

### YOU CAN FEEL SAFE AND SECURE WITH BANK ACCT.

For fifteen years, Silas Marnar had saved his earnings, denying himself everything, in order that his pile might grow. He had kept the money in a clever hiding place, beneath the stones of his hearth. And then, one evening, while he was on an errand, a thief had entered and carried away all that Silas had.

Now watch poor Silas, as he prepared to open his secret hiding place. "He rose and placed his candle unsuspectingly on the floor near his loom, swept away the sand without noticing any change, and removed the bricks. The sight of the empty hole made his heart leap violently, but the belief that his gold was gone could not come at once—only terror, and the eager effort to put an end to that terror. He passed his trembling hand all about the hole, trying to think it possible that his eyes had deceived him; then he held the candle in the hole and examined it curiously, trembling more and more. At last he shook so violently that he let fall the candle, and lifted his hands to his head, trying to steady himself, that he might think. Had he put his gold somewhere else, and then forgotten it? He searched in every corner; he turned his bed over and shook it and kneaded it; he looked in his brick oven where he laid his stocks. When there was no other place to be searched he knelt down again and felt once more all around the hole. There was no untried refuge left for a moment's shelter from the terrible truth. He could see every object in his cottage—and his gold was not there."

No matter how careful the hiding place of money kept in the home—a thief may find it—a fire may destroy it—a dozen chances may deprive you of hard won savings. But in our bank, you can keep your money safely—we will pay you rent for the use of it (for interest on savings deposit is just like rent)—and we will return your money any time you want it.

Our bank is run by business men. An account here also gives you the right to claim the friendship of our officers and to ask their help and advice in any business or personal matter. We shall be glad to answer any questions you wish to ask about the advantages of a savings or checking account. Come in and get better acquainted with us—then decide whether you would like to do business with us.—City National Bank of Colorado.

### FORT WORTHIAN "DEMANDS" RECORD NOT BE STOPPED

H. C. Beal of Fort Worth, former citizen of Colorado, threatens the publishers with the 'penalty of death' in case the Record fails to reach him regularly each week. In a letter received from Mr. Beal this week, he says:

"Let the Record keep on coming and don't you stop this paper under penalty of death, for I can do without it, as most of my children and grandchildren live out there, and the best friends I have live out there. I am enclosing check for \$2.00 which pays my subscription for another year. Here's wishing all of the Colorado people good luck and prosperity. And hope we will have lots of rain out there this year."

### CHAMBER OF COMMERCE EXECUTIVE MEET POSTPONED

The executive meeting of the Chamber of Commerce, scheduled to have been held Thursday afternoon at the Pullman Cafe, was postponed to Thursday of next week by Dr. P. C. Coleman, president. Dr. Coleman postponed the executive meeting on account of dedication services at the Legion hut.

**FOR SALE ON ACCOUNT OF HEALTH**—Small Dry Goods and Variety Store will invoice about \$4,000, doing good business, might give some terms, or take a small amount of trade.—J. W. JACKSON, Hermleigh, exas.

### LORAIN MAN APPOINTED SUPT. OF PUBLIC SCHOOLS

The office of county superintendent of public instruction was declared officially created by Commissioners' Court in session here Wednesday and Sam C. Harris, superintendent of the Loraine schools, named by the court to fill the office. The office was formerly held by the county judge in an ex-officio capacity. Harris stated here Wednesday afternoon that he would immediately take up his new duties and plans to visit every school in the county within the next few weeks.

The office of county superintendent is automatically created under law when the scholastic population in the county reaches 3,000. Tabulation of returns from scholastic census takers in the several independent and common school districts of the county Wednesday showed a total of 3,115. This is an increase of 287 over the scholastic population of the county a year ago.

Mrs. H. G. Towle and little daughter, Mary Margaret of Snyder are visiting relatives here.

### AMERICAN LEGION HUT DEDICATED THURSDAY

The attractive building at corner Chestnut and Third streets, erected by the public as a memorial to the more than 200 boys and young men of Mitchell County who saw service in the world war, is completed and arrangements for its dedication Thursday evening of this week were complete when The Record went to press at 2 o'clock Thursday afternoon. The Memorial building, among the attractive brick and stone structures in the city, represents an investment of \$15,000, and is among the best buildings to be owned and controlled by the former service men in this part of the State.

The building has been several months under construction. Members of the post have given much credit for success in financing the project to the Colorado Lions Club, which organization took the initial step in raising funds. From the Lions Club the sense of patriotism and appreciation of the former service men spread until several hundred citizens of the county, together with some who are not citizens of either the County or State, subscribed liberally to the fund.

When about half completed, the men of the Legion Post faced disappointment in the fact that funds had become exhausted and construction work on the building was stopped for several weeks. Peculiar to the indomitable spirit of the men to succeed in peace as in war, they never stopped, however, and successfully negotiated a loan sufficiently large to complete the building. Only a few days it again developed that at few hundred dollars' additional funds were needed, if the memorial was to be completed and furnished as the original plans called for, and again public spirited citizens came to their support with funds.

The men for whom this beautiful memorial was erected have a right to be proud of their hut, and ever citizen of Mitchell County should share this pride. Measuring up to the standard of the men among the ex-soldier of this county, it is among the attractive and to be appreciated public buildings of the city.

The general public is invited to attend the dedication services at the building Thursday night.

The program for the evening will be as follows:

- Col. C. M. Adams, master of ceremonies.
- Concert music, Colorado Booster Band.
- Song, "America."
- Prayer, Rev. M. C. Bishop.
- Violin solo, Jack Norris.
- Address, "Aims of the Legion,"—Rev. J. E. Chase.
- Reading, selected, Mrs. C. R. Earnest.
- Address, Captain Jas. T. Brooks.
- Song, Colorado Cho'al Club.
- Address, L. B. Elliott.
- Reading, Paul Thompson.
- Band concert.
- Refreshments.

### VOTERS PETITION SECOND ELECTION ON ROAD BONDS

The \$325,000 road bonds, lost by the small margin of two-thirds of one vote in the election March 22, will be re-submitted to the voters of Mitchell County, according to statements made by proponents of the good roads campaign in Colorado, Loraine, Westbrook and other voting precincts. Petitioners requesting Commissioners' Court to order an election to vote on the same issue are being circulated among voters in those communities.

Proponents of the bonds are enthusiastic in the belief the issue will be carried by a majority of from three to five to one in the re-submission cause, which probably will be voted upon during the month of May. This belief is based upon statements voluntarily made by several men who were opposed to the bonds in the other election and will now support them in the election to be requested.

Among the voters who have changed their attitude on the bond question are some of the leading citizens of Colorado. In discussing this matter last week, one of these men stated:

"Since I have found, through result of the election March 22, that a great majority of the citizens of Mitchell County are in favor of the bonds, I will not oppose the issue, in case it is submitted again. I am democratic and believe the majority should rule. When two-thirds of the people endorse a public question through their ballot, I am willing to consent for them to have it."

Similar reports are being received from other voting precincts over the county. A leading citizen of one of the largest rural boxes stated here a few days after the recent election that the citizenship of his community would poll a heavier vote in favor of the bonds than ever before.

The petitions being circulated are identical with those presented Commissioners' Court a few weeks ago calling for the election which was held March 22. An opinion of the attorney general which was received in Colorado Monday afternoon held that the same issue could be resubmitted at any time upon petition of fifty qualified voters and subsequent order of Commissioners' Court ordering that the election be held.

There is now no doubt but the election will be called, since one of the petitions circulated on the street here Saturday contained almost 100 names, and several others are being circulated in the county. The next election is expected to bring a larger number of voters to the polls than either of the former ones, since interest in the campaign to vote bonds and improve the roads of the county is evidently spreading.

Adoption of the \$325,000 in bonds will be sought to supplement State and Federal aid in the sum of \$650,000 to build a concrete highway across county from east to west, as in the last issue. It is probable that the election will be ordered by Commissioners' Court at the April term, which is to be convened Monday, April 14th.

### PALACE THEATRE TO OPEN FOR BUSINESS AT ONCE

Ross Dixon, owner of the Palace Theatre, which was among the business concerns burned out here Saturday, left Monday for Dallas to purchase new equipment and will open for business again at an early date. Mr. Dixon stated Monday morning that he was considering two probable locations for the picture show but did not know definitely at that time where the Palace would be opened again.

### COCA COLA BOTTLING CO. TO RE-OPEN FOR BUSINESS

Alvin Myhre, owner of the Coca Cola Bottling Company, destroyed in the fire here Saturday afternoon, stated Monday that he would open for business again within the next fifteen or twenty days. Mr. Myhre left Tuesday for Abilene to purchase equipment to replace that lost in the fire. The bottling works will be opened in Price Brothers building which is nearing completion on Elm street.

### FIRE TAKES HEAVY TOLL IN COLORADO PROPERTY

Fire originating in the projecting room at the Palace Theatre at 5:30 Saturday afternoon completely destroyed the Levi building, corner Second and Elm streets, burned out seven business concerns and took a toll in property damage of \$80,000. While the two-story building was a mass of flames, the residence of D. L. Buchanan caught fire from explosion of a kerosene heater in the bath room and was burned with practically all contents. Buchanan's loss is estimated at \$5,000, placing the total property loss at \$85,000.

The building, owned by Levi Bros. of Sweetwater and L. Landau of Colorado, was valued at \$35,000. Insurance to the amount of \$27,500 was carried on this property. On the lower floors of the building were located the Jones Dry Goods Co., Palace Theatre, R. L. McMurry's racket store, Scott Confectionery, Roberts Auto Top Co. and Coca Cola Bottling Company. The Wright Hotel occupied the entire second floor. Less than \$500 was saved from the burning building.

The local manager of Jones Dry Goods Co. stated Saturday night that his loss would approximate \$18,000, with \$10,000 insurance. McMurry lost \$2,500, with \$1,200 insurance. Alvin Myhre, owner of the Coca Cola Bottling Company, estimates his loss at \$5,000, with \$2,000 insurance. G. R. Wright, lessee of the Wright Hotel placed his loss at \$4,000, with \$1,500 insurance. Guests of the hotel lost \$1,250. The Jno. L. Doss building and drug stock was damaged \$2,000 by water, smoke and the intense heat from the adjoining burning building. The Doss loss is covered. Ross Dixon, owner of the Palace Theatre, estimates his loss at \$4,500, with \$2,000 insurance. Roberts Auto Top Co. lost \$2,000, with no insurance. The Scott Confectionery, owned by Roy Scott loss is placed at \$1,500. Dr. C. M. McMillan, who maintained his office in the hotel, reported that his loss will reach \$4,000, with no insurance. His entire office equipment was a total loss.

The figures place total property loss at \$84,000.

Several people, including a number of children, were in the Palace Theatre when the fire originated, but they left the building in an orderly manner and no one was injured. Several guests of the hotel were in their rooms and managed to save a part of their personal effects. The flames spread rapidly and the building, together with contents was a smoldering mass of ruins within an hour. All walls of the building entirely or partially collapsed and are a total loss.

The conflagration became so great that fear that the Earnest building, Burton-Lingo Lumber Co. yard and other large properties across the street would be burned and an appeal for aid was wired the Sweetwater Fire Department, which made a record run to Colorado. The Earnest building, First Christian church and parsonage at the First Presbyterian church caught on fire from flying embers. The fire was under control by the time the Sweetwater department reached here.

