

### METHODIST REVIVAL TO BE CONDUCTED BY DR. HUNT

Dr. J. W. Hunt, president of McMurry College, Abilene, who will do the preaching during the Methodist revival campaign which opens Sunday morning, will not arrive in Colorado until Monday. The first three services of the meeting are to be held at the church with the pastor, Rev. J. F. Lawlis, doing the preaching. The service Monday evening will be held at the Union Tabernacle and all subsequent services of the campaign are to be held there.

Dr. Hunt, who has been known personally since boyhood by several citizens of Colorado, has the distinction of being one of the most powerful evangelistic speakers of the country. His preaching is expected to draw large crowds at every service. He will bring a special evangelistic singer and musical director with him from Abilene.

"Some of you Methodists who have not been doing your duty had better secure an asbestos suit or else stay at home during this meeting," was the comment of Rev. Mr. Lawlis in discussing the coming revival Sunday morning. "Dr. Hunt will deliver some sermons with fire in them and it is my belief that you may be burned."

The pastor is of the belief that this will be one of the most successful revivals ever held under the auspices of this congregation. Rev. Mr. Lawlis and his congregation will extend invitation to all Christians of the community to have a part in the services. The campaign is to be a united drive by all Christian people for advancing the cause of Christ in this city and county.

Singers of other churches are especially invited to take their places in the choir and musicians, regardless of their church affiliation, are invited to cooperate in the special music.

### LICE DAMAGING COTTON MORE THAN DRY WEATHER

Cotton is being damaged more by the ravages of lice than from want of moisture, W. A. Dulin of Valley View, former county farm agent, stated while in Colorado Monday. Mr. Dulin stated that as a rule cotton was holding up well over the county.

"I am not worrying in the least over the outlook," Dulin said. "We will receive plenty of rain in time to produce another good crop in Mitchell county. A heavy rain just now would be of two-fold benefit to farmers. It would assure them of sufficient moisture to mature their crop and also rid them of the lice pest."

Dulin stated that although he was no longer connected with the agricultural interests of the county as county agent, he still maintained an interest in agricultural exhibits at fairs and such other means as may develop for advertising this county as a dependable agricultural section and would cooperate with the chamber of commerce and extension department agents in collecting such exhibits as the county may show this fall.

### NOMINEES CERTIFIED BY DEMOCRATIC COMMITTEE

The Democratic executive committee of Mitchell county was convened here Saturday afternoon by J. A. Buchanan of Colorado, chairman, for the purpose of canvassing returns from the primary election held Saturday, July 26. Nominees of the party receiving a majority vote in this primary and those qualified for the run-off election to be held Aug. 23 were certified.

### JUDGE KING TO NOT RUN OFF STATE SENATE BERTH

According to an announcement in the Abilene Reporter Saturday, Judge Harry Tom King of Abilene will not enter the run-off election against Jesse R. Smith of Breckenridge for senator from the 34th senatorial district. Judge King is leading Judge B. L. Russel of Baird by a small plurality for second place, with Smith maintaining a substantial lead for first place.

### REVIVAL MEETING BEGUN BY CHURCH OF CHRIST

A series of revival meetings was begun at the Union Tabernacle Sunday morning by the Church of Christ, Elder Whitesides of Denton doing the preaching. Services are being held twice daily, at 10:15 a. m. and 8:15 p. m. The revival is to close Sunday night.

Reading a portion of the 23rd chapter of Jeremiah as his text Sunday night, Elder Whitesides delivered a strong appeal for return of all Christian people to the true teachings of the Bible. Quoting from Paul: "I am not ashamed of the gospel of Christ," the speaker declared that the man who would make concessions in deviating from the Bible for the sake of unity or personal favor was indeed classified as one who was ashamed of the gospel.

There should be no breaking away in our friendships, one with the other because a difference in religious beliefs develop, he said. Christians should stand by the true teachings of the Bible, regardless of public approval, but when people of other beliefs from us differ, we should not fall out with them.

The revival will close Sunday night. The services are being attended by good congregations. The attendance Sunday night was especially large.

### DEMOCRATS HOLD COUNTY CONVENTION AT COLORADO

Mitchell county democrats held a most harmonious convention here Saturday afternoon, according to M. S. Goldman, secretary of the party. No resolutions or discussions resulting in opposition were introduced. Dr. P. C. Coleman of Colorado was elected chairman of the convention.

Delegates elected to the state convention were as follows:

Dr. P. C. Coleman, Judge C. H. Earnest, J. A. Buchanan, Mrs. J. G. Merritt, Mrs. H. B. Broadus, S. E. Brown, Mrs. T. R. Bennett, Joe Byrd, E. B. Gregson, R. A. Hood, D. T. Bozeman, Gail Brown, W. E. Wimberly, and W. C. Hooks. District committeemen were elected as follows:

Legislative, Judge C. H. Earnest; senatorial, E. Keathley; congressional, J. A. Buchanan; 2nd supreme judicial, Thos R. Smith; 32nd judicial, M. Carter.

### LORAIN MAN NEW HEAD OF MITCHELL FAIR ASSN.

Fred Brown of the First State Bank at Loraine succeeds F. E. McKenzie of Colorado as president of the Mitchell County Fair Association. Brown was elected first vice president of the association when the new board was formed several months ago and with the resignation of Mr. McKenzie, which was recently announced, is automatically made president.

Mr. Brown was in Colorado this week in the interest of the third annual fair, to be held September 25, 26 and 27, and expressed the belief that every department of the show should register a material improvement over former years. He is devoting much of his time to the association and predicts that within a few years Mitchell County will have developed one of the best county fairs in Texas. The new president is anxious to see the permanent improvements started on the fair grounds at an early date in that the largest program ever attempted by the association may be outlined for another year.

### MITCHELL VOTERS APPROVE SOLDIER PENSION CHANGE

The proposed constitutional amendment, providing for a tax of seven cents to make possible the payment of adequate pensions to old soldiers and sailors, their widows and orphans, was strongly approved by Mitchell County voters in the recent democratic election. The measure received an overwhelming vote for adoption in this county.

### TEXAS & PACIFIC STEEL GANG REACHES COLORADO

The steel gang, replacing the old rails with new and heavier steel on the Texas & Pacific, reached Colorado the first of this week. The entire system is being rebuilt and when completed this will be one of the best trunk line railways in America. In addition to the heavy steel, the roadbed is being newly graded and ballasted and improvements being made to stations and other properties owned by the company.

J. H. Greene and family returned Tuesday from Christoval where they spent several days at the Baptist Encampment. Mr. Greene left Wednesday for Stephens, Ark., his former home, to attend a family reunion.

### OFFICIAL TABULATION OF ELECTION SHOWS CHANGE

A number of changes in the vote received by county and state candidates in the Democratic primary July 26 is shown in the official tabulation of returns as made Saturday afternoon by the Mitchell County Democratic executive committee. No change, however, is shown in the standing of candidates as reported last week by unofficial returns as received by the Chamber of Commerce, the only difference between the first election returns, which from several of the smaller boxes were meagre, and those officially made by the committee being small change in the vote received in this county by some of the candidates.

Official returns reduced the plurality of C. C. Thompson over Judge A. J. Coe for county judge from 227 to 222 votes. The executive committee reported that Thompson received 728 votes and Coe 506. Last week Thompson was reported to have received 721 votes and Coe 494.

Official returns cut the majority of J. Lee Jones to 77 votes over W. S. Stoneham for county and district clerk. Jones is shown to have received 1123 votes and Stoneham 1046.

