COLORADO, TEXAS, FRIDAY, AUGUST 31, 1923.

WHIPKEY PRINTING COMPANY

COLORADO BAND HEADS PROCESSION AT LUBBOCK

The Texas Technological College is "located nicely" Gov. Pat M. Neff, who signed the bill creating it, told 7,000 cheering West Texas citizens crowded under the locust trees of Lubbock County's court yard here this afternoon.

The speech of the Governor was a part of the day's program of Lubbock's celebration of the location of the Texas Technological College here. It was one of a number of speeches delivered during the day and afternoon.

When the Colorado booster band, playing martial airs opened a walk in the solid mass of humanity in which Governor Neff, and members of the official party went to the speaker's rostrum more than 7,000 persons were in the inclosure.

The speaking immediately followed the feeding of a crowd estimated at 20,000, estimating that 20,000 visitors were here today.

Every illusion that Governor Neff made to the location of the college in Lubbock met with salvos of applause.

When Governor Neff is buried he hopes that "if I may have the privilege of saying what words may be graven on the cold gray sheet that marks my resting place that it may be that I signed the bill creating the Texas Tech College.

"This is not a Lubbock, or a Panhandle or a Plains, or a West Texas institution," the Governor declared, "but it is for everybody in Texas and intended for every Texan."

"The State of Texas is responsible for the creation of the college. The Legislature of Texas passed the bill. The treasury of the State of Texas will pay for the building of the institution. The Governor of Texas signed the bill that it might become a law. The State of Texas located it, and located it as it ought to have been located, out here in this western country. This college is located nicely in territory. In England you can take a country not larger than the territory embraced in the bill creating this institution, and you will find 30 colleges of greater pretensions than this one.

Commence with Maine and travel south, and take in a territory as great as that included in this bill, and you can find 25 great colleges like this one.

"You are located finely and nicely as to territory. The Texas Technological College is located admirably with reference to people. I have traveled from the Republic of Panama on the south to the Dominion of Canada on the north. I have visited practically every state in the Union. I think I know the citizenship of the United States, I know the citizenship of the Panhandle and the Plains and I know that they represent the finest, purest Anglo-Saxon blood you will find anywhere.

"I rejoice as a citizen of Texas that you have here a college to serve the people of West Texas, the people of all Texas. There is a college located among an American citizenship that will serve to perpetuate American ideals.

"You have a school here that is located nicely because the students will get a tonic as I did this morning in your fine morning air. Where is there a boy who will come out here, get off the train, get one deep breath of this splendid ozone and who will not feel like he is a better man.

"The students coming here will get strength from your rich soil and they will get an idea of eternity when they look out on the broad and sunlit prairies of West Texas.

Here Governor Neff turned to the rostrum behind him on which was seated members of the Locating Board members of the board of directors,

(Continued on page 2)

NOTICE TO INVESTORS

I am planning to drill an oil well to off-set the T. & P. No. 4. I would be pleased to confer with any one who desires to take an interest with me.—R. H. LOONEY.

WISDOM OF TRADE TRIP IS MENTIONED BY NEIGHBORS

During the past few days the Colorado Chamber of Commerce has received communications from Chambers of Commerce and individuals in adjoining towns and cities praising the wisdom of sending the trade excursion for a visit to the towns of West Texas, advertising Colorado and Mitchell County and the Mitchell County Fair. Among the communications received one of the most interesting is from the Lubbock Chamber of Commerce, as follows:

"We certainly want to congratulate you upon the wisdom of your plans for a three day trade trip putting you in Lubbock for the 28th, and making all of these good towns in the round. Such a spirit on your part can not fail but make Colorado more popular among the people of West Texas, but better than this will sell it to its own people as nothing else in the world could. Folks don't appreciate your organization until they work for it. Nor do they appreciate their city until they get right down and spend a little money in building up it's territory. Your trade trip should bring you better returns and better work among your people than ever."

ECHOES FROM THE ABILENE TRADE EXCURSION LAST WEEK

One of the most cordial receptions on the entire trip was that dished out by the wide-awake people of Colorado, who met the visitors with the widely-known Colorado band and a large crowd of citizens. The streets were paraded by the boosters who were feeling good and put on a snappy show. The Rev. M. C. Bishop, in a welcome address, paid a glowing tribute to Abilene and said that whenever Colorado felt in need of pep, she always cranked up her flivver and drove to Abilene after it. Mayor C. E. Coombes of Abilene responded with an apostrophe to the greeting "Howdy," Miss Lottie Gray Pritchett was introduced as maid of honor to the duchess of Colorado who has not yet been chosen.—Abilene Reporter.

REPRESENTATIVE OF AUSTIN COLLEGE HERE LAST WEEK

E. L. Foshee, representative of Austin College, Sherman, spent a few days of last week in Colorado working among high school graduates and their parents. Mr. Foshee is working in connection with the campaign which Austin College is putting on at this time to commemorate the 75th anniversary of the founding of the institution in 1849. It is the expectation of the faculty and board of regents, Mr. Foshee stated, that the "Diamond Jubilee" is to be the banner year of the college in every respect. The Alumni and former students are co-operating actively to bring this about. There are several former students of Austin College in Colorado and Dr. P. C. Coleman has been on the board of regents for a number of years.

MISS COSTIN LEADS IN MITCHELL QUEEN CONTEST

With a total vote of 6,574, Miss Hazel Costin of Colorado, was posted as leading in the Mitchell County queen's contest Thursday morning, placing Miss Ruebelle Smart also of Colorado and who was leading last week, in second place. Miss Smart had received 6,068 votes up to Wednesday night.

Miss Connie Baird of Lorraine was running in third place with 5,229 votes and Miss Elsie Lee Majors of Colorado came fourth with 5,163 votes. In the fifth place was Miss Irene Biedsoe of Westbrook with 5,151 votes.

COUNTY TAX ROLLS WILL BE COMPLETED IN WEEK

Roy E. Warren, tax assessor, is making out the 1923 tax rolls for Mitchell County and stated Saturday he expected to have them completed and ready for the audit of Commissioners' Court within another week. Warren stated that assessed property valuations in the county would approximate an increase of \$300,000 over that of last year.

ABILENE BOOSTERS STORM COLORADO FRIDAY MORNING

The special train carrying 125 Abilene business and professional men, accompanied by the Simmons College Cowboy band, arrived in Colorado Friday morning at 9:25 on schedule and the trade trippers immediately detrained and took possession of the city. The visitors were greeted by the Colorado Booster band and a number of local citizens at the Texas & Pacific passenger station.

From the passenger station the Abileneans, with band playing that familiar air, "Hail, Hail, the Gang's All Here," marched to Second street where a halt was made at the intersection of Second and Walnut. Each of the visitors carried advertising matter of some form, in the way of hat bands, parasols and printed literature for distribution boosting Abilene and the West Texas Fair.

The visitors were welcomed to Colorado by the Rev. M. C. Bishop, who praised the progressive spirit of Abilene and the citizens who are building a city there. "We are glad to have you men of Abilene visit us today," he said, "because you will leave with us some of the inspiration you have. When we want to take on more pep and obtain a greater inspiration for doing things in a big way, we crank up our tin lizzies and lizzie over to Abilene."

Rev. Mr. Bishop spoke of the street paving, new court house and business properties being constructed at Colorado and of the oil field nearby. He invited them to return within the next few months and see a city with paved streets, beautiful white way and one patterning after Abilene in doing big things.

The response to the address by Rev. Mr. Bishop was delivered by Hon. Chas. E. Coombes, mayor of Abilene. The speaker praised the spirit of Colorado and declared that the citizenship in this city were typically of the old western type, true to the last, chivalrous and progressive. He extended an invitation to the people of Mitchell County to visit Abilene at any time, and especially during the West Texas Fair.

Following the address of Judge Coombes, R. W. Haynie, Abilene attorney, introduced Miss Lottie Pritchett and the young lady who was Madam Colorado at the San Angelo convention, stating to the visitors, "this is the type of young lady you will find in Colorado. I have been coming to Colorado for many years and I know that this city has more pretty girls per capita population than any other West Texas city." Addressing the Colorado people Haynie said, "Fifty thousand citizens of Abilene invite you to come to the West Texas Fair and bring all your fair maidens with you."

Addressing Miss Pritchett, Haynie said: "The roses red and violets blue; candy is sweet and so are you," and presented her with a box of candy.

The street was literally jammed with local citizens who came down town to co-operate with Chamber of Commerce and Lions Club officials in welcoming the visitors. Scores of whistlers were distributed among the youngsters and within a few minutes after arrival of the delegation the boys of Colorado were making almost as much noise as the trade trippers.

Scores of the visitors paid personal visits to business friends and acquaintances while here. It developed that Powerful Katrinka Cooper had support among the Abilene delegation, as Grady Kinsolving, secretary of the Abilene Chamber of Commerce, and Dr. J. W. Hunt, president of McMurry College, paraded the streets delivering orations in support of the candidacy of the aspirant for reelection as the ugliest man. "Vote for Powerful Katrinka Cooper. He is the ugliest man in Colorado, or anywhere else," was the message shouted by Kingsolving through a megaphone.

Work on the new court house goes on.

TRADE TRIPPERS RETURN HOME WEDNESDAY NIGHT

Completing the last lap of a three day's schedule Wednesday night, the Colorado trade trippers returned home tired and dusty but full of enthusiasm over success of the trip. Every member of the party came back to Colorado fully convinced that the concerts given and the addresses delivered in each of the towns visited served to make a lasting impression upon the people of the South Panhandle.

Negotiating heavy roads because of the rains Sunday night, the party left Colorado Monday morning and drove to Snyder where luncheon was served the band and other members of the delegation by the Scurry County Chamber of Commerce. After luncheon, a band concert was given at the band stand and the music was liberally applauded by the large number of citizens who congregated there. The visitors were welcomed to Snyder by Fritz R. Smith, mayor. Following the address of Judge Smith, an address was delivered by a member of the excursion.

