

23RD YEAR—NUMBER 19

COLORADO, TEXAS, FRIDAY, FEBRUARY 11, 1927

WHILKEY PRINTING CO.

COUNTY FEDERATION MEET TUESDAY DRAWS LARGE ATTENDANCE

County Library Be Moved; School Faculty Praised; Gardens Be Planted

The County Federation met Tuesday in the county court room. The president, Mrs. Lee Jones, called the meeting to order. Mrs. Boyd Dozier gave a report of the library. The library will be moved at once to the city hall, where better quarters have been offered. Five new members and several new books were added during the month.

The Civic League reported a new president and plans made to embrace every section of the city.

The Daughters of the King have begun work with their girls' club in the city.

The 1921 Club is enjoying its study of drama and plans to entertain their husbands on February 22. The Hesperian Club will assist the Lions Club in financing the coming of Captain Booth, who will give a lecture in the high school auditorium.

The Colorado P. T. A. had a good program the first Tuesday, in the new auditorium. To get more parents interested and to do a greater work, it was decided to have separate P. T. A. organizations in every school building, the parents to go to the one in which they are most interested and the teachers to work in their own buildings. The splendid cooperation of the faculty in every undertaking has made this large venture possible.

Mr. Dawes will give a benefit musical program, using his Snyder, Sweetwater and Colorado clubs for this. The P. T. A. is advertising this and selling tickets.

The Loraine P. T. A. reported good programs, out of debt, but no new work being projected for the month.

The Homemakers had no report.

The 1923 Club reported 87 garments made, 164 quarts of bird, 235 pounds of soap, 100 pounds of butter sold, 16 shade trees put out, 1000 cabbage plants, 3 gallons of onion sets and about 600 cans filled with meats and other staples. One member, Mrs. L. L. Bassham, made the following report on trees and shrubs planted: 12 Elberta peaches, 250 blackberries, 6 grapes, 2 mulberries, 12 ash trees, 4 umbrella chinias, 2 lilacs, 6 monthly roses, Japanese myrtle, honeysuckle, 3 dozen chrysanthemums, 1 yellow rose.

The Conway Club was received as a member, dues paid and the following report made: They have a girls' club and a P. T. A., a seed exchange; members had made 76 garments, 6 quilts, put up 100 pounds of meat, 210 pounds sausage, 642 dozen eggs; had sold chickens, butter, eggs and milk; have put out 6000 onions and 1000 cabbage plants; members have installed a player piano and radio.

Miss Jones reported 12 girls' clubs with 124 members, with requests for five girls' and two women's clubs, stating that she would have to call on the Federation to help keep these going.

The Council met Saturday and adopted the year book. Hal five envelopes in the garden contest. Three prizes are offered in this and the government furnishes the fertilizer.

Mrs. Jones reported on the Co-Operative Market. The butter and egg part had gotten so big she could not handle it, but her object had been to make a market for the extra home-canned fruits and vegetables, and she had succeeded where the demand was very much greater than the supply. \$391.00 was sold during January.

Seven new members were received. The note at the bank was reported paid. It was voted to let Mr. White use the lots belonging to the Federation for a small sum.

Mrs. Boyd Dozier was re-elected librarian.

There was a good attendance of rural women at the meeting.

Baptist Workers Conference Draws Large Attendance

Large attendance marked the meeting of the Workers' Conference of the Mitchell-Scurry counties Baptist association that convened Tuesday at Buford to plan the details of Conquest Campaign of that denomination and to elect a moderator.

Rev. D. W. Morgan, pastor of the First Baptist church of Colorado, was elected moderator of the association while Rev. A. D. Leach, pastor of the rural churches in this section, was elected vice-moderator.

This association was divided into four parts with respective headquarters at Colorado, Snyder, Loraine and Roscoe.

Legion Meeting At Sweetwater Be Largely Attended

According to Judge C. C. Thompson, former post commander of Oran C. Hooker post, American Legion, from 300 to 500 Legionnaires, members of the sixty-five posts in this division, comprising the sixteenth, seventeenth and eighteenth congressional districts, are expected in Sweetwater on February 19 and 20, when the combined division and district conventions are held there.

In speaking of the convention, John Williams, present post commander, said:

"State Commander R. C. Winters will deliver the principal address on the afternoon of Sunday, February 20. Governor Dan Moody, who it was hoped would be on the program, will be unable to be present.

"The Legionnaires will begin arriving in Sweetwater Saturday evening. It is planned to have a band concert that evening, and a dance Saturday night in the Wright hotel, which will be convention headquarters. The Stamford band of forty pieces will attend the convention. Music for the dance will be furnished by Jack Armstrong's orchestra. The resolutions committee will also meet Saturday night in preparation for Sunday's business meeting.

"As is customary the Legionnaires will attend church services in a body Sunday morning, and at noon a buffet luncheon will be served, probably in the basement of the First Baptist church.

"The business program of the convention will be started in the afternoon with plans for increased membership, although other matters of general interest, including the trip to the Paris convention, will be discussed.

"The convention is expected to bring Legionnaires here from El Paso, Amarillo, San Angelo, Brownwood, Abilene, Mineral Wells, Breckinridge and all intermediate points.

"It is also expected that a delegation of disabled veterans will be present from the Legion Memorial Hospital at Legion, Texas."

Big Companies Interested In Coke Co. Test

The Lipan Oil company announces the making of a location to be known as the Lipan Oil company's Connor No. 1, in the center of lot 26, Lipan Oil company's subdivision of Coke county school lands. The test is to be made on the property of Robert Lee and near the Mitchell county line. The company has about 11,000 acres in its block, comprising lands of Jno. Saul, W. C. Blank, O. A. Allen, J. S. Walker, J. B. Walker, E. W. Walker, Silas Connor, Ray Connor, E. Mathers, Frank Mathers, and the Mathers estate. The test will be spudded on Feb. 1.

The geologists worked out in the Permian limestone ledges by A. C. Reeds, local independent geologist, and checked over and approved according to the announcement of the company by the following geologists: any companies—Marvin Lee for Stearnes-Streeter of Wichita, Kansas, who bought an interest in the well; Bill Ray of the Prairie; Dr. J. W. Beale of the Dixie; Forest Rice, independent geologist; O. M. Edwards, for the Red Bank; the Humble Oil & Refining company, and the Pure.

Local Citizens Royally Received At Abilene Friday

Col. C. M. Adams, Rev. D. W. Morgan, Monte E. Owen and Rev. J. E. Chase went to Abilene Friday to meet on business of importance and in behalf of this city and county and report the results of the trip very satisfactory.

The visitors report the citizens of Abilene very cordial and especially the newspaper men of that city, who showed the Colorado men every possible courtesy and promised them any help possible in any undertaking.

Colonel Adams was very much pleased with the royal way in which Max Bentley, managing editor of the Abilene Morning News, received the delegation from this city. He reported to Mr. Bentley ready to offer Colorado any advantage in the way of publicity or co-operation and states that he feels that this city can count on Mr. Bentley's publication at any time they can serve this section.

The visitors attended noon luncheon of the Abilene Lions club and had a very enjoyable visit in the Taylor county city, Colonel Adams reports.

SLEET AND ICE COVER PRACTICALLY ALL SOUTHWEST

Temperature Drops Below Freezing Tuesday P. M.; Traffic Tied Up

The Colorado territory was blanketed with a solid coat of sleet, snow and ice Tuesday night and Wednesday, which showed little tendency to melt up to noon Thursday. Although traffic was virtually tied up, no damage has been reported. Electric service was interrupted for a short time late Wednesday afternoon, but no damage has been reported to lines of the company.

The blizzard struck here Tuesday afternoon late and continued to increase in velocity until Wednesday, and snow and sleet fell at intervals all day Wednesday, with the result that more than one inch of sleet and ice covered the ground this morning.

Live stock are reported to be in good condition and while they are suffering considerably from the cold, stockmen are expecting no losses, although feeding is necessary. Water tanks and ranges have been frozen up for two days, which is giving cattlemen some trouble.

Doubtless the moisture will mean enhancement of a crop prospects for this year and farmers and ranchmen will doubtless benefit in the end from the moisture.

Mitchell County Game Preserve Gets Quail From State

The Mitchell county game preserve in the vicinity of Landers is to receive a shipment of quail from the state game department, according to information from Austin. Nineteen state game preserves in Texas are to benefit by a shipment of 2,000 quail as the result of the last official act of T. E. Hubby, who recently resigned as game, fish and oyster commissioner.

It is reported that this preserve may also get some wild turkeys at an early date as the game department also is making rapid strides in stocking sections of the state with wild turkeys where they are not found any more due to natural conditions or depredations of hunters in the past. Great care is being taken, however, to place the birds only on those preserves where natural conditions will allow them to propagate easily.

Preserves receiving the birds will be Devil's river, Del Rio, Palo Pinto, Brazos river preserve, Palo Pinto county; Johnson county; Kidd Martin preserve, Mason county; Reynolds preserve, Throckmorton county; Ballard preserve, Haskell county; Groesbeck, Limestone county; Honey Grove, Fannin county; Burleson, Bosque county; Garza county; Randall county; Hill county; Mitchell county, and Travis county.

Cedar Bend Well Is Drilling Again After Arrival Pipe

The Cedar Bend well of William Seyler, section 11, block 27 north, seven miles up the river from Colorado, started drilling again this morning at 2:00 feet, after a shut down caused by delay in receipt of pipe. The pipe was received Monday and was hauled out and run into the well Tuesday and Wednesday.

Oil men and others of this city are watching this well with great interest as it is said to be picking up log of the Westbrook producers and the owners have hopes of bringing in a good producer here.

Scout Meeting At Presbyterian Church Tonight

Regular meeting of the Colorado troop, Boy Scouts, will be held at the Presbyterian church, Thursday night, according to J. A. Ferguson, Scoutmaster.

Col. C. M. Adams, pioneer of the county, will address the meeting, and citizens are especially invited to attend, Ferguson says.

WESTBROOK MAN SUFFERS STROKE OF PARALYSIS

Uncle John Langley of Westbrook last Sunday suffered a stroke of paralysis and is now in a serious condition, although he has improved slightly since the stroke.

Snyder Says Be Glad To Help In Marking Roads

The Lions club is securing some desirable results in its efforts to get the roads in Mitchell county properly marked and it is expected that at least some of this work will be done at an early date. A letter has been received from H. G. Towle, mayor of the city of Snyder, in which he says that city will be glad to cooperate with Colorado in this work.

The letter from Mayor Towle is as follows:

"We are very glad to cooperate with Colorado in marking the streets leading to Colorado. We realize it is hard to even direct the tourist on our present streets to Colorado, so that they won't get off the proper streets, and we have heard the same complaints of Colorado since you opened up the north road. We thank you for your cooperation in this matter and we are sure it will increase the travel between the two towns."

Doss Drug Store Installing Latest Model Soda Fount

The W. L. Doss drug store Tuesday afternoon began the installation of one of the largest and most modern soda fountains on the American market. The fountain is said to be the most sanitary and complete made. It has automatic refrigeration and many improved features over other fountains. It is said this fountain, which is made by Liquid Carbonic company, is the first of these new and improved models to be installed in Colorado.

Gordon's Confectionery has purchased one of these fountains to be installed in Gordon's new place to be opened in the Colorado hotel.

The W. L. Doss store is to be congratulated upon the installation of this new and modern fountain. It will make this popular store even more popular than before.

Hudspeth Writes Colorado C. of C. Regarding P. O.

The Colorado Chamber of Commerce has received a letter from Congressman C. B. Hudspeth in which he states he has taken up with the post department at Washington the matter of more adequate quarters for the Colorado post office and has insisted that an inspector be sent here to look into the matter, with the result that the inspector will be here soon to investigate and see if something cannot be done towards securing more adequate quarters for the post office.

MAY CHANGE NAME OF C. I. A. AT DENTON

DENTON, Feb. 10.—The name of the College of Industrial Arts may be changed to "The Texas State College for Women" by a recommendation recently submitted to the fortieth legislature in a report by the educational survey commission.

The survey gave as its reason for such a recommendation that the word "industrial" gives the wrong impression of the State the wrong impression of the nature of the college.

President L. H. Hubbard says that the passing of the bill will depend upon many things. The recommendation in regard to changing the name was made independent of the college authorities.

W. D. BAKER RETURNS FROM MARLIN, WELL MAN

W. D. Baker, farmer, living on the Judge C. H. Earnest farm southeast of town, has just returned from Marlin where he spent three weeks in interests of his health and he reports a complete restoration of his health. He says he now feels like a young man and is able to do anything he wishes. Baker is one of the most prosperous farmers of this section and lots of other stuff on share crops, and is considered one of the best farm managers in the West.

PURINA DEALER GOES TO FT. WORTH MEET

James Logan of the firm of Logan & Jones, local feed dealers, is in Fort Worth this week to attend a convention of Purina Chow dealers, and through the factory of the Purina mills at Fort Worth and learn more of this popular prepared feed. Logan & Jones are distributors in the Colorado territory for Purina products and have had a very fine business on this line, we are told.

DR. CHAS. BOOTH GIVE FREE LECTURE HERE DURING MAY

Lions Club And Hesperian Club To Pay Expense Of Bringing Him Here

Announcement has been made by the Colorado Lions club and the Hesperian club that Dr. Charles Booth, a speaker of national reputation and a man of international fame in connection with Salvation Army work, will speak in Colorado during the month of May, these clubs having agreed to pay expense of securing him for a lecture here.

Dr. Booth will make a tour of this state during May and will come to Colorado at invitation of the above clubs. He is to deliver a free lecture at the high school building in the evening. He will also deliver a lecture to the school pupils in the afternoon.

Members of the Hesperian club who have heard Dr. Booth say he is one of the best speakers in the United States and are enthusiastic over his coming to Colorado.

Bill Repealing Guarantee Fund Goes to Governor

AUSTIN, Feb. 7.—Both branches of the Texas legislature have passed a bill originating in the senate repealing the law which provided guarantee funds and surety bonds for protection of depositors. The bill has been sent to the governor for approval. The new law would place State banks of Texas on the same footing as national banks in protection of deposits.

Riordan Store Burglarized; Guns And Watches Gone

The J. Riordan company store was burglarized last Wednesday night and several watches, two gold watches, several other articles, and all the small change in the cash register were taken. The robbers entered from a rear window, prying the lock off. Night Watchman Henry Key passed through the alley about 9:30 Wednesday night and noticed the window open and entered the building but the thieves had escaped.