Judge Earnest stated Monday that he had made no estimate of the damage to his building across the street from the Levi building. One of the plate glass windows and a few smaller windows were broken and damage done to the roof by the intense heat. Damage to the Burton-Lingo Co. office building consisted of broken glass and small damage to outside walls. Heat in the Earnest building and lobby of the Barcroft Hotel was intense for several minutes while the flames were at their height.

Jno. L. Doss reported Monday morning that an examination of his brick wall adjoining the Levi building disclosed that it was intact. Roof on the Doss building, however, was damaged to such an extent as to render it almost a total loss.

The West Texas Electric Company suffered small loss when high lines entering the city at rear of Levi building burned into. Repairs were completed within a few minutes and electric service restored.

The F. M. Burns building was damaged by heat.

### BRILLIANT FUTURE IS SEEN BY OIL INTERESTS

Development in the Mitchell County oil field is assuming larger proportions than at any time during the past, according to officials of the companies operating here. With five new wells being added to the producer line-up, two tests on the sand and drilling progressing at several others, the future is filled with optimism.

Work on the \$150,000 refinery plant at Colorado is going ahead, and surveys for the 14-mile high pressure pipe line connecting the plant with the field has been completed. The railroad switch connecting refinery site to Texas & Pacific railway is to be completed by the time shipments of equipment for the refinery, storage farms, pump station and pipe line began to arrive next week.

### WOMAN'S EXCHANGE MOVES

The Women's Exchange shop owned by Mesdames Dupree and Landers was moved Tuesday from the J. H. Greene building to the Earl Morrison building.

### COLORADO AND LORAIN SHARE IN LEAGUE HONORS

Although a fierce sandstorm raged last Friday and Saturday the Mitchell county Interscholastic meet was well attended. The program began Friday afternoon with spelling, essay writing and music memory contest. In the music memory contest three schools were represented, Westbrook, Loraine and Colorado. Under the county chairman, Mrs. J. H. Guitar, work had been done over the county but on account of the measles epidemic the required work could not be done. New Hope school had done splendid work having her new Victrola and records but two late to do all the required work. The chairman is very hopeful that the work will be county-wide another year. Loraine unquestionably won the honors. There were five perfects and the elimination for the medal was accomplished through story writing. Selma Harris won the medal, given by the Colorado federated clubs. Wilma Manly, second place. The spelling and essays have not been graded, hence no report.

The track events took place Saturday. In the discus throw, Colorado won, Tolbert Key, first; Henry Doss, second; Claud Cook, third. Shot puts were also won by Colorado. Tolbert Key, first; Morgan Gist, second; Huron Gist, third. The 100 yard dash also fell to Colorado. Huron Gist, first; Willis Jones, second; J. W. Shepperd, third. The 440 yard dash, Henry Doss, first; Lee Dorn, second; Vernon Logan, third, all of Colorado. Running broad jump, Huron Gist, first; Morgan Gist, second; Robert Whipkey, third, all of Colorado. In the 220 yard dash Huron Gist, first; Willis Jones, second, both of Colorado. High jump, Morgan Gist first, Colorado; Claude Young, Loraine, second; Willis Jones, Colorado, third. Fifty yard dash, Huron Gist, first; J. W. Shepperd, second; Robert Whipkey, third, all of Colorado. In the 120 yard high hurdles, Morgan Gist, first; Willis Jones, second and Jack Coffee, Loraine, third. The half mile run, Clarence Young, of Loraine won first and Henry Doss of Colorado second. In the pole vault Robert Martin of Loraine won first place and Willis Jones and Morgan Gist of Colorado, second and third. In the one mile race, J. C. Koen of Colorado won first place; Claude Young, Loraine, second; Earnest Olenbusch, Loraine, third. In the one mile relay sign them. If elected governor of Texas—and mind you, I will be elected, alright—I will, through the administration of business methods and elimination of waste, take \$10,000,000 annually from the backs of Texas taxpayers."

Mr. Davidson left Colorado Wednesday morning for Big Spring where he delivered an address Wednesday night. He spoke at Midland Thursday night and was scheduled to reach El Paso Sunday.

Sam Snowden has been appointed by Commissioners' Court as night watchman at the court house, according to announcement made today.

(Continued on page 7)

### BUSINESS ADMINISTRATION URGED IN AFFAIRS OF STATE

Former Lieutenant Governor Lynch Davidson of Houston spoke at the court house in Colorado Tuesday evening in the interest of his candidacy for governor and followed the lines of discussion upon which he formed his platform and is speaking elsewhere—advocating the administration of business methods to all departments of the State government and elimination of useless laws and expense, enabling the administration to reduce taxation.

The speaker denounced the policy of the State in caring for its prisoners incarcerated in the penitentiary and the unfortunates which are crowding our insane asylums. Treatment accorded inmates of both these institutions were described as inhuman and reflecting in a disgraceful light upon the intelligence of the citizenship of Texas.

"It is costing the State of Texas one million dollars a year to run its penitentiary system," Davidson stated, "and this is true in spite of the fact the State owns \$11,000,000 in property, including valuable farms, 2,600 head of mules, modern equipment with which to operate these farms and 4,000 men, whose labor does not cost one dime. In spite of all this capitalization, the system is running the State into expense one million dollars every year, and during the last 12 years has cost the State \$13,000,000."

Denouncing such a record as a graphic illustration of poor business management, and pledging that under his administration this department would be placed on its feet and transformed into a revenue bearing business, Davidson again offered his plea for the introduction of a business man's administration of the affairs of the State.

"I have been figuring on this penitentiary matter a little," he said. "In the city of Houston, my home community, I have a personal friend who is in the hotel business and is managing one of the largest and best hotels there. I went to see him the other day about the expense of feeding the 4,000 men in our penitentiary, and found from figures he gave me that I could furnish each one of those men with a private room, with bath, allow them all the extras at this modern hotel, and then furnish each with enough money to tip the boys, and at the end of one year would save the State of Texas \$350,000 in expense for keeping the men, as compared with \$1,000,000, we are now paying to keep them at Huntsville."

Governor Davidson praised the women for the part they are taking in State and National politics. "I have always favored giving suffrage to women," he said. "Back yonder at the close of the war we gave suffrage to the negro and the woman was certainly more entitled to this right under the laws than he. We are just fifty years behind in paying to woman her just recognition."

In pleading for furthering the advantages of public free education and influences of religion, Davidson, again praised women for the part she has played in reformation. Woman is the corner stone upon which rests our civilization, and to her is due credit for banishment of the liquor traffic.

"I am in favor of less tax and fewer government jobs," he stated, "and when I become governor of Texas they bring me a bill to sign, I shall demand that they take it back up stairs, with the promise if they will send two bills repealed I might sign them. If elected governor of Texas—and mind you, I will be elected, alright—I will, through the administration of business methods and elimination of waste, take \$10,000,000 annually from the backs of Texas taxpayers."

Mr. Davidson left Colorado Wednesday morning for Big Spring where he delivered an address Wednesday night. He spoke at Midland Thursday night and was scheduled to reach El Paso Sunday.

Sam Snowden has been appointed by Commissioners' Court as night watchman at the court house, according to announcement made today.

# YOUR PASS BOOK TO SUCCESS AWAITS YOU HERE

Before you can hope to become a factor in the community or business life of Mitchell County YOU MUST SAVE MONEY. It is the one simple rule necessary to success, for in accumulated savings, not only are you protected in case of adversity, but you are also in a position to take advantage of good investment opportunities.

THE City Meat Market

great conservation dam at the "Narrows," just below the confluence of the Jim Ned Creek and Pecan Bayou, 10 miles north of Brownwood.

The topographic surveying corps which under Engineer C. W. Goodlove, has been in charge of this work for several months, with headquarters here, completed the work this week, and returned to Austin, where a complete report of the work will be prepared in the form of a report and placed in the hands of the proper authorities. It is believed that a favorable report will be made, and that the dam will be built.

It has been roughly estimated that the dam will cost not less than \$2,000,000, and that it would not only solve the water problem for Brownwood for all future time, but that it would also furnish abundant water for irrigating at least 30,000 acres in Pecan Bayou valley, adjacent to Brownwood.

The watersheds of the Jim Ned Creek and Pecan Bayou were thoroughly surveyed and the report is expected to be the most complete in every detail.

**NOTICE.**

We have opened a new and up-to-date Tailor shop at our store and will appreciate a part of your business. We call for and deliver.—J. H. Greene & Co. Phone 154.

**NOTICE TO CREDITORS.**

I lost everything I possessed, with exception of the clothes I wore, in the fire which destroyed the Wright Hotel Saturday and I certainly will appreciate assistance of those indebted to me at this time. I have not crowded one who is indebted to me for professional services, but the conditions are such now that I must insist that my friends make settlement. If you are among those owing me please help me by making settlement.—C. M. McMillan, M. D.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

**Notice of Application for Probate of Will—Class 2.**

THE STATE OF TEXAS  
To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mitchell, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

**NOTICE OF APPLICATION FOR PROBATE OF WILL**  
THE STATE OF TEXAS,

To all persons interested in the Estate of Rose Anna Hurd, deceased, E. H. Hurd has filed in the County Court of Mitchell County, an application for probate of the last will and testament of Rose Anna Hurd, deceased, and for letters testamentary thereof, which will be heard at the next term of said court, commencing the first Monday in May A. D. 1924, at the Court House thereof, in the city of Colorado, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said court at office in Colorado, Texas, this March 29th, A. D. 1924.  
(SEAL) W. S. STONEHAM,  
Clerk County Court, Mitchell County, Texas.

### WEST TEX. MOURNS LOSS OF JUDGE M. E. ROSSER

In the death of Judge M. E. Rosser of Snyder Thursday of last week West Texas lost one of her leading citizens. For a number of years he had filled a large place in the commercial, political, educational and religious life of the community. He was a natural leader and although never seeking leadership, he was drafted by his friends into many places of service and usefulness.

Born in Georgia in 1877, he grew to manhood and graduated from Piedmont College in 1899, and immediately came west in search of health. He soon found a welcome in the home of H. P. Wellborn in the southwest part of Scurry county. Being well educated he was induced to teach the Bison school for two years after which he attended the Law School of the University of Texas at Austin from which he graduated in 1905, and located at Snyder for the practice of his profession. He soon took front rank at the bar and had held this enviable place since. At the time of his death he was law partner of Hon. Fritz Smith, mayor of Snyder.

In 1906 Judge Rosser was married to Miss Mattie Kelly of Snyder and to them have been born five children four of whom are living as follows: Ernestine, Ruth, Lois and James.

Judge Rosser was a useful man in many walks of life, but especially was he active in the commercial, political educational and religious life of the community.

In every movement looking to the material and commercial progress of the community, he was a leading spirit. For some years he has been president of the Scurry County Chamber of Commerce, was a director and the attorney for the State Bank and Trust Company, and was a vice president of the West Texas Chamber of Commerce.

Politically, Judge Rosser was well known throughout the State. Although he never held but one public office, he was found always on the side of clean politics, high ideals, supporting good men for office. He was drafted by his home people for service in the state and served in the 36th and 37th Legislatures, where he took first rank as a statesman, and served on the Education Committee and several other important committees. He was recently urged by his friends to enter the race for State Senator from this district, but declined.

Perhaps no man in West Texas has served the cause of education more faithfully than has M. E. Rosser. In the various movements in recent years to secure the location of a State School in the West, he has been one of the most persuasive advocates of this movement, always working for the interest of Snyder, his home city, but magnanimously falling into line and rejoicing in the general educational interests of West Texas when his home town failed to secure the location of the college.

