

23RD. YEAR—NUMBER 36

COLORADO, TEXAS, FRIDAY, JUNE 3, 1927

WHIPKEY PRINTING CO.

COMMENCEMENT EXERCISES AT HIGH SCHOOL BUILDING

FLYING FIELD AND SCHOOL TO BE LOCATED HERE

DR. J. W. HUNT, CLASS ORATOR, MAKES GREAT ADDRESS TO GRADUATES

Forty-Four Graduates of the Colorado High School Receive Diplomas

With a colorful and beautiful program, the school term of the Colorado public schools was brought to a successful close Friday night when 44 graduates received diplomas for having completed their education as far as the prescribed work of the high school could carry them. Dr. J. W. Hunt, president of McMurry College, Abilene, delivered the commencement address. The school year just finished was the greatest in the history of Colorado's schools. The commencement was the greatest ever witnessed here. Greatest in the number of graduates, greatest in the building and equipment for study, and greatest in the magnificent address delivered by the orator, who ranks among the leading speakers in Texas. Paying a magnificent tribute to the type and character of the young people of West Texas the speaker declared they were able to "measure lanes with the best in any section of the United States."

With an exceptionally strong faculty and with the unanimous support of the patrons and service clubs Colorado has proven a real school town and every patron is pardonably proud of the progress made. Dressed in "cap and gown," the graduates banded on the platform of the auditorium filled every spectator with visions of what Colorado's schools mean to our community and State.

As the lines of graduates marched down the two aisles, led by President E. H. Wynn and Dr. J. W. Hunt, together with Superintendent R. B. Norman, a hush came over the platform and the earnest words of the prayer uttered by Rev. Mr. Elliott in invocation signaled that the program had begun. Following the invocation, Miss Frances Mae Dulaney as Salutatorian of the class, delivered the address of welcome. Willie Fae Hall, Elizabeth Terrell and Leone Allmond rendered a beautiful vocal trio, after which Elizabeth Terrell, Valetictorian of the class, gave her address. Both addresses were of high order and we are pleased to produce them in full for the benefit of those who were unable to hear the addresses given.

Miss Exa King favored the audience with a vocal solo, and the famous male quartet also gave one number.

Superintendent Norman then introduced Dr. Hunt, who began in his usual and happy manner by saying that for the past three weeks for him life had been just one commencement after another. But that this was the finest class he had thus far addressed, adding coyly that he had told every class he had spoken to the same thing. His address, interspersed with humor, wit and flights of true eloquence, embellished with poetical gems and running throughout a vein of serious philosophy was delivered in a forceful manner that roused his hearers to the highest pitch of attention.

(Continued on page 4)

Christian Churches Enjoy Picnic At Wastella Sunday

Several members from the First Christian church in Colorado attended the fifth Sunday meeting at Wastella last Sunday. The Christian churches of Scurry, Nolan and Mitchell counties held a joint service at that place. Rev. W. D. Darnall of Sweetwater and Rev. Harlan from Weatherford were the principal speakers. At noon a basket lunch was spread. The citizens of the Wastella community furnished free ice water and acted the part of host to the gathering. The Snyder orchestra furnished the music. Mrs. Manso Wood of Sweetwater sang two special numbers. Other noted speakers who addressed the gathering briefly, were Rev. C. E. Smith of Riverside, California, and Rev. L. P. Kopp of Cisco.

Leuders Baptist Encampment Will Begin July 11th

The Leuders Baptist Encampment begins July 11 and extends to July 22. For the past three years it has been the largest encampment in Texas in the point of attendance. An extensive Sunday school, B. Y. P. U. and W. M. U. study course has been planned. Some of the ablest speakers in Texas will be on the program.

Dr. Geo. W. Truett, pastor of the First Baptist church of Dallas, will preach morning and evening. He is claimed to be the world's greatest preacher. Literally thousands flock to hear him wherever he preaches.

Extensive arrangements have been made for the play period. Large sums are being expended on the grounds. Both banks of the river will be open to camps this year, a thing never done before.

MRS. J. E. BURNAM, Sec'y.

(Editor's Note: This is one of the finest places in Texas for a ten days' outing and encampment.)

County Has Small Hurricane; Oil Co. Are Big Losers

On Monday evening about eight o'clock the western portion of Mitchell county was visited by a windstorm that did considerable damage.

The California Company reports the loss of ten rigs which were demolished by the storm. This brings the total of fifteen rigs which have been blown down for the California Company the past two weeks. Two of the rigs which were demolished Monday's storm had been but recently rebuilt. No injuries to human life is reported nor was there other serious property damage done.

Showers accompanied the wind and in some sections of the county heavy showers were reported. The territory between Snyder and Cuthbert received the heaviest rainfall. Other sections of the county had light rains.

CHINESE MISSIONARY WRITES KINSWOMAN TELLING OF CHINESE RIOTS

B. I. Ancell and wife of Shanghai, China, missionaries under the Mission Board of the Episcopal church and distant relatives of Mrs. Harry Hyman has written an interesting letter to his kinswoman here telling of the situation in China and attempting to fix the responsibility therefor upon the Russian propagandists. Mrs. Ancell wrote at length telling of their flight and experiences on the trip to Shanghai. To which Mr. Ancell adds the following brief statement:

"Since my wife wrote her letter we have learned that all our property with the exception of some household furniture has been carried off by the soldiers. I fortunately escaped with my life."

(Continued on page 4)

RELIGIOUS SERVICE OF UNUSUAL INTEREST SUNDAY MORN.

Do you believe in a liberal Christianity? Do you prefer quiet, reverent worship to sensationalism in the House of Prayer? Would you like to see provision in Colorado for the promotion of simple evangelical Christianity and provide opportunity for religious worship without questioning one's personal religious beliefs?

If such a proposal makes its appeal to your conscience, you are invited to meet with us at the Palace Theatre next Sunday at 11 a. m., and talk these matters over. Good music is assured. Mrs. Manso Wood, of Sweetwater, has promised to favor us with a vocal solo. Sam Goldman has agreed to be present and render one of his famous cornet solos.

J. E. CHASE.

Maxwell Thomas Graduates From Medical College

The Record acknowledges receipt of notice of the graduation exercises from the Medical Department of Texas University, in which W. Maxwell Thomas, son of J. Max Thomas of Colorado, is one of the graduates. We congratulate Max on the successful termination of his school work and predict for him great success in his chosen profession.

Vets of 3 Wars Observe Memorial Day Monday

Monday evening, May 30, a group representing Veterans of the Civil War, Spanish-American war, and the World War, met at the Legion hut and drove from there to the cemetery, where after a brief program the graves of fallen soldiers were strewn with wreaths and flowers.

Thos. R. Smith was the speaker and after an invocation by Rev. J. M. Shufford, delivered a short though eloquent address on the meaning of Memorial Day and what it should come to stand for. He paid a glowing tribute to the heroism of the honored dead. He related an incident of the first observance of Memorial Day in France nine years ago. He traced the events that made the day memorable.

The Boy Scouts, assisted by the American Legion and Women's Auxiliary, then placed the wreaths upon the graves which were marked to indicate the war the soldier represented. When this had been done and the crowd reassembled, Mr. C. A. Hewett blew "taps," and after a short interval Chas. Hewett in another part of the cemetery enclosure blew the echo. It was beautiful and touching ending to a beautiful ceremony.

Rev. J. W. Towry Will Preach At The Christian Church

Rev. J. W. Towry, Boynton, Okla., will occupy the pulpit at the First Christian church next Sunday, June 5th. Rev. Mr. Towry comes strongly commended and it is desired the membership of the church avail themselves of the opportunity to hear him.

W. W. PORTER.

UNION SUNDAY SCHOOL PICNIC AT PECAN GROVE THURSDAY JUNE 9; COMMITTEES APPOINTED

The Methodist, Baptist and First Christian Sunday schools voted last Sunday to hold a Union picnic and barbecue at Pecan Grove, Thursday afternoon, June 9.

The general committee appointed by these schools met Tuesday afternoon in the office of the Chamber of Commerce and perfected plans for the barbecue. E. H. Wynn was elected general chairman and overseer. He will also have charge of procuring the beefs and seeing they are properly barbecued. J. H. Greene is to purchase the trimmings. G. B. Slaton was elected chairman for the finance committee and will see that all bills are paid. A. A. Dorn is to be the property man and see that the tables and ice are there on time. With these men in charge, we are assured of a successful picnic. The Colorado Band will be invited to furnish the music for the occasion.

Chas. C. Thompson, G. D. Foster, Chester Thomas, W. F. Nollner and Big Jim Cantrill were named members of a Stunt committee to see that there is something doing all the while. Each Sunday school is to furnish its committees for all details, have the Sunday school meet at the church and all go to the grounds at the proper time.

It is hoped that the people will take advantage of this opportunity to have a good time and make this a memorable picnic. The ladies are requested to bake cakes and pies for the occasion but not to prepare anything else in the eating line. With the united efforts of the three Sunday schools we should have a good crowd and a fine time and everybody be happy.

Car Collides With Freight Train; One Killed; 4 Injured

A Mexican woman was instantly killed and Rev. Wenshalado Fernandez is expected to die, while three other were injured as the result of a railway crossing accident west of Loreine Wednesday morning.

A car containing a party of Mexicans collided with westbound extra No. 600 at the T. & P. railroad crossing about a mile west of Loreine about 9 o'clock Wednesday morning. The freight train was running at high speed and the engine had already passed the crossing, according to reliable reports, when the automobile drove head-on into the fast moving train. It is believed the train men never saw the accident and did not stop.

The injured were rushed to the sanitarium in Colorado for treatment, and it was stated Wednesday afternoon that the Catholic priest had but small chance of recovery.

It is not known which member of the party of Mexicans were driving the car, and it is not known why they drove into the train.

Highway Engineers Here; Work Begun and Will be Pushed

George S. Hilland, resident engineer for highway construction in Mitchell county, arrived in this city and began his work Monday morning. Offices were established early Wednesday and Ralph Hays began work on the plans and specifications. R. E. Kellar is his assistant and draughtsman.

According to Judge C. C. Thompson, building of a permanent type of road over the Bankhead highway for which improvement bonds were recently voted, will be divided into three projects. Plans call for the first ten miles beginning at the west county line of Mitchell county, running east through the town of Westbrook, completing the plans and specifications on this part of the road first. The second section is from Westbrook to Lone Wolf creek. The third section is from Lone Wolf creek to the east county line.

As soon as the first project can be completed the second will be taken up and then the third.

The reason for handling the matter in this manner is on the recommendation of the division engineer, who said that the condition of the road-bed in the western part of the county would require a much longer time to settle and put in preparation for hard-surfacing, etc. Mr. Hilland stated to the Record representative that it would take three months to prepare the plans and specifications, construction could begin. As fast as each project is developed the results will be submitted to the State highway department for approval, but the work will be pushed as rapidly as possible and each project will receive attention as quickly as it can be reached, according to Mr. Hilland.

PIGGY WIGGLY OPENING BUYING OFFICES NOW THROUGHOUT EUROPE

W. H. Pollard, manager of the Merchandise Department of the Piggy Wiggly stores, Inc., at Memphis, is sailing on the steamship Berengaria on June 8 for a four months' trip to Europe.

Mr. Pollard is making a survey of the entire continent and arranging to open resident buying offices in several countries for the direct purchase of imported foodstuffs.

It is stated that the 2450 stores in the Piggy Wiggly system are purchasing upwards of \$30,000,000.00 a year in duties of foreign production. They now feel that the facilities provided by having resident buying offices abroad will enable them to bring these goods in at much cheaper prices as well as enable them to bring in certain delicacies which have heretofore not been available.