S. S. CLASS TO MEET AT FORD AGENCY BUILDING

The Young Business Men's class of the Methodist church will meet next Sunday morning at 9:45 o'clock at the A. J. Herrington Ford agency building, according to T. W. Stonerod, Jr., teacher of the class. The members voted last Sunday to change the time of meeting from the church to the Ford building because of the crowded condition at the church. It is understood the class will meet at the Ford building regularly each Sunday hereafter.

COLORADO BOY MAKES GOOD WITH DALLAS FIRM

Arthur Wilson, son of J. A. Wilson of the Burns store, who left Colorado last September for Dallas to take a position with the Atlantic & Pacific chain store grocery firm, is making good with this company and has been promoted in that short time. Arthur is a graduate of the Colorado high school, is an honest and capable boy and many Colorado friends will be glad to know of his success in Dallas. He has a bright future before him with this large chain store company and will doubtless continue his upward advance rapidly.

WESTBROOK BAPTISTS CALL FULL-TIME PASTOR

The Westbrook Baptist church has called a full-time pastor, Rev. Mr. Markham of Abilene, and it is understood he has accepted. He is a Simmons man.

CHEVROLET DEALERS PROGRAM BROADCAST

J. B. Mills of the Mills Chevrolet company will attend a banquet and business meeting of Chevrolet dealers in Dallas next Monday, February 14, at which the entertainment feature of the program will be broadcast by Station KRDL of Dallas, 7:30 to 8:30 p. m. Chevrolet dealers from all over the State will be present at the meeting.

Colorado Hotel Advertises This City In Booklet

The Colorado Hotel, now five-story hostelry soon to be opened, is publishing a 12-page booklet to be placed in the rooms at the hotel for permanent use of guests, in which one page is devoted to boosting Colorado. We quote from the booklet as follows:

"Colorado, Texas, population 5,850, is located in Mitchell county and is surrounded by a farming territory that is as rich as will be found in any section. Farming being the principal industry of the county, it is noted for the extra fine staple cotton that is produced within its boundaries. There are some 42,000 acres raised annually and it brings a premium of about \$8.00 per bale. There is also produced about 1,250,000 bushels of grain sorghums and some 41,500 tons of hay and other forage. Poultry raising and truck farming has been successfully introduced during the past few years and there are some \$2,350,000 worth of these crops produced annually. In fact, every crop that is adaptable to the Temperate Zone is raised in this section.

"The trade territory of Colorado covers about 1,200 square miles and has some 21,000 inhabitants. Within this territory are several oil pools which make up the Mitchell county field and consists of 107 producing wells. At this time there are several new tests being made and the possibilities are good that the already proven territory will be extended. It has been estimated that the oil development has added \$10,000,000 to the wealth of the county.

"Live stock raising is another very large and profitable industry. There are some 31,750 fine beef cattle produced in this county. These cattle find a ready market throughout the country and bring in sound wealth to the county. Dairying, poultry raising, hog and sheep raising are industries of importance that are successfully being operated in Colorado.

"The geological location of Colorado, and the proximity of the raw products and accessibility to fuels make this an ideal place for industries. Located here is a Million Dollar Cal-Tex Refinery, seven gas, compress, sand and gravel company, three bottling works, cottonseed oil mill, etc. This city has seven churches, five fine schools that are rated A-1 by the State Board of Education, a hospital, a beautiful country club and golf course, and many new and beautiful homes. During 1926, the building program for this city included 163 residences and 28 mercantile buildings that aggregated a total expenditure of \$1,215,000. The growth in population was about 25 per cent over the year previous.

"Plans are now under way by the Chamber of Commerce to get a better road system throughout the county, and to interest several large industries to locate here, and to assist in a real agricultural program that will greatly increase the value of the farm products of this section.

T. C. RICHARDSON WILL MOVE TO NEW FARM HOME

T. C. Richardson, who recently purchased the ranch home of C. P. Gary, five miles south of Colorado, on the Spade road, will move his family to the place next week. This is one of the best farm homes in the county and Mr. Richardson has recently had the place re-papered and fixed up and will occupy the same and will manage his farm there. The Richardson home in North Colorado will be leased, Mr. Richardson reports.

POSTAL DEPARTMENT HEAD SAYS INSPECTOR COMING

The Chamber of Commerce has received a letter from John H. Bartlett, first assistant postmaster general, in which he says an inspector has been detailed to come to Colorado and look into the matter of securing more adequate quarters for the office.

PAT NEFF NAMED ON RAIL LABOR BOARD

Pat M. Neff of Waco, former governor of Texas, Monday was named member of the federal railroad labor board by President Coolidge to succeed Carl Williams, resigned. Neff has accepted the appointment. The salary of members of the board is \$12,000 per year and Neff's term of this appointment is to run for 23 months, with a probable re-appointment for four years.

SWEETWATER AND SNYDER CHORAL CLUBS JOIN IN PROGRAM

P. T. A. Of Colorado Is To Benefit From Program Here Feb. 18

The Sweetwater and Snyder Choral clubs are to join the Colorado Choral club in presenting a beautiful program at the Colorado high school auditorium next Friday, February 18, according to Prof. Thomas Dawes, director of the three clubs. The program will be given as a benefit program for the Colorado Parent-Teacher association and a small admission charge will be made for that purpose.

The choral clubs of the three neighboring cities have made it an annual custom to give one program in each of the three towns in which all three clubs participate, and the people of Colorado have always enjoyed the programs given by these clubs, and they look forward to the program on next Friday evening with great interest. It will be an excellent program, according to information given the Record, and will doubtless get attendance from several of the surrounding towns.

Colorado Has Better Chance For P. O. Bldg.

WASHINGTON, Feb. 7.—The chances of Colorado, Mexico, Taylor, El Paso and other Texas cities for Federal building relief are thought to be considerably enhanced by the report that the House of Representatives is increasing the authorization for public buildings outside the District of Columbia to \$200,000,000. One year ago congress authorized \$100,000,000.

Abilene Man To Lecture To Excel Class Next Sunday

Mr. J. C. Koen of Abilene will give a special illustrated chalk lecture to the Excel Bible class next Sunday, according to W. F. Nollner, official of the class. This class is meeting at the Palace Theatre and is having excellent attendance. Special music will be had next Sunday also, in addition to the special lecture, Nollner says, and he predicts record-breaking attendance.

Ladies Day At Colorado Country Club Postponed

The regular Ladies' Day meeting of the Colorado Country club, which was to have been held Wednesday of this week, was postponed until Wednesday afternoon of next week on account of the inclement weather. The Record is requested to announce that this regular ladies' open-house on Wednesday afternoon at 3:00 o'clock.

HALL VOTES TO OUST DALE AND MOORE, SAID

According to press dispatches from Austin, J. C. Hall of Colorado, representative from the 117th district, voted to expel F. A. Dale and H. H. Moore from the legislature on charges of accepting bribery money. Hall is listed in the Aye on both ballots.

WARREN AND SON SHIP CATTLE TO FORT WORTH

W. T. Warren and son, Roy Warren, shipped a car of fat cattle to the Fort Worth market last Saturday from their feed lot here. The Warrens have about two cars of cattle on feed yet and will ship these as they are finished for market.

HYMAN COMMUNITY IS GETTING NEW HOMES

Three new farm homes are under construction in the Hyman community, 25 miles southwest of Colorado, and a number of new citizens are moving to that community. A new church building is also being constructed at Hyman. This community is only about four years old. It has made wonderful progress. It now has a three-teacher school and a splendid building, post office, store and other enterprises.

Starring Priscilla Dean and all star cast. A big outdoor Action picture. Comedy, "Listen Lena."

RITZ

SATURDAY, FEBRUARY 12

'TEX'

Starring Ruth Mix. This is Tom Mix's daughter in a big Western picture—one of her finest pictures—so be sure to see it. Also a good two-reel Comedy.

New Hope Items

Mr. Tom Jackson has been on the sick list for several days.

Mr. and Mrs. Whitefield entertained with a party Thursday night.

Mr. and Mrs. Edward Thompson of Snyder were the guests of Mr. and Mrs. Dick Hardy Saturday.

Mr. and Mrs. Jesse Bohannon entertained with a party Friday night.

Mr. and Mrs. E. C. Airhart of Knott spent Saturday and Sunday with Mr. and Mrs. Jim Latty.

Rubens Schussler of Odessa is visiting his parents, Mr. and Mrs. H. Schussler.

Rev. Johnson filled his regular appointment at the Methodist church Sunday.

Mrs. J. W. Ruffin and children of Westbrook, attended services at the Methodist church here Sunday night.

Little George and Margaret Watford returned home Sunday from Colorado, where they had been visiting their grandmother, Mrs. Franklin, for the past two weeks.

T. E. Ellett and Ben Ellett motored to Big Spring Monday on business.

Miss Gladys Kirkpatrick of Colorado spent the week-end with her sister, Mrs. Jesse Bohannon.

Mrs. Stoney Martin of Eastland visited in the home of her son, Harold Martin, last week.

John Latty left Monday for Midland, Amarillo and Borger.

Mr. and Mrs. Lee McNew were in Colorado the first of the week on business.

Miss Nellie Jackson entertained with a supper Sunday night. Those present were Mattie Ruth Franklin, Ted Jackson, Della May, Richard Jackson, Ara Bohannon, Mrs. Hallie Jackson.

Mr. and Mrs. Fred York spent the week-end with relatives in Coahoma.

Miss Nola Ruffin, Mr. Bill Williams, and Miss Gertrude Blakely of Westbrook attended services at the Methodist church Sunday night.

The New Hope basketball team met Conaway on their ball court Friday. The score in the girl's game resulted in 10-8 in favor of Conaway and the boys' game resulted in victory for New Hope by a score of 18-14.

Shepherd Locals

This weather we are having makes us think what we did with our summer's wages.

Mrs. H. B. Iglehart and daughters, Stattie and Audrey Mae, came up from Abilene and spent the week-end in the W. H. Nowell home. Stattie is attending Draughton's business college and Audrey Mae is attending Central ward school. Miss Fernetta Thompson, sister to Miss Lila Mae Thompson, principal of our school, also came with them and spent the week-end at home. While here Stattie and Fern saw the basketball game between Colorado high and Draughton college.

Last Wednesday, Longfellow surprised us by coming over for a basketball game. Only a few members of Shepherd's team were there, but a short game was played and the score was 8-11 in Shepherd's favor.

My, but weren't there lots of people at Shepherd school last Friday afternoon! Let us explain. The school, led by the sixth grade, played three battles of the Texas Revolution—the battle of the Alamo, the battle of Coleto, and the Goliad massacre, also the battle of San Jacinto. The Colorado sixth graders, numbering about one hundred, with Mrs. H. S. Beal, Mrs. Roy Richardson, Mrs. Jones, and teachers, Misses Webb, Wilkes and Boise, were here to see them. Also Mr. and Mrs. Reese, Longfellow teachers, with pupils, were here. After the battles, Longfellow and Shepherd played ball. The girls' game resulted in a score to 16 to nothing in favor of Shepherd, and

the Shepherd boys took the big end of the score in their game by 10-8.

Mrs. Wiley Coles visited her parents, Mr. and Mrs. L. L. Myers, last Friday afternoon.

Misses Gertrude Sailors and Katharine Thompson of Colorado motored out with Lucius Comer and Helen Davis to see the ball games Friday afternoon. Lucius and Helen are home boys. They are attending high school in Colorado and are "making good."

YOUR INCOME TAX AND THE DEDUCTIONS

In making out their income tax returns for the year 1926, taxpayers are advised by the Bureau of Internal Revenue carefully to present their claims with regard to deductions for losses. To be allowed such claims must conform closely to the wording of the statute. Losses are deductible if incurred in a taxpayer's trade or business, in any transaction entered into for profit, though not connected with the taxpayer's trade or business, or if arising from fires, storms, shipwrecks or other casualty, or by theft, and if not compensated for by insurance or otherwise.

Business losses result usually from the purchase and sale of merchandise. Such losses are ascertained by means of inventories, which are required whenever in the opinion of the Commissioner of Internal Revenue their income is necessary to determine the income of any taxpayer.

The cost of capital assets, less adjustment for depreciation and salvage value, may be deducted from gross income if their usefulness suddenly is terminated, and they are disposed of. For example, a manufacturer may be compelled to scrap machinery because it has become inadequate or obsolete. He may, deduct the loss sustained, if he has sold, abandoned, or otherwise permanently parted with the machinery. Such loss must be charged off the books of the taxpayer and fully explained in his income tax return.

If a taxpayer demolishes a building used in his trade or business and replaces it, he may deduct the loss sustained. But if he buys as the site of a new building, the old building, which is located on an old building, demolition of the old building is not considered a loss, and therefore is not deductible. The value of real estate, exclusive of the old improvements, is presumed to be equal to the purchase price of the land and buildings plus the cost of removing the useless buildings.

Cold Snacks For The Traveling Man

JOHN JONES' secret is out! Jones is a traveling man famous for his amazing health and cheery disposition.

It came about one day when there was no diner. The train was late and the air was filled with hungry complaints. Everybody grumbled but Jones who coolly and calmly opened his picnic basket and drew out a sandwich, a glass of juice, a fork, a spoon and a can opener.

There was silence, staring and wondering glances. Jones, however, was powerful and efficient because of the discipline he exercises. Of his way of choice, posted him. It was bread and butter, salt, and a dash of ketchup. How easy to make a delicious sandwich.

And a can of saucerant juice to drink! Jones has carried a supply ever since he was threatened with indigestion because of irregular meals. The doctor told him then about the benefits of the lactic acid in saucerant juice as a therapeutic agent in cases of diabetes, indigestion and disorders of the intestinal tract.

Jones declares, too, that saucerant juice is a most refreshing drink when water is stale and no hot coffee in sight.

So it is to those imprudent meals of unappetizing canned foods, ready even when restaurants are closed, that he owes his remarkable ability to withstand the rigors of constant travel, according to the story.

"Let the train be late," he boasts, "I am fortified against the discomforts of hunger, thanks to my blessed saucerant juice."

Frank Kelley, local manager of the Magnolia Petroleum company, and Joseph Kitchenstein of the Pullman Co. of the company, left Colorado Tuesday for Del Rio on business. Record office. About half price.

William Roe of Olden, head of the gasoline division of the Magnolia Petroleum company, was in Colorado this week on business connected with the installation of a gasoline plant at Otsehall.

WORLD STARVING ONE HUNDRED YEARS FROM NOW

Do you want your grand-children to starve? Or don't you care what happens after you are gone?

