Old Reliable PETER SCHUTTLE

Cheapest in the Long Run

The cheapest priced wagon is the one which will save you the most money—and there is far more than the first cost to be taken into consideration with most wagons. But with "The Old Reliable Peter Schuttler" it's different. With it, the first cost is practically the only cost. It's built right and stays right. It saves repair bills; it avoids break-downs; it reduces the after purchase expense—and it wears longer than any other wagon built. And with all its cost-reducing, time and trouble-saving features, the first cost of the "Peter Schuttler Wagon" is only slightly more than the first cost of the inferior makes. And every cent of the extra cost goes into extra quality. There's no more profit on a "Peter Schuttler Wagon" than on the so-called other standard makes. The difference in price is due entirely to the difference in material and the difference in the way this material is put together. It is this difference which makes the "Peter Schuttler" by far the cheapest priced of all wagons in the long run.

Baptist Notes

Last Sunday was a day of joy and disappointment. A joy to see that some had religion enough to attend church after three days of busy revelry. A joy to have two parents to join the church upon profession of faith. A joy to have a pretty good Sunday School. A joy to have some new people come into our community who expect to line up with us in the church work. (A joy to have a good choir to furnish fine music. A joy to know there are a few faithful lovers of Christ left in the world to do the work of Christ. A joy to have a church to back you up in the work. A joy to have a few faithful teachers in the Sunday School who make teaching their main business. It was also a day of disappointment because some failed us on that day. Some were absent who we have always counted on as faithful. A disappointment because some were sick and could not be present. A disappointment because some were out of town and could not be present. A disappointment because some of our members had to keep open shop on the Lord's day and could not be present. A disappointment because some have been

 Next Sunday has been designated all over the United States as "Go to Church Sunday." Go somewhere. We are not asking you to come to our church but are asking you to go to church somewhere in Colorado. Of course we would be tickled to have if you had rather go elsewhere we want you to attend somewhere. Then you come to the Baptist church, but at night you are all asked to attend a union service at the Methodist church. A prominent lawyer from out of town will deliver a strong address. Come and lend your moral support to a move for the betterment of our town. We want every man and woman who believes in morality to be present Sunday night.

It Takes Real Horse Power

It often takes "real horse power" to pull the heavy mud stuck automobile out of a hole. But horses that have been fed right will have the extra power needed for such work.

If you want your horses and mules in the "pink" of condition for any kind of heavy hauling you must feed them right. Then they'll have glossy coats, bright eyes and they'll stand erect and firm. You'll get a full day's work, no lost working time.

Scores of horse and mule owners have found that Purina O-Molene feed produces healthier horses and mules and more work.

It costs no more to feed. Purina O-Molene is made of choice grains specially prepared, and balanced to get more work from work animals.

SWEETWATER TAKES PART IN MITCHELL COUNTY FAIR

Sweetwater concluded her series of visits to neighboring fairs Saturday when the Sweetwater Booster Band and a large delegation of citizens at-

tended the Mitchell county Fair at Colorado. The visitors were royally received and entertained and Sweetwater and Nolan County Day fittingly observed.

Sweetwater's delegation staged a parade upon their arrival in the city.

Led by the Booster band, they literally took the town as they marched through the city, greeted by cheers of thousands of fair visitors from Mitchell and surrounding counties.

Every courtesy was shown members of the Booster Band during their visit by officials of the Mitchell County Fair Association. After the parade and a concert that won unusual praise from the fair throngs, the band members were taken on a tour of the fair grounds and the carnival attractions. They returned to the Barcroft Hotel for dinner, gave an afternoon concert, and left for Sweetwater at 3:30 Saturday afternoon.

Several Sweetwater men were guests of the Colorado Fair Association and Lions' Club at a banquet held at the Hotel Barcroft Friday at noon.

More than 100 men from Nolan, Scurry, Martin, Howard, and other West Texas Counties were present. It was a big booster meeting for this section.

Those present from Nolan County included J. T. King, editor of the Roscoe Times, George H. Sheppard, R. C. Scudday, Abe Levy, W. W. Davis.

A large number of exhibits from many different counties featured the fair which emphasized the importance of West Texas from an agricultural standpoint.—Sweetwater Reporter.

