PLAINS CITIES UNITE FOR RECEPTION LOCAL BAND

Lubbock Chamber of Commerce Making Elaborate Plans for our Coming

From Snyder to Amarillo cities and towns to be included on the Colorado Chamber of Commerce Band program are expressing their elation over visit of the band and delegation. Letters and telegrams, from heads of Chambers of Commerce, newspaper men and other prominent citizens are arriving at the Colorado Chamber of Commerce daily, expressing appreciation of the visit of the band and extending every courtesy of their city to West Texas' Gold Medal Band.

"The Colorado Chamber of Commerce Band is in the eyes of the people of West Texas just now as no other musical organization has ever been before, and everywhere the people are looking to this splendid band as their own official representative. That the civic leaders of West Texas recognize in the Colorado band their ideal and are claiming some part in the official convention band of the West Texas Chamber of Commerce is a well established fact," a statement from the Chamber of Commerce Tuesday morning outlined.

From Lubbock, home of the Texas Technological College and where a big jubilee is being arranged for the evening of Friday, June 18, comes additional communications. A. B. Davis, manager of the Lubbock Chamber of Commerce and Board of City Development, is perhaps one of the most optimistic men along the route to Amarillo to give expression concerning the Colorado Band.

In a letter received from Mr. Davis Tuesday morning he renewed the expression of his organization and the city of Lubbock in extending the visitors every courtesy while visiting there. Lubbock will go the limit in according the visitors a genuine western reception, he wrote.

"Nothing could afford us a greater delight than the knowledge that your wonderful band is to be the guest of this city on the date named," Davis said in his letter, "I have been in conference with Mr. Chitwood of the Tech College again, as to the part we are to have in the program and you may rest assured that this organization, the city of Lubbock and the college will try to demonstrate to every member of your party the sincere appreciation we bear for your presence here. We are anxious to know just what your plans may be. We want to know when you expect to arrive and whether you will spend the night here, in that we give you the proper reception upon arrival and entertain you from the time you enter Lubbock until you continue your journey to the convention. Lubbock appreciates your good will and friendship, as expressed in a letter recently received from you."

From Slaton, thriving city 17 miles southeast from Lubbock, comes another message of sincere welcome. Slaton declares that her citizens have not forgotten the Colorado band, which visited that city some two years ago, and will be delighted to have Colorado and its band stop there en route to Amarillo.

From Plainview and Canyon similar messages have been received. Even some of the thriving Plains cities not included on the band program have extended invitation for the Colorado delegation to include them on their Amarillo itinerary. The Floydada Chamber of Commerce has extended a most cordial invitation for the band to visit that city, either on the trip to the convention or on the return home.

"Colorado has the opportunity it has never before had, and none other than ourselves are to lose if we do not make good in this instance," the Chamber of Commerce announced Tuesday in an appeal to the local citizenship to send a strong delegation with the band. "Colorado, through its band, is before the people of West Texas. It is up to us to put a big deal across. Make your plans to go."

COLORADO HAS BETTER BAND TODAY THAN WAS EVER KNOWN, IS CLAIM

The Colorado Chamber of Commerce band is the best band ever known in Colorado since the good old days of the "Stockmen's Band, holder of State championship title twenty-five years ago, according to A. C. Hewett, director of the present musical organization. Hewett stated Tuesday that he had never been associated with a better band, anywhere, and had the information from members of the band that this was the best ever claimed by this city.

"We are all elated over the prospects of doing credit to this city at Amarillo during the convention," Hewett continued. "I have never seen a group of men so determined to do their very best in an undertaking. The people of Colorado may rest assured that their band will fill the place as official convention band in Amarillo creditably."

"And as to that concert in Lubbock Friday night of next week. Our band boys are equally elated over this opportunity of putting Colorado in the forefront. For us to have such a conspicuous part in celebrating the first year of this great West Texas institution is an honor for the home town of which every one of us is proud."

Hewett is not the only band member to assure Colorado of the best at the Amarillo convention. J. Lee Jones and several other members of the band are expressing themselves with equal confidence. Mr. Jones stated Monday morning that the band was in better condition and confirmed the promise that "Colorado will be proud of the showing to be made by these men at the convention."

"Colorado has always owned a good band," Jones declared. "We were able to win first prize in the contest at Mineral Wells a year ago, signifying that Colorado possessed the best band in West Texas, but we are going to Amarillo with a much better band than we sent to Mineral Wells."

Chautauqua to Be Returned to Colorado Next Season

Contract returning the Redpath-Horner Chautauqua to Colorado in 1927 has been signed by about sixty local citizens, it was announced Wednesday, following two or three weeks effort by the local committee and C. H. White, chautauqua superintendent. The first plan, that of obtaining purchase contracts on the number of season tickets required to guarantee return of the chautauqua failed and the usual method was adopted.

The chautauqua closed here Tuesday night. The drama "Smilin' Through", given Monday evening, was among the best numbers for the week. The chautauqua was managed by C. H. White, superintendent; Miss Jaunita Counsell, director of young people's work and Rev. J. E. Chase, president of the local committee.

250 Property Owners Cited By Board of Equalization

That several property owners in Colorado are slated for a boost in their renditions for 1926 is indicated in action of the city board of equalization when some 250 of these citizens were cited to appear before the board Monday, June 21 "to show cause why their valuations should be raised." Property valuations in the city will show a material increase over last year, City Manager L. A. Costin has announced.

The equalization board met for its first session Monday at the city hall and after an audit of renditions filed with the city assessor of taxes adjourned to June 21. The board is composed of A. B. Blanks, J. A. Sadler and J. B. Pritchett.

Mrs. Merritt and Miss Exa King left Tuesday morning to attend a league conference at McMurry College. Mrs. Merritt will teach a class in social service.

AMARILLO TRIP WILL COST \$2,500, COMMITTEE SAYS

Teams Named to Raise Fund To Equip Band and Pay Convention Expense.

Two thousand five hundred dollars will be required to meet all expenses of sending the band to Amarillo for the convention. This is the estimate announced Tuesday afternoon by the general convention chairman, following a conference with officials of the band, Lions club and chamber of commerce. The sum of \$1,150 will be represented in new uniform equipment needed for the band and which was purchased several days ago. Traveling and other expenses of the band during the seven days they are to be absent from Colorado was placed at more than \$1,000 and incidental items which will of necessity have to be met will place the total well above \$2,000.

At a meeting of the three committees Tuesday afternoon, J. H. Greene, general chairman, was directed to organize teams and start campaign to raise the money needed. The following Colorado citizens were named on that committee: W. S. Cooper, J. Ralph Lee, L. B. Collier, A. B. Blanks, J. A. Sadler, C. M. Adams, A. J. Herrington, J. Riordan, J. F. Morris, J. H. Greene, and O. B. Price, making twelve in all.

Plans are for these teams to begin their work Friday afternoon, immediately following adjournment of the Lions club.

This is the first time the public of this city has ever been called upon to finance such an expedition, but this is the first time that Colorado has ever claimed the official convention band and held such an opportunity for placing this city before the eyes of West Texas. The investment to be made will resolve into a big dividend producer in the way of attracting civic leaders from throughout the State to Colorado.

A number of citizens have called at the chamber of commerce to volunteer substantial cash subscriptions to this fund. The convention committee and officials of the chamber of commerce are optimistic in the belief the amount desired will be easily subscribed.

The committees representing the three organizations have invited cooperation of other civic clubs of the city in this drive. It is hoped to put the campaign over successfully within one day's time, and this can be accomplished with proper team work.

The soliciting teams will not be required to raise the entire amount designated. The chamber of commerce several days ago appropriated \$500 as a starter to the fund and the ball game Friday afternoon, Colorado Lions Club vs. the chamber of commerce band, is expected to net from \$200 to \$300. This means that the soliciting committees are to raise between \$1,500 and \$2,000.

The general committee directing plans for sending the band to Amarillo is composed of J. H. Greene, C. M. Adams and A. B. Blanks from the chamber of commerce; W. N. Crosthwaite and O. B. Price from the Lions club, and J. L. Pidgeon, Ed Majors, J. Lee Jones and Edd Jones, from the band. The monies to be raised will be expended under supervision of these men.

Visiting Soloist to Give Program at Lions Luncheon

Hugh L. Hiatt, soloist in charge of music at the McConnell-Hiatt revival, will visit the Lions club luncheon Friday and is to entertain the club membership with a musical program. Announcement that the visitor had accepted this invitation was made Thursday morning by Rev. M. C. Bishop.

Dr. McConnell, the evangelist, was also invited to be a guest of the club but because of previous engagement could not accept. Dr. McConnell will be entertained in the home of Mr. and Mrs. J. R. Sheppard at a twelve o'clock dinner today.

PATHE NEWS TO SHOOT BAND IN SERIES MOTION PICTURE FILMS AT MEET

Among the scenes to be filmed at the Amarillo convention by the Pathe News Corporation are to be close up views of the Colorado Chamber of Commerce band, official convention band, in action. This corporation, among the largest motion picture producers of the country, has already expressed the wish to obtain motion pictures of this band.

It is expected that the band will appear in a number of convention scenes, including the massed band concert, to be led by this band, Paul James of Memphis, a vice president of the Texas Band Master's Association, will direct this program. It is expected that fifty bands will form for the concert.

Another scene in which the Colorado band will appear will be taken during opening ceremonies at the convention hall Monday morning, June 21. This band will play a concert in the hall and later furnish music for the opening program.

Filming of the Colorado band at Amarillo will mean much to this city, according to claims of the publicity department of the chamber of commerce. The pictures will be shown in leading theatres in a number of States.

OIL FIELD ROAD ROUTE IS INSPECTED BY COMMITTEE

Work Be Started on Road Connecting Otischalk at Early Date.

Committees representing the Colorado and Westbrook Chambers of Commerce spent Friday inspecting proposed right-of-way for the new road to be built connecting Bankhead Highway with Otischalk, new town being built on the Otis Chalk lease near the Owen & Sloan well. The route as selected by the committee will go south one mile from west end of the Conoway lane, at Mitchell-Howard county line and thence in a southwest direction to intersection of Coahoma-Otischalk road near the O'Daniel well.

Cost of construction is estimated at several hundred dollars, and in addition to building the road a distance of four miles a crossing on Dugout Canyon must be provided. It has not been determined whether a concrete dip or bridge will be built across this stream.

Committee representing Colorado is composed of O. B. Price, A. B. Blanks, C. R. Farris, Joe H. Smoot, Roy Dozier, J. W. Watson and W. S. Cooper. Burr Brown and E. C. Danner joined the committee at Westbrook and this party, accompanied by Tom Goss, district highway supervisor, went over the route. Goss, it is understood, will supervise construction of the road.

Construction of this road will mean much to Colorado and Westbrook, members of this committee have declared. It will give oil field employees and operators a direct outlet from the two towns to the Foster and Chalk fields. Since the road to be built lies in Howard county, funds to pay expense of its construction cannot be furnished by commissioners court.

When this road is completed it is planned to open the Hyman road, connecting Highway 101 on the east with the Deeprock and Chalk wells on the west. Completion of this road would give Colorado two connections with the shallow field and would afford better highway connection between this city and operations in North Sterling and Glasscock counties. The projected Hyman route is considered of much importance by officials of the chamber of commerce.

Miss Kate Beckerstaff of Childress was a guest. The hostess served lemonade and cake.

Miss Allie Johnson has returned to Ranger after spending a few days with Lloyd White and family.

