

## —and Father did the Washing Once

This incident was told of a local man, in local home:

The laundress failed to show up—his wife was indisposed—something simply had to be done about the washing, so he decided he'd be the laundress himself.

For an hour he sloshed and lifted and lugged—and then he called us. His hour in the cellar convinced him that washing was no work for a man, certainly not for a woman.

You'll find our laundry labor-saving, too, and in addition, you'll find it economical and clothes-conserving.

## R. O. PEARSON WILL STAND FOR RE-ELECTION ON THE CITY COUNCIL

Has Served Several Years;  
Heartily Solicited For  
Another Term

R. O. Pearson, manager of the Burton-Lingo Co., who has served as a member of the city council for several years, has consented to stand for re-election after being solicited by a number of friends and supporters, and he authorizes the Record to announce his name for the place in the city election, April 5th.

Pearson is a pioneer citizen of this city. He has been manager of the Burton-Lingo business for many years. When a young man he was quite a printer and worked in the office of the Colorado Clipper for some time and is yet conversant with the workings of a printing plant. He also worked in Houston and Dallas on newspapers when a young man. We mention this to show that he has had a wide experience not only in the lumber business but others as well. His experience on the city council here has been extensive. Practically all the modern improvements in the city have been installed since he became a member of the council. All the paving, the street improvement work, water works extension and sewer lines have been done since he was inaugurated as a member of the board of aldermen. He has been street and alley commissioner for some time.

Friends of Pearson feel that he is one of the most capable men in the city available for this service and his integrity and seriousness of purpose has never been questioned, so the city would probably do well to have him serve on the council for many more years.

Since the job pays no salary, the friends of Mr. Pearson say his serving on the council is a great public service to the city and they feel that the voters should accept Mr. Pearson's offer to serve and elect him for the place again, which doubtless they will do.

There is no man in Colorado more appreciative of favors and past courtesies than is this veteran lumberman and citizen, and if the people desire to continue him in this office, he promises to serve them to the best of his ability and to guarantee he will do the best he can by the city in helping to handle the business of city government.

## Many Attend Opening of New Hotel Saturday

Saturday evening was a gala event for Colorado, the realization of the plans of those who eight months ago broke dirt and christened the site Colorado Hotel. Standing in the spacious and handsome lobby with its beautiful overstuffed chairs and couches, its tables, smoking stands, and in convenient nooks, the fully-equipped writing desks one was persuaded that dreams do come true. Then when one looked at the elegant Roman-striped damask draperies with the silk net glass curtains at the windows, the elegant Oriental rugs and hand-painted pictures hung on the walls, one wondered again if it were really a true dream. The reception suite was further adorned by baskets and vases of roses and carnations. These had been sent to Mr. and Mrs. Jarrott by the Adolphus Hotel of Dallas, the Hilton of Dallas, the Barcroft of Colorado, Hotel Vernon, Mr. and Mrs. Max Thomas, and Churchill & Humphries, contractors. Every hotel in Fort Worth and Dallas had sent messages of congratulations.

For this opening night Mrs. Jarrott had planned a receiving line and before the hour of the public opening every room in the house was taken, the lobby was filled and so the had to be abandoned. Mrs. Ross Dixon and Mrs. Jarrott met the people, however, and all were made to feel welcome.

After all had gathered, the doors into the dining room were opened and the folks were seated while Mr. Adams, toastmaster for the occasion, Dr. Coleman and Mr. Sandusky, the principal speakers, were seated on the stage. The orchestra brought from San Angelo for the occasion, filled the building with their music. Mr. Adams was at his very best. He opened his remarks by quoting from the "House By the Side of the Road."

"Let me live in a house by the side of the road and be a friend to man." The author, Mr. Adams said, meant a little vine-clad hut where as the stream of traffic went by that house was an open sesame to hospitality. But here in these latter days, we have instead of the little home a stately structure by the side of the road, the Bankhead highway. He reviewed the history of the hotel, projected less than a year ago, a building that would be a credit to any city, predicting a large business and a successful management, and with the owners invited all to use the hotel. After an orchestra number Mr. Adams introduced Dr. P. C. Coleman, the father of Texas Tech. Dr. Coleman said 25 years ago he used to come to this spot to get a team to make his trips to the country. For here was a livery stable. Fifteen years later, on the same spot, he hired automobiles. A long way from a livery stable to this hotel. He said God never created a finer set of people in the world than these old-time loyal, chivalrous folks, and that what has been done is the result of cooperation. Many communities are torn by factions but we have always stood as a unit on any movement. He reviewed briefly the work of the West Texas Chamber of Commerce. He said it had educated the people as to what existed in West Texas. He told how cooperation had secured the Tech college, better public schools and the Colorado Hotel, ending by saying "We are glad to have the visitors—do as you please."

With Mrs. Guitart at the piano Miss Arledge gave two beautiful dances in her most artistic manner. Mr. Adams called to the stage and introduced Mrs. Jarrott, Mr. Parkhurst, Mr. and Mrs. Dixon, Mr. Max Thomas, Mrs. Pierce, Messrs. Churchill & Humphreys of Dallas, saying Colorado was now the little sister of Dallas, and some day he expected Dallas to be the little sister of Colorado. Mr. Humphreys and Mr. Churchill each made short talks regarding their part as contractors of the hotel. The others only bowed. Then Mr. Adams introduced Judge Sandusky who talked about the greatest word in the world—Home. Contrasted the old-time thought of home and hotel and predicted that Mrs. Jarrott would make of this hotel a real home. Continuing, he said the majority never moves. It is always the minority. He paid a tribute to Earl Parkhurst, to the local men who showed their faith in the project by backing it up and congratulated them and the city upon the result.

At the conclusion of speechmaking, a buffet supper was served. This consisted of salad, meat and sweet sandwiches, potato chips, olives and coffee. All were given caps and confetti. When the meal was over the chairs were placed against the wall and dancing began. The floor was soon filled and the fun continued until twelve o'clock.

There were numbers of visitors from Sweetwater, Snyder, Big Spring Fort Worth and Dallas. Miss Harwood, a stockholder in the building, who lives in Dallas, was an especial guest. A special car out of Dallas brought Mr. and Mrs. Jack Churchill and Mr. and Mrs. Dee Humphreys, and their friends and sub-contractors, Mr. and Mrs. Henry Oates, Mr. and Mrs. Jones, Miss Littlefield, Mr. Bob Sedwick, Mr. Kendrick, Mr. R. J. Bryden.

### CITATION BY PUBLICATION

THE STATE OF TEXAS,  
To the Sheriff or Any Constable of  
Mitchell County—Greeting:

You are hereby commanded to summon J. B. Loftin, Mrs. Julia Loftin, L. L. Smith, the heirs of J. B. Loftin, deceased, whose names are unknown; the heirs of Mrs. Julia Loftin, deceased, whose names are unknown, and the heirs of L. L. Smith, deceased, whose names are unknown, and L. W. Guyton, and heirs of L. W. Guyton, deceased, whose names are unknown; and Oliver Loftin, and heirs of Oliver Loftin, deceased, whose names are unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county to said Mitchell County in which there is a newspaper published, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the fourth Monday in April, A. D. 1927, the same being the 25th day of April, A. D. 1927, then and there to answer a petition filed in said Court on the 16th day of March, A. D. 1927, in a suit numbered on the docket of said Court No. 4818, wherein J. W. Dorn and B. A. Donelson are Plaintiffs, and J. B. Loftin, Mrs. Julia Loftin, L. L. Smith, the heirs of J. B. Loftin, deceased, whose names are unknown; the heirs of Mrs. Julia Loftin, deceased, whose names are unknown, and the heirs of L. L. Smith, deceased, whose names are unknown, and L. W. Guyton, and heirs of L. W. Guyton, deceased, whose names are unknown, and Oliver Loftin, and heirs of Oliver Loftin, deceased, whose names are unknown, are Defendants, and said petition alleging as follows:

That on or about the 1st day of January, 1927, plaintiffs were lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming same in fee simple, viz:

All of Lot Number One (1) in Block Number Fourteen (14) in the Waddell & Martin Addition to the City of Colorado, Texas; that on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiffs therefrom, and unlawfully withheld from them the possession thereof, to their damage, \$500.00.

Wherefore plaintiffs pray judgment for the title and possession of said described land and premises, and for writ of restitution, damages and costs.

Herein fail not but have before said Court, at its regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, Texas, on this 16 day of March, A. D. 1927. J. LEE JONES, Clerk, District Court, Mitchell Co., Texas. 4-8c.

Rubber Stamp Pads. Record office.

## Home Folks Log

Vol. 1 Friday, March 4, 1927 No. 2

Published in the interests of the people of Colorado and vicinity by the Gray Lumber Company.

Diels Gray, - - Mgr.  
Ed Worley, Editor

Colorado is coming to the front. So is Spring.

J. H. Greene is building new home which will be late design stucco. J. E. Pond is contractor.

It used to be "your town" and "our country," now it's "our community."

Mr. and Mrs. S. H. Millwee have let contract for their new home which will be one of the many new homes in Colorado.

Man is like a tack, useful if he has a good head on him and pointed in the right direction—but even though he is driven he can only go as far as his head will let him.

J. R. Johnson's new home will soon be completed.

All nature takes on a new appearance when viewed from the porch of your own home.

Ask to see our line of Paints.

Don't buy your cattle wire before getting our prices.

Just received a large shipment of poultry fence.

Lady: "Some Dewitt's Early Risers please."

New Drug Clerk: "We don't carry Dewitt's, but here's a good Big Ben alarm clock at only \$1.49."

Attend the Methodist revival which is now in progress.

W. R. McEntico is doing quite a little improving on his ranch.

THE PRICE IS THE THING

### WESTBROOK CITIZENS DISCUSS ROAD MATTER AT FRIDAY LUNCHEON

(CONTINUED FROM PAGE 1)

Oglesby also was called upon to speak and he favored the proposal and made some very important remarks regarding the matter of roads, and said the county could hardly afford to overlook the importance of better roads, and that the Westbrook precinct would doubtless do something definite real soon regardless of the outcome of the other portion of the other portion of the county.

Would Not Improve Highway

An explanation was given to add here that if the Westbrook precinct votes bonds for a special district in precinct 1860, it will not change the status of the Bankhead highway as the money would be spent on lateral roads in the precinct and not on the highway.

