

OPTIMISM DOMINATES AT OPENING PUBLIC SCHOOLS

The Colorado schools were opened Monday morning under the most flattering conditions ever recalled here, according to declarations of Prof. E. Frank King, superintendent, and others to address the assembly of patrons and pupils at the high school auditorium. The only regrettable feature of the schools of the city, as noted by those speakers, was in the fact that every department of the school will be crowded again this year, contributing, either directly or indirectly, toward placing a handicap upon the student body.

"There are more pupils enrolled in the high school this morning than we enrolled during the entire school year last year," King stated. "This means that we will be forced to use the chemical and physics laboratories as class rooms, thus hindering to some degree at least the efficiency of this part of our school equipment in training the young man and young woman who come here to acquire an education."

King made the statement that an enrollment of at least 1,000 pupils was expected in the schools early during the year, "and we may have that number enrolled before the end of this week," he concluded. There were thirty enrolled in the graduating class Monday morning.

In addressing the assembly, King expressed his sincere appreciation to the Colorado Lions club for the interest manifested by this civic organization in the schools. The club membership formed in a body in the downtown district and marched to the school building. A section was reserved for the Lions in the auditorium.

H. L. Hutchinson, president of the school board, also expressed appreciation for the spirit of co-operation demonstrated by this club. "I am overjoyed at the presence of the Lions club here this morning," Hutchinson said. "Our schools are of more importance to the community than an oil field, a refinery or even a good roads bond issue."

Members of the faculty, school board and ministers of the city occupied seats on the rostrum. At conclusion of a concert given by the Lions Club Orchestra, the assembly stood and sang America, with Thos. Dawes leading. Rev. John E. Chase, pastor of the First Christian church, then pronounced the invocation, after which Mr. King spoke for some time on conditions confronting the Colorado schools.

The school superintendent pleaded for co-operation of the patrons in making of this year the success it should be. He deplored the policy of some patrons of the schools in permitting their children to attend shows go automobile riding at night or follow other diversions when by right they should be at home studying. "In the event you parents allow your children to thus neglect their school work, don't come up here cursing the teacher next Spring if he or she fails to pass the required examination for promotion. We teachers are willing to accept our share of the blame for the delinquency of your boy or girl, but we object to being charged up with results which are traceable to the negligence of their parents."

King made the declaration that another building would be needed for the Colorado schools by another year. He pleaded with the patrons to give the local schools their full co-operation and join in the determination to add to the courses of study subjects training the young men and women in the practical things of life. He urged that courses in manual training, domestic arts and sciences be added. "We would have sixty enrolled in the graduating class this morning, rather than 30," he declared. "If those subjects were offered in our school."

Others to address the meeting were Rev. M. C. Bishop, E. H. Winn, President of the Lions Club; Mrs. Jack Smith, president of the Parent-Teacher Association; Dr. P. C. Coleman, chairman of the county board of trustees, and C. W. Simpson.

Mrs. Smith referred to the fact that the Parent-Teacher Association

FAIR SECRETARY PROMISED SUPPORT OF SWEETWATER

Sweetwater and Nolan county will have strong representation at the Third Annual Mitchell County Fair, at Colorado September 25, 26 and 27, according to information brought back from Sweetwater Monday night by the association secretary, who attended an interesting mass meeting of city officials, executives of the Sweetwater Board of City Development and other citizens there Monday.

After extending our neighbor city the invitation to bring an agricultural exhibit to the fair, and allow us the privilege of designating one day as "Sweetwater Day," the representative said, it was the unanimous agreement that such should be done. Secretary John A. McCurdy of the Sweetwater Board of City Development, in speaking for his city before the meeting declared that Nolan county and Sweetwater appreciated very much the invitation and would be only too glad to accept.

"We will be there," McCurdy declared, "and we expect to have a display of Nolan county agricultural products in your agricultural show. To be sure there will be a goodly number of citizens from this city and county in attendance."

"I have never met with a more pleasant response among the people of West Texas on any project," was the declaration of the fair official here Tuesday morning in discussing the splendid reception given him by city and Chamber of Commerce officials at Midland, Stanton, Big Spring and Sweetwater. Those citizens are really interested in our fair and will come with exhibits and strong delegations to help us make it the best in history."

Snyder citizens are also interested in the Mitchell county fair, it was stated Tuesday. The matter of their participation in the fair was discussed at the Snyder Lions Club Tuesday at noon. No definite action was taken at that time, but the promise was given that in the event the county did not collect and send an exhibit for the agricultural department, the citizenship would be represented.

had recently contracted to purchase an entire city block adjoining the high school campus on the east, the property to be donated the schools as a playground. She urged every patron of the district to become a member of the association and thus have a part in this worthy cause.

Recalling that during the last school year the Parent-Teacher Association spent more than \$1,100 in supplying play ground equipment at the three buildings, Mr. King declared that the Colorado association was the best of its kind in Texas. "Though only a little over a year old, the Colorado Parent-Teacher Association stands head and shoulder above any similar organization in this State," he stated.

Dr. Coleman referred to the compulsory attendance law, stating that the fact had been brought to attention of the county trustees that during last year there were a few scholastics in every district in the county who failed to attend school. "This policy must be stopped," he stated. "We call upon every citizen to co-operate with us in this matter. When you see or hear of any parent violating this law, refer it to the county board of trustees."

CAREY FISHING FOR BIT IN COLEMAN NUMBER ONE

J. F. Carey, contractor drilling Coleman No. 1, for the Humphreys interests on the Dr. P. C. Coleman lease north of Cuthbert, stated Thursday that he was fishing for a ten-inch bit at 2,000 feet. Carey is cementing six-inch casing in his Well-borne No. 1, on the Humphreys lease near Ira at 3,050 feet.

Louie Landau, of the Colorado Bargain House, came in home Sunday night from a six weeks stay in the New York market and reports that he bought more goods than ever before and that most of the stock beat him home.

PRESIDENT BROWN CALLS FAIR EXECUTIVES TO MEET

An important session of directors of the Mitchell County Fair Association has been called by Fred Brown, president, to convene at the office of the secretary in Colorado Friday afternoon at five o'clock. Mr. Brown, in issuing call for this meeting, stated that matters of importance were pending and urged that every member of the executive board attend.

Plans for the Third Annual Fair, which have been going forward under direction of several committees will be discussed. These committees state that every indication now points to the best fair ever held in the county. Members of these committees, including those not on the board of directors but who are working with fair officials in carrying out the varied plans for the fair, are expected to attend this meeting.

WEST TEXAS CONSTRUCTION CO. IS AWARDED CONTRACT

The West Texas Construction Co. of Fort Worth has been awarded contract for street paving in Sweetwater. The city plans laying several blocks of Warrenite bitulithic paving of the same type as recently laid in Colorado.

T. W. Lackie of Abilene, district superintendent representing the company, was in Colorado Wednesday on business in connection with the paving work being done by the company here.

FEW CASES HEARD THIS WEEK IN COUNTY CRIMINAL COURT

But few of the cases pending in County Criminal court were heard this week, owing to absence of material witnesses in several of the cases and other conditions arising causing the court to entertain motions for continuance.

The jury panel summoned for the day Wednesday was discharged within a few minutes after court had been called.

DALLAS JOURNAL PRAISES MITCHELL COUNTY EXHIBIT

Referring to the splendid exhibit shown by Mitchell County in the Agricultural department at the State Fair of Texas at Dallas last year, the Dallas Journal has written the Colorado Chamber of Commerce the information that it desires to run a five hundred word story about the agricultural development in this county in a special edition to be issued during the fair in October.

In addition to the story, the Journal will run a picture of the Mitchell County exhibit at Dallas, in the event such exhibit is shown there this year. The information desired will be furnished the Dallas paper, it was stated at the Chamber of Commerce Thursday morning.

"No charge will be made for this publicity, as it is purely a 'good-will' matter and complimentary," J. W. Maxwell, managing editor of the Journal wrote.

W. S. Cooper will deliver the principal address at a Defense Day program in Snyder Friday afternoon, according to information received by the Record Wednesday from Judge Fritz R. Smith, mayor of Snyder. An extensive program, including band music and a parade is to be staged during the afternoon. All business houses in Snyder are to close during the afternoon.

