

LIONS MUST BE MEN WHO STAND OUT FOUR-SQUARE

"It takes a man who stands out four-square for everything that is right and best for his town and community, to stand beneath the banner of purple and gold of the Lions Club..."

The growth of Lionism has been out of the ordinary, according to Col. Perry, who recalled organization of the first Lions Club in San Antonio between five and six years ago...

"You 37 Lions of Colorado hold within your hands the destiny of your city and can make it what you wish it to be, if you will but roll up your sleeves and go to work..."

Col. Perry appealed to the Lions to work with determination and in the spirit of loyalty to one another and the best interest of community and society for the betterment of Colorado...

"If there are conditions existing in Colorado which you, as true Lions do not want—conditions which have the tendency to keep the social standing down and the industrial life of the community in a state of stagnation, you Lions can remove that hindering cause, no matter what it is..."

Perry suggested that a drive for additional members be inaugurated, but warned against raising the membership to above fifty. "But don't you Lions go out here and invite men to come into this organization to set down in ease before an electric fan..."

The banquet, attended by one hundred Lions, Lionesses and visitors, was called to order at 8:30 p. m. by Col. Adams, who presided as toastmaster throughout the evening...

SWEETWATER MAYOR PRAISES COLORADO SPIRIT

"If when Ponce De Leon started out on his mission to find the spring of water imparting everlasting life to all who bathed therein, he had traveled to West Texas and stopped in Colorado, he would have abandoned his hunt for that goal and accepted as more cherished the one every visitor to Colorado finds—that of hospitality..."

"Of all things so characteristic in the life of Colorado, contributing to make this city the cheer spot of earth, none are so evident at all times and so far reaching in their penetrative power as the genuine hospitality so bountifully supplied here..."

The speaker praised the Colorado Lions Club and other organizations of the city for the many progressive civic and industrial programs inaugurated and put over. The determination of fostering nothing but good will, one toward another and work in the spirit of unity has been the principal factor in making Colorado the ideal city it is, he stated.

Mr. Boothe, Clyde B. Payne and John McCurdy of Sweetwater were special representatives of that city at the banquet. The Colorado spirit was also praised by the other speakers from the Nolan County capital.

T. W. Lackie of Abilene, construction foreman for the West Texas Construction Company, is spending much of his time in Abilene just now, directing paving contracts there. The company has a large contract at Abilene.

quint menu was a turkey dinner with all accessories. The address of welcome, upon behalf of the Lions, was delivered by L. W. Sandusky, Colorado attorney. Mrs. H. B. Boraddus, prominent Colorado club woman, responded in a most pleasing manner, expressing the sincere appreciation of herself and other Lionesses to again have the privilege to mingle with the roaring Lions of the Colorado den...

Addresses were delivered by Rev. M. C. Bishop, pastor of the First Baptist church; Dr. R. A. Maddox, president of the Abilene Lions Club; Hon. R. D. Green of Abilene, deputy district governor of Lions Clubs; Guy W. McCarty of Abilene; T. N. Carswell, secretary of the Abilene Lions Club; Clyde B. Payne, cashier of the First National Bank of Sweetwater; John McCurdy, secretary of the Board of City Development of Sweetwater and Hon. Joe H. Boothe, mayor of Sweetwater. All of the speakers spoke briefly, expressing the desire to give as much time as was possible for the address of Col. Perry.

Music was furnished by an orchestra directed by M. S. Goldman. "The Twin Six," a company of male entertainers collected and trained under the direction of Col. Adams, also gave two vocal numbers. The concluding musical number was a cornet solo by M. S. Goldman, who was brought back for an encore.

"Let's give the Lions roar for Goldman," shouted Col. Perry as he rose to his feet as Goldman completed the last note of "Mighty Like a Rose." Immediately the Lions were standing and joined in the deafening roar of "Roar Lions, Goldman."

It was midnight as the program closed and the guests and Lions filed out from the cafe to part. This was the best of them all, was the statement of scores of Lions, Lionesses and guests, in comparing the program with those of the former "Jungle Roars."

