

BISHOP DELIVERS APPEAL FOR CONSECRATED SERVICE

Reading two texts, one written by Paul and the other by Solomon, defining the imperative requirement of consecrated service, prompted by love for the objective sought, Rev. M. C. Bishop, pastor evangelist, delivered a strong appeal Sunday morning for co-operation of all Christians in the Baptist revival which was opened for fifteen days at Union Tabernacle.

The minister delivered in this sermon one of the strongest challenges for active Christian work heard in Colorado for some time. He drew a beautiful verbal picture of such a service as illustrated in the life of Christ and of several of the prominent characters who live in the Bible.

Declaring that the social standing of the individual or community was not to be considered in the campaign of soul winning, Bishop threw down the challenge to the Christian people of the community to demonstrate their love of Jesus Christ during the revival by extending love and Christian fortitude to the lost of Colorado and surrounding country.

The church member who possesses an unclean life in the calendar of God's record came in for strong rebuke by the minister. "We have at Colorado one of the best hospitals in the country—an institution well equipped and manned by men who are well trained in the profession. If you or I should go to that institution for an operation and the surgeon would start the work with an old, dirty, rusty knife, we would immediately raise a howl and demand that the instrument be thoroughly cleansed and sterilized," he said. "This must be made applicable in a sense to the lives of you and I during this revival campaign. If there is anything about your life which is unclean and to be classified as objectionable by the man or woman you would reach, the first thing for you or me to do is to cleanse our own lives and then extend our influence to others."

The speaker, continuing this subject, denounced the harmful effects upon the church and the cause of religion which might be brought into the very life of these institutions by self praise and unwarranted condemnation of others. The story of the woman caught in adultery and brought before the Master by her accusers was cited by the speaker. Through recitation of the entire story, as to how the woman was accused and then left by her accusers when the Master suggested that those who were without sin stone her, Bishop drew a beautiful conclusion showing the importance of love for the soul of the lost, no matter how low into sin it may have drifted.

Tuesday morning the minister stressed the importance of prayer as the connecting link joining the work of individuals with the touch of Divine saving grace in consummating a great revival. That Christian people should be faithful and persistent in prayer was stressed, the story of the prophet who prayed for rain during the time of Ahab being cited as an example of what may be accomplished by the consecrated man or woman who is not afraid to continue their supplications for divine favor.

"But praying means more than mere recitation of a supplication to the Father in Heaven," he stated. "Before the prayer of any man or woman may be expected to obtain a hearing before the portals of glory, that man or woman must first obtain the proper relationship with the Father." His auditors were urged to center their interest about the revival and the unswerving of this community and work with a zeal for a successful meeting.

"It was not the big thing in the life of Christ that he was able to rise from the dead," Bishop declared. "The bigness of the Master was in the fact that he could weep with His friends at the grave of a departed loved one and was touched when the down trodden of earth crossed His pathway." Such a spirit

(Continued on page 2)

ABILENE BUILDING-LOAN ASSN. ENTERS COLORADO

The Abilene Building and Loan Association, with a capitalization of \$2,000,000 and strong cash assets, has completed arrangements for entering Colorado and advancing loans for the building of homes here, C. W. Gill, secretary of the organization, stated while here Saturday. Gill stated that the conditions to be met by Colorado had been fully complied with and that his association was ready to receive applications for loans.

Several months ago the need of facilities afforded by a strong building and loan association was recognized by the Colorado Chamber of Commerce and Lions Club and together the two organizations made extensive investigation as to the best plan to adopt here. By reason of the fact that the Abilene association had a large cash asset and was found to be one of the strongest building and loan associations of the country, the offer of the concern to enter Colorado was finally accepted.

"The Abilene association has contracted to advance without delay all loans in Colorado which may be approved, while if the city had organized an independent organization, we could not have advanced loans until funds with which to pay them had accumulated in the treasury," a representative of the Chamber of Commerce stated.

A local committee composed of Col. C. M. Adams, Judge C. H. Earnest, J. H. Greene, T. W. Stone-rod, Jr., and Joe H. Smoot has been named by the concern to handle applications for loans here.

ADDITIONAL ARSENIC FOR HOPPER POISON RECEIVED

Another shipment of arsenic for use of cotton farmers in the Colorado territory in combatting the grasshopper menace was received by the county farm agent here Tuesday. The agent stated that more than three barrels, averaging about 700 pounds each, had been sold during the past few days.

It was believed a few days ago that the hoppers were to soon disappear, but recently they have again appeared in the fields in some communities in large numbers.

NEW DRUG BUSINESS TO OPEN HERE AUGUST 1ST

A drug business is to be opened in the M. Carter building now occupied by the Alceve Confectionary, about August first by a firm organized in Colorado this week by Milburn Doss of Mingus and Ford Merritt and Joe Grant of Colorado. The concern is taking over the Doss drug stock and fixtures at Mingus which are to be shipped here. The new drug store will be one of the most attractive in this section of West Texas, according to claims of Joe Grant, member of the firm. None of the fixtures now being used by Merritt & Grant in the confectionary are to be used in the new store. The building has been purchased as the permanent home of the new enterprise.

This new store will give Colorado four drug stores, and each of the three stores now operating here are attractive and carry large stocks. Milburn Doss is a son of Mr. and Mrs. W. L. Doss of Colorado and was reared in this city. He has been in the drug business at Mingus for some time.

METHODIST REVIVAL TO BE HELD DURING AUGUST

Definite date for holding a revival campaign was named by members of the First Methodist Church Wednesday evening at a conference convened at the church. The revival is to open Sunday, August 13th, and continue fifteen days.

Dr. J. W. Hunt, president of McMurry College, Abilene, will do the preaching. The Methodists had previously planned holding their revival campaign early in September but changed the date in order to obtain the services of Dr. Hunt who could not be here during that month. Announcement of the musical director is to be made within the next few days.

LARGE DELEGATIONS HERE TO ATTEND FARMER MEET

Advance delegations of visitors to attend the Farm Bureau barbecue and picnic began to arrive in Colorado Wednesday and by noon Thursday the crowd had swollen to almost record breaking proportions. The long tables on which the barbecue dinner was served at noon Thursday was literally jammed with a mass of humanity for more than an hour.

"We are having one of the most successful celebrations ever given in this city," was the declaration of W. W. Porter, general chairman, Thursday afternoon as he stopped long enough to mop the perspiration from his brow and snatch a few minutes respite. Porter, along with two scores of other committeemen, are about the busiest men in Colorado.

The celebration was officially called to order Thursday morning at ten o'clock when Col. W. A. Dulin, former county farm agent and prominently identified with Farm Bureau activities in this territory, sounded the gavel. Addresses of welcome upon behalf of the commercial interests of Colorado and the agricultural interests of Mitchell County were delivered by L. W. Sandusky, Colorado attorney. Following the addresses of welcome an interesting and instructive address on the importance of raising the standards of agriculture, from the subject "The Farmer's Lot," was delivered by Dr. B. Youngblood, director, A. & M. College of Texas. Dr. Youngblood is an outstanding character in affairs of Texas and the Southwest, especially as to problems confronting the farmer, and his address was well received.

In the afternoon another prominent character in Texas delivered an address on the importance of co-operative marketing. This speaker was John T. Orr of Dallas, president of the Texas Farm Bureau Cotton Association, who brought a message of unusual importance to the business and agricultural interests of the county.

Friday, which is to be observed as a basket picnic, holds much in store for the visitors in the way of entertainment. In the list of speakers for the day are included such men as the Hon. R. M. Chitwood of Sweetwater, Judge Harry Tom King of Abilene, Senator Ed Westbrook of Sherman, Hon. W. P. Leslie of Colorado, Hon. W. A. Wright of San Angelo and others.

Concert music for the two days is being furnished by the band accompanying Heffner's Comedians, which popular operatic troupe is showing here as one of the attractions of the celebration.

ANNUAL FINANCIAL REPORT CITY SECRETARY IS FILED

The annual report of the secretary, showing receipts and disbursements of all finances handled by the city for the fiscal year, was submitted to the city council Monday by L. A. Costin, city secretary. The report was accepted and passed for auditor's report, which is expected to be submitted at the August meeting of the council.

TEXAS & PACIFIC MOVING CATTLE IN LARGE NUMBER

Movements of range cattle to the Fort Worth and Kansas City markets and to pasture in various parts of the country has recently reached a high mark by the Texas & Pacific railway. Shipments of these cattle are being made from as far west as Sierra Blanco. Sunday the Texas & Pacific handled 140 loads of cattle through Colorado.

COUNTY SELLS COLLORADO PROPERTY TO LOCAL MAN

Sale of lots 9 and 10 in Block 23 to A. B. Blanks was authorized by Commissioners Court Tuesday of this week. The two lots adjoins property already owned by Blanks on Oak street, south of the Union Tabernacle. Consideration was \$1,000 cash. The county still owns 200 feet frontage on Oak street in this block, including the site on which the tabernacle stands.

COLORADO HIGH SCHOOL IS GIVEN ADDITIONAL CREDIT

Information that the State Department of Education had given an additional credit of affiliation to the Colorado High School was received this week by H. L. Hutchinson, president of the school board in a communication from E. Frank King, superintendent, who is teaching in the summer school at Sul Ross State Teachers College at Alpine. The additional credit, making a total of twenty during the past few years, was given on chemistry. The credit, placing the total at twenty, places the local high school among the best in this section of the State, as to rank in recognition by the State department. The chemistry department was taught last year by Mrs. Earl Powell, nee Miss Jane Bouda, and success of the department is due largely to her efforts to bring this department of the institution up to standard. At considerable expense last year the school board added approved equipment of the latest manufacture to the chemistry department of the High School. Additional facilities are needed in some of the other departments, but lack of available finances prohibited the board from purchasing them. Addition of three other departments to the school—domestic arts and sciences for girls and manual training for boys is desired by both the school board and faculty in order to bring the school up to the highest rank possible. This, however, cannot be accomplished this year for the reason already expressed.

NEW LIONS CLUB HEAD IS GIVEN ROUSING RECEPTION

E. H. Winn, new president of the Colorado Lions Club, received a rousing round of applause as he completed an address Friday, outlining his policies for steering the civic body during the ensuing year. Winn declared that one of the most important factors in making the club successful was for the individual member to maintain a keen interest in the organization.

Col. C. M. Adams, retiring head of the club, was conducted into the chair occupied by the tail twister and after the club membership had unanimously pledged him their support in enforcing all rules of the club, the Colonel read the riot act and served notice that culprits would be summarily dealt with.

The second Friday night in August was named as date of the next ladies night banquet by the club. This banquet is to be given all club members and their lioness friends by a team headed by A. B. Blanks which went down in defeat at the hands of another team under direction of E. H. Winn several months ago.

COMMISSIONERS COURT IN SESSION 2 DAYS OF WEEK

County Commissioners' Court was convened in session Monday morning and after two days completed all work for the term and adjourned. Nothing of special interest was passed by the court, according to County Judge J. C. Hall. The Commissioners discussed tentative plans for disposing of the old court house and expressed the hope of being in the new building before the passing of many more days.

ALLEGED AUTOMOBILE THIEF ARRESTED HERE WEDNESDAY

A man giving the name of Samuel C. Upton was placed under arrest here Wednesday by Sheriff I. W. Terry and jailed on the charge of automobile theft. The arrest was made upon information received from police at Bakersfield, California, who wanted the man on charges of having stolen an Overland touring car in that city recently.

Terry states that advice from Bakersfield claim the man's name to be Thomas Descriptive and registration of the automobile recovered here by Terry correspond with those of the one stolen in the California city. Thomas is being held pending arrival of officers from Bakersfield.

SCHOOL APPORTIONMENT SHOWS MATERIAL GAIN

The independent and rural school districts of Mitchell county will receive \$9,842.00 more from the State for the school year 1924-25, than was apportioned to these schools for the last year, as a result of the raise in the State per capita apportionment from \$12 to \$14. Last year, with a scholastic enrollment of 2,814 the apportionment at \$12 per capita totaled \$33,768. This year, with a scholastic enrollment of 3,115 and an apportionment of \$14 per capita, the total will be \$43,610.

The increase in amount of funds to become available to the public schools of the county is to be made possible through two sources, both from the two dollar increase in per capita apportionment and the increase of 301 scholastics in the county. Had the per capita apportionment remained the same as last year the increase through additional scholastics, would have only been \$3,612.

According to Sam C. Harris, county school superintendent, the increase in available finances for the schools will mean much. With this additional aid from the state, coupled with local taxes and special funds to be obtained through State aid allotments, school conditions, especially in the rural districts, are scheduled for improvement.

LONGFELLOW BOX SUPPER SCHEDULED FOR MONDAY

Club women of the Longfellow community, working in cooperation with Miss Irma Sealey, home demonstration agent, have arranged for a box supper at Longfellow school house Monday night of next week. Proceeds are to be applied to a fund for sending Miss Pearl Baker to the State Poultry Judging contest at A. & M. College in August. Miss Baker recently won first prize in a county poultry judging contest at Colorado.