At Post the Colorado boosters were again royally received. The entire population of that progressive little city, it seemed, were on the streets to welcome the boosters. A program of concert music and speaking was carried out here, after which young ladies served the visitors with punch. It was the typical West Texas welcome and it was hard for the Coloradans to leave.

Arriving in Slaton at six o'clock Monday afternoon, the visitors were escorted to the hotel for a brief resting spell and dinner. After dinner a band concert was given on the public square. This concert was heard by 2,000 people who stood for more than an hour to hear what they termed as "the best band in Texas west of Fort Worth" play. Again the official speaker told the people of Colorado, Mitchell county and the Mitchell County Fair.

Spending the night at Slaton, the delegation left early Tuesday morning for Lubbock to attend the Technological College celebration. The Colorado Booster Band was the official band to Governor Neff and as one of the visiting bands for the day, played an almost continuous program after arriving in Lubbock, as in the other towns visited, the Colorado band was given the plaudits of the people as being one of the best in all of West Texas. Especially was Curtis A. Keen, secretary of the Lubbock Chamber of Commerce, profuse in his praise of the Colorado band and of the spirit shown by the people of this city in sending such a strong delegation to the celebration. It was estimated that 100 Colorado people were in Lubbock for the day.

Wednesday morning the boosters started on the return home, going by way of Tahoka, Lamesa, Big Spring and intermediate points. At each of these places where stops were made large crowds of people gathered to hear the band concerts and the visitors were royally welcomed by speakers who paid a tribute to the band and the citizenship of Colorado. The speaker representing the Colorado delegation also delivered addresses at every stop, telling the people of the South Plains of the Booster band, Colorado and the fair.

Especially was the reception a rousing one given the visitors at Lamesa. Citizens of the city forming a reception committee met the trade trippers outside the city and escorted them into that progressive commercial center, making the stop in front of Mimm's Cafe, where luncheon was served the entire delegation. Addresses were delivered welcoming the visitors to Lamesa and praising the band as one of the best to ever pass over the South Plains. During the luncheon period addresses were delivered by M. S. Goldman, J. Lee Jones and R. L. Farmer.

Spending three hours in Lamesa, the trade trippers left at three o'clock in the afternoon for Snyder and after two hours and ten minutes of hard driving arrived in that progressive city. A concert was given

"GRAND OLD MAN OF WEST TEXAS" RECEIVES PRAISE

Dr. P. C. Coleman of Colorado, was heralded as "the grand old man of West Texas," and the statesman who had pioneered the fight for an institution of higher learning in this great section of the State by the thousands of people attending the Tech celebration at Lubbock Tuesday. Dr. Coleman delivered an address at the city auditorium Tuesday morning at the special request of members of the board of regents of the Technological College.

As the master of ceremonies, in introducing Dr. Coleman, referred to him as the grand old man of West Texas and the father of the West Texas college idea, the hundreds of people in the large auditorium loudly applauded their approval.

Dr. Coleman in stating that Colorado had been an applicant for the college, said: "I told the locating board that Colorado was the place for the school, but they either forgot what I said or failed to pay any attention to my suggestion."

About the city numerous small groups of visitors could be overheard expressing their sincere appreciation for the "Colorado spirit," as they termed it, as demonstrated by the large delegation in the city and the splendid entertainment given by the Colorado Booster Band. Colorado had the largest delegation of any town or city below the cap rock and the band was the best in Lubbock by odds.

BUFORD FARMER PROSPERS ON 2-ACRE TRUCK PATCH

Jim Bodine of Buford is making trips into Colorado every morning with melons and other produce to market. Mr. Bodine has a two-acre patch on his farm to which he plants melons and varied garden vegetables and for some time has been marketing produce daily from same the daily sales netting him from \$18 to \$25. Bodine has the patch under irrigation and has followed out approved scientific methods in cultivating the crops grown.

Bodine admitted Saturday morning, just after depositing his daily receipts at a local bank, that his two acre truck patch was a big dividend payer and he is so strongly sold on the irrigated truck idea that it would be hard task to induce him to return to cotton as the sole revenue crop on his place. He has no cotton of his own this year, having rented his farm to tenants.

"Say you are going to put this in the paper?" Bodine asked. "Well, you need not tell them the name of the farmer out at Buford who is making such good money from a small truck patch, but you certainly can tell them there is big profit to be derived from this kind of diversified farming." Bodine is marketing produce of such excellent quality that numbers of patrons of the local grocery and produce stores specify his product when ordering.

PEOPLE ARE URGED TO ATTEND METHODIST REVIVAL

Rev. J. F. Lewis, pastor of the First Methodist church, renewed the invitation Thursday morning for the people of Colorado and surrounding section to attend the revival now in progress at the church. Services are being held twice daily, at 10 a. m. and 8 p. m. Preaching is being done by the pastor and Thos. Dawes is directing the choir.

DISTRICT COURT WILL BE CONVENED AT BIG SPRING

Hon. W. P. Leslie of Colorado, of the 42nd judicial district, will convene the Howard County district court in regular session at Big Spring Monday. The first day of the session will be taken up largely in empaneling the grand jury.

DIED

Mrs. B. M. Cupp died at her home in Northwest Colorado Tuesday and was buried in the I. O. O. F. Cemetery Wednesday. The funeral services were conducted by Rev. W. A. Thornton, pastor of the Baptist church at Lorraine. Mrs. Cupp leaves a husband and several small children to mourn her departure.

3 NEW WELLS DRILLING IN 10 MILE EXTENSION MADE

The defined line of proven territory in the Mitchell County field was extended ten miles Thursday with drilling in of Moore One of the Lou-Tex. Corporation, in survey 116, just across the Colorado river in Scurry County. The test encountered the Morrison pay at 3040 feet and had drilled twenty feet into the pay this afternoon. The hole was rapidly filling with oil.

R. M. Hoffer of San Angelo, district representative, Oil & Gas Division Texas Railroad Commission, who visited the well Thursday morning, stated it was good for production in commercial quantities. The Moore well is ten miles northeast from the Sloan Oil Company's H. C. Miller One, the largest producer in the field, and is in direct line with producers in the Westbrook vicinity, extending from southwest to northeast.

Two additional wells are being drilled in this week. They are Badgett One of Bill Thomson et al, in Section 2, Block 28, which encountered the Morrison sand Thursday morning at 2972 feet. The hole is standing 200 feet in oil after penetrating the pay four feet. This well is three miles northeast from the Miller well and in direct line with producing wells in the defined field.

The third well on top of the sand and which also has an excellent showing is Texas & Pacific No. 3 of the Underwriters Producing & Refining Company, within the proven area near Westbrook. The Morrison sand was picked up in this well at 2970 and has penetrated 36 feet. The well is standing 1500 feet in oil and drilling will be continued to the lower stratum from which the larger production in all wells is coming.

The Miller well produced 450 barrels of oil during a period of twenty-four hours ending Thursday morning lowering fluid in the well only 1600 feet. This is the largest production ever gauged from a well in the county and this record was obtained in spite of the fact that the crew had not at that time completed cleaning out following a nitro shot. The well should be on the pump by Saturday.

The Fensland Oil Company encountered a strong gas pocket in their Badgett No. 1 Wednesday at 700 feet. Morrison No. 4 of the Underwriters is drilling at 1900 feet. Morrison No. 1 of Henry Riley and the Underwriters Company is drilling in the Texas & Pacific sand at 2460 feet. O'Neill One of the Sloan Oil Company is drilling at 1600 feet.

Daily production in the field, as gauged by pipe line company, is averaging 800 barrels daily.

in this representative gathering of West Texas people that is here today."

"It is a fine thing to be a good sportsman, and a good loser. It is a worth while man that can make a hard fight and then when he loses to wholeheartedly and in genuine good fellowship congratulate the winner, and then knuckle down to make a success of some other undertaking."

There was a recurrence of applause when Governor Neff said that "West of the 98th meridian the people are good sportsmen and good losers."

"If I could write my epitaph I would write on the cold gray stone above my grave that I signed the bill that put under way the Texas Technological College."

Governor Neff said that he believed the board of directors ought to select a president who carried the Constitution of the United States in one hand and the Bible of his God in the other, and was applauded.

The governor was introduced by Judge E. A. Klett of the Court of Civil Appeals of Amarillo, but a resident of Lubbock.

Just as Governor Neff arose to speak, President Copeland of the Brownfield Chamber of Commerce presented him with a 60-pound water melon.

When the Governor concluded his speech, Representative Lee Satter white introduced Lieutenant Governor T. W. Davidson who brought felicitations on behalf of the people of Texas to Lubbock.

At the conclusion of the speaking the board of directors had a brief meeting. All of the directors were present except former Governor W. P. Hobby, who is out of the State. No business was transacted during the brief session which was held as a compliment to the people of Lubbock.

Final business of the locating board, composed of Senator S. B. Cowell of Austin, the chairman; President W. S. Sutton of the University of Texas; President W. B. Bizzell of the A. & M. College of Texas; President F. M. Bralley of the College of Industrial Arts; State Superintendent S. M. N. Marrs and W. R. Nabours, secretary, was disposed at the final meeting of the board held in the Lubbock court house Tuesday afternoon. There they received the options on the 2,000 acres of land located south of Lubbock on which the buildings of the Texas Technological College are to be located. Authorization was given to the State of Texas to consummate the purchase of the land at the stipulated price of \$150,000. This money is immediately available. The first \$400,000 to be used in the construction of the buildings of Texas Tech is available on September 1st.

Chairman Carter and members of the board of directors Tuesday morning saw the site for the first time. Members of the locating board, named on the board by the Legislature, who, obedient to the demands of the Legislature, made the location, viewed it Tuesday morning for the first time. It is the last of the sites offered for this school to be viewed. During the 28-day trip which these men made over Western Texas they viewed 60 sites that had been tendered for the college.

More than 30,000 people have passed through the feed lines in 50 minutes Tuesday. This fact is arrived at by the fact that 28,000 paper plates were used and for 15 minutes no plates were available and the crowds took sandwiches rather than wait for the next truck load of plates to arrive at the feed scutes.

