

TWENTY-FIRST YEAR—NO. 3

COLORADO, TEXAS, FRIDAY, OCTOBER 17, 1924.

WHIPKEY PRINTING CO.

COUNTY FEDERATION HAS SATISFACTORY PROGRESS

The Mitchell County Federation closed its second year's work Tuesday by offering a medal for the best essay on Peace by the school children over the county, the details to be worked out by the time the rural schools begin work. There was a good representation from a majority of the clubs and all were starting the new year's work with their new officers. The rural clubs had been some what idle since the fair but were to have meetings this week to plan the year's work. The new president, Mrs. Jim Johnson, brought a beautiful message outlining the year's work for the coming year. About the only change or rather addition was the adoption of rural schools. She asked that each club help a school in all ways it could, especially to see that it had a flag and the Peace pledge, which is suitable for every body. It is, "Before I speak or act in retaliation, I will try a peaceful solution of every difficulty." The outgoing president, Mrs. A. L. Whipkey, said in part in her closing message:

Ladies: In looking over the year's work just past our hearts beat with joy as the many tangible good things accomplished and more for the "unseen" but felt ones in every community in which the Mitchell County Federation is a part. It has all been accomplished through that beautiful spirit of co-operation. Our motto has not only been a word but it has been a living something which has been exemplified in our very lives. Words cannot express the gratitude your retiring president feels toward each club, yes, each individual in these clubs over the county. You have brought in such good reports and responded so nobly to even the slightest wish of your president that all has been a joy.

When your president asked that we adopt a girls club and thus better work with our efficient home demonstrator and lay the foundation for better homes and better citizens in West Texas, you did this and every girls club was adopted. The result was several girls got trips to the A. & M. short course, more girls enlisted in club work, better exhibits at our county fair and happier communities for where the hands are engaged in useful labor there is contentment.

Your president has presided at all meetings except one when out of town. Some of the things accomplished during the year were three new clubs enrolled, a dinner given to the county commissioners and a few other representative gentlemen, Christmas seals sold, data gathered for two special editions of the county paper, the Colorado Record, had charge of women's work at County fair and the pageant honoring the queen. Entertained the Sixth District of women's clubs and every club had a part in this, also the two clubs not federated helped most graciously in every phase. Your president visited every club in the county except two, and was sorry these could not be visited as she had an invitation to both.

If good has been accomplished it really was not me, but you who worked through me. Let your's be the glory.

Mrs. Merritt, the first president of the federation, and the outgoing president, served punch and cake. The two secretaries, Mrs. Harry Ratliff and Mrs. C. R. Earnest, presided at the punch bowl.

COLORADO FANS URGED TO ACCOMPANY LOCAL GRIDS

Football fans of Colorado are urged to accompany the high school eleven to Big Spring Saturday afternoon for the game with the high school team there, which will be called at three o'clock. The trip to Big Spring will be made in automobiles, leaving Colorado about noon.

The Episcopal Guild has done well with their Saturday Markets, Mrs. Lynn Bennett reports; clearing around \$16.00 each week. They will have another Saturday at the Alcove Drug Store.

G. W. Gill of Abilene was a business visitor Monday.

METHODISTS PLAN ERECT SUNDAY SCHOOL ANNEX

The eleven o'clock hour, at the Methodist church Sunday was spent in discussion plans for a Sunday school building, and repairing the church.

Rev. J. F. Lawlis told of the need of more room for the teaching force, the enrollment of the Sunday school year which closed Sept. 30 having been 412. There were ten classes in the church basement; three were sent upstairs where there is no appropriate seats or other equipment for them. He urged the members to think seriously of the need for instruction of our youth, and of the need of going forward, not remaining at a stand still.

Judge Leslie, chairman of the plans committee, was introduced and spoke of the need of teaching our children how to do, so that later they will not be among the number who break the laws of God and man and must be made to do. He said he was not very sympathetic toward having the Bible taught in the public schools, but he was anxious to see every church prepared to properly teach her pupils, and that, together with home teaching, was all that would be needed to make religious citizens. He also called attention to the fact that a larger per cent of our church members come from the Sunday schools than through any other agency, including revivals. He made a strong plea for a well equipped school building, built for that purpose alone, where the teacher might do his best work and the pupil might secure something that would be vital in his after life.

Judge Leslie then described the proposed building. A two story brick structure with twelve Sunday school rooms, and an assembly room. Sound proof walls and floors, equipped as a modern school building should be. This is to be placed thirty feet in the rear of the church leaving ample room for the building of a new and bigger church when the need arose.

The committee also planned for the removing of the church belfry, giving a Mission effect on the outside, painting the outside, removing the gallery and repapering the inside.

After many of the trustees, stewards and Missionary women had been called on to express their opinion as to whether or not the funds could be raised, a standing vote was taken as to whether or not this should be undertaken. Almost all of the members present were for the plan and those who did not vote said they would help when the time came to build.

One of the Castle architects of Abilene was present to see what the congregation wanted and will prepare plans for the proposed building which is to cost about \$10,000.

A finance committee composed of A. J. Harrington, Chas. Thompson, T. W. Stoneroad, Mrs. J. G. Merritt, Mrs. J. E. McCleary and Judge Leslie were appointed by the pastor. They are to go to work at once and see what can be raised that the matter may be presented at the annual conference, which meets the 30th of this month in Abilene. It is possible that some help may be secured from the Board of Church Extension, but if not, the local congregation can do it, says Mr. Harrington, the chairman, and will be glad they have, when they see how much better the church will look and how much more efficient work the teachers and pupils can do in the new building.

BEST THEATRE INSTALLS MUCH NEW EQUIPMENT

Charlie Taylor reports this week the installation of \$1000 worth of new equipment, consisting of new seats, special six powers B. machines which will make it really "the best".

The Best has also contracted for a new and complete lighting system with the very latest and most expensive fixtures to be installed at a later date.

Mrs. Boren, who has been visiting Mrs. D. C. Byrne and other friends returned to her home in Fort Worth Monday morning.

BANK STATEMENTS SHOW MUCH PROSPERITY HERE

With a big increase in bank deposits on government report as compared with the corresponding report in 1923, this section can be truthfully said to be in the most prosperous condition in its history. Corresponding increases were shown in total resources and cash on hand at the local banks, with a slight decrease in loans. The cotton crop is only now beginning its real movement.

National banks were required to report on their condition at the close of business on Friday, October 10. State banks reported theirs on the day following, October 11th.

Following are the total figures for the two Colorado banks:

Deposits	
Colorado Natl Bank	\$707,184.70
City Natl Bank	222,021.12
Total	1,572,051.59
Cash	
Colorado Natl Bank	\$178,246.13
City Natl Bank	222,021.12
Total	\$400,267.25
Loans	
Colorado Natl Bank	\$709,978.89
City Natl Bank	640,666.01
Total	\$1,350,644.70

Colorado Natl Bank	\$1,271,709.27
City Natl Bank	1,021,351.13
Total	\$2,293,060.40

COLORADO LAUNDRY CO. IN NEW SECOND STREET HOME

The Colorado Laundry Company, owned by A. B. Blanks, is operating in its new home on West Second street in the building recently vacated by A. J. Harrington. In the new location Mr. Blanks has added considerable improvement to the plant equipment, making this one of the best laundry plants in this section of the state.

COLORADO BOOSTER BAND HELPS COMMUNITY SPIRIT

Sunday afternoon more than 75 cars of Colorado citizens went out to Cuthbert for the band concert given by the Colorado Booster band. A large number were already on hand when the Colorado delegation arrived and welcomed them most enthusiastically.

Mayor Bozeman made an address of appreciation saying that since the country people spent their money with the town people it was only fair for the town to furnish the entertainment. He stressed the thought of reciprocity and community co-operation. Said that every live community had a good band, and none was better than ours. The boys, as usual gave their audience some splendid music, and at the close of the concert were given a watermelon feast, which the band did full justice to.

EL PASO HEARS ABOUT THE BEST CITY IN THE WEST

"Colorado is sitting on top of the world."

It is Colorado, Texas, about midway between El Paso and Fort Worth in El Paso's trade territory, if it goes after it; in Fort Worth's, if it goes after it more.

Both livestock and farming conditions in Mitchell county are fine, according to Marcus Snyder, cattie man, who was here Friday. There is plenty of grass for the cattle remaining in the county for the winter.

Mitchell county will have 30,000 bales of cotton this year, he declared, which, it is expected, with rising market for lint and good market for seed, will be worth approximately \$10,000,000. This, it is believed, includes crops incidental to cotton.

"I have lived there all my life," Snyder said, "and never saw things better."

Mr. Snyder himself has 4000 head of cattle remaining for the winter. He has sold only 2000 head this year. —El Paso Herald.

Miss Nellie Jordan spent Tuesday in Sweetwater.

FAIR ASSOCIATION BANQUET WILL BE ELABORATE AFFAIR

The Mitchell County Fair Association banquet, to be given Thursday evening, October 23, at the Barcroft Hotel, will be an elaborate affair, according to claims of officials of the association who are directing plans of the event. Plans for entertaining not less than 100 Mitchell county citizens and rendering an entertainment program of merit are being worked out.

The banquet was arranged by the association for the purpose of assembling every interested citizen of the county in conference to co-operate in working out definitely plans for the Fourth Annual Fair, to be held next year. Every community in the county will be expected to have representation at the banquet.

Should the citizenship of the county continue their support of the fair association in the future as they have in the past, it will be the matter of only a few years until one of the best regional fairs of West Texas will be built at Colorado. The associational directors and officials have expressed the wish to make direction of all plans affecting the future fairs purely democratic, building the institution and arranging the annual programs and attractions along lines as may be approved by the citizens who are directly interested.

There is no restrictions attached to reservations for the banquet. The fair association will be host to all who come. Citizens of Colorado, Loraine, Westbrook and the rural communities who will attend should make reservation at once with the secretary.

O. A. Bruton, expert mechanic, who has been with the Pigeon garage has resigned and will move to Snyder where he takes charge of the business of the Snyder Tire and Rubber Co.

Mr. Ben Blackwell of Weatherford visited Rev. W. M. Elliott and family for awhile Sunday.

PAVING COMPLETED NOV. 1 IS PROGRAM CONTRACTOR

Colorado's street paving program will be completed November 1st, according to statement made Wednesday by representatives of the West Texas Construction Company, contractors. Third street between Elm and Walnut is ready for the bitulithic topping material and excavations are nearing completion on the block between Walnut and Oak. Aside from laying the curb and gutter lines, no work has been done on the block between Chestnut and Elm streets.

With completion of these three blocks, Colorado will have approximately 26 blocks of Warrenite bitulithic paving, on concrete base, in the business district. The attractive "white way" street lighting system is to be extended over the entire district.

SNYDER ADOPTS GENERAL PAVING LAWS IN ELECTION

By a vote of three to one, citizens of Snyder Tuesday voted to adopt provisions of the General Paving Laws of Texas, the first step toward paving several blocks in the business district. Another election is to be called to vote on a proposed bond issue with which to pay the city's pro ratio expense of the paving.

The city commission met Thursday to employ an engineer to make surveys and complete estimates of the paving cost.

DAUGHTER H. F. MCCORCLE RUN DOWN BY AUTOMOBILE

The nine-year-old daughter of H. F. McCorcle was run down by an automobile in the street near the City National Bank building late Tuesday. The child was uninjured. According to statements of those who saw the accident, it was unavoidable, as the child ran in front of the moving machine.

The ladies of the Episcopal church will have their market at the Alcove Drug store Saturday. They will appreciate your patronage.

BAPTISTS OF MITCHELL AND SCURRY FORM ASSN.

If pretty weather, fine spirit and splendid entertainment, have anything to do with an organization, then the new Baptist Association which came into being at Snyder on Tuesday, will accomplish that "where unto it was called."

For more than a year has the advisability of forming another association been discussed, among both the men and the women of Mitchell and adjoining counties. The main reason for the new organization, as was claimed by the leaders, was that the Sweetwater Association had become so large, that it could not be made to function to the best interests of the cause.

So this year at the Sweetwater Association, which met at Sweetwater, the majority of churches of Mitchell county asked for dismission in order to join with Scurry county churches for more efficient work.

Colorado church sent her reports and was well represented, especially by the women, gave a hearty "God bless you," and came home to help in a new Association.

The Scurry County Association disbanded and invited Mitchell county over to help organize another, on Tuesday, October 14th.

Twenty went from Colorado, three men, Rev. M. C. Bishop, W. R. Morgan and E. Keathley, and seventeen women, Mesdames F. B. Whipkey, F. E. McKenzie, C. L. Seale, L. R. Pond, A. L. White, E. Keathley, W. R. Morgan, C. H. Lasky, B. F. Wilson, D. M. Logan, Mortan, Lindley, W. F. Robinson, Way, Willie Rogers, M. C. Bishop and Miss Barbara Way.

They, with representatives from thirteen other churches, were royally welcomed by the good people of Snyder. Both men and women met together for the devotional exercises, and for the explanation of the object of the meeting, that all might have an understanding of the nature of the undertaking and agree on a name. The name chosen was Mitchell-Scurry Association.

The women then went into an organization of their own.

The following officers were elected. Mrs. W. T. Rouse, Snyder, President. All the presidents of the local societies are to be vice presidents. Mrs. A. L. Whipkey, Colorado, recording secretary. Mrs. N. M. Harpole, Snyder, corresponding secretary. Mrs. R. D. English, Snyder, Treasurer. Mrs. F. E. McKenzie, Colorado, chairman personal service. Mrs. A. J. Parker, Roscoe, chairman Young Peoples Work. Mrs. C. Karnes, Hermleigh, chairman of missions.