A new and alarming problem has been presented by prominent scientists who maintain that in fifty or a hundred years there will not be enough food for the human race to exist upon.

Two billion dollars worth of food, in the United States alone, is being consumed by insects. One million men are employed to produce this tremendous waste. The conditions of cultivated farming are said to be ideal for the "bigger and better" breeding of preying insects, and unless radical methods are adopted, there is no relief in sight for the coming human generations.

Two methods have been suggested for the forestalling of this prediction. The first is the enforced limitation of population by birth control and the second is the elimination of all waste.

Each farmer who produces to the utmost possibilities of his land is adding a day, a month, a year to the life of the human race. To do this, he must wage a relentless and bitter fight against those enemies of conservation, the insects and fungi. He must have not only the assistance of trained chemists but the best insecticides. He will find a short cut to success in his battle by purchasing his insecticides and fungicides already prepared. Besides, he will have the satisfaction of knowing he has the best to be had, prepared by men who have spent years in the study of their work.

WHY SUFFER

You can rid yourself of Rheumatism at once. Rheumalax reaches and removes the cause of rheumatism, doesn't just stop pain for few hours, but brings permanent relief by cleansing the liver, kidneys, stomach and bowels of the poisons which are the direct cause of rheumatism, guaranteed by your druggist.

New Fords in Colors Admired at Auto Show

Breaking away from the conventional black the latest Ford cars, on view at the automobile show, all appear in colors, a fact which has elicited much admiration from the thousands who have attended the Ford exhibit since this show opened.

The beauty of the new color schemes is further enhanced by the slicked radiator shell, the handsome low-slung bodies, and the large, attractive fenders. Stepping inside the closed models, one notes a carrying out of the pleasing effect, with plenty of room and comfortable seating positions for all passengers, as well as a harmonious blending between high grade upholstery and the interior trim.

Those who consider that wire wheels add to the beauty of a car may have any Ford model that way, wire wheels being optional on the Fordor Sedan and furnished at small cost on other types.

In performance the Ford cars on view likewise show a notable improvement, due to the new vaporizer which is now standard equipment on all models. As a result of employing the vaporizer, the world-famous economy of previous models is bettered, with greater mileage to the gallon of gasoline, and in addition smoother operation, more power, reduced carbon and crankcase dilution, and easier starting.

Low chassis frame, one-piece windshield, the Taylor and Coupe models, added accessories, convenient location of the coil box and sediment bulb, and improved brakes in the rear axle and transmission—these are among the other refinements of the cars being exhibited at the Ford display.

A remarkable fact is that Ford quality, dependability, beauty, comfort, economy and convenience are better than ever, yet the price are at their lowest levels—thus making them the best values in Ford history, due to large scale production and the Ford method of building its cars complete from the source of raw materials to the finished automobiles.

RAINFALL FOR COLORADO FOR LAST NINETEEN YEARS

Table with columns for Year and Rainfall (Inches). Rows include years from 1908 to 1926.

BLESSINGS IN DISGUISE

In many of the strictly agricultural sections of Texas and Oklahoma times are pretty tight this year...

The fact that many Mitchell county farmers are making two or three cows and a small flock of hens pay their grocery and dry goods bill...

While the half of the wonders of Texas has not been told, and probably never will be, we have some hot air artists...

Let us urge you, dear people, not to kill anybody these parious times. Our country simply cannot afford such a thing...

APPEARANCES SOMETIMES DECEIVE

How often have you seen people or businesses that had every outward appearance of prosperity?

From a psychological viewpoint the one who is making the greatest "show" is the one that profits most until the fact's out.

When you pick your friends or business, do not depend on the appearances of either, for you do not know any of the inside facts of them.

In the instance of appearances we might make a comparison with the old saying "still waters run deep," and truthfully say, that "appearances are sometimes deceiving."

With the further fact that this city is centrally located as regards the oil fields of West Texas, the opening of Hotel Colorado, this city's new five-story hotel, will tend to make this city the most desirable headquarters for oil men...

We would have liked very much to have had every anti-paved-highway devotee with us on a short trip by car the other day, if they could have suffered this trip through the mud of the dirt highways...

Just because we can't dictate how an institution, city council or state should be operated or handled, we need not get grouchy or fall out with some one about it.

Not satisfied with having heat and light piped to them, the people of the world are asking more. In truth, life is one grand run to pay for something you have and get credit for something else.

The spring-like weather of last week caused the plowing of many garden spots at both town and country homes. There is no reason why practically every homeholder should not have a garden next summer.

The fact that some scientist has discovered that a certain cotton by-product may be used for sausage casings may not increase the price of cotton very much around Colorado, if any...

Farmers in Mitchell county are now busy turning the soil preparatory to spring crops. The farmer of this section who plows early, thus conserving the moisture, is always the farmer ahead at crop gathering time.

We recently heard of a Colorado man who is so absent-minded that he got up in the night to get his wife a dose of medicine and drank it himself.

When a Colorado citizen stops to get even with his enemy he is losing considerable valuable time that could well be used in getting ahead of him.

POPULAR BIG SPRINGS COUPLE MARRIED HERE Edell Snell and Helen Stewart, both of Big Springs, drove over Wednesday afternoon and were united in marriage at the Christian parsonage in Colorado at 6:15 p. m. Rev. J. E. Chase performing the ceremony. They were accompanied by Mr. and Mrs. Kirby Miller. The groom is employed in the oil field and makes Big Spring his headquarters. The bride is one of the proprietors of the Vogue Beauty Shoppe. They will continue to make Big Spring their home.

CARD OF THANKS We wish to express a word of appreciation and heartfelt thanks to those who so tenderly assisted us during the recent illness in our home and for the kind words and deeds and the floral offerings given at the burial of our infant daughter. May God bless each of you. R. H. and Zelma Barber.

TWO LEGISLATORS EXPELLED BY HOUSE AUSTIN, Texas, Feb. 8.—The House of Representatives Tuesday afternoon expelled F. A. Dale of Bonham and H. H. Moore of Cooper on charges of having accepted a bribe of \$1,000 from W. W. Chamberlin to influence pending legislation and declared their seats vacant. The resolution expelling Dale was adopted by a vote of 133 to 4, with two present and not voting. Moore was expelled by a vote of 119 to 14, with four present and not voting. It required a two-thirds vote to expel, and the vote for expulsion was overwhelmingly above the necessary ratio.

Price Bros. will sell you a 2, 3 or 4 Disc Plow to break your land. The price is right.

WHY SHE FELL FOR HIM

She had a beautiful figure. She walked with a gracefulness that caught his eye. He noticed the chic and style of her dress. It was up to the minute in style. She had pretty feet and well turned ankles. The wind was making her filmy gown cling to her shapely limbs. Why did she keep that sunshade in such a manner he could not see her face. He knew she was beautiful. She stopped at the door of a movie and bought a ticket. He must be with her, so he did likewise. He followed her in. She sat down and he sat down beside her. He showed appreciation and looked at her. She caught her breath in a gasping manner then cuddled up to him. She leaned on him and let her head rest on his shoulder. He began to realize his power over women and felt a glow of satisfaction. He knew that he must be irresistible. This conquest has been so dead easy. Just one look at him and she had surrendered. The lights came on. He took her to sit up and not act like a fool. It was his wife.—Exchange.

Chronic Constipation This is an ailment which you should correct at once. Every day a failure and quickly self poison ever-powers a healthy body. Iodinal (iodized petroleum oil) will relieve any case of constipation by lubricating and stimulating the intestinal tract. Not a medicine but a lubricant. COLORADO DRUG CO

Count Them--

—as they pass you on the street or road—those tires that come from HICKS. You will find them in the majority, and why?

There is a reason for this constantly growing popularity. Experience has taught the motorist that Dayton, Alamo and Pharis Tires are rendering a far greater mileage in proportion to cost than any competitive brands.

Tires that wear—Tires that deliver consistent and uninterrupted service, mile after mile, until the mile age will astound you—these are the Tires that come from Hicks.

Remembering Quality—

MOODY'S TAX PLAN GETS SUPPORT OF BOTH SENATE AND HOUSE

Resolution to Give Highways All of Gas Tax Also Gets C. K.

AUSTIN, Feb. 9.—Joint resolutions proposing constitutional amendments that would revise the present taxation system were reported favorably Wednesday by the House Committee on Constitutional Amendments.

ed for submission to the people is embodied in the joint resolution by Representative J. W. Stevenson of Victoria, providing the machinery for abolishing a State ad valorem tax. Under the plan proposed by Stevenson, the revenue for the State Government would be derived from a tax on intangible property, on natural resources and on privileges extended by the State. The counties would obtain their revenue from an ad valorem tax.

MILLION A MONTH IS VALUE OIL BUSINESS
Oil now being produced daily in West Texas counties, with eight counties specified, amounts to 2,122,500 barrels a month, and an average of 70,750 barrels a day with a cash value of not less than \$1,804,125 each thirty days.

Only 13 Bills Out of 755 Get Through Mill

AUSTIN, Feb. 9.—Of 755 bills introduced in the senate and house, only thirteen, which have passed both branches, have been approved and filed by Gov. Dan Moody, according to the records of the secretary of state's office on the twenty-ninth day of the session. One-half of the regular session has passed, and it appears that the forecast made to the house Monday by Speaker Bob. Hitt that a large amount of proposed legislation is to die on the calendar as a result of limited time in which to consider the bills to be borne out.

THE FROCK SHOPPE

The Edwards Frock Shoppe is now upstairs at the Bedford Grocery, in charge of Mrs. Sam Bedford. We have the Hemstitching Machine and fully equipped to give good service. The ladies are invited to call and see. MRS. S. H. BEDFORD.

W. W. PORTER RAPIDLY RECOVERING OPERATION

W. W. Porter, who was operated on at Temple last Thursday, is recovering as rapidly as could be expected, according to information received from him this morning. He was operated on for gall stones and the operation was very successful, reports say.

Star Parasite Remover

Given in water or food kills chickens and turkeys of intestinal worms, cures parasites, blood-sucking lice, mites, fleas, Blue Doves; improves their health, reduces disease, increases egg production. Eggs hatch faster with stronger young chicks or money back.

in handsome case. Guaranteed to do everything the big machine will do. Double shift, standard keyboard. See and demonstrate the machine at the Record office. Sold on credit.
Whipkey Printing Co.

SMALL BOYS ARRESTED ON BURGLARY CHARGE
Two small boys giving their names as Lonnie Mallard and Lindley Moody of Breckenridge, and their ages as 15 and 13, respectively, were arrested here Thursday morning by charges of burglary. They were Chief of Police Dick Hickman wanted at Cisco for burglarizing a store and Hickman picked them up on advices from officials there and on suspicion of having broken into the Jones, Russell & Co. store here Wednesday night.

The boys are said to have confessed to the crimes, and 48 pocket knives, an automatic pistol, about \$25 in cash were found on them and they were clothes stolen at Cisco and shoes taken from a store in Ft. Worth, it was said. The knives were identified as goods taken from the Jones, Russell & Co. store here. Chief Hickman reports the boys confessed to robbing a store in Breckenridge of \$28 cash, and of securing \$10 in cash and some shoes from a Port Worth store, the pistol and other articles in Dallas, and the knives and some ammunition at the Jones store here Wednesday night.

The lads were turned over to the county authorities by Chief Hickman and are now in jail awaiting the action of county court.

A number of petty theft cases have been reported in Colorado recently and Chief Hickman has determined to clean up these. He is of the opinion that boys are responsible for the crimes and he will likely clean up the offenders soon.

A friend is someone who knows all about you and loves you just the same.

RESOLUTIONS APPROVED
Concurrent resolutions approved are policing capitol grounds during inauguration of Gov. Dan Moody.

For joint session of legislature to hear Gov. Dan Moody's first message to the legislature.

No student is complete without a Remington Portable

Whipkey Printing Co.

THE student who uses a Remington Portable Typewriter will tell you he couldn't get along without it, because it takes the drudgery out of writing up his lectures and preparing his reports and theses. Besides the time it saves, the Portable provides neater work than could possibly be turned out by hand. Profs are human, you know, and they appreciate and reward neat and legible work.

You'll find Remington Portable the handiest, fastest, and simplest to operate of all portables. It is the lightest (8 1/2 pounds, net) and most compact portable (carrying case only 4 inches high) with four-row standard keyboard. Can be purchased for \$10 down and \$5 monthly.

The Recognized Leader in Sales and Popularity.

ATTA BOY EDDIE

Now Atta Boy Eddie's a chappie Who's always contented and happy.

He works with a will
All his orders to fill
And delivers the lot, quick and snappy.

Eddie's argument is sound if it's true that the way to a man's heart is through his stomach. Groceries are essentially gastronomical commodities. **GLAD GROCERIES** are the best gastronomical assets. That's logic, isn't it.

MAGNOLIA MAKES TWO LOCATIONS IN COUNTY

Magnolia Petroleum company has made location for their C. M. Adams No. 8 in southwest quarter of section 11, block 28, north, and their Francis Adams No. 4, in the northwest quarter of the same section. These wells are in the producing area in the Westbrook field and are offsets to other wells in that vicinity.

CEDAR BEND WELL HITS SALT WATER AT 2,250 FT.

The Cedar Bend well struck a strong flow of salt water Wednesday afternoon at 2,250 feet and the hole is full of water, but the owners say the water will be cased off and the drill will go on down to depth of the Westbrook field. Oil men say the striking of salt water at this depth is favorable for this well as it can be cased off before the pay sand is reached.

NOTICE, MARKET CUSTOMERS!

As I am doing only a thirty-day charge business and am paying cash for what I buy, I am forced to collect my accounts promptly each month, and I ask that you either pay cash for your market goods or pay promptly each 30 days. I appreciate your business and will offer any accommodation I can but I must collect my accounts each month or sell for cash only. I trust City Market customers will continue to patronize us but be governed by the above. CITY MARKET, J. F. Morris, Prop.

CHIEF HAILSTORM

The thud of the tom-tom and the war-whoop rang Tuesday night when Chief Hailstorm, a Cherokee Indian chief, performed before a large audience at the high school auditorium. The Indian was in Colorado all day Tuesday and created much excitement and curiosity as he walked the streets, clad in Indian regalia.

Chief Hailstorm has toured all over the United States and in 14 foreign countries. Up to a few years ago he played in the movies with such notable film stars as William S. Hart, Tom Mix and others. Since that time he has traveled.