Mrs. W. B. Buchanan of Big Spring was here yesterday on a visit to her daughter, Mrs. W. W. Whipkey. Mrs. Buchanan was on her way home from a visit to South Texas and stopped over a day here.

CHAMBER OF COMMERCE TO HOLD MEETING THURSDAY

The regular September session of executives of the Colorado Chamber of Commerce, scheduled to have been convened Thursday afternoon of last week at the Barcroft, was postponed one week by order of the president, when it was learned that several members of the board could not attend. The meeting was set for Thursday of this week and will be convened at 6:15 p. m. at the Barcroft. Matters of importance are pending and the president desires that every executive be present who possibly can do so.

Definite action as to whether Mitchell county will send an agricultural exhibit to the State Fair at Dallas will be taken at this meeting. R. P. Price, chairman of the agricultural division of the Chamber, stated this week. H. L. Atkins, county farm agent, has recently completed an inspection tour of crops over the county and will meet with the board to give his ideas as to whether an agricultural exhibit of merit may be collected.

COMMISSIONERS' COURT TO OPEN 2 NEW PUBLIC ROADS

An order was passed by Commissioners' Court Monday directing that two new public roads be opened in the county. One of the new roads is to be in the Buford community and the other at Valley View. Both are short, connecting already established roads and are to be opened without cost to the county.

A petition, bearing the names of 68 persons, requesting an election to vote on the stock law was presented the court. Owing to the fact, however, that only 42 of the number were found to be freeholders in the county, no action was taken. The law specifies that not less than fifty freeholders may be required in order to authorize Commissioners' Court to order such election.

130,000 BRICK FROM OLD COURT HOUSE ARE SOLD

County Judge J. C. Hall stated Wednesday that 130,000 brick, salvaged from the old court house building had already been sold, 100,000 of the number was sold to one party. It is estimated that from 350,000 to 400,000 of these brick will be salvaged, Hall stated. The county is reserving all large dimension materials as is suitable for bridge building or repairs.

COTTON CROP OF TEXAS PLACED AT 4,125,000 BALES

AUSTIN, Sept. 8.—Texas cotton crop this season will be only 80,000 bales less than that of last year, according to estimates published by George B. Terrell, commissioner of agriculture. The crop will total about 4,125,000 bales, Terrell said. This is about 250,000 bales above the federal estimates.

Terrell believes the splendid condition of cotton in the northwest counties show about 16,000,000 acres in cotton this year. A price of 25 cents a pound to the farmer is the lowest cotton can go this year without losing money for the producer, the report said.

SWEETWATER TAKES FINALS IN TENNIS TOURNAMENT

Sweetwater tennis players were victorious at Colorado Tuesday afternoon, when Gaston Foote and Stuart Browning defeated Prude and Majors of Colorado, in the final set of the afternoon's tournament, 6-4.

In the semi-finals Foote and Browning defeated Sanders and Parkhurst, two sets out of three, 3-6, 6-4, 6-4. Prude and Majors won in the first sets from Harris Toler and Dr. Poole of Sweetwater. Other matches between the two cities have been scheduled.—Sweetwater Reporter.

BIG SPRING CITIZENS WILL SEND STRONG DELEGATION

One of the most enthusiastic mass meetings attended by representatives of the Mitchell County Fair Association was held Tuesday afternoon at Big Spring, and attended by a representative number of Chamber of Commerce officials, business men and farmers. W. W. Rix, president of the Big Spring Chamber of Commerce, presided at the meeting. Addresses in which the advantages of placing agricultural exhibits at county and regional fairs were delivered by B. M. Whitaker of Haskell, exhibit manager of the West Texas Chamber of Commerce, and W. S. Cooper, representative of the Mitchell County Fair Association.

The result of this mass meeting was to create an enthusiastic interest in the Third Annual Fair, to be held here this month, and complete preliminary plans for sending an exhibit of Howard county agricultural products and a strong delegation of its citizens to the fair on Howard County Day, which is to be Friday, September 26, second day of the fair.

"We are coming to Colorado strong," Miss Nell Hatch, secretary of the Big Spring Chamber of Commerce, stated after the meeting had adjourned. "The county sending a better agricultural exhibit and a larger delegation than we do will certainly be going strong," she concluded. It was predicted at the meeting that 500 Howard county citizens would be in Colorado for Howard county day.

In addressing the meeting Mr. Whitaker praised the efforts of Mitchell County citizens to build up a good regional fair at Colorado. "There is nothing to demonstrate a better spirit of co-operation as between one neighbor town and another than for you people of Big Spring to go to Colorado with an exhibit and a strong delegation and assist your friends and neighbors to make a success of their fair. The benefit will be mutual to you both. There is nothing you could do which would be of more worth to your county from the standpoint of publicity than to show your agricultural products, and at the same time you will be helping a neighbor county in a most commendable undertaking."

Midland County Day, at the Fair has been designated as Thursday, Sept. 25, opening day, and a strong delegation from Midland and Midland county is to be in attendance. This is also to be Federated Club Day, American Legion Day and Sterling County Day. On this date the decorated automobile parade, officially opening the fair will be staged.

Friday, September 26, in addition to being Howard County Day, will also be designated Scurry County Day, Farm Bureau Day and Mitchell County Day. Judging in the agricultural and other departments will start on this date. An array of major entertainment programs on the fair grounds and at the American Legion Memorial building will be given on this date.

Saturday, September 27, last day of the fair, is to be as big and full of interest as any of the others. This has been designated Nolan County Day, Sterling County Day, and School Children's Day. Several hundred school children from Mitchell and adjoining counties are expected to attend on this date and will form an interesting parade through the business district and to the fair grounds.

It was announced Wednesday that plans for the pageant and coronation of the fair queen had been changed. Instead of giving this program on Thursday evening, September 25, the event will be given on the previous evening. This change was made in order not to conflict with other programs and give the Federated Women's Clubs, which organizations are fostering the program, a better opportunity for presenting this most interesting feature of the fair.

The secretary of the fair association is to meet with citizens in Snyder Friday afternoon to invite them to have a part in the fair. The matter was discussed there Tuesday.

AUTOMOBILE SHOW AMONG BIG ATTRACTIONS AT FAIR

No department at the Third Annual Mitchell County Fair will be more attractive than the Automobile Show, if claims of fair officials and representatives of the Mitchell County Automobile Dealers Association materialize. This department will be located in the new \$50,000 Herrington building, which is now being completed.

Co-operating with the fair management, A. J. Herrington, owner of the building, has consented that the automobile show be held there during the fair. E. H. Winn, president of the automobile dealers association, stated Wednesday that it was believed that practically every make of automobile with factory representation in the county would have a display booth in the building, in addition to the number of accessory dealers who will co-operate in making the show complete.

"This arrangement means that the automobile show at the fair here this year will be one of the very best in Texas," a representative of the fair stated Wednesday afternoon. "The building, one of the best exclusive automobile buildings in the state, is peculiarly adapted for displaying the cars to the best advantage and under direction of the automobile dealers association plans for decorating the building and booths on a large scale are being worked out. The show will easily prove one of the big attractions at the fair."

The show will be arranged in the west end of the building, extending toward the Elm street front as far as space may require. A list of automobile and accessory dealers who will have a part in the show is to be compiled within the next few days.

LOCAL LIONS ORCHESTRA VOTED CLUB MEMBERSHIP

Members of the Lions Orchestra, an organization which has furnished splendid musical programs at the Lions Club luncheons for the past few weeks, were voted honorary membership in the club Friday. The motion, which was adopted unanimously by club members, expressed the sincere appreciation of Colorado Lions for the entertainment furnished by the orchestra.

The orchestra is composed of M. S. Goldman, a member of the club, Joe Earnest, Jack Norris and Raymond Jones, conceded four of the best musicians in the city. An expression of appreciation to Mrs. Barcroft for co-operation with the club in making possible the weekly musical programs. Mrs. Barcroft caused her piano to be moved from the hotel parlor to the banquet room in the basement in order that it might be used by the orchestra.

