

TWENTIETH YEAR—NO. 30

COLORADO, TEXAS, FRIDAY, APRIL 25, 1924.

WHIPKEY PRINTING CO.

### SPEND ONE DOLLAR AND YOU LOSE MANY MORE

How much does it cost you to spend \$100? Answer: \$100 down and \$3 a year for the rest of your life.

Every dollar you spend has an invisible string of pennies attached to it. This string of pennies reaches up through the years. They represent the interest money which that dollar would bring you, if you saved it instead of spending it.

Think of that when you spend money. The interest you lose is like installment payments for the rest of your life. When you go to buy something, ask yourself, "Do I want to pay the price of this thing, plus the annual loss for the rest of my life?"

Start a savings account, now, with our bank and make your money earn more money in interest.—City National Bank of Colorado.

### MISS MAJORS ELECTED TO BE MAID TO DUCHESS

Concluding an interesting contest at the Lions Club Friday, in which Miss Elsie Lee Majors and Miss Katie Buchanan were balloted upon for selection of the maid to the Colorado Duchess at Brownwood, Miss Hazel Costin, Miss Majors won by a majority of two votes. A total of thirty-two votes were cast in the selection, seventeen of which were polled for Miss Majors and fifteen for Miss Buchanan. These two young ladies were the only ones nominated.

The duchess was selected several days ago by the Chamber of Commerce and the Lions Club was requested to select the maid. These two young ladies will represent this city in the illuminated pageant and other exclusive feature of the program at the Sixth Annual convention of the West Texas Chamber of Commerce, which opens at Brownwood May 13.

### GRAND JURY CHARGED TO PROBE LAW VIOLATIONS

The Mitchell county grand jury, convened here Monday morning by District Judge W. P. Leslie, was charged by the court to make thorough investigation of all alleged law violations coming to their knowledge and to perform this duty to the State without influence, either one way or the other.

The court charged the jurors to send out and have brought before them all persons who might claim to have information as to law violations and to determine whether any current reports of disregard for law were based upon fact. "I want you gentlemen to go to the bottom of every thing coming within your knowledge," the court charged, "and if in your investigation, you find evidence sufficient to warrant the returning of a true bill, indict them, it matters not who they may be."

The grand jury was charged to conduct their probing with thoroughness, avoiding especially the returning of bills of indictment when evidence submitted in the grand jury room was not sufficient to make reasonably sure a verdict for the State in the trial court. It was noticed that Judge Leslie was still affected with the severe cold which he contracted while holding district court at Sweetwater recently and he addressed the twelve men before him with difficulty at times.

The grand jury is composed of the following gentlemen:

R. F. Hargrove, foreman; H. E. Grantland, B. A. Donaldson, E. B. Gregson, I. K. Gailley, A. K. McCauley, J. L. Kuykendall, C. H. Manley, J. Costin, W. C. Farrar, E. H. Winn and R. M. Jones.

### BROADDUS GROCERY MOVES TO WALNUT ST. LOCATION

The grocery of H. B. Broaddus & Sons was moved this week from their former location in the Farmer building on Second street to the Jno. L. Doss building corner Third and Walnut. The concern is also using the Coe building on Walnut as a warehouse and salesroom.

The building vacated by Broaddus and Sons is to be occupied by the Jones Dry Goods Company.

### WARRANT ISSUED IN 1883 PRESENTED FOR PAYMENT

A county treasurer warrant issued December 26, 1883 to D. B. Adams for the sum of \$1.00 for service as a juror in justice court for two days, was presented to E. O. Green, county treasurer, Wednesday of this week for payment. W. C. McCollum was justice of the peace at Colorado at the time and the warrant was issued by D. H. Solomon, county clerk.

Mr. Adams has held the warrant during the forty-one year period since it was issued to him in 1883. He is now living at Seagraves. In a letter addressed to the county treasurer and enclosing the warrant, Mr. Adams says:

"Am sending you a voucher for one dollar for which I hope you will please remit, as I have waited for a long time. If you count interest, it would be appreciated."

### COLORADO TO HAVE BIG PART IN C. OF C. MEETING

Colorado will have a conspicuous part in the principal attractions at the Brownwood convention of the West Texas Chamber of Commerce, according to claims being advanced by representatives of the Colorado Booster Band, the Chamber of Commerce and Lions Club. One of the big attractions of the three days will be the illuminated parade to be staged on the principal business streets of Brownwood Wednesday of the convention. Sponsors of various towns and cities represented will pass for review, riding in beautifully decorated automobiles and floats.

"Colorado will be in line with a duchess and maid and decorated automobile hard to beat," was the declaration of one of the committee chairmen Monday.

Colorado was handicapped in carrying out original plans for the convention at San Angelo last year. The destructive cyclone visited the county just one week before the convention opened and delegates from the city were filled with sorrow, rather than the usual spirit of optimism so prevalent among local citizens.

### COLORADO IS GOOD TOWN UTILITY MANAGER SAYS

Colorado is one of the best small cities in West Texas and at par with the best in opportunities for the future, is, in substance, the declaration made by Lon A. Geer of Sweetwater, manager of the West Texas Electric Company, in an address at the Lions club here Friday. The substantial growth of the city in business buildings and homes, the paved streets and other recently added features of the city were cited by Mr. Geer as proof of his declaration.

Geer pledged full co-operation of the utility concern represented by him in carrying out all programs for the advancement of the city. "We wish to be understood as being ready to do our part in doing good things for Colorado," he said, "and request to be given the opportunity of paying our part of the expense in doing these things."

### COLORADO HEADQUARTERS AT BROWNWOOD ARE SELECTED

The Allen Hardware Company has been designated as Colorado headquarters during the West Texas Chamber of Commerce convention in Brownwood. The Brownwood delegation headquarters committee promised Colorado representatives who were in Brownwood last week that everything possible would be done to make visitors from this city feel at home and enjoy their stay in the convention city.

### SPONSORS TO HAVE ROOMS AT DANIEL BAKER COLLEGE

The young lady sponsors, including both the duchess and her maid, are to be entertained by ladies of Brownwood at the girls dormitory at Daniel Baker College. Reservations for Misses Hazel Costin and Elsie Lee Majors, sponsors to accompany the Colorado delegation to the convention, were made Saturday.

Mrs. Merritt leaves Saturday morning for Vernon to attend the North West Texas annual conference, M. E. church.

### 200 COLORADO CITIZENS TO ATTEND C. OF C. BANQUET

The annual banquet and business meeting of the Colorado Chamber of Commerce, to be held Friday evening at the Pullman Cafe, will be the largest banquet ever held in Colorado by a civic organization, according to claims of committees in charge of the affair. Including the Colorado Booster Band personnel, not less than 200 Colorado citizens are expected to attend the annual banquet and take an active part in all business phases of the program.

The principal speaker for the evening will be Dr. J. W. Hunt, president of McMurry College, Abilene, who is coming to address the assembly in response to invitation extended by the program committee. Dr. Hunt is considered one of the most forceful speakers in the State. Dr. P. C. Coleman, president of the chamber, will be among the local speakers on the program, and will deliver his annual address covering activities of the organization during the fiscal year ending March 31st.

A committee named by the president is making a special personal visit over the city in the hope of inducing every interested citizen to attend the banquet. Chamber of Commerce officials have expressed the wish that every citizen of the city recognize the importance of assuming a part in the organization and plates will be placed for every one of these who will attend. There will be no charge for the banquet service. This expense will be paid by the Chamber of Commerce.

The principal business session of the annual meeting is in the election of a president and board of directors for the ensuing year. There are more than 200 members of the organization and each of these are urged to attend and have a part in the selection of the men who are to be empowered to manage the organization for the ensuing year. The invitation to attend the banquet, however, is by no means confined to those who are members of the organization. Any citizen of the city not a member of the chamber will be welcomed at the banquet.

"Reason for extending the invitation to every interested citizen to attend the annual banquet is in keeping with our policy to ask every citizen of the community to have a part in the Chamber of Commerce," was the statement of an official Monday. "We are anxious that every man who is interested in Colorado attend this meeting, in that he be informed as to what the organization is doing and has done during the past year."

The program will start promptly at eight o'clock with a concert by the band. The program committee stated that only two or three speakers will be introduced and that the entire program is expected to be over in two hours time.

Any citizen failing to see the entertainment committee, should notify the secretary in that reservation be made for him. Reservations should be made as early as possible.

Original plans to hold the meeting at the American Legion memorial building were abandoned Monday because of the difficulty in serving the banquet there. Officials of the local post had tendered use of the building to the Chamber of Commerce for the meeting.

