M. C. BISHOP.

Episcopal Church

There will be no services next Sunday, April 15th at this church except Church school, which will be held at 9:45 a. m., J. B. Reese, superintendent.

Reverend Etson left Monday for Omaha, Nebraska at which place he will represent this district in an educational conference. He will return in time to fulfill his appointments with us Sunday, April 22nd.

Young People's Meeting

The young people's missionary society of the Methodist church met with Mrs. Hope Herrington Tuesday. The lesson was on Mexico. Plans were made for a social meeting with Miss Sallie Herrington Thursday evening. Mrs. Looney and Mrs. Conrad Watson were guests. The hostess served carmel pie with whipped cream, angel food and tea. The next meeting will be with Miss Sallie Herrington.

METHODIST CHURCH

We had a good Sunday school last Sunday. The morning and evening congregations were not as good as the Sunday before. Rev. Jameson of Snyder preached at both hours. The pastor was out at the morning service, the first time in twelve weeks. In another Sunday or so he will begin preaching at the regular services Sunday school 9:45 a. m.

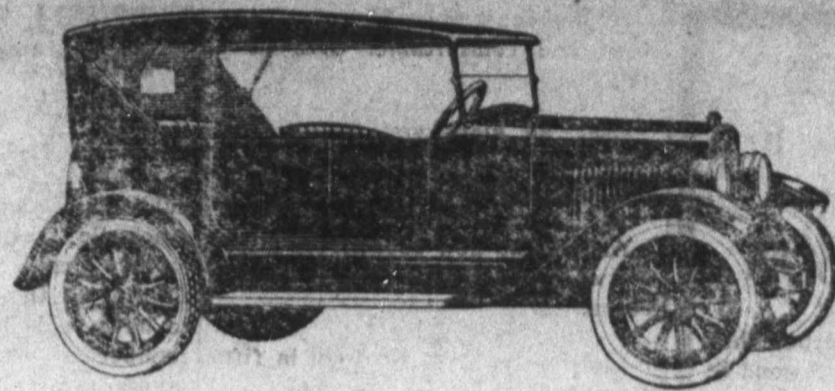

Preaching at 11 a. m. and 7:45 p. m.

Epworth League 6:30 p. m.  
Our regular prayer meeting Wednesday 7:45 p. m.

We hope our people will attend the services now being conducted at the Baptist church. Brother Bishop is doing his own preaching and has a good singer.

Spring is now here and the birds have begun to sing and the bees have begun to hum, most every living thing takes on new life. Let us then bestir ourselves and have two hundred and twenty-five in Sunday school, next Sunday. Easter Sunday we came very near that number. We had 223. Now we can beat that, if we will all work. We urge all our people to attend the services.

J. F. LAWLIS, Pastor.

BIG DEAL CLOSED BY LOCAL PICTURE SHOW MAN

Charles Taylor of this city and Bert King of New York put over last week what was probably the biggest picture deal ever made in Texas. The deal was through Associated First National Pictures, Inc., of New York and the numerical list reaches upward of one hundred and fifty pictures. There is the work of over fifty different stars and independent producers such as Norma and Constance Talmadge, Katherine McDonald, Anita Stewart and others all of whom have their own private studios where art and the quality of the picture is the only consideration. In discussing the contract, Mr. Taylor stated that he had long been a holder of a franchise in this company and was thus able to obtain at a rather reduced rate what would have amounted to nearly ten thousand dollars to any one else. He also stated that First National pictures were absolutely the cream of the market today and finer or more entertaining plays could not be bought for love nor money. He expects to run these pictures in the new playhouse to be constructed at the present site of the Colorado National bank which he has under lease.

