PLANS THIRD ANNUAL FAIR INDICATE BIG ATTRACTION

Plans for the Third Annual Fair, to be held at Colorado September 18, 19 and 20 by the Mitchell County Fair Association, are going ahead rapidly and the tentative program for the three days indicate that the show this year will be the best ever held. The fair will be held at Union Tabernacle and on the grounds surrounding this building and the court house, together with all adjoining vacant property which has been leased by the fair association during the fair.

Definite plans to hold the fair at this location was determined upon at a meeting of executive officials here Friday when it was considered too late to make the necessary improvements to Fair Park, 40-acre tract recently purchased by the association adjoining Colorado on the northwest. The fair management plans to improve this property before another year and the Fourth Annual Fair will be held there.

Attractions this year will exceed anything ever before attempted by the association. The agricultural and livestock shows and departments under supervision of the boys and girls clubs and Mitchell County Federation of Women's clubs will be more attractive than ever before. Commercial booths will be much more representative of the business interests of Colorado, Lorraine and Westbrook than ever before.

Conveniences never before provided by the fair management will be provided at the grounds. Nothing which might add to the comfort and entertainment of visitors will be overlooked.

In naming the several departmental superintendents for the Third Annual Fair, the management made practically no change in the list from last year. The men and women who personally directed the several departments of the fair last year did their tasks so splendidly that they were requested to retain active charge of the department managed by them a year ago.

Publication of the annual catalog and premium list is to go to press within the next few weeks. The management announced Friday that a long list of attractive cash prizes is to be offered, and that every inducement possible to enlarge the show will be given.

The executive session Friday, among the most enthusiastic ever held by fair officials, was presided over by Fred Brown of Lorraine, first vice president. At the conclusion of the business session the directors voted unanimously to adopt a resolution expressing appreciation of the board for the active interest Brown has always shown in the association.

J. H. Greene, general chairman of concessions and attractions for the fair, stated that under no conditions would concessionists or exhibitors be permitted to set up booths or occupy space on any of the grounds controlled by the fair association unless they obtained the proper permit authorizing such privilege.

Selection of the queen is expected to create the usual interest which annually centers around this social event of the fair here. Members of the American Legion, Federated Woman's Clubs and other civic and social organizations will co-operate with the fair management in the queen contest. Rules governing the selection of a young lady as queen of the Third Annual Fair will be similar to those followed in previous years.

Among the attractions promised are carnival shows, riding devices, band music, spectacular parades, coronation of the queen, speaking by prominent visitors and many other attractions. Tentative plans for horse racing have been worked out by the committee.

REVIVAL MEETING BEGUN BY CUTHBERT METHODISTS
Rev. C. E. Jameson, pastor of the Methodist church at Snyder, was in Colorado Monday afternoon and stated that he was holding a series of revival meetings at Cuthbert. The meeting began Sunday night and is to close Saturday night.

COLORADO LIONS URGE VARIED CIVIC PROGRAM

That Colorado during the ensuing year will continue to foster the number of civic programs, adding to the development and attractiveness of the city, was indicated Friday at the Lions club luncheon when members answering to roll call named some worthwhile improvement that in their opinion should be carried out during the year.

Expressions of the Lions indicated that more were interested in having a census taken of the city than any other of the several civic matters proposed. In this connection the recommendation was made that the city should extend the corporate limits to include the suburban additions which have sprung up on two or three sides of town. The sewage disposal plant also came up for discussion and recommendation was made that the plant be either removed farther from the heart of the city or improved.

Other civic programs suggested as follows: Enlarge water system, improve Intan Flats, vote bonds to build new city hall, paint Union Tabernacle, prohibit the dumping of trash except at municipal dumping grounds, improvement of tourist park, improvement of service afforded here by Texas & Pacific railway, erection of hand stand on court house lawn, improvement of city park, better street maintenance in residence districts, and organization of Seven Wells-Like club.

ABILENE GIRL IS KILLED IN AUTOMOBILE ACCIDENT

Miss Rachel Cresswell, 19, daughter of Mr. and Mrs. G. O. Cresswell of Abilene was instantly killed Thursday morning about five o'clock when the automobile in which she, with three other young ladies, was driving, overturned about seven miles north of Abilene on the Abilene-Anson pike.

The young lady's neck was broken as was her collar bone and one of her arms. Her body was badly bruised from the weight of the car, which is said to have rolled over several times after it left the roadway. Save for slight bruises and lacerations and a bad shaking up, none of the other occupants of the car were injured.

PRODUCTION AT WELLOBORNE WELL GOES TO PIPE LINE CO.

Production at Wellborne No. 1 of the Col. A. E. Humphreys interests near Ira in Scurry county is to be taken by the Rio Grande Pipe Line Company for shipment to the company's refineries at El Paso. A two-inch line, connecting the well with the company's pipe line at Thompson's Badsett well was completed Friday of this week. Two thousand barrels of oil is in storage at the Wellborne well.

J. F. Carey, contractor to drill Humphreys test on the Coleman lease near Cuthbert, stated Tuesday that air line from Wellborne No. 1 to the test had been completed. Compressed air, which was encountered in the Wellborne well, will be piped to the Coleman location to take the place of steam in operating the engines.

BROTHER REV. CHASE DIES AT SAINT LOUIS

Frank P. Chase, only brother of Rev. John E. Chase, pastor of the First Christian church at Colorado, died Sunday night at his home in St. Louis. Mr. Chase was ill only four days before his death. He recently spent a visit in Colorado with Rev. Mr. Chase and family, leaving here July 5th to return to his home in St. Louis. He was in perfect health at that time.

FUNDS RAISED TO SEND GIRL TO STATE CONTEST

More than \$40 was raised at a box supper Monday night at Longfellow school house to defray expenses of sending Miss Pearl Bedford to College Station for the State poultry judging contest. Miss Bedford recently won first prize in a county judging contest at Colorado, participated in by club girls.

RAINFALL FRIDAY IS BIG BOON TO CROP OUTLOOK

Rain which was general over much of Mitchell County fell during the night Friday, bringing much benefit to crops and to a small degree served to break the protracted siege of hot weather. West and northwest from Colorado the rain was general as far as Odessa and Lamesa and Tahoka. South of Colorado the rain was spotted, some communities receiving an inch, while others received only a light shower. From Colorado east the rain gradually receded and but a small shower fell at Lorraine. Extending north into the Buffalo country rain averaging from one-half to more than one inch is reported.

The heaviest rain reported in the county was at the Spade ranch, 25 miles south of Colorado. O. F. Jones, manager of this ranch, reported that three inches of rain, which was general over the ranch, fell there. The rain in that section, was unusually spotted. Within a few miles of the ranch farmers report that the dust was barely settled by the small amount of moisture which fell.

The Texas & Pacific reported rain all along its line west to Odessa. Reports received here by the Southwestern Bell Telephone Company that a light rain fell at Big Spring, gradually growing heavier toward Colorado. One-third of an inch fell at Snyder and at Lamesa a large rain fell. Hamlin and Abilene reported light showers. No rain fell at Lubbock and Pst. At Colorado the rainfall totaled .72 inches. The rain here came from the southwest and heavy rain is reported over the territory in that direction extending several miles out. A heavy downpour came between eight and nine o'clock Friday night, with occasional showers at intervals during the remainder of the night.

Cotton and feed crops within the territory covered by the rain are doing well, farmers report. Cotton, for the most part, was not suffering to any degree of alarm because of lack of moisture, but rain was needed and came in good time. Early feed which was booting to head was in need of rain and normal production is practically assured throughout the area covered by the rain.

VISITORS PLEASSED WITH COLORADO AND COUNTRY

A party of Dallas and Sweetwater business men spent several hours in Colorado Sunday with the prospective view of making investments here. The party were driven in automobiles over the city and to the oil fields and over much of the surrounding territory.

As they expressed it, Colorado is a much better small city than they had expected to find and the territory from which the city draws its patronage is among the best in Texas. The street paving, new court house and new business buildings here were cited by the visitors as an excellent indication of the good business conditions here.

COMMISSIONERS' COURT WILL RECEIVE COURT HOUSE BIDS

Bids submitted for the purchase and removal of the old Mitchell County court house are to be opened by Commissioners' Court here August 11, County Judge J. C. Hall stated Monday. Bids are to be accompanied by certified check for twenty-five per cent of full amount. County officials hope to have the new court house completed within the next few weeks. Delays in arrivals of some equipment for the offices and court rooms have extended the final acceptance of the building indefinitely.

BRICK WORK STARTED ON LEVY BUILDING FRIDAY

Brick work was started on the Levy building, corner Second and Elm streets Friday afternoon by the contractors, A. W. Balfanz & Bro. The building, to contain five modern store apartments, will have seventy-five feet frontage on Second street and one hundred and forty feet frontage on Elm.

WEST TEXAS CITIZENSHIP IS BEST FOUND ON EARTH

The citizenship of West Texas stands without a peer when compared with the citizenship of any country or province of earth, Hon. R. M. Chitwood of Sweetwater, member of the Texas Legislature, declared in an address delivered Friday at the Colorado Lions club. Chitwood was in Colorado to deliver an address at the Farm Bureau celebration Friday morning and attended the Lions club as a guest.

"America is staging an experiment never before undertaken by any people or nation in the history of civilization," Chitwood stated. "Here in this country we have an aggregation of peoples from almost every nation on earth, all of whom are living under one government and one flag. England and others of the foremost nations of earth did not do it this way. They have segregated the races and placed immigrants of each type off to themselves to there work out their own social and economic problems.

"Here in this wonderful country of ours, known as West Texas, lives the highest type of citizenship known to man. Our people are almost one hundred per cent white native born and I sincerely trust we shall keep it so. In my home country in Alabama the population is 55 per cent native white and 45 per cent negro and many are the times when trouble, occasioned thus by one race standing by the side of another, has developed. There the white farmer and the negro farmer have everything in common, in so far as the raising and marketing of cotton and other field crops are concerned. In numerous communities the only neighbor the white man there has is his negro fellow planter and the result is that social standards are not what they should be."

Chitwood urged that immigration to Colorado should be more fully controlled and that national congress should enact such laws as would be necessary to protect the splendid citizenship of America from infringement by undesirables from abroad.

WEST TEXAS ELECTRIC CO. CONTINUES IMPROVEMENT

During the past few weeks the West Texas Electric Company has had a crew of line-men rebuilding several of the service lines in Colorado. New poles, considerably higher than the old ones and other improvements are being added. The company began to rebuild its Colorado properties several months ago, with plans calling for placing the entire system in good condition. Among the improvements already completed was rebuilding of the local office at a cost of more than \$4,000.