Judge C. C. Thompson estimated that \$30,000 to \$40,000 would be necessary to do the work in precinct two and stated that \$30,000 could be retired in 17 years with a levy of 20c on the one hundred dollars valuation. Thompson also explained the proposal recently offered him from

the State and Federal governments relative to building a paved hard-surfaced road through the county over the Bankhead highway and the citizens present were unanimous in the opinion that the county should accept the offer at once and build the road. The citizens also discouraged the idea of trying to build a gravel road through the county. C. E. Danner and J. W. Byrd spoke against the gravel road, saying that they thought it was a waste of money and that nothing but a permanent road should be considered and the others present voted unanimous to support that contention.

F. Bledsoe and D. Butler also spoke and both heartily favored a precinct issue as well as county-wide issue to build roads.

Danner stated that city would join Colorado, in fixing up the oil field road to Chalk and would donate some funds to the work.

When the proposition was put up by the chairman, the Westbrook citizens voted unanimously to support a county-wide issue and also the precinct issue as proposed.

After the meeting adjourned it was stated that as soon as estimates of the cost of the work in the precinct could be had, a petition would be circulated to call an election and vote on the proposition. It was also stated that a petition for a county-wide issue of about \$200,000 to pave the Bankhead highway across the county with State and Federal aid would be started at Westbrook as soon as the State engineer could complete estimate of the cost.

### Toyah Valley Changes Name To Madera Valley

In order to call more attention to the Madera Springs resort located in the Davis mountains, just above the little city of Balmorhea, the citizens and business men of the town have decided to change the name of their community to Madera Valley, relinquishing the time honored sobriquet of Toyah Valley, and the Creek. This was started with the change of the name of Balmorhea, which is now the Madera Valley News.

Other business in that growing community have also followed suit, changing the Toyah to Madera. This move on the part of these people is done in the anticipation of creating greater interest in their settlement, and more especially in the nearby wonder resort.

Operations at the Madera Springs resort are steadily reaching the point of completion, of one of the finest resorts in the west. Golf course, tennis courts, swimming pool, with the hotel and neat little cabins, all situated on a scenic mountain, await the weary worker, for his complete relaxation this summer vacation.

### Snyder Attends Meet Of Cattle Raisers Assn.

Mr. and Mrs. D. H. Snyder and Mr. and Mrs. R. J. Wallace left Saturday for El Paso to attend the meeting of the Texas and Southwestern Cattle Raisers' association which met there the first of this week. Mr. Snyder has been a member of this association for many years and has been a director of the body for more than a score of years, and he never misses a meeting of the organization.

Reports from the meeting say the present outlook for cattle business is better than has been for some time and the cattlemen are optimistic as to the future of their business.

The Colorado visitors to the convention will return this week.

**ONLY ONE NEW NAME FILED FOR TRUSTEE**

Only one new name has been filed to go on the ticket in the school bond election to be held in the Colorado Independent school district, Saturday, April 2, according to information given the Record this week. There are four trustees to be elected and three of the old members' names have been filed for re-election, it is said. The new man whose name was filed is Frank Kelley, local manager of the West Texas offices of the Magnolia Petroleum company. The old members whose terms expire and whose names have been filed for re-election, are: J. W. Watson, E. H. Winn and J. F. Morris. Morris says he will not stand for re-election but many friends are urging him to do so.

### Former Colorado Man Dies At Home In Seminole, Ok.

Lee Green, 47, former Colorado citizen, and son of Col. and Mrs. W. M. Green of Colorado, died at his home in Seminole, Oklahoma, last Sunday, March 13, and was buried there Monday. Besides his parents, Mr. Green is survived by his wife and three children and three sisters, Mrs. Bert Smith of Colorado; Mrs. J. L. Harding of Vincent, and Miss Ruby Green of Colorado, and two brothers, Ocie Green of Cuthbert and Homer Green of Lamesa.

Lee Green lived in Mitchell county for many years, having moved to Oklahoma about 1916. He was well and favorably known here and had scores of friends in this county.

Deceased was a faithful member of the Methodist church and a true Christian.

Hundreds of friends of the family join in expressing sympathy.

Col. and Mrs. Green, parents of deceased, are among the most popular old-time citizens of this county and they have scores and scores of friends all over Texas. Colonel Green is president of the Texas Ex-Rangers association. He was a Texas Ranger for several years, and is known all over the Southwest.

**Missionary Of Presbyterians Spoke Here Tues.**

Rev. J. W. Allen, Presbyterian missionary to Africa, spent Tuesday in Colorado and gave a very interesting address at the Presbyterian church at 7:30 p. m., on his work in the Congo. He spoke to pupils and teachers in the high school and the grammar school Tuesday afternoon.

The addresses delivered by the missionary were very interesting and instructive and all those who heard him were loud in praising the speaker. More than 800 people heard him while he was here.

Rev. Allen went to Big Spring on Wednesday morning and spoke there during Wednesday and Wednesday night.

Remington Portable Typewriter, standard keyboard, will do everything the big machine will do. Sold by the Record office on a credit. See the machine.

For further information, see the Finance Committee of the First Baptist Church.

O. LAMBETH, Chairman.

Carbon paper all size sheets at Record office.

**WINTERS TO SPEAK TO EX-SERVICE MEN**

J. S. Williams, post commander of Oran C. Hooker Post, American Legion, has received a letter from R. C. Winters, state commander of the Legion, saying that he will be in Colorado on Friday night, March 25, to address the meeting of ex-service men at the Legion Hut, unless something unforeseen comes up to hinder him. In case Winters can not come, the vice commander, W. J. Buie of Stamford, will be present.

Williams extends a special invitation to all ex-service men in Mitchell county to attend, regardless of membership in the Legion.

**E. L. WORLEY ORDERS RECORD SENT TO N. Y.**

Ed L. Worley, for several months with the Gray Lumber company here, left last week for New York on business and writes the Record a card from Memphis, Tennessee, stating he regrets that he had to leave Colorado without telling his friends good-bye. He orders his paper sent to 64 Barrow street, New York, but does not say how long he will remain there.

"You'd never know it, my dear"

but this room is beautiful by daylight."

Why sacrifice appearance, comfort and convenience to false economy? Good light for your living room costs less than two cents an hour.

# CHURCHES

## FIRST BAPTIST CHURCH

The work moves forward in great shape. Last Sunday was one of the best days for the church since the present pastor has been on the field. All services were well attended and four fine folks joined the church. It is an inspiration to see so many people so deeply interested in the work. It will not be but a short time now until the Baptists of Colorado will be in one of the liveliest building campaigns that has been before any church in this section of the State in some time. There has been some \$42,000.00 already subscribed to this building fund and still coming with worthy offerings. In fact all offerings are greatly appreciated—little ones and big ones alike. The one who gives least sometimes gives most, so

do not stay out of this worthy move on account of the offering you are called on to make. Do what you can and the Lord will bless the offering and you will get a blessing out of it. We have set our faces toward the Cross to glorify Christ in doing for Him the worthy thing of building God a house, and we all feel that we want a part in this good work and now is the time to come in and join the throngs that are speaking words of encouragement. We all can help some in some way pay and pray and boost while we work.

Next Sunday will be a day of great importance with the church. Our hearts will be made to rejoice when we hear the report that is to be made in the morning services. Preaching at 11 a. m. Subject, "The Home." 7:30 p. m. Subject, "Counting the Cost." Every Baptist is expected to hold on to God and be faithful to His cause as we go into this building campaign. Be in your place in

church on the Sabbath day. Come on Sunday school at 9:45. Classes for all. Fine fellowship, a warm hand shake and glad hearts will greet you. D. W. MORGAN, Pastor.

## METHODIST CHURCH

Sunday school at 9:45 a. m. Make the Sunday school better. Preaching morning and evening, as usual. Are you attending the revival services? They are interesting and helpful. Good music. The revival services will continue all next week. Come, we need you. M. M. BEAVERS, Pastor.

## CHURCH OF CHRIST

Lord's day Bible classes meet at 10 a. m. Preaching and communion 11 to 12 a. m. Young People's study at 6:30 p. m. Evening Gospel service at 7:45 p. m. The meetings in the week are: Ladies' Bible class Monday at 3

d. m. All-Church meeting Wednesday at 7:45 p. m. Teachers' meeting Thursday and Bible chair for the children Friday at 3:30 and 4 p. m.

We had another fine day last Sunday an expect a better this next. The sermon subject for the morning hour, "Examine Yourself," and for the evening Gospel service, "Christ's Plan to Save the World." We welcome your presence. J. D. HARVEY, Minister.

## PRESBYTERIAN CHURCH

Preaching at 11 a. m. and 7:45 p. m. Sunday school at 9:45 a. m., J. M. Thomas, superintendent. Christian Endeavor at 5 p. m. Prayer Band at 7:30 p. m. The public is invited to worship with us at all these services. W. M. ELLIOTT, Pastor.

## NEWS REPORT FROM WESTBROOK CHURCH

Last Sunday the fine weather gave us a full house for preaching services and our Sunday school went up to 86 the previous Sunday to 114. Rev. Burnett of Brownfield was with us and preached most excellent sermons both morning and evening. We invited him to serve our church regularly but he asked until next Sunday to decide whether he could do so.

Our congregation pledged \$25.00 more to our Association Mission which about brings us over the top with our pledge. The traveling evangelist, Saxon, accompanied by the singer, Brown, were with us for a mid-week service, which was attended by a full house and much appreciated. The organists and Mr. Brown's singing was a real treat and brought pleasant memories to some of us

present who had heard him sing when young. We were much pleased to know the donation we gave them was the most generous they had received any place since they left El Paso.

Our W. M. U. met with Mrs. J. M. Herrington out in the oil field this week, with 20 present and four new members. It was a beautiful day and we certainly enjoyed the drive. Even more the stay, for Mrs. Herrington is a most gracious hostess. The department lesson was conducted by Mrs. G. C. Williams, followed by our regular Bible lesson conducted by Mrs. W. L. Cope. We meet next week with Mrs. C. Collier Moore at the Palace Monday and Tuesday, March 21 and 22.

See the home talent recital by Mrs. Aldridge and Broadbush at the Palace, Tuesday and Wednesday.