Mrs. M. C. Bishop, Colorado, chairman Mission Study. Mrs. M. M. Risinger, Roscoe, chairman of Education. Mrs. Lois Kruse, Ira, chairman of Benevolence. Mrs. A. J. Kemp, Hermleigh, chairman White Cross. Mrs. Arthur Woodpeck, Snyder, Publicity chairman.

The plan of work, with a few local changes and additions will be along the lines of the State work.

The general Association was organized with the following officers:

Rev. G. W. Parks, Roscoe, Moderator. Rev. M. C. Bishop, Colorado, Vice-Moderator. Rev. C. C. Carr, Snyder, Clerk. E. Keathley, Colorado, corresponding secretary. Rev. M. C. Bishop was made chairman of the Executive Board. A campaign committee was appointed as follows: Rev. W. T. Rouse, M. Stacy, Rev. C. A. Jones, Rev. G. W. Parks, Rev. M. C. Bishop.

The plan of work, with a few local changes and additions will be along the lines of the State work. The general Association was organized with the following officers:

Rev. M. C. Bishop proposed to enlarge the "Baptist Visitor" to a six-column paper and make it an Associational paper, will print a sufficient number of copies and distribute it to the several churches, free. He proposes to have reporters from most of the churches, who will keep the entire Association posted as to their activities, etc. This proposition was

TWO TESTS TOPPING PAY; OTHERS WILL BE SPURRED

Keyard No. 1 of Rowe-Morrison, in Section 15, Block 28, is in the top sand at 2,380 feet, with excellent showing for good production from the Morrison sand, expected around 3,000 feet. Log of this test compares favorably with those of the larger producers on the Sloan and California leases immediately south of the well.

At Coleman No. 1 of the Humphreys interests near Cuthbert, J. F. Carey, drilling contractor is down 2,400 feet and the top pay is expected to be reached within the next one hundred feet. Carey continues most optimistic over prospects for bringing in a good commercial producer at this test. He expects to drill into the lower pay sand at between 3,000 and 3,100 feet.

The first of a number of new tests to be drilled in the field this fall and winter will be spudded on the Miller lease of the Sloan Oil Company, in section 22. The crew was rigging up at this location Thursday. The test, to be designated as Miller No. 3, will be drilled by D. J. Lewis, local drilling contractor for the Sloan interests. S. A. Sloan returned to Colorado this week after an absence of several months spent in California and other states and while he has made no statement for publication as to his plans for the immediate future, it is considered that several tests are to be drilled on property controlled by him and associates in the field.

It was stated Thursday in unofficial circles that not less than six new tests would be spudded in the field during the next thirty days. The California Company, largest developer in the field, will contribute a large quota to this new development, the report outlined.

Fred Carey is on a fishing job at A. C. Gist test, three miles north of Colorado. Considerable interest is being centered about this well.

At Loraine the second test is being spudded on the Brown lease. It is believed that a pumper field is to be developed there at a depth of 200 feet.

SUNDAY SCHOOLS HAVE GOOD ATTENDANCE LAST SUNDAY

The Methodist had 280 last Sunday at Sunday school, six more than were present on Go-to-Church Sunday.

The Baptists had 233, the Christian 112 and the Presbyterians 75. Dr. Guy B. Duff of Sherman preached for the Presbyterians at the eleven o'clock hour and it was a great pleasure for the congregation to have the man who served them for eight years as pastor, back to address them.

There was the usual services at the other churches.

OIL WELL NEAR LORAIN SPURRED IN LAST WEEK

The John Kegan, Brown No. 2 was spudded in Wednesday of this week and drilling will be rushed to completion as quickly as possible. The location was made only a short distance from Brown No. 1 which was drilled into an oil sand at a depth of a little more than two hundred feet and abandoned because of the condition of the hole.

The promoters are confident that the oil sand struck at that depth will produce a paying well if the hole is kept in good condition and the water cased off.

A new spudder rig has been secured for the drilling of the No. 2 well and the hole will be carried to a depth of a little more than 2,000 feet if oil or gas in paying quantities are not found before that time.—Loraine Leader.

Joyfully accepted.

It was decided to hold the November Fifth Sunday meeting in Roscoe.

The next meeting of the Association will be held with First Church at Colorado.

Dinner was served in the basement of the beautiful new church building by the good women of Snyder, and a bounteous feast it was. The Colorado people say they were never treated with any more beautiful hospitality.

Mrs. Merritt, the first president of the federation, and the outgoing president, served punch and cake. The two secretaries, Mrs. Harry Ratliff and Mrs. C. R. Earnest, presided at the punch bowl.

COLORADO FANS URGED TO ACCOMPANY LOCAL GRIDS

Football fans of Colorado are urged to accompany the high school eleven to Big Spring Saturday afternoon for the game with the local school team there, which will be called at three o'clock. The trip to Big Spring will be made in automobiles, leaving Colorado about noon.

A finance committee composed of A. J. Herrington, Chas. Thompson, T. W. Stoneroad, Mrs. J. G. Merritt, Mrs. J. E. McCleary and Judge Leslie were appointed by the pastor. They are to go to work at once and see what can be raised at the annual conference, which meets the 30th of this month in Abilene. It is possible that some help may be secured from the Board of Church Extension, but if not, the local congregation can do it, says Mr. Harrington, the chairman, and will be glad they have, when they see how much better the church will look and how much more efficient work the teachers and pupils can do in the new building.

PAVING COMPLETED NOV. 1 IS PROGRAM CONTRACTOR

Colorado's street paving program will be completed November 1st, according to statement made Wednesday by representatives of the West Texas Construction Company, contractors. Third street between Elm and Walnut is ready for the bitulithic topping material and excavations are nearing completion on the block between Walnut and Oak. Aside from laying the curb and gutter lines, no work has been done on the block between Chestnut and Elm streets.

With completion of these three blocks, Colorado will have approximately 26 blocks of Warrenite bitulithic paving, on concrete base, in the business district. The attractive "white way" street lighting system is to be extended over the entire district.

SNYDER ADOPTS GENERAL PAVING LAWS IN ELECTION

By a vote of three to one, citizens of Snyder Tuesday voted to adopt provisions of the General Paving Laws of Texas, the first step toward paving several blocks in the business district. Another election is to be called to vote on a proposed bond issue with which to pay the city's pro ratio expense of the paving.

The city commission met Thursday to employ an engineer to make surveys and complete estimates of the paving cost.

DAUGHTER H. F. McCORCLE RUN DOWN BY AUTOMOBILE

The nine-year-old daughter of H. F. McCorcle was run down by an automobile in the street near the City National Bank building late Tuesday. The child was uninjured. According to statements of those who saw the accident, it was unavoidable, as the child ran in front of the moving machine.

The ladies of the Episcopal church will have their market at the Alcove Drug store Saturday. They will appreciate your patronage.

BAPTISTS OF MITCHELL AND SCURRY FORM ASSN.

If pretty weather, fine spirit and splendid entertainment, have anything to do with an organization, then the new Baptist Association which came into being at Snyder on Tuesday, will accomplish that "where unto it was called."

For more than a year has the advisability of forming another association been discussed, among both the men and the women of Mitchell and adjoining counties. The main reason for the new organization, as was claimed by the leaders, was that the Sweetwater Association had become so large, that it could not be made to function to the best interests of the cause.

So this year at the Sweetwater Association, which met at Sweetwater, the majority of churches of Mitchell county asked for dismission in order to join with Scurry county churches for more efficient work.

Colorado church sent her reports and was well represented, especially by the women, gave a hearty "God bless you," and came home to help in a new Association.

The Scurry County Association disbanded and invited Mitchell county over to help organize another, on Tuesday, October 14th.

Twenty went from Colorado, three men, Rev. M. C. Bishop, W. R. Morgan and E. Keathley, and seventeen women, Mesdames F. B. Whipkey, F. E. McKenzie, C. L. Seale, L. R. Pond, A. L. White, E. Keathley, W. R. Morgan, C. H. Lasky, B. F. Wilson, D. M. Logan, Mortan, Lindley, W. F. Robinson, Way, Willie Rogers, M. C. Bishop and Miss Barbara Way.

They, with representatives from thirteen other churches, were royally welcomed by the good people of Snyder. Both men and women met together for the devotional exercises, and for the explanation of the object of the meeting, that all might have an understanding of the nature of the undertaking and agree on a name. The name chosen was Mitchell-Scurry Association.

The women then went into an organization of their own.

The following officers were elected. Mrs. W. T. Rouse, Snyder, President. All the presidents of the local societies are to be vice presidents. Mrs. A. L. Whipkey, Colorado, recording secretary. Mrs. N. M. Harpole, Snyder, corresponding secretary. Mrs. R. D. English, Snyder, Treasurer. Mrs. F. E. McKenzie, Colorado, chairman personal service. Mrs. A. J. Parker, Roscoe, chairman Young Peoples Work. Mrs. C. Karnes, Hermleigh, chairman of missions. Mrs. M. C. Bishop, Colorado, chairman Mission Study. Mrs. M. M. Risinger, Roscoe, chairman of Education. Mrs. Lois Kruse, Ira, chairman of Benevolence. Mrs. A. J. Kemp, Hermleigh, chairman White Cross. Mrs. Arthur Woodpem, Snyder, Publicity chairman.

The plan of work, with a few local changes and additions will be along the lines of the State work.

The general Association was organized with the following officers:

Rev. G. W. Parks, Roscoe, Moderator. Rev. M. C. Bishop, Colorado, Vice-Moderator. Rev. C. C. Carr, Snyder, Clerk. E. Keathley, Colorado, corresponding secretary. Rev. M. C. Bishop was made chairman of the Executive Board. A campaign committee was appointed as follows: Rev. W. T. Rouse, M. Stacy, Rev. C. A. Jones, Rev. G. W. Parks, Rev. M. C. Bishop. The employment of an Associational Missionary was deferred until another time.

Gail, county seat of Borden county, which was in the old Scurry Association will also be a member of the new Association. Several other churches who could not have messengers at the organization will become members later on.

Rev. M. C. Bishop proposed to enlarge the "Baptist Visitor" to a six-column paper and make it an Associational paper, will print a sufficient number of copies and distribute it to the several churches, free. He proposes to have reporters from most of the churches, who will keep the entire Association posted as to their activities, etc. This proposition was joyously accepted.

It was decided to hold the November Fifth Sunday meeting in Roscoe.

The next meeting of the Association will be held with First Church at Colorado.

Dinner was served in the basement of the beautiful new church building by the good women of Snyder, and a bounteous feast it was.

The Colorado people say they were never treated with any more beautiful hospitality.

TWO TESTS TOPPING PAY; OTHERS WILL BE SPUDDED

Keynard No. 1 of Rowe-Morrison, in Section 15, Block 28, is in the top sand at 2,380 feet, with excellent showing for good production from the Morrison sand, expected around 3,000 feet. Log of this test compares favorably with those of the larger producers on the Sloan and California leases immediately south of the well.

At Coleman No. 1 of the Humphreys interests near Cuthbert, J. F. Carey, drilling contractor is down 2,400 feet and the top pay is expected to be reached within the next one hundred feet. Carey continues most optimistic over prospects for bringing in a good commercial producer at this test. He expects to drill into the lower pay sand at between 3,000 and 3,100 feet.

The first of a number of new tests to be drilled in the field this fall and winter will be spudded on the Miller lease of the Sloan Oil Company, in section 22. The crew was rigging up at this location Thursday. The test, to be designated as Miller No. 3, will be drilled by D. J. Lewis, local drilling contractor for the Sloan interests. S. A. Sloan returned to Colorado this week after an absence of several months spent in California and other states and while he has made no statement for publication as to his plans for the immediate future, it is considered that several tests are to be drilled on property controlled by him and associates in the field.

It was stated Thursday in unofficial circles that not less than six new tests would be spudded in the field during the next thirty days. The California Company, largest developer in the field, will contribute a large quota to this new development, the report outlined.

Fred Carey is on a fishing job at A. C. Gist test, three miles north of Colorado. Considerable interest is being centered about this well.

At Loraine the second test is being spudded on the Brown lease. It is believed that a pumper field is to be developed there at a depth of 200 feet.

SUNDAY SCHOOLS HAVE GOOD ATTENDANCE LAST SUNDAY

The Methodist had 280 last Sunday at Sunday school, six more than were present on Go-to-Church Sunday.

The Baptists had 233, the Christian 112 and the Presbyterians 75. Dr. Guy B. Duff of Sherman preached for the Presbyterians at the eleven o'clock hour and it was a great pleasure for the congregation to have the man who served them for eight years as pastor, back to address them.

There was the usual services at the other churches.

OIL WELL NEAR LORAIN SPUDDED IN LAST WEEK

The John Kegan, Brown No. 2 was spudded in Wednesday of this week and drilling will be rushed to completion as quickly as possible. The location was made only a short distance from Brown No. 1 which was drilled into an oil sand at a depth of a little more than two hundred feet and abandoned because of the condition of the hole.

The promoters are confident that the oil sand struck at that depth will produce a paying well if the hole is kept in good condition and the water cased off.

A new spudder rig has been secured for the drilling of the No. 2 well and the hole will be carried to a depth of a little more than 2,000 feet if oil or gas in paying quantities are not found before that time.—Lorraine Leader.

