

REDPATH-HORNER CHAUTAUQUA OPENS TODAY

PART ONE

23RD. YEAR—NUMBER 39

COLORADO, TEXAS, FRIDAY, JUNE 24, 1927

WHIPKEY PRINTING CO.

NEW OIL POOL IS OPENED SOUTHEAST OF CUTHBERT PREMIER CHAUTAUQUA OPENS 6 DAY PROGRAM HERE "GOLDEN SATURDAY" TRADES DAY IS BOOSTED FOR COLORADO

STRAIN NO 1 GETS SHALLOW PAY; MAKES 35 BARRELS ON PUMP

Well Drilled To 3,500 Feet And Plugged Back To 1,700 Feet

15 MILES FROM COLORADO

Located in Section 82, Block 97, H. & T. C. Survey; Teas Optimistic

A new oil pool was opened 15 miles northwest of Colorado when Strain No. 1 of Paul C. Teas, northeast corner of section 82, block 97, H. & T. C. survey, came in for a good producer at a depth of approximately 1,700 feet.

The well was placed on the pump first of this week after being given a shot of nitro, and is gauging about 35 barrels daily. There is no question but that a new pool has been opened by this well, since this is the only well in that vicinity that is producing from such a shallow depth.

The well is about four miles northeast of Cuthbert and about seven miles northeast of the northern limit of the Westbrook field. It is about five miles northwest of the Cedar Bend, which was said to be a dry hole.

The Strain well was drilled to a depth of 3,500 feet, passing up a good showing at around 1,700 feet, and was plugged back and given a shot which resulted in the producer. Paul C. Teas, local oil operator, who contracted the well, is optimistic over the strike. He is of opinion that a new and separate pool has been opened, which may result in considerable activity.

JOE H. SMOOT IS ELECTED PRESIDENT COLORADO LIONS CLUB

Bob Fee Continued As Sec. Treas. and Roy Farmer Re-elected

Joe H. Smoot, cashier of the Colorado National Bank, was named president and Bob Fee, local lumberman, was continued as secretary-treasurer of the Colorado Lions club when the club elected officials for the ensuing year at the last Friday luncheon.

A complete set of new officials were elected and the report of the nominating committee was adopted as read. Two officials were named to succeed themselves, as each were serving unexpired terms by appointment. These were Bob Fee and Roy Farmer, tail twister.

Complete roster of the officials elected, who will take office the first Friday in July, is as follows:

Joe H. Smoot, president; J. Ralph Lee, first vice-president; R. P. Price, second vice-president; J. W. Randle, third vice president; Roy Farmer, tail twister; Joe Pund and A. C. Connell, assistant tail twisters; Dr. Stewart Browning, Lion tamer; Louis Collier, assistant Lion tamer; Max Thomas and U. D. Wulfjen, directors.

Harvey Be Home For Regular Church Services Sunday

Rev. J. D. Harvey, minister for the Church of Christ, who has been in Handley for several days conducting a revival meeting, wired the Record Wednesday that he would be home in time to hold regular services at the church here Sunday morning.

Subject announced by the minister for Sunday morning is as follows: "Where Was the Church of Christ Before Campbell's Day?"

The telegram from Rev. Harvey read: "Weather wet, meeting fine. Be home to fill my 'bin' Sunday at eleven a. m. Subject: 'Where Was the Church of Christ Before Campbell's Day.'"

THREE NEW HIGH SCHOOL TEACHERS NAMED BY BOARD

The Tax Rolls Also Receive Attention; Renditions Gone Over

Three new high school teachers were elected by the school board at their Monday night meeting, according to W. R. Morgan, secretary. Morgan says Superintendent Ben S. Peek recommended these teachers and they were elected after their claims were investigated.

The three teachers named are: Miss Isabella Johnson, teacher of commercial subjects. Miss Johnson has a B. A. degree from Baylor University, will receive her B. B. A. degree this summer, and has done some work on her Masters degree. She is now teaching business administration in Baylor University.

Earl W. Hall, of Waco was elected as one of the mathematics teachers in high school. He has a B. A. degree from Baylor University, majoring in mathematics.