This is in line with the policy of having in this country and throughout the world resident buyers at productive centers, who ship direct to the different stores, thereby eliminating extra handling.

Otho Thompson, who has been quite sick, is reported improving. Mr. Thompson is a brother of Judge Charlie Thompson, a victim of tuberculosis as a result of the World War. He is the Legion Auxiliary's adopted son.

SUMMER SCHOOL

The Summer school will open at the High School building, Monday, June 13. Mr. C. A. Wilkins and Mrs. R. H. Cantrill will be the teachers. Those desiring to attend will see Mr. Wilkins or Mrs. Cantrill and arrange work.

SCHOOL BOARD.

"Daddy" F. M. Burns is absent from the store this week on a business trip to his big store at Plainview. Old-timers here say this is the first time he has been out of the city in five years except a 24-hour trip to El Paso several years ago. Mr. Burns has promised an article for next week on his travels and impressions of the Plains country.

Two Hundred Men On Gulf Pipe Line Job

There are now two hundred men at the Gulf Pipe Line Company's construction camp, east of Colorado. It is estimated that it will require quite a number of weeks to complete the pipe line through Mitchell county. The construction crew has about concluded they have hubbed a real stump in making the excavation through the rocky section west of this city. This rocky formation extends for several miles. A ton of explosives is used up every few days, and many tons will be necessary to complete the job. It sounds like old times on the Western front to hear the blasting along the line.

As the line through Mitchell county will be thirty miles long, 7,500 lengths of 10-inch pipe, approximately 75 carloads, will be needed to complete this section of the line. It is now estimated that it is costing \$10,000 per mile to lay the line in this county. The trenches are being made 42 inches deep.

The Gulf pipe line will extend from Midland to Ranger, a distance of 205 miles.

P. O. Employees To Hold Meet In Abilene

ABILENE, May 29.—About 1,200 delegates are expected to attend the postal convention here July 4 and 5. W. C. Lipford of Fort Worth, state organizer for the Texas branch of the United National Association of Postoffice Clerks, said in announcing the completed program for the event.

The first day will be taken up in routine business by the different groups meeting singly, and the joint meeting will take place on the second day.

A parade led by the Cowboy Band from Simmons University and a barbecue are on the entertainment program.

POULTRY SPECIALIST TO VISIT COLORADO SOON

James Logan, of the Logan Feed store, informs the Record that there is a possibility of bringing a poultry specialist to this community for a lecture on profitable poultry raising. He is trying to obtain the services of Mr. William O. Wood of St. Louis, who has been lecturing in some of the most prosperous poultry sections of the country.

Mr. Wood has been making a special investigation of poultry methods and has gathered together information on the methods used by some of the most successful poultrymen in the country. In his lectures he shows how poultrymen in all sections are using these methods to increase their profits and results.

Mr. and Mrs. Ross D. Dixon and son, Junior, and Mr. and Mrs. F. B. McKenzie returned Wednesday from an extended vacation to Galveston and other coast towns. They report a pleasant trip but glad to get back.

OFF ON FISHING TRIP

R. L. Spalding, Connor Murphy and Uncle Jim Cooncr all left this week to fish in the big lake at Fort Stockton. This trio, remarkable for truth and veracity, have promised some wonderful fish stories on their return.

ABILENE YOUTH IS AMERICA'S RACE KING; WINS INDIANAPOLIS CLASSIC

George Souders, of Abilene, hitherto unknown, has become famous overnight in that he won the major quick stops. He had a lead of seven and one-half miles when the flag was waived that gave him the victory. His reward was \$20,000 and undying fame.

Souders is only 27 years old and was not considered as a possible contestant for first place. He drove two hundred trips of two and one-half miles in 5:07:33, an average of 97.54 miles per hour, making only two quick stops. He had a lead of seven and one-half miles when the flag was waived that gave him the victory. His reward was \$20,000 and undying fame.

Souders is under contract to race at Abilene on July 4th.

ORGANIZATION NOW BEING COMPLETED AND WORK WILL BE RUSHED

Local Young Men Are Backing New Flying Venture For City

G. A. Cole, R. H. (Doc) Barber, Dewey Tidwell, Hall DeGarmo, H. L. Hutchinson, Jr., and J. Colie Fish announce the organization of a "Flying Club" to be known as Colorado's Flying Club. Plans are being rapidly matured and the campaign for memberships is on. It is the program of the organizers that a field be leased, a hanger built, and at least one of the very latest improved airplanes be kept at the field, for passenger service and student instruction. A regular school for teaching flying will be conducted by one of the best aviators in Texas. Mr. G. A. Cole, who has had more than 1500 hours actual flying experience will be the local manager and instructor. R. H. Barber has been slated for president of the local organization.

It has been a matter of common knowledge that the route along the T. & P. railroad has been officially designated as the Southern route from New York to San Francisco, via Dallas and Fort Worth. It will be only a matter of a short time until regular mail and passenger service will be maintained over this route. Somewhere midway between Fort Worth and El Paso a permanent landing field will be located. With this organization effected and a good field provided, Colorado stands a favorable chance to receive this recognition. Other towns are making a bid for it, but strategically it belongs to Colorado. This movement has the support of the local Chamber of Commerce and with the moral support of the whole community it should go over big.

Today there are in the United States more than 8,000 miles of established air lines, principally mail lines. The air mail and passenger is bound to grow in importance. This method of transportation is no longer an experiment but is one of the growing lines of progress. Opportunity will be given young men to get flying instruction here and one of the very latest designed planes kept here for service.

If you are interested in this phase of our modern civilization, you are requested to get in touch with these young men and they will go into the details of the proposition. Mr. Cole who is to be the instructor, has owned three ships and thoroughly understands the demands of the hour and is an enthusiast on the possibilities of air service.

One prominent citizen of Mitchell county has intimated that he might give a field for this purpose. Certainly a matter of such far-reaching importance merits our most careful consideration.

ABILENE YOUTH IS AMERICA'S RACE KING; WINS INDIANAPOLIS CLASSIC

George Souders, of Abilene, hitherto unknown, has become famous overnight in that he won the major quick stops. He had a lead of seven and one-half miles when the flag was waived that gave him the victory. His reward was \$20,000 and undying fame.

Souders is only 27 years old and was not considered as a possible contestant for first place. Souders is under contract to race at Abilene on July 4th.

SOCIETY

MRS. J. G. MERRITT, Editor Phone 144

Grammar School Commencement The Grammar School commencement held Friday morning in the High School auditorium was one of the very prettiest things of the closing week, so filled with pretty and interesting events.

Civic League The Civic League will meet Saturday in the library. A report from each member of the committee on membership is desired.

Fifth Monday Meeting The Missionary Society of the Christian church very delightfully entertained the other church societies Monday afternoon in their church. Mrs. Armstrong presided and in a few gracious words welcomed the visitors.

Sixteenth District Legion The first district meeting ever held by the Legion and Auxiliary members of the Sixteenth was in San Angelo Sunday and was a most successful one.

Merry Wives The Merry Wives 42 Club met Wednesday with Mrs. Lucian Madrin. She had four tables of players.

Ladies' Day at Country Club Mrs. Ragan and Mrs. Chester Jones were hostesses at the Country Club Wednesday. There were only three tables of game players.

Bridgettes The Bridgettes met Thursday with Mrs. Ed Jones, Jr., at the home of Mrs. Ed Jones. There were four tables of players.

School Closings Dr. Hunt said Friday night at the high school that life for him right now was just one commencement after another.

The Mexican school closed last week, and as a parting treat the 1921 Club and the Workers' Missionary society gave them a picnic.

Payne had an all-day picnic at Pecan Grove Friday. They will not close until this Friday.

The Colorado negro school sent out beautiful invitations for its grammar grade exercises. These were tied with the class colors, purple and gold.

ed burdens. These are at Kerrville, El Paso and the men in San Angelo. Mrs. Nibbet reported on her work among the men in San Angelo.

D. A. R. Meeting The Daughters of the American Revolution met Saturday at the home of Mrs. Charlton, with she and Mrs. J. H. Greene as hostesses.

The Girls' Circle of the Presbyterian church met Wednesday afternoon in the church parlors.

Presbyterian Girls' Circle Pageant Tuesday evening in the Presbyterian church, the Girls' Circle directed by Mrs. Jerold Riordan, gave an educational pageant.

LOCAL STORE MAKES CHAIN AFFILIATION H. I. Berman, proprietor of Berman's Variety Store, announces that his store has become a member of a national league of variety stores.

beautiful solo. Mrs. Merritt spoke on the Scope of Home Mission Work in Colorado. She stressed a clean city, physically, morally and spiritually.

A beautiful organ solo opened the services, followed by a prayer by Rev. Epperson. After a song and Scripture reading, the pastor introduced Mr. Metcalf who in turn introduced the speaker.

At the close of the meeting, the visitors followed Sam Goldman's band to beautiful Santa Fe park, where a lovely picnic lunch was served by the James Goodfellow post and the Ladies Auxiliary.

The men heard speakers on the endorsement fund membership, and organizing the sixteenth district along the lines so successfully used by the seventeenth. Del Rio was chosen as the next place.

At the same time Mrs. Merritt held a meeting. Mrs. Armstrong spoke on the child welfare work, reminding the Auxiliary that all of the Legion's hospitals of Texas were in the sixteenth district, which gave them add-

ed burdens. These are at Kerrville, El Paso and the men in San Angelo. Mrs. Nibbet reported on her work among the men in San Angelo.

New Hope Items

MAEDELLE LATTY, Reporter... School closed Friday night. A nice program was prepared for this occasion, and was enjoyed by all.

Both Methodist and Baptist Sunday schools were well attended Sunday. Everyone is invited to come and bring someone next Sunday.

Mr. and Mrs. Kay Morris visited relatives here Sunday. Mr. Allen Brown of Stanton was visiting friends here Sunday.

The ELIZABETH ARDEN method - which keeps your skin healthy - will keep it lovely too

NO CREAM transforms the skin. But scientific care, which encourages circulation through the tissues and keeps the skin cells vividly healthy, will make your skin clear, soft and firm.

Elizabeth Arden's Venetian Toilet Preparations are on sale at

Crosthwaite Drug Co.

ELIZABETH ARDEN, 673 Fifth Avenue, New York

Miss Flora Leach was a guest in the Ed Clifton home Tuesday. Blanche Latty is visiting relatives at Knigt this week.

Jim and Buck Latty motored to Sweetwater on business, Tuesday. The rain which came Monday night was greatly needed, but did not cover large enough area.

Mr. and Mrs. Hollie motored to Odessa last week, but guess the dust storms were too much for them, as they have returned.

Bro. Johnson will fill his regular appointment at the Methodist church Saturday night and Sunday at 11 o'clock. Come out and hear him, as he always brings a good message.

Local Chautauqua Association Holds Annual Meeting

At the call of the president, J. E. Chase, a meeting of the guarantors on the 1927 contract was held Tuesday night. Plans were formulated for holding the coming Chautauqua, which is coming to be one of the big yearly events for Colorado.

J. E. Chase was unanimously re-elected president for the ensuing year. Col. C. M. Adams, vice president; J. Y. Fraser, secretary-treasurer; J. Brown, J. Ralph Lee, J. W. Randle, J. H. Greene and J. Riordan elected directors.

At the close of the last session a large number of citizens pledged to purchase tickets for this year's program. Fourteen teams were drawn from among the guarantors to place this list in their hands for the sale of the tickets so pledged.