The crew building the new high line between Colorado and Sweetwater is scheduled to reach Colorado the latter part of this week. This line, which will be among the best in the State, will give Colorado direct connection with central plants at Sweetwater, Abilene, Eastland, Fort Worth and Wichita Falls.

FIRST COUPLE MARRIED IN NEW COUNTY COURT HOUSE

B. H. Garey and Miss Willie Bell Basham of near Lorraine were married recently in the new Mitchell County court house and have the distinction of being the first couple to have the nuptial knot tied in this building. Mr. Garey taught the Love school last year. They will make their home north of Lorraine.

BARNETT GROCERY WILL OCCUPY LASKY BUILDING

C. C. Barnett, grocer, will occupy the C. H. Lasky building on Oak street which is now being remodeled. Barnett expects to move to the new location about August 1st. For some time the Barnett grocery has been located in the building between Walnut and Oak on Second occupied for many years by Jake's Restaurant.

LARGE CROWDS ATTEND FARM BUREAU PARLEY

Attendance at the Farm Bureau celebration here Friday continued to be large, it being estimated by officials who had charge of the two day event that five thousand visitors were in Colorado during the day. Friday was devoted largely to public speaking and the addresses were well received by the large crowds which filled Hefner's Comedians tent.

The first speaker introduced Friday morning was Hon. R. M. Chitwood of Sweetwater, member of the legislature from the 121st Representative district. Chitwood, who has represented this district in the 37th and 38th Legislatures, is a candidate for re-election without opposition.

Judge Harry Tom King of Abilene and Hon. Jesse R. Smith of Breckenridge, candidates for the Texas Senate, addressed the assembly upon the issues of their campaign.

Former State Senator Ed Westbrook of Sherman, representing Judge V. R. Collins; John Q. Weatherly, Houston attorney, representing Lynch Davidson, and Judge W. A. Wright of San Angelo, representing T. W. Davidson, delivered addresses in support of these gubernatorial candidates.

Concert music was furnished by the band accompanying Hefner's Comedians. The speakers were introduced by W. S. Cooper. Conclusion of the addresses Friday afternoon closed the two day program.

DOBBS FUNERAL WILL BE HELD SATURDAY MORNING

Funeral services for Jim Dobbs, Colorado business man who died Thursday morning, are to be conducted Saturday morning at 9 o'clock at the residence of Mr. and Mrs. Roy Dozier in North Colorado. Rev. M. C. Bishop and Rev. J. F. Lawlis, officiating. Interment will follow in J. O. O. F. Cemetery.

Mr. Dobbs was stricken suddenly Sunday at noon and removed to the Colorado Sanitarium for an operation. He was operated upon at five o'clock Monday afternoon and died at five Thursday morning. Funeral arrangements are in charge of J. H. Greene.

Mr. Dobbs was born February 6, 1885 at Cooper, Texas. He was married March 23, 1918, to Miss Anna Dyas of Colorado, who survives him. He is also survived by his parents and other immediate relatives at Colorado.

Mr. Dobbs was a member of the Organ C. Hooker Post, American Legion. He was a member of the famous 38th Division during the World War and saw active service abroad. Deceased had been identified with the business interests of Colorado for some time and was a progressive citizen.

AGENTS AND CLUB MEMBERS TO ATTEND SHORT COURSE

Miss Irma Sealy, home demonstration agent, accompanied by some of her club girls and H. L. Atkins, county farm agent, are to leave Saturday for College Station to attend the annual farmers short course, which opens Monday for one week. Atkins and B. O. Joyce plan driving through by automobile. Miss Sealy and party will go by train.

COLORADO TO HAVE LARGE CHICKEN HATCHERY, CLAIM

A hatchery, with capacity of several thousand eggs, is to be located at Colorado within the near future, according to information received by The Record. Such industries are being established throughout West Texas and have passed the experimental stage.

TRANSFER CHILDREN BEFORE AUGUST 1ST.

All persons who live outside the Colorado Independent School District and who wish to transfer their children to this school for the coming year, must do so before the first day of August. See the County Superintendent, Mr. Sam Harris, and leave your order for transfer with him. 8-12 E. FRANK KING.

BAPTIST REVIVAL MAY BE EXTENDED AFTER SUNDAY

Because of growing interest in the revival campaign being conducted at Union Tabernacle by the First Baptist church the services may be extended after Sunday night for a few days. Rev. M. C. Bishop, pastor, stated Wednesday morning. Bishop stated that original plans were to close the revival Sunday night.

Thursday was observed as "Women's Day," and the women vied one with another in inducing a record breaking attendance for the morning service. The service was by no means an exclusive one for the women, but the general public was urged to attend. The minister, speaking from the subject, "Living Dead Women," delivered an interesting message depicting the duties and responsibilities of Christian people.

Friday is to be designated as men's day and this is to be the only day during the revival or which the stores, offices and banks of the city will be invited to close from ten to eleven o'clock, the hour in which services are held. A special drive is on to boost attendance at this service to large proportions.

Friday night has been designated as young peoples night and special sections in the tabernacle will be reserved for the young men and women, boys and girls of the city and surrounding country who attend. Those in charge of the drive to interest young people in this special service hope to fill the tabernacle.

Saturday morning there will be no services. Services will be conducted Saturday evening, however. Sunday morning the pastor will speak on the Atonement and at night his subject will be "Giving God a Chance." Sunday is expected to be the best day of the campaign, exceeding last Sunday in both attendance and interest manifested.

Sunday was the largest day, in point of attendance, of the revival. Sunday morning the days worship was begun by assembling one of the largest Sunday schools in Colorado for years, when 393 were registered in the different departments of the First Baptist school, held at the tabernacle. At conclusion of the study period, Rev. Mr. Bishop delivered a ten minute appeal to the unsaved and three made professions.

Bishop preached to a large congregation at 11 o'clock Sunday morning and one addition to the church was reported at conclusion of the services. Sunday night, a crowd estimated at not less than 1,500 people, gathered at the tabernacle for the evening service. The building was almost filled and many remained outside. One of the largest choirs ever assembled in this city furnished music for both services Sunday. A double quart rendered a special vocal number Sunday evening. Six additions to the church were received Sunday night at conclusion of the services.

Monday morning the pastor announced that an old fashioned testimony meeting would be conducted and in response to invitation from the pulpit a number of people rose from their seats to give expression of what the campaign had meant to them. Tuesday morning the preacher tested the memory of his congregation by calling upon them to recall the different subjects he had discussed during the revival. That interest is being kept up was shown in the fact that almost every subject discussed by the pastor was recalled by one or more persons.

WATCH C. OF C. BULLETIN FOR ELECTION RETURNS

The public is extended an invitation to watch the bulletin board at the Chamber of Commerce Saturday night, giving returns of the Democratic primary election. Returns, showing results in county and State campaign are to be received.

Election judges in this county are again urged to co-operate with the Chamber of Commerce in telephoning returns of the election as early in the night as possible. Make incomplete reports as the counting of ballots progresses.

LORAINE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZOBA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whalley Printing Company in Loraine and vicinity. See her and take your County paper.

For Sale—250 White Leghorn pullets, Tom Barron strain, February hatched, will lay soon, \$1.50 each or \$125.00 per 100. Phone Dr. Hester or write E. E. Hester, Loraine, Texas.

Mr. G. T. Martin living 9 miles north of Loraine died at Sweetwater sanitarium Tuesday morning at two o'clock after a lingering illness. The remains were interred in the Roscoe cemetery Tuesday afternoon at 4 o'clock. Mr. Martin was about 48 years old. He was well known by a host of friends having lived in Fisher and Scurry counties some 11 years. A wife and five children are left to mourn their loss.

Mr. Bruce Moore of Colorado was Loraine visitor Sunday.

Mr. B. Wilkerson spent the weekend at Cisco.

Mr. J. J. Land who has been quite sick at his home south of town is reported very much improved at this writing.

Misses Rose and Claudie Langley who live at Houston are visiting relatives here this week.

Mrs. Bill Farmer of Merkel is visiting in the home of her brother, Jno. Ainsworth and wife this week.

Mr. R. H. Pope and son Ernest of Colorado are visiting in the home of J. T. Ledbetter and family this week.

Miss Lois Cranfill of Wilson is visiting relatives here.

A picnic Friday at Sweetwater Lake in behalf of the Sunday school children of the Christian church was a great success. At nine o'clock Friday morning some 10 or 12 cars met at the church and joined by invited friends motored to the lake where the day was one of pleasure to all present. The shady park, cool breeze, delicious picnic eats and comfortable seats left nothing lacking for the enjoyment of all who were still able to sing on the return ride home.

Mrs. M. H. Sandlin and daughters Mrs. Inez Jackson and Misses Madge and Evelyn of Ft. Worth were guests in the H. B. Wilson home Saturday and Sunday.

Mr. and Mrs. Cory Snow of San Angelo and Mr. and Mrs. Ater of Bertram visited in the Jim Johnson and W. W. Rowland homes Saturday and Sunday.

Mr. and Mrs. J. J. Riden and daughter Miss Margaret Belle and Miss Ona Walker have returned from their visit to points in Oklahoma and Fort Worth.

Mr. Thomas Riden and family are leaving on a visit to Comanche County next week.

Mr. and Mrs. Kirk Taylor, Mrs. J. K. Taylor and son Douglas, are leaving for East Texas next week.

Mr. and Mrs. Finis Wade and family, Mr. and Mrs. I. B. Wade and family were among the Snyder visitors who attended the Sunday services here.

We had 207 present at Sunday school last Sunday. Our pastor, Rev. H. W. Hanks preached two good sermons during the day. The revival meeting is now in progress and we urge every one to attend the services. Rev. Meadow of Abilene is assisting the pastor. Sunday school will meet promptly at 10 a. m. Preaching at 11 a. m. and 8:30 p. m. Epworth League at 7:30. We invite every one to worship with us.—Reporter.

Mr. and Mrs. Roy Edwards motored to Sweetwater Tuesday afternoon to meet Mr. and Mrs. R. B. Loffin and children of Hutchinson, Kansas, who are to visit with Mr. Edwards and family a few days.

Mrs. Lizzie Manly of Singleton is here on a visit with her sons, C. H. and R. E. Manly and her daughter, Mrs. Phil Horton.

Mr. W. A. Kennedy who has been visiting in Snyder spent Tuesday in Loraine returning to his home at Clovis, N. M.

Mr. Mose Hart and family are here from McKinney visiting relatives.

