

CHAMBER OF COMMERCE TO FOSTER DALLAS EXHIBIT

The Colorado Chamber of Commerce will foster sending an agricultural exhibit from Mitchell county to the State Fair of Texas...

R. E. Price, chairman of the agricultural division of the Chamber of Commerce, endorsed the plan as being among the most effective medium of good publicity...

According to H. L. Atkins, county farm agent, there is no question but that Mitchell county can send an agricultural exhibit to Dallas...

The Chamber of Commerce expressed keen satisfaction over the showing made by this county at the Dallas Fair last year. The exhibit there was declared to be a credit to the county...

"The exhibit is purely a county proposition," one of the members of the official board stated after adjournment of the meeting...

Farmers over the county are requested to cooperate with these organizations in collecting the exhibit. If you have on your farm specimens of unusually good maize, cotton, or other crops...

Last year at the Waco Cotton Palace, sorghum grains from this county received first prize and at the Southwestern Exposition and Fat Stock Show at Fort Worth last spring...

HERE'S YOUR CHANCE.

As a special feature for our Mitchell County Fair, Rev. J. E. Chase, pastor First Christian church, offers to perform the wedding ceremony free for the first couple who present themselves to be united in marriage...

Register at the office of the Chamber of Commerce, with W. S. Cooper, secretary, before that date.

MIDLAND DELEGATION WILL PARADE THURSDAY MORNING

"Midland is planning to be in Colorado strong next Thursday," Paul T. Vickers, secretary of the Midland County Chamber of Commerce, wrote the fair association this week.

The Midland county agricultural exhibit is to arrive by truck Wednesday. This exhibit will be in charge of Elmer Bizzell, a former Mitchell county citizen who recently moved to Midland county...

"Midland is sending away three exhibits this year and it is quite a job," Vickers wrote, "but Colorado will get one of the best of the three."

Miss Alice Halcy has been selected as duchess representing Midland in the pageant and coronation ceremonies here Thursday evening. Miss Anna Merle Moran is named as her maid of honor.

John A. McCurdy, secretary of the Sweetwater Board of City Development, wrote Thursday.

"Your kind invitation to select two young ladies to represent Sweetwater in the social events of Fair Week has been received, and I wish to thank you and say further that we will attend to the matter of selecting the young ladies as soon as possible."

COMMISSIONERS ENTER ORDER FOR WASTELLA SCHOOL BLDG.

Commissioners' Court, in session here Saturday, ordered entry made on records approving bonds in the sum of \$5000 for a new modern school building at Wastella. The Wastella district lies partly in Mitchell, partly in Nolan, Scurry and Fisher, and a like order will have to be entered by the respective Commissioners Courts of these counties.

INCREASE OF OVER HALF MILLION IN COUNTY TAXES

According to a statement given out by Roy Warren, tax assessor, who has just completed the 1924 tax rolls for Mitchell County, the total county and state taxes this year will exceed the rendition of 1923 by more than half a million dollars. The rendition for 1924 is \$7,161,380, as compared with \$6,621,726, for 1923; making this year's rendition \$539,654 over that of last year.

SHERIFF RETURNS FROM NEW MEXICO WITH MAN

Sheriff I. W. Terry returned Sunday night from Santa Fe, New Mexico, with J. L. Trammel, charged with forfeiting bond on a whiskey charge. Trammel was out on bond charged with possession and transportation of liquor.

FARM BUREAU MAN SAYS WILL HANDLE MORE COTTON

G. L. Hicks, representing the Texas Farm Bureau Cotton Association is in the city for a few days assisting W. W. Porter in delivering cotton to the association. In commenting on the work of the association, Mr. Hicks says that the association will get much more cotton this year than last due to the fact that closer attention is being given the membership. The association, this year, with the aid of the Cotton Growers Finance Corporation is in position to relieve the financial stress of the members by arranging finances in addition to the regular advance. Mr. Hicks stated that his work at this time was devoted to explaining to members the inside workings of the association and to tell the members how association with relation to its membership function when under chattel mortgage and how to manage their affairs between heretofore to joining the association has been the argument that the farmer could not get all his money at one time. That argument will no longer stand true. Mr. Hicks will be with Mr. Porter the remainder of this week and the last half of next week.

PAGEANT AND CORONATION WILL BE NOTABLE AFFAIR

There are scores of interesting programs arranged for the three days and nights at the fair here next week, some of which will be a new adventure in the county social calendar. None of these, however, is expected to surpass in gripping interest the pageant and coronation ceremonies Thursday night attending the crowning of her majesty, the queen of the fair.

Interest in the contest to select the queen is growing as the time in which votes may be polled draws to a close. The last vote to be counted will be polled at ten o'clock Wednesday night of next week during a big rally to be given in the downtown district by managers of the contest. During the evening standing of the contestants will be announced every thirty minutes. The Colorado Booster Band will furnish concert music throughout the evening.

With one popular lady from each of the towns of Loraine and Westbrook and two from Colorado in the running it will be problematical to suggest which of the four is to be declared the winner after the votes are counted for the last time next Wednesday night. Friendly rivalry between the three towns in vying one with the other for the honor of furnishing the next queen is growing from day to day.

Last year the closing hours of the queens contest furnished one of the most interesting programs of the fair. Hundreds of citizens of Colorado, Loraine and Westbrook crowded Second and Walnut streets to boost for their favorite candidate. The contest during the last hour was strongly contested by supporters of all of the young ladies in the race.

Miss Hazel Costin, queen of the fair last year, and Miss Lottie Pritchett, queen two years ago, are to be maids in waiting to the queen during the coronation. Sweetwater, Snyder, Big Spring, Stanton, Midland, Sterling City and Lamesa have been invited to furnish sponsors to represent these towns for the queens coronation. Some of those towns have already pledged to have their sponsors here. Others are expected to do so by the end of this week.

The coronation ceremonies, which are to be given on the court house lawn, will begin at 8 o'clock Thursday night. This program is under personal direction of the Mitchell County Federation of Women's clubs. The queen, her maids and the young ladies representing other towns as sponsors are to be special guests at all social functions to be given during the fair. All visiting sponsors are to be entertained while visiting the fair.

COURT APPROVES TAX ROLL AS COMPILED BY WARREN

The Commissioners Court Tuesday passed an order approving the county tax rolls as compiled by Tax Assessor Roy Warren. According to these rolls, the total valuation of property rendered for county and state taxes is \$7,161,380. This is considerably increased over the rendition for last year.

COUNCIL SCOUT PRESIDENT THANKS LIONS FOR BANQUET

Rev. W. M. Elliott, president of the Buffalo Trail Council, Boy Scouts of America, thanked the Colorado Lions Club in an address Friday for the banquet tendered the more than 100 boys from Nolan, Scurry, Fisher and Mitchell Counties who gathered recently enroute to Camp McEntire. The local club, together with club women of the city, were hosts to the boys at a luncheon served underneath the Colorado river bridge at foot of Second Street.

The president praised the department of Colorado boys during their stay of ten days in the camp, declaring they were well behaved and without exception conducted themselves in a most commendable manner. Two boys from Colorado were assigned responsible places at the camp in assisting the scout leaders. Elliott stated, and they filled the places well.

BEST RAIN OF YEAR FALLS OVER COUNTY LAST FRIDAY

Mitchell county received the best rain of the year Thursday night and Friday of last week, when a total of 3.80 inches was registered at Colorado. The rain began falling shortly after midnight Friday morning and continued almost uninterrupted for the remainder of the night and throughout the day Friday. Most of the downpour fell during the early morning hours of Friday.

The rain fell slowly, allowing practically all of the moisture to be absorbed in the ground. Small damage is reported from washouts and inundations in the county. Lone Wolf Creek and the Colorado river were on a small rise, but considerably less water came down either of the streams than might have been expected.

Farmers, as a rule, report they were not in need of rain. From some localities come reports of the presence of worms in the cotton, causing some alarm. The county agent, however, is of the belief that no material damage will result from the leaf worm because of the lateness of the season. The worms which are appearing now is the first generation and as a rule it requires about three generations of the pests before they multiply in numbers sufficiently large as to become a menace to the cotton crop, he outlined.

Cattlemen are optimistic. The rain was just what they needed and assures one of the best fall and winter crops of grass on the range for years. There is an abundance of surface water throughout the county. Promise of a good fall grass crop means that the cattlemen will not be forced to meet the usual heavy expense of feeding their herds during the winter months. Local cattlemen also declare that the promised good range will also serve to improve the market.

COLORADO YOUNG LADIES HONORED BY DIST. FAIRS

Misses Elsie Lee Majors and Hazel Costin of Colorado have been honored by the management of the Tri-State Exposition at Amarillo and the West Texas Fair at Abilene through designation as official Duchesses to represent this city at these two important district fairs. Miss Costin has been selected as the Colorado duchess by the Abilene Fair management and Miss Majors by the Tri-State Fair management. Both of these fairs are to open Monday of next week for six days. Miss Costin and Miss Majors were maids in waiting to her majesty, Miss Eleanor Thomas, queen of West Texas, at the Sixth annual convention of the West Texas Chamber of Commerce at Brownwood last May. Miss Costin was selected by the Chamber of Commerce and Miss Majors by the Lions Club.

BURTON LINGO COMPANY COMPLETE IMPROVEMENTS

The lumber yard of Burton-Lingo Company at Colorado has been remodeled and repaired and the office removed to larger quarters in the center building at the yard, which makes their property here much more attractive and much more convenient for the employees of the concern. We are glad to see this good work going on and will say that Manager Pearson will now be in position to give Burton-Lingo customers better service than ever before.

LOCAL BOTTLING CONCERNS SERVE LARGE TERRITORY

The two bottling works at Colorado are serving a very large territory, according to the respective managers. These manufacturers of bottled drinks ship and deliver by truck bottled drinks to consumers at Loraine, Hermleish, Dunn, Ira, Coahoma, Stanton, Midland, Odessa and other places and are building up a very substantial patronage at those places.

ADDITIONAL PRIZES LISTED IN FINE ARTS DEPARTMENT

Through an error in compiling the list of prizes to be published in the fair catalogue, much of the awards in the Fine Arts department of the fair this year were omitted. Mrs. Jas. T. Johnson, chairman of this department noted the omission and after calling same to attention of the management of the fair the error was corrected. In addition to the list of awards published on page 62 of the catalogue, the following additions are authorized:

- Water Color Painting. (Amateurs only) Landscape, head or figure, flowers study in still life, painting from nature, painting of animal, all to be awarded ribbons. Oil Paintings. (Amateurs only) Landscape, head or figure, fruits, flowers, study in still life, painting from nature, painting of animal, tapestry, awarded ribbons. Drawings. (Amateurs only) Pen and ink drawing, pencil drawing, pastel painting, charcoal sketch, all to be awarded ribbons. Crafts. Brass work, raffia or rattan baskets, rattan tray, hand painted pottery, bronzed flowers and grasses, hand painted candles, hand made flowers, bead work, parchment, or fancy lamp shade, hand painted novelty, inlaid wood, all be awarded ribbons. Painting on China by Professionals—Best display of painted china, ribbons. Tapestry by Professionals—Best display, ribbon. Oil Paintings by Professionals—Painting any kind, ribbon. Water Colors by Professionals—Painting any kind, ribbon. The Fine Arts Chairman, Mrs. Jas. T. Johnson asks the co-operation of the artists of the county in making this department a credit to the Mitchell county fair.

SHERIFF GETS HURRY UP CALL TO GO TO IRA

Tuesday Sheriff Terry was called to the lobby of the court house from his office by two Mexicans, who seemed to be somewhat excited. It appeared they were in bad trouble. The sheriff finally understood that they wanted him to go to a Mexican home near Ira, for the purpose of tying a nuptial knot for the old man's daughter and the young Mexican. The sheriff got the Mexicans calmed down and explained that they wanted "a preacher or Judge Hall." They left rejoicing.

NEEDS OF BUCKNER ORPHANS HOME TOLD IN LETTER

Mrs. C. H. Laaky, Colorado, Texas. Dear Mrs. Laaky: I thank you for yours of the 2nd inst., asking for the most urgent needs of Buckner Orphans Home. We will have a very pressing need for outside clothing, preferably suits for boys ages ten years up. We need a large supply of gowns and slips for the older girls, twelve years old and up. We need shirts for boys, all sizes 12 to 16 neck measure. We will need socks and stockings for big footed boys and girls, socks 9 1/2 to 11 and stockings 8 1/2 to 11. We need and will need sheets. At no time will the ladies make a mistake by sending us sheets. It seems that they are just a little harder to get hold of than other articles. We are going into new dormitories right away and will need three-quarter size sheets for the beds. We have plenty of pillow cases, and quilts. We need towels of all sizes and qualities, anything in the shape of a towel will be greatly welcomed. Hoping this will help you to make suggestions to the ladies, I am, Respectfully, HAL F. BUCKNER.