Miss Mary Davies of Fort Worth, teacher of home economics. Supt. Ben S. Peek says: "I have known Miss Davies for six years and I think she is the best teacher of home economics in Texas. She taught for me for four years and lived in my home for two years of that time. I know her to be a fine character in every way. She will be attractive to the girls of Colorado. She is exacting of all work, painstaking, thorough and clean in her department, and a fine teacher. She taught in the Alabama State College for Women at the head of the teachers' training department. Miss Davies is a member of the Presbyterian church. She has a degree from the College of Industrial Arts and has done some Masters work in Columbia University. She is held in the highest regard by the Department of Education."

The matter of taxes came up for discussion also. In fact, the board has spent several days going over the tax rolls and looking over the renditions. Doubtless a board of equalization will re-adjust the renditions at some early date. While the board has made no announcement as to what may be done relative to tax renditions, they are continuing to work on this problem for several days yet.

Mrs. Earl Powell, after getting home from Austin, where she has been teaching, has gone to visit her mother, Mrs. E. W. Bounds, in Breckenridge, and her aunt, Mrs. Ferguson, in Hamlin.

Greene and Root Go to Sherman For Secretary's Meet

J. H. Greene, secretary of the Colorado Chamber of Commerce, and George Root, local insurance man, left Wednesday morning for Sherman to attend the meeting of the Texas Commercial Secretaries' association, which convened there Friday morning. They will return to Colorado Monday.

DIXONS ANNOUNCE CLOSING OF MISSION THEATRE SATURDAY

Movie House Goes Out Of Business; Two Others Operate

Mr. and Mrs. Ross D. Dixon, owners of the three moving picture theatres in Colorado, announce that the Mission at corner of Second and Walnut will be closed after this week and that this movie house will go out of business.

The Ritz, at corner of Third and Walnut, will open July 1 for regular daily programs. The Palace will continue to operate as usual.

The Dixons own the building occupied by the Ritz. Their lease on the old Colorado National Bank building, occupied by the Mission, expires on July 1 and they will relinquish possession of the property at that time. At time of going to press nothing had been announced as to what would occupy the Mission building after July 1. It is owned by Mrs. Ike Colichman of El Paso, former Colorado resident.

NEW BAPTIST CHURCH BE BUILT

FINANCE COMMITTEE INSTRUCTS BUILDING COMMITTEE PROCEED

Blue Prints Being Drafted and Contract Be Let At Early Date

At a meeting of the finance and building committees of the First Baptist church Wednesday night, definite decision was made to proceed on construction of the new First Baptist church, and the finance committee instructed the building committee to secure blue prints and let contract for the structure at the earliest possible date.

W. W. Whipkey, member of the building committee, is arranging for the blue prints and says they will be ready within a short time. The finance committee pledged themselves to raise the necessary funds to back the building committee in letting contract and it is definitely settled that the new church home will be built by the Baptist congregation, J. L. Bowen and W. W. Whipkey said Thursday morning.

The finance committee is composed of J. L. Bowen, O. Lambeth, J. A. Sadler, J. T. Ratliff, G. B. Slaton, Mrs. Jack Smith and Mrs. Jas. T. Johnson. Building committee: W. W. Whipkey, Joe H. Smoot, J. L. Bowen, O. Lambeth and J. H. Greene.

ADDRESS TONIGHT BY CHAS. H. PLATTENBURG ON "TALE TWO CITIES"

Concert This Afternoon And Night By Premier Male Quartet

MACDONALD SATURDAY

"Fine Feathers" Fourth Day - And "The Firefly" Sixth Day of Program

The Redpath-Horner Chautauqua opened a six-day engagement in Colorado today at Union Tabernacle with the opening number by the Premier Male Quartet which gave a concert at 2:45 this afternoon.

Another concert will also be given by the quartet this evening at 7:45 o'clock and Charles H. Plattenburg will give an address on "A Modern Tale of Two Cities."

"The Patsy," comedy-drama, will be given Friday night and A. R. McDonald will speak on prohibition Saturday. At the evening hour his subject will be, "Name Your Poison." Interest in the chautauqua this year has been keen and it is expected the attendance will be large. Committees appointed to sell season tickets report sales of a large number, and much interest in the program of the chautauqua.

Complete program for the six days is as follows: 2:45 p. m.—June 23 Concert—Premier Male Quartet. 7:45 P. M.