The exact quantity of food served Tuesday are: 146 beeves, totaling 35,000 pounds of meat; 418 tubs of sliced bread; 87 tubs of pickles, or five barrels; 184 tubs of potato salad averaging 300 lbs. to the tub; 64 tubs of fried chicken; 1,950 gallons of coffee; 10,000 roasting ears.

The Plainview, Colorado, Lorenzo, Jayton, Southland, Brownfield, Stanton, Amarillo drum corps, Stanton and Lamesa bands parade during the day.

Sweetwater had a sizeable crowd here as did Abilene. Floydada had a big crowd, so did Post. The town of Wilson which made a strong bid first for Wilson and next for the Plains, came in big force.

Brownfield brought a special train, Amarillo special was tied onto the regular train this morning but returned to Amarillo at 7 o'clock.

The Plainview band was the official band of the occasion.

Incoming delegations declared that every road in a radius of 100 miles of Lubbock was a moving stream of traffic during the last 24 hours.

Scores of telegrams poured into Lubbock today, bearing congratulations to Lubbock, and to individuals in the city.

Representative Lewis T. Carpenter joint author of the House bill which later gave place on the Legislative

calendar for the Senate Texas Tech College bill, was introduced as the man "who put the Tech in the bill"

The Texas Technological College begins its career under most auspicious circumstances.

R. M. Chitwood, chairman of the House Educational committee and House floor manager for the bill, for years an evangel for a college in West Texas was applauded when he said that he felt now as he did when the bill was passed that wherever the Texas Technological College should be located, whether to the northern extreme or the southern extreme, that it cannot be located without the confines of my heart."

He lives at Sweetwater.

A happy speech was made by Judge M. E. Rosser of Snyder.

"Snyder is a better and bigger town today as a result of its bid for the Texas Tech," Judge Rosser said. "We have a better understanding among ourselves, we have more paved streets, and more sidewalks than we have ever had."

Dr. P. C. Coleman, the grand old man of West Texas, and the father of the West Texas College idea, who lives in Colorado, said that he told the members of the locating board that the best place to locate the college was at Colorado but that "they either forgot what I said, or failed to pay much attention to it." Dr. Coleman disagreed with Representative Carpenter in his statement that the college would feature technical training and he said that "the people of West Texas wanted an A. & M. College and that is what they have got."

Dean T. U. Taylor, of the Department of Engineering, University of Texas, in a brilliant speech on education, said that he believed all the time in this college.

The Plainview delegation was first to arrive for the celebration, headed by the medal winning Boy Scout band

"Thru The Back Door"

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangers and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

COLORADO BAND HEADS PROCESSION AT LUBBOCK
(Continued from page one)

Senators William H. Bledsoe of Lubbock and Robert A. Stuart of Tarrant, Representative Lee Satterwhite of Amarillo and R. M. Chitwood of Sweetwater, Lieut. Gov. T. W. Davidson and other State officials, including Comptroller Lon A. Smith and

State Commissioner of Agriculture Geo. B. Terrell and saked what institution is better environed than this one?" the location of which you have the honor to come here and serve.

"My deliberate judgment is that the contest that has been waged among the 36 cities of Western Texas for the Texas Technological College has been worth \$10,000,000 of dollars to the people west of 98th meridian."

"It has been worth it in the value of education information that has been gathered. It has been worth it in the accumulative publicity which the West Texas people have received. It has been worth it in the local pride which has been stimulated. More than all, however, it has been worth it in the fine comradeship displayed among the people of West Texas (applause) during the contest and then in the splendid spirit of good sportsmanship evidenced after the location has been announced, and

COMFORTABLE AS AN OLD SLIPPER

Whether or not you approve of shell spectacles for other occasions you will certainly find them mighty comfortable to slip on evenings in the seclusion of your own home. The frames are light and smooth and the broad surfaces give adequate protection to nose and ears.

You will find here an excellent assortment of styles and sizes. There are styles with straight sides that are particularly popular with ladies, as it is not necessary to disarrange the hair in slipping them on or off.

Your present lenses can be duplicated for insertion in a pair of these shell frames.

With the West Texas college located at Lubbock, which is a fine little city in Northwest Texas, the majority of boys in what is known as West Texas will continue to be served by the Old Reliable, viz., the Agricultural and Mechanical College at College Station.—George Bailey in the Houston Post.

The situation could have not been sized up any truer than the sentiment expressed in the above. Perhaps in the above will be found the reason for ascending the caprock rather than descending. "West Texas will continue to be served by the old reliable," is where the A. & M. got on through the President of the A. & M., Mr. Bizzell. The A. & M. got on alright. Fighting for years against the establishment of an A. & M. college in West Texas, lobbying at every session of the Legislature when the matter came up, the A. & M. finally had the College placed near New Mexico where it would do the school at Bryan the least hurt. Yes, the cat is out. Houston lifts the lid, and the Scurry County Times recites the escaping of the canine. West Texas boys will continue to go to the old A. & M. rather than go to Lubbock. But perhaps West Texas may show Houston and the East Texas A. & M. a few things and support the Tech at Lubbock. West Texas lost alright and South Texas rejoices.

West Texas has not lost its self-respect if it has lost its long cherished school. West Texas will select as between these two schools the Plains school. West Texas will yet beat Bryan and the South Texas politicians at their game. There is no doubt in the minds of West Texas people that the Tech was taken to the Plains to get it as far away from the A. & M. as possible. If there had been any way to have located the Tech over in New Mexico it would have gone there rather than at Lubbock. The father away the better. There is no use mincing matters and beating around the bush. West Texas is not pleased with the location of the school. But West Texas will accept the result and charge the matter up to another rotten political deal, when four aces and a lonesome jack went out against us. It will be West Texas next draw and if either member of that locating Board ever ask for a political hand in Texas they are going to draw in West Texas a pair of duces. George Bailey has incidentally let the cat out—and it goes scampering over this section. They may call us die-hards and all sorts of things, but we are shooting straight from the hip. West Texas did not get a Tech or an A. & M. or any other sort of higher state school of learning. West Texas may never get an institution of this kind, but

West Texas can get along just as before. If Bizzell and that A. & M. bunch think that they have put one over on West Texas they have another guess coming—in the matter of throwing our support to the Bryan school. Politics—clean politics. Texas has the world skinned and then some (?).—Scurry County (Snyder) Times.

But very few towns and still fewer citizens in West Texas believe the college was located for its best interest. The fact that Santa Fe, Carlisbad and Clovis, New Mexico are planning a big jubilee celebration, shows that they think the Lubbock location will benefit their State more than West Texas.

Citizens of West Texas are also planning to storm the next legislature for a bill to locate a sure enough A. & M. College in sure enough West Texas and by the eternal gods Dr. Bizzell will not be allowed to have a say.—In the language of Dr. Cranfill we say, "On with the Battle."

Auto Tops, Cushions and Side Curtains repaired—Roberts Top Co., Opposite Burton Lingo Company.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

Judging a Great Institution by Small Defects

By J. H. PUELICHER
President American Bankers Association.

It would be difficult to find a banker, understanding thoroughly the Federal Reserve System, willing to admit that we could continue a first-class commercial nation, without the Federal Reserve Banks, or mechanisms similar to them. Yet there is antagonism to the Federal Reserve Banks based in some measure on some minor mistakes in administration, but more generally on a misunderstanding of their purposes, of what should be expected of such a system.

The banker, as much as any man, is to blame for the present misconception. He found Federal Reserve Banks a ready scapegoat to blame for no matter what happened. If it seemed desirable to refuse or call a loan it was easy to say that the Federal Reserve Bank wished it, although it should have been refused because contrary to good banking practice.

Most of all was the system blamed for the fact that violent inflation which hundreds of business men and bankers hoped might be continued forever was finally checked by putting up Federal Reserve interest rates. There were those who blamed the system for not having put up the rate soon enough and others who blamed it because it put up the rate at all. The penalty for thus blaming every business mishap on this valuable system may be the loss of its much needed benefits. If we wish to save the present bank of the United States from the fate of its two predecessors we must make known to America, to its rank and file, the splendid usefulness of these institutions.

We must admit at the outset that in their administration mistakes have been made. That governors of Federal Reserve Banks and members of the Federal Reserve Board are human beings, and in the administration of the affairs of any institution by human beings mistakes will be made, but these have been no insignificant as compared with the outstanding usefulness of the institutions themselves that they should be judged by the good which they have performed, which, after all, has been along the line of their designed achievement, rather than by those errors which time and experience can easily eliminate.

The movement on the part of farmers toward co-operative marketing as a cure for their present economic plight is nation-wide. There has been notable progress in the development of such associations, some conspicuously successful ones being in operation at the present time. There have also been some disastrous failures among these ventures in co-operative marketing, which is the inevitable accompaniment of the progress of any movement. The "Banker-Farmer," published by the American Bankers Association, says:

"Cause and effect are operative in co-operative marketing as truly as they are in every other business enterprise. An association will not necessarily succeed or fail merely because it is a co-operative association, but because it conforms to or transgresses from the underlying principles of successful business operation. The movement itself is of great national import and the bankers of the country can materially aid or retard its progress. The responsibility of leadership in rural communities rests very largely with the country banker. It is his duty to be informed on all matters relating to the farmers' well-being."

NOTICE
Owing to great amount of work involved and small profit in school supplies, we ask that the pupils bring the money and kindly not ask for goods to be charged.

When is a Battery Old?
Some men are young at eighty—others are old at forty.
It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—on the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rubber Batteries. Come in and we'll tell you more about them.

WINN & PIDGEON
Willard Batteries

Severe Indigestion
"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Thedford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.
"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."
Have you tried Thedford's Black-Draught? If not, do so today.
Over 8 million packages sold, a year. At dealers'

Announcing New WILLYS-KNIGHT and OVERLAND 1924 Lower Prices and great Improvements

These tremendous new values are the direct result of the greatest sales and production period in Willys-Overland history. We believe nothing else compares with them.