CHURCHES

METHODIST CHURCH Sunday school 9:45 a. m., classes and a welcome for all.

FIRST BAPTIST CHURCH Last Sunday was a fine day with the Baptist church. Good attendance.

PRESBYTERIAN CHURCH Sunday school at 9:45 a. m. Worship and sermon at 11 a. m.

Let every man who reads this, if not in some Sunday school, come to the Men's Brotherhood class at 9:45 a. m., next Sunday.

Higher Education How did your son get on in college?

elderly man with a young looking figure who wouldn't want his wife to see him with it.

The S. H. Millwee home is now completed.

Fred Strong is spending the week fishing on the Concho.

If there's any item you want in our paper, just tell us, and we'll see that it's published.

The writer has just returned from the Concho on a fishing trip and outside of sunburns and scratches had a fine time.

The reason that we never hear of women after dinner speakers is that they can't wait that long to tell it.

Chas. Ezell has quite a lot of work in Rock Springs now.

College education never hurts a fellow if he has sense enough to go ahead and learn something after he graduates.

You may not believe that statement but just ask any married man.

Walter Ashby has just completed the Dewey Tidwell home.

T. B. Russell is professional log walker, just ask him.

Good, seasoned, clear Oak now in stock for evenings and such like.

There's many an

NEWSPAPER ADVERTISING CAUSES SALES INCREASE AT RATE OF 200 PER CENT

How newspaper advertising, coupled with a good product, has enabled a lusty young organization to overwhelmingly dominate a national industry within a comparatively few months, has been revealed by E. G. Biechler, president and general manager of Frigidaire Corporation, subsidiary of General Motors, in Editor and Publisher.

"Four out of every five electric refrigerators now being installed are Frigidaire," said Mr. Biechler. "We attribute our present supremacy in this vast rapidly developing field to the fact that we have not only made a good product, but have also told the public about it."

"Today, Frigidaire, one of the youngest members of General Motors group, ranks second in unit sales and third in annual sales volume. Before we started newspaper advertising less than two years ago, it had taken us six years to sell 90,000 Frigidaires. That number now represents less than three months business for us."

"We began extensive use of newspaper space late in 1925, using approximately 2000 daily papers to carry our gospel of better refrigeration and freedom from annoyance of outside ice supply to housewives of America. The next year, while this advertising was appearing, our business doubled."

"The following year we inaugurated our second newspaper advertising campaign, adding a few papers to our list. Results of this second newspaper campaign, which blankets the entire country, now appearing, backing the efforts of a splendid sales organization, have been simply overwhelming."

"How rapidly the American housewife has grown to prefer Frigidaire is shown by comparison of our total unit sales of 21,084 for the entire year of 1924 with 38,556 for the month of March alone, this year."

Only 10,000 Miles!

If the engine in your car was good for only 10,000 miles you'd get a different make of bus. Why not be just as careful in your tires and buy Pennsylvania Balloons

THE RAILROAD CROSSING TRAGEDY

Every day there is additional evidence of the reckless handling of automobiles driven by careless or incompetent drivers. Sometimes accidents are seemingly unavoidable but in the majority of cases the blame lies with the man at the wheel.

THE WOOD BILL

The bill now before the Texas Legislature, so-called Wood bill, which has for its purpose the elimination of duplicated courses among Texas institutions of higher learning, while possessing some commendable features, follows one of the most vicious tendencies of the age.

PLAYGROUNDS

The Big Bend country of Texas has much of one element of which many other sections of the country cannot boast—much mountain scenery. It is a natural playground, which has not yet received national recognition.

"A MAN MUST EAT!"

As a great statesman said when asked concerning a huge private legal fee: "A man must eat!" That's very true. We all must eat, and the question as to our ability to pay for what we consume deserves careful attention from time to time.

HOME FROM COLLEGE

Within the next few days a large crowd of young people, your sons and daughters, will be returning to the old home for the summer vacation. For three or more months or about fourteen weeks they will hang around the town, parking their feet under the family dining room or the kitchen table, eating three square meals a day.

These young people, who have been attending colleges and schools have just passed through nine months of learning. They have studied many nights, worried nervously over stiff finals, and occasionally had a good time. They learned during their recreation, to have a darn good time. They also learned to concentrate when trying to study, and go through the various paces college students are required to skip.

We are not boosting anyone's stock, but telling of one thing that will aid more in keeping the coming generation pleased with the old home town than any other thing. A weekly dance will no doubt be scheduled. Parties will probably be given by many.

COMMENCEMENT EXERCISES AT HIGH SCHOOL BUILDING

P. S.—Above prices good even if it rains.

\$25,000 Prize Posted and Three Enter China Flight

A check for \$25,000, the prize offered in the Dallas-Hongkong flight, was deposited by William E. Easterwood, Jr., Saturday in the Dallas Trust and Savings Bank. This will go to the airplane pilot who in 144 consecutive hours or less and with no more than two stops, flies an American plane from Dallas to Hongkong, China, before Sept. 15, 1928. H. L. Kindred, air mail pilot between Dallas and Kansas City, and Tom Hardin, manager of Goode & Foster, Love Field, announced their intention of entering the contest Saturday. Kindred and Hardin will fly the Miss Dallas, a twin-motored plane, which will be financed by Dallas citizens. Both pilots have had many years' experience in flying, both in the World war and in commercial flying since that time. The upper picture shows, left to right, W. E. Easterwood, Jr., Capt. William Erwin and President C. C. Weischel of the Dallas Trust and Savings Bank. At the lower left is Tom Hardin, and at the lower right H. L. Kindred. The Easterwood prize is being offered in memory of Mr. Easterwood's brother, Ensign Jess Easterwood, a navy flyer who was killed during an attempted flight over the Panama Canal in May, 1919. Capt. William P. Erwin, Dallas war ace and first man to enter the Dallas-Hongkong contest, deposited his \$50 entry fee with his application Saturday. The above H. L. (Herbert) Kindred is a home-grown Colorado boy. When the record came to Colorado in 1905, Mrs. T. A. Kindred, with her two sons Herbert and Aubrey, had a little four-column paper where the Klasy Kleener is now located and Herbert was then the "Printer's devil."

DORN LOCALS

By FLORENCE WHIRLEY
In our last week's report, I made an error. It was unintentional, so I will proceed to correct it. A number of the 4-H Club girls, myself included, went to the club meeting too early and found no one there. But I have since learned that Miss Jones and Mrs. McGuire and several of the girls met at 10:30.

Mrs. B. B. McGuire and children went to Abilene last Wednesday, to spend a week with friends. Our mid-week prayer meeting, led by our Sunday school superintendent, L. J. Burrow, was well attended.

Mr. and Mrs. Marvin Cherry entertained the young people with a party Friday night.

Sunday school attendance was about as usual Sunday afternoon, but the average is not entirely satisfactory. Let's all try hard to be in our places when the roll is called next Sunday.

A large crowd attended the singing at the home of O. R. McClellan Sunday night.

Some farmers in this community are chopping their oldest cotton. Quite a lot of cotton is up now and looks very well considering the dry weather and high winds.

HAPPENINGS AT THE TEXAS STATE CAPITOL

The House Friday passed the appropriation bill carrying about \$16,200,000.00 two years support of higher education. The economy bloc failed in its efforts to cut down the appropriation to lower the teachers' salaries.

The House has passed a bill which gives political parties the power to determine who shall be privileged to vote in the primaries. This bill is aimed to bar negroes from the democratic primary and is drawn to meet

"What a relief"

Just think what a relief it would be to keep an accurate total of what your bills are running, to know that your grocery bill would not have to be presented to you the first of the month, to know that the same bill would not be presented to you twice, and to know that your groceries are even paid for in advance, and you had a 2 per cent rebate in your pocket.

Start now and buy a Coupon Book, pay CASH when the Groceries are delivered, and oh, how happy you will be to know that there are no back bills to pay.

R. H. Smith & Son

Old City Hall Building on Corner
Phone 399 We Deliver

the objection which the supreme court in a recent decision held to be unconstitutional.

Not long since the story was published in the daily press that certain articles of road machinery and equipment had been recovered to the State, etc. Senator Fairchild introduced a simple resolution, No. 18, calling for names and information which will lead to prosecution. This is as it should be. The guilty should be punished, but the ones not guilty exonerated. If any officer under the highway department has been willfully and maliciously guilty of wrong doing he should be branded and prosecuted. This resolution was read and adopted. The resolution further orders that the findings be made public.

Representative Hall Commended

The educational bill consideration brought perfect harmony in the House as a whole. There was no disposition, except in one or two instances, of any member seeking to inject sectional or alumni ambitions or jealousies in the situation. Teer Wallace, Barron, and Hall were leaders in behalf of the appropriation. Regarding the work of J. C. Hall, the Fort Worth Record-Telegram of last Monday says:

"Hall, a new man, comparatively, in Texas legislative affairs, is a resident of Colorado. His generalship in behalf of the appropriations for Texas Technological College, the State's youngest educational institution, and by the way, one of the largest in the State, was signal. Political observers point out that his work proved the solidarity and neighborliness of West Texas toward the Tech. Hall lives in Colorado, an applicant for the location of the Tech. He made as active a fight for the college as did any representative of the district in which the institution is located. Hall succeeded the lamented Chitwood in the House, and his friends declare proved his mettle to succeed the late champion of popular education in legislative matters."

READ RECORD WANT ADS—THEY PAY DIVIDENDS

DAMAGED BODIES MADE LIKE NEW BY COLORADO EXPERTS

Anything from bullet wounds to porters' scratches may be responsible for the damages to car bodies which Colorado garages and body experts are called upon to repair. But so skillful are the local workers that the owner who has a wreck towed in after an accident scarcely knows the shining and repainted car which greets him when he comes back to claim it.

In the old days of body repairing, the garage generally ordered new fenders and the like, made a crude attempt to get out the worst of the body dents, and sent the car back with spots of dusty paint where new paint had been applied, Mr. King said. Later the science of body-rebuilding developed to include hammers and heavy files for smoothing. Today it includes the hammers with

"dollies" of many shapes to get any desired curve; flexible files; rollers which rapidly smooth out dents; torches for shrinking or stretching the body metal, and electric polishers and planes. A coat of rapid-drying Duco paint with an airbrush makes the body look like new, and the owner would never know the rebuilt body from the original factory job.

No matter how badly your car is wrecked, the Colorado Auto Top & Paint Co. can make it like a new car. See the wrecked cars in Colorado that we have rebuilt and the best Duco jobs, just like new.

WORKERS' MISSIONARY SOCIETY

Program for Sunday, June 6:
Leader—Mrs. Hill Low.

Robert Nunn, who has been employed in the county clerk's office at Midland for the past few weeks, returned to Colorado Wednesday. Bob says Midland is a good town, but cannot compare with Colorado in volume of business transacted.

LOCKNEY FARMER PROVES DIVERSIFICATION

LOCKNEY, May 30.—Diversified farming in the Lockney section is a great success. Proof of this statement may be seen on the farm of Albert King, living 13 miles north of Lockney. Aided by his wife and son, Mr. King has in this year 208 acres of wheat and will plant 130 acres of row crop besides milking 19 cows, tending to 1,150 chickens and taking care of the farm stock that is supplemented by 25 head of sheep.

According to Mrs. King, the cream from the cows nets \$135 per month besides the skim milk that is fed to the chickens. Mrs. King is well prepared to take care of this business as they have a milking barn with concrete floor, a milking machine, a cream separator, feed grinder, silo and a room that is especially fitted to take care of the milk and vegetables.