### SINGERS TO CONVENE AT PLAINVIEW FOR CONVENTION

Mitchell county singers are to meet at Plainview Sunday for an all-day session. Luncheon will be served on the ground at noon. The general public is invited to attend.

### COUNTY BUILDING DETOUR ROAD LEADING TO NORTH

Commissioner U. D. Wulfjen of the Colorado precinct stated Thursday afternoon that good progress was being made on the detour being built by the county from the city to an intersection with the Colorado-Snyder road north of Lone Wolf Creek. This detour will be used until repairs are made to the bridge spanning Lone Wolf Creek north of I. O. O. F. cemetery.

### COLORADO TO SEND LARGE DELEGATION BROWNWOOD

The Colorado delegation to attend the Sixth Annual convention of the West Texas Chamber of Commerce at Brownwood, which opens Tuesday, May 13, for a session of three days, will be the largest ever attending a like convention from this city, is the claim of Chamber of Commerce and Lions Club officials who are directing expected to be considerably larger than those representing Colorado at the Ranger, Plainview and San Angelo conventions.

The Colorado Booster Band, which will accompany the delegation, was never in better condition, M. S. Goldman, director, and J. Lee Jones, manager, state. These two men are optimistic over the possibilities for the band to win creditable honors at the convention. The band will furnish concert music daily at Brownwood at request of the program committee there and has already been assigned to several important places on the three day program.

The band is doing "double time" in practice rehearsals for the contest which will be held during the convention under auspices of the Texas Band Masters Association. "We confidently expect to bring home the laurels of victory in the contest, in spite of the fact we are to compete with the very best bands in the State," Goldman stated Wednesday. "Our band was never in better condition and every individual member is determined to go to Brownwood and do his best to put Colorado on the map and carry off a substantial award in the contest. Such a determination means that we are going to bring home the bacon."

Representatives of the Chamber of Commerce were in Brownwood Saturday to complete arrangements there for sending the band and delegation to the convention and report having found Brownwood and West Texas Chamber of Commerce officials especially pleased because this city planned coming with a strong delegation, bringing its band and sponsors.

"Colorado is one of the strong links binding together the strong brotherhood within the vast domain of West Texas," Homer D. Wade of Fort Worth, assistant general manager of the West Texas Chamber of Commerce stated, "and we learn with pleasure that you are coming to this convention and blend with more than 200 other progressive West Texas communities the splendid spirit of team work in furthering our development program in West Texas."

Colorado will be accorded a distinct honor at this convention—an honor of which every citizen of Mitchell County may well be proud. There should be a delegation of 500 Mitchell County citizens in Brownwood on the second day of the convention. Mitchell county last year produced the prize winning staple cotton and sorghum grain in Texas, and the towns of the county are receiving recognition over the State as being the homes of a most progressive people. Let's parade some of these facts before the eyes of Texas at the convention. 25,000 of the leading men and women of Texas will be there.

### FARMERS SEEDING LAND TO COTTON THIS WEEK

Several thousand acres are being seeded to cotton by Mitchell County farmers this week and with a continuation of favorable weather planting cotton will be the chief occupation of these farmers for the next several days. It is estimated that the acreage devoted to this crop in 1924 will exceed that of last year. Approximately 100,000 acres were planted to cotton in the county last year.

Last week large numbers of farmers planted their early sorghum crops and some are planting maize and kaffir this week. Indian corn is up in several communities and is starting off in excellent condition.

H. L. Atkins, county farm agent, reports that the number of cotton growers using pure bread pedigreed seed for planting this season will be the largest in the history of farming in Mitchell County. Several cars of this seed have been delivered to farmers of the county during the past few months.

### CITY BEGINS CONSTRUCTION WATER LINE TO CEMETERY

Construction of the two-inch main connecting I. O. O. F. cemetery with the large main from the water works was begun this week by the city. Water is expected to be available at the grounds by the end of this week, according to J. H. Greene, who fostered the campaign to bring water to the cemetery.

The contract made with the city, which was executed personally by Mr. Greene, specifies that a minimum charge of \$25 per month shall be charged for use of water at the cemetery and the contract is to continue in force for a period of three years. Greene assumed the responsibility of guaranteeing to the city that the amount would be paid monthly during life of the contract.

Greene stated Tuesday that a drive would be made among the citizens to raise funds with which to run the water pipe across the grounds to the north side, in that water be easily accessible for every section of the cemetery. The campaign is also being started to raise funds to pay the contract price of \$25 per month to the city, and employ a sexton to keep the grounds.

### IMPROVEMENTS BEING MADE AT THE BARCROFT HOTEL

Considerable improvement is to be made at the Barcroft Hotel, the management stated Tuesday. All rooms in the main building on the first and second floors are being newly decorated and repaired and the lobby and dining room is scheduled for improvement and extensions.

The management stated that tentative plans had been made for adding another story to the building and fitting up an attractive banquet room in the basement.

### SCOTTISH RITE MASONS TO MEET IN COLORADO IN 1925

Maudy Thursday will be celebrated by Scottish Rite Masons of this district at Colorado in 1925. Invitation to meet next year in this city was extended by Colorado Scottish Rite Masons attending the celebration at Sweetwater of last week.

Several members of the Scottish Rite degree from Colorado attended the annual event at Sweetwater and some of the principal addresses delivered were by Colorado Masons.

### PRESBYTERIAN CIRCLE MEETS

The foreign mission meeting of the Central Circle of the Presbyterian Auxiliary was held with Mrs. Van Tuyl Monday, April 21st. After the devotional exercises and the lesson on foreign missions, Mrs. Y. D. McMurry and Mrs. Jerold Riordan by request, gave a report of the Presbyterian recently held at Big Spring. There was an unusually good attendance and they report a most interesting meeting and they came home full of new enthusiasm for the work. At the close of the meeting dainty refreshments were served by Mrs. Dawes and Mrs. Stanley Van Tuyl.

### J. E. and Taylor Farmer left Tuesday night for a visit with their brother in Winnsboro.

### STATE HIGHWAY ENGINEER INTERESTED IN ELECTION

The State Highway Department continues to be interested in plans of Mitchell County to make permanent improvement to the Bankhead head Highway across the county from east to west and in a communication received from Gibb Gilchrist, State Highway Engineer, this week by County Judge J. C. Hall, the department renews its pledge to allot State and Federal aid \$2.00 to \$1.00 for building a concrete road 18 feet wide across the county.

"It is understood that Mitchell County has again called a bond election for \$325,000.00," Gilchrist wrote, "the entire amount to be used for building a concrete road 18 feet wide on State Highway No. 1 from county line to county line. This is to advise that should this election carry and the money be provided the State Highway Commission will allot \$2.00 to \$1.00 for construction on State Highway No. 1 as outlined above."

The communication, which is official, is conclusive of the fact that the State Highway Department has never changed its attitude toward Mitchell County in the matter of aid for improving the Bankhead Highway with a concrete road. The former State Highway Engineer, Capt. J. D. Fauntleroy, pledged this amount last fall when the matter of voting bonds was first taken up by the county.

### COLORADO GIRLS HONORED AT DISTRICT C. E. MEET

Misses Mary Broaddus and Marcella Price, two prominent church workers among the younger set at Colorado, were honored by delegates attending the Abilene district Christian Endeavors convention at Abilene which closed Sunday. Miss Broaddus was elected second vice president of the district and Miss Price departmental superintendent in charge of the junior work.

Two hundred and sixty-eight young people, representing almost every Christian Endeavor Society in the district were in attendance at the convention Sunday. Colorado was well represented and reports given by delegates from this city showed that workers here were active. Stamford was selected as the place of meeting in October. Colorado delegates invited the convention to come here, but lost to Stamford.

### QUARTERS COLORADO BAND SECURED AT BROWNWOOD

Representatives of the Chamber of Commerce and Colorado Booster Band were in Brownwood Saturday to make arrangements for quarters for the band during the West Texas Chamber of Commerce convention. One of the large dormitories on the third floor of the new Brown county court house was secured for use of the band members and contract was made with ladies of the First Methodist church to furnish meals to the men in the church basement. The committee making these arrangements were well pleased with the entire plan.

The band will go to Brownwood by train, leaving Sweetwater on the afternoon of Monday, May 12th, over the Santa Fe. The train is scheduled to arrive in Brownwood at 7:30. Dinner will be ready for the band at the church upon their arrival in the convention city and the quarters reserved for the men will also be available that night.

"We could not have asked for a more satisfactory arrangement to entertain our band in Brownwood," E. H. Hurd, one of those going to Brownwood Saturday, stated. "The large dormitory secured is amply large, well ventilated and has shower bath, lavatory and other conveniences. The church ladies have contracted to furnish meals for our band and the Lamesa band and guarantee to serve the band men exclusively and have meals ready at proper hours."

