

# Colorado Record

TWENTY-FIRST YEAR—NO. 16

COLORADO, TEXAS, FRIDAY, JANUARY 16, 1925

WHIPKEY PRINTING CO.

## HEALTHY CONDITION BANKS REFLECT PROSPERITY WAVE

Colorado and Mitchell county are in excellent condition and have entered the new year amid flattering prospects, as attested by statements of the two National Banks of Colorado, published in The Record today. The statements, showing combined deposits of \$2,115,461.51, shows condition of the banks at close of business December 31.

According to local bankers this large aggregate of cash is well distributed among the business, professional, farming and other interests of the county. They consider this showing of special interest, reflecting the continual presence of prosperity among the farming and business interests of the county.

This commendable record has been attained in spite of the fact that farmers of Mitchell county produced a cotton crop of about 2,000 bales or in the aggregate, \$1,500,000, less than was paid them for the crop of 1923. Had cotton prices remained equal with those prevalent last year, Colorado banks would have shown considerably more deposits than they did.

It is to be noted from the statements that neither of the Colorado banks owe for money borrowed. The two banks reported more than a million dollars in cash on hand and due from other banks, with cotton acceptances totaling \$254,867. Loans and discounts are given at \$945,414. The two banks have a capitalization of \$160,000, with a surplus fund of \$130,000.

While the cotton crop fell short of 1923 production, farmers of this territory grew a good crop of feed and forage products. T. W. Stoner, active vice president of the City National Bank, pointed out Tuesday. This fact will mean that scores of farmers, usually ready to borrow at the time of the year to finance feed purchases, will not call for loans at the bank for several weeks.

With sufficient moisture to bring up crops in the spring, the outlook is going to be good. In some localities, especially in the black land belts of the county, farmers are reported as needing rain now in order to do their winter plowing.

## THEATRE MANAGER PLEDGES SUPPORT OF COLORADO

J. S. Bonner, who recently came to Colorado from Abilene to take over management of the Mission Theatre, formerly the Best, declared himself as being interested in this city soon after arriving here, and to each the declaration, took out membership cards in the Lions club and Chamber of Commerce.

Bonner will make Colorado his permanent home. His family will move here from Abilene at the end of school.

"Colorado is one of the real progressive small cities of the country," the new citizen stated a few days ago, "I hope to have some part in making it possible for Colorado to maintain the distinction it now holds."

## SMALL BOY MEETS TRAGIC DEATH AT DUNN FRIDAY

Brewer, Junior, three, little son of Mr. and Mrs. H. E. Palmer of near Dunn, died late Friday night of injuries received several hours earlier when crushed underneath a moving wagon on the Palmer farm. The accident occurred just before noon Friday. The child was injured when he tumbled and fell underneath the moving wagon, which was loaded with cotton.

Funeral services were held at Dunn Saturday afternoon at three o'clock. Burial was had in the Dunn cemetery.

Mr. and Mrs. Palmer formerly lived near Colorado and have many friends here who were shocked at news of the tragic death of the child.

## DR. COLEMAN TO ADDRESS BIG SPRING C. OF C. MEETING

Dr. P. C. Coleman, president of Colorado Chamber of Commerce, is to be one of the principal speakers at the annual meeting of the Big Spring Chamber of Commerce to be held on the evening of January 23rd.

## CHAMBER OF COMMERCE IN HEALTHY CONDITION

The Colorado Chamber of Commerce has established a new record for membership dues, according to a statement from the office of the organization Saturday. The organization had up to that time during the month of January received more money through payment of dues by the membership personnel than was ever before received from the same source during any one month. Membership dues are payable once each month in advance.

The same report outlined that during the month of January four new contributing members, pledging to pay \$17 per month, had been added to the membership roster.

"Nineteen twenty-four was considerably the best year in the history of the Colorado Chamber of Commerce," an official of the chamber stated Saturday, "and judging from the start already made, 1925 will register a new chapter in the history of the civic body. It is certainly gratifying to the officers and directors to realize that the business and professional interests of Colorado are supporting the Chamber of Commerce in a more substantial way than ever before. Such can only mean that this city and contiguous territory will continue to develop, as a live commercial organization means a live city and community."

With small exception every business and professional interest in Colorado is affiliated with the Chamber of Commerce, the report stated. There are a few business men of the city, however, who are not members. The larger the membership and the larger the annual budgets. The larger the programs will be which are fostered by the chamber. If you are not a member of the organization, become affiliated at once. If in doubt, ask your banker what he thinks of the Colorado Chamber of Commerce.

## NEGRO CONFESSES BURGLARY OF THE RECORD OFFICE

Robert Burns, negro, charged with burglary of The Record office a few weeks ago, has confessed to the crime Sheriff I. W. Terry stated Friday. Burns was arrested by Martin county authorities at Stanton last week on suspicion when detected bumming a ride on a T. and P. freight train.

Some of the checks taken from the office together with fountain pens and gold pencils, included in the stolen loot were found on the negro. These furnished damaging evidence against the prisoner. The checks, which had been payable to the Whipkey Printing Co., had been altered by the negro to read payable to Robert Burns, himself. These were identified Friday by W. W. Whipkey as among those stolen.

Gaining entrance into the Whipkey building through a rear door, the prowler obtained about \$150 in cash and checks from the safe. Five or six dollars in the cash register was not molested. Burns is held in the Mitchell county jail.

## INTERNATIONAL TRACTOR IS PRONOUNCED BIG SUCCESS

A demonstration of the practicability of the International 10-20 tractor for farming purposes was given Tuesday at the J. W. Kay farm, two miles east of Colorado by a factory representative. Agency for this tractor at Colorado was recently placed with Price Brothers and the demonstration was arranged under supervision of management of the firm.

The demonstration was witnessed by a number of farmers, who pronounced the machine a success in every way. R. P. Price, manager of the firm, stated Wednesday. Price stated that two of the tractors were sold following the demonstration.

## ALL SAINTS' EPISCOPAL WILL SEND DELEGATION TO MEET

The vestry and woman's auxiliary of All Saints' Episcopal church at Colorado have elected delegates to represent the church at annual convocation of the district of Northwest Texas which is to convene at Amarillo Sunday. Dr. Seamon, recently designated as presiding bishop of this district will be consecrated during the convocation.

## 1ST PRESBYTERIAN CHURCH DOING EXCELLENT WORK

(Editor's Note: This is the sixth of a series of articles on the churches of Colorado.)

Sunday morning The Record staff representative visited the First Presbyterian church. This was the sixth visit paid to as many different churches of Colorado since the continued articles on local churches was started in The Record a few weeks ago and never before were we accorded such a genuine welcome. In fact, The Record representative was actually conscripted to teach the men's Bible class and to make a speech. He claims that he "got by" with both.

Those who know members of this congregation and their pastor, Rev. W. M. Elliott, would expect nothing else but a hospitable welcome at this church. And the most important part, perhaps, is to be noted in the fact that Colorado Presbyterians are devoted to their church and benevolent work. There is not a congregation in this city which annually does more per capita in bringing up in a most creditable manner the varied programs fostered by the church at home and elsewhere.

There were 71 enrolled in Sunday school Sunday morning. With an enrollment of only 100 this was an excellent record for a day as cold as last Sunday. J. M. Thomas is superintendent and J. Riordan, secretary. The Presbyterian Sunday school is one of the best in Colorado as to organization and effectiveness of work being done.

At 11 o'clock Sunday morning Rev. Mr. Elliott read the 20th chapter of Exodus as the Scripture lesson and announcing the commandment, "Thou shalt not kill," as his text, preached a forceful sermon as to the duty of Christian people to stand united in the determination to stop the wave of crime, especially the taking of human life, which is sweeping this republic.

"America is the most lawless of any civilized nation on earth," the minister charged, as he recalled the growing number of murders being reported throughout the country every day. He attached the recent sensational murders, in Chicago, in which two youths wantonly murdered one of their fellows. In this connection he attacked the statement recently accredited to a "prominent Chicago attorney," who, according to the press, publicly advocated abandonment of marriage and substitution of "free love" instead. The minister did not call any names but the attorney referred to was Clarence Darrow, attorney who defended Loeb and Leopold, youths who murdered the Chicago school boy.

He concluded his appeal for a more universal recognition of the value of human life by the declaration that "something must be done to check this condition, or else we will sink to the bottom and God will stamp this nation out and raise up another people after His own teaching."

In addition to serving as pastor of the Presbyterian church, Rev. Mr. Elliott is devoting much of his time to the Boy Scout movement here. He is president of the Buffalo Trail Council, Boy Scouts of America, embracing the counties of Mitchell, Curry, Nolan and Fisher. There is

## METHODISTS PLAN PLACING BUILDING IN GOOD REPAIR

Colorado Methodists will probably considerable repairs to the church building, T. W. Stoner, member of a committee representing the congregation, stated Tuesday. Stoner stated that tentative plans called for a new roof on the north side of the building, painting the entire roof, stuccoing the building on the outside and newly decorating on the interior. The interior plans call for new light fixtures, in addition to the new paint and paper.

A new stairway leading from the basement of the building to the outside of the building will also be built. Stoner stated that it would not be definitely known until next Sunday whether the proposed improvement would be authorized.

## SUCCESSFUL YEAR CLOSED BY MITCHELL FARM BUREAU

Growth of the Mitchell County Farm Bureau during the past year was phenomenal and extended to embrace scores of prominent cotton growers in every community of the county, according to reports made here Saturday by officers and directors of the association before the annual convention, which was convened Saturday afternoon at the Mitchell county court house.

The growth of the organization, especially the cotton pool association, in Mitchell county is but a reflection of growth of the bureau throughout a number of Southern States, M. E. Hayes of Dallas, secretary of the State organization, declared in an address. The idea of co-operation to obtain better markets and better marketing conditions has now become a solidly proven plan among thousands of farmers throughout the country, he declared.

Report of W. W. Porter, secretary-treasurer of the county organization, disclosed the fact that considerably more cotton was handled by the local bureau during 1924 than ever before. The trend of new members having their names entered upon the membership roster of the farm bureau has never faltered since the organization started, he outlined, but has become of larger proportions as the months and years have passed.

A. K. McCarley, who has been prominently identified with the county organization for some time, was re-elected to the presidency. George Bynum was elected vice president and W. W. Porter named as secretary-treasurer for the ensuing year. Porter as secretary has been the active manager of the Colorado office of the organization for some time.

To complete the board of directors of four members, D. P. Smith and R. F. Hargrove were elected. S. H. Hart and J. R. Oglesby, elected to the directorate a year ago, are the other members. E. M. Baldwin, former secretary-manager, was elected delegate to represent the organization at the State convention, to be convened at Dallas February 3 and 4.

Business was suspended for a time during the convention while a tribute was paid to the memory of W. E. Smith, deceased, a former member of the county bureau. Resolutions of respect to his memory were passed.

## NEW COMMISSIONERS' COURT MEETS FOR FIRST SESSION

The new Commissioners' Court met Monday for its first session. The court is considered new in that the presiding officer, Judge Chas. C. Thompson, and two members, Tom Goss of the Colorado precinct, and J. C. Costin of the Westbrook precinct, are just beginning to serve in their respective official capacities. Jno. D. Lane, commissioner from the Spade precinct, remarked Tuesday morning just as the body was convening for the second day of the session, that it appeared very much out of the ordinary to note a session of Commissioners' Court with Urda Wulfjen absent. Wulfjen, who retired January 1st as commissioner of the Colorado precinct, had been a member of this board for ten years.

The court entered into final settlement with the David S. Castle Co., architects, for work in supervising construction and equipment of the new court house. An order purchasing office equipment for the county superintendent and county treasurers offices was passed.

The usual routine work demanded much of the legislative body's attention during the session. The commissioners adjourned Tuesday afternoon.

## YOUTHFUL BURGLAR GIVEN 5 YEARS AT GATESVILLE

Robert Burns, negro boy 16 years of age, was sentenced to five years in the State Reform School at Gatesville Tuesday afternoon by County Judge C. C. Thompson, following a plea of guilty to burglarizing the office of the Whipkey Printing Company a few weeks ago. The negro stated that his home was at Clarksville.