MARKETS FULL CAR CATTLE AT \$60.70 PER HEAD NET

Marcus Snyder marketed a full car of fat cattle on the Kansas City market September 10th at a price of \$60.70 per head, net. The shipment was from pasture in Kansas where he has had several thousand head of range stuff since last spring. The cattle were shipped to Kansas from his pasture in Kent County. The load averaged 1114 pounds.

COUNTY COURT SESSION PROVING TAME AFFAIR

County Court is still in session and Judge Hall reported Tuesday afternoon that the session was handling only civil non-jury cases and nothing of importance beyond the usual routine had happened.

MARRIAGE LICENSE

County Clerk, Stoneham issued marriage license this week to the following: Manuel Matibidad and Josepha Barron, Mexicans. Vesta Pate and Miss Blanche Harris, Colorado. Cusencio Sanchez and Carmen Carrasco, Mexicans.

FAIR ASSOCIATION AND LIONS PLAN LUNCHEON

Executive officials of the Mitchell County Fair Association and members of the Colorado Lions Club are to be hosts to visitors at the Fair Friday of next week at a luncheon at the Barcroft Hotel. The luncheon will be given at 12 o'clock noon in the banquet room. Plans for this entertainment feature were worked out at a meeting of the directors of the fair association here Monday afternoon. President E. H. Winn of the Lions club stated Tuesday that this organization would co-operate with the fair officials in entertaining visiting citizens on that day.

There will be about 100 people to attend the luncheon, according to estimate made Monday afternoon. From eight to ten representative citizens from each of the surrounding counties will be invited to attend as guests of the fair association. Under direction of M. S. Goldman the Lions Club orchestra and other entertaining features are being arranged.

LEVY BUILDING COMPLETED BY OCTOBER FIRST

Max Berman stated Tuesday afternoon that the contractors expected to have the Levy building, corner Second and Elm, ready for occupancy not later than October First. It is understood that J. L. Jones & Co., hardware and furniture dealers of Ranger; J. A. Holt & Co., a new dry goods firm, and a variety store, will occupy this building when completed. The building has five store apartments.

COLORADO DRUG COMPANY MAKING IMPROVEMENTS

The Colorado Drug company is having a balcony built in the rear which will be used for storage of surplus stock. This firm has also erected a large beautiful electric sign in front of the building above the awning, which is attracting considerable attention.

COOK AND SON REARRANGE STORE; MAKE MORE ROOM

Cook & Son, hardware and furniture dealers on Oak street, have recently rearranged and remodeled the interior of their store, removing the partition across the building and extending shelving to the rear of the building, which has materially increased the attractiveness of their place. Their store now is of ample size to take care of their business.

CHEMALI AND JABOR HAVING STORE REMODELED

The firm of Chemali and Jabor have had their store building remodeled, having had new show windows installed, a balcony built overhead on the west side of the interior and have rearranged their stock in a way that adds greatly to the appearance of the store.

MARKETS FULL CAR CATTLE AT \$60.70 PER HEAD NET

Marcus Snyder marketed a full car of fat cattle on the Kansas City market September 10th at a price of \$60.70 per head, net. The shipment was from pasture in Kansas where he has had several thousand head of range stuff since last spring. The cattle were shipped to Kansas from his pasture in Kent County. The load averaged 1114 pounds.

COUNTY COURT SESSION PROVING TAME AFFAIR

County Court is still in session and Judge Hall reported Tuesday afternoon that the session was handling only civil non-jury cases and nothing of importance beyond the usual routine had happened.

MARRIAGE LICENSE

County Clerk, Stoneham issued marriage license this week to the following: Manuel Matibidad and Josepha Barron, Mexicans. Vesta Pate and Miss Blanche Harris, Colorado. Cusencio Sanchez and Carmen Carrasco, Mexicans.

School Notes.

Parent-Teacher association held an interesting meeting Wednesday, Sept. 10th. It was decided to put on a membership campaign for this week...

Methodist Church.

Our Sunday school attendance numbered 204 last Sunday. The pastor with the officers and teachers met Monday night to discuss plans for the onward movement of the Sunday school.

Martin, rendered an interesting and impressive program, demonstrating their quarterly mite box opening. As they marched around the altar and deposited their tithes it was indeed an inspiration to the entire congregation.

The adult and young peoples missionary societies are alive and working at their sacred tasks as is also the Epworth league. We invite all who are not in Sunday school to meet with us next Sunday morning at 10 o'clock.

Elder H. F. Oliver of Austin will preach at the Church of Christ next Sunday morning and evening. The public is cordially invited to attend these meetings.

Messrs J. D. Falkner and Raphy Farris of Sweetwater, Thomas B. Brown of Westbrook, Roy Warren of Colorado and Wesley Edmondson of Roscoe visited here Sunday.

J. W. Pendergrass and wife and Mrs. Lina McGee, arrived Tuesday from Dublin. Mr. and Mrs. Pendergrass plan to leave last of the week for their home at Hagerman, New Mexico.

Mr. J. H. Hudgins of Riverside, California who is seeking location for a grocery store spent Friday night at the L. T. Britton home. He was also a visitor in the C. H. Thomason home while here.

Mr. and Mrs. L. V. Hock who have been visiting their parents, Mr. and Mrs. J. T. Hock left for their home at Breckenridge Sunday.

West Texas Electric Company is placing some new poles in the city limits this week.

Mr. F. C. Sloan gathered government gingers reports at points west to Midland Tuesday.

Cotton is coming in rather slow since the rain.

Mrs. J. R. Coon and daughter, Mrs. Howard Spikes and baby Louise visited in the Snyder country last week.

Miss Viola Clement, who has been visiting relatives here returned to her home at Baird Tuesday.

Mrs. Otha Thompson, visited in the C. C. Thompson, home at Colorado Saturday and Sunday.

Mrs. Floyd T. Kennedy and baby are here from Clovis, New Mexico visiting with friends this week.

Mr. and Mrs. W. E. Campbell and children of Bellevue are here visiting Mrs. Campbell's parents, Mr. and Mrs. Thomas Davis.

Mr. Floyd Pryor and family left Friday night for Gorman for a short visit before returning to their home at Houston. They visited his Grandmother Sloan here for a week.

Mr. and Mrs. G. W. Wempken visited in Hermleigh Sunday.

Mr. and Mrs. W. A. Davis and son Leonard visited in the Champion community Sunday.

Mr. S. M. McDurman who has been visiting in the W. H. Finley home returned to his home at De Leon Saturday.

Dr. W. L. Hester, was a Sweetwater business visitor Monday.

Mr. E. M. Armstrong, wife and daughters and Mr. and Mrs. W. C. Henderson visited in the J. H. Preston home at Lone Star Sunday.

Mr. and Mrs. A. M. Jackson of Los Angeles, California, are back again and will spend the fall months with their daughter, Mrs. R. E. Bennett, before returning home.

Mr. and Mrs. A. M. Jackson of Los Angeles, California, are back again and will spend the fall months with their daughter, Mrs. R. E. Bennett, before returning home. They came by way of Albuquerque, New Mexico, where they stopped over for a few days visiting relatives.

Miss Irene Brown left Tuesday morning for Abilene to enter A. C. C. She was accompanied by her sister, Miss Viola who will spend a few days visiting friends.

Miss Lillie Nelson, Mr. and Mrs. W. E. Dickenson shopped at Colorado Monday.

Mrs. J. P. White and son Frank of China Grove were business visitors Monday.

Mr. Jno. Westberry returned to his home at Abilene Monday night after a brief visit with relatives at Lone Wolf.

Mr. and Mrs. J. L. Dunlop, have returned from Hot Springs, New Mexico where they have been in the interest of health for the past two months.

Baby of Mr. and Mrs. Marvin Martin is reported quite sick this week.

Mrs. G. T. Martin and daughter, Mrs. Ella Lee, were in from Abilene shopping Monday.

Mr. and Mrs. Pylant of Lone Star were among Monday's shoppers.

Baptist Notes.

Sunday school was well attended. The B. Y. P. U. had the pleasure of meeting with the Methodist young people at their church Sunday evening.

The W. M. S. had a very interesting lesson even though not a full attendance Monday afternoon.

The pastor, W. A. Foster, is planning to make his home in our town as soon as he can secure a house. He has a room at Mr. Hallman's at the present. His family will move here next week.

LORAINE WILL CO-OPERATE IN DALLAS FAIR EXHIBIT

That Loraine will co-operate fully with other interests in the county in collecting an agricultural exhibit at the State Fair of Dallas was promised Monday by Fred Brown, president of the Loraine Chamber of Commerce.

Mr. Brown stated that a meeting of his Chamber of Commerce would be convened to take up the matter of their participation in the proposed exhibit. He felt assured that Loraine would be glad to furnish a full quota of time and effort in making the show possible.

GIST ONE DRILLING IN OIL SAND AT ABOUT 2,800 FEET

Gist No. 1 of M. E. Eddleman et al on the A. C. Gist survey, three miles north of Colorado, is showing for good production at about 2,800 feet. An oil sand was penetrated Sunday night and since that time oil has been bailed from the hole daily.

For skin eruptions, rash, chafed skin, prickly heat, chigger bites and stings of poisonous insects, Ballard's Snow Liniment is an effective application. It heals quickly. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by all druggists. 9-30

HERRINGTON ANNOUNCES WILL NOT ENTERTAIN

A. J. Herrington announces that owing to the fact that the automobile department of the Mitchell County Fair is to be located in his new building at the same time he had planned formal opening of the building with entertainment, refreshments, etc., he had decided to omit the entertainment feature.

THE NEW SANITARIUM.

The opening of the West Texas Baptist Memorial Sanitarium in Abilene this week should be a matter of supreme satisfaction for the people of all West Texas.

It has been built and furnished with infinite labor and sacrifice, and launched on its career of mercy with the blessing of the citizenry.

It represents an unselfish public service that should give a thrill of pride to every true son and daughter of the West.

DOSS PHARMACY INSTALLS MODERN SHOW WINDOWS

John L. Doss Pharmacy has just had two modern show windows installed in their building, which adds greatly to the appearance of this popular drug store.

AGRICULTURAL DEPARTMENT BE LOCATED IN LARGE TENT

The agricultural department of the fair, which are to be county exhibits and those shown by community and boys and girls clubs and individuals, will be located in a large tent near Union Tabernacle, J. H. Greene, concession chairman, stated Tuesday.

The automobile and accessory department promises to be one of the most attractive at the fair. This show is to be located in the new A. J. Herrington building in the downtown district. Plans to have this department here were decided upon after representatives of the fair association and Mitchell County Automobile Dealers Association found it to be by far the most suitable place for these exhibits.

The other commercial exhibits and departments under supervision of the Federated Womens clubs are to be housed in Union Tabernacle. The concession chairman states that every exhibitor will have plenty of room to display his booth to best advantage and that the aisles are also to be made considerably wider than they were last year.

The city has granted request of the fair association to close Oak street between Third and Fourth and Third street from Oak street intersection east to the alley during the week of the fair. Practically all concessions and attractions are to be located along these two streets and on the grounds surrounding the tabernacle and court house.

Try that good coffee at the Alamo lunch counter.

If your oil stove needs repairing, phone 409, B. W. Scott's Tin Shop.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches.

HYMAN NOTES.

Rev. Brewster of Sterling has just closed a very successful Methodist revival at which the First M. E. church of Hyman was organized.

Mrs. Harry Hyman has been officially notified by the Post Office authorities of her appointment as post master at Hyman.

Mr. J. F. Black of DeLeon, who has bought land here, was down this week. He was accompanied by Mr. Hobbs.

Mr. and Mrs. T. L. Vowell and family who are now at the Gary farm were here last week attending the Brewster meeting.

Otto Knig and family of Lubbock and Mr. Joiner and family visited the past week in the home of Mr. B. F. King. Mrs. B. F. King accompanied the home.

Mrs. R. C. Scott is expected Wednesday from the City of Mexico where she has been the past winter visiting her brother, Mr. Edward Wade.

SPADE RANCH TO SHIP THIRTEEN CARS FRIDAY

O. F. Jones, manager of the Spade Ranch, stated Tuesday afternoon that he would load out thirteen or fourteen cars of fat cows and calves for the Kansas City market Friday. Mr. Jones stated that the Spade pastures are in the very best of condition and that the cattle are fat and doing A-1.