W. A. Crowder, for some time member of the sales force at Colorado Bargain House, has accepted a similar position at Price Brothers.

**TO THE PATRONS OF RURAL ROUTES OF COLORADO, TEXAS**

Some time since, the postoffice department requested that all patrons erect adequate boxes for their mail. To place these boxes as conveniently as possible to the route of travel, on good posts and at a height of 54 inches.

Also that these boxes and the posts on which they rest be painted white and that the owner's name be placed on the box in letters of black. In some sections of the country this has been done already.

Now we think that Colorado is as good a town as any body's though not so large as some, and our country just as good as any body's though not so thickly populated and well developed as some. But our citizens are just as good and as enterprising as any and we feel that any thing short of the best is insufficient.

Therefore we are making an effort to get our patrons to comply with the request of the Department, in order that we may have more ef-

ficient service. To have good service patrons and carrier must cooperate with each other as much as possible. Now we think that for the small cost of twenty-five cents per box, we can have the boxes and posts painted and the names lettered on them, so we would kindly ask that each one who has not already done so, see his carrier at once and give him the 25c with the correct name for his box, so that we may get this done as early as possible.

In some cases it will be necessary for the patron to place a new post. In some a new box, and in a few both post and box should be new.

So let's get together and make this thing go.

Yours for efficient service,  
E. C. TUNNELL, R. L. C. R. A.  
HILL LOW, R. L. C. Rt. 1  
E. E. SMITH, R. L. C. Rt. 2.

The mild cathartic action of Herbine is well liked by ladies. It purifies the system without griping or sickening the stomach. Price, 60c. Sold by all druggists. 4-31-c

**LORAIN WILL SEND SPONSOR TO BROWNWOOD MEETING**

At the meeting of the Chamber of Commerce Monday night a number of important items of business came up for discussion before the body, among which was the election of a sponsor to represent Loraine at the West Texas Chamber of Commerce Convention that meets at Brownwood about the middle of May; the sending of the band to the convention and a round table discussion of the financial problems of the city.

A good representation was present and most of them were in favor of sending the band and expressed a willingness to cooperate to that end. The band boys said that they could get ways down there and that they would go if it was possible to keep them while there and to get uniforms for the occasion. It finally ended in the setting aside of \$100.00 from the treasury of the organization for that purpose and the leaving of the matter open for further discussion at the next meeting.

Miss Viola Brown was elected as Duchess to represent Loraine in the illuminated parade which will be the feature stunt of the meet at Brownwood. Misses Faye Spikes and Beatrice McGee were elected as maids of honor for the Duchess.

The Mayor, L. T. Britton, and Aldermen Pratt, Cardwell and Walker, met with the Chamber of Commerce to discuss the financial problems of the city. It is almost necessary that some plan be devised to take care of the streets of the town and to furnish a better water supply so as to have enough to be of some help in case of fire. The present tax rate and property rendition is so low that the taxes will not take care of the necessary items and the two bodies are trying to work out some feasible plan of financing them. Investigation committees were appointed and will make a report at the next meeting.—Loraine Leader.

**NOTICE**

You have eat with me for 18 months with pleasure. How about shaving with me 18 months with ease? All barber work guaranteed first class workmanship. Satisfaction is our motto. Shower Bath, hot and cold 30c. Give us a trial. Across the street from post office.—A. L. Baker Barber Shop, Leon Jenkins, Mgr.

**OIL DEVELOPMENT IN THIS SECTION INCREASING DAILY**

Valentine Day and assistants are again at work on McDowell well No. 4. H. D. Conley, one of the trustees for the General Petroleum Company, is here this week to direct the work now under way. We are informed that McDowell Well No. 3 is to be drilled to the oil sand which has been definitely located by McDowell No. 4. The casing is now being pulled from McDowell No. 4 and will be used in completing well No. 3. McDowell No. 3 was drilled to a depth of 600 feet and ten inch casing lowered to that depth.

That a commercial field will be developed on the McDowell ranch is firmly believed by everyone and the news that work on McDowell well No. 3 is to be started is good news to our people.

The Durham well No. 1, 1 1/2 miles south of Sterling City, was bailed for five successive days during the week to determine whether or not it will make commercial well at the present depth of 1400 feet. At the end of the bailing operations, the showing of oil was better than ever. During the entire five days, never a bail was made but there was oil brought out. On last Sunday morning the beginning of the last day's run, more than a barrel of very high grade oil was saved from the first two bailers brought out, and when the bailer reached the bottom of the hole, it was still bringing out quantities of oil.

As soon as pumping machinery has been secured an offset well will be drilled to the present strata. Well No. 2 will be shot and developed as a shallow producer while No. 1 will be drilled down to the next formation.

At the McCarley well on the Douthitt ranch operations are now in order. Some six hundred feet of casing has been removed and the well is being cleaned so that drilling can be carried forward from the 1600-foot level. New drill stem for the rotary drill has been ordered and they expect to make rapid progress when the real drilling starts. From formation encountered they expect to encounter pay sand at no great distance from the 1600-foot mark.

Drilling is scheduled to start Saturday on Brunson No. 1 test, in Glasscock County, eighteen miles southeast of Midland. I. B. Brashears, driller of the Wichita Falls district, has contracted with D. W. Brunson and L. A. Brunson, owners of the land, to drill a test 3,500 feet deep. He holds 10,000 acres in leases.

Contract with A. C. Varner, who also holds 10,000 acres in leases on the Brunson ranch, calls for a well to be spudded in during May. The leases held by Brashears lie six miles from the McDowell well, a small producer. Big Spring Herald.

L. LANDAU, Manager

## FARMERS GIN COMPANY TO BUILD AT LORAINÉ

The Farmers' Co-operative Gin Company has been reorganized and expanded and they are preparing to build a new gin here. The old gin, everything on the grounds, houses included, has been sold and will be moved north of Big Spring. A complete new gin has been bought and will be ready for service before cotton picking time.

Mr. R. L. Bird, active manager of the concern, states that they will have one of the finest gins in all of West Texas when it is completed. The plant will cost approximately \$25,000.00 and consists of the very finest ginning machinery and power plans. Five eighty saw stands will be installed; a huller for ginning boilies that is separate from the stands, making a much better grade for rough cotton and many other of the latest and best equipment. The power plant is a three cylinder Anderson oil engine of 125 horse power.

Work was begun the first of this week on tearing down and shipping out of the old plant and it should

be completed in a short time. Work will then be immediately commenced on the new plant—Lorraine Leader

## SAN ANGELO WOMAN INJURED IN AUTOMOBILE ACCIDENT

Mrs. R. B. Owens, wife of a San Angelo contractor, was internally and probably fatally injured Sunday night when an automobile in which she and Mr. Owens were returning from Colorado met another car on a narrow culvert 10 miles north of Sterling City and overturned into a ditch. R. W. Gray of Roscoe was driving the other machine.

Mrs. Owens' chest was crushed and one hip was seriously injured. She was taken to Sterling City for medical treatment. Gray escaped uninjured.

## WE HAVE MOVED.

We are now located in the two buildings on Walnut street, Coe bldg. and Doss bldg. Visit us in our new home and see a sure enough grocery store, where quality and prices are right. Same phones 330 and 92.—H. B. Broadus & Son.

## Red Bottom Tanks

When the day's work is done, what is more refreshing than a long, cool drink of fresh water? Hard-worked horses enjoy it as much as we do. Red bottom tanks will economically and conveniently keep it always ready for them. Two styles—the round and the oblong with round ends. Made of high grade galvanized steel. Reinforced at top with patent Tube Top, at bottom with Double Lock Seam. Sides made doubly strong by 2 triple corrugations. Solder is sweet into all seams. Entire bottom and lower edge edge coated, inside and outside, with rust preventing paint made in our own laboratories. Applied by special heat process. Look for the 3-year warranty stamped in the steel. Not genuine unless so stamped. COLUMBIAN STEEL TANK CO., Kansas City, Missouri Sold from stock by

## TROTSKY RE-ENTERS RUSSIAN PUBLIC LIFE

Says America Would "Use Asphyxiating Gas to Extract Europe's Revolutionary Teeth."

Moscow.—After an absence of nearly six months from all participation in Soviet affairs, Leon Trotsky, the Soviet War Minister, has re-entered public life with an energetic and aggressive spirit which has surprised his friends who are aware of his frail health. He has addressed numerous political meetings at Tiflis, Baku, Kharkow and elsewhere and spoke before a congress of physical development of the Red troops so as to enable them to combat the armies of the Bourgeoisie countries more effectively.