He was one of the advocates of the A. and M. College which was located at Abilene some years ago, and when that bill was repealed by a subsequent Legislature, he later introduced a bill in the 37th Legislature calling for the location of an A. & M. College in West Texas, which bill was enacted into law by the Legislature, but was vetoed by Governor Neff. Finally, when the recent contest for the location of the college in West Texas, culminated in passing the bill providing for the location of a Technological College in this part of the state, Judge Rosser was one of the advocates of locating the school in this immediate section, and presided over the Technological College jubilee at Sweetwater on March 2nd, of last year.

But to those who knew him best, his religious life was the most signal sphere of service where Judge Rosser was felt and his influence known. Converted at the age of 16, he became a man of conviction and courage and always was ready to do service when drafted by his fellow church members. For eighteen years he was superintendent of the Sunday school of the First Baptist church at Snyder and for twelve years was a deacon in the church, and for two years has been the chairman of the board of deacons. Much of the spirit of progress which has characterized the church life in the recent years, culminating in the erection of the beautiful meeting house which was completed last year, was due to his leadership. Always standing for high ideals, he was not slow to advocate his position on any subject. The funeral services were conducted at the First Baptist church of Snyder at three o'clock Friday by the pastor, Dr. W. T. Rouse, assisted by Rev. M. C. Bishop of Colorado. Several friends of Judge Rosser in Colorado attended the funeral.

Judge Rosser is survived by his wife, Mrs. Mattie Rosser, four chil-

dren, Ernestine, Ruth, Lois and James, two brothers, Dr. H. E. Rosser of Snyder and Hon. J. E. Rosser, an attorney of La Fayette, Ga., and one sister, Mrs. Lee Deck, Atlanta, Ga.

**COLORADO BE REPRESENTED AT DISTRICT CHAMBER MEET**

Colorado is represented at the district convention, West Texas Chamber of Commerce, which was convened in Eastland Friday morning for a session of one day. This is the last district convention of the West Texas organization to be held prior to convening of the Sixth Annual Convention at Brownwood in May.

**MASONIC NOTICE.**

By order of the Worshipful Master, you are hereby commanded to be and appear at the Masonic Hall in the city of Colorado, Texas, at 8 o'clock p. m., on the 19th day of April, A. D. 1924. This is the date of our next regular meeting and, in addition to other work the matter of devising ways and means to raise funds with which to repair the old building or to raze the old building and construct a new one. The old building is considered by expert architects as a menace to life and is likely to collapse at any time.

If you are not present at this meeting you will be expected to render satisfactory reason.

Yours fraternally,  
W. S. STONEHAM, Sec.

Call me for good Coal Oil in fifty gallon lots or less.—J. A. Sadler,

**I want another Buckeye Colony Brooder**

People who already own Buckeye Brooders are our best customers—because they all make big profits. And they put their money into more Buckeyes for still bigger profits. Ask the Buckeye user—he knows. He'll tell you, you can't get Buckeye results with anything but a Buckeye Colony Brooder—whether coal or oil burning. You'll grow three chicks where one grew before, at the lowest running expense—and you'll raise them to maturity and make real money. Come in and see these remarkable brooders today. We have the very size you need.

**FARMERS SHOULD NOT OVERLOOK THAT FEED CROP**

One of our substantial farmers who has made a crop here annually for many years, states that he has made it a point to plant a big feed crop each year. He finds he can raise feed for less than he can buy it with cotton money.

+++++

He said it is a mystery to him why farmers instead of planting a big feed crop, plant their land to cotton—knowing they are going to be compelled to purchase high priced feed with hard earned cotton money.

Right now men are being offered \$35 per ton for maize by others who devoted large acreages to cotton. With land here producing from 1500 to 25000 pounds of maize to the acre this is not half bad. You know that cotton can be grown; and is not molested by the many pests that can wipe out the most promising cotton crop in short order. You can harvest an acre of cotton and getting it couple of dollars whereas you are out from \$12 to \$15 in harvesting an acre of cotton and getting it ready for market. So you see the men who bet it all on cotton is not only taking mighty big chances but he is piling up his expense account and piling up work and worry on every member of his household.

The man who plays safe and provides for feed enough to answer every need for the current year and possibly another year or two may not have quite so large a lump sum during occasional boom years—occasioned by high prices and short crops in other sections—but he will fare better thru a series of years and miss a lot of worry.—Farm & Ranch.

Call me for good coal oil in fifty gallon lots or less.—J. A. Sadler.

COMING TO

**SWEETWATER**

**Dr. Mellenthin**

SPECIALIST  
in Internal Medicine for the  
past twelve years

DOES NOT OPERATE

Will be at  
WRIGHT HOTEL  
FRIDAY AND SATURDAY, APRIL  
25 AND 26

Office Hours: 10 a. m. to 4 p. m.

ONE DAY ONLY

No Charge for Consultation  
Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas. He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Texas.

Mrs. J. W. Emerson, Roscoe, Texas, stomach trouble and anemia.

H. S. Wright, Dora, Tex., (daughter), bronchitis and asthma.

Mrs. B. B. Crawford, Route 3, Grapeland, Texas, delirium.

D. W. Jones, Dora, Texas, tubercular glands in neck.

Wm. Kelinske, Reisel, Texas, high blood pressure.

W. Willis, Valley View, Texas, appendicitis.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.  
Address: 211 Bradbury Bldg., Los Angeles, California. 4-18p

**PUBLIC SCHOOLS PRAISED BY DEPARTMENT OF EDUCATION**

The Colorado schools are cited as graphic examples of modern and progressive schools of the State, in an official report recently received from A. W. Evans, chief supervisor, department of education, at Austin. In his report, Mr. Evans especially praises the schools of Colorado in general for excellent cleanliness of the premises, the well-behaved boys and girls and the character of work being done. The report recommends that two additional teachers be employed, one for the grades and one for the high school. Additional equipment is recommended for the physics and general science laboratory. Last year the chemistry laboratory was modernly equipped but because of a lack of finances needed equipment for the physics laboratory was not purchased.

The official of the department who recently visited the Colorado schools and made the report, was impressed with the growth of the schools, even during the past year, and stated that Colorado school patrons and the public in general had much to be proud of because of the fact that one of the best schools in the State was maintained here.

The Parent-Teacher Association is given praise in the report for the splendid work this organization is doing for the schools. In referring to the penmanship qualities among elementary grade students, the report states the children are unusually proficient in writing, declaring the writing of these children has acquired such a "polish and legibility that would put many college bred people to shame."

The report recommends the building of a separate school building for the Mexican children.

The report, copies of which were received by E. F. King, superintendent, and H. L. Hutchinson, president, Saturday, follows:

"The supervisor who recently visited your school makes the following recommendations:

"That merited praise be given the following indications of continued progress: (1) The Parent-Teacher Association, a recently organized body of 260 members, has just installed playground equipment to the value of \$1,000; (2) the sum of \$500 (approximately) has been spent for elementary library books, \$150 for book cases and \$150 for shades; (3) the High school grounds have been terraced; (4) the departmental system of teaching has been installed in the upper elementary grades; (5) a penmanship teacher has been provided for the fourth, fifth and sixth grades.

"It will be seen from the above that Colorado has the right idea about building a substantial school system by starting at the foundation. Particularly commendable is the work that is being done by the children in penmanship. Already their work had lost its crude, illiterate look and acquired a polish and legibility that would put many college bred people to shame.

2. That the school in general be commended on the cleanliness of the premises and the well-behaved boys and girls.

3. That further praise be given for the character of work which is being done in high school.

"4. That, in order to retain the present standing and classification without question, two other teachers be employed before the coming year, one for the grades and one for the high school. At present one of the elementary grades has an enrollment of 61, a serious injustice to the teacher and pupils and a violation of elementary school standards. Four classes in high school have an excess of the thirty pupils permitted a classified, accredited school.

"5. That more and larger tables be provided for the physics and general science laboratory. A failure to provide these tables will jeopardize the credit now held in the subjects mentioned.

"6. That at least \$400 be spent in bringing the history and English sections of the high school library up to standard. Books and magazines of current interest are needed for the history work; biographies, fiction and books of travel should be provided for the English.

"7. That English literature be taught in the eleventh grade and American literature in the tenth. This will necessitate two American Literature classes next year, but the credits will not be affected. English literature is a more difficult subject, and should, therefore, be given the maturer students.

"8. That a building be erected for the Mexican children.

"9. That home economics and the commercial arts course be added to the high school course of study.

"10. That the course in penmanship, so splendidly begun in the ele-

mentary grades, be given to all the high school boys and girls.

"11. That application be made for accrediting in chemistry, one unit."

**ABOUT ROADS.**

One of the factors retarding road development is lack of appreciation of the modern science of highway building and using.

We know too many things about roads which are not so!

Many of our highway ideas are twenty years behind the times. We haven't caught up with the engineer. For instance, "all roads wear out. The enormous money invested in them is thus a capital loss."

Roads do not wear out. The surface of a good road wears, of course. So does the roof of a house. But replacing the house roof doesn't mean that the rest of the house isn't good. The surface of a road is its roof. If it wears out it must be replaced. But that doesn't mean that the right of way, the grade, foundation, and all the material is any less valuable than at first.

"Trucks destroy roads. Therefore trucks should pay for roads." That, too, is a fallacy. A truck no more destroys a road when truck and road fit, than a baby carriage destroys a garden path. It is lack of maintenance which destroys roads, it is allowing too light a road to be built for the traffic it will bear, which destroys roads; it is failure to enact wide tire and maximum load laws which destroys roads.

"There isn't money enough to pay for national highways. We will all be bankrupts." More fallacy. There are fourteen million motor cars in the United States. If they are worth on an average of \$500 each (which is an underestimate), they represent an investment of \$7,000,000,000. Did

we get bankrupt buying them? We did not. Why should we get bankrupt buying seven billion dollars worth of roads—and the interest on seven billions will build today more national highways than we have as yet engineers and machinery to build.—National Highway Association.

**DISTRICT MEETING.**

The Ninth Annual Meeting of the Sixth District of Texas Federation of Women's Clubs will be at Colorado April 10, 11 and 12, at the Legion Memorial building.

The following committees with their assistants have every thing almost ready and are expecting to make this the banner meeting of its history.

Local committees, Sixth District meeting:  
Mrs. A. L. Whipkey, general chairman; Mrs. C. C. Thompson, vice chairman.  
Entertainment—Mrs. J. G. Merritt, chairman.  
Decoration and badge—Mrs. Jim Dobbs.  
Hostess—Mrs. Coleman, chairman.  
Finance—Mrs. Ed Jones, Chairman.  
Transportation—Mrs. Sandusky,

chairman.

Pages—Mrs. Lynn Bennett, chairman; Misses Louise Hardison, Ruby McGill, Marion Adams, Mabel Smith, Martha Earnest, Juanita Pond, Frances McMurry, Katie Buchanan, Hazel Costin and Hazel Cook.

Ushers—Mrs. Tom Stonerod, chairman; Misses Fannie Best Earnest, Mary Snyder, Mary Broadus, Neita Broadus, Elsie Lee Majors, Eloise Pond, Mary Lee Crowder, Johnnie Chesney, Clarice King, Elizabeth Kirkpatrick, Dale Hall, Ila Dorn, Marcella Price, Mary Terrell, Annie Mary Lupton, Annie Mary Mann, Clippie Bennett, Loree Dorn.

