

THREE COUNTIES PLEDGE TO SEND EXHIBITS TO CO. FAIR

Midland, Martin and Howard counties are to have an important part in the Third Annual Fair at Colorado September 25, 26 and 27th, according to W. S. Cooper, secretary of the fair association, who returned Monday night from a visit with Chamber of Commerce officials and business men at Midland, Stanton and Big Spring. These citizens declared their enthusiastic co-operation with Mitchell county in boosting the agricultural show and attendance.

At Midland Cooper met with Paul T. Vickers, secretary of the Midland County Chamber of Commerce, Mayor Barron and other citizens, who stated definitely that an agricultural exhibit from Midland county would be shown at the fair. These citizens expect to have a representative delegation at the fair.

At Stanton Monday afternoon an enthusiastic mass meeting was held at which some thirty citizens attended. At this meeting the citizens of Stanton renewed their pledge of cooperation with the Mitchell County Fair Association and made reservation for a booth in which to display Martin county products at the fair. Martin county will send a delegation of not less than 300 people to the fair on Martin County Day, yet to be designated by the fair management.

Last year the largest delegation to visit the fair from outside Mitchell County came from Stanton and Martin county. Three hundred strong and accompanied with a brass band, these West Texas boosters came to the fair on Martin County Day and added much to the success of the fair. "We are going to do even better this year in both the showing of our agricultural products and attendance," J. M. Carroll, Stanton business man and an president of the Martin County Luncheon club declared.

At Big Spring the fair representative found just as much enthusiastic interest in the Mitchell County fair as he had found at Midland and Stanton. W. W. Rix, president of the Big Spring Chamber of Commerce and other leading citizens of the city pledged to give the local fair their co-operation.

"We realize the fact that nothing could be of greater worth to us than to show the public what we are able to produce on the farms of this county," Rix stated, "and I heartily endorse the plan of sending an agricultural exhibit from Howard county to your fair." Mr. Rix expressed the belief that it would be only the matter of a few years until one of the best regional fairs in this part of Texas could be built up at Colorado, in the event local citizens and those from adjoining counties cooperated to that end.

Visits are to be made to other counties in this section of the State within the next few days, it was stated Tuesday, and other counties are expected to have an important part in the fair.

Fair officials claim that the fair this year will eclipse by far any fair ever held in the county. Attendance is expected to break all former records, while attractions are to be the largest and most varied ever arranged here.

J. M. MORGAN & COMPANY TO BUILD DUNN SCHOOL

Contract to erect a new brick and stone school building at Dunn has been awarded to J. M. Morgan & Company of Big Spring. Construction is to be started about October 1. The new building will replace the one destroyed by fire several months ago. The building is to cost \$19,385.

CONSTRUCTION OFFICIALS VISIT COLORADO TUESDAY

Sam Johnson, president, and Ed. S. Ailes, vice president, of the West Texas Construction Company of Ft. Worth, were in Colorado Tuesday on business in connection with paving contracts held by the company here. Mr. Ailes recently recovered from an illness, which caused him to be placed in a sanitarium for several days. The officials left Tuesday afternoon for Sweetwater.

RELIC OF OTHER DAYS FOUND IN COURT HOUSE

Corley Bozeman has in his possession a price list issued by Sig. Simon & Bro. at Colorado for the winter season of 1892-1893. It is in the form of a 20-page pamphlet and was found among the ruins of the old court house which is now being torn down. The front cover carries a picture of the former Simon store, the old three story Opera House building at Second and Elm streets, site of the new Levy building.

It is interesting to note the difference in prices of dry goods and shoes during these days and now. Best grade figured lawns were advertised at 4 cents per yard, satins in "the newest colors and designs," at 10 cents per yard, and other prices accordingly. Ladies silk imported French hose were listed at 25c and corsets at from 25 cents to 40 cents. Clarks O. N. T. spool cotton at 45c per dozen. French satin parasols were quoted at 75 cents each, ladies kid dress shoes at \$1.25 and opera slippers at 65 cents per pair. "The celebrated Ace of Diamonds boot, hand sewed, calf upper and Morocco tops, at \$3.50 the pair."

An announcement in the pamphlet advised the few farmers who had demonstrated that cotton could be grown in the Colorado territory that the company had completed arrangements with the Weatherford Compress Company to purchase cotton here.

FUNERAL SERVICES FOR M. T. (PAPA) HALL HELD FRIDAY

Funeral services for M. T. (Papa) Hall were conducted Friday morning at the First Methodist church by Rev. J. F. Lawlis, pastor, assisted by Rev. C. E. Jamison of Snyder and Rev. R. A. Stewart of Sweetwater. At conclusion of the services at the church the body was taken in charge by the Masonic lodge, conveyed to I. O. O. F. cemetery and buried with Masonic honors. Rev. J. O. Chase, pastor of the First Christian church, acted as master of ceremonies.

Mr. Hall was 94 years, 5 months and 19 days of age at the time of his death and no doubt was among the oldest living citizens of West Texas. Born in Ohio March 8, 1830, he spent the major portion of his life on the frontier. In 1850 when the California gold rush attracted thousands to that territory, Mr. Hall was one of a party of hardy frontiersmen to treke across the Rockies, facing the Indian and other privations in quest of the treasure. After returning to his native state he soon again listened to the call of the West, this time coming to Texas, in 1873.

In 1882, during the days Colorado City was in the height of its cattle boom days, Mr. Hall came to this city and has since made his home either in the city or immediate vicinity. He had been a member of the Masonic fraternity 73 years and of the Methodist church 65 years.

He was married in 1854 to Mary Jane Riggs and for 66 years they lived together as man and wife, she dying at Colorado four years ago. There were three children born into this family, two of whom, Q. D. Hall of Colorado and Mrs. L. M. Westcott of Seminole, are the survivors.

BOY IS KILLED IN AUTO WRECK NEAR SNYDER

While enroute from Idalou to Zephyr, J. T. Harrison and family consisting of wife and six children, had a serious accident on the highway three miles south of Snyder. Mr. Harrison who was driving, was passing another car, lost control of the auto and it turned over three times instantly killing John, the seven-year old son, and painfully though not seriously injuring Mr. Harrison.

The other members of the family sustained slight injuries. The funeral of John took place at Snyder where the body was buried.

OPENS DISTRICT COURT AT BIG SPRING MONDAY

Hon. W. P. Leslie, judge of the 32 judicial district, opened the Howard County district court at Big Spring Monday. Judge Leslie stated that he anticipated a busy session of court.