BUICK CAR MAKES RECORD RUN OF OVER 1600 MILES

What is perhaps the world's record for endurance was made last week by C. F. (Outdoor) Franklin in a new 1925 Standard Six Buick car.

The Howard Automobile Company, Pacific Coast Buick distributor, reports that Franklin drove sixteen hundred and six miles in less than fifty-five hours without leaving the driver's seat.

The record run was made from the Canadian border to the Mexican border, and establishes a speed record between these points.

Starting from Blaine, Canada at eight A. M. Monday, September 22, Franklin made the sixteen hundred miles to Tijuana, Mexico without a relief driver and without leaving the wheel, arriving at Tijuana Wednesday, September 24th, at two-forty P. M.

The Buick Standard Six proved its stability by the wonderful manner in which it stood this extraordinary test. Not once did the car falter.

The fact that only one pint of water was needed to fill the radiator at the end of the trip indicates the efficiency of the Buick motor.

The Carter Motor Co. has this beautiful car on the floor here and it will pay you to visit them and see it.

ALL-WEST TEXAS FAIR AT SAN ANGELO ENDS

SAN ANGELO, Oct. 12.—Acclaimed by fair officials and the public as one of the best in the long history of such events here, the All-West Texas exposition closed Saturday night.

J. P. Cox of Colorado won first prize in broncho busting, a \$200 saddle. Otis Bowie of Eldorado was second and Dan Utley of Belton was third. Attendance at the exposition Friday, over 12,000, set a new record. The week's record was exceptionally good in view of unfavorable weather and reduced livestock exhibits due to quarantine.

Colorado Sanitarium Patients.

The Colorado Sanitarium has been a busy place the past few weeks. The following were operated upon last week: Margery Taylor, J. U. Williams Charles Landau and Mr. Humphrey of Colorado, J. E. Roberts, Coahoma and Gorman Boston of Westbrook. This week there has been N. H. Montgomery and Mrs. W. F. Hogue of Big Spring, E. O. Booker of Roby, Waldo Anderson, Parker Jarman, Katherine Price, Colorado, D. R. Mitchell, Westbrook and born to Mr. and Mrs. D. C. Stewart a son, De Witt Clinton.

Mr. Andrews, who was hurt in an automobile accident has suffered a great deal but is getting well.

Katherine Price was operated on Tuesday for appendicitis and Parker Jarman Monday for the same thing both are doing nicely.

Mr. Winn's Bean Contest.

Everett Winn has had many ask him about his bean guessing contest put on during the fair. Since there was no mention made of it in the Record, very few knew what happened, or who got the gasoline. There were 5724 beans in the headlight and R. E. Baker guessed 5700, coming within 24 of the correct number, and to him went the 100 gallons of gasoline.

COLORADOIANS AMONG PASSENGERS IN WRECK

Mr. and Mrs. W. W. Watson, J. W. Kay and W. S. Cooper and son, Lewis of Colorado, and Mrs. S. E. Brown and daughter of Loraine, were among passengers on the Sunshine Special when this crack passenger train of the Texas & Pacific was wrecked five miles east of Sweetwater early Tuesday morning, killing Max Wiesen, engineer and his fireman, Frank Pratt. Mr. and Mrs. Watson and Mrs. Watson and Mrs. Brown and daughter, returning from State Fair at Dallas; Mr. Kay returning from Fort Worth with a party of cotton pickers and Cooper was returning from Fort Worth where he had been under care of a specialist during the past few days. The Sweetwater correspondent, in reporting the wreck for the Fort Worth Star-Telegram, Tuesday says:

Engineer Mox Wiesen of Big Spring, brother of Richard Wiesen, 907 Bessie St., Ft. Worth, and Fireman Frank Pratt of Baird were killed early Tuesday morning when the west bound Sunshine Special, fast passenger train of the Texas and Pacific, running at 60 miles an hour in an effort to make up four hours' lost time, was wrecked five miles east of Sweetwater. The train left Fort Worth late Monday. No other persons were killed or injured.

A horse caught in a cattle guard on the tracks at Stamper, a switching point, was thrown directly beneath the engine and derailed the rear trucks, causing it to overturn.

Wiesen was killed almost instantly. Pratt was buried beneath the wreckage of the engine and it was necessary for rescuers to chop their way with axes to release him. Pratt was taken to a sanitarium at Sweetwater where he died at 4 p. m.

Three coaches and the baggage car were derailed, only the diner and sleeping cars remaining on the track. Traffic in both directions was being held Tuesday at Abilene and Sweetwater pending clearance of the tracks.

The train changed engines at Baird replacing the regular "mogul" type with a lighter engine. And it was at Baird that Pratt, working extra, was assigned to his fatal trip.

Malignant fate seemed to have hovered over the ill-fated train from the time it left Fort Worth on the 13th day of the month, until it was wrecked near Sweetwater, Tuesday.

"We had proceeded not more than five miles out of Fort Worth when engine trouble developed and a repair crew came out and worked on it," W. S. Cooper, secretary of the Colorado City Chamber of Commerce told the Star-Telegram correspondent at Sweetwater, Tuesday.

"At Mingo we were held up by a hot box," Cooper continued. "I had just left the observation car and come forward to the day coach. One passenger remarked, 'Never again will I start a trip on the 13th, because all of these troubles were surely due to the date.' Hardly had he got the words out of his mouth when the crash came.

"Only the fact the train was made up of solid steel coaches prevented at least 100 people being killed. No passengers were injured, but many women were thrown from their berths into the aisles."

A relief train bearing doctors reached the scene at 2:20. Day coach passengers were taken to Sweetwater.

Baggage Master R. N. Ralph was alone in the baggage car. He was

bruised when thrown against the side of the car. With other members of the train crew he rushed to the front of the train. Wiesen was dead when Ralph reached the engine. Pratt's left leg was protruding through the cabin window. He was unable to move.

"Oh, Lord!" he was heard to moan, "I'm burning up." Escaping steam and scalding water literally cooked him alive. E. J. Few, a coppersmith of Alvarado, climbed into the engine and cut off the escaping steam. Others, not knowing the mechanism, stood helplessly by until the arrival of Few.

H. E. Hix of Los Angeles, a passenger, produced a bottle of olive oil and sought to alleviate the fireman's pain by rubbing his body as he lay pinioned in the wreck. Flashlights were turned on and by their rays rescuers worked frantically to remove the bodies.

ANDREWS COUNTY ENJOYING VERY RAPID GROWTH IS SAID

MIDLAND, Oct. 14.—Andrews County, joining this county on the north, and perhaps the newest farming county in the state, is experiencing the most rapid growth and settlement in its history. This is evidenced by the fact that the public schools show an increase of about 100 per cent over last year.

For the first time since the boom days of 16 years ago, every house in the town of Andrews is occupied, and several new ones are being constructed.

The growth is due to the influx of

CROPS ARE GOOD, FARMERS ARE PAYING THEIR DEBTS

Brownwood, Oct. 12.—This part of Central West Texas is in good condition from every point of view. Farmers are nearer out of debt than they have been in years, and practically every farmer has his barn well

filled with forage ample enough for all purposes far into next year.

The cotton and cottonseed crops will bring something like \$1,806,000 this year, and other crops will be about the same, which will give a good trade volume for Brownwood and the smaller towns of Brown County.

Pastures are in fine condition and there is an abundance of water. Farmers in many localities have prepared their land and are ready to plant wheat when the time arrives.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripple, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

Last Sunday was a great day at our church. Dr. Guy B. Duff preached for us at the morning service. Dr. Duff gave us a fine sermon. The house was about full at both preaching services. Our Sunday school is growing. Come and help and watch it grow. Next Sunday the pastor will be at Coahoma, but we are expecting Dr. Stanworth to preach for us. Dr. Stanworth preached here one summer a few years ago. He is now located at Paris, Texas.

Baptist Notes.

Last Sunday was better. Everybody seemed to be religious. Good attendance at both hours; good Sunday school attendance. Come next Sunday and we propose to make a few feeble remarks about something that is attracting the attention of the public mind, and compare it with the Bible. Everything is running good. We want everybody to be happy and helpful.—M. C. Bishop.

YOUNG MOTHERS S. S. CLASS HOLDS IMPORTANT MEETING

The Young Mother's Sunday school class of the Methodist church met Thursday at the church with Mrs. G. E. Womack as hostess. There was a good attendance and much interest along all lines of work. The class numbers thirty members now, with new additions each Sunday. It was decided to take as their work the placing of electric fans in the church next summer. To raise funds for this the Market Basket plan, brought back by Mrs. Pidgeon from her summer vacation was adopted, and the basket started on its rounds Monday morning. In the basket, placed there by the one who sends it out is a bank, with an offering, an article and the class roll. The member next in line keeps the article placing its value in the bank, puts in another article, crosses her name off the roll and passes it on. It is hoped that by the time the basket and the bank have gone around the bank will be filled with money and every member in possession of a needed article. Mrs. Lockhart of Los Angeles, Calif., was the only visitor. The hostess served ice cream and cake.

COLORADO JUNIOR BAND.

Raymond Jones, teacher of Colorado Junior Band has several distinctions. He is the youngest member of the Band Teachers Association of Texas and has been a teacher for more than a year. He has been given many splendid trips because of his wonderful musical ability, the last one being to the recent Legion meeting in St. Paul; and he is demonstrating his ability to teach others in his training of the Junior Band. These boys range in age from eight to

sixteen years of age and have already given several concerts and plan to appear in public more often, as they become more proficient. They have been invited to give a concert at Horn's Chapel Sunday afternoon and have accepted. The personnel of this band is as follows: Myron Fairchild, Charles Edwin Root, Harvey Humphries, Scottie Spalding, Armstead Spalding, Lawrence Snively, Ben Lee Costin, Ted and Roy Morris,

Albert Geiger, Hugh Elliott, Erskine Grose, Homer Hart, Willis Shropshire, J. W. Kirkpatrick, John Pond, J. E. McCleary, Scot McKinney, Conard Marvin Watson.

The U. D. C. will hold their regular meeting at the residence of Mrs. J. G. Merritt, Oct. 21 at 3:30. All members please be present as this will be a very important meeting and special business.

Auto Accidents.

Fourteen hundred killed in one disaster would shock the nation, yet approximately that number, 1,398 to be exact, met death during the first eight months of this year in New York state alone through automobile accidents, without exciting any particular attention. While medicine and surgery are working wonders in the saving of human life, the grim toll of the automobile mounts higher and higher each year.

Primary Elections.

That some effort to amend or abolish the primary law in Texas will be made at the next session of the legislature is evident, and it should be. Our primary system in its present form is responsible for the political turmoil in the state today. The only regrettable thing about abolishing the primary system now is that we would not enjoy the privilege of seeing how our republican friends conduct themselves under similar circumstances. It is predicted that the republicans will poll more than 100,000 votes this year, and under the primary law it will then be necessary for the republicans to nominate by ballot of the people.—Ballinger Leader.

TEAMWORK FOR OUR TOWN.

In every city, town and hamlet we may find strong competition in business, differences in politics and religion, social rivalries and personal antagonisms—and these will probably always exist to a greater or less extent. But there is one common ground on which all should be willing to meet, laying aside personal grievances and prejudices—that is, where the common welfare of "our town" is concerned. In other words, no matter how much we may disagree and fight among ourselves, we should stand up

for our town against all opposition. This sort of teamwork is what makes a town worth while, insures its progress and a better understanding among its people.

By joining with an enemy or rival in some movement for the betterment of the community, we often find him to be a pretty good sort of fellow, after all.

Development of a strong community spirit is essential to community advancement and no personal feeling should be permitted to stand in its way. Loyalty and teamwork are the things that count.

We often think of the American Government as an institution apart from ourselves. We are inclined to look to the other fellow for our Government; Congress seems to be an institution over which we have no control, and are little concerned for that is the Government, we think. Too many of us have failed to learn that all important lesson: that the Government of this nation is you and I. When that wonderful document, the Constitution of the United States was written it placed in the hands of you and I the reins of government. It behooves us to steer the ship of state in the open sea lest we go against the rocks or drift afloat on the sands of time. It is the duty of every American to play his part in the game of government. It is true that we all cannot hold a so-called office of trust, yet you and I, as voters, with the privilege of the ballot have the power with which to push this government on to the higher and better things.

If we could publish a newspaper that would suit everybody our services would surely be in demand at a salary of six figures. Not being endowed with any such talent we intend to plod along and run the old Record to suit ourselves, doing the very best we know how to give our readers a clean and local newspaper. We are not ashamed for the children of any of our subscribers to read every word in every edition of the Record. Our policy has been for the past twenty years, "If you like it, subscribe and pay for it; if you don't like it, just leave it alone." We are not going to fall out with you for not taking the paper. That it is a good country paper as the go, is demonstrated by the over 2000 people who take it and eagerly read it every week. Of course we would feel all puffed up if we could persuade everyone to like it, but that being an impossibility, we are going to do the very best we can; and continue to appreciate the patronage we have, and especially the hundreds of compliments and words of praise we receive every day.

HOWARD COUNTY HAS RECEIVED 3643 BALES TO DATE

Cotton receipts at the local yards were held to a low point this week due to the big rain last Monday. Up to noon Thursday the total receipts for the season had reached 3643. With the warm weather of the past few days receipts are beginning to climb back to the point they had attained before the rain.

A scarcity of cotton pickers is delaying the gathering of the crop in Howard County.—Big Spring Herald.