At present these people are feeding kaffir bundles ground to a meal and a small portion of cotton seed meal. They grow all of their feed except the cotton seed meal, and the cows graze the wheat in the fall and early spring.

Mrs. King has 450 white leghorn hens that lay an average of 100 dozen eggs per week and these bring, at the present low price, about \$60 per month, bringing the total income to \$195 per month, not counting the sale of poultry.

Mr. King does not raise hogs on his farm, but raises sheep instead. He states sheep make more money with the least work attached.

Instead of having only one crop to market during the year, these people have a steady income the year round, and at the same time have their living at home.

a judgment rendered in said court on the 26th day of April, 1927, in favor of the said E. E. Goodlett and against the said Fred McDowell et al, and being No. 4811 on the docket of said Court, I did, on the 2nd day of June, 1927, at 9 o'clock a. m., levy upon the following described tracts and parcels of land situated, lying and being in the County of Mitchell, State of Texas, and belonging to the said Fred McDowell et al, to-wit:

All of the south one-half of the N. E. 1/4 of Section No. 20, in Block No. 26 of the Texas and Pacific Co. surveys of land in Mitchell County, Texas, containing 8 acres of land. And on the 5th day of July, 1927, being the first Tuesday of said month between the hours of ten o'clock and four o'clock p. m. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Fred McDowell et al in and to said property. Dated at Colorado this 2nd day of June, A. D. 1927.

R. E. GREGORY, Sheriff of Mitchell County, Texas. 6-17c By J. B. HOLT, Deputy.

23RD. YEAR—NUMBER 36

COLORADO, TEXAS, FRIDAY, JUNE 3, 1927

WHIPKEY PRINTING CO.

WEST TEXAS C. OF C. SUCCESSFULLY RESISTS RAISING INSURANCE RATE

Saves Many Dollars Through Organized Efforts of Their Organization

One of the most efficient organizations functioning in Western Texas today is the West Texas Chamber of Commerce. The rank and file of our citizens do not know the many activities that mean for the development of West Texas this vigorous organization promotes.

Dear Member: May we call your attention to one of the most sweeping victories which this organization has ever won for its membership, and one which will, this year, be worth more actual cash to the people of West Texas than the entire cost of the West Texas Chamber of Commerce has amounted to during the nine years of its existence.

The West Texas Chamber of Commerce, without asking its towns for one extra penny above the membership dues, assumed the task of fighting this battle for you one year ago. In the first round of the fight we succeeded in preventing the increase going into effect during 1926, and in March of 1927, we represented you before the State Fire Insurance Commission in a fight to the finish.

from the activities of the wild cat agencies, who are the source of evil in fire insurance. We stand ready to join the companies in an effort to reduce losses and have so notified them through the columns of the press. That the Commission held with us in our arguments is demonstrated by their decision in which they call upon the companies to do the very things this organization has urged.

We trust you are reading "West Texas Today" and have kept yourself informed on the many achievements the West Texas Chamber of Commerce has put over. Among these accomplishments stand out that of preventing a five per cent increase in freight rates, which was not needed by the West Texas railroads; winning the gold medal at the Sesqui-centennial Exposition in Philadelphia, and passage of a joint resolution by the Legislature providing for a scientific tax survey of Texas intended to relieve West Texas of its present unjust share of the State tax burden, and many other accomplishments.

Yours very truly, HOMER D. WADE, Manager R. W. HAYNIE, President.

"OLD FASHIONED MOTHER" AT BAUMAN FRIDAY EVE.

The Looney Sunday school class will render the play, "An Old-Fashioned Mother," Friday evening, June 3rd, at the Bauman school. This play was put on at Looney about three weeks ago with big success and they were invited to put it on at Bauman. Everybody is invited to come out and see the play. Admission will be 15 cents for children and 20 cents for adults; bachelors \$1.00 each, and old maids will be admitted free.

The proceeds from the play will be used for the church fund at Looney. They state there will be plenty of music and good comedy between the acts. You are asked to encourage these young folks by giving the play a good patronage.

RAIN TUESDAY NIGHT

There was a heavy rain reported at Dunn Tuesday evening, extending about two miles in each direction from that place, and a heavy down-pour at Hermleigh. It was said that the rain was accompanied by hail, but as the hail fell after the rain had covered the ground, it did no damage.

Chautaupua Is Coming To Colorado June 24

Redpath-Horner Premier Chautaupua circuit is celebrating its majority this year its twenty-first anniversary, and in so doing it is bringing to the people the best that it has to offer in the way of clean and wholesome entertainment. The program for this year is excellent those of former years, in every feature with plenty of fun for both young and old.

Chautaupua will open its six days engagement in Colorado on Thursday, June 23, with a concert by the Premier Male Quartet who will sing Scotch and Irish melodies, popular song hits and the songs we love to hear. This aggregation is especially picked for the opening program of Chautaupua as each member of the quartet has an outstanding personality full of cheerfulness and fun. Each one is a singer and also a comedian and they keep the audience in an uproar. Thursday evening the male quartet will give a brief concert after which Charles H. Plattenburg will give a humorous address, "A Modern Tale of Two Cities."

The second day of Chautaupua opens in the afternoon with a dramatic reading by Miss Evelyn Gaston. Miss Gaston is winsome, intellectual and an artist in her line of work.

That evening, "Patsy," a comedy drama will be presented. This is another comedy of home life. It is a play of clever lines, snappy repartee and laughs, and anyone would ever want to see it. It is a great little situation, nicely worked out and beautifully acted by the strong cast of players.

On the next afternoon The Giles Artist Trio will give a brief concert, after which A. B. McDonald will answer the question, "Is Prohibition a Failure?" This is said to be one of the feature bills on the Chautaupua program. That evening's program will also consist of music and a lecture. The Giles Trio will give several selections, after which Mr. McDonald will give a talk on, "Name Your Poison."

On Monday afternoon Miss Joy Johannes will give a prelude to the program, followed by a talk by Miss Irene Tiben on "Your Health." In the evening, "Fine Feathers," a great emotional drama will be given. This is a play wherein a modern money-mad world is dramatized. The great character in the play is the wife of an honest contractor who is carried away with a desire for fine clothes. She forces her husband to compromise his integrity for the sake of money. Then comes the strutting climax which is a most unusual one.

Vierra's Hawaiians are the feature bill for the fifth day of Chautaupua. They will give a brief concert in the afternoon after which Chester M. Sanford will give an address on "You and Your Job." In the evening Vierra's Musical Spectacle, "An Evening in Hawaii" will be featured. With special scenic and lighting effects, which include the representation of a volcano in eruption, George Vierra and his native company of Hawaiians offer an exquisite dramatic and musical sensation. Steel guitars, ukuleles and voices blend effectively with the colorful stage performance on the fifth day.

The program for the closing afternoon of Chautaupua is to be given by Gilbert's Operatic Ensemble. In the evening the tureful comic opera, "The Firefly," will be presented. Laura Townsley McCoy, the sensational prima donna and a group of charming girls appear in this delightful musical comedy.

As you see, the premier program is one of outstanding beauty this season. Three great dramatic offerings, "The Patsy," "Fine Feathers," and "The Firefly," add to this "An Evening in Hawaii," the Premier Male Quartette and the other musical attractions, together with the lectures and you will agree that this is by far the best Chautaupua offering we have had in a number of years. Nearly one hundred people make up the Chautaupua personnel and one hundred of the best cities in the Southwest are included in this summer's tour. Colorado is glad to be one of them, and everyone is waiting for the opening day.

KEATHLEYS DONATE TO RECORD CEMETERY FUND

We came to Colorado July 5, 1901, to make it our home. We have reared two sons to manhood. We have never had occasion to invest in a lot in any cemetery. Here's hoping we may live here as much longer without investing in a lot in any cemetery. However, being interested in everything for a better Colorado, we hand you herewith a check for \$2.50 to add to the Colorado Record Cemetery fund. We think it mighty fine the way you have handled this collection for our citizens.

Mr. and Mrs. Ernest Keathley.

MEMORIAL DAY IS APPROPRIATELY OBSERVED HERE MONDAY

Memorial Day was appropriately observed here last Monday. The town was decorated with a profusion of flags flying at half mast, and services commemorative of the brave, heroic dead observed. The graves which contain the mortal remains of the veterans from the Civil War, the Spanish-American war and the World War were strewn with flowers and loving hands laid the garlands and wreaths on their quiet bivouac. No custom ever adopted by the American people is more beautiful than this one. Each year its place in our hearts is more surely enshrined.

We need every now and then to take time from the hurry and bustle of life to pay tribute to the qualities that are more enduring and more worth while. The sleeping soldier is unmindful perhaps of what we are doing, but this simple and beautiful service has its reflex influence upon us.

Time is a wonderful healer. The bitterness of the struggles of the past no longer rankle in the breast. Hatred, revenge and suspicion have given place to candor, fraternity and patriotic admiration. Whether born in the North or the South, we are thank God, one Nation, one union, one flag. Divisional lines are obliterated, sectional locations forgotten as we unitedly place the flowers upon the graves of him who has borne the brunt of battle, and who gave his life in a just cause. All will remember the poem by James Whitcomb Riley, entitled:

"A Monument for the Soldiers! And what will ye build it of? Can ye build it of marble, or brass, or bronze, outstanding the soldiers' love? Can ye glorify it with legends as grand as their blood hath writ From the inmost shrine of this land of thine to the outermost verge of it?"

And the answer came: We build it out of our hopes made sure, And out of our purest prayers and tears, and out of our faith secure:

We would build it out of the great white truths their death hath sacrificed, And the sculptured forms of the men in arms, and their faces ere they died.

And what heroic figures can the sculptor carve in stone? Can the marble breast be made to bleed, and the marble lips to moan? Can the marble brow be fevered? And the marble eyes be graven? To look their last, as the flag floats past on the country they have saved?

And the answer came: The figures shall all be fair and brave, And, as befitting, as pure and white as the stars above their grave! The marble lips, and breast and brow whereon the laurel lies, Bequeath us right to guard the flight of the old flag in the skies!

A monument for the soldiers built of a people's love! And blazoned and decked and paroled with the hearts ye build it of! And see that ye build it stately, in pillar and niche and gate, And high in pose as the souls of those it would commemorate!

Highway Rules To Be Enforced; Goss Receives Orders

Tom Goss, Highway Supervisor, has received notice that all signs and other obstructions be removed from the highway right-of-way. The copy of the order, hereto attached, is explicit in its rule. Mr. Goss assures that he will comply with the order. All business firms who have advertising signs up, please take due notice:

Abilene, Texas, May 28, 1927. To All Section Foremen.

Dear Sirs: The Highway Department has issued instructions that all signs and other obstructions from the State highways within all right-of-way limits. You will please start in immediately and remove all small signs, including boards and metal signs tacked to fences, telephone posts, etc., which are in the right-of-way limits. As for larger signs, where they are not doing any immediate damage to maintenance, you will please make a list of all of these signs and send to me the names of the firms who own them, giving the exact location, and I will notify them by letter to have them removed within thirty days. If this request is not complied with, you will then be authorized to take down

and destroy the larger signs. There are certain signs which must not be molested at this time. Such signs are the iron post signs that carry mileage information, and the Gulf flashlight danger signals. These have been erected on the highway with some form of understanding and will probably be removed later, but you will leave them in place at this time. No doubt a great deal of resentment will arise from your action in removing these signs, but if you will explain that it is a State-wide movement and that you are merely carrying out orders of the Commission, you will probably save yourself from being criticised for a personal action. Be certain to give me all information immediately about all signs where you think the firms should be given a chance to move before taking down.