Credential—Mrs. Tom Pritchett, Mrs. Boyd Dozier.  
Registration—Mrs. C. C. Thompson, Mrs. Vivian Shropshire, Mrs. John Doss, Mrs. Jack Smith.

Information—Mrs. Sam Majors, Mrs. D. H. Snyder, Mrs. Harry Ratliff, Mrs. Floyd Quinney.

The meeting will begin next Thursday with a tree planting program at the public school building. The planting song (tune America)—Colorado school children.

Band music—High school band.  
Address—Mrs. M. H. Hagaman, Ranger; Mrs. C. C. Thompson, Colorado.

Poem—Joyce Kilmer—Mrs. R. D. Blades, Ft. Stockton.

Dedication of tree, gift of club women—Mrs. Wm. Reagan, Cisco; Mrs. Henry Redmond, Corpus Christi; Mrs. G. B. Kelley, Cisco.

Talk—Acceptance—Supt. E. F. King of Colorado.

The Lions are honoring the guests with a luncheon on that day.

Also the guests will be entertained with a picnic at the new club house of the Pioneer club at Lone Star. In the evening the Governor will speak. On Friday the business and reports of clubs begins and last throughout Saturday. The public is cordially invited.

**Work on Loraine Station Progressing**

The work that was started at the T. & P. station before Christmas is progressing a little more rapidly of late than it has heretofore. The work has been practically completed on the station itself. The twenty-foot addition is now added and the building finished up as per agreement, and repainted entirely. A crushed rock promenade or walk also has been built on the south side of the main track for the convenience of the passengers. Other work that has been badly needed that has been completed is the culverts under the track giving plenty of room to carry off the surplus water during a wet season. Large concrete culverts, amply large to care for the flood waters have been built on each side of the street. The city and the railroad company together have built a new rock covered walk from the post office to the station, which will be of great assistance during a wet spell.

Other work to be finished before the crews leave Loraine is the building of another team track for the convenience of materials in car lots, the lengthening of the passing track and the moving and repainting of the section house.—Lorraine Leader.

**OBITUARY.**

John Thomas Taylor born in Bel-

ton, Mo., May 10th, 1852, died March 18, 1924, while visiting with Mrs. John Caley, Florence, Kansas. He was married Feb. 7, 1869, to Mrs. Hannah Hoy at Santa Fe, Mo. To this union was born eight children, H. T., Neal, Kansas; R. F. Taylor, Colorado Texas; D. L. Taylor, Long Beach, Calif.; W. B. Taylor, Eureka; Mrs. J. M. Sexton, Wichita, Kansas; Mrs. J. H. Caley, Florence, Kansas and Susie Hester, deceased. C. D. Hoy, a son of Mrs. Taylor by her first marriage was also a member of this family, also 20 grand children and 18 great grand children. All the children were present at the time of his death except D. L. Taylor of California, for whom it was impossible to come and due to failure of delivery of a message R. F. Taylor of Colorado, Texas, arrived 24 hours after his father's death. The deceased has been a resident of Greenwood county Kansas, for 35 years his home being near Eureka at the time of his death.

Grandpa Taylor was a member of the Christian church and lived a consistent Christian life. He suffered greatly during his last illness but bore it with great patience. He realized the call had come but remained conscious till the last. During the time of passing his loved ones around his bed side an asked that they all recognize the fact that his going was God's will and they be resigned. He said that he felt not at all unnerved or excited as the end grew near he urged them to talk that he might pass hearing their voices although his sight was so dim that he could not see them longer. We mourn his going but not as we would for one who had no hopes in eternal life for we know when our time comes to go we shall meet him in the great beyond.—Contributed.

**PLEASE NOTICE.**

In the fire I lost all my papers and checks. All who gave me checks on Thursday, Friday or Saturday will please see me and give duplicate checks. I have a list of the lost checks so please give me a duplicate. Also a few small accounts. Please pay these now. You know you owe it and I need the money.

R. L. McMURRY.

Children who have worms are pale sickly and peevish. A dose or two of White's Cream Vermifuge will clear them out and restore rosy cheeks and cheerful spirits. Price, 35c. Sold by all druggists. 4-31c

**COLORADO DRUMMER SAID BE AMONG BEST IN THE STATE**

One of our Colorado boys, Lee Jones, who is a student of John Tarleton Agricultural College, Stephenville, made himself widely heard when he played in the college military band in a recent program which was broadcast by the Fort Worth Star-Telegram. This band has given frequent radio programs heretofore; but this one was different in that it

was a remote control program, the first one ever given in Texas. The music was carried by wire to Ft. Worth, seventy-five miles away, and there sent out by radio to the myriads of listeners waiting in various parts of the world. Lee Jones is a drummer in the band, and he is considered by them as one of the best drummers in Texas.

Don't forget the Lyceum number at high school auditorium tonight.

THANKS TO SWEETWATER.

Colorado is certainly indebted to the Sweetwater fire department for the splendid spirit evidenced by them late Saturday afternoon when they received the information that a big fire was raging in the business district here.

WEST TEXAS IN CONVENTION

West Texas is planning to stage at Brownwood, the biggest convention the Southwest has ever seen. Each of the West Texas Chamber of Commerce conventions has exceeded its predecessors in magnitude.

GOOD FIGURER WANTED.

Upon the question of a soldier bonus, Congress appears to be moving as much in the dark as upon the income tax question. The House bill providing an insurance plan, now before the Senate, finds itself doing a Roman standing race with a foot upon either of two very diverse mounts.

EDUCATIONAL CAMPAIGN.

The intensive campaign for \$1,350,000 being conducted by the Presbyterians of Texas for their educational institutions opens in this community Sunday with special services at the Presbyterian church. Mr.

oned the present bill through the lower body, estimates the bonus cost at \$2,025,889,696, upon the basis of estimates by actuaries of the Veterans' Bureau. Making an estimate for the information of the Senate, Treasury Department actuaries places the cost at \$4,560,343,100.

It begins to appear that what Congress and the various Government departments at Washington need is some man who can make financial estimates with certainty. When the bonus bill was up before it was announced that President Harding would veto it because Secretary Mellon said that the Government would face a deficiency for that year.

GO TO CHURCH.

You nearly always plan ahead a day or so at least. Now plan ahead for Sunday. Plan this time to attend preaching services at some of the churches. Instead of planning a hunting trip, planning to show a tract of land to some prospector, planning to make a fifty mile trip to visit some relative or friend, planning to make a long business trip, or planning to use Sunday to start on a trip some where, plan to go to church, and see if the week will not work out much better for you.

McADOO HOLDS THE KEY.

From the Kansas City Times: While the nomination of President Coolidge is a certainty—barring the possibility of death or disability—the Democratic nomination seems even more doubtful than earlier in the campaign. If only a majority were necessary to nominate, as in the Republican convention, Mr. McAdoo's chances would be exceedingly fair, for even if he did not reach the convention with more than one-half of the delegates pledged to him his strength would be so near the majority as to make his nomination almost certain.

THE BIBLE.

We overheard two elderly gentlemen talking recently. One was reading a magazine. He found the statement that Christ had some half brothers. That was new to him. He was amazed. He wondered how and then said that he never heard a

J. H. Baird will address the congregation Sunday on the subject of Christian Education and its application to this campaign. There will be no solicitation at this service. The work has the unanimous endorsement of the Synod of Texas and the support of the ministers throughout the State.

The money is to be apportioned to Austin College, Sherman; Austin Presbyterian Seminary, Austin; Daniel Baker College, Brownwood; Texas Presbyterian College, Milford; Presbyterian Home and School for Orphans, Itasca; Texas-Mexican Industrial Institute, Kingsville; Presbyterian School for Mexican Girls, Taft; University Church, Austin; Work among Presbyterian students at State Institutions.

The movement will be conducted by the executive committee of Christian Education of the Southern Presbyterian church, of which Dr. Henry H. Sweets, of Louisville, Ky., is executive secretary. A similar movement has just been completed by the Presbyterians of Arkansas, where about \$486,000 was pledged on a quota of \$406,000. Texas is the thirteenth synod in which this work has been started, and in the other twelve successfully completed. These are Arkansas, Appalachia, Alabama, North Carolina, Virginia, South Carolina, Louisiana, Mississippi, Missouri, Tennessee, Kentucky and West Virginia.

The work in this section will be completed as rapidly as possible and it is believed that the state-wide campaign can be completed by June, this year.

Southern Baptists Can Pay Off.

Here are some of our Southern Baptist resources: More than 3,000,000 members. An annual income of approximately \$1,500,000,000. Nearly 1,000,000 new members received into our churches since the campaign was projected in 1919.

THE BIBLE.

We overheard two elderly gentlemen talking recently. One was reading a magazine. He found the statement that Christ had some half brothers. That was new to him. He was amazed. He wondered how and then said that he never heard a

preacher mention such a thing. His idea was that the preacher did not preach much about such things. My conclusion was that he probably had not heard many preachers preach on any subject. People are entirely too ignorant about the Bible. You hear some talk glibly about the Bible while they really know but little of the Bible. The Bible is wonderfully neglected, even by those who really claim to love it.

Man has tried to destroy the Bible but has not succeeded in the undertaking. He has tried to buy them all and then burn them but somehow God has cared for His word and it stands out today in all of its glory and will tell a person how to live and how to treat God and man, it is a light unto the pathway of life which shines brighter as we journey on the way. Make this great book a daily companion.

THE BIBLE.

We overheard two elderly gentlemen talking recently. One was reading a magazine. He found the statement that Christ had some half brothers. That was new to him. He was amazed. He wondered how and then said that he never heard a

#### COLORADO AND LORAINÉ SHARE IN LEAGUE HONORS

(Continued from page 1)  
dash, Guy Thompson, Colorado, first; Hoyt May, Colorado, second; Guy Webb, Loraine, third. Senior boys, rural 100 yard dash, Albert Oglesby, Westbrook, first; Preston Morris, N. Champion, second. Senior boys rural 50 yard dash, Albert Oglesby, Westbrook, first; Roy Webb, Buford, 2nd. Senior girls, 50 yard dash, Claudia Bell, Norma Lee Guthrie, Westbrook first and second and Rilla Thompson of Loraine, third. Senior girls 100 yard dash, Claudia Bell, Westbrook, first; Mildred Cook, Colorado, second; Fleece Watson, Buford, third. Senior girls, rural, went to Westbrook and Buford. Junior girls 100 yard dash, Norma May, N. Champion, first; Modena Marshall, Loraine, second; Geraldine Walker, Loraine, third. Junior girls 50 yard dash, Jewell Walker, Loraine, first; Ethel Webb, Buford, second; Gladys Davis, Westbrook, third. In the tennis both single and doubles went to Loraine. In the debate the girls went to Colorado by default, Misses Marcella Price and Sallie Miller winners. The boys debate also went to Colorado, Robert Whipkey and Calud Cook, winners. Senior boys declamation, Bill Rhodes, Colorado, first; Marvin Callen, Westbrook, second; Jack Coffee, Loraine, third. Senior girls, Elizabeth Terrell, Colorado, first; Mary Miller, Loraine, second. Junior girls, Iris Tunnel, Colorado, first. The junior boys, Stout of Loraine

won first place. Colorado won the most points, thus entitling her to the Major's cup another year. One more year will make it the permanent property of Colorado.

The Colorado Chamber of Commerce financed the affair, giving quite a number of medals and the other necessary expenses.