WANT IATAN MUD HOLE ELIMINATED IN FUTURE

From Big Spring Herald: Traveling men here Tuesday were talking of petitioning the Chamber of Commerce and Lions Club at Colorado to have the bad mud hole in the Iatan Flats, just east of Iatan station, eliminated. It is stated that eighty automobiles had to be dragged thru this bad place with teams, following the rain of last Monday; and they were pulling them out practically all day Tuesday.

Of course it don't rain every few days in West Texas, but when it does, Iatan Flat is a sore spot that hurts not only Mitchell county, but every county along the Bankhead Highway. Once folks begin to detour to avoid this section of the highway it will take years to overcome the injury.

HOW GREAT MEN MAKE LOVE AS REVEALED BY THEIR LOVE LETTERS By JOSEPH KAYE (© by Wheeler Syndicate, Inc.) HENRY GEORGE AND ANNIE FOX

IF EVER a man knew what the very dregs of poverty were that man was Henry George, the founder of the single tax. To what depths a man so intellectual and gifted as George was could be driven can be seen from the following entry in his diary, made at a time when he was living in San Francisco trying to make a living through printing jobs, and when his second child had just been born:

"I walked along the street and made up my mind to get money from the first man whose appearance might indicate that he had it to give. I stopped a man—a stranger—and told him that I wanted \$5. He asked me what I wanted it for. I told him that my wife was confined and that I had nothing to give her to eat. He gave me the money. If he had not, I think I was desperate enough to kill him." And the bravery of the young wife who had to stand this! To her great credit it is to be recorded that she bore her trials with cheerfulness and lived the life of a gypsy, with no complaint to make her husband's lot harder than it already was.

In this darkest moment of Henry George's life his wife was a beacon which upheld and guided him safely to the port of better times. And a note which he sent to his wife during this period shows how greatly he treasured her:

"Times seem pretty dull here but I think I can get along. Anyhow, we will try. I stayed at the 'What Cheer House' last night. My darling, I don't know how much I love you until I am separated from you. I don't believe I could live without you. And the dear little fellow—how I love him!" Henry George was born in Philadelphia in 1839 and had a varied career until he came to his life-work. At fourteen he left school and worked for a time in a store. Then he shipped as a foremast boy on a ship bound for Australia. Returning to America he learned printing and the desire for traveling selling him again he went on a U. S. lightship and worked his way to California.

Hearing of gold being struck in British Columbia, Canada, he turned his attention next to prospecting in that country but returned to California and engaged variously as a printer, reporter and editor in coast cities.

His journalistic success was meager because of his uncompromising stand against monopolies. From this period on, however, he began to develop his theories of the single tax and a well-paying position in the California state civil service being obtained for him, he had enough leisure to write his celebrated book, "Progress and Poverty," which brought him the recognition of the world as an economist.

G. O. P. CAMPAIGN FUND TOTAL IS NOW \$1,095,000 CHICAGO, Oct. 12.—Contributions to the republican national committee's campaign funds to October totaled \$1,095,000, Chairman Butler told newspaper men today. He said the committee needed more money.

The new STUDEBAKER DUPLEX

—two cars in one!

For the first time an open and closed car combined at strictly open car price

This combination of features found in no other car:

- The New Duplex-Phaeton Body—it solves the closed-open car problem. Genuine Balloon Tires—20 x 6.20 inches. New Satin-Lacquer Finish. Spanish chrome tanned leather upholstery. New idea in ease of operation and control. Vibrationless Engine; forced oiling system with new idea in oil supply. Four-Wheel Hydraulic Brakes optional—totally unlike any other system on American cars. Automatic braking pressure.

Special Six DUPLEX-PHAETON \$1495

AT LAST—THE DUPLEX! An entirely new-type car created by Studebaker. By simply drawing down the roller side enclosures, it may be changed from an open car to an enclosed car in thirty seconds. For the first time in history, a car which completely meets the requirements of year round motoring. Use it rain or shine, winter or summer, twelve months in the year. It is like owning two cars! And the price is no higher than the old-time open car. Framed and shaped in steel, the upper section of the Duplex body is built integral with the lower part. Thus its beauty is permanent like that of a closed car. Its long, low sweeping lines—

deeply crowned fenders—beautiful hood and radiator—all completely harmonize. For the Duplex is designed and built as a unit by Studebaker. And with this double value you have Studebaker mechanical superiority which means abundant power—effortless operation—new ease of gear shifting—powerful brakes—velvet clutch action and notably easy steering. In addition there is a multitude of improvements and refinements that bring a new sense of satisfaction to motoring. The Duplex models are an exclusive Studebaker creation—they are available from no other maker! Come in and inspect these new Studebakers. See the latest development in motor cars.

SCOUT COUNCIL PLANS WORK FOR COMING YEAR

The Executive Board of the Buffalo Trail Boy Scout Council met in Sweetwater Thursday, Oct. 9 in regular session. Reports were heard on the summer camp, the Scout Executive Conference at Estes Park, Colorado and on the present status and immediate prospects of the council organization.

J. D. Corhn, of Rotan, spoke enthusiastically about the summer camp saying that he believed he had gotten more good from the ten days spent there than from any period of six months spent otherwise. Scout Executive, W. S. Barcus, gave all the credit for the success of the camp to the volunteer adult leaders who were there, stating that fourteen of them, of whom Mr. Corhn was one, made the camp what it was by their unselfish and efficient work with the boys.

Mose Newman, treasurer, gave a report of the financial standing of the Council and an outline of the complete report he intends to prepare for all contributors. Mr. Newman stating that he believed all would be satisfied with the manner in which their contributions had been expended.

Rev. W. M. Elliott of Colorado, who presided, was appointed manager for the financial campaign which is to be launched some time in November. In speaking of the campaign Rev. Elliott said that the record of the organization to the present time would, undoubtedly, insure the success of the campaign, saying that all that would be necessary would be to get enough men to see enough men and the comparatively small amount needed would be over subscribed.

Scout Executive, Barcus, spent several days subsequent to the meeting in going over with Rev. Elliott some plans for the campaign.

The following were present: Rev. W. M. Elliott, Colorado; Dr. L. O. Dudgeon, Minor Shutt, J. A. McCurdy, Mose Newman, Rev. B. E. Hester, W. S. Barcus, all of Sweetwater; J. D. Corhn, Rotan, Isaac Corhn, Rotan; H. B. Palmer, Dunn.

PRESBYTERIANS PAY HEAVILY ON PLEDGES MADE FOR FUNDS

Over \$230,000 has been paid by the Presbyterians of Texas on the pledges made by them to the schools and colleges of their denomination during their recent campaign for education, according to a report made by Rev. J. S. Baird, D. D., to the Ad-Interim Committee of the Presbyterian Educational Movement at their meeting in Dallas on September 26th. A statement made to the campaign committee on July 15th, showed that \$1,366,597 had been secured for educational purposes by the recent movement in Texas. This amount was pledged over a period of four years, payments being made on the installment plan. That these subscriptions are being paid promptly is shown by the secretary's report of \$230,597.00 paid on them since the campaign began.

Inasmuch as the Presbyterian institutions in this State are badly in need of funds, all subscribers are being urged to liquidate their pledges as rapidly as possible, Or. Baird said.

BAPTIST STUDENTS TO HOLD MEETING IN CAPITOL CITY

More than 1,000 Texas Baptist students representing the 10,000 in the more than thirty Baptist and State schools and colleges of Texas will be present at the opening of the fifth annual Baptist Student Convention which will be held in Austin October 31 to November 2, Dr. Jos. P. Boone, general secretary of the student department of the Baptist General Convention of Texas has announced. The Baptist students of New Mexico will join with the Texas Baptists in the convention. Sessions will be held at the University Baptist church which has just recently been completed.

A feature of the meeting will be the open house which will be held by Governor Pat M. Neff at the home of the governor in Austin Saturday afternoon, November 1 from 4 until 6 o'clock.

SHENANDOAH IS DAMAGED AT SAN DIEGO STATION

SAN DIEGO, Cal., Oct. 12.—Due to the straining of two girders in the aft part of the Shenandoah when the big dirigible landed at the North Island naval air station here last night, departure of the airship for the flight to Camp Lewis, Wash., has been delayed until tomorrow or Monday, according to an official statement.

Mrs. H. B. Broadbent, Joe Pond and Mr. Burk were reported on the sick list the first of the week.

RICH RANCHMAN DIES SUDDENLY AT IATAN

About 10 o'clock Sunday night Justice of the Peace, C. S. Thomas was phoned from Iatan, to come and hold an inquest on the remains of a man who had died suddenly.

On his arrival he learned that the mans name was Richard Cordwent, of Baird, a wealthy stock man and farmer, who was loading cattle at the stock pens, and fell dead of heart failure on the platform. Mr. T. E. Powell of Baird was notified and came up to take charge of the situation. The remains were taken to Big Spring for embalming, then sent to Baird where the body is being held waiting a cablegram from a sister in London, England.

Mr. Cordwent, a native of England came to Calahan county a poor boy many years ago, herding cattle to get a start in life. He was a large land owner, having 44,800 acres in one body in Culbertson county and twenty rented farms in Calahan county. He had never married.

AMUSEMENT LOVERS.

The amusement loving people of Colorado and vicinity should be well pleased as the G. Bert Davis famous players are coming to town, all next week in their big waterproof tent and fine orchestra.

The Bert Davis players are expert in their line. Mr. Davis says:

"I bring you a well balanced company of twenty-two people; a splendid six-piece orchestra and best acting cast obtainable. The largest and most beautiful scenery ever used under a canvas theatre. The price is right. Because the price is low, don't think the quality bad. I have by far the best tenured theatre in America today. I believe in volume and capacity. I want your support, your friendship. When you see me on the street say, "Hello, have a Coca Cola or cigar," and see if I don't take it. I'll chew, whistle, do anything honorable to be your friend. Stop the boy with the "Million Dollar Smile."

Yours for a good time,—G. Bert Davis, "The Southwest's most popular Actor-Manager."

BIG SPRING MAN KILLED IN AUTOMOBILE ACCIDENT

Sam Hill Brewer, 29 years old, prominent business man of Big Spring, was killed in an automobile accident in the west part of that city when a runaway horse crashed into the coupe which he was driving wrecking the car. His neck was broken by the impact.

Mrs. Brewer and little daughter, who were in the car, escaped with a few scratches.

Mr. Brewer's parents reside in San Angelo. His mother and brother arrived from San Angelo a few hours after the accident.

The body was sent to San Angelo for burial Thursday afternoon.

A resident of San Angelo for 15 years, until early in 1923, Brewer was advertising manager of the Baker Hemphill Company of Big Spring. He was secretary of the Bronchos in 1921, the first year San Angelo was represented in the West Texas Baseball League.

BIG SPRING SHERIFF REFUSES ALLOW CARNIVAL TO SHOW

A representative of the James Carnival Company was here recently to make arrangements to have the carnival stage a week's engagement here but in compliance with the provisions of the petition signed by the good women of Big Spring Sheriff Satterwhite refused to issue them a permit unless they would agree to eliminate all gambling devices or devices which verged on gambling or games of chance. The representative could not meet the requirements so the carnival sought other fields. Sheriff Satterwhite is to be commended for his action in this matter.—Big Spring Herald.

CITATION BY PUBLICATION THE STATE OF TEXAS:

To the Sheriff or any Constable of Mitchell County, Texas—Greeting:

You are hereby commanded to summon A. T. Spalding and his wife, Mrs. Josephine Spalding, R. L. Lunceford, Ed Davis, M. E. Adams, Chal N. Daniel, J. H. Keck, J. S. Anderson, Jerry Ponia, the Petroleum Operators Association, a corporation, the Underwriters Producing & Refining Company, a corporation, the Mid-Texas Producers Company of Mexico, Texas, a corporation, The Rio Grande Oil Company, a corporation, and the American Glycerine Company, a corporation, by making publication of this citation once a week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the Court House thereof in the city of Colorado, Texas, on the 3rd Monday in November, 1924, the same being the 17th day of November, 1924, then and there to answer a petition filed in said court on the 19th day of May, 1924, and an amended original petition filed in said court on the 27th day of September, 1924, in a suit numbered 4506 on the docket of said court wherein Zilpha Morrison, joined pro forma by her husband Earl Morrison, is plaintiff and Rio Grande Oil Company, a corporation, the American Glycerine Company, a corporation, The Underwriters Producing & Refining Company, a corporation, the Mid-Texas Producers Company of Mexico, Texas, a corporation, the Petroleum Operators Association, a corporation, and A. T. Spalding, Mrs. Josephine Spalding, S. S. Owens, S. A. Sloan, L. W. Sandusky, Marcus Snyder, Mrs. Ida Bess Snyder, Watt Collier, R. L. Lunceford, John Garland, W. C. Morrow, W. L. Doss, A. J. Harrington, J. C. Davis, Ed Davis, R. F. Taylor, L. B. Elliott, M. E. Adams, C. H. Lockhart, Mrs. Minnie Lockhart, L. E. Lockhart, P. C. Coleman, James T. Brooks, Chal N. Daniel, J. H. Jennings, J. H. Keck, J. S. Anderson and Jerry Ponia, are defendants; and the cause of action being alleged as follows:

That heretofore, on to-wit: May 15th, 1922, plaintiff, Zilpha Morrison, seized and possessed in her own separate right, and on behalf of the possession of all of section thirty-one (31) in Block twenty-eight (28), Township one (1) North of the Texas and Pacific Railway Company surveys, located by virtue of certificate 2-1-1660 and situated in Mitchell County, Texas, claiming the same in fee simple, when the defendants afterward unlawfully entered upon and dispossessed her of such premises, and have ever since withheld from her the possession thereof, to her damage in the sum of Ten Thousand (\$10,000.00) Dollars.