Yours very truly, J. B. EARLY, Division Engineer.

WEATHER PROPHETS ARE NUMEROUS IN COLORADO

Despite the fact that it is said "a man who has lived in Texas several years will not predict the weather," there are numbers of old-timers in Colorado who have signs they go by which they think are unfailing, and it has been amusing lately to hear these different predictions. Occasionally someone will say "It is going to rain before 12 o'clock tonight," but if a cloud does happen to come up on the horizon surrounding the city, it goes over Colorado about as fast as most of the T. & P. freight trains go through the town, with just enough breeze to let you know it passed through, or over. One prominent druggist here says when the wall paper begins to "sag" or look loose in his store, he is sure it is going to rain. Another old-time citizen is willing to bet 6n rain by the looks of the clouds in the west on Monday or Wednesday afternoons. A well-known carpenter here will bet it is going to rain if he happens to see a little white cloud about the size of a peanut directly above him about noon, any old day. A tax collector says three days of hot winds will bring a rain. So there you are. It is no trouble to get a prediction of rain, but it sure is hard to get a real, honest-to-goodness down-pour. What Colorado needs is a weather prophet who will get real results.

A ride over the county shows that

crop conditions are not near so distressing as common reports would indicate. On all sides of Colorado are as pretty cotton crops as one would wish to see, and many predict that a great number of these crops will "make" even if they get no rain the balance of the summer.

Bud Reynolds Fails In Latest Piano Marathon

Bud Reynolds, well-known champion non-stop piano player, was forced to stop playing after forty-five hours on account of his foot. Reynolds recently made a record in Colorado by driving an auto for 72 hours and then immediately playing the piano for a number of hours.

The Nolan County News is authority for the following report of his latest efforts:

"Bud Reynolds, the world champion non-stop piano player, who was forced to quit what he termed was to be the breaking of his own record of 165 hours of continuous playing, on account of an infected foot, is playing each afternoon from three to six o'clock at the Hubbard Opportunity Sale. Saturday Bud will play from noon until 10 at night.

Monday, Bud pushed a wheelbarrow with passenger, seven mairied and twenty-nine feet and one inch, Mrs. A. J. Wimberly winning the guess.

Reynolds was forced to stop playing on account of his foot, at 12:02 p. m., Saturday after playing 45 hours, two minutes and 30 seconds.

MITCHELL COUNTY LAD MAKES GOOD

Victor Tillison, aged 13, has shown his father and neighbors one of the benefits of boys' club work. Several months ago Victor joined the Lone Star Ham Raisers club and persuaded his father, L. L. Tillison, to let him have one of his pigs to enter in the club work. Victor fed his pig according to the county agent's directions and when the pigs were three months old they were weighed. All the pigs were out of the same litter and the heaviest of Mr. Tillison's pigs weighed 38 pounds, while Victor's weighed 91 pounds.

crop conditions are not near so distressing as common reports would indicate. On all sides of Colorado are as pretty cotton crops as one would wish to see, and many predict that a great number of these crops will "make" even if they get no rain the balance of the summer.

FUNERAL OF MRS. CORA JACKSON HELD FRIDAY

Mrs. Cora Jackson, wife of George Jackson, died at Toyah, Thursday, May 26, and was brought back to her former home in Colorado for burial. The funeral was held Friday morning from the home of Mrs. J. J. Jackson, in East Colorado. Rev. D. W. Morgan preached the funeral sermon and the burial was in charge of the Eastern Star order, of which the deceased was a member.

Cora Padgett was married in Colorado 17 years ago and is survived by her husband, George Jackson.

MARRIED

On Thursday afternoon of last week, Mr. T. O. Slater and Miss Nettie Stover were united in marriage, Rev. J. E. Chase performing the ceremony at his home in this city. They will make Odessa their future home.

Everything ready except the laundress "Imagine my predicament!" said Mrs. Brown. "Guests coming the next day and a big washing on my hands. Got up at 6:30, hurried the family through breakfast and got everything ready for the laundress, and then at 9:00 o'clock she called and said she couldn't come. It certainly wrecked my plans, and I thought the whole day had been wasted when I happened to see the laundry representative at my neighbor's. Well, my bundle went with him, and has been going to the laundry ever since." We might add that we are performing the same service for scores of Mrs. Browns - helping them out of the various predicaments that washday brings them. Telephone us to call for your bundle. COLORADO LAUNDRY Send it to the Laundry

POLITICS

Even in bi-election years in Texas, candidacy for high office is a live topic. So when Representative Petch of Fredericksburg recently gave out at Austin a statement to the effect that Governor Moody is to be a candidate for U. S. Senator in 1928, he started something. The statement was carried in daily papers generally throughout the country and readers of these columns are of course familiar with its contents. As quoted by the Rosebud News one of its interesting parts was as follows: "Senator Mayfield represents one of the existing political groups in this State and Ex-Gov. James Ferguson represents another. The great body politic is not satisfied with either of these men. This body, in my opinion, is the majority and must have a

candidate who reflects neither the Mayfield nor the Ferguson grouping. The choice is Dan Moody and he can easily be elected."

Comment over the State varies in tone. An article reproduced in the Sulphur Spring News-Telegram, the Honey Grove Signal and other papers states, in part that: "This means a very exciting race for the Senate. Alvin Owsley is already an avowed candidate. All know that Governor Moody will be a formidable candidate. He is perhaps the most popular man in Texas today. He has ability, youth and enthusiasm, is a likeable fellow and strong campaigner. And he has never yet made a losing race."

The influential and usually well-informed Richardson Echo is more cautious. "Mr. Moody," it declares, "is making a good governor and the

people of Texas are well pleased, so far. The Senate is another proposition and no one knows what may happen between now and the 1928 election." Likewise, the Greenville Herald, in the center of a region said to be noted for "the blackest land and the whitest people," after mentioning Moody, Mayfield and other candidates in the race to begin with. There may be more when the date of the first primary arrives. But the race is likely to narrow down to two or three strong candidates and Moody supporters believe he would be one of them—especially with Mayfield and Ferguson in the race. There are those who believe Governor Moody is pushing himself a little bit too fast, and that may be. But thus far he has been able to come through with flying colors in every start."

The Austin Statesman, the Houston County Times and others quote the young governor as saying: "At present all my time is given to discharge of the duties and obligations of the office to which the people have elected me. I am not giving any thought to personal political matters. My business at this time is to fill an office and I am not converting the duty into a candidacy for any office," though it is not noted generally that he does not categorically deny that he intends to be a candidate. The Hebronville News concludes that he will not be a senatorial aspirant and goes further and declares that the year 1928 offers an opportunity for a woman to be elected senator, suggesting the name of Mrs. Marshall Hicks of San Antonio. The Livingston Enterprise, taking note of a statement by Congressman Tom Blanton, that Moody told him (Blanton) that he (Moody) does

not intend to seek a seat in the Senate, comments on Moody's silence as lending support to Blanton's statement.

Naturally enough the discussion has taken a wide range. Of the names mentioned, Mayfield, Owsley, Moody and Ferguson appear more frequently, though there are many others, including R. S. Sterling and John H. Kirby of Houston, Dr. C. M. Rosser and O. B. Colquitt of Dallas. Dopesters foresee a wide-open campaign, if Moody tries to go to the Senate. Thereby the governorship would be thrown open with the present Attorney General Hon. Claud Pollard, and the present Lieutenant Governor Hon. Barry Miller, both seeking that high honor and throwing open again the gates to the high offices they now hold. Ex-Governor Colquitt, in a widely published interview, is quoted as declaring that R. L. Bobbitt, Barry Miller, Clarence Gilmore and Tom Love are all candidates for Governor if Dan asks for the Senatorship. The Bonham Favorite noting the said interview and that "O. B. Colquitt predicts that next year will be a hot one in Texas politics," flippantly adds: "Oscar evidently expects to get in." The Denton Record-Chronicle says that: "another free-for-all gubernatorial race in 1928 is in the making; in 1924 there were nine candidates for the place, and no legal limitations on the size of the field has been placed since." The candidacy of Hon. C. O. Austin, banking commissioner, comes in for attention, receiving conspicuous mention by the Big Sandy Times, the Denison Herald and others.

Back again to the main theme we quote the Brownwood Bulletin: "Governor Moody, as might be expected, is out in a vigorous denial of the announcement appearing recently that he would be a candidate for United States senator against Senator Mayfield in 1928. Moody is too astute a politician to commit himself so far in advance, especially since he has as yet hardly gotten comfortably seated in the governor's chair. He knows, or ought to know, that even though he might have a seat in the senate in mind, he must first make good as governor before the people of Texas would give consideration to his aspirations along senatorial lines."

To which the Denison Herald answers: "Not often does the esteemed Brownwood Bulletin suffer itself to stray from the record and when it does it becomes our solemn duty to bring it back to the straight course. "The fact is the governor did not declare in his statement that he would not be a candidate for the senate in opposition to Senator Mayfield. What he did say was that he had authorized no person to announce that he would be a candidate. There is a vast difference between the governor's statement and that credited to him by the Bulletin and others, who did not read it aright. He could very easily have taken advantage of the opportunity to say that he had no intention of making the race, but he didn't. He merely said he was too busy with other matters just now to give consideration to partisan questions."

That leaves the situation open for future development. If conditions are favorable when campaign time arrives he can shy his sombrero into the ring and proceed to make the welkin ring with the same eloquence coupled with his personality that aroused the electorate in the last gubernatorial campaign. If, on the other hand, he concludes that a "bird in hand is worth two in the bush," he can with all good grace and inform his fellow-citizens that his work at Austin is in such an incomplete state that he regards it his duty to ask a second term as governor.

The Herald has no idea how the Bulletin will line up in the senatorial campaign; that it is friendly to the administration we do know. But friends of the governor who will follow him wherever his ambitions may lead, are doing him an injustice by imputing to his statement a fact he did not state and which he took particular pains to refrain from declaring. And since Mr. Petch is known to be one of "the governor's closest friends, personally, we hesitate to conclude that the announcement he made was, as the lawyers would term it, ultra vires."

It's just a little bit early to predict or definitely commit one's self, but if Moody decides to run for the Senate and nothing unforeseen happens, this paper goes on Record for Senator Mayfield and R. L. Bobbitt for Governor.

CORRECTION

A slight error crept into our report of the testing of the dairy cattle in Mitchell county as reported in last week's issue. Farmers holding certificates showing their herds have been tested should file with the county secretary and not with the county clerk. Dr. Cooper calls our attention to this and we are hastening to make the correction.

Geo. Goodwin, from the Lower Rio Grande Valley, is shaking hands with old-time friends this week. He is still a strong booster for the Valley and its development.

SILVER SIGNALS

I. O. FINLEY, Reporter The closing program was a great success, according to the expression of the people. The attendance was unusually good, but many of them left before the program was completed on account of the bad cloud that came up. The entire community was entertained at the teachers' Friday night with an ice cream feast. The attendance at Sunday school is increasing. We had quite a few new ones with us last Sunday. Bro. Herman Charles will preach here next Sunday. Come and be with us at 2:30. Mr. and Mrs. M. D. Ivey and their

daughter, Evelyn, visited at the teachers' Sunday. Mr. Ivey is an employe of the Spur National Bank of Spur, Texas. Evelyn is spending the week with us.