He delights the audience with special Indian dances, such as the trial dance, medicine man dances and the war dance, explaining what the significance each held to the Indians. He explained the meaning of the feather head-dress, stating that each eagle feather therein represented a scalp taken in battle. He also sang several Indian songs. Chief Hailstorm speaks several languages fluently. He spoke to the audience in his own tongue, Russian, Japanese and German.

He gave a short history of his tribe and depicted the life of his people today. He stated that the Indian boys and girls were going to school and colleges and learning to be Americans.

FOUR VOTES

MAGNOLIA MAKES TWO LOCATIONS AT CHALK

Magnolia Petroleum company announces two new locations at Chalk field this week. Owen-Chalk No. 8, in section 113, near their Owen-Chalk producers, and Kelley-Chalk No. 2, in section 124, southeast corner of northeast forty acres are the new locations.

This company last week announced location of T. L. McKinney No. 1 in northwest corner of section 30, block 29, south, Mitchell county, near their New Iatan producers. This well will be rigging up in a few days, we are informed.

Work on new garage and machine shop at the Iatan camp of Magnolia was started this week. This company is also building several houses at that camp and doing other improvement work there.

ROBERT CRUMP BURIED HERE FRIDAY AFTERNOON

Robert H. Crump, age 62, who died at Tucson, Arizona, Sunday, January 30, was buried in Colorado Friday, February 4th, at the Pacific train Thursday night.

Funeral services were held at the First Methodist church Friday afternoon at 3 o'clock, conducted by the pastor, Rev. M. M. Beavers. Interment was at I. O. O. F. cemetery.

Several relatives survive the deceased. Mrs. Venus, of Spade, Mrs. Rice and Mrs. Adcock of Stephenville are sisters of deceased.

Mr. Crump lived in Mitchell county for many years and farmed near Spade. He was a leading Mason and considered one of the best citizens of the county while living here. Many of the old timers here remember him and join their friends in expressing sympathy for the bereaved relatives.

OWEN-SLOAN COMPANY DRILL NEAR MERKEL

The Owen-Sloan Oil company of Colorado has secured a block of acreage south of Merkel near the village of Blair on which they will drill a well at an early date. The well will be about 10 or 11 miles south of Merkel. Exact location for the well has not been announced.

What Are You Doing For Your Punny Child?

One boy gained 11 pounds in 7 weeks and is now strong and healthy

For weak, frail, under-developed children—and especially those that have rickets, and need a sure builder that promotes the growth of teeth and bones, cod liver oil is the one medicine supreme—nothing helps like it.

But it is nasty and repulsive and evil smelling and nearly always upsets children's stomachs—so now up-to-date chemists advise McCoy's Cod Liver Oil Compound Tablets, sugar coated and as easy to take as candy.

One boy gained 11 1/2 pounds in seven weeks, and is now healthy and happy—thousands of other children have grown strong and robust.

Sixty tablets for 60 cents at Colorado Drug Co., and all druggists and money back if not satisfied—always insist on McCoy's—the original and genuine. No. 1

REA'S RED BALL STAGE LINE

Leaves Colorado every day east at 10:30 a. m., 2:50 p. m. and 6:30 p. m. for Trent the newest oil field.

Direct connections to Lubbock, Amarillo, Sweetwater, Abilene and Fort Worth; San Angelo, Stamford, Vernon, Wichita Falls—direct to all these points.

Work On Gulf Filling Station Starts Saturday

Work was started Saturday on the big filling station of the Gulf Refining company at corner of Locust and Second, on what is known as the old Presbyterian church corner. J. T. Wilson of Waco is in charge of the work for the contractors and will push the structure to completion as rapidly as possible.

"Keybrook" Is Name of Whipkey & Merritt Place

The Whipkey & Merritt confectionery in the Thomas & Earnest building just north of the Palace Theatre, has been named the "Keybrook" Confectionery. A. L. Whipkey and Roddy Brooks Merritt are the owners of this popular place. They report business very satisfactory.

Ginnings In State Reach Five Million

According to figures issued by the department of commerce at Washington, 5,171,799 bales of cotton had been ginned in Texas up to January 16 this year. Figures for the same period of the 1925 crop were 3,999,769, showing an increase in production for 1926 of 1,250,000 bales.

A. B. Blanks Goes To Ada, Oklahoma Manage Laundry

A. B. Blanks, former owner of the Colorado Laundry and citizen of this city for several years, left Wednesday morning for Ada, Oklahoma, where he is to take charge of the Ada Steam Laundry, as manager, on the 10th. Mr. Blanks formerly lived in Ada and owned and managed the Ada laundry for 15 years. He moved from Ada to Graham, Texas, where he operated a laundry for a short time before coming to Colorado in 1920.

More Tests

The Midwest company is expected to begin in a few days building a rig for No. 4 Thornton. The Marland company will shortly begin work on several new tests. Marsten Oil company's No. 1 E. Howell, southwest of Atlantic-Landreth's Howell, is down below 1,000 feet.

Shortage Of Pigs Affects Boys Pig Clubs

Shortage of pigs has greatly affected the organization of pig clubs in Mitchell county, according to W. S. Foster, county farm agent, who reports that he has eight pig clubs in this county organized and ready to purchase pigs for fattening purposes and no pigs are available. Foster reports these clubs have made arrangements with the banks of Colorado for money to finance their organizations and have been endeavoring in vain to secure about fifty pigs for this purpose. He says the Colorado banks are financing the boys on their own notes without security to encourage the boys club work in the county, and he expects the organization of other clubs this spring. The clubs now organized are composed of boys in the following communities: Carr, Lone Star, Seven Wells, Shepherd, Rogers, Silver, Little Sulphur and Payne.

NEW SERVICE STATION SAYS BUSINESS GOOD

T. E. Foster, proprietor of the Depot Service Station in the Root building corner of First and Walnut streets, reports their opening Friday and Saturday a complete success and says business is starting off fine. This place handles Kelly-Springfield tires and tubes, accessories, etc., and has storage facilities.

A number of Central Texas club women order canned chicken regularly from the local county federation, and recently orders have been received from other states.

Local bankers and business men say this market sponsored by the county federation has been of great value to the county as it solves the farmers' marketing problem. All the products must be of the highest quality and put up and handled in approved sanitary manner and delivered to the home of the president of the federation who places it with the consumer free of charge.

MOVING PRINTING OFFICE TO BIG SPRING THIS WEEK

The small job printing office installed here last year by T. A. Lee-man was recently purchased by the Big Spring Herald and is being moved this week to that city. Lawrence Simpson was here Monday to crate up the shop and help ship it to Big Spring.

Mr. Blanks, who recently underwent a very serious operation at a Dallas hospital, is reported to be recovering rapidly and she will join Mr. Blanks at Ada as soon as she is able to leave the hospital. Their charming daughter, Miss Alice, student in the Colorado high school, left on Wednesday with her father for Ada.

With the increase of the Allen well to forty-two barrels daily, the operators and local oil men now anticipate the drilling of an offset well, with the major companies holding large blocks of acreage in the vicinity, also being tested. The present outlook is one of the development of this territory in the hopes of finding greater production, and a field of profitable output of oil. Two new locations have already been announced in Loving county.

Owens & Sloan are the pioneers of the Chalk fields, and Colorado oil fields, and their entry into the field is looked upon as quite encouraging to local men. They are experienced operators and have had great success in former dealings and drilling. Pecos Enterprise.

Dr. Judd went out to Loving county field during the week, and made the location for Owen & Sloan of Colorado City, in the center of the southeast quarter of section 20, block 53, township 2, Loving county. The well will be the W. D. Johnson No. 1, and is to be drilled in the near future. Drilling contract was obtained with the sale of the lease.

Dr. Judd chairman of the Artist committee of the college, and is one of the most constant workers for the forwarding of social life on the campus.

Membership in the market is open to any Mitchell county woman. The present membership is as follows: Mesdames C. H. Thomas, H. L. Harrell, J. M. Byrd, Ed Roach, Chester Hart, Sid Hart, Joe Johnson, Benton Templeton, R. B. Terrell, Vivian Shropshire, Sam Wulfjen, Thomas J. Riden, L. H. Gaskins, C. H. Lasky, W. A. Kennison and Mrs. Lefevre. An exchange and wait list is also kept by Mrs. Jones and she secures chickens, turkeys, seeds, etc., for the members when wanted without any remuneration for her services.

On the want list she reports the following: WANTED—1 Bourbon turkey gobbler, 5 pigs, 1 bronze turkey gobbler, 8 pinto jellies, 1 dozen cans turnip greens, 1 dozen cans tomatoes, 4 quarts pickles, 1 dozen cans cream peas, 3 dozen fryers.

Mr. and Mrs. Blanks and their beautiful and accomplished daughter made scores and scores of friends while in Colorado, all of whom will revert to see them move away from this city.

Dr. Judd, director of the government and economics department of C. I. A.

Saturday, 12th, we will celebrate the birthday of this great man, who by his own honest efforts rose from the most humble beginning to the highest station and worth, has inspired millions and will inspire millions more. The log cabin in which he was

born, the axe with which he spit the rails, the few books with which he got the rudiments of an education, are some of the rude forces by which he slowly builded his great character. He was a great thinker, quick to see an opportunity and if he was alive today he would buy coupon books from R. H. Smith and Son, and make about 20 per cent interest on his investment, besides saving money on the groceries he bought.

Colorado Men Attend Austin Press Meeting

W. W. Whipkey and W. E. Reid attended the mid-winter meeting of the Texas Press association held in Austin last Friday and Saturday, representing this paper.

Former Colorado Man Now Member C. I. A. Faculty

Supt. C. D. Judd of the Colorado public schools nine years ago is now Dr. C. D. Judd, director of the government and economics department of C. I. A.

Friday night the newspaper men were special guests of the Franklin Webster club of Austin and the West Texas Chamber of Commerce, at which Governor and Mrs. Moody and other high State officials were honor guests. An elaborate banquet was served the visitors and other guests, and Mrs. Moody and the governor both spoke. The banquet was given by the West Texas Chamber of Commerce and was composed principally of West Texas products. Senator Joe Moore, newspaper man of Greenville, presided and representatives from a number of West Texas towns spoke and presented Mrs. Moody with lovely bouquets.

THREE NAMES LEFT OFF CEMETERY LIST

Through error in making up the list of names of contributors to the cemetery fund, three names were left off. The names of D. N. Arnett, \$2; A. J. Payne, \$2; and Whipkey Printing Co., \$10.00. Each of these gave the amount listed above and the figures were counted in making up the total, but for some reason the names did not get on the list. The correct total of funds contributed is \$405.50, including the above contributions.

Timely Pointers For Poultrymen And Farmers

Subject, "Our Recommendations" from The American Poultry School, were large numbers of chicks are to be brooded upon the general farm we would recommend colony brooding stoves.

At the present time we much prefer them to any other system of brooding. In using brooder stoves we recommend the stove being placed to one side or one corner if being used in a single room. If chicks are to be brooded on a city lot or in a small way, heated portable or movable hov-

ers are excellent and give entire satisfaction. We think they entail too much work if the chicks are to be raised in large numbers.

If behooves every poultryman to use such methods in raising his stock as will insure the lowest percent of mortality and the quickest growth. Brooder stoves of many kinds are upon the market and several of these give excellent satisfaction. We know of some who use two of these stoves of small size in one room. Then, if one stove goes out, the other will protect the chicks from chilling. For this method of brooding we build a house 16x20 feet or 12x24 feet. The house has a partition in the floor on hinges so it can be raised as a runway for the chicks and a swinging door for the attendant. The stove is placed on one side of the partition and the cool room on the

opposite side is used for feeding and exercise. It is necessary to have a cool room—a cool spot in the room if a single room is used—so the chicks can get away from the heat. This is one of the secrets of successful brooding. Or you may use one room that is long and narrow. Place the stove in one end and the other end remains cool.

The houses of these brooder stoves are built just as we would build any laying or brooding house. We would not build a special brooder house which we could use only three or four months during the year and then let it remain idle for the remainder of the time. Every poultryman should endeavor to have as little equipment as possible. We locate the buildings where the chicks can have plenty of range after they grow up, as soon as they are old enough to do without heat. We simply remove the brooder house and put in temporary roosts. The chicks remain right in this house until they fall or enter when it comes time to cull them and to select the choicest for the laying and brooding pens. A flock of pullets usually is wintered in these houses. Next can be put in temporarily until the houses are needed again for the next season.

By handling the chicks in this way you avoid handling them so often they become accustomed to their quarters. Next can be put in pick at one another's toes, paint the window panes with a bluish or whitish frosting. This dulls the light so the chicks do not get started picking at one another's feet, wings or vent. You want light in your brooder room but not the direct rays of the sun. Keep the chicks busy and active. Put some fresh earth on the floor in one corner of the room.—C. S. Minch.

ELEVEN-CENT COTTON AND FORTY-CENT MEAT

Following is a poetic number contributed by Mrs. S. C. Ford of Frisco, Texas:

Eleven-cent cotton and forty-cent meat!
How the world can a poor man eat?
Flour up high—cotton down low—
How in the world can we raise the dough?
Our clothes worn out—shoes run
Old slouch hat with a hole in the crown—
Backs nearly broken—fingers all sore—
Cotton going down to ris no more.

Eleven-cent cotton and ten dollar pants—
Who in the world has got a chance?
We can't buy clothes—we can't buy meat!
Got too much cotton and nothing to eat.
We've got no homes—got no wealth,
Losing our credit, ruining our health.
Can't help each other. What shall I do?
I can't solve the problem—so it's up to you.

Eleven-cent cotton and too much tax,
The load's too heavy for our poor backs.
We're a good set of farmers—we all know well—
But there's something wrong as sure as well!
We all worked hard—we groaned,
We sweat and we sweat and we sweat,
Now we are ruined—we are a blowed up set.
No use talking—any man's beat
With eleven-cent cotton and forty-cent meat.

THE REPLY
(By the Office Devil)

Do like your forefathers did when there was no meat to buy,
And don't hang around the house all day and sigh;
Why be carnivorous and eat meat,
When there are other things than can't be beat?
Why set around and write poetry about times being hard,
When you can raise and kill hogs and render them into lard?
For good old American food all the world is crying,
And yet you sit around the house despondent and sighing.

If you don't give people what they want they are sure to get sore,
And prices will go down because they won't buy from you a bit more.
You can't sell 'em cotton when they are not in that mood,
But they're always crying for good old substantial food.
You better quit writing, go feed the chickens and milk the cow—
Sell eggs and milk and butter, and do it now.
Your taxes are not too high,
If you raise stuff people want to buy.