- Willys-Knight 5-Pass. Touring - - Now \$1175
- Willys-Knight 2-Pass. Roadster - - Now 1175
- Willys-Knight 5-Pass. Coupe-Sedan Now 1550
- Willys-Knight 5-Pass. Country Club Now 1635
- Willys-Knight 5-Pass. Sedan - - - Now 1795
- Willys-Knight 7-Pass. Touring - - Now 1435
- Willys-Knight 7-Pass. Sedan - - - Now 1995

A Bigger, Much More Powerful New Engine in All Overland Models

- Overland Touring with bigger new engine Now \$525
- Overland Roadster with bigger new engine Now 525
- Overland Coupe with bigger new engine Now 795
- Overland Sedan with bigger new engine Now 860
- The Big, Powerful Overland Red Bird Now 750

In every detail, all of the superior Willys-Knight and Overland qualities, features and improvements are retained. Nothing has been spared to insure the continuance of Willys-Overland leadership in value.

Comparison has resulted in an enormous increase in sales for Willys-Overland this year. A new comparison of these new values we believe will sweep aside every other standard that your previous observation has set up. Come in and see for yourself.

All prices F. O. B. Toledo. We reserve the right to change prices and specifications without notice.

LORAINE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Walkey Printing Company in Loraine and vicinity. See her and take your County paper

ask at the label on your Record. All papers will be stopped when time is out. If our label reads 1st March, it means your time was out first of March, 1923.

On Wednesday, August 24th, the Pioneers met with Mrs. Will Jackson. Our exhibit at the Mitchell County Fair came in for its full share of discussion. While discussing these plans each and every woman was busy with either scissors or thimble needle and thread, cutting and putting together blocks for a quilt for a motherless home. Mrs. Merritt, who was a visitor—made things still more interesting by giving us a brief sketch of her trip to North Carolina. Mrs. Jackson, assisted by her daughter and nieces, served iced tea, cake and iced watermelon after which we adjourned to meet at Valley View school house, where through the courtesy of the trustees we will have a community exhibit on September 5th. This is to be an all-day affair so come if not for all day then for a part of it and see what the community comprising the Pioneers are doing. The girls Club of this community will have their exhibit here also and we feel sure you will be greatly interested in the work they are doing.

On the last lap of a trade excursion 125 business and professional men of Abilene arrived here Friday morning at 10:20. The trade trippers were welcomed by the Loraine band. A snappy program was rendered. The Simmons Cowboy band played, "Hail Hail the Gang's all Here." Miss Nila Pearl Clement, chosen Loraine sponsor for the West Texas Fair, was introduced, being welcomed by the president, W. S. Swenson, who presented her with a handsome box of candy. Several useful gifts were also presented to the sponsor in behalf of the business men of Abilene. A quartet was then sung, "If you will be Mine, I'll be Thine." Souvenirs were distributed. Loraine, receiving a hearty invitation to the West Texas Fair at Abilene September 24 to 29 inclusive.

Miss Cora Reeder left Saturday night for Dallas to assist Mrs. L. L. Jarratt who left last week for Dallas to place her baby under the treatment of specialists.

George Mahon, who has been attending school at Austin is expected home this week.

Mr. and Mrs. W. R. Woods and Mrs. Nealy Richards of Valley View were visiting in the J. D. Yarbrough home of West Loraine Tuesday.

Mr. and Mrs. J. M. Pate who have been visiting their daughter, Mrs. J. D. Yarbrough and family leave this week for their home at Quanah.

Mr. and Mrs. Howard Spikes, Mrs. J. R. Coon, son Glen and Miss Ora Coon spent the week end visiting relatives in Snyder.

J. I. Pylant and son of Champion were in buying supplies Saturday.

Mr. and Mrs. J. S. Muns are planning to attend the Cumberland Presbyterian Presbytery at Lubbock this week.

Mrs. C. Rowland, Misses Lucy Norman and Bessie Duran were Colorado business visitors Monday.

John Richburg who has been at Glen Rose for the past five weeks is expected home this week.

Mrs. M. D. Cranfill has returned from Galveston and Houston where she visited her sisters Misses Claudie and Bess Longley.

Mr. and Mrs. C. C. Martin and family, Mr. Dee Land and wife left Sunday for a visit with relatives at Kemp.

Mr. and Mrs. W. M. Mahoney spent Sunday at Lone Wolf the guest of Mr. and Mrs. B. L. Bollenager.

Mr. and Mrs. E. P. Kuck were Sunday afternoon visitors in the G. W. Wenken home.

Mr. and Mrs. Oliver Prestage are moving out of town this week to Champion.

Mr. John Mahon and family south of town and Mr. Claud Muns and family of Roscoe were visitors in the J. S. Muns home Sunday.

O. P. Blair and family of Lone Star were in trading Saturday.

Miss Ivy Crutcher left Friday for a few days visit in the home of Rev. and Mrs. M. L. Richardson of Big Spring.

Mr. and Mrs. H. B. Cook and family spent Thursday at Silver the guest of Mr. and Mrs. Horace Griffith.

Mr. and Mrs. Naymon Dunn of Bauman leave Wednesday for Fort Worth to visit relatives.

Mr. and Mrs. Otha Thompson moved last week to the C. M. Thompson farm east of town, where he has decided on a chicken ranch to some extent. Mr. Thompson has the full-blood white Leghorns and Rhode Island Reds at present.

Mrs. L. E. Crutcher, Mrs. W. W. Rowland and Mrs. Jim Johnson shopped at Colorado Monday afternoon.

Howard Miles and family are planning to move to Lamesa this week. Mr. Miles has purchased a home there and has employment with the gin for this season. Robert Porter and family are to move in soon, occupying the house vacated by Mr. Miles.

Mr. and Mrs. A. C. Caswell, Mrs. Clyde Smith, Mrs. G. A. Hutchins and son spent Tuesday visiting Mr. and Mrs. S. H. Hart and family at Valley View.

Another good rain fell at Loraine and vicinity Sunday.

R. L. Moody is here from Sweetwater and will be with the Farmers Gin Co. this year.

Mrs. J. W. Smiley has returned from Bogota where she has been spending the summer with her daughter.

Mrs. S. F. Pylant of Lone Star is spending a few days visit with her daughter, Mrs. W. A. Davis and family.

Mr. and Mrs. Frank Beights of Lone Wolf were in shopping last of the week.

Sam Swafford and family of Cross Plains visited in the W. H. Swafford home last of the week, leaving Monday for Lubbock.

Miss Earl Smith of Frost who visited a few days with relatives at the J. W. Walker home left Monday for Dexter, N. M. where she will teach this term.

Messrs T. O. Cowan and C. M. Thompson shipped a car of cattle to Fort Worth first of the week. Mr. Thompson who went with the car returned home Tuesday.

Mr. and Mrs. C. C. Thompson of Colorado visited relatives here Monday afternoon.

Mr. and Mrs. Joe Lovett and Mr. Henry Lovett and family are moving this week from Grand Saline to the McCollum farm south of town.

Mr. and Mrs. J. D. Yarbrough and daughter returned from a visit with relatives at Grand Saline Sunday night. Mr. Otto Turner accompanied them home.

Mrs. Dewitt Miles who recently suffered an attack of appendicitis is now able to be up.

Mr. and Mrs. R. A. Edwards made a business trip to Roscoe Tuesday afternoon.

Mark Spikes visited relatives at Lubbock first of the week.

Mrs. Joe Richburg and children visited in the home of Mr. and Mrs. N. J. Richburg Sunday.

Mrs. M. D. Cranfill and niece, Mary Francis Sandifer of Inadale, visited Mrs. J. E. Spikes and family Tuesday.

Mrs. R. G. Phillips who has been visiting her parents, Mr. and Mrs. W. S. Erwin left for her home at Mexia Saturday night.

Mrs. Donna Foster arrived Wednesday from Electra to visit her father, Mr. Edd Frazer and sister, Mrs. W. H. Swafford and family.

Mr. and Mrs. Charlie Neel have returned from a visit to relatives in Erath county.

Miss Helen Stevenson leaves Saturday for Tahoka where she has contracted to teach this school term.

Miss Nila Pearl Clement who was called to Baird to be at the bedside of her grandmother Saturday night returned home Monday. Her brother Jennings who accompanied her remained for a few days as their grandmother is very low.

E. M. Mahoney returned considerably improved in health from Glen Rose Saturday night where he has been for past two weeks.

Mr. and Mrs. G. W. Wenken visited relatives at Hermleigh Sunday.

Mr. and Mrs. E. O. Britton returned from Temple Saturday. Mr. Britton who has been in a sanitarium there for some time, condition is very unfavorable.

Miss Quinn Britton spent the week-end at Lone Star the guest of Miss Nannie Lou Taylor.

Dr. and Mrs. Mewshaw left last of the week for Terrell on business.

We are sorry to report Mrs. Lee Walker among the sick of this week.

Mrs. Ruby Robertson is at Slaton this week visiting friends and relatives.

Messrs Mike Looby and Alton Robertson joined the Colorado booster band for Lubbock Monday.

A family of Mexicans arrived from Balmorhea Tuesday to pick cotton on the Frank Johnson farm.

Dr. and Mrs. Hester and children left Tuesday for a few days visit with relatives at Brownwood.

Mr. and Mrs. Noah Caswell of Valley View visited in the home of Jim Johnson and family Tuesday.

Mr. J. M. Winstead has purchased the Aaron Johnson lots in West Loraine and will improve same moving to town this fall.

Jeff Davis and family of Buford were in trading Monday.

J. W. Bennett and Mrs. W. Davidson and family left Saturday for the Lubbock Tech celebration.

Mrs. D. K. Nelson and daughter Mrs. W. E. Dickenson are leaving this week for Glen Rose.

Tom Scows who was accidentally hurt by a passing car Friday, is reported as doing nicely.

Mr. and Mrs. John Lindsay accompanied his brother of Abilene to Snyder last week and attended the Primitive Baptist Association while there.

COLORADO SADDLERY CO.
 Mrs. Myrt Taylor has opened up the Colorado Saddlery Co. in the Masonic building and asks for the saddle an harness work and leather repair work of this part of the country.