Sheriff I. W. Terry is shown to have made a material gain in his majority over J. R. Sheppard. In the official count Terry received 1284 votes and Sheppard 913, placing the majority of the present incumbent over his opponent at 371 votes.

In the race for county school superintendent, G. D. Foster's plurality over Mrs. Stella E. Bennett is increased to 218 votes. Foster received 958 votes, Mrs. Bennett 740 and Samuel C. Harris 477.

Official returns completely changed the report of last week as to the vote or county surveyor. Last week incomplete returns indicated that F. F. Dubose was leading the ticket for this office. The official count, however, placed Frank Lupton in the lead with a total of 47 votes. Dubose is shown to have received 35 votes. D. T. Bozeman of Outhbert and W. S. Stoneham of Colorado received a light vote for this office. Lupton and Dubose will contest for the office in the second primary.

J. H. McCarty received a majority over two other candidates for public weigher at Westbrook. His vote total of 238. L. Hazelwood received 100 votes and J. K. Oglesby 69 for this office. L. W. Rhodes and C. B. Reader will contest the office of public weigher at Loraine in the run-off. Rhodes received 218 votes and Reader 182. Other candidates for this office were Otis Muns, who received 156 votes, C. C. Hamilton, 68 votes and Will Jackson 58 votes.

J. A. Buchanan of Colorado is shown to have been re-elected chairman of the county Democratic executive committee. Dr. P. C. Coleman is leading C. M. Adams for precinct committee at Colorado.

### BOYS AND GIRLS OFFERED TRIP TO TEXAS STATE FAIR

Boys and girls who are members of Extension Department clubs in this county are to be given trips to Dallas during the State Fair again this fall by the Mitchell County Fair Association, according to announcement from the secretary. The same rules governing these awards as last year will be adhered to.

Detailed information as to the trip may be obtained by any interested club member upon application to Miss Sealy, home demonstration agent, or H. L. Atkins, county farm agent.

### TEXAS & PACIFIC STEEL GANG REACHES COLORADO

The steel gang, replacing the old rails with new and heavier steel on the Texas & Pacific, reached Colorado the first of this week. The entire system is being rebuilt and when completed this will be one of the best trunk line railways in America.

In addition to the heavy steel, the roadbed is being newly graded and ballasted and improvements being made to stations and other properties owned by the company.

### EIGHT HUNDRED DOLLARS CASH PRIZES AT FAIR

Cash prizes aggregating \$800.00 are to be distributed to prize winners at the Third Annual Mitchell County Fair at Colorado September 25, 26 and 27, according to information from the office of the secretary. In addition to the cash awards to be paid exhibitors, 895 ribbons and other merit awards are to be distributed and six boys and girls who are members of the extension department clubs in the county are to be given trips to the State Fair at Dallas by the fair management, with all expenses of the trip paid by the association.

That the show this year will be the best and largest ever held in the county is evidenced in the fact that 375 items are listed in the fair catalogue as being eligible for competition for prizes. Mitchell county women's Federated Clubs and boys and girls clubs are to have the largest part in the fair this year in the history of the organization. In cooperation with the chamber of commerce, the home demonstration and county farm agents, women's clubs, Lions Club and other civic organizations of the county every feature of the annual event will be improved and enlarged.

The management recently announced that the congested condition at the main exhibit building experienced in former years is to be housing of one or more of the larger departments in temporary quarters in the grounds. Three large tents one of which is 40 by 70 feet and the others 20 by 70 feet in size, have been obtained by the association to house part of the exhibits and comfortable rest quarters for the visitors.

One of the most signal additions to the three days fair this year is claimed to be in the amusement attractions billed. There will be special attractions for the children, including the ferris wheel, "flying jenny," and others. The Donald-McGregor Shows, one of the largest in Texas, will furnish attractions of merit throughout the three days.

The queen's contest, an annual contest of more than usual interest, is expected to demand much interest this year. The local post, American Legion and the fair association are cooperating together in conducting this contest. The court jester will also be featured and nominated by popular vote the same as the queen. The queen of the fair this year will, as in years past, be recognized as the Colorado sponsor in all social events of the State in which a sponsor is to be designated by the Chamber of Commerce to represent this city and county.

Among the departments classified in the fair catalogue and premium list, which is expected to be received from the printers for distribution early next week, are the following:

Horses, cattle, swine, agriculture, including the varied field crops produced in the county and community and individual exhibits. Cash prizes offered in the agricultural division range from \$7.50 to \$25.00. Melons, fruits and vegetables, poultry, woman's department, textile department, art department, culinary department, and boys and girls club work.

The above departments will by no means constitute the exhibit attractions at the fair. The wholesale and retail merchandise departments, to be provided by the business interests of Mitchell county, promise to excel by far anything ever before attempted. Scores of the leading business men of Colorado, Loraine and Westbrook will vie one with the other in making this attraction of the fair one to be appreciated by every visitor.

Other attractions will include a decorated automobile parade, concert music by the Colorado Booster Band, coronation of the queen, addresses by prominent visitors and special entertainment programs by the American Legion. Coronation of the queen will be featured on the evening of Friday, September 26. Rules governing the contest will be announced next week.

### MITCHELL CO. COURT HOUSE OCCUPIED NOW

The new \$115,000 Mitchell County Court house has finally been completed and accepted by the county. Commissioners Court accepted the structure from the contractors Friday of last week and Monday morning the work of moving from the old building into the new was begun.

Contract for the building was awarded July 14, last year to J. H. Reddick of Little Rock, Ark., and ground was broken September 1 following. Considerable delay in completing the building has been experienced by the general contractor, plumbers and furniture contractors because of delay in shipments of equipment.

Commissioners Court has advertised for bids for purchase and removal of the old court house, to be opened Monday.

### FIRST LOAN MADE HERE BY BUILDING-LOAN ASSN.

The first loan to be approved in Colorado by the Abilene Building and Loan Association was announced last week by C. W. Gill of Abilene, secretary. The loan was made to L. Landau who is erecting an eight room cottage home on Chestnut street. Gill was in Colorado again this week and stated that additional applications were pending and it was expected that the local board would approve other loans within the next few days.

### WEST TEXAS FAIR WILL BE LARGER THAN EVER BEFORE

The West Texas Fair, to be held at Fair Park, Abilene, the last week in September will be the largest and best fair ever held by the West Texas Fair Association. T. N. Carswell, secretary of the association, stated while in Colorado Monday. Carswell was here in the interest of the fair and said that he was pleased to find that Mitchell county would probably have an agricultural exhibit there.

Among the counties in this section of the State which are to exhibit agricultural products at the fair are Midland, Martin and Howard, Carswell stated.

### THIRTY MEN EMPLOYED BY A. W. BALFANZ AND BRO.

A. W. Balfanz and Bro., building contractors, have a total of thirty men employed on the two buildings being erected by them in Colorado. Wednesday a total of 20 were employed on the A. J. Herrington building and 10 on the Colorado Baggan House building. Brick work on the latter building is progressing rapidly. At the Herrington building the contractor will complete the concrete floors within the next few days. Work on the interior partitions has been started at this building.

### "ALCOVE DRUG COMPANY" IS NAME OF NEW STORE

The drug store opened in Colorado last week by Messrs. Doss, Merritt and Grant, has been named the "Alcove" and the firm is to be known as the "Alcove Drug Company."

