

SCOTCH LECTURER SPEAKS TO 2 COLORADO AUDIENCES

Dr. Jamie Herron of New York City, lecturer and humorist of national reputation, delighted two Colorado audiences Friday with his humor, poems and philosophy. He spoke to a crowded house at the Palace Theatre Friday afternoon at 3:30 and Friday evening he delivered another address at the Lions Club banquet at the Barcroft.

Both of the lectures held an unending supply of the richest mirth, perhaps, the local public has been fortunate to receive in years. His tributes to West Texas, its citizenship, and its possibilities, were unusually beautiful and entertaining. For the most part these eulogies were delivered in verse of his own composition.

The general theme of the speaker was community cooperation. The man who does not regard his home community well enough to love it should move and settle down in some place where he could be satisfied, Herron outlined. "The knocker should move," he declared, "We have no place for them in Colorado. In building industry, cities and communities the first duty to be met is that of building real men."

After paying a glowing tribute to West Texas, as the most picturesque country in the world, and one to be easily classed as the most beautiful of all, with a future possibility yet unfathomed, he pled for community cooperation in the work of developing this section of the southwest. The Chamber of Commerce, he declared, is the moral force reflecting the work of the community, and business and professional men, as well as those of the rural districts were urged to make of this civic organization a factor of commendable proportions.

That such a spirit of cooperation could not be ignored was cited by the speaker. "You are the servant of others and the only policy for you to follow if you would be happy and make others happy, is to adopt the rule of service." Dr. Herron was especially strong in his plea for a better understanding and closer relationship between the citizens of the town and city and those of the rural sections.

Dr. Herron declared that the death knell has been sounded for the large cattle ranch in this section of America, declaring that only a few more years would witness the transformation of the few remaining large ranches into prosperous and well developed farm communities. "No more can the range cow compete in the markets of America with the cow that is coming through our packing houses from the dairy. The man with the dairy cow is continuously receiving a revenue from her from the time she begins to milk and when she quits milking he sells to market. To produce a range cow requires expense, rather than affords a dividend payer." The speaker declared that America was furnishing milk to many of the countries of this continent and Europe and predicted that the canning milk industry was yet in its infancy. There should be more dairy cows on the farms of Mitchell County, he declared.

Colorado should work in the true community spirit to bring more industries here, he said. There should be smoke stacks extending toward the sky in every prosperous West Texas trade center. Among the industries cited was the textile mill. Dr. Herron, whose home is in New York City, is touring Texas delivering his lectures through courtesy of the Waco Drug Company. He was brought to Colorado through efforts of Dr. P. C. Coleman, president of the Chamber of Commerce, and E. H. ... president of the Lions Club, concluding his address at the Lions Club Friday evening. He left over the Texas and Pacific for Waco.

COLORADO GINNERS ATTEND CONVENTION AT ABILENE

O. Lambeth, J. T. Dean, W. W. Porter, T. L. Sailors and E. M. Reese, local ginners, attended the West Texas Ginner Association meeting at Abilene Friday.

CONTRACT TO RAZE OLD COURT HOUSE AWARDED

Contract to raze the old county court house and salvage materials in the building was awarded Tuesday by Commissioners' Court to J. L. Bowen of Colorado. The contract specifies that the building is to be torn down and removed from the court house grounds without delay. Bowen states that he will start a crew of workmen on the building Monday.

The contract, which was accepted by the county after considerable deliberation by the commissioners, stipulates that Bowen is to receive \$3,600 for the work. At least fifty per cent of the brick and all other materials in the building having a commercial value are to be salvaged and stored. There are several cars of dimension material in the building which is said to be in a perfect state of preservation. Of the 800,000 brick in the structure it is estimated that not less than 400,000 will have a commercial value.

For the present the salvaged materials will be stored on the court house grounds immediately north of the new building. After the Mitchell County Fair, to be held September 25, 26 and 27, is over, much of these materials are to be stored on grounds owned by the county south of Union Tabernacle.

Razing of the old Mitchell County court house will mark the passing of another landmark of the Colorado City of boom proportions in the eighties. The building, constructed of Colorado manufactured brick, stands three stories in height and for many years after completion was among the most attractive court houses in the State. The building was completed and occupied in 1884, forty years ago.

THE LURE OF PRINTERS INK AGAIN GETS IN ITS WORK

We are confronted with unimpeached evidence every day supporting the universal claim that habit, once formed, maintains an almost inseparable grip upon its human victim. We were reminded of this fact more strongly than usual one day last week when Lawrence Simpson, the farmer-printer, once more threw down the plow handle and returned to his old place in the mechanical department of the Record office.

As a farmer and breeder of prize-winning pigs and poultry, Simpson has attained quite a reputation. It is said that he evidenced more than ordinary initiative in making farm life more attractive, especially as to the plowing end of the job. His riding cultivator, after tireless work and experiment, was fitted up in such a luxurious manner as to remind one of an inviting nook in which to rest, rather than an implement of toil. This cultivator, it is said, was equipped with a spreading umbrella, which shut out the scorching rays of the sun, a well padded and upholstered seat and a buzz fan capable of generating a zephyr reminding one of the gentle gulf breeze.

Farmer Simpson is a good printer as well as a good farmer, and the Record force is glad to welcome him back in the ad alley again.

NO PROTESTS FILED BY CITIZENS AGAINST PAVING

Property owners affected by the proposed paving extension on Chestnut and Third streets evidently approve action of the city in ordering paving on these streets, as no protest against the same were filed with the city secretary prior to Saturday, August 9, last day for legally registering opposition.

L. A. Costin, city secretary, stated Wednesday that the contractor was expected to begin curb and gutter work on Chestnut street next week.

RAINS WERE OF MATERIAL BENEFIT TO COTTON CROP

The recent rains in Mitchell County, though light and covering only portions of the county, were of much benefit to the cotton crop, according to D. L. Beeman, farmer in the Lone Wolf valley who spent a few hours here Saturday. Beeman stated that the rain had done much to stop depredations of cotton lice in his part of the county.

PRODUCTION MITCHELL OIL FIELD 2,750 BARRELS DAILY

Production of crude in the Mitchell County oil field has reached a total of 2,750 barrels daily, according to estimates compiled this week. Of this amount, production by the California Company wells is estimated at 2,000 barrels and the Sloan interests at 750. Production at small wells in Scurry county on the Humphreys lease and on the Badgett lease of W. J. Thomson will augment the production to almost 3,000 barrels. The figures giving production at 2,750 barrels affect the producers connected with pipe lines in the field.