Concert—Premier Male Quartet. Address, "A Modern Tale of Two Cities"—Charles H. Plattenburg. 2:45 P. M.—June 24 Dramatic Reading, "My Lady's" (Continued on page 4)

Mitchell Road Bonds Approved By Atty. General

Judge C. C. Thompson has received notice from the Attorney General's department at Austin that the Mitchell county road bonds voted recently to help pave the Bankhead highway across Mitchell county, had been approved by the attorney general and the bonds, which were contracted by a Little Rock concern, will be accepted and the cash paid over at an early date.

RITZ THEATRE TO HAVE BIG OPENING FRIDAY, JULY 1ST.

Free Show Be Given Public And Invitation Extended; Building Remodeled

The Ritz Theatre, which has operated only on Saturdays for the past several months, has been completely overhauled, re-decorated and new draperies hung and this popular show house will open for daily performances with a big free show to the general public on Friday, July 1, Ross Dixon, manager, said Thursday.

A special attraction, "The Town's All Talking," has been booked for this occasion and the management of the theatre extends a special invitation to the public to attend the free show on opening day.

The draperies and decorations in the building are beautiful, and this newly remodeled picture show house, which was formerly the Palace, will likely be one of the coolest and most inviting spots in the city.

Connell Says Colorado Store Beats Others

A. C. Connell, manager of the local store of Hicks Rubber company, reports that the Colorado store is far above the average Hicks store in volume of business in the big summer sales campaign recently launched by the company.

The fourth week of the eleven weeks' campaign shows sales for all Hicks stores running well over the quota assigned, Connell says, and the Colorado store is standing near the top. This is remarkable since the company has stores at Waco, Abilene, Breckenridge, Lubbock, Amarillo, San Angelo, and other larger places.

G. W. Keathley and Mrs. Rev. J. T. Bryant of Cisco, father and sister of Ernest Keathley, are spending the week with him. Rev. J. T. Bryant sang for the Dr. F. M. McConnell meeting here some years ago.

Mrs. Louis Collier has returned from an extended visit to home folks at Paris, and was accompanied home by a dear good friend, Miss Ruby Brian of Dallas, who is enjoying her visit here very much.

Former Colorado Man Dies At Home In Fresno, Calif.

James E. Gordon, former citizen of Colorado, died at his home in Fresno, California, on June 5, of paralysis, according to a communication from J. T. White of Fresno, addressed to Ed and Oscar Majors. White is also a former Colorado man, having left here about 24 years ago. White was a carpenter here and James E. Gordon was in the ice business here. Gordon also left here about 24 years ago. He will be remembered by all the old timers of this county. He was stricken with paralysis on May 20. He was buried at Fresno. Both these former Colorado men are numbered among the close friends of J. P. Majors, pioneer business man of Colorado and Sweetwater.

RAIN WEDNESDAY GREATLY BENEFITS CROPS IN COUNTY

Parts of County Receive No Rain While Others Get Downpour

COLORADO GETS .23

Spade Section and N. E. Corner County Still Need Moisture

Rain which was pretty general over Mitchell county Wednesday morning greatly benefited crops and put the ground in condition to bring up crops just planted. While some sections of the county did not get enough rain to do any good, the northeast corner of the county, north and east of Lorraine, did not get rain and the Spade territory did not get sufficient moisture. A light shower covered this latter section but is not sufficient to change the crop outlook there.

Cuthbert, Dunn, Buford, Westbrook, Iatan, Lorraine and points southeast of Lorraine report a good shower. At Colorado the rainfall totaled twenty-three hundredths of an inch. In the vicinity of Colorado where the previous rains had fallen, the shower Wednesday was sufficient to keep crops growing and the prospect is encouraging.

No rain fell at Hyman and that section is very dry. Prospects there are discouraging and if rain is not secured in a few days, farmers say no cotton can be raised there.

Roy Farmer reports about half an inch of rain south of Iatan, and Irvin Terry reports about the same amount on his farm 15 miles south of Colorado.

Taken as a whole, Mitchell county crop conditions are far from normal to say the least. Reports indicate there are thousands of acres yet to be planted or that has no stand of cotton and not enough moisture to bring up or hold the stand if it should come up. Additional rain is needed badly in many sections of the county.