Rev. M. C. Bishop returned from Wastella where he conducted a revival meeting, Tuesday. With his family he has gone to Christoval for the Baptist Encampment. Rev. Mr. Bishop has been assigned to a place on the daily program at Christoval.

### CHAMBER OF COMMERCE TO HOLD MEETING THURSDAY

The August executive session of the Colorado Chamber of Commerce will be convened Thursday afternoon at 8:15 at the Barcroft Hotel. Every member of the directorate is urged to be present.

### FORMER COLORADO MAN IS BURIED FRIDAY LAST WEEK

Funeral services for E. B. Gambill, who died at Huntsville recently, were held at Gustine Friday afternoon. Gambill was a citizen of Colorado for a number of years.

Mrs. Chester Boyle and Miss Nanie Boyle of Coleman are visiting Miss Virginia Palmer.

### NOTED SCOTCH LECTURER TO ATTEND LIONS BANQUET

Dr. Jamie Herron, Scotch humorist and lecturer of international reputation, is scheduled to deliver the principal address at the Lions club banquet Friday evening at the Barcroft. Dr. Herron has been cited by a number of American and European critics as one of the leading platform speakers of today. He is touring Texas through courtesy of the Waco Drug Company and is being brought to Colorado by the Lions Club and Chamber of Commerce.

Other prominent visitors to have a place on the speaking program for the evening are Hon. R. D. Green of Abilene, district governor of Lions clubs in Texas and Hon. R. M. Chitwood of Sweetwater, member of the State legislature from this district. Both of these men are prominently identified with civic and commercial programs of West Texas. Mrs. Green and Mrs. Chitwood will accompany their husbands.

The occasion will be another "ladies night" banquet, and is expected to be the outstanding social event of the summer at Colorado. An attendance of 100 is expected. Every member of the club will be severely penitence at the banquet with lady escort. Under plans announced by the program committee, any member of the club may bring as many guests as may be desired, provided reservations are filed with W. W. Whipkey, Secretary, in time.

In addition to entertainment furnished by the visitors, special entertainment features will be presented by local Lions, including orchestra music, special stunts and some of the jungle roars of which Col. C. M. Adams, ring master, is capable.

The banquet will be held in the basement of the Barcroft starting at 8:30 Friday evening. Members of the club have been requested by E. H. Winn, president, to make reservations with the secretary as early as possible.

### DR. HERRON TO DELIVER 2 LECTURES IN COLORADO

Dr. Jamie Herron, Scotch humorist and lecturer, who is in Colorado today under auspices of the Chamber of Commerce and Lions Club, will deliver two lectures here. The first will be delivered Friday afternoon at 3:30 at the Palace Theatre, and will be open to the general public. The second lecture will be given at the Lions Club banquet Friday night.

Dr. P. C. Coleman, president of the Chamber of Commerce, and E. H. Winn, president of the Lions club, gave the following joint statement for publication regarding the lecture Friday afternoon:

"Dr. Herron, Scotch lecturer, will deliver his lecture at the Palace Theatre Friday afternoon at 3:30 o'clock under auspices of the Chamber of Commerce and Lions Club. As announced last week, several of our members have had the opportunity of hearing Dr. Herron and we hope that our people will not fail to hear this instructive, humorous and entertaining lecture."

### ANNUAL EDITION MITCHELL FAIR CATALOGUE TO PRESS

The annual edition of the catalogue and premium list of the Mitchell County Fair will go to press next week. The edition will be larger this year than ever and contain a number of added features. Advertising section will be closed the first of next week and those desiring space in this department should make reservation with the secretary without delay.

On July tenth the State Board of Education fixed the apportionment for the scholastic year 1924-1925 at fourteen dollars per capita. Of this amount, two dollars will be sent to each school district during the month of September. This is the first time in the history of the State that a payment on the per capita apportionment will have been made before the expiration of the first month of the school. The entire is to be paid by May 1, 1925.

### BAPTIST NOTES

Sunday School was well attended there being twice as many present as there was the Sunday before. Everybody come back and bring some one with you next Sunday.

The pastor was busy in a meeting at Haskell and sent Rev. Gilbert of Abilene to fill his appointments here Sunday. Mr. Tarleton of McCauley, who is visiting in the Jno. Johnson home, led the music. We were glad to have members of the orchestra and other visitors present.

The revival is scheduled to start about Aug. 20th. The pastor will be present and Rev. John Winsett of Abilene will do the preaching. The committee on arrangements reported they had decided to rent the Methodist tabernacle which had been offered them to hold the services in. Several members of the church will go to the encampment at Christoval this week. We expect them to bring back a lot of good thoughts and enthusiasm to share with the rest of us who are not so fortunate as to get to go this time.

Rev. H. W. Hanks is conducting a meeting at Valley View which commenced last Sunday night. A good interest is being shown. The meeting will continue over Sunday night and perhaps longer.

Baptist meeting is now in progress at Bethel Church, Baumann Community. Rev. Lindley of Abilene is conducting the meeting, which will close Sunday night.

Mr. and Mrs. C. F. Glass have returned from a visit to Hill County. Miss Edrie Gilley of Whitney, and Miss Ruth Lowry of Ft. Worth accompanied them home for a short visit.

Mr. Claude Suan sold his crop this week to Howard Spikes. Mr. and Mrs. Suan will move south of Trent and Mr. and Mrs. Spikes are moving to the country next week.

Mr. Carlos Smith of Ft. Worth is visiting his grandparents Mr. and Mrs. M. F. Hall.

W. J. Mahoney and family of Hermleigh and Mrs. J. T. Zorn of Ft. Worth were Loraine visitors Sunday.

Mr. C. L. Brooks and family of Roswell, N. M. were visitors of Mr. and Mrs. G. W. Wemkin.

Mrs. J. M. Bruce and family are on a visit to East Texas.

The Senior B. Y. P. U. was entertained Saturday night at the home of Mrs. Jno. Johnson with a kindergarten party. Everyone dressed as they used to dress and children's games were played. Refreshments of ice cream cones were served. All expressed great pleasure in being a kid once again and hoping to enjoy another social soon. Every one is cordially invited to attend the B. Y. P. U. programs every Sunday night at 7:30 sharp.

Mr. Elves Altman of Arlington will arrive this week on a vacation visit with friends and relatives here.

Mr. W. D. McCarley returned to McKinney Saturday night on business.

Mr. G. W. Wemkin of Hermleigh was transacting business here Tuesday.

Mr. S. C. Sloan left Tuesday for Tenn. by auto. Mr. H. B. Wilson accompanied him on a visit to Alabama.

Mr. and Mrs. Lee Moore and children of Landers left Sunday by auto on an extended visit to La.

The following deal through Britton and Smith were reported closed this week: Mr. J. W. Fairbairn of Eastland has purchased the G. M. Thompson building located on the corner occupied by the C. C. Reeder Market and J. S. Muns Grocery.

Mr. Fairbairn has also purchased the Virgil Walker residence located on Colorado Street in West Loraine, and expects to move to same by the first. Mr. W. J. Coon purchased the building he now occupies from Mr. J. K. Taylor of Baumann which is located on the east side of Main st.

Mr. A. E. Anderson and family are on a visit to New Mexico.

### SIMMONS BUILDS PRESIDENT'S HOME

Contract for the erection of a president's home for President J. D. Sanderford of Simmons College has been awarded to Dunlap and Suggs local contractors, the home to be completed within two months.

The building, which will be located on the Simmons campus, will be two stories in height and will be of colonial design, constructed of some-faced brick with stone trimming.