Not all of the production from wells controlled by the California Company and S. A. Sloan and associates is being taken by the two pipe lines entering the field. A considerable amount of crude is being burned at drilling and pumping wells for fuel.

The West Texas Refinery is operating with a run of only 500 barrels daily at the present, owing to the fact that the major portion of crude from the field is being taken by the Rio Grande Pipe Line Company for shipment to its refining plant at El Paso. The El Paso concern was the first to enter the Mitchell County field and has shipped large quantities of oil from here to El Paso. The company has a modern loading rack on the Texas & Pacific west of Westbrook.

Considerable interest is being centered about the Eddleman test on the A. C. Gist survey three miles north of Colorado. Formation in this test is showing up well, corresponding in many respects with logs of the larger producers near Westbrook. With indications of a stronger gas pressure at the Gist test, oil men are of the belief that the largest well in the county may be brought in here.

At Loraine a precedent has been established as to shallow production in this county. At a depth of 300 feet a test being drilled on the Brown lease immediately north of Loraine encountered a strong gas pocket and oil bearing sand claimed to be good for from 20 to 30 barrels daily. If a field producing from that depth has been found in the county, development in that vicinity is expected to assume large proportions, was entirely eaten by the pests.

WESTBROOK BUSINESS MEN COOPERATE IN CO. FAIR

Business men of Westbrook may be depended upon to help in a material way to make the Third Annual Mitchell County Fair a big success, was the statement of the secretary Wednesday after returning to Colorado from Westbrook where he met with several merchants there in the interest of the fair this fall. C. E. Danner, vice president of the association, stated that his town will have good representation at the fair here in September. It is expected that several commercial exhibits and a general oil exhibit will be brought to the fair by Westbrook business interests.

Westbrook continues to develop, with improvement programs to be noted in different sections of the town. Plans for improving the main business street of the town are about complete, it was stated. Through representations made by County Judge J. C. Hall, County Commissioner Lasseter and F. F. DuBose, highway engineer, the State Highway Department will pay a part of the expense of repairing this street.

LOCAL RAINS FALL OVER PORTIONS OF THE COUNTY

Local showers fell over portions of Mitchell County Sunday afternoon, ranging from approximately one inch to sufficient moisture to barely settle the dust. At Colorado the rain totaled sixty hundredths of an inch, placing the total for August up to that time at one inch.

Farmers and cattlemen are expressing a hope of a heavy general rain being material benefit comes to the crop and range. Cattlemen are feeling the effect of the continued hot dry weather more than the farmers.

HUNT-M'CRELESS REVIVAL ATTRACTS LARGE CROWDS

The Hunt-McCreless revival campaign, which opened Sunday morning at the First Methodist church, is attracting large crowds, especially at the evening services. The first three services of the meeting were held at the church and conducted by the pastor, Rev. J. F. Lawlis. Monday evening the meeting was moved to the Union Tabernacle and all services are being held there.

Dr. J. W. Hunt, president of McMurry College, Abilene, is doing the preaching and is easily maintaining his distinction as being one of the strongest evangelistic speakers in this country. He is resourceful in his argument supporting Christian living and strong in his denunciation of sin and worldliness. Solie McCreless of San Antonio is directing the music and assisting in the personal workers programs.

Reading the parable of the lost sheep, from the fifteenth chapter of Luke, Dr. Hunt delivered his sermon of the campaign Monday evening on the duty of Christian service in searching out and leading to Christ the lost people of the earth. Christian people are not to refrain from associating themselves with sinners, he stated, but they are not to partake of the acts of sin. He cited the story of Jesus having luncheon with publicans and sinners as proof of the declaration that it is characteristic of the true Christian spirit to seek out the lost, wherever they may be found, and tenderly assist them into the Shepherd's fold.

During the week the speaker has delivered a series of sermons from the same theme—that of Christian service as suggested in the parable of the Good Shepherd. The Methodist Sunday school is to meet at the tabernacle Sunday morning. The pastor and superintendent are expecting to enroll at least 300 in the several classes.

Tuesday evening the second piano was added to the orchestra. The children's choir under the personal direction of Mr. McCreless, is creating considerable interest. The children are divided into teams, one under the title of "Bumble Bees," and the other "Honey Bees." Singers and musicians of the various churches of Colorado are cooperating in the music.

A special service at which the effort will be made to register the largest attendance yet noted during the campaign is to be held Friday evening. Dr. Hunt has announced that he subject for this service is to be, "What the Bible Teaches about Hell." In speaking of this service, Wednesday evening, Dr. Hunt declared that much of the indifference toward religion and Christian character among the people of today was to be traced to the indifference of parents and the church in teaching young people the fundamentals of the Bible, including the horrors of hell.

HERRINGTON BUILDING TO BE BEST WEST OF FORT WORTH

The A. J. Herrington building at corner of Main and Elm streets, will be the best exclusive automobile building between Fort Worth and El Paso, according to declarations of automobile men here. The building will have frontage of 130 feet on Elm and 170 feet on Main and is to be one of the most modernly equipped and attractive business houses in Colorado. The building, equipped, will cost approximately \$50,000.

Mr. Herrington announced last week that he would have a formal opening in the new place on Saturday, September 27th, last day of the Mitchell County fair. An entertainment program, consisting of music, addresses and motion pictures is being arranged. At conclusion of the entertainment program refreshments will be served.

Work on the interior of the building is progressing. Much of the concrete floor is in place and plasterers are completing their work on the partition walls. About half of the metal ceiling has been hung.

Mrs. R. O. Pearson and daughter Miss Laura Louise and Miss Mabel Smith spent last Sunday in Christoval.

BUFFALO TRAILS SCOUTS LEAVE FOR THE CONCHO

The caravan, carrying 111 boy scouts from different units of the Buffalo Trails Council, left Colorado Tuesday afternoon at 2 o'clock for the scout camp on the Concho River near Sterling City. The scouts were under personal command of W. S. Barcus, district executive, and 12 troop leaders.

The boys represented councils at the following towns in the district which is composed of the counties of Mitchell, Nolan, Scurry, and Fisher: Colorado, 20; Sweetwater, 30; Rotan, 14; Roby, 14; Snyder, 9; Hermleigh, 11; and Dunn, 13; making a total of 111.

The scouts were concentrated at Colorado Tuesday morning and at noon were the guests of the Mitchell County Federation of Womens Clubs and Lions Club at luncheon, served underneath the Colorado River bridge at the foot of West Second Street. Dr. P. C. Coleman addressed the boys welcoming them to Colorado and praising the Boy Scouts of America movement and the ideals for which the organization stood.