POURING LAST CONCRETE INTO COURT HOUSE FORMS

Structural steel for the last structural form in the new court house was in place Wednesday morning and carpenters were building forms into which to run the last concrete in the building. The last concrete to be poured, which will be run today, will go into the top or roof slab. Brick masons are expected to be started October 20.

With completion of the structural work on the building the crew doing this work is getting ready to leave for Fort Scott, Kansas, where the contractor, J. H. Reddick, has a \$2,000,000 construction contract. The equipment used in handling the concrete here will be shipped to Kansas. Laborers continue to be scarce on this and other large jobs in Colorado. Contractors building Lone Wolf bridge and the paving are running behind schedule on account of the labor shortage.

PAVING BASE COMPLETED TO WALNUT INTERSECTION

Concrete-base for paving has been completed over three blocks, extending from the point of beginning near the West Second street river bridge east to the Walnut street intersection. This work is progressing slowly on account of inability of the contractor to obtain full labor crews. The same crew is being used to do the excavation, haul the earth from the street and then place the concrete base.

Miss Georgia Laceywell and her mother, who has been visiting in Colorado, left Wednesday morning for Hamilton, driving overland by motor car. From Hamilton Miss Laceywell will continue to Dallas where she will be in charge of the Mitchell County exhibit at the State Fair.

CITY NATIONAL BANK DEPOSITS OVER MILLION

The City National Bank reported Wednesday morning that deposits at the institution had passed the one million dollar mark Tuesday. According to information obtained in local banking circles, this is a new record for Mitchell County banks and marks the first time in the history of local financial institutions to show one million deposits. The exact amount shown in deposits at the City National at the close of business Tuesday was \$1,004,387.17.

T. W. Stonerod, Jr., active vice president, and other officials of the City National Bank, are justly proud of the enviable record being made by this bank. It is one of the strongest financial institutions in West Texas and has shown a sturdy growth from year to year.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

MISS PROSPERITY GUEST OF CITY OF COLORADO TODAY

One of the largest crowds of the season assembled in Colorado last Saturday.

Automobiles lined the streets throughout the day, and it was estimated that several hundred cars were parked in the streets at one time during the afternoon. With an average of four people to the car. From this estimation the visitors and traders were here by the hundreds. Every business house in the city was crowded, the bulk of the crowd arriving about 2 o'clock in the afternoon, and there was no letup in business until nightfall.

Street vendors and lunch stands had their share of the day's business. In all the dry goods and general merchandising places of business, the patronage taxed to the uttermost, the salesmanship capacity as well as the facilities of the stores.

In some instances those who come to buy had to go out without being served, coming back a second time to take turns in being waited on. Twenty-eight cent cotton did it and the bank vaults are bulging with money.

COL. PERRY URGES SUPPORT FOR CHAMBER OF COMMERCE

It is the duty of every lion and every other citizen of Colorado, as for that matter, to support the Chamber of Commerce liberally, with both finance and moral backing, Col. Louis C. Perry, district governor of Lions Clubs, stated in an address here Friday night.

"There is much in common between the Lions Club and the Chamber of Commerce," he said, "and the two organizations can only reach the climax of their best effort when working side by side in the fight to get more of the good things and rid the city of those classed as undesirable. No city can properly function without a good Chamber of Commerce, and for that reason every lion should be a loyal supporter of the organization."

STREET LIGHTS BURNING ON WEST SECOND STREET

Two of the large standards, carrying five arc lights, which are to be installed on Second and Walnut streets over the entire distance to be paved, have been set in place and scores of local citizens have visited the down town district at night during the past week merely to view the big illuminating factors burn.

The standards were connected with feeder lines complimentary by the West Texas Electric Company. "We desire to co-operate with the city in showing to the public something of how the streets will appear when the white way is finally completed," an official of the power company stated Saturday.

BAPTIST ASSOCIATION IN SESSION AT COLORADO

The Sweetwater Baptist Association met with the First Baptist church of Colorado this week. Wednesday the pastors and laymen met at the Methodist church with Rev. G. C. Ferris of Sweetwater presiding at this meeting. The music was directed by Mr. Embry of Sweetwater. This program was a feast from beginning to end to all who heard it. President Sandifer of Simmons College had a message on Education as related to service that brought out education in its biggest and broadest sense and linked it to service that was an inspiration to all who heard it. Rev. Jeff Davis talked on Our Baptist heritage in a most edifying way and thrilled the hearts of all Baptists.