Rev. John E. Chase, pastor of the First Christian church, a guest of the club Friday, suggested that Colorado Lions take the initiative in creating an interest in the Colorado public schools by closing their places of business Monday morning and attending the opening exercises at the High school in a body. The suggestion was enthusiastically adopted by the club.

NOLAN COUNTY INVITED.

W. S. Cooper, secretary of the Colorado Chamber of Commerce and Mitchell County Fair, was in Sweetwater recently and extended an invitation to Nolan County to send an exhibit to the Mitchell County Fair, September 25th.

Midland, Howard and other counties adjacent to Mitchell will be represented and an invitation to Scurry and other counties will also be extended.

Mr. Cooper says that it is estimated Mitchell County will produce around 30,000 bales this year as compared with 31,000 in 1923. The crop is not in as good shape as last year but the acreage has been increased largely.—Sweetwater Reporter.

One good thing about the national political campaign, which started Labor Day, is that it affords no distraction in Texas. Down here we will take a vacarious interest in the Davis-Coolidge contest, hope and pray for Democratic success and be assured that we will contribute 20 votes in the electoral college to the Davis-Bryan ticket. It is good that it is so, for if Texas had to devote its time from the first of the year to August to its own politics and the remainder of the year to national politics, presidential years would be regarded as recurrent and unavoidable calamities.—Denton Record-Chronicle

Wall street financiers say that if Europe adopts the Dawes plan in its entirety, which it seems has about been done, that this country will enjoy at least five years of the greatest prosperity it has ever known. It is claimed that Europe is greatly in need of everything this country has for sale and that the plan of settlement will give the people over there the money to buy our surplus products. It is claimed it will put every idle man in this country to work at good wages. If this is true we suspect labor could even forgive Mr. Dawes for being in favor of the open shop.—Marshall News.

The editor left Sunday morning for Archer City and left it up to the "Hired Help" to get out this week's issue of The Times, which is a pretty hard job, considering the fact that the said "Hired Help" have no experience in shaking the editorial pen. If you read something in this week's issue of the Times that sounds sort of fishy or crazy like just say that it is the "Devil's Handiwork" and try to overlook it.—Roscoe Times.

There was another fine rain to fall last Sunday. The rain came up from the east. The rain was not as large as was last week, neither was it as broad as the other, and by that we mean extending as far west and east and south and north, but here, and for forty miles east, and about ten miles north and a few miles south and a good many miles west it was good. As a matter of fact, we have not tape measured this rain in depth or height or breadth, but it was a good one and rejoice with all the farmers that got it and feel sorry that the rest did not get it. The rain here was .80 of an inch.—Stamford Leader.

There was some talk, late in the summer of 1923 of establishing a chain of vacant lot playgrounds throughout the city, in time for the summer of 1924. Apparently it was just talk, additional playgrounds were established, but not on vacant lots. The Times would like to see something done with this very worthy idea before the summer of 1925. Certainly public playgrounds have given a sufficient demonstration of their value here; but such parts of the city as the Sibley-Taylor addition and the vicinities of the Barwise, Bowie and Travis schools are still without playgrounds.—Wichita Falls Times.

Recently two telegraphic experts announced the receiving of code flashes which they attributed to be from Mars. Both men are well versed in all known codes and both of them insist that the strange message which they could not decipher was from some other planet. Mars was chosen as the other planet because it is the one logical sphere which is thought by scientists to be inhabited. Whether the code came from Mars or not is of little importance. The fact that it is thought by experts to come from some other planet than our own is the important part. Perhaps scientists are no the road to close discoveries concerning life on the neighboring spheres. Perhaps, in the hurry of the world today the scientist has over-looked a planet which has better life possibilities than has Mars. We can't tell for sure, but who knows?—Plains Journal.

It is a good thing for one town to visit the other once in a while. Whether the visit is made in a spirit of friendship or friendly rivalry it ought to be done for it is conducive to wake up both towns if they have become inclined to get "sleepy." Of course, there is nothing worse than a "sleepy" town. A town may start a great many things it can not finish, but a "sleepy" town never starts anything and never gets anywhere. A town that tries progressive movements and fails at first, will in the course of time bring these movements to a conclusion. A "sleepy" town can't because it never starts them. So, visit from one town to another will serve to wake 'em up.—Abilene Reporter.

Amarillo public schools will open next Monday. More than 4,000 boys and girls will be enrolled in school next week. Not very good news for students who are today entering school—to read today's press reports from Rome of the discovery there by a paleographer of note of Livy's books on the Second Decade of Roman history—a missing link for which historians and archeologists have searched for many decades—history data lost 1,400 years.—Breckenridge American.

There's a new interest this year in the question directed at young people and their parents as to where they will attend school. If the answer indicates any place outside Texas, there's much more point to the query "Why?" Texas boasts each year an increase in the facilities and standing of its institutions of higher learning. Everything that may be obtained in other States is available in the halls of our own colleges, plus the something that Texas can get only at home.—Port Worth Star-Telegram

Indications are that the Mitchell County Fair, September 25 to 27 inclusive, will be one of the most successful ever presented in this section of the State. Neither time nor money is being spared to make the fair the biggest and best ever. Preliminary details are being completed with dispatch and when the day arrives for the opening of the fair visitors will see one of the most stupendous arrays of exhibits ever placed on exhibition in this county.

DATES FOR STATE FAIR AT DALLAS ARE OCT. 11-20

Many Changes All Over Grounds in Progress—Thirteen Days of Horse Racing.

October 11 to October 26 inclusive, are the dates for the State Fair of Texas at Dallas this year, and many new features, as well as many changes in buildings, are promised for the 1924 exposition.

There will be thirteen full days of running horse races on the great mile track; "Tokyo," a reproduction in fireworks of the great Japanese earthquake, will be a nightly feature; "The Passing Parade of 1924," a magnificent scenic, musical and "girl" show will be given in a specially constructed theatre, and the live stock displays, the poultry show, the automobile exhibits and the implement demonstrations, it is declared, will be wonderfully interesting and complete.

Outside of the transformation of the former Coliseum into the new agricultural building, the greatest change in buildings will be the new interior of the main exhibit building. Work has been in progress for two months. The interior will be an exact reproduction of a Spanish village, in architecture, coloring and every other detail, down to—rather up to—the red-tiled roofs which complete the picture.

The handsome new booths will be occupied by exhibits of every description, and broad aisles, from which all manner of concessions have been removed, will give maximum ease and comfort for visitors.

WOMAN TOURIST WILL BOOST STATE FAIR

Emulating the example of Samuel Guy, Dallas real estate man, Mrs. L. L. Massengill of Lawrence, Texas, is to "boost" the State Fair while on a motor tour through West Texas and out into Yellowstone country. Mrs. Massengill wrote the publicity department of the State Fair that she was leaving Dallas July 15, and asked for several thousand copies of State Fair literature to take with her on her trip. The literature was furnished, and the loyal Texas woman was thanked for her offer. It is just such effort which lets the world know of the greatness of the State Fair of Texas—just such loyal co-operation that makes it great.

NEW INTERURBAN LINE READY BEFORE STATE FAIR OPENS

The new Denton Interurban will be in operation well before the opening of the State Fair of Texas, at Dallas, Oct. 11-26, it is announced. The Terrell line into Dallas, was opened just before the 1923 State Fair by 1925, according to all indications. Dallas and Gainesville may be connected by trolley.

Thirty County Premiums As heretofore there are thirty premiums offered for the best county exhibits at the 1924 State Fair, Dallas, Oct. 11-26. County exhibits this year will be seen in the new Agricultural Building (the former Coliseum) right at the entrance of the grounds.

The poultry show at the State Fair of Texas, Dallas, will be held for ten days this year, Oct. 11 to Oct. 20 inclusive.

NEW EXHIBIT BUILDING AT STATE FAIR OF TEXAS HEARTILY APPROVED

President of Exhibitors' Association Declares It Wonderful Addition. Smyth Makes Prediction.

J. B. Graham of Waxahachie, president of the County Exhibitors' Association, has passed approval on the new Agricultural Building at the State Fair of Texas, to be used for the first time at the 1924 State Fair, Dallas, Oct. 11-26.