That the reasonable market value of the rental of said land and premises per year is \$1000.00 and the defendants have had the actual use and occupancy thereof, since May 1, 1922 and are liable to plaintiffs for the rents thereof.

Wherefore plaintiffs pray defendants be cited in terms of the law to appear and answer this petition, and that on final hearing they have a judgment decreeing to the plaintiff, Zilpha Morrison, in her own separate right and estate, the title and possession of the lands herein described, for the rents and damages thereon, and for all costs of this suit, and for writ of restitution and possession, and such other relief both legal and equitable as the facts may show plaintiffs are entitled to, and as in duty bound they will ever pray, etc.

SECOND COUNT

And complaining further against the named defendants, plaintiffs say (A) That on or about March 27, 1919, Zilpha Morrison, plaintiff, was and is now the owner in fee simple of the land above described, in her own right and as of her separate estate, and desiring to have the same developed for oil, she, joined by her said husband, made, executed and delivered to P. C. Coleman, as trustee or holding agent, an oil and gas lease on said section of land, which was dated March 27, 1919 and was delivered to said Coleman to be held by him until satisfactory arrangements could be made with some one to drill for oil and gas on said land, when same was to be delivered and conveyed by said Coleman and to become a binding contract between the plaintiffs and the person or persons to whom said lease should be assigned and conveyed. That in said lease a consideration of \$5.00 was recited, but that same was not paid, nor was any other consideration paid to plaintiffs, the sole and only consideration for the execution of said contract, was the development of said land for oil and the production of same thereafter when found.

(B) That said Coleman, in pursuance of the trust imposed upon him, and without any other consideration passing to him, but for the sole consideration of the development of said land for oil, assigned and transferred said oil and gas lease to S. S. Owens, defendant herein, on February 28th, 1920.

(C) That said defendant Owens, without any other consideration, that the development of said land for oil, but for that express consideration, and an express agreement and understanding on the part of the grantors, to immediately drill a well on said land to a depth of 3000 feet unless oil was developed in commercial quantities at a lesser depth, assigned and conveyed said lease on said land, or a greater part thereof, to the defendants, the Underwriters Producing and Refining Company, and defendant Sloan and his unnamed associates.

(D) That by various other contracts, assignments and conveyances all of which were founded and based as a consideration upon the development of the land for oil, and no other consideration, said lease on said land or a greater part thereof, was fraudulently assigned to defendant Spalding, who, on or about November 15, 1923, began the drilling of a well on said land near the northeast corner of the southwest quarter of said section, and almost in the center of said section of land, and said drilling was continued to a depth of about 2500 feet, when on or about April 15th, 1924, oil was found and an oil well produced furnishing oil in commercial quantities, and a well developed which was

producing from 17 to 20 barrels of oil per day. That a tank for storage of oil so produced was provided and a pipe line was laid so as to convey said oil to the railroad (which was not more than five miles distant from said well), and the oil produced was being placed in said pipe line and conveyed to the railroad and transported to market where it was sold.

(E) That said well continued to produce oil at the rate of from 15 to 20 barrels per day, whenever pumped, and would have produced continuously that, and even greater, quantity of oil had it been properly attended to, taken care of, and pumped daily, and said oil could have been continuously produced in paying quantities from said well, until the present time, but defendant Spalding, and the other defendants herein to whom said Spalding conveyed or assigned parts of said land or the lease thereon, and an interest in the aforesaid well, and the oil produced or to be produced therefrom, as hereinafter alleged, wholly failed to fully and properly develop said well and produce said oil, and have at all times failed and refused to properly and fully develop the said well and to develop the land for the oil discovered and known to be under the surface of said land, in total violation of the consideration of the oil and gas lease executed by plaintiffs as alleged herein; and none of the defendants have fully, or properly, or in any other manner, undertaken or endeavored to develop said land for oil as they should have done and was contemplated by and agreed to in said contract of lease, which was its true, real and only consideration, wherefore said lease has become and is null and void, for that the consideration under which it was executed has wholly failed.

(F) That after said well had been drilled in and had become a producer as aforesaid, an attempt was made to drill same deeper and to a sand below, supposed to contain oil, and to produce in great quantities, but because of some accident or negligence on the part of the drillers, said well was not properly drilled and became clogged, and said well was drilled or "shot" in such a negligent manner as to cause the well to become and necessary to protect the well and oil, to be broken, and a part of said pipe was broken, and said well continued to flow into the well and injure same. That a part of said pipe was "pulled," and the water flowing into said well, and the same, and same is damaged and is being and has been destroyed as a producer, because none of the defendants kept the water pumped out of said well, and said oil produced as it should be, and as it would be, if the consideration and intent of said lease contract was carried out by defendants and oil existing was brought to the surface and marketed.

(G) That said defendants have wholly failed and refused, though often importuned, to keep said well pumped of the water accumulating in same, and to keep the oil pumped out of said well, and to carry to be done, so that production existing can be kept up, produced and marketed, but have allowed said well to be said well to fall into production, or to further produce or market the oil, so that the pipe line aforesaid, and the oil produced therefrom, and at and prior to May 1, 1923, said well had been, and was, abandoned as a producing well, and no oil or gas as provided in said lease contract was paid to plaintiffs, nor has any been paid to plaintiffs since the execution of said lease, and said lease was forfeited and is therefore now cancelled by plaintiffs for non payment of the rentals, and is null and void, and plaintiffs are entitled to the same.

(H) In said lease contract executed by plaintiffs it was provided that the lessee was to deliver to the credit of the plaintiff, the amount of the oil produced and saved by the lessee, and that the plaintiff was to perform this part of said contract, for which reason, said contract was null and void, and is now cancelled by plaintiffs and plaintiffs pray that they have judgment decreeing said lease null and void for that reason.

(I) Said lease contract also provided in substance and effect, that for failure to drill a producing well, and to continue production and to continue the lease in force, in order to continue the lease in force, defendants would pay to plaintiffs the sum of 25 cents per acre for each acre of said land on or after the 15th day of May, succeeding May 1st thereafter, and defendants have never paid same or any part thereof, and all the rentals due under this provision of the contract, wherefore same is null and void, and plaintiffs have cancelled same, and pray the Court for judgment, decreeing said contract of lease null and void for that reason.

(J) That said Spalding, and said Owens, and said Sloan, have assigned, transferred and conveyed to the other defendants herein, the title and interest in said oil and said gas well, and all of said defendants are claiming for themselves separately and jointly, interests in said said oil and lease said oil and said gas well, and the oil that has been produced, and all the said defendants have violated and failed to perform said lease contract and the obligations therein contained and to be performed by them, and said lease is null and void, and plaintiffs elect to so declare said lease null and void, and pray judgment of the court decreeing said lease as to each of them, null and void.

(K) Plaintiffs say that the lease executed by them to P. C. Coleman, herein referred to, dated March 27, 1919, provided that it should remain in force for a term of five (5) years, from and after the date thereafter as oil or gas, or either of them, is produced from said land by the lessee, and said lease contract is null and void, and plaintiffs pray, the Court to so declare.

The premises considered, plaintiffs pray that each and all of the defendants be cited to appear and answer this petition, and that on final hearing they have judgment in their favor against all the defendants herein named, for the title and possession of the land and premises herein described, and for the rents and damages thereon, and for all costs of this suit, and for such further relief both in law and in equity as the facts may show them to be entitled and as in duty bound they will ever pray, etc.

IN SOCIETY AND AT THE CLUBS

Daughters of the King. The Kings Daughters met with Mrs. Stoneham last Thursday. Mrs. McCall conducted the devotional exercises. The class went on record as favoring the resolution against street carnivals, presented at the church last Sunday evening. Flowers were reported sent to the sick and aged. It was voted to assist in helping secure equipment for the basement. The standing committees for the year were appointed. Mrs. King was reelected as Counsellor for the Home Demonstration girls club. This class sponsors and it was decided to have the meetings on Fridays after school, so as to get a room at the school building. The hostess served sandwiches, chocolate pie, ice tea. The next meeting will be with Mrs. Merrell.

Delphians Meet. The Colorado Delphian Chapter met for a business and social meeting with the president, Mrs. J. F. Carey, last Thursday. The new Year Books were distributed. The study this year will be Drama. The first lesson will be Dramatic Instinct and the Earliest Real Drama. The Advisory Committee reported that Mr. Roy Warren had tendered the use of his office for a meeting place. Mrs. Jimmie Charlton, a former member of the Sweetwater Chapter, was welcomed as a member in this Chapter. It was decided to have a member, each month, give the lecture on Civics instead of the Current Topics, and use them only for roll call. The roll call this week will be Art. The president urged that each member put something in each meeting and she would get something out of it, for the course was full of good things for those who strived. The hostess served ice cream and cake.

Central Circle. The Central Circle of the Methodist Missionary Society met with Mrs. W. L. Doss Monday with a large number present. The roll call was to tell what your capsule had done for you. Then other capsules for the year were drawn. Mrs. Winn resigned as chairman and the vice chairman, Mrs. Stoneroad, took her place. Mrs. Otto Jones was elected vice chairman. All

dues were paid and the monthly payment made for the Near East orphans. It was decided to send a box of clothing to one of the Wesley houses this month. The pastor was present and explained the proposed plan for enlarging the church and building the new Sunday school rooms, and urged liberality in giving. It was decided to take individual offerings. Mrs. Milburn Doss and Mrs. Haney were received as new members. The hostess served ice cream and cak.

Hesperian Club. The Hesperian Club met with Mrs. Bronddus. The club began the study of Shakespeare's *McBeth*. The lesson, the introductory, was led by Mrs. Merritt. Roll call, an original definition for ambition. Mrs. J. A. Sadler gave the mythology of the play. Mrs. Johnson the history; Mrs. Jones the biblical references; Mrs. Leslie the pronunciation; Mrs. Whipkey the introduction; Mrs. Edgar Majors the place in Shakespeare's time of witches and witchcraft. Their relation to the play, Mrs. Merritt. The Club voted to give \$5.00 to the members of the Senior high school class making the highest grade. The Shepherd and Longfellow schools were adopted by the club. The hostess served a salad course and ice tea. The meeting this week is with Mrs. Edgar Majors.

Standard Club. The Standard Club met with Mrs. Y. D. McMurry, Oct. 10. Program for the meeting according to the year book. Roll call, obscure and obsolete words. Paper, "Position of Julius Caesar Among Shakespeare's Plays," Mrs. Snyder. Lesson, Julius Caesar, Act I, scene 3, Act II, scene 1, Mrs. Smith. Mrs. Van Tuyl and Mrs. Munday were guests for the social hour. The hostess, assisted by her mother, served a delicious salad course.

Mission Club. The Mission Club of the Presbyterian church met with Mrs. Munday this week. After the devotional period led by the chairman, Mrs. E. F. King, Mrs. Billie Hagler led the lesson on Foreign Missions, on Korea. Mrs. Potter and Mrs. Moffett were welcomed as new members. Mrs. R. E. Dolman, Mrs. Y. D. McMurry and Mrs. Guy B. Duff of Sherman, a former pastor's wife, were guests. The hostess served a salad course and tea at the social hour.

Shakespeare Club. Mrs. Robert Brennand was hostess of the Shakespeare Club. The lesson on current history and Julius Caesar was led by Mrs. Jimmie Charlton. The club voted to take space in the high school annual. Mrs. H. C. Doss, Mrs. Irene Terry and Mrs. Duff of Sherman were guests. The hostess served chicken salad, potato chips, cheese straws, olives, bread and butter sandwiches, osgood pie with whipped cream, and coffee.

1921 Club. The 1921 Club met with Mrs. J. B. Dobbs. The subject for the day was Background of Texas History. Roll call, current events. Mrs. Harry Ratliff gave a general outline of periods: Mrs. C. L. Root, Spanish colonization. Mrs. Bill Broadbudd French colonization. Mrs. Dolman English colonization. The hostess served ice cream and cake. The meeting this week will be held with Mrs. C. R. Earnest.

Harmony Club. The Harmony Club met with Mrs. Frank Lupton Tuesday. Her guests were Mesdames C. M. Adams, Roy Buchanan, Robert Brennand, H. C. Doss, Marcus Snyder, T. W. Stoneroad, S. T. Shropshire, R. O. Pearson Tom Coffee, Jack Smith and Miss Adams. The hostess served white and black cake and ice cream. Mrs. O. M. Majors will be the next hostess.

Auxiliary to Legion. The Auxiliary to the American Legion met at the hut last Saturday with the president, Mrs. J. G. Merritt presiding. Besides the usual monthly business it was decided to sell poppies on Saturday before Armistice day on Tuesday; also to have Saturday markets in November. Mrs. Roy Dozier and Mrs. A. L. Whipkey are to have charge the first Saturday. Mrs. J. B. Pritchett and Mrs. J. Dobbs the second; Mrs. Irvin Terry and Mrs. Farris the third; Mrs. Merritt and Mrs. Quinney the fourth. It was also decided to have an auction sale in the near future. Committees were appointed. The Auxiliary designated Saturday as clean up day for the hut. The president urged all to be there at three o'clock with brooms and dust cloths and help give a general cleaning. It was decided to meet in the homes during the winter months. The November meeting will be with Mrs. Merritt.