SEED AND STAPLE REGISTER DROP ON COLORADO MARKET

Seed was quoted at \$29 a ton at Colorado gins Thursday morning, a drop of one dollar from the price paid for this commodity during the first days of the week. Cotton also came in for a decline on the local market Thursday morning, with a drop of fifteen points. Buyers were quoting a price of from 23 1/2 to 24 1/2 cents.

The crop is as yet moving very slowly. Up to Thursday morning total receipts, counting round bales as half bales, had reached only 15 bales. These had been ginned by three of the local plants, the other three gins having not at that time received their first bale.

Local cotton men and ginners were not disappointed over the slow pace at which the cotton crop is moving. Cotton picking has been practically tied up since the recent general rains which covered Mitchell county and it is the belief that the crop, in the long run, will run up a production almost equalling that of 1923, when more than 30,000 bales were harvested in the county.

Cotton is putting on rapidly now and with the excellent season in the ground and a few weeks of warm weather there are some fields which will make as much cotton per acre as last year. The leaf worm is worrying the grower more than anything else just now and scores of farmers came to Colorado this week to confer with the county agent as to approved methods of combatting the pests in the event they became numerous. A large supply of poison is available for this purpose.

It will probably be two weeks before the cotton begins to move in large volume. Farmers in need of labor to assist them in gathering the crop should confer with the county agent.

CHAMBER OF COMMERCE TO HOLD EXECUTIVE MEETING

The September executive meeting of the Colorado Chamber of Commerce was to have been convened Thursday afternoon of this week at the Barcroft Hotel, it was announced at office of the organization Tuesday. Among other things it is expected that definite action as to whether Mitchell county will send an agricultural exhibit to the State Fair at Dallas in October will be taken.

Dr. P. C. Coleman, president of the Chamber of Commerce, desires that every member of the board attend the session.

MRS. J. H. GAGE DIES HERE TUESDAY AT AGE OF 72

Mrs. J. H. Gage died at her home Tuesday, Sept 2nd, after an illness of a little more than a week, and was buried in the I. O. O. F. cemetery Wednesday, Rev. M. C. Bishop, pastor of the Baptist church, conducted the funeral services.

Mary E. Taylor, daughter of William and Mary B. Taylor was born January 27, 1852 in Nacogdoches County, Texas. She joined the Baptist church in 1869 and lived true to its teachings till the summons came to come be with Him who redeemed her.

She was married to John H. Gage January 12, 1871. To this union six children were born, three sons and three daughters. The youngest died in infancy. All the others are living and were with their mother during her sickness and death. Only a short time ago all the family met for a family reunion and the mother accompanied her daughter, Mrs. McKinney to her home in Hico for a visit. Soon after she returned home she was stricken and gradually grew worse till death relieved her of all suffering. Many were the floral emblems, silent messages of love that were sent by sorrowing friends.

The active pall bearers were Edgar Majors, Jack Smith, J. A. Sadler, Frank Lupton, Will E. Warren and Lay Powell.

The honorary ones were C. M. Adams, Dr. P. C. Coleman, Judge R. H. Looney, E. F. McKenzie, M. Carter and E. N. Gary.

COLORADO WOMAN LEADER DEMOCRATIC CONVENTION

AUSTIN, Sept. 4.—Mrs. H. B. Broadus of Colorado, only delegate from Mitchell county attending the Democratic convention in session here in the Senate chamber, is being heralded among delegates as one of the dominant leaders in successfully putting into effect platforms which are being adopted.

Yesterday, shortly after a resolution condemning the Ku Klux Klan as un-Christian, un-Democratic and un-American had passed the convention without a dissenting vote a resolution, condemning Mrs. J. T. Bloodworth of Fort Worth as a clanswoman and demanding that she resign as national committeewoman from Texas, was offered. The convention was in an uproar, with the Ferguson and anti-clan steam roller steaming at high pressure for additional havoc in the Klan camp when Mrs. Broadus, rose from her seat in the convention, got the attention of the chairman and assembled delegates during a lull in the uproar and exclaimed:

"The women of Texas demand that this resolution be carried."

Evidently the ultimatum of the Colorado woman who for years has been a prominent figure in club affairs of the state, had its effect. There were cries "We are going to do it," "Let's make it unanimous," etc. for a few minutes and then the resolution was put to a vote and adopted.

Mrs. Broadus is not the only Texas club woman attending the sessions and taking an active part in convention proceedings. There are a large number of others here and they are evidently united in their fight to oust the Fort Worth woman from the place of merit she holds. Mrs. Bloodworth was elected at the Waco convention last year for a term of two years. It was not known here last night whether she would accede to demands of the convention and resign.

COTTON PICKERS AVAILABLE, COUNTY AGENT ATKINS SAYS

County Farm Agent H. L. Atkins stated Saturday that he would be able to furnish all the labor needed by Mitchell County farmers to gather the cotton crop. This labor, Atkins stated, will be supplied through agencies at El Paso, Del Rio and Ft. Worth.

The agent suggested that all farmers desiring this labor confer with him at the earliest possible date. "The demand for this labor promises to be large in many parts of West Texas this fall," Atkins said, "and the earlier we can make requisition for pickers in this county the better assurance we have of obtaining them without unnecessary delay."

FORMER CITIZEN LEAVES WEDNESDAY FOR CHICAGO

P. K. Williams of Big Spring, formerly of Colorado, spent Tuesday here on business. Mr. Williams left Wednesday for Chicago where he will become associated with the General Electric Company. He is driving through by motor car and expects to spend thirty days on the road, making stops at St. Louis and other cities en route. Mrs. Williams and their two children are to join him in Chicago later.

J. L. DOSS DRUG STORE BEING REMODELLED INSIDE

Interior of the J. L. Doss drug store is being completely remodeled and when completed will be among the attractive stores of Colorado. New metal ceiling and wall decorations, as well as other improvements, are being added. Mr. Doss stated Tuesday that he planned to have one of the most attractive drug stores in West Texas.

NOTICE SCHOOL PATRONS

The compulsory school attendance law will become operative in the Colorado Independent District on December 1st, 1924.

H. L. HUTCHINSON, Chairman School Board.

METHODIST CLOSE YEAR OF SUCCESS, ELDER SAYS

The Colorado Methodist church is rounding out another successful conference year, Rev. R. A. Stewart of Sweetwater, presiding elder, stated after hearing reports from the pastor, school superintendent and other departmental officials of the church Sunday afternoon at the fourth quarterly conference.