Plans for the home were drawn by David S. Castle, architect, of this city. The latest and most modern arrangements were included in the design and

these will be followed completely in the construction of the new building. Four bedrooms, a large reception room, a solarium and two baths on the upper floor are included.

I wish to express my sincere appreciation for the support you gave me for cotton weigher, precinct no. 2. I shall render an impartial service to all. —L. H. McCarty.

### EDWARDS IN RUN OFF WITH BARRY MILLER

Denton, Aug. 2.—Will C. Edwards Denton newspaper man who will go into the run-off for Lieutenant governor with Barry Miller of Dallas, today gave out the following statement:

"I am seeking the nomination for Lieutenant-Governor for the honor and the opportunity for service it gives. I entered the race in the belief that Texas Democrats would react favorably toward a candidate who had eschewed all factional groups, whose only purpose was to serve and who would be pledged only to the service of the whole people. After advising with friends I announced my candidacy without seeking the endorsement or consent of anybody or any group.

"Returns of the first primary show enough Democrats did so react as to give me, with the support of my friends and their friends, a place in the run-off, which is between Judge Barry Miller of Dallas and me. Judge Miller has said the only reason he entered the contest was that he was drafted by the Farm-Labor bloc. He has their support and their platform has his endorsement.

"As for me, I shall run in the second primary as in the first—in no alliance with any group or bloc or candidate, still holding to the belief that there are enough Texas Democrats unswayed by radicalism, factionalism or prejudice to constitute a majority. If I am mistaken, I shall be content, for I am wholly sincere in the determination to go into office my own man, with my only pledge to be fair and just to all and to give the very best service of which I am capable, or stay at home.

"I have tried sincerely to avoid the injection into my campaign of the Klan issue. But I am forced to realize there are those who are making of it their political shibboleth. Therefore I say, without reservation or equivocation, that I am not now and never have been a member of the Klan, I have never applied for membership in the Klan nor paid any fee to the Klan. This in answer to my opponent's unfounded charge in his speech at McKinney. I am not and never have been a member of the Farm-Labor Union or any other organized bloc. I am simply a Democrat, who has taken his democracy straight, and who has never bolted but always supported every Democratic nominee.

"I am wholly tolerant of other men's beliefs, political, religious or otherwise. The only thing in return I demand is that they accord to me the same freedom of thought and action I cheerfully accord to them.

"I am for law enforcement all down the line and opposed to lawlessness or mob rule any time, anywhere, in any form, believing in law enforcement through duly constituted authorities and nowhere else.

"I have been a prohibitionist since early manhood, supporting prohibition individually and editorially. I have advocated woman suffrage since it became an issue.

"I believe in an economical, efficient administration of the State's affairs and that Texas needs a better distribution of its tax burdens rather than additional taxes.

"Believing that in education lies the solution of most of our economic and governmental problems, I am interested in every phase of education and as a citizen, editor and legislator I have labored to the limit of my ability for the upbuilding of the educational system of Texas from bottom to top. I have been particularly interested in the betterment of the rural schools and was instrumental in getting through the rural aid and emergency school appropriations in the 38th Legislature.

"I believe in collective bargaining for labor. I have been an employer of labor for a quarter of a century and that I have been fair and just to my employes is proven by the fact that without exception so far as I know and believe every last one who ever worked for me is my supporter in this race.

"Saturday's results show that a candidate who has back of him only his friends and his friends' friends and who has the coherent opposition of a powerful and well organized bloc is on a difficult road. But I believe that when the facts are put before the Democrats of Texas—men and women who are Democrats first of all—they will decide that the interest of the State will be best served by selecting a Lieutenant-Governor who is not concerned in factionalism or radicalism but would be fair to all; who wants sincerely to be of some service to the whole State who is not a chronic office-seeker, and who will either go into office free and untrammelled or not go at all.

"I have made my campaign on my own qualifications and with no criticism of my opponent and I had hoped to adhere to that policy throughout, but my opponent's opening speech

## The Improved COACH on the HUDSON Super-Six

### For the First Time in History Closed Car Comforts at EXACTLY Open Car Cost

This Hudson Coach makes history. It is the first closed car ever to sell at exactly open car cost.

And Hudson, alone, can build it. As the largest producer of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to create this car and this price.

#### Greatest of All Hudson Achievements

And now full size balloon tires are standard steering, most comfortable and steadiest equipment. Do not confuse with "semi-balloon" types. Hudson's are genuine, full size balloon tires—33"x6.20". Compare the difference.

Hudson has not simply "added balloon tires." Both running and steering gear have been especially designed to compensate for the radical differences balloon tires bring.

makes that different. I seek the support of the Democrats of Texas on the ground of service to the State and fairness and justice to every citizen, every section, every legitimate interest.

"I shall elucidate my position on the foregoing and other matters of public interest during my campaign which I shall open next week and during which I expect to visit as many parts of Texas as is possible in the limited time between now and Aug. 23.

"In closing I would tender up my thanks to those friends whose active and enthusiastic support gave a comparatively unknown man more than 185,000 votes. Hundreds of them gave up their time energy to soliciting votes for me and interesting their friends in my campaign. I am deeply grateful to all these and hopeful they will continue their active interest in my candidacy through Aug. 23."

#### DOSS EXPRESSES SINCERE APPRECIATION FOR VOTES

H. C. Doss, who ran in second place for county treasurer in the July 26 Democratic primary election, issued the following statement Monday to the voters of this county:

"I desire to express my sincere appreciation for the support given my candidacy by the voters of Mitchell county for county treasurer. I will be in the run-off to be held August 23 and hope to merit your full confidence and support in this election. My name will be on the ticket this time and you will not be asked to write it in, as in the first primary election.

"If you can consistently elect me to this office, I pledge to give you the best service and attention possible. In case I do not have the opportunity to see you in person before the election, it will not be because I didn't desire to. Remember that I will greatly appreciate your vote and influence." — H. C. Doss.

**YOUR CHAMBER OF COMMERCE**

Why should a city have a commercial organization? Because if it lives up to its duties, it will be the most potent force in the community for progress. Its duties are to do anything and everything necessary for and incident to the upbuilding and the better building of the city and its environs. Its duty is not only to make a city grow but also to make it a better, a more sanitary, a prettier and more enjoyable place in which to live. Its province or field of work reaches out into every branch and takes cognizance of every phase of the city's life. The commercial interests, wholesale, retail, and manufacturing the professional interests, the government of city, county and state, the social side of the city's life where it touches the question of public morals and health; all of these and in truth every channel of activity comes under its practical eye.

The commercial organization has a first duty in that it must bring all of the elements of the entire community county as well as city, together into one compact body working for the uplift of the community. It must teach the individuals composing these elements the lesson of achievement thru co-operation. It must arouse the citizenry from the old time lethargy to a quickened interest, and always and everywhere preach the gospel of sane, safe and sound development, unselfishness, public-spiritedness and civic pride. Its motto must be, "If it's good for the community, then let us have it." What helps the city as a whole, has a like beneficial effect upon everyone within its boundaries.

Not only the business and professional men make good "boosters," but also the young men, the clerks in the stores, the women both in the house and in the office or store and the children in the schools. It is the duty of the commercial organization to spread its propaganda of development as to obtain the efficient aid of all these forces. Many organizations secure much of their force and power from their women's auxiliaries. In campaigns for sanitation and beauty, their help is incalculable.