School children can't afford to miss the 5 and 10 c matinees at the Best Theatre.

COTTON REPORT.

Thursday morning about ten o'clock there had been 229 bales of cotton ginned in Roscoe. Giners are estimating that there will not be more than 6000 bales ginned here this year against 9,600 last year.—Roscoe Times.

ATTENTION.

From now on through the summer there will be man at store to serve those who need both Ice and Feed until 12 o'clock at night.—O. Lambeth.

BARN ON J. M. DORN FARM BURNS SECOND TIME

The barn at J. Marvin Dorn's farm six miles west of Colorado, together with one or two tons of feed, \$200 worth of harness, a wagon, milk cow, and other property, was completely destroyed by fire at midnight Thursday. Origin of the fire is unknown. The cow, which was a valuable milker was in the lot surrounding the building and burned to a crisp. This was the second time for a barn to burn from the same foundation on the Dorn farm within three years. September 1, three years ago, the barn burned, destroying several tons of feed and other property.

MIDLAND COUNTY CITIZENS TO VISIT COLORADO FAIR

From Midland Reporter: According to late advices from Colorado, Thursday, September 25th, has been designated as Midland County Day at the Mitchell County Fair.

On that day, many people from Midland are expected to drive over to Colorado and take part in the parade and visit the fair. This will back up Midland County exhibit which is being managed by T. E. Bizzell and Mr. and Mrs. W. H. Brown, and will help bring Midland before the eyes of the good Mitchell County people. Let's all get in the cars and go to Colorado September 25th.

Farmers are going to give the Midland County message to their brother farmers at the Mitchell County Fair Sept. 25, 26 and 27. Elmer Bizzell, reckoned to be premier farmer booster and one of the most successful farmers in Midland County, was unanimously chosen by the board of directors of the Chamber of Commerce to take a Midland County agricultural exhibit to Mitchell County. Mr. Bizzell will be assisted in arranging the Midland County booth at Colorado by Mr. and Mrs. W. H. Brown, of Colorado, who recently bought a farm near Midland.

The Chamber of Commerce has already collected part of the exhibit to send to Colorado, but Mr. Bizzell says this Midland exhibit must be the best at Colorado, and he wants his fellow farmers to rally to his support by bringing to the Chamber of Commerce not later than September 23rd, the best of everything they raise in their orchards, fields, or gardens. He wants this "stuff" either canned or green.

Mr. Bizzell knows every farmer in Mitchell County. They all know and respect him. With a fine agricultural exhibit there under his direction and with plenty of Chamber of Commerce literature to distribute and with his widely known enthusiasm for Midland County, this section will receive a class of boosting which promises to be unparalleled.—Midland Reporter.

PAVING.

A contract for paving in the city of Sweetwater has been let by the City Commission. Relief from traveling over some of Sweetwater's streets, termed by strangers as among "the world's roughest," is seen in the action of the city officials.

Nothing makes a more lasting impression on a visitor than the streets of a city. As a great majority of strangers who spend some little time in the city come here in automobiles, they naturally begin to feel the effects of the city's streets before they have had time to size up its residents or business interests.

Colorado is a good example of what paving will do for a town. The program now in progress there attracts the favorable comment of every person who visits the city. Entering Colorado from Sweetwater, a motorist crosses a handsome concrete bridge, glides smoothly over a street as smooth as glass, settles back in his seat, and gets ready to give a town with good streets a smile while he is there and a boost after he leaves.—Sweetwater Reporter.

GET RID OF THAT BACKACHE!

Colorado People Are Finding the Way The constant aching of a bad back, The weariness, the tired feeling; Headaches, dizziness, nervousness, Distressing urinary disorders— Are often signs of failing kidneys And too serious to be neglected. Get rid of these troubles. Use Doan's Pills—a stimulant diuretic to the kidneys.

Hosts of people recommend Doan's This is a typical case. W. G. Sweett, farmer, Intan, Tex., says: "I was troubled considerably with my back. I was often in misery from the pains. This trouble caused spells of nervousness and at times I could hardly write, as I shook like a leaf. I had to get up many times on account of my kidneys acting too freely. Doan's Pills eased the pains and I could bend without any exertion. When I finished one box, I was entirely relieved."

SWEEPING CHANGES MADE IN ALL MODELS BY STUDEBAKER

The big news of the week in the automobile world is Studebaker's announcement of new models, according to E. H. Winn, local dealer.

There are 15 entirely new Studebaker models, and each model is a complete refinement of the previous line. The designs are new—some things never before seen on an American automobile. Studebaker has again pioneered in distinctive vehicle building.

Motorists are now offered by Studebaker the following new line: An entirely new type of open and closed car, a new medium weight six, a new 4-passenger closed car, optional 4-wheel brakes of remarkable design, genuine balloon tires—15 original and distinctive new bodies.

A creation originated by Studebaker, which, it is believed, will supersede the present day open car is the new Duplex body. This new Studebaker is an open car which can be converted magically in five seconds into a waterproof, snug and dry, closed car of unsurpassed beauty. This new Duplex Studebaker body is an outstanding sensation.

Among the fifteen bodies there is an entirely new, four-passenger Victoria on the Special Six chassis.

On each of its three chassis Studebaker provided a Berline type of body, a five-passenger on the Standard Six and Special Six and a seven-passenger on the Big Six.

Studebaker probably is the first American manufacturer to design a car, not only mechanically but from the standpoint of appearance for genuine balloon tires.

Although the new Studebakers are regularly equipped with bigger and better two-wheel brakes than ever and with an entirely new emergency brake which operates on the propeller shaft, there is optional equipment offered in four-wheel brakes.

Of course Studebaker has made a great many minor changes, betterments and refinements in all the mechanical parts of its car.

Notably the engine now is in unit with the clutch and transmission, but even more important than that a new force feed oiling system has been designed introducing an entirely new feature.

There is higher priced Auto Oil but none better than Supreme XXI handled by all leading garages.

15 New Studebakers

Including an entirely new type of car—the **DUPLEX-PHAETON**

Today Studebaker has made Automobile History and established standards of value and quality more fully and obviously than ever before

TODAY Studebaker proves that beautiful, distinctive, stylish body lines can be originated by American body designers without following precedent or imitating or adapting what has been done before.

Today Studebaker proves that a practical and beautiful type of car can be made to combine the pleasure and performance of the open car and the comfort and protection of the closed car—and this without excessive price or compromised quality—a car "duplex" in open-car smartness and convenience and closed-car elegance and comfort—and at a price no higher than that of an open car!

Today Studebaker proves, in its new Standard Six Duplex model, that a six-cylinder car of fine quality, great power, plenty of room and impressive appearance can be made and marketed at a price of \$1145.

Today Studebaker proves in its new Special Six and its Big Six Duplex models that the ultimate in all the essential features of quality in five- and seven-passenger cars can be made and marketed at a price of \$1495 and \$1875 respectively.

And this is possible only because Studebaker cars are made in one of the most comprehensive industrial plants in this country, 70 per cent of which is new within the last six years.

Every modern method of manufacture and long experienced management are available for the production of Studebaker automobiles.

Today Studebaker proves that the highest grade closed car bodies—framed in selected hard woods, cushioned with the best cushion work, upholstered in fine mohair fabrics and fitted with expensive appointments—can be made and marketed on superlatively good chassis at moderate prices.

This is made possible by the new \$10,000,000 Studebaker closed body plants. Studebaker designs and builds all of its closed bodies in one of the best equipped and most modern body plants in the industry.

The Three New Chassis

THE STUDEBAKER STANDARD SIX—113 in. wheelbase, 5-passenger. Engine 3 1/2 x 5, 50 h.p.—with 6 different bodies, including Duplex-Phaeton, Duplex-Roadster, Coupe-Roadster, Coupe, Sedan, and Berline.

THE STUDEBAKER SPECIAL SIX—120 in. wheelbase, 5-passenger. Engine 3 1/2 x 5, 65 h.p.—with 5 different bodies, including Duplex-Phaeton, Duplex-Roadster, Victoria, Sedan, and Berline.

Three completely new chassis! 15 completely new bodies!
 Completely new lines! Marvelous new performance
 Completely new open-closed car!
 Completely new radiators, new fenders, new lamps, new seating comfort, new finish, new colors in lacquer finish, three improved engines
 Real balloon tires, not low-pressure cords. Sizes: 21" x 5.25" to 20" x 7.30"
 New Studebaker automatic hydraulic 4-wheel brakes—optional
 New values, never before equaled—even by Studebaker!

THE STUDEBAKER BIG SIX—127 in. wheelbase, 7-passenger. Engine, 3 1/2 x 5, 75 h.p.—with 4 different bodies, including Duplex-Phaeton, Coupe, Sedan, and Berline.

The Ten New Closed Bodies

COMPLETELY NEW BODIES—each car a masterly expression of modern style, yet distinctly original in beautiful lines—individual, conservative, impressively elegant, but crisp enough in its departure from imitation to be entirely distinctive.

The Five New Duplex Bodies

(A new type of car originated by Studebaker to take the place of the open car)

SO ENTIRELY NEW and so different from any other body ever made before that a new name had to be created—the **DUPLEX**.

The upper structure is shaped in pressed steel and covered with the finest water-proof fabric. The steel construction permits the use of another radical Studebaker creation, the new roller enclosing curtains. There is the permanent beauty and durability of the steel top plus the instant convenience of the roller curtains.

Thus Studebaker engineers have solved the open-closed car problem.

The buyer who wants the airiness and practical convenience of the open car and who also wants the comfort, protection and beauty of the closed car can now get both in one car and at the price of an open car.

One moment the new Studebaker Duplex is a beautiful open car—a touch of the hand to the over-lapping roller curtains and it is a snug weather-tight closed car.

Ballon Tires

Genuine and full size balloon tires on all models. Every part that functions with the tires has been specially designed for balloon tire equipment—steering gear, steering knuckles, spindles and springs, even the fenders.

New Lacquer Finish

The Standard Six closed bodies are beautifully finished in semi-glaze, satin lacquer. The hood and lower panels are in light gray, the upper panels in darker gray. Hairline parallel striping in oriental red. Burnished nickel radiators, jet black fenders, light golden finished, natural wood wheels and big balloon tires are contrasting touches.

The Standard Duplex Models are finished in glossy jet enamel—lasting, lustrous and wear-resisting.

The Special Six and the Big Six Duplex models are in soft satin lacquer with dark blue hoods and bodies striped in light blue and ivory. Here, too, the sparkle is added with burnished nickel radiators and light, natural wood wheels in contrast with jet black fenders and big, black balloon tires.

More Power

The universally famous Studebaker engine is more than ever a peer among power plants. The crankshaft is heavier. ALL surfaces are perfectly machined to exact dimensions and balance. The bearings are larger.

The engine is in unit with the clutch and transmission. There is a force feed lubrication system with clean, strained oil always in reserve. There are many changes and improvements which result in **MORE POWER, MORE QUIETNESS and SMOOTHNESS and STILL BETTER PERFORMANCE** in every way.

New Brakes

Larger, more powerful, simpler and much easier operated two-wheel brakes. An entirely new emergency brake is operated from the instrument board, instantly convenient to the driver's hand where it simplifies the control and frees the floor board from the old style lever. It acts on the propeller shaft. There is uniform pressure at each wheel—equalized through the rear axle.

The regular two-wheel Studebaker brakes with their simplicity, safety and great braking power are entirely adequate.

But Studebaker 4-Wheel Hydraulic Brakes (with disc wheels) can be furnished as optional equipment on all models at extra charge if desired.

Studebaker 4-Wheel Brakes have three exclusive features not found on any other system in this country.

1. Braking pressure is furnished by hydraulic power automatically developed. A light touch to the braking pedals controls its great force like a touch to the throttle controls the power of the engine. This feature will appeal instantly to women.

2. The front wheels cannot lock.
 3. There are only two adjustments required—one at each rear wheel. The front brakes are permanently adjusted at the factory. The oil in the transmission is used to generate the hydraulic power; the action of the gears and the pump keep it in circulation; it cannot congeal or freeze. Braking power is always instantly ready—in winter as well as in summer!

New Ease of Operation

New Ease of Gear Shifting—New power in braking, a touch to the pedal exerts a giant's strength at the rear wheels—New clutch action, soft as velvet—A new steering gear and steering knuckles designed for balloon tires—A new grouping on the dash, including ALL the usual instruments plus a gasoline gauge that always works accurately.