The series of meetings conducted at the Church of Christ for fifteen days closed Sunday night with the house overflowing and much interest being manifested. Twelve were added to the church ten being baptized. Brother O. M. Reynolds of Ontario, California did the preaching and John G. Huffstetler of Idalou, Texas, directed the song service. This is considered the best meeting the church has held in several years. People attended from Snyder, Colorado, and Roscoe and perhaps other points. Bro. Reynolds left Monday for Abilene to join his wife from which place he will go to Kress, Texas, to hold his eighth annual meeting. He will hold a meeting in Albuquerque, New Mexico, before returning to California.

Many are planning to attend the Old Sacred Harp singing convention at Abilene the 25th to 27th inclusive.

COTTON HOARS 200 POINTS AFTER GOVERNMENT REPORT

A cotton crop of 11,934,000, equivalent 500 pound bales this year was forecast Monday by the department of agriculture at Washington in its first semi-monthly report.

The forecast was based on the condition of the crop July 16, which was 68.5 of a normal, as compared with 71.2 per cent on June 25th this year, from which the crop was forecast early this month of 12,144,000 bales.

The condition on July 16 follows: Virginia 54 per cent of a normal; North Carolina, 56; South Carolina, 59; Georgia, 76; Florida, 76; Alabama, 70; Mississippi, 70; Louisiana, 66; Texas, 69; Arkansas, 70; Tennessee, 68; Missouri, 65; Oklahoma, 72; California, 90; Arizona, 94; New Mexico, 83. All other states, 70.

Decrease of 210,000 bales in the cotton crop forecast during the last three weeks was shown in the first semi-monthly report of the department of agriculture.

There was a heavy deterioration in the crop in North Carolina and South Carolina due to excessive rainfall and in Louisiana because of drouth in the northern part of the state.

The boll weevil, a department statement said, is losing its supremacy as the most destructive pest this year to the cotton "flea" which was described as doing more damage at present and working farther north than last year. The boll weevils are very numerous in most of the southern and portions of the central and southeastern sections, the department said, but elsewhere the hot, dry weather is holding them in check.

The crop reports board issued the following comment on the crop: "The condition of the cotton crop deteriorated 2.7 points from June 25th to July 16th."

"The crop in Texas is in all stages of development from a few inches high to over waist high. The early planted part of the crop is fruiting normally, the intermediate is blooming and the late planted is in the balans. Unless rain comes soon this young crop will not amount to much. Most of the state has had no rain since early in June but rains have been excessive in South Texas.

The Texas Farm Bureau Cotton Association will make an initial advance to its membership of \$70 a bale on cotton averaging 500 pounds or more per bale of the new crop, the association announced at Dallas headquarters Monday. Fourteen cents per pound will be advanced on bales weighing 450 pounds or less. On estimates that the farm bureau will handle 400,000 bales for members this year, the first advance will approximate \$28,000,000, C. O. Moore, secretary, said.

Cotton jumped 180 to 200 points in the New York market Monday on publication of the government forecast. October advanced to 27.65, above which further trading was prohibited under the rules of the exchange. Bidding was very heavy.

Following announcement of the government report on condition of the cotton crop, cotton futures soared 200 points on the New Orleans exchange. October advancing to 26.80 and December 26.65, a gain of about \$100 per bale. The condition of 68 with an estimated crop of 11,934,000 bales, proved lower than expected.

NOTICE TO BIDDERS.

Bids will be received by the Commissioners' court of Mitchell County, Texas until 10 o'clock Monday, Aug. 11th, 1924, at the office of the county judge at Colorado, Texas, for the wrecking of the old court house. Also bids will be received at the same time and place for the purchase of the old court house. All bids must be accompanied by a certified check for 25 per cent of bid submitted. The Commissioners Court reserving the right to reject any and all bids.

J. C. HALL,
County Judge, Mitchell County, Texas.

BODY UNIDENTIFIED.

No further clues have been obtained towards clearing the mystery of the identity of an aged man found dead two miles east of Sweetwater Saturday afternoon. The body is in an unmarked grave in the City Cemetery and officers have little hope of finding relatives or acquaintances of the dead man.

No marks of identification have been found on the clothing, hand bag, razors, watches or wallet, the only possession found on the body.—Sweetwater Reporter.

ATTENTION.

From now on through the summer there will be man at store to serve those who need both Ice and Feed until 12 o'clock at night.—O. Lambeth.

NOTICE.

I have moved my Tin Shop in rear of my new building just south of where I was. Am in position to give you prompt service.

ALL KINDS OF TIN WORK.

MIDLAND FARMER KILLS RABBIT BY THOUSANDS

The following article, from the Midland Reporter should be of interest to farmers in this territory who are bothered with rabbits:

Rabbit's noses lead them to eternal doom, according to C. M. J. Stringer. Mr. Stringer says he has killed from 4,000 to 5,000 rabbits this year by this little plan:

One eighth of a teaspoonful of strychnine to a can of corn (No. 2 size). Then add wheat bran till a thick mash is made. A little water may be added if the corn is not watery enough. To this add two drops of sweet anise. Place this in little piles on the edge of the field or in the rabbits paths.

The rabbits smell the sweet anise, they follow their noses to the poisoned corn and thence to the hereafter.

COMPTROLLER GIVES LIST OF THOSE WHO MAY VOTE

The following information has been received from the office of the State Comptroller:

All men and women between the ages of 21 and 60 who paid poll tax before February 1, 1924, A person who was subject to payment of a city poll tax, must have paid both county and city poll before he is permitted to vote.

All men and women 60 years of age or over on January 1st, may vote without poll tax receipt or certificate of exemption.

All men and women who have become 21 years of age since January 1st, or who will become 21 on or before date of election, may vote without poll tax receipt or certificate of exemption, provided they are not resident of a city of 5,000 or more population, and if otherwise qualified to vote.

A qualified voter must be a citizen of the United States, must have resided in the State one year and in the county six months, and must vote in the precinct where he resides at the time of the election.

The blind, deaf and dumb, those who have lost a hand or a foot, and all who are totally disabled from performing any manual labor, may vote without poll tax receipt or certificate of exemption.

INJURIES FATAL TO AGED PRESBYTERIAN MINISTER

E. S. Tucker of Merkel, 75, Confederate veteran, pioneer West Texan, and for a number of years a minister of the Presbyterian Church, U. S. A., was almost instantly killed at Abilene Monday afternoon when struck by a Higginbotham-Bartlett Lumber Company truck as he was crossing the street. Mr. Tucker died within a very few minutes after the accident.

Miss Modene Marshall spent the week-end visiting at Colorado.

WOLK'S

Come to Wolk's Dry Goods Store, Lasky Bldg, on W. Second street, corner Oak for the best merchandise at REAL prices. We sell the two best brands of Shoes in America, and at prices that you can afford to pay. See them. We have biggest and best stock shoes in town and will make the price to suit you. We buy and sell for cash and sell for small profits. You save money in the bank when you buy at Wolk's. Clothing of all kinds and Hats, caps, etc. Come in what you pay others. Come in people, this is the farmers and workmans store and we sell the goods at prices you can pay.

ANNOUNCEMENTS

The Record is authorized to announce the following names for the offices indicated, subject to the Democratic primary July 26, 1924:

For State Senator 24th Senatorial District:

HARRY TOM KING
of Abilene.
B. L. RUSSELL
of Baird.

For County Judge:

PERRY T. BROWN
CHARLIE THOMPSON
U. D. WULFJEN.
W. W. PORTER.
A. J. COE.

For County and District Clerks:

J. LEE JONES
W. S. STONEHAM.

For Sheriff and Tax Collector:

I. W. TERRY
J. R. SHEPPARD.

For Tax Assessor:

ROY WARREN

For County Attorney:

R. H. RATLIFF.

For County Treasurer:

OCIE GREEN
(Re-Election)
GRADY NEWMAN
H. C. DOSS.

For County Superintendent of Public Instruction:

SAMUEL C. HARRIS.
MRS. STELLA E. BENNETT
G. D. FOSTER.

For County Commissioner Precinct 1:

TOM GOSS
TOM HAMMONDS

For County Commissioner Precinct No. 2 (Westbrook):

J. C. COSTIN.
GEO. W. SWEATT.

For County Commissioner Precinct No. 3:

JNO. D. LANE
(Re-Election)

For Commissioner Precinct No. 4:

R. L. MAY.

For Public Weigher Precinct No. 1:

TOM TERRY (Re-election)

For Public Weigher (At Westbrook) Precinct No. 2:

J. R. OGLESBY.
L. HAZLEWOOD.
L. H. McCARTY.

For Public Weigher (At Loraine), Precinct No. 4:

OTIS MUNS.

She Is Not for Sale
That's the way a lot of families feel about good old Bossy. She has been a faithful friend of the family, giving all the milk they could use and even some for the neighbors.
Of course you always think that you feed her well, but do you? Just plenty of feed does not always mean proper feeding. Good old Bossie must have a ration that she can really turn into milk.
Cow Chow produces more milk and more butter fat because it contains elements that are deficient in the average ration. It keeps cows from robbing their bodies for milk-making nutrients and lengthens the milking period. By feeding Cow Chow you not only produce more pounds of milk, but you keep your cow in better condition.
Just try Cow Chow for a month, feed it as directed, and watch the difference.

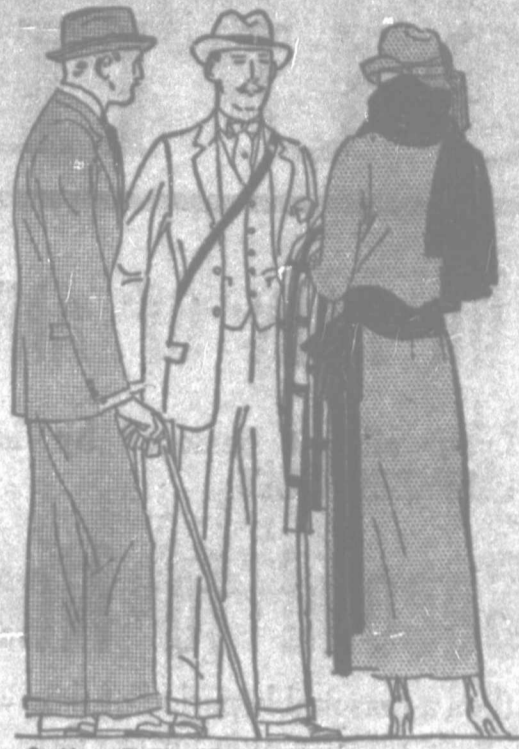

O. LAMBETH

OIL DEVELOPMENT.
The work of cleaning out McDowell No. 1 was completed last week. The tubing was lowered to a depth of 2636 feet and oil is now being pumped into storage.
Drilling on McDowell No. 3 will be started just as soon as enough oil has been secured to insure continuous drilling on No. 3.
Valentine Day, who will be in charge of drilling is awaiting instructions from the trustees of the General Petroleum Company as to when to begin work on the new test well.—Big Spring Herald.