Trotsky is preparing to take an active part in the Communist party congress in May and the convention of the third Internationale in the middle of June. He has just completed a book on Nikolai Lenin, the late Premier, in which he extols the Soviet leader for his remarkable prophesy of an undying revolutionary spirit and unceasing struggle against the capitalistic system.

In the course of a long speech at Tiflis, the text of which has just been received here, M. Trotsky referred to the fact that the United States and France have not yet recognized Russia. He described France as pursuing a system of willful blackmail toward Russia by encouraging Poland, Roumania and Turkey to act against the Soviet.

France, he asserted, possessed the largest army in the world and wielded the iron fist of the capitalist, while the United States commanded the greater part of the wealth of the whole world because of Europe's imperialistic war.

"The United States is the most democratic country which plunged into this imperialistic war without idealistic stimulation," said Mr. Trotsky. "It has become a colossal Tower of Babel and is trying to digest into its stomach all the huge gains it realized from the war. It is now keeping aloof from European affairs, but at the same time is carefully preparing for future wars, it is placing aviation and asphyxiating gas foremost in its equipment; it is developing these destructive agencies not only for a struggle against enfeebled Japanese, but also against Europe."

The War Minister remarked ironically that America considered the old methods of warfare too barbaric and that a more humanitarian method, such as chemical warfare, should be applied.

"We all know the use to which the dentist puts asphyxiating gas," he continued, "but when we see the United States preparing to use gas to extract a revolutionary tooth from Europe, we must be on the alert. In the meantime Americans are trying these new gases upon their criminals, discarding the use of electricity as a means of killing wrongdoers."

"Picture to yourself rich and satisfied America sending to famine-stricken, revolutionary Europe whole squadrons of airplanes which threaten to rain these noxious gases upon our heads. This is no fantastic romance."

## THE NEFF-DAVIS BREAK CAUSES WACO COMMENT

Predict Most Interesting Convention Since Hogg-Bailey Debate.

Waco, Texas.—The "break" between Gov. Pat M. Neff and Chairman Davis of the State Democratic executive committee, by reason of the Governor's attacks on McAdoo and his campaign for an uninstruced delegation from Texas to the national Democratic convention, has been widely discussed in Waco, the home city of Gov. Neff.

It is predicted here that the State Democratic convention in Waco May 27 will be the most interesting political gathering that has been held in Texas since the memorable State gathering of Democrats in Waco more than two decades ago, featured by the stormy debate between former United States Senator J. W. Bailey and the late Gov. J. S. Hogg. The convention here will be held in the Cotton Palace Coliseum, which has a seating capacity of 10,000 people.

**One Killed in Raid.**  
New York.—Prohibition agents shot and killed Thomas Monteforte and seriously wounded his son Michael when the two men resisted attempts to raid a garage where a quantity of whisky was seized.

**Natives Flee From Lava Flow.**  
Manila.—A volcanic crater near San Dionisio island in the Babuyan group, just off the northern coast of Luzon, is in violent eruption and 75 inhabitants are fleeing a destructive flow of lava, according to reports received here by Governor General Leonard Wood. The governor general's yacht Apo left Manila immediately with food and medical supplies for the refugees, who are huddled together at the water's edge of their island but who refuse to abandon the island itself.

## RESULT ESSAY WRITING AND SPELLING CONTESTS

G. D. Foster, director of the Mitchell County Interscholastic League which met at Colorado a few weeks ago, announced results of the spelling and essay writing contest for publication this week. Foster issued the following statement Tuesday relative to the awards:

Due to a misunderstanding about the grading of the spelling papers there has been some delay in getting this information to the press. We regret this delay very much but it seemed at the time that there was no way of avoiding it.

The following are the winners in the county meet in the events indicated:

Senior spelling—first place, Nona Lee Guthrie, Westbrook; Burnice B. Ramsey, Westbrook, 98; Second place, Jewell Collier, Colorado; Mildred Cook, Colorado, 93.

Junior spelling—first place, Ibel Hudson, Longfellow; Nettie Smith, Longfellow, 94. Second place, Winnie Armstrong, Westbrook; Gussie Bledsoe, Westbrook, 90.

Sub-junior spelling—First place, Marguerite Armstrong, Westbrook; Mildred Johnston, Westbrook, 92. Second place, Pauline Troutt, Buford, Cora Pearl Smith, Buford, 74.

The names given above are the winning teams. The highest individual grades in each division are as follows:

Seniors—Nona Lee Guthrie, Westbrook, 99; Burnice B. Ramsey, Westbrook, 98; Fleecie Watson, Buford, 97.

Juniors—Ibel Hudson, Longfellow, 98; Estelle Shepperd, Conway, 94; Winnie Armstrong, Westbrook, 93;

Sub-juniors—Iona McCollum, Loraine, 100; Marguerite Armstrong, Westbrook, 99; Veta Bell, Valley View, 99; Mildred Johnston, Westbrook, 86.

There are prizes for the members of the winning teams only, and these prizes have already been sent out.

Essay writing Class A—Elizabeth Terrill, Colorado high school.

Essay writing Class B—Entry of Westbrook.

Essay writing, Ward school—Mary Dixon Smith.

## LOT'S WIFE LANDS LOCAL NEGRO INTO DEEP TROUBLE

From Sweetwater Reporter: Looking for all the world like a steam roller had attacked him on the blind side and carrying a load of vanilla extract that was unevenly balanced, John King, negro porter,

## THE LOAF YOU LIKE

Each day with unfailing regularity, you can obtain at your regular source this bread of ours. The finest materials go into it. The highest skill and workmanship stands behind it. Our busy and carefully tended ovens work steadily to turn out the even grained and sweet creamy heart surrounded by the richly browned crust that so many love. Day after day, month after month, our bread knows little change. The nutrition is high, and such value is included in your daily loaf as is in no other food at the price asked. It pays to use our scientifically baked bread.

## HURD'S BAKERY

"Your Grocer Has Our Bread Fresh Every Day"

staggered into the City Hall Thursday afternoon, closely trailed by Buck Johnson, and explained "how come" a flock of knots to suddenly protrude on his dome.

"We niggers is members of de same church," King told Judge Yantis. "And we wuz jes' havin' a frenly argument on de scripture when Raz hauls off and busted me 'tween de horns."

"Who hung that croquet ball on your head?" he was asked.

"Raz Mingo. He acted like he wuz Cain and I wuz Abel. Jes' cuz I said Lot's wife wuz too curious," King exploded.

"How many times did he strike you?" queried the judge.

"That nigger ain't never struck me—he hauls off and busts me in

the talking organ; this knot on the back of my head is where I lit on the grouch' and thissun on the front is where I bounced."

Both colored gentlemen were fined \$12.75 and advised to study law.

Apply Ballard's Snow Liniment to joints that ache. It relieves bone ache, muscle ache and neuralgic pain. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by all druggists. 4.31c

BABIES VS. POODLE DOGS.

Under the above caption, The Record recently carried an editorial on the housing problem in Colorado, making reference to a certain Chicago landlord who required that tenants leasing an apartment from him must have one or more babies in the family.

"Hulet of Schenectady." A heavy set grandfather, not a gray hair visible despite his 50 years, squinting pleasantly, engaged in the business of building homes for nobody except those who have five children!

He can't read or write, but he can build from 1000 to 2000 homes a year. Tulett has three children and two grandchildren.

Hulet is his business name, and the way he thinks himself—his first name is William—has been in business in Schenectady for 16 years. He said today:

"I think the census of these houses would show 10,000 children. You see there must be five children to start on. That's in the lease, and the tenant has got to swear he has five or more—that's only the minimum. But I go 'em one better! For every child born in one of my houses after they move in, I cut 32 off the monthly rent. In one house there are 11 children. One child will get rent free if they have another child before that time is up. My agreement is for five years."

Hulet's scheme has been working so well that he is now getting out on another angle by taking a bill into the legislature to forbid landlords refusing to let homes because tenants have children. His bills also provides for insurance for the property rented against damage by the children. He thinks this insurance can be purchased in the same manner in which liability insurance now is purchased for automobiles.

At present he is only able to guarantee a family protection from grasping landlords for the five-year period of his lease. He explained: "About five years ago I ran into on. Property renting is more a matter of getting acquainted with the tenants, and I think any landlord should be well acquainted after a period of five years. Maybe the children will be desirable and maybe they won't, but the good ones won't be condemned with the bad."

BUILDING COTTON MILLS.