## 1850 MOTOR VEHICLES REGISTERED IN COUNTY

I. W. Terry, collector of taxes, reported Friday that a total of 1,850 motor vehicle license certificates for 1925 had been issued at his office up to that time. Computing registration fees on an average of \$15.00 for each machine, this tax would approximate \$27,750. During the year 1923, 2,750 motor vehicles were registered in Mitchell county. It is estimated that registrations for 1924 will at least equal that number. Last year Mitchell county automobile, truck and motorcycle owners contributed \$17,500 to the State Highway Commission in motor taxes. Approximately \$8,000 of this was returned to the county in the way of maintenance allowance on the Bankhead highway. The remainder of almost \$10,000 went into the fund to pay aid appropriations allowed various counties of the State in which authorized road construction was under way.

## DAREDEVIL LOCKWOOD HERE ON MAXWELL TEST DRIVE

Chained to the wheel of his Maxwell car, Daredevil Lockwood arrived in Colorado Wednesday morning at 8:30 from Lubbock on his 100-hour endurance run which is to terminate in Sweetwater Saturday afternoon at 4:30. He left Lubbock Tuesday at 12:30. Arriving in Sweetwater the daredevil spent the night driving around the public square.

From here he left for Big Spring, Lamesa and on to Lubbock, completing the first lap of the test. The second leg of the trip will be via Spur, Jayton, Rotan, Roby and back to Sweetwater.

The contest is being put on by the Maxwell dealers of this territory who are wagering Lockwood \$3,000 that he cannot hold out for the 100 hours without sleep or without stopping his car. Much curiosity has been aroused by the most unique contest.

## COMMISSIONERS' COURT TO IMPROVE PUBLIC SQUARE

Work of removing rubbish from the court house grounds was started Wednesday morning by Tom Goss, commissioner of Precinct No. 1, who was designated as supervisor of this work in an order passed by Commissioners' Court Tuesday. The order specifies that the grounds are to be leveled and platted to grass and trees.

Goss stated Tuesday afternoon that this work would require some time to complete. Several days will be required to remove debris from the old court house and other rubbish from the grounds. One of the Holt tractors and a large grading machine will be used in bringing the grounds to proper grade level.

Trees to set out about the grounds, together with several hundred evergreen privet have been purchased to set out on the grounds. Plans under which the grounds are to be platted were supplied some time ago by a landscape expert of Sweetwater.

## FORMER SERVICE MEN ARE RECEIVING BONUS CONTRACTS

The first bonus certificates issued by the Federal government to former service men were received in Colorado last week. These were mailed from Washington Jan. 1st.

Officials of Oran C. Hooker Post, American Legion, are urging that all former service men in Mitchell county who have not filed application for bonus do so without delay. The necessary forms, together with such information as may be required, may be obtained upon application to J. B. Pritchett, post commander, or J. Y. Fraser at the local postoffice.

## FLAG PRESENTED COLORADO HIGH SCHOOL LAST WEEK

The flag, recently received from Washington for presentation to the Colorado high school, was formally delivered to the faculty, school board and student body Friday by J. C. Hall as representative of Congressman C. E. Hudspeth, donor of the emblem. The flag was recently donated the schools of this city after having flown for five years from the mast over the dome of the National Capitol.

## FIRST CHRISTIAN CHURCH TO ERECT NEW BUILDING

The First Christian church of Colorado will finance construction of a modern house of worship, costing from \$40,000 to \$50,000, Rev. J. E. Chase, pastor, stated Thursday morning. A joint meeting of the official board and auxiliary organization was held at the home of Judge and Mrs. L. W. Sandusky Wednesday evening at which time definite plans for the new church were adopted. A total of \$8,250 to the building fund was subscribed at this meeting, and a soliciting committee named to raise the amount to at least \$25,000.

The new building will be erected at corner Elm and Fourth streets on a site purchased a few months ago by the church. The present property, at corner Second and Chestnut, is to be sold.

"There is no doubt but that our people will build a new church, and I am sure that the edifice is to be one of which the entire city may well be proud," Rev. Mr. Chase stated Thursday morning.

J. E. Pond, local contractor, is drafting plans and specifications for the proposed new building.

## C. OF C. REQUESTS REMOVAL T. & P. CROSSING HAZARD

At the January meeting Thursday night of the Chamber of Commerce executive officials devoted considerable time to discussion of the crossing hazard on the Texas & Pacific railway in the eastern city limits. The street here crosses the railway tracks in a cut which makes it doubly hazardous to the traveling public. This matter has been taken up with officials of the Texas & Pacific before but no definite solution promising to eliminate the dangerous condition has been reached.

Several months ago the Chamber of Commerce requested the railway company to cut down the embankments on either side of the track at this crossing, in that the public in passing might obtain a view of the track in both directions and be able to detect the approach of trains. At the meeting Thursday night it was determined to request the railway to place a crossing signal there.

Just what action will be taken by officials of the T. & P. was not known here Thursday but the belief was expressed by officials of the Chamber of Commerce that something definite would be done to remove at least a part of the danger to which the public is daily subjected at the crossing. The crossing is on the Robert Lee road and leading to the Seven Wells, Looney, Lowe and other communities south and southeast of Colorado and a large part of the traffic in and out of Colorado passes over it.

Statement of an auditing committee composed of L. B. Elliott and J. C. Pritchett was presented at this meeting. The statement declared that the committee had audited books of the secretary as to receipts and disbursements of finances and found them in good condition.

## WESTBROOK DEPUTY ASSUMES MANAGEMENT OF COUNTY JAIL

R. E. Gregory, deputy sheriff at Westbrook for some time, has been transferred to Colorado by Sheriff I. W. Terry and placed in charge of the county jail. R. C. Dale, jailer for the past two years under the Terry administration will now devote his entire attention to his duties as deputy sheriff.

## CONTRACTORS COMPLETING PAINTING AT COURT HOUSE

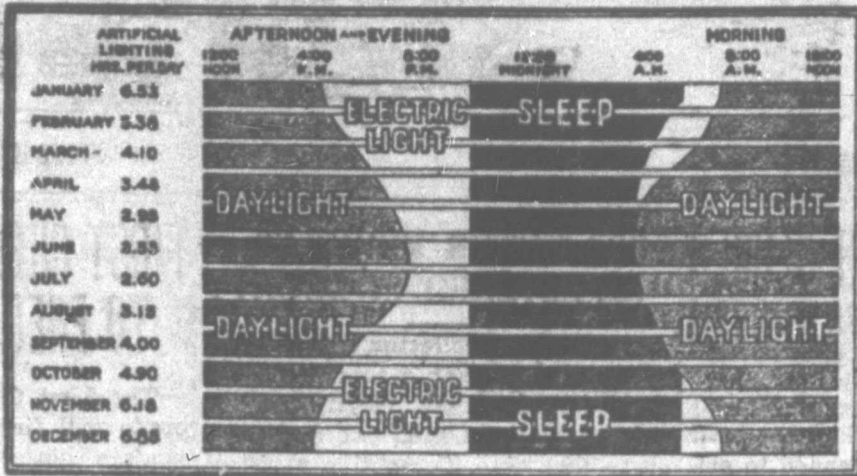

Finishing touches on the interior of the Mitchell county court house are being added this week by the paint contractors. Workmen are going through the building and retouching all places where the paint shows evidences of faulty material or workmanship.

## Spreading Out

Womack & Neff, the vulcanizing men are spreading out. They have leased the Masonic building and will use it for repair and vulcanizing shop but will still retain their present business on the corner.

# Why Your Electric Light Bills Go Up and Down

This chart shows why your electric light bills are higher in some months than others

In Winter you depend upon artificial lighting nearly three times as many hours in each 24 as in summer.

In June the average use of electric light, in a residence, is 2 hours and 35 minutes a day.

In December the average use of electric light, in a residence, is 6 hours and 50 minutes a day.

This is perfectly natural. An examination of the chart will show. Fewer "daylight hours" means more "electric light hours."

There are other reasons, too, why your bills in fall and winter are larger than in the spring and summer—good reasons that show it is simply the result of the season's changes; your more extensive use of

electric light, and not the fault of the electric light company at all.

When summer is over, Vacations are over. Everybody is home again; more rooms are occupied; more light is needed.

Long evenings — late bed-times. The outside cold keeps us indoors. The soft, cozy glow of electric light makes reading a pleasure. More people stay home on this account. The newspapers, magazines, study or a good book, music and games pass the evening all too quickly. It is bedtime before one knows it!

More entertaining is done — parties at home for the grownups and little folks. Sometimes the house fairly radiates with the good cheer of electric light.

Think this all over carefully and you will see why your winter electric light bills can reasonably triple those of summer

WEST TEXAS ELECTRIC CO.

## JUSTICE OF PEACE BERTH IS REFUSED BY LORAINÉ EDITOR

Recently a number of Lorainé citizens petitioned Commissioners' Court to appoint Earl T. Williams to the office of Justice of the Peace at Lorainé. They saw in the newspaper man just the material sought from which to make a good presiding officer over the court there. However, the editor could not see his way clear to accept the honor. Just as the petition came before the court for action, the county judge was called to the telephone. It was Editor Williams on the wire.

"Say, is that petition, asking that I be appointed Justice of the Peace presented?" he asked.

"Yes," came the reply from the county judge. "The court is right now in the act of appointing you to fill the office."

"Well, you need not make the appointment," came the reply from Lorainé. "I positively refuse to serve."

Records of Commissioners' Court show that the petition was tabled.

It is presumed that Editor Williams, who by the way, recently moved The Leader office into new quarters, is so busy editing his paper and looking after the other many details about the office that he could not find time to devote to the office. Be that as it may, Earl T. Williams is giving Lorainé a dandy good weekly newspaper.

## SEVEN WELLS NOTES

Well I believe health in our community is some better this week as most every one's cold seems to be just about well.

There is not much farming started yet as the weather stays so cold, but watch out when the Seven Wells farmers do start. Business will pick up for these men sure know just how this farming business needs to be done.

Mr. Will Brown is an awful work-

ing fellow, some times. And when he starts, the rest will follow.

Mr. Richard White is here visiting P. M. Bassham's family.

Mrs. J. E. Wallace visited Mrs. Williams over at Payne Tuesday.

Some of the men from our community are helping clean off the church yard over at the new Payne church.

We are told that Bro. Bishop will preach the first sermon over there Saturday night.

L. L. Bassham's family attended church in Colorado Sunday morning also a meeting that afternoon.

C. A. Simpson, wife and babies also Miss Edith Simpson ate dinner with L. L. Bassham's family Sunday. Old C. A. feels at home any where around Seven Wells as this was once his home.

It will be remembered that there will be a pie supper at our school Friday night, Jan. 16th, everybody is invited.

Well, well, they say A. S. Hutchings and wife are back on a visit. Well we cant run old Hutch off, he has had a drink out of Champion Creek. — "The Bunch."

## GOOD POSITIONS OPEN

Beatrice Baker, 18, starts at \$100 a month; Edwin Coffey, 18, at \$100; Cathryn Tibbets, 18, at \$110; Earl Winn, 19, at \$135; and W. W. Stevens, 19, earns \$175. Hundreds of similar positions every year enable Draughon's to insure you a good salary. Write for Special Opportunity now. Draughon's College, Abilene or Wichita Falls, Texas. 1-16p

## SCHEDULE OF EXAMINATIONS FOR TEACHERS ANNOUNCED

Schedules for teachers' examinations for 1925 have been announced by the State department and applicants who wish to take the county examinations should register with County Superintendent G. D. Foster not later than the 20th of the month preceding the examination which the applicant desires to take.

The dates for the examinations for teachers' certificates are February 6 and 7; April 3 and 4; June 5 and 6; July 10 and 11; August 14 and 15; September 4 and 5; December 4 and 5th.

The subjects and schedule of examinations follow:

Friday forenoon: Spelling, physiology, music, elementary composition, higher English composition, physical geography, botany, English literature, solid geometry, methods of teaching applied to the elementary branches, geology.

Friday afternoon: Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history, biology, advanced grammar, child study.

Saturday forenoon: Arithmetic, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon: United States history, agriculture, drawing, ancient history, algebra, physics, plane trigonometry, school administration, economics, school law.

## KANSAS KLAN MUST CEASE OPERATIONS IN STATE

TOPEKA, Kans., Jan. 10.—The Ku Klux Klan was outlawed by the supreme court of Kansas today. Putting an end to a battle that has been waged between klan and state for more than two years, the supreme court handed down a decision sustaining the state's plea and ousting the klan from Kansas.