## \$43,600.00 PLEDGED ON NEW BAPTIST CHURCH TO DATE

### Report Finance Committee Accepted: Old Building Be Sold.

According to report of the finance committee of the Baptist church \$43,600.00 has been pledged to date on the fund to build a new \$50,000 church building, and the balance will likely be pledged in a few days. At a meeting of the committee and the board of deacons this week the report of the finance committee was accepted and the building committee was authorized to consider bids for sale and removal of the old church building and consider plans for the new church. It is definitely certain that the funds can be raised to build and although the matter will probably be brought up again for ratification of the church, it is sure that immediate and quick action will be taken on the matter and that work will be started on May 1st as planned.

The building committee will ask for bids for removal of the old building and the sale of the material before May 1st and has been authorized to proceed with the building program.

## EXCEL BIBLE CLASS

A large number of officers and members of the church met in the home of Mrs. J. M. Herrington Monday night for the regular meeting of the Excel Bible class. Various speakers were present, which this money is to be raised in the near future. The ladies of the class will do sewing, patching of any kind for the advertisement in this issue of the Record. The Excel class is helping a student through Simmons' University. Further means in helping student were carried out in this issue.

See and urge members of the church to attend the next Sunday. Reports.

## W. W. PORTER IS HOME FROM TEMPLE SANITARIUM

To the public in general and my friends in particular: I am glad to say that I am back from Temple Sanitarium after six weeks' vacation there, having undergone an operation resulting in the loss of some weight, considerable strength and a world of good looks but best of all I seemingly have a health on the road to regain my health and am gaining all of the aforesaid now at a rapid rate.

I take this opportunity to thank those who have manifested so many ways their interest in me and shall never forget the many earnest inquiries during my recent illness. Earnest letters of cheer and comfort were received almost daily and for the flowers sent by relatives, bosom friends, churches, lodges and clubs, will say that they just filled the bill for when a feller is flat on his back smoking glass tubes for the satisfaction of others and sucking straws with the hopes of getting a little strength and satisfaction for himself he certainly needs something cheerful to gaze upon and flowers from his dear, dear relatives and friends certainly do speak volumes to him that has a tendency to make him resolve that in the future he will strive to serve his fellow man and his God more faithfully in the future than he has in the past.

Thanking one and all again and announcing that I can be found now at my office in the interest of the Texas Farm Bureau Cotton Association and Porter & Billingsley, real estate and insurance, also ready and willing to do my bit for the advancement of all interest that might help our county, state and nation. Twenty years a citizen of Colorado.

## IN THE MARKET FOR A TOMBSTONE?

Since November, 1911, I have sold more than 100 tombstones, which have been set in some 17 cemeteries. If you are in the market for one, come and see me at my prices. I never bore prospective buyers, simply give you my prices, guarantee my work, and leave it up to you. See me or phone me at the Alamo Hotel. ERNEST KEATHLEY. Agent Since November, 1911.

## Star Parasite Remover

Given in water or feed kills chickens and turkeys of intestinal worms, disease germs, blood-sucking lice, mites, fleas, blue-birds; improves their health, reduces disease, increases egg production. Easy to use; costs little; gives stronger young chicks or money back.

FEBRUARY 1927  
INDIA RUBBER TIRE REVIEW  
PAGE 16  
Reclaimed rubber consumption hit new records last year. It is estimated that 164,000 TONS of reclaimed rubber were consumed in 1926—approximately 45 per cent of the amount of crude rubber consumed. Reclaimed rubber consumption in 1926 was greater than during 1925.

# DAYTONS

-- Weigh More,  
-- Contain No Reclaim,  
-- Deliver More Miles.

Dayton Tires not only contain more pounds of Rubber, but at the same time never an ounce of Reclaim Rubber has ever been placed in a Dayton. This greater weight of rubber is placed where it will count—heavier side walls to guard against curb abrasions and prevent rut wear—two layers of rubber instead of one between each ply of Cord

Fabric to withstand friction and its deteriorating heat—much thicker tread, specially treated to resist wear. Do you wonder then, why Dayton has been able to pioneer the way to Safer Driving, Comfortable Riding, and greater Endurance Economical Mileage? The next set of Tires you buy, let them be Dayton Cords or Dayton Stabilized Balloons.

## Dayton 30x3 1-2 Red Stripe Weighs 17 1-2 Pounds

**2 to 8**  
MORE pounds of Pure Gum Rubber

**2 to 4**  
MORE plies of Cord Fabric

**5 to 10**  
THOUSAND more miles!

Col. Green Says City Should Invite Rangers Meet Here

Col. W. M. Green says he would like to see the 1928 meeting of the Texas Ex-Rangers association held in Colorado and this city can probably secure the meeting if the Chamber of Commerce and other civic organizations will go to work on the matter. The colonel says this meeting of the ex-Rangers would mean a great deal to the city and would be instrumental in drawing a very large crowd and much favorable publicity for the city. The meeting this year is to be held in Menard, in August, and the Colonel will place Colorado in nomination for the 1928 meeting if the organizations of the city will go behind him in the invitation.

New Hotel Is Forced To Turn Guests Away

According to J. H. Greene, secretary of the Colorado Chamber of Commerce, the new Hotel Colorado has been forced to turn away several guests this week because insufficient rooms were not available to care for them. Tuesday night, Greene says, the hotel turned away several because the hotel was already filled to capacity, and he says the hostelry is having a very fine business for the first week of its opening. Greene is authority for the statement that this city will become more popular with oil men and tourists each week, owing to the hotel accommodations we now have, and says the Colorado Hotel will be crowded, doubtless, every night. The secretary is glad to see this condition obtain, and is working to give this and other hotels in this city widespread publicity in order that tourists and others may know that this city can properly care for them. COKE COUNTY TALKS BOND ISSUE TO FIX ROAD TO COLORADO

Would Ask Designation Of Road From Colorado To San Angelo

A bond issue to provide for the working of the road leading from Robert Lee to Colorado and from Robert Lee to San Angelo, is being discussed in Robert Lee, Paul Brown, banker of that city, said Thursday.

Claude—Pruning and planting of fruit trees were explained to the people of this section recently when the horticulturist of A. & M. extension department spoke here at a series of community meetings.

Highway Bills Must Be Presented Promptly Is Said

A communication has been received from P. Hemphill, district engineer, of Big Spring, in which he requests all parties having bills against the highway department to file bills with his office promptly.

"I respectfully request that you be kind enough to inform the merchants in your city as follows: "All bills for the State Highway Department contracted by the foreman must be sent to this office not later than the fifth of each month.

"In general, bills more than two months old will be automatically disapproved by the Division Engineer. Failure to have duplicate bills in this office by the fifth of each month will therefore lead to considerable delay in the collection of just accounts.

Mr. and Mrs. W. S. Foster have returned from a short visit to relatives at Marlin.

MANY WEST TEXAS COUNTIES FIGURE IN LEASE TRADING

Majors And Independents Busy In Taking Acreage In Every Direction

More than a score of counties in the vicinity of Mitchell county are receiving great activity in lease deals, according to information secured this week. In fact, nearly every county in West Texas from the Panhandle to the border and from Shackelford to the corner of New Mexico is the scene of leasing activities of both major and independent companies.

Practically all of Mitchell county is under lease or is being blocked for drilling and Scurry, Fisher, Nolan and Borden counties are receiving a large share of this activity. Nolan county is getting a spread from the activity in the Noodle Creek field at Trent, where there are already ten producing wells and as many more drilling. Fisher is also getting a share of activity from that direction and is being dotted with wildcat wells in all the south and central portions.

Diversification Gains In Texas Government Says

The United States Department of Agriculture takes official notice of the increase of diversification in Texas. In the March crop report for the States, issued by the Bureau of Agricultural Economics, observes with respect to Texas that "probably more garden seed has been sold this spring than ever before. Farmers are intent on living more at home, and are milking more cows and raising more poultry. There is also renewed interest in raising swine, sheep and goats, and cattle."

The increased activities of Texas farmers along lines of diversification gives support to the department's estimate that there will be sharp decrease in the cotton acreage in the State this year. The report points out that the decline in cotton prices in 1921 produced a 9 per cent decrease of cotton acreage for the succeeding year and a 13 per cent increase in the acreage planted to other crops. Corresponding changes in 1927, following the low-price cotton crop of 1926, would bring decreases in cotton acreage totaling 1,722,000 acres. But the cumulating effect of low-price crops may make the 1926 crop more effective along this line than was that of 1921, and the widespread agitation for cotton reduction as one of the principal parts of a "safe farming" program of diversification will play its part in increasing the effect of the 1926 lesson.

Texas can well increase its acreage of all crops other than cotton. The State's 1926 production of 34,000,000 bushels of wheat could be doubled without the increase affecting the world price of wheat which controls the price for which Texas farmers must sell. Last year's crop of oats, \$3,656,000 bushels, the largest since 1919, could be multiplied without reducing the value per bushel. The 1926 corn crop of 166,863,000 bushels, could be quadrupled and still be marketed profitably through feeding to the many millions of hogs, cattle, sheep and poultry which are needed to supply Texas tables.

It is very evident that the gains of diversification in Texas this year will be larger than ever before. "If they shall continue steady throughout the next few years, Texas will be well on the way to soundness in agricultural economy which alone can develop the tremendous resources of soil and climate which the State possesses.—Fort Worth Star-Telegram."

Archie McDonald Goes With Colorado Wholesale House

Archie McDonald, who has been with the Jack Garrett Buick agency as salesman for some time, will go with the Colorado Wholesale House on April 21, according to Ray T. Womack, who recently purchased this business from E. H. Hamlett and who will take charge on the above date.

McDonald will work in the city until April 1, when Womack relinquishes his place in the City National bank and takes active charge of the business. After that date McDonald may take an outside salesman job with the wholesale house and will probably work a large territory in the vicinity of Colorado and west of this city.

The Colorado Wholesale House is distributor for several standard lines of candies, package goods and other confections, as well as other lines, and will carry a complete stock of these lines.

LANDERS BROS. GIVE \$10 TO CEMETERY FUND

H. C. Landers, of the Landers Bros. ranch, hands in a check for \$10 to apply on the Record Cemetery fund. The check was sent in to J. H. Greene, and he turned it over to the Record and the same has been added to the funds already deposited.