At 2 p. m. Dr. M. A. Jenkins, pastor of First church of Abilene who has recently returned from Europe spoke on "The Baptist World Alliance—its Meaning and Message." The women adjourned their meeting for this hour so that all might have an opportunity to hear it. This alone was worth all sacrifices made to attend the association and was pronounced by all who heard it to be soul inspiring.

After a committee on order of business for Thursday was appointed Dr. L. G. Morony of Sweetwater preached a powerful sermon on "I, if I be lifted up from the earth will draw all men unto me."

Woman's Auxiliary

The Woman's Auxiliary met at the Baptist church at 1 o'clock Wednesday evening with the president, Mrs. Ellis, in the chair. The devotional "Follow Me" was given in song and scripture by Mrs. J. P. Stinson, Mrs. Jeff Davis and Mrs. Ramsey, opened the hearts for the good things in store for them and after the hearty words of welcome by Mrs. C. H. Kasky and response by Mrs. T. Ferris of Sweetwater all felt that she was a part of the meeting as indeed she was. Mrs. J. H. Guitar sang.

The president, though just recovering from a severe illness, had a message full of faith and optimism. Good reports were brought in person by nearly all the churches and most all the others sent them in. When Mrs. Fry, corresponding secretary read her report the mountain top was reached for it showed gains along all lines. The total financial report was more than \$35,000.00.

Mrs. M. H. Comper told of the West Texas Baptist Sanitarium now being erected at Abilene. The women are to provide the linens for this which will be ready by the first of the year. Mrs. C. M. Caldwell, district president, told of the outlook for the district. She gave an instructive talk on how, when and to whom to report and urged the women to be more earnest in prayer, study and systematic and proportionate giving.

COLORADO-ABILENE LIONS TO MEET AT SWEETWATER

Members of the Lions Clubs at Colorado and Abilene are to hold a joint meeting at the Hotel Wright at Sweetwater some time during the month of November, as the result of the suggestion that the clubs should fraternalize more made here Friday evening by Co. Louis C. Perry of Terrell, district governor of Lions Clubs.

Dr. R. A. Maddox, president of the Abilene club, and Col. C. M. Adams, president of the club here named committees to arrange for the meeting. The committee to represent Abilene is composed of Hon. R. D. Green, deputy district governor, T. N. Carswell and Guy W. McCarty. The Colorado committee is W. S. Cooper, L. W. Sandusky and A. B. Blanks. STATE'S TRAVELING EXPENSE INCREASED

AUSTIN, Oct. 7.—Traveling expenses of representatives of the various State departments in 1919 amounted to less than \$40,000, while in 1923 appropriations made by the Thirty-eighth Legislature for this purpose exceeded \$260,000, according to Representative John T. Smith of Travis County in the October number of his Texas Tax Journal, released Saturday.

"Note the enormous increase," said Smith. "The tax rate in 1909 was 5 cents on the \$100 valuation and in 1923 the tax rate is 35 cents on the \$100 valuation. The above amounts were to pay the traveling expenses only. No salary is included, as the salaries are in addition to the traveling expenses and will amount approximately to as much as the traveling expenses. Estimating the traveling expenses of each person at \$5 per day or \$150 per month, there would be an army of more than 100 traveling over this State all the time."

"The truth of this whole traveling program in the main is that it is a great system of aiding candidates for office at the expense of the taxpayer."