## TAX COLLECTOR'S NOTICE

Tax payers will take notice, that I will be in Westbrook all day on Tuesday, January 20th, and will be in Lorainé on Friday, January 23rd. This is for your convenience. See me and pay your taxes.

I. W. TERRY,  
Sheriff and Tax Collector.

The silent partner usually has the last word.

## W. O. W. and W. C. Take Notice.

Tuesday night, Jan. 20th, we are to have a joint installation of the officers of Mesquite Camp No. 244, W. O. W. and of Magnolia Grove No. 236, W. C. We will have refreshments for all who come. If you are a member of these orders here or elsewhere you are urged to come—E. Keathley and Isla Tilley, Clerks.

## Real Estate Activities.

Real estate activities here has been awoken real interest in the minds of our wage earning citizens who appear to have decided to buy a lot pay for it by the monthly payment plan and then use it to borrow money to build that home that every man of family must have to be content, independent and happy. This proven by the many inquiries for lots in the new addition to our city to Grubbs Brokerage Co. here.

## Waxahachie Man Praises Colorado

L. J. Lawrence, manager of the Southland Cotton Oil Co. of Waxahachie, who spent the week in West Texas in the company of Walter Grubbs of the Grubbs Brokerage Co. Touring the Plains and Central West portion of the state purchasing cotton seed for his Shreveport mill spent the week-end with Grubbs in Colorado.

In an interview with Lawrence he stated that of all West Texas towns he had visited during the week Colorado was the cream of the West, there is not a vacant business house or residence in the town he said, and the paved streets and bright lights caused him to pause in crossing the streets to watch for the green and red traffic signals before crossing.

Mr. Lawrence considered the possibilities of Colorado so great that he listed his improved farm and orchard in Tarrant county with the real estate department of the Grubbs Brokerage Company to be exchanged for city property in Colorado. This exchange is practically made according to a statement of Mr. Wren of the real estate department.

## LONGFELLOW LOCALS

Mr. and Mrs. W. S. Mints entertained the young people with a party last Saturday night. There was a big crowd and every one had a fine time.

Mr. and Mrs. T. H. Westbrook gave a farewell singing to Otis Mints who with his father and mother is moving to Stanton.

Mr. Burke and family moved last week south of town. Charley Ezell is now living where Mr. Burke lived.

Mr. E. R. Smith is moving this week to the Looney community. We regret very much to see these people go.

Mr. Roy Smith is on the sick list this week. We hope he will soon be able to be out. There were quite a few of the people here attend singing at Valley View last Sunday afternoon. We hope the next convention will be more of a success.

Mr. and Mrs. Emmet Haile of Valley View attended singing at Mr. Westbrook's Sunday night. Come again folks we enjoy having visitors with us on Sunday night.

Bro. Lewis will preach at the school house on the fourth Sunday afternoon. Everybody come and bring some one with you. Let's wake up and have something doing here again.

Mr. Jackson and family of Fairview moved on Mr. Lasky's place last week. We welcome these people here.

SLIM JIM.

## Charter No. 2801—Reserve District No. 11. REPORT OF THE CONDITION OF THE COLORADO NATIONAL BANK

At Colorado in the State of Texas, at the close of business on December 31, 1924.

RESOURCES.	
Loans and discounts, including redemptions, acceptances or other banks, and foreign bills of exchange or drafts sold with indorsement of this bank (except those shown in b and c)	\$406,885.21
Overdrafts, secured, None; unsecured, \$4504.52	4,504.52
U. S. Government Securities Owed:	
Deposited to secure circulation (U. S. Bonds par value)	\$25,000.00
All other United States Government securities (including premiums, if any)	10,000.00
Total U. S. Government securities	44,000.00
Other bonds, stocks, securities, etc.	38,814.87
Banking House, \$52,000.00; Furniture and Fix. \$14,000.00	66,000.00
Legal reserve with Federal Reserve bank	74,499.32

**AGED JONES COUNTY FARMER BEATEN TO DEATH WITH CLUB**

SWEETWATER, Texas, Jan. 9.—Officers are scouring the country in search of two Mexicans who are believed to be the murderers of Ed Lassiter, aged widower, who was beat to death at his farm home near Sylvester some time Wednesday night. The battered body was found late Thursday afternoon by a group of school children. Lassiter lived alone and was believed to be wealthy.

Two Mexican men whose names are not known disappeared several hours before the body was discovered. They had been working the farm which Lassiter owned, and, according to reports from Sylvester, the Mexicans had had a heated argument with Lassiter several days before the murder. Lassiter lived a secluded life alone on his farm. According to a Sylvester banker, the murdered man never deposited his money in the banks, keeping large sums secreted about his home. Over \$30 in currency was found in his shirt after the body was discovered.

A huge club made from a green mesquite limb was found near the body. The club had been whittled out to make an effective weapon and was spotted with blood. Lassiter's head was beaten to a pulp, it is reported.

Two Mexicans who answered the description of the Lassiter farm hands took the night Orient from Sylvester and left the train at Sweetwater, an Orient conductor told officers Thursday night. When the train left here, three Mexicans boarded the train, but the conductor was unable to say whether the two who had entered the train at Sylvester were on the train when it pulled out of Sweetwater for San Angelo. Officers here have notified authorities all along the Orient to Alpine, as well as several border towns including El Paso and Del Rio. Two Mexicans were arrested in Colorado Thursday night and Sylvester people will attempt to identify them Friday. One Mexican is described as being almost white, speaking English fluently. The other is very dark and stout. Both are about 40 years of age.

Lassiter's farm was just over the line in Jones County and an Anson justice of peace held the inquest Friday. The murdered man's body was found outside his house in the yard. Several articles were found missing from the house, including a Colt's revolver and several boxes of ammunition.

Lassiter's sister, Mrs. S. M. Stephenson, lived about a mile from his farm. The dead man has two daughters whose whereabouts are unknown. He was one of the oldest settlers in that section.

**HI NOTES FROM HYMAN.**

John R. Overton and Miss Jessie Gates were married in their car at Big Spring by Rev. Gordon standing on his door steps on Dec. 24th. Miss Ida Overton, a sister of Mr. Overton and C. J. Turner, were also married on the 24th by Rev. Cunningham at the residence of the brides father, R. E. Overton twenty miles south of Big Spring, where a big dinner was served to some forty guests. The Gates family is one of the pioneers of Hyman and Miss Jessie's friends all join in wishing for the young couple every happiness.

The Roach family spent Christmas visiting in the home of Mrs. Roach's parent, Mr. and Mrs. Espy of Eldorado. Miss Hollis returned to her home at Idalou.

The Hyman school opened last Monday with a full attendance many new pupils being present, occupying the new seats recently put in. At the present increase in pupils it is predicted a new room will have to be added for next year, and the third teacher employed.

Mr. and Mrs. Robert Scott spent the holidays at Del Rio the guests of Mr. and Mrs. Leary, returning home last week.

Mr. Wiley Rawlings of Taylor, Texas, is visiting in the family of T. C. Smith.

Mr. Lee Atkins accompanied by Mr. Harry Hyman left Sunday morning for Ft. Worth on a business trip. Mrs. Fulton Reynolds and young son, Frank, accompanied them as far as Cisco, where she will visit her parents.

Mrs. W. M. Locklear and family have returned from Snyder where they have been for the past week and Grandma Locklear also returned this week from Breckenridge where she was visiting her daughter.

Mr. and Mrs. I. Smallwood have moved here from Ira, Texas, and are now occupying their new home. Their daughter and her husband, Mr. and Mrs. Vincent Dozier of Ira were weekend guests leaving Sunday for their home.

Mr. and Mrs. Otis Chalk of the Chalk ranch, were guests of Mr. and Mrs. Harry Hyman on New Year's day.

The janitor down at the theatre says that from the looks of the floor, Darwin was right.

**RURAL CARRIER EXAMINATION**

The United States Civil Service Commission has announced an examination to be held at Colorado, Texas, on February 14, 1925, to fill the position of rural carrier at Westbrook, Texas, and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,450 to \$2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified, may enter this examination, but appointing officers have legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form 1977 and application blanks may be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C. at the earliest practicable date. At the examination applicants must furnish unmounted photographs of themselves taken within two years.

One magazine asks the question: Can a man love more than one woman at a time? Not unless he is a millionaire.

W. J. Chesney and family moved this week to their new home at Brownfield. Mr. Chesney and wife have been citizens of Mitchell County for many years. From 1918 to 1922 he was sheriff and tax collector of this county and as such made one of the best peace officers Mitchell county ever had. In removal of Jake Chesney from this county to Terry County, Mitchell is losing one of its very best citizens. Before leaving Colorado the first of the week he

called at The Record office and authorized us to send the paper to his new address.

Don't forget when you buy at J. H. Greene & Company's you have an opportunity of getting an automobile free.

Personally, says Jno. Holt, I would be perfectly willing to endure the disgrace of having it known I paid \$50,000 income tax.

The Buick Valve-In-Head Engine starts easily—runs smoothly, even at zero. Buick has an exclusive, automatic heat control on the carburetor that takes the ordinary annoyance out of cold weather driving.

### MILLIONS IN UNITED STATES TO SEE TOTAL ECLIPSE SUN

WASHINGTON, Jan. 14.—The navy is planning to use the Los Angeles, formerly the German dirigible, the newest and largest of the rigid airships, in taking photographs of the total eclipse of the sun on January 24th, and which, barring cloudy weather, is to be visible on the Atlantic Coast. In order to obtain pictures of the rare natural phenomena at the most advantageous position, the Los Angeles will make a flight during the passage of the heavenly bodies, carrying scientists, cameras and instruments to an altitude of some 8,000 feet. This altitude will enable photographic records to be made above the clouds, should they obscure the view from the earth, thereby preserving the incident to science.

WASHINGTON, JAN. 14.—Millions of Americans will see on Saturday, January 24th, something they probably never will see again, a total eclipse of the sun in some places and a partial eclipse over the greater part of the United States. There will not be another in more than a century.

Those who live within a belt 100 miles wide and 5,000 miles long, ranging from Northern Minnesota across Northern Wisconsin and Michigan, the Great Lakes to New York, Long Island, Connecticut and Rhode Island, parts of Pennsylvania, New Jersey and Massachusetts will see the flaming sun blotted out on the morning of the 24th. Those who live near this path across the country—a path that ends at sunset near the north of Scotland—will see the sun shadowed in part, the extent depending on how near they live to this belt.

### INCOME TAX STATEMENT MUST BE FURNISHED

March 15 is the last date upon which income tax statements for 1924 can be filed, it was stated here Saturday at the United States internal revenue division office. The time for payment began January 1st. Statements must be filed by all single persons having an income of \$1,000 but no tax is collected for this amount. All persons with an income of more than \$1,000 must pay a two per cent tax on all above that amount and up to \$4,000. On the next \$4,000 the tax is four per cent and above that amount the tax becomes six per cent.

Married persons will be required to file statements if they have an income of \$2,500. All above that amount is subject to tax except in case of dependents. Each dependent is allowed \$400 which is exempt from taxation.

Statements must be filed either at the internal revenue office at Abilene, or with the Dallas office, of which the Abilene office is a branch. B. F. Cruise is in charge of the Abilene office—Abilene Reporter.

**Getting Men to Sunday Service.**  
The Sunday Evening Club, organized in Chicago about eighteen years ago, seems to have solved at least one phase of the question of why men do not attend Sunday evening services.

The club occupies Orchestra Hall, in the loop district with a seating capacity of 3,000 and on several occasions the hall has been filled before 8:00 o'clock and hundreds turned away.

The services open at 6:45 with congregational singing of old familiar hymns chosen by members of the audience, followed with an informal Bible talk. Different speakers occupy the platform every Sunday night and members of the leading business firms and civic organizations assist with the ushering and making men welcome. Thousands of dollars are spent in advertising in restaurants, hotels, railroad stations, and large wholesale and mercantile houses.

The club maintains a church affiliation department, through which it directs strangers to the church of their choice, but is not conducted for the express purpose of making church members.