#### FRIENDS JNO. M. ELKINS TO AID IN PENSION CLAIM

Friends of John M. (Uncle Kin) Elkins at Colorado are working this week to assist the aged Indian fighter and Texas frontiersman to obtain a pension under the laws of New Mexico, in which State he is making his home. Mr. Elkins was paid a pension before moving to New Mexico, but payment was cancelled by the State of Texas when he moved his citizenship out of the State.

The mail order business would die in a few months if the mail order firms were not persistent in keeping their business and their prices before prospective buyers. They know that perpetual vigilance is needed to build and hold trade. They spend money as freely for advertising as for rent or clerk hire, and would no more try to do business without it than they would to run their places without capital or help. Local merchants who advertise liberally, persistently and intelligently have no reason to fear the mail order concerns. Those who do not, have only themselves to blame.

## ARE YOU RUPTURED?

Then an ideal Surgical Appliance will appeal to you. "SOMETHING DIFFERENT"

Dr. Irven E. Johnson, of Dallas, inventor of Ideal Surgical Appliances—the kind you will eventually wear—will be in Sweetwater at the Mart Hotel, from April 2nd to April 17th, inclusive.

He wants to meet every man, woman and child who has rupture (Hernia). You can not obtain the results that I will be able to give you anywhere else at any cost. I can help you.

Do not neglect matters of such vital importance to you; at least worth something to you—twenty-six years of knowing how. No charge for examination or consultation. The price is not prohibitive it is within the reach of all.

These appliances are made to measure while you wait. They are human—no harnessing, no belting, no strapping. They fit like a glove. Wear as easy as an old shoe. Hold you under any and all circumstances. Are perfectly sanitary. Last an ordinary lifetime. Many local references. Your neighbors may be one of them. Hundreds are cured. All greatly relieved and benefitted. Everyone a success. Lady attendant for women and children.

Mothers, do not neglect your children. Prevent a life-long suffering. The time to cure is in youth.

Phone for appointment.

#### SANDSTORM FRIDAY WAS WORST IN MANY YEARS

The gale from the west Friday afternoon, carrying with it a heavy cloud of sand and dust, was one of the most severe sandstorms to visit this section in several years. The storm lasted throughout the afternoon and at times was so intense that it was impossible to see across the street.

Automobile drivers who were out during the afternoon report that they frequently were compelled to stop and wait for the dense cloud to subside. So heavy was the storm that it was impossible to see the road.

Considerable damage to out houses and windmills is reported from over the county. The farm house on the C. E. Way place at Spade occupied by John Cullefer and family was turned over.

#### TAYLOR COUNTY ROAD SURVEY PROGRESSING

ABILENE, April 2.—The line running from the eastern to the western boundary in the road survey of Taylor County was finished today by County Engineer W. A. Riney. This completes preliminary surveys on Highway No. 1. Work will be begun at once on Highway No. 30, which runs north and south through the county. It will be several days before preliminary surveys will be completed so that plans and specifications for the road itself may be prepared.

After the plans for the roads are ready, they must be submitted to the State Highway Department at Austin for approval. When approved there they will then be sent to the Federal Highway department at Washington, D. C. After the approval of both these departments the county will receive both state and national aid for the building and upkeep of its highways.

#### SPALDING AND WHIPKEY ELECTED MEMBERS COUNCIL

R. L. Spalding and W. W. Whipkey were elected members of the city council in the municipal election Tuesday. Spalding, member of the council for several years, was re-elected by the largest vote received by either of the other men offered for the two vacancies. He received 141 votes, Whipkey 120 votes and J. Riordan 78 votes. T. A. Hickman received 15 votes for city marshal.

Whipkey, the new member on the board, will take the place held by Joe H. Smoot, whose time in office expired.

The vote polled was very light and citizens took small interest in the election.

#### C. W. BEARD, PIONEER CITIZEN, DIES MONDAY

C. W. Beard, age 75 and for many years a citizen of Colorado, died at his home in the city Monday after a lingering illness. Funeral services were conducted at the residence Tuesday afternoon at 3 o'clock by Rev. J. F. Lawlis, pastor of the First Methodist church. The body was buried in I. O. O. F. cemetery with Masonic honors.

Mr. Beard, before losing his health, was among the leading citizens of Colorado. He was a man who interested himself in the civic and religious affairs of the community and was prominent in Masonic circles. Services at the residence and cemetery were attended by many friends of the deceased.

#### MAN KILLED MARCH 20 HAS NOT BEEN IDENTIFIED

POST, Texas, April 2.—On Thursday night, March 20, about midnight an unknown man attempted to force the front door of the W. T. Russell store at Southland and was shot and instantly killed by a young man who was sleeping in the store, who was protecting it against burglars.

The grand jury which was in session here failed to find a bill against the young man after investigating the case.

The remains were brought to Davis Mason undertaking parlors to await identification and are still unidentified. Hundreds of people have viewed the body.

The dead man is about 30 years of age, 5 feet, 6 or 7 inches high, right eye out (ball gone), left eye blue, heavy eyebrows, dark brown, wavy hair, cut pompadour, teeth uneven; ring on little finger of left hand; rose tattooed on left forearm; scar on elbow; four small scars on back of right hand, and has small ring and one penny in pocket.

#### MR. RUPTURED MAN.

Did you know that Government statistics show that 8,000 die annually in the United States from strangulated rupture? (Hernia). Each community furnishes its quota. You, or your neighbor may be the next victim. Dr. Johnson now at the Mart Hotel, Sweetwater, Texas, until April 17th, has a preventive. Consult him, no charge for advice.

#### CONCRETE PAVING HOLDS UP UNDER HARD USAGE

In order to test the lasting qualities of concrete paving, the city of Sweetwater paved a block adjoining the public square with this material several years ago. The paving is subjected to heavy traffic continuously and has withstood this test without a break.

Those who question the lasting qualities of concrete as paving and road building material should inspect this street. Records at the city hall there will show how long the paving has been down.

#### BIG LAKE GROWING

BIG LAKE, April 2.—Due to the many wells drilling in close proximity to this town, a decided building boom is being enjoyed by Big Lake. It has been necessary for the Big Lake Hotel to add sixteen rooms, in order to accommodate the operators and oil field workers.

A modern building to house a bakery and meat market has been completed by H. Schooler. The bakery will be equipped by L. W. Britton formerly of Caddo, who expects to be open for business within a week. The new buildings have been erected

by M. A. Wilson, general manager of the Big Lake News, one of these to be used for his printing establishment. The old office of the News is being remodeled for a rooming house.

Plans for a modern office building on Depot street have been finished, this to be erected by Burgess and Goodale of Los Angeles. Store space has been built by R. Thies and will be occupied by C. E. Coons, who will open a modern shoe and harness shop.

Many new and modern homes have been built within the past few weeks. Frank Pickrell, vice president of the Big Lake Oil Co., is erecting two California type bungalows. J. H. Nairn, local business man has built an attractive five-room home on the south side.

Several lots in the heart of town have been purchased by J. L. Cruce of Slaton, Texas, who will erect a modern hotel building.

#### MAN DIES AT ABILENE FROM GUN SHOT WOUNDS

ABILENE, April 3.—Roy Barker, aged 25 or 30 years, was fatally shot at Abilene Tuesday afternoon about five o'clock, dying shortly before seven o'clock at the Abilene Hospital

where he was taken immediately after receiving the wound. Mrs. T. M. Hicks, about 35 years of age was taken into custody a few moments later by Police Officer B. S. Westbrook.

Barker was shot in the left temple. The shooting occurred at South Ninth and Pecan streets in a house in which Mrs. Hicks lived. Until a few days ago Barker and his family had occupied a portion of the house, officers said.

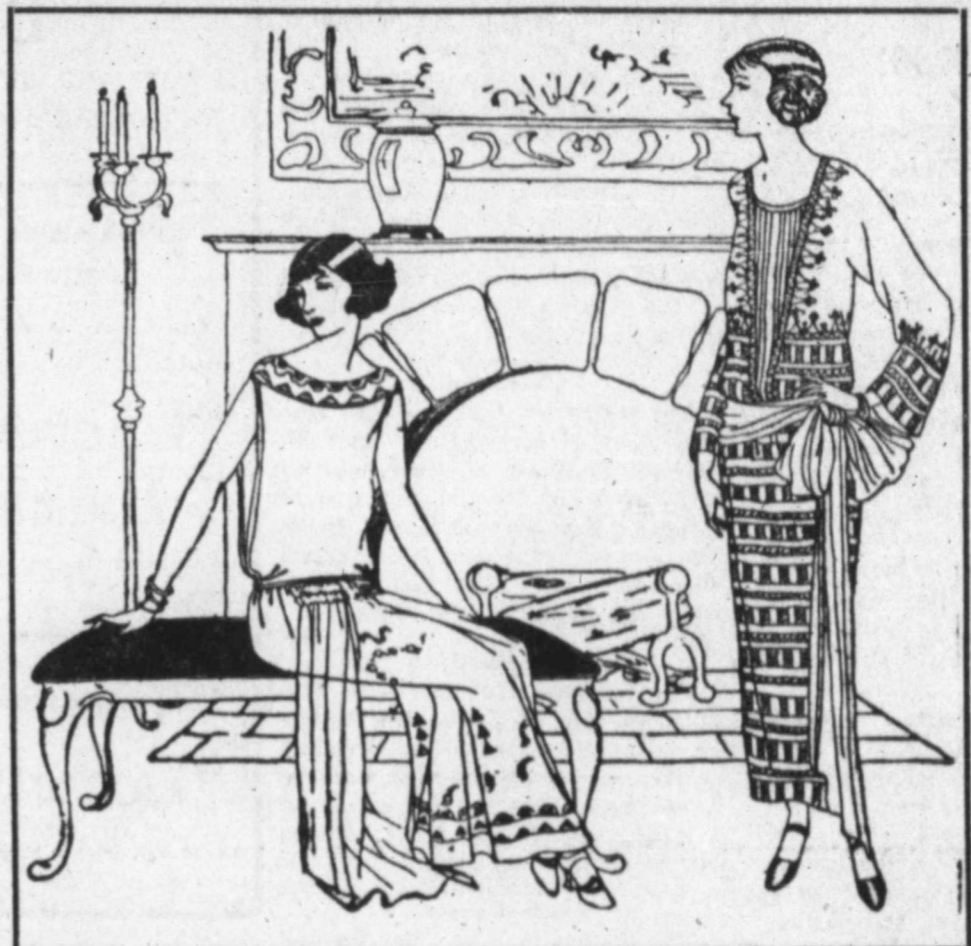

The shooting came as a result of a dispute, Officer Westbrook said, between Barker and Mrs. Hicks, over a bill which it is alleged Barker owed for gas or lights.

Barker is survived by a wife and child. It is said that he is a laborer having worked for the city street department at one time.

No complaint had been filed early Tuesday night.

#### FURNISHINGS COURT HOUSE BEGIN ARRIVING IN COLORADO

Desks, chairs, filing cases for county clerk's office and other equipment for the new court house have arrived and the remaining, including pews for district and county court rooms have been shipped.

TO THE DEMOCRATIC VOTERS OF MITCHELL COUNTY, TEXAS

Ladies and Gentlemen: I take this liberty of submitting to you, subject to the action of the democratic primary in July, my candidacy for the office of County Superintendent of Public Instruction for Mitchell County.

I received a college education equivalent to the Bachelor of Literature degree and part of the Bachelor of Science degree. I hold a permanent certificate to teach in the schools of Texas and have for the last several years been a member of the Texas State Teacher's Association.