This is a wonderful addition to the fair equipment," Mr. Graham said, "and will permit the demonstration of Texas' agricultural advantages to the maximum."

J. A. Moore of Grand Prairies, has been named superintendent of the Agricultural department, and will be in charge of the new structure. Mr. Moore was formerly in the government agricultural service and has had years of experience in the work.

Many Counties Get Space Twenty counties have already been assigned space in the new building. Among them is Hale, first prize winner in 1923, and Col. R. P. Smyth will again "chaperone" the exhibit. It will come by automobile truck from Plamview, more than 700 miles. Col. Smyth is a veteran exhibitor, and predicted, after seeing the new building at the State Fair, that fully 100 counties would have exhibits therein by 1925.

WESTBROOK FARMER TAKES OWN LIFE IN SUICIDAL ACT

Allie Byrd, 40 years of age, died Sunday afternoon from gun shot wounds self inflicted. The tragedy occurred at the home of J. M. Byrd, a brother, four miles south of Westbrook.

Mr. Byrd has been in delicate health for some time. Recently his condition became serious and he realized that the end was not far off. Members of the family are of the opinion the sick man, in brooding over this condition, became temporarily unbalanced and then determined to take his life.

Sunday morning Mr. Byrd and members of his family left Allie at the home and went to attend church services. Upon their return they found that he had gotten up out of bed and secured a shot gun. As J. M. Byrd started to enter the room, Allie threatened him with the weapon. Sheriff I. W. Terry was summoned but soon after arrival of the officer the man turned the gun upon himself, inflicting a wound from which he died shortly afterward.

In letters left to his brother and mother, the dead man declared that he desired to end it all, believing such a policy would be best. The body was buried Monday. Mr. Byrd was a single man.

SIMMONS COLLEGE OPENS NEXT MONDAY FOR TERM

Monday, Sept. 15, marks the opening day of the West Texas Baptist Sanitarium. It is also the opening day of Simmons College for 1924-25. It will be a great reunion day for the friends of the college and sanitarium. The program will begin at the College at ten o'clock Monday morning. Addresses, interspersed with numbers from the Fine Arts Department will be made in the college chapel.

A basket dinner will be served among the trees on the campus. During the afternoon a reception will be held in the Sanitarium, giving to all an opportunity to inspect the building and its equipment.

You are cordially invited to come. Bring a basket if convenient. If not, come anyway, for ample provision will be made for all.

The Baptist Women's City Union of Abilene is in charge of the day as auxiliary to the Boards of Trustees of the college and sanitarium and unite with them in extending a cordial invitation to every friend of these two great institutions to come.

Let's keep the revival in our hearts even if the meeting has closed. We welcome people of the surrounding communities who have no organized Sunday schools to come and join us. We need you and you need the Christian influence of a good S. S. Give your children moral as well as physical and mental training. 160 were present Sunday. Our goal at present is 200. The 3rd Sunday is regular church day again. Let's make the pastor's heart glad by having every member of the church present. Visitors heartily welcome at all times.—Reporter.

Methodist Church.

There will be preaching next Saturday evening at 7:45 when Rev. R. A. Stewart, presiding elder of Sweetwater district will fill the pulpit, after which the fourth quarterly conference will be held. He will preach again at the 11 o'clock hour Sunday morning. The Epworth League will render a program at seven o'clock in the evening and at eight o'clock the pastor, Rev. H. W. Hanks, will preach using for his subject, "God's Unchanging Promise." We extend a cordial welcome to all to attend these services, and feel sure you will hear something new and worth while. Our Sunday school is growing in attendance and interest. 238 were present last Sunday. If the Sunday school is made interesting to this number might you not find it interesting to you? There is nothing that can take the place of the Sunday school as an aid in building character. Religious education is learning to live as Jesus lived and without religious education is incomplete. Therefore the Sunday school is deeply interested in its pupils, that they shall be given an understanding of the Christian ideal, hence, the necessity of Sunday school motivation which is the process of stimulating and developing motives. We invite everyone who is not already a member of Sunday school to become interested in the great work which makes for a better nation, better community and better homes and to meet with us on Sunday morning at 10 o'clock.—Reporter.

Winsett Carroll Revival Closed

The revival meeting under auspices of the Baptist church closed Sunday night. The evangelist and singer left immediately for their homes where they will take a few days rest before entering another revival at San Benito in the Rio Grande Valley. All the services were well attended by the local people and a number of visitors from Big Spring, Midland, Abilene, Colorado and other points were welcomed. About 56 persons responded to the various propositions offered at the close of services. 21 were admitted to the church by professions of faith and baptism. Those who attended the series of sermons feel that much and lasting good has been done. Loraine is to be complimented on being able to secure such men as the leaders were to come here and give their time wholly and unselfishly for the good of the town. The illustrated lecture on "Present Day Evils" along moral lines was well attended by an attentive and appreciative audience on Sunday afternoon. Grandma Osgood of Big Spring who has joined the evangelistic forces in both meetings held here joined the church and was baptized. She is 78 years old.—Reporter.

STOP THAT BACKACHE Many Colorado Folks Have Found The Way. Is a dull nerve-racking backache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidneys. Your neighbors recommend Doan's Read what this Colorado resident says:

Mrs. N. P. Beard, says: "When I do a little heavy housework, I seem to get a catch in the small of my back and it causes me to feel tired and languid, I can always depend on Doan's Pills and they never fail to relieve me. It Takes Real Horse Power

It often takes "real horse power" to pull the heavy mud stuck automobile out of a hole. But horses that have been fed right will have the extra power needed for such work.

If you want your horses and mules in the "pink" of condition for any kind of heavy hauling you must feed them right. Then they'll have glossy coats, bright eyes and they'll stand erect and firm. You'll get a full day's work, no lost working time.

Scores of horse and mule owners have found that Purina O-Molene feed produces healthier horses and mules and more work.

Any Horse Owner

It costs no more to feed. Purina O-Molene is made of choice grains specially prepared, and balanced to get more work from work animals.

We'll be glad to tell you more about it.

COLORADO MUSICIANS LEAVE FOR ST. PAUL CONVENTION

M. S. Goldman, director of the Colorado Booster Band, and Raymond Jones, member of the band and director of the Junior Booster Band, left Wednesday for Fort Worth where they will be joined by leading band men from over the State to form the personnel of the Old Gray Mare Band. This band will accompany the Fort Worth delegation to the National American Legion convention at St. Paul, scheduled to leave Fort Worth September 12.

This makes the third consecutive year Goldman has accompanied the Old Gray Mare band to these conventions. He was with the band at New Orleans and also at San Francisco. Fort Worth will seek the next annual convention, to be held in 1925.

HEN, LESS THAN 6 MONTHS OLD, HATCHES OUT BROOD

Jack Nolan reported Wednesday that a buff Orpington pullet at his home, which was hatched on March 15, proudly came from off her own nest that morning the mother of 16 baby chicks. He believes this is a record. The pullet began to lay when not much larger than the fryer stage, he stated and three weeks ago after having filled her nest with 16 large eggs, began to set. Every one of the eggs were hatched.

Owners of horses and blooded stock are large users of Liquid Borzone. It heals wounds, festering sores, barbed wire cuts by a mild power that leaves no disfiguring scars. Price 30c, 60c and \$1.20. Sold by all druggists. 9-30.

AMERICAN LEGION POST WANTS PECAN TREES

September 30 is Arbor Day. None of us but had a buddy who didn't come back, whose memory does not rise before us as we stand to face the east.

On Arbor Day, let's plant a tree for him. Better small, perhaps, that we might watch it grow. Just as our thoughts of him will grow bigger, finer and stronger throughout the coming years. For we shall come to appreciate him more. A tree, a living memorial that shall represent all that he meant to us, inspiration for continued service through all the years to come. To remind us that he gave his all that we might enjoy the privileges of citizenship in the finest land of an unfettered world—America.

Let's plant a tree at the Legion Hut and it can stand there too after we are gone, silently to tell the world "I represent the strongest of all bonds, the bond between men who have served their country side by side during the dangerous days."