### THE HORSE MUST GO.

The blow has fallen at last. Los Angeles did it. It had to come, and it might as well be 1925 as any other year. Old Dobbin has been banished from the downtown business streets of the City of the Angels. After January 22, next, it will be unlawful for any person to drive, lead, ride or shoe a horse into, over, around or across any street in the Los Angeles business district, an area comprising several square miles.

The pedestrian also is to be regulated by this new traffic ordinance.

Jaywalking will be swatted fiercely, and when ever a walker wants to cross the street he must signal his intention, the same as motorists do. There will be "no walking" and "no standing" signs at various points of congestion. This sounds unreasonable at first blush, but ten years from now it will be on the ordinance books of most large cities. If had to come.

Already motorists are complaining of having to turn out to pass farm teams in the highways. In ten years there will be no horses on the roads or in the towns and but few on the farms.

### THRILLS FOR SPEEDERS.

Whether it is actually put into practice or not, we can not vouch, but a plan of dealing with speeders reported from a California town has much to commend it.

As a punishment for reckless driving, the offender is forced to take a ride in an airplane, piloted by an expert, who shoots through space at terrific speed, with variations in the way of dips, tail spins and a few loops. This treatment is said to be very effective in taking the speed mania out of the culprit and causing him to dread a second "sentence."

Automobile speeders are not, as a rule, particularly courageous. Generally they are just plain fools, who do not realize the danger to which they subject themselves and others. The treatment described above seems quite appropriate.

COLORADO DRUG CO.

docket of said court No. 4617, wherein Thos J. Coffee is plaintiff and J. D. Houston, the heirs of J. D. Houston, deceased whose names are unknown, Frank Jecker, the heirs of Frank Jecker deceased, whose names are unknown, the heirs of Adel Jecker, deceased, whose names are unknown, A. M. Gore, and the heirs of A. M. Gore, deceased, whose names are unknown, are defendants; the nature of plaintiff's demand being as follows:

A suit in trespass to try title, with the usual and customary allegations of such action, wherein plaintiff is seeking to recover of and from defendants the title to and possession of the following described land, viz:

All of the Northwest One-fourth of Section Number Twenty-one (N. W. 1/4 of 21) in Block Number 29, Township 1 South, Texas & Pacific Railway Company Surveys, in Mitchell County, Texas.

Plaintiff specifically pleads that as follows: That a certain note and lien securing same, set out and described in deed from J. D. Houston to E. B. Gregson, dated February 13th, 1909, said deed of record in Volume 32, page 46, Deed Records of Mitchell County, Texas, said note being for principal sum of \$160.00 of even date with said deed, executed by E. B. Gregson, payable to J. D. Houston, and due date of same being January 1st, 1910, is more than four years past due and that there does not appear of record any extension of the due date thereof in writing, and that same and lien securing same is barred and unenforceable; but that same constitutes a cloud upon the title of plaintiff;

That two certain notes and liens securing same, recited in deed from Frank Jecker, for himself and as survivor in community of the estate of himself and his deceased wife, Adel Jecker, to B. B. White, said deed of record in Volume 34, page 473, Deed Records of Mitchell County, Texas, one of said notes for principal sum of \$300.00 and the other of said notes for the sum of \$250.00, both notes dated July 28th, 1919, and due and payable on September 1st, 1919, are more than four years past due and that there does not appear of record any extension of the due date thereof in writing, and that the same and lien securing them are barred and unenforceable; but that the same constitutes a cloud on the title of plaintiff;

Plaintiff prays for judgment against defendants for the title and possession of said land, and that said liens shown by the records to exist against said land be cancelled and that plaintiff be adjudged to hold same free from said liens.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Colorado, Texas, this 6th day of January, A. D. 1925.

(S) J. LEE JONES,  
Clerk District Court Mitchell County, Texas. 1-30c

## Old Folks' Ailments

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. Blackmore, a Civil War veteran and former Virginian, who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. . . . A good many years ago, in Virginia, I used to get bilious and I found that

## Thedford's BLACK-DRAUGHT

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then and a man will get bilious anywhere, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again."

Thedford's Black-Draught is a purely vegetable liver medicine; used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

### GUITAR GIN AT MIDLAND BURNED DOWN LAST WEEK

On a fast spreading fire that had gained much headway before the workmen could get the alarm turned in, the Guitar Gin three blocks east of Main street, was completely destroyed by fire last Saturday evening about six o'clock.

It caught while the gin was running and spread through the machinery and cotton that was being ginned almost before the workmen could determine where it started.

By the time the alarm was turned in and the fire department reached the scene, it was too late to save the gin, and the water was thrown on the seed cotton which was banked on the north side of the gin. The damage to this seed cotton was apparently slight.

The gin was owned by John Guitar of Abilene and it is said that no insurance was carried on the property. The loss will aggregate several thousand dollars.—Midland Reporter.

I am still writing FIRE, HAIL and TORNADO INSURANCE. If you want to mark the grave of your loved one, I would like to sell you the Monument and see that you are satisfied before you pay for same. Write, me, see me or phone me in care of Alamo Hotel.  
Ernest Keathley, Agent.

Joe Smoot says "Home Sweet Home," wasn't written by a man who had to go to the cellar to smoke. No boy!

## LORAINE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions to The Colorado Record and to transact all other business for the Whigby Printing Company in Loraine and vicinity. See her and take your country paper.

Monday noon, January 12th, the people of Loraine were shocked on hearing that Mr. Millard Filmore Hall, familiarly known as Dad Hall, had expired suddenly on his way to town from his home in West Loraine. Apparently Mr. Hall was well, going about uncomplaining. He and Mrs. Hall, returned from a visit to Ft. Worth Saturday night and attended church here Sunday. Mr. Hall remained at his home doing his regular routine work Monday till near the noon hour on his way to town his heart action failed and he was seen falling to the side walk lifeless. A physician was called, everything possible was done but death had claimed him. Mr. Hall was 68 years old. Had resided here 16 years. He was known as an honest Christian gentleman, a good citizen and a kind and loving husband and father. He had been a member of the Church of Christ for a number of years and was a Mason.

Deceased leaves a wife and seven children, J. L. Hall, Stanton; Jerry Hall, Lubbock; Morgan Hall, Loraine Mrs. H. H. Smith, Ft. Worth; Mrs. B. F. McDaniel, San Antonio; Mrs. Bert DeBaun, San Antonio; Mrs. Loyd Vivian, Brundage. A brother, R. L. Hall of Blackwell and a sister of Dove Creek, Colorado. Funeral services to be conducted at the Church of Christ by Elders M. L. Vaughn of Abilene Wednesday at 11 o'clock with Masonic honors at the cemetery. The family have many friends in Loraine who extend to them sympathy in their bereavement.

Funeral services of Mr. James N. Porter, were held at the First Baptist church at Sweetwater Tuesday 11 o'clock with interment in the Sweetwater cemetery. Mr. Porter, well known pioneer farmer of Loraine, who had been in failing health for some time died at an Abilene Sanitarium at 3:30 a. m. Monday, February 16th, 1866. He moved here from Abilene in 1913 and had won many friends and acquaintances who mourn their loss. Mr. Porter, leaves his wife and seven children. Lee Porter, Loraine; C. C. Porter, Sweetwater; Mrs. Virgie Howe, Sweetwater; N. N. Porter, Loraine; Lillian Porter, Loraine; Anna May Porter, who is a student at McMurry college and Lucy Porter of Loraine. A number of friends from here attended the funeral conducted by Rev. Morony of Sweetwater and Rev. W. D. Green of Big Spring.

Mr. and Mrs. L. B. Elliott and family were down from Colorado Sunday visiting in the H. B. Wilson home.

Mr. H. E. Blythe, Mr. Marvin Mcrtin, wife and daughter were supper guests of Mr. D. F. Butler and wife of Baumann Monday evening.

Mrs. H. K. Sadler and Miss Annie Jarratt were Sweetwater visitors Tuesday.

Mr. Tom Finley and family and Mr. Odelle Finley, teacher of the Silver school attended services at the Church of Christ here Sunday. After enjoying a splendid dinner at the W. A. Jennings home the company motored to Valley View singing convention.

Mr. A. J. Henry and family of Maryneal en route to Big Spring made a short visit here with their parents, Mr. and Mrs. J. L. Henry Sunday.

Mr. Jack Jennings visited home folks Sunday and reports ranch life at Maryneal fine.

Judge C. C. Thompson and wife of Colorado visited in the C. M. Thompson home here Sunday.

Mr. and Mrs. W. C. Farrar and daughter, Miss Cleo, visited in Coahoma Sunday.

Mr. and Mrs. W. M. Mahoney visited at Hermleigh Sunday.

Messrs Joe Bennett, Roy Baird, Red Bennett and Wimberley Butler left Monday on a hunting trip to South Texas.

Mr. and Mrs. M. D. McCollum visited in the S. W. Taylor home at Sweetwater Tuesday. They were accompanied home by Misses Clara and Lura Taylor who will spend the week attending the meeting and visiting friends while here.

Mrs. E. E. Garrett and family visited in the A. F. Anderson home at Roscoe Sunday.

Mr. and Mrs. W. C. Hart of Buford were trading here Tuesday.

Mrs. Minnie Decker and daughter, Mrs. Bob Foster, and Miss Annie Decker of Baumann were among Tuesday's shoppers.

The Parent-Teacher club was delightfully entertained at the school auditorium Tuesday afternoon at 4 p. m. with a program rendered by the school children from the different grades. About 30 members were present. Some important business matters were disposed of. Miss Viola Brown's room had the most parents present and received the picture given by the club. The president urged the mothers to attend more regularly as much important work is to be done this year. Next meeting Wednesday, February 4th 4:15 p. m.

Misses Nell Fry, Mollie Pierce, Messrs Drew Givens and Herman Finley accompanied Miss Lelio Givens to San Angelo Sunday. Miss Givens, demonstration agent representing Magnolia Coffee Co. of Huston, is returning to her work after a few weeks vacation spent here with her mother.

Mr. J. D. Yarbrough and mother visited in Abilene Sunday.

The O. E. S. met in regular session with an interested membership present Friday night. Regular meetings 2nd Friday nights and 4th Friday afternoons in each month.

Rev. and Mrs. Albert Ruff visited in Sagerton from Saturday till Monday. The pastor filled his regular appointment there Sunday.

In the college favorite's contest held at Abilene Christian College, Miss Irene Brown, daughter of Mr. and Mrs. S. E. Brown, was voted college beauty by the student body.

**For Sale or Trade.**  
1923 Model Dodge touring car in excellent mechanical condition. Would trade for good teams, feed farming tools. If you need a good car see me at once.—H. Cranfill, at Brick Garage, Loraine, Texas.

Mrs. Wilkerson of Roscoe has purchased the Jordin-Bennett residence located in West part of town, and expects to occupy same by the first of February.

Mr. and Mrs. Frank Barrett of Lamesa are visiting Mrs. Barrett's sister, Mrs. D. C. Moore and family. Mr. Barrett is seeking location and will probably locate here.

Mr. H. L. Harrell who recently sold 106 acres farm land to L. T. Britton, has purchased the C. F. Young farm consisting of 116 acres. Mr. Young and family are moving to Lubbock within the next few days and Mr. Earl Britton and family will move to the former H. L. Harrell place Monday.

Mr. and Mrs. J. L. Dunlop are leaving this week for their home at Ft. Sumner, New Mexico. Their son, Bradley, arrived from Ft. Sumner, Saturday to assist them in the move.

### Methodist Notes

There was 171 present at S. S. last Sunday and a good attendance at both morning and evening services. At the morning hour the services were opened with two songs "Let the Gates Swing Outward Never," and "Let the Lower Lights be Burning," the history of each was told by James Thweatt and Harold Bennett. Rev. Hanks preached a good sermon.

"To Strive for Perfection." We all know the first of January is set aside in our land as a day of good resolutions. Most of us spend that day in trying to think how we may become a little better, a little more useful, a little more ornamental to our country and to our families and friends than we ever have been before. But in the enumeration the component part is lacking. It all harks back to our Creator, so before anything else we should begin our enumeration to resolve this, "That this year we shall try as we have never tried before to fit our feet to the foot prints of Jesus Christ to walk as nearly as our day and location will permit in the path that he followed. At the closing of the services five additions were added to the church. An offering was given to the Methodist orphans home. Our pastor preached another good sermon at the evening hour, "The Every Member Church," being his subject.