SEVEN WELLS BOX SUPPER NETS CLUB WOMEN \$52.40

Club women of Seven Wells community netted \$54.40 from the sale of boxes at the box supper given Friday evening at the school house. The boxes were auctioned by County Judge J. C. Hall.

CREW OF FORTY MEN BUILDING HIGH LINE

Construction of the new high line of the West Texas Electric Company between Colorado and Sweetwater is progressing on schedule. A crew of forty men is employed by the company on this work. The new line is completed to within one or two miles of Lorraine from Sweetwater. Construction is to be completed into Colorado by July 28th.

A representative of the company was in Colorado Monday attempting to obtain apartments or dwellings for members of the crew to live in from that time until the new line is completed. Because of the acute housing conditions here, however, such accommodations could not be had.

The new high line will be among the best in Texas and will give Colorado direct connection with power plants at Sweetwater, Abilene, Wichita Falls, Eastland and Fort Worth, which means that service in the future will be dependable and uninterrupted.

LOWE SCHOOL DISTRICT AUTHORIZES SPECIAL TAX

Patrons of the Low rural school district recently authorized adoption of the special tax provisions, which permits the school board to assess and collect a tax not to exceed one dollar on the one hundred dollars valuation of property. There was but one vote was polled against the measure.

COUNTY PURCHASES NEW 9-FOOT GRADING MACHINE

Commissioners Court passed an order Tuesday authorizing the purchase of another nine-foot grader to be used on the highway and other public roads of the county. The machine is to be delivered without delay.

CALIFORNIA DEEP TEST IS ABANDONED AT 5,304 FEET

After drilling to a depth of 5,305 feet at their Morrison 1-A, the California Company has abandoned the hole and will probably not make any additional tests for deep pay in the field. The Morrison test is the second of these deep wells to be drilled by the company in this county. Their Richardson No. 1, on the Richardson lease southwest from Colorado, was drilled to a depth of more than 4,000 feet.

This test is one of the deepest drilled for oil in the State, according to claims of local oil men. The Prairie Oil & Gas Company recently abandoned a well 5,000 feet in depth in the northeast corner of Crockett county, which is said to be the deepest ever drilled in West Texas oil fields.

Coleman No. 1, in Section 68 on the Dr. P. C. Coleman ranch north of Cuthbert, was spudded in the first of the week and drilling suspended pending completion of pipe line connecting the location with Wellborne No. 1 across the Colorado river. The pipe line will be used to carry compressed air from the Wellborne well to operate the engine at the Coleman test. Air pressure in this well is sufficiently strong to operate engines formerly propelled by steam and the saving in fuel and water is large.

M. E. Eddleman stated Thursday that he was drilling below 1,100 feet at Glet No. 1, three miles north of Colorado. Keynard No. 1 of Rowe and Morrison, in Section 15, one mile north of producing wells on the Miller lease of the Sloan Oil Company and the California Company, was spudded this week. The California Company reported drilling at tests Thursday morning, as follows:

Morrison No. 2-9, 2,585 feet; Morrison No. 2-10, 1,435 feet; Miller No. 1-3, 3,000 feet; Miller No. 1-4, 2,801 feet; Abrams No. 6, 985 feet; and Morrison No. 2-11, 2,555 feet. Morrison Numbers 2-9 and 2-11 were drilling in line.

The plant of the West Texas Refining Company at Colorado continues to operate to full capacity, turning out "Westex" gasoline, fuel oil, and other refinery products.

COLORADO NEWSPAPER MAN UNDERGOES OPERATION

F. B. Whipkey, senior member of the Whipkey Printing Company, publishers of The Colorado Record, underwent a successful surgical operation at Baylor Hospital, Dallas, Monday, for removal of one of his eyes, which was injured in an accident four years ago. Information that the operation had been successful was received from Mrs. Whipkey who accompanied her husband to Dallas.

Four years ago while making some repairs to a fence about his home, a small piece of steel from a nail struck Mr. Whipkey in one of his eyes, the missile penetrating the ball and destroying the sight. He went to Dallas at the time and received medical attention but was never successful in causing the injured member to properly heal.

Mr. and Mrs. Whipkey and nephew Robert Whipkey, left Colorado Friday and drove to Dallas by automobile. They are expected to return within a couple of weeks.

EXECUTIVE MEETING FAIR ASSOCIATION TO CONVENE

Directors of the Mitchell County Fair Association have been called to meet Friday afternoon at 4-30 at the Chamber of Commerce in Colorado on important business. The meeting is to do with plans for the Third Annual Fair, scheduled to be held here in September. Every member of the executive board is urged to attend this meeting. The time in which plans for the fair may be completed is only sixty days and it is most important that as much delay as possible be avoided.

James Robert and Frank Daws, Throckmorton, Texas, were guests of Ray, J. E. Chase and family Sunday and Monday.

Colorado Bargain Houses'

Going to Market Sale opens Thursday Morning July 17 at 9:00 a. m.

See our big four page circular. It offers you hundreds of bargains in the way of Dry Goods, Ladies and Gents ready-to-wear, hats and shoes.

IF YOU DID NOT RECEIVE ONE OF OUR CIRCULARS, PHONE US AND WE WILL BE GLAD TO MAIL YOU ONE.

P. S.--Our buyers are preparing to leave for the Eastern Markets and if there is anything you wish to buy that you cannot obtain at home we will be glad to get it for you.

Colorado Bargain House

THE PRICE IS THE THING

ANOTHER FISH STORY

Edd Jones, Luther Gaskins, Marian Daughtry and Rev. J. E. Chase returned Saturday from a week's fishing trip on Devil's River and the Pecos. They report splendid success, in fact if half what they tell is cold facts they are entitled to the prize. They report the fish were biting well and were successful in landing some of more than ordinary size. Mr. Gaskins seems to have landed the biggest fish, a catfish weighing in the neighborhood of 23 pounds. They caught several others weighing from 8 to 15 (?) pounds. However as they brought no evidence back with them to support their claims, we are compelled to rely strictly upon their reputation for Truth and veracity for verification. In this case we think the fish would have been the best evidence.

POULTRY

BROODINESS AMONG HENS IS BIG WORRY

The egg production in many flocks of the heavier breeds is dropping badly due to the excessive number of broody hens. A bird that is panned immediately in the right kind of a broody coop, fed as she should be and turned out as soon as possible should not loaf more than 10 days, writes W. H. McNeocy in the Dakota Farmer. Take them out of the nest the first night, pen them in a well-ventilated, well-lighted, slatted or wire-bottomed broody coop. Feed them plenty of good egg-making food, green material and fresh water and see that they are released as soon as they lose the notion and they will pay you for the trouble. It is a good idea to have a special color of celluloid leg bands for broody hens and put one on a hen every time she goes broody. Sell the ones that get bedecked like Fiji Islanders and use ones without any of these bands in the breeding pens next year.

It takes feed and time to produce chicken blood, so do not allow the mite to steal part of your income. A thorough spraying or painting of the roosts and nests in the poultry house with some good coal tar disinfectant will pay dividends.

Lice are irritants and keep the hen so busy fighting them that she has no time to work, so better kill them, too. Applying sodium fluoride powder, a pinch in fluffy feathers below vent, one under each wing and between body and legs and one on the back of the head should rid the hens of all lice but it will not kill the eggs. Repeat in about ten days when the eggs will be hatched and no more laid.

Another way to accomplish the same thing is to mix one ounce of sodium fluoride with each gallon of warm water and dip each chicken, making sure that the feathers are all soaked to the skin. This must be done early on a warm, sunny day so that the hens will be dry before night. Repeat in ten days.

Brooder Pneumonia Will Cause Loss of Chickens

Heavy loss of young chicks is often due to brooder pneumonia, a disease caused by dusty or moldy litter, musty feed, or severe exposure. Brooder pneumonia is sometimes associated with bacillary white diarrhea as the symptoms of the two diseases are much alike. The diseased chicks often breathe with difficulty, the lungs are usually diseased, and are found, upon opening dead birds, to be of a dark color and rather solid instead of light pink color and fluffy.

About the only remedy is to remove the cause. Clean sand is probably the best floor covering for the brooder during the first two weeks, followed by a litter of some kind. Be especially careful that the litter is free from must or mold. Clover chaff if not dusty, or bright clean straw may be used.

Standardized Product Is Gaining in Popularity

It does not require any special knowledge or marketing skill to sell a standardized product, but not even an expert can market, in a satisfactory way, an ungraded product. Farmers and egg producers should keep in close touch with the movement now under way looking toward the grading and standardizing of eggs on a basis that will lessen the losses incident to the marketing of that product. If a good standardized quality of eggs is put upon the market it will tend to increase the consumption of eggs and therefore strengthen the demand and consequently result in better prices and more profit to the producers.

Poultry Notes

Overfeeding is the common cause of loss in young turkeys.

Caponize the cockerels and produce heavy roosters for winter.

A cornfield is an ideal place for growing chicks and they will continue to thrive in hot weather.

Keep the poultry, as well as all other living things on the farm, on good terms with you by keeping on good terms with them.

An egg is 95 per cent water in content. This alone indicates the importance of fresh water supply to the laying flock.

Little turkeys are somewhat delicate at first—but after they are six weeks of age they are really more hardy than chickens.

Nests should be arranged so the fowls can get into them readily without being obliged to jump down upon the eggs in the nest.

"Pip" is simply a cough or sound indicating obstruction of the nostrils. A drop of kerosene injected into each nostril often serves as a remedy.

FARMERS ARMED WITH PITCH-FORKS FOIL EFFORT FORCLOSE

HOLLAND, Mich., July 16.—Forty two farmers, armed with pitchforks, foiled attempts of deputies to seize the farm products, machinery and other articles on the farm of S. Geo. Smyers, north of Holland, to satisfy a writ of attachment yesterday. When the officers tried to force their way into the premises the belligerent farmers threatened to lynch them.

When the officers appeared later, at the farm of William Kooyers on a similar mission, more than 75 farmers has assembled, armed with rifles, shotguns and small arms. The latter presented an order from Gov. Alex. Groesbeck forbidding the officers from entering the writ until a hearing had been granted.

Some time ago Smyers, Kooyers and another man indorsed a note which it is alleged required eight signatures. The company from which the money was obtained collapsed but because of the alleged error in the issuing of the note the guarantors refused to pay.

Remington Portable Typewriter

This little typewriter with writing keyboard just like the big machines. No shifting for figures.

WHIPKEY PTC. CO.

MINERAL WELLS, July 16.—The first brick of the east end of the Bankhead highway in Palo Pinto County was laid at 5 o'clock Monday afternoon by E. L. Pitts, county judge of Palo Pinto county, in the presence of Aaron Jordan and S. W. Jennings, County Engineer, Courtier, Assistant County Engineer H. R. Hayes, W. G. Wray and E. A. Firman of Tibbitts Construction Company.

BRICK HIGHWAY WORK STARTED IN PALO PINTO

County engineers and road contractors declare about a thousand feet of brick will be laid daily. If this pace is kept up, only a few days will be required to catch up with the crew which is preparing the roadbed for the brick.

According to information from all contractors doing the work on this section, between 30 and 40 more working days will see the road completed. Weekend crowds are expected to increase over 100 per cent when the highway has been completed, making a solid stretch of paved road from several miles east of Dallas to this place.

E. H. Hurd of Colorado and J. P. Majors of Sweetwater returned Tuesday from an extended motor car trip, extending as far north as Nebraska and Iowa and west to the Pacific Coast. On the return trip they followed the Southern route via El Paso.

Mr. and Mrs. J. L. Doss are home after a visit with Mrs. Doss' brothers, Clifford and Blakemore Reese in California. Mr. and Mrs. Doss made quite a tour over the State and report a most enjoyable visit.

BISHOP DELIVERS APPEAL FOR CONSECRATED SERVICE

(Continued from page 1)

was urged as the ideal of Colorado church people in entering the revival.

The first service was attended by a good congregation and all subsequent services during the week have been largely attended. Under direction of Chester Thomas one of the best choirs ever organized in Colorado is furnishing the daily musical programs. The orchestra, an important feature of the services, is directed by J. Lee Jones. Morning services are held at 10 o'clock and the evening services at 8:15.

Rev. Mr. Bishop announced Sunday morning that offerings would be taken only on Sunday mornings and evenings during the revival. The stores and banks of Colorado will be requested to close for only one day during the campaign, he stated. The pastor expressed his appreciation for co-operation given the meeting by the other churches of Colorado.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

LORAINNE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipple Printing Company in Loraine and vicinity. See her and take your County paper

Methodist Church.