DR. BROWNING BACK FROM VACATION TRIP

Dr. Stewart Browning is back in his office again after having spent about two weeks on vacation during which time his office was closed. The doctor reports an excellent trip and that he now is feeling fine.

CHAMBER COMMERCE SPONSORS MOVEMENT TO GIVE GOLD PRIZES

Practically All Merchants To Join in Plan J. H. Greené Says

BIG CROWDS EXPECTED

All Visitors Participate And Hundreds Expected Each Saturday

One of the greatest trades day propositions ever put on by a town in this section will be the "Golden Saturday" sponsored by the Colorado Chamber of Commerce, which will be started here at an early date, according to J. H. Greené, secretary.

Practically all the merchants of Colorado will join the trades day event, Greené said, and it is expected that hundreds of visitors will be here to participate in the prizes which are to be given and take advantage of the bargains offered. Greené says gold coins will be given as prizes, the plan for giving the prizes to be announced later.

C. A. Hewett, director of the Colorado bond, has helped to promote the "Golden Saturday" idea here, and is authority for the statement that it is a real event that both town and country people will enjoy and profit therefrom.

The Colorado Chamber of Commerce is backing the movement and will make announcements next week as to plan of operation. Merchants will likely offer special bargains for these days which may be held every Saturday.

PAST YEAR'S WORK RAISES RANK COLORADO SCHOOLS EIGHT POINTS

Advices From R. B. Norman State Additional Credits Already Granted

As proof of the progress of the Colorado high school the past season, the State Department at Austin has granted this school four and a half additional credits of affiliation, according to R. B. Norman, former superintendent, who is in Austin.

The papers from Colorado high school were complimented highly, and were among the first to receive recognition from the department. The school was given four credits in English and three in Spanish, which is above the average in these subjects. In fact, the records show there are few high schools in the State that can show so good a record in English and Spanish. Half credit was received for work in commercial law and a half credit in American history, making a total of eight full credits received, and raising the total credits of affiliation of the Colorado high school to twenty and one-half.

Public speaking papers from this school have not yet been graded. They may bring additional credits to the Colorado high school.

With the new plant and the new building and the efficient corps of teachers employed, there is no reason why the Colorado high school should not continue to maintain the record made the past term, and made additional credits until a maximum is reached.

Our Opening Day Met Every Expectation--

It was intended as a welcome to our new friends and the response was very gratifying. All of you who couldn't come on that day will find that every department still holds its quota of bargains in good merchandise.

SHOES FOR MEN A SNAPPY NUMBER FOR THE WELL DRESSED MAN

The model sketched below is one of the popular Summer numbers—light weight—the shoe that the smart man will wear during the hot Summer months.

WE HAVE YOUR SIZE

Step out smartly, care-free and comfortable on Summer days. Light weight, well made Oxfords, that's what most men want.

TAN, BLACK, BROWN and a good one for

\$4.98 \$4.48 \$3.98

SOCIETY

MRS. J. G. MERRITT, Editor Phone 144

Hesperian Club
The Hesperian Club had a called meeting Friday afternoon to read the year book and attend to any unfinished business before it was taken to the printer. Mrs. Ralph Lee was elected second vice president. It was decided to print the constitution and by-laws, also the special rule. The chairman read the year's course of study, Shakespeare's King Henry VIII, Types of Essay and Review of New Books, which was favorably received by the club. The material is now in the hands of the printer and will soon be ready. The club's new member, Mrs. D. M. Merritt, was welcomed and Mrs. Dunn was an enjoyed visitor. The hostess served refreshing punch and wafers. The club's next meeting will be September 30th.

Ice Cream Supper
The Home Department of the Methodist church gave an ice cream supper on Mrs. R. J. Wallace's lawn Friday evening. The beautiful lawn was very attractive with its pretty tables and good lighting. The Chamber of Commerce had played a number of selections, which added much to the enjoyment of the occasion. Dainty little girls served the ice cream and cake. Those who attended spent a very pleasant evening, but the ladies were disappointed not to have had a larger attendance, as they have in their past suppers to the parsonage and need money. A small sum was cleared.

Interracial Health Club, Sweetwater
Mrs. J. G. Merritt went over to Sweetwater Thursday, by invitation of the Gleaners Missionary Society, and in the afternoon spoke to the newly organized Interracial Health Club at the Negro Baptist church. This has just been organized by Annie Mae Mathis, negro health nurse of Austin, who is a member of the Interracial committee of one hundred. She has cleaned up the negro section of Sweetwater, interested the whites in their behalf and organized them for work. Mrs. Merritt is representing her Conference in interracial work.