The scouts are to be in camp ten days. The camp grounds had been previously arranged before their arrival. Mr. Barcus stated just before leaving Colorado Tuesday afternoon that visitors to the camp would be welcomed at all times.

LORAINES INTERESTED IN MITCHELL COUNTY FAIR

The business interests of Loraine are squarely behind the Mitchell County Fair Association and will contribute a large quota toward making the third annual fair a big success, according to W. S. Cooper, secretary of the Fair Association, who spent several hours in Loraine Monday conferring with Fred Brown, president, and the business men of Loraine as to plans for carrying out the varied programs for the fair September 25, 26 and 27.

There are clubs in that vicinity which are expected to have an important place in the fair this year. They are the Pioneer club of Valley View, a few miles north of Loraine, the Laceywell Club and the girls home demonstration club of Loraine. The two former clubs are members of the Mitchell County Federation of Womens Clubs.

"In addition to lending our support to the Mitchell County Fair in a material way this year, we are also interested in another agricultural exhibit at the State Fair of Texas at Dallas," Brown, who is also president of the Loraine Chamber of Commerce, stated. Last year many of the specimens included in the Mitchell county exhibit at Dallas were collected in the Loraine vicinity.

FORMER COLORADO CITIZEN DIES AT CHASE CITY, VA.

Judd Asbury Robertson, 67, a pioneer citizen of Colorado, died at his home at Chase City, Va., a few days ago. Mr. Robertson, who will be remembered by a number of the early settlers at Colorado, spent a number of years in this section of West Texas during the cattle boom days. He was married here in 1887 to Miss Jennie Brennan, sister of R. S. Brennan, present postmaster at Colorado. His widow and three children survive. Mr. Robertson and family left Colorado several years ago to return to his native state, Virginia, and they have since made their home there.

CITY AND COUNTY LEND CO-OPERATION TO FAIR

Officials of the Mitchell County Fair Association declared here this week that much credit should be due officials of the city of Colorado and members of the Commissioner's Court for the splendid cooperation these officials have pledged to the fair management in carrying out the large program for September 25, 26 and 27.

Through concessions granted the fair by these officials, ample grounds for holding the fair again this fall were made available.

Mr. and Mrs. Walter Whipkey spent last Sunday with her parents in Big Spring.

SPECTACULAR PAGEANT TO FEATURE FAIR PROGRAM

Concluding the contest for selection of the queen of the Third Annual Mitchell County Fair, will be staged large and brilliant pageant will be given at the fair grounds on the evening of Thursday, September 25, opening day of the fair. The pageant, which is being arranged under direction of the Mitchell County Federation of Womens Clubs, will depict the various stages in the history of Mitchell County from the days of the hardy pioneer to the present.

The pageant, which will be a new departure in annual programs at the Mitchell county fair, will be staged immediately before the coronation of the queen. The entire program will be arranged on a large scale and be filled with thrills and spectacular beauty from beginning to end. Ceremonies attending the crowning of the queen will be most elaborate yet attempted, according to those in charge of the program.

Definite plans of the pageant and coronation ceremonies are expected to be completed next week. Mrs. A. L. Whipkey, president of the County Federation, recently completed a visit to every rural womens club in the county and reported that the club women throughout the county are very much interested in the pageant and other entertainment features being arranged for the fair this fall.

"In addition to pledging their full cooperation in making the pageant a big success as an educational and entertainment feature, I find the club women are planning to work hard to bring the departments under their supervision up to a high standard," Mrs. Whipkey stated. "I find that in some localities the gardens have been damaged by the hot dry weather, much to the disappointment of our women, but they remain undaunted and can most assuredly be depended upon to make the departments under their charge a real credit to Mitchell County."

Club women are lending their cooperation to members of the several active girls clubs in the county, Mrs. Whipkey stated. These girls, spurred on by the splendid showing made by them at the State Fair of Texas at Dallas, are vying with one another to make their department this year the best ever seen at the fair.

"WESTEX" GASOLINE BEING MARKETED IN TOLEDO, OHIO

The bulk of gasoline being refined by the West Texas Refinery plant near Colorado is being shipped direct to distributors at Toledo, Ohio, for retail trade, the plant superintendent stated Wednesday. All of the "Westex" gas is not being taken by local retailers is being shipped to that point.

"We are selling Mitchell County gasoline in our Ohio territory under the Anti-Knox trade mark, with attractive advertising designs showing to the public there that the gas they are using is produced and refined in Mitchell County, Texas," he said.

Fuel oil manufactured at the plant is being taken by the Texas & Pacific railway company for use in locomotives.

JONES-RUSSELL-FINCH CO. TO OPEN COLORADO STORE

The Jones-Russell-Finch Company, an associate member of the J. L. Jones and Co. chain of stores in West Texas, is to open their Colorado retail store about September 25 to October 1. The company will occupy two of the store room apartments in the new Levy building at Second and Elm Streets, now under construction. Two solid cars of stock and store equipment have been received here for the new store.

WALTER PAINE BURIED AT I. O. O. F. CEMETERY FRIDAY

Funeral services for Walter Paine, 48, were conducted Friday afternoon at the I. O. O. F. cemetery by Rev. J. F. Lawlis, pastor of the First Methodist Church.

Mr. Paine died suddenly late Wednesday of last week of heart trouble. He had been a citizen of Colorado for some time.

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whilphey Printing Company in Loraine and vicinity. See her and take your County paper

Methodist Church.
Sunday school meets promptly at 10 o'clock. The pastor, Rev. H. W. Hanks will preach next Sunday at 11 a. m. and 7:30 p. m. At the morning hour he will use as his subject, "The Possibility of Apostasy." Subject for the evening hour "A Man or a Sheep" We invite and welcome every one to worship with us. Our Sunday school attendance has been remarkably good during vacation season. 186 were present last Sunday. We desire to announce that a teacher training course will be conducted the first

week in September at the Methodist church of Colorado. We urge all our teachers and all others who desire religious instruction to take advantage of this opportunity, that we may be more efficient in the work. Let us be determined in our efforts to lift the ideal in S. S. teaching. Education cannot be adequately defined without including the culture of religion and the Sunday school is the only agency that undertakes seriously and systematically to promote the religious education in the entire community. What the Sunday school has accomp-

lished no one can say but it is certain that if the work should suddenly cease the result would be national disaster. Are you doing your part to carry on the great work of the S. S. that our town may be made better by its influence? We invite you to become a coworker in this great institution, the Sunday school, should the Methodist S. S. be your choice. We welcome you.—Reporter.