In his report for the quarter, Rev. Mr. Lawlis stated that 21 additions had been made to the church membership during the quarter and 55 new members had added during the conference year. A. A. Dorn, superintendent of the Sunday school, reported an average attendance of 240 at Sunday school for the quarter.

One of the most interesting reports submitted was that of Mrs. W. P. Leslie for the three missionary societies, the adult woman's, the young woman's and the juniors. In financing the varied programs sponsored by these three societies for the conference year, Mrs. Leslie reported that a total of \$815.20 had been collected and expended.

The pastor and Sunday school superintendent stressed the heed of additional quarters for the Sunday school and recommended that plans be started immediately for erection of a new building on the church property to house some of the classes. The superintendent reported that one class was meeting on the church lawn because of the crowded condition in the church building. A committee, with Judge W. P. Leslie chairman, was named by the conference to take steps to relieve this condition.

A. A. Dorn, Sunday school superintendent during the past several months, was re-elected for the ensuing year. E. B. Smith was named as assistant superintendent.

Rev. Mr. Stewart filled the Methodist pulpit here Sunday evening, Sunday morning at 11 o'clock he preached at New Hope, 17 miles northwest of Colorado.

COLORADO BUSINESS MEN SHOULD VISIT NEIGHBORS

The business and professional men of Colorado, especially those comprising membership in the Lions Club, should pay visits once or twice each year to the neighboring towns, in order that the people of the adjoining commercial and community centers learn to know each other better, Rev. C. E. Jamison of Snyder, stated in an address at the Lions club here Friday. Rev. Mr. Jamison told of some trade excursions recently carried out by Snyder business men and claimed that had been of much benefit to all concerned.

The Friday luncheon was one of the most interesting in some time. Orchestra music was furnished by M. S. Goldman, Jack Norris, Joe Earnest and Raymond Jones. Attendance showed a good increase over the previous week.

Friday of this week the entertainment program is to include a debate between J. H. Greene and C. M. Adams on the question, "Does the mortar hold the brick together or apart?" Each of the debaters are promising to submit sufficient evidence to win his side of the question.

FORDSON DEMONSTRATION GIVEN ON ROAD FRIDAY

Under personal direction of representatives of the Ford Motor Co., a demonstration showing the qualities of the Fordson tractor as a road maintainer was given on the Colorado-Buford highway Friday afternoon. The demonstration was witnessed by A. J. Herrington, Ford representative at Colorado; Joe Strayhorn, Ford representative at Snyder, members of the Commissioners' Courts of Mitchell and Scurry counties and representatives of the Colorado Chamber of Commerce.

ATTENDS DEMOCRATIC PARLEY AS MITCHELL CO. DELEGATE

Mrs. H. B. Broadus of Colorado was the only delegate from Mitchell County to attend the Democratic parley at Austin this week. A wire from Mrs. Broadus Wednesday morning stated that she was enjoying the convention and that things were considerably livening up down there.

COLORADO PUBLIC SCHOOLS TO OPEN MONDAY, SEPT. 8

The Colorado schools are to open Monday for the next term amid the most flattering prospects, according to Superintendent E. F. King. Mr. King issued a statement to the public Wednesday afternoon in a general way the program to be observed during opening exercises. The statement also gives detailed information as to where pupils of the different grades are to meet for assignment to their class rooms. The statement of Mr. King follows:

"The Colorado public schools will open next Monday at 9 o'clock. All children below the fourth grade will assemble at the ward school. All children of fourth, fifth, sixth, and seventh grades will assemble at the Hutchinson school, and all pupils above the seventh grade will assemble at the high school.

"Pupils who have been regularly promoted will assemble in the rooms allotted to the grades to which they have been promoted, but those who failed of promotion will assemble in the rooms allotted to the grade such pupils were in last session.

"Pupils who are entering this school for the first time will report to the principal of the building that contains the grade to which they rightly belong. Such pupils will be classified as soon as attention can be given their case.

"As many unders will be received this year as the school can accommodate.

"The pastors of all the churches, the members of the school board, and all patrons of the school, and all ex-students of the school are earnestly requested to visit the school on opening day. After the teachers meet the pupils and enroll them and classify those who are entering for the first time, teachers, pupils, and patrons are asked to assemble in the high school auditorium for a get-together meeting. We hope at that time to have many short talks and many ideas advanced that will be helpful to the school during the coming year. We believe that business might profitably be laid aside during the forenoon at least in order that all might have an opportunity to visit the school on the opening day.

"The faculty that has been selected is composed of men and women who have had the best of training, and all have had ripe teaching experience. We have every reason to believe that the school will have for the coming session one of the strongest faculties of its history. Be that as it may, the school will not be a success unless these teachers have the whole-hearted co-operation of all the people. We plead for constructive criticism and co-operation at all times for the best interests of the young people of Colorado.

"In order that school children might have as little as possible to detract from their school work, we believe that all heads of families should discourage as much as they possibly can all parties of whatever kind and social functions on the evenings of Monday, Tuesday, Wednesday and Thursday of each week. Every fall this town seems to be afflicted with an epidemic of traveling tent shows that do a great deal of harm to some children's school work. School and those things do not work together for the good of the school child. To foster as little of show going and other social functions on school nights as possible is one way in which the parent can give his co-operation to the efforts of the school.

"We wish to say again that all pupils who are to do high school work must, if they wish to be sure of promotion next spring, attend the full nine months. Several bright pupils were prevented from making their grades last year by being kept out of school two or three months to work."

COUNTY COURT CONVENED FOR SEPTEMBER SESSION

County Judge J. C. Hall convened the September term of County Court here Monday. During the present week several civil and non-jury cases have been heard. Jury cases have been set down for trial next week.

Here's An Interesting Piece of News For You

We've just come back from market. Best of all we brought some brand new goods along with us and we are very anxious for you to come to the store to see it. Piece goods in wonderful variety, weave, patterns and colors, undergarments, hosiery and notions and Mens furnishings all are coming fresh from the eastern markets and we can promise you some rare values at reasonable prices. If pretty styles mean anything to you we know you will be glad for fall to come. We are simply amazed at the beauty of the new coats and dresses for autumn and early winter and can hardly wait until you visit us that we may show them to you.