When the chimes of the M. E. Sunday school bell pealed forth on the beautiful morning of last Sunday 206 responded to the call. At the close of the S. S. hour, we enjoyed another inspiring talk by Bro. Edwards on "The Four Fold Life," and a reading by little Miss Josephine Cook from the Junior Missionary society. Our primary department under the supervision of Mrs. Jim Johnson is doing a great work, with more than sixty children enrolled and five efficient teachers. If you

Mr. and Mrs. Fritz Bender and daughter, Ella, of Sublime, Texas, and Mr. and Mrs. George Ehlers of Slaton, Texas, are visiting the F. Baumann home.

are not enrolled in the greatest institution of our nation and town, the Sunday school, you should do so now. Should the Methodist Sunday school be your choice, we welcome you. We rejoice with our sister churches in their growth and great work of the Sunday school. Throughout the remainder of the year we shall study a most interesting series of lessons, of the greatest Bible character of all times. The Life of Christ. To fill society full of the ideals and aims of Jesus Christ is the purpose of the Sunday school. There will be services Friday night at the Tabernacle which will begin a ten days series of services. The public is very cordially invited. Sunday school at 10 a. m. Epworth League at 7.30.

Come and bring some one with you.—Reporter.

Mrs. Dorothy Klass Died

Tuesday of last week news arrived that Mrs. Dorothy Klass, age 75, wife of John Klass, died at Sacramento, Calif., resulting from car accident on Sunday, July 6th near Sacramento. She died July 8th. Mr. Klass and Grandson, Gottlieb Bender were also injured. The remains of Mrs. Klass arrived at Roscoe Saturday night. She was buried in the Roscoe cemetery Sunday evening at 5 o'clock. Rev. Holm of Sagerton held the funeral services. Mrs. Klass left an aged husband and eight children, three sons and five daughters. Ellex Klass of Roscoe; Paul Klass of Sagerton and John Klass of California; Miss Sophie Klass, Mrs. Willie Rene, Mrs. C. Althoff, Mrs. John Herback

all of Roscoe and Mrs. G. Dender of Sacramento, Calif. Besides a number of other relatives and friends. Mrs. G. Bender and Mr. Klass were unable to attend the funeral. Mr. and Mrs. Klass have lived in Nolan county, six miles east of Loraine for about twelve years. They left June 30 for an extended visit to California. We extend our heartiest sympathy.

The revival by the Church of Christ in Loraine was begun the first Sunday, led by Evangelist O. M. Reynolds of Ontario, California, and John G. Hufstедler of Idalou, Texas, and has been attended by large audiences from the first service, and has also increased in both attendance and interest until it is a problem to comfortably seat all the people who attend. Just the simple plain gospel of the New Testament is being faithfully proclaimed and the singing is of the good, old-time congregational style, lead effectively by Mr. Hufstедler. A number of additions to the church so far, and many others may yet be added. A cordial welcome is yours to every service. The meeting will close next Sunday night, when the Evangelist speaks on "The End of the World and the Judgment."

On Monday July 14th several of Grandmother Copeland's friends were invited to the home of Mr. and Mrs. Claude Swan to celebrate Mrs. Copeland's 73rd birthday. A fine dinner was served, consisting of various good eats. The usual birthday cake with 73 candles was very pretty. The occasion was greatly enjoyed by all present. They were: Aunt Joe Smith, Grandmother Sloan, Grandmother Garrett, Wheeler, Hallmark, McGee, Mr. and Mrs. Chancel Gunn, Mr. and Mrs. E. P. Kuck, Mr. and Mrs. D. E. Gunn and Messrs. O. M. Reynolds and Jno. G. Hufstедler.

Messrs. Otis Munns and William Robertson visited in Abilene Sunday.

Mr. and Mrs. H. M. Coshing of Roscoe were here visiting Sunday.

Mr. W. H. ... formerly of Loraine is now in Boston en route to California.

Mr. and Mrs. Jordin Bennett, Mr. and Mrs. T. R. Bennett, Mr. S. W. Altman and son visited at Lone Star Sunday.

Mr. and Mrs. Marion Mahon, Mrs. W. A. Jarratt and daughters, Misses Annie and Fannie, visited at Hermleigh Sunday.

Messrs. C. H. Manley and family, Phil Horton and family left Sunday on a visit with relatives at Singleton.

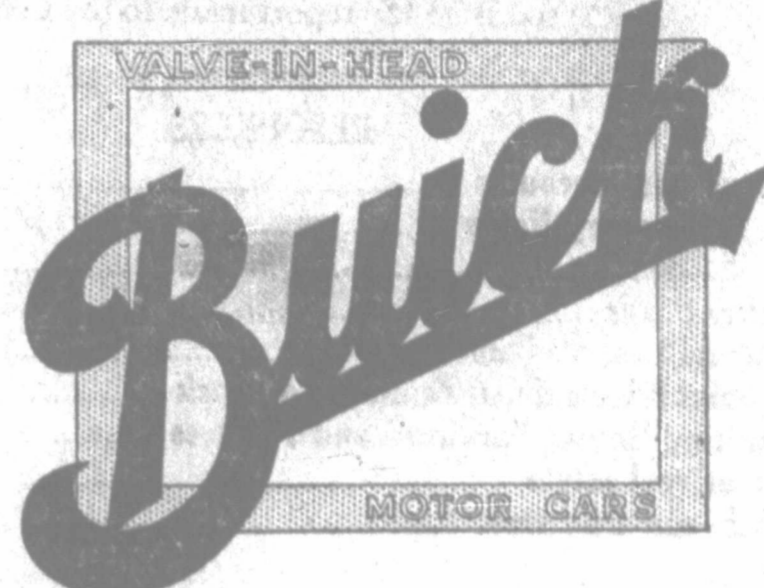

Mr. and Mrs. W. H. Swafford are leaving this week for a short visit at Cross Plains.

Mr. and Mrs. Herbert Foy of San Antonio, Mrs. McIntyre and Mrs. Ingram both of Dallas were visitors of Mrs. S. C. Clement and family last week.

Mr. Cornelious Key and family of Wilson were the guest of Mr. and Mrs. J. M. Winstead for the weekend.

For Sale—250 White Leghorn pullets, Tom Barron strain, February hatched, will lay soon. \$1.50 each or \$125.00 per 100. Phone Dr. Hester or write E. E. Hester, Loraine, Texas.

500,000 in one day saw the new

Standard Six

Announcement of the new Buick "Standard Six" brought approximately 500,000 people into Buick salesrooms on the first day this car was shown.

Why? Because everywhere everyone is marveling at the new "Standard Six"—the "Six" that sets a new standard of quality and price.

Miss Cassile Marsh of Plainview is here on a visit with her Grandmother Mrs. S. W. Givens.

Mrs. Lillian Reed and son Lee spent the week-end here attending the meeting, visiting friends and relatives. They returned to their home near Sterling City Monday.

Mr. W. L. Davis and daughter, Miss Edna Mae of Brownwood left Monday for Dallas after a few days visit with relatives here.

Mr. and Mrs. R. W. Merket who have been visiting here returned to their home at Cisco Monday. Miss Edith Wilkerson accompanied them for a visit with relatives at Cisco and Nimrod.

Mr. O. L. Winstead, wife and son who have been here on a visit left for their home near Marquez Saturday.

Mr. and Mrs. J. V. Sweeney arrived from Hillsboro last week for an indefinite visit with relatives here.

Messrs. S. E. Brown and W. D. McCarley left for Beaumont and McKinney Monday where they go on business seeking pleasure by fishing on the way.

Mr. C. L. Durren sold his business house this week to T. A. McGee which is located next door to the Loraine Hardware Co.

W. M. Cardwell and son sold their stock of groceries this week to Mr. W. F. Westbrook of this place and his daughter, Mrs. Nora Hardig of Snyder, who assumed charge of the business Monday. The business will now be known as the "Cash Grocery Store" and is located on one of the principal streets of the business district.

Miss Alice Bozeman who has been visiting her sister, Mrs. H. W. Hanks, returned to her home at Cuthbert Tuesday.

Miss Bess Longley of Houston is visiting her sister, M. D. Canfill of Inadale.

Mr. J. E. Spikes accompanied by Mr. E. F. Riden visited his daughter at McMurry College Sunday.

Mrs. Loy Smith and children of Big Spring are visiting Mr. and Mrs. A. E. Walker.

Mrs. Flossie Snodgrass of Snyder is a guest in the A. E. Walker home this week.

Mrs. Page Henderson and daughter, Miss Irane accompanied Mr. and Mrs. Joe Roberts of Coshoma to Dallas where they will visit indefinitely.

Mr. D. L. Bolinger and family returned last of the week from a two weeks visit to South Texas.

Mr. Jno. Marshall and family plan a visit with relatives at Clyde this week.

OIL DEVELOPMENT REPORTED BY WEST TEXAS NEWSPAPERS

The Brunson well in Midland County, being drilled by the Ledger Company, is reported to have struck a formation favorable for oil production. This well is seven miles west of McDowell well Number one, which has been producing oil for several years. The drill in the Brunson No. 1 did not encounter lime until it reached a depth of 3225 as the red beds continued to that depth. Little or no water was encountered in this well. In the McDowell tests lots of water was encountered after a depth of forty feet was reached and at frequent intervals all the way down. The lime formation was encountered in the McDowell wells at 2300 feet. Work will be resumed on the Brunson well as soon as some casing and other material is secured, which will be about the 15th.—Big Spring Herald.

Sterling County Oil News.

While this has been a quite week among our local oil men, yet it has been a very busy one. Durham well No. 2 was expected to be spudded in this week, but it will not begin before next Monday or Tuesday, owing to the fact that plans have been changed and it is taking longer to install machinery and make connections than was at first expected. An electric light plant is being installed, and connections are being made so that the boiler of No. 2 will furnish power to pump No. 1 and drill No. 2. This means a big saving in fuel, time and labor. When drilling begins on No. 2, it is planned to keep the drill going until the well is completed.

J. S. Meriwether, Trustee for the Co-Operative Lease and Development Company, is at Beaumont on business in connection with the Durham well No. 1.

The first barrel of oil to be sold from Durham Well No. 1, was sold to the News-Record for \$2.—Sterling City News-Record.

Big Lake County Oil News.

The steady flow of No. 9 of the Big Lake Oil Company, yielding around 60 barrels a day, has induced major companies to send their representatives in the field. Several of the big companies are dickering with the Big Lake Oil and Land Co. for acreage which deals may be negotiated in the near future, and would bring about an extensive drilling campaign.

Storage tanks cannot be provided for fast enough to handle production which is a reason why No. 10 has not been drilled in. Many are anxious to see No. 10 drilled in. It is in the opinion of some that it will not be as good a producer as No. 9, it being farther to the west edge of the structure but the course of the structure may vary.

No. 11 will probably be the next producer in this field. It is now drilling at around 2550 feet. It is understood that No. 10 will be drilled in soon as adequate storage is provided which will be but a few days. There seems to be a query as to No. 10 being as good a producer as No. 9. Some are of the opinion that it is too far west on the structure. However, it is bound to be a good producer. The bit will tell when allowed to go only a few feet down.

The Wrightman Oil Company on the Frank Ingham ranch northwest of Stiles is preparing to spud, as the material has been hauled there.

Materials are being trucked out for the test northeast of No. 9 which will be drilled by A. R. Goodale and associates.—Big Lake News.

Four Locations at Dudley.

Four locations for new wells and contracts for the drilling of six wells are being made by the Dudley Oil, Gas and Development Company, owners of the Dudley well, just over the line in Callahan County and 21 miles southeast of Abilene, it was said Monday morning by O. R. Seagraves member of the company.

One of the locations for a new well has been made on the Betcher-Moore tract, Mr. Seagraves said. The other locations have not been definitely placed but it was thought it will be decided upon Monday, it was said.

The Dudley well, which shot over the derrick last Monday, is capped at present and is held in check pending arrangements to care for the oil. The well was topped by about one hundred feet of water which Mr. Seagraves said was an excellent safety valve.

It was planned Monday morning to ball out the well during the day. This was set for noon but was postponed. It was expected that it would be done during the afternoon. The well has been bailed twice, the first occasion being last Monday when the oil went over the derrick and the other last Saturday when more than 100 barrels of oil was said to have flowed from the well in ten minutes.

Extensive storage arrangements likely will not be made at the well

She Is Not for Sale

That's the way a lot of families feel about good old Bossy. She has been a faithful friend of the family, giving all the milk they could use and even some for the neighbors.

Of course you always think that you feed her well, but do you? Just plenty of feed does not always mean proper feeding. Good old Bossie must have a ration that she can really turn into milk.

Cow Chow produces more milk and more butter fat because it contains elements that are deficient in the average ration. It keeps cows from robbing their bodies for milk-making nutrients and lengthens the milking period. By feeding Cow Chow you not only produce more pounds of milk, but you keep your cow in better condition.

Just try Cow Chow for a month, feed it as directed, and watch the difference.

O. LAMBETH

Card of Thanks.