Mr. G. D. Foster was over from Colorado Friday.

Mr. A. L. Strain of Valley View and Jno. Moore of Buford have returned from Littlefield where they went to improve land purchased there last fall. Mr. Strain stated crops were looking fine and plenty of rain in that section.

Mr. and Mrs. Dewey Norman of Paducah visited relatives here first of the week.

Mr. J. M. Templeton is here this week from Dublin on business.

Mrs. J. M. Meeks of Merkel is visiting her daughter, Mrs. Roy Baird and family.

Messrs Jno. Ainsworth and J. T. Hook, Bob Moore and Elliott of Temple are on a pleasure trip to the Plains this week.

Mr. W. F. Westbrook, who has made recent additions to his residence is having a coat of paint applied to same this week.

Messrs W. H. Swafford and family and W. L. Swafford and family and Mr. Dos Givins returned Wednesday from Eagle Pass, Carrazo Springs and points in Mexico.

News has been received from Dr. Mewshaw, medical missionary of Texas to China, stating that he and Mrs. Mewshaw had decided to stay at least four more years. The letter was dated 16th of June and was written at Hang Kong, China.

The Primitive Baptist will hold a three days meeting at the Presbyterian church commencing next Friday. Elder Marchum, J. S. Newman and J. W. West will be present. Everyone cordially invited.

Mrs. J. M. Baker, Mr. and Mrs. Wylie Walker, Clarence Walker and Homer Johnson are visiting at Denton.

HERRON NAMED OFFICIAL IN COLORADO LIONS CLUB

As a token of their sincere appreciation of Dr. Jamie Herron of New York City, noted Scotch lecturer and poet who attended the ladies night banquet here Friday evening and delivered one of his humorous lectures, members of the Colorado Lions Club unanimously elected him honorary vice president of the club at conclusion of the address. A few weeks ago Dr. Herron was elected to honorary membership in the Lions Club at Comanche.

The lecture of Dr. Herron was, without a doubt, the best entertainment feature to be given under the auspices of the Colorado Lions club since organization more than two years ago. Owing to the fact that he had to make an early train for Waco, he started his address within a few minutes after the banquet had been called to order and spoke as the Lions, Lionesses and their guests ate. But he had been speaking but a few moments when the special Barcroft dinner lost its attractiveness and without exception the banqueters turned from their plates to listen attentively to the distinguished visitor.

Herron paid a beautiful tribute to Lionism and the ideals for which the civic service organization stands. He described in a gripping manner the code of ethics to which every true Lion must subscribe and left an impression of life and of service upon the minds of his auditors long to be remembered.

Other speakers were Hon. R. M. Chitwood of Sweetwater and Hon. R. D. Green of Abilene. The latter is governor of Lions clubs for the district of Texas. The address of welcome upon behalf of the club was delivered by L. W. Sandusky, local attorney. Special orchestra music was furnished under the direction of M. S. Goldman.

Col. C. M. Adams presided as toastmaster for the evening, announcing that he had been conscripted for this task by E. H. Winn and A. B. Blanks, the two "largest" Lions in Colorado. About one hundred attended the banquet.

HOMESEEKERS' RATES WILL BENEFIT MITCHELL COUNTY

Announcement last week of Geo. D. Hunter of Dallas, general passenger agent for the Texas and Pacific railway of special home-seekers excursion rates to all points between Abilene and Van Horn is expected to be of special interest to this county in the matter of inducing land purchasers to come here. The following communication has been received by the Chamber of Commerce from Mr. Hunter:

"I am pleased to be in position to announce that interstate home-seekers' fares applicable from such points as Kansas City, St. Louis, Memphis, etc. to Abilene, Van Horn and intermediate stations were made effective August 5, 1924 and will continue on sale the first and third Tuesday of each month during the remaining months of the year 1924 and bear final return limit of twenty-one days from date of sale.

"These round trip rates are based on approximately one fare plus \$2 and will apply to parties of five or more traveling together on one ticket.

"This now places the home-seeker territory on our line in West Texas on a parity with other home-seeker territory in Texas."

R. L. Spaulding and family returned Monday from a vacation trip into Colorado and other Rocky Mountain States.

ONE DAIRYMAN SHOULD TELL ANOTHER.

Why not stick to our policy—to get the BEST possible price for Cream. Direct shipping pays. It's economy—you get better prices—we get better cream.

At Open Car Cost ESSEX COACH

Built by Hudson

Genuine Balloon Tires

Standard Equipment

The outstanding buying choice this year is "Closed Car Comforts at Open Car Cost." The Coach alone provides them. It is exclusive to Hudson and Essex. Everyone knows it gives highest closed car value. And because no other type or car shares its position it is the largest selling 6-cylinder closed car in the world.

Genuine Balloon Tires Enhance World's Greatest Value

Naturally when balloon tires had established their superiority Hudson and Essex would adopt them. They are now standard equipment. They add an even greater measure of riding ease, steadiness and good looks to the notable values of the Coach.

In workmanship, materials and design both Hudson and Essex are of one quality—built in the same factories, under the same patents. Your choice between them will rest solely on the price you want to pay.

You see the Coach everywhere in increasing numbers. Everyone wants closed car comforts. They will no longer accept half-utility when all-year usefulness and comforts cost no more in the Coach.

Consider how the growing trend to closed cars affects resale values. The diminishing demand for open cars means far faster depreciation in that type. As the wanted type, the Coach maintains exceptionally high resale value.

OFFICIAL COUNT SHOWS MRS. FERGUSON SECOND

After an all day meeting at Dallas Monday, in which the July 26 primaries were officially canvassed, the State Executive Committee late Monday night confirmed, with little change in figures, the results previously announced by the Texas election Bureau.

Mrs. Miriam A. Ferguson was officially named as opponent of Judge Felix D. Robertson in the second primary August 23, her plurality over Lynch Davidson being 5,216. Election bureau returns gave her a plurality of 5,757.

Official returns for governor gave the following:

- Robertson, 193,508.
- Lynch Davidson, 141,208.
- Mrs. Ferguson, 146,424.
- T. W. Davidson, 125,011.
- T. D. Barton, 29,217.
- V. A. Collins, 24,864.
- Joe Burkett, 21,720.
- W. E. Pope, 17,136.
- Geo. W. Dixon, 4,035.