Mexia has subscribed \$500,000 to build a cotton mill, and work on the plant is to be started soon. Marble Falls will soon have a \$750,000 mill under way. El Paso is erecting a large mill. San Antonio, Austin and San Marcos are considering plans for cotton mills. Nearly twenty other Texas towns are seriously considering such an undertaking. When Texas once goes to converting its raw material into manufactured goods, an era of prosperity will begin that will quickly make it the most prosperous state in the Union. For the first time in its history, Texas now has sufficient capital to build the necessary factories.

dustry at Colorado has been discussed through these columns several times. Mitchell County, the producer of the champion staple cotton in Texas, should by all means provide the means of manufacturing this important raw material into the finished product. We have the capital and the raw materials. To combine them and give to the world a finished product would be a long step in the direction of capitalizing our resources. Why should we market a bale of cotton for \$150, when by manufacturing it into choice finished products, it will sell for \$1,500 to \$5,000?

TREES AND PAVEMENT

At Colorado, in West Texas, they are cutting down 45-year-old shade trees where paving extensions are being made on principal streets. There must be a great deal of regret whenever any city in West Texas, where the value of a tree can not fail to be appreciated, finds it necessary to destroy trees that have attained the beauty and utility that comes with almost half a century of growth. It goes without saying that nothing short of paramount necessity should be permitted to decree their destruction.

Streets might be a little less serviceable where trees restricted their width, but certainly more beautiful if the shade was permitted to remain. And it is an open question whether, on the average, there would not be more loss from the subtle influences in contemplation that a tree yields on human life, than gain from the altering of the face of the earth in order that men on wheels may move faster. We have more than enough of speed, of hurry, and not enough of realization of the beauties of nature.—Fort Worth Star-Telegram.

COLORADO'S PAVED STREETS

Colorado's paved streets, enhanced by a beautiful white way street lighting system, looked like a million dollars.—Sweetwater Reporter. The above bouquet is an editorial musing of Editor Shurt of the Reporter in giving some of his impressions of this city while here Wednesday of last week with the Sweetwater trade trippers. The paved streets in Colorado is without doubt, one of the real attractive assets of the city, as newspaper men over West Texas and visitors here have singled out this improvement in speaking of the program being carried out by Coloradans to build a city.

COTTON MILLS.

The situation in the textile industry in the United States is pregnant with possibilities. The heft of the mill men from Massachusetts and New England has begun, and will increase to the proportions of a migration within the next few years. They have discovered that cotton lint can be made into loom products cheaper when the mills are located near the cotton fields. Hundreds of manufacturers of New England are combing the cotton states for a promising location for their machinery, having already reached the decision to move their mills. Heretofore, they have looked as farther than the Carolinas and Georgia. But these sections now are overstocked with cotton mills. They consume more cotton than they produce, thus bringing in again the factor of the long haul of cotton in the raw state, which helped to make the New England manufactory unprofitable. Texas cotton staple is longer and stronger than that of the Southeast. Most of those mills as well as the New England mills which make fine fabrics are using Texas cotton now. What more natural than that the mills planning to move should make one jump and set themselves down in the territory from which their supply of materials must come?

Thus far, the arguments of Texas are the place for cotton mills apply equally to all the cities and the towns of the State. But, the outstanding feature of the cotton producing map today is the extraordinary development of the high weevil-free lands of West Texas. This almost limitless area, in all likelihood, before 10 years have passed, will constitute the heart of the cotton growing country. Here the best bet for the

cotton mill man in the world, close to the supply and with cheap and easily available fuel, with high-class American labor, untouched by the Bolshevism that has permeated the foreign born labor of New England.—Fort Worth Star-Telegram.

BRIEFS BY CABLE, WIRE, WIRELESS

Great Events That Are Changing the World's Destiny Told in Paragraphs

DOMESTIC

The secret of making English bank note paper has been kept for 200 years.

A queer stone lamp, recently found in Alaska, is believed to have been brought by Mongolians of Asia several thousand years ago.

Scores of cases of rye, wines and liquors, consigned to foreign embassies in Washington, D. C., arrived in Boston on the Leyland line steamship, Belgian.

None the worse for their 2,000-mile trip, 2,000 common house flies have arrived in Boston from Dallas, Texas. They will be used by a manufacturer in experiments with a fly-catching device.

Automobile bodies made from a fabric in France eliminates noises common to those manufactured from metal and can be built for about 10 per cent of the cost of metal car bodies.

Automobiles are more heavily taxed in France than in any other country in the world. Owners of passenger cars pay 269 per cent more than in New York and 418 per cent more than in Ohio. The amount paid in taxes by motorists of 380,000 cars to the French Government is \$21,000,000 francs.

Ten years from now, according to the law now in effect, we may expect to have 200,170 miles of completed, well paved highways in this country. At present there are only about 27,000 miles of such roads. The Federal-aid system calls for this work in cooperation with the States.

According to statistics compiled by an institution in Chicago, there are 4,300,000 horses still in the cities of the country, and 62,254 of them work in New York. During the decade between 1910 and 1920 the automobile forged steadily to the fore, while the horse population dropped. But now, in Philadelphia, for instance, a survey shows an increase of 20 per cent.

Pedestrians have every right to walk in the road and can collect damages if injured, the Third District Court of Appeals ruled. The court held that the old English common law for the protection of pedestrians is in force today in California. Charges of negligence can not be made against the pedestrian for carelessness.

One of the newest types of motor vehicles operated in the residential and rural districts of Detroit, Mich., is the "motor-taxi." The middle grocery store is large enough to carry on display a complete line of provisions fully comparable with the stock carried by the average small-chain grocery store. The new enterprise is said to be very popular with women, especially on rainy days, when the advantages of chain store prices can be enjoyed at the curbstone in front of the home.

WASHINGTON

Completion of all construction work on the eight American military cemeteries in Europe by May 30, Memorial Day, was forecast in a report received by Maj. Gen. Wilbert from quartermaster corps officers overseas in charge of the work. The reports show that 39,409 American World War dead now rest in the six cemeteries in France and the two in England and Belgium. The last of the dead to be removed to the United States has been returned.

Immediate independence of the Philippine Islands, sought by special commissions to the United States, would be a "serious blow to Western civilization," and a "dreadful betrayal of our trust," Gov. Gen. Leonard Wood said in a report made public by Secretary Weeks. "I sympathize deeply with the desire of the Filipino people for independence," Gen. Wood said, "but know they are not yet prepared to assume its responsibility, either from the standpoint of instructed public opinion, preparedness for defense, or common language or economic resources."

Without a record vote, but with no one dissenting, the House of representatives wrote into the new immigration restriction bill a provision barring Japanese and abrogating the "gentlemen's agreement" with Japan.

The joint resolution adopted by the House of Representatives authorizing the leasing of \$1,000,000 from the Treasury to farmers of New Mexico was denounced by Representative Blanton, who characterized it as a political move to control the general election in that State.

The Supreme Court held Nebraska's minimum and maximum bread weight law invalid.

Secretary Wilbur announced a new policy designed to prevent leases similar to those granted under former Secretary Denby.

Another appropriation bill has been passed by the Senate and sent to conference. It carries approximately \$400,000,000 for the independent offices of the Government.

Forty-seven years ago Moore Faucette, now an inmate of a county poorhouse at Efland, N. C., got a money order for \$4.50. The post-office department has just made payment of the order—without interest.

The condition of James Couzens of Michigan, confined at his home here by a severe intestinal attack, continues to improve, according to attending physicians. As a result, an operation, at first regarded as immediately necessary, has been postponed.

Complete reorganization of Federal reclamation work is "an imminent necessity," Secretary of the Interior Work said, as he sent to Congress the report of his special advisory committee, which for several months has been studying the reclamation problem.

A joint resolution introduced by Representative Howard of Oklahoma calls for appointment of a joint Congressional investigating committee to inquire as to all departments, bureaus, boards and commissions of the Government to ascertain if any can be abolished and to inquire particularly as to duplication of work.

The Senate Agricultural Committee directed Chairman Norris to request Henry Ford to appear in person or through an authorized agent during the hearings on Muscle Shoals and explain some features of his bid. The committee also agreed to extend the hearings until April 29, to permit Gov. Pinchot of Pennsylvania to testify.

Senator Morris Sheppard, following a conference with Secretary of War Weeks, wired R. Wright Randolph, secretary of the Chamber of Commerce, Brownwood, Texas, that the first squadron of the Fourth cavalry, together with two airplanes, would be sent to Brownwood to the convention of the West Texas Chamber of Commerce.

General revision of the national bank act is advocated by Comptroller of the Currency Dawes before the House Banking Committee. Handicaps and disqualifications put on the law by the survival of antiquated provisions, inconsistencies in the law and legal limitations, he said, should be removed. He testified at a hearing on the bill by Chairman McFadden, which seeks to revise the national bank act.