JONES DRY GOODS COMPANY

12 STORES IN TEXAS

GROCERIES AT WHOLESALE

TO THE CONSUMERS AT

The Public Market No. 2

Two Doors South of the City Hall, where Jordan used to have his furniture store.

Below are a few of the many items in our store we are offering to the wise and intelligent buyers of Mitchell County, those who are willing to pay cash and step a half block in order to get a 100 per cent value on their money. Read this carefully. It means money saving from 50 to 100 per cent on many staple items. We are offering for Saturday and Monday.

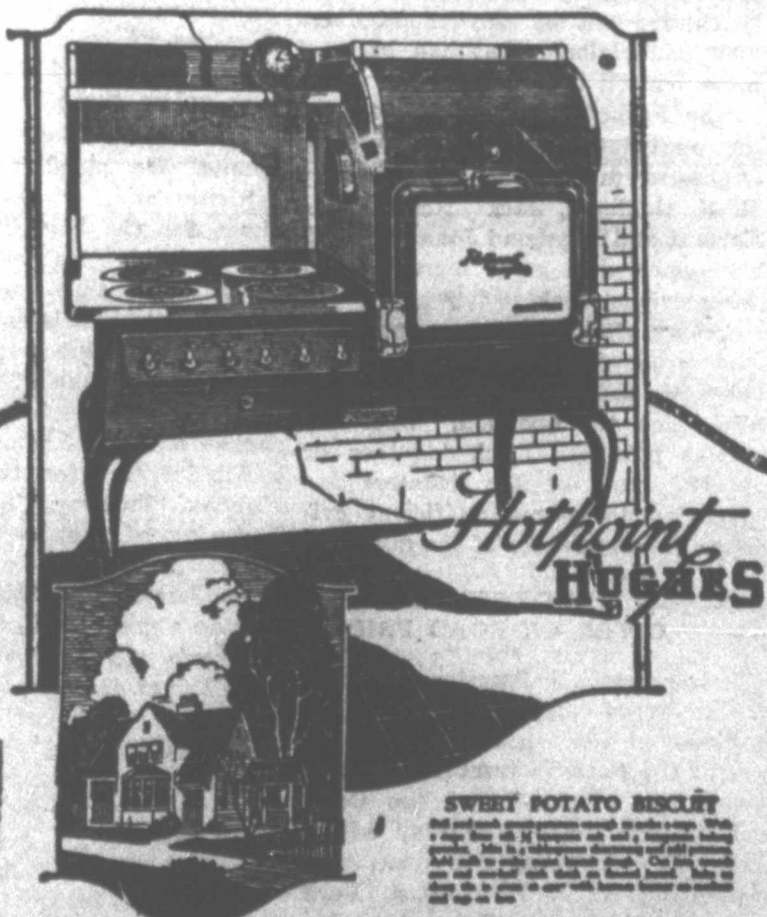

- 40 lbs of Irish potatoes \$1.00
- By the sack, per 100 pounds \$2.25

WEST TEXAS PRESS.

Just for appearance sake, we do hope old Mother Earth will be on her good behavior while Mars is in close proximity.—Brownsville Herald

It is a pretty well assured fact that Baird will have a three days Callahan County Agricultural, Stock and Poultry Exhibit, Wednesday, Thursday and Friday, October 1st, 2nd and 3rd. The money to assure the success of the enterprise has been pledged by the business men of Baird and the following committee of enterprising Baird Boosters are already formulating plans to make the enterprise as successful, and more so if possible, than the one engineered last year by the Baird Chamber of Commerce, of which J. Rupert Jackson was president and W. H. King, secretary.—Baird Star.

"I like to see a man proud of the place in which he lives. I like to see a man live in it so that his place is proud of him."—Abraham Lincoln. Them's our sentiments. We certainly like to see a fellow proud of where he lives. We on the other hand almost detest the fellow who is forever running down the town in which he resides. The old world is so big, and there are so many places a fellow can go, that we do not see any use for a fellow to stay where he does not like to live, and we are sure that if the people know it, that they are more anxious to see him go than he is to get away.—Lubbock Avalanche.

In these late days it is strange that many merchants have not yet realized the value of advertising and paying a strict attention to their advertising. Too many merchants do not look at advertising as the principal part of their business. They are careless in preparing their copy. Advertising is an art, as much so as is the successful conduct of a business is an art, and the business man who neglects the advertising end of his business is overlooking an important feature.—Coleman Review.

Nine hundred carloads of Parker county watermelons have been shipped from Weatherford already this season. It is estimated that several hundred carloads have been hauled out by motor trucks which with the crop remaining to be shipped will bring Weatherford's watermelon shipments this season close to the 1500 mark. This, it is said, would make Weatherford the greatest watermelon shipping point in the United States.—Weatherford Democrat.

We do not always appreciate the good things we have at home. We have in Haskell for instance, excellent lights, ice and water service. We also have good telephone and telegraph service. Haskell has splendid public schools, an excellent high school, well equipped, a new and up-to-date building. There are many good features in the town that should make the breast of every citizen swell with pride. It would be a good thing for us to take an inventory of our town when we feel like criticizing her.—Haskell Free-Press.

Stamford will send out a large number of Trade evangelists next Wednesday. The route has been laid out and yesterday Arthur Buster and J. M. Blancett were out after the men, getting subscriptions with which to defray the expenses, also signing up firms with cars to make the trip, there being perhaps 100 to be lined up for the trade excursion.—Stamford Leader.

Ballinger is getting her money's worth out of the Ballinger Band. These young musicians are always ready to go and the two days trade

trip and the four days county fair will amount to more than the price paid for the entire year's work of the boys. If an outside band was hired for the six days it would cost at least \$1200 and we are getting the band the year round for only a little in excess of that amount.—Blinger Ledger.

Now that the election is over, let's get down to business here in San Angelo and West Texas. We have many things to do. Right out on the horizon is an oil field—the biggest in the State and perhaps in the Nation. It appears almost certain that the oil is all about us—that actually like the horizon—oil will be found on every side of San Angelo.—San Angelo Standard.

Sometimes opportunities come to us unexpectedly. Tahoka now has an opportunity to secure a state park. If we act at once, the park is ours, and the state will maintain it forever. If we let the opportunity pass now, it may not come again soon. Why not some person donate the land and have his name perpetuated forever?—Lynn County News.

The watermelon crop in this part of the country has been almost a failure this year. There have been several loads marketed from the nearby farms, but they have not been produced in the quantity they usually are, and they have not been of the usual quality. Melons are now being shipped in from eastern counties. This time last year there were more melons on the local market than could be consumed and they were being shipped out at this date.—Rotan Advance.