The commercial organization has a duty toward the city government which it cannot afford to overlook in spite of the howls of the politician who knows his power is on the decline when the business interests cast their microscopic eyes of investigation upon his maneuvers. Every effort should be made to work with the administration in an amicable way, but if this is not possible, it is the duty of the commercial organization to continue to interest itself in the affairs of the city government.

The civic body has this right because its members are the heavy taxpayers, its business men make the city habitable. No city could run without them. They are vital and so, being vital, they have the first moral right to speak in the control and management of the city affairs.

It is the civic body's duty to interest itself in all legislative matters which may have an effect upon the city. The astute ability and acumen of the business mind is necessary for the successful handling of such questions as taxation. It needs a business head to work out the intricacies of financing great public improvements. The unselfish democracy of the commercial organization is needed to keep its finger on the pulse of the whole body politic.

Less grasshoppers, more turkeys should be the slogan.

**A BOY'S MISTAKE.**

A few blocks from where we write this, an aged father and mother are bowed with a grief which not all the love and sympathy of friends can lift. Their only son—a bright, promising, healthy, happy boy a week ago—was buried yesterday, the victim of an automobile accident.

"Maybe you had better not take this long trip with your friend," the mother had suggested. "Everybody says he is such a reckless driver."

"But I want to go, Mother," was the boy's innocent reply. "And anyhow, it is my risk."

"But if you could see the grief-stricken parents today, you would realize that the boy was not the only one taking the risk," a friend has just remarked to us. Truly, no one liveth of himself.

There is a lesson here about many other things than reckless driving. Too often a boy thinks, "It is my risk" when he fails to adopt a serious and definite purpose in life, takes up with shiftless companions, takes his first drink, or fails to school and discipline himself in habits of honor, industry and thrift.

But always there are others that suffer as well as the boy himself. He cannot take the risk alone. If he makes a failure of his life, if he becomes a shiftless farmer instead of a progressive farmer, or a shiftless anything else, the grief of his parents may be less tragic than of the bereaved father and mother we have just mentioned, but their sorrow will be just as real.

We need in all our farm families a greater realization of the truth that to a large extent the success of one is the success of all, the failure of one is the failure of all.

Every time a boy or girl takes a forward step—distinguishes himself or herself in school, decides to join club work, reads a good book, does any job of farm work or house work exceptionally well, shows special interest in learning more about some worthwhile subject, or reveals any noble trait of character—in all such cases parents and brothers and sisters should unite in encouragement of the wholesome tendency. As a rule, farm folks are not liberal enough of praise in such cases. A word of commendation at such a time may help fix the new tendency as a permanent part of the child's character and habits.

The success of any boy or girl is matter of pride not only for the parents, but for the whole family. The failure of any boy or girl brings regret to the whole family.

No one can properly say, "It is my risk," or "It is my affair," in matters concerning safety or honor or success. In developing the finest traits and highest possibilities of Southern farm boys and girls, there is need not only for more co-operation between parents and children but the co-operation should include brothers and sisters as well.

**AND THEY WERE SUCKED IN**

Ask W. B. Currie and D. W. Christian what the Republican administration has done for the producers of cattle, sheep and wool.

W. B. Currie returned Thursday from Ft. Worth where he had been to market four carloads of fat cattle. While these were extra good stuff and fat they only brought \$4.40 per hundred weight.

"Bill says it has taught him a lesson and he is out of the cattle business for good as he never intends to raise any more cattle for market."

This week D. W. Christian disposed of all his sheep and he says no more of the sheep raising business for him.

About three years ago, or to be exact when Harding was inaugurated president, the gentlemen mentioned told the writer that as soon as Harding got things straightened out following the Democratic misrule we would be getting the best prices we had ever received for cattle, sheep and wool, and now they are retiring from the lines they thought would prove so profitable under a Republican administration and the high protective tariff. They are getting it instead, in the neck.

So we will continue to vote the Democratic ticket—while we will continue to hope that these poor deluded protectionists will some day

get wise to the fact that they should vote for the party that will better protect their interests.—Big Spring

When this editor was a small boy, they told us that to catch birds all we had to do was to throw salt on their tails. Many times have we followed the birds with salt in our hands trying to throw it on their tails. They laughed at us and tried to tell us better but we refused to believe them, because we had gotten the impression that the salt would do the trick, so we kept right on trying the salt.

Somebody went through the country several years ago telling the innocent cow and sheep men that all they had to do to get a big price for wool and beef, was to elect a Republican president. Some of the old boys fell for it just as we did for the receipt for catching birds. They can't explain how the thing will work but they believe that somehow the Republicans can by hook or crook get them money for their stuff.

Some of our Sterling boys were "sucked" in by this talk, and lost money. During the Wilson Administration they held their wool for which they had been offered 70 cents a pound until Harding got in, when they felt sure they would get \$1.00 a pound, but when Harding became president, they sold their wool at 18 cents per pound. They were cheerful about it, for they reported prices were "satisfactory." You can't make these boys believe that a few quarts of tariff won't help wool; though sad experience teaches them better.—Sterling City News Record.

**A POLITICAL MESS**

At the time this is written, Tuesday afternoon, it seems possible that the run-off for governor will be between Robertson and Ferguson. This is indeed a fine come-off, that the people must choose between the two most unsatisfactory citizens of the state for its highest office.

But, this is the natural result of the factional bloc system of politics now in vogue in this state. These factions are selfish and represent interests that are inimicable to the best interests of the state, but they are through organization, though in the minority, able to play the cards against the unselfish and more patriotic majority of the people, who are unorganized.

Of course, sooner or later, the real democrats of the state will arise of necessity and cast out the factions, but there will have to be an awakening before this is done.

The democratic party in Texas is as a giant that has fallen into the hands of highbinders, who have it tied down while they exploit the people.

—Plainview News.

The head on the above article should be changed to read Alholfamees. Of the two evils the Record will choose the least and vote for Robertson. Andy Gump wears no mass collar so he can now vote for LaFollette. As we went into the primary and took the pledge, we'll eat our crow, hold our nose and vote.

### IN SOCIETY AND AT THE CLUBS

**PRISCILLA CLUB**  
The Priscilla Club met with Mrs. J. E. Riordan last Tuesday afternoon. The time was spent in sewing and pleasant conversation. The hostess served pineapple ice and cake.

Mrs. Merriweather will be hostess this week at Mrs. W. M. Elliotts.

Mrs. J. L. Doss entertained informally, a few friends Monday evening honoring Mrs. J. E. Hooper and Miss Elsie Hooper of Abilene and Mrs. Rove of San Angelo who were guests. Sherbert and cake were served.

**WORKER'S MEETING**  
The women of the Methodist Church met Monday afternoon for a workers conference to plan for the meeting which is to begin next Sunday. The town was districted and invitations will be made personally to all to attend.

**BUSINESS MEETING**  
The Baptist women met in business session Monday afternoon. Besides the regular business, plans were made for an all day monthly county meeting to be held here August 28. A program committee consisting of

Mrs. White, Laskey and Whipkey was appointed to prepare a suitable program. Mrs. Laskey read a message from the associational president asking that the society furnish mission books for near by societies. Mrs. Laskey was asked to send books. Flowers were sent to a sick member.

**AUXILIARY MEETING**  
The Auxiliary to the American Legion will meet at the hut Saturday at four o'clock. A good attendance is desired.

**COUNTY FEDERATION**  
The Mitchell County Federation of Womens Clubs will meet at the Baptist Sunday School rooms next Tuesday afternoon at three o'clock. A good attendance is desired as plans for the Fair will be made.