Forty-five thousand acres in Ector, Crane and Glasscock Counties have been placed at the disposal of the geological survey in explorations for law potash, by Will P. Edwards, president of the West Texas National Bank of Big Spring, in a telegram to Senator Morris Sheppard. Senator Sheppard is asking for an annual appropriation of \$500,000 for five years to enable the geological survey to prospect for raw potash, and \$50,000 annually during the same period for the Bureau of Soils of the Agricultural Department to experiment in obtaining from waste and other substances.

FOREIGN

Amidst impressive ceremonies, the Australian battle cruiser Australia, has been sunk under the terms of the Washington conference treaty.

The night-lit Napoleon were on his deathbed, the glass from which he took his last drink, a piece of his coffin and other relics which were to have been sold at auction have been purchased privately and turned over to the Malmaison museum near Paris.

France will retain the Ruhr and the Ruhr guarantees until the experts' plan is executed, Premier Poincare declared in a speech, in which he discussed the experts' report. The Premier said France would not withdraw from the Ruhr until full payment is made.

American tire factory which will import from America the necessary raw materials has begun operations in Nazareth. The factory will supply the great demand for American tires in Palestine, which arises from the fact that the majority of the automobiles used there are of American make.

Dublin's long conference regarding the status of American consular establishments in Turkey, the American High Commissioner Rear Admiral Bristol has been informed by Viscount Grey, Minister of Public Instruction, that the Government had definitely decided to close all foreign schools where religious education was given.

The county council of London, England, is considering issuing a warning that in five years no horses will be allowed on the streets. This is proposed because horses serve to slow up the faster motor traffic and are a common source of street congestion.

A strong earthquake shock about 6,500 miles distant has been registered by the Florence seismograph. The shock was also registered at Leghorn, where recording instruments were damaged by the violence of the vibration.

DO YOU HAVE AN ACHE OR PAIN OF ANY KIND? Would you like to get relief and have the cause of your ailment removed by harmless natural means? If so, why go elsewhere for relief, when, at less cost, you can obtain in the City of Colorado, Texas, service second to none? If your ailment is one of an old chronic character, then a reasonable period of time will be essential in perfecting the equation of things; however, if you have my attention for ten days in succession and you are not pleased, I will be glad to return every cent you shall have paid me. Be your own judge. Give nature a chance. TO THE RIGHTEOUS WILL TO THE HELPFUL HAND TO THE KNOWING MIND NATURE'S WAY IS GRAND. C. H. LANE J. W. ### IN SOCIETY AND AT THE CLUBS

**Thrill Club.**  
The Thrill club met with Alice Bozeman Thursday. Miss Sealy and Mrs. Whipkey were guests. The roll call was answered by health hints. Mrs. Whipkey gave a lesson on Know Your County. Miss Sealy talked on different kinds of foods and Mrs. Whipkey Malnutrition. The hostess served punch and cake. The next meeting will be with Mrs. Will Berry.

**1921 Study Club.**  
The 1921 Study Club met with Mrs. Quinney with Mrs. J. T. Pritchett as leader. Papers were read by Mrs. J. T. Pritchett, Mrs. Ed Jones and Miss Smith. The hostess served sandwiches, iced tea, potato chips and candied orange. Mrs. Moody was a guest. The next meeting will be with Mrs. R. H. Ratliff.

**Birthday Party.**  
Mrs. Jack Smith honored her little daughter, Lena's seventh birthday by having the little neighbor children come play with her. After many interesting games on the lawn they were invited in the house to see the birthday cake and gifts brought by the little guests. Two kinds of cake and gelatine with whipped cream were served.

**Hesperian.**  
The Hesperian club met with Mrs. Sam Majors. Mrs. Barcroft led the lesson on Oliver Wendell Holmes. "The Autocrat." Mrs. Dawson gave a paper on the poems in the "Autocrat" Topics on Holmes as a poet by Mrs. Sam Majors, as a conversationalist Mrs. Jones. Mrs. Ratliff read and gave the interpretation of "The Deacon's Masterpiece." At the social hour the hostess and daughter served creamed chicken in patty cases, creamed potatoes, perfection salad, hot buttered biscuits, nut cake and iced tea. Mrs. R. W. Mitchell was a guest. Mrs. Sadler will be hostess this week.

**The Standard.**  
The Standard met with Mrs. M. Carter. Mrs. Sherwin led the lesson on Brazil. The course of study for next year was selected. It will be Julius Caesar and Texas History. The hostess served ice cream and cake. The meeting this week will be with Mrs. J. H. Guitar.

**Delphian Chapter.**  
The Delphian Chapter met last Thursday. Mrs. J. C. Hall led the lesson on early Rome. A "Sunshine" box was planned for one of the members who was leaving for the Sanitarium. Eggs were promised for the Easter egg hunt to be given for one of the adopted schools. The next lesson will be on Rome; Its Grandure and Decay

**Mission Study.**  
The Baptist women met at the church Monday for the monthly mission study. The lesson, led by Mrs. Watkins, was on South America. The round table discussion was tithing. Mrs. Huth and Mrs. Morgan were hostesses and after the lesson invited their guests in the Sunday school room and served iced tea, and little cakes.

Buy Your Oil and Gas at  
**W. R. Morgan's Filling Sta.**

We will appreciate your business  
Across St. South Presbyterian Church.

**Th Shakespear.**  
The Shakespeare club met with Mrs. Tom Stonerod. Mrs. Jerold Riordan led the lesson on Love's Labor Lost and Current History. At the social hour the hostess served chicken a la king, sandwiches, French potatoes, pineapple salad, iced tea and angel food. The next and last meeting of the year will be with Mrs. E. F. King.

**Young Women's Circle.**  
The Young Women's Circle met with Mrs. J. H. Greene on Thursday. An interesting lesson on "The Ministry of Women" was led by Mrs. Greene. Mrs. Ray Richardson, Mrs. J. F. Morris, Mrs. Thorpe and Miss Benton were received as new members. Misses Edith Simpson and Ara Bohannon were guests. The hostess served punch and cakes. The next meeting will be with Mrs. Simon.

**THE LITTLE THEATRE.**  
For its first program, the Little Theatre of Colorado, which was recently organized, will present three one-act plays at the American Legion hut, Tuesday night, May 6th. Following the purpose of the Little Theatre, there will be three varieties of plays, the first a fantasy to please the eye and ear, this being "A Fantasy of Flowers" by Mrs. J. H. Guitar and dedicated to the Colorado American Legion, the second a comedy with a lesson, entitled "He Said and She Said—" and the last a comedy to leave the audience in a cheerful mood, this being "The Florist Shop" a Harvard 47 Workshop production. The entire proceeds of the performance will go to the American Legion.  
This the first of the Little Theatre's programs is open to the public, but hereafter private performances for members only will be given with an occasional big program for the public. The membership drive is not yet closed and anyone wishing to become a member may do so provided he acts promptly.  
An account of the cast of the first plays will be given later.

**Easter Party.**  
On Saturday afternoon from 4 to 6 the Juniors of the Methodist church were hostess to the entire basement Sunday school children and many little friends in a great "egg hunt" on the lawn at Mrs. W. H. Garrett's. More than 70 children enjoyed the occasion including teachers and a few mothers. Eggs were found and hidden the second time. A prize given to the one finding most, then all were seated on the grass while the resurrection story was told. Miss Estha Lawlis told a real rabbit Easter story which all enjoyed. Eggs were distributed equally. Virginia Stonerod, Rosalie Leslie, Ernestine Jones, Exa King, Nelda Garrett, served iced lemonade and cake.

**Better Homes Week.**  
The clubs of Mitchell county are to observe Better Homes Week May 11 to 18. Mrs. Jerold Riordan is chairman of this work and is planning, with the co-operation of all the clubs over the county to make an interesting and helpful program of it. There are several up-to-date modern homes over the county and the intention is that others may catch the spirit and have more modern homes.

**Harmony Club.**  
The Harmony Club met with Mrs. A. E. Barcroft Tuesday. Besides the members her guests were Mesdames. T. W. Stonerod, J. G. Merritt, Edgar Majors, E. F. Dulaney and Miss Lawson. The hostess served sherry two kinds of home made cake and California candied fruit. The meeting will be with Mrs. F. E. McKenzie next week.

**Auxiliary to Legion.**  
The Auxiliary to the American Legion met at the new hut Saturday. Besides the regular business plans were made to continue the membership drive till time of meeting in Brownwood. The curtain for the stage, shades and dishes were reported paid for with a balance of \$78.00 in the treasury. Mrs. Roy Dozier was hostess and served fruited ice cream and cake.

**Merry Wives**  
Mrs. Sam Wulfjen was hostess to the Merry Wives Wednesday at the home of her sister, Mrs. E. H. Winn. After several interesting games of Mah Jong the hostess took her guests to the Alcove for refreshments. The meeting next week will be with Mrs. Chester Jones.