The official returns confirmed previous announcement that Senator Morris Sheppard had defeated both of his opponents. There will be no run-off for the U. S. Senate. The official report on returns for senator were as follows:

- Morris Sheppard, 440,511.
 - Fred W. Davis, 159,663.
 - John F. Maddox, 80,070.
- The vote for lieutenant governor was given as follows:
- Barry Miller, 235,665.
 - Will C. Edwards, 231,074.
 - John D. McCall, 115,837.
 - Wallace Malone, 72,894.

Edwards and Miller will go into the run-off. There were no "fire works" at the meeting which appointed a committee to arrange for the next state convention and set aside \$3,000 as compensation for Secretary Hale of Waco for his services to the committee and the democracy of Texas.

A HARBINGER OF CHEER.

The man or woman who failed to receive a more to be appreciated conception of life after hearing the address of Dr. Jamie Herron here last Friday afternoon are to be classified as among the apparent impossibles. Such a message on good citizenship and golden rule service to those about us is of such strong force and yet of such tender contact as to turn the most stubborn heart. Jamie, as he desired to be called, is a harbinger of good cheer. Colorado will profit from his message.

HEAR DR. HUNT.

Are you attending the revival services at Union Tabernacle? If you are not there is little doubt but that you are missing a religious inspiration which would, if accepted, prove beneficial. Dr. J. W. Hunt is a strong man among those of his following. His messages of condemna-

tion against sin are filled with penetrative power which will not glance away unheeded. His resourceful and affectionate suggestions as to obtaining happiness in this life are filled with gripping interest. Attend the revival, whether you be a member of the congregation of the First Methodist church or not. The invitation is extended alike to all Christian people of the community. Attend every service possible and line up to render effective work throughout the remainder of the campaign.

"BY THEIR WORKS"

There is a deal of importance to be attached to the statement of the Master, "By their works ye shall know them," whether it be in the religious realm, or in the business or professional activities of life. In another column of the Record today is published statements showing some of the accomplishments attained by members of the Mitchell County Federation of Woman's Clubs. Turn and read these reports carefully and note that these women are really accomplishing great things, not alone for their immediate households, but by example are setting a commendable precedent for others to follow. Club women of this county, like so many other of our real assets, are among the best in Texas. We are proud of them. Watch the success to be attained at the fair this fall in every department of which these club women have to do. To support them in their programs and co-operate with them in the constructive matters they inaugurate would be one of the best dividend payers our citizenship could acquire.

BOILING THE POT.

Texas politicians are adding more than the usual amount of fuel to the political pot just now, especially as to the candidacies of Mrs. Ferguson and Judge Robertson for governor. This contest, which is to last only a few days, is being so well waged as to easily spread into every community of Texas. In Colorado hardly a day passes but small groups of voters are to be seen congregated on the street discussing the two candidates. And it is to be said that both of them have developed strong following here. Women are taking part in the political scrap and it is not infrequent that

The Wizard man will be here Saturday, August 16th. He will end your troubles if you have sore feet. The Colorado Bargain House has arranged with Dr. L. T. Muller of the Wizard Light Foot Appliance Co. to render his services to anyone complaining of sore feet.

Colorado Bargain House

See our window display of Wizard Light Foot Appliances.

Station-to-Station Calls Cost Less

When you ask Long Distance to get a certain telephone number in a distant city and, when connected, you speak to any one at that number, you have made what is described as a Station-to-Station call.

That is, on a Station-to-Station call do not specify a particular person to be reached, but give only the number of the telephone or the name or address under which that telephone is listed.

A Station-to-Station call costs less than a call for a particular person because less operating labor and less circuit time are required than if a particular person has to be located and brought to the telephone.

Charges can not be reversed on Station-to-Station calls.

SOUTHWESTERN BELL TELEPHONE COMPANY

the female voter avers long enough to denounce one candidate or the other and speak a word of praise for the one of her choice.

Such is life in Texas. Judging from the way political leaders over the State are flocking to the Ferguson camp, the once deposed Jim Ferguson, will, by proxy, run the best race he has run for all these years. Out here in Mitchell County the local county campaign, affecting the selection of a county judge, county school superintendent and county treasurer, is losing its interest to that of the battle for chief executive.

Turn and read the C. C. Barnett grocery ad this week.

Were You Once a W. O. W. Member?

If so, you doubtless know of the Home Coming Campaign which expires September 1, 1924. Tuesday night, August 19th, has been designated Home Coming night for all old members in our midst. We will have a meeting in our hall and all under 61 years of age interested in becoming a member again are urged to come. We will have literature explaining rates and free insurance for you.

On August 4th the managers audited the books of Clerk E. Keathley and Banker W. R. Morgan from Jan. 25, 1913 to July 16, 1924, and made a statement of assets on hand. This report will be read and the subject of when to resume the collection of camp dues will be discussed.

This is a very important meeting and you are kindly urged to come.
E. KEATHLEY, Clerk.

GREEN HAS STRONG LEAD FOR COUNTY TREASURER

In publishing the official returns last week an entire paragraph was in some manner omitted from the article carried in the Record, giving vote received by the various county candidates who were opposed in the July democratic election. The paragraph which should have appeared referred to the vote received by candidates for county treasurer.

In this race Ocie Green developed the strongest lead of any other county candidate who was opposed by more than one candidate. Official tabulation by the county executive committee gave Green 983 votes and H. C. Doss, who defeated Grady Newman for second place, 597 votes. Green's lead is 386 votes.

MITCHELL COUNTY AUTO ASSOCIATION IS FORMED

Organization of the Mitchell County Auto Association was completed here Wednesday among the several automobile distributors and filling station proprietors of Colorado. The association has as its object the placing of all gasoline, oils and accessories on sale on a strictly cash basis and rotate Sunday opening. Under the regulations adopted only three filling stations in Colorado are to remain open on Sunday after September 1.

Officers and directors of the association are as follows:

E. H. Winn, president; A. J. Herrington, vice president; Mrs. Anna Dobbs, secretary-treasurer; Roscoe Dobbs, S. L. Coper and J. L. Pidgeon, directors.

IN SOCIETY AND AT THE CLUBS

COUNTY FEDERATION.