Landers Bros. have a large ranch about ten miles southeast of Colorado and raise considerable stock as well as doing lots of farming. H. C. Landers lives in Colorado and is one of the city's pioneer citizens. We thank him for the needed cemetery money.

dozen tests are drilling, the Dixie acquired 25 sections in block BB and a section in block OV, at \$1.50 an acre.

In Terrell county, the Houston Oil company bought sections 11 and 16 in block A-4. In Crockett county Amerada paid \$30 an acre for the south 80 acres of the west 160 acres of section 1, block PP, G. C. & S. F. Ry. Co. survey.

In the same county Humble paid \$25 an acre for the southeast half of section 48, block 31, H. & T. C. Ry. Co. survey, and \$5 an acre for the southeast quarter of section 26 and the southeast quarter of section 35, block 5, University lands.

D. H. SNYDER IN RACE FOR ALDERMAN IN CITY ELECTION

Pioneer Citizen And Ranch Owner Offers Serve On City Council

D. H. Snyder, pioneer citizen of this county, and large ranch owner of this county, authorizes the Record to announce his name for the office of city alderman in the city election on April 5th.

Mr. Snyder has lived in this city for a quarter of a century and his father was one of the old-time cattlemen of this section of the state. Hiram, as he is popularly known here, owns large ranch interests southwest of Colorado and is considered one of the most substantial citizens of the city. He recently built a fine brick home in North Colorado which is said to be the most imposing structure in the city. Last year he leased his ranch for oil development and received several thousand dollars in lease money.

Mr. Snyder has never held public office of any kind and can not be classed as a politician. He is merely offering to serve the city as alderman as a public spirited citizen should do. The alderman's job pays practically nothing for the services, yet Mr. Snyder is offering to give his time to this work for the city because he is interested in the growth and development of the city, and several friends have solicited him to offer for the place. He has been here many years and knows conditions and is thoroughly capable to serve the city in this capacity.

The city election will be held on April 5. A mayor and three aldermen are to be elected. So far there have been only two candidates announced for the office of alderman, C. E. Way announced last week for alderman.

Many friends of Mr. Snyder are glad to see him announce for this office and feel that he will be named to the place when the citizens vote on April 5.

Mr. Snyder says he will appreciate the support of all who back him for this place and says if elected he will serve to the best of his ability.

Chalk Field Gets Wide Extension West

The sensational extension of the Chalk field about four miles to the southwest in the bringing in of the Texon-Marland Settles No. 1 in the edge of Glascock county, was the feature of development in that section the past week.

With twenty-nine producing wells with a daily production of 2,688 barrels, and thirty drilling wells and locations, the Chalk producing area is receiving an unusual play. Production in the field, which is only a little more than a year old, is owned by the Magnolia Petroleum company, the Marland Oil company, Humble Oil and Refining company, Coate and Henshaw and Lockhart and company. The Marland Oil company recently bought control of a large part of the proven and semi-proven acreage, and since then has made a large number of locations.

In Borden county, which adjoins Mitchell county on the northwest, many of the major companies are blocking up acreage and independent operators are active. Borden county has only a few scattered tests for oil and the present buying is largely a result of the increased drilling program in the Mitchell and Howard county fields.

CORRECTION

In last week's issue of the Record in the article about pig club work in the county, an error was made in statement of the rules for judging. The article should have read: "The best hog with respect to the purpose it is to serve, 40 per cent of 100. The greatest daily gains on hog, 15 per cent; cheapest cost of production, 25 per cent; best records on care and feeding of pig, 20 per cent."

These will be the points on which the pigs will be judged, and the prizes will be given in the form of a trip to the Dallas fair and to the A. & M. short course instead of cash prize.

Rubber Stamp Pads, Record office.

TO VOTE ON NEW TAXATION PLAN

House Concurs Senate Measure Authorizing Change To Be Made

ELECTION IN AUGUST

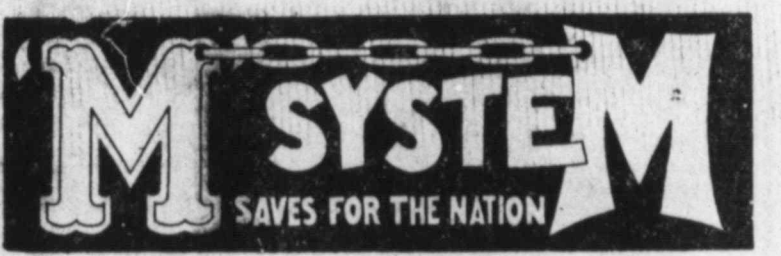

Measure Adopted Approving Benefit Assessments Against Property Used For Parks

AUSTIN, March 11.—The House today by a vote of 118 to 2 concurred in the Senate amendment to the Stevenson House joint resolution proposing an amendment to the constitution authorizing the legislature to adopt a new method of state taxation. The question will be submitted to the voters of the State on the first Monday in August of this year.

The Senate and House adopted the conference committee report on the Senate bill increasing the salaries of judges of the supreme court, court of criminal appeals, court of civil appeals, commission of appeals, and district courts. The House adopted the Senate current resolution accepting from the war department German war trophies, and urged Herbert Hoover to attend the annual convention of the East Texas Chamber of Commerce to be held at Tyler, April 20 and 21. The House finally adopted the House bill by Holder of Dallas authorizing cities of 12,000 population or over to make benefit assessments against surrounding property owners of land condemned for park or pleasure grounds.

INTERNATIONAL HARVESTER SHORT COURSE AT SNYDER

County Agent W. S. Foster has received a communication from Snyder with reference to the short course to be held in Snyder Friday and Saturday by the International Harvester company in cooperation with the county agent and Chamber of Commerce there, in which a special invitation is extended to Mitchell county farmers and others to attend.

To Those Who Buy Groceries:

In order that we may show you our appreciation for your business we are going to give you, in addition to our lowest possible prices, an opportunity to secure a nice set of the FAMOUS WM. ROGERS SILVERWARE in the Hampden Pattern, guaranteed WITHOUT TIME LIMIT, which will be very useful for your table and something that will be appreciated by everyone.

You may or may not be one of our regular customers, but we want to assure you that we are very anxious to supply you with everything that you may need in our lines and we certainly will appreciate your patronage.

We are now receiving new goods daily and would be very glad to show you a well-selected stock of Staple and Fancy Groceries, Vegetables, Produce, Fresh Fruits, etc.

In addition to giving you our lowest possible prices for your cash business, we are giving with each 25c purchase and over a coupon which we will redeem in our store for any of the twenty-five different items of silverware that we have for your selection. In order that we may get a more liberal share of your business, and explain more fully our PROFIT SHARING PLAN for free silverware, we have decided to give absolutely free a handsome chest of silverware containing twenty-six pieces and worth twenty dollars. It is our plan to give this chest of silverware without any obligation on your part. Call at our store, write your name on a slip of paper, drop into a LOCKED BOX, and every time you visit our store, during the month you will be permitted to place your name in the box. Should you be the LUCKY ONE to draw this chest we will be glad to deliver to you this beautiful chest of silver, with our compliments.

DRAWING SATURDAY, APRIL 2nd, 3 P. M. Trusting you will favor us with a visit to our store and that we may more fully explain this PROFIT SHARING PLAN to you, and with best personal wishes, we beg to remain, Yours very truly, M-SYSTEM STORE

P. S.: If the first person whose name is called does not answer, another name will be drawn. So be at drawing in person or have some one there answer for you in case your name is called.

### LOONEY ITEMS

By ALICE BURK

The Looney school is still striving to make their school better. Everyone is working hard to do their part. We are still working on the Inter-scholastic League, and have been for about three weeks. We are training the young boys and girls to speak better in every way. But this is not the only way we are planning to enter. But in several other ways. Last Wednesday afternoon Looney girls' team met Valley View on the gymnasium of Colorado High school and played for the championship. The scores were 13 to 22, in favor of Valley View. Everyone played hard and enjoyed the game very much. Several of the parents of this community went to see this game who had never seen a basket ball game before.

The Sheppard ball team, both boys and girls, motored over here last Friday and we had two very interesting games. The girls' scores were 4 to 20 in favor of the Looney team, and

the boys' game resulted in a score of 10 to 30 in favor of Looney.

Last Friday evening the Looney school had a little program before the ball game. Most every one helped to entertain. Even the primary room told us some very interesting stories they are studying this year. Included among those who told stories were little Miss Gladys Nell Sheppard and Geneva Anderson. Everyone enjoyed the program very much.

The Looney school put on a play the 25th of February. The title was, "Deacon Dubbs." The purpose of this play was to raise money to help standardize our school, and we wish to thank every one who came over and cooperated. We are going to have some more plays soon. Everyone is invited to come over.

Two of the teachers of the Looney school, Mr. and Mrs. F. W. Sheppard, and family motored to Trent Saturday morning on business, and returned Sunday morning.

Miss Jewel Brooks from Rogers, and Miss Myrtle Gilbert, the intermediate teacher, spent Saturday night with Alice and Zula Burk.

The population of our community is increasing very fast, for Mr. and Mrs. Alford Cary are the happy parents of a fine baby girl, and also Mr. and Mrs. Alton Bunch have a big fine baby boy. Both mothers and babies are doing nicely.

Miss Mildred Boldon and Miss Dottie and Georgia McCrocklin visited Miss Pauline Tankersley on Sunday afternoon.

The Looney Sunday school has organized a boys' basketball team and will be glad to have a game with any team.

Mr. and Mrs. F. P. Roney and family spent the Sunday with their daughters, Mrs. Willie Brooks, and Mrs. Pat Morris. They reported a very fine time.

### Horn's Chapel Locals

(Edited by English students of Horn's Chapel School)

The Horn's Chapel boys and girls basketball teams met the Fairview boys and girls teams on the Rogers ball court last Friday evening, taking both games. The boys played a good game, considering the high wind that blew from the west. The splendid team work and the goal pitching of Fred Moore put them into the lead early in the game. The fighting spirit that the captain, Jack Humphrey, thrust into his men added much interest to the game. Although Jack shot goal when opportunity afforded, he spent much of the time on the enemy's ground, wresting the ball from them to make several long passes that counted as scores. The playing of the little peppy guard, Luther Whitlock, gave the spectators thrill after thrill. Luther, although lighter in weight than the rest of the players, outplayed larger players and showed much ability when good work counted most. His long jumps and quick playing made him the star of the game. Vernon Whitlock and our star center, Ben Christian, also struck terror to the enemy when team work counted goals. Stay in there, boys; the community is with you. The scores were 12-4 in our favor. The boys are expecting a game on Friday afternoon, and daily workouts are in order around the school-house this week.