INTERESTING RELICS ARE FOUND OLD COURT HOUSE

Last week as the contractor progressed with work of razing the old Mitchell County court house, the corner stone, which had stood in its place in the northeast corner of the building since June 27, 1884, more than forty years ago, was removed and found to contain a number of interesting relics, mostly copies of newspapers, personal cards and documents of various kinds.

The relics were in a small square tin box on the inside of the corner stone. The box was badly damaged, from exposure.

The following article, taken from a copy of the Colorado Daily Clipper of June 27, 1884, the date on which the corner stone was laid, was found in the box:

LAYING OF THE CORNER STONE OF THE NEW COURT HOUSE THIS AFTERNOON.

Not long after this evening's Clipper is before its readers, the laying of the corner stone of the new court house will take place. The ceremonies of the occasion will be conducted by the Masonic Lodge of Colorado City. The following is a list of articles that will be placed within the stone:

List of officers of the Most Worthy Grand Lodge of the State of Texas for A. L. 5884, A. D. 1884.

Original list of charter members and list of officers and members of Mitchell Lodge, No. 563 F. and A. M., June 27, 1884.

Last annual returns of Mitchell Lodge, No. 563, F. and A. M. to the Grand Lodge of Texas, June 24, A. L. 5883, A. D. 1883.

Roll of officers and members of Colorado City Lodge, No. 280, I. O. O. F. of Colorado, Texas.

Roll of officers and members of Colorado City Lodge, No. 44, K. of P.

Roll of officers and members of Colorado Lodge No. 2738, Knights of Honor.

List of State officers of the State of Texas.

List of officers of Mitchell county at the date of laying this cornerstone June 27, 1884.

List of county officers at the organization of Mitchell County, with history connected therewith.

List of county commissioners by whose order the present structure is being erected.

List of city officials of Colorado, Texas, A. D. 1884.

The first marriage license ever issued in Mitchell county, February 24, 1881, and the parties were the first to be married in the county, O. F. Rogers, minister, officiating at the ceremony, March 3, 1881. Up to this date, June 27, 1884, there has been issued 123 licenses, or an average of 35 for each year since the county organized, being 3 1/2 years.

A brief religious notice of churches members, and officers of various denominations.

This is only a partial list of what will be placed within the stone, as we presume many persons will deposit various trinkets. The laying of cornerstones is a beautiful custom. A century hence when Colorado shall have spread out over the plains, and is the great metropolis of the Western country; when our descendants shall occupy the places which we now inhabit; when the Clipper shall have gathered strength in the rapid descent of the years, and is a vast institution of journalism, furnishing half a dozen mammoth editions per day; when the desert shall rejoice and blossom as the rose; when the prairie dog shall be classed with animals extinct; when Colorado shall be the bustling, busy capital of the State of West Texas; when the prosperity of a happy people and the developments in the fields of science and progress demand a greater edifice than the one whose corner stone is laid today, what a thrilling story will these trinkets and papers tell to our posterity! With what rapt attention the generations unborn will gloat over the matter within the papers. What a revelation our deposits will be to them. With what interest the multitude will listen to the story of Colorado in its swaddling clothes.

P. T. ASSOCIATION WINS FIRST PRIZE IN PARADE

Surpassing in beauty any feature of the varied entertainment program given at the fair last week, the decorated automobile parade given Friday morning was heralded by the hundreds of citizens who witnessed it as one of the big attractions of the three days. Without exception, the decorated cars and trucks entered were within themselves the presentation of the best there is in beauty. Spectators declared that it would have been practically impossible for human skill to have made improvements in carrying out the decorative schemes employed.

The parade formed on West Second street and passed through the business district. Chief of Police Dick Hickman of Colorado and Fred Brown of Loraine, president of the fair association, led the line of march on horseback. Following these marshals came the Colorado Booster Band, an appropriately decorated car in which rode ex-Confederate

soldiers, the car in which rode her majesty, the queen and her escort, the king, with other decorated machines following.

Judges awarded first prize to the car driven in the parade by the Parent Teacher Association, second to the truck entered by the Chamber of Commerce and third to the machine representing the Little Theatre. Many of the other vehicles were given special mention of praise by the judges, who declared that selection of the winners was really a task of large proportions.

This feature of the fair, like the pageant given Thursday night, was arranged and given under personal direction of the Mitchell County Federation of Woman's clubs. Decorated cars were entered by a number of affiliated clubs at Colorado, the ladies doing the artistic work of beautifying the machines at their own expense. The truck representing the Colorado Chamber of Commerce was decorated by Colorado club women.