JANITOR AT SCHOOL BLDG. APPOINTED SPECIAL POLICE

It has been the custom for several years for certain persons who have more automobile than forethought to drive near the public school, that is on the streets adjacent to the school, at rates ranging from 25 to 45 miles an hour. Some of these persons have gone so far as to drive around the high school block honking the car horn and speeding at the same time. The delivery hack drivers in some instances have driven at a dangerous speed while passing the school and at times when the streets were full of children. It seemed to be only a matter of time until some child or children would be killed by some of these thoughtless drivers, and as it seemed to do no good to request them to disist, the School Board appointed a committee consisting of E. H. Winn, A. A. Dorn and E. Frank King to appear before the city council and ask that a special officer be appointed or commissioned to give special attention to that part of the city near the schools. The council at once granted thereq uest and commissioned A. W. Purcella as special police with full authority to make arrests for speeding or any other violation of law. Purcella is the janitor at the high school and will be on the ground at all times, and will be able to see any one who may wish to use a number of school children for a speeding track. Drive slow near the school, and perhaps everybody will be happy.

BIGGEST STATE FAIR READY FOR OPENING SATURDAY, OCT. 13

Grounds at Dallas in Finest Condition—Race Meet and Rodeo Big Features—Agricultural Exhibits in Profusion

Everything is ready for the opening of the thirty-seventh State Fair of Texas at Dallas, Saturday, Oct. 13, for the sixteen days' exposition of 1923. The grounds are in the finest condition. It is declared, and the program is replete with new amusement features.

In full keeping; there has never been a larger or more varied list of fine cattle, of poultry and pet stock, swine, sheep and goats. The barns, on the basis of entries in hand to Oct. 1, will be filled to overflowing. It is asserted, County and agricultural exhibits are also larger and more representative of the State's production possibilities.

All the latest model cars will be seen in the automobile show, and "action displays" in large number will feature the manufacturers' division of the new Automobile and Manufacturers' building. More than thirty acres of space will be occupied by the interesting, instructive demonstrations of farm machinery and power devices.

The big features of this year's Fair will include the seven days' race meet—six running races daily, on Oct. 13, 14, 15, 16, 17, 18, 19 and 20, and the Rodeo, depicting cowboy sports of pioneer days in Texas, Oct. 21 to Oct. 28, inclusive. A horse show will be given on the nights of Oct. 22 and Oct. 23, and there will be three days' kennel show of high-bred dogs.

The "Marigold Garden Revue," a big musical extravaganza, with a company of seventy-five people, beautiful costumes and magnificent scenery, will be offered in the Coliseum with Art Landry's big Chicago jazz band and many other features. Before the grandstand each night "In dia," the fireworks spectacle of the famed Durbar of Delhi, with a company of 600 people and a herd of elephants will be given and each afternoon and evening there will be more than twenty circus acts, including acrobatics, aerial work, tumblers etc., with at least two big trained animal acts.

Seven football games are scheduled for athletic stadium, chief of which will be A. & M. vs. Sewanee, Oct. 13 and Texas vs. Vanderbilt, Oct. 26.

Low round-trip rates have been granted by all Texas railroad lines, particularly for the three week-end good for trains arriving in Dallas each of the three Saturdays. Returning visitors may leave Dallas as late as midnight the following Sunday night.

MUNICIPALITIES DAY AT STATE FAIR OCTOBER 24

Mayors and officials of many Texas cities will attend the State Fair at Dallas, on October 24, which has been designated as League of Texas Municipalities Day, at the request of Mayor W. E. Lea of Orange, head of the league. Mayor Cockrell of Fort Worth was president last year, when a highly interesting program was carried out on Municipalities Day at the Fair. A similarly instructive program will be given this year.

TEXAS' OIL INDUSTRY SHOW TO BE STATE FAIR FEATURE

A comprehensive exhibit showing every detail of the production and handling of oil and products, is to be one of the interesting displays at the State Fair of Texas, Dallas, Oct. 13-23 by the Humble Oil and Refining Company of Houston. The Humble Company has secured space 28x50 feet on the main driveway at the Fair Grounds, and its exhibit will detail the complete workings of the great deep field in the Corsicana area, where the company's holdings are very large.

An interesting exhibit of milk goats is to be shown at the State Fair of Texas, Dallas, Oct. 13-23, by the Hollandale Farm of Dallas.

A. & M. of Texas has organized its School of Vocational training. The State Fair of Texas is a school for every class of trainee. Dallas Oct. 13-23.

Some folks who complain that the home town paper has no news, will make an awful fuss if the same is not delivered right on time.