The girls played their last game with the Fairview girls Friday, and won by a score of 5-4. The game was a light and interesting one. The high wind that was blowing from the west interrupted much with the progress of the game, and many good plays were lost on account of it.

Fred Moore spent Sunday with Jack Humphrey. Of course they had a good time.

Misses Ruth Trice and Jewell-Geiger were the guests of Miss Rena Whitten, Sunday.

All the young folks of this community and Miss Johnnie Chesney went on a moonlight picnic Wednesday night. Everyone reported a great time.

Misses Bessie and Ruth Trice entertained the young folks Friday night with a forty-two party.

Mr. and Mrs. G. M. Geiger were the Sunday evening guests of Mr. and Mrs. J. R. Moore.

Mr. and Mrs. A. R. Trice and friends visited the oil well Sunday.

Mr. Erskine Gross and Miss Bessie Trice surprised the community Saturday night by getting married.

Messrs. Jim Tom Moore and Buster Roddy spent Saturday night with Messrs. Albert and Eust Geiger.

Mr. and Mrs. J. P. Moore and their son, Tommie, were the guests of Mr. and Mrs. Preston Wynne, Sunday.

### Hyman Happenings

L. H. WELCH, Reporter

The P. T. A. will meet on Friday night, March 25, at 7:30. There will be an old-time spelling match in which parents and teachers will participate. There will also be other items of interest. Possibly some stunts will be pulled. Everyone come and enjoy the evening. Let's become more interested in this P. T. A. and better promote the interest of the school.

Mr. and Mrs. A. J. Roach's little infant son is quite sick this week. He became real bad Monday and was taken to the doctor at Colorado. It is hoped that he will soon recover.

Mr. S. D. Allen's mother, sister and brother, of Florence, Texas, are here on a visit to Mr. Allen's family. They will probably locate here in the near future.

Mr. Adolph Stagne probably seriously injured himself Monday while cranking a tractor. The tractor kicked him and knocked him unconscious for quite a while.

Mr. J. C. Bennett of Vernon, Texas, visited in the M. C. Dawson home last week. Mr. Bennett's wife, who died at Vernon last week, was a sister to Mrs. Dawson.

Mrs. Willis Smallwood's parents and sisters of Ira are here on a visit this week.

Next Sunday, March 20, is regular preaching date for the Baptists.

The race between the history classes of the principal's room came to a close Friday. Miss Pauline Smallwood of seventh grade scored 100 per cent in daily recitation during the eleven-days' race. Some others were very near the perfect mark. All students are to be commended for their efforts in this work. The other rooms are still diligently working away in their races.

There will be a pie supper at the school house Friday night, March 18. The proceeds of the supper will go to buy more playground equipment. Everybody invited to come.

Mr. Higden and son have gone to Medina to visit relatives, and to finish moving their household goods to Hyman.

**SILVER SIGNALS**

I. O. FINLEY, Reporter

The school attendance last month was excellent. Attendance certificates were issued to 31 per cent of the pupils for the month.

Mr. F. F. Brook visited school Monday morning. He was present for the opening exercises and complimented us for the program that was carried out. Mr. Brooks is a progressive farmer of our community. He is president of the P. T. A. and is vitally interested in any and all things that are for the school improvement.

We are now working on our Inter-scholastic League program and entries for the Fair. Before the meet at Colorado we are to have a community school fair. All the entries will be arranged and judged. The winners will represent us at the county meet. For this occasion, the parents will be invited to view the work.

A health crusade was started last week. Every one is doing his best to make this a success. Much good has already been done in the school and at home.

**SPADE SIFTINGS**

MRS. J. L. PARKER, Reporter

Rev. C. Carr, pastor of the First Baptist church at Snyder, filled his monthly appointment here Sunday morning, but was unable to preach Sunday night.

The Spade school has been very busy this week in cleaning the premises. Mr. Northcutt brought his tractor down and with the aid of Herman Sallee, Mr. Hood and Ivan Barber, put the school ground in first-rate order. They also enlarged the school garden plot. The school certainly appreciates the help and interest these men are showing in our school work.

Mr. E. Barber and son, Ivan, have just returned from Austin, where they visited relatives and state officials. They also visited in Mason county and report reduction of cotton acreage in that section this year.

Mr. and Mrs. J. M. Hood visited relatives in the Chalk community last Sunday.

There has been a new oil well spudded in on Mr. Way's tract one mile east of Spade.

**ELECTION ORDINANCE**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO, TEXAS,

That, a city election shall be held at the City Hall in the City of Colorado, Texas, on the first Tuesday in April A. D. 1927, the same being the 5th day of said month, for the purpose of electing a Mayor, Three (3) Aldermen and a City Secretary for the said City of Colorado, Texas.

J. D. Harrell is hereby appointed presiding officer for said election and he shall select two (2) Judges and two (2) Clerks to assist in holding same, and said election shall be held in the same manner prescribed by law for holding other elections.

Every person who has attained the age of Twenty-one (21) years and who has resided within the limits of said City for six (6) months preceding the date of said election and is a qualified voter under the laws of the State of Texas shall be entitled to vote in said election.

The Mayor is authorized and directed to have notice of said election published as required by law.

Passed and approved this 14th day of February, A. D. 1927.

R. H. LOONEY, Mayor,  
City of Colorado, Texas.

ATTEST: L. A. COSTIN, Secretary.

**BURTON-LINGO COMPANY**

Westbrook, Texas  
Lumber, Wire, Posts, Eclipse Windmills and Parts  
Rig Patterns a Specialty

By MRS. C. E. DANNER

Although planned at the eleventh hour, the banquet given by the Westbrook business men Friday at Danner's store was quite a success. It was given in behalf of the road campaign which the men of this precinct are trying to launch to improve the rural roads. A bond issue for the county State highway was also discussed, and the men all seemed very much concerned about putting over such issues to improve our roads. C. Danner was master of ceremonies. P. C. Coleman, W. E. Reid and E. Gregory of Colorado were guests of the occasion, at which time they explained those issues in detail. A large number of men gave their views about the road matters and earnestly endorsed any issue which might better the condition of the roads. A lovely menu, consisting of chicken and all the trimmings was

served to about fifty guests, including several ladies.

Mr. E. J. Boatler and Miss Nona Lee Guthrie surprised their many friends here last Saturday afternoon when it was learned that they were quietly married in the study of the Methodist parsonage, by Rev. L. E. Northcutt. Only a few relatives and friends of the bride were present. Following the ceremony, the happy couple motored to San Angelo, returning to Westbrook, Wednesday, where they will make their home. Mr. Boatler, who is connected with the City Meat Market here, has won many close friends in whose estimation he ranks high as a business man. The bride is the daughter of Mr. and Mrs. H. C. Guthrie and a graduate of the Westbrook high school. Their many friends wish them a long and happy wedded life.

Mrs. Bertha Barbour of Winters

is spending the week with her mother, Mrs. C. P. Conaway, at the ranch.

Mrs. Danner, Bird, Mixon and McElhatten visited the Home Demonstration club at Conaway on Tuesday.

Dr. W. H. Butler has returned to his home in Dallas after spending several days here on business.

Mr. and Mrs. T. J. Hillhouse left Monday night for Lebanon, Mo., to be at the bedside of his father, who is seriously ill at that place.

Mrs. Ray Sindorf and children of Midland were guests in the Hamblin home Sunday.

H. L. Wade of Sweetwater is at the City Market this week, during the absence of Mr. Boatler.

Mr. and Mrs. O. B. Bryan left for Trent, their future home, Thursday.

Mrs. Henry Sindorf of Midland was the guest of Mrs. M. S. McElhatten, Sunday.

Mr. D. R. Mitchell made a business trip to Sweetwater, Thursday.

The play which was presented at the school auditorium Saturday night by the Conaway school was well attended and proved to be quite a success. Proceeds amounted to \$45.00.

The Boy Scouts, assisted by Messdames Brown, Ripptoe, McElhatten and Bird, served lunch, consisting of chicken sandwiches, pie and coffee, at the Mothers' cafe, Saturday. The people were very liberal in patronizing them and the proceeds amounted to near \$30.00. The boys are working hard with the anticipation of going to Sweetwater in the near future and buying their suits.

Mr. E. S. Hudson and family motored over to Stanton, Sunday, where they enjoyed a visit with friends.

Mr. and Mrs. James Suggs had as their guest the past few days Mrs. E. W. Suggs of Crosbyton, and Mrs. C. M. Smith and children of Wichita Falls.

Mr. N. A. Terrell and family visited Mrs. Terrell's brother in Wilson from Saturday until Sunday.

The Woman's Missionary society had a very interesting meeting at the home of Mrs. McKinney Monday afternoon with 17 members in attendance.

Little Martha Louise Ellis was hostess at a party at her home Thursday afternoon from 4 to 6 o'clock. Some ten or twelve youngsters were there and a jolly time was had playing games. Refreshments of punch and cake were served.

Everett Oglesby was host at a party at his home south of town Friday night, honoring the members of Junior class, all of which were present as was also their teacher, Miss Humber. Forty-two was indulged in for a time after which music and popcorn popping was enjoyed. Refreshments of punch and cake were served.

and the jolly Juniors returned to their homes.

A. M. Bell made a business trip to El Paso this week.

Grandmother Langly still continues to be quite ill, though her condition is somewhat improved over last week. The Boy Scouts enjoyed an open-air meeting Monday night, with Basil Hudson as their chaperon. They hiked to a spot some two or three miles south of town, where some very jolly games were played, after which a spread of good eats was greatly enjoyed.

Rev. Northcutt has been on the sick list the past few days and is leaving for Crystal City, where he will spend a week or more recuperating and visiting his brother. He will likely go to Temple for treatment before returning home.

**HIGH SCHOOL NOTES**

**The Boy Scouts Hike**  
By WARREN COSTIN  
The Boy Scouts of Westbrook went on a hike out to Karnes tank Monday night, March 14, under the leadership of Basil Hudson. Each scout carried some lunch, which was cooked by the separate patrols. Everyone enjoyed the outdoor supper. We then played games, after which we walked back home. Every Boy Scout declared it a most enjoyable occasion.