The car in which rode the queen and king in the parade, though failing to receive a prize, was one of

the most beautiful entered and among those to receive commendation by the public. Draped in white from the top to the street and banked with hundreds of snow white cornations, the machine was fittingly appointed for the place in the procession to which it had been designated.

The truck entered by the Chamber of Commerce was suggestive of agriculture and oil. King Cotton, represented in the person of A. B. Blanks and arrayed in all the dignity his state in the commercial affairs of the world demands, sat upon his throne as the truck passed through the street. Two miniature oil derricks and a varied collection of field crops completed the arrangement.

The prize winning car represented a huge basket in white and yellow, the colors of the Parent-Teacher Association. The basket was in white, with yellow bow and about each wheel of the car was fastened a beautiful sunflower in natural colors. The basket was filled with sunflowers in the midst of which stood little Ailene Carey, daughter of Mr. and Mrs. Fred Carey, who gracefully held in her hands streamers of yellow tulle extended from the front of the machine. On either side of the basket, the initials, "P. T. A." stood out in bold relief.

The truck representing the Little Theatre was beautifully decorated and arranged in the outline of a miniature theatre. Colors featured were orchid, cream and green, with curtains made of blue satin. The cast was represented by three small girls attractively dressed in Grecian costumes of orchid, cream and green. The decorative scheme carried out by the ladies who prepared this truck presented a beautiful work of art.

Other cars and trucks entered in the parade were beautiful, and all of them are entitled to special mention.

P. T. A. To Meet.

The Parent-Teacher Association will meet at the High school auditorium next Tuesday, October 7, at 3:00 p. m. All members and other interested parties are urged to be present as this will be the first meeting with the new teachers. Important matters are to be discussed.

COUNTY AGENT RECOMMENDS PURE SEED FOR PLANTING

Nothing is to be considered of more importance to the farmer than proper seed selection, according to H. L. Atkins, County Farm Agent. In a statement issued for publication on this subject, Wednesday, Atkins says: "Within the last few years no one item has given more material contribution to the wealth of Mitchell County than the improvement of staple in the local cotton crop. Our cotton sells at a premium of a cent to cent and a half per pound above surrounding counties; and while on the single pound or even the bale it amounts to a comparatively small figure, yet in the aggregate it is large.

"Estimating the average yearly production of cotton in the county at 25000 bales, and the average price premium one cent per pound, the net premium return is \$5.00 per bale or \$125,000 on the total crop.

"Thus it is readily seen that we must preserve our lead in the production of quality staple, and this we can do, only, through constant attention to our planting seed.

"While it is hardly the wise plan for the average farmer to plant high-priced seed over his entire crop; still with proper management, he can accomplish practically the same result with very little additional expense over the planting of the poorest grades of seed.

"Every cotton grower should buy each year, sufficient seed of the best obtainable, to produce good seed for the next year's crop. By due care in picking and ginning, these seed may be kept pure, and both the quality of the staple and the lint yield per acre will be raised even beyond our present high standard for the county.

"The exclusive gin, handling one variety only, is a big feature in keeping cotton and cotton seed pure, but we cannot always have such a gin at our disposal and have to resort to another means. We should always remember that it is possible to have three or four bales of the same variety ready to be ginned at the same time, and after running through the first bale, seed from the remaining bales can be saved with the assurance that they are pure.

"Think matters through in a logical

Again the cotton picker is having his day in Mitchell County. By train and motor car, laborers are arriving in Mitchell County every day from east, west, north and south.

"Colorado is the best place I know of in which to buy cotton," was the declaration of G. W. Womack of Cuthbert, who has bought cotton on the Colorado market during the past few years.

The Third Annual Mitchell County Fair is over. It was a success from any angle to be considered. The foundation upon which one of the best and largest regional fairs in Central West Texas is to be builded has been

successfully founded at Colorado. A good fair is an institution deserving of the support and good will of every citizen.

As some of the larger daily papers of the State have recently declared, the new home of the Ford, Fordson and Lincoln at Colorado is one of the best exclusive automobile buildings in Texas and an addition to the business growth of this city of which every Coloradan should be justly proud.