WATCH AILING CHICKS

COLLEGE STATION, Texas, Feb. 10.—A great deal of trouble has been experienced among poultry raisers in the last year or two in Texas with coccidiosis, according to Professor D. H. Reid, head of the poultry husbandry department, A. & M. College of Texas. This disease is a parasitic affection that brings on weakness and sickness among chicks, usually attacking the young chicks of only a few weeks of age. Due to the trouble from this disease a number of the poultry breeders who operate on a big scale are not letting their chicks out of doors but are keeping them off the ground.

KAFIRS NOT LIMITED TO SEMI-ARID REGIONS

COLLEGE STATION, Texas, Feb. 10.—When planning your feed crops for 1927 take the kafirs into consideration and see how they fit into your system of farming, is the suggestion of J. S. Mogford, associate professor of agronomy, A. & M. College of Texas, given in a recent radio talk over station WTAW, the A. & M. College radio station.

"Kafirs constitute an old crop in some parts of the world but are new to most of the United States out of the semi-arid regions of the West," Professor Mogford said. "One of the earliest and most important single importations of farming sorghums to this country was made in 1857 from Natal, Africa. Just at this time the semi-arid regions of the west were settling up and created a demand for a drought-resistant forage crop. These crops filled the need in this area and have been confined there ever since. They are adapted to a much wider area than ever planted over, but because of too much one-crop farming they are not given the place in our farming they deserve. It is a general impression among farmers that the grain sorghums are limited to the semi-arid regions. Such is not necessarily the case. They are more drought-resistant than corn, due to having a greater number of secondary roots and less leaf surface; but that does not mean they will not do well where moisture is more plentiful. They were grown this past year with success at different places in the coast section and Central Texas. The kafir belt extends farther east and south than that of the Durra-milo group.

"In feeding value the kafirs are equal to corn and are readily eaten by horses, cattle, hogs and chickens," Professor Mogford said. "Their aver-

age acre yield is higher than corn. The State's average yield is better than 25 bushels an acre, compared with some 18 or 19 bushels of corn per acre. In 1926 Texas produced almost 50 per cent of the U. S. grain sorghum crop."

The sorghums grown in this country are divided into two groups known as the saccharine and non-saccharine, or sweet and non-sweet. The kafirs falls within the non-sweet group. Information on good kafir seed may be obtained from the Texas Experiment Station sub-station at Lubbock, or the U. S. Cereal Field Station, at Amarillo.

PLAINVIEW MAN SEES MUCH GROWTH HERE

J. Wade James of Plainview, former citizen of Mitchell county who owns land in the Iatan section, was in Colorado the past week on business and while here called at the Record office to renew for his papers. Mr. James lived in this county for a few months several years ago and has visited this city several times since. He says the growth and development of Colorado is wonderful and that this city is now one of the best in West Texas.

Mr. and Mrs. James visited Mrs. James' brother, Prof. H. H. Watford, who is teaching school at Carr. Mr. Watford has been principal of the Carr school for five years and is known as a very competent and efficient school man.

Mr. and Mrs. James own section No. 44, block 29 north, on which the old town of Iatan was located and they are expecting some oil development in that section soon. This section joins section 5, 29 south, on which California company's Foster 2 recently came in for a good producer, and it looks like that section will see considerable development this year.

Mr. and Mrs. James went over to Abilene to visit relatives last week-end and returned to Colorado Monday.

TINY FORD PLANE IS MUCH ADMIRER

The one-man experimental airplane designed and made by the Ford Motor company has been on exhibition in New York this month at the company's display rooms on Broadway.

Powered at first by a three-cylinder 25-35 h. p. motor, this diminutive plane had a maximum speed of 100 miles per hour. A new Ford-built two-cylinder engine is now installed. The plane weighs 250 pounds and the engine develops 40 horsepower. Although this new engine adds little to the speed of the plane, it permits it to climb much faster.

The plane now has a fuel capacity sufficient for 2 1/2 hours' flight and it will be used for experimental work in aerodynamics and plane design.

Boyes and the unknown heirs of W. P. Boyes, T. P. Scott and the unknown heirs of T. P. Scott, Peter Smythe and the unknown heirs of Peter Smythe, S. D. Hunter and the unknown heirs of S. D. Hunter, E. R. McCracken and the unknown heirs of E. R. McCracken, W. H. York and the unknown heirs of W. H. York, Ella Stine and Mrs. Ella Stine Farmer, C. C. Digby, A. B. Wilhite, W. P. Barnett and the unknown heirs of W. P. Barnett, A. M. Garrett and the unknown heirs of A. M. Garrett, W. H. McCullough and the unknown heirs of W. H. McCullough, J. A. Buchanan and the unknown heirs of J. A. Buchanan, all of whom are hereinafter styled as the defendants, whose residence are unknown to this plaintiff, to be and appear before the Honorable District Court, at the next regular term thereof to be holden in the County of Mitchell, at the Court House thereof, in Colorado, Texas, on the 25th day of April, A. D. 1927, then and there to answer a petition filed in said Court on the 12th day of January, A. D. 1927, in a suit numbered on the Docket of said Court No. 4801, wherein Alfred Flowers is plaintiff and G. W. Waddell et al are defendants.

COUNT 1

That on or about the 1st day of January, 1927, plaintiff was lawfully seized and possessed of the following described premises situated in the County of Mitchell and State of Texas, holding and claiming the same in fee simple, to-wit:

The South 97 feet of lots 27, 28 and 29 in block No. 4 of the Waddell and Martin Addition to the town of Colorado, Mitchell County, Texas, part of Section 44 of the Texas and Pacific Railway Co. survey of Mitchell County.

That on the day and year last aforesaid, the defendants unlawfully entered upon the said premises and ejected the plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of One Thousand Dollars.

That the reasonable annual rental value of said land and premises is Two Hundred Fifty Dollars.

Whereas, Plaintiff prays judgment of the Court that the defendants be cited to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described land and premises and that a Writ of Restitution issue and for his rental, damages and cost of suit and for such other and further relief, special and general in law and in equity, that he may be justly entitled to, and he will ever pray.

COUNT 2

Plaintiff pleads three, five and twenty-five years statutory limitation.

Whereas, plaintiff prays the Court as in Count No. 1 of this petition and that upon a final judgment hereof the plaintiff's title be quieted and for such other and further relief as he may be entitled to, both general and special and he will ever pray.

Herein Plaintiff Not, and have you before said Court, on the first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Colorado, Texas, this 13th day of January, 1927.

J. LER JONES,
Clerk, District Court, Mitchell County, Texas. 2-18c

Blindman's Butt

may be a good game for a party but it's no game to play in your closets when you're in a hurry.

Why not have light in those dark closets? For the time you burn them they won't cost more than a nickel a month apiece.

And just think of the convenience.

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipsey Printing Company in Loraine and vicinity. See her and take your County paper

W. D. McCorley has recently closed a leasing contract on 2500 acres of land in Andrews county, and 1600 acres in Lynn county, where he states oil activities are becoming interesting. Mr. McCorley has also purchased a "Buckeye" incubator of 750 egg capacity, to be run in connection with "Old Trusty" 480-egg capacity in his turkey and hog ranch, located on the 2600 acres in Andrews.

Mr. and Mrs. Kenner Kuykendall are moving Thursday of this week to Estylene, where Mr. Kuykendall has employment. J. H. Davis and family are moving this week to the Joe Johnson farm in the Valley View community. Messrs H. H. McKinsy and H. Smith spent the week-end home from Chalk.

Mrs. P. M. Moore of Abilene was the guest of Mrs. G. W. Hendrick Tuesday.

Mr. and Mrs. C. C. Hendrick who

have spent a two-weeks' visit here, left Tuesday for their home at Breckenridge.

The box supper at North Champion school house Friday night was well attended. A neat sum of something over \$45.00 was realized for the benefit of the school. The new Parent Teachers' association expects to put over several things which will raise the school to a higher standard. Music by the string band was much enjoyed by the large crowd of visitors. School is progressing nicely under the present management, with an enrollment of 45 pupils.

Mrs. Roy Baird was hostess for the Loraine Study club on Thursday of last week. After a brief business session and reading of the minutes, roll call was responded to with the name of a tree or grove included in either Sequoia or General Grant National parks. At this time Mrs. W. R. Martin favored the club with an interesting article, "My Thousand-Year-Old Friend," by James Oliver Curwood, which was in keeping with the lesson, and Mrs. Roy Edwards read an appropriate extract from "The Valley of the Giants," by Peter B. Kyne. Mrs. Howard Spikes led the lesson from "The Book of National Parks." The hostess, assisted by Mrs. Alfred Richey and Mrs. Jack Cardwell of Roscoe, served delicious refreshments of sandwiches, pickles, cake and hot chocolate.—Reporter.

Born, Feb. 7, to Mr. and Mrs. Charlie Hamilton of Lone Star, a son, Cecil Hendrick is reported convalescing at the Baptist sanitarium in Abilene from pneumonia.

A. H. Nelson is at Glenrose for medical treatment. Mrs. I. B. Baird left Friday night for Lometa, to attend the funeral of a nephew who died in New Mexico and was buried at Lometa, Sunday.

Mr. and Mrs. B. D. Smith and L. J. Taylor and wife visited friends in Sweetwater, Sunday.

Monthly missionary meeting of the W. M. S. met with Mrs. R. E. Bennett, Monday, with 21 present. A good program was rendered and dainty refreshments were served.

Miss Bernice Clement, accompanied by Miss Bill Howell and Mr. Bill DeBois, motored to Big Spring Saturday night, where Miss Clement and Mr. J. D. Falkner were married.

After the ceremony they left for Midland, where they will make their home. The groom is a young business man who formerly lived at Sweetwater, and is to be congratulated on winning one among Loraine's most popular young ladies whose many friends wish for them a long and happy wedded life.

Mr. and Mrs. H. Cranfill visited in the L. L. Bodine home, in the Buffalo community, Tuesday.

Charlie Campbell of Erath county visited friends here Saturday and Sunday.

Mr. and Mrs. Joe Bennett returned Thursday from a few days' visit in the J. W. Butler home at Fort Stockton.

Mr. and Mrs. O. E. Stevenson are in Austin, where they will visit their daughter indefinitely.

Mr. and Mrs. Dewey Wilson of Roscoe were guests of the J. L. Peate's, Sunday.

Albert Hiser was home from Midland, Saturday night and Sunday. Messrs. Nick Farrar and J. W. Ed-

mondson and Misses Cleo and Swan Farrar were business visitors in Roscoe, Saturday. Miss Laura Sheridan spent last week-end with her relatives in Sweetwater.

Jeff. Davis and his father, H. T. Davis, returned Monday night from Glenrose, where they accompanied Mrs. H. T. Davis, who remained for medical treatment.

Miss Aliene Beman of Sweetwater was a guest in the H. B. Cook home Sunday.

Misses Edith Wilkerson, Ivy Crutcher and Mary Miller spent Sunday and Monday home from Simmons University.

Kenneth Martin is home from S. M. U., where he has been attending school.

Messrs. Joe Bennett and Harvey Muns spent Friday in Midland on business.

Messrs. J. W. Lee and B. D. Smith attended to business in Bronte on Tuesday.

Messrs. J. H. Neill, Bill Green, George Howell and Wesley Edmondson spent Stanton business visitors Tuesday.

Mr. and Mrs. G. A. Guiler and little daughter, Eilene, and Miss Hazel Kay of Colorado visited in the J. W. Kay home south of town, Sunday afternoon.

I. Mozley of Maypearl is visiting in the W. D. McCorley home. The city council met in regular session Monday.

District Deputy Miss Baggott, of Big Spring, met with the Loraine chapter of the O. E. S. in a call meeting, Thursday afternoon, February 5. Quite a number of Colorado ladies were present, as also was Mrs. Chas. Hendrick of Breckenridge. Regular meeting Friday night, February 11. All members are urged to be present on this occasion.

Mrs. G. Miller is visiting relatives in Big Spring.

Mr. and Mrs. J. D. Givens, south of town, and Mr. and Mrs. Will Ledbetter of Colorado, visited their mother, Mrs. S. W. Givens, Sunday afternoon.

LORAINE CHURCH NOTES

Baptist Church
Dr. Atwood of Simmons University was with us last Sunday for two services, at which time he preached two very inspiring sermons. There was a goodly number at Sunday school, but we hope to see more next Sunday. We are planning to buy new song books and those wishing to help should see Prof. S. C. Harris and he will give you the particulars of same.

We have organized a B. Y. P. U. and wish to urge that every Junior in the town come and take part with us. We also have a live Senior B. Y. P. U. and have very interesting programs. Every one is cordially invited to attend these programs for the Junior B. Y. P. U. for February 13, follows:

Song.
Prayer.
Scripture reading.
Life of David—Ruth Reeder.
Life of Christ—Ruth Bottom.
Bible Story—Marie Reeder.
Piano solo—Selma Harris.
Life of Samson—Ethlyn Furlow.
Business and Benediction.

The newly elected officers of the Junior B. Y. P. U. are: President, Leon Crutcher; vice president, Roy Willis; secretary treasurer, Ethlyn Furlow; pianist, Selma Harris; chorister, Ruth Reeder.

The Senior B. Y. P. U. program is as follows:

Study, Prayer and David's Experience, Sunday evening at 6:30.
Subject: "Help in Times of Trial."
Psalm 141.
Leader—Vernon Bennett.
A Proper Beginning for Prayer—Alta Lee.

God's Help in Keeping Pure the Mouth and Heart—Willie Schultz.
Faithful Are the Wounds of a Friend—Mary Nell Kimble.
Special music.
Prayer for help—Mrs. Be Glass.
Song.
Business and Benediction.

Church of Christ Notes
Last Lord's day was a good day with us. Bible classes at 10 a. m. were well attended and much interest manifested, both in the lesson and daily Bible reading reports. The ladies' class holds a number of daily readers and number of chapters read. Brother Herman Charles delivered a strong discourse at the 11 o'clock hour on "The Establishment of the Kingdom," and at the evening service he ably discussed the all important question: "What Must I Do to be Saved?" Every member of our congregation and all visiting members are urged to meet every week and take part in our lessons and worship.

Methodist Church Notes
Brother J. M. Bruce led the prayer meeting last Wednesday night, reading the third chapter of Galatians as the lesson. Comments were made upon the lesson by the pastor, Brother Annis, Brother Askins, Brother Palmer and others who were present.

The Epworth League had social Friday night at the home of Mr. and Mrs. H. J. Askins. Misses Isla Bruce and Dale Beaty planned the games and other features of entertainment all of which were well arranged. The evening was an enjoyable affair for all present. The program for the Epworth League Sunday night will be on "Church Unity," an interesting subject. The committee has a strong line-up for presenting the theme and it is hoped we will have a good audience.