We wish to thank the good people of our little city one and all that were so kind and so true to mother and to us in her long suffering and death. For the kind words spoken, which were so comforting to our broken hearts, in this great loss of mother, may God, in His great wisdom, guide and bless and keep you in such dark hours, if such should come to you, is our sincere wishes. Sideache Backache

"I have been taking Cardui," says Mrs. Lillie Bolton of Lake Providence, La. "I got down in bad health and lost in weight until I only weighed 120 pounds. I had bad pains in my sides and back and my legs hurt me until I couldn't walk. I stayed in bed half the time. I tried all kinds of medicines, but it did me no good. Finally I tried

CARDUI

The Woman's Tonic

"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement. I continued its use and I got better and better. The pains in my legs and sides disappeared and I began to gain in weight until now I weigh 155 pounds and feel better than I ever did in my life. I am perfectly well and strong. I have given it to my girls, too."

Cardui has relieved many kinds of pains and distressing symptoms caused by female troubles. It should help you, too, in the same way. Why not give it a fair trial?

CANDIDATES HAVE ONLY ONE MORE WEEK OF CAMPAIGN

One week from now and the political campaign will be closing, in so far as the first Democratic primary election is concerned. In Mitchell county the candidates have worked up the campaign to the point of unusual interest, making a complete speaking tour into practically every important community center of the county.

Arrangements will be made to receive election returns by telephone here Saturday night following closing of the polls and these returns will be posted at a convenient place for the public. Election officials of the ten voting precincts of the county are urged to cooperate with the Colorado Chamber of Commerce in furnishing these returns. Call the Colorado Chamber of Commerce as soon after closing the polls as possible

and give a report on the election result in your precinct. In turn you will be given reports from other precincts of the county.

The voting strength of Mitchell County is stronger this year than ever before in history and a record vote is anticipated in the primary July 26. More than 3,000 poll tax receipts were issued by the tax collector for last year, and with the additions of exemptions and new citizens who were not assessed in this county in 1923, the total voting strength is expected to go to almost 3,500.

East Side Singing Convention.

The East Side Singing Convention met Sunday at Pane, nine miles south of town. The president was absent but the vice-president, Mr. Sam Scott carried things to a "tee." A nice dinner was prepared by the good people of that community and many others from other communities brought baskets. Barbecue, bread and pickles were all prepared and a cold drink stand was in use to treat the people cold. We had quite a number of visitors. Mr. Shepherd and girls, from the west side, and quite a number of others. We were also honored with some singers from Lamesa, Mr. Judson and Edward Felts and wives, Mr. Brown and family and Mr. Key and family. We welcome these visitors back to all our other conventions. These singers were boosting the summer normal that will be at Lamesa in August. Our next Convention is the second Sunday in October and will be held at Longfellow. Everybody is invited to come and bring some one with you. If you have a special friend in the reach of you, bring him along. We are trying to put the East Side Convention ahead of the West, or even the county convention.—Reporter.

HUNDREDS RABBITS SLAIN IN LANDERS COMMUNITY

A rabbit drive on the Landers ranch Tuesday netted several hundred of the animals accounted for when the day's hunt had ended. Scores of citizens of that community, together with citizens from Colorado armed with shot guns and ample ammunition supply, met on the ranch Tuesday morning. At noon a barbecue dinner was served.

Mr. and Mrs. Boyd Dosier have returned from San Antonio where they spent their vacation.

COLORADO MASONS WILL ATTEND DISTRICT MEETING

A Masonic convence, to be participated in by representatives of a number of lodges in this section of the State is scheduled to be convened at Sweetwater July 28th. The crack team from the Colorado Blue Lodge claimed to be among the best in the district, will have charge of a special feature announced for the day's program. Several members of the fraternity here plan attending the Sweetwater meeting.

Sweetwater Masons will entertain their visitors with a banquet and other attractions, L. B. Elliott, head of the Colorado lodge, recently announced.

FARM LOAN BOARD CUTS INTEREST RATE TO 5 PER CT.

WASHINGTON, July 16.—The federal farm loan board today announced a reduction from 5½ to 5 per cent in the rate of interest charged on direct loans to all co-operative marketing associations.

Board members declared the reduction should aid materially in the financing of this year's crop movement. The intermediate credit banks which make the loans to the co-operative marketing associations last year loaned more than \$58,000,000 and this was distributed among approximately 200,000 farmers.

The 5½ per cent rate has been in effect since the credit banks were organized under the agricultural credit law passed early in 1923. Ability of the board to lower the rate was declared by Commissioner Cooper to mean that the system was established permanently as an institution for financing the farmers. It would mean, he said, considerable savings to the takers of loans from the credit banks and at the same time permit banks to operate at a small profit.

COLORADO PASTOR WILL CONDUCT COAHOMA REVIVAL

Rev. W. M. Elliott, pastor of the First Presbyterian church, is to begin a revival meeting at Coahoma Friday evening. The revival is scheduled to continue ten days.

There will be no preaching services at the Presbyterian church here Sunday. Sunday school, however, will be held at the usual hour.

Mrs. Carrie Spencer and Miss Marguerite Huff of Lubbock are guests of Rev. and Mrs. W. M. Elliott.

OVER A MILLION FORDS.

Sales reports from 84 American branches of the Ford Motor Company show that over a million Ford cars and trucks were sold at retail during the first six months of 1924. The actual figure is 1,036,978, which exceeds the total retail sales for the same period in 1923 by 133,095, an average gain of 22,182 sales per month.

A comparison between Ford sales in 1924 and 1923 not only indicates a reasonable increase in the country's buying power, but also shows that this growth continues month by month. In every instance the monthly sales in 1924 have shown a substantial increase over the corresponding month in 1923. In June they reached 170,747 which was approximately 10,000 ahead of June sales in the preceding year.

These figures are for retail sales in the United States alone and do not take into consideration the sales made in foreign Ford branches and associated companies, the majority of which assemble cars from American made parts.

SPEAKING DATE CHANGED

The candidate speaking date scheduled to have been observed at Longfellow Thursday night, was postponed to Monday night on account of the Farm Bureau barbecue here Thursday and Friday.

A GOOD TICKET.

One might as well say that the present Democratic ticket was worth the trouble, tiresome and tedious as it has been in obtaining. Everywhere sane Democrats have been for Davis. Mr. Davis, though he has held office for eight years in the lower house of Congress was never a politician.

Mr. Bryan is more than a brother of a great man now dead in politics. With the Bryan family it is much like the British with a new king. "The King is dead. Long live the King." For another Bryan has stepped into national fame through the ranks of the Democratic party.

Only the rank partisan of either party now can deny that the Democrats and Republicans have put into the field this year the best executive branch tickets of years.

We predict a dignified though aggressive campaign. We predict the selection of a President and Vice-President, who has sprung from the great middle class which is the main strength and bulwark of America.

Davis, Coolidge, Bryan and Dawes all come from little towns—all from homes of modest circumstances and all by ability and character have lifted themselves above the throng to positions of leadership where their fellow citizens have such great confidence in them that these honors have come to them.

The men who will head the campaign this year should be an inspiration to every boy in the land. It should knock into a "cocked hat" the old story that ability is not recognized, that one must have wealth, or great friends or position to get anywhere in this country.

Mr. Davis and Mr. Bryan will be a credit to the Democratic party. They can not only win—but greater still, they will be a source of pride to every American by reason of their conduct in office. It took the Democratic convention a long time to do anything—but the results have justified the effort.

The Carelessness of Church Members.

Just why it is, no one knows, but there is a universal carelessness regarding church membership that the preachers, the bishops or anyone else has not been able to figure out yet. People move from place to place, and they carry with them their union card, if they be a craftman, or they carry along their lodge transfer, but their church letter—nine times out of ten they never think about it, and when they get to their new home, they very often are very slow to affiliate with the church of their choice, but remain away, until perhaps the pastor of the church to which they belong, staggers upon them in his visits over town and they allow him to "write for their membership, and finally in a half-hearted way, get lined up with the church, but their "union card" is placed immediately. Their lodge membership is taken out right away, and they line up with everything before they do their church.

Is it because they think more highly of the other organizations than of the church? We hardly think so, but just why it is, we are not able to say, but it is a condition that should cease to exist, to say the least of it.

The church should be the first place that a person moving to a new place should attend. There you will become acquainted with the leaders in the town. The leading business and professional men, usually are affiliated with some of the churches of the city. At least you will get acquainted with good people, and you will know and be known by a class of the citizenship that you need not be ashamed of.

Yet there are thousands of people in Lubbock today that should be affiliated with some of the churches in the city who are not, and possibly never will, for they are waiting for some one to accidentally find them and learn that they were members of a certain church organization back where they came from.

SOME MORE BONEHEADS.

A few nights ago a blind Ford had the nerve to run into a big Studebaker with both eyes wide open on the streets of O'Donnell. When the cars were separated, the Studebaker had to go on the shelf for repairs, while the Ford went chugging merrily along. No one was hurt in the mixup.—O'Donnell Index.

The Lord seems to take special care of the Bonehead family. Whenever you see a fellow driving a blind Ford, or any other blind car for that matter, you can safely bet that he is a lineal descendant of old Damphol Bonehead who climbed out on the limb of a big tree and cut the limb between him and the tree. But the Lord broke the fall by hanging old Damphol's shirttail over a fence post just before he hit the ground.

Smarty Damphol, the oldest son of Damphol, ran a race with a passenger train to the crossing. The train won, and a big crowd attended the funeral of Smarty's three friends who rode in his Ford as he raced with the train. Smarty was thrown clear of the wreck and landed safely on his head. Smarty has a new whistle on his car, which he blows every time he crosses a rabbit trail. He does this to let the rabbit know he is coming.

Thirsty Bonehead Damphol, the youngest brother of Smarty, bought a bottle of rip-gizzard from a boot-legger and treated his friends; but the Lord took care of Thirsty by allowing his friends to drink it all up from him. The friends were all buried the following day.—Sterling City News-Record.

CONTROL OF PLANT LICE.

Among the various insects affecting garden plants, and melons there is none more serious or destructive than the plant louse. Since the lice obtain their food by sucking, rather than biting, a contact insecticide must be used for their control. Of the many spray solutions used in control measures are none better than the following: 6 gallons of warm water. 1 ounce of Nicotine Sulphate. 1/2 lb of white laundry soap.

These should be mixed in the following manner: First cut up the soap in small pieces and stir into the hot water until it is completely dissolved and the water appears quite foamy; next add the ounce of Nicotine Sulphate and again stir well. As soon as the solution is cool it is ready for use and should be applied to the plants with a sprayer or garden sprinkler. Be careful to shake the leaves of the plant about during the application, and turn them in such a way that the solution will reach the side of the leaf.

ARE YOU ILL?

DO YOU HAVE AN ACHE OR PAIN OF ANY KIND?

Would you like to get relief and have the cause of your ailment removed by harmless natural means? If so, THEN BE NOT DECEIVED, BUT REMEMBER THAT

Our Service is Second to None

If your ailment is one of an old chronic character, then a reasonable period of time will be essential in perfecting the equation of things; however, if you have my attention for ten days in succession and you are not pleased, I will be glad to return every cent you shall have paid me. application, and turn them in such a way that the solution will reach the side of the leaf.

Spray only the affected plants as the solution is a killer, not a repellent. Use as often as needed to control the insect, and if your druggist does not keep the Nicotine Sulphate on hand have him order it for you.

UNIVERSITY ROYALTIES.

An accurate statement pertaining to the oil lands of the University of Texas has just been made by Dr.

J. A. Udden of the Bureau of Economic Geology, at the request of Acting President W. S. Sutton.

Dr. Udden states that the sum of \$7,398 has been deposited by the Land Commissioner of Texas, representing royalties on oil produced on the University lands in the Reagan County oil field and it is estimated that the total amount up to the end of July will be about \$8,000. The geological conditions are said to be such that it is impossible to foretell either the possible size of the field

or its outline. What seems to be the most trustworthy opinion is that the field will have to be worked out by drilling, and that conjectures ahead of the drill are apt to be unreliable.

"It cannot fail to be harmful," said Dr. Udden, "to spread the opinion that the taxes in the State of Texas even will be lightened by oil royalties from this field. Under present conditions it is certainly premature, and unwise, to formulate any policies for financing the University from such an uncertain source. It is

even possible that such royalties coming for a few years during the production of this field might prove to do harm to the University, which should have a steady income independent of the production of oil, cotton or of beef. No great University can ever be built upon a less certain foundation than a steady income that can be figured on for many years ahead. Such was evidently the intention of the wise men who put aside lands for the building of a great University in this State."

The Importance of Being You

Before you were awake this morning hundreds of deft hands were busy preparing things to captivate your fancy.

Long after you drop off to sleep tonight alert minds will go on planning what to say to interest you tomorrow and the day after tomorrow.

To a great many people you loom large. Day by day, through their advertising, they earnestly seek to attract your notice and earn your good will.

Practically every advertisement you find in this paper, is aimed straight at you. As clearly and responsibly as though he spoke with you face to face, the advertiser proffers you convenience, comfort, entertainment, services, or economy. Or all these precious things perhaps, in one.

The advertisement makes it promise to you; yourself; personally. How much worth your while it is to heed such personal messages.