Special music was furnished by orchestra at both services.

Everyone is cordially invited to worship with us at the friendly little church on the highway.—Reporter.

### Baptist Revival

A revival conducted by the evangelist, Rev. John G. Winsett is in progress. The singing is fine even tho it is being directed by local talent. This is the third revival during which Rev. Winsett has been with this church and we can but say that his sermons grow better if possible. Sunday evening as he preached on "The Baptism of the Holy Ghost and with Fire," we felt in our hearts that truly his soul had been fired with that fire which cometh from God. Monday evening his subject was "A Refuge of Lies." His illustrations were so vivid that even a child could see the danger of clinging to a refuge that would not be safe in death as well as in life.

Subjects to be discussed:  
Friday night, "God's Blockade of the road to hell."  
Saturday night, "Who Then can Be saved?"

Sunday morning, "Ichabod" or "Glory Departing."

Sunday night, "Will the church be restored to Pristine power, Does God promise a revival before the rapture of the Church?"

This will be a subject that has not been discussed in Loraine. It has to do with the future of the churches from standpoint of prophecy.

Monday night, "The slavery of the feminine liberty of our age," Hear this fearless preacher as he takes off his gloves on this astounding subject.

Tuesday night, "The Horrors of Hell."

Wednesday night, "Mrs. O'Leary's Cow." Hear this you will be suprised delighted and convinced.

Mr. and Mrs. W. H. Hooker south of town and H. H. Hooker and wife were Loraine visitors and shoppers Tuesday.

#### PUBLIC LIBRARY.

The County Library committee will meet Saturday at three o'clock in the Chamber of Commerce. Every member from every club is urged to be present that we may do some definite things this the first month of the new year. We are answering a few questions below:

1. What a library does for a town: Completes its educational equipment carrying on and giving permanent value to the work of the schools.

2. Gives the children of all classes a chance to know and love the best

literature. Without the library the chance is limited to a very few.

3. Minimizes the sale and reading of vicious literature in the community, thus promoting mental and moral health.

4. Effects a saving in money to every reader in the county. The library is the application of common sense to the problem of supply and demand. Through it every reader in the county can secure many times the material for reading or study he could have individually at the same cost.—The Chairman.

In six years Colorado lots have increased over 221 per cent. See record sales. Get busy or it's your expense. Grubbs Brokerage Co.

Haste doesn't make half as much waste as waste makes haste.

## One May Be Utterly Ignorant

Of the methods and the merits of a profession, and at the same time be big enough, and be wise enough, to take advantage of its good features. You have everything to lose and nothing to gain by remaining in darkness as to the benefits to be derived from the use of applied skill and a practical rule of knowledge that takes into consideration the producing causes of abnormal physical conditions. It is just, necessary, and essential to health and happiness, to give natural corrective agencies a fair trial, in order to establish the fact in your mind, that; **A PHYSICAL LAW OF CAUSE AND EFFECT IS OPERATIVE IN THE UNIVERSE OF SELFHOOD.**

"By Their Fruits Ye Shall Know Them." If you receive my attention 10 days in succession I will return your money if you are not pleased.

#### Announcement Party.

A party was given by Mrs. Lois Prude Bennett Wednesday afternoon announcing the marriage of Miss Annie Mary Lupton to James Morgan January 28th. The guests were the close friends of Miss Lupton and Mrs. Lupton. The announcement was in the form of a cross word puzzle but was easy solved. Following this two interesting contests were given, one advice to the bride elect and the other accessories for the honeymoon. A shower bouquet of red carnations and hearts was presented the honoree.

Miss Lucile Blume, cousin of Mrs. Bennett favored with a reading. Brick ice cream with whipped cream and nuts and cake were served.

If you have any equipment in good condition, such as pipe, cast iron or steel, pumps, iron or steel tanks, engines etc. for sale tell Grubbs Brokerage Co.

#### CLASSIFIED ADS

Want Ads Bring Results—One Cent a Word, each issue—50c minimum price. No Classified Ads Charged. It's Cash.

# JONES DRY GOODS COMPANY

### THRIFTY SHOPPERS EAGERLY RESPOND TO LOW PRICES

Much interest is manifested in the big selling event of the C. M. Adams and H. L. Hutchinson & Co. stores. The continued progress of these sales is marked by the extensive selling that is being done at these two big sales.

Favorable comment is heard on all sides regarding the low prices at which goods are being sold by these two firms.

"That Man Mayfield" said today that he accounts much of the buying that is being done in the dry goods line to the fact that the people realize that there is considerable more cold weather before them this season and with the opportunity to supply needs for this condition at really and truly reduced prices, is not being overlooked by anyone. Also "That Man Mayfield," said that in buying furniture and such goods that the people had begun to figure in this manner, that for instance they would buy a \$35 article for \$25 that would last easily for ten years, that shows the article only cost them \$2.50 a year for its usage for ten years, and when that is figured on that basis it shows real economy in purchasing quality goods, the life of which is longer by far than goods of inferior grade, then when prices are cut down lower on high grade goods than low grade goods can be bought, it is no puzzle why the shoppers are responding to this sale.

Colorado can really be complimented upon being the town to harbor such a campaign of low prices for in the end, when you figure the amount of money that the people have saved on purchases of \$35,000 it will mean rather a nice sum saved, that in turn will be spent and put into action later among the other firms of the town who have needed supplies to

sell. In fact when a dollar is saved in Colorado, on things bought in Colorado, it helps the entire town by allowing a greater turn over for the dollars that rightly belong to this community.

"That Man Mayfield" is the type of business man who believes in keeping the home town's money at home and he pursues this policy by having his entire advertising layout for both of these sales prepared and printed by Colorado institutions that do this work.

He says when you spend a dollar in the town where it belongs, you are giving double action for the entire amount of cash clearings that expended within a year. There is a real moral, "Trade at home and when the dollar makes its round back to you, it is worth more than just the 100 cents that it represents."

### BAPTIST MEETING.

Baptists of Mitchell-Scurry Association, will assemble in Colorado Monday, January 19th, for a budget conference, which will be conducted by the Rev. Alvin Swindell, pastor of the First Baptist church of Ballinger. Mr. Swindell is representing the State Baptist headquarters in the series of 115 budgeting conferences which are being held in all parts of the State, the last two weeks in January.

The purpose of these conferences is to demonstrate the efficiency of the budgeting plan of church finance to all the Baptist pastors and leaders in the State. Assisting Mr. Swindell will be Rev. M. C. Bishop, pastor of the Colorado Baptist church, and the Rev. Geo. E. Alexander, missionary of the Mitchell-Scurry Association.

If you want to buy a lot in Colorado on easy terms see us—Grubbs Brokerage Co. Phone 27.

### COLORADO CAN HAVE GAS IF THEY WANT IT.

The head of the engineering department of one of the largest gas manufacturing corporations of New York spent several days this week with Mr. Wren of the Grubbs Brokerage Co. looking over the gas situation in general.

He stated that gas in Colorado would make living much easier for not only a dishwashing standpoint, but also heating and lighting as well, at about one-half the cost of fuel now.

When asked as to how far advanced the situation was, Mr. Grubbs stated the matter had not advanced far enough to make any statement except to say if the people of Colorado want gas they can get it.

### FARM BUREAU MEETING WILL BE THE BEST EVER HELD

W. W. Porter, secretary of the Mitchell County Farm Bureau, stated Monday that the forthcoming convention of Texas Farm Bureau Federation to be held in Dallas February 3 and 4 promises to be the best and most widely attended convention ever held by the Bureau.

In discussing the coming meeting Porter said:

"Plans are being completed for one of the most important farmers conventions ever held in the state of Texas, in working out the details for the fifth annual convention of the Texas Farm Bureau Federation to be held in Dallas February 3 and 4. The convention this year will be held as it was last year, in the headquarters of the Texas Farm Bureau Cotton Association. Indications are that more than 500 delegates and visitors will be present. Last year some 400 were present during the two-day convention."

"According to W. D. Farris, president of the Federation, a strong pro-

gram is being arranged, national speakers of prominence and authority will be present and their counsel and advice will be of particular interest and importance to the farmers of Texas. Reports of the many co-operative commodity marketing associa-

tions for the past year's activities will be heard, reports of the various county Farm Bureau units, plans discussed and outline adopted for activities during the coming year, as well as the annual election of officers and directors."

Tanks, Tanks—Scott's Tin Shop. Phone 409.

Alabama farmer went to jail for bringing home the bacon. Got into a market and stole a whole side of it.

Mitchell-Scurry Association. A full program is provided and a large delegation from the churches over the denomination for this and next month. Whenever we can get our people to realize the importance of finance in church matters we are doing pretty well towards doing a fine work for the Master.

The pastor will fill his pulpit at both hours next Sunday if not providentially hindered. We cordially invite the folks to attend. The matter of sickness has interfered with the work some of late but we hope to have a good attendance Sunday. We trust it will be the good pleasure of the folks to be at Sunday school at 9:45 Sunday morning. The Young People are doing well in their work at 6:00 o'clock Sunday evening. If you are not attending these services this is an invitation to do so. M. C. BISHOP, Pastor.

Mr. and Mrs. Sam Majors and family, Mrs. R. W. Mitchell left this morning in car to visit Mr. and Mrs. John Daniels at Sierra Blanco. Sam will return on the train Sunday.

Mrs. J. W. Smith is on the sick list this week.

H. G. Simpson, eldest son of Mr. and Mrs. C. W. Simpson of Colorado is here with his bride. Mr. Simpson is a civil engineer at Leavenworth, Kans. Out of ten children in the Simpson family, he is the first one to enter matrimony.

Born Tuesday morning to Mr. and Mrs. Haron Dorn a fine boy.

1ST PRESBYTERIAN CHURCH DOING EXCELLENT WORK (Continued from page 1)

not a truer friend to the boy in Colorado than he. The First Presbyterian church has determined definitely to erect a new manse as the home of the pastor and family. The new building will be erected on the east end of the new church site, corner Chestnut and Fifth streets.

It is rumored that the Presbyterians, along with one or two other congregations, are to build substantial churches during this year, but this report could not be confirmed. The congregation purchased a desirable building site on Chestnut street several months ago and plans for the proposed new building were submitted by an architect.

Women of this church are most active in supporting the two Circles fostered. Regular study of foreign mission work and needs together with study courses on the Bible are observed.

The Christian Endeavor, young people's organization, is another of the live and going auxiliaries of the First Presbyterian church. These young people demonstrate a keen interest in their devotional services each Sunday evening. The Endeavor meets at the church Sunday evening thirty minutes before preaching service.

At Horn's Chapel, a few miles northwest of Colorado, is one of the most progressive rural Sunday schools of the county. This school was organized a few years ago by Jerold Riordan and he has since acted as superintendent. Mrs. Riordan and the Misses Riordan teach classes in this school.

Enrolled in the Sunday schools at Colorado and Horn's Chapel are ten pupils wearing the gold bar, designating a year of perfect attendance. There are others wearing bars designating 2, 3 and 4 years perfect attendance.

Rev. Mr. Elliott is among the leaders in all civic, religious, educational and other worthwhile programs in Colorado. He is an enthusiastic member of both the Chamber of Commerce and Lions Club. He came here in 1922 from Clovis, New Mexico, and is doing a creditable work as pastor of the First Presbyterian church. Both the church and Sunday school are growing. Two new members were added to the church membership Sunday morning.