The Girls' 4-H Club met Friday at the usual hour. No work was done since the demonstration agent failed to come. The Boys' Big Club is to play the farmers a baseball game on Tuesday afternoon. Three cheers for the boys.

The Silver trustees have unanimously re-elected the teachers for another year.

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipple Printing Company in Loraine and vicinity. See her and take your County paper

J. J. Coffee, born in Smith county, Tennessee, Jan. 9, 1833, died at the home of his daughter-in-law, Mrs. R. L. Coffee, Lubbock, Texas, shortly after 10 o'clock on May 27, following several months' illness. He is survived by six sons: R. C. Coffee of Big Spring; T. J. Coffee of Loraine; M. Coffee of Odessa; John L. Coffee of Lamesa; S. C. Coffee of Albany; W. R. Coffee of Louisville, and a daughter-in-law, Mrs. R. L. Coffee. "Grandpa" Coffee, as he is familiarly known, died here several years ago and was known and loved by almost everyone. He lived to be 94 years, 3 months and 18 days. Funeral services were held Saturday afternoon at the Methodist abnacle here, and were conducted by A. R. Lawrence of Abilene. The body was laid to rest in the Loraine cemetery by the side of his wife, who died 32 years ago and was buried in the cemetery at Big Spring, but eight years later brought to Loraine for burial.

Rev. N. E. McGuire of Abilene, pastor of the First Baptist church, will fill his regular appointment here Sunday morning and night. The pastor, who has completed his Senior year at Simmons University, expects to move here in the near future.

Mr. J. C. Elliott and family have recently moved here from Turkey, and are at home in East Loraine.

Messrs. J. L. Bird and S. O. Givens have been transacting business

in Eastland, returned from there last Tuesday.

Mr. Harry Hall and family of Lubbock visited relatives and friends here Sunday.

Mr. and Mrs. W. H. Hurd spent Saturday and Sunday here from Cisco.

Mr. and Mrs. Dewey Winstead of Sweetwater visited here Sunday afternoon. Miss Ollie Manly returned home with them to spend the week.

Miss Julia Burk visited in Colorado Saturday night, the guest of Miss Ruth Adamson, who accompanied her home Sunday.

Miss Winnie McCoy, guest of Miss Buena Willhite for the past week, returned Monday to her home in Abilene.

Mrs. J. W. Pendergrass and children are visiting relatives near Dublin.

Mrs. Dan Taylor and baby of Dallas, who have been visiting her parents here, left Saturday to visit relatives in Sterling City.

Mr. Henry Kamey of Blackwell was a Loraine visitor Sunday.

Mr. F. Brooks and family have returned from a visit in Haskell.

Rev. and Mrs. O. B. Annis expect their daughter, Miss Francis, home Saturday from Clarendon College.

Mr. and Mrs. John Coffee left on Thursday, May 26, for the Scott and White hospital at Temple, with their small son, Don, who had suffered some five weeks from a serious break of his arm, which he received while riding his horse. Word has been received from there that it will be necessary to remain for several weeks and that little Don's arm will be useless during his life.

Mr. and Mrs. W. A. Davis visited Mr. C. E. Pylant at his home in Sweetwater Sunday, where he is recovering from a broken lower limb.

Mrs. D. L. Bolinger is on the sick list this week.

Mr. Homer Richards and family have moved back home from Mineral Wells.

Mrs. C. L. Harrison, of Brownlee, was in on business Tuesday.

Grandmother Pylant returned to her home at Lone Star, Saturday, after a few days' visit with her daughter, Mrs. W. A. Davis, and family.

Mrs. C. E. Green and son, Robertson, Mrs. J. J. Riden and Mrs. W. C. Brown enjoyed a few days' outing on Silver, Friday.

Mr. and Mrs. Hugh McClure, formerly of Loraine but now of Oklahoma, visited friends here Friday

Methodist Church Notes

The services Sunday were well attended at the Methodist church, and the pastor, Rev. O. B. Annis, filled the pulpit at both the morning and evening hours, this being the first time he had been able to preach since the first of the month, having suffered an attack of influenza. The special program period at the close of the recitation hour was occupied by Mrs. Charley Coffee who made a most forceful talk on the work of the Woman's Missionary Society and the need of all the women being in this work.

Next Sunday we are to have the opportunity of having Dean Boyd M. McKeown, McMurry College, Abilene, with us. He is scheduled to fill the pulpit at the evening hour. Dean McKeown is a forceful speaker and it is hoped he will have a good hearing. He is the lay leader for the Northwest Texas Conference and is rendering efficient service in that field.

On Sunday, June 12, we are to have, according to announcements made from the pulpit last Sunday, a special service for our young men and women who have returned from college over the State, and for our local young people who have been away teaching through the year. All who have been away, either attending college or teaching, are especially invited to be present in this service.

The Gleaners Class of our Sunday school has assumed the task of raising money to meet the obligation against the piano that was installed in the Junior room some time since. This class is also looking forward to arranging a separate department room for the Intermediate-Senior department of Sunday school.

Ten Certificates of the General Course for Standard Training have been awarded to members of the Sunday school who have taken that course recently. In addition to this another group has recently taken a course and good returns are expected from it at an early date.

Rev. J. F. Lawlis, former pastor of the Methodist church here and now located at Snyder in town Saturday. He was accompanied by his son Paul, and daughter, Miss Ruth. Rev. Lawlis said they were engaged in a revival and Chas. McCreless is leading the singing for them. Mr. McCreless came over with them for the day.

Texas Electric Service Girls Don Smocks of Texas Cotton

Texas-Made Smocks Are Provided by Company for Office Wear by Women Employees.

Cotton smocks made from cotton grown in Texas, spun and woven in Texas and made up in the plant of the Pool Manufacturing Company at Sherman have been presented by John W. Carpenter, president of the Texas Electric Service Company, to each young lady employee of the company.

Mr. Carpenter, recognized as the leading exponent of cotton mill development in Texas, presented the smocks to the women employees of his company as a suggestion to them that they could profitably use more cotton goods and at the same time make use of a staple grown in their own State and spun, woven and manufactured by mills and garment factories in Texas.

The smocks are made of blue ging-ham and manufactured by Planters and Merchants Mills, New Braunfels, maker of the famous Blue Bonnet ginghams. They are made skirt length and with long sleeves in order to protect the clothing of the wearer.

The smocks are set off with epaulet pockets and are fastened in front with white pearl buttons similar to the well-known artist's smock.

No sooner had the garments been received by the Texas Electric Service offices over the state, when letters of appreciation reached Mr. Carpenter. "They're just the thing we have been wanting for office work," one young lady wrote. "And these smocks sure do save your clothes," volunteered another.

"Until such time as the cotton industry is organized in a scientific

LUCKY LINDBERGH IS COMING HOME

Continuing his triumphal tour of Europe, Lucky Lindbergh having visited the principal capitals of Europe expresses a feeling of homesickness and arrangements are being completed for his immediate return to the United States. Vice Admiral Guy M. Berrage, commander of the naval forces in Europe, has placed the destroyer Bree at his command to bring the hero home. Not content with this, the cabinet committee appointed by the president to arrange a suitable reception to the American idol, has made the offer of the cruiser Memphis to bring him direct to Washington for an official reception before the departure of President Coolidge from Washington. Plans are that he will sail on Saturday for home.

He has received every honor that can be conferred by the foreign nations he has visited, and it remains for his native land to put the finishing touches upon what is the greatest feat of modern times and to shower upon the modest young man the honors he so richly deserves. No single act has won such recognition and the conduct of the hero has added dignity and increased the glory to the heroism displayed. The far-reaching effect of his achievement is yet to be determined, but one can see very clearly that it has given the air service an impetus that will not fail

LUMBER

As Important as The New Home's Plans

In planning your new home, give a serious thought to the lumber that goes into it. Years of extra service depend upon its quality. For the supporting joist, the flooring, the trims, the doors—be sure to get the best. The added cost is soon forgotten in the longer service and greater satisfaction you will have.

LET US FIGURE WITH YOU

We offer a special service to new home builders—consultation on plans and construction; also scores of architect's working plans for all types of residences.

FACTS about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking: "Why should my used car seem to have several values? ... Why should dealers in different makes of cars offer me allowances differing materially? ... Does the largest allowance offered mean the best deal for me?"

Here are basic facts:

- 1 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 2 Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
- 3 The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN YOU are ready to trade-in your present car, remember that after all you are making a purchase and not a sale. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.

TEXAS PRESS ASSOCIATION WILL CONVENE EL PASO

Complete arrangements for the El Paso meeting, June 16-18, of the Texas Press Association's forty-eighth convention were announced Saturday. A special train on the Texas & Pacific, leaving Fort Worth at 9:30 a. m., June 14, will travel via Millsap and Toyahville to allow those making the trip to enjoy entertainments arranged at Mineral Wells and Madera Springs Resort.

Texas reservations are being handled by Fred M. Herndon of the San Antonio Chamber of Commerce.

W. N. Baird, publisher of the Southwest Magazine, has offered a \$150 prize for the best mechanically set advertisement while The Dallas News and Dallas Journal trophy is to be a silver loving cup for the best all-round weekly paper. Harry A. Olmsted, president of the State Fair of Texas, is offering a silver cup for the best exhibition of job work. The Southwestern Paper Company, Dallas, Houston and Fort Worth, will present a silver cup to the press member making the highest golf score on an El Paso course.

The program for the El Paso meeting is to include:

"Creating a Spirit of Home Town Loyalty," Carl Gallagher, Daily Courier-Gazette, McKinney.

"Our Undeveloped Advertising Resources," J. Claude Wells, Democrat, Memphis.

"To What Extent Is Unskilled and Apprentice Labor Valuable to the Printing Fraternity?" O. C. Harrison, Baylor County Banner, Seymour.

"The Most Profitable Manner of Securing New Subscriptions and in Keeping Old Ones," Lowry Martin, Daily Sun, Corsicana.

"Preventing Profit Leaks," Clyde W. Warwick, Randall County News, Canyon.

"Advantages and Profits Secured by Changing from a 13-cm to a 12-cm column," Lee R. McDonald, of Record-Chronicle, Denton.

"El Paso Just Thirty-One Years Ago When I Was President of the Texas Press Association," John H. Cullum.

"Highway and Grade Crossing Safety," Clarence E. Gilmore, chairman State Safety Council Association, Austin.

"Making the Paper Solid With the Rural Subscriber," R. L. Scott, Free Press, DeLeon.

"Is the Automatic Job Feeder Practical for Small Shops?" Sam Braswell, News, Clarendon, a representative from Miller Saw Trimmer.

"National Legislation for Press-Texas a Factor," Tom Conally, Congressman from the Waco district.

"Building Reader Interest for a Weekly Newspaper," Jim Lowry, Signal, Honey Grove.

"Developing Rural News and Club Work," Mrs. Frances Calahan, Trinity County Times, Groveton.

Mr. and Mrs. R. T. Craig, Athens Review, will sing.

Mrs. O. C. Harrison, Baylor County Banner, Seymour, will entertain with readings.

The Record will be in camp at Madera Springs when the "gang" comes along, and will go with them to the El Paso meeting.