NOTICE TO THE PUBLIC.
For the month of July only the Dallas Morning News has a special rate on for mail subscriptions for six months only. Daily and Sunday \$3.45 Daily without Sunday, \$2.75. I will take your subscriptions and send in for you. See me at once.
ROY L. FARMER, Agent.

Sideache Backache
"I have been taking Cardui," says Mrs. Lillie Bolton, of Lake Providence, La. "I got down in bad health and lost in weight until I only weighed 120 pounds. I had bad pains in my sides and back and my legs hurt me until I couldn't walk. I stayed in bed half the time. I tried all kinds of medicine, but it did me no good. Finally I tried Cardui.
CARDUI
The Woman's Tonic
"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement. I continued its use and I got better and better. The pains in my legs and sides disappeared and I began to gain in weight until now I weigh 185 pounds and feel better than I ever did in my life. I am perfectly well and strong. I have given it to my girls, too."
Cardui has relieved many kinds of pains and distressing symptoms caused by female trouble. It should help you, too, in the same way. Why not give it a fair trial?
E. H. Lambeth.

Mr. and Mrs. Joe Chemali left New Mexico on a vacation trip Tuesday for El Paso and points in They expect to be gone several days.

PAVING PROTESTS WILL BE HEARD BY COUNCIL

The city council will be convened August 1st to hear any protests which may be filed by property owners on Chestnut street against paying on that street. August 8th the council will hear protests, if any are filed, from property owners on Third street.

The last paving extension, covering one block on Chestnut and three on Third, is expected to meet with small opposition by property owners affected. The city ordered the extension in response to requests of several citizens who owned property on those two streets. The American Legion, which owns property on Chestnut street, recently directed its board of trustees to endorse paving contract.

RABBITS SUPPLY NEWEST MENACE TO FIELD CROPS

It is not so much the grasshopper this week, but rather the jack rabbit as the outstanding menace to field crops in Mitchell County. In a number of communities depredations by rabbits have developed to such a stage as to become alarming. Farmers, who during the past few weeks have devoted much of their attention to poisoning grasshoppers are now turning their efforts to exterminate the rabbits.

E. Barber was here from Spade Wednesday and reported the rabbits were literally attacking the crops in that community in droves. The rabbits are appearing in unusually large numbers in spite of the fact that thousands of them were slaughtered in drives in almost every part of the county last winter and spring.

The county farm agent is advising farmers to use poison in their fight to stay inroads by the rabbits. Farmers bothered with the animals should consult the agent and obtain formula for combating them by poisoning.

COLORADO MASONS HAVE PART IN DIST. PROGRAM

Local Masons are to have a prominent part in a district party to be held by the fraternity at Sweetwater Monday. Under direction of L. B. Elliott, head of the local Blue Lodge, a team is being organized to carry out that part of the program assigned to Colorado.

FARM POULTRY

ATTENTION NEEDED FOR YOUNG TURKEYS

After the first five or six weeks, roosts should be supplied for the young turkeys. Ordinarily, if there are open trees or rail fences in wooded spots, or other natural protection, no special pains need be taken to supply roosts. However, where there are high winds it is better to build the roosts in a shed or next to the barn, or under trees where there is some protection. An excellent way to do this is to set the posts in the ground and lay poles across them at a height of from four to five feet. The evening feed should be given to the turkeys near this roosting place just before dark. It may be necessary, at first, to drive them to the place, but after a time they will come up every evening for their feed and will go to roost without any extra bother. By handling the turkeys in this way, the chances of loss will be greatly reduced and this little first trouble will pay in returned dividends, says the Successful Farmer.

During the summer, when wide range is available, little attention need be paid to the turkeys. Along about October or November they will leave the brood mother, the males ranging ordinarily by themselves and the females in another group. About this time it is usual to begin the fattening if the turkeys are intended for Thanksgiving trade. Along about October 1 begin feeding a little corn night and morning. Do not feed enough that the turkeys will be perfectly satisfied. Feed just the quantity which will insure that they will continue ranging and taking the exercise which is necessary for their health. Another object which is sometimes sought in feeding night and morning is the prevention of too wide ranging upon neighboring farms. It is not possible to successfully confine turkeys altogether. However, they may be kept up until noon and in this way be prevented from ranging too widely.

Live Poultry Prepared for Best Market Price

Marketing the poultry in live form is usually the most satisfactory method for poultrymen to pursue, unless the distance is so great as to make the shipping cost prohibitive. Poultry may be marketed both in live and dressed form, but the skill and experience required to finish and dress the birds for market make it advisable not to kill.

Most poultry raisers do not have the necessary skill to feed out, kill and pick the birds in a way to bring the highest market price. The lower quality of the product is very apt to more than offset the lower shipping cost and the feeder's profit. Also, there is more danger of improper handling and spoilage in transit.

Poultry, to be shipped in live form, should always be fattened before killing. This means better quality, more weight and a considerably higher price per pound. Poor and underfed poultry is hard to keep without spoiling, and if kept long it deteriorates greatly in appearance. The market is usually overstocked with poor poultry and understocked with first-class birds. All poultry, whether marketed dressed or alive, should be shut up in pens and fed from ten days to two weeks or more before shipment.

Feather Picking Caused by Lack of Ingredient

Feather picking is generally caused by a lack of some ingredient in the ration which is necessary to the hen. For one thing, they may lack animal food, such as meat, and it is a good plan in this case to put a hopper of high-grade beef scraps before the hens and keep it there. In case this doesn't do the work it will be necessary to buy fresh meat daily and feed them a limited amount. The best method of feeding is to hang on a string or wire just about as high as the hen's head, possibly half an inch higher.

Do Not Force Pullets

Early hatched pullets should not be forced to quick maturity by heavy feeding of mash, lest they begin laying prematurely and go into a winter molt. These pullets destined for breeders should be raised upon free range and fed largely upon whole grain, that they may develop slowly and well and go into winter quarters in good firm flesh, with undiminished vigor for the coming season's production. Lights should not be used, unless it is found necessary early in January to stimulate egg production.

Maintain Cleanliness

Moist food substances spoil quickly in warm weather. Feeding utensils soon become contaminated. Bacteria and disease germs multiply rapidly. All of which means that the poultryman must use unusual care in maintaining cleanliness. In this way danger of disease is largely eliminated. It is not only entirely possible to have good success with late-hatched chicks, but it is much easier of accomplishment than with the earlier-hatched

SAVING STATE FUNDS.

AUSTIN, July 22.—By returning the 24,000 cement sacks obtained in the construction of the Texas Memorial Stadium at the University of Texas, the sum of \$2,400 will be sav-

ed. These sacks are very expensive and the manufacturers of cement offer ten cents for each one returned. Construction of the stadium is progressing swiftly. Most of the foundations have been poured, and the first section of seats are now taking shape.

TOM GOSS

Candidate for
COMMISSIONER
Precinct No. 1

A man well and favorably known to the voters of the precinct. A man who has made no promises to any man in exchange for political favors. Mr. Goss knows roads and road conditions, and promises the people of Precinct No. 1 that if he is elected, they will get all that is coming to them on the road proposition.

HONEST-FEARLESS-CAPABLE.

YOUR SMALLEST EXPENSE

Look over that sheaf of bills for last month—or any month.

What did you buy that was worth as much to you or had as many uses—as telephone service?

That necessary service cost you relatively little, but the bills will show that you paid out dollars for things that were not essential to your welfare.

If telephone service should cost you many more dollars each month that service could be of no more value to you than it is. For it is indispensable.

CAMPAIGN IS ENDING

The Democratic political campaign is coming to a close, in so far as the primary election is concerned, and during the day Saturday voters of the State will thin out the congested political arena to one and two in the hill. With closing of this primary the second campaign, to end in a second election in August will be inaugurated, which assures us of thirty days continuation of that ever popular chorus, "If You'll Only Vote For Me."

In Mitchell County the campaign has developed into considerable interest. With small exception all of the precinct and county offices to be filled are sought by two or more aspirants. The office of county judge is evidently the more attractive of all, as a total of five men are contesting this place. The three to be eliminated Saturday, as well as the two to be selected as running mates in the second primary are conjectured, which but few voters are attempting to forecast conclusively. However, we shall see what we shall see.

Interest in the gubernatorial campaign is assuming a different aspect as the eve of election comes. It has been found that all of the nine candidates for Governor have some following in this county but the conclusion that Lynch Davidson will head the Mitchell County ticket, as press reports indicate he will do over the State, is accepted. Friends of the Houston candidate are declaring that Lynch is the best bet Texas has had in a number of years to elect a real business man as chief executive.

ATTEND THE REVIVAL.

Those who are not attending the Baptist revival at Union Tabernacle are missing something worth while, if there is anything about a good and going religious campaign that would appeal. Chester Thomas is directing one of the best choirs Colorado has had for a long time and the preacher, Rev. M. C. Bishop, is doing his very best, which means a great deal. The orchestra, too, is filling an important place in the services.

Come to the revival during the remainder of the campaign. The last service is to be held Sunday evening and plans are to have 2,000 people in attendance for this closing service. Our Baptist friends appreciate deeply the co-operation they are receiving in this campaign, but they want even more folks to come and take an active part in the meetings. Go to church during the remainder of the campaign. Morning services at 10 and evening services at 8:15.

HOME AGAIN

Yes, we are home again from a ten days stay in the Baptist sanitarium at Dallas. Monday morning, July 14th they put something over my face, took away what little sense we had then proceeded to gouge out my eye and not satisfied, extracted eight teeth, took my money and turned me over to the tender mercies of the ward nurses. But we are home again eyes, toothless, moneyless and almost senseless, with instructions to remain in a dark room quietly at least ten days. Robert Whipkey was with us as "chuffer" and made the Hudson Super behave nicely. "Aunt Rose" assisted in the operation and stayed nobly by us through it all. So in the case of a week we hope to be able to resume our work. Quite a number of Dallas and Waco friends visited us in the

sanitarium among the appreciated ones were Mr. and Mrs. Fred B. Robinson of the Waco Times-Herald. Drs. Cary and Hardin are not only specialists of the highest order but are earthly angels filling a heaven sent mission.

LOOKING TO THE SOUTHWEST.