Lighting Control Switches—all on the steering wheel—Instantly handy.

Automatic Spark Control—No manual attention required, so the lever is eliminated. Automatically governed to all speeds with the precision of machinery.

And the Details

The new cars are longer and lower to the ground. The line from the radiator to the rear is nearly straight. The wheelbase of all models is increased.

The fenders are much wider and deeper crowned to cover the width of the tires. They fit more closely over the wheels. The rear fenders are long and gracefully curved into the running boards.

The radiators are high and set low in the frames and convex curved just below the filler cap. The design is strikingly original and beautifully distinctive.

Entirely new head lamps and cowl parking lamps designed by Studebaker—artistically appropriate and in perfect keeping with the originality of the body and fender design.

Deeper, stiffer frames, more cross members; shorter, flatter springs for balloon tires. All bodies lower, all roomier, better and more comfortably cushioned. Seats are lower, backs and sides are higher.

Look Forward Into Next Year

The new Studebaker is here today! And no matter how sweeping your ideas of what a new model should be this car will satisfy you. It will thrill you with the very newness and originality of its beautiful lines!

You may not be in the market now, or even this year. But to see the new Studebaker is to look forward into next year—and the year after! **SEE IT TODAY!**

STANDARD SIX 113 in. W.B. 50 H.P.	SPECIAL SIX 120 in. W.B. 65 H.P.	BIG SIX 127 in. W.B. 75 H.P.

ASSESSMENT OF POLL TAXES FOR 1924

Roy Warren, tax assessor, reports that he has completed the tax rolls for 1924, and that the poll tax as-

sessments this year show an increase of 268 over that of last year. The number of citizens assessed for poll tax last year were 3,003, compared to 3,271, the number assessed this year.

We welcome complaints

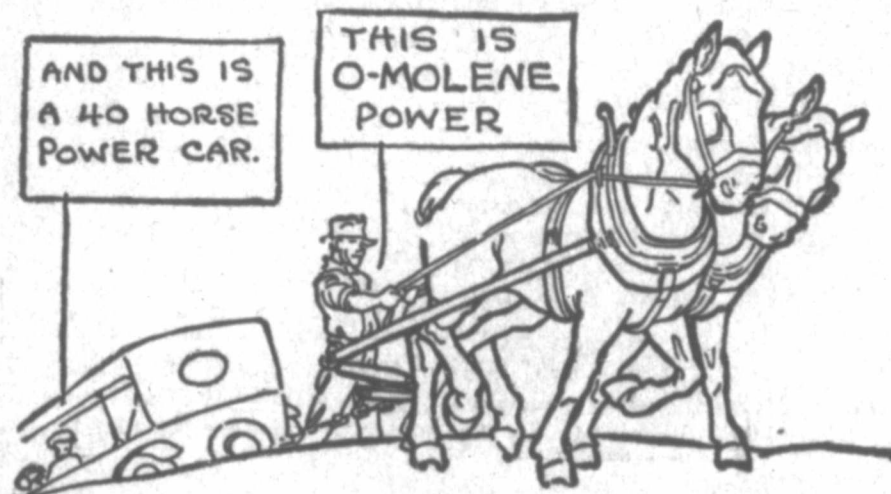

When you receive anything from this Bakery that is not just as you think it should be—tell us about it.

GOOD AS THEY LOOK

The baked goods which we prepare are just as good as they look, because we use only the purest and best ingredients at all times. Skillful mixing and baking always results in perfect products. Let us Cook your Bread, Cakes and Pastries.

THE BEST IN THE WEST

Hurd's Bakery

It Takes Real Horse Power

It often takes "real horse power" to pull the heavy mud stuck automobile out of a hole. But horses that have been fed right will have the extra power needed for such work.

If you want your horses and mules in the "pink" of condition for any kind of heavy hauling you must feed them right. Then they'll have glossy coats, bright eyes and they'll stand erect and firm. You'll get a full day's work, no lost working time.

Scores of horse and mule owners have found that Purina O-Molene feed produces healthier horses and mules and more work.

Any Horse Owner
It costs no more to feed. Purina O-Molene is made of choice grains specially prepared, and balanced to get more work from work animals.
We'll be glad to tell you more about it.

A FAIR DANCER FROM BELGIUM

This is Mlle. Burdy, of the sensational dancing team of Burdy and Noway, who will be a feature of "The Passing Parade of 1924" at the State Fair of Texas, Dallas, Oct. 11-26. The beautiful lace gown is an importation and an heirloom of great value.

GUARDING AGAINST GRAFTERS

Even the wisest business men are often the victims of the lowest kind of grafters. The day has passed when the fake stock salesman can come in to the average town and clean up without being investigated, but there are other games just as profitable that find no opposition whatever, and Midland seems to let them run riot.

Among these are the peddlers that go to the homes, the solicitors for alms that work the streets, and the fake advertisers that work the business men.

When the Chamber of Commerce was first organized, the secretary outlined some very effective plans for heading off these people, but for some reason they have not been developed. The business men and citizens should get in touch with the Chamber of Commerce and adopt definite plans toward having every such solicitor investigated thoroughly before he can have access to a dime of Midland's money. Once the plan is started, the undesirables will go around Midland.

Every time a peddler calls at your door, ask him to show his endorsement from the Chamber of Commerce or city authorities before you let him show his wares. Every time an agent for some institution calls on you for a donation, be sure to see that he has credentials showing that the Chamber of Commerce has investigated him thoroughly and finds him worthy. Every time a smooth talking scheme, let him go through the same examination before buying an advertisement or subscribing to his scheme. Then will many good Midland dollars stay in the right pockets and many fakers will pass Midland up as unprofitable territory.

A scene exemplifying the fake advertising scheme was enacted in Midland only last week, and is fresh on the minds of several business men. Let us begin now to have all of these visitors investigated before letting them carry off our money.—Midland Reporter.

Don't think for a minute, Mr. Reporter, that Midland is the only town so robbed, faked and swindled. Every town of any importance in West Texas has the same problems to regulate or abate this nuisance. Only last week an expert check artist worked Colorado to a finish. If the business men, the banks, the Chamber of Commerce, could get together on some plan, a great deal of this loss could be stopped.

THE FROCK SHOP.

Makes beautiful evening, afternoon and street dresses, children's dresses a specialty. We do first-class Hemstitching in all colors including Gold and Silver thread. Prompt service, reasonable prices, satisfaction guaranteed. Adams' Store up stairs Southeast corner.—Mrs. W. P. Edwards & Mrs. Nelson Vaughan 9-19c

Motor runs smoother with Pennant Oil.

Business men's mid-day lunches served at the Alamo Hotel.

MANY BOYS AND GIRLS COMING TO STATE FAIR CLUB ENCAMPMENTS

The full capacity of the great dormitory building, which is 420, will be required for the farm club boys and girls who will go to the annual club encampment during the State Fair of Texas, Dallas, Oct. 11-26, according to S. C. Evans, of A. & M. College, who will be in charge.

At Dallas, Mr. Evans has already inspected the dormitory building, and pronounced it in first class condition, in every way. It has been repainted inside and outside, and thoroughly renovated.

Usually there are some 300 girls at their annual encampment. This year fully 400 are expected.

The boys' encampment will be from Oct. 14 to Oct. 16, inclusive, and the girls' encampment, Oct. 20-22. Miss M. Helen Higgins and a corps of assistants, will be in charge of the girls.

GOVERNMENT ADVICE FOR DAIRY FARMERS AT STATE FAIR

In connection with the State Fair dairy products display and competition during the State Fair at Dallas, Oct. 11-26, the United States Government will maintain a most interesting and instructive exhibit, of great benefit to dairy farmers.

These exhibits will include pictures and various illustrations, together with free information and advice on every phase of the dairying industry, from the method of improving milk quality to the proper rationing of dairy cattle, their care and upkeep, pasture management and other particulars.

Boys and girls attending the farm club encampments, will be particularly interested in the "dairy calf club" work fostered by the government, which will be fully explained.

Polite Police to Help Visitors at State Fair

You can come to the State Fair of Texas, at Dallas, Oct. 11-26, in your "silver" or your five thousand dollar limousine, secure in the knowledge that traffic cops won't bother you, but will help you in every way to observe and understand the "big town" traffic signals.

Police Chief Trammel has given just such instructions to the traffic squad.

The order was inspired by the high compliment paid the local police by a man from Charlotte, N. C., recently. He got mixed up on the red and green lights, but said a big policeman, instead of "bawling him out," was as polite as a basket of chips and as friendly as if he had been the Carolina man's long lost brother.

Houdini at State Fair
Harry Houdini, the "mystery man" who extricates himself from any and all sorts of difficult positions, will appear at the State Fair of Texas, Dallas, Sunday, Oct. 12, before the grand stand.

NEW STEEL RAILS AND BALLASTING TRACK

The force of about two hundred men are busy these days in the placing of new steel rails and ballasting the tracks of the Texas & Pacific railway company between Colorado and Big Spring.

The ballasting has been completed to a point about three miles west of Colorado and the first raise of ballast completed to a point five miles west of Westbrook. Two raises of

ballast are placed before the new rails are laid and an additional dressing of ballast completes the job. It will probably require two months to complete this big track improvement to Big Spring.

New steel rails have been unloaded as far west as Germania so it is apparent that the track improvements are to be continued westward from this point.—Big Spring Herald.

New Mexico Borsts Four Stages of Civilization

Four stages of civilization have existed in New Mexico. The present or American; back of this the Spanish, which came with the Spaniards in 1540. When they came they found the civilization of the Pueblo Indian, with at least seventy villages, cultivated fields and extensive irrigation. Co-existent with them were a prehistoric race, living in well-built cities, with houses of stone, some of them four stories high, and they were cultivating irrigated fields. Their ditches and irrigated works were as well laid out as if run by modern engineers. They have entirely disappeared and we know only that they were here for an unknown period, beginning at least 1,000 years ago.

All that remains are the mighty ruins, some are in cities down on the plains and others are cliff dwellings, where houses are built on the cliffs, and some were cave dwellings. One building at Pueblo Bonito, which is one of the earliest apartment houses, had four stories and covered a greater area than the capitol at Washington.

Today, remarks Adventure magazine, the traveler can see at one time the nomadic Indian, the pueblo dweller, the Spanish occupation and the present Anglo-American development.

Middle Ages Heroine Had Practical Mind

One of several fortresses formerly owned by Lord Castletown's ancestors is Morett castle, now a ruin, but at one time a place of immense strength. Concerning this his lordship tells a grim story in his book, "Ego." The castle was besieged by the Irish, and the owner was unluckily captured in a sortie. He was brought up by his captors outside the walls and a parley demanded. His wife came on the battlements, and the enemy herald announced that unless the fortress was surrendered within an hour her husband would be hanged. "Give me time to think it over," requested the lady. "One hour," said the Irish. "One hour will do," replied the lady. At the appointed time both sides returned, the lady on the battlements, the prisoner with a cord round his neck and surrounded by his guard. "I have decided," she said. "I can always get another husband, but never another Morett. You can hang your prisoner." Which they promptly did.

First Divorce Court

The first divorce court in England was instituted in 1533. The court consisted of three judges. At the first sitting five marriages were dissolved, and in the first year of the court's operation 38 divorces were granted out of 288 petitions. From the time of the Reformation up to 1858 there had been but 317 divorces in England, granted by acts of parliament. Until the passing of the divorce act in 1858 the theory in English law regarding divorce was the same as that of the Roman Catholic church, although in practice this rule was not strictly adhered to, and wealthy and influential persons, through parliament, secured freedom from galling ties. The divorce act provided that the wronged husband could be released from his obligation to an unfaithful wife, but gave no such recourse to an injured wife, unless the husband's offense in this direction was aggravated by other offenses.

Forethought

The small boy entered the shoemaker's shop, and unwrapping a small parcel, produced a size 11 shoe, very much the worse for wear. The shoemaker took it from him, and, after looking at it, asked: "Well, what do you want me to do with this? It doesn't want mending, does it?"

"Yes," said the boy; "that's father's slipper, and there's a nail sticking up in it. I want you to put it right before he notices it."

"You're a kind little boy," said the old man, beaming. "You must be fond of your father."

"Tain't that quite," replied the small boy calmly. "You see, the nail's sticking right through the sole, and this is the slipper father spansks me with."