**Cemetery Association.**  
As spring approaches and every thing takes on a new appearance the cemetery association is planning to make the cemetery, the sacred spot, to hundreds, a place beautiful to the eye. Some of the things that will be done immediately are a sexton to give his entire time to the grounds and water to be piped to the cemetery fence so as those who wish water can extend the line to their lots. In

order to do those things most satisfactorily it will be necessary for a full co-operation of the entire membership. If this is given the work will go on uninterrupted. The association asks for your co-operation. Will you give it

**Junior Missionary**  
Thirty-two bright faced jolly juniors met at the residence of Mrs. Rube Hart on last Friday afternoon in their monthly missionary study meeting. Talva Mae Hart led the devotional after which the children were practiced in their Easter songs. Ellis Smith gave us the shavings from our Wesley House in Mexico. Margarite Stoneham told the story of "Sis Arm Chair" going to the fair. These were interesting and instructive. Our regular mission study was conducted by Mrs. Garrett. Two new members were enrolled. Three visitors. Hostess served cakes and lemonade.—Reporter.

### SHERIFF'S SALE.

**THE STATE OF TEXAS**  
County of Mitchell  
Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Brown County, on the 31st day of March, A. D. 1924, by Chas. S. Bynum, Clerk of said Court, on judgment rendered in said Court on the 12th day of February, 1924, for the sum of Seven Thousand Five Hundred Fifty-five and 68-100 Dollars and costs of suit, in favor of G. W. Plummer in a certain cause in said Court, No. 4426, and styled G. W. Plummer vs. Marcus Snyder, placed in my hands for service, I, I. W. Terry, as Sheriff of Mitchell County, Texas, did, on the 8th day of April, A. D. 1924, levy on certain Real Estate, situated in, Mitchell County, Texas, described as follows, to-wit:

The west one-half and the southeast one-fourth of Survey No. 3, (W. 1/2 and S.E. 1/4 of S) in Block Number 29, Township 1 South, Texas & Pacific Railway Company Surveys, Mitchell County, Texas, and levied upon as the property of Marcus Snyder and that on the 1st Tuesday in May, 1924, the same being the 6th day of said month at the Court House door, of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Marcus Snyder.

And in compliance with law, I give notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 9th day of April, 1924.  
I. W. TERRY,  
Sheriff Mitchell County, Texas, by  
C. E. Franklin, Deputy. 4-25c

J. P. MAJORS COLORADO, SWEETWATER

CHORAL CLUB HAS ANNUAL CONCERT

Before a well filled theatre the Sweetwater Choral Club, ably assisted by members of the Snyder and Colorado Clubs, under the direction of Prof. Thos. Dawes, Sunday afternoon gave a splendid program at the Palace Theatre.

With just the right amount of Variety on the program, including eight well selected numbers, drew continual and merited applause from an appreciative audience.

Mrs. George Gray opened the program with a solo, "Dainty Daisies," by W. J. Marsh. This beautifully rendered solo drew forth a burst of applause that marked each song until the final number, "La Serenata," sung by the entire assembly.

Following the second number, F. N. Lohr's "Swing Song," by members of the three clubs, Miss Ruby Hemby sang the "Gypsy Trail" in her own inimitable manner.

The "Indian Love Song," sang by the clubs struck a responsive chord and was furiously applauded as was

a piano solo, "Scherzo Valse," by Mrs. Jay Ingram. Then came the Cycle of Songs, "Peter Pan," by the clubs, followed by the beautiful "A Spirit Flower," sung by Mrs. Carl Ragland.

But a single number of the Snyder Choral Club was present, Mrs. W. Morrow, while Colorado was represented by Mrs. Thomas Dawes, Mrs. F. B. Whipkey, Mrs. Stanley Van Tuyt, Miss Isla Tilley and Miss Catherine Buchanan. Members of the Sweetwater club included Mrs. Jno. Hubbard, Mrs. George Gray, Miss Ruby Hemby, Mrs. Jay Ingram and Mrs. Carl Ragland.—Sweetwater Reporter.

IN MEMORIAM

Of Brother J. C. Prude, who died Friday, April 11th, 1924.

Whereas, it has pleased Almighty God to remove from our midst Bro. J. C. Prude to the Supreme Lodge above where labor is no more, where sorrow ceases and troubles are over. Be it resolved, that we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict from the east, yet we shall never meet at the altar of Masonry, until we gain admission into the Celestial Lodge on high, where he has preceded us; and we deplore his loss to the fraternity, and his family and his friends.

He was a just and upright Mason, a useful citizen, a sincere friend and obliging neighbor, a man who endeavored always to perform every duty to his God, his country, his family, his Lodge and himself, faithfully and well.

Resolved that in token of our sincerity, friendship and sympathy in this dark hour of his great affliction, and as a pledge of our fidelity to the memory of our deceased brother, we extend to the bereaved family the fraternal right hand of free and accepted Masons, and with the assurance that the great light given of God to man, will guide us and them safely to that spiritual building, this house not made with hands, eternal in the heavens, where the broken circle shall be reunited, never again to be parted, and where we shall dwell together in peace and happiness forever and ever;

Resolved, that a copy of these resolutions be spread upon the minutes of the lodge, a copy furnished the bereaved family of our deceased brother and a copy furnished the newspaper for publication.

Respectfully submitted, H. E. GRANTLAND, G. B. SLATON, T. W. STONEROAD, Jr. Committee.

COLORADO 18 YEARS AGO From the Colorado Record, April 27, 1906.

County court was called last week and County Judge W. B. Crockett presided with ease and dignity. The criminal docket was taken up first.

On Wednesday we noticed cotton on the streets like fall of the year. Colorado received 85 bales by wagon on Wednesday and lots of farmers report not done picking yet. Corn is up and looks fine. Cotton is being planted just as fast as they get last year's crop picked off the ground.

The Tennis Club.

A number of the members of the Tennis Club met last Thursday evening at the home of Mr. and Mrs. H. B. Smoot and were royally entertained by the Smoot family. These affairs have frequently been given by Mr. and Mrs. Smoot, but the one last Thursday evening eclipsed all previous affairs. The affair began promptly at eight o'clock. Refreshments were served in the beautifully decorated dining room, and probably fifty plates were laid. After the guests had eaten, they all repaired to the parlor where they were treated to some really fine music and singing by Miss Ruth Nichols and Miss Ophelia Arnett, and a recitation by Miss Lottie Henry. The occasion was in honor of Master Joe Smoot's birthday. Joe has seen several moons but he refuses to say how many. A birthday cake was cut and the ring fell to Miss Bessie McMurry, and the dime dropped to Miss Lottie Henry. Mr. Richard Galbraith and Miss Ophelia Arnett were the first prize winners, and the consolation prize fell to Miss Mattie Shuford. A very pleasant evening was had by all.

Snyder is seeking construction of an interurban from there to Colorado. Such a road would be a paying investment and would mean much.

The Record man was in Dallas last week and while at the depot waiting for his train, a man stepped up to the ticket window and said, "I want a ticket out on the T. & P. road to the town where they are going to locate that Methodist college." The agent at once sold him a ticket to Colorado without asking a question.

Mrs. Dr. Phenix Entertains. Mrs. Dr. Phenix pleasantly entertained the faculty and board of trustees of the Colorado High school last Thursday evening. The affair was a grand success from start to close. Refreshments consisting of sandwiches, pickles, coffee and straw berries and cream were served at a late hour.

The dining table was very prettily decorated in roses and lilies. Among those present were: Profs. Yoe, Stern Ellison; Messrs. C. M. Adams, Robert M. Webb, J. E. Rogers, Neal Gross, John Basden, W. B. Crockett; Misses Ella Dry, Willie Shepherd, Mammie Riordan, Jeannette Roe, Clara Reaville, Tommie Clack, Lillian Davis, Minnie Thornberry.

Mrs. Bailey Entertains. Mrs. A. A. Bailey entertained a number of the members of the Standard Club in a delightful manner last Friday evening. The evening was spent in social conversation and with music. Delicious refreshments were served at 6 o'clock. Those present were Mesdames R. H. Looney, F. M. Burns, J. E. Riordan, N. S. Sherwin, P. C. Coleman, W. B. Crockett, Mrs. Meeks of Dallas and Misses Cora Looney and Maud Edwards.

The scholastic census of the county has been completed and the records show twenty-five hundred sixty-eight Of this number eleven hundred ninety are credited to the Big Spring Independent school district and thirteen hundred seventy-eight reside in the county outside of the aforementioned district. Of the 1378 all are white except one; one negro boy being listed in this census of the county.—Big Spring Herald.