Children of Confederacy. The Thomas Q. Mullin Chapter of the Children of the Confederacy held the October meeting with Eugene and Russell Soper. After the business period the following program was given: Marching, a true story—Irma Womack. A Girl of the Sixties—Bessie Phillips. Impressions of the Davis Monument, followed by a questionnaire—Mary Dickson Smith.

The Home Makers Club. The Home Makers Club met Oct. 13th with Mrs. Bill Dorn. Mrs. Henry Vaught led the lesson on home planning. Mrs. Earl Powell gave an interesting paper on lighting. Mrs. Bill Dorn on heating and ventilation. Mrs. T. J. Ratliff on refrigeration. At the social hour the hostess served pineapple with whipped cream, Nabisco wafers and mints. The next meeting will be with Mrs. Lister Ratliff.

Circle Entertains. Circle No. 3 of the Baptist church entertained the other circles and their husbands, the young women circle and escorts at the Sunday school rooms last Friday evening. Contests, debates and "coo-coo" games was the form of entertainment. Punch and little cakes were served. Everybody reported a "laughable" time.

Saturday Market. The Auxiliary to the American Legion will have a Saturday market at Gordon's confectionary store, during the month of November. Mrs. Roy Dozier and Mrs. A. L. Whipkey will have charge the first Saturday. They invite your patronage. Buy your Sunday dinner from the Episcopal market at the Alceve next Saturday.

Turkey Dinner. Mr. and Mrs. J. M. Thomas entertained the immediate family and a few friends with a turkey dinner Monday honoring Dr. and Mrs. Guy B. Duff of Sherman. Dr. Duff was their pastor here for several years. The other guests were Dr. and Mrs. P. C. Coleman, Mr. and Mrs. Roland Burchard of Washington, D. C., Mr. and Mrs. Thomas Dawes, Mrs. Van Tuyl, Miss Coleman, Dr. Reaves Coleman of New Orleans and Miss Eleanor Thomas who was home for the week-end from Simmons College.

Aid and Missionary Meeting. The women of the Christian church combined the Aid and Mission meetings Monday, as the rain on the Monday before prevented them meeting. After the regular business the Mission program on the Jubilee Fund was given. Mrs. Hardison reported

this society on the honor roll, having given more than its quota. Mrs. Ed Jones gave an interesting report of the district meeting which met in Cisco a short time ago. The hostess Mrs. Goldman, served refreshments at the social hour. Carbon Paper at Record Office.

AMERICAN LEGION TO HOLD PARADE ARMISTICE

The Oran C. Hooker Post, American Legion, met in regular session Friday evening at the Hut. Jack Helton was appointed to get up a play to be given November 11th, Armistice Day. He is now in search of a director and hopes to give the public a good show on this most eventful day. It is also planned to have a big parade on Armistice Day. The boys hope that every organization and every individual in the country will enter this parade in a decorated or undecorated car. They want every one to catch the spirit of this great day and do something to show that they have not forgotten our boys and what they did to terminate the war.

They reported sixty flags sold to business houses. These are six by four feet and are to have sockets set in the sidewalks for proper placing and use of Old Glory on all flag days, of which there are twelve in the U. S. A.

The question of the next payment on the hut is just now uppermost in every member's mind and money making plans took precedent over all others.

URGES DEMOCRATS TO STICK TO PARTY TICKET AS USUAL

Hon. Joe E. Cockrell had a splendid article in Monday's Dallas News that we wish every Democrat in Texas could read. Under the above heading he hits the bolting Democrats who will support Doctor Butte, the Republican nominee for Governor a hard jolt.

Among other things he says: "Doctor Butte is comparatively unknown to the people of Texas," which is true. We doubt if one voter in a thousand outside of the county where Doctor Butte was reared and the places where he taught school in Texas could have answered the question: "Who is Doctor Butte?" had the question been asked six months ago.

Joe Cockrell does not question Doctor Butte's honesty nor his ability as a teacher, but does question his qualifications for the office he is after, because, outside of teaching, he has had no experience in public life.

He says his platform is the State Constitution and his oath of office. That is too vague. No one knows how he might construe the Constitution or his official oath.

In an interview he said that all employees in the State Department, that were honest and capable, would be reappointed, regardless of how they vote in the General Election.

Mr. Cockrell calls attention to the fact that this is a promise of reward to all these employees who vote for him, in direct conflict with the oaths he must take if elected.

And again, his party in Texas condemns the Ku Klux Klan, but Doctor Butte is content with saying that he is not a member of the Klan, (they all say that) never was and never expects to be; but has no condemnation of the Klan; says the Klan issue was settled August 23. Doctor Butte, if he really believes this, is the greatest candidate, of any kind, that ever offered for office of any kind in Texas.

The Klan issue is not settled and will not be until it is completely smashed politically.

A news item from Austin, shortly after Mrs. Ferguson was nominated, stated that there was great consternation in the State Department at Austin, because every department was honeycombed with Klan appointees. In view of that fact, Doctor Butte's promise not to disturb them, if elected, will no doubt secure him some valuable help from these Depart-

ments, because they very well know that unless they can show that they voted the Democratic ticket at the next election they will lose. Many Departments are not under the control of the Governor, because the heads of all Departments elected by the people select their own appointees.

Mr. Cockrell does not question Doctor Butte's moral character, his sincerity nor his religion. Neither do we; but, according to his own statements, he is not a fit man to be elected Governor. Not every educated man no matter how sincere and conscientious he might be, is qualified for office unless he knows before hand something of the duties he is expected to perform.

Doctor Butte has never held any public office and therefore is wholly without experience and when he accepted the nomination for Governor that another man with some experience in public matters refused, he could have had but a vague idea of what the duties of a Governor of this great State are.

Education is a fine thing, but not all education is obtained from books in the school room and, in public affairs as a rule, no party that hopes to win, will nominate an inexperienced man, simply because he is a good and highly educated man.

We want to call the attention of Democrats of Callahan County to the fact that every one who does not wish a Ku Klux Klan endorsed Republican Governor will have to be on guard and get every Democrat to vote in November.

The only hope Doctor Butte has of winning is by the disgruntled Klan vote and the votes of the Ferguson haters in the Democratic Party. That is why they tell you that the pledge is not binding.

John Davis, Democratic nominee for President, says vote the Democratic ticket straight. Morris Sheperd says not to make the mistake of your life and vote for a Republican. He says stand by the party, this year for she is going to move back to good old Washington, D. C. Stand by her boys. You don't want to vote with negro Republicans, and Carpet-Bagger whites. Line up with the Solid South and vote right—Vote for the nominee and keep your pledge and do what you agreed to do when you voted in the primary. Stand hitched.

The pledge is morally binding to the extent that every Democrat should vote for all nominees, or, at the very least, not to vote for their

opponents. We have always acted on this rule, but we do not even suggest that. We have no desire to dictate to any one, let your conscience be your guide.

A good government Democratic League was organized in Dallas last week. They condemned the Klan, but they endorsed Doctor Butte, the Republican, and avowed their intention to fight Mrs. Ferguson, the Democratic nominee. Every one of these men—and some women—are traitors to the Democratic party, State and National, no matter what they claim and no matter what they say.

If this traitorous movement should gain any considerable number of recruits in Texas it will dangerously affect the National ticket in other States. They will get the liver and lights knocked out of them in Texas, but news that any considerable number of Democrats are fighting the nominee for Governor—they term it Fergusonism—may include the entire ticket—and will injure the National Democratic ticket.

We want Callahan County Democrats to smash this hydra-headed monster by a majority for the State and National Democratic ticket of not less than 2,000. We can do it if every Democrat will vote.

In conclusion: As to the Klan in this county. We know many of them, and not a single one of them, so far as we have heard, has expressed any intention of voting against Mrs. Ferguson.

Many of them are friends that we have fought shoulder to shoulder with in by-gone times—for more than 30 years—for Democratic principles as we understand them, and we know that the combined forces of the Klan, the world, the flesh and the Devil cannot induce one of them to vote for Doctor Butte.—Baird Star.

HOW GREAT MEN MAKE LOVE

AS REVEALED BY THEIR LOVE LETTERS

By **JOSEPH KAYE**
(© by Wheeler Syndicate, Inc.)

JOHN GREENLEAF WHITTIER AND ELIZABETH LLOYD

IT IS not generally known that the sunshine of love and romance had illuminated the life of John Greenleaf Whittier. This is an episode the details of which have been but newly discovered.

Elizabeth Lloyd was a brilliant Philadelphia Quaker, who was born in 1811. She was greatly gifted intellectually, and had quite a reputation as a writer of verse. Whittier met Miss Lloyd while he was in the Quaker City and each was attracted to the other. Before their friendship had advanced to the love stage, Miss Lloyd was married. After three years of happy life, Elizabeth's husband, Foot Howell, died and then the friendship with Whittier was resumed and the mutual attachment grew deeper. For what reason the romance did not culminate in marriage is not known and for want of a better reason must be attributed to difference of temperament.

Below is an extract from one of the many letters Whittier addressed to Elizabeth.

"Amesbury, 19th, 5th mo., 1850.

"Dear Elizabeth,

"I liked thy letter (most welcome I assure thee) but feared that thy eyes might be suffering while I was enjoying it. Do not, dear E., feel obliged to answer my letters. Write when thou canst—one word or ten. The very blank paper which thy hand has folded for my sake will be dear to me.

"Elizabeth, I have been happy—far more so than I expected in this life. The sweet memory of the past few weeks makes me rich forever. What providence has in store for the future I know not—I dare not hope scarcely—but the past is mine—may I not say ours—sacred and beautiful, as joy forever. Asking nothing of thee, and with the tenderest regard for thy grief and memories, I have given that what was thine by right—the love of an honest heart—not as a restraint calling for no solicitude on thy part as respects myself. Nobody is a loser by loving or being loved.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon J. W. Woodard and L. E. Lasseter by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the adjoining county; to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the Court House thereof in Colorado, Texas, on the 2nd Monday in November, A. D. 1924, the same being the 17th day of November, A. D. 1924, then and there to answer a petition filed in said Court on the 11th day of October, A. D. 1924, in a suit numbered on the docket of said Court No. 4596 wherein the State of Texas, is plaintiff and J. W. Woodard, L. E. Lasseter, Wm. Morrison and all other persons owning or having or claiming any interest in and to the hereinafter described lot, are defendants; the nature of plaintiff's demand being as follows:

An action by Plaintiff praying for judgment against the Defendants for the sum of Twenty-one and 75/100 Dollars, on account of State and County Taxes, penalty and costs, to-wit: For the taxes, including school taxes, with penalty and interest, assessed and due on each tract or lot of lands hereinafter described for the following years to-wit: 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932.

That said taxes, with interest, penalty and costs, are a lien upon each tract or lot of the following described lands, situated in Mitchell County, Texas, to-wit:

Lot No. 1 in Block No. 52, of the

And Plaintiff further prays for the foreclosure of its said lien, for an order of sale, a writ of possession, costs of suit and for general and special relief, all of which will more fully appear from Plaintiff's Original Petition now on file in this office.

Herein fail not. But have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Colorado, Texas, this 11th day of October, A. D. 1924.

Methodist Notes
 Sunday school was well attended at Sunday, 176 being present. Let's make next Sunday Sunday school for the entire church, every member making an effort to be present, giving spontaneous attention to the Sunday school because of the presence of a sense of need and be not weary in well doing, for in due season we will reap, if we faint not. We invite more who are not members of the church to worship with us. Our Junior department is getting well organized and have found their new building to be an ideal home, where they can worship in their child like way. A child who is not trained in worship grows up without the sense of reverence. It is a fundamental worship

principal, that worship programs should be adapted to the worshipers stage of development. If you are a member of the Methodist church and your children are not in Sunday school, awaken to the sense of responsibility of giving them christian training and bring them to Sunday school next Sunday. If the child has a right to his full inheritance, he must not be deprived of religious culture. At the close of the Sunday school hour last Sunday Mr. Coles gave an address which was an interesting feature of the program; as was also a talk by Mr. Fairbairn, appealing to the church to attend Wednesday night prayer meeting, which is essential to a church of power. The pastor preached two inspiring sermons during

ing the day to large and appreciative congregations. The Enworth League has taken on new life and enthusiasm and with the number of young people interested can be a power for good.

Baptist Church
 Prayer meeting Wednesday 7:30 p. m.; choir practice Saturday 7:30 p. m.; Sunday School 10 a. m.; Sermon by the pastor, Rev. W. A. Foster, 11 a. m.; Intermediate B. Y. P. U. 5 p. m.; Senior at 6:30 p. m.; Sermon at 7:30 p. m.

Two lives were lost when the Sunshine Special No. 1, was wrecked six miles below Sweetwater Tuesday morning at 1:30. Engineer Max Weisen, aged 55 or 60 years, of Big Spring, was killed outright, while Fireman Pratt, aged 35 or 40, died on the way to Sweetwater sanitarium. Both were men of families and lived at Big Spring. They were both old in the railroad service.

Mr. Roy Erwin, wife and son, who have been on a few days visit here with Mr. Erwin's parents, Mr. and Mrs. W. S. Erwin, left in their car Tuesday afternoon for their home at Richland.