**Thanks for the Donations**  
By LEONARD MORRIS  
The Scouts of Troop 1 want to thank everyone who has donated in any way towards helping us to get our suits. We made about \$65.00 Saturday. We are thinking about getting our suits next Saturday week. We appreciate your cooperation with us very much.

**Baptist Evangelists**  
By PATSINE SUGGS  
The "Go Ye" Baptist Evangelists from El Paso were visitors at the Baptist church on Friday evening, March 11. The Rev. Brown led the audience in a number of choruses, after which he played on a beautiful harp that weighed 100 pounds and was six feet high. Rev. Saxon then talked to the people on "Are You a Christian?" The attendance was good, and every one seemed to enjoy the program which was rendered.

**Girls' Hike**  
Last Saturday morning the seventh and eighth grade girls met at the home of Miss Storey, provided with many good things to eat, and dressed in our hiking clothes. We hiked out to China Grove and there we enjoyed a delightful lunch. We spent some time climbing hills, playing games and taking pictures. About four o'clock we started home. Everyone enjoyed a pleasant time, and all look forward to our next hike.

Looney and Valley View played on March 9 for the Mitchell county championship. The first quarter Valley View made six points and Looney none. In the second quarter Valley View's feathers fell as Looney made four points and they did not score.

In the third quarter it seemed as though Looney was going to win yet, when they tied the score, making it nine and. But in the last quarter Valley View woke up and made 11 points to Looney's two. The score was 11 to 20 when the game ended.

Mr. and Mrs. M. C. Carpenter spent Saturday night in the home of E. M. Carpenter.

Mr. and Mrs. W. R. Woods and children took dinner in the home of Lee Baker, Sunday.

Miss Marie Mitchell visited in the home of Miss Florence Bedford, Sunday.

Mr. and Mrs. S. Allison visited in the home of J. R. Allison, Sunday.

Mr. and Mrs. J. D. Brown visited in the home of Mrs. Irene Westberry, Sunday.

Mr. and Mrs. Kerby Jackson and children visited in the home of Mr. G. E. Phillips.

Mr. and Mrs. John Disher visited in the home of T. J. Mitchell, Saturday night and Sunday.

Mr. and Mrs. Annie Wallington spent Sunday with A. K. McCarley.

Mr. and Mrs. Deana Coles and baby visited in the home of A. K. McCarley, Sunday.

Henry Gale spent Saturday night in the home of Woodrow Crabtree.

Miss Lora Rogers spent Sunday afternoon in the home of Miss Lillian Gale.

Mr. and Mrs. Word Walding visited in the home of O. D. Britton, Sunday.

Miss Marie Mitchell was absent from school last week on account of illness.

Lincy Webb and Edward Lowrie spent Sunday with Henry and Willie Gale.

Noel Bedford visited in the home of Robert Redman last week.

**LECTURE ON TEETH BY DOCTOR BROWNING**

Dr. Browning in his interesting and instructive lecture to the Physiology class, Tuesday afternoon, brought out many significant points on one of the most important physiological subjects, the teeth.

Statistics, according to Dr. Browning, show that only 25 per cent of the people in the United States wash their teeth regularly, and of this number 20 per cent have their teeth examined by a dentist, 80 per cent never go unless their teeth hurt them and 20 per cent never go at all.

Dr. Sutton of Atlanta Medical College, has done great work in helping to put dental hygiene in schools. He gives an example of a boy who was about to be expelled by the school officials. On examination by Dr. Sutton, the boy's teeth proved to be defective; after their extraction the boy was given another trial and became one of the most intelligent pupils in the school.

**Honor Roll**

First report, second semester:  
**SENIOR**—Helen Hamer, Francis Dulaney, Mildred Cook, Elizabeth Terrell.

**JUNIOR**—Margaret Cook, Sarah Cook, Geraldine Baze, Annie Maesor, Mildred Martin.

**SOPHOMORE**—Ruby Lee Bohannon, Lenora Cook, Alice Cooper, Nettie Adele Hutchinson, Beola Kirby.

**FRESHMEN**—Herman Lockhart, Evelyn Moseley, Iris Tunnell.

Unfortunately our honor roll is not composed of as many students as the last, due to tardiness. We believe that promptness is as much a part of one's training as the subject matter contained in the book. Modern education demands much more of the student than knowledge of books. It insists that the requirements of after school days be met, thus the introduction of various activities to train the mind and the body outside the realm of books; thus the attention paid to character training and to personal habits. I believe that a student who does nothing but make good grades at school is very poorly fitted for life's battles.

One thing of interest in the report is that there is a boy on the list, Herman Lockhart. Another, J. C. Robinson, would have been on if he had not been tardy.

Looney and Valley View played on March 9 for the Mitchell county championship. The first quarter Valley View made six points and Looney none. In the second quarter Valley View's feathers fell as Looney made four points and they did not score.

In the third quarter it seemed as though Looney was going to win yet, when they tied the score, making it nine and. But in the last quarter Valley View woke up and made 11 points to Looney's two. The score was 11 to 20 when the game ended.

Thomas was high point man for Colorado high. He made 11, Dorn 10, and Lawless 8 of the 33 points. Willbanks was high point man for the Oilers, making 13, while Senyborough was next. Col-Tex called time out once during the first half, and three times during the last.

**All Carry Over Cotton Be Graded Says the New Law**

One of the most important measures passed at this session of the congress is the one which provides for the listing of the grades and staple length of the cotton in the so-called carry over. The original bill by Congressman Marvin Jones was passed by the House in December. A similar bill by Senator Mayfield was recently passed by the senate. The two bills were combined and as such have recently been enacted into law.

There are between four and five millions of bales in the so-called carry over. There are ten tenderable grades of cotton. Hundreds of thousands of bales of the carry over are not of a tenderable character. Much of it is of a non-merchantable character. All of this cotton, however, without regard to grade or staple has heretofore been included in the reports and only the total figures given as so many millions of bales. Naturally this affects the market adversely the same as if all of such cotton were of a tenderable and merchantable character. By referring to all of this cotton as surplus or carry over, manipulators have been able to depress the market and greatly reduce the price.

Under the new measure it will be known just how much of this is of a tenderable and merchantable character, and how much of it should therefore really affect the price.

It is thought by the department of agriculture and by those who have studied the question generally that this measure will mean millions in increased prices to the producer of cotton throughout the South.

The measure also provides for abolishing the semi-monthly estimates of cotton production, and substitutes monthly estimates instead, thus utilizing the funds heretofore used in making estimates of production for the listing of the quality of the cotton. It provides, however, for the retention of the semi-monthly ginning reports of actual cotton production.

**COLORADO TAKES FINAL GAME OF THE SEASON**

The final basketball game of the season was played Friday night, March 17, at the local high school gym. The game was played between Col-Tex and the Wolves.

The event was begun with the utmost speed and pep, with Dorn and Thomas as forwards. Lawless as center, and McCurry and Hart as guards for Colorado. Both teams played their best up to the last minute, but the husky Wolves emerged with a 35 to 31 victory over the Col-Texers from the refinery.

## PLAIN CITIZEN WRITES ON CHURCHES, SCHOOLS, ROADS

To The Record:

There is to my mind, and I believe to the minds of every person who passes through, visits or moves into a community to reside, three outstanding pieces of advertising, and that is Good Roads, Good Churches and Good Schools. It has always been our observation that there are few people who do not consider them as an important asset to any commonwealth.

It is only a human characteristic that we all take a pride in pointing out to a stranger among us what a magnificent edifice a church is, if it is a good one and happens to be the one of our own faith. We are not capable of meeting our fellowman on an equal basis, socially or otherwise, then it must be that free schools and proper education are one of the most useful and most self-reliant possessions a country could hold, so it seems to every intelligent thinking person that a country could go no higher than its schools.

Roads, good ones, bad ones, muddy ones, avenues of travel. Nothing so soothing to the nerves as gliding over good roads and nothing more disagreeable than bad roads, and nothing more expensive to a country than bad roads. For instance, depreciation on machinery, because a vehicle will perform twice the years of service and maintain a better appearance used entire on good roads than one used on bad roads. So what a tremendous loss it is to a community which has poor roads.

Then there is another loss, for it is true that when a tourist starts from Maine to California, he will have some money in almost every town of any consequence which he passes through in crossing the continent, and if he can avoid bad roads he will do so, even though he drives many miles going around them. So it is a very unfortunate situation for any town and country to be the possessors of bad roads.

Now, here is the point the writer wishes to make clear to the minds of every man and woman in Mitchell county: No matter if you live on the north, south, east or west lines of the county, you are effected to a greater extent than you really know by the so-called "scare crow" we have in our own dear county, namely, the Istan Flat. Whether you know it or not, even living in Mitchell county, this piece of road has a black reputation from Maine to California, from Canada to the Gulf of Mexico. Our Tex-

as government is even worried about it, our Federal government is worried about it. Why? Yes, why? Here is the answer: Because it is the broken link in a highway chain which reaches from the great Atlantic to the Pacific oceans, so it is no small priviance with our State and Federal governments. They hear of it too often because it is on the Bankhead highway, a road which our nation has to travel.

Taking all the facts into consideration, it is no small reason why Mitchell county gets a black eye from people who are competent judges (the tourist) for they see every man's country along the route from ocean to ocean. They know a country by its roads.

Now, the Federal government says if you, Mitchell county, have 25 cents we will give 50 cents and the State says, Mitchell county, if you have 25 cents we will give 25 cents, and the three of us will fix up your Istan Flats so it will never gripe another weary traveler for many years to come. But those two governments also say to Mitchell county, if you just build a gravel road across your county you will have to build it by yourself, because gravel roads do not last long enough under the extensive travel of today to be considered a good investment and we are spending the tax payers' money of the whole nation and cannot afford to spend it foolishly, because we are held responsible for the expenditure of public trusts.

Let us hope that the voters of Mitchell county will see the light on a good investment, one which will pay us the greatest dividend of any public investment which we could make, and if we are ever called upon again to vote for a road bond, to improve our roads, let's put it over with a bang.

JUST A CITIZEN.