Don't Blame The Hen!

Whose fault is it if your hens don't lay eggs? Before you blame the hen ask yourself these questions:

- 1. Am I feeding a proper egg-making ration?
2. Is it manufactured by scientific authorities?
3. Am I sure the feed is always uniform?
4. Has it been proved by others in practical tests?
The way to answer yes to all four questions is to feed Purina Chicken Chowder and Purina Hen Chow—made and guaranteed by feeding authorities, proved by millions of poultry raisers. Sold in checkerboard bags by

# Your Next Car

## Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts. So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

### 11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

### The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us \$500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

The crankshafts are machined on

inch. And 122 are exact to one-half that.

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

### Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

### Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

\$1045

### 11.4% Less to Run

#### The Studebaker Light-Six Touring

Read the proof at the side. Built by the leading fine-car maker, for whose cars last year people paid \$201,000,000.

Each car, in the building, receives 32,000 tests and inspections.

Scores of extra values, due to quantity production in a model \$50,000,000 plant.

Built by a maker whose name for 72 years has stood for quality and class.

Built of the finest steels used in motor car building—the same as we use in our Big-Six.

all surfaces, as was done in the Liberty Airplane Motors. This extra care costs us \$600,000 yearly, but it means perfect balance in the motor.

More Timken bearings are used in this car than in any competitive car within \$1,500 of its price.

There are 517 operations in making this car exact to 1/1000th of an

WITH THE CHURCHES

THE METHODIST CHURCH

Sunday school 9:45 a. m. We had a good one last Sunday, 245 present. We want to make it 250 next Sunday sure. Let all the teachers look after all absentees this week. There is also plenty of new material to work on. We are going to have Sunday school day about the second Sunday in May and we have a most excellent program. And if we grow right good and get big enough we are also going to have a picnic some of these

days. Preaching at 11 a. m. and 8 p. m. At the morning hour we will weigh you and at the evening hour we are going to talk about those who talk about others. The ninth commandment.

We had two good congregations Sunday and received 14 members. The individual, the community, and the world expects something of the church. We must not disappoint that expectation. It is our divine call to service. Never before in the history of the world has the thought of leading thinkers turned to the church for relief as now. In this institution too, is the hope of all society and the whole world is fast coming to realize

it. My what an opportunity is ours. Shall we show the world the Christ, the truth and the way, or shall we stagnate? All are urged to attend our services.

J. F. LAWLIS, Pastor.

### FIRST CHRISTIAN CHURCH

Regular services will be held at the usual hour next Sunday. We have set for our goal in the Bible school the new mark of 125. We have been going over the 100 mark for some time. Easter was a good day with us resulting in great success throughout the country. Indications are there were more than the expected number of 100,000 additions to the Christian churches during the pre-Easter campaign.

The Hamilton-Burley evangelistic meeting which is scheduled to begin May 25th at the Tabernacle is assuming definite proportions. A large banner is being printed and will be stretched across the west end of the Tabernacle announcing the meeting. It was not deemed prudent to make this meeting a Union effort which we regret. However we are most cordially inviting all the good Christian people of Colorado to cooperate to the extent your conscience will permit. Hamilton and Burley are now at Topeka, Kansas, in a great meeting. There were nineteen conversions the first Sunday the gospel invitation was extended. This team of evangelists will do our city much good. Begin now to prepare to attend. The meeting here will continue for a period of three weeks. Colorado needs a revival.

J. E. CHASE, Pastor.

BAPTIST NOTES.  
Talk about days, we had one last Sunday. Two congregations that out-

shined any we have had since we came to Colorado. The Sunday school was up to the high water mark. The music was great. The octette of young ladies was simply grand. They will sing again next Sunday morning. In fact, the music is all up to any you will hear in all of West Texas and that means none better anywhere. If you missed last Sunday you will never know what you have missed. We are preaching a series of sermons at the evening services on "The Second Coming of Christ." We urge the public to hear this series.

M. C. BISHOP, Pastor.

### PRESBYTERIAN CHURCH

Sunday school at 9:45. We had a fine Sunday school last Sunday. Some new people present and some of the regular pupils were absent. If we could keep all our regular pupils there every Sunday and add new ones it would not be long before we would have a large Sunday school to report. The weather is getting good now and people are getting well—let everybody get back into their places and boost the work of our church in every department. All the Presbyterians in town are urged to come and help us. Preaching every Sunday at 11 a. m. and 7:45 P. M.

Sunday school at Horns Chapel at 9:30 every Sunday, Jerold Riordan, superintendent.

W. M. ELLIOTT, Pastor.

CHURCH OF CHRIST  
Elder M. L. Vaughan of Abilene will preach Sunday at 11:00 a. m. and 8:00 p. m. You are invited to hear him.

Epworth League Program

Quartette.  
School days—Arthur Grace.  
A Modern St. Paul—Elmer Pickens.  
The Silent Partner—Nelda Garrett Benediction.

### HISTORICAL SOCIETY FORMED AT ABILENE SATURDAY

A West Texas Historical Association was organized at Abilene Saturday afternoon with nearly one hundred persons from some half a dozen counties participating. The constitution adopted declares the purposes to be the collection and preservation of historical material pertaining to West Texas, the marking of historical places, and the encouraging of the study of history.

H. C. Crane of Sweetwater was chosen president; C. U. Connoles of Eastland, J. M. Radford of Abilene, D. N. Arnett of Colorado and C. A. Broome of San Angelo, vice presidents; Mrs. Dallas Scarborough and Rupert N. Richardson, both of Abilene, treasurer and secretary respectively.

Advisory members to represent the interest of the association in their respective counties were chosen as follows: Mrs. Geo. L. Langston, Cisco, for Eastland County; R. E. Sherrill, Haskell County; Mrs. L. C. Vinson, Nolan County; W. C. Holden Taylor County; Jno. R. Hutto, Leuders, Jones County.

It was voted that the center of the association be held open for a period of three months in order that others may join as charter members. Headquarters are to remain at Abilene, but meetings may be held at other places by direction of the executive committee. A historical publication will be launched as soon as practicable. The executive committee are anxious that all persons interested come into the organization at once and participate in its work.

### Class Party.

Mrs. Jerold Riordan entertained her Sunday school class of boys at her home last Friday after school. A business meeting was held and the following officers elected: George Tate, president; Thelmar Dearing, vice president; Travis Daughtery, secretary; Robert Dolman, treasurer; Marion Watson, chairman membership committee. After games and an Easter egg hunt refreshments were served.

### TO THE VOTERS OF MITCHELL COUNTY:

I take this means of announcing my candidacy for the office of County School Superintendent of Mitchell County.

I have lived in Mitchell County during the last five years, having been principal of the Colorado high school during the said five years, and have been closely associated with all phases of the schools of the county.

I hold a diploma from the West Texas Teachers College at Canyon, Texas. I am the son of a teacher, and believe that by inheritance, training, and experience I am qualified to fill the office to which I aspire. If elected, I shall serve the people of the county to the best of my ability. I ask a fair consideration at the hands of the voters of the county, who, I believe when they know the facts, will give that consideration that each candidate is entitled to receive.

The office of County School Super-

intendent is certainly one of the most important offices to be filled by the voters, and I believe that the qualifications of each one who asks to be elected to this office should be closely considered. I invite the men and women of the county to investigate my qualifications and after having done so, if you feel justified in giving me your support, I shall show my appreciation, if elected, by giving my whole time and best ability to the interests of the schools of your county.

The Colorado schools will close on May 16th, therefore, I can not begin an active campaign until after that date, but between that date and the July primary, I shall endeavor to see each voter and solicit in person his or her support.

### "SAID I WAS INCURABLE"

Ferrasal Brings Relief After 25 Years. Physicians are beginning to agree that a majority of our health troubles are caused by some form of Colitis. It has been found that Colitis causes kidney trouble, rheumatism, high blood pressure, bad blood, boils, pimples, acne and even tuberculosis.

A physician discovered a preparation known as FERRASAL, which will dissolve the food wastes in the Colon, heal the mucus lining where broken down and eliminate the accumulated poisons. It also aids digestion, keeps the kidneys regular and is absolutely harmless. It proved successful with hundreds of his patients and now FERRASAL can be purchased at your drug store.

Take FERRASAL regularly night and morning for a month. It will do the work for you or your money refunded.

"AM A WELL MAN."

"I suffered for 25 years with Measles Colitis and in addition had chronic constipation and auto-intoxication. I was told that my condition was incurable. I started taking FERRASAL last April and was benefited from the first box. Gradually my health is fine. I am a well man and FERRASAL did it."

"J. W. LOOMAS."
