COLORADO BOOSTER BAND TO RENDER SERIES OF CONCERTS

In connection with plans to carry the road bond issue to the people for discussion, arrangements have been completed for the Colorado Booster Band to accompany speakers to some of the smaller towns and community centers of the county These speaking dates are being arranged by a committee composed of J. M. Thomas, M. S. Goldman and F. F. DuBose.

The committee announced Tuesday morning that the first meeting was scheduled to be held at Spade Thursday night of this week. Friday night the band and speakers will meet with citizens of Westbrook and

that vicinity. Because of the fact that the Colorado band is one of the best bands in West Texas, citizens of the communities to be visited are assured of an unusual concert program. Those fostering the campaign announce that the opportunity will be given to discuss both sides of the proposed bond issue. The general public is invited to attend these meetings.

Other meetings are to be held next week, but definite announcement as to the time and place could not be made Tuesday.

CONOWAY CITIZENS WILL STAGE WAR ON RABBITS

Citizens of the Conoway community, a few miles south of Westbrook, have arranged for a big rabbit drive in that part of the county for March 20. Those in charge of the plans announce that the hunters are to meet at the intersection of the Conoway road on the Colorado-Sterling City road on the morning of the hunt and start from there. Luncheon will be served the hunters at noon.

Farmers of that section announce a large rabbit population there and assure the general public of a day full of sport. Every citizen interested in ridding the county of these pests is invited to join in the drive.

DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Pills. Read this Colorado man's testimony.

G. W. Filler, auto mechanic, 2001 East Ave., says: "Several years ago I was suffering intense pain from weak kidneys, causing my back and sides to ache. There were other troubles which are common to kidney sufferers. Seeing Doan's Pills Pills so highly recommended, I used a couple boxes and they entirely cured me. It gives me great pleasure to recommend such an excellent kidney remedy as Doan's."

Lasting Benefit

Over seven years later, Mr. Filler added: "I can recommend Doan's so highly recommended, I used Pills as highly today as I ever did, although I don't have occasion to use them any more. Doan's have given me a permanent cure." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Mitchell County Federation of Women's Clubs met at the Baptist Sunday school rooms Tuesday afternoon. Splendid reports came from all clubs and all were interested in the approaching district meeting which meets here.

The various committees had the work well in hand. Mrs. C. C. Thompson was elected vice chairman for the district meeting. All necessary committees that had not been appointed were appointed as this was the last meeting before the district meeting.

Mrs. McLaren, recently from Oklahoma, was made a member. She was delighted with club work in Texas. Mrs. Donahoo, first vice president, was elected to read Federation at the district meeting.

Those clubs having reached their goal were the Colorado Parent-Teacher Association and the Pioneer Club, Valley View. The Parent-Teacher Association planned to raise a thousand dollars for play ground equipment which has been purchesed and installed and the Pioneers had planned a club house which is now built and partly furnished. The Thrift Club, Cuthbert, also had a wonderful report. Besides canning of all kinds, selling of turkeys, eggs, sausage, turnips, greens, etc., six of the members had steam pressure cookers and two homes had radios.

The following officers were elected for next year:

Mrs. Jim Johnson, president; Mrs. L. Whipkey, vice president at large; Mrs. J. W. Harrell, Loraine, first vice president; Mrs. W. C. Berry, Cuthbert, second vice president; Mrs. Ed Jones, Colorado, third vice president; Mrs. Harry Ratliff, Colorado, recording secretary; Mrs. C. R. Earnest, Colorado, corresponding secretary; Miss Viola Brown, Loraine, treasurer.

Dallas Colorado Club.

The Colorado Club met Tuesday afternoon with Miss Nell Shaw at the home of Mrs. H. H. Enderly, \$ 5431 Bonita avenue. Mrs. A. L. Whipkey and Miss Martha Earnest both of Colorado, Texas, were guests of the club. Mrs. Jesse Barker was received into the club.

Mah Jong, hearts and 42 were played during the afternoon. The high-score prize went to Miss Elizato Mrs. Fred Wulfjen. A salad course L. White were guests. The hostess F. A. > *************** Mary Succeeds on Main Street

By LAURA MILLER

************ THE DOCTOR ON MAIN STREET

Can a woman whose address is actually "115 Main street" be successful? Or is she so far from the center of things, so near the old-fashioned prejudices about man's place in the professions and woman's place in the home that even the profession which pre-eminently serves the home is a hopeless venture?