NATIONALIST PARTY WANTS LIGHT WINE AND BEER

A political party, known as the Nationalist Party, has just issued its platform which calls for a modification of the Volstead act to permit light wines and beer to be manufactured and sold under government control. The name of the national chairman of the party is John Zahnd, and it will hold its national convention in St. Louis, July 5. The name of the chairman is suggestive. It reminds one of the brewery heads in good old pre-war times. Somehow one cannot escape the conviction that the object of the party is to re-enshrine these gentlemen with a distinctly foreign accent to their names to the domination of American politics. During the reign of the legalized saloon these citizens with a foreign accent occupied the saddle and it causes them extreme pain to think that the liberties of the dear public have been so ruthlessly destroyed. Since Ben Looney in those famous liquor cases showed so conclusively the power of these brewers and distillers and their corruption of American politics which forced Congress to submit the eighteenth amendment and deposed these self-appointed knights of human liberty, they have persistently sought to recover their lost advantage. But the American people will never again submit. They are on a cold trail.

The Record acknowledges receipt among its exchanges of the first issue of the Odessa News which has absorbed the Ector County News, Barney Hubbs is managing editor, and Orrin C. Auld city editor. The Ector County News was born one year ago. In an editorial the story is told of the reason for the change and in connection therewith it calls attention to the fact of the installation of a big cylinder press, type-setting machine and other office machinery which enables this plant to do commercial printing. The aim is set forth in these words: "It is the aim of the publishers to make the News typical of the town. To express to the outsider the spirit of progress that Odessa is an example of. To be a medium of advertising the town, its business and its citizenry. No town can attain much growth without a good newspaper. The Odessa News will not stop until it is one of the best papers in this section of the State."

Well said, Brother Hubbs. We are glad to extend you the greetings of the printing fraternity in this section and trust your aims shall be realized. We shall welcome your visits among our exchanges.

ECTOR COUNTY NEWS IS NOW THE ODESSA NEWS

Well said, Brother Hubbs. We are glad to extend you the greetings of the printing fraternity in this section and trust your aims shall be realized. We shall welcome your visits among our exchanges.

COMMON, ORDINARY GARDEN VARIETY OF PLAIN LIAR

Injuns in Pecos, throat slitters, etc., is the impression an unknown tourist had of Pecos while spending the night here, on his way west. The following is a letter he wrote to "her," and left unfinished at the New Hotel, where he was staying, and tells a great story:

"Dearest G—

"This is surely some wild and woolly town we're now in. When we drove into this burg, we were given the once over by Spies, Indians, etc., etc. I imagine my golf outfit must have caused no little comment. I didn't stick around long enough to find out though, because a person could very easily get his throat slit, probably for a nickel, out here.

"We've had a wonderful trip so far, barring a little dust during the last couple of hundred miles. Everything is desert in this neck of the woods. You've read of the gold rush in California. Well, there's an oil rush in West Texas that appears to equal it. Every little town from Dallas all the way to El Paso is packed and jammed with oil magnates and prospectors."

"That was his story and he stuck to it, we surmise.—Pecos Enterprise.

It is just such liars as the above "writin'" back East that the West has to overcome. This "feller" is not one of those magnificent scroll-work liars whose improbable tales are told to amuse, but just a common ordinary, every-day liar. We have plenty of grown men, reared in the West, who have never seen an Indian.

REPORT ON COTTON FLEA HOPPER

This is the fifth report issued by the Division of Entomology of the Texas Experiment Station, on the spring emergence or hatching of the cotton flea hopper from weeds and cotton stalks collected in several different sections of the State.

Complaint of this insect injuring cotton are now being received from farmers in Wharton and Fayette counties. Additional surveys made by the division of entomology show that the flea hoppers are becoming active on cotton in Neuces county.

Farmers in all sections of the State are urged to watch their cotton closely for the beginning of any infestation of the cotton flea hopper. If the insects appear begin combative measures at once. A new bulletin by the Texas Experiment Station on the control of this insect gives the latest information available on this subject, and all who are interested may obtain

a copy of the same by sending a request to Director of the Experiment Station, College Station, Texas.

COLORADO GIRL MAKES GOOD

The Record acknowledges receipt of the announcement which reads: "Baylor University, School of Music, presents in Graduation Recital Martha Nichols, pianist (pupil of Roxy Harriette Grove), candidate for the Degree of Bachelor of Music."

Martha Nichols moved to Colorado with her parents in 1903, just a wee small girl, and is known here only as a child. Her father, former pastor of the Baptist church here, is universally loved by all, and all are proud of his daughter's advancement and success.

Witness my hand, this 18th day of May, A. D. 1927.

R. E. GREGORY,
Sheriff Mitchell County, Texas,
By J. B. HOLT, Deputy.

SHERIFF'S SALE

THE STATE OF TEXAS,
COUNTY OF MITCHELL.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, on the 17th day of May, 1927, by J. Lee Jones, clerk of said District Court of Mitchell County, Texas, for the sum of Two Hundred Twenty-four & 12/100 (\$224.12) Dollars, and the further sum of Three Hundred Sixty-six and 80/100 (\$366.80) Dollars and costs of suit, under a decree for foreclosure of a deed of trust lien, in favor of J. M. Hardie in a certain case in said Court, No. 4808, and styled J. M. Hardie vs. A. L. Carter et al, placed in my hands for service, I, R. E. Gregory, as Sheriff of Mitchell County, Texas, did on the 18th day of May, 1927, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit: Being all of the East Half (E 1/2) of Section Number Eighteen (18) in Block Number Twenty-eight (28), Township 1 North, of the Texas & Pacific Ry. Co. Surveys in Mitchell County, Texas, containing 320 acres of land, more or less, said land being located about 14 miles N. W. of the County Seat of said County, and being known as the A. L. Carter tract; and levied upon as the property of A. L. Carter, Mattie Carter, C. W. Gill and L. S. Munger, defendants; and that on the first Tuesday in July, A. D. 1927, the same being the 5th day of said month, at the Court House door, of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale and said Decree of Foreclosure of said lien, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said A. L. Carter,

Mattie Carter, C. W. Gill and L. S. Munger, defendants.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 18th day of May, A. D. 1927.

R. E. GREGORY,
Sheriff Mitchell County, Texas,
By J. B. HOLT, Deputy.

Through In The Kitchen

Now it is no longer necessary for any woman to spend so many hours in the kitchen. Today a meal can be cooked in a very few minutes of your time. All you need do is prepare the food in the usual way, put it in the oven of a Hotpoint Super-Electric Range, turn the Heat Control to the proper temperature, set the electric timer to turn the oven on and off at the right time and you are through in the kitchen. Be cool and comfortable this summer with a Hotpoint Electric Range.

Pay a little down and a little each month as you pay your light bill.

The Simms Good Will Tour Car has been in town this week, on its way calling on all the Service Stations in Texas which handle Simms gas and Simms motor oils. The tour is a unique good-will plan inaugurated by the Simms Oil Company to better instill in the station men who serve their products the true Simms Service spirit. The car is a specially designed Dodge business car painted in the lively white, red and blue Simms colors. Its appearance on our streets has excited much interest and comment. The car is under the command of George E. Webb, a man who has long been handling retail sales

work of the Simms Company, who is assisted by W. C. Whitten. These Simms service experts are explaining to every attendant at stations handling Simms products the Simms Service Pledge. In order to maintain a uniform good service all over the country, the following general principles are being followed by the Simms Service men: 1. Meet my customers with a smile. 2. Gladly fill their radiators. 3. Properly inflate their tires. 4. Willingly wipe off their windshields. 5. Always give good measure. 6. Keep my station spic and span. 7. My uniform neat and clean. 8. Never substitute

inferior products. 9. Answer questions cheerfully. 10. Be courteous. After signing a pledge to render such service, the Station Men of this section are being issued Simms Service Uniforms—white shirt, white trousers, white sailor cap and blue tie; the red Simms Triangle is embroidered on the uniform, which are the badge of Simms Service. The idea is for every station handling Simms gas and Simms motor oils to render the same high-class service and all attendants wear the uniform badge of this unique service.

R. D. HART, Simms Local Agent.

BIG JULY AUTO TRIP TO THE DAVIS MOUNTAINS

ABILENE, June 1.—An extended caravan of motor cars filled with summer vacationists, cars that wend their way through picturesque heart sections of the Davis mountains, and that thread their way through the scenic wonderland, is the vision of the West Texas Chamber of Commerce toward which all staff members are now directing their attention.

The proposed motorcade will take place during the first ten days of July, assembling at some convenient point from which it will travel via Fort Stockton to Alpine, for the West Texas Chamber of Commerce Big Bend District Convention there on July 4. Thence by easy stages, the caravan will proceed to Marfa and Fort Davis. Passing down Limpia

Canyon, via Balmorhea, the party will motor into El Paso where a day and two nights will be spent. Thence by Alamogordo, the motorcade will travel to Clouderoft for the West Texas Chamber of Commerce New Mexico District Convention. From Clouderoft, the caravan will drive to the Mesquero Indian reservation, on through Lincoln National Forest, down the valley of the Rio Grande, in the White mountains, to Roswell. From Roswell, the motorcade will go to Carlsbad where the famed Carlsbad Caverns will be visited.

Social affairs and entertainments will be planned for the motorcade party in various towns on the route. The travelers will be honor guests at these events, and arrangements will be made for them in advance.

The trip will be under the personal supervision of the president of the West Texas Chamber of Commerce, and of two past presidents and their

wives. Special plans will be made for unaccompanied ladies and girls. Expenses will be held to a minimum as the trip will be held as economical as possible. Individuals and towns interested in the proposed motorcade have been requested to notify the West Texas Chamber of Commerce, Stamford headquarters of their desires in the matter. Everybody is invited.

MIDWEST OIL COMPANY BUYS TAYLOR WILDCAT

ABILENE, May 29.—Much interest has been aroused in this section during the past week by the action of the Midwest Exploration Company in buying half interest in W. E. Halbert's wildcat in South Taylor county. This test well is the No. 1 C. M. Hart on the southeast quarter of section 24, block 4, H. & T. C. survey, and is eight miles west of the town of Bradshaw.

This well has been drilled past 1,900 feet and it is reported to have made some highly favorable showings.

A half interest in the 80-acre lease on which the well is located and also a spread of 1,000 acres surrounding the location went with the purchase of the interest in this well.

Halbert spudded this well about two months ago. He had at the time work on the test was started a block of 9,000 acres in that section, but has sold a number of the largest blocks out of his holdings.

HENRY FORD CONFIRMS NEW CAR REPORT

The Ford Motor Co. officially announces the coming of a new light car to replace its Model T automobile. Details were not disclosed, but it is understood that it will be a car with a standard shift and other radical features. The announcement was made over the signature of Henry Ford, but the date for its appearing and the description was withheld for the present.

Talking About The Ford

Detroit, May 25.—Early production of a new Ford car superior in design and performance to any now available in the low-priced, light-car field, was announced by the Ford Motor Company.

Henry Ford, designer of the car, and Edsel Ford, president of the Company, both stated that within the next few weeks they will give a complete description of the new model.

The famous Model T Ford, which still leads the automobile industry after twenty years of manufacture, will continue to be a substantial factor in Ford production, in view of the fact that about ten million cars of this model are still in use and will require replacement parts and service.

"The Model T Ford car was a pioneer," said Henry Ford today. "There was no conscious public need of motor cars when we first made it. There were few good roads. This car blazed the way for the motor industry and started the movement for good roads everywhere. It is still the pioneer car in many parts of the world which are just beginning to be motorized. But conditions in this country have so greatly changed that further refinement in motor car construction is now desirable and our new model is a recognition of this."

"Besides the Model T itself, another revolutionary element which the Ford Motor Company introduced twenty years ago was the idea of service. Some of the early manufacturers proceeded on the theory that once they had induced a man to buy a car they had him at their mercy; they charged him the highest possible price for the necessary replacement. Our company adopted the opposite theory. We believed that when a man bought one of our cars we should keep it running for him as long as we could and at the lowest upkeep cost. That was the origin of Ford service."