When they turn the hootch out in the streets, they should look out that it does not eat the concrete pavement.

The Record acknowledges receipt of a second pass to the Dallas Fair which would be highly appreciated if we just had some way to get over there and back. Of course, we cannot go but we appreciate the courtesy extended just the same. The invitation reads:

"The president and board of directors of the State Fair of Texas cordially invite you to be present at the Thirty-seventh annual exposition to be held at Fair Park, Dallas, Texas, October 13th to 28th, 1923."

Ten minutes of market activity Tuesday took one hundred million dollars off the total value of the season's cotton crop. Another ten minutes of activity almost any day may restore the lost millions. Mean while, the farmers have the cotton. —Brownwood Bulletin.

The Far Bureau takes the credit for the present price of cotton, anyway the farmers are getting a mighty good price for their cotton just at present. If the farmers could get around 30 cents for their cotton all the time, then there would be such prosperity in this country as was never seen before. The fact remains, however, that when the cotton is really thrown onto the market, the price goes down.

The inability of many good farmers in Kent county to secure farm land for next year is forcing them to go west to the plains, where much new land is being put under the plow. At the same time there is tens of thousands of acres of as good farm land as the world affords in this county devoted to the growing of jack rabbits, the most worthless animal known. —Jayton Chronicle.

Thousands of acres in Mitchell county are now held in the big ranches. Some day every fool of tillable land in Texas is going to be put under the plow. How far distant that day is, none can tell, but it is not believed far away. New farms are being opened up and planted in West Texas nearly every day and recently several thousands acres of land was opened on the Plains. As soon as irrigation can be made universal, there is no reason why farming should not be carried on in Western Texas on an even more extensive scale than ever before.

The attitude of the Colorado Record in last issue in ignoring the hammer killing near Abilene and the man hunt and ultimate suicide of the killer both Colorado people is commendable and should not go without notice. The Record did not mention the matter, but instead filled the paper with real news and constructive matter. The Times endorses this sort of newspaper work, and if we all would censor this sensational, sordid stuff we would be doing the public a real favor. Why air bad news—it travels fast enough? There is plenty left for the newspapers in dealing with constructive problems and aiding in building up the community in other ways rather than to fill our columns with sensational killings, etc.—Scurry County Times.

The Record can see no good in publishing to the world such unfortunate and horrible incidents. We leave all these things to the Star-Telegram. Each day that paper has its front page full of the sensational. In this case we were on the ground and the refraining influence was a Sainted Mother, a heart-broken wife

HAVE YOU SEEN TEXAS? (BY PHEBE K. WARNER)

It is said by those who keep track of such things that the people of Texas spend annually \$8,000,000 sightseeing, summer resorting and resting outside of Texas. If this is true, Texas spends \$8,000,000 every year building up the public parks, the summer resorts and the playgrounds of other States. Texas spends the modest sum of \$8,000,000 advertising the beauties and glories and grandeur of other States beside all the talking she does free.

But that is not the worst part of it. Every dollar Texas spends away from home for rest, recreation and sightseeing is not entirely lost to the Nation. It is lost to Texas in a way, but somebody else gets the benefit of it. What Texas loses, Colorado gets. That is, the most of it. The sad part is most of our Texas tourists speed away from their own home State not knowing what they have left behind them. Not knowing what beauty and pleasure were within their reach right at their own door.

ARGUING, ETC.

The new president of the Dallas pastor's association declared before the members of that body Monday that there should be more praying and less arguing in the churches. We sometimes ask ourselves the question are the churches falling short of their mission because there is not practiced in every detail more of the real old time religion?—McKinney Courier-Gazette.

To which the Abilene Reporter adds:

When two or more people get together, there is going to be an argument in a more or less degree. It is human nature. But of all places it would seem that the church is the last place where people should argue. However, there are such a large number and such a varied number of faiths that there is slight likelihood but that there will always be arguments over the church and over church affairs. Perhaps it is best after all that there are such a large number of beliefs. If everybody believed and thought exactly alike, the chances are the world would stagnate. It doesn't make much difference after all what you believe, just so you believe in it without having to make excuse for your faith, and live up to the teachings of your Lord.