In More Ways Than One it Pays to Read the Advertisements.

This Advertisement is paid for by the Texas Adv. Club.

OUR July Clearance SALE

Will Continue one week longer. The prices we are making on all high class merchandise is bringing lots of customers from all over Mitchell County. COME, get your share while the getting is good. Lots of good free ice water in our stores at all times. Yours to serve,

Garber Dry Goods Company

Colorado and Westbrook, Texas.

GARBER DRY GOODS CO. SALE STILL GOING ON

The July Clearance Sale at the Garber Dry Goods Company store continues to attract customers in large number, according to the management. Announcement of the sale is made in The Record today.

ATTENTION TOURISTS

If you contemplate touring the State this summer on your vacation, you will probably be interested to know that there are 36 tourist camps that bear the "Safety Seal" of the State Board of Health.

Realizing the danger of spreading contagious diseases through the medium of insanitary camps, Dr. Malone Duggan, State health officer, order-

ed an investigation of the tourist camps in the state. At the present time, more than 70 camps have been inspected, 36 have been approved, and 20 more are to be given approval as soon as they can make necessary improvements to meet the requirements of the State Board of Health.

These requirements are:

1. Safe and protected water supply. The water supplied by camps is analyzed to be sure that it is safe. If the source of the water supply is a spring or well then a sanitary engineer inspects same to make sure that it is properly protected from soil drainage, or other polluting sources.
2. Proper sewerage facilities. Camps have to have approved type pit privy, chemical closet or septic

tank, where direct connections are not made with city sewerage system.

3. Proper garbage disposal. Incinerators are required for the burning of all waste, and covered garbage cans in which to place camp refuse.

4. A caretaker to oversee grounds who enforces rules as to cleanliness, and removes mosquito hazards by the elimination of breeding places.

While traveling in the State, if you find camps that are not following sanitary regulations and are a menace to the health of the people, please report same to the State Board of Health. If you find it necessary to stay overnight at an unprotected camp, protect yourself from mosquitoes by using mosquito bars. It would be well for every tourist to have his doctor give him an immunizing treatment against typhoid before starting on his trip. Look for the State Board of Health "Safety Signs" on camping places.

The following is the present list of approved camps:

Waco, Mineral Wells, Barstow, Belton, Plainview, Houston, El Paso, Stephenville, Amarillo, Ft. Worth, Shamrock, Gainesville, Austin, Glen Rose, Donna, Wharton, McKinney, Laredo, Marlin, LaGrange Marble Falls, Calvert, Lufkin, Greenville, Henrietta, Texarkana, Midland, Vernon, Dalhart, Beaumont, Brady,

OLD TIMES IN TEXAS

Naturally the early settler in Texas gave his first thought of the farm to the production of corn. He could live on beef or some for months at a time without bread or salt. The corn meal was a wonderful addition to the daily fare, and I imagine was, at times, a real luxury, instead of a common diet. Not that the settler needed much corn; his horses would not eat it, and his family learned to conserve it. The only mills were the old fashioned steel mills worked by hand; and to grind the corn in a mill was a considerable task of itself. Meat was much easier obtained; still one could not afford to waste powder and lead; the pioneer must be a good marksman.

As early as 1821 corn was being planted in small areas or fields, "patches" along the Brazos, in what are now Brazoria, Austin and Washington counties.

The early settler probably thought that Texas soil would not produce anything else but corn; and certainly it seems that little else other than what the forest and streams provided was required to meet the immediate needs of his table.

William Scott built a gin house near Cedar Bayou in Harris County as early as 1834 and installed a 40-saw Pratt gin. Cotton was brought by boat and on horses to the gin, and, as opportunity offered, was shipped to New Orleans. About this time a little Sea Island cotton was also being introduced along the Texas coast. Even earlier than the Scott gin, Jared E. Grace raised a crop of cotton on his farm near the present town of Hempstead and binned and pressed it into 100-pound bales, and carried it on pack mules to Mexico, where he sold it for 50 cents per pound. The same year, 1830, John M. Smith settled on the Trinity River, where the town of Liberty now stands, and opened up a farm by clearing a canebrake. He hired by day labor Moseley Baker, William H. Jack and William B. Travis—men who later became prominently identified with Texas progress and Texas history.

But in spite of these isolated farms with their restricted fields of corn and cotton, stock raising constituted the chief pursuit of the early settlers. Mustang ponies were caught and after being somewhat gentled, were shipped to Louisiana and sold. This industry or traffic was carried on mainly by young men who had drifted into the country in search of adventure, but found no demand for their services other than capturing and breaking into use the wild ponies. The Vice brothers seem to have been the first to bring improved horses into the country for breeding purposes. They crossed these on mustang mares that had been captured and confined in pastures. But the Houston prairie, from Hempstead south, was a favorite range, not only for the wild mustang, but for buffaloes also.

It is a far cry from the primitive agriculture of that day to the great farms and stock ranches of Texas, as we see them now. The ox wagon and the pack mule have been superseded by the railway, auto, and motor trucks. The tractor challenges the supremacy of horse power on the farm, while the multiplied conveniences of the farm home are in like contrast to the primitive home of a century ago. We feel at times that as farmers, we are not receiving an equitable share of the common prosperity that marked the advancement of the last century, yet we doubt if in any other line of business, or in any other vocation, have there been such marvelous changes of improvement as in agriculture. This progress demonstrates, to, how all industries are linked and dependent, one upon the other, for the industrial development and advancement of the human race. The isolation and indi-

vidual independence of the farmer has passed away.—Harrington in Progressive Farmer.

Where do you eat? Follow the crowd and see—at the Alamo.

Walton Hester and family spent Monday with Mrs. Fayette Robinson en route to their new home in Los Angeles, California.

Propagating Plants by Use of Cuttings

Frame Which Uses Sunlight as Source of Heat Is Good.

(Prepared by the United States Department of Agriculture.)

The propagation of plants by the use of cuttings is one of the oldest methods known, and until recently it was considered necessary for the best results that the rooting work should be carried on in a well-equipped greenhouse, using steam coils to supply bottom heat. The lack of such equipment, however, and the expense of providing it, have been serious objections to any widespread use of vegetative propagation except with plants easily rooted out of doors. This has been overcome to a considerable extent by the development by the United States Department of Agriculture of a propagating frame which uses sunlight as a source of bottom heat. It has been found to give excellent results with the plants experimented with, including most of the standard citrus root stocks, as well as the newer hybrids.

The method and the experimental results are described in Department Circular 310, "The Solar Propagating Frame for Rooting Citrus and Other Subtropical Plants," just issued. The construction of the frame is simple and the method is economical and offers considerable promise for other groups of plants, especially of subtropical character. The use of the solar rooting frame is obviously best adapted to the warmer portions of the country having a relatively large amount of sunshine.

A copy of the circular may be secured, as long as the supply lasts, from the United States Department of Agriculture, Washington.

Nicotine Dust Is Used in Killing Plant Lice

Nicotine dust is the substance recommended by the college of agriculture at New Brunswick for controlling the aphids which are so abundant on vegetable crops throughout New Jersey this year.

To prove the effectiveness of this substance in killing the pest a demonstration was conducted June 3 on the farm of William Hookstra, Beverly, N. J. Dust containing 3 per cent nicotine was applied with a power duster. The next day an examination showed that the killing was nearly 100 per cent.

The dust is easily applied, and as this and other trials have shown, it is thorough in its work. Application should be made after the dew is off and when the sun is shining brightly. Since the aphids are usually concealed beneath the leaves, considerable force should be used in applying the dust. A one-horse two-row duster that will go through spaces six inches wide between the rows has just been placed on the market. This is particularly adapted to applying nicotine dust.

Growers of peas, beans, early celery, cabbage, spinach, lettuce, tomatoes, eggplant, and peppers must use increased vigilance and care if they are to free themselves from the ravages of the aphid pest this year.

Coal Oil Used to Cure Grub in Head of Sheep

Even with care some sheep will manifest grub in the head which are the larvae of the sheep bot. The symptom is a discharge of heavy, thick mucus which sometimes seals quite across the nostrils. The sheep are continually snorting to rid themselves of the grub which is in the sheep's nasal passages or up in the sinuses which are inside of the head just above each of the eyes. To treat, lay the sheep on their back, feet up, and pour about a teaspoonful of coal oil into each nostril, hold a few minutes and the

cure is completed since the grubs are killed and the sheep will snort them out. Don't let the sheep hold up its head, but just lift the nose about an inch from the ground. Just enough so the coal oil will run down and drain into each sinus.

FARM FACTS

Wet weather often brings insect pests. Watch for the signs and get your poison ready.

Rotation of crops is one of the most important things in the development of agriculture.

Find out what they didn't like and give them lots of it, is a good practice to try on crop pests.

Check up on farm records and inventories to see what it is costing to produce different crops.

Bees never became "tame"; men simply learn their habits and turn their labor to the benefit of mankind.

Immediately following the removal of a hay crop is the best time to harrow alfalfa if the soil is not too wet to pulverize.

Ten horseshoes nailed over the stable door will not prevent the bad luck that one shoe badly nailed on a foot will produce.

In order that an unbroken supply of vegetables may be had, make another planting of beets, carrots, kale, lettuce, mustard, peas, radishes, spinach, and turnips.

It never has paid to feed lice.

Overconfidence often results in overthrow.

Don't let the weeds get too big a start in the garden.

Good artillery for garden and orchard—a loaded spray pump.

You are on the wrong track if you use a scrub bull; he may be followed by a long train of evils.

Horses like pasture at any time, but it is not enough by itself to keep up the strength of work animals.

Don't be too sure that your dairy stock will win at the show. Put your best animals in training now.

Study Operation of Farmers' Elevators

Many Avenues of Possible Loss Due to Small Capital.

(Prepared by the United States Department of Agriculture.)

A study of the operation of farmers' elevators throughout the midwest grain-growing states is being made by the United States Department of Agriculture and the University of Minnesota in an effort to bring out the methods found to have produced success and those which may have been responsible for failure.

There are more than 5,000 such elevators in the midwest grain-growing states. Many avenues of possible loss are open to these elevators, due in part to limited capital, small volume of business, and the nature of the business itself, the study has revealed.

Other causes of financial difficulty may be the failure to insure properly the grain and other merchandises, building and equipment; failure to bond officials, bad accounts, failure to provide sinking funds to replace depreciating property, failure to collect full charges for services, failure to detect erroneous charges, losses in weighing grain, losses from overgrading grain, losses from dockage, and losses from ineffective hedging.

Preliminary results of the study have been prepared in a mimeographed pamphlet, entitled "A Study of the Operation of Farmers' Elevators," copies of which may be obtained upon request to the bureau of agricultural economics, United States Department of Agriculture, Washington, D. C.

IN SOCIETY AND AT THE CLUBS

Class Entertains.

Mrs. C. H. Lasky's class of young married ladies of the Baptist Sunday school entertained their husbands and the teachers and officers of the Sunday school at the home of the class president, Mrs. J. H. Greene last Friday evening. A unique and interesting program was prepared by the class. On entering the guests were presented wands by Mrs. Bert Robertson and as Mrs. Charlie Reams Earnest waved a large one over them they entered the enchanted forest and were children again. They were led to a wishing tree where "Mother Goose" had questions to answer with original answers about many of her

characters. After each one drew her list of questions quite an interesting time was spent answering them. Following this "Diplomas" were given each and on opening them they contained all-day suckers. At the sounding of the bell the guests were again called to the tree and were told to make a wish and draw a prize. Many kinds of wishes were made but each received the "good luck" penny. Childhood games of cross question and crooked answer, snap and other games were enjoyed. Home made cake and ice cream were served. All went away with the wish to visit the enchanted forest again.

Alathians Meet.

The July meeting of the Alathian class of the Baptist Sunday school met with Mrs. Newt Miller. Mrs. Meeks led the Bible lesson, the second chapter of John. The hostess served sandwiches, punch and cake. Mrs. Dixon Weatherly of Amarillo was a guest.

Central Circle.

The Central Circle of the Methodist church met with Mrs. R. N. Gary Monday. There was a good attendance. The president, Mrs. Sam Wulfjen presided. After the usual business, the question of remodeling the church house and building Sunday school rooms was discussed with the pastor. Mrs. Lockhart was received as a new member. The hostess with her daughter, Mrs. Charlie Thompson, served Osgood pie and ice tea. The next meeting will be with Mrs. H. E. Grantland.

King's Daughters.

The King's Daughters met with Mrs. Marvin Dorn last Thursday with a large number in attendance. Mrs. H. L. Hutchinson conducted the devotional exercises. Current news was read by different members from missionaries in Africa. Members gave good reports of visits made and several prospective members for the class. Also flowers had been sent to sick members. The class decided to make money to send the member of the Girls club, which this class sponsors, who won in the recent clothing contest, to A. & M. the last of this month. Mrs. Bruton was a guest. The hostess served two kinds of cake and ice cream. The next meeting will be with Mrs. Van King.

Priscilla Club.