The local Circle met at the parsonage, Monday, with Mesdames Annis and Joe Bennett as the hostesses. There was a large attendance and after the devotional service the usual business, entertainment, and other interests of the group were entered into. One new member was received and interesting reports were made. Refreshments were served in keeping with the color scheme of the Valentine decorations for the occasion.

On Tuesday afternoon the Gleaners' Class held its regular monthly

social meeting with Mesdames John Mahon and William Martin as the hostesses, in the home of the former. The devotional was conducted by Mrs. P. K. Sadler, who used the prayer of Christ in Gethsemane before his crucifixion as the lesson. "Prayer" being the subject. Valentine thoughts were prompted by both the games and refreshments as well as by the decorations.

The Sunday school was favored with a special musical number, a quartet, rendered by the Messrs. Munn and Adams. The audience enjoyed the number very much. This feature of the Sunday school is increasing in its interest for the entire body.

The services were well attended Sunday at both morning and evening hours. At the morning service the pastor preached on "Prayer," and at the evening hour on "Marriage."

Miss Jarrett and Mr. Jarrett rendered an appreciated duet at the morning hour and at the beginning of the night service the choir sang a number of new songs, as well as some old ones, and Mrs. W. R. Martin sang, "The Cross is Not Greater Than His Grace." A number of wind instruments in the choir added to the force of the music at each of these services.

—Reporter.

OVER THE WEST

Wichita Falls.—Several hundred dollars in cash and scholarships of value will be awarded high school boys and girls of West Texas who are successful in presenting the merits of their home towns in the annual "Home Town Contest" sponsored by the West Texas Chamber of Commerce in connection with their annual convention. Rules of the competition are the same as those of last year.

Stamford.—Butter, poultry, and eggs produced in the Lone Star state for years to come will be entirely consumed through Texas demands and other outlets with no danger of over-production according to authoritative word sent in to the West Texas Chamber of Commerce from the Fort Worth Stockyards company.

Mercedes.—A divine drink, heralded as both a health promoter and beautifier, made from tree ripened and sweetened grape clusters of the Valley, is receiving widespread recognition as a most acceptable beverage. The drink is called grape fruitade and is already being adopted in San Antonio and Houston. Fruit groves of Mercedes and surrounding sections are supplying numerous demands for shipments of crates of grape fruit to points over the state for making the new drink and for regular purposes.

Amherst.—Appointment of Judge John H. Wood of Amherst on the executive board of the West Texas Chamber of Commerce has been confirmed by President Arthur P. Dugan of the regional organization.

Y. P. U.—A. M. Bourland of this city is acting on the state committee which is investigating possibilities of rural electrification of Texas. He was appointed to the service by the West Texas Chamber of Commerce.

Childress.—The Gate City Creamery, located in Childress, is preparing to install a modern chick feeding plant. Chickens are to be fed, fattened, frozen and dressed and shipped for eastern markets at the plant.

Stamford.—The January issue of "West Texas Today" has been released. The number, originally intended as a special El Paso edition, features service activities of the West Texas Chamber of Commerce in saving South Plains shippers a quarter of a million dollars annually, in watching West Texas interests at Austin during the session of the state legislature, and in stamping out hog cholera in afflicted areas.

Odessa.—Modern and sanitary equipment is being installed in the Stewart and Berksstresser dairy recently opened here. The dairy supplies the town's needs as well as serving customers in Crane, the new oil town of the section.

Turkey.—A modern bakery and ice plant have been secured for Turkey.

Wheeler.—A complete modern privately owned tourists camp to be operated in connection with the Lee Gantner hotel is to be erected here. Tourists' cottages will be equipped with electric lights, gas and water and all modern conveniences.

PROBATE NOTICE

NOTICE IS HEREBY GIVEN that as ordered by the Court, I, as Administrator, will offer for sale at public outcry to the highest bidder for cash, the stocks of merchandise, fixtures, bills receivable, etc., belonging to the estate of W. L. Edmondson, deceased, at both Roscoe, Nolan county and Loraine, Mitchell county, Texas, on March 1, A. D. 1927; the sale at Roscoe will be at 10 to 12 o'clock a. m., and at Loraine 2 to 4 o'clock p. m., said date. Bids will be taken on each class of merchandise, separately, and also as a whole, at each place of sale; the right to reject any such bids is reserved, and any bid accepted to be reduced to writing and signed by the bidder and accompanied by certified check for 15 per cent of appraised value of such merchandise awaiting approval or rejection of such bid and sale by the Probate Court at Colorado, such action of the court to be seasonably made.

S. O. GIVENS,
Administrator of the Estate of W. L. Edmondson, deceased. 2-25c

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF MITCHELL COUNTY, GREETING:

Oath having been made, as required by law, you are hereby commanded to summon Joe Gabler, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Justice's Court of Precinct No. 2, Mitchell County, to be holden at Westbrook, in said Mitchell County, on the 21st day of February, A. D. 1927, then and there to answer a petition filed in said Court on the 11th day of August, A. D. 1926, in a suit numbered on the docket of said Court No. 32, wherein H. H. Armstrong is plaintiff, and Joe Gabler is defendant, and said petition alleging that

the defendant, Joe Gabler, is indebted to the plaintiff, H. H. Armstrong, in the sum of forty and 15-100 (\$40.15) dollars for labor and material furnished defendant by plaintiff at defendant's special instance and request, that this debt is past due and unpaid, plaintiff asks for judgment and costs in this suit.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand this 17th day of January, A. D. 1927.

H. A. LASSITER,
Justice of the Peace, Precinct No. 2, Mitchell County, Texas.

Issued on the 17th day of January, A. D. 1927.

Justice of the Peace, Precinct No. 2, Mitchell County, Texas. 2-11c

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. (Adv. drug store.)

Buick owners enjoy the savings of leadership

In purchase price and daily use, Buick owners profit by the savings of leadership. The price of a Buick is moderate, but it buys a car built to the very finest quality ideals—one that would cost you considerably more, if it were not for Buick volume. For years, the savings provided by great volume have been devoted to the enrichment of Buick value. And for years, Buick owners have had a more dependable motor car—one in which high quality lessens upkeep expense. Buy a Buick! It is an investment in economy and satisfaction.

How to read Percentages

Were Dodge Brothers to sell 100 motor cars one year and 200 motor cars the next, they could truthfully announce that their sales had increased 100% in a single year. Yet they would only have sold 300 motor cars in all.

In other words, PERCENTAGE of annual gain is not conclusive. The NUMBER of cars sold is the true test.

That Dodge Brothers sales in 1926 showed an increase of 27.6% over 1925 is not the MAJOR fact to consider—striking as it is.

But that Dodge Brothers sold 259,967 cars in 1925, and then in 1926 sold 331,764—a gain of 71,797 sales in twelve months—tells a story of growth that stands out like a tower on the skyline of the industry.

Three hundred and thirty-one thousand buyers LAST year! Many more vital improvements added THIS year! No increase in price! Three powerful arguments for earnestly investigating this smart and sturdy product before deciding what to buy!

THE AUSTIN NURSERY F. T. RAMSEY & SON AUSTIN, TEXAS

dies present. A very lively business session was held in which much enthusiasm for the work was manifested.

There will be a number of chickens and cakes on sale at the Post Office, Saturday, February 12.

Mrs. Jack Reynolds was hostess at a little party Saturday afternoon in honor of her little son's fifth birthday. Joe L. was the recipient of many little gifts and the usual good time was had playing games, punch and angel food cake were served to 18 guests.

Uncle John Langly suffered a stroke of paralysis early Sunday morning and has been confined to his bed since. However, he is doing as well as could be expected at this writing.

Mrs. Stetser of Sweetwater and Mrs. Candler of Dallas are visitors at the home of their parents, Mr. and Mrs. John Langly.

Basist Church Notes Our Sunday school is doing nicely under the leadership of Superintendent Harris. There was an attendance of ninety Sunday morning.

A get-together meeting followed the Sunday school and a very interesting program was rendered by several members of the church, after which the church entered into business session and called Rev. Markham of Abilene as pastor for full-time service.

The W. M. S. met at the home of Miss Hoodle Poole, Monday afternoon, with eighteen members present and one new member added to the list. Mrs. Suggs led the devotional, followed by a business session in which the year's work was outlined. The next meeting will be at the home of Mrs. John Munn.

Mrs. Colida recently organized a Sunbeam Band for children from 4 to 9 years of age. All children of these ages are welcome to join. The first meeting was attended by 18 children. Mrs. Colida is very capable and the children will enjoy having her as leader. They will meet each Sunday afternoon at 4 o'clock.

The Methodist church Sunday was one of the best days we have had. The Sunday school showed quite a gain in both attendance and interest. There were several new members reported. The morning preaching service was also well attended. The attendance Sunday night was a record breaker for Westbrook. The church was well filled long before the service began.

The service was a combination of singing and prayer. The choir, under the leadership of Mrs. Colida, was very capable and the children will enjoy having her as leader. They will meet each Sunday afternoon at 4 o'clock.

tend to stick this time under leadership of Reverend Northcutt.

On Saturday night, February 5, the basketball boys of Westbrook High school went to Colorado and played the basketball boys there.

The Colorado boys had the advantage of our boys, as they were much larger than school boys here. However, the game was a very interesting and exciting one, as Westbrook was ahead twice during the game, but when the game was over the score was 14 to 13 in favor of Colorado. We want to congratulate the players, however, on the fine playing they did, and even though they were defeated, the score was very close.

The basketball girls of Westbrook went to Colorado Friday afternoon and played a very exciting game in the gymnasium of the new Colorado High school building. Although the game was lost, the girls played exceptionally well. In the first half, the Westbrook girls played well, but did not make a score; but in the last half they played harder and did better than the Colorado team. Although they have played several games in succession and lost, they are not discouraged, and will only try harder next time. They took their defeat good-naturedly, for they know that a good loser was better than a bad winner.

Now that our class is working as an organization is a good time to begin training ourselves to be loyal. Loyalty is a big word when we begin to think of its meaning, for if one is loyal, he is true to his home, his friends, his school, his church, and his God. If we are loyal, then, in the true sense of the word we will do our duty and will be filling a useful place wherever we may be found. No one admires, or even respects a slacker, and yet let us weigh ourselves with loyalty in its true meaning as our balancing weight and see how far we come from making a success. I am afraid most of all of us would weigh too light. Indeed, we are not as loyal as we should be, or could be. If we were we would be more diligent and enthusiastic about making our school a success. We want to be loyal to our class of "Sophomore Boosters" and work to make it one of the best, if not the very best, class in school. We want to work with a feeling of friendship and loyalty to our school. Whatever our class undertakes, we want to join in and work as one with a spirit of class loyalty. When we do that, we will be at the same time helping to make our school a success, for if we are loyal to our class we will be to our school.

Mr. Wade and Bennie Black of Mason county are visiting friends and relatives here. They formerly made their home in this community.

The Hyman basketball teams played the Spade teams on Spade school ground Friday afternoon. Both of Hyman's teams were defeated. The score for the girls' team was 11-8. The boys' team scored 6-4. However, we hope to defeat them when they return the visit.

Mr. and Mrs. Sam Nichols are the proud parents of a new son, Franklin Barber, who arrived Friday, February 4.

Zora Fae Dawson visited Bunch McDonald and Pete Palmer at the teachers' Monday night.

The young folks of the Literary society are busy preparing for a play entitled, "Little Miss Jack." The play will be given on the night of February 23. Further announcement and list of characters will be given next week.

Mr. and Mrs. W. E. Nichols and family of this community moved to some point near Dallas last week.

Both Sunday schools were well attended Sunday. Brother Norman He brought us a good message from John. The theme of his sermon was of the two ways of living—the right and the wrong way. Let us try to follow out his teachings. Prayer meeting was also well attended. Bro. Frank Andrews led the meeting. Miss Bernice McDonald is to lead next Sunday night.

Mr. Wade and Bennie Black have rented the place they had last year and will live in our community again.

Jim Boyd and others are busy putting up new homes in this community. Two houses have just been completed and another is under construction. Besides, the new church building is under construction. Watch us. We mean to put Hyman in the lead.

Hyman school has enrolled sixty-five pupils this term. We hear that there will be about five more to enter Monday.

Mrs. D. A. Andrews is on the sick list. She has been in bad health for quite a while. It is hoped that she will soon recover.

T. L. Vowell is busy putting up a new house on his place.

The man who says it can't be done is usually interrupted by someone doing it.

A friend is someone who knows all about you and loves you just the same.

Hyman Happenings

L. H. WELCH, Reporter

This community was visited with a good rain Saturday afternoon. The ground is in fine condition for breaking now. Farmers are very busy here. The outlook for a bumper crop in this section of the country is promising.

Mr. Wade and Bennie Black of Mason county are visiting friends and relatives here. They formerly made their home in this community.

The Hyman basketball teams played the Spade teams on Spade school ground Friday afternoon. Both of Hyman's teams were defeated. The score for the girls' team was 11-8. The boys' team scored 6-4. However, we hope to defeat them when they return the visit.

The young folks of the Literary society are busy preparing for a play entitled, "Little Miss Jack." The play will be given on the night of February 23. Further announcement and list of characters will be given next week.

Mr. and Mrs. W. E. Nichols and family of this community moved to some point near Dallas last week.

Both Sunday schools were well attended Sunday. Brother Norman He brought us a good message from John. The theme of his sermon was of the two ways of living—the right and the wrong way. Let us try to follow out his teachings. Prayer meeting was also well attended. Bro. Frank Andrews led the meeting. Miss Bernice McDonald is to lead next Sunday night.

Mr. Wade and Bennie Black have rented the place they had last year and will live in our community again.

Jim Boyd and others are busy putting up new homes in this community. Two houses have just been completed and another is under construction. Besides, the new church building is under construction. Watch us. We mean to put Hyman in the lead.

Hyman school has enrolled sixty-five pupils this term. We hear that there will be about five more to enter Monday.

Mrs. D. A. Andrews is on the sick list. She has been in bad health for quite a while. It is hoped that she will soon recover.

T. L. Vowell is busy putting up a new house on his place.

The man who says it can't be done is usually interrupted by someone doing it.

A friend is someone who knows all about you and loves you just the same.

LOCAL SCHOOLS TEACH FIRE PREVENTION NOW

According to Monte E. Owen a bill is now before the legislature to make teaching of fire prevention a regular required subject in all public schools and he is urging its adoption.