NEGRO INSTANTLY KILLED BY LIGHTNING TUESDAY

Ocie Irvin, negro, 23, was instantly killed by a lightning stroke while working in the blacksmith shop at the farm home of Lee Strain, twenty miles northwest of Colorado Tuesday afternoon. Irvin, with three others and Lon Strain, was at the shop and Mr. Strain had been using a brace and bit for boring holes in a piece of timber. Turning to the negro, Strain requested him to take the bit and use it and just as the white man walked away the negro was struck down. Two other of the negroes were knocked to the ground by the concussion.

A brother of Mr. Strain was in Colorado Tuesday night and stated they regarded it as marvelous that several persons were not killed. No trace of the lightning could be found on the building in which they were at work and he stated that a small bruise on the negro's forehead was the only injury found.

**MITCHELL SCHOLASTICS SHOW INCREASE OF 126**

Complete returns from the enumerators filed in the office of J. C. Hall, county superintendent of public instruction, show that the scholastic population of Mitchell County increased 126 over last year. Several of the districts were found to have made large increases in the number of the scholastics, while others either held their original number or dropped to lower figures. Westbrook has the largest gain of any of the independent school districts, with a total of 156, an increase of 28 over last year. Colorado has 785, a gain of 19, while Lorraine lost 17, dropping from 331 to 314. Scholastic enrollment of the twenty-three common school districts was given as follows:  
Longfellow, 65; Lone Star, 121; Iatan, 28; Carr, 67; Payne, 66; Cuthbert, 26; Rogers, 69; Dorn, 100; Spade, 94; Buford, 104; Seven Wells 61; Looney, 75; Fairview, 95; Valley View, 96; Shepherd, 54; North Champion, 58; Lowe, 62; Horns Chapel, 36; McKenzie, 16; Conoway, 107; Baumann, 88; Landers, 43; Silver, 30. McKenzie, with only 16 scholastics enrolled, is shown to be the smallest of the common districts, in point of population, while Lone Star, with 121, is the largest.

**Entertaining Clubs**

Mrs. A. E. Barcroft entertained both the Harmony and Merry Wives Clubs Wednesday afternoon. Besides the members of the clubs several other friends were guests. Quite a few knew it was their birthday and brought remembrances and had toasts for the occasion. Mrs. Coleman toasted the hostess as a business woman, Mrs. Guitas as a friend and also sang a solo. Mrs. Johnson as a club woman and Mrs. Boyd Dozier as a Christian. A beautiful birthday cake decorated in lavender with an ice carrying out the color scheme were served.

**CARD OF THANKS**

**A DEEP QUESTION**

Are rich men's wives to be pitied scorned or envied?  
It's a question with as many answers as there are people, probably, but in "Rich Men's Wives," the Gasier-produced Preferred Picture that will appear here for two days, beginning April 19 and 20 a solution is given.  
"Rich Men's Wives" we consider one of the best pictures that we have ever presented to our patrons, because it has all the elements that go to make satisfying entertainment. It is a strong story, with dramatic power that will thrill you, and a dash of pathos that will tug at the heart-strings of every normal person, especially mothers. It was produced by Gasnier, maker of "Kismet," under the supervision of B. P. Schulberg, a creator with high artistic ideals, and has setting in keeping with good taste. The cast is one composed of real artists, including House Peters, lovely Claire Windsor, Baby Richard Headrick, Gaston Glass, Rosemary Theby, Myrtle Steadham, Cha. Clary, Mildred June, Carol Holloway, William Austin and Martha Mattox.  
You'll enjoy "Rich Men's Wives" and you'll profit by seeing it.  
Mr. and Mrs. Rush Moody left in their Ford Wednesday morning for Marshall, where Mr. Moody has accepted a position as advertising manager for the Marshall Messenger. Moody is the son of a newspaper man and is an artist in his line of work. The best wishes of their friends here follow them.

**ABE DOLMAN HAS FOOT AMPUTATED AT PARIS**

From Paris Morning News:  
Abe H. Dolman of Colorado, Texas, a former well-known resident of this city, who is a brother of Mrs. Guy S. Caldwell, had his right foot amputated by Dr. L. P. McCuiston at the sanitarium on Monday. The foot became infected several months ago, and the extent of the infection was not realized until it began to give him serious trouble and caused a great deal of suffering.  
He came to Paris five weeks ago for treatment and a strong effort was made to save the foot, but it was finally decided best that it be amputated. His friends will be glad to know that he came through the operation all right and that he was resting well last night.