## E. M. McCRELESS OFFERS WAY STOP BOOTLEGGING

E. M. McCreless, pioneer settler of this county, now living in the Union community, a former South Carolina resident, has handed the Record a clipping from the Edgefield, S. C., Advertiser on bootlegging which we publish. McCreless' father was a subscriber for the Edgefield Advertiser about one hundred years ago. Uncle E. M. says this is the clipping as follows:

The clipping is as follows:

How to Stop Bootlegging

J. Belton Jackson, of Tigerdale Farm, representative from Spartanburg county, in the general assembly, is author of a bill that, if enacted, will do more to actually enforce prohibition than all existing statutes. Under the terms of his prohibition bill a person convicted of violating the law would be sentenced to a period of not less than a year on the public works of the county, without the option of a fine. The bill also provides that no judge in passing sentence shall have the power to suspend any part of the service, or sentence.

If the general assembly wants prohibition strictly enforced in South Carolina it would do well to pass the Jackson bill. If such a law was placed on the statute books bootlegging would cease to hold forth its attractive features. Running a risk making lots of big, ready money, and with the occasional inconvenience and expense of paying a fine emboldens many a man to embark in the business who would not undertake it if he knew for certain that a straight jail sentence and service on the highways awaited his conviction.

Of course the section of Mr. Jackson's bill directing that the trial judge be allowed no latitude in passing sentence other than to impose service might be regarded by opponents of such legislation as an invasion of the bench's privileges and prerogatives and the constitutionality of such an act might be challenged, but it would be a good service for prohibition were the bill enacted into law. It is the effective way to suppress bootlegging.—The Spartanburg Journal.

## HIGH SPEED AVERAGE MADE ON TRACK BY NEW ESSEX PRODUCT

An average of more than a mile a minute, 61.7 miles an hour, to be exact, was achieved by a standard Essex super-1six coach in a continuous run of nearly fourteen hours on a dirt race track at Tanforan, Calif., just outside of San Francisco, according to word received by O. B. Price, local dealer.

The record run, said Mr. Price, was made by amateur drivers, who are connected with the service department of Stanley W. Smith, the San Francisco distributor for Hudson and Essex cars. The record was made under the supervision of newspaper men. Shortly after the test began rain fell heavily, loosening the surface of the dirt track so as to interfere seriously with fast time.

Writing of the run, one of the newspaper men who acted as an official observer, said in part: "Tanforan track was chosen to make the test of speed and stamina because it was the only available place in Northern

California. The track was never designed for anything but horse racing and in the few attempts that have been made in the past to put motor cars over it at high speed four lives have been lost on the unbanked sharp turns. In addition to these handicaps the track had lain in disuse for many months. It was overgrown with weeds, its surface rough and full of rain gullies.

"Added to these difficulties, lowering clouds began to spill rain on the course at the outset and continued at intervals throughout the darkness. With no special equipment except shock absorbers and a spreadlight, the Essex battled these adverse conditions hour after hour.

"After observing the run, checking every detail and examining the car, I believe that had weather permitted it could have gone on at this high speed almost indefinitely, even under all the other adverse conditions encountered.

"The record is surely proof positive of stamina, endurance, speed, reliability, roadability and power far greater than the most exacting person could expect in a motor car which sells for so little money. At Tanforan last Saturday and Sunday, if never before, the Essex earned its right to be called a 'super-six.'"

This run follows one recently made at the Culver City (Calif.) race track where for twenty-four continuous hours an Essex super-six sedan averaged 53.8 miles an hour.

## FORMER COLORADO YOUNG WOMAN DIES AT VERNON

Scores of Colorado friends of Mrs. Opal Low Bennett were shocked to learn of her death at Vernon last week. Funeral services were held at Vernon last Wednesday afternoon. This young woman was practically reared in Colorado, having moved here with her parents, Mr. and Mrs. J. E. Low, when four years old. She was 25 years old, and leaves her husband, J. C. Bennett, and an infant daughter. She was married to J. C. Bennett, December 3, 1921.

Mrs. Bennett was a member of the Methodist church of Colorado at the time of her death, although she had lived in Vernon for some time. She joined this church about 14 years ago. She taught in the Sunday school of this church for some time and was for a long time a member of Mrs. Merritt's class at this school.

Besides her husband and infant child, she is survived by her mother, Mrs. J. E. Low, and the following brothers and sisters: Mrs. A. D. Pridy, Colorado; G. E. Low, Lubbock; Mrs. J. T. Tunnell, Loveland; Mrs. J. T. Dawson, Hyman; Hill Low, Colorado; L. Q. Low, Electra; W. E. Low, Quitaque; L. T. Low, Holliday.

Mrs. Bennett was well and favorably known by many people in Colorado, having been a Colorado girl who was very popular in school and while living here, and scores and scores of friends of the family join the Record in expressing sympathy for the bereaved relatives in their great loss.

REMINGTON Portable Typewriter in handsome case. Guaranteed to do everything the big machine will do. Double-shift, Standard keyboard. See and demonstrate the machine at the Record office. Sold on credit. Whipkey Printing Co.

Price Bros. will sell you a 2, 3 or 4 Disc Plow to break your land. The price is right.

Office Supplies. Record office. Carbon paper at Record office.

**"And now the Old Mortgage can't bite you or Mama—**  
—cause daddy pulled 'its teeth today"

"There's the official document," Son. You take good care of it. If Daddy should get lost in the woods and not be here to pay the mortgage, you just take this paper and meet that old wolf right at the door. Don't be afraid; just show him the paper and you'll see him tuck his tail between his legs and run."

Daddy's evening story concerned from the handiest material... and yet not a fairy story after all. A mortgage is a wolf-at-the-door... but a neck, toothless, harmless old wolf... as long as there is a special Life Insurance policy to cover the mortgage fully... if Daddy should "get lost in the woods."

At age 30, a five year term policy, running concurrently with a mortgage on the home, costs only \$8.89 per thousand, per year. No mortgage will cancel your home debt, or even interest, at death. But Life Insurance will cancel both. Ask your Southland Life Agent to explain this important protection to you.

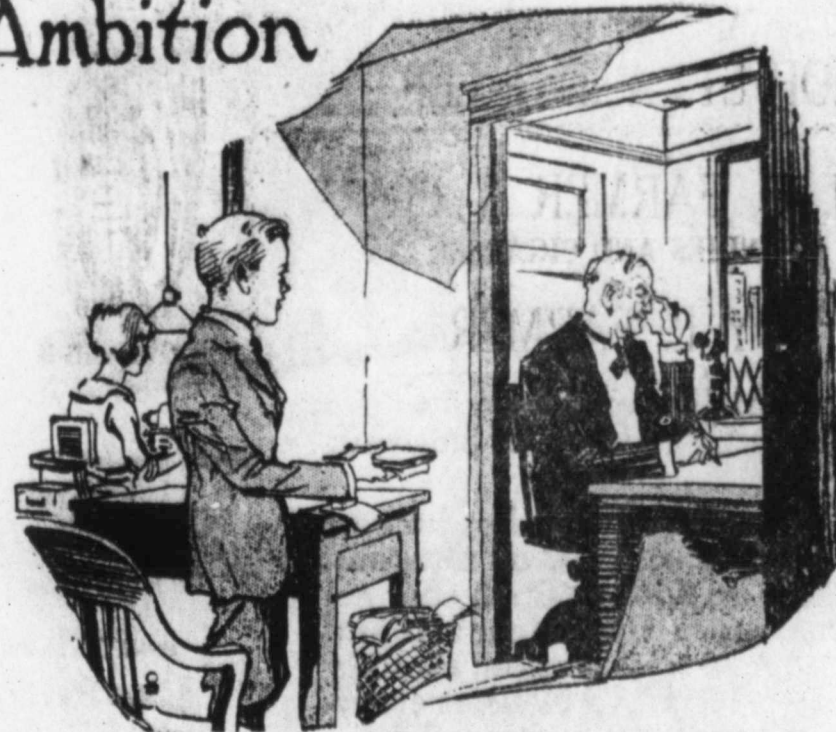

HAVE YOU ENOUGH LIFE INSURANCE?

**GEO. B. ROOT, AGENT, COLORADO, TEXAS**

Dear Sir: I am interested in a safe program of life insurance. Without obligating me, please call and see me or arrange appointment by phone.

## Ambition

**Your Boy and SAVINGS**

THAT growing boy of yours is impressed by the actions of his elders. While still young he should be instilled with the importance of thrift to future business success.

What better way have you of stirring his ambition than to have him start a Savings Account in this Bank? We encourage young people. Let us help your Boy.

**City National Bank**

# TRY THIS-- Next Time You Are Sick

Write down your symptoms and send them--Cash With Order--to a doctor a hundred--or a thousand--miles away. In due time you will receive your medicine--if you still need it.

Ridiculous--isn't it?

When you are ill you want service--quick service--personal service--friendly service--interested service--known, efficient service--and you call in one of our good home town physicians

The same principle applies to every dollar you spend--and you want a dollar's worth. Who is so interested in giving it to you--as the home merchant--the home doctor--dentist--or anyone with whom you deal at home? There is no substitute for face-to-face dealing.

WE ENDORSE THE ABOVE--KEEP YOUR MONEY AT HOME AND KEEP IT IN THIS BANK.

### REPRESENTATIVE HALL WRITES AGAIN ABOUT LEGISLATIVE MATTERS

#### Interesting Letter From State Capitol Gives Inside Dope

Austin, March 8, 1927. The Colorado Record, Colorado, Texas.

After running in high gear, working day and night, nearly all the week, both houses adjourned late Friday to spend Saturday and Sunday in Dallas and Fort Worth, attending the Pat Stock show and looking over the situation regarding the Dallas-Tarrant county tax remission bill. Personally, I can't support this bill. I feel that too many tax remissions have been granted already, and the burden of taxation is falling very heavy on those counties that have

not had their taxes remitted by the legislature. Article VIII, Section 10, of the Constitution of Texas, says: "The Legislature shall have no power to release the inhabitants of or property in any county, city or town from payment of taxes levied for state or county purposes, unless in case of great public calamity in any such county, city or town, when such release may be made by a vote of two-thirds of each house of the legislature."

In taking the oath of office, I swore I would uphold this constitution, and I cannot see that any great public calamity has happened in Dallas or Tarrant counties that would justify the legislature to exempt them from paying a state ad valorem tax, just like Mitchell, Nolan or any other county in Texas.