We are a Baptist and Baptists are allowed to bet \$15.00 so we will bet that amount that the Reporter guy is not a Christian at all. He gives the whole "shootin" match away when he says, "It don't make much difference after all what you believe."

Senator Joe Burkett of Eastland is the first gubernatorial candidate to announce the date of his opening speech, the date having been fixed for January 3rd, and Llano, the home county of his birth, will be the place. Some eight or ten other candidates are expected to fire their opening gun early in January and then the sweepstake will be on in earnest. —Panhandle Herald.

Next year promises to be one of much politics. Next year will see the candidates with us again. Next year will see the season of hand-shaking and letter writing and receiving of requests for newspaper space, with articles received with release written at the top. Like the poor it seems we are to have the candidates with us always. Men want office. Men will seek office in Texas. A half dozen will run for governor. There will be much politics in Texas during the promised good year of 1924. The candidates will look up long forgotten acquaintances. Many men and women in Texas will be thought of and written to or visited. We are to have these candidates with us. Bless their souls they will all bring 10 bucks around to the printer man and request that something nice be said. Something nice will be said. Ten dollars worth will be said. The newspaper man will become quite popular. Publicity is important. The newspaper has it, but the State candidates will announce that Texas is too large and the newspapers too numerous to announce in all of them and if "you will be kind to give me a short editorial and send me a marked copy."—Ben Smith in the Scurry County Times.

The political campaign promises to be a hot one next year from U. S. Senator to constable, better pay your poll tax now.

WORK BEGUN UPON BROWNWOOD STADIUM

BROWNWOOD, Oct. 7.—Work on the American Legion stadium has begun. It will be about 200 feet deep and 190 feet front, and will have a seating capacity of 7,000. It will be dedicated as a memorial hall to the honor of the Brownwood boys who went to the World War. The auditorium will cost about \$100,000. This is the stadium in which the West Texas Chamber of Commerce will meet next May.

UNION ITEMS

Everything is at a normal state in this community. No special news except we think we can discern another booger peeping over the nearby hills of Mitchell county. This seems to be in the form of another bond issue, the purpose of which we take to be a fake story, judging from the past which is good evidence. I wonder who is the agitators and leaders of such burdens who ever it may be I say you genial faced, you cheerful thinkers and free speakers, oh, how we like you but you kill our little dog ever chance you get. I wonder how many of the advocates of this measure has any real estate to back up the proposition. Oh ye politicians, ye heap burdens upon others and touch it not yourselves. It seems that the time has come when even the thinking is wrong to say nothing of the acts.

WESTBROOK ITEMS

Little Roderick Bruce McCraney was born at Heidelberg, Miss., Oct. 31, 1913, and died September 23, 1923. Death was caused from an injury received when he fell from a moving truck, which he was swinging to the side of and losing his hold he fell under the wheel. He lived about 36 hours before death claimed him. The duration of his little life was short in the home but the little tendrills of their love were so wrapped around him that the grief and anguish of his sad departure leaves the heart torn and bleeding. Yes, he is gone, but he is waiting at the beautiful gates with out stretched arms for those that he left behind.

Little Bruce came to Westbrook with his parents in July, 1920. He made friends readily and was quite a favorite among his little playmates. He loved to go to Sunday school and his cheerful voice will be missed in his class, his little school mates miss him. He is missed everywhere.

His remains were laid to rest in the W. O. W. cemetery September 26th, Rev. Silas Dixon conducting the funeral services. He leaves a father and mother, Mr. and Mrs. R. R. McCraney, one brother, Cooper, one brother and one sister having passed on before him. To the grief-stricken loved ones we extend our sincerest sympathy.

Little Rena Oliver, the baby girl of Mr. and Mrs. C. W. Oliver, won the fourth prize at the pretty baby contest Tuesday night at Colorado, a big box of chocolate candy. Westbrook is awfully proud of her pretty baby however, we think that she should have had first prize.

Mrs. J. D. Young and baby of El Paso are visiting relatives here this week.