The Mitchell County Federation of Women's Clubs met at the Baptist Sunday school rooms Tuesday. The following rural clubs made reports:

Pioneer Club.
Thirty shirts, 14 sheets, 11 pair pillow cases, 96 dresses, 30 princess slips, 7 pair bloomers, 19 dresses for children, 9 pair bloomers for children 18 pair teds, made over 9 dresses, 4 bonnets, one layette, 3 night gowns, turkeys sold \$14.50, chickens sold \$23.00, eggs, butter, cream sold \$520.50, soap made 280 lbs., canned peaches 329 qts., plums 327 qts., blackberries 11 qts., pickles 24 qts., corn 76 2s., jelly 45 qts., chicken 502, No. 2s., milk sold \$60.00, vegetables \$4.30.

Report 1923 Club.
Chickens sold \$32.20; milk 239 gallons; butter 86 pounds; eggs 46 doz.; underwear 7 garments; 16 dresses; slips 5. baby dresses 7; 84 quarts of peaches canned; 36 glasses jelly; 50 lbs lye soap; pickles 37 qts.

Thrift Club.
283 dozen eggs; 65 lbs butter; 304 qts peaches canned; 74 qts. plums; 27 qts. peach pickles; 32 qts peach preserves; 16 qts plum jelly; 1 qt. Algereta jelly; 2 qts blackberry jelly; eggs sold \$8.75; butter sold \$10.50; canned fruit sold \$7.80; 6 dresses made; 3 pair teddies; 4 children's dresses; 6 pair pillow cases; 3 slips; 2 bonnets; 59 young turkeys; 72 chicks; 12 guineas.

The committee appointed at last meeting to see about establishing a county library gave information how a library could be established and maintained. The committee was retained and asked to further investigate the matter. The county fair was discussed and all were anxious to make it a success.

The Kings Daughters reported a member of the girls club it was sponsoring won in the county clothing contest and had returned from the trip to A. & M. a very enthusiastic club girl. Mrs. Joe Johnson of the Pioneer club won first prize in the county and second in State in the better kitchen contest.

AUXILIARY TO LEGION

The Auxiliary to the American Legion met at the hut Saturday. Besides the regular business plans were made for a 42 party the last of August. Mrs. Quinney was elected as a delegate to Brownwood to take the place of Mrs. Merritt, who will be unable to attend.

CIRCLE NO. ONE

Circle No. one of the Baptist Auxiliary met with Mrs. C. H. Laskey Monday. The regular lesson was studied. Mrs. Parker was a guest. The hostess served pineapple punch.

MISSION CLUB

The Mission Club of the Presbyterian Church met with the Misses Riordan Monday afternoon. The president Mrs. E. F. King presided. The lesson on Medical Missions was led by Mrs. Daugherty. Each one answered to roll call with an item of interest from the mission field. Miss Jim Elliott, a former member, and Mrs. Finch were guests.

Punch and cake were served at the social hour.

PRISCILLA CLUB

Mrs. Merriweather entertained the Priscilla Club at Mrs. Elliotts. Lemonade was served the guests as they came, as they all came from the lecture at the Palace.

Besides the usual program, the hostess favored with musical selections. Mrs. Reese was a guest. Cake and sherbet were served. The meeting will be with Mrs. J. H. Greene this week.

EPWORTH LEAGUE PROGRAM

NOTICE IN PROBATE

The State of Texas:
To the Sheriff or any Constable of Mitchell County--Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

The State of Texas.

To all persons interested in the Estate of W. L. Cope, deceased, Mrs. Josephine Rebecca Cope has filed an application in the County Court of Mitchell County, on the 6th day of August, 1924, for the probate of the last will and testament of said W. L. Cope, deceased, filed with said application, and for letters testamentary of the estate of W. L. Cope, deceased, which said application will be heard by said Court on the 1st day of September, 1924, at the Court House of said county, in Colorado, at which time all persons who are interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Colorado, Texas, this 6th day of August, 1924.
7-15 W. S. STONEHAM
Clerk Co. Court, Mitchell Co., Texas

Let us supply your ice cream or sherbert. Shaw Bros. Always good.--Jno. L. Doss Pharmacy.

The 111 boy scouts are well located at Camp McEntire, on the Concho near Sterling City. Rev. W. M. Elliott, president of the Buffalo Trail Council, stated upon his return from the camp Wednesday afternoon. Rev. Mr. Elliott accompanied the scouts and troop leaders from Colorado to the camp Tuesday afternoon.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

BRICK WORK COMPLETED SOON ON LEVY BUILDING

A. W. Balfanz & Bro., contractors, have about completed brick work on the Levy building, corner Second and Elm streets. The building is to be completed and ready for occupancy September 10th. This building, to contain five attractive store apartments, will represent an investment of about \$30,000 and be a material addition to the downtown section of Colorado.

COLORADO NATIONAL BANK

"THERE IS NO SUBSTITUTE FOR SAFETY"

POSTAL COMPLETES LINE FT. WORTH TO EL PASO

The Postal Telegraph-Cable Company, "The Mackay System," announces the completion of its new transcontinental line between Fort Worth and El Paso, Texas. While the section between El Paso and Los Angeles, Calif., has not yet been finished it should only be a matter of a few weeks when the entire line will be completed and put into service, thus giving the Postal Company an additional important new route between its Atlantic and Pacific cable heads and at the same time furnishing an important alternate route between the East and the West.

The completion of this line which follows along the Bankhead Highway from Fort Worth to El Paso will mean a great deal to Texas, it will furnish a direct route between Dallas and the Pacific Coast and will result in quicker coast service from all Texas points. The Postal Company has already opened up six new offices on this line west of Fort Worth and others will follow as conditions seem to justify. There will be a number of new offices opened west of El Paso.

The line just completed is built of the very best material that money could buy and none but expert workmen were employed in the building, in fact no expense was spared in insuring that the line be the last word in telegraph engineering and construction. The poles are all of high grade creosoted pine and the wires are all of copper.

The line will be one of the most important channels of communication in the western hemisphere. Traffic of international importance including diplomatic exchanges between heads of Government will be handled over it as well as local traffic. Cable traffic between Europe and the Far East will constitute an important feature of its load. Situated as it is, below the disastrous sleet belt of the North and Middle West and above the Tropical storm belt, the line is destined to become one of the most reliable lines between the East and the West and nothing will be left undone to insure continuity of service.

Dallas will be an important relay and repeater point on this line. Another repeater point has been established at Big Spring where an up-to-date plant, including high speed repeaters, dynamos, etc., has been installed. El Paso, and Phoenix, Ariz. will be other repeater points.

The postal Company is expected to open an office at Colorado within the next few months. Officials of the company who were here recently indicated that such would be done.