**Thousands Have Used This RED BLOOD FOOD**

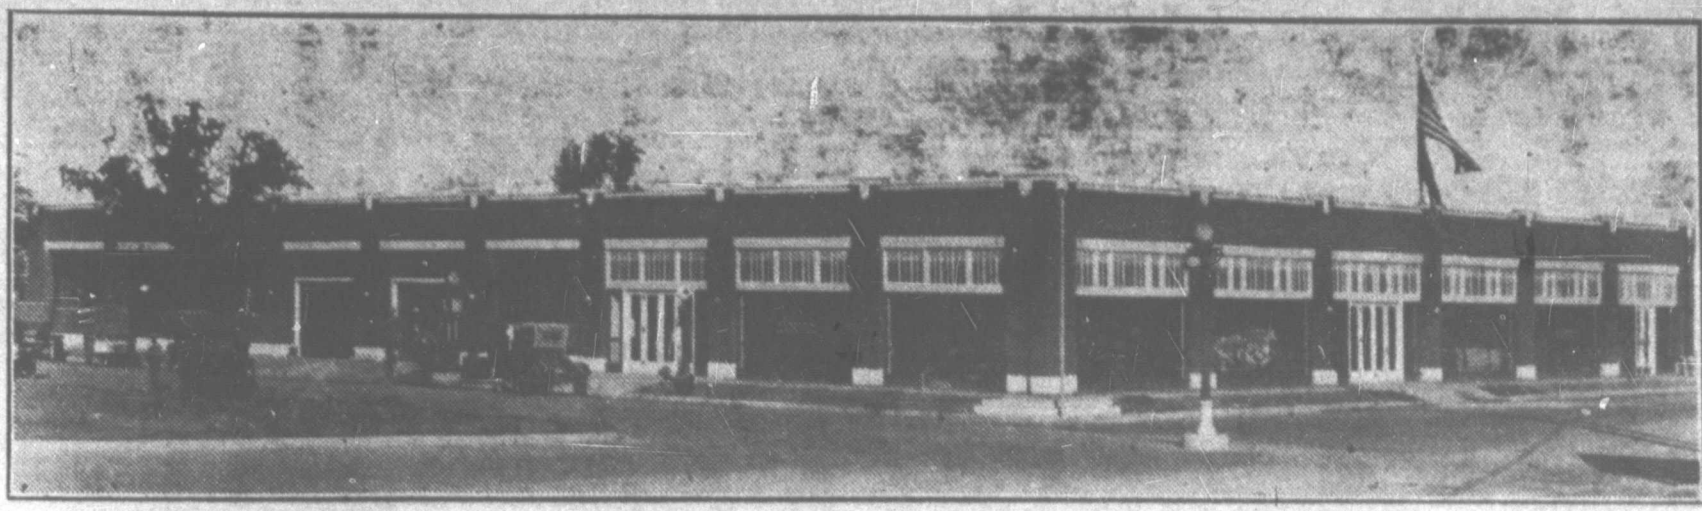

If you are weak, sickly, nervous and run-down, what you need is not merely stimulating medicines and drugs, but something that will put more iron into your blood to make it rich and red, so that it can carry strength and health to every nerve and muscle of your body. Thousands of men and women have banished every trace of that weak, tired-out feeling and increased their strength, energy and endurance often in just two weeks' time by simply taking organic iron—Nuxated Iron.

For Red Blood, Strength and Endurance

**DR. SPLAWN, HEAD TEXAS UNIVERSITY, WRITES ITEM**

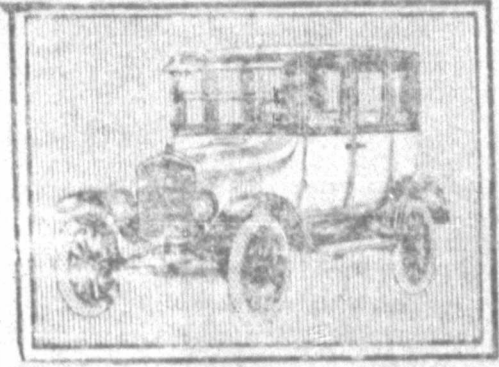

(BY W. M. W. SPLAWN)  
During the fourteen years that Dr. H. Y. Benedict has been dean of the college of arts and sciences of the University of Texas, the enrollment of students has shown a great increase and there has been a corresponding expansion of the courses of study. Dean Benedict keeps in close touch with the work of the various departments that come under his direct jurisdiction. He has this to say:

"Certain departments are worthy of special mention, their large registration and consequent large staffs, together with local circumstances, having given them special advantage. In history for example beginning with the lamented Garrison and Bugbee and continued by Barker, Bolton, Ramsdell, Hackett and Webb, there has been a brilliant record for Texas and the Southwest generally. A journal of national standard has been published for a quarter of a century and, partly owing to the generosity of the late Major George W. Littlefield, the finest historical library in the South has been built up. E. W. Winkler, the University librarian, is probably better versed in the details of Texas history than any one. E. T. Miller, in economics, has specialized in the financial history of Texas. Moreover, in history, as in economics and government, the non-Texas portions of these fields have been for many years in the charge of scholars as competent as their colleagues specializing in Texas matters. The department of chemistry has turned out an astonishing number of high grade students who are succeeding in Texas and elsewhere and the teaching staffs in mathematics and zoology at the present time are particularly strong. It is necessary to say at the present time, because other institutions are likely at any moment to take away good men. One man has had four, and several others two, offers from other institutions within the past year.

**The Biggest Value in a Winter Car for the Family**

The Fordor Sedan provides room for the whole family. Yet it is a light, easily handled car—the kind you want for the months of changeable weather and difficult driving conditions. In low purchase price and low upkeep cost, in ease of driving and parking, in universay service and in minimum service charges, the Ford car is the unquestioned standard of dependable transportation at lower cost.

**Hurd's Bakery**

"Other departments have excellent men, of course, but not in such numbers. In spite of a relatively heavy teaching load, a large number of articles, involving much study, is published each year by the faculty of the college of arts and sciences.

"More than 500 people have in the last forty years been members of this faculty, beginning with Waggoner, Mallet, Humphreys, Brown, Tallichet and Dabney the original six academic professors. Of these, Humphreys, a great Greek scholar, now emeritus at the University of Virginia, alone is alive. Dickson, professor of mathematics at Chicago, and Pierce of physics, at Harvard, are members of the National Academy of Sciences, along with Wheeler, first professor of zoology, who is now also at Harvard, one of the greatest entomologists in the world. Dickson is the first American mathematician to be elected to the French Academy of Sciences, getting forty-one votes out of a possible forty-five, four votes scattered among the non-French mathematicians of the world. For Pierce a private laboratory costing many thousands of dollars has been erected at Harvard. Thinking over the men who have left the faculty for greater universities, the memory turns to Serrett in Greek who went to Amherst and Cornell; to Alvin Johnson who also went to Cornell, but who is now a chief editor of the New Republic; to Acree, who is at Wisconsin working on the chemistry

of lumber and wood preservatives; to McCaleb who went out of history into banking and has been important in a system of banks whose deposits are in the tens of millions. At least a hundred men who are, or have been, in the faculty deserve special mention but space forbids. Three of our presidents, two College of Arts and Sciences men, have been taken away by much larger salaries, to be presidents at other institutions. The list must not close, however, without naming some of the honored dead. Helen Marr Kirby, dean of women; George Pierce Garrison, professor of American history; Lester G. Bugbee, who did so much to start our historical collection; Walter LeFevre, most eloquent of philosophers; W. W. Norman, first biological professor and much beloved by all his colleagues; Edwin W. Fay, professor of Latin and an original philologist.

"Nearly four thousand graduates of the college of arts and sciences are to be found variously scattered, about nine-tenths in Texas. Among its present student body of about 3,500 there exist at least fifty social and fifty special organizations. Among these last are five or six dramatic clubs, two or three writers' clubs, fifteen or twenty technical clubs, etc., not mentioning organizations in which engineers, laws, etc., are involved. A dozen or so poets who have actually published volumes of verse that other people have read are to be noted. Similarly, in every corner of intellectual endeavor, with very few exceptions, some student of the 'academic' part of the University has done a little something.

"Because of which to tell about it all would take many pages."

Smashed up automobiles and injured folks, are to be encountered along the highways in our county most every day. Reckless drivers are hastening the day when a person must stand an examination before being permitted to drive a car, and be forced to take out liability insurance.—Big Spring Herald.

Happiness has to be cranked, while trouble has a self-starter, muses J. L. Pidgeon.

**COUGHS**  
Quick Way to Stop Them

Persistent, racking coughing, which by rapidly weakening your entire system lays you open to more dangerous infections, can be checked often with the first dose of that old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey. And there's a reason. Doctors say there is nothing like pine-tar to quickly loosen and remove the phlegm and congestion which are the direct cause of the coughing, while the honey both gives a pleasant taste and helps soothe irritation. It is often astonishing how quickly this combination relieves the stubbornest cough.

**CIRCUMSTANTIAL EVIDENCE.**

Geo. W. Briggs, secretary of the Eastland Chamber of Commerce, fell off the roof at his home the other day while a blizzard was on and landed in a cistern. An icy bath was the only unpleasant result.

Homer D. Wade of Fort Worth, assistant manager of the West Texas Chamber of Commerce, was painfully injured one day last week when he fell down the steps of a Fort Worth office building. He lost several teeth and was badly bruised.

Knowing the deep piety and temperament of George and Homer as we do, The Record hastens to speak out a word in their behalf, for fear that some one might assemble the above facts into a network of circumstantial evidence and wrongly accuse these prominent civic leaders of having been celebrating too freely. The fact of the business is that both George and Homer are strong advocates of the 18th Amendment and have been known to roar with rage when the presence of a bootlegger was announced.

**PROSPERITY AHEAD IN 1925.**

With America having possession of more than one-half of the entire world's gold supply, with the world war problems substantially all readjusted, with labor all employed at useful work at profitable wages, with the products of the farm at last commanding reasonably good prices, with interest on our foreign debts at least being partially paid, with our taxes diminishing, with the cost of Government gradually decreasing from the world war period, with tremendous orders heretofore held in abeyance now being released by retailers and distributors, with pessimism dead, with optimism alive and vibrant, 1925 is going to be the greatest year for business in the history of America.

Elder M. S. Vaughn will preach at Church of Christ Sunday at 11 a. m. and 7:15 p. m. Come and hear him.

Readers are directed to statements of the Colorado banks, which appear in The Record today. The healthy condition of these institutions reflect the good condition of the city and surrounding territory.

His friend didn't know that the suit wasn't new. And so there's another customer made for our cleaning and pressing service.

**CITATION BY PUBLICATION**  
 THE STATE OF TEXAS, County of Mitchell:

To the Sheriff or any Constable of Mitchell County, Texas, Greeting:

You are hereby commanded to summon C. M. Tucker, the heirs of C. M. Tucker and the unknown heirs of C. M. Tucker, and the heirs and legal representatives of the heirs and unknown heirs of C. M. Tucker, and the unknown heirs and legal representatives of the heirs and unknown heirs of C. M. Tucker, by making publication of this citation once in each week for four consecutive weeks previous to return day hereof, in some newspaper published in your county, and in the 32nd Judicial District of Texas, to appear at the next regular term of the 32nd Judicial District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the eleventh Monday after the first Monday in February, 1925, same being the 20th day of April, 1925, then and there to answer a petition filed in said court on the 22nd day of November, A. D. 1924, in a suit numbered on the docket of said court as No. 4614, wherein the City of Colorado, a municipal corporation, is plaintiff, and C. M. Tucker, the heirs of C. M. Tucker, and the unknown heirs of C. M. Tucker, and the heirs and legal representatives of the heirs of C. M. Tucker, and the unknown

heirs of C. M. Tucker, and the unknown heirs and legal representatives of the heirs and unknown heirs of C. M. Tucker, are defendants.

The petition of the plaintiff, alleges the City of Colorado issued to the West Texas Construction Company, a corporation, a certificate of special assessment dated February 28th, 1924, executed by the City of Colorado to the West Texas Construction Company, and its assigns, for the pro rata part of the cost of improving a portion of Second street, in said City, payable by the true owners of said property, who are the defendants herein; the said property against which the said assessment is levied, being more particularly described as follows, to-wit:

Situated in the City of Colorado, County of Mitchell, State of Texas, being Section 44, Block 26 of the T. & P. Ry. Co. Survey; and being the West 40 feet of Lot No. 6, in Block No. 37, of the City of Colorado, Texas, according to the Map or Plat recorded in Volume "C" Page 250 of Mitchell County Deed Records.