LANDING FIELD SHOULD BE PROVIDED, OIL MAN SAYS

Sloan Declares Such Would Easily Be One of City's Biggest Assets

Assured success of government air mail service, coupled with the rapidly increasing number of commercial planes being brought into use throughout the Southwest is sufficient to support claims that Colorado can ill afford to neglect further the importance of providing adequate landing field and hanger facilities, S. A. Sloan, Colorado oil man, declared Wednesday.

So enthused is this citizen over this important asset to the city that

Mr. Sloan will match his money along with his enthusiasm in the determination to finance the project.

"I will double the amount in cash of any other individual subscriber to a fund to bring this field to Colorado," Mr. Sloan declared. Sloan stipulated this offer by stating that he would not be in favor of locating the field disadvantageously, either as to location or topography of the site.

Sloan went even further than his pledge to double any other subscription to this fund. He stated that draftsmen in his office here would make a complete plat of the field and that he, personally, would be glad to assist in laying out the plat. Owing to the fact Mr. Sloan is an experienced flyer, having won recognition of distinguished service in the aviation corps during the world war, his supervision in selecting the site and platting the grounds would be important.

"The only practical Southern route across the continent is along the Texas & Pacific Railway," Sloan stated. Out here in this part of West Texas some body is going to provide adequate air terminal facilities, at which flyers will stop to refuel and spend the night. Colorado is the logical place for that terminal."

The airship is shortly to take an important place in the oil industry, Sloan continued. He stated that already some of the larger companies operating in this field were soon to purchase planes for use of company scouts and officials. Mr. Sloan will purchase a plane for his own use in connection with his ever increasing oil development in West Texas.

The Colorado field should be a good one, but for permanency and provide ample conveniences, Sloan stated. A hangar should be built and telephone service provided.

"When Colorado takes advantage of this wonderful opportunity and provides such a field, I have the assurance that the commanding officer at San Antonio will detail several planes to fly to Colorado and dedicate the field. In addition to this, the fact that we had provided a good field would quite soon become known throughout the country and flyers from coast to coast and from New England to the Gulf would know of this city. It is of such importance that to defer definite action is but to sleep on our own rights."

Required Number Farmers File in C-C Feed Contest

The required fifty entries in the chamber of commerce feed contest have been entered. H. L. Atkins, county farm agent, reported Thursday morning. The contest, announced several weeks ago, was not to have become valid unless at least fifty farmers and farm boys of Mitchell county were entered.

These contestants will compete for a string of cash prizes aggregating \$500 to be distributed this fall by the chamber of commerce. The contest was arranged in connection with campaign in this county to encourage diversification on the farm.

Mrs. R. O. Pearson, son R. O., Jr., and daughter, Miss Laura have returned from Ft. Worth where they were with Mr. Pearson who was there for an operation. They left him improving.

18 AUTOMOBILES ARE PLEDGED FOR TRIP TO AMARILLO MEETING

A total of eighteen automobiles, including an estimate of eight cars to be driven by members of the band, has been pledged for the trip to Amarillo, a report from the chamber of commerce Thursday morning disclosed. Of the number two or three were owned by citizens of the rural communities near Colorado. It was believed Thursday morning that the goal of 25 automobiles, announced a week ago, would be reached easily and indications suggested that not less than thirty cars would form in line for the caravan, scheduled to leave Colorado Friday morning of next week at 8 o'clock.

The first automobile to be pledged for the trip was entered by Rev. J. E. Chase, pastor of the First Christian church, who has from the start manifested considerable enthusiasm in the part this city is to have at the convention. Rev. Mr. Chase will furnish his large touring car and a driver.

Sheriff I. W. Terry is among those to definitely announce his intention to go with the delegation and will be inducted into service as chief law enforcement officer. Terry will be guest of the sheriff of Potter county sheriff while in Amarillo.

Definite schedule for the trip has not been completed, aside from announcement the delegation is to leave Colorado at eight o'clock. Every citizen who will make the trip is requested to be at corner Second and Elm streets a few minutes before that time.

The Colorado delegation will be "decorated" for this trip, J. Riordan, chairman of the publicity division, claims. Riordan has purchased canes, hat bands, pennants, automobile banners and other advertising novelties for the trip.

Youngster is Booster for Home Town, Visitor Finds

A Kansas City citizen arrived in Colorado a few evenings ago and after alighting from his train came north on Walnut street. Meeting a small boy on the street this visitor asked where he might find a good hotel.

"Say, Mister, we are building a dandy hotel over there. She is going to be five stories and the best in this country," the proud lad replied with a beam of enthusiasm shining across his face. So impressed was this lad with development here and so well has the pride of his home town become impressed into his very being that he did not heed request for direction to a hotel, but took advantage of an opportunity to tell a stranger that Colorado was a real good town and one of which the boy was proud.

The visitor was much impressed with this incident. He afterwards made the statement publicly that he had found many such citizens in Colorado—citizens who prided in the home town and had no hesitancy in telling others about the good features of Colorado.

Fisherman Bldg. Purchased by Cook & Son, Hardware

Purchase of the Sam Fisherman building on Oak street by Cook & Son, Colorado hardware and furniture dealers, was announced last week. The building will be occupied by the new owners as home of the Colorado store, among the larger retail concerns in the city.

S. R. Venable, grocer will occupy the building formerly occupied by Cook & Son, across the street. The two stocks are being moved this week.

Mr. Cook stated Wednesday that he would make considerable improvement to the building. New shelving and other store equipment will be added. A double deck arrangement, of sufficient capacity to carry much of the retail hardware and furniture stock, will be built in rear of the building.

BAPTIST REVIVAL GROWS IN INTEREST AND ATTENDANCE

Dr. McConnell Delivering a Series of Strong Gospel Sermons in Revival.

The revival campaign started at Union Tabernacle Sunday morning by Dr. F. M. McConnell of Dallas, evangelist, and Hugh L. Hiatt of Arlington, soloist and musical director, is growing in both interest and attendance daily. Much has already been done by the evangelist to stir Colorado people to a deeper sense of their Christian duties. Overflow crowds are expected to attend many of the services yet to be held, as the dominant spirit of the revival spreads among the people of the community.

The campaign opened Sunday morning at Union Tabernacle with the evangelist delivering the first sermon. Mr. Hiatt did not arrive in Colorado until Monday, having been detained in a revival at Graham. Services are being held twice daily, at 10 a. m. and 8 p. m. A large choir selected by C. S. Thomas, chorister of the First Baptist church, has been assembled for the meeting and the orchestra music is directed by A. C. Hewett, director of the chamber of commerce band.

Dr. McConnell has already won the hearts of the Christian people of this community. From his first sermon Sunday morning, he has delivered a series of gospel sermons of great magnetism in power and gripping with an unusually deep sense of interest. His deep devotion to the cause he is championing is not to be questioned.

The evangelist is producing his arguments in support of Christianity in a plain, matter-of-fact way. He does not step upon the "denominational toes" of anybody, but never falters in his statements in expressing genuine Bible religion. He is of that type of leader in the church who would welcome return of the "old time" heart felt religion and make of his lives of men and women dominant examples of the life of the Master.

Dr. McConnell has no patience with those who would give their endorsement to a religious or moral cause and then fail, in their own lives, to live up to the standards such an endorsement would require. To advocate morality, righteousness and all the other good things of life, only to fail in reflecting these ideals in one's life is to fail utterly, he has said more than once.

Colorado, is fortunate to have this distinguished leader here for the campaign of two weeks. A man of greater sincerity and power has never come to this city to champion the cause of righteousness. He is attracting church workers of all denominations into this campaign, a fact which depicts one of the greatest spiritual revivals Colorado has ever had.

The services are to continue thru next week, closing Sunday evening, June 20. Every feature of the services are full of interest and inspiration. The public is extended a cordial invitation to attend.

Cotton and Feed Crops are Growing Rapidly this Week

Cotton and feed crops are growing unusually well this week, farmers coming into Colorado on business report. Warm weather has dominated through the week and crops are in excellent condition, as a rule.

Farmers are busy in their crops, a fact which is responsible for the smallest Saturday crowd in Colorado for many months. Last Saturday there were few out-of-town citizens on the street, when compared to the usually large number of busy shoppers which jostle thoroughfares in the downtown district.

Mrs. L. B. Killman, sister of E. B. Smith of Colorado, died at Greenville Monday at noon. The body was buried at Greenville Tuesday afternoon. Mrs. Killman was a resident of Fort Worth.

The Triumph of a Principle

Eager thousands giving Hicks Rubber Company the greatest success in its history, and new thousands who are aligning themselves with the Hicks army of buyers are sympathetic of a general disposition to seek and find quality at a price.

This Time Proven Principle

The institution that serves best profits most. We believe the right of any firm to exist is measured by their ability to serve. Our purchasing power is placed at your disposal. WE HAVE SAVED the tire users of Texas from twenty to thirty thousand dollars on their tire purchases the past week. You, also, can share in the saving by purchasing your tires from Texas' Largest Tire House.

Empty Business Building is Found Here, Reporter Claims

Colorado has a vacant building in the business district, a fact which caused considerable consternation to overcome a staff reporter of The Record, who came upon the place this week. The building, the old city hall at corner of Second and Oak streets, is actually without a tenant, a condition seldom found in this city.

The building, vacated a few weeks ago by the city, has been sold to Gary & Jordan. It is not known what the new owners plan doing with the property.

Commissioners Court to set as Board of Equalization

County commissioners court will be convened Monday morning for the regular June term. Following completion of the routine business, Judge Thompson will convene the court into a board of equalization. This task is expected to require several days to complete.

The Daughters of the King will have a food sale at the A. J. Herrington building Saturday. Their friends are invited to come get their Sunday dinner.

Carbon paper at Record office.

Miss Oriana Elliott has arrived from Dallas to spend the summer with her parents here. Miss Elliott taught in the Dallas public schools the past year.

MILK COOLERS—and pans. Scott's Tin Shop. Phone 409.

C. H. Lasky, owner of extensive farming area northeast of Colorado, reports that the outlook for another good crop year is all that one should expect. Cotton and feed crops are in good state of cultivation and since the recent rains are growing off rapidly, Mr. Lasky reports.

U. D. Wulfjen, Mitchell county cattleman and banker, was among those from this county to attend the feeders show at Big Spring Tuesday. The demonstration, given under supervision of the Extension Department of A. & M. College, was held at the Big Spring experiment station.

R. O. Pearson, manager of Burton-Lingo Co., continues to improve and is expected to return home within the next week. Mr. Pearson underwent a major operation at a Fort Worth hospital several days ago.

Mrs. H. P. Reagan and Miss Wilkes have returned from a visit with relatives at Abilene, Dallas and other points.

Miss Mary Dickson Smith spent last Friday in Abilene.

The Daughters of the King will have a food sale at the A. J. Herrington building Saturday. Their friends are invited to come get their Sunday dinner.

Born, on Friday morning, last, to Mr. Mrs. Herman Berman, a fine boy.

Improvements Being Made C. M. Adams 2nd St. Bldg.

The building recently purchased by C. M. Adams from Chemali & Jabor, on Second street, is being remodeled. Among the improvements to be made will be an opening in the partition separating the two store compartments. Chemali & Jabor, who retained a lease on the property, are to open a large dry goods store in the building as soon as the improvements are completed.