Barley had the foundation been completed for the Worth Mills, 22,000 spindle textile plant being constructed at Fort Worth, until tentative plans for financing the second textile mill there had been started. A score of small cities and towns in Texas are completing preliminary plans for building one of these plants. Fort Worth bankers and representatives of New England textile manufacturers estimate that much of the capital now invested in this industry in New England will soon find its way into similar investments in Texas. One large New England corporation alone recently made the statement, through its president, that it expected to have 500,000 spindles in operation in Texas within three years.

Mitchell County should have one of these mills. This county is producing the cotton and has every requirement for successfully manufacturing this commodity into finished products. We understand that the Mitchell County Farm Bureau is interested in fostering organization of a company to build a textile mill here. They should receive the complete co-operation of every business interest of the county.

THIRD ANNUAL FAIR.

Officials of the Mitchell County Fair Association are devoting much time just now to plans for the Third Annual Fair, to be held in Colorado September 18, 19 and 20. Success of the show this year depends largely upon the attitude manifested in it by the people of the county. If the citizenship co-operate with officials fully, the fair will be a continuation of success, as the previous events have been. Otherwise, but little in the way of doing big things and making of the institution something of which all may be proud can be expected.

We are not entertaining anything but success for the fair this year, however. The people of this county recognize the importance of such an institution and that they will work as a unit to make the third fair the best ever held is believed. There is no reason to believe the fair will fail to grow better and bigger with each succeeding year.

JUST COMMON FOLKS.

The distinguished citizens in your community may not be the ones who have been born into a place and position in society; but it is likely that they are the unknown father and mother in the unknown home, rearing for decency and God some unknown children whose characters will become the backbone of the next generation. Real greatness is often unknown, save to God, and the very few who can appreciate worth.

Never despair if your name has only three entrances into the local paper—birth, marriage, death. If it proves to be the birth of someone of goodness, the marriage of a real man or woman, and the death of a soul that will be missed, it is enough newspaper notoriety for a saint.

BUILD MORE RESIDENCES.

One of the strongest building and loan associations of the Southwest has recently entered Colorado. The manager states that his company hopes to build a large number of new residences here before the end of 1924. The demand for additional homes and apartments has been acute in Colorado for three years. Since the opportunity is now presented the man with limited capital to own his own home there should be scores of deals made without delay. Colorado needs one hundred new homes, and the city has the assets for acquiring them. Industrial enterprises cannot build a city within themselves. Homes are just as important as banks, stores, factories and railroads. Let's make Colorado a city of home owners.

ARE YOU ILL?

DO YOU HAVE AN ACHE OR PAIN OF ANY KIND?

Would you like to get relief and have the cause of your ailment removed by harmless natural means? If so, THEN BE NOT DECEIVED, BUT REMEMBER THAT

Our Service is Second to None

If your ailment is one of an old chronic character, then a reasonable period of time will be essential in perfecting the equation of things; however, if you have my attention for ten days in succession and you are not pleased, I will be glad to return every cent you shall have paid me. BE YOUR OWN JUDGE. Give nature a chance and you will not regret it.

"Jack Woodard"

The Record regrets more than any one the abrupt leave taking of our printer, "Jack" Woodard. His certificate of service in the war gives his name as Sargt. Fred Edward Woodard. He succeeded in working the Whipkey Printing Co. for over \$400.00 as well as quite a number of business men of the town. He left in a mortgaged Dodge roadster and it is hoped the officers will succeed in locating him and the car. He had joined the Legion Post here and the Legion boys can help us locate him.

THAT NEW CITY HALL.

Colorado should not lose sight of the proposed new municipal building. It would fill the biggest need and meet the most dire civic improvement the people could suggest. Give Colorado your co-operation in this matter and provide a fit place as the home of the fire department and city departmental offices.

Mitchell County lost a deal when the State Highway Commission declined to designate the road connecting Snyder and Sterling City as a highway. With that designation this county, along with Scurry and Sterling, would not have such a problem in improving and maintaining this important route, connecting three of the principal highways of the State.

HOW TO PREVENT TYPHOID.

There are two ways to prevent typhoid. First, everybody in a community should make his premises sanitary. Good screens throughout the house, especially kitchen porch and kitchen. Drinking water well premises clean, and last but by no means least, a sanitary privy, one that keeps the flies out. Send to your state board of health for bulletins on how to build privies.

If you have a case of typhoid in your home the one that does the nursing should not cook for the family, but if the cook is nurse too, then the hands should be thoroughly washed, with some good antiseptic before cooking. Everything about the patient should be kept scrupulously clean, all excreta should be treated with antiseptics and disposed of out of reach of flies, and where it will not contaminate drinking water or milk.

Second is vaccination. Everybody should be vaccinated against typhoid fever. In the war between the states there were 27,056 deaths from typhoid fever in the Union Army and probably as great or greater numbers in the Southern army. In the Spanish-American War in 1898, every regiment developed typhoid fever within eight weeks after it went into camp. In the World War, the story is quite different, for every soldier was vaccinated against typhoid, but a few had typhoid in their systems before entering the army. Out of our army of 4,128,478 at home and abroad, we had only 1,529 cases and 227 deaths for the whole period we were in the war. If you do not have a sanitary

privy, build one. If you are not vaccinated against typhoid have it done at once. If it has been three years since you were vaccinated, you should be vaccinated again now. Typhoid vaccination is good for three years.—The Progressive Farmer.

JOHNSON BUILDING SELLS

LAST WEEK FOR \$15,000 The Jas. T. Johnson building, on Second between Walnut and Oak streets, was sold last week to D. S. Dodzin of Lamesa for \$15,000. The building, known as the old City National Bank building is considered as one of the best business locations in Colorado.

Sale of the property was made by J. H. Greene for Mr. Johnson, who with Mrs. Johnson and Mrs. Pearl Shannon was in Oregon at the time on a vacation trip.

New Fertilizers Reduce Freight Bills One-Half

High freight and labor charges have caused the state agricultural experiment stations to develop fertilizers which contain no useless substances. These high analysis fertilizers, as they are called, reduce freight bills from one-fifth to one-half. When all the other handling, hauling, and spreading operations are considered, the saving to the profit side of the farmer's ledger is not to be scoffed at.

A. W. Blair, professor of agricultural chemistry at the New Jersey State College of Agriculture, gives some figures to show what a large saving in freight results from buying the high-analysis fertilizers.

"Sixteen hundred pounds of a 5-20-5 will furnish just as much plant food as 2,000 pounds of a 4-8-4; one-fifth less freight and handling charges.

"Four hundred pounds of a 3-12-3 will furnish as much plant food as 800 pounds of a 2-8-2; one-third off for freight and handling.

"One thousand pounds of a 6-12-3 will furnish as much plant food as 2,000 pounds of a 3-6-14; a reduction of one-half in freight and handling charges.

"There is a reason for the high-analysis fertilizer; hence, the high-analysis fertilizer has come to stay."

Potash Makes Much Land Profitable for Farmers

One may safely say that crops cannot be grown profitably on muck or peat lands until potash has been supplied to them in generous quantities. These lands are of vegetable origin, most of them containing possibly ten times as much ammonia as phosphoric acid or potash. The seriousness of such a condition in relation to plant growth is understood when it is remembered that plants usually require these three materials in practically the reverse proportions.

Thus we find muck land farmers in increasing numbers using fertilizers relatively high in phosphoric acid and potash. For example, the Ohio station is recommending a 2-8-8 fertilizer for onions and celery on muck land, while New York suggests an 0-10-10 for onions and 4-8-10 for celery. Indiana recommends an 0-12-12 fertilizer for cereals and general crops in case the soils are acid, while on non-acid soils, 0-5-24 or straight potash is advocated.

FIND OUT WHERE YOUR TALENTS LIE, ADVICE GIVEN

BY MADISON C. PETERS

As the key is made for the lock and the pillar prepared for the socket, so has every one been sent into this world for a definite purpose. Our first business is to find out what groove we are intended to fill. It is just as hard to run a four inch slide on a three inch groove as it is to succeed in any business to which one's genius does not incline. As Dean Swift has it, a dog by instinct turns aside from the ditch too deep and wide but man alone in his folly combats nature and where she loudly cries "Forbear" with obstinacy fixes there.

James Russell Lowell said: "Every man is born with his business or profession in him," and evidence of one's inclination toward the right calling in life usually manifests itself quite early in life. Handel when a little fellow secretly bought a clavichord, hid it away in the attic and at midnight used to go up there and play on it, muffling the strings of the instruments with bits of wood and cloth so that the softened sounds would not awake the sleeping inmates of the house. The call of his genius was the call of God.

Benjamin West began his career as a painter when a boy in the attic of his home in making brushes out of the long hair of the family cat, after the parents had meanly hidden his brush.

Napoleon was at the head of armies when ten years of age; He was then pupil at the military school at Brienne. He wrote to his mother in Corsica: "With Homer in my pocket and my sword by my side I hope to fight my way through the world."

If I am now talking to a father I would urge him to let his boy absolutely alone in his determination of his life calling. Too many fathers imagine their boys a sort of duplicate of themselves. Nature never makes any duplicates. One of you is enough. Do not spoil your boy by trying to make another one out of him like yourself. You are enough.

The father of John Adams was determined to make a farmer out of Daniel. He took him into the field and showed him how to cut hay, but Daniel just tinkered with the sythe. It hung too far out and then it hung too far in, and no matter how the father fixed the sythe it did not hang to suit Daniel. In despair the father told the boy: "Hang that sythe to a tree yourself." Daniel hung it on a tree saying, "There it hangs to suit me." Daniel was a failure as a farmer, but he was successful as an American statesman.

The father of John Adams was determined to make his boy a shoemaker. He gave him a pair of uppers to cut out by a pattern which had a three cornered hole in it to hang it up by. The future statesman followed the pattern hole and all.

A. T. Stewart was set apart by his parents for the ministry. He was pitchforked through a course of Lat-

in and Greek and to escape a course in theology he came to America. Before he drifted into his proper calling as a merchant he taught school and only found the bent of his genius through the accident of having lent money to a friend. The latter, with failure imminent, insisted that his creditor should take his shop as the only means of securing his money. He did so and found his calling.

A young man who might become a first-class mechanic or a scientific farmer chances to have ambitious parents who think it more honorable for their son to become a preacher, a doctor or a lawyer. He is sent to college, gets a diploma, preaches sermons nobody wants to hear or becomes a quack of a doctor or a pettifogger of a lawyer.

In another case a boy is forced by unwise parents to become a merchant when nature shows by his skill in hairsplitting, his adroitness at parry, his fertility of resources in every emergency that he was designed for the bar or the forum.