Mr. and Mrs. J. C. Etheridge and Little Miss Sidney Thomas have returned from a visit with relatives in Tennessee, Alabama and other States

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Mitchell. By virtue of an Order of Sale for Delinquent Taxes issued out of the Honorable District Court of Mitchell County on 29th day of August A. D. 1924 by W. S. Stoneham, Clerk thereof, in the case of The State of Texas, versus J. W. Woodard, L. E. Lasseter and Wm. Morrison, No. 4475. And to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales on the first Tuesday in October A. D. 1924, it being the 7th day of said month, before the Court House door of said Mitchell County, in the City of Colorado, Texas, the following described land situated in Mitchell County, Texas, to-wit: Being all of Lot No. 1 in Block No. 8 in the Amended Addition to the town of Westbrook, Texas, levied on as the property of J. W. Woodard, L. E. Lasseter and Wm. Morrison, to satisfy a judgment amounting to \$29.16 in favor of the State of Texas, with interest and costs of suit. Given under my hand, this 30 day of August A. D. 1924.

I. W. TERRY, Sheriff Mitchell County, Texas.

TELEGRAPHER AT ABILENE DIES AT HIS DESK OF DUTY

ABILENE, Aug. 30. W. M. Saunderson, 72, telegrapher for the Texas and Pacific, died suddenly at his desk Friday. Physicians ascribed his death to natural causes. Early Friday morning Saunderson was heard by his fellow employes to remark, "I am a sick man this morning."

The aged telegrapher was at work at his desk when death came, his head falling over on his typewriter. Saunderson had made his home in Abilene for almost 35 years, all of which time had been spent in the employ of the Texas and Pacific.

His total length of service with that road was 47 years, several years of that time being spent in Texarkana.

PROSPERITY

The Lubbock Cotton Oil Company is to soon begin work on a large seed house, 100 by 150 feet, located on the Santa Fe tracks at Lamesa.

This large seed house will be equipped with an electric loader. This new equipment will relieve the loading congestion that is always experienced during the fall rush.

Indications are that Dawson's crops will be extraordinarily great this year.

A Home for Everyone-Why Rent Land

If it is red catclaw land with clay foundation—Andrews County has it. If it is fine shallow water and plenty of it—Andrews County has it. If it is Health, fine climate and Happiness—Andrews County has it. If it is cotton, corn, maize, cane, kaffir corn, melons, fruits and vegetables—Andrews County has it. If it is good people, schools and churches—Andrews County has it. We have land in small tracts up to big ranches from \$6.00 to \$20 per acre, small cash payments, long terms, small rate of interest. See me before you buy.

ARTHUR L. WILSON, Andrews, Tex

Hold Back anything needed Here and it shows Here

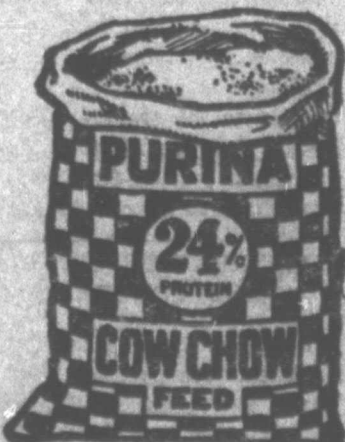

A Cow can give milk to her fullest capacity only when fed the right proportion or balance of milk-making materials. Milk is made up of Protein, Carbohydrates, Fat, Minerals and Water, in proportions that, practically speaking, can't be varied. Instead of making imperfect milk, a poorly fed cow gives less milk.

Feed Purina Cow Chow

and your cows will get all the Protein and Calcium needed to balance your Carbohydrate roughness.

All we ask is that you give Purina Cow Chow a trial and let your milk scales show you why you should keep on feeding it.

O. LAMBETH

Lorraine Receives First Bale.
The first bale of cotton of the season for this section was sold in Lorraine Tuesday morning of this week. Mr. Charlie Gabler of south of town brought in the bale late Monday afternoon, but it was not ginned off until Tuesday morning. The cotton was ginned at the new

plant of the Cooperative Gin Company, weighed 461 pounds and was sold to J. L. Pratt for 25c per pound. A premium of \$36.50 was donated by the Lorraine business men.—Lorraine Leader.
W. L. Doss, Jr., has returned from a business trip to Fort Worth.

POULTRY FACTS

PROPER BALANCE OF RATIONS IN SUMMER

Thousands of hens are practically forced to stop laying because of the fact that many farmers stop feeding mash and increase the grain feed of their flocks. To get the most eggs from the flock, it is just as necessary that the hens have dry mash in the summer as it is in the winter.

Laying hens should be forced to eat more dry mash than they do grain in summer. A good way to do this is to give the hens a supply of mash and keep them penned up until ten o'clock in the morning without any grain. If the hens cannot be confined they can still be forced to eat enough mash, if grain is fed only at night and the dry mash kept before them at all times in self-feeders or hoppers.

One of the main reasons for keeping up the feeding of mash during the summer is to insure the best results when the flock is culled in the fall. All flocks should be culled sometime between the middle of July and the first of September, but if the hens are not properly fed during the summer they will all stop laying, thereby making it impossible to tell the good layers from the poor ones at culling time.

A good dry mash can be made from 150 pounds of bran, 150 pounds of shorts, 100 pounds of cornmeal and 200 pounds of tankage containing at least 60 per cent protein. Some grain should be fed along with this mash. Corn alone will do, but if oats or wheat are available it is best to add 80 pounds of one of these grains to every 70 pounds of corn, to give variety in the ration. Oyster shells or ground limestone should be before the hens at all times, as they need this material in making the egg shell.

If as much milk as one gallon for every 30 hens is available, the dry mash can be omitted from the feed of the hens and only the grain and the milk fed.

Doctoring of Chickens

Not to Be Recommended

The doctoring of poultry is not to be recommended except in case of a few diseases such as chicken pox, colds and cases of intestinal worms. There are two very good reasons for this belief: First, the unit of production of the individual bird is so small on the commercial plant that if a man's time is worth anything it is too valuable to spend treating sick chickens individually unless they are show specimens of great individual value. Second, the cured chicken is always a menace to the health of the flock, because its identity is likely to be overlooked or forgotten, and it goes into the breeding pen and may perpetuate through the offspring that constitutional weakness that was one of the primary causes of its being ill. The opinion of practically all poultrymen who rear large numbers of fowls is that in a large proportion of cases of disease the birds ought to be killed. The only treatment recommended for the poultryman is to give treatment when it can be applied to a flock conveniently and with reasonable expectation of beneficial results. Treat individuals only when the treatment is simple, easy and needs to be administered but a very few times.—Storrs (Conn.) Egg Laying Contest.