Oran C. Hooker Post desires to plant pecan trees all around its hut. Any citizen who desires may donate a tree. Name the tree for any deceased relative who died in the world war.

12,787,000 BALES IS LATEST GOVERNMENT ESTIMATE CROP

WASHINGTON, Sept. 8.—Cotton has passed through the month of August with less deterioration than in that month last year and less than the average August of the last 10 years resulting in a forecast today by the department of agriculture of 12,787,000 equivalent 500 pound bales for the season's crop. That is 169,000 bales less than forecast from the condition of the crop in the middle of August and 2,658,000 bales more than produced last year.

The condition of the crop on September 1 was 59.3 per cent of normal indicating an acre yield of 151.5 pounds. The August 16 report this year placed the condition at 64.9, indicating an acre yield of 153.5 pounds and a crop of 12,956,000 bales at that time. Production was 10,128,478 bales last year when the condition was 54.1 on August 25, the nearest comparative date.

Ginnings totalled 1,142,660 running bales to September 1st last year. Round bales included in this year's ginnings totalled 36,761 compared with 52,575 last year.

Ginnings to September 1st this year in some states follow: Louisiana 57,573; Oklahoma, 3,329; Texas, 630,842.

In a summary of conditions the department said:

"The outstanding fact with regard to cotton for the latter half of August is dry weather in many regions prolonged to a severe drouth.

"Northwest Louisiana has had practically no rain since June 2 and the plants are short and have stopped growing.

"There has been continued lack of rain in central and eastern Texas although there have been beneficial rains in the northwest portion. The temperatures in that state have been high in central and eastern Texas the stands are poor and the number of

bolls that were safe on September 1st was below average.

"The southeastern and southern parts of Oklahoma are suffering with drouth, but in the state as a whole enough squares and bolls remain to produce a good crop.

"Throughout most of the cotton belt growing conditions have been such as to cause smaller plants and bolls than usual and premature opening of bolls although the season is regarded as somewhat late.

"Damage by boll weevil has so far been light throughout the entire cotton belt except south Texas."

MITCHELL COUNTY FAIR REPRESENTATIVE IN MIDLAND

Mitchell County will have a unique fair this month according to W. S. Cooper, of Colorado, who was in Midland last Monday. The dates will be September 25th, 26th, and 27th.

Mr. Cooper is secretary of the fair, as well as of the Chamber of Commerce, and was in Midland conferring with Secretary Vickers about the Midland County exhibit at the Mitchell County Fair. Mr. Cooper acknowledged that Midland was getting

some of Mitchell County's most desirable citizens and recommended them highly.

This is the third annual fair for Mitchell county, and they are expecting it to be much greater than the first and second. They will exhibit agriculture, livestock, poultry, automobiles, industrial commodities, and practically everything of interest to the people of West Texas.

In the matter of entertainment, they have secured the Donald-McGregor shows, described as one of the best, cleanest and largest entertainment organizations in the Southwest.

They have modern riding devices, and other varied attractions.—Midland Reporter.

W. R. Daniels of Abilene, general agent for the Texas and Pacific, and E. A. Pistole of Big Spring, superintendent of the Rio Grande division were in Colorado Wednesday on official business. The officials indicated that business with the T. & P. continued to be good.

DESIRE FOR MONEY LEADS TO RUIN.

The papers are full of stuff concerning the bad doings of men and women who have more dollars than sense.

Bad management always leads to trouble, if not to wreck and ruin. Bad management of matrimonial affairs is no exception to the rule, or, rather, to the law. Bad conditions in any sort of system are sure to crop out. If in the human system boils and sores and various physical defects and imperfections manifest themselves.

Bad condition in homes, or in society, are no less certain to come to the surface, and no amount of whitewash glossing or veneering can hide the ugly ulcers. Money will render the men durable about as long as any-

thing, but it will not suppress the stineth.

It is the foolish desire for money that makes anarchists of men who would otherwise be good citizens. The sight of rich-do-nothing men and women cause young men and women to desire money so that they may become do-nothings. Young women sell themselves to worthless men who have money, while young men of many parts sell themselves as slaves to women who sooner or later come to love them less than they do their poodles.

No doubt you may have known fond and foolish parents who once were proud of their bright sons and daughters, but now are ashamed, heartbroken, and in the depths of despair of the blighting curse they put upon their children.

The getting of money for laudable purposes is worthy and commendable, but getting it merely for the sake of possessing it, or for the purpose of gratifying whims and passing desires is one of the worst habits one can fall into.

The present social conditions of the Anglo-Saxon element in this country is not as promising and hopeful as could be desired.

The size of the native American family is now less than three, when before the war it was five. What meaneth these figures. The Goths and Vandals of Europe have been invading this country for years, and with average families of six, how long will it be until they have conquered us as completely as they conquered great Rome?

Isn't it about time that teachers and preachers should take up these matters and present the folloy and the sin of it so that coming generations may avoid the misery of it all?—Lubbock Avalanche.

Poultry Facts

Keep the poultry house clean and sanitary.

Keep on culling the flocks and marketing the nonproducers.

To hatch chicken eggs requires 21 days, ducks, 28; turkeys, 26; geese, 30, and pigeons 18 days.

Don't wait until a week before the holidays to market poultry. Generally it pays to sell at least part of the flock early in the season.

Fresh eggs, properly preserved, may be kept from six to ten months and be almost as good for household use as fresh eggs. This is the reason preserving eggs has become so popular.

The number of eggs gathered during November, December and January is a measure of the poultryman's profit.

The number of eggs laid by next year's pullets depends greatly on the male birds selected. You can take your pick now.

One of the main things with young poult is to keep them warm and dry. After they begin to "shoot the red," turkeys are the easiest of all fowls to raise.

There is higher priced Auto Oil, but none better than Supreme XXX handled by all leading garages.

Our Buyers Are Back From the Eastern Markets

There is no better time than right now to select your fall suits and dresses. Our stocks are complete and can give you the very newest styles at the most moderate prices. Our Mr. Landau has just returned from the Eastern markets and he brought with him some real new merchandise for each department in our store.

You are invited to visit our store and we will be glad to show you our new arrivals even though you are not quite ready to make your fall purchases. We are very proud of our new and up to date stock and it will be a pleasure to have you try on the article you admire and at your request will put same up and hold it for you until you are ready for it.

It is needless to go into details about prices as we have proven to our customers that we can save you money on anything in our line. Many people in Mitchell and surrounding counties have laid their catalogues down and made The Colorado Bargain House their headquarters for everything to wear. Many a dollar that used to go to mail order houses is now left at home.

Please bear in mind that when you make a purchase at our store you are not taking any chances. Every item that leaves our house must be satisfactory or your money will be refunded.

COLORADO MAN ASKS FOR EXHIBIT AT MITCHELL FAIR

From Sweetwater Reporter: Paving was the principal discussion at the regular meeting of the Board of City Development Monday evening. Mayor Joe H. Boothe and Street Commissioner Walter Trammell were present as well as representatives of the paving companies and types of paving, methods of financing were thoroughly discussed. W. S. Cooper, secretary of the Colorado Chamber of Commerce told of the paving program in that town and how three additional paving contracts had followed the original one for nine blocks until a total of more than 26 blocks had been paved. It was reported that residents of a number of streets in the city were getting lined up to petition for paving. Secretary Cooper was presented at

the meeting to ask that Nolan county send an exhibit to the Mitchell County Fair and to select one of the three days as a Sweetwater and Nolan county day. The fair at Colorado will be held on September 25, 26, and 27. "Sweetwater is ideally located for a region fair of its own. I am indeed glad to note that Sweetwater is taking steps toward a Nolan County Fair and I hope that in time to come this will grow into a regional fair wherein a large portion of West Texas can be represented. And I am here to promise you that you can depend upon Colorado to the fullest extent possible in putting over such a proposition," he said. Loose spokes in your wheels fixed at once and do it right. Can rebuild your wheels, reasonable price. See H. D. Womack at Womack and Neff. 9-12p

Help in the Work.