It will be remembered that Myrt Taylor opened up here about a year and a half ago and built up a fine business up to the time of his death. Now Mrs. Taylor, his widow, continues the business. She is a deserving widow and needs the patronage and the Record believes she will get it. The business is now temporarily in charge of Elmer Pickens but about September 1st Mr. Clyde Taylor of El Paso will take full charge. Clyde Taylor is an expert saddle and harness man having worked under some of the best men in the State. Our readers when in need of any kind of harness or repair work or a new saddle should consider Mrs. Taylor's claims for the Colorado Saddlery Co. in the Masonic building.

FLOOD MENACE AT JUAREZ IS STILL VERY SERIOUS

EL PASO, Aug. 28.—With two rises in the Rio Grande due late day forecast by the United States Reclamation Service, several hundred more persons today were fleeing from their homes near the lowlands of Juarez, where 1,200 were driven out Friday night.

**OIL NEWS AS REPORTED
BY BIG SPRING HERALD**

All interest now centers on McDowell well No. 4 and the outcome of present operations will determine whether or not an extensive development campaign will be launched in that district.

A socket was secured this week to be used in fishing for string of tools and the work of recovering these tools is now underway. When these tools are removed the well is to be cased and a thorough test made to determine whether or not a real oil sand had been encountered. The drillers say it has and have been working the past three months without pay to prove their assertion. The General Petroleum Company officials agreed to start drilling another test well immediately if the drillers prove the existence of the oil sand. H. D. Conley of Abilene and M. McDonald of Houston, trustees of the General Petroleum Company, are

here this week to watch development. Within the next two weeks it will be determined whether a real oil field is to be opened on the McDowell ranch. That they have oil there is known as the McDowell well No. 1 has produced same regularly the past three years or more—but it will require the bringing of a big well to start intensive development. Those who have been keeping a close tab on this well are most optimistic over the outlook.

Rev. J. F. Lawlis, pastor of the First Methodist church, returned Thursday from Dallas where he had gone to have an artificial limb fitted. The limb will be delivered within the next few days. Rev. Mr. Lawlis was accompanied to Dallas by Rev. Gaston Foote and Paul Lawlis.

School satchells, lunch boxes, paper napkins, tube paste, school scissors, drawing tablets, rulers, "neverthing" at Record Office.

**NEW OVERLAND SEDAN
HAS BIGGER ENGINE**

In talking this week with Winn & Pidgeon, the Overland dealers, Mr. Winn gave out this information:

Overland engineers have designed a new, more beautiful and more powerful Overland Sedan. This new model now being shown by Overland dealers, will continue to sell at the old price, but is a greater bargain for the purchaser because changes and new refinements have been added to make an excellent motor car even better.

The New Overland sedan is distinctive. The big, Wilson built body, the patented Triplex springs and new features added give the owner a sense of pride in ownership. The powerful engine is responsive to the faintest touch of the accelerator. Its stability, smoothness and quick pickup contribute toward making the sedan a consistent performer under any sort of condition.

Always one of the most attractive moderate priced cars, the new refinements make it more appealing to the women who drive. Beauty prevails throughout. The body lines form to give a neat, compact appearance, and the car's interior is a pleasing sight for the most discriminating. Distinctiveness is evidenced in the beautiful, rich and grey deep upholstery which covers the spacious seats.

Every effort has been exerted to increase the comfort of the occupants. Dura regulators are used to control the plate glass windows, and a cowl ventilator is provided on the new Overland sedan.

Added as standard equipment, is a sun visor to protect the driver from glaring sun rays. Those in the front seat may ride in greater comfort in this new model as a result of a cowl ventilator being included in the special list of new features.

The riding qualities of the new Overland sedan are extraordinary. A spring base of 130 inches, with the patented Triplex springs performing gives the car a smooth, gliding motion which is conclusive to enjoying motoring. Wilson-built the body is large, and the rear seat is believed to be the largest in any car selling in the less than \$1000 price class.

An airy, easy riding car in the warm months, and a safe, comfortable sedan in the coldest and stormiest weather, this new Overland model,

with its many features and more powerful motor, is a delightful possession for any motor lover who seeks dependability and comfort in his car.

DIED

Early Sunday morning Mr. C. D. Doggett died at the home of his granddaughter, Mrs. H. C. Landers, after a brief illness. The funeral services were held at the house Monday at three o'clock conducted by Rev. M. C. Bishop and Rev. J. B. Shuford and the body laid to rest in the I. O. O. F. cemetery.

Mr. Doggett was born in Kentucky December 21, 1842. He had been in West Texas for nearly forty years and was known to his friends and neighbors for his kindly deeds. He died as he lived in a quiet peaceful manner. The pall bearers were Mr. Quinney, L. C. Dupree, Jim Farmer, Roscoe Dobbs, Horace Cook and Harvey Cook.

PLAINVIEW NEWS

Fine rains on the 22nd, 23rd and 26th.

We now have an excellent season. These rains are very helpful to all growing crops, especially late cotton and late feed crops of all kinds.

Cotton opening slowly. Will be three weeks before there will be much picking done.

The prospects for a turnip crop is good. Many farmers have sown and good stands already assured. Pastures looking green.

The Baptist at Plainview church closed a very successful revival, resulting in seventeen additions, thirteen of which were by baptism.

Our worthy S. S. superintendent, J. L. Loveliss and wife were elected as delegates to represent the Plainview church at the Baptist Association to be held at Colorado next month.

Boyd Green, a successful farmer of our community, his wife, Mr. Ewell Henderson one of our popular young men and his sister, Miss Jewell are visiting friends and relatives at Brownwood.

Mr. Buford Howell, one of Plainview's successful farmers and land owners is making some improvements on his well kept farm. Dug a well and is now building a dwelling. Some of our young ladies might tell what prompted Buford to all this. C. G. Standefer, a storm victim, his

wife and mother-in-law, Mrs. Harper have moved to their new dwelling, which stands on the ruins of the old.

Grandma Franklin who has been sick for several days is now up. We trust Grandma can enjoy better health in the future. Her presence at church Sunday school and B. Y. P. U. is so inspiring to all of her friends of which she has many.

Health in our neighborhood is good.

Success to the Record.
COR.

COMING TO SIMMONS

ABILENE, August 28.—All indications are that Simmons will have a capacity opening, September 13th, and that this session will be the best in the history of the college. E. T. Miller, Alumni field secretary, has just returned to headquarters from a trip through the West and reports scores of boys and girls planning to enter Simmons in the fall from all over the territory; several communities which have never been represented at the college before will have students to register when the doors open.

Mr. Miller made his report to the Alumni at a special meeting recently. The president of the Association, Mr. C. C. Rister offered his resignation because he will be absent from the State this year. Mrs. Roy Bradley, as first vice president, was named as the new president of the organization of Simmons Alumni and ex-students.

Plans were also made at this meeting for a big home coming of former students, graduates and friends of the school at Thanksgiving. At this time the annual turkey-day clash on the gridiron between Simmons and Howard-Payne will be a big drawing card. Other elaborate features are being planned for the entertainment of the home-comers.

N. M. ANTHONY DIED

Mr. N. M. Anthony died at the home of his daughter, Mrs. Van King Monday after a prolonged illness, and was buried in the I. O. O. F. cemetery Tuesday. The funeral services were conducted by Rev. J. F. Lawlis, pastor of the Methodist church.

Mr. Anthony was born in Tennessee September 7, 1854. He was married to Miss Emma Tarham in 1876

and in a few years they came to Central Texas where they made their home till about seventeen years ago they came to Champion and lived there till about a year ago. He was stricken with paralysis and was brought to his daughter's that he might have better medical attention. Six children were born to Mr. and Mrs. Anthony, five besides the wife survive him. They are: Mrs. Van King, Colorado; Ben Anthony, Dallas; Mrs. Ben Montgomery, Lorraine; Sam Anthony, Burkburnett and Mrs. Sam Lidia of Stephenville. All the children were here for the funeral except Mrs. Lidia, who was unable to come and Sam, who started and was delayed several hours on account of rains and bad roads.

Mr. Anthony joined the Methodist church when a small boy and lived true to its teachings till the end. He was an earnest Christian, a devoted husband, a loving father and honored citizen. The Record joins the other friends here in extending sympathy to all who mourn his departure.

**"COULD NOT EAT
OR SLEEP"**

"I had stomach trouble so bad I couldn't eat or sleep. Tried everything without results and got worse instead of better. The only way I could rest was sitting up. The second night after taking FERRASAL I had my first night's rest in two weeks. FERRASAL has done wonders for me and I keep it in the house all the time. I cannot say too much for this wonderful preparation."

MRS. J. P. GUINN.
1029 Cameron Ave., Dallas, Tex.
Ninety per cent of the health troubles are caused by excess acid. It causes indigestion, chronic bowel disorders, ulcers, bloating, constipation, kidney trouble, rheumatism and chronic catarrh. FERRASAL gets at the source of the trouble—the stomach—and neutralizes the excess acid expelling it from the system. TAKE FERRASAL NOW. It will help you or your druggist will refund your money.

COLORADO DRUG CO.

**OWNERS OF
STUDEBAKER AND OVERLAND
CARS**

We believe that Studebaker and Overland cars, in their respective classes, represent as much value as it is possible to obtain in the automobile market today.

We also believe that a great deal of the efficiency that is delivered by a motor depends upon proper lubrication. For that reason we have decided upon the use of

**100 Per Cent Pure Pennsylvania
AMALIE
Motor Oil**

in our sales and service department. Owners are invited to call at our sales rooms at stated intervals where we will be glad to inspect your car and drain and refill your crank case with this high grade Pennsylvania oil.

TRUST NOT SUCH TRUSTS

A stock-selling scheme that worked disastrously for many victims of irresponsible oil promoters is appearing in different parts of the country...

The common law trust is not a corporation. It is an agreement among several persons whereby one or more persons, usually three, are named as trustees to accept the stockholders' money and run the business...

When an unwary investor buys stock in a fraudulent corporation his loss is embraced in the amount he puts in the stock. Creditors of the corporation cannot come to him to make good their claims against the corporation...

the smallest sum, do as the great life insurance executives do, obtain the counsel of an established, reputable investment banker...