Egg-Eating Habit Quite Difficult to Overcome

The egg-eating habit is one easily acquired but very difficult to break, once it becomes firmly established. Often the hatchet is the best remedy. However, if one takes certain measures, it may often be stopped without resorting to the extreme penalty. One should arrange all nests so that they will be quite dark by placing under dropping boards or by having entrance from back of nest. Catch birds that show egg stains about head and file or clip front of bill till quite blunt.

Feed birds plenty of oyster shell or lime and include some animal feed like milk, meat scrap, or tankage in the ration. A craving for substances in meat often leads to the habit.

The hens should be kept busy and interested by providing deep litter to scratch in. Let birds run out of doors whenever weather conditions permit.

Finish Broiler Cockerels

Finish the broiler cockerels by milk feeding, ten days or two weeks. While carrying on this feeding, take time to look up the best market outlet. This is best done by getting in touch with several poultry buyers in nearby cities. Tell them just what you have, and if you fit the broilers for market you can, as a rule, get top quotations.

Sunshine Hurts Chicks

Too much hot sunshine is not good for baby chicks and causes many inexplicable losses among birds that are apparently perfectly healthy in every way and ought to thrive but do not. For the first two or three days the little fellows should be sheltered from the sun entirely and given conditions of semi-shade thereafter. They should at all times have cool shade that they can run to whenever they want it. This, of course, applies to all classes of chickens.

"ALL COLLEGIATE CIRCUS" TO BE BIG FEATURE AT STATE FAIR OCTOBER 18

JNO. B. MOON

"All-College Day" at the State Fair of Texas, Saturday, Oct. 18 next, promises to be one of the biggest features of the 1924 exposition, which runs from Oct. 11 to 26 this year.

In the afternoon the football events of the University of Texas and Southern Methodist University of Dallas, meet in their annual game on the athletic stadium field.

At night, also in the stadium, will come the "All-Collegiate Circus" and the crowning of the All-College Queen, which, it is expected, will be attended by no less an important personage than Corinne Griffith, Texas' own motion picture star. Miss Griffith will come as an ex-student of the University.

John B. Moon and P. B. Garrett, two Texas business men, but both former varsity students, have the management of the Circus and Coronation in charge. During their college days they produced many college

P. B. GARRETT

functions of a similar character, and because of their experience were asked to take charge of the big State Fair feature. The best "acts" from colleges, universities, prep schools and other institutions, all over the country, will take part in the circus events, for prizes totalling \$3,500. The "queen" will be crowned as the most beautiful college girl, her selection to be made by a committee of competent judges from entrants by all the institutions which take part in the "circus."

Mr. Garrett is now a prominent Dallas bond man, while Mr. Moon is connected with a big insurance concern. The former is a graduate of the law department of the university and the latter of the engineers. Heads of the various educational institutions have all accepted appointment as members of the advisory committee of the "All-College Day" arrangements and executive staff.

Former Texas Girl Trains Ballet For "Tokyo" State Fair Feature

GLADYS HIGHT AS LITTLE GIRL LIVED IN HOUSTON AND DALLAS—HAS "MADE GOOD"

Glady's Hight, former Texas girl, and now the head of the Gladys Hight School of Dancing, Chicago, will be responsible for the beautiful ballet numbers to be given in connection with "Tokyo," the magnificent fireworks spectacle at the State Fair of Texas, Oct. 11-26 this year.

Ten or fifteen years ago Gladys Hight was a little girl in Houston and Dallas. Her mother, Madame Virginia Lee Hight, was a well known and highly capable vocal instructor, who conducted big voice culture schools in both Texas cities. Miss Gladys received her first instructions in the art of dancing at the hands of Texas teachers, and continued her practice intensively, after her mother removed to Chicago. Now Miss Gladys, who has more than "made good," is the head of two big schools in the loop district and the other out on Sheridan Road.

She was in Texas early in August, on her way to Mexico City, where she is to study the native dances, in connection with her work, just as she studied Japanese dances in the funflower Kingdom last year. During her stop in Dallas she told of her coming attraction at the State fair.

"I was very glad to have opportunity for training a ballet that would appear before 'home folks' at my childhood days," she said, "and so when Mr. Charles Duffield, the producer of 'Tokyo' told me what he

GLADYS HIGHT

wanted, I jumped at the chance. "There will be twenty-four beautiful girls in the ballet number, one of which will be a fan dance and the other a typically characteristic Japanese number called the 'fishing dance.' You know, 'Tokyo' is based on the great Japanese earthquake, and the ballets come as showing the peaceful villagers enjoying themselves, before the holocaust swallows up their little town. "Tokyo" will be given in the great race track infield at the State Fair, before the big grand stand, every night, and is declared to be the most awe-inspiring spectacle ever evolved.

RACING MEN INTERESTED IN STATE FAIR EVENTS

Race horse owners all over the country are showing keen interest in the thirteen day running meet at the State Fair of Texas, Dallas, Oct. 11-26, according to Dr. A. E. Flowers, superintendent of the State Fair speed department.

"As soon as announcement was made that there would be thirteen days of racing at Dallas, inquiries for entry blanks and rules, began to come in," Dr. Flowers said. "Every indication is that we shall see some of the best horses in the country contesting for the aggregate of \$30,000 in purses that will be offered at Dallas."

There are to be four big stake events, entries for which close Oct. 1, with many later-closing events, the purses for which will be liberal and attractive. This year's stake purses will be materially increased over those of last year.

During the last week additional work on the big mile track at Dallas was begun, in the effort to put it in the pink of condition before next December. Hundreds of truck loads of fine road sand were spread over the black dirt of the track two months ago. This had the advantage of the rains prior to July 4, which mixed the sand and dirt thoroughly. The new work constituted running a great double disc harrow over the old track, and still more thoroughly mixing sand and "gumbo" so that after rains will put the course in the best condition possible.