The Colorado schools are teaching fire prevention regularly and are securing a credit of one-half of one per cent on fire insurance in this city as a result. The subject is taught with regular text books one period per week.

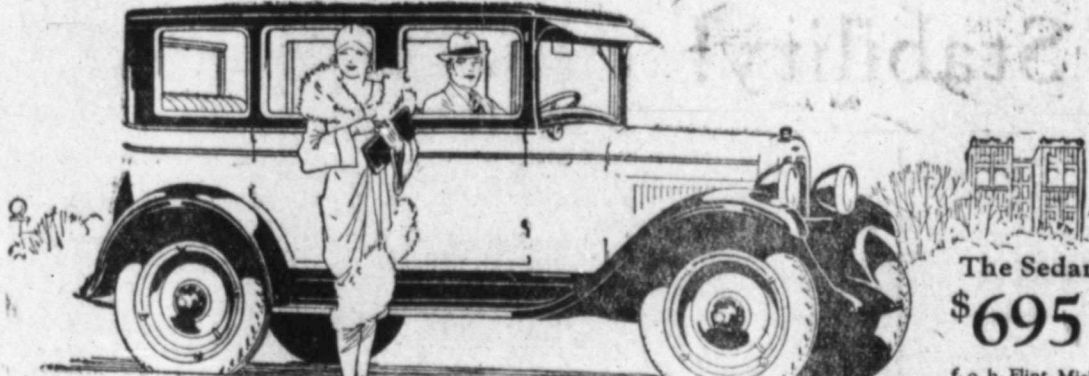

In speaking of the fire prevention bill, Owen said: "In Texas we now burn up more than \$25,000,000 of wealth every year. That total was reached in 1924, and an idea of just what it represents in money may be had by considering that the total available school fund that year was \$18,502,400."

In other words fire destroyed \$6,500,000 more property in Texas in 1924 than the State provided for the education of the children. And in addition to took a toll of nearly 300 lives.

"The per capita fire loss in Texas during 1924 was \$5.21. The annual

per capita fire loss in most European countries is less than fifty cents. But we need not attain to that ideal to save millions of dollars a year in Texas. The per capita fire loss for the United States as a whole in 1924 was \$4.89. In Kansas it was \$3.92; in Pennsylvania, \$3.57, and in Ohio it was \$3.44. Reduction of our fire loss to that of Pennsylvania \$8,200,000 a year. If we reduced our fire loss to that same amount to every \$1,000 of wealth as that which prevailed in Ohio during 1924 it would save more than \$13,000,000 a year.

"It is agreed among authorities on the subject that the most effective means of reaching the whole community and inculcating the simple habits of precaution and safety which have been found effective in preventing fires is to teach the subject in the public schools. The children take the message into the home and in a short time the whole community is transformed."

A masterly example of the coachmaker's art, the Chevrolet Sedan with its Body by Fisher reveals a distinction usually found only on the costliest custom-built creations. It is literally true that no four-door enclosed car, priced so low, ever exhibited such marvelous beauty of line and color.

It is finished in rich Marine Blue Duco, gold striped, and its handsome proportions are emphasized by new full-crown one-piece fenders and bullet-type lamps. In addition it offers the host of improvements which helped make the most beautiful Chevrolet the greatest sensation of America's greatest industry. AC air cleaner, AC oil filter, large 17-inch steering wheel, new frame-mounted tire carrier, gasoline gauge and many, many others.

Come in! You need only to see this new supremely beautiful and mechanically finer sedan to realize what amazing value it represents at its greatly reduced price.

Government Bureau of Agriculture Issues Statement on the Outlook For Livestock And Farming During the Year 1927-1928

HOUSTON, Texas, Feb. 10.—A favorable year for livestock production is in prospect for 1927, but with an average season a continuation of relatively low returns from most cash crops is probable unless acreages are reduced, according to the annual agricultural Outlook report for 1927, issued by the Bureau of Agricultural Economics of the U. S. Department of Agriculture.

A summary of the report follows: Domestic demand for farm products of the 1927-28 season is not likely to be materially different from the present.

Some improvement in the purchasing power of foreign countries for agricultural products of 1927 may be expected, but it is probable that larger foreign production of breadstuffs, fruits and animal products will reduce foreign demand for our exportable surplus of these products.

A slightly larger supply of farm labor will probably be available in regions adjacent to industrial centers and wages may be lower. No material changes in the price of farm machinery and building materials may be expected. Wholesale prices of fertilizer are lower this year.

Cotton production will be curtailed drastically the coming season to restore the balance between consumption and supply at remunerative prices to growers. With average yields a reduction of about 30 per cent in acreage appears necessary to give growers the best gross returns for the 1927 crop.

Hard spring and durum wheat growers can scarcely expect to receive returns for the 1927 crop similar to those which have prevailed for the 1926 crop, especially if production should be materially increased.

Too rapid expansion of rice acreage has resulted in a production in excess of demand at satisfactory prices. Some reduction in acreage rather than further increase appears advisable.

The demand for the 1927 crop is expected to be greater than for 1926. With probable increases of corn acreage in the South and with no probability of increased demand for corn in 1927, the price of lower prices unless acreage is substantially reduced.

Oats and barley for feed are unlikely to be in greater demand during the coming year as compared with 1926. The market value will be determined largely by the supply of these and other feed grains.

Hay requirements are not likely to be increased because the number of hay-consuming animals continues to decrease.

Unless livestock production is held about the present level, allowing for increase in population from year to year, present prices cannot be maintained. With beef cattle marketings in 1927 probably materially

less than in 1926, and the demand for beef maintained, prices of the slaughter and feeder cattle are expected to average somewhat higher than in 1926. On the whole, cattle prices are expected to continue the upward price swing begun in 1922.

Hog producers have a favorable outlook this year. The market supply of hogs probably will be little if any larger than in 1926, and domestic demand is expected to continue strong. Hog prices are likely to be maintained near the 1926 level. Prices now prevailing can be continued through 1928 only if farmers hold down hog production to the level of the past two years.

Sheep production is expected to increase moderately and lamb supplies this year may be slightly larger than in 1926. Strong consumptive demand for lamb is expected, but feeder demand may be less active than last year in some sections. The wool market appears firm, with no marked price changes in sight.

The present situation in the mohair market does not warrant further expansion of production at the present time.

The dairy industry is on a stronger basis than a year ago. Dairymen are likely to have a moderately favorable spread between the price of food and the price of dairy products. Egg and poultry producers in most sections of the country may expect a fairly satisfactory year, although perhaps not so profitable as 1926. A moderate increase in egg production and no decrease in poultry marketing is expected.

Horses and mules are in insufficient supply to meet farmers' needs the coming season, but the number of young stock is only large enough to replace about half the number of work stock now on farms. Farmers cannot expect to replace their work stock three to ten years from now at the low level of present-day horse prices.

Potato growers should guard against the danger of overplanting and keep close watch on acreage being planted in the coming season. Sweet potato acreage should be increased only by growers who need the increased supply for their own use, who can dispose of the crop on their local markets or who can afford to produce a crop at relatively low prices.

Any increase in cabbage acreage over last year is likely to result in increased production with accompanying lower prices. Onion acreage should be reduced sharply to prevent an excessive market surplus. The outlook for the Bermuda type appears fairly good. Bean acreage should be reduced under last year's area to prevent an excessive supply, varying with the type of bean to be grown.

The trend of fruit production is upward and expansion of acreage would not be justified except under unusually favorable conditions. However, a crop of fruit as large as that last year, which was due to the uniformly favorable weather, is not likely to occur very often. A continuing increase in the volume of both oranges and grapefruit may be expected, which makes the outlook favorable for additional plantings for

some time. New commercial plantings of peaches should not be undertaken in the Southern states, since a large number of young trees have not yet come into bearing and production is rapidly increasing. Grape production is expected to continue heavy, and new vineyards should not be set out except where conditions are extremely favorable.

Watermelon acreage should be reduced in 1927 in order to prevent a repetition of the generally unsatisfactory prices received last season as a result of extremely heavy production. Peanut acreage of the large podded variety the same as last year is likely to mean another year of unsatisfactory prices to growers. As much as 25 per cent more land might be planted to the small and medium podded types than in 1926, with the prospects reasonably satisfactory, although lower market prices.

H. H. SMITH, Statistician.

UNION ITEMS

Good morning, readers. After a spell of quietness here I come again with a few news items. Winter time has come and gone and spring time has put in an appearance, evidenced by natural vegetation springing forth from the mother earth, and farther judging from the way humanity is cleaning off the fence rows and burning the hedges, and it is further proven by the way farmers are beginning to stir the soil as though they are expecting to make another bumper crop. It is to be hoped that their farming will be more profitable this year than last. Why not every interest, every industry and enterprise of every description unite in lending every aid possible to the agricultural interest, it being the foundation of all success?

The people of this community are enjoying good health. The churches seem to be on the up-grade. Our Sunday school is among the best and our mid-week prayer meeting is in the front rank.

I am authorized to say that there is special arrangements on foot to stage a pie supper at Dorn Chapel next Friday night, it being the 11th day of February. This will be one such as you have not seen since the last one you was at. So, come along all who will and help make it a success.

Our literary school is reported progressing satisfactorily. The teachers of the school met at the Dorn school on January 28, and organized a Parent-Teachers' association with about 80 members. They are also arranging for a pie supper at the Dorn school on Friday night, February 18, for the purpose of raising funds for equipment of play grounds and other needed things.

FAIRVIEW FACTS

BLEESE HEARN, Reporter. Next Sunday afternoon at four o'clock Bro. Chas. the Christian pastor of Colorado, will preach. Your presence will be appreciated.

Sunday school was well attended and the report was very satisfactory. We are doing fine in our Sunday school work. There was an increase in number over last Sunday. We invite you to be with us next Sunday afternoon at 3 o'clock. There will be singing Sunday night with Mr. Bert Sheppard as leader.

Mr. and Mrs. Pink Fuller entertained with a party Tuesday night. There were a large number present and all enjoyed a good time.

Last Friday afternoon the Rodgers basketball teams played us two hard games. We took the moral victory of both games. We expect to play them soon and let them have the pleasure of enjoying a moral victory. With Mr. Tunnel as coach, the teams are doing some real good work.

Evans Campbell, who is attending Colorado high school, visited home folks Friday night.

Landon Davis visited in the B. W. Jackson home last week.

Miss Mildred Strain was the guest of Miss Mattie Buckalew, Saturday night.

Doris Wallis visited Louise Jackson Sunday afternoon.

B. W. Jackson was a Colorado business visitor Monday.

Mrs. O. L. Simpson visited her sister, Mrs. W. W. Jenkins, Monday afternoon.

HOGG REVIVAL AT ABILENE GETS ATTENDANCE. According to reports received from Abilene, the revival meeting which opened Sunday at St. Paul's Methodist church at Abilene, under the leadership of Dr. Will Hogg, evangelist of Memphis, Tenn., is attracting large crowds, not only from Abilene but from other towns in this vicinity. Despite the inclement weather, large audiences greet the noted evangelist at every service.

Dr. Hogg has not used a Bible in the pulpit for more than seven years, and quotes all his scripture from memory. During the world war he was chaplain in the United States army and was wounded. For a number of years he was pastor of the Trinity Methodist church at El Paso, the second largest Southern Methodist church in the world.

Man of 60 Helped By Simple Mixture. "After taking Adlerika I feel better than for years. At my age (60) it is ideal—so different from other medicines." (signed) W. W. Carter. Adlerika is a simple mixture of buckthorn bark, glycerine, etc., which removes GAS in ten minutes and often brings surprising relief to the stomach. Stops that full, bloated feeling. Brings out old waste-matter you never thought was in your system. Excellent for chronic constipation. Colorado Drug Co. No. 6

YOUR TOWN AND YOU

In a recent editorial, the St. Joseph (Mo.) Gazette very aptly says: "Your town boos you. Why not do as well by the town as it does by you? No citizen is too powerful, none so humble, but what the town is an aid to him in some way or another."

The food that he eats, the clothes he wears, the recreation and amusement that he enjoys, all originate in the town, because the money with which they are procured is made there.

When a fellow boosts his own town he does not stop there. He is performing an act that improves his own condition, for every good word and every good deed has its elevating influence.

A few people are always home town boosters. They accomplish much in the way of community betterment, and this improves the condition of not only themselves, but also the condition of those who do no boosting at all.

If every citizen would constitute himself a home town booster, the result collectively would be many times as great, and opportunities for self improvement would be more numerous.

Think it over in your odd moments. Then get into the boost wagon.

All things come to the other fellow if you sit down and wait, especially if you wait for the other county to build good roads.

HOUSTON: Twenty-one persons arrested in connection with the hold up of an interurban station Sunday night and escaped with \$2,100.

Suffered weak, nervous. I was in a very weakened, I run-down condition, surely in need of a tonic and builder... CARDUI For Female Troubles

CHEVROLET SALES REPORTED INCREASING

Reflecting increased sales activity under the 1927 sales program, the Chevrolet Motor company has just announced the opening of three new zone sales offices located at Columbia, S. C., Salt Lake City, Utah, and Richmond, Va., making a total of 37 zone sales offices now operating.

Possibilities of increased sales of Chevrolet automobiles in the territory embraced in the new zones are such that it was vitally necessary to create new zone headquarters, with adequately increased staffs, to handle the business, according to C. E. Dawson, assistant general sales manager of the Chevrolet Motor company.

The new zone offices will supervise more closely the activities of field forces and Chevrolet dealers. Offices will be supervised by zone sales managers, with an assistant and assistant clerical force to maintain proper records. The opening of the new offices is in line with the Chevrolet Motor company's policy of concentrating more closely on districts where past sales indicate a rapidly growing market.