The gins are kept busy now from early morning until late at night, we failed to get the number ginned to date, but the turnout is much better than it was last year.

J. T. Candler, of Dallas is spending the week here attending to business while visiting friends and relatives.

One of the most interesting features of Westbrook now is the little kindergarden school taught by Mrs. A. W. Nixon, at the Baptist church. Ten little tots just as busy as bees, if you have never been you should visit the kindergarden.

Albert Oglesby was operated on for appendicitis Monday at the sanitarium at Colorado, he is doing nicely at this writing.

Henry Tidwell has moved into this community.

J. H. Preston now drives a Ford, which seems to be the most popular "car" these days. Hurrah for the jitney!

William Martin and family spent Sunday in the W. H. Harris home.

Mrs. J. F. Hiser was carried to Temple to the sanitarium last week.

Mrs. Smith Hallmark is reported to be some better.

Evertt Henderson of the Baumann community spent Sunday here.

A few of the young folks enjoyed an outing at Seven Wells Sunday afternoon.

Mr. and Mrs. Lee Shepherd of Buford visited her sister Mrs. E. A. Ware Friday evening.

Nannie Morrison spent Saturday night and Sunday with Nannie Lou Taylor.

J. A. Faulkenberry, Jr., and wife spent Sunday with his parents.

UNIVERSITY ATTENDANCE GREATLY INCREASED

AUSTIN, Oct. 8.—At the close of the first matriculation day at the University of Texas this year, there were 1,364 students who had registered and paid their fees to the auditor, W. R. Long, in comparison with 749 who had paid their fees on the first day last year.

The large increase is thought to be due to a new system of registration which has been put into effect this year, shortening the registration period from three to two days. It is expected that 4,000 students will have registered by the end of the week.

DIED

On Sunday evening Mrs. Georgia Anna Pearson, aged mother of R. O. Pearson, died at his home. Mrs. Pearson had been in failing health for months but when the end came she passed away as gently and sweetly as a little child going to sleep in its mother's arms.

For several years Mrs. Pearson had made her home with her son and in the early years she and her husband who was a physician lived here but afterwards moved to Hot Springs, Ark., where Dr. Pearson died and was buried and where she was taken Monday and laid to rest beside him. The Record joins the other friends in extending sympathy to all those who are saddened by her home going.

Mrs. Young returned to her home in Hedley Thursday morning after a visit with her parents, Mr. and Mrs. R. E. Grantland.

THIS IS THE AGE OF GREAT THINGS

(W. H. McCarty in Albany News)

O, yes, we are traveling at a rapid pace, fly across the Atlantic Ocean in sixteen hours, span this western continent, from ocean to ocean, between suns, and a man dieth, and chemistry pumps the virus of life into the dead machine, and that clock there in the left breast says, tick, tick, tick, and the red blood begins to flow, the flesh begins to twitch, and the rise and fall of the chest is evidence that science has stepped on the gas, and thus the red fluid has lubricated the cogs and the machine is rearing to go, then you see the rose-tinted cheeks, the eyes that were seemingly closed forever are opened, and man liveth again. O yes, science has unraveled the mysteries of life and death and unveiled the mystic forces that

Creation imprisoned in nature, harnessed them, and they have become the fleet-footed steeds of commerce, the pegasus of stellar space, and the daring birdman goes up and up, and so to speak, looks God in the face and gives Him a dare to open the pearly gates, lest he fly in. Oh, man is smart, the telephone, the electric wire, wireless telegraphy, the phonograph and the radio are his toys in this playhouse of wonder, and if he keeps on, ere long, he will sit down in the lap of ease, touch the electric button and this vast machinery of commerce will go around and around and work and labor and toil and strife, and sorrow and sickness and suffering will be eliminated, and we will all ride to heaven on flowery beds of ease, as the song goes—and who knows, maybe after all, science will bring to pass the utopian dream of Socialism—food, shelter and clothing, minus sweat on our

Sunday morning we will present a subject that every Methodist in town should be interested in and we want every one present.