SIX FOOTBALL GAMES DURING STATE FAIR

Six big football games have already been scheduled for the great athletic stadium at the State Fair of Texas, during this year's exposition, Oct. 11-26. The stadium has been enlarged, with the seating capacity increased, and the playing field is in the pink of condition, with a carpet of grass several inches thick. It has also been re-leveled, and with two lines of drain pipe laid, on either side of the field, the gridiron will be perfectly drained, no matter how hard it may rain prior to any of the six big engagements.

The schedule is as follows:

Saturday, Oct. 11—A. & M. vs. Seawance.
Tuesday, Oct. 14—Baylor vs. Central Teachers College, Oklahoma.

Friday, Oct. 17—North Dallas High vs. Bryan High (Dallas).

Saturday, Oct. 18—(All College Day) University of Texas vs. S. M. U., Dallas.

Thursday, Oct. 23—Clarendon College vs. Weatherford College.

Saturday, Oct. 25—S. M. U., Dallas, vs. A. & M. of Texas.

On Friday, Oct. 24, the stadium will be the scene of stirring competitive drills between R. O. T. C. units from various Texas High Schools.

A twice daily attraction at the State Fair of Texas, Dallas, Oct. 11-26, this year, will be twenty big hippodrome circuses acts before the grand stand.

Conditions are much better in the Lorraine territory, according to Fred Brown, president of the Lorraine Chamber of Commerce, who spent a few hours in Colorado Friday. Brown stated that cotton and other field crops in that territory had been greatly improved by the recent rains.

HYMAN VOTING PRECINCT.
Notice is hereby given that the Commissioners' Court of this county in regular session at the August term A. D. 1924 created Hyman voting precinct No. 11 with the following metes and bounds:

Beginning at the S. W. corner of Mitchell county, thence east along Mitchell and Sterling county line to a point where said line intersects section lines between sections numbers 51 and 52, Block No. 17 S. P. Ry. Co. surveys, thence north along the section lines between sections numbers 51, 52, 39 and 40, 33 and 34, 21 and 22, 15 and 16, 3 and 4 of S. P. Ry. Co. surveys, Block 19 to a point where said line crosses Beal's Creek thence in a westerly direction along the meanderings of Beal's Creek to a point where said creek crosses the Mitchell-Howard county line, thence south along the Mitchell-Howard county line to the place of beginning. Hyman school house is hereby designated as the voting place and V. G. Pearce is named as presiding officer until the February Term of the Commissioners' Court A. D. 1925.

J. C. HALL,
County Judge Mitchell County, Texas.

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Mitchell.

LORAINNE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and vicinity. See her and take your County paper

School opened Monday morning September 1st, with a full attendance. The auditorium was overflowing with students, patrons and other friends of education. Rev. Foster, conducted the chapel exercises. After the speakers, Mr. O. E. Stevenson, Mr. C. C. Thompson of Colorado, and Mr. J. J. Riden, had finished the superintendent, Mr. H. E. Blythe, outlined some of the work which is expected to be accomplished this school year. "It shall be our purpose to raise Loraine school to that point of efficiency required by the State department, thus enabling our graduates to enter college without examination." Loraine high school now holds no affiliated credits but the board and the superintendent are asking the department of education for classification of the first class and affiliation. Officers and teachers are Mrs. Grace Jackson, first grade; Miss Mary Ethel Richards, third and

second grade; Miss Nell Fry, fourth; Miss Minnie McIlvain, fifth grade; Miss Mollie Pierce, sixth grade; Miss Ethel Harkins, seventh grade; Miss Cora Ott, English; Miss Claudia Alford, history and Spanish; Mr. Lee Paine, principal; Mr. H. E. Blythe, superintendent.

Mrs. Kirk Taylor's music class will open for this term this week at the home of Mrs. Arlie Martin.

Mr. and Mrs. I. C. Muns and family of Roscoe visited in the home of their parents, Mr. and Mrs. J. S. Muns Sunday.

Mr. and Mrs. Dallas Lowery prospectors from Arlington, were visitors in the home of Mr. and Mrs. W. S. Thomas Friday.

Mr. Oba Gattis and mother Mrs. Rutherford of Cottonwood are visiting friends and relatives in Loraine and vicinity this week.

Mrs. J. E. Morrison and son Preston and daughters Miss Nannie and Mrs. C. E. Manning returned Saturday from a visit to Caddo, Oklahoma.

Mr. T. I. Brown and brother, Mr. E. Brown former residents of Loraine were shaking hands with friends and acquaintances here Monday. They were on their return home to Brownfield from a visit at Coleman.

Mr. and Mrs. F. C. Sloan returned from Sardis, Tenn., Sunday. A brother, Mr. D. M. Sloan accompanied them home for a short visit.

Mr. R. Hall left for Rochester Monday on a visit with relatives.

Mr. Ira Walker of Baird is visiting in the home of his uncle, Mr. B. D. Smith and family.

Mr. M. L. Clark is here from Blackwell to attend the school term and is at home with Mr. and Mrs. H. J. Askings.

Messrs A. W. and Lester, Homer and Virgil Richburg returned Sunday from a trip to Dallas and Kaufman counties.

Mrs. E. H. Allen of China Grove who has been visiting at Jacksboro was a Loraine visitor Monday.

Mr. and Mrs. W. P. Hairston of China Grove were in visiting their daughter, Mrs. Anton White Tuesday.

Mr. and Mrs. Geroge F. Spivey of Brownlee were visitors and traders here Tuesday.

Mr. and Mrs. W. B. Blanton of Valley View were in shopping Tuesday.

Miss Florence Finley has returned to her home at Silver after a few days visit in the C. E. Green home.

Mr. and Mrs. J. H. Neill returned from a business trip to O'Donnell Friday.

Messrs T. C. Sloan and brother, D. M. Made a business trip to Midland Tuesday.

Miss Ethel Smith of Frost enroute to Dexter, New Mexico, arrived Monday and remained over Tuesday with her cousins Mesdames E. F. and Thos. Riden.

Mr. and Mrs. G. K. Baker arrived home Sunday from Ringling, Okla.

Mr. C. E. Pylant of Ellis county visited with his sister, Mrs. W. A. Davis and family Sunday en route to the Plains.

Mr. and Mrs. F. Johnigan and son Zellner of Temple visited relatives here Tuesday en route to Tulia, where they are locating.

Mrs. Ruby Robertson and family have moved to Stanton where they will make their future home.

Mr. J. A. Faulkenberry has purchased lots of Mr. Thomas Davis, located on Colorado street, block 10, and is erecting a five-room bungalow on same this week. Mr. Faulkenberry and family expects to move in as soon as the house is completed.