**PICNIC AT SEVEN WELLS**  
Members of the Epworth League enjoyed a picnic at Seven Wells Tuesday. About 35 young people made up the party. Luncheon and feed drinks were served on the rocks near the wells.

**HARMONY CLUB**  
The Harmony club met with Mrs. D. C. Byrne Tuesday. Her guests were: Mesdames Dan Lewis, Robert Norris, Vivian Shropshire, P. C. Coleman, Roland Burchard, E. M. Majors, H. P. Slagel, B. B. Byrne, W. L. Doss,

J. A. Sadler, C. R. Earnest, McKenney of Dublin, Wesley Gage of Oklahoma, Misses Isla Tilley and Violet Hughes of Madison, Wisconsin. The hostess served orange sherbet and two kinds of cake. The next meeting will be with Mrs. B. F. Dulaney.

**ENTERTAIN JUNIOR BAND**  
On Tuesday evening Circle No. 1 of the Baptist Auxiliary entertained the Junior Band at the home of Mr. and Mrs. F. E. McKenzie. Under the direction of the instructor, Raymond Jones, quite a concert was given which was very much enjoyed by all.

The other guests were the husbands of the members of the Circle and Mr. and Mrs. A. L. White, Mrs. White being president of the Auxiliary. After the musical numbers, games were played on the lawn. Two kinds of cake and lemonade were served.

**WOMAN'S DEPARTMENT**  
Much interest is being manifested in the woman's department of the Mitchell County Fair. Mrs. A. L. Whipkey, superintendent, has talked with women all over the county and all seem enthusiastic. The following women have been appointed district chairmen to work out, with her appointed helpers, the best possible plans: Mrs. W. L. Hester, Loraine; Mrs. C. E. Danner, Westbrook; Mrs.

W. C. Berry, Cuthbert; Mrs. James Bodine, Buford; Mrs. D. L. Harrel, Valley View; Mrs. J. E. Wallace, Seven Wells; Mrs. R. A. Hood, Spade.

Mrs. F. E. McKenzie will have charge of the textile department, Mrs. J. T. Johnson and Miss McComas the art department, and Mrs. H. C. Landers the culinary department. Miss Irma Sealy will have charge of all Home Demonstration and girls Club work, and good exhibits are expected. The Child Welfare Department will be managed by Mrs. Lee Jones, Mrs. T. R. Bennett and Mrs. Jack Smith.

Through the kindly interest of The Best Theatre, small prizes will be offered for old ladies work and for childrens work by the Palace Theatre. The committee felt that could some inducement be offered the culinary department would be enlarged so several of the grocers were spoken to and each one seen responded by giving a prize. The committee has been unable to see all yet but hopes to give every one an opportunity. Those seen were Broadus and Sons 50 pound sack American Beauty flour for best cake; City Market, 5 pounds Swifts Jewell shortening for best bread; R. U. Bean, 25 pound sack Gladiola flour for best cake; Pritchett Grocery, 25 pound sack White Lily flour; Pickens Market-Grocery, 25 pound sack of Light Crust flour.

The Woman's Missionary Society of the First Christian Church met Monday with Mrs. Pond. Mrs. Jones led the lesson on "Stewards of the Grace of God." Mrs. Venable told of "The inflow of God's Grace;" Mrs. Pond told of "The outflow of a full life."

Mesdames Jones, Broadus and Pond were appointed on the year book committee. Mrs. Allmond was a guest. At the social hour the daughters of the house served Lillian Russels.

**CLASS PARTY**  
Miss Violet Moeser entertained her class of little girls from the Junior Department of the Baptist Sunday School with a picnic on the bluffs near her house Monday afternoon. Each little girl brought a lunch and a good time was had by all.

The regular monthly meeting of the Presbyterian Auxiliary met with Mrs. Coleman Monday the 4th. In the absence of the president, Mrs. Jerold Riordan, the vice president Mrs. Sherwin, concluded the opening exercises. After reading of secretary's report, Mrs. Riordan read a letter from our missionary in Korea who is home on furlough on account of his health but is hoping to return about holiday time. Mrs. Van Tuyl read a delightful newsy letter from Abner McClen-

nand and one of his Mexican Missions in response to a call for help from Collins, Miss. to rebuild their church destroyed by cyclone it was voted to send \$5. The Bible questions led by Mrs. Elliott were well responded to. Mrs. Sherwin heard the lesson on Home Missions. There was quite a good attendance and we had the pleasure of having with us Mrs. Geo. Root, a former member. The foreign Mission meeting on the 18th will be held with Mrs. Van Tuyl.

E. Frank King, superintendent of the Colorado schools, has returned from Alpine where he taught during the summer term at Sul Ross State Teachers College.

In the June Harper's Magazine, David F. Houston has a constructive article which shows that this country is sound in spite of the workings of pessimists, agitators and demagogues. Those whose comparisons are with the heroic days of George Washington are reminded that he was by some of his own day called a hypocrite, an impostor and a murderer. Those whose political demagogues are the Clays, the Websters and the Calhouns are told that Cleveland, Wilson and Richard Olney were more worthy to be followed than those statesmen of the former days. — Plainview Herald.

Coliseum at Dallas, Transformed into Magnificent Agricultural Building Many Exhibits

For the 1924 State Fair of Texas, at Dallas, Oct. 11-26 next, the former Coliseum, right at the entrance of the grounds, will become the new Agricultural Building. This structure is 150 x 250 feet in dimensions, and the whole interior has been made over. More than 30,000 square feet of cement floor has already been laid, and the erection of handsome, attractive booths has been started. There will be booths for at least fifty county exhibits alone, with provisions for agricultural displays of every description, as well as space for numerous educational demonstrations, including that of A. & M. of Texas and other prominent universities. One big feature is to be miniature reproductions of the buildings of various universities, an idea suggested and being worked out by Pres. R. L. Marquis of the Teacher's College at Denton. Most of the models, it is proposed, will be built by students in the manual training departments of the several institutions.

**EXHIBIT JERSEYS**  
**AT STATE FAIR**

"Mere men," or "grown men," are not the only exhibitors of Jersey cattle at the State Fair of Texas—far from it. Here's a lady exhibitor, and likewise a small boy exhibitor—Mrs. W. M. Waller and young Stanley Berry, respectively.

Mrs. Waller presides over the destinies of the Waller Farm near Handley, Stanley, with his brother, owns three head of fine Jerseys and lives near Grapevine. The picture was made at the annual picnic of the Texas Jersey Cattle Club, on the farm of Walter Trimble, near Grapevine June 28, when Mrs. Waller and Stanley won in the judging contest. Each showed an intimate knowledge of the fine points of fine cows. Each will have entries at the State Fair of Texas, Dallas, Oct. 11-26.

These long summer nights are fine for reading. Try getting a good book and spending a few hours with it some time. We guarantee you will enjoy it. And you'll get something worthwhile, too. TEN-MILLIONTH FORD MAY VISIT COLORADO ON TRIP

The trans-continental trip of the ten-millionth Ford car has ended, according to information received in Colorado Wednesday from Detroit, but interest remains so keen that the car is now being routed up the Pacific coast from San Francisco to Seattle and Portland and from there will be shipped back to Los Angeles by boat and probably sent across the country to Detroit over a Southern route.

It is considered very probable that the car will follow the Bankhead Highway to Texarkana, which would mean that Colorado would be among the places at which stops were made.