Tracing Surnames

Surnames offer a most convenient method of recalling forgotten trades. Who would guess that Thacker or Thackeray was the man who thatched the roof with straw; that Tyler was the one who tiled it, or Slater, he who roofed with slate? A few other names, as Collier, the charcoal burner; Chandler, the candle maker, and Fuller, the cloth cleaner, will show how numerous were the ancient crafts. Blacksmith has no equivalent among English names, unless it be the abbreviated Smith, though in German there is Klingensmith, the "clanging smith." But the horseshoer was a Farrier, dropped in our dictionaries but retained in the directories.

Our Wills

Our wills are queer things. They are like plaster of paris; for after they have been melted into liquid form they tend to "set." They do thus preserve the contour of that about which they have been molded. If it is a good cast, well enough; we make a cast for a permanent possession. Here it is—fixed and final! Is the lethargy of a standard pattern, no matter how excellent it may have been at one time, to prevent any future change and growth?—The Living Church.

We wish to announce the arrival of New Merchandise In Every Department

Six weeks of steady buying has enabled us to replenish our stocks and now we are in position to supply you with anything that you may need in the Ready-to-Wear line.

While we maintain an office in New York to look out for new Styles as fast as they appear in the very latest style shops, our Mr. Landau spent six weeks in New York and other Eastern cities giving his personal attention to insure us to have just what the people are looking for. Although it is a little early for some of you to make your fall purchases, we would advise you to visit our store and see what will be worn this fall.

See our two page announcement in the special addition of the Colorado Record. If you are not a regular subscriber to this paper, come to the store and we will give a copy free.

The price of the paper is \$1.50 per year. If you will subscribe through us at this store we will let you have it for 98c provided you are new subscriber and live in the county.

THE PRICE IS THE THING

L. LANDAU, Manager.

PUNKVILLE ARTIST WILL BE IN COLORADO MONDAY NIGHT

George Bingham, noted paragrapher, and originator of "Dog Hill Paragrafs" and "Punkville Waragrafs," will be in Colorado in person, at the American Legion Hut Monday night, Sept. 22nd. George Bingham has probably made more Americans laugh than any other man on this hemisphere and Colorado citizens will have an opportunity to see and hear him in person Monday night. His quaint sayings and droll way of presenting his highly entertaining humorous lectures, is beyond anything that has ever been presented in this section of the country. When you hear him tell about Cricket Hicks, Tobe Moseley, Fletcher Henstep, Poke Eazley, and his forty-odd other characters you will almost split your sides laughing. You can't help it.

There are several aspects of the Reporter's item that will bear examination, to test their accuracy. In the first place, no ranchman anywhere has come through the last five years with three million dollars' worth of anything, except wife and children, which are not negotiable instruments—not even in Utah. No ranchman, all ranchmen being trained to vigilance and promptness,

For good blacksmithing come to the Hipp corner on Main street. The best is always the cheapest. Perfect horseshoing guaranteed. All tire setting done hot.—W. E. Hipp. 9-19p

would go away and leave three million dollars' worth of negotiable securities unguarded for an hour. No ranchman would leave three million dollars' worth of calves unguarded, and a calf is much more awkward to negotiate than a bond or a stock certificate. Lastly, no ranchman with three million dollars' worth of securities in his possession would have any business in Salt Lake City more important than his main business of watching his suitcase. Therefore, to say a man with three million dollars in his suit case left it while transacting other business is to commit oneself, mildly speaking, to an assertion lacking in verisimilitude. Not that this column by any means seeks to cast the purple hue of doubt on anything that appears in the Abilene Reporter, but rather that this column's passion for facts intrudes upon its sense of fraternal accommodation.

SOUTHWESTERN BELL TELEPHONE COMPANY

with Mrs. Merritt last Thursday. Mrs. W. H. Garrett conducted the devotional exercises. The class decided to have a decorated car in the Fair parade. The following officers were elected: Mrs. J. G. Merritt, president; Mrs. Merry, vice-president; Mrs. L. A. Costin, secretary; Mrs. Van King, treasurer; Mrs. Arnett, teacher; Mrs. Jeff Dobbs, assistant teacher. Mesdames Chemali were guests at the social hour. The hostess served ice cream, black and white cake. The next meeting will be with Mrs. Stoneham.

GIVEN SHOWER
Ladies of the Methodist church recently entertained with a linen shower honoring Miss Jessie Stell, who left Tuesday of this week for Abilene to enter McMurry College. Miss Stell is studying preparatory to entering missionary work. Misses Mattie Dorn and Jewel and Johnnie Chesney are also attending McMurry and accompanied Miss Stell to Abilene, Tuesday.

YOUNG LADIES HONORED
Miss Fannie Bess Earnest has been selected as maid to the Colorado sponsor at Abilene, and will appear in the parade and coronation ceremonies in Oriental costume. This interesting program at the fair is to be given Monday afternoon and evening.

Little Sisters Society.
The Little Sisters Society met Thursday, Sept. 11, 1924, in the home of Frances Dulaney. In the absence of the president the vice president presided. There were 12 members present. Susie Richardson read the scripture lesson. The mission study was given by Pauline Smith. Reports from officers were given. Special music was given by Misses Frances, Emily and Eleanor Dulaney. The hostess served sandwiches, cakes and lemonade. The next meeting is to be in the home of Pauline Smith. The meeting adjourned with the benediction.—Reporter.

Aid Society.
The Aid Society of the Christian church met with Mrs. Donnell Monday. After an interesting devotional lesson led by Mrs. J. E. Chase the regular business was transacted. Mrs. W. H. Garrett was a guest at the social hour. The hostess served pineapple sherbet and home made cake.

Y. W. Circle.
The Young Women's Circle met with Mrs. Simon last Thursday. The mission book "Ministry of Women" was completed. "Christian Americanization" was selected as the next course of study. Mrs. Simon served sherbet and cake. Miss Myrtle Seal will be the next hostess.

Pageant.
The Magic Pageant given under the auspices of the County Federation of Women's Clubs, directed by Mrs. C. E. Earnest will be given on the Court House lawn Thursday evening, September 25, at 8 o'clock. This is gotten up in honor of the Mitchell County queen and will be given immediately after the coronation. Glimpses of the different periods of American history will be at the bidding of her fairies, pass before her. The program is:

- Crowning of Queen.
- Dance of Fairies.
- Discovery period, with Columbus Queen Isabel, Ferdinand and a few other characters.
- Indian period, Pawhatan, Pocahontas and braves, with Indian war dance.
- Puritan period, Puritan family and dance of the witches.
- Colonial period, George and Martha Washington, Betsy Ross and Colonial dames will dance the minuet.
- Civil War period, Southern belle and lover, slaves, clog dance.
- Texas under six flags.
- Present day industries.

McKenzie-Boerstler.
The wedding of Miss Mildred McKenzie and Charles Boerstler was solemnized Monday night at the St. John's Methodist Church with Rev. H. W. Knickerbocker reading the service. Preceding the ceremony a program for appropriate music was given including a vocal solo, "I Love You Truly," by Miss Gertrude Burke, and Cadman's "At Dawning," played on the violin by Miss Anna May Freeman. They were accompanied by Mrs. T. C. Rowe who also gave the wedding music. The altar was banked with palms and ferns with tall baskets of asters adding a graceful touch. The bride, who entered with her father, wore a modish three-piece frock of midnight charmeen with accessories in harmony. She carried a colonial bouquet of sweetheart roses. Miss Celia Lou McKenzie, sister of the bride, was maid of honor. She was gowned in inlaid georgette of blue tones. Her picture hat was black and she carried pink asters. Master Robert Miller carried the ring in a large aster. Little Miss June Siegert, in a delicate green frock, carried a basket of rose petals with which to define the pathway of the bride. The groom was attended by Reed O'Neil as best man. Mr. and Mrs. Boerstler left immediately after the ceremony of Los Angeles, where they will make their future home.—Galveston News.

Daughters of the King.
The Daughters of the King met

with Mrs. Merritt last Thursday. Mrs. W. H. Garrett conducted the devotional exercises. The class decided to have a decorated car in the Fair parade. The following officers were elected: Mrs. J. G. Merritt, president; Mrs. Merry, vice-president; Mrs. L. A. Costin, secretary; Mrs. Van King, treasurer; Mrs. Arnett, teacher; Mrs. Jeff Dobbs, assistant teacher. Mesdames Chemali were guests at the social hour. The hostess served ice cream, black and white cake. The next meeting will be with Mrs. Stoneham.

NEXT DOOR TO BURK'S BAKERY

WITH THE CHURCHES

Episcopal Church.
The Rt. Reverend Frederick B. Howden D. D., Bishop of New Mexico, hopes to visit All Saints Mission on Sunday evening, Sept. 21, instead of Sept. 28, as previously announced. A confirmation class will be presented by Reverend Etison. The hour of service has been moved up from 8 p. m. to 7:30 p. m. to suit the Bishop's convenience. Bishop Howden will visit Big Spring in the morning of Sept. 21, arriving in Colorado Sunday afternoon. There will be no services in the morning of Sept. 21, at All Saints, except church school, which will be held at 9:45 a. m.

FIRST CHRISTIAN CHURCH.
Regular services will be held as usual next Lord's Day. You are cordially invited to attend.
J. E. CHASE, Pastor.

MISSIONARY SOCIETY
The Baptist Missionary Society met at the church Monday afternoon. The subject was Associational and State Missions. After the devotional period led by Mrs. Terrell on waiting for orders, Mrs. G. W. Smith conducted a Quiz on Missions. The pastor gave a talk on State Missions. Mrs. Lasky told of the need of completing the \$75,000,000 pledges and the need of prayer. Mrs. Whipkey told of the woman's work in Sweetwater Association. It was decided after the appeals, on the advice of the pastor, to observe Wednesday, Sept. 24, as a day set aside by the conservation committee and all Southern Baptists are asked to observe it. Mrs. Lasky read a letter from Buckner Orphans Home telling of the greatest needs at

this time in the home. The letter will be published and all friends of the Home are invited to have a part in the box soon to be sent. Mrs. Green DeLaney and Mrs. Robinson were hostesses and served punch and fruit cake.

BAPTIST NOTES.
Last Sunday was a fine day in many respects. Six additions to the church. A pretty good attendance at all the services. Sunday school pretty well attended. Teachers were nearly all on hand. Some were away but they were forced to be absent. No sure enough Sunday school teacher will absent himself or herself unless it is absolutely necessary. Lots depends upon the teacher. He holds the destiny of the souls of the class. Surely he cannot afford to trifle with souls. Teaching is a mighty big business. Teachers should take their tasks very seriously. The pastor attempted to speak on Paying our Vows to God. It is quite often that people make vows unto God when trouble comes and then forget to pay those vows. Some people we know need to think along this line for they have vowed unto God and are failing to pay these vows. David said he would pay the vows he made in his distress. At night we spoke on "Proving our selves to see whether we be in the faith or not." Next Sunday we hope to bring two messages that will make the "Covered Wagon" pale into insignificance. Something we need to understand around about where we live. Our blood is warming up. Religion is a mighty good thing to have but even religion has to have a decent chance if it is to do anything.

Our great denomination has designated Wednesday, Sept. 24th as a day for prayer over the entire Southland. We want to observe it here in Colorado. We want the Lord's people

to attend. The ladies will make that a special day of prayer in their work, too.

Remember services on Sunday evenings from now on will be 7:45 o'clock.
M. C. BISHOP, Pastor.

PASTOR AND LAYMENS CONFERENCE PROGRAM

To be held with First Baptist Church at Sweetwater, Wednesday October 1st.

10 a. m.—Devotional, led by Pastor First Baptist Church of Merkel.
10:30—Reaching the Community Through the Bible Class—Judge J. P. Stinson.

11.—The Value of Our Christian Colleges in the Present Social Order—Rev. M. A. Jenkins.

2 p. m.—Devotional—Rev. W. A. Foster.

2:30—The Ideal Layman from the Young Mans Point of View—George Parks, Jr.

3:00—The Laymans Difficulties in Attaining Ideal Service—Prof. R. N. Richardson.

3:30—The Preachers Place in Politics—Rev. J. C. Burkett.

4:15—Meeting of Executive Board. It is urged by the Chairman of the Board that all the present Board be present at this meeting. Important matters to be considered before the Association meets.

The ladies will have their meeting during this period. Dr. Morony thinks all the meetings can be held in the new church building. The Association meets at 7:30 Wednesday evening.—M. C. Bishop, L. G. Maroney, G. W. Parks, Com.

JUNIOR MISSIONARY

On Friday afternoon, Sept. 5, Mrs. Sam Wulfjen invited the Juniors out to her lovely ranch home, 12 miles in the country. We met at the church,

U. B. Thrifty says -

"Some men
get stuck
by
not sticking"

Stick to the Bank Account

The great majority of bank accounts grow—few just happen.