Report of Conaway Home Demonstration Club
The following report of the Conaway club was received too late to be reported. Report for two weeks: Eggs included in the County Federation produced 312 dozen, value \$45.80; eggs sold \$14.45; milk produced 924 gallons, value \$287.20; butter produced 203 pounds, value \$101.50; sold \$16.30; cream sold \$12.50; chickens sold \$45.75; canned chicken 12 No. 2, value \$13.50; 15 pint of jelly made; 16 No. 2 cans beans put up; \$1.19 vegetables sold; 25 pounds onions put up; baby chicks 720; eggs set 195; one library table made; 15 adult dresses; 10 made-over adult dresses; 14 under garments; 4 dresses dyed; 10 children's dresses, 4 pairs pillow cases; 1 shirt; 4 flour sack garments; 2 window curtains; 2 quilt tops; 4 quilts made; 1 mattress renovated; 180 tomato plants set out; 4 gardens planted. Total amount of produce sold \$104.32.

Sunday School in East Colorado
A few weeks ago in the fifth Monday Missionary meeting one of the speakers had as her subject, "The Scope of Home Mission Work in Colorado." She began with a survey of the town from the east and so enthused one woman that she decided to work up a Sunday school in East Colorado. After visiting and investigating, she was offered a house in one of the tourist camps and the support of several substantial families. Sunday afternoon Mrs. W. H. Garrett with nine members from the Daughters of the King class and a group of young people with song books and Bibles went over and held a song and prayer service. The Beatitudes were read and the girls gave a special song. Six families were represented in this first service and each one promised to bring others next Sunday. At the close of the service, homemade and little cakes were served by the class, who are very enthusiastic over this new missionary effort. It is their hope that some other group will undertake such work in West and South Colorado for their need is equally great.

U. D. C. Meeting
The U. D. C. chapter met Tuesday with the president, Mrs. R. N. Gary. After the ritual and Lord's prayer, a business session was held. The chapter voted to endorse Miss Kate Duffan for National president of U. D. C.; to send notes of appreciation to those who helped with the Memorial Day service, and to the member who is in a Dallas hospital.

It was decided to have no meetings during July and August. Miss Mary Terrell read an article about the unique position of the South regarding patriotism and patriots. She also read a "catechism" on the officials of the Confederate states. At the social hour homemade ice cream and cake were served. Adjourned to meet in September with Mrs. Merritt.

Methodist Missionary Meetings

Monday, the Adult Workers and Junior Missionary societies all met in various parts of the church. All had good attendance and good meetings. The Adults began the study of their Home Mission book, "Our Templed Hills." Mrs. McCleary was leader. Mrs. Beavers had the Scripture lesson, reading the story of the separation of Abraham and Lot. Mr. Arnett discussed the rural church of pioneer days. Mrs. Gary discussed early country schools; Mrs. Merritt, county agents and what has been accomplished by cooperation. This was followed by general discussion. Mrs. Looney is to lead the next lesson. The Workers studied their lesson from Moslem Women and Bible Quotations and Answers, with Mrs. Milburn Doss as leader. They will have their social meeting next Monday with Mrs. Milburn Doss, and at the same time hold their business session and have no meeting the first Monday in July which is the Fourth, and all are planning picnics and other celebrations.

Mrs. Winn and her Juniors held a business session only a few being present. They are meeting during the summer only twice a month.

Baptist Circle Meetings

The Baptist Circle meetings met in the various circles Monday, with good attendance and an interesting program. Each circle pledged to help the West Texas Baptist hospital of Abilene with sheets and pillow cases. This is the church's newest hospital and certainly deserves the support of Colorado, since it is so near and means so much to this part of the country.

The circles each decided to continue their offerings to the young lady they are helping through school. She is now in summer school here and these love offerings from the church friends have meant much. Circle One met with Mrs. Lambeth. After attending to the things already mentioned, and the usual business, they decided to take up the study of "The World's Supreme Challenge," and will have the first and second chapter. They meet with Mrs. W. R. Morgan.