C. C. Barnett, grocer, has moved. Lasky Building on Oak St. opposite Alamo Hotel. New Fresh stock. Delivery, quick service. Phone 111.

J. L. Pidgeon and family returned Saturday from a motor car trip to his former home at Muncie, Ind. Mr. Pidgeon reports having found the roads in excellent condition over most of the route.

MIDLAND OFFERS FARMING LANDS

Farmers of this community are today invited through an advertisement in another column of this paper to investigate the Midland country. Midland is said to have farms which rent-

ers can buy and pay for sometimes with only one crop, though this is admittedly above normal.

Cotton farming land around Midland, which is half way between El Paso and Ft. Worth, is still selling for \$15 to \$25 an acre, and some of the land will this year make from a quarter to a half bale per acre, according to present indications.

In addition to the fact that the land sells at a low rate with only \$3 down required and ten years to pay the balance, the Midland country is entirely free from the boll weevil, and has no crab grass nor hurrah grass. Farmers who have moved to Midland from East and Central Texas say they can handle 160 acres of cotton at Midland with as little labor as they handled 40 acres at home.

There is a big movement of farmers toward Midland now, as that place is said to be among the best advertised farming sections in Texas. About 400,000 acres of land are on the market, and this figure will likely soon grow to a million acres.

Midland is a fine place for rearing children and the enjoyment of wholesome home life, the best people who live there declare. The Midland schools are among the very best in the state, having 27 and one half credits of affiliation with the State University. The churches would do credit to a city of 10,000.

Fruits grow in abundance. Apples, peaches, cherries, apricots, grapes, melons and all kinds of vegetables thrive.

Midland claims to be in the heart of the big, generous golden West. The Midland people are a happy blend of western progressiveness and southern hospitality. They welcome newcomers.

Born to Mr. and Mrs. Homer Derbyberry, a girl on the 10th.

Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, . . . and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Thedford's

BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Thedford's Black-Draught. It will stimulate the liver and help to drive out the poisons.

Sold by all dealers. Costs only one cent a dose. E-104

Good as they Look

Hurd's Bakery

Mr. and Mrs. Jno. L. Doss left Monday night for Dallas. They will return the latter part of the week. Kill your flies and mosquitoes with Fly-Flu and avoid diseases.—Colorado Drug Co.

COLORADO SCHOOLS OPEN MONDAY, SEPTEMBER 8TH.

The 1924-25 session of the Colorado public schools will open September 8. The coming session promises to be one of the most successful in the history of the school. The buildings and grounds are being put in readiness for the reception of the pupils and everything will be in good condition when opening day arrives.

Teachers will be coming into town during the first week of September and will be seeking place to room and board that are conveniently located with reference to the school. In order that we may be as helpful as possible to these teachers when they come in locating for the year, we are asking those who will rent rooms and give meals to make a list of the number of rooms they will furnish, give price asked for each, and state what conveniences can be offered, and file the list with the superintendent. We can not make definite arrangements for teachers in matters of room and board, but we shall give each teacher a list of names of those who will furnish rooms and board and the teacher will then make her own selection. We hope that the people who will consider taking care of the teachers during the coming session will be as reasonable in the matter of prices as is consistent with furnishing good accommodations.

We understand that quite a number of pupils who for one reason or other failed to be promoted at the close of last session have been doing summer work under some teacher, trying to make up deficiencies. In order that these pupils may be examined all in the same way, and that this work may be done before school opens, we shall hold examinations for all high school students wishing to take same on Monday, September 1, and will hold examinations for all grade pupils above the fourth grade on Tuesday, September 2. These examinations will be held at the Hutchinson school, beginning each day at 8 o'clock a. m. All pupils interested in these examinations are hereby requested to keep in mind these dates and be on hand promptly at time and place mentioned. Each pupil must furnish material for his own use.

In past years, quite a number of persons who had children who were doing work in high school, or who were to enter high school for the first time, have kept such children out of school from one to three months to work before entering them in school. This has resulted in detriment to both the school and the pupil, and has resulted many times in the pupil's failure to make his grade. It is impossible to organize new classes for these pupils who enter late, and there are in each high school grade now subjects that the pupils entering these grades have never studied, and these subjects are such that it is necessary for the pupil to begin at the beginning of the term or failure is almost certain. To avoid such handicap for both school and pupil, we are asking all parents who have children in high school or to enter high school to enter them on the first day and see that they continue regularly in school. If this be done, much of the poor work usually done by first year high school pupils will be changed into good work and promotion will be more likely to come at the close of school.

CARTER-DIXON MOTOR CO.

We feel very grateful to that large majority of the people of Colorado who have given so liberally their sympathetic cooperation in past years. This cooperation has been largely the factor that has made possible whatever progress the schools have attained to. But, the cooperation of past years will not suffice for the future. If our schools are to continue to grow and make progress, there must be the closest cooperation among all who are connected with the schools in any way. The best interest of the boys and girls of the community cries to each man and woman to do his or her full duty. The school is the biggest business the town owns. It is not unreasonable, therefore, that some mistakes should have been made in conducting this business, but those of us who are wise will profit by whatever mistakes have been made and avoid like ones in the future. I know of no other business in town that has been free from making mistakes. A tolerant spirit and a cooperative effort will, we believe, give us the best school the coming year that we yet know.—E. Frank King, Superintendent.

I take it that you know whether you want to buy a monument from me or not. Therefore, I do not bore any one. I take pleasure in quoting you prices and showing you my designs whether you buy from me or not. I shall be glad to take my designs into your home for your inspection. I have been putting up monuments in Colorado, Lorraine, Big Spring, Westbrook, Teeville and surrounding country since the fall of 1911. Write, phone or see me.
E. KEATHLEY, Agent.

COLORADO BUSINESS MAN IS MARRIED AT EL PASO

Joe Chemali, Colorado business man, was married in El Paso Thursday of this week, according to information received in Colorado. He and bride are expected to arrive Sunday. Mr. Chemali left two weeks ago, presumably on a business mission to El Paso and New Mexico.

ATTENTION.

From now on through the summer there will be man at store to serve those who need both Ice and Feed until 12 o'clock at night.—O. Lambeth.

ARRESTED FOR FORGERY

Three young men, giving their names as Minor, Brown and Smith of Munday, Texas, were arrested here the past week by local officers charged with having passed forged checks on one of our farmers near town. The young men, being unable to make bond, were placed in jail.—Scurry County Times.

A BUSINESS PROPOSITION. THINK IT OVER.

To the Voters of Mitchell County: You have a chance to elect a man of experience for County Judge, examine his record. Think it over!