The Priscilla Club met with Mrs. W. L. Doss last Friday. The time was spent in conversation and sewing. Mrs. Roland Burchard and Mrs. London were guests. The hostess served ice cream and cake. The meeting this week will be with Mrs. Jerold Riordan.

W. H. Garrett Entertains.

Some weeks ago it was decided in the Methodist Sunday school that instead of a general picnic each class would entertain and invite as many of their friends as they desired. The plan has worked well and almost every class has entertained or been entertained by some other. There was one exception, Mr. Basden's class of men. None of them seemed interested in any form of entertainment, except one member. When he found the class as a body lacked pep enough to undertake anything he planned to entertain them. So last Friday evening Judge W. H. Garrett invited the members of his class, their wives, and daughters of the King class, to his house for an "old folks" party. The men and women formed a circle on the brightly lighted lawn and discussed such interesting topics as how to keep young, the next governor of Texas, how to get married and each told their best joke, being at intervals with soda pop. After a round table discussion on politics just when the fate of these United States had been settled and it seemed time to go home, Mrs. Garrett and her helpers appeared with a lovely supper consisting of fried chicken, gravy, rolls, peas, tomatoes, ice cream and cake, and then it became an "eating party" Mr. and Mrs. Garrett's hospitality was much enjoyed and no class will be entertained more delightfully than was his.

Mission Club.

The Presbyterian Mission Club met with Miss Mildred Coleman Monday. The president, Mrs. E. F. King, was welcomed back after quite a stay at Alpine, and conducted the devotional exercises from Luke 10th chapter 25 to 37th verses. A report was given from the recent rummage sale and it was decided to hold another one in the fall. Also plans were made for a Christmas sale. After a bible study on Joshua, Mrs. Jerold Riordan led the Foreign Mission lesson on Signs of the Times. Mrs. London of Tennessee, and Mrs. Arthur were guests. Refreshments were served at the social hour.

Harmony Club.

The Harmony Club met with Mrs. Barcroft Tuesday. Her guests were

NOTICE

By making publication of the hereinafter set forth Resolution, notice is given to all owners of property and to all others in anywise interested or concerned of all matters and things therein contained, which said Resolution is as follows, to-wit:

RESOLUTION APPROVING AND ADOPTING ENGINEER'S ROLLS OR STATEMENTS, SETTING TIME AND PLACE FOR HEARING TO OWNERS OF ABUTTING PROPERTY, AND TO OTHERS INTERESTED, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE.

WHEREAS, The City Council of the City of Colorado, Texas, has ordered that the following portions of streets in the city of Colorado be improved by raising, grading and filling same, and installing concrete curbs and gutters where adequate curbs and gutters are not now installed on curb lines, shown in plans for said improvements, and by repairing curbs and gutters where already installed on curb lines, and by paving with Warrenite Bitulithic Pavement on concrete foundation therefor, and contract for the making and constructing of said improvements has been let and entered into with the West Texas Construction Company, the said portions of streets so to be improved being as follows, to-wit:

THIRD STREET from its intersection with the west line of Chestnut Street intersection to its intersection with the East line of Oak Street intersection, excepting Elm Street intersection and Walnut Street intersection, known as Unit or District No. 7.

WHEREAS, The City Engineer has prepared and filed with the City Council rolls or statements for each District or Unit, showing the amounts proposed to be assessed against the property abutting upon the improvements in each such District or Unit, and against the owners thereof, and showing other matters and things necessary and pertinent thereto, and the same having been examined and all errors and omissions found herein having been corrected.

THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COLORADO, TEXAS, THAT:

The said rolls or statements be and the same are hereby approved and adopted.

The City Council does hereby determine to assess a portion of the cost of said improvements in each District or Unit against the owners of property abutting thereon and against the property abutting upon the improvements in accordance with and under the terms of Chapter II of Title 22 of the Revised Statutes of the State of Texas, of 1911, and the proceedings of the City of Colorado concerning said improvements and letting the contract therefor.

The cost in each District or Unit to be assessed against abutting property and the owners thereof shall, in accordance with the proceedings concerning said improvements, be apportioned among the respective parcels of property abutting upon the improvements, according to front foot plan or rule, provided that if the application of this rule shall, in the opinion of the City Council result in particular cases in injustice or inequality or in assessments in excess of special benefits in the enhanced value of the property by means of improvements in the particular district or unit, then the City Council shall adopt such rules in each district as shall effect a substantial equality between the respective parcels of property abutting upon such district or unit and the owners thereof, considering benefits received and burdens imposed, and provided further that in no case shall any assessment be levied against any property or owner thereof for any part of the cost of improvements in any district or unit in excess of the special benefits in the enhanced value of such value of such property as such improvements in such district as ascertained at the hearing herein provided for, each district or unit being considered as a separate and independent unit of improvement and the omission of any improvement in any district or unit shall in no wise effect or impair the validity of assessments, assessments when levied shall be and constitute the first enforceable lien and claim on the property against which such assessments are levied, superior to all other liens and claims, except State, County and Municipal taxes, and shall be a personal liability and charge against the real and true owners of such property.

The descriptions of the parcels and tracts of abutting property, the several amounts proposed to be assessed against such parcels of property and the owners thereof, the total estimated cost of the improvements in each district and the total amount proposed to be assessed against each parcel of property, and other matters and things as shown on the said rolls or statements are as follows, to-wit:

THIRD STREET From its intersection with the West line of Chestnut Street intersection to its intersection with the East line of Oak Street intersection, excepting Elm Street intersection and Walnut Street intersection, Unit or District No. 7.

Table with columns: Name Owner & Description Property, Blk., Front Feet, Rate Cost, Curb @ .475, Total. Lists various owners and their property details along Third Street.

A hearing shall be given to the owners of property abutting upon the said portions of streets, and to all others interested, whether they be named herein or not, all of whom are hereby notified to be and appear at the time and place herein named and fixed, which said hearing shall be held on the 8th day of August, 1924, at 4:30 o'clock p. m., in the City Hall, in the City of Colorado, Texas, and which shall be continued from time to time and from day to day, if necessary, until all desiring to be heard shall have been fully and fairly heard, and at which hearing any mistake, irregularity or invalidity in any of the proceedings herein referred to, the making of the said improvements or assessments therefor may be corrected, and the benefits by means of the said improvements, and all sums to be assessed against abutting property and the owners thereof will be determined, and the apportionment of the cost of the improvements in each district will be made, and all other matters and things required by law and the proceedings of the City will be done; and after all desiring and presenting themselves to be heard, either in person or by agents, attorneys or representatives, have been fully and fairly heard, the said hearing will be closed, and assessments will be levied against the said abutting property and the owners thereof, whether such owners be named herein or not; and at said hearing any person, firm or corporation, their agents, representatives, or attorneys and any and all others in anywise interested shall have the right to appear and be heard, and to introduce evidence and subpoena witnesses.

The City Secretary of the City of Colorado, is directed to give notice to the owners of the property abutting upon the said portions of streets, and to all others interested, of all said matters and things, by causing a copy of this Resolution to be published at least three times in some newspaper of general circulation in and published in the City of Colorado, Texas, the first publication to be made at least ten days before the date above fixed for such hearing. The City Secretary may also give notice by mailing to each owner at his or her address, if known, by registered letter, a copy of said notice, but the said notice by letter shall be only cumulative of the said notice by advertisement and publication, and the notice by advertisement and publication shall in all cases be sufficient, whether or not any other notice be given.

This resolution shall take effect and be in force from and after its passage. Passed and approved this 27th day of June, A. D. 1924.

Attest: L. A. COSTIN, City Secretary.

And of all said matters and things all parties, owners and others in anywise interested or concerned, will take due notice.

L. A. COSTIN, Secretary, City of Colorado, Texas.

NOTICE

By making publication of the hereinafter set forth Resolution, notice is given to all owners of property and to all others in anywise interested or concerned of all matters and things therein contained, which said Resolution is as follows, to-wit:

RESOLUTION APPROVING AND ADOPTING ENGINEER'S ROLLS OR STATEMENTS, SETTING TIME AND PLACE FOR HEARING TO OWNERS OF ABUTTING PROPERTY, AND TO OTHERS INTERESTED, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE.

WHEREAS, The City Council of the City of Colorado, Texas, has ordered that the following portions of streets in the city of Colorado be improved by raising, grading and filling same, and installing concrete curbs and gutters where adequate curbs and gutters are not now installed on curb lines, shown in plans for such improvements, and by repairing curbs and gutters where already installed on curb lines, and by paving with Warrenite Bitulithic Pavement on concrete foundation with necessary appurtenances, all as more fully detailed in the plans and specifications therefor, and contract for the making and constructing of said improvements has been let and entered into with the West Texas Construction Company, the said portions of streets so to be improved being as follows, to-wit:

CHESTNUT STREET from its intersection with the north line of Second Street to its intersection with the North line of Third Street, known as Unit or District No. 6.

WHEREAS, The City Engineer has prepared and filed with the City Council rolls or statements for each District or Unit, showing the amounts proposed to be assessed against the property abutting upon the improvements in each such District or Unit, and against the owners thereof, and showing other matters and things necessary and pertinent thereto, and the same having been examined and all errors and omissions found therein having been corrected.

THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COLORADO, TEXAS, THAT:

The said rolls or statements be and the same are hereby approved and adopted.

The City Council does hereby determine to assess a portion of the cost of said improvements in each District or Unit against the owners of property abutting thereon

and against the abutting property in accordance with and under the terms of Chapter II, of Title 22, of the Revised Statutes of the State of Texas, of 1911, and the proceedings of the City of Colorado concerning said improvements and letting the contract therefor.

The cost in each District or Unit to be assessed against abutting property and the owners thereof shall, in accordance with the proceedings concerning said improvements, be apportioned among the respective parcels of property abutting upon the improvements, according to front foot plan or rule, provided that if the application of this rule shall, in the opinion of the City Council result in particular cases in injustice or inequality or in assessments in excess of special benefits in the enhanced value of the property by means of improvements in the particular district or unit, then the City Council shall adopt such rules in each district as shall effect a substantial equality between the respective parcels of property abutting upon such district or unit and the owners thereof, considering benefits received and burdens imposed, and provided further that in no case shall any assessment be levied against any property or owner thereof for any part of the cost of improvements in any district or unit in excess of the special benefits in the enhanced value of such property by means of improvements in such district, as ascertained at the hearing herein provided for, each district or unit being considered as a separate and independent unit of improvement, and the omission of any improvement in any district or unit shall in no wise effect or impair assessments levied, and the omission of improvements in front of any property except by law from the lien of special assessments shall in no wise effect or impair the validity of assessments. Assessments when levied shall be and constitute the first enforceable lien and claim on the property against which such assessments are levied, superior to all other liens and claims, except State, County and Municipal taxes, and shall be a personal liability and charge against the real and true owners of such property.

The descriptions of the parcels and tracts of abutting property, the several amounts proposed to be assessed against such parcels of property and the owners thereof, the total estimated cost of the improvements in each district and the total amount proposed to be assessed against each parcel of property, and other matters and things as shown on the said rolls or statements, are as follows, to-wit:

CHESTNUT STREET From its intersection with the North line of Second Street to its intersection with the north line of Third Street—Unit or District No. 6.

Table with columns: Name Owner, Description Property, Block, Front Feet, Rate, Cost, Curb @ .475, Total. Lists owners and property details for Chestnut Street.

A hearing shall be given to the owners of property abutting upon the said portions of streets, and to all others interested, whether they be named herein or not, all of whom are hereby notified to be and appear at the time and place herein named and fixed, which said hearing shall be held on the 1st day of August, 1924, at 4:30 o'clock p. m., in the City Hall, in the City of Colorado, Texas, and which shall be continued from time to time and from day to day, if necessary, until all desiring to be heard shall have been fully and fairly heard, and at which hearing any mistake, irregularity or invalidity in any of the proceedings herein referred to, the making of the said improvements or assessments therefor may be corrected, and the benefits by means of the said improvements, and all sums to be assessed against abutting property and the owners thereof will be determined, and the apportionment of the cost of the improvements in each district will be made, and all other matters and things required by law and the proceedings of the City will be done; and after all desiring and presenting themselves to be heard, either in person or by agents, attorneys or representatives, have been fully and fairly heard, the said hearing will be closed, and assessments will be levied against the said abutting property and the owners thereof, whether such owners be named herein or not; and at said hearing any person, firm or corporation, their agents, representatives, or attorneys and any and all others in anywise interested shall have the right to appear and be heard, and to introduce evidence and subpoena witnesses.

The City Secretary of the City of Colorado, is directed to give notice to the owners of the property abutting upon the said portions of streets, and to all others interested, of all said matters and things, by causing a copy of the Resolution to be published at least three times in some newspaper of general circulation in and published in the City of Colorado, Texas, the first publication to be made at least ten days before the date above fixed for such hearing. The City Secretary may also give notice by mailing to each owner at his or her address, if known, by registered letter, a copy of said notice, but the said notice by letter shall be only cumulative of the said notice by advertisement and publication, and the notice by advertisement and publication shall in all cases be sufficient, whether or not any other notice be given.