Circle Two met with Mrs. Green Delaney. They had a business session and a good lesson. They will meet with Mrs. Delaney next Monday, after the chautauqua. Circle Three met with Mrs. C. P. Gary and attended to the usual business. They will meet next Monday with Mrs. Gustine and study the book of Philipians.

Bridgettes
The Bridgettes met Thursday with Miss Virgie Powell. She had six tables of players all of whom very much enjoyed the afternoon. Mrs. Tidwell and Mrs. Ed Jones, Jr., remained at head table all the afternoon, thus being tied for high score. A refreshment course of fresh strawberry ice cream and home-made cake was served. The next meeting is with Mrs. Louis Collier.

Country Club Night
Thursday was Country club night. Mr. and Mrs. O. B. Price and Mr. and Mrs. Joe Mills were hosts and hostesses for the occasion. Games were played and a few couples danced to the music of the victrola. At the refreshment hour sandwiches and punch were served. About forty were present for this affair.

Christian Aid
The Christian Aid met Thursday in the parlors of the church. The devotional exercises were conducted by Mrs. Armstrong. The usual business was attended to and it was decided not to meet next Monday because of the Chautauqua.

Birthday Party
Monday afternoon Mrs. Dave Smith gave a pretty birthday party for her little daughter, Virginia, whose third birthday it was. Ten little friends were invited. Games were played and refreshments served from a pretty table covered with pink crepe paper. On this was the beautiful birthday cake with its pink candles and baskets of pink and white mints. Ice cream was served with the cake, and each child given a balloon and a pretty little basket. Virginia received a number of dainty gifts in honor of the day.

T. E. L. Class Meeting
The T. E. L. Class had a very nice meeting indeed with Mrs. Way and Mrs. McCloud hostesses, at the Baptist church Thursday. The usual business session was held and following this a Bible contest was enjoyed. At the social hour a refreshment course of devil's cake and ice cream was served.

Rayburn Circle
The Rayburn Circle met Monday with Mrs. Billingsley. The meeting opened with a chain of prayer. Mrs. Merrivether conducted the Bible lesson, which was on the book of Ruth. Mrs. Greer was leader, the subject being Foreign Missions. Mrs. Elliott told of educational conditions in Mexico. Mrs. John Brown of play in the schools of Mexico. Mrs. Y. D. McMurray was welcomed back after an absence of several months. Mrs. Wilson and Mrs. Allmand were guests. Lovely refreshments of sandwiches, olives, cake and ice cream punch were served. The next meeting is with Mrs. Billie Hagler.

POPULAR COLORADO GIRL IS BRIDE OF BIG SPRING BUSINESS MAN

Miss Thelma Mann Married Here Saturday; Make Home Big Spring

A wedding of unusual interest to the citizens of Colorado was that of Miss Thelma Mann, youngest daughter of Mr. and Mrs. H. C. Mann, to E. E. Fahrenkamp of Big Spring. The wedding took place at the Mann home in East Colorado, Saturday, June 18, at 4 o'clock. The beautiful ring ceremony was said by Rev. W. N. Elliott in the presence of only the families of the bride and groom. The house had been tastefully decorated in shasta daisies and roses. The bride wore a blue Elizabeth crepe costume dress with flesh and silver trimmings, with accessories to match. She carried an arm bouquet of pink rose-huds. The groom was attired in a dark business suit.

Following the ceremony and the congratulations by the relatives, an ice course was served. The bride and groom left immediately for Lubbock. They expect to visit Amarillo and the White mountains, returning home by way of El Paso, where they will visit Mr. Fahrenkamp's parents. They will be at home in Big Spring after July first.

The out-of-town guests were Mr. and Mrs. Will Fahrenkamp of Big Spring and Mrs. Rutledge of Roswell, New Mexico. The bride comes from a pioneer family. She was born and reared in Colorado and is much loved for her talents, beauty and Christian character. She graduated with honors from the Colorado high school and also from the North Texas State Teachers college in 1924. For the past three years she has taught in the Colorado schools, having one of the fourth grades and doing work that was highly satisfactory to the patrons and faculty. She has during this time been also a teacher in the Baptist Sunday school, of which church she is a member, and it was this group of friends who gave her the lovely shower on Thursday before her wedding.