Energy, thrift, careful management and a friendly co-operative relationship with your bank and your banker will make bank accounts grow where there were no bank accounts before, and will nourish small bank accounts so that eventually they will become large ones.

Many find our services profitable. We believe YOU would.

COLORADO NATIONAL BANK

"THERE IS NO SUBSTITUTE FOR SAFETY"

A Steak You'll Enjoy

We dont believe there is a single man in this town who wouldnt enjoy sitting down to one of our Steaks. Cut from the best quality beef, right where the meat is most tender and the juiciest, it is a wonderfully good dinner.

The City Market

LISTEN

The need for home-owning was never so urgent as it is now. Much of the present day social and industrial dissatisfaction and unrest, if traced to its origin, will lead to rented homes and landlords receipts. BUILD YOU A HOME.

had our regular business meeting, with the year book program. Several very important committees were appointed. Reports given from different departments. Little Miss Sybel Dobbs was elected our delegate to the District meeting to be held at Sylvester on the 18th. At 4 o'clock Mr. Wulfjen arrived in his big truck. They filled the truck 35 strong and were soon on the road. On arriving at the ranch home many of them donned their bathing suits and took a plunge in the big earth tank. After tea served lovely home made cream were played. At 6 o'clock the hostess served lovely home made cream with little cakes. Mrs. W. H. Garrett, Supt., and Mrs. Judge Leslie, Pres., of the adult society chaperoned the Juniors. Bro. Lawlis was a guest. Before departing for home a group picture was made. The Juniors think this the very best treat of the season. This is our membership month. We especially invite the new children of our Sunday School to meet with us on next Friday afternoon at 4:15 at Mrs. John Vaughan's.—Reporter.

THE METHODIST CHURCH.

Sunday school 9:45 a. m. Mr. A. A. Dorn, superintendent. 238 present last Sunday morning. We were off because of the mud and the clouds and the late sleeping and laziness of some of our good and faithful people. Come and come on time next Sunday morning.

Preaching at 11 a. m. and 8 p. m. Fine crowd at the morning services last Sunday. Not so good at night.

Sunday evening the service will be in the interest of our Epworth League. The Leaguers want you present and they promise some good music and I shall give a history of The Covered Wagon. This is a great picture and it has back of it one of the most interesting pieces of our American History. Sunday morning I shall preach on The Touch of Christ. Come and worship with us. The more the better.
J. F. LAWLIS, Pastor.

BETTER DAYS PROMISED WEST TEXAS CATTLEMEN

Jack Lowery of Fort Worth, representing the Cassidy Southwestern Commission Company, spent Friday and Saturday on an inspection tour of the ranges and cattle in the Colorado territory. Mr. Lowery declared that better days were dawning for the cow man of this part of the State as well as everywhere throughout West Texas.

"The big rains over this section assures one of the best fall and winter grass crops we have had in years," he stated. "This means that the cow man will not be forced to meet the heavy expense of feeding through the winter, a condition which will, to a large degree, eliminate forced sales. This will make him more independent and will serve to stabilize the market."

The Cassidy Southwestern Commission Company is the largest purchaser of butcher stuff shipped from this county. Practically all shipments made by the Snyders, Lay Powell, J. H. Gage and others are consigned to that concern, Lowery stated.

Now is the time to examine the flu. Phone 409, B. W. Scott's Tin Shop.

Old Reliable PETER SCHUTTLE

Saves Money Time and Trouble

It will pay you to investigate before buying

Come in and inspect the SCHUTTLE

Cheapest in the Long Run

The cheapest priced wagon is the one which will save you the most money—and there is far more than the first cost to be taken into consideration with most wagons. But with "The Old Reliable Peter Schuttler" it's different. With it, the first cost is practically the only cost. It's built right and stays right. It saves repair bills; it avoids break-downs; it reduces the after purchase expense—and it wears longer than any other wagon built.

And with all its cost-reducing, time and trouble-saving features, the first cost of the "Peter Schuttler Wagon" is only slightly more than the first cost of the inferior makes. And every cent of the extra cost goes into extra quality. There's no more profit on a "Peter Schuttler Wagon" than on the so-called other standard makes. The difference in price is due entirely to the difference in material and the difference in the way this material is put together. It is this difference which makes the "Peter Schuttler" by far the cheapest priced of all wagons in the long run.

M. A. Wilkerson who ranches about eleven miles south of Garden City, was here Tuesday and when asked about the rains in his section of the country Mr. Wilkerson admitted that a shower had fallen on his ranch. He said he kept tab on the rain with an improvised rain gauge until it measured nine inches during the night. Then he quit. He said the lakes near his home filled up and ran over—a thing he never saw before.—Sterling City News-Record

Mr. Coolidge can not expect to escape unscathed, but nobody has yet charged him with being a humorist.—Dallas News.

The campaign for the reduction of fatal automobile accidents is getting results in many cities. The automobile registrations are constantly increasing. Reduction in fatal accidents means that the percentage of deaths for the number of automobiles is decreasing.—Amarillo News.

Some prospects for electric lights are showing up over the horizon of Jayton's glorious future. A good roads movement is well under way, some of these days of these days a bond issue will be voted to provide water, the new school building is beginning to look like a real structure, and there is some talk of a revival of old time religion as well as business. Let 'em all come. We need everything above mentioned.—Jayton Chronicle.

Day by day international events made it more clear to all Americans, except those afflicted with prejudicial blindness, that our national well-being is increasingly bound up with that of Europe and furthermore, with the whole world. Fewer and fewer in number become those who ask "what have we to do with abroad?"—Corsicana Sun.

The old saying that "as Maine goes the nation goes," in elections can hardly hold good this year. This is an unusual year in politics and the forecasts of political "doctors" have already been upset so often that the average voter does not really know what he stands for politically speaking. However, let us hope that it will all come out for the best through the election of honest men to office.—Ballinger Ledger.

One out of three persons indicted for crime in Texas are convicted in the courts, according to statistics compiled by the state attorney general for the two years ending August 31. During the two years, his report shows, 9,386 indictments were returned by Texas grand juries. During the same period there were 3,319 convictions in which 11 were assessed death penalties and 728 life imprisonment. During the period 5,080 indictments were dismissed and 1,735 offenders were given suspended sentences.—Wichita Falls Times.

Don't think Europe is ungrateful in stipulating that future disarmament conferences shall be held over there. There is no reason in the world for coming over here if we still insist on considering ourselves but advising members of the conference.—Ft. Worth Star-Telegram.

With reports of short cotton crops in most sections of the country the government cotton experts continue to predict around a 13,000,000 bale crop. Naturally the price continues to drop on the report of the expected big crop. Its rather doubtful if cotton will advance a great deal until after the November election.—Big Spring Herald.

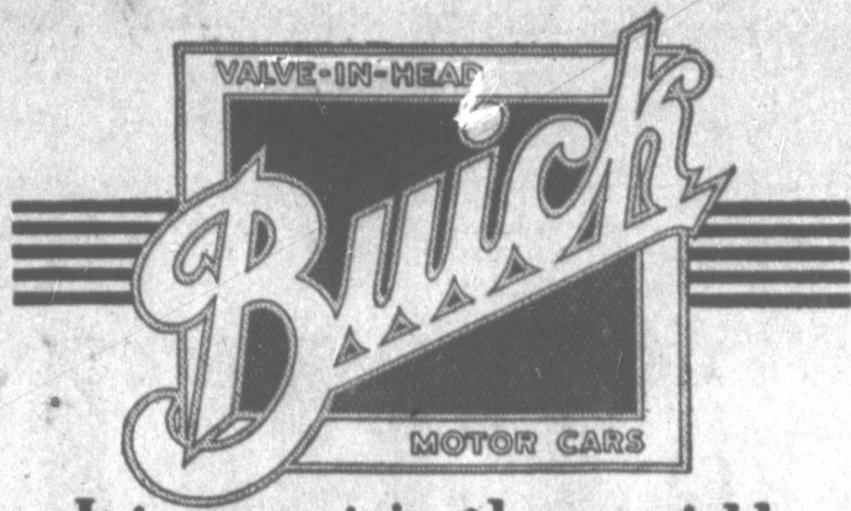

The eminent fitness of John W. Davis for the presidency becomes every day more apparent, is every day being recognized by the people of the country. Though nominated less than two months ago he is already a great, vital, mental and moral force in this country. Already he is the real leader of a great party not merely the titular and technical leader, but one whose counsels millions hear and follow. He has already attached to himself and his cause the loyalty of his party. He has won from the intelligence of the country at large respect and confidence for strength, wisdom and courage.—San Angelo Standard.

Military preparations are increasingly active and menacing gestures indicate that China is on the verge of a nation-wide civil war. British, Japanese, French and American diplomatic officials in Peking have warned the government, "in most solemn manner," of its inescapable obligation to prevent loss of foreign life and property, as a result of the fighting in and about Shanghai. It is very probable that these outside nations may materially interfere with the quarrel over politics.—Lubbock Avalanche.

The fact that most of our sensations and impressions in this world are comparative is well illustrated by the folks who felt "cold" during the cooler spell the first week of September. If they could be transported each year to some of our best known northern "resorts" during one of the humid "hot spells" they have up there they would not feel hot at all during a Texas summer. It reminds us of the Yuma man who went to the place the preachers are trying to keep us out of and sent back for his overcoat. It's all relative, as Dr. Einstein would tell us.—Ft. Worth Record.

Phone J. A. Sadler for that Supreme XXX Auto Oil, none better At all leading garages.

Pennant Oil means quality.

It is surprising how quickly a Buick owner accepts, as a matter of course, the dependability of his car. He thinks no more of setting off for a thousand-mile jaunt than he does of driving down town—so complete is his confidence in Buick's continuous performance.

CARTER-DIXON MOTOR CO.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

The boys of the Junior Chamber of Commerce are calling on the business firms of the city today for their signatures on the trade trip, and they are meeting with very gratifying results. It is little or no trouble to sign your name to the list, but, say, fellows, it is a different job to get ready and go. But this should be your intention when you sign up, to go strong and put it over in grand shape. The Junior Chamber of Commerce has charge of the trip, and they should have the hearty cooperation of the entire town in their efforts to do a good job of it.—Lubbock Avalanche.

HIGH SCHOOL FOOT BALL TEAM FORMED BY PRUDE

Organization of the Colorado High School foot ball team is progressing satisfactory, according to Coach John M. Prude. Prude reported Friday that 44 men had reported for the squad from which the team will test on the school grounds. Prude, who is considered among the best coaches in this section of the state, is a former star and foot ball fan. He is putting his best attention into organization of the team and promises to give all challengers a hard battle. Prude is elated over the fine cooperation given the team by Colorado business men. Friday afternoon he stated that a total of 22 uniforms had been contributed.

SON OF J. A. DOCKERY BURIED AT COLORADO

Arthur Ray, 9 year old son of J. A. Dockery of two miles west of Colorado, died at the Colorado Sanitarium Thursday and was buried in I. O. O. F. Cemetery near Colorado Friday afternoon. Dunal services were conducted at the Baptist Church at 2:30 by the pastor, Rev. M. C. Bishop. Funeral arrangements were conducted by J. H. Greene.

Broilers and fryers for sale at Lambeth's Poultry Farm.

Call me for good Coal Oil in fifty-gallon lots or less.—J. A. Sadler.

Owners of horses and blooded stock are large users of Liquid Borzone. It heals wounds, festering sores, barbed wire cuts by a mild power that leaves no disfiguring scars. Price 30c, 60c and \$1.20. Sold by all druggists. 9-30.

Biggest ^AND ^D Best Ever Given in Mitchell County

THE THIRD ANNUAL MITCHELL COUNTY FAIR

COLORADO SEPT. 25, 26, AND 27

Will be among the real big and successful fairs to be held in Texas this year. Every Department has been materially enlarged over last year, made more attractive and will furnish a lasting entertainment and educational impression.

Major Entertainment

The Mitchell County Fair Association has booked one of the largest and most reputable entertainment organizations of the country for the entire three days. There will be an amusement attraction for every man, woman, boy and girl, every minute, day and night from the formal opening Thursday morning, September 25, until the last program has been given Saturday night, September 27th.

Spectacular Pageant

THE MOST BRILLIANT ARRAY EVER ATTEMPTED IN MITCHELL COUNTY will be presented in a strikingly beautiful pageant to be given on the evening of the first day at fair grounds. The pageant, to be given under personal supervision of the Mitchell County Federation of Women's Clubs, will present an historical resume of Mitchell County from its inception down to the present. This one bill will be well worth your time to attend.