This resolution shall take effect and be in force from and after its passage. Passed and approved this 27th day of June, A. D. 1924.

Attest: L. A. COSTIN, City Secretary.

And of all said matters and things all parties, owners and others in anywise interested or concerned, will take due notice.

L. A. COSTIN, Secretary, City of Colorado, Texas.

CITATION.

THE STATE OF TEXAS County of Mitchell.

To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded to summon William Shirley by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published there, to appear at the next regular term of the District Court of Mitchell County, to be held at the court house thereof in Colorado, Texas, on the eleventh Monday after the first Monday in September, A. D. 1924, the same being the 17th day of November, then and there to answer a petition filed in said court on the 30th day of June A. D. 1924, in a suit numbered on the docket of said court, No. 4511, wherein Milton R. Smith is plaintiff and William Shirley is defendant, said petition alleging that on or about the first day of January A. D. 1924, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit: Lot No. 12 in Block 4, Lot No. 14 in Block 31, and Lot No. 3 in Block 44 all in the city of Colorado. That on the day and year last aforesaid defendant unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of one hundred dollars.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness W. S. Stoneham, Clerk of the District Court of Mitchell County.

Given under my hand and the seal of said court in the city of Colorado, Mitchell County, Texas, this 30th day of June A. D. 1924.

—W. S. Stoneham, Clerk of the District Court of Mitchell County.

Issued this 30th day of June A. D. 1924.

(Seal) W. S. STONEHAM, Clerk District Court, Mitchell County, Texas. 7-25c

CITATION.

STATE OF TEXAS County of Mitchell

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon E. P. Brandow, Thos. Love, R. C. Scott, Geo. Hausman, Jessie Hausman, W. B. Halstead, C. G. Chamberlin, B. B. Hinman, Allan French, R. F. Purdy, Wm. Pratt, Jno. Evans, Alex Stewart, Geo. Clements, Walter Lovett, and E. Ruth, if they be living, and, if they be dead, to summon their unknown heirs, and also to summon The Colorado Petroleum Company, a corporation duly incorporated in the State of Colorado and whose president is Geo. Hausman, by making publication of this citation once in each week for four consecutive weeks previous to the return hereof, in some newspaper in Mitchell County, Texas, to appear at the next regular term of the District Court of Mitchell County to be held at the courthouse thereof in Colorado, Texas, on the eleventh Monday after the first Monday in September A. D. 1924, the same being the 17th day of November, then and there to answer a petition filed in said court on the 30th day of June A. D. 1924, in a suit numbered on the docket of said court, Number 4512, wherein W. L. Foster is plaintiff and E. P. Brandow, Thos. Love, R. C. Scott, Geo. Hausman, Jessie Hausman, W. B. Halstead, C. G. Chamberlin, B. B. Hinman, Allan French, R. F. Purdy, Wm. Pratt, Jno. Evans, Alex Stewart, Geo. Clements, Walter Lovett and E. Ruth if living, and if dead, their unknown heirs, are defendants, as is also the Colorado

Texas Petroleum Company, said petition being an action of trespass to try title to recover the following described property situated in the counties of Mitchell and Howard, in the State of Texas, and described as follows, to-wit:

Sections 3, 5, and 6 in Block 29, T. 1 S. and section 43, Block 29, T. 1 N. of the T. & P. Ry. Co.'s surveys in said counties.

Plaintiff sets up that defendants are laying some sort of claim to this land, the exact nature of which is unknown to plaintiff, which claim is inferior to that of plaintiff's, believed to be by virtue of an assignment of an oil and gas lease which lease has long since been abandoned.

Herein fail not but have you before said court on the said first day of the next term thereof this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of the said court in the city of Colorado, Mitchell County, Texas, this 30th day of June A. D. 1924.—W. S. Stoneham, Clerk District Court of Mitchell County, Texas.

Issued this 30th day of June A. D. 1924.

(Seal) W. S. STONEHAM, Clerk of District Court, Mitchell County, Texas. 7-25c

PROPOSED AMENDMENT TO CONSTITUTION.

RELATING TO GRANTING OF CONFEDERATE PENSIONS.

Senate Joint Resolution No. 10.

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (.07) cents on the one hundred (\$100.00) dollars valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purposes, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers, who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the

militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For Amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910." and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Section 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand \$5,000.00 dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

Approved March 20, 1923.

S. L. STAPLES, Secretary of State.

7-25c

Celebrate With Family Reunion.

Mr. and Mrs. W. B. Buchanan had a family reunion at their home, 504 Main street, last Sunday and Monday. This is the first time in seven years all the members of the family had been together so the occasion proved one of deep enjoyment for parents and children. The following were here to enjoy this happy reunion: Mr. and Mrs. Wm. Myers and two daughters of Sinton, Texas; Miss Alta Buchanan of Commerce; Mr. and Mrs. Walter Whipkey and two little daughters of Colorado; Lex Buchanan of Paris; W. B. Buchanan, Jr., of Electra. Sallie and Pat Buchanan who are at home here completed the happy circle of fifteen.—Big Spring Herald.

A. & M. HAS OPTIMISTIC VIEW FOR COMING YEAR.

The Extension Service, A. & M. College, sends out the following:

"By this time the damage from grasshoppers is diminishing and by the end of July it will hardly be noticeable.

"To reassure the farmers, the following facts are given:

"After becoming mature about the end of June, the hoppers during August and September lay their eggs in solid soil, usually in sod land or pastures, along fence rows, or in the grass along creeks. One female will lay about 200 eggs. These pass thru the winter and hatch in the spring, especially following a warm rain. They continue to hatch over a period of four to six weeks, but after these over-wintering eggs hatch, no more young grasshoppers will appear until the following spring. Thus there is but one generation of grasshoppers a year, and after the spring hatching is completed, the farmer need not be apprehensive of other young grasshoppers the same season.

"It has been learned that in some sections tenants, fearing a repetition next year of this season's damage, are signifying their intention of moving to other sections.

"There is little basis for this fear. It is unusual to have heavy grasshopper damage two years in succession, as has occurred in 1923 and 1924. The reason for this is that grasshoppers are usually held to small numbers by various natural causes. Several kinds of flies attack them. The larva of the blister beetle destroys the eggs in the fall. A fungous disease sweeps away great numbers, especially in warm, moist weather.

"Only in seasons when conditions favor the hopper and are unfavorable to these various enemies do the grasshoppers multiply to greatly destructive numbers. A great number of grasshoppers furnish an abundance of food for these various parasites, and they also during a year of excessive grasshopper damage, multiply to such numbers that the hoppers are effectively controlled the succeeding year and for a number of years thereafter.

"Already these factors are working this season. It is too early to make any definite statement as to how effectively they will reduce the number of hoppers next season. Observations will be made and the facts given to the public late this fall and winter. We feel reasonably safe, however, in assuring the farmers that no extensive damage will occur for the season of 1925."

REGULAR MONTHLY LEGION MEETING A BIG SUCCESS

The regular monthly meeting of Oran C. Hooker Post, American Legion, took place last Friday night and was well attended by an enthusiastic bunch of its members. Many important business matters were handled and disposed of and one or two held over for the next meeting. One of the old members, who had become lost, returned to the flock at this meeting and it was unanimously decided that an intensive membership campaign would be put on with all members at act on a membership committee.

The meeting was unanimous in favor of the paving of Chestnut street and several members made donations ranging from \$20 to \$50. This, with other donations from business men and, we understand, one from the paving company will put the Legion post in a position to get by easily.

A couple of the members spent an evening in cleaning up the grounds of the hut and it surely looks the better for their work. Of course, Joe or Roy neither one hurt themselves, but the work shows up fine and dandy. If more of the members would get out occasionally and jump into this work it would not take long to make the grounds the prettiest in town. Lets go.

Many are taking advantage of the pool tables and reading room and we predict this winter will be an easy one for the Legion members, with their fine rooms and the wonderful chances for social gatherings.

Considerable after-meeting talk took place and in the very near future the post will have an announcement to make that will be of interest to every man, woman and child in the county. Another prospective good-time that will come off in the near future is an old time form of entertainment. It went out of vogue during the prominence of Volstead and, although there will be no "kick" or "wallop" in this party, the beer to be served will, at least, have all the appearance of the real stuff and, as there is no law against the serving of Weenies, rye bread and cheese—yet—there will be plenty of this to go with the near-beer that will be on tap. The business men of the town will have a general invitation to attend this feast as will also all members of the post and outside and all ex-service men, members or not.

COWBOYS CARRY WATER DOGS TO KEEP COOL

MIDLAND July 15.—Cowboys in the Midland country don't give a hang how hot it gets. They don't suffer.

They just hang two or three water dogs around their necks, put one in each side pocket, and go about their business just as though it wasn't warm.

The cowboys capture the water dogs around tank dams at night.

The water dogs have a much lower temperature than that of a human being, as they belong to the class of cold-blooded water animals.

Walton Hester and family spent Monday with Mrs. Fayette Robinson en route to their new home in Los Angeles, California.

Mrs. R. N. Gary has as her guests her cousin, Miss Elizabeth Dean of Cisco and Miss Irma May Jarman from the Gary ranch.

PHONE DAY OR NIGHT

SIGNALS OF SERVICE

YOU'VE noticed the lines of telephone poles as you speeded by on trains or in automobiles. These communication lines which stretch along the roads, streets, and alleys are the outward signs of the little-seen service you so greatly depend upon to make your home and business what it is today.

Holes alone represent a big investment in your behalf. Placed end to end the holes dug for telephone poles would make a tube reaching to a distant planet.

Then there are the cross-arms, the wires, the insulators. Add to these visible signals of telephone service the expensive intricate plant equipment that is back of the receiver and the total investment reaches a big figure. Yet the cost to the average family for telephone service is insignificant compared with the value received and the investment involved.

COLORADO BARGAIN HOUSE OPENS BIG SALE THURSDAY

"Going to Market Sale," is the designation of the big sale opened Thursday morning by the Colorado Bargain House at their large dry goods and clothing establishment in Colorado. L. Landau, manager of the concern, stated the sale would continue 15 days.

Miss Alta Buchanan of Commerce and who is spending her vacation with her parents in Big Spring visited her sister, Mrs. Walter Whipkey here last week.

TENTH MILLIONTH FORD CAR NEARS PACIFIC COAST

With half its journey from New York to San Francisco completed, the Ten Millionth Ford car is rolling along across the western states towards the Pacific, reeling off a vivid and colorful motion picture for the automotive history of America.

Crossing the Missouri River into Nebraska, the sturdy little car that represents ten million transportation units of one kind, left behind it for the eastern section of the United States along the Lincoln Highway a picture that will live long in the memory of the thousands that enjoyed it—a picture filled with enthusiastic scenes, lengthy processions and unique features, all in tribute to the great industry of which the car is a product.

As it progresses westward the picture takes on a new and varied atmosphere, with the great welcoming hand of the West outstretched.

Entry of the Ten Millionth Ford into Chicago was triumphant, if anything, for it was accompanied by a parade of 300 cars. The trip across Illinois was one ovation after another. At Clinton, where the car entered Iowa, the state in which rain has lately been trying to outdo the corn, it was greeted by a big delegation of Ford dealers, a band of Scotch bag pipers and songs written to the optimistic tune of "It Ain't Goin' Rain No More." At Omaha city officials are preparing a warm welcome for the car, and will participate in the big parade which will feature its entry into Nebraska's metropolis.

Visiting at Long Beach. The Long Beach (Calif.) Telegram for July 6th, has the following news note about Mrs. R. E. Dolman of Colorado, who is spending the summer there:
"Mrs. R. E. Dolman and her granddaughter, Ernestine Coe of Amarillo, Texas, and Evelyn Caldwell of Paris, Texas, are here to take part in a family reunion scheduled for some time later in the summer. Mrs. Gussie Dyer who came here earlier in the season from Hayden, Arizona, is at the head of the meeting and arranging for further arrivals. About ten of the party are already in evidence here."

Mr. and Mrs. Hill of Mt. Vernon are visiting her aunt, Mrs. L. C. Dupree.

PRITCHETT GROCERY

WITH THE CHURCHES
FIRST PRESBYTERIAN C. E. SOCIETY IS ORGANIZED HERE

The Christian Endeavor Society growing naturally out of the contagious enthusiasm brought back from the Kerville Conference by Mr. Lee Burke, Samuel Womack and Mr. Elliott, was organized last Thursday night, July 10, with a most encouraging beginning. The following officers were elected:

Mr. Lee Burke, President
Mr. Samuel Womack, Vice-President
Mr. Otis Wolf, Recording Secretary
Mrs. Gross, Recording Secretary
Miss Gaynelle Burke, Treasurer
Mr. Samuel Womack, Chairman of Prayer Meeting Committee.
Mrs. Gladys Womack, Chairman of Look-out Committee.
Miss Gaynelle Burke, Chairman of Social Committee.
Mr. Lee Burke, Chairman of Music Committee.
Mrs. Frank Ball Root, Reporter.