Junior Society

The Junior Missionary society of the Christian church met with Mrs. R. W. Mitchell Monday. The subject was Mexico. Mrs. Henry Vaught had a paper on Stewardship, and Mrs. Dewey Tidwell one on Mexican institutions.

Silk Rayon dresses Saturday and Mondays. Special at \$4.45. Mondays. Special at \$4.45. Jones D. G. Co.

Mrs. Gaskin and little daughter, Mary Estella have returned from their visit to relatives in Chicago.

HIGHEST CASH PRICE for chickens and eggs at Colorado Produce Co.

Mr. R. P. Price and little daughter, Francis Elaine, spent a few days in Dallas and McKinney this week.

Tops recovered at Roberts top Shop.

Mrs. Atkinson of San Angelo is visiting her daughter, Mrs. A. L. White.

R. O. Anthony, principal of the schools at Dalhart was a guest here last week of Prof. R. B. Norman.

Mrs. Fred Carey and niece Miss Vera Cook motored to San Angelo Sunday.

A Soda Fountain

Thoroughly equipped with every modern convenience and necessity, one where drinks and eats can be served to satisfy the most fastidious taste.

THERE IS A DIFFERENCE IN DRINKS even if the same flavors and ingredients are used at all fountains. The secret lies in the mixing of these ingredients to obtain proper results; by this secret is how we do it.

CLEANLINESS AND STERILIZATION.

It is not enough to serve clean drinks, even though that is necessary, but Sterilization of every piece of fountain ware solves the last problem of proper sanitation. We have met that problem, and today every glass you drink from is perfectly STERILIZED by Steam Sterilization.

FOR THE PROTECTION OF YOUR HEALTH.

Try it Once is all we ask.

COLORADO DRUG CO.

SOCIETY

Married

A quiet and a pretty home wedding was solemnized last Thursday evening at the home of Mr. and Mrs. N. T. Smith when their youngest daughter, Miss Susan was given in marriage to Mr. I. O. Findley. The ceremony was performed by the bride's pastor, Rev. M. C. Bishop and the prayer said by Rev. T. L. Kimmel of Slaton, a long time friend of the groom. The wedding took place on the porch which was decorated in pink and white roses and ferns. An arch was made of pink roses under which the couple stood during the ceremony. The party entered from the side and marched up on the porch forming a semi-circle.

Before the ceremony, Mr. M. D. Ivey of Spur a brother-in-law of the bride sang "I Love You ruly." Accompanied by Mrs. O. B. Price, who also played the Mendelssohn wedding march. The flower girls were Evelyn Ivey, Marjorie Welch and Alene Welch, little nieces of the bride, and the ring bearer, Master Nathan L. Welch, nephew of the bride. The attendants were Miss Virginia Welch and Mr. Morgan Gist.

The little flower girls were in pink, and white and blue. The ring bearer wore a suit of blue. Miss Welch wore white French organza over yellow satin. The bride looked pretty in white georgette over white satin. She carried on her arm a bouquet of gladioli.

Mr. and Mrs. Finley left Thursday for an auto trip to Cleburn, Austin

and other places and will spend the summer in Abilene.

Business Meeting
 The Baptist women met in business session Monday with the president, Mrs. McComb presiding. Besides the reports and routine business the pledge of \$150 for furnishing a room at the nurses home in the Baptist hospital at Abilene was completed, and there is now a Colorado girl occupying that room. Mrs. McComb resigned as president as she is moving out of town and Mrs. Jack Smith, first president now be president. Mrs. H. P. Slagel was elected to fill the office for second vice-president as Mrs. Charles Farris, who was second vice will serve as first vice-president.

Plans were made to care for the evangelist and singer who are here assisting in a revival meeting.

Reception-Shower

On last Friday morning the women of the Baptist entertained with a reception-shower at the beautiful new home of Mr. and Mrs. J. H. Greene on 7th and Hickory streets honoring Mrs. Elby Strong nee Miss Coral Bishop, daughter of Rev. and Mrs. M. C. Bishop. Over the house were bows and vases of dainty wild flowers. Mrs. J. H. Greene and Mrs. A. D. Bush greeted the guests and Mrs. McComb introduced them to the receiving line, the honoree, Mrs. Bishop, Mrs. Strong and Miss Delma Bishop. Mrs. H. P. Slagel led the guests to the dining room where refreshing punch on a beautifully appointed table was dispensed by Mrs. Ed Jones, Jr., and Miss Beatrice Le-

gan. The bride's book was presided over by Miss Virginia Stoneham. Following this a program was given.

Mrs. O. B. Price favored with a piano selection. Miss Stoneham sang, "I Love You." Miss Logan gave a pianologue "The Beautiful Ballada." After this came two little faires, Ruth Anna Hall and Annie Rebecca Smoot and the queen of faires, Amouria Rogers, bearing a magic bridal bouquet telling Mrs. Strong to follow the ribbons. This led into a room where gifts of all kinds were presented to the bride. There were gifts personal, gifts of art, gifts for service all for the honoree and her new home.

Miss Bishop and Mr. Strong were married in Ft. Worth a short time ago and as they returned from their short honeymoon trip the women of the church showed their love in this way.

County Federation

The Mitchell county federation of Women's Clubs met at the hut Tuesday with the president, Mrs. Ed Jones, presiding. The literary clubs reported they had adjourned for the summer but had the year books ready for next year. The Loraine Parent-Teacher association reported a picnic given. The Colorado Parent-Teacher reported pictures of Confederate officers placed in the school.

Miss Jones, the county home demonstration agent reported a large number of steam pressure cookers and sealers ordered ready to take care of the vegetables in the county. Also a clothing specialist to be here soon, and urged the cooperation of

the clubs in seeing that the greatest number possible get the benefit of this work.

The Pioneer club had a detailed and splendid report of work done in this community. This consisted of gardening, poultry raising, dairying, hewing, canning, preserving and various other things necessary for the progressive rural home.

A committee was appointed to work out a plan to have Mrs. Pennebaker speak here the coming winter.

Bridge Luncheon

Mrs. E. H. Hamlett entertained with a bridge luncheon Tuesday. There were four tables. Mrs. Charlton made high score and was presented a miniature cedar chest. Mrs. Bill Taylor won the consolation prize, a bud vase. Miss Elizabeth Montieith of San Saba was an out of town guest. Miss Young was a guest at the social hour. At the conclusion of the games the hostess served a two course luncheon of fried chicken, peas in potato nests, corn fritters, pineapple salad, hot buttered rolls, ice tea, mint ice cream and angel food cake.

Missionary Society

The missionary society of the Christian church met with Mrs. J. E. Chase Monday. Mrs. Jones conducted the devotional. The program consisted in a detailed report of the State meeting recently held in Dallas by Mrs. Chase and the installation of the officers. Mrs. Ed Jones president, Mrs. Venable, vice-president, Mrs. J. E. Jones secretary and Mrs. C. L. Root, treasurer. Next month will mark the beginning of a new year's work.

Forty-Two Party

A group of near young ladies have organized a club but as yet it has not

MISSION THEATRE

THURSDAY, JUNE 10

"Ranger of The Big Pines"

Kenith Harlan. A he-man story full of interest and action. Also a good comedy.

FRIDAY & SATURDAY, MATINEE

Ridin The Wind

Here's another rip roaring Fred Thompson with Silver King. Silver King does his stuff in this picture dont miss it. Comedy, "Nobody's Business"

SATURDAY NIGHT

"The Blind Devil"

Another good western—with Leo Maloney, and Felix the cat comedy.

MONDAY & TUESDAY

"The Phantom Bullet"

Another Hoot Gibson that you will be crazy about. We havent had Hoot for some time so be sure to come see him now. Comedy, East Side West Side.

WEDNESDAY & THURSDAY

JUNE 16 AND 17

"HANDS UP"

A comedy drama with Raymond Griffith. Its a scream from start to finish. Be sure to see it. Mr. Griffith is one of Paramounts best stars and all his pictures are good. News and Fables.

Be sure to see Hot Gibson in "The Phantom Bullet" no raise in prices.

been named. They met with Alice Blanks for the first meeting with a 42 party. Virginia Stonerod won the most number of games and received the prize. Margaret Mann proved to be the greatest loser of games. Virginia Wilkes of Wichita Falls was an out of town guest. The other guests were, Mary Belle Brennan, Mildred Martin, Corrine Lupton. The hostess served a salad course and tea.

Miss Barbara Way is home for the summer from the State University.

PALACE THEATRE

THURSDAY, JUNE 10

TUMBLEWEED

Just one more day of this big Bill Hart Special, dont fail to see it, its a sure bet, one of the best western specials of the year. Also a god comedy.

FRIDAY & SATURDAY

JUNE 11 AND 12

"The Shamrock Handicap"

Another Peter B. Kyne story, with all star cast. Clara McDowell, Janet Gaynor, J. Farrell McDonald, and Leslie Fenton.

MONDAY AND TUESDAY

JUNE 14 AND 15

"Shore Leave"

With Richard Barthelmess and star cast. This is a First National special, a picture that should please all, better than Class Mates, Good comedy.

WEDNESDAY - THURSDAY

"Dance Madness"

Staring Conrad Nagel and Claire Windsor. You who like lots of jazz and comedy dont miss this one. Its hard now days to tell who are the biggest jazzers, the married ones or the single ones, this picture gives both sides. Also News and Fables.

FRIDAY, SATURDAY

"Wild Justice"

With "Peter The Great" the wonder dog. Here's one of the best dog pictures ever made. Also good comedy. Dont forget Hoot Gibson is at the Mission Monday and Tuesday, 14 and 15 in a big western, no raise in prices.

Palace Theatre

MONDAY AND TUESDAY
 June 14th and 15th

Also another good picture with Peter The Great, the wonder dog in—

"Wild Justice"

Here Friday and Saturday
 June 18th and 19th

Dont miss it—No raise in prices

Sensational New Values Famous Chrysler "70"

New lower prices give you savings of \$50 to \$200 on world-famed Chrysler Six

Two and one-half years ago, the Chrysler "70" revolutionized six-cylinder performance, comfort, style and value.

For two and one-half years, emulation and imitation have failed to keep pace with Chrysler engineering supremacy. Chrysler compactness and roominess, Chrysler dynamic symmetry and Chrysler enduring quality.

The outstanding leader—proved by the world-wide experience of owners beyond comparison in flashing acceleration, speed of 70 miles per hour, roadability, comfort, safety and long life—the Chrysler "70" now gains, at the new low prices, even greater pre-eminence in value as well as in quality.

In no way has the Chrysler "70" been changed—except in price.

In performance, quality, comfort, style, equipment, design, materials and workmanship in both body and chassis, it is the identical car which has won such universal preference and admiration.

Unequaled, unapproached, it is today offered you at savings of \$50 to \$200—establishing it even more emphatically as the world's one outstanding motor car value in its class.

Everywhere you hear the name Chrysler; everywhere you see motor car buyers turning more and more to Chrysler; everywhere you hear motor car experience more emphatically acclaiming Chrysler performance, endurance and long life—and now, all of the best for which the name Chrysler stands is offered you at sensational new lower prices which make it the outstanding value of all time.

New Lower Prices on Famous Chrysler "70"—Changed in No Way Except in the Price.

	Old Prices	New Prices	Savings
Coach	\$1445	1395	50
Roadster	1625	1525	100
Royal Coupe	1795	1695	100
Brougham	1865	1745	120
Sedan	1695	1545	150
Royal Sedan	1995	1795	200
Crown Sedan	2095	1895	200

All Prices f. o. b. Detroit, subject to current Federal excise tax.