The said certificate further certifies that by virtue of an ordinance of the City Council of the City of Colorado, passed on the 4th day of August, 1923, there was levied an assessment and tax in the sum of Four Hundred Seventy-Two and 35-100 Dollars (\$472.35), against said property and against the said owners, payable in six equal installments after February 28th, 1924, as follows:

One due in thirty days after said date, and one due in one, two, three, four and five years, respectively, after said date, with interest from said date at the rate of six per cent per annum, payable annually, and said certificate recites substantially that all proceedings with reference to making such improvements have been regularly had in compliance with the laws and the Charter of said City, and the plaintiff specially alleges and charges that all of said proceedings and all prerequisites to the fixing of the lien and claim of personal liability evidenced thereby required or provided by law have been taken, had done, and performed; that default has been made by the defendants in payment of the first installment, and for such default, the said West Texas Construction Company, the owner and holder of said certificate, has requested the City of Colorado to enforce the same, after having first declared the entire certificate due, both principal and interest, and though often requested the defendants, and each of them, have paid no part of said indebtedness, except the sum of Twenty-Seven and 72-100 Dollars (27.72), to plaintiff's damage in the sum of One Thousand Dollars (\$1,000.00), and attorney's fees in the sum of One Hundred Dollars (\$100.00).

That the defendants, and each of them, have or claim some right, title, or interest in and to the premises, but such claim, right, title or interest, as they, or any of them have, is subject and subordinate to the lien and claim of the plaintiff, created by said proceedings.

WHEREFORE, the plaintiff prays that it have judgment against the said defendants, and each of them, for the amount of said assessment, together with interest thereon, and a reasonable attorney's fee, costs of suit, and that it have judgment establishing and foreclosing as against all defendants its lien upon the premises securing said assessment, and that the said premises upon foreclosure be sold as under execution after issuance of an order of sale.

Herein fail not, but have before said court on the first day of the aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at office in Colorado, Texas, this 26th day of November, A. D. 1924.

W. S. STONEHAM,  
 Clerk District Court, Mitchell County, Texas.

W. S. STONEHAM,  
 Clerk District Court, Mitchell County, Texas.

**ECONOMY OF STATE AFFAIRS IS BEING URGED BY MANY**

AUSTIN, Jan. 15.—Demands for economy in the state government come from many members of the new legislature which met here Tuesday. The request of the board of control that the budget appropriation be passed before special appropriations are considered is echoed by a large number of lawmakers who have given their views to the Austin Press. There is a strong demand for more efficient system in state affairs.

Economy, good roads and regulation of the many problems which the automobile has brought seem to be the subject of most wide spread interest among the legislators.

United we boost, divided we bust.

**OIL NEWS FROM NEIGHBORING COUNTIES LOOKING BETTER**

A good showing of oil has been encountered in a well located three and one-half miles of Durham wells No. 1 and 2 which are small producers. Oil in this new well was encountered at a depth of 1100 feet, or at a depth 300 feet less than the oil sand was found in the Durham wells.

The work of drilling on McDowell well No. 3 of the Gulf Production Company, several miles south of Big Spring, is to go down to a depth of 3780 feet where a fine oil sand was encountered in McDowell No. 4 of the General Oil Company, a short distance from well No. 3, and from well No. 1, producing from the 2580-foot sand.

M. L. Wise of Wichita Falls arrived last Friday to take over the duties of superintendent of operations in the McDowell field for the Gulf Company, succeeding S. G. Forney, transferred to Amarillo.

Drilling operations in the field at Big Lake are being slowly resumed after the lull of the holidays.

Big Lake Oil Company's No. 14 and 15 are still idle, waiting to be drilled in. Just when the wells will be brought in, company officials at Texon could not state definitely, owing to the lack of storage facilities. There is a great lack of storage room and more tanks must be provided before the production of the field can be increased to any material extent. However, it is thought likely that ample storage facilities will have been provided within the next week to enable the bringing in of the two wells now on the sand.

The Big Lake Oil Company has awarded contracts for drilling three new wells, locations for which were made last week. A. D. Wade has been given the contract for well No. 18; the Agnew Drilling Syndicate will have charge of well No. 17, and Andy Rhodes will put in well No. 16.

Another new location was made on Friday by W. H. Henderson, trustee, on section 11, block 9. Work on this well will commence in the not distant future. It is understood the Big Lake Oil Company sponsored the move for this new location.

B. J. O'Reilly, of the O'Reilly, Slack, et al. (University Well) writes from Niagara Falls, N. Y., that he hopes soon to return to Big Lake, and work on the well will be resumed in the very near future.

No definite account of operation of the Mid-Kansas Company, who are drilling some 12 miles northwest of Big Lake, could be obtained. Well No. 2 is down at 2,860 feet and later reports were that they are still drilling on the well, despite reports that the well had been abandoned as a dry hole. This well is 5 miles south of Stiles and eight miles from proven territory. The Agnew Drilling Co. are the drillers. It is also reported that a new location had been made by the Mid-Kansas people, and drilling in will start on the new hole in the near future.

The Humble people are busy on the laying of their pipe line to the Reagan county fields. The company has a large crew of men already working on the line of groups between this city and San Angelo. Several carloads of pipe arrived in Big Lake the middle of the week and men are at work unloading same. The laying of the line has brought additional men to Big Lake and many more will follow soon, the exact number of men who will work out of Big Lake, being indefinite at the present time. Good headway is being made on the laying of the line. A company official reported that it will require some four months or better to complete the line. Digging machines have been located and are already digging for the laying of the pipes.

Texon No. 3, Group 1, is on top of pay at 2,175 feet, it was reported this morning week.—Big Lake News.

**HOWARD COUNTY HAS GINNED MORE THAN 22,000 BALES**

Cotton has continued to roll in at the rate of more than one hundred bales per day since our last report of 16,525 up to noon Tuesday, Dec. 30th. Up to Thursday noon, January 8th, there had been received at the local cotton yard 17,383 bales. Since our last report 807 bales were received.

With Coahoma above the 5,000 mark the total for Howard county exceeds 22,000 bales.

There is quite a lot of cotton that is yet to come, one firm here has over 300 bales that has not been moved from the gin and there are a few other big holdings yet to add to the total.—Big Spring Herald.

**GOODE AND ROSS MUST SERVE THEIR TERMS**

AUSTIN, Jan. 10.—Milt Goode and Tom Ross, now in jail in Dallas county, must serve sentences of 25 and 20 years respectively for the murder of H. J. Roberson, a cattle inspector who was killed April 1, 1923, at Seminole, it was ruled today by the Court of Criminal Appeals.

Both cases had been affirmed by the appeals court and as a last measure attorneys for the convicted men filed motions for rehearing, which the court overruled.

These cases were first transferred from Gaines County, the scene of the killing, to Lubbock county, and on a second change of venue to Taylor county, where the two men were convicted. The shooting was said to be an outgrowth of West Texas cattlemen's war against smugglers and cattle thieves.

The Lamesa Reporter reports the installation of a model Six Babcock Optimum press which will print four pages of a seven column paper at a speed of 2500 per hour. The Reporter is growing with the good town of Lamesa, and with this additional equipment, will have a well equipped shop, which should be plenty able to take care of the business of Lamesa and Dawson county advertisers and job printing customers.

It's a wonder they don't change the name of Reno, Nev., to Liberty.

Giving a woman driver plenty of roadway is both polite and prudent.

**FAMOUS FORTS IN U. S. HISTORY**

By ELMO SCOTT WATSON

**The Fort That Was Built by Indian Slaves**

Among the interesting sights in St. Augustine, Fla. (the oldest town in the United States) is a tablet over the entrance to Fort Marion, bearing the coat of arms of Spain and the following legend: "Don Ferdinand the Sixth, King of Spain and the Field Marshal, Don Alonzo Fernando Heredia, Being Governor and Captain General of This Place, St. Augustine, of Florida, and its Province, This Fort Was Finished in the Year 1763. The Works Were Directed by Don Pedro De Brasos Y Garay."

But this ancient inscription does not tell the full story of the forts in St. Augustine. From the day in 1565 when Pedro Menendez erected there the first rude fortification to hold Florida against the French, there have been a series of fortresses here. And they have been connected with some stirring scenes in Florida colonial history—with the massacre of Jean Ribault's Huguenots by Menendez, with De Gorges' terrible revenge and with other incidents which gave this "land of flowers" a baptism of blood.

The first fort erected on the present site of Fort Marion was an octagonal wooden structure named San Juan de Pinos, built as early as 1586. It was this fort which Sir Francis Drake, the famous British navigator, captured without resistance during a flying raid on the "Spanish Main" in that year. A little later a more pretentious structure of stone was begun and it was named Fort St. Mark. In 1688 the Spaniards were at war with the Appalachian Indians, who lived near the Suwanee river, and, having defeated them, forced their captives to work on the fortifications for more than 60 years. When Gen. James Oglethorpe, the founder of Georgia, laid siege to St. Augustine in 1740, Monteano, the Spanish commandant, had a large force of convicts from Mexico at work on the fort and by this time it was so strong that Oglethorpe failed.

At the close of the French and Indian war Spain, France's ally, was forced to cede Florida to the British. In 1763 it was given back to Spain, who held it until 1819, when the United States purchased it for \$5,000,000. On July 10, 1821, the Spanish flag, which had floated over St. Augustine for more than two centuries and a half, was lowered and the Stars and Stripes went up over Fort St. Mark. Some time later it was renamed Fort Marion in honor of Francis Marion, the "Swamp Fox."

**STUDEBAKER CUTS PRICE**

H. H. Winn, local distributor of Studebaker automobiles, announces new price reductions in the prices of closed cars just announced by the Studebaker Corporation, have made the motor car industry as a whole that has occurred during the Silver Anniversary Automobile Show at New York, by Feason of the best on cars in all price ranges. Important cuts in price were made on the Big Six Sedan and the new largest of Studebaker produced the two cars which have been visited by notables visiting the show. It has been responsible for wide interest in price announced by several of the so called \$4,000 and up class.

An optimist is a man who expects to see a mean pair of socks without a hole.

**NEW LAMP BURNS 94% AIR**

Boats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even brighter than gas or electricity, has been developed by the U. S. Government and leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil). The inventor, T. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days FREE trial—even to give one FREE to the first user in each locality who will help him introduce it. Write him today for all particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. 1-16p

**FOR OVER 200 YEARS**

haarlem oil has been a world-wide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Buy on the original genuine GOLD MEDAL.

The Lamesa Reporter states that 51,180 bales had been ginned in Dawson county up to January 9th, from the 1924 crop, and predicts that the total yield from the crop of 1924 will reach 60,000 bales by the time farmers have completely finished harvesting.

### IN SOCIETY AND AT THE CLUBS

**County Federation.**  
The Mitchell County Federation of women's clubs met at the Baptist Sunday school rooms with the president, Mrs. J. H. Johnson, presiding. There was a good representation from nine clubs and all reported work in their various departments. Mrs. Thompson reported plans were being completed for the contest for the Peace pin. It will be for the seventh grades and will be county wide. The regulations will be those of the Intercollegiate rules for essay writing. The fall plans will be given in the Record soon.

Mrs. T. J. Ratliff, county chairman of prison reform reported 83 Christmas boxes sent by the federated clubs over the county to the prison farms. She expressed appreciation for the generous response. The president reported a little more than fifty dollars realized on State tubercular Christmas seals. Miss Sealy, county home demonstrator, made a very interesting talk on her work. She said the work in the county had been working with the women's and girls clubs, doing the things that help to make happier and more prosperous homes. Three women's clubs and thirteen girls clubs were under her supervision last year. A few of the outstanding features were: Girls clothing and poultry contests, six girls won trips to the A. & M. short course and four girls to the State fair. One club house had been built and paid for and partly equipped. In the State better kitchen contest one woman in county won second prize. One article among the many products that are being conserved over the county that is fast winning recognition is the canned chicken. It is not only being used locally but calls for it are coming from other places. Miss Sealy will have two more women's clubs and is reorganizing some of the girls clubs so that there will be more efficient work done. Verily the county has an asset in Miss Sealy and prosperous will be the communities that co-operate with her. Mrs. Broadus displayed the silver loving cup won by the sixth district by having accomplished more work in rural communities. Mrs. Broadus was unanimously endorsed by the county federation and the federated clubs of the town for the next president of the sixth district. For the past two years she has had charge of club extension in the sixth district and fully understands club work in all its phases. The annual election of officers will be held next month.

### Home Makers Club

The Home Makers Club met Jan. 5th with Mrs. Roscoe Dobbs. Mrs. Bill Dorn led the lesson. The following officers were elected for 1925-26: Mrs. H. Vaught, president; Mrs. Hope Herrington, vice president; Mrs. F. Vaught, recording secretary; Mrs. Lester Mannering, corresponding secretary-treasurer; Mrs. Bill Dorn, reporter. Refreshments were served at the social hour. On Jan. 12 the meeting was held with Mrs. Dewey Tidwell. Mrs. Mannering led the lesson on Music. "Reading and pictures in the home. Mrs. Arlie Taylor and Mrs. M. M. Laws were guests. Refreshments were served at the social hour.