It is the earnest desire of the chairmen of the different departments of the women's work of the Mitchell County Fair, that it be a success and in order that it may be, all will have to work together. From all over the county the good news comes that the women are taking an interest in the work. That is as it should be. Let every district chairman interest every woman and girl in her district in having a part in the exhibits and have their work ready for display on the opening day. Mrs. McKenzie and her group of workers will assist in every way possible with the textile work. Mrs. Landers is also anxious to have the very best display possible in the culinary department as is also Mrs. Jim Johnson in the art department. Miss Sealy is giving her undivided attention to the home demonstration work and is desirous of success. Study catalog and held in every way possible these few remainders.—Mrs. A. L. Whipkey, Superintendent of Woman's Department. Sheriff I. W. Terry is in Ft. Worth attending the annual convention of the Texas Sheriff's Association. The Mitchell county sheriff was "Shot" by the staff photographer of the Ft. Worth Record Wednesday and his picture appeared on the front page of that paper Thursday morning. Mrs. W. S. Cooper and children returned Sunday afternoon from Sweetwater after spending a visit there with her parents, Mr. and Mrs. W. M. Wade.

MARTIN COUNTY TO ENTER EXHIBITS AT MITCHELL FAIR

STANTON, Sept. 8.—A rousing mass meeting of Stanton business men was held here to meet with W. S. Cooper, secretary of the Mitchell County Fair Association, and perfect plans for sending another agricultural exhibit to this fair, to be accompanied by a large delegation of Stanton and Martin county citizens. Speakers extolled the brilliant future of Martin county as one of the coming agricultural counties of West Texas. Crop conditions throughout the county were declared to have never been better and hundreds of new settlers are expected to locate in this county during the next few months. Last year a delegation 300 strong and accompanied by a brass band attended the Mitchell County Fair on Martin County Day. The agricultural exhibit from Martin County was awarded first prize last year—Fort Worth Star-Telegram.

MIDLAND COMING STRONG, MAYOR PAUL BARRON SAYS

That Midland and Midland county will vie with other West Texas counties in bringing the largest delegation to the Mitchell County Fair, is indicated in a letter received Wednesday from T. Paul Barron, publisher of the Midland Reporter and Mayor of Midland.

At the directors meeting of the Midland County Chamber of Commerce last night, T. E. Bizzell was authorized to go the limit in getting up the Mitchell County Fair exhibit," Barron stated, "employ necessary trucks and take it to Colorado. He is to be assisted by others. "To back up the agricultural exhibit, we have made plans to bring several car loads of business men down there on the day you have your parade, and take the fair in. We are going to work to get a big crowd for this trip. The Reporter will carry quite a good deal of publicity about your fair and our plans to attend it in the issue for Friday."

Fall, the most beautiful part of the year, is rapidly approaching. Already the West Texan must reach down to the foot of his couch and pull a quilt over his frame in the early morning hours. There is a snap and vim in the air. Soon the straw hat and the ice-cream clothes will be taboo among fashionable persons. Fall, the poetic season, the beautiful season, the glorious season, is on the way. Broilers and fryers for sale at Lambeth's Poultry Farm. Fix your gutter before the rain. Phone 409, B. W. In a year or two the Bankhead Highway will be paved clear across Texas. The suggestion has been made that the great highway be beautified with trees throughout its length. Such a course would cost a pot of money but it would be worth every cent it cost. This will be the only trans-continental highway that is open the year round and in time will carry as heavy or heavier traffic than the famous Lincoln Highway, across the

northern half of the country. Tens of thousands of motor tourists are using the Bankhead every year, but when the road is paved from coast to coast its popularity will be increased tenfold.—Abilene Reporter.

Of course a tree lined Highway would be mighty fine, but let us first get the highway. A minority of the Mitchell county people have said they do not want a highway even without the trees.

CAMP McENTIRE LOCATED ON HISTORICAL GROUNDS

Camp McEntire is now the official Boy Scout camp of several surrounding counties including Mitchell, Nolan, Howard and Fisher. It is one of the most beautiful spots on the North Concho. It is situated in a pecan grove in a bend of the river in the U. pasture. George McEntire set aside this beautiful spot as a play ground for the Boy Scouts. The deep pools of crystal water fed by eternal springs make it an ideal spot for fishing, boating and swimming.

Mountains on either side of the ground adds beauty to the scene, besides it furnishes that which nothing else does for boys to hike and explore. The grounds have been cleaned up and improved by the Scouts during their last encampment.

The grounds are rich in past history and Indian lore. One mile to the northwest of the camp are the ruins of an old army post which was abandoned in 1885. It was called Camp Elizabeth. Here, hundreds of Uncle Sam's troops were stationed to beat back the Indians from the settlers to the east, as well as to serve as a health resort for invalid soldiers. When we first knew the spot thirty-seven years ago, the buildings consisted of barracks, officers quarters, kitchen, hospital and corrals all intact. The buildings were constructed of rubble stone and adobe mortar, and were very neat and comfortable, but since then they have been torn down. Here the soldiers had target butts where they practiced rifle shooting. There were two of these, and if you were to visit the spot, you would still find empty shells and bullet on the ground which were fired more than forty years ago. A great pile of rusty horseshoes recently turned up by the road crew shows where the army farrier shod the horses.

Thirty-seven years ago, the pecan grove which is so beautiful and which shades Camp McEntire, consisted of a lone pecan tree about six feet in circumference and a bush about a yard high. Today, that lone pecan

CHANGES MADE IN SCORE CARD COMMUNITY EXHIBITS

In order that exhibitors in the community agricultural department at the Mitchell County Fair be not required to collect such a large number of several specimens required, Fred Brown, president of the fair association, at suggestion of some of the federated clubs, has authorized the following changes:

Corn, changed from 50 ears to 20 ears, of each variety; maize, changed from 50 heads to 25 heads of each variety; threshed grain, changed from 2 gallons to one gallon of each variety; sweet pickles, changed from 5 quarts to 3 quarts; sour pickles, changed from 5 quarts to 3 quarts; and lard, changed from one gallon to one-half gallon. The score card governing these exhibits appears on pages 52 and 53 of the fair catalog.

Cheapest in the Long Run

The cheapest priced wagon is the one which will save you the most money—and there is far more than the first cost to be taken into consideration with most wagons. But with "The Old Reliable Peter Schuttler" it's different. With it, the first cost is practically the only cost. It's built right and stays right. It saves repair bills; it avoids break-downs; it reduces the after purchase expense—and it wears longer than any other wagon built.

And with all its cost-reducing, time and trouble-saving features, the first cost of the "Peter Schuttler Wagon" is only slightly more than the first cost of the inferior makes. And every cent of the extra cost goes into extra quality. There's no more profit on a "Peter Schuttler Wagon" than on the so-called other standard makes. The difference in price is due entirely to the difference in material and the difference in the way this material is put together. It is this difference which makes the "Peter Schuttler" by far the cheapest priced of all wagons in the long run.

B. M. WHITAKER TO JUDGE IN AGRICULTURAL DEPARTMENT

B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, will judge agricultural exhibits at the Third Annual Mitchell County fair at Colorado September 25, 26 and 27. Whitaker spent several hours at Colorado Tuesday in conference with representatives of the fair association as to plans for the show.

Mr. Whitaker, who is considered one of the best authorities on farm products in the Southwest, judged exhibits in that department here last year. He expressed interest in the fair here and predicted that it would be the matter of only a few years until one of the best regional fairs in West Texas could be built at Colorado.

Whitaker was en route to El Paso where he will have charge of an All-West Texas exhibit at the International Exposition which opens September 18th for ten days. He left Colorado Tuesday afternoon for Big Spring.

DOG SHOW AT ABILENE FAIR TO BE BIG ATTRACTION

ABILENE, Sept. 8.—One of the features of the West Texas Fair at Abilene, September 22-27, drawing marked attention and much interest from a wide section, is the second annual Dog Show of the Abilene Kennel Club. Twenty-six silver loving cups of various designs, and other trophies, which will be awarded the winners, are already on display here. In addition, there are several cash prizes offered. Officials of the Abilene Kennel Club are enthusiastic over the prospects for a real bench show, with more than 135 entries from handlers all over the country. George W. Clayton of Chicago, one of the best judges in the United States has been secured as judge for the Dog Show.