TURKEY RAISING ON DECLINE ON FARMS

Turkey raising in the United States has been on the decline during the last 20 years especially as an enterprise on the general farms of the country. Formerly large numbers were raised in New England, but in recent years there has been a decided decrease in this section as well as in other parts of the country. Several causes have been assigned by the United States Department of Agriculture for the decrease in the numbers now raised. The rearing of the young stock, in some respects at least, requires more detailed attention than is the case with most other classes of poultry and turkeys have given way to these other classes. The prevalence of blackhead has been a dominant factor and responsible for the discouragement of many raisers. The birds range widely and frequently trespass upon the property of neighbors, the vexation tending to discourage turkey raising. Finally, little attention has been given the most important problems of the industry by investigators.

On the other hand, there is, according to the United States Department of Agriculture, good opportunity for further development. Turkey raising is profitable, particularly where conditions are suitable and where proper methods of management are followed. The department has issued a new bulletin on turkey raising, Farmers' Bulletin 1400, which discusses the important points of the business and offers suggestions for making the industry a more profitable enterprise. The bulletin sums up some of these fundamental factors as follows:

To be successful in turkey raising, one must give the most careful consideration to certain fundamental factors. The turkeys, especially the growing stock, must be kept under the best possible conditions.

Free range seems indispensable, although there are a few who have made a success in raising turkeys in confinement. A more thorough test of this method is necessary, however, before it can be advocated. Certainly abundance of free range on clean soil is greatly to be preferred. Every effort should be made to keep the soil sweet and clean. This is particularly true of the ground on which the birds are fed and where they roost.

Another fundamental essential is to keep healthy and vigorous breeding stock in the best possible breeding condition. The breeding birds should get plenty of exercise and should not be fed too heavily on fattening rations. The great difficulty is to get stock that is free from blackhead, but one can at least select breeding stock based on constitutional vigor. By breeding from the most vigorous birds every year, a flock of healthy birds may be developed and maintained. Certainly much more care should be exercised in the selection of male breeders each year.

Both old and young turkeys should be protected from dampness. In sections of the country where dampness is prevalent or where rainstorms are frequent the birds should be provided with suitable protection.

It is very important not to feed the poult to heavily, especially the first few weeks. Keep them just a little hungry.

A copy of this bulletin may be secured, as long as the supply lasts, from the United States Department of Agriculture, Washington, D. C.

Coccidiosis Is Cause of

Loss of Baby Chickens

One of the serious diseases which causes the loss of baby chicks, is an intestinal disease known as coccidiosis. This disease is contagious and many chicks die as soon as they get into the flock. The best means, of course, is to prevent infection by keeping a clean place for the chicks to feed and run. The brooder should be disinfected and all sick chicks separated from the well ones, feeding bran mash and providing fresh drinking water. Destroy the dead chicks by burning.

The feeding floors, houses and brooders should be cleaned with lye and water, using one pound of lye to 40 gallons of water, and spray with a 3 per cent compound solution of cresol or some other reliable disinfectant. Medicines are of little value in the treatment of coccidiosis, but epim salts may be added to the feed of the flock if the disease has been found. A pound of salts for each 800 to 400 chicks, four to six weeks old, can be mixed in a bran mash for one feeding. Repeat every third day until results have been secured. Pulletts require larger doses.

Capons Are Profitable

To the average farmer capons mean more actually than appears on the surface. Given free range, after expending time, and allowed to grow until conditioning time, there is no other form of chicken that can produce the same profit; corn is the principal diet for these meat producers, a cereal most available as poultry food. A hundred young cockerets can be transformed into money makers in about three hours—the resultant profit is threefold the broiler profit.

Machines Waste Valuable Grain

Loss of Time and Money Prevented by Good Care of Thresher.

(Prepared by the United States Department of Agriculture)

If a man in New York were to buy a ticket for San Francisco and then walk to Chicago before boarding the train you would think him foolish indeed. Yet, is not the farmer who plows his fields and sows his grain, cares for it through the long summer and carefully harvests the crops, only, upon threshing the bundles of loaded grain, to blow a large part of it over into the straw pile, liable to the same accusation? Inefficient operation of threshing machines is responsible for a great many bushels of wasted grain, says the United States Department of Agriculture.

Time and Grain Lost. Any standard threshing machine will do its work with very little waste of grain or loss of time, if kept in good condition, adjusted properly for the particular job on which it is engaged, furnished with the proper amount of power applied correctly and watched intelligently while in operation. Nevertheless, it is true that a great amount of time is lost and a large amount of grain wasted unnecessarily in threshing.

All thresher manufacturers have endeavored to make their machines as efficient as possible and the construction such that they will give a minimum of trouble. However, there are so many parts to a threshing machine, and it must work under such a wide range of conditions, that numerous adjustments must be left for the operator to make in the field, and careful attention is required for its successful operation.

If a machine fails to separate all of the grain from the straw it is usually due to one or more of the following causes: (1) The machine is not being run at its proper speed, (2) the cylinder fails to thresh all of the kernels out of the heads, (3) the separating mechanism is not level, or (4) the blast is not adjusted properly.

Crop Owner interested. Naturally the thresherman is not so vitally concerned in getting every bushel of grain from the straw as is the crop owner, because it only means two or three cents to him for each bushel saved, whereas to the crop owner it means the price of the entire bushel, a matter of 20 or 30 cents, or more, depending upon the kind of grain being threshed and the price of it on the market. The crop owner, therefore, should be versed in the operation of the machine and at least know whether the separator man has his machine adjusted for the most efficient results possible.

Farmers' Bulletin 901, issued by the United States Department of Agriculture, has been written for the information of farmers who have grain threshing to do, and discusses the various points to watch in the efficient operation of the threshing machine. A copy may be secured, as long as the supply lasts, by writing to the United States Department of Agriculture, Washington.

Three Great Objects of Cultivation Discussed

In urging the proper tilling of the soil, the New York State College of Agriculture points out that cultivation has three main objects: Killing weeds, loosening the soil and saving moisture; further, this is said to be probably the order of their importance.

Weeds must be kept down and the earlier they are disturbed after germination the easier they are killed. The critical time is the period between planting and the time when the crop is large enough to cultivate without covering the plants.

For corn and potatoes, the tillage with the harrow or weeder is likely to be the making of the crop so far as cultivation is concerned. The start the crop gets on the weeds is likely to be maintained, especially in the rows.

Assuming good fitting of the soil and a reasonably good till, two inches is the maximum depth of cultivation desirable. Greater depth is likely to stimulate weeds by bringing up more seeds.

Make Good Fly Sprays

Solutions of any of the standard coal tar dips make good fly sprays. Add fish oil and whale oil to prevent the hair from becoming harsh or rough. A formula for making this fly spray is the following:

1 pint coal tar dip 1 pint whale oil  
1 pint fish oil 1 pint oil of tar  
1 pint coal oil

Dissolve three pounds of laundry soap in water, add the above materials. Add lukewarm soft water to make 30 gallons.

Spray for Potato Beetle

The Colorado potato beetle is controlled by spraying with 2 pounds of powdered arsenate of lead to 50 gallons of water. This spray should be put on when the insects first appear. The various worms that feed on the leaves of cabbage can also be controlled by this spray.

Growing Chinese Cabbage

Chinese cabbage is best planted in August when the soil is more suitable to its growth and it will furnish an abundant supply of greens for salad until killed by freezing weather.

Station-to-Station Calls Cost Less

When you ask Long Distance to get a certain telephone number in a distant city and, when connected, you speak to any one at that number, you have made what is described as a Station-to-Station call.