Dr. Blanche Haines of Three Rivers and Lansing, Mich., ought to be especially qualified to answer both these questions. She does actually live at that very Main street address. She is a success-if service is any criterionin what has been for centuries the man's job of making sick folk, and keeping well folk, healthy.

Her title is a lengthy one, yet it de

scribes only in part the scope of her work, which brings her into contact with some 5,000 people a year. She is director of the bureau of child hygiene and public health nursing of the Michigan department of health. There was a time when Doctor Haines and her doctor husband (and a good-looking one, too, she interjects) had time to practice medicine in the country town of Three Rivers in comfortable fashion. Between whiles she indulged in her passion for collecting antique furniture. "A country doctor who starts antiquing from Main street," she opines, "has a much more wonderful time than the 'antiquer' on the lower East side of New York."

Doctor Haines is so busy now with prenatal care and baby welfare that she has had to abandon antiques. Her physician father, who had to be mother as well, gave her not only his profession, but his habits of thinking straight, in the best man-fashion. Then she came under the influence of Susan B. Anthony, and found out the secret of working for and with women. Hence, as Michigan women have grown in power and opportunity for service, they have put Doctor Haines on many committees, most of them

having to do with health. Finally the state, following the example of the national government, has adopted the mother and baby educational measure known as the Sheppard-Towner act. Forthwith, Doctor Haines was called upon to make the written law into an actual benefit to those who most needed it. It is, as Doctor Haines says, primarity a rural problem of lowering infant and maternal death rates, outside the large cities, especially in isolated homes where modern medical knowledge penetrates slowly. And having lived on Main street in a small city is the one factor which Doctor Haines chiefly depends on to build success.

The finest of cars can be sold at these prices

HE Studebaker name guarantees to you the utmost in finecar construction. For 72 years it has stood for quality, for honest workmanship, for square dealing.

It has always stood for style and class. Remember Studebaker carriages -- supreme examples of fine coach building.

Consider our facilities-mark what we have at stake. \$90,000,000 in assets, \$50,000,000 in plants and equipment, \$10,000,000 in body plants alone.

Note our multiplying sales - the sensation of Motordom.

It is fair to assume that we can and do build the finest cars and at Studebaker prices.

What is a fine car? A fine car means the best materials any cost can buy. We use 35 formulas for steels, each known to be best for its purpose. We pay a pre-mium of 15% on some to get the formulas exact.

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

A fine car means fine engineering. We spend \$500,000 yearly on that department, employing 125 able men.

It means careful construction. We have 12,500 up-to-date machines. 1,120 of our operations are exact to 1/1000 of an inch. 360 are exact to one-half of 1/1000 of an inch.

It means infinite pains. For instance, we machine all surfaces of our crankshafts as was done in Liberty Airplane Motors. We are

Where savings come

Then how do the Studebakers so far undersell any comparable cars?

Because we build so many. The fixed costs are divided by enormous output-150,000 cars per year. Because we build our own bodies.

The saving to you on some types is up to \$300 per car. Because we make our own forg-

What buyers save

The Studebaker Light-Six Touring Car sells for \$1,045. Under ordinary manufacturing conditions it would need to cost you from \$1,200 to \$1,400.

On our Special-Six the difference might be \$400 to \$700.

On our Big-Six type the difference may run into thousands, depending on the number produced. For this car compares only with the highest-priced cars in Europe

and America. * * * You will respect the Studebaker

methods when you come to know them. You will admire the cars they create. You will delight in the values.

\$8,000,000 OF ENDOWMENT

Nearly eight millions of the 10 million superannuate endowment Methodist church for the support of the old and worn-out preachers have been officially pledged by approximately 4,500 of the charges throughout the connection. While the sum is to be raised and paid in within a five year period, many of the churches, knowing the need for early reief of the claimants, volunteered to

nake total payment within one year. Information of progress of the movement has been received by Rev. J. F. Lawlis, paster of Colorado Methodist church whose people are joining heartily in the effort to bring it to complete success.

Pink slips, the information states, are pouring in each day at the offices of the Board of Finance, St. Louis, which is directing the movement, on which are noted total sums churches agree to raise for the old preachers. With every charge in the connection doing its full part, it is now indicated that the total objective will be subscribed, and it is hoped final returns will far exceed the ten millions sought. "The superannuates to be support-

ed by the fund," Dr. Luther E.