This feature will be a leading number of the fair program for three days of the six-day period, Wednesday, Thursday, and Friday. Last year the Dog Show attracted thousands of visitors at the West Texas Fair, and was one of the most popular features. The entry list for this first annual event of the Abilene Kennel Club reached a total of eighty-three, and handlers from all over the state were represented. Enlargements are being made on the Dog Show building for the 1924 fair, with the addition of some fifty bench stalls.

ROSCOE WINS TENNIS MATCH AT COLORADO

From Roscoe Times: The Colorado Tennis Club invited teams from Roscoe and Big Spring to an all-day tennis match at Colorado Monday. Roscoe ten's players were represented by Harrie Smith and Grady Norris as one team and Otis Parker and Chas. Green as another team. Grady and Harrie were eliminated in the early stages of the tournament by a Colorado team. Otis and Chas. however, continued in the tournament and eliminated every team they played against, winning the honors for Roscoe. The match started about 9:30 in the morning and continued until about six thirty Monday afternoon.

MERIT

In order that an individual or company of individuals arrive at that point in life service where they are the just recipients of praise for deeds well done, there should be booked to their credit some undertaking of real merit. There is not an organization in Colorado entitled to more credit for such commendable service than the Parent-Teacher Association, of which Mrs. Jack Smith is president. This civic service body, composed of the men and women of the Colorado Independent district who are really interested in the schools, have done much to the end of bettering conditions in the school room and on the play grounds and moulding a closer relation between the faculty, patrons and student body. Just now they are asking the public to join them in making a gift of an entire city block to the schools, the grounds to be used as a play ground for the children. Nothing could be more worthy, and, The Record believes their efforts to raise the funds will not go in vain.

THE CONSTITUTION

The week of September 14 is to be known as Constitution week, and churches, schools and lodges are requested to provide exercises appropriate to the occasion.

The setting aside of days and weeks for special causes has been overdone and very properly there is a growing impatience with these celebrations; there are too many of them. But Constitution week will meet with general approval.

The Constitution is the fundamental law of the land; it is the statement of the great principles that underlie all our laws, traditions and history. In the truest sense it is the palladium of our rights and privileges. Without it all American history becomes unintelligible.

When promulgated it was an epoch making document, and its appearance announced the opening of a new era. It is the embodiment of liberty, justice and fraternity.

Every citizen should understand its principles, be informed concerning its provisions, know something of the history of constitutional government, and imbibe its liberal spirit. Intelligent citizenship is impossible without an understanding of this significant document.

An earnest revival of interest in its teachings would bring a rebirth of patriotism. American ideals are sure insofar as the people lovingly abide by the doctrines of democracy inscribed in the Constitution.

Colorado Farmer Buys at Midland.

T. E. Bizzell reports the sale of the Klapproth and Stanley farm, 3 miles northeast of Midland, to W. H. Brown of Colorado, one of Mitchell County's best farmers. The farm is composed of 120 acres of fine agricultural land, and has been cultivated for several years. Each year's crop has demonstrated the fact that the soil is first class. Midland welcomes Mr. Brown and his family, and hopes he will soon arrive to make Midland his permanent home.—Midland Reporter.

W. S. Cooper of Colorado was here Monday to interest our folks in having Howard County represented at the Mitchell County Fair, Sept. 25, 26, and 27, with a fine agricultural exhibit. Mr. Cooper is secretary of the Colorado Chamber of Commerce.—Big Spring Herald.

Biggest ^{AND} Best Ever Given in Mitchell County

THE THIRD ANNUAL

MITCHELL COUNTY FAIR

COLORADO SEPT. 25, 26, AND 27

Will be among the real big and successful fairs to be held in Texas this year. Every Department has been materially enlarged over last year, made more attractive and will furnish a lasting entertainment and educational impression.

Major Entertainment

The Mitchell County Fair Association has booked one of the largest and most reputable entertainment organizations of the country for the entire three days. There will be an amusement attraction for every man, woman, boy and girl, every minute, day and night from the formal opening Thursday morning, September 25, until the last program has been given Saturday night, September 27th.

Spectacular Pageant

THE MOST BRILLIANT ARRAY EVER ATTEMPTED IN MITCHELL COUNTY will be presented in a strikingly beautiful pageant to be given on the evening of the first day at fair grounds. The pageant, to be given under personal supervision of the Mitchell County Federation of Women's Clubs, will present an historical resume of Mitchell County from its inception down to the present. This one bill will be well worth your time to attend.

Hundreds of Dollars in Cash Prizes

The Fair Association will distribute a long list of cash prizes in the Agricultural, Livestock, Fine Arts, Culinary, Boys and Girls Demonstration clubs and other departments at the fair. Scores of unique and original entries have been made in some departments.

MICHELL COUNTY INVITES YOU

Thousands of citizens from within a radius of 100 miles of Colorado will attend this big event of the year. The entire citizenship of Mitchell County extend a most cordial invitation to you to join them during the fair. Every hospitality possible will be extended and one of the best fairs and recreational conventions ever known in this part of Texas is promised.

LORAIN BLACKSMITH SHOP DESTROYED BY FIRE

About two o'clock Wednesday morning the Journey Blacksmith shop located just west of the McElrath Feed Store was discovered on fire. At the time of the discovery the fire was so far advanced that there was no chance of saving the building or any of the contents, and the water pressure was so weak that it was absolutely useless.

There was no wind stirring and the building being of sheet iron, there was never any danger of catching any of the nearby buildings. The loss will amount to several hundred of dollars, partially covered by insurance.—Lorraine Leader.

CONCESSIONS YET OPEN AT 3RD MITCHELL CO. FAIR

A few attractive concessions, including novelty and pop corn, are still open, according to C. S. Thomas of Colorado, manager of this department of the Third Annual Mitchell County Fair. Interested parties should confer with Mr. Thomas at once.

"HUSK" O'HARE'S ORCHESTRA FEATURE OF STATE FAIR

"Husk" O'Hare's famous Chicago "Society Orchestra" is to be a big musical feature at the State Fair of Texas, Dallas, Oct. 11-26 this year. "Husk" and his men will appear with the "Passing Parade of 1924" in the "New Theater" to be located just east of the Automobile and Manufacturers' Building. The "super orchestra" as it has been called, is one of the most popular musical organizations in Chicago, and is the official broadcasting orchestra for radio Station WLS.

CHILDREN'S DAY, OCT. 17 AT THE STATE FAIR

Friday, Oct. 17 is Children's Day at the State Fair of Texas, at Dallas this year. As usual, all school children of Texas will be admitted free on that day. Distribution of tickets has already begun, the details being handled by the Welfare Department of the City of Dallas. Teachers anywhere in Texas, who anticipate bringing their pupils to the State Fair, may apply for tickets to Mrs. Albert Walker, Welfare Department, 300 City Hall, Dallas.

DID YOU EVER STOP TO THINK.

That most automobile drivers have the power of thinking. Some haven't. The one's who have the power of thinking, always think "Safety First."

That the ones who are without the power of thinking properly go on the theory that the accidents will always happen to the other fellow.

That some of them tear across crossings on the theory that all traffic will halt automatically to let them pass.

That some of them "step on the gas" and whiz by other machines without even blowing their horns, or even looking to see if any cars are coming from the other direction.

That some of them think pedestrians and horse-drawn vehicles have no rights.

That some of them think traffic officers are ornaments and something to be ignored. Some find out their mistake. Some don't.

That traffic regulations are made for public safety. Those who do not observe them, sooner or later go to a hospital or graveyard.

Some cities should play "Safety First." Make them observe traffic regulations, or make them go to jail.—That's "Safety First."

"ALL-NEW FAIR" WELL DESERVED BY 1924 STATE FAIR OF TEXAS

Many Brand New Features Promised for Annual Exposition at Dallas, Oct. 11-26.

That the title "All-New Fair" will be well deserved by the 1924 State Fair of Texas, Dallas, Oct. 11-26, is the verdict of all who have studied the program for the thirty-eighth annual exposition, now practically complete.