I believe in equal rights to all and special privileges to none, and that the burden of taxation for the support of government and state institutions should be borne equally by all according to valuations, regardless of location in this State. It appears to me that every session of the legislature is called upon to exempt some parts of the state from taxation, thereby placing the burden of taxation, for the support of our state government and state institutions upon the remaining parts of the state, that have no remission of taxes, until the burden is too heavy already and I am wondering how long the people are going to stand for it.

I feel that this session of the legislature will go down in history as one session that killed more legislation than it passed.

The senate has not passed the 3-cent gasoline tax, but the committee recommends a two-cent tax. We will likely have a conference committee appointed from both houses to try to reach an agreement on this important legislation.

As stated before, we are running in high gear, working early and late and sometimes holding night sessions, trying to act on all legislation pending, but I believe at least one-half

of the bills introduced will die on the calendar.

I understand we will be called on to serve another week after the regular session at two dollars per day in order that we may bring up a few of the most important bills now pending. Of course, that will be a heavy financial loss to each member, but I asked for the place, knowing this might happen and I shall try to stay on the job until adjournment.

The Colorado Record is a welcome visitor at my desk every Saturday morning, and I'm telling you, Mr. Editor, the Record is away above the average weekly paper.

I notice the other members around me reading their weekly papers from home and they are usually of about four pages, filled with patent medicine advertisements. I am proud of the Record.

We had another death of one of our most highly respected members, Mr. A. J. Durham, of Sabinal, Texas. I expect to be home for a short time, about the 20th of this month. J. C. HALL.

#### CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, That you summon, by making publication of this Citation in some newspaper in the County of Mitchell, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, Noah Jones, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Mitchell, at the Court House thereof, in Colorado, on the 11th Monday after the 1st Monday in February, same being the 25th day of April, A. D. 1927, then and there to answer a petition filed in said Court on the 16th day of March, A. D. 1927, in a suit numbered on the Docket of said Court No. 4815, wherein Jesse H. Jones is plaintiff and Noah Jones is defendant. The nature of the plaintiff's demand being as follows, to-wit:

And for cause of action plaintiff represents to the Court that she is and has been for the twelve months next preceding the filing of this suit a bona fide inhabitant of the State of Texas, and has resided in the said County of Mitchell for six months next preceding the filing of this petition; that on or about the 27th day of November, 1910, plaintiff was lawfully married to defendant in Tarrant County, Texas; that they continued to live together as husband and wife until on or about the 15th day of May, A. D. 1923, at which time defendant voluntarily and without cause permanently abandoned plaintiff, since which time they have not lived together as husband and wife, abandoning her at Hereford, Texas.

Plaintiff alleges that two children whose names and ages are as follows: Inez Jones, age 15, and Grace Jones, age 6, of their aforesaid marriage were born unto them; that plaintiff is qualified morally and financially to educate and nurture said children. Plaintiff alleges that during the time she lived with defendant as his wife she was true to him and fulfilled all her duties and marital vows to the best of her ability; but that defendant was a man of violent passions who often abused her bodily and with words, being intolerable in his treatment of her; that on or about the 18th day of May, A. D. 1923, defendant struck plaintiff with his hand and abused her and then abandoned her; that he has abandoned plaintiff for three years voluntarily and without the default of plaintiff, having abandoned her at Hereford, Texas, on the date aforesaid.

Wherefore all the premises considered, plaintiff prays this Court that defendant be cited to appear and answer hereon for judgment dissolving said marriage relations; for the custody of the two aforesaid children, for costs of suit, and for such other and further relief, special and general, in law and in equity that she may be justly entitled to.

Attorney for Plaintiff

Jessie R. Jones. Herein fail not, and have you before said Court on the first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, this 16th day of March, A. D. 1927.

J. LEE JONES, Clerk, District Court, Mitchell County, Texas.

By Mayme Taylor, Deputy.

#### CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, That you summon, by making publication of this Citation in some newspaper in the County of Mitchell, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, J. T. Ryals, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Mitchell, at the Court House thereof, in Colorado, on the eleventh Monday after the first Mon-

day in February, same being the 25th day of April, A. D. 1927, then and there to answer a Petition filed in said Court, on the 6th day of November, A. D. 1926, in a suit numbered on the Docket of said Court No. 4790, wherein Landis Ryals is plaintiff, and J. T. Ryals is defendant. The nature of the plaintiff's demand being as follows, to-wit:

And for cause of action, plaintiff represents to the Court that she is and has been for a period of twelve months prior to exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in the said County of Mitchell for at least six months next preceding the filing of this suit; that on or about the 30th day of March, A. D. 1919, in Fannin County, Texas, plaintiff was lawfully married to defendant, then a single man; they continued to live together as husband and wife until on or about the first day of August, A. D. 1923, when, by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife.

2. Plaintiff alleges that during the time she and defendant lived together as aforesaid, she was kind and affectionate to him, but defendant, unmindful of the duties and obligations of his marital vows, about one year prior to the time of their said separation, began a course of unkind, harsh, cruel and tyrannical treatment toward plaintiff, which continued until plaintiff was forced and compelled to abandon defendant as aforesaid; defendant was a habitual drinker of intoxicating liquor. He would bring to the home of plaintiff men of bad character. Plaintiff alleges further that defendant would make whiskey in their home. That on or about January 1st, 1922, defendant abused plaintiff and when she protested he struck her with his fist, doing her bodily injury.

3. Plaintiff alleges further that during the time she and defendant lived together as husband and wife, that two children were born, O'Neal now 7 years of age, and Bobbie now 4 years of age, for which she prays for custody and education of said children.

Wherefore plaintiff prays the Court that defendant be cited to appear and answer hereon and for judgment dissolving said marriage relations, for costs of suit, and for such other further relief, special and general, in law and in equity, that she may be justly entitled to, etc.

Herein fail not, and have you before said Court on the first day of the next term thereof, this Writ, with your endorsement thereon, same.

Given under my hand and seal of said Court, at office in Colorado, this 16th day of March, A. D. 1927.

J. LEE JONES, Clerk, District Court, Mitchell County, Texas.

By Mayme Taylor, Deputy.

#### SHERIFF'S SALE

(Real Estate)

By virtue of an Order of Sale issued out of the Honorable District Court of Wise County, Texas, on the 31st day of January, A. D. 1927, in the case of Walter Graner versus A. M. Denman, et al, No. 5527, and to me, as Sheriff of Mitchell County, Texas, directed and delivered, I have levied upon, this 5th day of March, A. D. 1927, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in April, A. D. 1927, it being the 5th day of said month, at the Court House door of said Mitchell County, Texas, proceed to sell at public auction, to the highest bidder, for cash in hand, all the right, title and interest which A. M. Denman had, on the 22nd day of February, A. D. 1926, or at any time hereafter, of, in and to the following described property, to-wit: Lying and being situated in Mitchell County, Texas, and being the East one-half (1/2) of Section 3, Block 28, Township 1, North Certificated 2-1649 less 40 acres in the farm of a square out of the southwest corner, the interest of said A. M. Denman being an undivided eight acres. A true copy of said writ of attachment and said Sheriff's return thereon having been filed in the office of the County Clerk of Mitchell County, Texas, on February 22nd, 1926, at 10:45 o'clock A. M., and now appearing of Record in Vol. 1, page 95, Attachment Lien Record of said County, said property being levied on as the property of A. M. Denman to satisfy a judgment amounting to \$1333.33 in favor of Walter Graner, with interest and costs of suit.

Given under my hand this 14th day of March, A. D. 1927.

R. E. GREGORY, Sheriff Mitchell County, Texas.

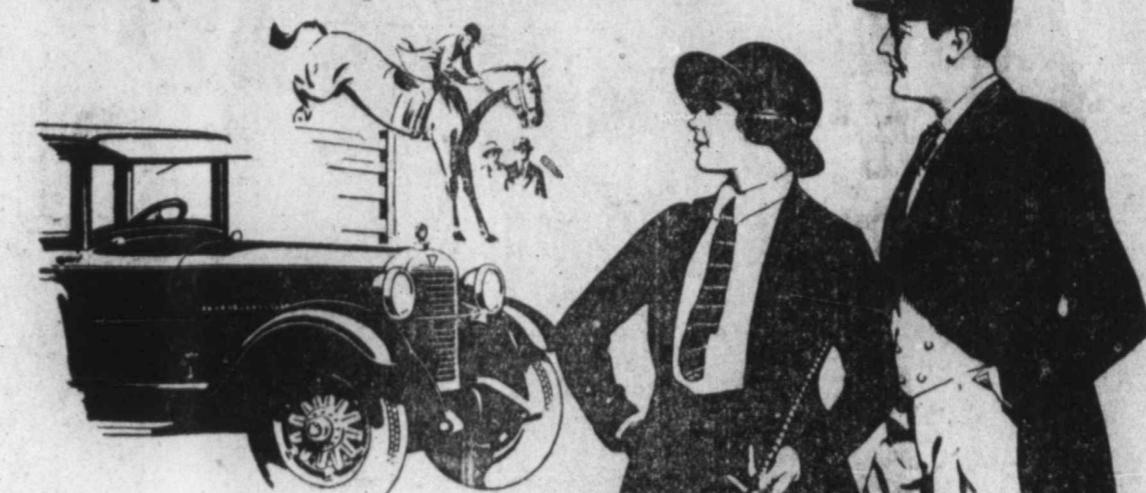

By J. B. Holt, Deputy.

### How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of gripe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

authority. The town shipped out 12 cars of dressed turkeys the past season, and is becoming widely known for the quality of all its products.

Stansford—One hundred and twenty-five sacks of pure bred black bull kaffir are finding their way through the mails to West Texas farmers this week. The seed is being distributed by the West Texas Chamber of Commerce for cost of mailing. More than twice as many calls were received for the grain than could be accommodated.

Spearman—Initiating Texas' official "Capon Day," Spearman celebrated her lead in the State's new industry recently. In recognition of Spearman's position as leader in the capon field, the town furnished capon for the annual exhibitors and directors of the West Texas Chamber of Commerce and gave much publicity to all West Texas through serving of a "West Texas Menu" in which products were listed coming from various sections.

Rotan—Considerable diversification will be carried on in this region during the coming year. One of the biggest extensions is that of truck farming. Much stress is being made on raising sweet potatoes in this section.

Iowa Lake—Voting is to take place in precincts here at an early date on the issuance of bonds to the amount of \$1,750,000 to improve the highways of the irrigated district.