### Auxiliary to Legion

The Auxiliary to the American Legion met at the hut last Saturday. Besides the usual business it was decided to put markers at all graves of world war veterans before memorial day. Also to try to get in touch with all ex-service men over the county at an early date. Quite a number paid dues and it is the plan of the membership committee to extend the campaign at least another month. It was decided to hold the meeting during the remaining winter months in the homes. The February meeting will be with Mrs. Hughes.

### Angle of Death

On Monday morning at 2:20 o'clock death came to our home and called our darling little J. C. home. where all trials and troubles are over. We weep not as those who have no hope. We have a vacant place in our home whom no other can take, for we shall miss him here forever. Sad and lonely are our hearts today. For the one we loved so dearly has forever passed away. Gone but not forgotten. The Golden gates were open wide a gently voice said come and angels from the other side welcomed our darling J. C. home. In loving remembrance of our dear one J. C. Chaney, born February 14, 1923; died December 22, 1924.  
Mrs. Frank Barnett.

### Central Circle

The Central Circle of the M. E. church met with Mrs. Hooker Monday in the basement of the church. Besides the usual business it was decided to give a shower Saturday for

the Misses Lawlis who are students at Southwestern and suffered a loss of all their personal belongings, when the dormitory burned a few days ago. Also a love gift of ten dollars per month will be given a worthy member. Plans were made for the debate next month on Unification. This promises to be both interesting and instructive. The hostess served sandwiches and two kinds of cake. The meeting next month will be with Mrs. Chester Jones.

### Daughters of the King

The Daughters of the King met with Mrs. McCall. The bible lesson led by the president was Isaiah 35th chapter. A good report was given by the social service committee and the plans for the coming year are to be visiting the sick, needy and shut-ins, and the study of prison reform. Good reports were given by individuals of their deeds of kindness during the holidays. The hostess served pound cake, sandwiches and coffee. Mrs. Eugene Payne of Justiceburg was a guest. The next meeting will be with Mrs. Marvin Dorn.

### Baptist Circles

The Baptist Circles met Monday for the regular Bible study. Circle No. 1 met with Mrs. Jones, eight present. Circle No. 2 met with Mrs. Jim Johnson, eight present, and Circle No. 3 with Mrs. Pearson. Plans were also made for the all-day meeting next Monday at the church when State officers will be here to talk over the budget system for the church. This will be an Associational meeting and a good crowd is expected.

### The Standard Club

The Standard Club met with Mrs. Y. D. McMurry January 9th. Program. Roll call—Current events Paper—Texas Under Six Flags—Mrs. Snyder. Lesson—Texas History, Era of Discoveries and Missions. Leader—Mrs. Smoot.

At the social hour the hostess served a delightful two course luncheon. The club will meet this week with Mrs. Prude.

### The Young People's Missionary Society

The Young People's Missionary Society will meet Monday January 19th, with Mrs. Earnest Pritchett. The following program will be rendered: Devotional—Leader Mrs. A. P. Baker. 26th Chapter of "30 Studies About Jesus." Mission Study Chapter II. Ming Kwong, the city of Morning Light—Mrs. Anna Dobbs.

The U. D. C. will meet with Mrs. Tom Hughes Tuesday January 20th. Commemorating the birthday of Stonewall Jackson the following program will be given:

1. Life of General Stonewall Jackson—Mrs. Root.
2. A bit of History—Mrs. C. C. Thompson.
3. Music selected—Mrs. Earl Powell.

### Hesperian

The Hesperian met with Mrs. Winn at Mrs. F. A. Winn's. Mrs. Merritt led the lesson on Macbeth. Special topics were given by Mrs. Johnson and Miss Sealy. Mrs. Jennie Wins, Mrs. aBndy Mrs. Blanks, and Mrs. Payne of Justiceburg, were guests. The hostess served a salad course and coffee. Miss Sealy will be hostess this week at Mrs. H. P. Ragan's.

### The 1921 Study

The 1921 Study club met with Mrs. Root. The roll call was current events. The program was historical Texas cities, Galveston, Mrs. Root; El Paso and Ft. Bliss, Mrs. McCleary; Dallas and Old French Colony, Mrs. C. C. Thompson. Mrs. O'Bannon was a guest. The hostess served banana salad, sandwiches, two kinds of cake and coffee. Mrs. Thompson will be hostess this week.

Senior B. Y. P. U. Program. January 18th, 1925: Subject—Bible teaching about a church. Leader—Beatrice Logan. Introduction by leader. 1. The Bible the guide for Baptists—Lola Merle Johnson. 2. Personal faith a foundation principle—Violet Mosser. 3. New testament teaching and example—Nell Harper Greene. 4. Bible teaching on Baptism—Jessie Cook. 5. Membership a voluntary matter—Tommy Johnson. 6. Two types of church control—Mildred Sanderson. 7. Church control by the Congregation—Ivan London.

### Harmony Club

Mrs. A. B. Blanks entertained the Harmony club Tuesday. There were three tables of 42 and after several enjoyable games the hostess escorted her guests to Gordon's where delicious sandwiches and coffee were served. The meeting next week will be with Mrs. J. H. Guitar.

The first meeting of the Young Mother's Wesley Class for the new year was held in the church Thursday afternoon when Mesdames Frank and R. H. Smith were hostesses. Mrs. Winn had charge of the devotional service using the 23 Psalm, repeated by members in unison and prayer by Mrs. McCleary. The class having been requested by the pastor to make the Sunday school survey that is to be made throughout the Southern Methodist church during January, voted to undertake the work and plans were made for same. Plans were also made for special social service work. A vote of thanks was extended Mrs. Lockhart for her faithful assistance with the Christmas music.

Mrs. Tom Hughes drew the lucky number for the "surprise package" which was furnished this month by Mrs. Cameron. Delicious refreshments were served by the hostess. Next meeting will be with Mrs. V. V. Shrophier February 12th.

If city lots continue to sell at the same rate they have for past two weeks and new homes contracted for at same ratio under Colorado's great growing demand, and the Grubbs Brokerage Co. drive in a little less than 19 weeks every vacant lot including additions will be sold and 143 new homes built. Think it over. The rush is not well commenced or are you one who will wait and see, and then take one from some sewer and later addition, or go without on account high price. Remember the home building boom fever and the Grubbs Brokerage Co. has just struck town and both are needed badly.

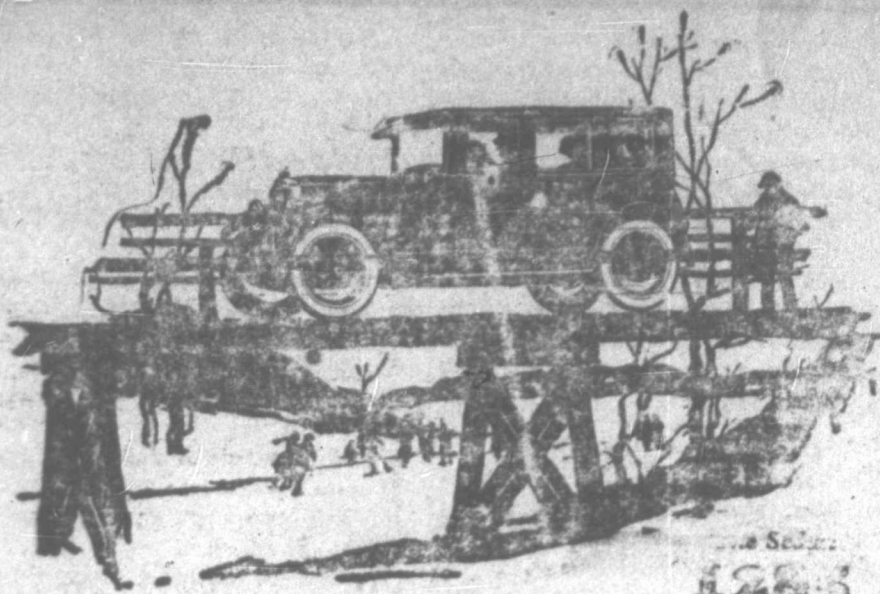

Mr. Renter, if you pay fifteen dollars per month rent for ten years, it costs you two thousand and seven hundred and ninety-three dollars and fifty three cents, and you are still a renter. If you see Grubbs Brokerage Co. and let them help you at the end of a few years you will have your own home paid for with its increased valuation, besides have in bank over one thousand dollars. Consider this, see Grubbs Brokerage Co. Then Act.

**SOUND BONES**  
Let Nature try her best, she cannot very well build a sturdy body or sound bones or normal dentition, unless given the right kind of encouragement in the form of vitamin-activated nourishment.

**Scott's Emulsion**  
has encouraged thousands by nourishing them into strength and vigor. It abounds in vitamins and is the food- tonic that encourages normal growth. Scott's Emulsion helps Nature do her best to help you and your child keep strong and healthful.

Essex Coach delivered in Colorado at \$1050.00.—Price Auto Co.

### Grand Opening of 19c Sale.

The most startling value-giving sale that has been seen in this town for a long while starts Saturday morning at 9 a. m. at Berman's Variety Store. Large shipments of merchandise have been coming in the past few weeks in preparation for the event. Some claim that no concern can afford to make big price concessions at this time on account of the steady advance that is taking place in all kinds of merchandise. Berman's Variety Store claims it can be done providing they can get enough sales to offset their profits when selling at regular prices.

Big preparations have been going on at the store for this big merchandise movement which they announce is bound to shatter all standing records for volume of business because of the many sensational saving appointments. Large circulars are being distributed for and near to attract buyers to this store and save themselves much money.

The sale is announced to run ten days from the opening date, but as the rush for bargains likely to be brisk, wise shoppers will plan to do their shopping early in order to get first pick and to make their selection from unbroken lines. Women with the economy will need no second bidding to supply their home needs for months ahead at the 19c sale at Berman's Variety Store, at Colorado.

### Neglected Cough Dangerous—How to Stop It Quickly

When the delicate tissues of your throat are raw and sore from coughing, and your strength is exhausted with the constant hacking, you may fall an easy prey to more serious trouble. So stop the cough the quickest you can, before it creeps too deep.

By a very simple treatment you can stop the cough practically at once, and relieve the heaviest cough often in 24 hours. The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. It has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. With the ease treated in this way, the whole cough condition goes in a very short time.

The prescription contains no opiates or harmful drugs. It simply helps Nature. It is for coughs, chest colds, hoarseness, bronchitis and spasmodic croup. Very economical, as the dose is only one teaspoonful. For sale at all good druggists. Ask for

The compulsory school attendance law will be rigidly enforced in Mitchell county according to a statement issued by the president of the county board of school trustees last week. Parents and guardians of scholars who allow violation of this law are liable to prosecution.

## Colds, Catarrh, Tonsillitis

Just at this season of the year, when almost every man, woman and child in Texas are having colds, tonsillitis, sore throats and all the allied diseases which makes such epidemics more complicated, are you consulting your family physician as to preventives and remedies? If not, you should.

## Fore Runners of Fatal Diseases

There is an extremely large per cent of Pneumonia, Tuberculosis, etc., which start only with a slight cold and sore throat. If you have a cold see your doctor at once, get something done for it.

## Bring Your Prescriptions To Us

We are equipped and prepared to give you the best service as well as pure standardized drugs and fill your prescription just as the Doctor writes them. No deviations or adulterations, just what you want.

## Monday, Jan. 19

COMMENCING AT 1 P. M. SHARP

## At the A. M. Bell Horse and Mule Yard

COLORADO, TEXAS

Every farmer should know by this time how many head of Horses and Mules he will need for the coming season and if he has not the sufficient amount of Horse and Mule power, our advice to him is to buy now.

Bring in your Mules, Horses, Milk Cows, Farm Machinery, list them early. We have plenty of yards and experienced help in the handling of live stock. We have sold and exchanged over 600 head of livestock at our sales at Colorado this fall and winter, and over 400 head belong to the farmers of this community and surrounding territory.

## A. M. Bell-Jim Oliver