Following are the changes and appointments made in the various sales zones and regions: H. L. Horton, assistant regional sales manager of the Atlantic coast region at Tarrytown, N. Y., becomes regional sales manager at Tarrytown succeeding D. E. Rakston, who becomes assistant regional sales manager of the Middle West region, with headquarters at St. Louis; E. W. Fuhr, regional sales manager at St. Louis, becomes Pacific coast regional sales manager at Oakland, succeeding F. M. Coats, resigned; R. L. Myers, assistant regional manager at St. Louis, becomes zone sales manager at New York City, succeeding G. H. Schmidt, who is transferred to the Atlantic coast regional office at Tarrytown to assist Mr. Horton; W. E. Holler, city sales manager at Los Angeles, California, becomes assistant regional manager at St. Louis; L. M. Dreyfus, zone sales manager at Los Angeles, becomes zone sales manager at St. Louis, succeeding W. J. Burns, who becomes zone sales manager at Oakland, Calif.; G. H. Wallace, zone sales manager at Oakland, assumes a similar position at Los Angeles; E. E. Jones, sales manager of associate zone at Richmond, Va., operating under the Baltimore zone office, now heads the new zone office at Richmond; C. G. Smith, zone sales manager at Little Rock, Ark., becomes zone sales manager at Memphis, Tenn., replacing T. J. Burns, resigned; M. B. Roys, city sales manager at Chicago, becomes zone sales manager at Little Rock; P. A. Watson, sales manager of sub-zone at Columbia, S. C., operating under the Charlotte, N. C., zone office, becomes zone

manager of the new zone at Columbia; C. B. Spraker, sales manager of sub-zone at Salt Lake City, operating under the Denver zone office, becomes sales manager of the new zone office at Salt Lake City.

MOODY'S LIBEL LAW

Governor Moody, in his message to the legislature, recommended the adoption of a libel law, governing publications in public press. The same, or similar law, has been proposed in all sessions of the Texas legislature for many years. Handing in every instance there has been blocking of the measure and it might be easily guessed from what source the principal opposition comes. The man who has something to conceal as to his public life or his actions as they concern the public, is against publicity.

The governor's recommendations are moderate enough. He would grant the publisher the privilege to go to court present his side of the question, the truthfulness of his publications, the circumstances governing same and such other evidence as would show that he had not acted in malice toward the person claiming to be offended. These and other common-sense points would be allowed to go before the jury or court and would be taken into consideration in the rendering of a verdict for damages or other punishments.

As now operated, the newspaper which publishes something which might be construed to injure the subject of the article in the estimation of the public, has no defense that can be offered. The truth of a charge or report does not affect the case. Under such law, or lack of defined law, libel and damage suits are instituted for abnormal sums and are often successful.

A press free to report what court testimony develops or to present facts which are facts regarding an individual, an officer or an organization, would be the strongest influence to keep would-be dangerous people in the straight and narrow path.

COMMITTEE SAYS EXPEL REP. DALE AND MOORE FROM THE LEGISLATURE

Texas Legislators Accused of Accepting Bribery Are Scored

AUSTIN, Feb. 7.—After receiving an unanimous recommendation from its investigating committee that Representatives F. A. Dale of Bonham and H. H. Moore of Cooper be expelled from the legislature on charges of having accepted a \$1,000 bribe,

the house tangled and untangled itself in parliamentary mix-ups all of Monday afternoon without voting on the recommendation.

When the house recessed at 5:25 o'clock until 8 o'clock Monday night it was faced with listening to the reading of the entire transcript of testimony, totaling about eight pages, read. The motion to read the full report was carried by a vote of 67 to 58.

In the criminal district court of Travis county, Judge James R. Hamilton instructed the newly empaneled grand jury to make a thorough investigation of the charges against Dale and Moore and told the jurymen it was their duty "to go to the bottom of the question involved, that of bribery." Judge Hamilton denounced bribery as "one of the most heinous offenses known to the law."

Stormy scenes were enacted at times during the discussion of the report of the investigation committee. But even during the most heated arguments was an air of solemnity as the fellow-members of the two men discussed their fate.

In an impassioned address Speaker R. L. Bobbitt, who testified at the hearing that he knew of the plan to offer money to Dale and Moore, declared that he believed the two men to be "as guilty as hell itself." With out mentioning names, Bobbitt also directed an attack on the method of one of the attorneys for Dale and Moore and charged that he and the two accused men had tried to bring technicalities into the hearing before the committee.

Children Need Vitamins To Aid Growth and Build Strong Bones SCOTT'S EMULSION Abounds In Cod-liver Oil Vitamins

The Basic Industry

"Legislation authorizing the Census Bureau to list women homemakers as having official occupation will be asked of Congress."—Mrs. John D. Sherman, President, General Federation Women's Clubs.

The St. Louis Globe Democrat comments on this new "un-organized basic industry":

"To be sure," says the editorial, "labor saving devices have been introduced into her workshop, just as they have in other industries, but enough work remains to keep her hands full.

"The five-day week recently inaugurated by Mr. Ford and urged by organized labor, would be an impossibility as applied to her job, and even the eight-hour day would not be feasible.

"It is one requiring highly skilled labor, and no little executive ability in connection with capable handicraft. "So important a place has it in the nation's industries that a national strike of housewives would be a much worse calamity than a national coal strike.

"Indeed, there is no other occupation so vital as that of the homemaker."

Our idea is that homemaking is not only a basic industry, but that it has been, and in some respects still is, a whole collection of industries vital to the welfare of the race.

Aside from all these foundation activities of the homemaker, there is the "upbringing of children, who are to make all the wheels of industry go 'round in the future," as the quoted editorial says further.

The Laundry Industry of America has the satisfaction of knowing that it has put at the disposal of homemakers in millions of homes hours formerly spent in drudgery, now happily released for "the upbringing of children" and for other joyous duties that make home sweeter and home relationships more complete.

Yours for better acquaintance.

City Market

TEXAS WEEKLY INDUSTRIAL REVIEW

Longview.—New canning factory to be located here by Atkinson Canning company, Brighton, Iowa.

Lufkin.—This city planning \$300,000 street improvement program.

San Juan.—S. R. Russell will open 5-cent to \$1 store in this town.

McAllen.—College Heights, a new subdivision, placed on market.

Miles.—San Angelo Telephone Co. to improve all rural telephones leading out of this exchange.

Edinburg.—Southern Pacific railroad to erect \$40,000 new passenger station here.

Taft.—New store building under construction for J. J. Kirkpatrick.

Amarillo.—\$2,000,000 water reservoir beg constructed for this city, 12 miles west of Canyon.

Comyn.—10 inch pipe line being laid by Humble Pipe Line company from its head gathering station to Comyn to new oil field of Borger, and will cost \$3,000,000.

Rising Star.—New business structure being built adjoining Liberty theatre.

Sherman.—Stakes being set on Lee avenue for first paving to be done under \$400,000 paving program.

Dilley.—Nine carloads asphalt shipped from here in one week.

Haskell.—Magnolia Pipe Line company laying 10-inch line from Panhandle field to Breckenridge and Ranger.

Mineral Wells.—\$80,000 bond issue voted for erecting city hall and auditorium.

Alamo.—Several streets here to be paved.

DeLeon.—Nance Cold Storage company shipped out 16 car loads dressed turkeys between Nov. 10 and Dec. 27.

Big Spring.—Cole Hotel, recently burned, to be rebuilt.

Claude.—Farmers Grain & Implement company moves into new and enlarged quarters.

Turkey.—Reorganization of Turkey Chamber of Commerce effected. Modern waterworks system planned for this town.

Winters.—Rock hotel to be completely remodelled.

Big Spring.—Work of terracing elevated sidewalks in paved district started.

Alvin.—Survey made for new sanitary sewer system and disposal plant.

Huntsville.—Local railroad station being remodelled.

Happy.—Erection of a new high school urged.

San Benito.—\$120,000 bond issue to be voted for municipal improvements, including construction of incinerator and sewage disposal plant.

Eagle Pass.—Depot buildings of the Southern Pacific railroad are being succeeded.

Marfa.—Central Power & Light Co. to rebuild its electric distribution system, including all lines to army camp and over the entire city.

Ozona.—Marlane company will drill deep test well on J. S. Pierce ranch.

Sabinal.—Seven one-half blocks additional paving to be laid here. A new Baptist church under construction.

Hubbard.—Cheese and butter factory costing approximately \$50,000 to be built here.

Thorndale.—Specially designed telephone being installed in local office of L. G. N. railroad for handling train orders.

Houston.—New store building to be erected at 7747 Harrisburg boulevard.

Gorman.—Barry Bros. installing new equipment at ice plant.

Gonzales.—Approximately 100 carloads pecans shipped from here this season.

Huntsville.—\$80,000 new post office may be built here.

Amarillo.—Work is progressing on new Rock Island branch line being built between Amarillo and Liberal, Kansas. Contract let for 15-story hotel here.

Breckenridge.—Magnolia company purchases site for pumping station.

Perryton.—Contract let for erecting \$75,000 new high school. Town streets being repaved.

Harlingen.—Missouri Pacific lines will soon start construction of modern freight station and other facilities in Harlingen.

Sherman.—Work resumed on new \$50,000 hotel.

Houston.—2,869,148 bushels wheat shipped from this port through two elevators during recent six-months period.

SEDAN BODY UNHURT WHEN 5,000 POUNDS OF STEEL DESCEND

The strength and sturdiness built into the Chevrolet closed car bodies was strikingly proved recently when 5,000 pounds of steel frames fell five stories from the roof of the Great Western freight depot in Minneapolis, Minn., to the top of a Chevrolet sedan. The body of the car was uninjured.

WHY SUFFER

You can rid yourself of Rheumatism at once. Rheumalax reaches and removes the cause of rheumatism, doesn't just stop pain for few hours, but brings permanent relief by cleansing the liver, kidneys, stomach and bowels of the poisons which are the direct cause of rheumatism. Guaranteed by your druggist.

WOLF SAYS TELEGRAPH EXHIBITED 89 YEARS AGO

J. O. Wolf, manager of the local office of the Western Union Telegraph company, calls attention to the fact that it has been almost a century since Samuel F. B. Morse exhibited the telegraph instrument.

In speaking of this, Wolf said: "It was eighty-nine years ago that Prof. Samuel F. B. Morse, an impetuous portrait painter and lecturer at New York university, gave the first public exhibition of the Morse magnetic telegraph, which was to revolutionize communication through out the world and contribute as much to the social, political and economic advancement of the United States as any other single factor.

The exhibition was before an assemblage of specially invited guests in the Geological cabinet of New York university, Washington Square, New York City. It had been arranged that the gentlemen present should prepare dispatches for transmission which should be translated by some one having no previous knowledge of their contents.

"The experiment was a complete success. The messages were transmitted over the somewhat crude apparatus made by Prof. Morse with the cooperation of Mr. Alfred Vail and his father, Judge Stephen Vail.

"The experiment was a complete success. The messages were transmitted over the somewhat crude apparatus made by Prof. Morse with the cooperation of Mr. Alfred Vail and his father, Judge Stephen Vail. NOTICE

IN RE: ESTATE OF W. L. EDMONDSON, DECEASED, NO. 619 IN THE PROBATE COURT OF MITCHELL COUNTY, TEXAS.

Whereas, S. O. Givens of Lorraine, Mitchell County, Texas, was on the 3rd day of January, A. D. 1927, duly appointed as temporary administrator of said estate and has given bond and qualified as such, said appointment to continue until the next term of said Court which convenes on the first Monday of March, 1927, same being the 7th day of March, 1927, at which time said appointment as temporary administrator will be made permanent unless good cause be shown to the contrary. Therefore, interested in said estate that the said S. O. Givens will make his application to said Court for an order perpetuating his said appointment as such administrator of said estate, at which time any contest or protest to such appointment will be heard by said Court.

Given under my hand and seal, this 20th day of January, A. D. 1927, J. LEE JONES, Clerk, County Court, Mitchell County, Texas. 2-18c

Given under my hand and seal, this 20th day of January, A. D. 1927, J. LEE JONES, Deputy. 2-4c

CITATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded that you summon, by making publication of this Citation in some newspaper published in the County of Mitchell,

there be a newspaper published therein, but not then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, L. M. Mills, whose residence is unknown, to be and appear before the Honorable County Court at the next regular term thereof, to be held in the County of Mitchell at the Court House thereof, in Colorado, Texas, on the 7th day of March, A. D. 1927, then and there to answer a petition filed in said Court, on the 26th day of November, A. D. 1926, in a suit numbered on the Docket of said Court No. 1538, wherein the First State Bank of Lorraine, Texas, is plaintiff, and L. M. Mills is defendant.

The nature of the plaintiff's demand being as follows, to-wit: That on the 3rd day of April, 1925, the defendant made, executed and delivered to the plaintiff a certain promissory note for the sum of One Hundred Fifty-eight (\$158.50) and 50-100 Dollars, bearing date on the date and year aforesaid, payable to the order of plaintiff at Lorraine, Texas, and due on the 1st day of October, A. D. 1925, bearing interest at the rate of 10 per cent per annum from the date of accrual until paid and providing for 10 per cent-additional on the amount then due as attorney's fees if placed in the hands of an attorney for collection or suit is brought on same, whereby defendant became liable and bound to plaintiff and promised to pay it the sum of money in said note specified, together with all interest and attorney's fees due thereon according to the tenor and effect thereof; and to better secure the payment of said note, the defendant made, executed and delivered to plaintiff his certain mortgage lien, a certified copy of which is filed in the papers herewith marked "Exhibit A" and made a part of the pleadings herein, on the following described personal property, to-wit: Being on two black mare mules four and five years old, about 16 hands high, no brands; 4 light Jersey cows coming 2 years old, no brands, one Durham and Jersey cow coming two years old, no brand; and that thereafter to-wit, on the 12th day of January, A. D. 1926, the above described note and all the accrued interest thereon, together with other money loaned the defendant was merged into a certain promissory note in the principal sum of Two Hundred Eighteen (\$218.10) and 10-100 Dollars, bearing date on the day and year aforesaid defendant made, executed and delivered to plaintiff, payable to the order of plaintiff at Lorraine, Texas, and due on the 1st day of October, A. D. 1926, bearing interest at the rate of 10 per cent per annum from maturity until paid and providing for ten per cent additional on the amount of principal and interest then due as attorney's fees if placed in the hands of an attorney for collection or suit

OIL ROYALTIES BRING TEXAS COUPLE WEALTH

SAN ANGELO, Feb. 7.—Mrs. Della Bowen of Colorado City, and her husband, who a year ago pitched his tent on the only section of land in Upton county that they own, have realized a reported \$75,000 from the sale of royalties by holding onto their property until oil came.

Last summer Bowen tramped his streets here in an effort to sell the royalty on that section, but found no buyers. So he camped on the land and watched tests by Marland go down in the vicinity. Today there are six producers and five tests drilling that bear the designation Della Bowen after their numbers. Before oil was struck the land was worth not over \$4 an acre.

The Super-Six Principle also revealed in the ESSEX Super-SIX

An outstanding characteristic of the Essex Super-Six is the complete absence of labor with which it performs every requirement.

And, so, in all it does, whether spurting at top speed, or doing a comfortable fifty miles an hour all day long, you can realize its silky super-performance, only by the way you distance others.