F. F. DuBose made a business trip to Snyder Thursday.

Scores of Colorado and Mitchell county citizens have already visited the annual exposition of the State Fair at Dallas, which opened Saturday with a record attendance for the first day. Many others will attend the exposition before the fair closes. The agricultural department is especially interesting this year, it is said, many of the booths being real works of art in both display and the quality of products shown. There are 46 county exhibits, more than half of which were entered by counties in West Texas.

Don't you love baskets? Come in and look ours over. Japanese work baskets, tall flower baskets, reed waste paper baskets, baskets with handles and baskets without handles, all sizes and shapes.—J. Riordan Co.

Cotton receipts at Colorado continue to be small, owing to lateness of the staple in opening and the scarcity of pickers. The county farm agent reports that difficulty is being experienced in bringing pickers into the county.

All the towns visited seemed to be on a regular boom and the country along the road fairly beamed with prosperity. Plenty of the road was of the 45 mile type and none of it bad.

COMMISSIONERS' COURT HOLDS REGULAR SESSION

The Mitchell County Commissioners Court met in regular session Monday of this week. The entire court being present.

The regular routine of business took up the greater part of the Monday session, bills for various departments of the county were allowed and other regular business disposed of.

A contract was let for the painting of signs on the various doors of the court house. The Court had planned to use glass door plates to designate the different departments, but failed to receive the plates.

There was presented to the court a petition by a number of voters of the county praying that an election be called for the purpose of determining whether or not a majority of the land owners wanted a stock law enacted in this county. The court rejected the petition and gave as their reasons: Failure to comply with the law in asking for the election. Article 7235 of the Revised Statutes of the State of Texas provides that a petition calling for such election must be signed by 100 freeholders of the county and that at least twelve such freeholders must reside in each of the Justice Precincts of the county. The Court found that this part of the law had not been complied with. Judge J. C. Hall stated that if the election should be called and voted that it would likely be set aside by the court in the first contested case, due to failure of the petition to meet the requirements of the law.

The court has made plans for the purpose of leveling up the grounds preparing to beautify them. They expect to move all the rubbish from the old court house away, and the county barns and garage, leaving only the court house and jail on the block. The contractor who is wrecking the old court house will have completed his contract by the latter part of this week, all the walls have been pulled down and lumber and brick stacked, teamsters are busy hauling the rubbish away. The court has sold practically all the brick and other material out of the building. Judge Hall stated that the county would receive a nice sum out of the building after the contractor had been paid for wrecking the building.

In the passing of the old court house Colorado lost one of its old landmarks. Forty years ago when this building was erected this city was the market place for thousands and thousands of cow men from all parts of West Texas and New Mexico. Colorado was the queen city of the West; possibly the best trade center between Fort Worth and El Paso and Amarillo and the border on the south.

Passing as a cattle center Colorado and Mitchell county has become one of the greatest agricultural centers of the west. With farming came new people and new conditions. The "Old Timers" tell us that she "aint what she used to be."

The boll worms are again working on the cotton in various parts of the county. Joe Church said that they were doing considerable damage on his farm on Morgan creek.

Dad Knows

By O. Lawrence Hawthorne

"Experience is what you need; Get out and see the world!" When such unsound advice they heed So many boys are hurled Defenseless into problems where They have small chance to win; Discouragement awaits them there Before they well begin.

They ought to "see the world," oh yes, But not before they know Beyond a childish whim or guess Where it is wise to go. Boys guided by a father's hand Thru early manhood days Will sooner learn to understand Life's many doubtful ways.

Experience they need, and so I hope they'll talk with Dad And let him counsel when to go And where; he'll be so glad That his boys ask for his advice. And time will demonstrate His friendly "tips" are worth the price; Dad knows what makes men great!

PHEBE K. WARNER WRITES ON TEXAS INDUSTRIES

Here is something else for the school boys and girls of Texas to study this year. And it will make a fine subject matter for your composition work and your junior and senior high school English.

What could be more interesting to any live Texas boy or girl than to know more about what is going on and what is being done in Texas?

Until this day Texas and Texans have been the biggest producers of raw materials in the Union. Men, women and little children have spent their lives to produce something for others to do. They have done the hardest work that other people in other states and other nations might build great factories and employ millions of others to work up the raw products raised in Texas.

Just how many people do you suppose Texas furnishes a job? By this we mean how many people do you suppose it takes to ship the million bales and more of cotton from both Galveston and Houston, as Texas did last year, and make it up into garments of every kind and then ship it back to Texas and all over the world to be used? How many people do you think are required to work the millions of pounds of wool and mohair sent from Texas into garments ready for use? How many people are needed to make the boots and shoes our hides supply? Think of it! Texas produces more raw materials, even agricultural products than Iowa and Illinois combined, which are the two other largest producing states in America. What becomes of all this cotton, wool, mohair, cream, beef, pork and everything raised on Texas farms? Then there are all our mineral products that come from under the earth. Who works those products into finished products ready for the markets? Thus far Texas has the name and the glory of being the greatest producer of all of Uncle Sam's sons. But what becomes of his products? Not one person in a thousand, even in Texas, ever thinks of Texas as a manufacturing state. Do You?

Just listen to this. These are the very words of G. M. Knebel, Executive Vice-President, Texas State Manufacturers' Association, with headquarters in San Antonio, Texas: "Over Five Thousand Industries in Texas are producing over \$1,000,000,000 in manufactured products annually."

Think of it! Did you know that? Almost as much as the Nation's cigarette bill. As much as the whole nation spends on the public free education of all its children. Almost as much as the nation spends on candy. A little more than the women of this nation spend on the outside of their heads and faces. More than the wheat crop of the nation. Almost as much as the egg and poultry crop amounts to in the whole nation. \$1,000,000,000. One Billion dollars worth of manufactured products are turned out annually in Texas from 5,000 different industrial plants in our own state. The finished products already made in Texas practically double the commercial values of our agricultural products which last year sold for a little more than a billion dollars. What could Texas do, and how many people would be furnished employment if even half of her raw products were manufactured into ready to use and ready to wear articles at home? This is one of the biggest problems of the future in Texas. And it is the school boys and girls of today that will have to solve Texas' great industrial problem. It is ripening for you. It is getting ready to be solved by you. It will be the problem of your generation. Are you being prepared for that day? Is the State of Texas doing all in her power to prepare the boys and girls of today for Texas' industrial day?

Here is one thing you can do for yourselves. You can look out for industrial news. You can begin to think and study Texas products, their great quantities and varieties. You can study the economic waste from field to factory and back home again by the Around-the-World-Route. Yes, you can. Every high

CITY DADS BUY NEW LAND FOR CITY WATER

The City Council in regular monthly meeting Monday night, contracted for 500 feet of new fire hose to go on the new fire pump and hose wagon.

All the monthly bills of the city were checked over and ordered paid.

City engineer DuBose was instructed to get levels on alley by the postoffice and make recommendations to the council as to the best plan to take care of the water which now floods the buildings adjacent.

The Council approved and accepted the one block of paving on Chestnut street and ordered the City's part to be paid.

After drilling a test well on a ten acre tract, joining the city on the north, it was ordered that the land be bought.

Engineer DuBose was instructed to get levels across from the present water works and to figure out a concrete reservoir and make recommendations to the council.

The city has had an option on this ten acre tract of land, with the privilege of drilling a test well. The well was drilled and test run for four days and nights, which showed that this one well was pumping more water than is furnished by all the old wells at the present water works.

COLORADO CITIZENS SEE NAVY SHIP SHANANDOAH

When it was announced Thursday morning that the great derbible of the United States Navy, the Shanandoah, would leave Ft. Worth at nine o'clock and reach here soon after the noon hour, every one began thinking of a point of vantage from which to get the best view of the giant air ship. Many drove out to the west hill parked their cars and with their eyes turned east waited impatiently for a sight of the greatest air ship afloat. Some listened in over radio and knew when it reached certain points, at the same time getting inside information as to its size, crew and equipment. About 2:30 p. m. word came that it had left Sweetwater, then indeed the crowds sought a spot where they would not miss a detail. Women forgot club meetings men their business, so there is no doubt we wanted to see the Shanandoah.

There was another long wait but just before 3:30 it passed over the town, and every person in giving their description declares it passed directly over their house and down their street. We don't know whether it was to hundred feet above us or much higher. The height at which the papers said it traveled, was five thousand as some who had served in the aviation department claimed, but we do know it was a wonderful sight and we are quite willing to spend several more hours to get a good view when it makes its return trip.

Will M. Burgess at Cattlesburg, Ky., who is a doctor, says: My wife enjoys having the paper each week. The wife spoken of was formerly Miss Jessie Smith of Colorado.

Jo Bell, a prosperous tailor out at Stanton, was here Monday on a business trip. Bell has been at Stanton 20 years and says all old timers here will remember his father Jo Bell, who lived here 34 years ago. At that time he ran for county judge and only lacked one vote of being elected. He again ran and came within two votes of the goal, and the third time was badly defeated.

school boy and girl is old enough and ought to be smart enough to study these things.

What our high school students need most is to review their old Ray's arithmetic for about four years and learn to compute interest, freight rates and transportation and study the multiplication tables and get a sure-enough business foundation in their heads. But whatever you study this year, don't forget to give a little time to the greatest commercial and economical problem, yes, and one of the greatest social problems of our own Texas. "Our Texas Industries."

LIONS ENTERTAIN THE FACULTY PUBLIC SCHOOLS

Instead of the usual Friday luncheon, the Lions Club entertained with a dinner Friday evening, entertaining the Public School Faculty, which included the Board of Trustees, teachers and wives and husbands of teachers. The dinner was given in the basement of the Barcroft, with Col. C. M. Adams presiding. The teachers were introduced to the Lions by Superintendent E. Frank King. Col. Adams welcomed them in his usual affable manner. He outlined the principles of the Lions, their object being Service, and pledged them individual and collective service to the teachers in their years work.

He then introduced in turn, each guest present and called on them for a speech. Every teacher expressed their pleasure in this unusual courtesy and their appreciation of the Lions offer of service. They remembered the appearance of the Club in a body at the opening of school, and that, together with this social meeting made each teacher feel that they were among friends with whom it would be a pleasure to work for the very best interests of the town.

When the trustees, teachers and in-laws had said their parts, the Lions were introduced to the teachers and each told how happy they were to have the honor of entertaining such guests.

While the speeches were being made a delicious two course plate dinner was served and enjoyed.

The Lions have become one of the most popular organizations of the city and no greater honor can be accorded any body than to be their invited guests for a luncheon or dinner.

BAPTIST WOMEN HOLD IMPORTANT MEETING

The Baptist women met in business session at the church Monday, with a large crowd present.

The Corresponding Secretary-Treas. reported all apportionments met for the past year and five dollars and one cent in the treasury. Also a final report of the year's work given at the Association, which met in Sweetwater recently. Good reports came in from all circles. The Young Woman's circle had a splendid report. Mrs. C. H. Lasky volunteered as an emergency woman in the 75 million campaign. The work for the year was outlined and standing committees appointed, as follows:

Personal Service—Mrs. M. C. Ratliff. Mission and Education, Mrs. L. R. Pond. Mission Study, Mrs. Jim Johnson. Benevolent and Aid, Mrs. F. B. Whipkey. White Cross, Mrs. Anna Simon. Social, Mrs. Lee Jones. Enlistment, the two vice presidents, Mrs. Lasky and Mrs. Bishop. Reception, Mrs. W. F. Robinson. Decoration, Mrs. Seal and Mrs. Morris. Parliamentary, Mrs. T. J. Ratliff. Year Book, Mrs. Ratliff, Mrs. A. L. Whipkey, Mrs. J. L. Bowen.

It was decided to have short parliamentary drills as leader saw fit.

Mrs. B. F. Wilson was appointed to see societies of other denominations and invite them to hold Joint Missionary meetings on the fifth Mondays of the coming year, the Baptists to be first hostesses. Also each circle is to have one social meeting next year and entertain in any way it saw best.

The time for packing the Buckner Orphans Home box was set for the first Monday in November. All friends of orphans are invited to have part in this good work.

It was decided to put another edition of the Colorado Cook Book to press as soon as the supply now on hand is exhausted. The committee to manage this will be appointed next meeting.

Tuesday was the day set for the organization of a new Association, to be composed of Scurry, Mitchell and perhaps parts of other counties. Plans were made for as many as possible to attend the meeting.

COLORADO HIGH DEFEATED BY ROSCOE HIGH SCHOOL

The Colorado High School football team was again defeated Friday, this time by the Roscoe eleven, the score being 12 to 0.

The Captain, Henry Doss, and his men are not down cast over their defeat and are certain they are learning the way to victory in these battles. Coach Prude says they are coming on fine and will yet be winners. The entire high school is enthusiastically behind the home team, and the pep squad with Rue Trammell as leader can boost in a way to make them feel like a million dollars even if not winners. They are to go to Big Spring Friday to play that team on their home field. May this third game prove their lucky one.

TWO KILLED IN MYSTERY FIRE NEAR SNYDER.

Snyder, Oct. 15.—The cause of a fire which cost two lives on a ranch in Borden county yesterday remained unsolved today. The ranchman, L. A. Hicks, and his wife, were the victims, neighbors having found their charred bodies in the ruins of their home, 28 miles west of here.