Hundreds of Dollars in Cash Prizes

The Fair Association will distribute a long list of cash prizes in the Agricultural, Livestock, Fine Arts, Culinary, Boys and Girls Demonstration clubs and other departments at the fair. Scores of unique and original entries have been made in some departments.

MICHELL COUNTY INVITES YOU

Thousands of citizens from within a radius of 100 miles of Colorado will attend this big event of the year. The entire citizenship of Mitchell County extend a most cordial invitation to you to join them during the fair. Every hospitality possible will be extended and one of the best fairs and recreational conventions ever known in this part of Texas is promised.

Mitchell County Fair

SEPT. 25th, 26th, 27th

COLORADO, TEXAS.

U. C. V.'S WILL MEET IN FORT WORTH OCT. 2-3

The 32nd Annual meeting and Re-Union of the U. C. V.'s Division of Texas, will be held in the City of Fort Worth, Thursday and Friday, October 2nd and 3rd, with headquarters at the Westbrook Hotel.

We trust we will have a large representation from your camp, as Ft. Worth will maintain its reputation of caring for all conventions in the very best style and manner possible, and we will surely hand the old boys, who wore the gray and saw hard service in the trenches and on the firing line in the early Sixties, something they will always remember with pleasure.

One of the features is to be a barbecue out on the shores of the largest artificial body of water in the world, Lake Worth, and all the good old Square dances that they can use.—J. M. Hartsfield, Commander R. E. Lee Camp, U. C. V., Ft. Worth, Texas.

The rain which so happily visited this section Saturday arrived too late to bring the maximum benefit to crops, but it will be of vast benefit just the same. Some of the late cotton will be helped, while the question of stock water supply has been answered very definitely. The drouth was well-nigh statewide. In Central and East Texas it was of longer duration than in this immediate section, and the rain arrived too late to benefit those people as far as cotton was concerned. The fact that the drouth has been broken, however, will have a spiritual as well as material effect.

The rainfall at Colorado was 3.80 which brings the total this year up to 15.59. The late cotton and feed were materially helped by these late rains and of untold benefit to the pastures and cattle interests.

Book sachels, lunch boxes, eye shades, book straps, Record office.

**HOW GREAT MEN
MAKE LOVE**
AS REVEALED BY THEIR
LOVE LETTERS
By JOSEPH KAYE
(© by Wheeler Syndicate, Inc.)
**ROBERT BROWNING AND
ELIZABETH BARRETT**

THE Brownings, both Mr. and Mrs., equally famous as poets, established a record for love letters which is well-nigh unapproachable. In a little less than six months they wrote to each other a quarter of a million words, enough to make four ordinary novels. The letters were written generally daily, and often twice daily, and each elicited a passionate reply. The following is a sample from Browning:

"You are the most entirely lovable I ever dreamed perhaps might be in a better world—altogether made up of affectionateness and generosity. I do not much fear, now, I shall ever offend you—in the miserable way of giving you direct offence which mortal will and endeavor could avert . . . but at present I almost love even the apprehension that I may be found out to be useless, too unworthy in the end; let it be said so, since I feel it so, my own Ba! 'Ba' was Browning's tender appellation for Miss Barrett. I love this, because your dear love seems fit to cover any imperfection of mine: I dare say you do not see them as you say—but you will, perhaps, and then I trust to the love wholly. I want forms, ways of expressing my devotion to you—but such as I am, all is yours. . . .

"Are you out today, beloved? It is very warm; be careful, like the dearest Ba you are! And kiss me as I kiss you . . . all except the adoration which is mine indefinitely. . . . May God bless you ever for your very own."

To which Elizabeth Barrett answered that very same evening:

"My own dearest, who are never to offend me!—And true, that is—because I have tried, before now, to be offended and could not . . . being under a charm. So it is not my fault, but yours, that never you see me angry. . . .

"How I think of you, and, in every thought, love you! Yes, surely I can love you as if I were wretched! and better, perhaps, than if I were better . . . though that may sound like a riddle. And, dear dearest, why do you talk of your faults so? It is not all gracious of you indeed. You are on a high hill above me where I cannot reach your hand (in the myths, be it understood), and you sigh and say querulously . . . 'By the by I may have to step down lower.' Now is that gracious of you, or worthy of your usual chivalry? . . ."

There is much more to this letter, about a thousand words more, but the quotation is a sufficient sample of the involved phraseology, overdrawn sentiment and extravagant punctuation with which the Browning-Barrett letters are colored.

The Brownings were married when he was thirty-four and she forty. Mrs. Barrett was always in delicate health and most of their time was passed in Italy, where they led a most blissful life.

OIL DEVELOPMENT AS REPORTED BY EXCHANGES

While work is temporarily suspended on Brunson well No. 1, located seven miles southwest of McDowell No. 1, it is certain this well will be made a real deep test. A black formation, which oil men say is especially favorable, was being penetrated when drilling was stopped.

We have not learned just what progress is being made on McDowell No. 1 but with crews employed to carry on work day and night it should not be long before this well reaches an interesting depth.

Accidents of course may prevent the well being completed as quickly as planned—Big Spring Herald.

Sterling County.

The drill at Durham No. 2 now going past the depth of 1200 feet. Casing was set this week around 1185 feet, which shuts off the last stratum of water before the oil sand is reached at 1412 feet. Mr. Odward, who is personally superintending the work is now exercising the utmost caution to see that the water is securely cased off. But for the extreme caution against mishap, the pay sand could be reached in a very few days, but Mr. Odward says no chances will be taken.

Texon No. 1 in the Big Lake field, increased its flow from 90 to 100 barrels per hour this week. This output was through pipeline to the loading racks, and the friction and vertical head decreases the flow. This well was drilled about 12 inches deeper into the sand, which resulted in the increased flow.

The ten producers in the Big Lake field are taxing the Orient railroad to its fullest capacity to handle the present output. It is not probable that the field will be further developed until pipeline connection is made. Sterling City News-Record.

Reagan County.

After being deepened only a few inches Texon No. 1 has increased its yield to 100 barrels per hour or 2400 per day. It is believed that this well will make three to four thousand barrels a day when deepened a few more feet.

A. R. Goodale, prominent in oil circles and an official of the Crockett Drilling Syndicate, arrived in Big Lake from Los Angeles last week.

He states that the Crockett Drilling Syndicate will spud the Goodale No. 1 during the coming week. This well is very favorably located, it being only a short distance from the Big Lake Oil Company's big producers.

It is an assured fact that a well will be drilled on the holdings of J. K. Hughes, E. L. Smith and J. D. Wade which is east of the Crockett location. The contract for this well has been awarded to the Wade Drilling Company, who already have their tools in the field.

Arkansas Oil and Gas Company are still fishing at 450 feet. Powell No. 1 is shut down due to trouble with the water well.—Big Lake News.

Midland County.

Core drilling exclusively for a potash test will start shortly on the Texas Development leases on the Jax M. Cowden ranch, according to S. F. Johnson, manager. Machinery for the test is already unloaded.

The core test will be put down only 30 feet from the Standard rig hole still going down for oil. Mr. Johnson plans to diamond drill his holdings to define the potash beds then sink a vertical shaft and drift on the rich veins of potash.

The last bed of potash penetrated was 42 feet thick. It was picked up at 1420 feet. So far, 80 feet of rich potash beds have been penetrated, Mr. Johnson reports.—Midland Reporter.

Oil from producing wells in the Panhandle field is now being pumped into the large storage tanks at the pumping station of the Pan-Tex Pipe Line Company, according to reports from that section.

Near Cisco.

The recent bringing in of the Sothern & Flaherty well, just four and one-half miles east of Cisco, has not only caused a better tone in oil circles, but has caused quite a bit of activity in the district near this latest producer. Leases are changing hands in that vicinity and many are seeking to acquire land for drilling daily.

Seven new wells will be drilled in the district, according to reliable information, within the next few weeks. These contracts have already been signed, and others are pending, and of the Lake sand will be pretty well drilled out before Christmas.—Cisco American.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI

The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

Sold by all druggists.

COVERED WAGON AMONG THE GREATEST MOTION PICTURES

"One of the greatest photo plays ever made." This is the verdict of the hundreds of Colorado and Mitchell county people who saw the Covered Wagon, the James Cruze Paramount production at the Palace Theatre Monday and Tuesday of this week. The Palace played to a crowded house at afternoon matinee and night both days.

Perfect realism, a strong love theme, tremendous dramatic action, thrills that are utterly unlike the ordinary sort; a background of real newness to the screen, where the camera has never before been ground all these facts, coupled with the splendid cast of virtually 3,000 men and women, certainly went to make of the production one of the best ever brought to this city.

The theme deals with the hardships of those hardy pioneers who formed a long wagon caravan at Westport, where Kansas City now stands and crossed the unknown western prairies and the Rockies to establish an outpost of civilization beyond where civilization had previously ventured to go. This was in 1848.

So gripping with interest and valuable historical information is the production that it has received the uni-

versal commendation of Colorado people—those who are regular movie patrons and those who are not.

Rev. J. F. Lawlis, pastor of the Methodist church, stated from his pulpit last Sunday evening that he considered the production one of the most valuable inspirations we have today to stimulate a burning love for the memory of those who blazed the way for the wonderful civilization we of today enjoy. Sunday night he will preach a sermon from the theme.

In addressing the Snyder Lions club Tuesday, J. E. Chase of Colorado referred to the picture and urged that all citizens of this great West who appreciate the development and freedom we enjoy today should see the Covered Wagon as one of the impressive messengers to remind them of what the pioneer really contributed to America.

SWEETWATER BOY OF 7 DROWNS IN HOLE NEAR HOME

SWEETWATER.—Sept. 16.—The promotion of Mrs. W. L. Hunter that her son, Truett, 7, had been drowned proved true when the lad's body was seined from a water hole near his home Monday night.

After a frantic search instituted when the boy had been missing several hours, searchers discovered

Truett's shoes on the water's edge. Boys of the neighborhood had constructed a raft in a pool of water formed in a street excavation.

Two hours' work with a pulmotor was of no avail. The lad is believed to have been playing alone when he entered the water.

Billy Jobe, another young Sweetwater boy, was drowned at Christoval less than a month ago.

STEAM AUTOMOBILE FROM CALIFORNIA TO NEW YORK

A steam automobile passing thru Colorado from Los Angeles to New York, attracted a good deal of attention one day this week, as it stopped at Womack's garage for tire repairs. The driver stated that it was no trouble to make 130 miles an hour on good roads, that he had frequently driven from 60 to 70. The car has storage of fifty gallons of water, which will run the car 100 miles, with ten gallons of kerosine to turn it into steam. When asked about speed cops the driver stated that he "just ran off and left them behind, as no motor cycle could develop the speed of his car."

Come in and get that truck body and cab, a full car load just in.—A. J. Herrington.

Odd Materials Used by Birds to Build Nests

When the material which a bird ordinarily uses for building its nest is lacking it will adapt anything handy to its purpose, with results that are sometimes distinctly odd. Some years ago a telephone subscriber at Simla, India, ringing up for a required number, was answered from four different offices at once.

What had happened was this: a crow had built its nest at the central office, where four wires converged, and used the clippings and bits of wire for the purpose, with the result that it established complete electrical communication between all four lines.

Equally odd was the performance of a cormorant. It may be remembered that some years ago H. M. S. Sybille was wrecked off Lambert's bay on the southwest coast of Africa. A party of ship's officers went to visit the wreck in the following spring, and found that in the lookout on the mast-head a cormorant had built a nest in which were five eggs. The nest was made of odds and ends of steel wire and rope from the rigging of the wreck, and was lined with seaweed. Nest and eggs were taken, and are now in a museum.

Art of Diamond Cutting Originated in France

The art of diamond cutting dates from the end of the Fifteenth century. Formerly diamonds were set in their natural state, after having been cleaned, or else were cut in a very rude and imperfect manner. But in 1540 a young gentleman of Bruges, named Louis van Berghem, by rubbing a couple of diamonds together, observed that they attrited and polished their surfaces reciprocally, and that the artificial facets thus formed acquired an extraordinary splendor. This observation was the starting point of the diamond cutting and polishing industry, which was almost exclusively localized in Amsterdam, the Detroit News remarks.

It is recorded that Berghem made the first trial of his improved mode of cutting in 1575 on three large rough stones which were confided to his care by Charles the Bold, duke of Burgundy. The new industry was greatly encouraged by Cardinal Mazada, who caused the diamonds in the French crown to be recut, whence they obtained the name of the twelve Mazartins.