**FARM BUREAU CAMPAIGN COVERS MITCHELL COUNTY**

(Continued from page 1)  
in the Union, having more colleges and a better system of public schools than any other common wealth in America, "as the result of the fact that the fruit growers and other farmers of that state adopted as their plan the co-operative marketing system. The California fruit grower formerly received eight cents out of the consumers dollar returned for products, but today they are receiving thirty-eight cents of the consumers dollar. The Southern cotton farmer is receiving only sixteen cents out of the consumers dollar."  
The representatives delivered a total of eight addresses in the county up to Thursday night. Owen will speak at Conoway Friday night at 8:30 and Overstreet will speak at Valley View at the same time. The speakers are being accompanied by W. W. Porter, secretary of the Mitchell County organization, and other bureau officials.

**FUNERAL**

The funeral of R. C. Beal was held at the home of his sister, Mrs. D. H. Snyder last Friday. The services were conducted by Rev. D. R. Hardison, pastor of the First Christian church. Cliff, as he was called, was born and reared in Colorado. On account of bad health, heart trouble, he with his family left a few years ago for Hanley, where he resided up to the time of his death, which was quite sudden after a spell of the flu. He leaves a wife and six children, father, mother, several brothers and sisters to mourn his departure. Mrs. W. R. Smith and Hall Homan of El Paso, sister and brother of Mrs. Beal were here for the funeral. The Record extends sympathy to the loved ones in this sad hour.

**THE K. K. HAS MOVED**

The K. K. referred to above does not refer to the Klan in any way, but means the Klassy Kleaneer. They have moved. Bob Porter, the big cheese said he had bought the Simpson concrete building on the Alley corner opposite the Foxhorn Cafe and now moved into the new home, was remodeling throughout and was now ready for all comers in trailing, cleaning and pressing. More next week.

**NOTICE**

This is to notify our friends and customers that we are now with Mr. A. J. Herrington, at the Ford Service having sold our business to King & Free. We will appreciate a continuance of your liberal business. We feel that we can give you even better service here than at our former place as Mr. Herrington is better equipped for serving the public. Don't forget we are doing all kinds of first class radiator and battery work and we can weld anything that is broken but the "break of day" and a "broken heart."  
Thanking you for your past favors and hoping you will each call to see us at Herrington's.  
SMITH & BAKER.  
Are Rich Men's Wives to be pitied scorned or envied? You'll determine that for yourself after seeing "Rich Men's Wives."

**A Still Greater Value**

Never before has a Ford Sedan been sold at such a low price.

Never before has there been such a well-built Ford Sedan—improved with finer upholstery, window regulators, and with many refinements in chassis construction.

This is the family car which fully meets every requirement of economy, comfort and sturdy service.

So great is the demand that deliveries will soon be almost impossible. List your order now, make a small down payment, the balance on easy terms.

**CHARLES RAY MAKES SOME GOOD ENTERTAINMENT**

The Best Theatre announced this week that it will present on Monday and Tuesday next one of the most comical plays ever made. It is not only comical but contains real humor. The name of it is "The Tailor Made Man," being released by United Artists Charles Ray is the star and really the whole show if reports from other towns can be relied upon. Anyway we are sure of a good entertainment if Charlie was the only actor in a show fifteen reels long. Monday and Tuesday at Best Theatre.

T. G. Brennan, an old time sport and side partner of Bill Kellis of Sterling City, was here this week visiting his brother, Postmaster R. S. Brennan. When last seen by the

reporter, T. G. was a mighty bad company.

A big Vitagraph special "A Front Page Story" next Monday and Tuesday at the Palace.