Mr. Wylie Walker and wife moved in from their farm south of town this week and are at home at the L. B. Walker residence. Mr. Walker has resumed charge of the books at the East Loraine gin.

Mr. Elmer Rushing and family Mrs. Ruby Robertson and family Davis farm two miles north of town.

Mr. Floyd Neill arrived from Prairie Grove, Arkansas, Saturday.

Mr. and Mrs. E. F. Riden and daughters Helen Ruth and Evelyn motored to Sweetwater Sunday where they visited Mr. and Mrs. A. B. Chambers.

Mr. and Mrs. Jim Johnson were Roscoe visitors Monday afternoon.

Mrs. J. L. Elliott and daughter, Miss Rosabelle of Caddo are here visiting in the home of their daughter and sister, Mrs. Arlie Martin.

Mr. M. L. Rice and family of Sweetwater visited in the home of Mr. and Mrs. G. W. Wempken Sunday.

Mr. and Mrs. Anton White, Mrs. J. P. White and son Frank of China Grove returned Sunday from an extended visit to St. Louis.

Mr. and Mrs. B. L. Bolinger and family visited in the Lon Ward home at Hermleigh Sunday.

Methodist Church.

We enjoyed the happy privilege of again holding our opening exercises with the Baptist Sunday school last Sunday morning.

The attendance in our school numbered 235. Keen interest was deeply manifested in the great lesson, as taught by our Savior. The interesting lessons which are now being studied, aid in a constantly increasing understanding and appreciation of that has religious significance which is the purpose of religious instruction. We invite you to Sunday school next Sunday morning at 10 o'clock. Come and enjoy with us the study of the beautiful life of Christ for the remainder of the year.

Epworth League meets at 7. The pastor will fill his regular appointment on the Second Sunday at 11 a. m. and 8:15 p. m. We extend a cordial welcome to all to worship with us.—Reporter.

Mr. W. L. Davis and daughter, Miss Edna Mae, returned to Abilene Monday after a few days visit with relatives here.

Mr. and Mrs. B. G. Bly and family were among those from Big Spring who attended the revival meeting here Sunday.

Rev. H. W. Hanks returned Monday from Fisher County where he has just closed a revival meeting at Palava. A good meeting was reported.

Elder Hayhurst is conducting a Christian meeting at Champion this week while Bro. Chas. Watkins is conducting one at the White church near Longfellow.

Mrs. M. M. F. Johnson, Mrs. Dona Hall and son Fred McPherson and little Francis Bennett returned from Abernathy Saturday where they attended the funeral of the infant daughter of Mr. and Mrs. N. S. Copeland.

Mr. and Mrs. J. R. Coon and daughter, Miss Fern, left Tuesday for a trip to the Plains country and Eastern New Mexico.

Mrs. Virginia Seymore daughter of Mr. and Mrs. J. N. Porter was married to Mr. Richey Howe prominent farmer of Sweetwater Saturday.

Mr. and Mrs. Jno. Coffee returned Monday from a visit to Cisco, Eastland and Breckwelder.

Mrs. Ollie Higgins and children of Merkel are visiting in the S. W. Taylor home this week.

Mr. and Mrs. L. L. Britton, attended the Sacred Harp singing at Hermleigh Sunday. Mr. D. M. Vinson of Abilene accompanied them home for a short visit.

Mrs. Bob Connelley of Whitney who has been visiting at Los Angeles California for the past two months, and Mr. and Mrs. J. D. Glass of Midland were the guests of Mr. and Mrs. C. F. Glass Sunday.

Mr. and Mrs. F. R. Seger were Big Spring visitors Sunday.

Mr. W. A. Givens who arrived from Shreveport Louisiana, last week is on a prospecting visit to the Plains this week.

HAVE YOU URIC ACID TROUBLE?
Many Colorado Folks Are Learning How to Avoid It.
Are you lame and achy; tortured with backache, and rheumatic pains? Feel nervous, depressed, and all played out? Then look to your kidneys. When the kidneys weaken uric acid accumulates, poisoning blood and nerves, and many mysterious aches and ills result. Help your kidneys with a stimulant diuretic. Use Doan's Pills. Your friends and neighbors recommend Doan's.

C. D. Daggett, retired stockman, Colorado says: "I was troubled with my kidneys and had to get up often during the night. I can say Doan's Pills helped me a whole lot and I take pleasure in recommending them to anybody suffering with their kidneys."
Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Daggett had. Foster-Milburn Co., Mgrs., Buffalo, N. Y. 131f

FORD'S BOAT.
DULUTH, Minn., Sept. 4.—With 12,000 tons of coal beneath her hatches for delivery here the Diesel equipped motor ship Benson Ford, the first iron ore carrier of the Ford fleet berthed here at 7:00 a. m. today. Captain Daniels reported an excellent trip while Chief Engineer Walter M. Kitchen declared the performance of the 3,000-horse power Sun-Doxford Diesel engine was most satisfactory, no trouble of any kind being experienced. To effect minor adjustments to the steering equipment the anchor was dropped outside of Port Huron for a few hours. These adjustments, although anticipated, could not be made until the boat had been tested under load and actual running conditions.

The coal she carries was taken on board at Toledo, Ohio and came from the Ford collieries in Kentucky. On the return trip she will carry iron ore for the Rouge Plant from Ford mines in upper Michigan. On the way to Toledo to pick up her first cargo the big freighter was inspected by Mr. Ford and a number of company officials, the flagship Silalia escorting her part of the way.

The Benson Ford was built at the Great Lakes Engineering Works, Ecorse, Mich. She is 612 feet long with 65-foot beam and a draft of 21 feet and when she swung out from her berth at Ecorse into the Detroit River channel the entire absence of smoke from her stack made her conspicuous among the shipping craft. However, a stack on a Diesel motor ship is not built for smoke but instead to house exhaust silencers for great internal combustion engines.

Among other unusual features in equipment the latest addition to the Ford fleet carries the first radio compass ever used on the Great Lakes. On Lake Erie during the run from Ecorse to Toledo music from broadcasting stations in Detroit and Cleveland served to determine the boat's exact position. This innovation in modern navigation practically eliminates fog hazard—the bane of shipping since water transportation began.

United States Shipping Board is interested in Diesel motor equipment and had a representative accompany the Benson Ford on the run from Ecorse to Toledo.