About twenty-five members were enrolled. Plans were suggested for earning money to help raise funds for the new church building. The president also stated that it was his ambition to raise enough money to pay the expenses of our members who attended the Kerville Convention next summer.

Sunday evening, July 13, the Endeavor met at the First Presbyterian church at 7:45 p. m. A splendid program was rendered and enjoyed by young people who are not members of a young peoples' society to meet with us each Sunday evening at the First Presbyterian church.

Methodist Church.

Sunday school 9:45 a. m. Mr. Dorn will be back and have charge of the school. Let all our pupils and teachers come. We are averaging good but it is because we are having a few new pupils each Sunday. Many of our people are away and some who are here are out on Saturday and Sunday. We are to have a Standard Training School from Sept. 1-6. We will have more about this school later. This is going to cause us to move our meeting up. We will also be able to make announcement about this next week. Preaching Sunday 11 a. m. but no preaching in the evening. I am preaching from the Sunday school lessons these days. Preached from the Boyhood of Jesus last Sunday. Will preach from The Baptism of Jesus next Sunday and The Temptation of Jesus the next. Come to Sunday school and then stay for preaching. We cordially invite all to attend our services. We want all our new people to join with us and feel at home.—J. F. Lawlis, Pastor.

Sunday With the Baptists.

The revival is on in full swing. The music is charming. The attendance is fine. We are delighted. The spirit is fine. Folks are cooperating. We want you to come. Short sermons. Everybody in a good humor. The preacher is trying to say the things that need saying. If he steps on your corns blame the corns not

the preacher. Services 10 a. m. on week days and 8-30 at night. No Saturday morning services. Remember the Sunday school meets at the tabernacle, except Mrs. Terrells department which meets at the church.—M. C. Bishop, Pastor.

Senior B. Y. P. U. Program Sunday, July 20th.
Subject—The Good Shepherd.
Scripture—Psalms 23 and Ezekiel 34:11-16.
Leader—Tella Cook.
Song by the Union.
Prayer.
Introduction by leader.
1. The Shepherd Psalm—Jusnita Cook.
2. Ezekiel Sings of the Shepherd's Care—Delma Bishop.
3. Sings of False Shepherds—Claud Cook.
4. God, our Good Shepherd—Myrtle Seale.
5. The Good Shepherd, a Guide—Luther Pond.
6. Bringing Back the Lost—Coral Bishop.
7. Some Lessons We May Learn—Mrs. A. L. White.
Song by the Union.
Dismissal.

FIRST CHRISTIAN CHURCH

We are very much pleased with the attendance we are having during these warm days. Next Sunday we are to join with the Bible schools in endeavoring to make a record attendance. May we have your help and cooperation. Everybody go to Sunday school somewhere Sunday morning. Regular services Sunday morning. In the evening we will dismiss for the Baptist revival. Bro. Bishop is delivering some very helpful messages and you will be edified and helped if you will hear him.

J. E. CHASE, Pastor.

McMURRY COLLEGE

Abilene—Construction will begin at once on a girls dormitory at McMurry College, contract having been let this week by the Committee. The building will cost approximately \$65,000 and is one unit of a structure which will eventually cost about \$125,000. The unit under construction will house fifty girls, is a modern fire proof building throughout, and will make one of the most beautiful and attractive girls' homes to be found on the campus of any college in the State of Texas. The building will be built in gray face brick, matching the brick used in the Administration building, which edifice is recognized all over the country as one of the best and most substantial school buildings in Texas.

The Summer School of McMurry College is in the midst of a very successful session. Friends of the institution will be interested in knowing that the first years enrollment of the College, including the Summer Session, was 875, an enrollment without precedent. Families are moving to Abilene from all over the country to place their children in college, and students are matriculating at a rate that presages a large enrollment for the next year. The college has been classified under the State Board as a Class A Junior College and will add the third year of College work this fall. The prepara-

tory department which comprises four years of High School work has been classified with seventeen units of affiliation, four more than the required number. Thus, all of the work of the school is thoroughly affiliated with the State of Texas and the Association of Colleges.

Epworth League

Program for July 20th.
Leader, Nelda Garret; Scripture Luke 10:39-37; Phil 2:4; Subject, Being a Good Neighbor; (1) Tend to (2) Be Sociable, Laura Bell Grantland, (3) Be Sympathetic, Fay Lucas, (4) Be Cheerful, Catherine Bean, (5) Be Helpful, Vera Gaskin. Special music. (6) Be Considerate, Idabelle Bean. (7) Don't Peddle Gossip and Don't Listen to Gossip, Mary Lawlis. (8) Be Interested in Your Neighbors and in Your Neighborhood, Bertie Womack. (9) Be a Broad Neighbor, Marguerite Stoneham. Business. Benediction.

LORAINE METHODISTS ARE BUILDING TABERNACLE

The Methodist church is building a tabernacle 50x60 feet in size just south of the church building. They are putting up a framed structure on a concrete foundation, and with a shingle roof so as to make a permanent structure out of it. The plans are to leave it open this season, but it is constructed so that if it becomes necessary at some future time, that walls can be added and make it into a much better building. It is to be completed in time for the revival meeting this summer which commences the third Sunday in this month.—Lorraine Leader.

Mrs. R. L. Reid and brothers, Barnett and Ewell O'Bryan, of El Paso, passed through Wednesday en route in their auto, to Dallas, being called to attend the bedside of their mother, Mrs. J. C. O'Bryan.

BARBECUE FEATURES DIST. SCOUT MEETING AT DUNN

Executives of the Buffalo Trails Boy Scout Council met at Dunn Wednesday for an executive parlay and to witness field events staged by members of the Boy Scouts of the district, composed of Mitchell, Nolan, Fisher and Scurry counties. A barbecue dinner was served the visitors at noon. Rev. W. M. Elliott of Colorado, district president of the council, and several boys from local troops attended the meeting.

Mr. and Mrs. J. C. Hooker returned Tuesday from an automobile trip to South Texas.

BEING EDUCATED, OR "EXPOSED TO AN EDUCATION?"

The most important need of most rural schools is further consolidation. Certainly we can never hope to get effective teaching in schools where one teacher handles (or tries to handle) everybody from the first to the seventh grades. Such a teacher is just as badly overworked as one man would be if he tried to cultivate eighty acres of cotton without any other person, young or old, to help him. He might give a few acres "a lick and a promise" but he could not keep down the grass nor save the crop from general failure. Neither can a teacher save a crop of boys and girls from failure when each class only gets "a lick and a promise" in the old days when a man's speed was limited to that of a horse's legs, school consolidation could not wisely go far. The coming of the "school truck" however, has changed all that. And now when one teacher can give all her time and thought to helping children in one grade (instead of dividing her time and attention with seven grades) children are really making progress and getting somewhere. They are really getting educated instead of being merely "exposed to an education"—which is about the best that could be claimed for the old-fashioned one-teacher school. The children were "exposed to an education"—but in most cases it "didn't take."

Don't let your wife cook dinner these hot days. Come to the Alamo Hotel.

Mr. and Mrs. Hill Low are spending their vacation on the plains.

Everything for the housewife and home at Cook & Son.

Mrs. Fred Hunter of Dallas is visiting her sister Mrs. Harry Ragan.

Venus pencils all grades at Record office.

Mr. and Mrs. Oscar Majors are visiting relatives in Wichita Falls.

Regular Prices 10 and 30c

Much Corn Fails to Attain Grade

Large Portion of Loss Sustained Can Be Saved by Better Handling.

(Prepared by the United States Department of Agriculture.)

Much of the corn shipped from country points to terminal markets that is inspected and graded by federally licensed grain inspectors fails to meet the requirements for grade No. 1, according to grain inspection statistics of the United States Department of Agriculture.

The proportion of corn receipts inspected at terminal markets from 1917 to 1921 which met the requirements for grade No. 1 ranged from 1 per cent to 27 per cent of the total crop. The remainder of the corn fell into one of the lower grades and was consequently sold at a reduced price.

Considerable money loss to producers results from marketing corn which does not meet the requirements for grade No. 1, a large portion of which loss can be saved through better handling of the corn on the farm, the department says.

The principal factors that affect the commercial grade of corn are quality, condition, color, test weight per bushel, moisture content, foreign material and cracked corn, total damaged kernels, heat-damaged kernels, odor, temperature and live weevils or other insects injurious to stored grain.

Any shelled corn which has a natural odor, is free from live weevils or other injurious insects, and has a test weight of at least 55 pounds per bushel, a moisture content of not more than 14 per cent, does not contain over 2 per cent of foreign materials or finely cracked corn or more than 2 per cent of total damaged corn, and no heat-damaged kernels, will grade No. 1 under the government standards for shelled corn. Most of the corn which fails to meet the requirements for grade No. 1 usually receives one of the lower grades because of a single factor, although some lots are assigned the lower grade on account of two or more grading factors.

The department has brought together in a mimeographed pamphlet the recommendations of several investigators who have made a careful study of the problem of how to handle corn on the farm so as to assure a high grade and consequently a high price for the corn when it is sold on the terminal markets. Copies of this pamphlet may be obtained upon request to the bureau of agricultural economics, United States Department of Agriculture, Washington, D. C.

Rape and Corn Combined Good for Hogging Down

That rape and corn make a good combination for hogging down is indicated by the results of the tests made at the South Dakota experiment station. Rape was seeded in the corn just after the last cultivation. Three different varieties of corn were concerned in the experiment and the best growth of rape was secured with flint corn, while with dent varieties the shading of the heavy growth of corn reduced the yield of rape somewhat.

As an average the rape increased the gain of the hogs from 1.06 pounds daily on corn alone to 1.28 pounds. In the case of the flint corn the rape was responsible for an increase in daily gains of one-third of a pound. In the case of the dent varieties, the increases were somewhat less.

Banking With Earth Is Best to Blanch Celery

Banking with earth is the ordinary method of blanching celery. Have the rows of plants at least 3 1/2 to 4 feet apart and draw the earth from between the rows up to the plants as they grow. Boards placed at each side of the row and held upright with stakes are sometimes used. Specially prepared paper is also used in this way. Paper bands may be used and an ordinary three-inch drain tile set down over the plant will be satisfactory. Celery properly protected can be left in the ground until long after freezing weather or it can be taken up and placed in boxes in a dark, cool cellar.

To Produce Profitable Crop of Alfalfa Seed

Alfalfa requires warm, dry sunny weather to produce and mature a profitable crop of seed. While there may be a heavy setting of seed in some seasons, to save it would interfere with obtaining the full value of the hay crop. In Kansas, the alfalfa seed raisers save the third cutting for seed, claiming that the pods from this cutting are more uniformly filled and the seed more fertile and there are fewer weeds to contend with than where an earlier cutting is used.

Sudan Grass as Pasture

Sudan grass makes a good pasture. It may be sown any time after May 15. The soil should be well worked right up to the time of seeding to keep down weeds and to secure a good seedbed. A fine, well-compacted surface is essential. For pasture it is best to sow 25 pounds per acre, and drill in the seed, and then use a heavy roller or soil packer. Sowing seed by hand broadcast is not a safe method of seeding, because it leaves too much of the seed uncovered.

JONES DRY GOODS SALE MAINTAINS USUAL INTEREST

The public continues to manifest an interest in the sale in progress at the Jones Dry Goods Company store, W. R. Hickey, manager, states. The management is announcing additional bargains in the advertising columns of the Record today.

CLASSIFIED ADVERTISEMENTS

Want Ads Bring Results—One Cent a Word, each issue—50c minimum price. No Classified Ads Charged. It's Cash.

POSTED—The Elwood lands are posted according to law. Wood hauling, trapping, hunting, etc., will not be tolerated.—O. F. Jones, Mgr.

GAINES COUNTY FARM LANDS at reasonable prices and at attractive terms—Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent. At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly payments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent. This is strictly a general farming country. Abundance of pure water, no boll weevil; and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 160 acre farm in one season. This is your big opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act. Address W. A. SoRELLE, General Agent, 12 Santa Fe Bldg., Seagraves, Gaines County, Texas, for terms of sale and descriptive folder.

FOR SALE—Cow No. 1—A four gallon cow. Full Jersey, does not give you any milk. How about the four gallons? You must tie the head and foot entertain her with a bucket of bran or meal and take the milk away. \$100 gets her.

Cow No. 2—Full Jersey, two years and 5 months old. A perfect model for a city cow. Does not kick, can not hook, does not bawl, stays in any kind of enclosure. Has no calf, so she is a hornless, kickless, callless, bawless cow for \$75.

Cow No. 3—Jersey, one year and 11 months old, has a heifer calf, has been learned to milk but not so gentle as cow No. 2. \$75 will get her and calf or \$65 for cow alone, all three cows have been bred for another season. First come, first served. D. T. BOZEMAN, Cuthbert, Texas.