Grasshoppers Appearing in Some Localities, Report Says

Farmers of Mitchell county are warned against possibility of re-appearance of the grasshopper menace this summer in a statement issued here Thursday morning by H. L. Atkins, county farm agent. Atkins stated that reports of presence of the pests had been received by him from several farmers.

The county agent does not entertain the belief that damaging loss will be paid to deprivations of the pests, if planters will use determined means to check and exterminate the hoppers. He suggests use of poisoning. In sounding a warning against the pests, Atkins said:

"It appears that grasshoppers may give trouble in some parts of the county and farmers with fields near pastures and creeks should keep constant watch for the hoppers.

"Poison bran mash is still the standard remedy and will prove effective where used as directed. It is prepared as follows: Mix 25 pounds of wheat bran (free from shorts) with one pound of white arsenic, add two quarts of black-strap molasses, two gallons of water and one ounce of amyl acetate. Put in a little more water if needed to form a mash which falls apart when squeezed in the hand.

"In the absence of amyl acetate use the juice, pulp and rind of six lemons to replace one ounce of amyl acetate. Avoid corn syrup in place of black-strap or sorghum molasses.

"This mash should be sown like sowing grain around the edges of field affected and may be safely sown in pastures, if put out very thinly. Late afternoon is the best time for putting out the mash."

GOOD POLICE WORK

Nearly two months ago Mr. A. L. Brantley, who was superintendent of the construction work on the new ice plant had stolen from his car a suit case containing valuable clothing and other articles valued at \$250. The matter was turned over to the chief of police and he with his assistant Homer Key, went to work on the case and after two months work, never giving up, Mr. Key finally located the stolen goods in Mexican town and recovered most of the good together with two of the gentry in jail. Mr. Brantley was notified and was loud in his praise for the efficient work done.

H. H. VAN ZANDT IN RACE FOR COMMISSIONER PREC. 3

The Record is authorized to announce the candidacy of H. H. Van Zandt of Hyman community for the office of Commissioner of Precinct No. 3. Mr. Van Zandt is a prosperous and prominent farmer of the Hyman section and is well qualified to fill the office to which he aspires. He promises, if elected, to give his best service to the county in this capacity and asks the voters to give him consideration when polling their votes in the Democratic primary in July. His name will be found in the announcement column this week.

The D. A. R.'s met with Mrs. Harry Hyman June the ninth. The minutes were the State Regents report and gave an inspirational talk on the connection at Washington, D. C. The chapter was officially named for Lieutenant William Halbert. The following officers were elected:

Regent, Mrs. James T. Johnson; Vice Regent, Mrs. Maudie Carter; Recording Secretary, Mrs. C. E. Way; Corresponding Secretary, Miss Eleanor Thomas; Treasurer, Mrs. R. B. Terrell; Registrar, Mrs. Pearl Shannon; Parliamentarian, Mrs. J. H. Greene; Press Reporter, Miss Mary Terrell; Chaplain, Mrs. R. E. Dolman.

After the business meeting, a most delightful social hour was enjoyed, during which refreshments were served.

Card of Thanks

I wish to let my friends know that I received the district prize in the Better Kitchen Contest and to publicly thank all who had any part in it. I want to especially thank Miss Jones, the county home demonstrator for her work, the committee who kept the score card, the many friends who came out to see it and rejoice with me and the chamber of commerce for the prize it gave. I assure you all those things are highly appreciated. And to say that I enjoy my new kitchen is putting it mildly. Again I thank you.—Mrs. C. H. Thomas, Loraine, Texas.

ESSEX COUPE

The Hudson-Essex people have announced a new Essex Coupe and will soon have it on display. A beauty and at popular prices. Watch for opening announcement.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 85 cts. At any drug store. (Adv.) Colorado Drug Co.

ATTA-BOY EDDIE

When Eddie, our bright errand boy,

Meets tasks that most people annoy,

He dances and sings
And does other things
Expressive of genuine joy

It sometimes happens—in the best organized households—that friend husband comes home with unexpected friends for dinner. We know just how Friend Wife feels in such emergencies! But Eddie dissipates all emergencies. Call him on the phone and he'll bring you a bill of fare.

Pritchett Grocery

Indigestion
bad spells relieved
"NOTHING can take the place of Theford's Black-Draught with us because we have never found anything at once so mild and so effective," says Mrs. Hugh Nichols, R. F. D. 4, Princeton, Ky. "When the children have spells of indigestion and upset stomach, I always straighten them out with a dose or two of Black-Draught. Several times I have suffered with bad spells of indigestion myself and found I would soon get relief if I took a course of Black-Draught. I was troubled with a bad accumulation of gas and severe pains across my stomach and lower bowels. Now when I feel a spell of this kind coming on, I head it off by taking Black-Draught—a dose every night for a few nights will prevent the trouble and save me much pain and suffering. My whole family uses Black-Draught for biliousness and constipation. It is a splendid medicine." Sold everywhere. 25 cents.

BAPTISTS OF LONGFELLOW
The Baptists at Longfellow school
house rearranged their Sunday school
June 6th, and are also having regu-
lar preaching services the first and
third Sundays in each month by J. E.
McDermott, missionary, colporteur.
A good interest is being manifested
and the general public is invited.

SUNDAY WITH THE BAPTISTS
All the services next Sunday will
be held at the Tabernacle except
Mrs. Terrell's department of the
Sunday school.
Dr. McConnell is bringing great
messages. Mr. Hiett is a great song
leader. You will like him. We want
you to come to all these services.
We are getting started off pretty
well. We appeal to the membership
of this church as well as the other
churches of the town to help us put
this meeting over in a good way.
Day services at 10 and night services
at 8.—M. C. BISHOP, pastor.

The Woman's Auxiliary of the
Presbyterian church was delightfully
entertained Monday at the hospi-
table new home of Mrs. A. E. Maddin
with Mrs. Millwee as hostess. The
lesson on Home Missions was led by
Mrs. J. E. Riordan. The report of
the offering taken at the O. P. C.
pageant was very encouraging. Plans
were completed for sending a sack
of clothing to Stuart Robinson
school.
With the advent of delicious cool-
ing refreshments, all enjoyed the so-
cial hour that gave opportunity for
better acquaintance and for meet-
ing the welcome guests of the after-
noon, Mrs. Gustine, Mrs. Holt, Mrs.
Felix Miller of El Paso and Mrs. R.
M. Hammock of Sweetwater.

SPECIAL EXPERT PLUMBER
R. B. Terrell announces that on
Monday, June 14th he will have with
him a sure enough expert and expe-
rienced plumber to do all kinds of
plumbing and repair work. Let this
men make estimate on your plumb-
ing work and I will personally guar-
antee both his prices and work.—
R. B. TERRELL.

Rev. W. M. Elliott, pastor of the
First Presbyterian church, left Wed-
nesday with Mrs. Elliott and their
son, John, for Lovington, N. M. Rev.
Mr. Elliott will do the preaching in a
union meeting at that place. They
are expected to return about the
22nd of June. There will be no
preaching service at the Presbyterian
church while he is away.

Sunday school every Sunday at
9:45. Christian Endeavor at 3 and
7 p. m. every Sunday.

Miss Ruth Booher was given an
ovation when presented before the
1000 people at chautauqua Monday
evening. Miss Booher holds the rec-
ord of having sold more season tick-
ets to chautauqua both this and last
season than any other Colorado citi-
zen.

Ford Highest in Quality

The quality of a motor car is largely determined by the materials out of which it is built.

Take, for instance, steel—which comprise the major portion of the materials used in automotive manufacturing today. No automobile can have more durable or more satisfactory steels than you get in a Ford.

The upholstery used in Ford closed cars contains a much larger percentage of wool than is ordinarily specified. Genuine polished plate glass is used for Ford windows and windshields.

The story is the same for every item of material used in Ford manufacture. It is logical that such extreme care in the selection of materials should result in a car that is without an equal when it comes to enduring service.

Lowest in Price

Conditions that are unique in the automotive industry make Ford prices possible.

Every manufacturing operation is under direct control of the Ford Motor Company. Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Ford glass plants produce the glass for windshields and windows; wood comes from Ford timber tracts. Raw materials and finished products are carried over Ford-owned transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization.

Under any other circumstances, Ford cars would cost a great deal more than they do.

22ND YEAR—NO. 37

COLORADO, TEXAS, FRIDAY, JUNE 11, 1926.

WHIPKEY PRINTING CO.

**CAST OF 200 WILL APPEAR
IN AMERICAN LESION BILL**

**Big Musical Comedy Given
by Home Talent Coming
June 16-17th.**

"A Night of Folly," an unusual musical comedy in three acts and with thirty-six features and a cast of 200 Colorado citizens, including men, matrons, young people and children, will be presented under auspices of Oran C. Hooker Post, American Legion, on the evenings of June 16th and 17th. The production is being arranged under supervision of a professional director and is believed by members of the post to give promise of one of Colorado's best entertainment programs.

Features of this big musical comedy have been copied after the Follies, Hippodrome and other Nationally known spectacular entertainers. The play has been given with acclaimed success at a number of cities and towns throughout the country and everywhere met with the distinction of having been one of the leading social affairs to ever be presented.

Among the features announced will be appearance of 21 Colorado girls dancing on top of upright pianos, all at the same time; a "bevy of blushing flappers" attired in the "latest from gay Paris," (it is confidently announced that this array of femininity is to be none other than the persons of such fellows as A. B. Blanks, J. A. Sadler, R. J. Wallace, E. H. Winn and other prominent characters among the younger set); a jazz orchestra, introducing popular novelty songs; 1,000 flash lights displayed on the audience, and others of like importance and interest to the local public.

The play has recently appeared with success at Fort Worth, under auspices of Moslah Shrine; at Waco, under auspices of the Texas Cotton Palace Association; San Antonio, for benefit of a public hospital fund; El

**City Health Officer Warns
Against Mosquito Epidemic**

Every condition points to a big quota of mosquitos during the summer months, according to Dr. T. H. Barber, city health officer, who warns the people of Colorado to take every precaution to rid the city of all breeding places to which the pests might be attracted.

Cisterns are among the places commonly used by the pests in which to hibernate and breed, Dr. Barber stated Tuesday. An effective way to rid cisterns of mosquitos, he said, would be to place a small quantity of oil of burgamot on top of the water. This treatment will exterminate the pests and leave no harmful effects in the water.

**Carey Drilling Three Wells
in Chalk Shallow Field**

J. F. Carey, Colorado contractor, has three wells drilling in the Otis Chalk field, shallow belt discovered a few weeks ago by Owen & Sloan. Carey drilled the discovery well there and has since diverted much of his operations to that sector.

The barbecue celebration given last week by Otis Chalk, when one of the wells being drilled by Carey and not the Owen & Sloan offset, as published in The Record.

Mmes. J. F. Carey and Allan Soper and children spent Sunday with friends at San Angelo.

Paso, under direction of the Shrine bodies; Amarillo, under direction of the American Legion, Wichita Falls, under direction of the Elks Club, and at Coleman under direction of the American Legion.

Proceeds obtained from the sale of tickets will go into the American Legion Memorial fund, to meet deferred payments on this attractive building. The public is cordially invited to lend its cooperation to officials of the post and the director in making the play successful.