Sunday evening we are going to tell a book story, "Traucherous Ground," by John Bojer. This is a very attractive story and has a tremendous modern application. I want the people to hear this. Those of you who have time to read books come and hear this and see what some of the modern writers are doing to emphasize moral needs in life and life's work. There are many of our present day books which have their root principles in the Holy Scriptures and therefore they contain a great message to all who will hear it.

We invite all to our services.

On Monday morning just as the cook called "chuck" at the stockade a Ford stopped at our back door and the boss said, "Hey, punchers, help this fellow," and to our delight and surprise the Ford was loaded with things good to eat, such as flour, canned corn, tomatoes dried fruits and meat, spuds, coffee, syrup, lard sugar. Just how thankful we are we are unable to express in words but if you will happen around and see just how fast we devour the contents of this pounding, you will be glad that you had a part in feeding this bunch of long, lank, hungry huskies. In token of our appreciation we hope to be instrumental in helping every man in and around Colorado to be a wiser, happier and more noble Christian gentleman. REVIVAL CONDUCTED BY COWBOY EVANGELIST GROWS

The revival at the tabernacle, conducted by J. E. Nicholson, the noted cowboy evangelist continues to grow in power. He preaches the old fashioned Gospel in the old fashioned way, with the old fashion kick. He dares to denounce sin, in the life of church member and non-church member alike.

He recently closed a meeting at Amarillo with more than a hundred conversions. His meeting at Coahoma resulted in one hundred and four teen conversions, which was the best meeting the town has ever had.

He is in Colorado for a limited time and desires the co-operation of every Christian in and around the town regardless of creed or confession and the non-believer has a special invitation to come and hear the Gospel preached in the way our early fathers preached it. Nicholson's preaching is the kind that will help the community and build the churches.

The Cowboy's sermon on the Scarlet Woman, seems to have caused the devil to lose his temper, and many of the folks have taken the matter to heart. One of the hottest sermons ever preached in this town was Nicholson's sermon on Lying. He showed that the sin of lying was one of the commonest of sins and also one of the most detrimental, to the people as a whole.

The following are some of the subjects yet to be discussed by the evangelist: "Adultery," "The Final State of the Damned," "The Sin Against the Holy Ghost," and one night the cowboy will tell the people of one that he has discovered that should be voted out of town, telling

of his conduct, his devilry, and calling his name and asking those present to vote on whether he be allowed to stay in town or not, of course, those likely to be the party, will not be expected to be present at this time, however, the cowboy says that he expects to parsonate and if necessary THRASH him.

Sunday afternoon at 3:30 the message will be for men only, including those from 14 to 100 years old.

We are ask to say that the revival will continue indefinitely, services being held at ten to eleven each morning and at seven each evening. No services on Sunday mornings as the evangelist advocates each person going to their own Sunday school and staying for the preaching services.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Colorado. No Colorado resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. H. Cooper, proprietor of blacksmith shop, Sixth and Oak streets, says: "I have used Doan's Kidney Pills several times in the past for trouble with my back. From the results I obtained, I think they are a good, reliable remedy. I purchased this medicine at Doss' Drug Store and I gladly recommend it to anyone suffering with their kidneys."

Over three years later Mr. Cooper said: "I can still recommend Doan's Kidney Pills as highly as I did when I endorsed them before, Doan's certainly benefitted me a great deal."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had, Foster-Milburn Co., Mfrs., Buffalo, N. Y.

I started taking FERRASAL and the first dose stopped the hiccoughs for two hours. I repeated the doses and the hiccoughs had entirely stopped by morning and I have not had them since. I kept taking FERRASAL night and morning and was able to be up in two weeks and had regained the use of all my faculties in one month. I have had no trouble with my stomach or bowels since and my general health is improving daily."

SWEETWATER MARBLE & GRANITE WORKS

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangers and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

After the regular business program was enjoyed. Mrs. W. R. Martin of the Philomath club, Loraine, gave a vocal solo. The outgoing president, Mrs. J. G. Merritt spoke of the pleasure the work had been to her and some things that had been accomplished during the past year. Mrs. A. L. Whipkey, the incoming president spoke on co-operation and asked that the same be given by all the clubs in the coming year as had been in the past and said she was depending much on the efficient officers to help carry on the work.