Mummies Don't Last

Many persons are curious to know what a mummy looks like after it is unwrapped. Recently at the Cleveland Museum of Art a mummy case which had been on exhibition since 1914 was opened and the numerous bandages covering the remains were unwound. Nothing was found inside but a skeleton and some cheap blue porcelain beads that had evidently once formed a string. Not only the flesh had disappeared but time had disjoined the bones. There was a strong odor of balsam. The mummy was that of Senbi, a king's scribe, who died in the Twelfth Egyptian dynasty, some four thousand years ago. It was found in Egypt. Senbi was of mixed Egyptian and Asiatic blood and died about the age of thirty-five.

African "Conjuring"

On the west coast of Africa natives of the "bush" claim to have two souls. One animates the person's human body, the other takes on the "were (wer) shape," by means of a magic draft handed down through the ages. In that land evil spirits lurk in the rocks, trees and the rivers. Here the Goddess Nimm (great oval-shaped rock in a river) keeps her vigil and does out revenge or help to the supplicant at her shrine. Sixty per cent of the deaths in West Africa are believed to be due to witchcraft or sorcery. From these ancestors our southern negro inherits his belief in the power of the voodoo, and his "conjuring" practices are a direct throwback to the "bush" folk.—New York Times.

Vishnu

In Hindu mythology Vishnu is the second god of the "trimurti," or trinity, in which he figures as the preserver of the universe. His friendship for man was manifested in his avatars, or incarnations, which according to some authorities number ten, and according to others twenty-two. Of these avatars the two principal ones were the seventh, as Rama, the hero of the Ramayana, and the eighth, as Krishna, the hero of the Mahabharata. Vishnu is generally represented as a dark-blue man, having four arms, and is worshiped chiefly by the middle classes. He originally figured as a sun-god in the oldest Vedas, but gradually increased in importance until in the later Purana he became the supreme deity.—Kansas City Star.

Pearls in History

Few jewels have played a more conspicuous part in history than the pearl. Pliny thought it was a drop of dew swallowed by the oyster, while the American savage believed that it was made of sunbeams and petrified dew-drops. The manner in which the real jewel is born is anything but poetic. A grain of sand irritates the sensitive oyster and the mollusk proceeds to smooth it by depositing around it layer after layer of the nacre with which his shell is lined. In the South Kensington museum there is a pearl two inches deep and two and a half inches in diameter. Think of the long process and the discomfort of the creature which produced it.

SNYDER WILL TAKE PART IN MITCHELL COUNTY FAIR

That Snyder and Scurry county is to have an important part in the fair next week was pledged Tuesday at Snyder by the Snyder Lions club, following addresses by W. S. Cooper and Rev. J. E. Chase of Colorado, in which the invitation for them to send a delegation here on Scurry County Day was extended.

In speaking for his city and county O. P. Thrane, vice president of the Snyder National Bank, promised the Colorado men definitely that Snyder would be well represented at the fair. The county will have no agricultural exhibit here. The suggestion that the Snyder Lions club sponsor sending a big delegation of people to the fair was adopted unanimously.

Rev. Mr. Chase was the principal speaker during the luncheon program. He praised the splendid spirit of co-operation and friendship existing between Snyder and Colorado and outlined that the two cities could best serve their interests by working together in such a spirit in a general way.

The Snyder club now has a membership of thirty one and 15 applications for membership were reported Tuesday.

Judge Fritz R. Smith, mayor, announced that an election would be held in Snyder soon to vote on bonds to finance paving the business district. The Lions club there is projecting this civic program and several members in speaking about the proposed paving Tuesday declared they were going to put the improvement project over.

Crop conditions between Colorado and Snyder are looking better, the men from here stated upon returning to Colorado Tuesday afternoon. The rain of last week, which totaled 3.80 inches here, gradually became lighter toward Snyder. Only .71 of an inch was reported there.

A full car load of truck bodies and cabs just in at A. J. Herrington's.

Call me for good Coal Oil in fifty gallon lots or less.—J. A. Sadler.

Strong Drift of Votes to Davis in Northern States and Central West

Reports of a general and significant drift of voters to the Democratic party are reaching Democratic headquarters at Washington from practically every state in the North and Central West. This trend of sentiment has become especially observable since John W. Davis, the Democratic presidential candidate, began his trip to the West.

Democratic leaders in various states declare that the extent and enthusiasm of the rush to Davis and Bryan is without parallel in their experience. They are confident, they say, that the sentiment in favor of the Democratic candidates will continue with increasing momentum through the remainder of the campaign. The frankness, clarity and vigor with which the issues of the campaign have been discussed by Mr. Davis is given as the chief factor in winning popular approval and support for the Democratic ticket.

The big, little town of Levelland now boasts a newspaper, Volume 1, Number 1, of the Hockley County Herald having put in its appearance there on August 15th. The instigator of The Herald is no less a person than C. B. McCormick, for several years past editor of the Toyah Valley News at Balmorhea, way down in Reeves County. Previous to that time however, McCormick made acquaintance with the Plains country in his residence at Littlefield and at Melrose and other New Mexico towns where he published papers. Of course he has been pining to get back up there ever since and as seems to delight in pioneering, we are not at all surprised that he has chosen the promising new South Plains town for a place of residence. May success attend the new enterprise.

Card of Thanks

We wish to thank our many friends who were so kind to us during the recent illness and death of our darling boy. Also for the many floral offerings. May God bless you all.—Mr. and Mrs. J. A. Dockrey.

CARD OF THANKS.

We assume there is not a better avenue available to us through which to express our most sincere appreciation to those many dear friends who came to us with words of consolation and deeds of kindness during the illness and death of our beloved wife and mother, Mrs. O. B. Robinson. Through the many Christian deeds you rendered us the trying ordeal through which we were caused to pass was greatly alleviated. Especially do we appreciate the beautiful floral offering, which silently represented messengers of the respect you bore for her and ourselves.

O. B. Robinson.
Miss Bernice Demorrow.
Mrs. Gladys Lynch.

Richard Pearson, Jr., left this week for A. & M. College where he took up his Sophomore year's work.

U. D. Wulfjen spent part of the week in Ft. Worth on business.

Miss Mary Snyder is visiting in Fort Worth.

Pennant Oil lasts longer.

Another rain came Wednesday in the amount of .44 of an inch. This makes the year's total 1603 and is still cloudy and misty.

NOTICE, FARMERS.

The present condition in the cotton market is conclusive proof of the soundness of the theory of co-operative marketing. The price of cotton is too low compared to prices of other commodities and due entirely to the dumping of cotton on the market by the farmer. Join the cotton association, draw your advance, stop dumping and the price will soon start up. I cannot see you all as I am busy with deliveries. Come to my office and sign up.

W. W. PORTER,
County Manager, Texas F. B. Cotton Association.

NEW RIG MOVED TO LOCATION NEAR LORAIN

A new rig was moved onto a location on the W. C. Brown farm Wednesday morning, and drilling will start on a new hole just as soon as the rig can be placed. The drillers stated that this would take until some time next week.

Brown No. 1 is still closed down and will remain closed awaiting the developments in the new well. The hole in Brown No. 1 is in bad shape.—Lorraine Leader.

WILL ENTERTAIN TEACHERS

The Parent-Teacher Association will entertain the teachers of the public schools in the auditorium of the High school Friday evening. This was to have been given last Friday evening but because of the rain was postponed till this week. All parents and friends of the school are cordially invited. Come get acquainted with the teachers and spend a pleasant evening together.

J. B. PRITCHETT BUILDING.

ABILENE SANITARIUM

INSPECTED BY MANY

A crowd estimated at 1,200 met Monday on the campus of Simmons College for the ceremonies incident to the joint opening of Simmons and the West Texas Baptist Memorial Sanitarium, which is to provide the medical branch for the Simmons University that is to be. A noon barbecue was one of the day's features.

At the opening chapel exercises President J. D. Sandefer presided. Speakers on the program included Dr. R. C. Pender, Thomas E. Hayden, President J. W. Hunt of McMurry College, Dr. E. C. Routh, editor of the Baptist Standard, Judge C. M. Caldwell and Dr. J. C. Burkett.

The college opened Monday afternoon for its thirty-third session. Prospects are that a record enrollment will be recorded. It is expected the fall enrollment will reach 800.

Inspection of the new hospital began Monday afternoon and lasted until 9 p. m. Hundreds of out-of-town visitors were taken through the new five-story building which is one of the best constructed and best equipped sanitariums in the State. The hospital was opened for service Tuesday morning.

Officials of the college and the hospital were much gratified at the success of the joint celebration, and particularly at the large number of out-of-town visitors who came here to help the Abilene people make it a success.

A mammoth parade of hundreds of school children of West Texas will be a distinctive feature of the West Texas Fair, opening at Abilene September 22. The Fair Association has set aside the second day of the fair, Tuesday, September 23, as public school day. Special rates have been announced to school children on all roads coming into Abilene for the day, and every school child will be given a pass to the fair grounds.

It is the intention of committees collecting dues for Parent-Teacher Association to see every one but should any one be missed it is an oversight and any such are asked to pay the dollar to the treasurer, Mrs. H. S. Beal. Do this and help to make a payment on the playground block.

E. Keathley spent the week-end with his wife at the home of her parents in Abilene. He took in the opening of Simmons College and the West Texas Baptist Memorial Sanitarium. The auditorium held only about half those in attendance, which showed the great need of a larger one. The sanitarium is fire proof and equipped with as good equipment as can be had. Eleven patients awaited the opening for service Tuesday morning and Mr. Paxton, the father of Geo. B. Paxton, is to be the first patient. Several rooms are yet to be furnished at a cost of from \$250 to \$500 each. Those who are able would do a great thing to furnish a room and the management will put the name or names of the donors on a bronze plate over the door of the room furnished.

DIED.

On Monday morning, September 15 Mrs. O. B. Robinson died, after several months of suffering.

A few months ago she was taken to a sanitarium in Temple with hope of cure, and all was done for her that medical science and loving hands could do, but to no avail. She was brought back home and after several weeks of intense suffering death came to her relief and she passed to her heavenly reward on the above date, and the funeral was held at the Methodist church Tuesday morning at 10 o'clock, conducted by Rev. J. F. Lawlis and J. F. McKissick of Sweetwater.

The following friends of Sweetwater attended the funeral: Mrs. Paul Sorrenson, Mrs. R. A. Musgrove, Mrs. Seth M. Johnson, Mrs. B. S. Nebbet, Rev. and Mrs. J. F. McKissick and H. B. Allen.

Joseph Holt was born December 23, 1880 in Dublin, Texas. She was married to James H. DeMorrow of San Angelo, Sept. 1898. To this union three children were born, one having preceded her to the better world and Mrs. William Lynch, Jr., of Brownwood and Bernice DeMorrow of Colorado, Texas. Her husband died May 1915. In September 1920 she was married to O. B. Robinson. Mrs. Robinson was for the most of her life a member of the Methodist church, having joined the same in childhood. She leaves a husband, two daughters, one brother and two sisters. Mrs. Robinson had lived in Colorado for more than two years and had made many friends who mourn her going. She was a good christian woman and death came as a relief from her suffering. We offer our sincerest sympathy to the bereaved loved ones and to all her friends.

"There is no union here of hearts That finds not here an end,
Were this frail world our final rest,
Living or dying, none were blessed.
There is a world above,
Where parting is unknown,
A long eternity of love,
Formed for the good alone;
And faith beholds the dying here,
Translated to that heavenly sphere.

OFF TO SCHOOL.

Colorado will have a fine crowd of students at various schools over the state. Those going to State University are Lynton Gaskins, Gladys Dorn J. C. Richardson, Misses Alma Phillips, and Scottie Mae Hines. Miss Hines will teach in the Wesleyan College and take work for her degree.

Those going to A. & M. are Richard Pearson Jr., Edgar Holt, Robert Brennan, Elmo Cook and Dick DeLaney. To Simmons are Misses Virginia Powell, Eulalie Charters, Eleanor Thomas, Dale Hall, Ada Barber and Robert Whipkey. To McMurry are Misses Jessie Stell, Johnnie and Jewell Cheney and Mattie Dorn. To Sul Ross College at Alpine, Misses Laundry Smith and Emily Dulsehey. Miss Mary Broadbudd goes to T. C. U., Miss Maxine Root to Kidd-Key and Lee Jones, Jr., to John Tarleton.

Mr. and Mrs. Ray Richardson have let the contract for the erection of a new home in North Colorado on Seventh Street, just south of the new home of Mrs. Smart.