One of the most mischievous notions which has ever obtained a lodgment in the popular minds is the notion that a man to be respected or respectable must enter one of the learned professions, or at any rate seek some dignified position.

All callings in life are alike honorable, if they are useful. The trouble is with most men they are more anxious to make a living by their wits than by work. Too many men are afraid of a job. They want a position. An Irishman said, when asked what he would like to be: For a nice, clean, easy job, I would like to be a bishop.

I would like to put upon the walls of every school house of the land the lines of Pope:

Honor and shame from no condition rise, Act well your part, there all the honor lies.

July 4, 1776 and 1924

Strong faith had answered doubt and silenced fear, And love of freedom, mothering resolve, Faced down the dangers which bold deeds involve When Right and Wrong on challenged front drew near, And one road only seems to Dury dead! The fingers trembled, courage gripped the pen, And names were written—names of simple men— Thus made immortal and forever dear. Undying words above undying names, From these arose the living spirit flames In every soul that still loves liberty! O, flames, consume the false gods of our day, Dispel the fog of error, light the way Where travels Truth, Who makes and keeps us free!

D. A. THOMAS, ALLEGED CAR THIEF, RETURNED TO CALIF.

F. Eng, deputy sheriff from Bakersfield, California, left here Monday night with Daniel A. Thomas, young man arrested in Colorado last week by Sheriff I. W. Terry for the California authorities. Thomas, who is charged with theft of an automobile and forgery at Bakersfield, left with the official without demanding extradition papers.

The stolen car, a new Overland touring, was identified by Eng as the machine stolen in Bakersfield a few weeks ago. The prisoner, who gave the name of Samuel C. Upton when apprehended by Sheriff Terry, was also identified as the man wanted.

TO THE VOTERS OF MITCHELL COUNTY:

As the time is near the close of the primaries, I wish to say I am still in the race for County Judge although the duties of county commissioner and my own personal affairs have been so I could not make a house to house canvass. I tried to mail each voter a personal letter and if any one did not receive theirs I am sorry as I did my best to send one to each individual voter. Your vote and influence will certainly be appreciated and if elected I again promise to serve you to the best of my ability.

U. D. WULFJEN

GIRL WELL KNOWN HERE TO DANCE IN CITY OF MEXICO

Miss Willota Woodward, daughter of Mrs. Mollie Woodward of Fort Worth, left recently with a party from Dallas for six weeks singing and dancing engagement at the Reiga Hotel in Mexico City. Mrs. Woodward, who before her marriage was Miss Mollie McBurnett, was born and reared in Colorado. She is a sister of C. C. McBurnett, owner of the St. Angelus Hotel at San Angelo.

C. L. Stewart, district manager of the Southwestern Bell Telephone Co., spent Thursday in Colorado on business.

TRAFFIC AT WALNUT AND SECOND DECLARED PROBLEM

Automobile traffic at Walnut and Second streets is fast becoming a real problem, according to Dick Hickman, chief of police. Hickman stated Saturday that traffic at this corner was so congested as to require the attention of a traffic officer. The police chief suggested that a special traffic cop for this corner should be employed by the city, especially for duty on Saturdays when Colorado is always crowded with automobiles.

Hickman stated that drivers are not making enough speed on these streets and believes that if the speed limit was raised to 15 miles per hour and traffic speeded up much of the present congestion would be eliminated. Hickman, who has studied traffic conditions in several Texas cities, declared there was not a street corner in Fort Worth or Dallas about which more automobiles passed during Saturday afternoons.

EASTLAND DEPUTY SHERIFF SLAIN THROUGH MISTAKE

Deputy Sheriff John Hennessee, 40, of Eastland County, was killed and C. Q. Davis, Eastland county farmer, probably fatally injured at the jail in Eastland Wednesday morning when each mistook the other's identity in the darkness and opened fire.

Officers at the jail had been "tipped off" that an attempt would be made during the night to release ten federal prisoners and five county prisoners from the Eastland county jail, and Hennessee, believing Davis a member of the gang expected to storm the jail, opened fire. Davis thought Hennessee was a highwayman and was attempting to hold him up.

The deputy sheriff fired one shot with a pistol. The farmer used a shot gun and fired two shots, each of the men shooting simultaneously. The officer fell mortally wounded, dying within a few minutes and the farmer was rushed to a hospital where he was expected to die. The men had been warm personal friends for several years.

FIRE TAKES HEAVY TOLL AT RANGER WEDNESDAY

The McClesky and Southern Hotel buildings and other property at Ranger were destroyed by fire Wednesday night. The flames swept half a block in the heart of the business district.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

COE & PARKS LUMBER CO. FORMED AT AMARILLO

From Amarillo Daily News: Announcement was made last night of a new lumber firm for Amarillo to be known as the Coe & Parks Lumber Company with a yard at 1007-1009 Lincoln street. The yard will be ready for business about August 1st.

Members in the new firm are C. I. Green, president; J. B. Coe, vice president and secretary and J. L. Parks, vice president and treasurer. The company is capitalized at \$30,000 and an application has been made for a state charter.

Material is on the ground for the erection of this and offices. Albert Randall has been awarded a contract for the construction of the building. The property is 120 by 140 feet and is large enough to take care of a large stock of lumber.

All kinds of building materials, including lumber, paints, brick, builders hardware and other supplies, will be carried. In addition there will be a plan service to assist patrons in building.

The three members of the firm are among the most prominent men in civic affairs in Amarillo. Mr. Green is an extensive owner of property in Amarillo and is interested in a number of mercantile enterprises.

Mr. Coe comes from a pioneer West Texas family. His father, A. J. Coe has lived in Colorado for 45 years and it was there that J. B. Coe was born. Mr. Coe has been in the lumber business since he was a young man. He entered a lumber yard at 18 years of age. At 19 he was manager of his first yard. Since then he has been manager of one of the largest retail yards in the western part of the state.

Before coming to Amarillo, Mr. Coe was at Dalhart for three years. He came here and opened the yard for the Long Lumber Co., of El Paso at Third and Harrison streets. After a year, this yard was sold to the Long-Bell Lumber Co. and Mr. Coe has continued as manager. He has resigned as manager effective in a short time.

Mr. Coe is also prominent in civic affairs. He is president of the Kiwanis Club, after having served in a number of minor offices. This club is enjoying its greatest year of work under his direction. He is also a leader in religious activities, being treasurer of the First Christian Church and an elder on the official board.

Mr. Parks has been in the retail lumber business for 11 years. He was manager of the Brazelton Lumber Co., here for five years and resigned only recently to make plans for enter-

ing the new firm.

He is one of the faithful workers in the Lions Club and is a member of the Central Presbyterian church.

Both Mr. Coe and Mr. Parks are directors of the Plains Retail Lumbermen's Association.

TELEPHONE EMPLOYEES NUMBER OVER 350,000

There are more people employed in the telephone industry in the U. S. than the entire populations of Wyoming and Nevada combined—more than all the inhabitants of either Arizona or Delaware, as shown by the latest census.

Over 350,000 people are now engaged in the telephone business in this country, and this total does not include the many thousands of other workers who are employed in the manufacture of telephone apparatus and equipment.

During the past year the number of telephone employees increased by over 30,000, or in other words the telephone industry afforded employ-

ment to enough new workers to populate a city the size of Miami, Fla. This increase was largely made up of additions to the plant and traffic forces of the telephone companies throughout the country. It reflects the strenuous efforts that are required to erect, operate and maintain the additional plant and equipment required.

Noted Churchman Praises Karnak

Rev. Marcus M. Vaughn

"The results I have obtained from Karnak have been so remarkable I consider it a duty to tell others of this wonderful new medicine," states Rev. Marcus M. Vaughn, noted minister and churchman, 5331 Larkin St., Houston, Tex.

"Chronic stomach and nerve disorders had me in such terrible condition I couldn't even write a letter for four years," continues Dr. Vaughn. "My digestive organs seemed to have quit functioning altogether, sleep was almost impossible, and frequently I had to remain in bed from sheer weakness.

Although everything else had failed me, Karnak seems to have righted my appetite, digestion, nerves and strength completely. I feel like my old time self in every way, and nothing I can say is good enough for Karnak."

Karnak sold in Colorado by JNO. L. DOSS.

IN SOCIETY AND AT THE CLUBS

Friella Club. The Friella Club met with Mrs. Y. D. McMurry last Friday. Mrs. Landon of Memphis, Tenn., was a guest. The hostess served cake and apricot ice.

Auxiliary Meeting. The Auxiliary to the American Legion met at the hut last Saturday with the president, Mrs. J. G. Merritt presiding. The treasurer's report showed ten dollars sent to Kerrville for ex-service men also ten dollars and some clothing, and work secured for two families here. It was decided to have a box supper July 26. This will be held at the place the election returns are received. Mrs. Merritt and Mrs. Floyd Quinney were elected delegates to the State convention in Brownwood in August. Mrs. Earnest Pritchett and Mrs. Tom Hughes were elected alternates.

Young Women's Circle. The young women's circle met at the home of Mrs. Morris last Thursday with Mrs. A. L. White hostess. There was a large attendance. Mrs. Joe Smoot led the lesson, Soul Winning from the Ministry of Women. After the lesson, the hostess served home made ice cream and cake. The meeting next Thursday will be with Mrs. Farris with Miss Tella Cook leader.

Missionary Meeting. The women of the Baptist church held the regular monthly missionary meeting at the church Monday afternoon. After a short program on the African mother led by Mrs. D. L. Buchanan the time was spent in praying and planning for the meeting now in progress. The ones present pledged to give invitations to the women to attend the Thursday morning services which are to be especially for women. Mrs. Watkins, Mrs. Seal and Miss Smith were appointed to attend to the decorations at the tabernacle this week. Mrs. A. L. Whipkey and Mrs. J. R. Sorrells were hostesses and served sandwiches and ice tea after the program.

LITTLE SISTERS. The Little Sisters met in the home of Susie Richardson Thursday, July 17 at 4 o'clock. We had 10 present and Mrs. J. E. McCleary was a guest. We had a good mission study given by Jewel McDonald. At the social hour, the hostess, assisted by Margurite Stoneham, served lemonade sandwiches and cakes. The next meeting is to be with Faye Lucas in the home of Mrs. W. A. Dozier.

Junior Play Postponed. Because of the fact that many of the junior children and parents are planning and taking their summer vacations, it has been thought best to postpone to a future date, their health play, which they were to put on next week. Let every one interested please make note of this.

HARMONY CLUB. Mrs. M. Carter was hostess to the Harmony Club Tuesday. Besides the members her guests were immediate neighbors. After several enjoyable games, refreshments of ice cream and cakes were served at the Alceve.