"The Model T was one of the largest factors in creating the conditions which now make the new model Ford possible. The world-wide

influence of the Ford car in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power but twenty years ago only the adventurous few could be induced to try an automobile. It had a harder time winning the public confidence than the airplane has now. The Model T was a great educator in this respect. It had stamina and power. It was the car that ran before there were good roads to run on. It broke down the barriers of distance in rural sections, brought people of these sections closer together and placed education in the reach of everyone. We are still proud of the Model T Ford car. If we were not we could not have continued to manufacture it so long.

"With the new Ford we propose to continue in the light-car field which we created on the same basis of quantity production we have always worked, giving high quality, low price and constant service. We began work on this new model several years ago. In fact, the idea of the new car has been in my mind much longer than that. But the sale of the Model T continued at such a pace that there never seemed to be an opportunity to get the new car started. Even now the business is so brisk that we are up against the proposition of keeping the factory going on one model while we tool up for another. I am glad of this because it will not necessitate a total shut-down. Only a comparatively few men will be out at a time while their departments are being toolled up for the new product. At one time it looked as if 70,000 men might be laid off temporarily, but we have now scaled that down to less than 25,000 at a time. The lay-off will be brief, because we need the men and we have no time to waste.

"At present I can only say this about the new model—it has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture, but will be more economical to operate."

San Angelo Couples Missing, May Be Lost In Cave

SAN ANGELO, May 30.—Search for Luther Anderson and Tom Freeze and Edna Williams and Inez Fondren, their girl companions, all of San Angelo, had proven unavailing Monday night. The two couples had not been heard from since they left Sunday afternoon by automobile with the announced intention of exploring a cave on the J. D. Sugg estate ranch in Irion county.

Apprehension for their safety resulting from early reports that their car had been found near the cavern was allayed somewhat when the report was contradicted, together with one that footprints had been found inside the cave.

The search, however, continued within the cavern and elsewhere, relatives of the young people being unable to account for their failure to return as scheduled Sunday night.

LORAIN SCHOOL CLOSURES WITH NINETEEN GRADS

Friday, May 20, brought to a successful close the 1925-27 term of the Loraine high school, when nineteen Seniors received their diplomas. The graduates of this school are now entitled to enter any college or university in the State without having to take entrance examinations, as the school is fully affiliated, and when credit has been granted for this year's work by the State Department of Education, will have 19 1/2 credits.

Prof. H. E. Blythe, who has accepted the school for another term, has been very successful with the school, having done much for it the three years he has been here. The commencement exercises were held at the high school auditorium and were well attended. The program was cut into by a storm cloud, causing Mr. Mahon, who was to deliver the address of the evening, to have to cut his talk to a very few minutes. However, the program was good, and the part of the talk by Mr. Mahon that was heard, was exceptionally good.—Lorraine Leader.

LESS MOTOR TROUBLE

Nervous hot flashes

SOME time ago when in a very nervous, run-down condition," says Mrs. Martha F. Marlow, of Broken Bow, Okla., "I tried numerous remedies to try at least to keep going, but I could not. I was weak and tired—just no good at all. My back ached and I had hot flashes until I was so very nervous I smothered. I couldn't sleep and I was never hungry, and I kept getting weaker. I couldn't stand on my feet. This was an unusual condition for me as I had been pretty strong all along. I knew that I would have to do something, and that pretty soon."

"Some friend suggested that I take Cardui, and it certainly was a good suggestion, for after taking one bottle I could tell I was stronger and better. I didn't quit. I kept it up all through the change and did fine. I felt like a different person after I began taking Cardui."

Cardui has helped thousands of suffering women.

Sold by all druggists.

FAY UP NOTICE

To all those who owe me an account, this notice is given asking you to come in and let's settle some way, by note or otherwise.

E. V. BELL, Westbrook.

Mrs. Chester Bullard and children have gone to Breckenridge, where they will spend several weeks visiting Mrs. Bullard's sister.

Naul Bootler left for Abilene last Monday to enter school at the Commercial Business college.

Laura Townsley McCoy and a Group of Charming Girls in "The Firefly" at Chautauqua.

Miss Lavonia Cline, who has been attending school in Oklahoma, is at home for the summer.

Mrs. Van Boston and family, and Mrs. G. C. Currie will entertain the members of the club and their husbands.

Mr. Leroy Gressett left for El Paso last week, where he will spend several days enjoying a vacation.

Mr. Van Boston and family, and Mrs. G. C. Currie and children are enjoying a few days' camping at Christoval this week.

Mrs. N. A. Terrell and family visited Mrs. Terrell's sister, Mrs. M. C. Sheffield, near San Angelo, from Friday until Monday.

Mrs. Jack Garber and children, accompanied by Mrs. J. B. Cox, left last week for parts in Oklahoma, where they will spend several weeks visiting relatives. Mrs. Garber will likely go to Cloudford, New Mexico, for the summer.

Miss Bernice McDonald, who has been teaching school at Hyman, is at home again for the summer.

Miss Nina Burnett of Simmons College, and Mrs. Judson Burnett of Wayland, were guests in the home of their parents, Rev. and Mrs. Burnett, several days last week. The family went to Brownfield Thursday to visit an older son.

Monday, Rev. Bennett and wife carried their son and daughter to Sweetwater, where they each departed for their respective homes.

We are requested to announce that the Baptist meeting will begin Tuesday night with Rev. Barnett, the pastor, doing the preaching. More definite announcements will be made later as to plans for meeting. Everyone is invited to attend these services from time to time, and let's pray that God will graciously bless our efforts for a real revival.

Miss Hester Cline, who has been teaching in the Sweetwater school, is at home much to the delight of her many friends here.

The Senior members of the Methodist and Baptist Sunday schools enjoyed a social hour at the Baptist parsonage Saturday night. After the games and contests, which were enjoyed greatly, delicious refreshments of ice cream and cake were served to a large crowd.

It is a joy to report that the Baptist Sunday school has been greatly on the increase of late, the attendance reaching as high as 134.

Mrs. Ben Young entertained the Fifteen Club at her home Tuesday afternoon. Four tables of bridge were arranged. Mrs. John O'Neal won high score. The consolation prize went to Mrs. James Herrington. Delicious refreshments, consisting of

fruit salad, cake and lemonade were served.

On June 7 Mrs. Van Boston and Mrs. C. C. Currie will entertain the members of the club and their husbands.

PRESBYTERIAN MINISTER CELEBRATES ANNIVERSARY

Rev. W. M. Elliott, pastor of the First Presbyterian church in this city, will celebrate the sixth anniversary of his second pastorate with the Colorado church next Sunday. At the 11 o'clock hour Rev. Mr. Elliott will deliver a summary of his five years' work, which the public is invited to hear.

Rev. Mr. Elliott is one of the best known ministers in Mitchell county. During his present ministry he has seen each church change ministers, some of them twice, but he still stays on. He is active in all civic lines, especially as the head of the executive council of the Boy Scout movement in this section. Under his leadership the present commodious and beautiful brick structure was erected, as was also the new Manse. The church has grown numerically and in influence under his ministry and is one of the most popular and esteemed ministers in the town. The Record extends felicitations to both pastor and people.

BUFFALO TRAILS COUNCIL

SWEETWATER, May 30.—Date of the general executive committee conference of the Buffalo Trail Council of the Boy Scouts which will be held in this city has been set for July 8, instead of the former tentative date of June 3, and according to E. A. Moore, Scout Executive, the manifested interest indicates that the meeting will be attended by some 200 council members, executive committeemen, and scoutmasters for Nolan, Scurry, Fisher and Mitchell counties.

This will be the semi-annual meeting of the Buffalo Trail Council and plans and program of work will be the topic of the individual committee meetings during the afternoon, and a general meeting will be held that night in the new Municipal auditorium. At the night session, either E. E. Voss or J. D. Fitch, regional executives, will address the meeting. Further plans of the program are being worked out by President W. M. Elliott, Colorado Scout Executive E. A. Moore, Sweetwater, and other committee chairmen.

A barbecue is being planned at the City Lake to give the visitors a real treat in eats between the afternoon and night sessions.

Final details of the Boy Scout camp will be completed by the Camping committee which will be held of the Oldham Ranch, 38 miles south of Sweetwater.

ABILENE AUTO RACES

Automobile race fans of West Texas are assured of the best lineup of drivers ever together in the Southwest, on July 4 at the West Texas Fair track in Abilene, for annual Independence Day classic, according to D. H. Jefferies, official representative of the American Automobile Association. The races will be held under the supervision and with the sanction of that organization.

A guaranteed purse of \$3,000 for the winners in the five different events billed for the race program, will be augmented by 20 per cent of the gross gate receipts over \$6,500. According to records of the race association during the past, the cut-in on the gate will be approximately \$2,000. This heavy prize list is proving very attractive to drivers in all parts of the United States and officials of the West Texas Fair are expecting to offer the biggest and best race event ever staged on the local track on Independence Day.

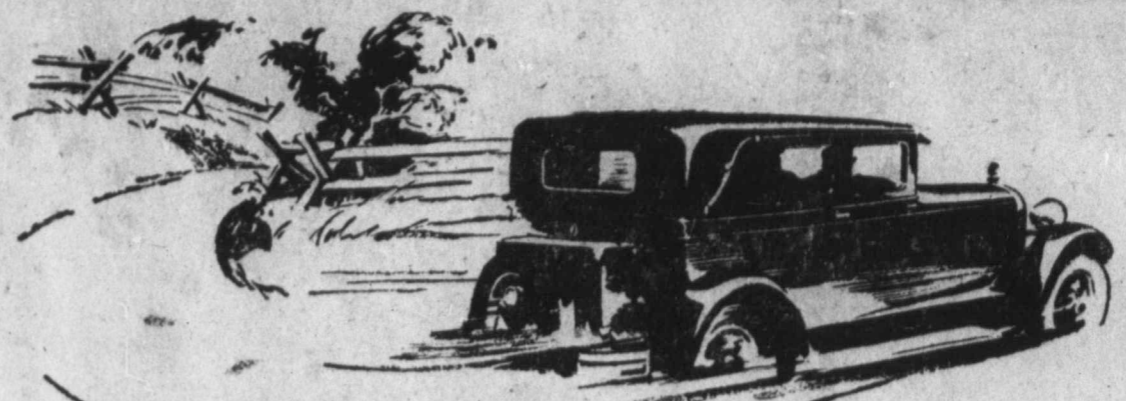

Pete Pickens and family have returned from a week's fishing trip to Paint Rock and tells some wonderful fish stories and some big ones, one of which is that no fish was caught under 11 inches.

TEXAS STATE DEPARTMENT OF HEALTH NEWS LETTER

Austin, May 28, 1927
Family Bible as a Birth Register
There has been a time when the old family Bible was considered the only register necessary for births and deaths, and was used as such, according to Dr. J. C. Anderson, State health officer, who has instituted a campaign to have every child born in the State registered with the vital statistic division of the State health department at Austin.

However, that time is now past and the parent is unwise who depends upon the family Bible to prove his child's age, as this is not an official court record and would be worthless in establishing a child's interest in court litigation, or in otherwise proving his age in later life. Every child should have his birthplace placed on record in our State files, where it will be kept for all time as a legal record, and can be accessible for any necessary reference.

If your child is not registered, it is not too late to have this done, as children can be registered upon proper affidavits made by parents. Every child in the State should be registered, and many parents are now registering all of their children at the