SWEETWATER ASSOCIATION The Sweetwater Baptist Association is in session at Sweetwater this week. There is a good attendance from all over the three counties, Mitchell, Nolan and Taylor.

Wednesday was Womans Day, and this church was well represented. Among those who went were Mesdames F. E. McKenzie, C. H. Lasky, W. R. Mogan, Jas. T. Johnson Green DuLaney, B. F. Wilson, Robert Terrell, W. F. R. Robinson, F. B. and A. L. Whipkey, R. O. Pearson, Gustine, A. L. White, Ford Morris, A. H. Simon, C. L. Seale; Misses Juanita and Tella Cook, Myrtle Seale, Susan Smith, Nell DeLaney, Mrs. Lewis Pond, and Joe Robertson, and all report a pleasant and profitable day.

Good reports were given by all departments of the work. One of the new features was the talk on our new West Texas Baptist Sanitarium at Abilene, by Superintendent H. V. Campbell.

The enrollment committee showed that Colorado was entitled to the

banner for the largest number in attendance from any one church.

The Sweetwater folks were most gracious hostesses. A veritable feast was spread to more than three hundred people and still food to spare. The new officers elected were: President, Mrs. J. P. Stenson, First Church, Abilene.

Recording Secretary, Mrs. Burl Scott Merkel. Corresponding Secretary; Mrs. Geo. L. Paxton, First Ch., Abilene.

MRS. G. W. KEATHLEY DIES AT CISCO.

Mr. and Mrs. E. Keathley were called to Cisco Tuesday on account of the sudden, severe sickness of Mrs. G. W. Keathley (Ernest Keathley's step-mother). A phone message Wednesday morning announced that this good woman had passed to the great beyond on Tuesday night. She was buried there Wednesday. She was 71 years old, and a pioneer of West Texas, and during her long life, on the frontier, she always stood for the right on every question and was a friend and neighbor in the days when these words meant something. All the children, except one, was present at her death. Mr. Keathley says this is the first time death has visited this family in 40 years.

Matthews of Lamesa, B. P. Reese of Sweetwater and Pastor Elliott of the Presbyterian Church of Colorado.

FORDS ASSUMING ATTITUDE OF STUBBORN INGENUITY

That this is the season of year when tin lizzies are prone to become unruly and resist the desires of their owners, is indicated by the following news stories, taken from our exchanges this week. The antic played by the Ford which raced across the pasture carrying a small baby, with its frantic mother and father in hot pursuit clearly demonstrates that even a Ford cannot be trusted to far:

The Latest Ford Story.

Mrs. Fred Weaver had a big scare last Thursday when she was returning home from Stratford with their new Ford car. She got along well until she entered the Flores pasture about 27 miles southwest of Stratford where she had to go through a gate. She left her baby in the car and went to shut the gate but when she turned to go to the car it was gone, it had slipped into high gear and on account of the hard wind, she had not heard it start. Mr. Weaver was some distance ahead with teams and wagons, and when he saw the car was not in the road and that his wife was not driving he hurriedly tied his lines and tried to catch the car but failed. The car then plunged into a draw, throwing the baby out, and started up the other side, but killed the engine and rolled back down the hill. Neither the boy nor the car were injured, but Mrs. Weaver ran a mile and a quarter across the prairie and had the scare of her life.—Texas (Okla.) Times.

Injured by a Runaway Ford.

Mrs. C. A. Baldwin was painfully injured Wednesday afternoon by being run over by the family Ford. Mrs. Baldwin had cranked the car and it suddenly started to move and in at-

tempting to get in the driver's seat, her foot slipped from the running board and she fell underneath and the rear wheel passed over her ankle. The car went on out into the garden where it stopped. Mrs. C. E. Ray saw the accident and went to Mrs. Baldwin's relief. No bones were broken but the lady has a badly bruised ankle.—O'Donnell Index.

The Juniors will occupy their new building next Sunday morning and a junior department will be organized. The completely organized S. S. requires separate departmental facilities for each of the several departments, in other words the graded S. S. demands a graded building, and the Sunday school must be graded because God has graded human life. Epworth League was well attended last Sunday evening and an interesting program rendered, after which the pastor, Rev. H. W. Hanks, delivered an inspiring sermon, using as his theme, "The Longing of a True Soul" which is to be Christ-like and to become so we must suffer as Christ suffered, not in a physical sense, but share his sufferings of persecution, as did the great Apostle Paul. For every true Christian shares Christ's sufferings. He also shared the sufferings of others as an example for us to follow. Our three missionary societies were well represented at the district meeting held at Sylvester last week. Those attending returned inspired to do a greater work in this field of endeavor. We extend a cordial welcome to all to worship with us. Come to Sunday school next Sunday and bring some one with you.—Reporter.