**PROPOSED LANDING FIELD
TAKING DEFINITE FORM**

**Site Northeast of The City is
Tendered to Chamber
of Commerce.**

The proposed landing field at Colorado became nearer solution this week in announcement from the Chamber of Commerce that an ideal site had been obtained. Property on which the field may be located has been tendered the chamber by Judge C. H. Earnest, and the only remaining act to be done would be to make such improvements as are needed.

The site proposed by Judge Earnest as a landing field is on Highway No. 101 a short distance northeast of Colorado. At present the property is being used as a pasture by a tenant on one of the Earnest farms but is available for use as a landing field, in case the Chamber of Commerce makes improvements to the property. Owner of the property has proposed to tender use of the property for this purpose on condition the improvements are made.

"The site is represented by pilots who have been using it, as an ideal landing field," Judge Earnest stated Monday. "The only handicap lies in the fact that a lake covers much of the area and this would have to be drained. However, but little water accumulates in the lake when it rains and for the most part the land is dry. The property could easily be drained by cutting a ditch to divert flood waters into drainage ditch on the highway."

The proposed site is easily accessible to Colorado. It may be reached quickly from either the Bankhead or No. 101 highways. It is on the east side of Highway No. 101 a few hundred yards north of Lone Wolf Creek.

In tendering use of the land to the Chamber of Commerce for this purpose Judge Earnest recalled the importance of Colorado providing

**Evangelist Recalls Meetings
Held in Mitchell County**

Dr. McConnell, evangelist conducting revival at Union Tabernacle, recalled in his sermon Sunday evening that he was not new to the people of Mitchell county, having held four revival campaigns in this county many years ago. He held one campaign at Cuthbert, two at Westbrook and one at Colorado. These revivals are remembered by a few local citizens as having been most successful.

In telling of his experiences during the Cuthbert meeting, Dr. McConnell said that at close of the revival the people subscribed to a collection of about \$250. He learned, however, that none of those subscribing planned paying the amounts then, and he, being without funds did not know how he was to reach home. Some one became acquainted with his financial embarrassment, however, and obtained enough money for the preacher to go on his way.

"I left Cuthbert with the idea in mind that much of that collection would never be paid," he said. "But the people out here in Mitchell county established the fact they were a little different from some folks I had met in other places. Those checks began to come to me by mail and for two years I continued to receive remittances on that collection until it was all paid. I never lost five dollars on that collection at Cuthbert."

**"BIG LEAGUE BALL GAME"
AT COLORADO FRIDAY P. M.**

**Lions and Band to Cross Bats
in Battle for Benefit
of Band Fund.**

What promises to develop into one of the most sensational ball games at Colorado in a long time is scheduled for Friday afternoon at the West Colorado ball park when opposing nines representing the Lions Club and Chamber of Commerce Band engage for nine inning contest.

"Big League Base Ball," reads some of the advertising matter distributed here about the coming melee. The opposing teams are to be composed exclusively of the organizations they are representing. "Rube" Norman, coach of the Wolves, will lead the Lions into the fight. "Eddie" Majors, also some artist on the mound, is the headliner on the band team. Both organizations have announced their intentions to bring some former league players into action for the contest.

It will be a battle royal from the first ball to the close. Never before were Colorado fans so enthused over a ball game. Thrillers, one after the other in rapid succession is promised to be witnessed by a record crowd.

The game was arranged by the two organizations represented to raise funds to supplement the convention committee treasury. Every admission ticket sold for the game will be just that much more to be applied in meeting expense account of sending the band to Amarillo for the convention. The admission is fifty cents for adults and twenty-five cents for children.

Six ladies divided into two teams are directing the campaign to sell tickets for the game. These are Mmes L. W. Sandusky, J. Ralph Lee and W. N. Crosthwaite, representing the Lions Club, and Mmes. J. L. Pidgeon, Ed Majors and Ed Jones, Sr., representing the band. These ladies will not be content in selling less than 1,000 tickets.

The game will be called at five o'clock and it was announced early in the week that several of the places of business would be closed at that time, in that the managers and employees have time off to witness the battle. The game is scheduled to be over in plenty of time to permit fans to return home and from there attend church services Friday evening at the tabernacle.

The appeal is made to every citizen of Colorado and adjacent territory to co-operate in this program. The "show" will well be worth the price of admission and Colorado could not enter into a more deserved program that would give to the band the demonstration that we are backing them in their plans for representing the home town with distinction at Amarillo.

All Mitchell county candidates are invited to the Farm Bureau picnic, to be held at Hermleigh, W. W. Porter, manager of the farmer organization, predicts a large crowd for the two days.

County Judge Chas. C. Thompson left Monday for Gatesville on business.

**"Grand Old Man of West
Texas" on Tech Program**

Echoes from the Tech jubilee, held in Lubbock some two years ago, are expected to be heard in that city on the evening of Friday, June 18, when West Texans are to again celebrate founding of this great West Texas institution. It will be remembered that a rousing ovation given Dr. P. C. Coleman of Colorado by the 15,000 Texans at this meeting, who hailed him as "The grand old man of West Texas," because of the conspicuous work done by him in creating the college.

Again at the celebration next week, this prominent West Texan, recognized by thousands of West Texas people as the "Father of the Texas Tech," is to have a part on the program. A communication from the Lubbock Chamber of Commerce Tuesday stated that Lubbock was especially pleased to note that Dr. Coleman had agreed to take a part on the jubilee program, to be given jointly by the Lubbock Chamber and Technological college.

One of the largest crowds seen in Lubbock in several months is expected to be attracted by the program, which will be given on campus of the college.

It is fitting that Dr. Coleman should have a part in this celebration. It was he who convened the meeting at Sweetwater in April, 1916, at which resolutions were passed demanding a West Texas A. & M. College. When organization was perfected he was the choice for president to lead West Texans in the fight to bring facilities of higher education to the youth of this great domain. He never for a moment slackened his efforts in behalf of the school until the Texas Legislature passed the Texas Technological College bill.

J. R. Tunnell, member of the F. M. Burns Dry Goods Co. sales force, is spending vacation at Childress.

**PORTER WHALEY MANAGER
OF SAN ANTONIO C. OF C.**

**Head of West Texas Chamber
Accepts \$10,000 a Year
Post This Week.**

Successor to Porter A. Whaley, who resigned Monday as manager of the West Texas Chamber of Commerce, probably will be appointed when the board of directors convenes on the opening day of the convention at Amarillo. Whaley resigned Monday to accept the post as manager of the San Antonio Chamber of Commerce at a salary of \$10,000 a year. As manager of the West Texas Chamber of Commerce he drew a salary of \$7,500 a year.

Dr. P. C. Coleman of Colorado, vice-president of the West Texas Chamber of Commerce plans attending the board meeting in Amarillo.

Starting with a handful of members seven years ago the West Texas Chamber of Commerce, under Whaley's management, now has 11,000 members and is said to be the world's largest regional body.

**Visiting Lecturer Speaks
at Lions Club Luncheon**

Dr. Elmer L. Williams, "The Fighting Parson of Chicago," delivered an address at the Lions Club Friday, relating in an interesting manner some of his experiences in combatting organized crime in Chicago. Dr. Williams delivered his lecture, "Law Enforcement," at the tabernacle Friday evening.

Crops up Lone Wolf Valley are looking fine and just about as good as ever recalled by farmers residing in that part of the county, according to Col. W. A. Dulin, former Mitchell county farm agent, who spent a business visit in Colorado Monday.

**Farmers of Spade Section
Replant Cotton Acreage**

This week several hundred acres of cotton were seeded by farmers of the Spade section, replanting acreage on which crops were destroyed a few days ago. Planters state that the season is late for planting cotton but they are optimistic in the belief that a crop will yet be made.

Following the flood there a few days ago, another rain, averaging more than one inch, covered the Spade territory. Fields were boggy for several days, making it impossible for farmers to work in their crops.

**New Gin Equipment Being
Installed by Local Firm**

Installation of a complete Continental gin plant at the Brick Gin is announced by O. Lambeth, manager of Lambeth, McCleary and Grubbs, Colorado ginners. The new equipment, a five stand 80-saw gin, is to embody all of the latest ideas in gin machinery. The plant will be operated with steam power and is to be equipped with both square and round bale presses.

The equipment formerly in use at this gin has been moved to Sterling City by the company, where they are to operate a gin, beginning with the next season.

The drug store which was formerly owned by Mr. Wooley has again changed hands. It is now owned by Messrs. Ferris Mannering and Quinney of Colorado and will be known as the Westbrook Drug.

A. B. Blanks has returned from a business trip to Graham and other points in North Central Texas.

**COLORADO BOOSTERS TO
VISIT SLATON JUNE 18**

The Colorado Chamber of Commerce band, Gold Medal band of West Texas, and official musical organization of the West Texas Chamber of Commerce, will swoop down on Slaton Friday afternoon, June 18. Accompanied by a large delegation of Colorado boosters, the band will stop in Slaton enroute to Amarillo and will play a concert in this splendid South Plains city.

The Colorado band is not new to Slaton. Two years ago the organization played a concert in this city which was attended by several hundred people. Colorado and the band boys have never forgotten the genuine hospitality shown them by the people of Slaton on that visit.

Schedule for the trip to Amarillo is being worked out and when this is done, definite hour of arrival at Slaton will be announced. The Colorado visitors should arrive in Slaton in early afternoon.—Slaton Slatonite.

**What Is a Good
Provider?**

A good provider looks beyond comforts of today to the provision of tomorrow.

The birds and the bees; the beasts of the fields—all nature has thought of coming needs—yet man, alone, the greatest of all the living things—cultured, able, educated, and alive to Earth's demands—often fails to make provision for the years to come.

What are you doing for the future twenty years from today? A good provider does not overlook the importance of a strong bank account. If you are not already identified with this bank, we invite your account here.

City National Bank

**The Scales
That Balance!**

They must be kept in balance in the commercial world or there will be discord. Ours is a business that comes in contact with every other line of business. For this reason our viewpoint is most important. You are invited at all times to consult with our officials on anything of a commercial nature. We have helped others. Why not you?

Colorado National Bank

CREDIT WHEN AND WHERE YOU NEED IT

"He who loses credit, what has he left that can avail him?"—Publius Cyrus.

Keep your credit record good and you will always have credit when and where you need it. Move to distant points, travel in strange places and your credit record follows you—for good credit at home means good credit abroad.

Faith in you—in your integrity—in your honesty of purpose is a basis upon which credit was originally extended to you. A high credit rating is based, not so much upon the wealth you possess as how much you respect the faith reposed in you. Good intentions, as valuable as they are, cannot build good credit. Only by religiously living up to every agreement, discharging every obligation when due, is credit established—and only in that way can it be maintained.

Pay your bills promptly and keep your credit good. All accounts due on or before the Tenth of Month.

Thomas Hamburger Stand is Destroyed by Fire Monday

Flames originating from the gas-line cook stove gutted the small brick building occupied by the Les Thomas hamburger stand early Monday night. The fire was not discovered until interior of the building was a mass of flames. Quick and effective work by the fire department confined the flames to this building.

Thomas stated Tuesday morning that his loss would reach \$800. The property was insured for \$600. The business is to reopen as soon as repairs to the building can be made.

YES SIR! IT'S A CHEVROLET

Described by veteran circus men as "the most novel advance car ever sent out by a traveling show," a replica of a railroad locomotive on a one-ton Chevrolet truck chassis, hauling a miniature railroad coach is on a tour of 12 states with the Morris and Castle circus.