SECOND BIRTHDAY

Mrs. Charlie Farris honored her little daughter Helen's second birthday Wednesday by having several of her friends with children the same age bring them and watch them play together for one hour. Each one brought a gift and said, "Happy birthday". Ice cream and cakes were served.

SUNDAY WITH THE BAPTISTS.

We will hold all the services at the Union Tabernacle next Sunday except Mrs. Terrell's Department, in the basement at the church. The meeting is doing well. 14 additions up to date and many others who should join. The certainty of death should cause folks to think about preparing to meet God. Come help us make Sunday the banner day in the history of Colorado.

M. C. BISHOP, Pastor.

WRITE IT ON TICKET.

Through a mistake my name will not appear on the primary ballot, but I am counting on my friends to write the name of L. HAZELWOOD under Public Weigher for Precinct No. 2. I will certainly appreciate it if those who want to vote for me will write my name on the ballot. If you elect me to this office I will give you the very best service of which am capable. Remember that if you want to vote for me as public weigher you will have to write my name on the ticket.—Respectfully,

L. HAZELWOOD

For Public Weigher, Precinct 2

STATE U STUDENTS WILL BE REQUESTED COME EARLY

AUSTIN, July 23.—All new students of the University of Texas will be requested to come to Austin this fall two days earlier than the regular matriculation period in order that the new advisory plan proposed by the faculty may be initiated. The students will be expected to attend a series of conferences on questions regarding registration, student self-government, the causes of failures of freshmen, ideals of the University and other kindred subjects. The freshmen will be expected to report on September 20, before the matriculation period begins on Sept. 22. University officials feel that freshmen should be told as much as possible about the University before they enter, and it is hoped the advisory system will eliminate many of the difficulties confronting the first-year class.

Latest registration figures show that 2,775 students have enrolled during the first term, showing an increase in the enrollment of the regular summer school over that of last summer although there is a decrease in the summer normal registration. According to Dr. Frederick Eby, director of the summer school, there is a noticeable increase in the number of advanced students this summer, there being approximately 300 graduate students, about 75 of whom are candidates for the master's degree to be conferred in August. The second term opened on July 19 and preparations were made for the reception of many new students at that time.

THE LARGEST CHICKEN INCUBATOR IN THE WORLD

The largest electrical chicken hatching plant in the world is located at Petaluma, Cal., where a great new hatchery is rapidly being completed, which will house an electric hen capable of covering 508,000 eggs at one setting. That would indeed be the talk of the barnyard if it could be visualized before the eyes of the common two-legged variety of hen.

The Petaluma hatchery is electric throughout, and its new plant will be able to ship 25,000 chicks daily. The output for a single season is three million chicks. Thirty of the largest egg farms in the vicinity are kept busy supplying eggs for this hatchery.

The owner of this super-hen studied electric incubation for two years, both in this country and abroad, and finally came to the conclusion that hatching by electricity is the last word in artificial incubation. He holds that it produces a sturdier, healthier chick and one that matures more rapidly to the producing age.

Throughout the heavy hatching season from the first of February until June, the temperature in each of the twelve hundred incubators is maintained at 103 degrees without the slightest variation. In the new plant of this hatchery, electric heaters are to be installed in the offices, so that it will be an all electrical plant, using no other kind of fuel except electricity.

Mrs. J. C. Etheridge and little niece Sidney Thomas left Wednesday morning to visit relatives in Alabama. Mr. Etheridge will join them later.

U.B. Thrifty says "The man with the reputation as a good mixer hasn't got time to attend to the regular job"

You can always be sure that a Federal Reserve Bank attends to its regular job.

COLORADO NATIONAL BANK "THERE IS NO SUBSTITUTE FOR SAFETY"

DR. J. W. HUNT TO SELECT REVIVAL MUSIC DIRECTOR

Selection of the musical director for the revival meeting to open here Sunday, August 10th by Colorado Methodists has been left to Dr. J. W. Hunt of Abilene, who will do the preaching. It is understood that Dr. Hunt will bring an evangelistic singer with him from Abilene. The campaign is to run for two weeks.

Methodist forces are being organized for the revival, the pastor, Rev. J. F. Lawlis, stated Wednesday. The pastor stated that members of his congregation would invite co-operation of all Christian denominations of the city in the services.

Roy Farmer, Leonard Farmer, Fred Rives Hutchinson, and Mr. John Farmer left Tuesday in Roy's Ford for a visit in Lamesa, Lubbock and Ralls. They will be gone about ten days.

Miss Page Price of McKinney is visiting her cousins, Misses Marcella and Loyce Price.

FIRST CHRISTIAN CHURCH
 Next Sunday morning, the pastor will discuss still another phase of the same general subject used last Sunday morning. It is hoped that every member of the Christian church will be present to hear this presentation from the theme, "The Wheat and the Tares."
 There will be no service again at night, owing to the Baptist revival, in progress at the Tabernacle. If you are not attending this revival you are missing some helpful and stimulating inspiration.
 In line with the concerted efforts, we are again urging a large Sunday school attendance. If you are not obligated elsewhere we would be delighted to have you meet with us. The best we have been able to do thus far, is to have about one-fourth of the people of Colorado in Sunday school at one time. What is to hinder the remaining three-fourths from attending occasionally. Another thing the men of this town are actually surpassing the women both in attendance and interest.
 I have a men's class that will gladly welcome all who will come next Sunday morning. May we count on you?
 J. E. CHASE, Pastor.

WESTBROOK GIRLS CLUB IS PROUD OF PRIZE WINNER
 Members of the girls demonstration club at Westbrook are proud of the record made by their club in the recent county clothing contest, when Evelyn Danner, member of the club, won first prize over several contestants. Tuesday night the club held a box supper at the Westbrook school house to raise funds for sending the prize winner to the State contest to be held at College Station next week. Sale of boxes netted \$41.25.

IF YOU WANT MORE FRIENDSHIPS, TRY THIS PLAN
 Farmers do not live close together, nor see each other as frequently as they would naturally like to do. Because of this fact, the farmer should make a special effort, should put himself out, as it were in order to develop friendships—for among the worthwhile things of life, friendships count for much more than money.
 A generation ago hundreds of thousands of Southern farmers had developed an almost unrivaled intimacy of friendship and comradeship, based on having lived and marched and camped and fought together for four years as soldiers of the Confederacy. These Civil War veterans were almost like brothers. The briefer World War, while it developed the same spirit among many of our younger men, did not last long enough nor affect enough people, to produce anything like the result the Civil War did in this respect.
 The simple fact is therefore that, if the Southern farmer today is to enjoy the friendships needed for the greatest happiness, he must actively seek to develop these friendships. And we confess that we know no better way to develop farmer friendships than through the organization of clubs such as the one we recently described as having been in operation for forty years in Bartow County, Georgia. A dozen farmers have simply come together and agreed to meet once a month (meeting at the homes of the members in rotation, probably alphabetical rotation), have dinner together, and then arrange to buy and sell together so far as they wish.
 We can't help feeling that nearly every Progressive Farmer subscriber has eleven friends, neighbors, and kinsfolk who would gladly join with him in organizing such a club, and that such an organization would make them all happier, more progressive and more prosperous.

21 Years of Service

In the 21 years since its founding, on June 16th, 1903, the Ford Motor Company has contributed largely to the motorizing of modern life. Ten million Ford cars have quickened the pace of business, have brought convenience to day-by-day travel and healthful enjoyment to the American family. Economical manufacture on a large scale makes personal transportation available to all.

THE UNIVERSAL CAR

MAKE HARNESS AND SHOES LAST TWICE AS LONG
 Leather and especially harness will last twice as long as it does under average conditions if well taken care of. If harness is of proper weight, grade for the work expected of it, then it should last fifteen to twenty-five years and has been known to last forty years. If, however, it is allowed to become soaked with sweat and covered with grit, it will become hard and crack. This admits more water and grit and shortens its days of use.

FIFTEEN YEARS OF BRECKENRIDGE, FOR

State Senator

A high class business man, clean, progressive, yet conservative, one who knows the value of a dollar. Not a politician—not a practicing attorney.

OUR BIG CLEARANCE SALE

Will Close Saturday Night, July 26th

Garber Dry Goods Company

Colorado and Westbrook, Texas.

HIGHWAY COMMISSION WILL IMPROVE WESTBROOK STREET

R. M. Hubbard of New Boston, chairman of the State Highway Commission, was in Colorado Wednesday and authorized the statement that the commission would approve the request of the Commissioners Court for additional highway maintenance, in that improvement be made to the Bankhead Highway through the town of Westbrook. Four or five blocks in the business district are in bad condition and are to be graded and macadamized.

Mr. Hubbard, who is a member of the State parks board, was returning to New Boston from West Texas, where the board recently completed

an inspection tour of several proposed sites for State parks. He was in and personally inspected the street over which the highway passes thru the town.

FIRE LOSSES IN THE U. S.

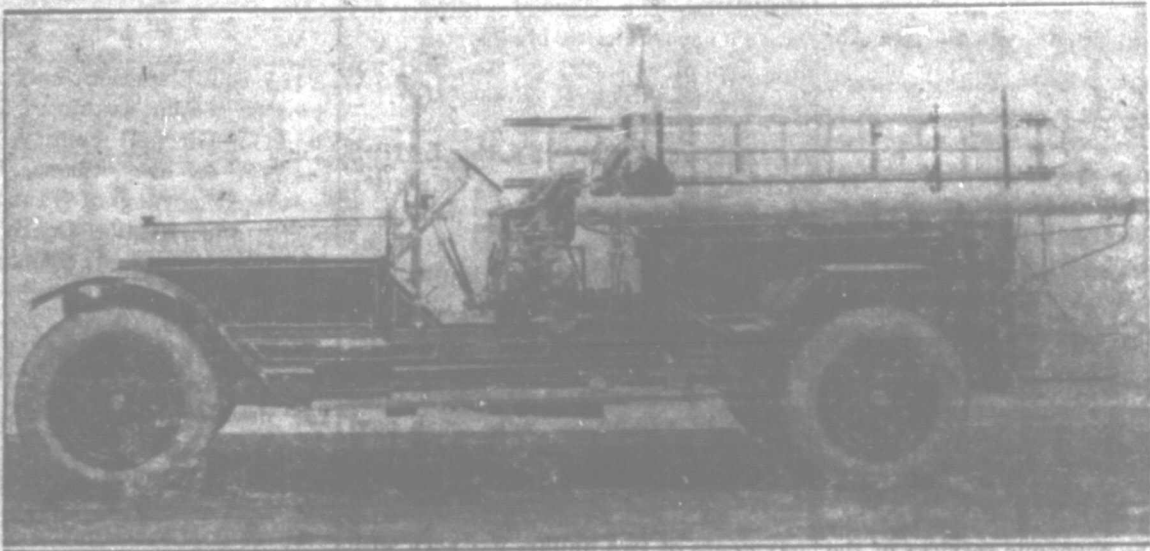

Sixteen dollars loss every second; forty-one people burned to death every 24 hours. 47 people seriously injured every 24 hours; \$60,000 loss every hour, night and day; 15,000 people per year burned to death; Enough building burned yearly to make a solid row from New York to Denver, would take one thousand tons of gold to pay yearly loss. Yearly loss is twice the interest on all savings bank accounts; would build 100,000 dwellings costing \$5,000

each; amounts to \$4.75 for every man, woman and child in the Union. Five school house fires every day, 1 farm building fire every 7 minutes; five church fires every day, fifteen hotel fires every day, one dwelling fire every 3 minutes, one hospital fire every day; nine fires out of every ten are preventable—get busy and stop this tremendous waste.—Concrete Age.