The County Commissioners Court have seen fit to elect me to the position to fill out the unexpired term of Judge Hall, the ex-officio superintendent. It shall be my pleasure to begin at once to visit the schools of the county and I shall be glad to meet all the trustees and as many of the patrons as possible, so that I may fully understand your school needs and be better enabled to render you services that you are justly entitled to receive.

I am sincerely, SAMUEL C. HARRIS.

Rev. C. H. Young of Stanton spent Monday in Colorado en route to the annual meeting, Sweetwater district conference, Methodist church, which was held at Hermleigh Tuesday and Wednesday.

IN SOCIETY AND AT THE CLUBS

Mah Jong Party. Mrs. Tom Dawes entertained a few friends with Mah Jong Tuesday afternoon honoring her sister-in-law, Mrs. Stanley Van Tuyl (Nee Miss Pauline Root) of Pittsburgh, Pa. Sandwiches, tea and cake were served.

Parent-Teacher Association. The regular meeting of the Parent-Teacher Association was held at the high school building Tuesday afternoon with the president, Mrs. Jack Smith, presiding. The treasurer reported fifty dollars given by Miss Bounds, made at the canta which was recently given. Mrs. Shropshire presented the peace pledge adopted a few years ago by the State Federation of Women's Clubs and it was adopted by the association and copies will be put in the school. The pledge is "Before I speak or act in retaliation, I will try a peaceful solution of every difficulty." The president read the district president's official call for the 9th annual district meeting here April 10, 11, and 12, and urged every one to attend as the association is in the federation, everyone is expected to get all she can out of the meeting. Mrs. Broadus asked the members to share in the hospitality by entertaining delegates in her home. Mr. King read a letter from the State inspector who recently visited the school, which was very complimentary. It praised the work done by the Parent-Teacher Association. The play ground equipment is all installed and nearly all paid for. It will be by the end of the school year, so the Association can do bigger things next year.

Hesperian. The Hesperian club met with Mrs. Leslie. An interesting lesson on Poe's Tale of the House of Usher, was led by Mrs. Winn. Special topics were given by Mrs. Shropshire and Leslie. The hostess served brick ice cream and angel food. The meeting this week will be with Mrs. Winn.

Standard. The Standard club met with Mrs. Coleman. Mrs. M. Carter led the lesson on South America. Mrs. Coleman gave an interesting paper on Caracca At the social hour the hostess served a salad course. Mrs. C. M. Adams will be hostess this week.

Study Course. The Methodist ladies met for the regular study course at the home of Mrs. R. N. Gary Monday afternoon. The fifth and sixth chapters of the book of Acts was studied. Mrs. McLeary was the leader. Mrs. Leslie will be leader for the next lesson.

Civic League. The Civic League will meet at the home of Mrs. Coleman Saturday at four o'clock. All members urged to be present as there is special business to be attended to.

The Shakespeare. The Shakespeare Club met with Mrs. Jerold Riordan. The lesson on Current History and Love's Labor Lost was led by Miss McComas. After the program the hostess served a two-course luncheon. The meeting this week will be with Mrs. J. L. Bennett.

1921 Study Club. The 1921 Study Club met with Mrs. C. E. Pritchett with Mrs. Hardison as leader. Roll call was answered to by favorite quotations. Papers were read by Mesdames Jones, Simpson, and Quinney. The committee on

Fine Arts gave a special program Mrs. C. C. Thompson rendered a vocal solo; Mrs. C. R. Earnest gave a reading, and Mrs. R. H. Ratliff presented an art exhibit accompanied by an interesting lecture. The program was very graciously rendered and was enjoyed by all. In keeping with the special program, the hostess gave miniature musical instruments as favors. Refreshments of ice cream and cakes were served. Mesdames R. E. Dolman, Chester Jones, H. P. Ragan and J. G. Merritt were guests. On April 4th, the club will be entertained by Mrs. Stewart Cooper, who is an honorary member.

Aid Society. The Christian Aid Society met with Mrs. Ed Jones Monday with eighteen members present. The committee to see about cost of papering inside of the parsonage was instructed to have work done and have home in readiness for the pastors family who will arrive in the next few weeks.

The committee on Sunday school work reported progress along lines of building up the Sunday school. Mrs. Harris was received as a new member. The hostess served sandwiches, peas in potato nests, cranberry jelly, wafers and coffee. The

WOLK'S

For Dry Goods, Endicott-Johnson Shoes, the best shoes in America, and Hats, Caps, etc. go to Wolks Store in the Lasky building on West Second street. No matter what U buy, you save money. We sell only good goods and have a complete stock. You can save big money by trading at Wolks. Come in and get the goods, we have them and want your business bad enough to let you have them right. Remember, Wolks at the Lasky corner, under I.O.O.F. Hall. WOLK AND SON

meeting next Monday will be held with Mrs. R. U. Bean with a mission ary program.

Senior Entertain Juniors. The Senior Class of the high school entertained the Junior class at the home of Willis Jones Tuesday evening. The entertainment consisted of games, and a banquet. After the games the banquet was served Cafeteria style. This consisted of baked chicken, dressing, creamed potatoes, peas, corn, pickles, cranberry jelly, olives, asparagus tips on toast, salads, cherry pie a la mode and ice tea. The girls were in aprons, and the boys in overalls.

Miscellaneous Showers. The Baptist women assisted by many of their friends gave a miscellaneous shower for Mrs. D. L. Buchanan and Mrs. Wright, who lost all their belongings in the fire last Saturday.

Mr. and Mrs. Wright are at the home of Mr. and Mrs. R. L. Bowen and Mr. and Mrs. Buchanan are with their son Lee at the M. K. Jackson old home. Personal and household articles were sent in as tokens of sympathy in their hour of loss and their friends wished they could do more.

Entertained Clubs. Mrs. Pearl Shannon and Mrs. Jim Johnson entertained the two social clubs, Merry Wives and Harmony of which they are members, Wednesday afternoon. Besides the members their neighbors and a few other friends were guests. Mrs. Stanley Van Tuyl of Pittsburgh, Pa., and Mrs. H. G. Towle of Snyder were the out of town guests. On each table was a basket of sweet peas, lilies of the valley and heather. Refreshments consisting of chicken salad, potato chips, olives, pickles, bread and butter sandwiches, iced tea and French pastry were served. The Harmony meets next week with Mrs. Oscar Majors and the Merry Wives will have no meeting on account of district club meeting.

WILLIAM MEADOR GIVEN 10 YEARS IN SWEETWATER TRIAL

SWEETWATER, April 1.—Ten years was the sentence given William Meador by the jury here this morning on a charge of murder in connection with the killing of Asa Rawls in Andrews county in May, 1922. The jury returned its verdict at 10:30 o'clock this morning after receiving the case at 6:40 o'clock Monday night.

This is William Meador's second trial, a sentence of 99 years having been given him in Barstow two years ago on the same charge.

The small payment of \$10.00 monthly, Will make you a land owner, Will start you toward a home of your own, Will put you on the road to prosperity, Will make you independent in your old age,

We are offering for sale 50 lots only, out of the Hart-Costin Addition at \$100.00 each for inside lots, \$125.00 for corner lots, terms, \$10 cash, \$10.00 a month until paid out. Remember that real estate is the best investment for your savings.—HART-COSTIN REALTY CO., Office at City Hall.

NOTICE

Shower Bath, hot and cold 30c. Give us a trial. Across the street from post office.—A. L. Baker Barber Shop, Leon Jenkins, Mgr.

Mrs. H. B. Broadus and Mrs. Sam Majors spent last Friday in San Angelo on a shopping expedition.

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Mitchell, State of Texas, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, W. J. Slayden, and the unknown heirs of W. J. Slayden, deceased, whose names are unknown, and J. W. Basham, and the unknown heirs of J. W. Basham, deceased, whose names are unknown, the residences of all of whom are unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Mitchell, State of Texas, at the Court House thereof, in the City of Colorado, Texas, on the 11th Monday after the 1st Monday in February, 1924, same being

Mary Succeeds on Main Street

By LAURA MILLER

Copyright 1923, by Laura Miller

KANSAS SPIRIT

In Chicago there is an informal organization known as the Midland Authors. Its members are people who write and live in the Middle West. Some are famous folk, most are not. Nearly all of them are proud of the fact that they have stuck to the country they know and love and have not let the whirlpool of publishing interests in New York suck them in.

There's one independent state where the native writers aren't content to depend on membership in an organization out of their own confines. The Kansas Authors' club has an interesting letterhead and an active organization all its own. The president lives in Manhattan, but it's Manhattan, Kan. The vice president has created a most interesting life under conditions that some women would have fretted themselves ill over. She was a city girl with plenty of money. Just when she had finished high school and was ready to study for the stage her father lost all his money. That was in Chicago. Her secondary ambition was to write. So she wrote for the living that had to be made, but it was other folks' letters that she indited. Gradually she climbed up the ladder until she was head of the correspondence department of a great mail order house. In order to appreciate the height of that ladder, remember that on the catalogue and letters of a mail order store depend all the business that other stores pay salesmen up to \$20,000 salaries for.

Then, as Mrs. James Patrick, she happily gave up the business career to move to a little Kansas village. There was no railroad within 30 miles of the "Gables," as the Patricks named the roofree that grew to be a charming ranch house adjoining the village. Then the railroad came through—so far south that the county seat moved down to the steel mills, and the Patricks followed, to make a new home at a new town, Satanta.

Meanwhile Mae Patrick had caught the spirit of enjoying "the real things of life, friendship, love, the simple things, the brilliant minds, of which there are many in a small community, the poor and the wealthy, all the real people that one comes face to face with in the small place." She volunteered on many civic jobs, she served on the Republican state executive board, she's worked on the committee appointed recently by Secretary Work to investigate Indian affairs. And always, she's kept to writing for sheer love of it. Just now, she says, she's putting together a series of sketches of "the real people of the great Southwest."

The 3rd Monday in April, 1924, and same being the 21st day of April, A. D. 1924, then and there to answer a petition filed in said court, on the 14th day of March, A. D. 1924, in a suit numbered on the docket of said court No. 4482, wherein Mrs. Orientine Newton and J. A. Buchanan, executrix and executor, respectively, of the will of F. M. Bourn, deceased, are plaintiff and W. J. Slayden, the unknown heirs of W. J. Slayden, deceased, whose names are unknown, J. W. Basham, and the unknown heirs of J. W. Basham, deceased, whose names are unknown, are defendants; the nature of the plaintiff's demand being as follows, to-wit:

Plaintiff alleges that on or about the 1st day of January, 1924, said Mrs. Orientine Newton and J. A. Buchanan, as executrix and executor, respectively, of the last will and testament of F. M. Bourn, deceased, were lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit:

All of Lot Number Twelve (12) in Block Number Thirty-three (33), in the town of Colorado, Texas, according to the map or plat of same of record in Book "C" pages 16 and 17, of the Deed Records of Mitchell County, Texas.

That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to plaintiff's damages in the sum of \$2,000.00.

Plaintiff prays judgment of the court that defendants be cited to appear and answer herein, and for judgment for the title and possession of said above described land and premises, and for writ of restitution, and for damages and costs of suit.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, Texas, this the 14th day of March, A. D. 1924. (Seal) W. S. STONEHAM, Clerk District Court, Mitchell County, Texas. 4-11c

**Hull Well is Gassing.**  
The Hull well, of the Fidelity Oil Company, located on the George Hull ranch about sixteen miles south of Sterling City has reached a depth of about 1500 feet and is still gassing heavily. No one seems to know just

what the gas is. It looks like smoke coming from a chimney, and has a faint odor like rotten wood. A lighted match applied to it will not ignite it.—Sterling City News Record.