A WONDERFUL OBJECT LESSON

The law of supply and demand works slowly but with irresistible force. A few months ago we were told by political prophets that gasoline would be a dollar a gallon...

Old man Supply and Demand must sit back and laugh. He knows that present low prices will discourage output of crude oil and when our reserve supply is low the price will begin to climb...

The politicians will cry out that the oil combine is robbing the consumer and that government control is necessary to stop the outrage.

Its a great life for those who have sense enough to learn the lessons that nature teaches but its easy to fool those who pass the lesson by.

KEEP ON ADVERTISING

If a public utility, like a gas or electric light company, is carrying all the load it can, should it continue to advertise? We answer this question thus: By all means, but not to increase the demand for its service...

When an unwary investor buys stock in a fraudulent corporation his loss is embraced in the amount he puts in the stock. Creditors of the corporation cannot come to him to make good their claims against the corporation...

er; to hold trade already established is quite another problem. Judicious advertising is the thing that goes a long way toward solving both.

GOV. SAYS LAW ENFORCEMENT WILL BE PUSHED

AUSTIN, Aug. 27.—More arrests will be made this week in the state Rangers drive against lawlessness in Somervell county, Ranger Captain R. D. Shumate, in charge of the drive, reported to Ranger headquarters this morning.

Coincident with Shumate's report Governor Neff charged that the county officers of Somervell county had not only refused to aid the Rangers in the initial investigation of the conditions in the county but had thwarted their every move.

The governor made this charge in talking with newspaper men before he left at noon for Lubbock to attend the Texas Technological College celebration. He declared that Rangers had met with opposition by county officers in various other counties and that certain investigations under way at present were being opposed by local officers.

The governor at this juncture took the opportunity to insist that his quo warranto bill, which the legislature has consistently refused to pass, should be passed.

Mrs. S. F. Pylant of Lone Star is spending a few days visit with her daughter, Mrs. W. A. Davis and family.

Mr. and Mrs. Frank Beights of Lone Wolf were in shopping last of the week.

Miss Pauline Felker of Eastland is the guest of Miss Eleanor Thomas.

The many friends of Mrs. C. C. Etheridge will be glad to know she is improving.

Moore's Produce Co., a new concern, will open up this coming week in the Marcus Snyder building and in their ad this week they make the opening announcement. They place this ad for you to read and ask for a share of your patronage.

Mrs. M. E. Henderson of St. Louis is visiting Mrs. Y. D. McMurry and other relatives.

BARNEY GOOGLE FARMER PRESIDES AT LIONS CLUB

In the absence of the president, Col. C. M. Adams, who was in Dallas on business, Vice President Barney Google Farmer presided at the Lions Club Friday. Visitors introduced were W. A. Counselman of Dallas, Rev. M. C. Bishop of Colorado and Sam Sloan of Westbrook. Each of the visitors delivered addresses.

Counselman, who is factory representative of the Chevrolet Motor Company, stated that the company would build a million cars during the year 1924. In referring to this statement, Mr. Sloan stated: "We are glad to know there will be a million new Chevrolets made next year. We are going to be in position to furnish each of them with gasoline from the product of our oil field in Mitchell County."

Addresses were delivered by J. H. Greene and M. S. Goldman concerning the trip to Lubbock. Speakers appealed for the Lions to support the proposed trade excursion and send a strong delegation from Colorado.

LEAD IN UGLY MAN'S RACE STILL HELD BY GLOOMY GUS

Gloomy Gus Hutchinson was still running in the lead for election as court jester Thursday morning and indications that he will remain a formidable candidate remained strong. Krazy Kat Greene was showing renewed support and crowding Ole Timer Majors for second, with Mutt Hurd in fourth place. The vote received by these four leading candidates follow:

Gloomy Gus, 5,811; Ole Timer, 5,680; Krazy Kat Greene, 5,666; Mutt Hurd 5,344. The vote remained practically unchanged as to the other fourteen candidates aspiring to be designated as the ugliest man in the county.

CROPS LOOK FIFTY PER CENT BETTER SINCE RAIN

Crops in Mitchell County look fifty per cent improved since the rains of last week, Dr. P. C. Coleman, president of the Chamber of Commerce, stated Saturday. Dr. Coleman visited several communities of the county Friday and took special notice as to crop conditions.

"The rains were certainly a big help," he said, "and farmers of Mitchell County have every prospect of harvesting large yields."

Mrs. E. A. Barcroft writes she is enjoying the cool of the Ozarks in Missouri. Continuing, she says, "I spent last week at Mt. Vernon, my girlhood home. Attended the old church, but heard little of the sermon. Was lost in thought in remembrance of years since worshipping here. Visited the old school where I finished High school. Wednesday a picnic was given in my honor by my school mates and one of the teachers at Cherry's Spring. Am this week with my aunt at Aurora. Will be home after September 1st."

SUNDAY WITH THE BAPTISTS You will meet a warm welcome at the Baptist church next Sunday morning and evening. Sunday school 9:45. Evening service at 8 o'clock. B. Y. P. U. 7:00 o'clock.

THE PASTOR.

WEST TEXAS EXHIBIT AT BIG WHEAT SHOW

WICHITA, Kans.—The West Texas Chamber of Commerce has been allotted space on main aisle of the International Wheat and Farm Products Exposition to be held here September 24, to October 6 at the Forum it was announced today. According to Porter Whaley, secretary of the Chamber of Commerce, a fine agricultural exhibit will be brought up which will attract attention of visitors and set forth opportunities for agriculture in West Texas.

Dr. O. H. Lloyd of Vega will be in charge.

The Wheat Show is the largest indoor show of its kind in the world it will cover 264,000 feet of floor space. Intermediate Epworth League Program A boys program—Leader Riggs Sheppard. Song service conducted by Mr. Rabon Porter. Prayer by Mr. Porter. Scripture Reading—John 4:1-8 to be read by leader. The Lesson of the Vine—Darrell Smith. Rally Day Thoughts by Martin Dobbs. Some Fruits to Expect—J. C. Garrett. Benediction.

Miss Myrtle Murry, poultry specialist of A. & M. College, arrived Monday and in company with Miss Lacewell, home demonstration agent, has spent the week giving poultry demonstrations in the county.

COSTS BIG MONEY TO OWN PROPERTY IN CAPITOL CITY

WASHINGTON, Aug. 31.—The Department of Commerce announces that according to reports made to the Bureau of the Census the costs of government for the city of Austin, Texas, for the fiscal year ended December 31, 1922, amounted to \$1,288,359, which was a per capita cost of \$35.62. In 1917 the per capita cost was \$31.89 and in 1914, \$28.27, the totals for these years being \$1,071,109 and \$905,723, respectively.

The total revenue receipts for 1922 were \$1,492,023 or \$41.25 per capita. The per capita excess of revenue receipts over governmental costs was therefore \$5.63. In Austin property taxes represented 47.7 per cent of the total revenue for 1922, 53.3 per cent for 1917 and 50.8 per cent for 1914. The increase in the amount of property taxes collected was 18.6 per cent from 1914 to 1917, and 45.7 per cent from 1917 to 1922. The per capita property taxes for the three specified years were \$19.07, \$14.54 and \$12.86, respectively.

The net indebtedness (funded and floating debt less sinking fund assets) of Austin was \$69.26 per capita for 1922, \$83.08 for 1917 and \$69.56 for 1914.

For 1922 the assessed valuation of property in Austin subject to ad valorem taxation for the city corporation was \$36,249,538. The levy for all purposes for 1922 was \$1.157-346, this being a per capita of: Total \$32.00; city corporation, \$15.54; school district, \$6.10; State, \$5.64; and county \$4.81.

In all of the data shown for this city the transactions of the independent school district are included. We reproduce the above that the tax takers in Colorado may see what its costs to live in a city.

Miss Claudia Rogers and Miss Alice Muldrow are the guest of Mrs. P. C. Coleman on their way to their home in Dallas from New Mexico, where they spent the summer.

Darrell Skinner is able to be up after an operation for appendicitis.

TOURING CAR Seven Passengers

LINCOLN MOTOR CARS

To own a Lincoln Motor Car is to immediately experience the highest measure of satisfaction. In road performance, in comfort, in beauty of design and finish there is nothing left to be desired.

With each succeeding mile of service this satisfaction grows with the fuller realization that the Lincoln gives all that can be required of an automobile.

PALACE THEATRE
THE HOME OF GOOD PICTURES

IN SOCIETY AND AT THE CLUBS

Entertained With 42
Mrs. B. F. Dulaney entertained the Harmony, Merry Wives, Priscilla Clubs and a few other friends with 42 Tuesday afternoon. The guests were greeted by the hostess and after all had arrived dainty score cards were passed and quite a number of games were played. At the conclusion Mrs. Howard was presented a beautiful pair of hand embroidered pillow cases for having made the highest score. The hostess and her daughters served delicious home made cake and pink and white ice cream to more than fifty guests.

Priscilla Club
Mrs. James T. Johnson was hostess for the Priscilla Club last Friday. Besides the sewing a program of readings and music was given. The hostess and her sister, Mrs. Shannon, served a salad, cake and iced tea. The meeting this week is with Mrs. Earnest.

Circles Meet
The Baptist Circles met Monday for the regular Bible study. Circle No. 1 met with Mrs. C. H. Lasky; Circle No. 2 met with Mrs. D. L. Buchanan; Circle No. 3 met with Mrs. T. J. Ratliff.

Election of Officers
The Cemetery Association will meet with Mrs. Earnest Friday, August 31st at 4 o'clock for the purpose of electing officers and attending to other important business. Never has the cemetery been in better condition than now and they still crave the co-operation of the public that it may be kept that every one interested is invited to be at this meeting and hear reports and help make plans.

NOTICE
Owing to great amount of work involved and small profit in school supplies, we ask that the pupils bring the money and kindly not ask for goods to be charged.

Mrs. Payne Honored
Mrs. Colwell and daughters entertained the latter part of last week with a delightful affair in the honor of Mrs. J. I. Payne. Only intimate friends were present and enjoyed the occasion. A plate lunch consisting of sandwiches, chicken, iced tea and iced watermelon was served on the lawn, followed by an automobile drive over the town.—Sweetwater Reporter.