Utmost praise has been given the new interior of the main exhibit building, which is in replica of a Spanish village, with the distinctive Moorish style of architecture preserved throughout. It is the most unique as well as the handsomest building of its kind anywhere. The new Agricultural Building—the former Coliseum—will house hundreds of agricultural exhibits of every description, and being located directly at the entrance to the grounds, thousands will see them and more than ever realize Texas' agricultural importance.

Big Dairy Show
There is to be a most comprehensive dairy show, in keeping with Texas' development as a dairying State. In connection there is to be a government display more complete than any ever brought south.

The program for the thirteen-day running race meet has been completed, and entries are already in from owners of some of the best horses in the country. There will be four big stake events of \$1,000 and over each, and six races every week day.

Complete, comprehensive and instructive displays of implements, machinery, farm power plants and other appliances will be of keenest interest, and the amusement program is the most ambitious in years.

Prospects for the great live stock show are for the most magnificent display ever seen, and the same is true of the poultry show, wherein more than 5,000 prize birds will be on display.

In the annual State Fair automobile show, the very latest in automotive development will be displayed in hundreds of brand new models, and manufacturers' "action" displays in the same building will hold interest for thousands.

"SPECIAL DAYS" DESIGNATED FOR STATE FAIR OF TEXAS.

Many "special days" at the State Fair of Texas, Dallas, Oct. 11-26, have already been designated and additional requests are being received daily. Hunt County Day will be Wednesday, Oct. 15; and the Lions and Rotary Clubs of two towns are behind the movement for a big day. Clarendon and Donley Day will be Thursday, Oct. 23, and Texas Commercial Executives will be at the fair on Saturday, Oct. 18. That day is also "All College Day," University of Texas Day and Congress of Mothers' Day.

It is common to wonder where the people get all their money to buy and run automobiles. A statistician comes forward with a statement that we are spending less money for and on automobiles in this country than we used to spend for whiskey. Which speaks well for the people. Automobiles are responsible for a lot of accidents, of course, but whiskey used to wreck more lives and more homes in a week than autos would in a generation.—Texas Highway Bulletin.

CORRECT FITTING

Whether you derive the greatest good from your eyeglasses or spectacles depends to a great extent upon whether they are correctly adjusted in the first place.

We pay a great deal of attention to this matter of adjustment. We fit the lenses to exactly correct your defects of vision and then adjust them so they will be in absolutely right optical position before the eyes at all times.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago . . . I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI

The Woman's Tonic and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that . . . when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.

COUNTY FEDERATION
The Mitchell County Federation of Women's Clubs met in Baptist Sunday school rooms Tuesday afternoon.

Good reports were made by the clubs present. The Daughters of the King had done charity work. The Thrift Club reported sewing, canning, preserving and poultry raising and all members were working on exhibits for community booth at Fair. In fact, the county fair was the keynote of all work. Mrs. W. R. Hester, president of Parent-Teacher Association at Lorraine gave a splendid report of last year's work and said their new year's work would begin soon. The new representatives from the Colorado P. T. A., Mesdames H. S. Beal and Mrs. McCleary, were present and reported an entertainment planned for the teachers Friday evening and that a decorated car would be in the fair parade and also a block of ground joining the school would be purchased soon for a playground. While the Pioneer Club committee was asked to confer with district chairman, Mrs. Jim Johnson about the matter.

The other clubs reported work would begin soon. An outline of the pageant to be given under the auspices of the federation, was given. Mrs. C. R. Earnest, Mrs. Bill Simpson, Mrs. Ed Dupree and Miss Mabel Smith all to direct the pageant. This is to be given in honor of the queen and on the evening of her coronation. Mrs. Earnest Pritchett, Mrs. Charlie Thompson and Mrs. Jim Dobbs were to have charge of the decorating of the car in the parade for the Federation.

Miss Hazel Costin was unanimously chosen for the Colorado Princess for the West Texas Fair in Abilene. Mrs. Harry Ratliff was added to the county library committee.

The next meeting will be October 14th at the Methodist basement.

Mission Club.
The Mission Club of the Presbyterian church met with the president, Mrs. E. F. King Monday. At the business session a committee was appointed to secure a room to hold the rummage sale in the fall. Mrs. Elliott conducted the program on Japan. The roll call was an appropriate scripture lesson. Mrs. Jerold Riordan led the bible lesson, Joshua. An interesting letter was read from Miss Mildred Coleman, a member who is touring Yellowstone Park, telling of her trip. Mrs. Merriweather, Mrs. C. C. Formwalt and Mrs. Frank McLure of Dallas were guests. The hostess served sandwiches and tea at the conclusion of the program. The next meeting will be with Mrs. Munday.

Central Circle.
The Central Circle of the Methodist missionary society met with Mrs. Tom Hughes Monday. Besides the usual business the following officers were elected: Mrs. E. H. Winn, chairman, Mrs. T. W. Stonerod, vice chairman; Mrs. Jeff Dobbs, secretary Mrs. Roy Dozier, treasurer, Mrs. J. B. Dobbs, manager of flower fund. Mrs. McCleary and Mrs. J. W. Sheppard were elected delegates to the all-day meeting in Sylvester this month. The hostess and her little daughters served orange ice and cake. The next meeting will be with Mrs. W. L. Doss.

Now the pastures to kill weeds.

Now is the time not to forget last year's mistakes.

A weed pulled in time may save nine times nine.

Plant a rust-resistant variety of beans for fall crop.

Not more products at any cost but better products at less cost.

Make sure you have forage enough planted to supply hay for next year.

If your labor cost is too high, use "iron men"—arm machines—to work for you.

Some farmers work on well-planned estimates and others on careless guesses.

Unless pastures are improved and made to return larger volumes of feed they will slowly give way to crops.

Keep the barns clean and free from manure to keep the house fly under control and to get the best returns from the manure on the soil.

Magic Historic Pageant.

There is being prepared an unique pageant to be given at the coronation of the Mitchell County Queen at the opening of the third anniversary of the fair. After the coronation the good faries will, at the queen's bidding, give a glimpse of a few of the outstanding periods of American history showing a few of the characters and their different characteristic dances and costumes. This is under the direction of Mrs. C. R. Earnest who will be ably assisted by Mrs. Ed Dupree, Mrs. Bill Simpson, Mrs. W. C. Berry, Mrs. Harry Ratliff and Miss Mabel Smith. If the beautiful cooperation is given that the president of the Mitchell County Federation is expecting and believes will be given, this will be an occasion that we may well be proud of. Let every one who is asked to take a part do it to the best of his or her ability. That is all that is required.

DIED.

Mrs. Jack Carter died Sunday, September 7th at Baylor Hospital in Dallas. The body was shipped to her home in Colorado and the funeral was conducted by Rev. J. F. Lawlis, pastor of the Methodist church, assisted by Rev. J. E. Chase, pastor of the Christian church, at her home. Wednesday at four o'clock and the body laid to rest in the I. O. O. F. Cemetery.

Nattie Lamar Smith was born May 27, 1897, in Colorado, Texas. Her mother died when Natalie was a small child and at ten years of age her cousin, Mrs. Chas. Mann took her and kept her until her marriage to Mr. Jack Carter, August 7, 1920. On November 26, 1921 her little girl was born. On Sunday, September 7, 1924, Mrs. Carter died in Baylor hospital in Dallas, after having suffered for nearly a week the weary body gae up its fight for life and the imprisoned spirit broke through the shattered door and took its flight to god who gave it. She leaves a husband, a little daughter, a father and one brother, and a host of friends to mourn her going. Her short stay in life was covered by 27 years, 3 months and 10 days. But she stayed long enough in this world to make many friends and many will hold her name and the picture of her face as well as her words and deeds in sweet memory. To her loved ones and friends we offer heart felt sympathy and pray the blessings of a gracious Heavenly Father upon your broken and saddened hearts.

"We are traveling home to God, In the way our fathers trod; They are happy now, and we Soon their happiness shall see."

Jno. C. Moor is here on a visit to this, his old home town, from Atlanta, Ga. John C. was raised here and enjoys a visit very much.