**Ford Stolen at Loraine**

Saturday night thieves entered the Garage at the J. S. Muns home and took a Ford car belonging to Otis Muns. The car was found sometime Sunday a few miles northwest of town in a side lane, where it had been deserted.—Loraine Leader.

**THE STATE OF TEXAS**

To the Sheriff or any Constable of Mitchell County—Greeting:

Whereas, on the 26th day of March A. D. 1924, Jacob Emch filed in the County Court of Mitchell County, Texas, an application for the partition and distribution of the estate of Anna Mary Donaldson, deceased, the administrator of said estate being now pending in the county court of Mitchell County, Texas, and alleging that said Jacob Emch, and Mary Emch, John Emch, Jacob Emch, Frank Emch, George Emch, Charles Emch, Mary Folk, Clara Freehaber, Elizabeth Freehaber, Laura Meech, Nora Parry, Caroline Brugge and George Freehaber are entitled to a share of said estate;

Therefore you are hereby commanded to summon and require the said Mary Emch, John Emch, Jacob Emch, Frank Emch, George Emch, Charles Emch, Mary Folk, Clara Freehaber, Elizabeth Freehaber, Laura Meech, Nora Parry, Caroline Brugge, George Freehaber, and all persons interested in said estate, to be and appear before said County Court at the next regular term thereof, to be held at the courthouse of said Mitchell County, in the city of Colorado, Texas, on the first Monday in May A. D. 1924, the same being the 5th day of May A. D. 1924, then and there to show cause why such partition and distribution should not be made.

Herein fail not, but have you then and there before said court on the first day of the next term hereof this writ, with your return thereon, showing how you have executed the same.

Witness W. S. Stoneham, Clerk of the County Court of Mitchell County, Texas.  
(SEAL) W. S. STONEHAM,  
Clerk of the County Court of Mitchell County, Texas. 4-25c

**CENTENNIAL CELEBRATION DELEGATE TO BE ELECTED**

Events are shaping up with clock-like precision for the formation of a governing board of 100 Texas citizens to have charge of the celebration of the Texas Centennial, according to a communication received Tuesday from T. N. Carswell of Abilene, chairman for the 24th district. Mr. Carswell has designated W. S. Cooper as chairman of the celebration activities in Mitchell County, and the county chairman has called for a mass meeting of citizens of the county to convene at the court house Saturday afternoon, April 12, at 2 o'clock, for the purpose of affecting organization and electing one delegate to the district convention in Abilene Saturday, April 19th.

In accordance with the Centennial plan adopted in state-wide convention at Austin, on February 12th, provision has been made to hold county conventions at every county courthouse in Texas at 2 o'clock, Saturday afternoon April 12th. Representatives of all business, civic, labor, farmer and municipal organizations in each county, are invited to participate in the county meetings and every unit represented is entitled to one vote.

Senatorial district conventions for the selection of two permanent directors to represent the district on the Texas Centennial Board of Directors will be held at 2 o'clock Saturday afternoon, April 19th, just one week after the county meetings.

County representation to the district conventions shall be one delegate for each 10,000 population, census 1920, or major fraction thereof, provided each county shall have at least one delegate and one vote.

**EXPECTING BIG OIL POOL IN WEST TEXAS**

In line with the big development planned for Mitchell and Reagan County a strong demand has developed for acreage along the Marathon fold in the two counties named and also in Glascock and Sterling counties.

Big oil companies and investors are picking up all land that can be secured at a low lease rental. Several parties have been here looking for large tracts to secure for drilling contracts.

A new interest will be added when drilling is resumed on the McDowell tract, twenty miles south of Big Spring.—Big Spring Herald.

**CATARRHAL DEAFNESS**

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HAL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HAL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists.

**U.B. Thrifty says -**

"Envy the bird that has only one bill"

Some people postpone opening a bank account until "the sign is right." The better way would be to open the account first; then the "sign will get right."

Your yesterdays have all faded into the land of the setting sun. Hadn't you better make good use of today before it becomes a has been too?

Any dealings with YOU will be in line with that principle.

**COLORADO NATIONAL BANK**

"THERE IS NO SUBSTITUTE FOR SAFETY"

**H. A. HALBERT OF COLEMAN WRITES ABOUT CROP IN 1924**

It has been my contention all along but my contention has been bitterly opposed by a very large majority of farmers who reason superficially or whose hopes are the father of their opinions. Their reasoning is superficial because it is chiefly based upon the precedent that the grasshoppers were a pest in 1901 and none came in 1902. Had they been more observant of natural events taking place in 1901, under their very noses, they could have foretold as I did that there would be no grasshoppers in 1902. I wrote a letter to the local papers advising farmers who were trying to sell their farms below cost so as to get out of the grasshopper zone, that we would not have grasshoppers enough to fish with in 1902, and not to sell their farms. My opinion was opposed and ridiculed by many people.

My opinion in 1901, on which I based my prediction for 1902, was the fact that the summer and fall of 1901 was not hot and dry, hence the grasshoppers were starved for green, succulent food and had no strength to breed. Also the ground was so hard that it could not be perforated to deposit their eggs in the earth. Therefore, this variety I am writing about (yellow and light brown), know as the differential, was almost annihilated in 1901, and would have been, had not a few very local showers fallen in late summer to furnish food and soften the earth so they could deposit eggs. From these little nuclei, it has taken the differentials twenty-two years to increase sufficiently to become a general pest.

Now, did these conditions I have described in 1901 prevail in 1923? They did not, but on the contrary, we had an ideal season for breeding grasshoppers. They were fat and slick and no doubt were as good food if not better than John the Baptist lived on in the wilderness. They deposited multiplied millions of eggs in the earth during the late summer and early fall.

To be forewarned is to be forearmed and ready for the foe. They should be attacked first while young and helpless. When these hoppers first hatch and crawl out of the ground they are almost as small as fleas and can be killed by the million with a flaming torch such as is used in burn-thorns from prickly pears. This and every other device should be used to destroy them before they get large enough to begin on the crops, and these should be planted as early as practicable, and a thick stand, especially of cotton so as to get it far advanced as possible with a good thick stand. It can be dusted with poison like that for the leaf worm, and the hoppers destroyed before they can do much damage to the main crop.

**TOO MUCH COTTON THIS YEAR MEANS LOW PRICE**

From the way they keep pounding the price of cotton down at the present time when there is supposed to be a cotton famine you can begin to see what cotton growers will be up against should anything like a normal crop be harvested this year. The big boys in the cotton game are already lining up to keep the price of cotton below the cost of production. If we have a bumper crop they may be able to succeed in their undertaking. For that reason every farmer should plan to make cotton his surplus crop. Raise feed enough to run the farm a year or two and some to sell. Feed and market livestock, poultry, etc. Don't play into the hands of the speculators by betting everything on there being a short cotton crop this fall. Play safe.

You can guess what cotton will

bring if a bumper crop is made. Therefore you can't afford to risk everything on cotton.

**Telegram Tells Owner of Fire Loss.**

L. Landau of Colorado, Texas, owner with Levi Brothers of Sweetwater of the Palace Theatre building in Colorado, which burned Saturday night, got the news from reading the Star-Telegram in Dallas early Sunday.

Passing through Fort Worth on

his way to Colorado Sunday afternoon, Landau stated that the Palace Theatre building had cost Levi Bros. and himself in the neighborhood of \$35,000 and that he believed there was some insurance carried, though he did not know the amount.

Landau was in Dallas with Mrs. Landau and their baby, which is quite ill.—Fort Worth Star-Telegram.

Call me for good Coal Oil in fifty gallon lots or less.—J. A. Sadler.

STUDEBAKER LIGHT-SIX TOURING CAR

\$1045

Mark This Example of what Studebaker alone can do

STUDEBAKER is the world's largest maker of quality cars. Our assets are \$90,000,000. We have \$50,000,000 in model plants. Our sales have almost trebled in three years, because of our matchless values. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

Come and learn why

Come and see, before you buy a car, the reasons for this success. See this Light-Six Touring Car, for instance.

Built of the finest steels. Of the very same steels we use in the costliest of our cars. On some we pay makers 15% premium to get just the quality specified.

Built under an engineering department which costs us \$500,000 yearly.

Each car subjected in the building to 32,000 separate inspections.

Same steels, same workmanship as in the costliest Studebaker models.

Two great features

There are many features in this Light-Six found in no rival car. But we want to mention two in particular.

The motor is perfectly balanced. That means long life and freedom from vibration.

The reason is this: We machine all surfaces of our crankshafts and connecting rods by 61 operations. Just as was done in Liberty Airplane

Motors. This is done in no other car at our prices. Then we use more Timken bearings in this car than are used in any competitive car within \$1,500 of our price. And Timken bearings take up wear as no other bearings do.

Why this price?

This Light-Six Touring Car is priced at \$1,045. Built under ordinary conditions such a car would cost you from \$200 to \$400 more.

But we build 150,000 cars per year. We make our own parts. We build our own bodies in \$10,000,000 body plants. We have 12,500 up-to-date machines. Our major costs are divided by enormous output.

The result is a value no other maker even tries to match in a fine car of this size. Come see what it means to you.

Send for the Book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon now.

How It Excels

Steels are identical with the steels in the costliest car we make.

More Timken bearings than in any competitive car within \$1,500 of its price.

Genuine leather cushions, 10 inches deep. Curled hair filling.

All-steel body.

One-piece windshield—rainproof.

Attractive cowl lights.

Quick-action cowl ventilator.

Non-skid cord tires.

Transmission and ignition locks.

Perfect motor balance.

The supreme car of its class.

Send coupon for book about it.

BAPTIST NOTES. Nothing new or exciting in matters of religion. Folks were too badly frustrated last Sunday over the fire that took place the day before to really think much about anything else but fire. The pastor tried to preach at the morning hour on the subject of the Church and Its Permanency. At night he took a whack at the idea of an old fashioned hell. The folks did not get so badly excited over the idea of an eternal hell as they did about a fire in Colorado. It is true that we are concerned about those

things we see. Our fear is that some of those days soon some now living in Colorado will see the smoke of the burning hell and will not be able to escape as did all the folks from the recent fire. Then it will be too late to get scared. Some folks won't stop

when you ask for "Oil" we bring out **TEXACO MOTOR OIL** every time. That's service. Texaco motor oil is always good "body," whether light, medium, heavy or extra heavy, and always a clear, pale color.

R. D. HART PHONE 333

and think while they have a chance is awful strange to a thinking person. We all know, if we know anything, that everyone will die. Then, we know too, that sin will have to be punished. There is no greater sin before God than to neglect God and our souls. One man came near losing his life in the fire because he was asleep and did not hear the cry of "fire." So are there many in Colorado who are spiritually asleep and we are crying "fire, fire, a hell ahead," but they don't hear us and some of these mornings there will be a funeral and the soul of that person will be in the doom of eternal night and despair. We want to preach next Sunday morning on "Old Fashion Religion." If you are at all interested in religion we would like to have you present and if you are not interested we would cordially ask you to come. Our fathers and mothers had a great concern about spiritual religion. Do we have spiritual religion today or are we merely using a form and missing the substance? We want to try to discuss this phase of it Sunday morning. May the good Lord put it into the souls of the people of Colorado to awake while it is time. He has endured long with some of us but His chastening rod is going to be revealed if we don't wake up. M. C. BISHOP.