MARRIED

Archie Murry and Miss Buna May Brassell of Cuthbert were married Sunday at the Baptist parsonage in Colorado, Rev. M. C. Bishop officiating. Mr. and Mrs. Murry will make their home in the Cuthbert community.

COLORADO'S NEW \$11,500 FIRE TRUCK

The La France combination pumper and hose truck, recently purchased for use of the Colorado fire department is claimed to be one of the most dependable fire fighting machines on the American market. The old fire truck has been completely rebuilt into a special hose and chemical truck. The two machines gives Colorado adequate fire protection.

Nurses Carry Health Education Into Thousands of Workers' Homes; Aid Babes and Young Mothers

To the young mother the tiny new baby is like a piece of bric-a-brac. She is afraid to handle it for fear she might break it. The first bath is such a fearsome ordeal that it has become customary for the nurse who administers the pre-natal care to come and give the little stranger his first good washing.

Education of this sort is part of the work of a visiting nurse. The aid given sufferers of any sort must always be a demonstration as well, so that members of the family may continue the care.

The nursing service of the Metropolitan Life Insurance Company reaches 3,958 towns and cities in every state in the union and every province in Canada. In the two winter months of this year nurses made 434,986 calls at 109,895 separate homes. The nurses in their various vocations lead the life

of the circuit rider travelling in their flivvers over almost impassable roads and often going on horse-back or on foot through wild country to reach their destination. It requires dogged determination and physical strength to be enlisted in the service and sometimes on the outskirts of large cities the nurse will spend precious hours tramping through the mud to find a shack which is on no street and has no number.

The account is endless of the sickness and suffering caused by the ignorance of people of the poorer class and especially foreigners. One woman with five children had neglected an infected finger. The nurse summoned by the agent struggled through fields of mud only to find that the woman was sure it was nothing serious. The nurse insisted that a doctor be summoned, but the woman did not want to spend the

money. When the doctor finally came he lanced it at once and declared that it was only just in time to prevent the loss of the hand if not the woman's life.

Most of the women are eager to learn so that they may give their children the best possible treatment. One young mother, with four small youngsters, the oldest of which was four years, was especially clean and careful, but measles invaded the home. The three oldest children had it, but the nurse said the baby hadn't got it if the mother would take proper precautions. This woman's day was not so full but that she could find time to follow instructions to the letter; changing her apron every time she touched the baby, keeping him isolated in a separate room, boiling everything, permitting no smaller detail. Personal vigilance was the price of health and the baby survived.

 Mrs. Y. D. McMurry and sons Douglas and Billie spent last week in El Paso with relatives.
 Don't let your wife cook dinner these hot days. Come to the Alamo Hotel.

California Plan of Cooperation
 Government Bulletin Shows How Exchanges Became Federated.

(Prepared by the United States Department of Agriculture.)
 Widespread interest in the "California plan" of co-operative marketing makes especially timely Department Bulletin 1237, Organization and Development of a Co-operative Citrus-Fruit Marketing Agency, just issued by the United States Department of Agriculture. In 1891, when shipments were a little more than 4,000 cars, there was an apparent overproduction of California citrus fruit. Thirty years later a crop totaling more than 56,000 cars was marketed successfully. Bulletin 1237 describes the growth of the system of co-operative marketing that since 1893 has taken a leading part in the development of the California citrus industry. It outlines, also, the steps by which local associations and district exchanges became federated in the California Fruit Growers' exchange.
Historical Account.
 A brief historical account is presented of the California citrus industry since the introduction of orange trees by the Franciscan monks in 1769. The conditions causing the practical bankruptcy of the industry in the early nineties, and the unfortunate alliance of the exchange with commercial shippers in 1908-04 are other topics discussed in the historical section of the bulletin.
 Considerable space is given to a discussion of the organization and operation of the local units that make up the exchange.
 "Local co-operative associations are the foundation of the exchange system," it is stated. "The earliest organizations of this kind preceded the incorporation of the exchange by almost three years. They were created by the members of a community who considered their marketing problems as being, first of all, local in character."
 The organization and functions of the district exchanges and the various departments of the California Fruit Growers' exchange are discussed in detail.
Other Organizations.
 An organization for the purchase of supplies and two by-products companies have been established by the federated associations. These organizations are not subsidiary to the California Fruit Growers' exchange, but are units of the exchange system. The problems leading up to the organization of these companies, and the services they perform for the members of the exchange, make up one section of the bulletin.
 Several pages are devoted to a discussion of the economic services of the exchange, and the fundamental principles upon which the organization is based. The appendix contains the original organization and marketing plan adopted in 1893, the by-laws of the exchange and contracts in force between the growers and their associations, the associations and the district exchanges and the district exchanges and the exchange.
 Copies of Bulletin 1237 may be had free upon request to the United States Department of Agriculture, Washington, as long as the supply lasts.

Rev. J. E. Chase was called to Westbrook Wednesday morning to conduct the funeral of a man 94 years old. Although past the age granted to most men to live, this man had only one week ago come to the Westbrook community seeking a new location and a place to establish a home. He was accompanied by his daughter and two grand-children who are left practically penniless. The name of the deceased was given as J. C. A. Smith and it was reported that he was born and reared in Frio County, and that he was a life-long member of the Christian church.
 Broilers and fryers for sale at Lambeth's Poultry Farm.
 The latest fiction at Jno. L. Doss' Pharmacy always glad to order books for you.
 Mr. and Mrs. Montgroves of Olney, J. H. Arnold and wife of Newcastle, and R. W. Simpson and wife of Snyder were guests of Rev. J. E. Chase and family Sunday and Monday. They were passing through enroute to Menard for a fishing excursion.
 For gutter work, old or new phone 409. B. W. Scott's Tin Shop.
 A large stock of fruit jars at Cook & Son.
 Mrs. Cushing and daughter Miss Constance of the Cushing ranch, are guests of Mrs. J. M. Thomas this week.
 A letter from Mrs. E. Keathley says her mother is still unable to bear any weight on her crippled limb but that she is improving.

Mrs. Sam L. Majors and little son returned Wednesday from Dallas where the child had been under the care of a specialist. The child is reported as being much improved in health.
 Broilers and fryers for sale at Lambeth's Poultry Farm.
 Miss Alma Phillips, who is a student at State University, is home on a visit to her mother, Mrs. D. L. Phillips.
 Where do you eat? Follow the crowd and see—at the Alamo.
 Mrs. Thomas and daughter of Throckmorton and Miss Eleanor Thomas are touring Yellowstone Park.

GAINES COUNTY FARM LANDS
 At reasonable prices and at attractive terms—Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent. At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly payments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent. This is strictly a general farming country. Abundance of pure water, no boll weevil; and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 160 acre farm in one season. This is your big opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act. Address W. A. SoRELLE, General Agent, 12 Santa Fe Bldg., Seagraves, Gaines County, Texas, for terms of sale and descriptive folder. 11
FOR SALE—Cow No. 1—A four gallon cow. Full Jersey. Goes not give you any milk. How about the four gallons? You must tie head and foot and entertain her with a bucket of bran or meal and take the milk away. \$100 gets her.
 Cow No. 2—Full Jersey, two years and 5 months old. A perfect model for a city cow. Does not kick, can not hook, does not bawl, stays in any kind of enclosure. Has no calf, so she is a hornless, kickless, caifless, bawless cow for \$75.
 Cow No. 3—Jersey, one year and 11 months old, has a heifer calf, has been learned to milk but not so gentle as cow No. 2. \$75 will get her and calf or \$85 for cow alone, all three cows have been bred for another season. First come, first served. D. T. BOZEMAN, Cuthbert, Texas.
**FOR SALE—A good 7-room house newly papered and painted, 2 acres of land, good barn and out houses, eistern, will and windmill, located South Colorado, just outside city limits. Price very low and might take some good trade. See S. W. Brown, Colorado. 8-1p

FOR SALE—at a bargain, the Root farm, 160 acres, well improved, two miles south of Colorado.—Mrs. J. G. Gordon, 744 Hickory Street, Abilene, Texas. 7-25p****

Students Witness Mock Trial of a Scrub Bull

An audience of about 250 persons recently witnessed the mock trial of a scrub bull at the East Tennessee farmers' convention at Knoxville. In a description of the trial received by the United States Department of Agriculture from Dr. C. A. Hutton, dairy specialist of Tennessee, he says it resulted in much interest in improved live stock. It was held under the auspices of the agricultural club, and two law students of the state university acted as attorneys in the case.
 This method of showing the undesirability of inferior breeding stock is proving very popular. The Department of Agriculture has had a large demand for their "Outline of a Scrub Sire Trial" which was prepared for the purpose of aiding persons interested in the work of bettering the nation's live stock. Copies of this publication may be had free on request to the bureau of animal industry at Washington.

Killing Out Bluegrass

Cultivating alfalfa after the second crop is taken off in order to kill bluegrass will be found the most satisfactory practice. At this time the soil is apt to be dry and it is easier to kill the bluegrass. Cultivation comes at a time when it will be a big help in conserving soil moisture. Some farmers cultivate their alfalfa fields early in the spring, using a disk or a harrow, and follow each cutting by a cultivation. Often this is necessary if the bluegrass is not killed out by the spring cultivation.

Grow Quality Vegetables

Growing vegetables and growing quality vegetables are two different things. There are some things that make for quality but add little to the cost of the labor. Very rich soil that is sandy and mellow to start with is important, but if the soil is not so good, feeding can remedy that somewhat. Cultivation after every rain to keep the soil moisture from escaping is another point.