A man that took the initiative in road building and is still in favor of good roads, and if elected will use all honorable means to improve road conditions in Mitchell County, in a business way. Think it over!

A man that is in favor of a gravel highway from east to west through the county. Think it over!

A man that is in favor of a good conservative maintenance outfit to be kept constantly at work on all lateral roads in the county. Think it over!

A man that believes in equal rights to all and especial privileges to none. Think it over!

A man that can figure the cost of all kinds of work that needs to be done for the county and will see that the tax-payers get value received for their money. Think it over!

Kindly thanking those that voted for me in the first primary election and assuring those that voted for the other four candidates that I hold no ill will toward them. I respectfully solicit your careful consideration, and if you think it best to elect me I will appreciate the courtesy and promise you my best service. Think it over.

Respectfully submitted,
A. J. COE,
Candidate for County Judge, Mitchell County, Texas.

When you feel lazy, out of sorts and yawn a good deal in the day time you need Herbine to stimulate your liver, tone up your stomach and purify your bowels. Price 60c. Sold by all druggists. 8-31

GAINES COUNTY FARM LANDS

at reasonable prices and at attractive terms—Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent. At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly apyments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent. This is strictly a general farming country. Abundance of pure water, no boll weevil; and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 160 acre farm in one season. This is your big opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act. Address W. A. SORELLE, General Agent, 12 Santa Fe Bldg., Seagraves, Gaines County, Texas, for terms of sale and descriptive folder. 1c

FOR SALE—A good 7-room house newly papered and painted, 2 acres of land, good barn and out houses, cistern, well and windmill; located South Colorado, just outside city limits. Price very low and might take some good trade. See S. W. Brown, Colorado. 8-15p

POSTED—The Elwood lands are posted according to law. Wood hauling, trapping, hunting, etc., will not be tolerated.—O. F. Jones, Mgr.

30 CENT COTTON-\$20 LAND
Either the cotton is too high or the land is too cheap. For one acre of land will usually produce from one-fourth to one-half bale of cotton annually—worth from \$35 to \$75. One crop will frequently more than pay for the land. We will sell you the land for \$12 to \$30 per acre on long time payments and at a low rate of interest. If you are interested in securing a home for yourself and family where there is no boll weevil and where the climate is fine and the water good, write today to W. A. So-relle, general agent for the Spearman lands, 12 Santa Fe Bldg., Seagraves, Gaines Co., Texas, for descriptive literature giving prices of land, terms, etc. 1c

FOR SALE—Good corner residence lots at Bargains.—O. B. PRICE.

WANTED—Will take 25 or 30 head of work stock to pasture, good grass and water. \$3 per month. Phone Mrs. Mary Lewis. 1c

FOR QUICK SALE—One five room house, two lots 50 by 140 each. Six blocks north of depot on Walnut St. See Ed Dupre. 1c

FOR SALE—Good corner residence lots at Bargains.—O. B. PRICE.

FOR RENT—Three furnished rooms for light housekeeping. Bath and garage. No children. Phone 173. Mrs. Q. D. Hall. 1c

We guess its just a matter of choice—light wines and beer, or tar and feathers. But even then, we're to get our taxes reduced.

FOR SALE—Good corner residence lots at Bargains.—O. B. PRICE.

POSTED—All lands owned and controlled by undersigned is posted and trespassers are warned to stay out. No hunting, wood hauling, etc. will be permitted. Take warning.—Land-ers Bros. 1c

FOR TRADE—Practically new Camp piano on good automobile. Fords not considered. See Mr. Cambron at the Concrete Gin. 1tp

LOST—One pearl necklace on picnic ground in Colorado July 17. Will pay reward for information leading to recovery of same.—J. P. Fulton. 1c

FOR SALE—Two lots across street south of and facing Rube Hart's new home and adjoining Mr. Ezell's new home on west side, north of High school, on city water, lights and sewer. Will sell for \$250 each or both for \$450, easy terms. If party build new house, will take second lein for the lots. These are choice and cheapest lots in that section.—W. E. REID. 1c

107 POSITIONS—Yes, 197 graduates have been placed with one big wholesale concern—a world's record; 41 with local banks alone; hundreds of others holding good positions throughout the Southwest. Positions guaranteed or tuition refunded. Write today for Position Contract and special offer. Draughon's College, Drawer H, Abilene, or Wichita Falls Texas. 8-15p

FOR QUICK SALE—640 acres in Mitchell county, 3 1-2 miles west of Westbrook, about 400 acres in cultivation; 95 per cent tillable and all practically level. Half sand and half with half clay. One 7-room house, one 3-room house, half mile of State Highway; has oil on three sides; not leased for oil. Priced at \$35.00 per acre, one-third cash, balance 3 to 5 years at 7 per cent.—Dupree and Dawson, Colorado. 1c

FOR SALE—One 6-room house, well, windmill and cistern, east front, 2 lots, also some vacant lots for sale in Colorado. Also city property in Palacios, Texas, 8-room house with all conveniences. I own this property and can give good terms. Phone 422 J. H. Parker. 1c

WANTED—A live man or woman to sell insurance in Sweetwater local mutual Assn. Now has membership of over 1500. Average cost to insured for past three years \$7.00 per year. Liberal commission paid and good worker can make \$50 per week. For further information write W. W. DAVIS, Sec.-Treas., Sweetwater, Texas. 9-5c

LOST—Two mules, lost or strayed, one sorrel unbranded about 14 hands high. One black branded FH on hip about 15 hands high. \$10 reward for the mules or information leading to recovery of them. Franks and Hale 1c

Salesmen—\$36 to \$50 per week, with or without car. No experience needed. Take orders, no delivery work in small towns and country, for new Self-Heating Iron; heats without using alcohol, kerosene, gasoline, charcoal gas, wood, coal, electricity or carbide. Cheaper than any. Apply at Johnson Bros. Battery Station. 1tp

A Home for Everyone—Why Rent Land

If it is red catclaw land with clay foundation—Andrews County has it. If it is fine shallow water and plenty of it—Andrews County has it. If it is Health, fine climate and Happiness—Andrews County has it. If it is cotton, corn, maize, can, kaffir corn, melons, fruits and vegetables—Andrews County has it. If it is good people, schools and churches—Andrews County has it. We have land in small tracts up to big ranches from \$6.00 to \$20 per acre, small cash payments, long terms, small rate of interest. See me before you buy.

ARTHUR L. WILSON, Andrews, Tex