THE STATE OF TEXAS
 To the Sheriff or any Constable of Mitchell County—Greeting:
 You are hereby commanded that you summon, by making publication of this Citation in some newspaper published in the county of Mitchell, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, C. H. Lockhart and Minnie Lockhart, who are non residents, and Mrs. J. M. Calhoun, whose residence is unknown, to be and appear before the Hon. District Court, of Mitchell County Texas, at the next regular term thereof, to be holden in the County of Mitchell, at the court house thereof, in Colorado, Texas, on the Eleventh Monday after the First Monday in September, 1924, the same being the 17th day of November, A. D. 1924, then and there to answer a Petition filed in said Court, on the 5th day of April, A. D. 1924, in a suit numbered on the Docket of said Court No. 4499, wherein W. J. Thomson is plaintiff and C. H. Lockhart, Minnie Lockhart and Mrs. J. M. Calhoun, are defendants; the nature of the Plaintiff's demand being as follows, to-wit:

Plaintiff alleges the execution of an oil and gas mining lease covering all of Section Number 2, Block 28, Tap. 1 North, T. & P. Ry. Co. Surveys, Mitchell County, Texas, by W. H. Badgett and wife to Chal N. Daniel, of date 27th May, 1922, and of record in Volume 53, page 73, Deed Records of Mitchell County, Texas; and alleges the following contracts with reference to the drilling of an oil well on a portion of said section 2, viz:

Contract entered into on the 7th day of May, 1922, by and between Chal N. Daniel and W. H. Badgett and others, of record in Vol. 52, page 482, Deed Records of Mitchell County, Texas; contract between C. H. Lockhart and Chal N. Daniel, of date 25th July, 1922, and of record in Vol. 52, page 483, Deed Records of Mitchell Co., Texas; contract between C. H. Lockhart and C. F. Kelsey, of date 1st September, 1922, of record in Volume 55, page 5, Deed Records of Mitchell County, Texas; contract between C. F. Kelsey and plaintiff W. J. Thomson, of date 1st September, 1922, of record in Volume 54, page 263; contract between C. H. Lockhart, C. F. Kelsey and plaintiff W. J. Thomson, of date 16th April, 1923, and of record in Volume 55, page 387, Deed Records of Mitchell County, Texas; and contract between C. H. Lockhart and Minnie Lockhart and plaintiff W. J. Thomson of date 22nd June, 1923, and of record in Volume 55, page 606, Deed Records of Mitchell County, Texas.

Plaintiff alleges that under the terms of aforesaid contracts, it was agreed and provided that the East One-half of the Southeast One-fourth (E. 1/2 of S.E. 1/4) of said Section 2, and the West One-half of the Southwest One-fourth (W. 1/2 of S.W. 1/4) of said Section 2, should constitute a drilling unit, and that plaintiff W. J. Thomson should drill an oil well on some portion thereof to a depth of 3,000 feet unless oil should be found in a paying quantity at lesser depth; and that for all purposes connected with said well, and said contracts, said well and lease should be considered as a unit, and the plaintiff and defendants and others own undivided interests in same;

Plaintiff alleges that on the 6th day of October, 1923, he completed an oil well on said lease to a depth of 3,100 feet, connected with and including flow tank, thereby fully carrying out and completing all obligations imposed upon him by aforesaid contracts; that thereafter, said oil well not producing oil in paying quantities, and further development of said well being necessary to produce oil from it in paying quantities, plaintiff consulted with defendants and others owning interests in said well and drilling unit, and defendants and the other owners agreed that plaintiff should continue working on said well in an effort to develop same for production, and defendants agreed and promised to pay plaintiff the fair and reasonable value of same; that plaintiff began said additional work on said well on the 8th day of October, 1923, and shot and cleaned out said well, finishing such work on the 17th December, 1923; that the fair and reasonable value of such work and the usual and customary compensation therefor is the sum of \$2515.00; that on January 8th, 1924, plaintiff began running tubing and rods in said well, preparatory to pumping, and finished said work on the 19th day of and to said well and 160-acre lease,

January, 1924; that the services of plaintiff in running tubing and rods were of the fair and reasonable value of the sum of \$175.00; that on the 20th day of January, 1924, with the agreement and consent of defendants, plaintiff began pumping said well and continued to pump same to 31st day of March, 1924, and that plaintiff's services in said pumping were of the fair and reasonable value of \$620.00; that in all of aforesaid development work, plaintiff expended the sum of \$3133.93 for machinery, implements, supplies and repairs, and extra labor, all of which was necessary for the purpose of properly developing said well; and that the total amount expended by plaintiff, as aforesaid, in labor, machinery, implements, supplies and repairs, in development of said well, is the sum of \$6443.93.

Plaintiff alleges that defendants own an undivided 7-60th interest in and that defendant Mrs. J. M. Calhoun owns another undivided 1-60th interest in and to said well and lease; and, that by virtue of the foregoing, defendants are justly indebted to plaintiff for 7-60th of the cost of said extra development, amounting to the sum of \$751.79, and that defendant, Mrs. J. M. Calhoun is justly indebted to plaintiff for 1-60th of said cost, amounting to the sum of \$107.40; plaintiff admits a credit of \$49.32 due defendants on above items; and plaintiff claims a lien on said 7-60th and 1-60th undivided interests to secure the payment of aforesaid amounts;

Plaintiff prays for judgment against defendants for the sum of \$809.87 and prays for foreclosure of his lien.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.
 Given under my hand and seal of said court at office in Colorado, Texas, this 9th day of October, A. D. 1924.

SUNLIGHT BIG AID
IN CHICKS' GROWTH

Sunlight, as a direct cure for leg weakness, has been proven successful at the poultry department of the Wisconsin college of agriculture.
 Experimental work with young chickens has demonstrated that leg weakness can be entirely prevented by exposing chicks to direct sunlight. Leg weakness is caused by lack of normal development of the bones due to lack of the right kind of feed. Another term applied to the disease is rickets and the scientist claims leg weakness is brought about directly by the absence of the anti-rachitic vitamin in the chick's ration, or in the absence of direct sunlight.
 "A remarkable development in animal nutrition is the recognition that light is equivalent or supplementary to the anti-rachitic vitamin," declares J. G. Halpin of the poultry department.

"Since the ever increasing development of artificial incubation and brooding of chicks, considerable loss has resulted from leg weakness. In order to combat this injurious disease, poultry men must feed a ration which contains the necessary vitamin. This vitamin is present in cod liver oil, eggs, and some other materials. Unless the early chicks can get into direct sunlight or are fed material of this nature, they will be seriously handicapped in their development.
 If the chicks cannot be placed out of doors or in direct sunshine, as is the case often with early hatched chicks, suitable additions to the rations should be fed to substitute for the necessary sunlight. A very satisfactory ration has been prepared by Halpin, and consists of the following ingredients:
 Yellow corn, 80 parts; middlings, 20 parts; bone, 5 parts; lime rock, 5 parts; salt, 1 part; and skim milk to drink.
 This ration is very successful when direct sunlight is supplied.

Regularity in Feeding
Helps Prevent Ailments
 Chickens are subject to two disturbances of the crop—crop bound and pendulous crop. Pendulous crop is usually due to inflammation of the digestive tract which causes distension of the crop with gas or liquid food. Crop bound is caused by a constriction of the crop from eating long wilted grass, gorging on grain or a clogging of the lower opening of the crop. In either case it is important to clear the crop. This may be done in the crop-bound bird by making the bird swallow a dose of oil, and after working the crop gently to loosen the mass, suspend the bird by the feet—don't hold them tightly together—and removing the mass from the mouth. Several spoonfuls of warm water with a little soda in it will help. Keep the bird without food for a day, then feed sparingly on soft, easily digested foods or give raw eggs in milk. Regularity in feeding will help prevent crop-bound cases.

LEON GAMBETTA AND LEONIE LEON

LEON GAMBETTA, France's great statesman, fell in love at thirty-three with Leonie Leon, the daughter of an officer, and, although they never married, Leonie was the inspiration of that part of his life over which she ruled. For herself she asked nothing more than his love. She refused to marry him for fear lest this marriage compromise his career, and was reluctant to even best in the glory reflected from her lover, remaining constantly in seclusion. After a long time Gambetta persuaded her to take his name legally, but just as the wedding date was set death stepped in and prevented this formal consummation of a happy union. Gambetta died at the age of forty-four from stomach trouble.

LEON GAMBETTA AND LEONIE LEON

The following excerpts are from the voluminous correspondence that passed between Gambetta and Leonie and tell the story of their love better than any biographer could:
 "Our souls were never in more complete harmony and I drink deep draughts of a love such as the most exalted lights of the human race have dreamed of. You alone among women have succeeded in lifting me to those dazzling heights of passion and soul-communion."
 "You are my moral and intellectual home. I have got so much into the habit of consulting my oracle that I must have it close at hand. There is in my love a strong element of fetishism which I must put up with as best I can."
 "I know not how to thank you for all the dignity and beauty that you confer every day upon our mating. It is in this way that I have always passionately longed to love and be loved. To meet such a woman, to devote my life to her, to unlock for her the most hidden recesses of my soul, to be admitted in my turn into the innermost shrine of her heart and fill ever corner of that heart as a lord always ready to obey; my dream has come true, and she whom I have won has become the loftiest form of my life, the secret of my fortunes."

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by Colorado Drug Co.

Thedford's BLACK-DRAUGHT and it relieved me. "About eight years ago my wife got down with liver and stomach trouble. We tried all week to help her, but she didn't get any better. One day I said to the doctor, 'I believe I will try Black-Draught. It helps my liver.' He said that I might try it and to follow directions. She was nauseated and couldn't eat or rest. She began taking Black-Draught and in two days she was greatly improved and in a week she was up. Try Black-Draught. It costs only one cent a dose. Sold everywhere.

WAS THERE EVER STOP TO THINK.

That some people do not seem to realize that for a city to become busier and better, all must cooperate.

That a busier city means a better business for every one in the city without regard to their business or profession.

That there are some men who are always satisfied and will not lend their efforts to make a city busier. There are others who are not satisfied and sit around and howl about it, but will do nothing but howl. There is no place in a progressive city for this class of people.

That a city whose citizens are progressive and possessed of determination, initiative, strength and faith, are always ahead.

That there is much to be derived from substantial growth. The prosperity of a city and the success of its industries and enterprises depend largely upon the attitude of its citizens.

ARE YOU ALL RUN DOWN?

Many Colorado Folks Have Felt That Way.

Feel all out of sorts?
Tired, achy, blue, irritable?
Back lame and stiff?
It may be the story of weak kidneys!

Of toxic poisons circulating about upsetting blood and nerves.
There's a way to feel right again. Help your weakened kidneys with Doan's Pills—a stimulant diuretic.

Doan's are recommended by many Colorado people:

Mrs. S. A. Cox, Cypress St., Colorado, says: "I suffered with kidney trouble. I was so bad, at times, that when I stooped, the pains caught me so I couldn't straighten without help. When I got to bed, I couldn't rest. I had terrible headaches and was almost a nervous wreck. My kidneys acted irregularly and my back felt so sore I couldn't work. My feet and hands were swollen. After using Doan's Pills, I was completely cured!"

HOW GREAT MEN MAKE LOVE AS REVEALED BY THEIR LOVE LETTERS

By JOSEPH KAYE

(© by Wheeler Syndicate, Inc.)

THE DUKE OF MARLBOROUGH AND SARAH JENNINGS

SOLDIERS are usually ardent lovers, and the famous John Churchill, duke of Marlborough, was no exception. He loved his wife, who was Sarah Jennings, with extraordinary fervor, and his greatest hope in life seemed to be to have done with soldiering and statecraft and remain constantly by the side of his wife.

The following extracts from his letters show the state of his feelings. Both were written from the field of battle, the second after the battle of Ramillies:

"Hague, April 23, 1708.
"My dearest soul, my desire of being with you is so great that I am not able to express the impatience I am in in having this campaign over. I pray God it may be so happy that there may be no more occasion of my coming, but that I may ever stay with you, my dearest soul."

"Ramillies, Monday, May 24, 11 o'clock, 1708.

"I did not tell my dearest soul the design I had of engaging the enemy, if possible, to a battle, fearing the concern she has for me might make her uneasy; but I can now give her the satisfaction of letting her know that on Sunday last we fought, and that God Almighty has been pleased to give us a victory. I must leave the particulars to this bearer, Col. Richards, for having been on horseback all Sunday, and after the battle marching all night, my head aches to that degree that it is very uneasy for me to write. Poor Dingfield, holding up stirrup for me and helping me on horseback, was killed. I am told he leaves wife and mother in poor condition. I can't write to the children, so you will let them know that I am well and that I desire that they thank God for preserving me."

CITATION IN PROBATE

To the Sheriff or any Constable of Mitchell County, Greeting:—
You are hereby commanded to cause the following citation to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the citation in the county of Mitchell, State of Texas, and you shall cause said citation to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Citation in Probate
The State of Texas: To all persons interested in the welfare of Natalie M. Carter, a Minor, on the 13th day of September, A. D. 1924, the Honorable J. C. Hall, County Judge of Mitchell County, Texas, made an order appointing M. Carter temporary guardian of the estate of the above named minor, which said order is now recorded in the Probate minutes of said Court, said minor having an estate of the probable value of \$40,000.00 consisting of real and personal property situated in said county.

All persons interested in the welfare of said Natalie M. Carter, minor, are hereby cited to appear before the County Court of Mitchell County, Texas, at the court house in the City of Colorado, Texas, on the third day of November, A. D. 1924, the same being at a regular term of said Court, then and there to contest such appointment if they so desire, and that if such appointment is not contested at such term, then the same shall become permanent.

Witness my hand and official seal at Colorado, Texas, this 13th day of September, 1924.