PRESBYTERIAN CHURCH. Mr. J. H. Baird will speak at the eleven o'clock service on Christian Education. Mr. Baird is a representative of our educational staff in Texas. Our Synod is to raise \$1,350,000 for our schools and colleges in Texas. We are sure this man will bring us a helpful message. Don't fail to hear him. Sunday school at 9:45 J. M. Thomas, is superintendent. Classes for all ages. Evening service at 7:45. Prayer meeting Wednesday evening at 7:45. Dr. Coleman and Jerold Kiridan gave us very interesting accounts of their recent trip. Come to all our services. W. M. ELLIOTT.

CHURCH OF CHRIST. Roy E. Cogdell, the boy preacher, will preach at the Church of Christ Sunday, April 6th, at 7:30 p.m. Come hear him.

METHODIST CHURCH. Sunday school 9:45 a. m. We let the big fire and the big sand storm interfere with our Sunday school and church services last Sunday. Only one hundred and eighty-one in Sunday school and both our congregations fell short. We received one member by baptism Sunday evening.

At the evening hour Brother Sam Young preached for us. The pastor had cold and was glad to have Bro. Young to fall in and take his place. We will have communion next Sunday at 11 a. m. and the preacher will present the sixth commandment at the evening hour. This is a strange subject to preach to most of the people who go to church, but unless we take our stand against this wholesale slaughter it will continue. There is a cause for so much murder and there is also a remedy. I am fully convinced that we have become entirely too mushy in our sentiments for many of these chief sins and sinners. There is too much water in the blood of the people of this generation. We need more iron in the blood. Meet me at the Methodist church next Sunday. J. F. LAWLIS, Pastor.

FIRST CHRISTIAN CHURCH. Next Sunday we plan great things for our regular service. At the morning hour we will mature our plans for our pre-Easter Campaign that starts Sunday, April 15th. In the evening the pastor will deliver a message from the theme, "Why Do Not Men Go To Church?" During the past week a questionnaire has been handed a number of influential business men with a request that they assist the minister in arriving at the true reason. Their opinions will be heard during the sermon. You will want to know what the practical business man thinks of the church and the reason men do not attend regularly as they should. We will be glad to welcome you at either or both of these services.

Our Sunday school is growing each Lord's day, and we are more than pleased with the fine work the several classes are doing. There are classes for all and if you will attend Sunday morning, we are sure you will find a cordial welcome and a splendid hour. Try it.

We had a letter from our evangelist the past week, who plans to be here May 26 for a real Revival campaign. By the way, what has become of our proposed Union Revival? We hope the good people of Colorado will not pass up this opportunity to put on a real Campaign. Time that great robber of souls is hastening on. What are we waiting for? J. E. CHASE, Pastor.

Planter head attachment and knives sharpened with bolts complete going at \$8.00 for next 30 days. Get yours now.—J. H. Cooper & Son.

**LOCAL NOTES**

Mr. and Mrs. J. H. McKinley left Thursday for their new home in Dallas. Mr. McKinley has been connected with the Concrete gin here the past six months and in leaving Colorado expressed regrets as their home life here has been very pleasant and they hope to make a deal soon by which they may return to Colorado.

Call for me at the Alamo Hotel and see my bargains in tombstones. I have several dozen satisfied customers and want as many more. Will be glad to show you whether you buy or not.  
**E. KEATHLEY.**

Lon Geer, manager West Texas Electric Co., was here from Sweetwater Tuesday.

Planter head attachment and knives sharpened with bolts complete going at \$8.00 for next 30 days. Get yours now.—J. H. Cooper & Son.

C. S. Knott of Ft. Worth spent a few days of this week in Colorado on business. Mr. Knott was a citizen of Colorado 20 years, from 1891 to 1911. He has been making his home in Fort Worth since. At one time Mr. Knott was editor of the Colorado Enterprise.

but none better than Supreme XXX handled by all leading garages. There is higher priced Auto Oil,

H. L. Hutchinson and J. H. Greene left Sunday morning for Dallas where Mr. Hutchinson is spending a visit with relatives and will probably enter Baylor Hospital for treatment. Mr. Hutchinson has been in poor health for some time. Mr. Greene returned to Colorado Tuesday.

Phone J. A. Sadler for that Supreme XXX Auto Oil, none better. At all leading garages.

Mrs. Jim Johnson, Misses Nash, Lawson and Sealey spent Saturday in Sweetwater. Miss Sealey and Mrs. Johnson were present at the organization of a Nolan County Federation of Women's clubs.

The last Lyceum number at the high school auditorium April 4th at 8 o'clock. Prices 25 and 50 cents.

Mrs. Rush Moody and baby daughter, Nancy Jim, who have been with her parents, Mr. and Mrs. A. L. Whipple, the past two weeks, left Tuesday morning for a visit in Dallas before returning to their home in Houston.

The mild cathartic action or Herbine is well liked by ladies. It purifies the system without griping or sickening the stomach. Price, 60c. Sold by all druggists. 4-31-c

Roddy Brooks Merritt left Saturday night for Dallas where he has a position with Shuttle Bros. & Lewis, wholesale jewelers. His many friends wish him success in his new work.

Call me for good Coal Oil in fifty gallon lots or less.—J. A. Sadler.

Mrs. M. S. Goldman and little daughter, Jimmie Lee, returned Sunday afternoon from Sweetwater after spending a visit with her parents, Mr. and Mrs. J. P. Majors.

The Lyceum number tonight is a splendid one, and every body will enjoy.

Editor Williams of the Loraine Leader, was in Colorado Tuesday.

Robert McMurry of Alpine and Mrs. J. E. Holt of Gainesville are L. McMurry, who sustained a heavy loss with their parents, Mr. and Mrs. R. with in the recent fire.

A torpid liver needs an overhauling with Herbine. Its benefits are immediately apparent. Energy takes the place of laziness, appetite returns, and the hour of rest brings with it sound, refreshing sleep. Price, 60c. Sold by all druggists. 4-31-c

Mr. and Mrs. Bob Porter left Thursday for San Angelo, where they will meet Mr. and Mrs. R. E. Hathcox and go to the Concho fishing for a few days.

Apply Ballard's Snow Liniment to joints that ache. It relieves bone ache, muscle ache and neuralgic pain. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by all druggists. 4-31-c

Dr. C. M. McMillan has opened an office in the Barcroft Hotel.

E. Barber, merchant at Spade, spent a few hours here Wednesday.

Don't fail to hear, see and enjoy the Lyceum number tonight.

Mrs. Stanley Van Tuyl of Pittsburg, Pa., is visiting relatives here.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

**CARD OF THANKS**  
We wish to express sincere thanks to our friends and neighbors for their loving sympathy and kindness in our recent sad bereavement in the death of baby girl, Francis Lucile White, daughter of Mr. and Mrs. Jim White in Plainview community. Our hearts go out to all who assisted and thanks are feebly expressed.  
Mr. and Mrs. Jim White.  
Mr. and Mrs. G. D. Bynum.

**DR. CAMPBELL**  
of Abilene  
Will be in office of Dr. C. L. Root  
NEXT SUNDAY, APRIL 6TH  
when he may be consulted account Eye, Ear, Nose and Throat.

**PIONEER CLUB ANNOUNCES PICNIC THURSDAY, APRIL 10**

Invitations have been received by officials of the Chamber of Commerce, Lions Club and other civic organizations of Colorado to attend a picnic Thursday of next week at the community house of the Pioneer club north of Loraine. This Federated Woman's club, the first organized among rural women in the county, recently completed and equipped an attractive club house near the Lone Star school house. The club is one of the strongest and most active in Mitchell county.

**FIRST CARE OF BABY CHICKS.**

This is the season of the year when arrangements must be made to raise chicks to replenish the poultry flocks. Pullet are the most profitable part of the laying flock and a well balanced laying flock should consist of at least half pullets; which allows careful culling of the hens during the summer and fall before the pullets are matured, according to the United States Department of Agriculture.

Baby chicks need especially careful attention in breeding and feeding during the first weeks of their lives, which should be followed by careful and regular attention through out their growing period. Early hatched chicks are by far the most profitable whether grown to maturity for laying or sold as poultry flesh.

The brooder house and stove heater which are used for caring for the chicks during the first few weeks of their lives, must be in working order before the chicks arrive. The most common style of brooding is the use of a stove brooder in a colony house, keeping from 350 to 500 chicks in a flock in each house, and placing the houses about 150 feet apart on a good grass range. A house 10x14 feet makes a suitable colony house which can be readily moved if built on runners.

Chicks brooded in the winter will do better in a larger house, about 10x20, partitioned so that one side is used for a brooder stove and the other for a cool exercising room. Wire netting should be placed in the corners of the brooder house to prevent the chicks huddling and crowding in the corners.

Chicks should not be fed for the first thirty-six to forty-eight hours, after which they should be supplied regularly four or five times daily with easily digested feed which contains little waste material. They should be fed sparingly until about the fifth day; then they can be put on full ration. An excellent feed can be made of infertile eggs taken from the incubator boiled for fifteen minutes, chopped and mixed with a dry mash of equal parts of cracker meal, bran and corn meal, using a sufficient amount of the grain to make a dry, crumbly mixture. Middlings can be used in place of the cracker meal. Dry rolled oats are excellent for chicks and can be used as one feed, the other two or three feeds being the commercial chick grains.

At two weeks of age the chicks can be given a dry mash, in a hopper, consisting of four parts, by weight, of rolled oats, two parts bran, two parts corn meal, one part high-grade meat scrap, one part middlings and one-half part dried buttermilk. Commercial chick feed should be fed three times daily in addition to the dry mash.

Milk is an excellent feed for chicks and should be provided either as a liquid or in the dry form to secure best growth. If liquid milk is available the dried milk can be omitted. When the chicks are one month old they should be fed a coarser or intermediate chick grain, and at about two months of age the scratch feed can be changed to equal parts of wheat and cracked corn. This should be fed two or three times a day.

**MR. RUPTURED MAN.**

Did you know that Government statistics show that 8,000 die annually in the United States from strangulated rupture? (Hernia). Each community furnishes its quota. You, or your neighbor may be the next victim Dr. Johnson now at the Mart Hotel, Sweetwater, Texas, until April 17th, has a preventive. Consult him, no charge for advice.

The Record absolutely will not take any advertisements on Thursday morning. All ads and changes must be in the office on Wednesday and Tuesday would be better.

**Buy Your Oil and Gas at W. R. Morgan's Filling Sta. SERVICE OUR MOTTO Federal Tires and Tubes We will appreciate your business Across St. South Presbyterian Church.**

**McMURRY RACKET STORE TO OPEN SATURDAY, APRIL 12.**

R. L. McMurry, owner of the racket store destroyed in the fire Saturday, states he is planning to reopen his business Saturday, April 12th in the building now occupied by H. C. Doss on Walnut street.

**ROBERTS AUTO TOP COMPANY WILL CONTINUE IN BUSINESS**

"I burned out completely, but am not out of business," was the statement of B. J. Roberts, manager of the Roberts Auto Top Company Monday. Roberts stated that for the present he would continue his business in an improvised building at his home on Third street and expected to later build or lease a building in the downtown district.

Enjoy a treat at the school house tonight.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.