A Surprise Party
Mrs. J. A. Sadler entertained a few friends with 42 Tuesday evening honoring her husband's birthday. This was all the more enjoyable because it was a complete surprise to Mr. Sadler. Banana nut cream and angel food cake were served.

Card of Thanks
We wish in a feeble way to express our appreciation and thanks to our friends and neighbors who were so kind to us in the sickness and death of our husband and father. The deeds of kindness, the words of sympathy and the floral offerings help us to bear our sorrow. May each of you be so blessed when sorrow and sadness is your lot.
Mrs. N. M. Anthony.
S. C. Anthony
Mrs. Sam Lidia
Mrs. Ben Montgomery
Mr. and Mrs. Van King.

A Serving Party
A jolly party composed of the Kings Daughters S. S. class and the Junior Missionary children met at the S. S. rooms of the church on last Monday afternoon at four o'clock to finish the quilt the Juniors are making for the Orphans Home. They talked and sewed as only good cheerful mothers and children can do in company. Iced tea and cakes were served to 30 during work hours. With their doughnut sale and the carnival the children have raised more than \$30.00.—Reporter.

Honoring Guests
Mrs. Allen Soper and Mrs. J. B. Pritchett entertained with 42 at the home of Mrs. Pritchett last Thursday afternoon honoring their sister-in-law, Mrs. J. M. Robinson of Philadelphia and Mrs. John Worrell of Austin, who is also their guest. At the conclusion of the games a salad course, cake and iced tea were served to fifty guests.

Reading Time
At the approach of autumn the mind begins to come forth from vacation or "hibernatory" and hunts for good things in the reading world. None is

better than the Curtis periodicals, Saturday Evening Post \$2.00; Ladies Home Journal, \$1.50 and the Country Gentleman \$1.00. Mrs. A. L. Whipkey is the agent and will soon call on her old subscribers and new ones. Phone 157.

MARRIED
Last Saturday evening at 7:30 o'clock Miss Ethel Mann and Monroe Dawson were united in marriage at the Broadway Baptist church in Ft. Worth. Mr. and Mrs. Dawson left for East Texas on a honeymoon trip and will then be at home in Colorado. The bride is the eldest daughter of Mr. and Mrs. Clint Mann, was reared here and has many friends here who wish her a life of happiness. She had just received a diploma from the Denton State Normal and had several years experience as a teacher. She is well qualified to grace any position her husband may acquire. Mr. Dawson is a prosperous young business man and is well and favorably known in business circles.

FARM BUREAU COTTON
DALLAS, Aug. 25.—Although only scattered shipments of cotton have been received by the Texas Farm Bureau Cotton Association at their Houston warehouse, shipments already received show a 400 per cent increase over the amount received during the same period last year. Up to and including Aug. 21, the Association had received from its members a total of 11,642 bales of Texas cotton. On this date last year they had received but 3,185 bales.

"The amount of cotton handled by the Association last year amounted to 77,000 bales," J. W. L. Hall secretary of the Association announced, "and already we have received one-seventh of this amount. The heavy shipments will not be received until the latter part of September and during the month of October, but from the receipts so far and the knowledge of the success of the 'More Money for Cotton' campaign, we are hopeful of handling around 250,000 bales this year," he said.

Reports from the headquarters of the Texas Farm Bureau Cotton Association indicate a tremendous increase in new members as a result of the present campaign. Prior to the start of the campaign the Association had 20,000 members in Texas and it is believed that this number will be doubled this year by cotton growers seeking the benefits of marketing their cotton co-operatively. The \$20,000,000 loan by Eastern interests to the Texas Association to finance this year's crop will enable us to make advances promptly and care for all shipments as fast as received," J. T. Orr, president of the Association said. "It is more than likely that Texas bankers will have an opportunity to join in a loan to the Association if shipments continue on the ration they have started," he said.

S. E. Brown, Lorraine banker, was in Colorado Saturday looking after business matters.

Mr. and Mrs. Way and daughters of Uvalde are now at home in the Logan home. Miss Margery will teach Spanish in the public school here.

Mr. and Mrs. J. M. Robinson of Philadelphia are visiting his mother, Mrs. Fayette Robinson and relatives here.

LONE STAR
This community has had several good rains this past week and it was not too late to do good, either. Thelma Blair spent Saturday night and Sunday with Allie Hallmark. Mrs. Joe Richburg and children, Milton Hamilton and family and W. H. Long and family were guests of Narvil Richburg and wife Sunday. Givin Britton of Loraine spent Saturday night and Sunday with Nannie Lou Taylor. Clifton Henderson and wife entertained the young folks with a party Saturday night. Roy Faulkenberry of Granger, Texas is visiting in the home of his uncle, J. A. Faulkenberry. O. L. and G. E. Willis left Sunday morning for Ft. Worth. O. L. is

going to spend several months there visiting his children. G. E. is going to stay only a few days. Sanford Fraser and family and Corine Grooms and family went to Abilene Friday returning Sunday. Although Mrs. Grooms stayed for a week's visit with relatives. J. A. Faulkenberry left Sunday for Lubbock, Ralls and other points on the Plains on a prospecting trip. Frank Brame and family were guests of W. H. Harris and family Sunday. Eva Ware spent a few days visiting her aunt, Mrs. Lee Sheppard of near Buford last week. J. W. Richburg is expected home this week from Glen Rose where he has been taking treatment for the past several weeks. He reports his

condition very much improved. E. D. Dunlap and family of Abilene visited in the home of his sister, Mrs. Gray Taylor last week. Bruce Ware has been suffering from a nail wound in his foot for several days. Hill Low bought him a new Ford, loaded in his wife and the kiddies an hit the high places for Clarendon to visit "wife's folks" and will return via Lubbock. **Notice Pig Clubs** For limited time we are offering 5-months-old Registered Big Type Poland Chinas, either sex, at \$12.50 each; also yearling sows, papers free for \$32.50.—Leesdale Farm, Big Spring, Texas or see Lawrence Simpson at Record office. Evangelist Crimm started to shed his coat at Rotan while holding his meeting there. A lady shuddered. She was one who would not likely "go in swimming," as Crimm puts it. Crimm pulled off his collar, tie, the coat shedding not being sufficient to meet the calls of the hot weather. The lady shuddered twice. Then Crimm made an awkward move like he was going to jump out of his shirt, when the lady nearly screamed. "Don't be alarmed," said Crimm, "if I were to take off my shirt and breeches I would still have on more clothes than you have," when the sermon went on. "You can never tell,"—just what Crimm will say.

WACO IS SCENE OF CLIMAX IN RAID ON LIQUOR STILL
WACO, Aug. 30.—Charges were filed here before United States Commissioner McCormick against 31 citizens of Somerville county, arrested in the raid of Texas Rangers in that county Saturday and Sunday. Thirteen of the defendants were brought to Waco by Ranger M. Burton at midnight Sunday and placed in jail. T. W. Davis and E. L. Roark, sheriff and county attorney, respectively of Somervell county, are charged with conspiracy to violate the national prohibition law. These two officers were allowed bond in the sum of \$1500 each to await their preliminary hearing next week. The other defendants, 29 in number are charged with the manufacture, possession and sale of intoxicating liquor and with the possession and sale of intoxicants. These were allowed bond in the sum of \$750 each, pending their preliminary hearing, expected to be held next week.

First Bale at Snyder
The first bale of the 1923 cotton crop was ginned today by the Fuller Gin Company. It was raised by C. E. Hines of the Camp Springs community. The number of pounds of seed cotton was 1300 pounds. The number of pounds of bale was not learned at this moment of going to press. The cotton will be sold this afternoon on the streets of Snyder. This is the earliest that cotton has been known to open and be gathered in Seury county. The first bale last year was around the 20th of August. There is some good cotton in the Camp Springs section and it is earlier than the cotton in other sections of Seury county.—Snyder Times. MITCHELL County is the banner cotton county of the Great West Texas cotton belt. We have raised good crops here for the past five years and can raise good cotton with less rain and less work than any county on earth. I have a good list of Mitchell County farms for sale and right now is the time to buy.—R. T. Manuel, Land Agent. 1tc

EDISON-FORD PLAN'S ATTACK ON INTEREST

Abolition of Rent No More Plausible Than Abolition of Pay on Loans, Expert Shows.

It is no more unreasonable to pay interest on a loan of money than to pay rent on a house, declares William T. Foster, Director of the Pollack Foundation for Economic Research, in exposing the fallacy of the attack on interest charges by Henry Ford and Thomas A. Edison in their commodity money scheme to do away with the present financial system. Mr. Foster's argument is reviewed in the present article which is one of a series prepared by the American Bankers Association.

"The Ford-Edison commodity money plan is regarded as a step toward the abolition of all interest charges," Mr. Foster says. "Interest," says the Dearborn Independent, "is a tax that few ancient tyrants would have dared impose. Interest in actual modern practice is a contrivance whereby all production is taxed by parasites, and whereby money is given a supremacy over men, material and management which it cannot sustain."

Renting Money
"But is there really anything more terrible about paying for the use of money than about paying for the use of anything else? Suppose a farmer finds himself in need of a harvesting machine, and without enough money to buy one. In that case he can either borrow a machine of Neighbor Brown or borrow money and buy a machine. The farmer would consider it right to pay in some way for the use of the machine. Why should he expect to borrow money—which is honored in the markets in payment for the same machine—without paying for the use of the money?"

"Now let us suppose that the farmer uses the machine so successfully that he saves a thousand dollars. With that money he can buy a farm and he can let Neighbor Brown have the use of it. Neighbor Brown naturally would expect to pay rent. Instead of buying the farm, however, he could lend the thousand dollars to his neighbor in order that his neighbor might buy the farm. In that case Neighbor Brown should expect to pay for the rent of the money. All this seems clear. When the transactions are as simple as these it is plain that there is just as great propriety in charging for the use of money as in charging for the use of things that money will buy."