The passenger coach also serves as a ticket and band wagon and is a feature of the parades in every town where the circus exhibits.

Traversing country roads and city streets, the strange looking "trackless train" has been the center of curious crowds of spectators wherever it has appeared.

Plans supplied by the Kansas City Southern railroad enabled Brownlee Wells Motors, Inc., Chevrolet dealers in Shreveport, La., headquarters of the circus, to build the locomotive over the Chevrolet truck chassis. It is an exact duplicate of one of the big road's "moguls" and is strikingly realistic. The locomotive was christened "Shreveport" by the request of the Shreveport Chamber of Commerce.

The advance man of the show, press representative, contract man and a band of sixteen men find accommodations in the passenger coach during their travels. Ample room, assuring riding comfort on the long tour, has been provided. After leading the parade preceding exhibitions, the train is set up as the official ticket office at the circus grounds.

Members of the party assert no circus ever sent out a more economical "railroad" car. They have found their tour can be arranged with more convenience, as their schedules can be altered to suit varying conditions, and no delays result from awaiting train orders.

Due to the weight of 12 tons carried and drawn by the one-ton truck, careful tests were made previous to the start of the trip. It was found the truck had ample power to handle the load efficiently. Economy of operation was the determining factor in selecting the Chevrolet as the power unit. Chevrolet service stations set as "round houses for the locomotive in each city visited.

GOLF

By Douglas Malloch

They do not know what golf may be
Who call it childish play
To drive a globule from a tee
And follow it away.

They do not understand who scoff
And all its virtues miss,
Who think that this is all of golf—
For golf is more than this.

For golf is earth's ambassador
That comes to haunts of men
To lure them from the banking floor
The counter and the pen,
To lead them gently by the hand
From toil and stress and strife
And guide them through the summer land

Along the path of life,
The pastime of philosophers,
For such a man must be
When far away the golf ball whirs
And hides behind a tree,
A man may see his business fall
And never turn a hair,
But men are strong who lose the ball
And still refuse to swear.

It is a game of honor, too,
That tries the soul of men
It's easy in the public view
To all he honest then,
But he deserves an angel's wings
Who paths of truth has trod
When left alone with just two things
His score card and his God.

If golf shall teach you patiently
Adversity to meet—
If it shall teach philosophy
To keep your temper sweet,
If it shall teach you still to grin
With mirth, no matter what
You are a victor, if you win
A loving cup or not.

NICHOLSON-McMAHAN.

From Stephenville Tribune: Miss Artie McMahan, daughter of Mr. and Mrs. J. A. McMahan, of Tarleton Avenue, was married to Mr. Floyd J. Nicholson, Wednesday evening, June 2nd, at eight-thirty o'clock at the First Methodist church.

The altar was banked with roses, sweet peas and gladioli in rainbow colors, the chancel rail twined with white, the arch and wedding bell under which the bridal party stood were also in white. Candles twinkled amid the greenery, casting a soft light over the group during the ceremony which was said by Rev. F. L. Meadow, pastor of the First Methodist church.

Ushers were Autis McMahan, brother of the bride and Harold Berekman.

The bridesmaids were Misses Ila Walker, Lois Ballow, Gay Caudle and Amorette Tunnel.

Miss Caudle wore yellow georgette, Miss Ballow a model in blue georgette, Miss Walker wore peach georgette, and Miss Tunnel's gown was of green georgette. All carried bouquets of pink and white roses and carnations.

The maid of honor, Miss Bess Blankenship, the bride's cousin, wore an orchid georgette over taffeta, her corsage was of sweet peas in pastel shades.

The bride, gowned in white georgette over white satin with veil of white tulle held with orange blossoms came in on the arm of her father who gave her in marriage.

Preceding the bridal party, the little flower girl, Helen Robertson, scattered rose petals in the path of the bride.

Robbie Mae Ownby was the dainty little ring bearer. She wore pink georgette and carried the ring in a lily.

The bride was met at the altar by the groom who was accompanied by his best man, Mr. Arlie Brown of Desdemona.

As a pre-nuptial solo, Miss Pauline Davis sang "I Love You Truly." She was accompanied by Miss Lelia Vada Fenner who played the bridal choros from Lehengrin as the processional and Mendelssohn's wedding march as the recessional.

During the ring ceremony Miss Fenner played the Flower Song very softly on the piano.

A reception was held at the home of the bride's parents after the ceremony.

The bride and groom left for a trip to New Mexico and Colorado and upon their return will be at home to their friends in Colorado, Texas.

The bride has a host of friends in Stephenville where she was reared and received her education, who wish for her and her husband a full measure of happiness in their newly wedded life.

The groom is employed in Colorado, Texas, in the general offices of the California Company, where he is well-known. He teaches a class at

Get Rid of That Tired, Run-Down Feeling. Build Yourself Up! Win Back Your Strength, Energy and "Pep."

THERE are lots of people who drag around with that tired, run-down feeling because they have tried many treatments and have failed to get results. They're discouraged and "blue"—afraid to take the advice even of their family physician.

These are the people we want Dr. Thacher to help. We want them to test his famous treatment in their own homes at our expense. For we know what it has done in countless numbers of cases of indigestion, constipation, impoverished and impure blood, rheumatism and the many "peppiness" symptoms of a torpid liver and

stomach trouble. And we know that these sufferers will become our most enthusiastic praisees once they are convinced.

Use the Coupon Act at once, as this offer is limited. Start building yourself up today. Know what it means to enjoy and digest tasty food.

This Coupon is Good for One Sample Bottle of DR. THACHER'S LIVER & BLOOD SYRUP if presented before the supply for free distribution is exhausted. Read full details above, then act at once. Prove to yourself that you can feel at your best once again.

deceased. 7-2c

AMERICAN LEGION POST RE- VIVES INTEREST WITH PLAY

The American Legion boys have
booked a two night's engagement at
the American Legion Hut of "A
Night of Folly" on June 16 and 17.
This play is staged by Frankie Ter-
rell Young, assisted by about 200
Colorado people. This play was put
on at Coleman and here is what the
Coleman paper says about it:
"The Follies" and "Round
the Clock with the Debutantes of '26'"
presented at the Howel opera house
Monday and Tuesday evening by Ray
Post American Legion under the per-
sonal direction of Frankie Terrell
Young, was a distinct success and
surpassed the most optimistic anti-
cipations of the people in general. The
same show has been presented in all
the larger cities of Texas and else-
where under the auspices of various
organizations and usually eight per-
formances are scheduled. It is called
the "Amateur Follies of the
Stage" and it is by far the most elab-
orate production that has been seen
in Coleman.

The house was crowded Monday
evening and the following day many
favorable comments were heard. Had
it not been for the inclement weather
and the rain and snow that render-
ed rural roads impassable the de-
mand for seats at the second per-
formance Tuesday evening could not
have been supplied. The cast con-
sisted of more than 200 local people
and there was genuine interest from
start to finish. In the brief period
of time the director issued an elab-
orate program of twenty-four pages,
selected and organized the cast and
trained each so thoroughly that all
errors common to such performances
were eliminated.

The splendid success of the ven-
ture has materially replenished the
depleted treasury of the American
Legion and will add \$250 to the Cole-
man's quota of the Endowment
Fund. It has also served to revive
interest in the local organization and
will restore confidence to such an ex-

tent that other efforts will be less
tedious.

Favorable personal mention could
be made of each member of the big
cast if space would permit. Especial-
ly is this true of the tiny chorus
girls and the little black pickaninies.
Another reason why a full and com-
plete account cannot be incorporated
herewith is the failure of the re-
porter to secure a typewritten copy
of the stirring address delivered by
Hon. Fred Henderson. It would not
be right to tell what others said un-
der the circumstances. Some few
took offense at the reasoning and
logic in the addresses and shortly af-
ter the performance Mr. Henderson
was challenged to a joint discussion
of the "A-B-C-etc." by a member of
the audience.

MISS DAISY ADAMS BECOMES BRIDE OF PHILADELPHIA MAN

Following notice of marriage of
Miss Daisy Adams, who was reared in
Colorado, is reprinted from a
Wichita Falls, Texas, paper:

Miss Daisy Adams, daughter of
Mrs. D. G. Adams, and L. S. Brown
of Philadelphia, were quietly mar-
ried Saturday afternoon at the home
of the bride's brother, B. T. Adams,
the Reverend O. L. Powers of the
First Baptist church performing the
ceremony. Only the relatives and
close friends of the bride were pres-

ent.
The bride wore her traveling suit
of tailored blue, with gray blouse
and trimmings, and black hat. Fol-
lowing the ceremony, Mr. and Mrs.
Brown left for a wedding trip to
New York to visit Mrs. Brown's fam-
ily, and will make their home in
Philadelphia, where Mr. Brown is
director of the music department of
the Eastern Baptist Theological Sem-
inary.

Mrs. Brown has been a teacher in
the Carrigan school for two years,
and has been an active and popular
worker in church and school circles.

Members of the Pollyanna Sunday
school class of the First Baptist
church, of which Mrs. Brown has
been a member and past president,
gathered informally at the home of
Mrs. Ralph Hines, teacher of the
class, Friday evening, as a farewell

courtesy to Mrs. Brown. Punch was
served, and the following members
were present: Misses Gladys Price,
Bernice Sanders, Emma, Earl and
Francis Carter, Jessie Poyner, Ruth
Morrison, Irene Thompson, Edna
Ruppel, Bernice Strawn, Reba Lu-
cille Dunlap, Zollie May Canning-
ham, Norma Rollins, Mr. and Mrs.
Rundell and Mrs. Winnie West.

Miss Jewell Collier is home from
Denton where she was a student at
C. I. A.

NO-NOX

MOTOR FUEL

STOPS KNOCKS

Turns Mountains
into Mole hills

FOR years the carbon knocks, clicks, pings or de-
tonation in automobile engines have been a men-
ace to motor efficiency and a sore spot to the
motorist. GULF No-Nox Motor Fuel has turned
the old time carbon bugaboo into an asset, in fact it has
put carbon to work.

No-Nox and Carbon are Power Twins

Compression is power—Carbon adds compression—No-Nox withstands
compression and the combination gives wonderful motor efficiency.

GULF No-Nox Motor Fuel not only withstands the high compression of
the modern automobile engine—but also the added higher compression
caused by carbon deposits on the walls and piston head which increases
with the age of the car—clicks and knocks are eliminated—greater effi-
ciency is accomplished—followed by more power and greater mileage.

This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more
harmful to man or motor than ordinary gasoline—that it contains no dope
of any kind—that the color is for identification only—and will not heat in
summer driving.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than
ordinary gasoline—and is worth it.