Was Closed Last Monday on Account Jewish Holiday

This is the New Year's Day in Israel, which records the march of the individual and of the world at large. It also concerns the ideal relationship based on mutual sympathy, mutual confidence and mutual co-operation. Let me picture for you a patriarchal character upon whom age has left its visible marks is with a youth of tender years, on sacred errand bent. They are father and son wending their way to their destination, the son asks the father: "Behold the fire and the wood but where is the lamb for the burnt offering?" The answer given is: "God will provide himself a lamb for a burnt offering." And so they went both of them together. Abraham and Isaac remind us of the ideal relationship which should exist between parent and child, older and younger generation, past and present, Jew and Christian, master and servant, employer and employee, native and alien, Europe and America, Orient and Occident. God grant that with the service of the Holy season in Israel the need of that ideal relationship may be recognized and its re-establishment prove itself our solemn resolve, and when in Israel this recognition and this resolution have spread far and wide who knows but what others will catch the inspiration and humanity will once more be safely launched upon the march reflecting their divinely appointed destiny. God speed the day. With the best wishes to all of my customers, patrons and the community.

Oscar was unable to go as he was just recovering from a severe attack of the grip. Mr. Price was a Confederate veteran, and was past the three score and ten years. He was a gentleman. He was a pioneer of Honey Grove, standing always for the best in everything. He was loved by everybody who knew him and his friends were legion. Mr. Price lived in Colorado for several years and has many friends here as well as at his old home who will sympathize with all the loved ones, in this, their sad hour. Pennant Oil means quality. JEWISH NEW YEAR OBSERVED BY COLORADO MERCHANTS The Colorado Bargain House, Public Market and other stores at Colorado closed Monday for the celebration of the Jewish New Year. Beginning Sunday night at sunset and lasting until Tuesday night Jews the world over celebrated their New Year. Reformed Jews observed only the first day, Monday. According to the Jewish tradition, this is the year 5685. Besides being the anniversary of the world creation the New Year Day represents to the Jew a day of judgment. The sounding of the ram's horn (Shofar) in olden times was to remind the congregation to repent of sins and improve their ways. Symbolism of the day was used with great effect in driving home the moral lesson of repentance. The blasts from the "shofar" were intended to signify three dominant ideals of the religion of Israel: That God is king over the earth; That He is judge of man's deeds and thoughts, and that He is the ruler who proves throughout the ages that righteousness and justice are ultimately triumphant. Truly Mitchell County is a wonderful county. In fact it is the best and most promising of any county in West Texas and Colorado, its county seat, is a most ideal place to live. Come to Mitchell County and Colorado. "Eventually why not now?" Mr. and Mrs. A. L. Maddin returned Saturday from Amarillo where they attended the Tri-State Fair. Mr. Maddin reported the exposition unusually large and attended by thousands of people. More than 22,000 people passed through the gates into the fair grounds Friday.

Colorado and Midland to Meet for Grid Fight Today The Colorado High School foot ball team will play its second game of the season Friday afternoon in a contest for supremacy with Midland. The game will be called at 3:13. Coach John Prude has been putting the local team through a series of hard grid tests during the past two weeks and is optimistic over the prospects of winning the day for his team. The visitors are coming to Colorado equally as confident of victory. It promises to be a battle royal. Colorado fans are urged to attend the game and root for their home boys.

One Sign You Should Believe In The "R" with the crossed tail—that "R" is probably the oldest sign in the world. 2000 years ago it signified herbs offered to Jupiter, then it came to mean a recipe and then to mean the recipe of a doctor for medicine. That sign means that a doctor has ordered certain drugs to be mixed for use as a medicine in some ailment which he has diagnosed. It also means, when it is seen in connection with our name, that the medicine is the very best of its kind that can be prepared. No one can better our ingredients or our work—You can always trust our "R." Colorado Drug Co. PHONE NO. 89