Loaned Money Builds a School
"We may assume, however, that the farmer does not want to buy land and Neighbor Brown does not want to borrow money. In that case the farmer deposits his thousand dollars in a bank and the bank pays him interest for the use of his money. But the bank can pay interest only if it makes profitable use of his money. Now the bank finds that the city needs a high-school building, and has decided to borrow enough money to construct it. In order to obtain the money the city has issued bonds, each of which is a promise to pay one thousand dollars at a specified date, and interest in the meantime at a specified rate. The bank buys one of these bonds. Thus the farmer has had a part in providing the city with a school building; and the farmer has just as much right to expect interest for the use of his money as though he had loaned the money directly or indirectly to Neighbor Brown."

"CAPITALISTS"—AND DON'T KNOW IT

A good many people who rail against capital are beating their own backs. Some are savings bank depositors; some have shares in building and loan associations; some have bought a liberty bond; some have ordered a stock of goods for their store. All of them, without knowing it, have performed a great miracle, for they have turned the work of their hands or their brains into a new product which, while it helps them, is helping thousands of others. Every one of them is a capitalist as most of us are—unless we are tramp or pauper or ne'er-do-wells—and we may well be proud of the name. For capitalism, instead of being the devilish invention of a few selfish interests, is the great material force that has lifted millions from poverty, degradation and slavery.

Like other human institutions, capital can be abused. So, too, can eye-sight and health and education and love. Part of America's great job is to remedy and prevent such abuses. Some people, however, do not cut off their feet to get rid of their corns.

Capital is today's surplus. It is what gives us a better start tomorrow than we had today. If we don't save it, we don't have it, and when we have it, it is useless until it is put to work.

If thrift is right, then it is right that people should acquire funds as the result of their industry and self-denial. But money that is merely hoarded is like water that becomes stagnant; it is harmful, not helpful. When money is put to work, it is like water-power; it turns the wheels of industry, increases employment and raises the general level of comfort.

When every producer can create a surplus and that surplus can be gathered into a common fund and put to work for the common good we shall have reached an ideal condition.—From "The Greatest Family in the World."

WHO INFLATED THE CURRENCY?

George E. Roberts Gives Common Sense Explanation for Currency Increase and Decrease.

GOVERNMENT TOOK NO PART

Due to Changes in Supply, Demand and Prices of Commodities Caused by War—Federal Reserve Not to Blame.

The mistaken notion that the currency is inflated and deflated by the government in the United States from motives beyond the understanding of average people is effectually set at rest by George E. Roberts, noted banker and exponent of sound money, in an article in the Journal of the American Bankers Association.

"There has been inflation by the governments of Germany and other European countries, which have issued money for the purpose of paying their expenses," Mr. Roberts says. "The United States Government has done nothing of this kind since the Civil War."

"There is a genuine need for elasticity in the volume of currency, and for machinery to adjust it to the legitimate needs of the country. The means provided are the Federal Reserve Banks, authorized to issue currency to their member banks, either in payment of deposits or for loans."

Side-Track Like Freight Cars
"More currency is needed in September, October, November and December than in January and February. As business slackens, currency naturally retires from circulation. Money accumulates in the member banks and they send it in to the Reserve banks, which in effect retires it, as freight cars are retired when traffic falls off."

"What caused the great inflation of credit and currency? It was due primarily to the war, which made extraordinary demands upon the industries and caused a great rise of wages and prices. It was inevitable that more credit and money would be called for to carry on business."

"The boom year of business that followed the armistice was likewise abnormal. The end of the war released a great many demands that had been held in check. The foreign demands upon us at first increased. There was a temporary stimulus, but the volume of business was abnormal and could not be sustained. Agricultural production in Europe revived, the prices of agricultural products moved back toward normal, importations from the United States fell off, prices declined, "deflation" began."

"Some say 'inflation should not be permitted,' but if war occurs inflation is unavoidable. Recruiting armies makes a labor scarcity. Contractors bid above going wages to attract men. The war industries did the same and the peace industries raised wages to hold their men. Governments of Europe sent representatives to this country to buy food and they bid up prices on the grain exchanges. Higher levels of wages and prices meant that more credit and money was required to handle business."

More Business, More Money
"The increased issues of currency was a result of allowing business to go ahead upon the rising level of wages and prices. When a factory pay-roll doubled, twice as much currency had to be furnished for it. When cotton rose from 10 cents a pound to 30 and 40, more currency was required to handle the crop, and so all around the circle."

"Deflation did not come by an act of the government or the Federal Reserve authorities in suddenly withdrawing money from circulation. Deflation came naturally when business fell off and prices declined. Just as an increasing volume of business at higher prices called more currency into use, so a decreasing volume of business at lower prices released currency from use and caused it to return to the Reserve banks."

"There has been absolutely nothing new or strange in these price movements related to the war. Inflation and deflation have been just as always when wars have occurred. The only new factor has been the population. That is always being renewed, and most people do not learn by the experience of others. When hard times come it is always the thing to lay the blame on somebody, and this time the Federal Reserve System has taken most of it."

AMERICAN SAVINGS' INCREASE

New York.—Continued increase in the savings of the American people is indicated by the latest national compilation just completed by the Savings Bank Division of the American Bankers Association. Savings deposits in banks and trust companies of the United States were reported at \$17,300,000,000, June 30, 1922, the last available national-wide figures, as compared with \$16,620,000,000, June 30, 1921. This is an increase of \$680,000,000 or 4.1 per cent.

The number of savings depositors, as indicated by the number of accounts, shows an increase of 4.9 per cent, with the states reporting for the first time in 1922 excluded. The third annual report of the Savings Bank Division on school savings banking also shows increased American thrift. 1,759,000 pupils having savings accounts during the school year of 1921-1922 as against 602,906.

Better AND Better

More goods and Better Prices. We have a full line of racket store goods AT RACKET STORE PRICES. COMPLETE LINE OF SCHOOL SUPPLIES.

R. L. McMurry

Veal is Nourishing

One of the best meats you can serve your family is Veal. It is very nourishing, may be served in a variety of ways, and the bones being small you get nearly solid meat for your money.

Our supply is always ample to meet your needs.

City Meat Market

AS GOOD TODAY AS IN 1843

Made in Chicago Since 1843

Old Reliable
PETER SCHUTTLE
Wagon

has stood the test of time. For 70 years it has been the "One Best" wagon.

Wagon troubles and wagon expenses are over when you purchase the "Peter Schuttler." The purchase price is the only price. Although the price may be a little more than you would have to pay for some other makes, the additional cost is an investment—not an expense.

They Are Here

Received this week a full car load of Peter Schuttler Wagons. Both wide and narrow tread.

OLIVER & BELL

Down by the New Viaduct, where the pavement begins

 Adjournment into church services.

Revival Meeting.
 The revival services at the Methodist church have been going on all week and will continue through next week. The pastor, Rev. J. F. Lawlis and assistant pastor, Rev. Gaston Foote are doing the preaching. Mr. Rabon Porter of Dallas will be here next week to direct the singing. There has been good attendance all this week and better attendance is expected next week. Everybody is invited to the services and every Methodist is expected to do his part in the campaign against sin.

SINGING CONVENTION
 The West Side Singing Convention meets at Rogers school house the first Sunday in September. Bring your basket well filled and lets have another good time.

FINE RAIN FALLS OVER WIDE SECTION OF WEST

A general rain over this section, which will be of much benefit to crops, fell Sunday night and Monday and reports received show that the fall was of a sufficient amount to give growing crops a big impetus.
 In all directions from this city, rain was reported Monday morning. On the east as far as Ranger, there was rain, the intervening points also getting a good soaking, including, Loraine, Roscoe, Sweetwater, Abilene, Baird, Eastland and Cisco. On the west, the rain extended to Pecos, Big Spring, Midland and other points coming in for a portion of the rain.
 At Stamford on the north an inch and a quarter rain fell Sunday, and at Anson an inch is reported. Other points north reporting good rains are Haskell and Hamlin. The rain extended all though the country south, reports say, including a big rain at San Angelo and Christoval. Thirty-seven one hundredth of an inch fell in Colorado but much heavier in other parts of the county.
 That Sunday night's rain will be of great benefit to the cotton in this section was the statement made here Monday morning by all the farmers interviewed.
 The fact the rain was general over this section put a new feeling of optimism among the farmers and business men Monday.
 The rainfall in Colorado was .37 inches, and thoroughly soaked everything. The rain put new life into lawns, and various kinds of shrubbery and flowers, as it followed the rain of last week.
 The total rainfall for the year was brought up to 17.93 inches.
Roby Country Soaked
 ROBY—Rain fell over the larger section of the eastern part of this county Sunday afternoon and Sunday night. The entire county was covered with a good steady rain, amounting to more than an inch in some places.
Heavy at Tuscola
 TUSCOLA, Texas.—Tuscola and vicinity were visited by a soaking rain Monday morning, the first since June.
Fine Around Munday
 MUNDAY, Texas.—The rain that has fallen during the last week will insure a fine crop of cotton. The

old timers of Knox county estimate that there will be from one-third to one-half bale average over the south half of the county.
Fine at Loraine
 More than an inch of rain fell over the Loraine trade territory Sunday afternoon which will with the

showers which have recently fallen materially benefit cotton and late feed crops. All gins have been running for the past week though not to full capacity. More than 100 bales have been ginned to date. The price is fair. It is estimated that seven to eight thousand bales will be ginned

Strange But True

Rockefeller can write a few words and figures on a piece of paper and make it worth \$10,000,000.00-THAT'S CAPITAL.
 The United States can take an ounce and a quarter of gold and stamp an Eagle on it and make it worth \$20.00-THAT'S AUTHORITY
 A mechanic can take material worth \$5.00 and make it into watch springs worth \$1,000-THAT'S SKILL.
 A merchant can take an article costing \$1 and sell it for \$1.50-THAT'S BUSINESS.
 The Doctors at Grogan Wells can find the producing cause of your ailment, Adjust the abnormality and restore you to HEALTH-THAT'S SCIENCE.
 If impingements exist on either your nerves or the blood vessels you cannot enjoy good health-THAT'S A FACT.