The Orange Gas—At the Sign of the Orange Disc

GULF REFINING COMPANY

NEWS ITEMS FOR THE COLORADO RECORD

I left Greenwood Monday evening about 7 p. m. Greenwood is a nice town about 7 p. m. Greenwood is a nice cotton mill but conditions at present are somewhat gloomy on account of a severe drought last year followed by same conditions this year, and is very dry here now with slim prospects for a crop except small grain

which is good. After leaving Greenwood I soon arrived in McCormick, situated in McCormick county. Here I found quite a lot of my kinfolks among whom I have been really entertained with no let-up whatever. This county bears the record of having the third largest poultry industry in the United States. This enterprise was fostered and founded by Messrs. M. G. and J. J. Dorn, brothers, and in speaking of the chicken industry I am authorized to say that there has been more than ten thousand dollars worth of broilers and fryers shipped this year and that it is their ambition to ship a car load of eggs each day in the year, which will be done in another year unless some unforeseen trouble interferes. These people bear the record of being broad-minded, full of pep and

are bound to succeed. They have thousands of dollars invested in the enterprise, and this day I have been treated to a trip thru the Southeastern laying contest plant. It is surely wonderful and calculated to furnish information to anyone who is inclined to take in things worth while and spread it to the rising generation. McCormick bids fair to become a thriving town if not a great city. It is now undergoing considerable improvement such as new buildings and the installing of a sewage system. Yes, after eating a sumptuous dinner in the home of one of my cousins I was again treated to a trip thru an extensive hatchery which is owned by the above named people. At present it only contained a capacity for twenty-two thousand eggs. This enterprise also furnishes information and instruction well calculated to benefit the rising generation. In speaking of the poultry industry I wish to add that there is 52 commercial poultry farms in this county and have give it publicity through which it has become the best advertised county in the state, and the fourth division of the American poultry association meet here in July which includes South Carolina and Georgia. Representative poultrymen from all over the United States will be here and I am authorized by the powers that be to invite at least one delegate from Mitchell county, provided that he is able to bear his own expenses.

Yesterday I visited an old house in which I spent one night in company with my father in the year 1860 or 61. I was quite small but well remember the time. It was then an old house, a very common structure, never was painted, but I think it will bear the distinction of being called an ancient land mark.—E. M. McClell.

Work of repairing highway No. 101 in Spade community is progressing, John D. Lane, county commissioner, stated while here Monday. The heavy rains of a few days ago damaged this highway several hundred dollars.

Young At 60, Or Old At 40? Diet Decides

Women are as old or as young as their state of health. A woman may be young at sixty years or old at forty. It all depends on her physical well-being.

Youth and beauty have a foundation in sound health. And food is easily the most important item in health. In giving consideration to the subjects of diet and beauty, women should not forget the food essentials that make for the preservation of teeth, hair, figure and complexion.

Blame for round shoulders, flat chest and poor teeth among women is due in large measure to faulty diet, or, specifically, to a lack of lime and phosphorus. Milk, or evaporated milk, which is simply cow's milk with 90 per cent of the water taken away, is especially rich in lime.

Because of the concentration of evaporated milk, which is regulated by government standards, it is of

double the richness of ordinary market milk, as is shown in the following table:

Ordinary Milk.	
Fat	3.5 to 4 per cent
Sugar (lactose)	4.5 to 4.75 per cent
Proteins	2.5 to 4 per cent
Minerals	7 to 7.5 per cent
Evaporated Milk.	
Fat	7.8 to 8.2 per cent
Sugar (lactose)	9.5 to 10 per cent
Proteins	1.5 to 2.2 per cent
Minerals	1.4 to 1.6 per cent

A quart of milk a day for adults is recommended by doctors not only because of its high mineral content, but for the reasons that it helps keep the digestive tract in proper condition, strengthens the body to resist disease, and gives proper balance to the diet.

Salads also play an important part in the dietary. Some sort of a salad, lettuce, tomato, fresh fruit, cabbage or vegetable, should be eaten at least once a day. Neither is the daily menu complete without a generous quantity of coarse, leafy vegetables, valuable for their high vitamin content. Fruit juices also have very beneficial properties.

If a woman follows out the rules of diet, birthdays to her will be nothing more than an excuse for a celebration.

Purity of Milk Protected Now By Scientists

By KATHRYN ST. JOHN

Careful housewives constantly make it a point to ascertain the quality of each item that goes on their tables. Preparing food for the family is an extremely important job, for the proper selection and preparation of foods make in a large measure for the health and happiness of the family.

Milk is the most nearly perfect food, but it is a very delicate one as well. The keeping qualities of milk are slight. Danger from contamination is ever present. Evaporated milk, which is double rich because of the removal of 90 per cent of the water, is science's solution to these conditions.

Safeguarding evaporated milk is worked out as perfectly as man's ingenuity has been able to make the process. From cow to can, the milk which goes into the evaporated product is watched every step of the way.

Cows of the dairy herds are guarded with constant care and are subjected to regular inspections by veterinary surgeons. Herds are carefully groomed, and their yards and barns are kept scrupulously clean, as are all utensils. Milk condenseries are located in the heart of the big dairy regions to facilitate speedy handling, for this is essential if the milk is to be canned at its moment of maturity. Canvas-covered trucks haul the milk to market, thus protecting the product from contamination on the way. Arriving at the condenser, the milk goes through tests for acidity, sediment, flavor and butterfat content before it is accepted.

Experts watch the progress of the milk through every step of its way. It goes into the evaporating machine; to the homogenizer, which breaks up the fat globules so that the milk may be easily digested by the consumer; by way of the almost human filling machine into sterilized cans; then into the sterilizer, where the cans are surrounded by steam and boiling water, destroying any possible bacteria. Inspectors handle the product as the last step to see that the canning job has been perfectly done. Labeling and packing follow. The housewife obtains the milk as fresh and sweet as when it came from the cow.

ANNUAL FARM BUREAU MEET AT DALLAS, TEXAS, JUNE 28

The annual business meeting of the Texas Farm Bureau Cotton Association will be held at its offices in Dallas on June 28, 1926, at 11 a. m., according to an announcement made here by Mr. W. W. Porter, field service representative of the association.

Mr. Porter stated that this meeting is one of the most important meetings of the association, at which time the directors and officers will be elected for the coming year. The membership has recently voted for directors in the several districts, and the results of this election will be announced at the annual meeting.

This closes the fifth year of operation of the association, stated Mr. Porter. The association has circulated a new five year agreement and sufficient volume has been signed up on this agreement to assure the successful operation of the association for the new period. He further states that the association will handle more cotton during the 1926-27 season than it has handled any other year since it has been in operation—this based on the re-signup and signing up of new members.

It is hoped a number of members from this county will attend the annual meeting of the association. Those going please notify Mr. W. W. Porter, Colorado, Texas, Box 446.

W. L. Phillips and family have returned from Paris and other East Texas points where they spent vacation. Mr. Phillips is a member of the mechanical force at The Record office.

The town is taking on new life as the young folks are coming home from the various colleges and universities for the summer.

The BULL'S EYE

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the Farmer. They are in Washington ON salary. He is home trying to pay it.

Farmers have had more advice and less relief than a wayward son. If advice sold for 10c a column, Farmers would be richer than Bookleggers. And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other.

Cut out the middle and tie the two ends together. When a steer starts from the feed pen to the table, there is about 10 to take a bite out of him, before he reaches the family that pay for him. Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Rights."

The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We will get down in there with you."

I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.

Neil Rogers

First Aids for Motorists

To Intake Manifold Vacuum Tank Pipe Line Gas Tank Carburetor

What Makes the Gas Run Up Hill to your Carburetor?

SIMMS GAS

Q The first cars had "gravity" feed gas systems; fuel tank had to be above motor, usually on dash or under front seat. Then came the "air-pressure" system with gas tank at the rear below carburetor level. Air was pumped into this tank to force the gasoline to run UPHILL to motor. The next development was the "vacuum tank" system which the majority of rear-tank cars use today.

The Vacuum Tank

Q Pictured on the left is a sectional view of a Vacuum Tank which is mounted on the dash above the carburetor.

Q There are three connections at the top; one goes back to gas tank at rear; one to Intake Manifold to obtain suction of motor necessary to create a vacuum; the other is an air vent.

Q Employing the motor suction and a system of valves, a vacuum is created in the tank which PULLS the gasoline UPHILL from the rear and then lets it run out at bottom to carburetor by gravity.

Q Lengthen mileage and lessen motor troubles by using SIMMS GAS and SIMMS MOTOR OILS.

Quick wheel and gang shift or wheel shift only. Perfectly balanced, light draft, rigid support bar, with roller bearing gang head.

A general purpose cultivator with simple and convenient adjustments to handle extreme conditions in both early and late cultivation.

Price Bros.

Colorado, Texas.

Mrs. Basham, mother of our fellow townsman, Bob Basham came in last week. Mrs. Basham is residing with her son in the east part of town and expects to make this her home.

Mrs. Janice Williams, nee Costin, was carried to Colorado Saturday night where Drs. Root and Pirtle performed an operation for appendicitis. We are glad to report that she is doing nicely.

Mr. I. W. Ramsey and family left in their car Tuesday morning for points in Mississippi and Alabama, where they will spend some time visiting old friends and relatives.

The baby boy of Mr. Eskel Skelton who has been seriously ill for the past two weeks was carried to Colorado Saturday where he is under the treatment of Dr. Root. He is reported to be some better at this writing.

Mrs. Bell who was assisting in the meeting here and whom we had learned to love was called home last Saturday on account of the illness of her daughter. Bro. Northcutt carried her to Abilene and was accompanied home by Misses Bell and Pettitt who are leading in the song services. The good news comes to us that Mrs. Bell's daughter is much improved and she will likely return to us in a few days. The meeting will continue throughout the week and we cordially invite every one to come and worship with us and feast on the good sermons that Bro. Bell delivers from time to time.

We are glad to report that Calvin, the young son of Mr. and Mrs. Van Boston, who has been quite ill for the past two weeks is slowly but surely improving.

Miss Katharyn Gilbert of Eastland is a guest in the home of her uncle, Mr. Albert Young this week.

Dr. Pirtle left Wednesday morning for McCombe in response to a message stating that his granddaughter, Charlotte Robinson was quite ill.

Oil cloth table covers, attractive patterns and colors.—J. Riordan Co.

T. W. Stonerod, active vice president of the City National Bank, has returned from Lubbock where he had gone to visit relatives and attend to business affairs.

LEGION SHOW PLEASES BILLINGS, MONT. CROWD

The following report of showing of "A Night of Folly" home talent production—coming to Colorado June 16 and 17, is printed from the Billings, Mont., Daily News:

A capacity house witnessed the play "A Night of Folly" under auspices of the American Legion at the Babcock theatre Monday evening and from the comment heard during and after the performance, it is safe to predict that many of the faces seen in the audience on the opening night will be again in evidence when the show is repeated this evening. "A Night of Folly" is the biggest amateur production ever staged in Billings, and the speed with which the show went off speaks volumes for the ability of Mrs. Frankie Terrell Young, the director and the members of the huge cast.

"A Night of Folly" is a novelty throughout, carrying just a threat of a plot. It is snappy, melodious, funny and gorgeously produced. A big, well-trained chorus of Billings' prettiest girls, handsomely costumed, forms a wonderful background for the well-rendered solos with which the production is replete.

The coming musical comedy stars of the city are featured in the early numbers, and the talent displayed by the tiny tots, was the cause of much comment and wonderment. Every advantage is taken of the large number of young girls who are being trained by the local dancing teachers and their work in the many chorus numbers in which they appeared in the opening scenes of the show was truly wonderful.

"A Night of Folly" furnished almost a full three hours of amusement and of a quality that held the audience's interest and highly entertained throughout. It started with the appearance of four of the "world's tiniest minstrel men," who, after announcing their identity, did a jig dance across the stage that gave promise of the development of a future Primrose, West, Dumont and Dockstader combination. This was followed by a demonstration of what the theatre usher has to contend with at times and was finally settled by Captain "Bill" Schneider of the Billings police department. With the straightening out of that difficulty, the cry "Let's start the show" went up and the play was on.