That is, on a Station-to-Station call do not specify a particular person to be reached, but give only the number of the telephone or the name or address under which that telephone is listed.

A Station-to-Station call costs less than a call for a particular person because less operating labor and less circuit time are required than if a particular person has to be located and brought to the telephone.

Charges can not be reversed on Station-to-Station calls.

### TELEPHONE EMPLOYEES NUMBER OVER 350,000

There are more people employed in the telephone industry in the United States than the entire populations of Wyoming and Nevada combined—more than all the inhabitants of either Arizona or Delaware, as shown by the latest census.

Over 300,000 persons are now engaged in the telephone business in this country, and this total does not include the many thousands of other workers who are employed in the manufacture of telephone apparatus and equipment.

During the past year the number

of telephone employees increased by over 30,000, or in other words the telephone industry afforded employment to enough new workers to populate a city the size of Miami, Fla. This increase was largely made up of additions to the plant and traffic forces of the telephone companies throughout the country. It reflects the strenuous efforts that are required to erect, operate and maintain the additional plant and equipment required to meet the continually increasing demands for service.

Mr. and Mrs. Jay Ingram of Sweetwater spent last Sunday afternoon with Mr. and Mrs. O. B. Price.

### BOY SCOUTS TO SPEND 10 DAYS IN CAMP ON CONCHO

Preparations are about complete for the annual camp of the Buffalo Trail Council, Boy Scouts of America, which will be held ten days beginning August 12, on the Concho river near Sterling City. An attractive camp site has been obtained on the McEntire ranch a few miles northwest of Sterling. More than 100 scouts, comprising units in the council from towns in Nolan, Scurry, Fisher and Mitchell counties and several scout leaders and officials of the council will join at the camp.

The various unit troops from the four counties are to be assembled at Colorado on the morning of August 12 and at noon are to be entertained by the Colorado Lions Club and Mitchell County Federation of Women's Clubs at luncheon. From here they make the trip to the camp grounds.

Scout Executive W. S. Barcus was here last week completing details for receiving the different scout units upon arrival in Colorado. He stated that the camp would be placed in readiness for the boys before their arrival.

The scouts will enjoy all phases of camp life while on the Concho and will have the opportunity to study the various tests for successful scouting. Colorado will have strong representation at the camp. In addition to a large quota of scouts, local leaders, including the Rev. W. M. Elliott, president of the council, are expected to spend at least a part of the ten days in camp.

### EYELESS, TOOTHLESS AND MONEYLESS

The editor of the Colorado Record seems to have been up against the real thing. He says:

"Yes, we are home again from a ten days' stay in the Baptist sanitarium at Dallas. Monday morning July 14th they put something over my face, took away what little sense we had and proceeded to gouge out my eye, and not satisfied, extracted eight teeth, took my money and turned me over to the tender mercies of the ward nurse. But we are home again eyeless, toothless, moneyless and almost senseless, with instructions to remain in a dark room quietly at least ten days."

Poor old "Whip." How this editor's heart goes out in sympathy for this good old scout who has done so much to make Colorado a better place in which to live. But you just wait until he gets out of the dark room, and then tune in and you will hear things begin to "drop." Being eyeless, toothless and moneyless won't keep old Whip down. You might cut off his ears, hands and feet and he wouldn't stay down. The only way you could get Whip's goat would be to cut off his head, and even then the chances are that his heart would keep right on beating for the common good.—Sterling City News.

### EX-RANGERS WILL MEET AT MENARD THIS MONTH

Major W. M. Green of Meridian for many years a citizen of Mitchell county, has given the Record a statement for publication concerning the fifth annual reunion of ex-Texas Rangers, to be held at Menard August 13, 14 and 15. Major Green is commanding officer of the association formed by the former rangers of Texas. The article follows:

"The time for our fifth annual reunion to be held at Menard, Texas August 13, 14 and 15, is drawing near, and I am taking this opportunity to call your attention to the fact that there will be important business to attend to at this meeting and we would be glad if every member could be present.

"Menard is putting forth every effort to make the meeting both profitable and pleasant. It is destined to be the biggest gathering ever held in Southwest Texas, if indications today are to be considered. As Menard is quite a small town it will be impossible for the people of the town to take care of the immense gathering in their homes. I am requested by the good people of Menard to ask all who come to bring cots and blankets and we will spend the time in the beautiful park where there is a dense shade and plenty of cold water and eats without limit.

"So let all the Ex-Rangers come prepared to camp and if the rains come as they did last year I am prepared to say that all Ex-Rangers will be taken care of."

### VISITORS PRAISE COLORADO SPIRIT AND DEVELOPMENT

Colorado was declared to be one of the best small cities in the State and the "Colorado spirit" cited as an example of commendable merit for others to follow, by speakers from Snyder, Abilene, and Dallas, who addressed the Lions Club here Friday. Among these visitors were Judge Harris, O. P. Thrane, Earnest Taylor and Joe Strayhorn of Snyder; Grady Goggin and C. L. Johnston of Dallas; and T. W. Lackie of Abilene.

"We are in Colorado today, not so much on a mission of pleasure, but on one of a business nature," O. P. Thrane, vice-president of the Snyder National Bank, stated. "It is indeed commendable to note such wonderful progress throughout your little city, and we are here to obtain information as to how you do these things so that we may return home and inaugurate some of the programs you have carried out in Snyder." Thrane stated that among the improvements planned for his city was several blocks

of paving in the business district.

Mr. Lackie and the visitors from Dallas also praised the citizenship of Colorado for the initiative and cooperation so prevalent here in successfully carrying out civic programs for the betterment of the city. "Colorado has the best appearance of any small city I know of in the State," was the declaration of Mr. Goggin. "Your paved streets, white way, and the substantial business buildings you are erecting reflect with credit the progress you are making."

J. Lee Jones of Colorado was another guest of the club. In the absence of E. H. Winn, president, the luncheon was presided over by A. B. Blanks, first vice president. It was announced there would be no noon luncheon Friday of this week on account of the ladies night banquet, to be held at the Barcroft Friday evening.

Forty years of constant use is the best proof of the effectiveness of White's Cream Vermifuge for expelling worms in children or adults. Price 35c. Sold by all druggists. 8-31

### ACCURACY

After months of quietude, Hon. Joseph Weldon Bailey ventured out to make a speech the other day. Immediately he accused his old arch enemy, the Dallas News, of misquoting him. It is queer that so great a man as Bailey and so great a paper as the Dallas News cannot dwell in greater harmony, but they don't.—Stamford Leader.

Of course, everyone makes mistakes, even the Dallas News, but we believe that most of this "misquoted" stuff is all bunk. It is the desire of every newspaper to be accurate in its reports and that's what it works for. All newspapers try to be accurate.

The eyes of the United States, and perhaps of the world, are focused on Chicago while two millionaire youths are being tried for murdering a 13-year-old boy. Of course the defendants' financial standing is adding to the notoriety which the trial is receiving. On account of the wide publicity, if for no other reason, the verdict in the case should be such as to set an example for other youths who are to follow on.—Ballinger Ledger.

**GAINES COUNTY FARM LANDS** at reasonable prices and at attractive terms—Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent. At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly payments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent. This is strictly a general farming country. Abundance of pure water, no boll weevil; and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 160 acre farm in one season. This is your big opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act. Address W. A. SORELLE, General Agent, 12 Santa Fe Bldg., Seagraves, Gaines County, Texas, for terms of sale and descriptive folder. 8-15p