Scene followed scene in such rapidity as to be almost confusing. The large cast could not find room on the stage to do all its acting and literally swarmed all over the theatre, singing, dancing and cracking jokes at the expense, sometimes, of some members of the audience. It is not possible to mention all the outstanding numbers on the program and to mention only a few would be an injustice to the others. With 400 singers, dancers, comedians and tragedians passing across the stage and up and down the aisles of the theatre, there is plenty of pep and action in "A Night of Folly."

Those who did not see the performance at the Babcock theatre Monday evening will miss the largest and one of the best musical novelties ever produced in Billings if they fail to attend this evening.

Notice of Application for Probate of Will—7824.

The State of Texas: To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mitchell, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice of Application for Probate of Will.

The State of Texas. To all persons interested in the Estate of Caroline M. Thompson, deceased; Frances M. Thompson, Ollie E. Thompson and Cleveland J. Thompson have filed in the county court of Mitchell county, an application for probate of the last will and testament of said Caroline M. Thompson, deceased, and for Letters Testamentary thereof as Independent Executors without bond, which will be heard at the next term of said court commencing the first Monday in July A. D. 1926, at the court house thereof, in the city of Colorado, Texas, at which time all persons interested in said Estate may appear and contest

Workers who feel lazy, languid, "blue" or discouraged should take a dose of HERBINE. A Taste that gets results quickly. Price 50c per bottle. Sold by ALCOVE DRUG CO.

WATCH YOUR FRAIL, PUNY CHILD GROW STRONG, TAKE ON WEIGHT

In just a few days—quicker than you ever dreamt of—these wonderful flesh making tablets called McCoy's Cod Liver Oil Compound Tablets, will start to help any weak, thin, under-nourished little one.

After sickness and where rickets are suspected they are especially valuable. No need to give them any more nasty Cod Liver Oil—these tablets are made to take the place

of that good but evil smelling, stomach upsetting medicine and they surely do it. They do put on flesh.

Ask any druggist for McCoy's Cod Liver Oil Compound Tablets—as easy to take as candy and not at all expensive—80 tablets 60c.

Be sure and get McCoy's the original and genuine and give the child a chance for 30 days. If you aren't delighted with results just get your money back.

Croquet sets, four six and eight balls.—J. Riordan Co.

CLAREMONT RETAINS COUNTY SEAT IN KENT CO. ELECTION

In the election held Saturday in Kent county, for the purpose of determining whether or not the seat of county government should be moved from Claremont to Jayton, the proposition was defeated. In the election there were a total of 956 votes polled, 516 being for the removal of the county seat, and 440 against the proposition. A two-thirds majority vote was required to move the county seat.

This is the second election held for the purpose of moving the county seat to Jayton, the former election being held five years ago, and at which time a comparatively larger vote was polled favoring the proposition.

In the election held Saturday the county lacked approximately three hundred votes polling its full voting strength, there being more than twelve hundred poll taxes in the county.—Texas Spur.

JAMES E. FERGUSON WILL CAMPAIGN IN WEST TEXAS

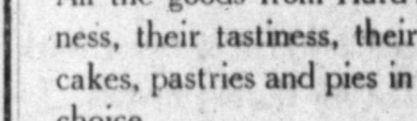

Former Governor James E. Ferguson has announced speaking dates at several West Texas points in the interest of the candidacy of his wife for governor. He will speak at Sweetwater Wednesday afternoon, June 16, at three o'clock and at Midland on the night of Thursday, June 17. No date has been given for Colorado.

SCURRY COUNTY CHAMBER IS ORGANIZED

SNYDER, Tex.—The Scurry county Chamber of Commerce is no longer a dead issue as an organization. It came back to life this week when a group of representatives business men and farmers of the county met in executive session Wednesday afternoon for the purpose of organization.

The desires and opinions of the whole county had been carefully sounded on the issue before the organization was attempted. The consensus of opinion was unanimous for

such a county-wide organization for the better development of the county; for the promulgation of propaganda concerning the natural resources of the county and the pledging of the support of the organization to every other civic organization within the territory represented.

At a banquet to be held Tuesday evening, June 8, further plans will be laid out on the immediate program of the organization and the selection of a secretary will probably be settled.

The immediate control of the Chamber was placed in the hands of

three men with H. P. Wellborn as president and chairman of the executive committee. N. M. Harpole and Dr. H. E. Rosser complete this committee.

The finance committee is composed of the above three men, S. T. Dozier and T. L. Lollar. On the membership committee, O. P. Thrane is chairman, with Allen Warren, George Northcutt, H. G. Towle and John Spear, constitution and by-laws, Bob Warren, R. H. Curnette and O. P. Thrane; publicity, J. L. Martin and Cecil Morris.

The directors who will meet the first Tuesday of each month, are A. B. Campbell, S. T. Dozier, N. M. Harpole, Earl Brown, W. B. Lollar, J. L. Martin, R. H. Odom, H. E. Rosser, Bob Warren, H. P. Wellborn, G. W. Garner, C. W. Harless, Henry Rosenberg and F. T. Wilhelm.

Well, anyway, the Earl Carroll-girl-in-the-tub episode gives orators, ministers, educators and social reformers a new illustration with which to prove that "even as in the days of Sodom and Gomorrah, even as in those evil days that did cause dissolve Rome to fall, so does America now!"—Abilene Reporter.

"Otischalk" New Oil Town Is Founded In Shallow Field

Otischalk is the name of the newest oil town in Texas; this coming town being located on the Otis Chalk ranch in the southeastern portion of Howard county. The new town was christened Monday, on which occasion several hundred folks were present to enjoy a fine barbecue dinner to celebrate the opening of the new oil field.

Mr. and Mrs. Otis Chalk, owners of the ranch on which the new field is being developed; Fred Carey, independent oil operator and G. H. Lockhart of the Rio Grande Oil and Development Co., who are drilling four tests; Owen and Sloan, who own the discovery well; Thurman Cole, proprietor of the new store and filling station at Otischalk; S. O. Wilson and J. F. Brown, proprietors of the new restaurant; H. W. Sharp, oil scout for the Pure Oil Co., and Fred Hyer, pioneer independent oil operator in this field, planned and prepared the fine feast. The barbecued beef and chevon was as fine as you ever tasted, and with the trimmings, pickles, onions, bread and coffee, made a meal anyone would appreciate. And they certainly had enough to feed a hungry bunch twice as large as the crowd that was present.

After the barbecue, there was an entertainment of bronc busting and wild mule riding.

Another most interesting event was the spudding in of the Carey and Lockhart Chalk No. 1. This is an offset to the Owen and Sloan Chalk No. 1. It is located on section 114, block 29, W. & N. W. survey and about one-quarter mile east of the discovery well. Carey and Lockhart have every faith in the future of the Chalk field as is shown in their starting five test wells in that territory. Mr. Lockhart is an official in the Rio Grande Oil and Refining Co. of El Paso.

Owen & Sloan are also firm believers in the Chalk field and are now drilling their second test, an offset to their Chalk No. 1. They have made eight additional locations. With the Marland Oil Co., the Owen and Sloan No. 2 and the Magnolia Petroleum Co., rigging up to drill a test just east of Owen & Sloan Chalk No. 2, that particular section begins to look like a real oil field.

The work of cleaning out the bridge in the Deep Rock Hyman well No. 1 on section 88, in the southeastern portion of Howard county, has been in progress this week. About 35 feet of cavings was being drilled thru; with oil standing more than 2100 feet and with considerable gas in evidence.

This well caused some excitement when it flowed by heads more than a month after it had been given a shot. It flowed 3 times Saturday, May 19.

Estimates of the amount of the flows were by George Waller, driller in charge. The heads were 40 minutes apart, the first two being estimated at 75 barrels each and the third at 50 barrels. Steel storage for 600 barrels was available, but the flows came so unexpectedly that connections had not been made and the oil spread over the prairie.

When the sandy lime now yielding the oil was drilled through several months ago, it was considered good only for about eight barrels daily and drilling continued. Gas struck shortly afterward ignited and the rig was burned late in December. When it was rebuilt, drilling was carried to 3,605 feet without obtaining a further showing. The hole then was plugged back to 2,730 feet and on April 16 was shot with eighty quarts of nitro-glycerin from 2700 to 2730 feet. In cleaning out, the hole filled slowly with oil and finally stopped over the top. Preparations were being made to thoroughly test the well by putting it on the pump when it flowed Saturday. The well had been bailed often and had been standing ten days when it flowed.

With the Owen & Sloan Chalk No. 1 on section 113, block 29, producing about fifty barrels of oil daily and gas enough to provide fuel for several drilling tests now in progress the Chalk section is beginning to

look like a regular oil field.

Owen & Sloan Chalk No. 2, about 600 feet south of No. 1 is now drilling below 600 feet. On south the Chalk No. 2 of the Marland Oil Company is making a test and their well is several hundred feet deep.

Carey and Lockhart spudded in their first test on section 88, last week and are preparing to drill one more well on this section. They spudded in a well on section 114, on Monday of this week and are getting ready to make a test on section 97, west of the Chalk No. 1.

Reeves and Apperman's test on section 126, was spudded in the first of this week.

The Magnolia Petroleum Co. is rigging up on section 114 and this test will be spudded in soon. Eight or more locations have been made in that locality and if the next well or two shows up as good or better than the Chalk No. 1, things will pick up in that section.

The contract depth of 3200 feet was reached in the test well on the Sparkman ranch in the northeastern portion of Glasscock county last week. Edward and Hoover, owners of this test were so favorably impressed with the formation at 3200 feet that they have decided to drill on down to the 3500 foot depth if oil is not found before they drill that deep.

Work is to be started as soon as a drilling crew completes a little work on their other well.

The Reeves and Apperman test well on the H. K. Clay ranch, eighteen miles southeast of Big Spring was spudded in Monday. This location is on section 126, block 29, W. & N. W. survey, and is about one and a quarter miles northeast of the Fred Hyer Clay No. 1 which has been producing oil since last November and about two miles southwest of the Owen and Sloan Chalk No. 1.—Big Spring Herald.

The West Side Singing Association annual meeting held at Cuthbert Sunday was a big success, according to T. H. Westbrook, president of the county organization and who attended the meeting at Cuthbert. Westbrook reports a large number in attendance.

Let every church in town help get Bean's 2 per cent on cash sales. Read his ad.

CANDIDATES MUST FILE THEIR APPLICATIONS SOON

All candidates for county and precinct offices who desire their names on the election ticket for the Democratic primary which will be held in Mitchell county on July 24, must file their application with the county chairman by Saturday, June 19.

Better attend to this matter immediately for you may overlook it if you put it off.

MARRIED AT COURT HOUSE

Raymond Light of Llano and Miss Mary Ratliff of Spade were married here Wednesday by County Judge Chas. C. Thompson at his office in the court house. Mr. and Mrs. Light will make their home at Llano.

QUALITY AT LOW COST

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place—
don't pay a Big Price
for an insecticide

Why pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode
You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a nuisance—a fire risk.

What of the Plants?
Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. *Eat it if you wish*—it will not hurt you.

How Much Apparatus
None is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture. It kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All
You know what kind of soap scum you best. Modern sanitation has made insect powder as necessary as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

Bee Brand INSECT POWDER

In red, sifting-top cans at your grocer's or drugist's. Household sizes 10c and 25c. Other sizes 50c and \$1.00.

If your dealer cannot supply you, send us 25c for large household size. Give dealer's name and ask for our free booklet, "It Kills Them", a guide for killing House and Garden Insects.