The groom is the son of Mr. and Mrs. F. Fahrenkamp of El Paso. He was born and reared in Big Spring, went from there into the service of his country during the world war. He is now in business at Big Spring where he numbers his friends by his acquaintances.

The Record joins the other friends of this splendid young couple in wishing for them a long life of happiness and prosperity.

Church Dedication
The W. T. Scott Memorial church at Hyman will be dedicated the first Sunday in July. All friends of the family are cordially invited to be present and everyone will be welcomed.

Birthday Party
Tuesday Bessie Stevens, Jr., was four years old. Several days previous his little friends had received invitations to his birthday party and all very gladly accepted. Games were played, the donkey's tail was pinned on by blindfolded youngsters. A birthday cake centered the table at the refreshment hour, and the four lighted candles held the center of interest. Ice cream and cake were served and fancy caps given as favors. Randall received a number of pretty birthday gifts from his friends.

Birthday Party
Mrs. Lindsey gave a lovely birthday party for Christelle Steele Wednesday, at her home. All the neighborhood children were invited. Christelle's father and the Sadler family. All enjoyed the affair, especially the honoree, who on this day was eleven years of age. Ice cream and cake was served. The birthday cake was lovely with its lighted candles and tasted as good as it looked. Many nice gifts were received.

OBITUARY
J. W. Current, born August 25, 1906, just at 6 minutes till 2 o'clock on Friday morning, June 17, the frail body of J. W. Current, who had suffered for five days, was called home to glory. The last farewell had been said and the loved one had reached that golden shore of the Heavenly portals, where all the host of Heaven welcomed the dear one home. What a glorious arrival it must have been to the dear one who had for five days suffered intensely and bore his pain with patience through the long days. Twenty brief summers did this dear boy dwell on earth. God wanted another one to praise Him in heaven and now his sweet voice mingles with the angels above, where he can sing God's praises forever more. His ever-smiling face like a bit of sunshine everywhere he went. We miss that smiling face; a dear one from us has gone. But may we live so we can meet him there when this race is run. He leaves a father and mother and three brothers and sisters to mourn his loss. The brothers and sisters are Elies and Herman Current of Oklahoma, Paul and Lena Bell Current of Colorado.

A FRIEND.

CHURCHES

METHODIST CHURCH
Regular services at the Methodist church. Sunday school at 9:45 a. m. Preaching morning and evening by the pastor. Welcome to all. M. M. BEAVERS, Pastor.

FIRST BAPTIST CHURCH

Our new church building program is making fine progress. First Sunday in July will be new members' day. All who have joined since the present pastor came are expected to be present at 11 a. m. Preaching Sunday at 11 a. m. and 8:30 p. m. Come. D. W. MORGAN, Pastor.

PRESBYTERIAN CHURCH
Sunday school at 9:45 a. m. We will have a special program. Very interesting. Come, see, hear and learn. Preaching at 11 a. m. and 8:30 p. m., by the pastor. Prayer Band at 8:15 p. m. Christian Endeavor at 5:30 p. m. We try to give all who come something to help them get on in life in a good way. Come with us and you will do us good, even though we may not be able to do you very much. Your pastor, W. M. ELLIOTT.

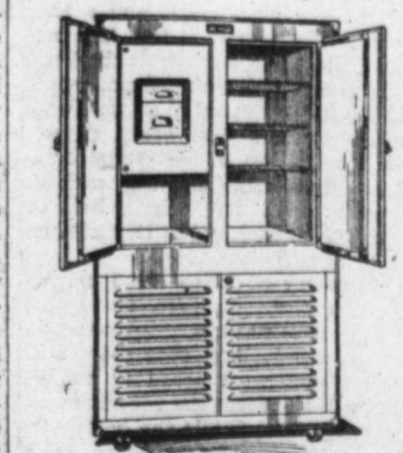

EPISCOPAL CHURCH
Rev. Stedman will conduct morning prayer Sunday, morning, June 26, at 11 o'clock.

Miss Thelma Mann Honored by Shower Thursday Afternoon

Thursday afternoon at the home of Mrs. A. L. Whipkey, she, Mrs. Huron Dorn and Miss Violet Moser entertained with a lovely shower for Miss Thelma Mann, who upon Saturday became Mrs. Fahrenkamp. This was a white and gold shower, the rooms being beautifully and lavishly decorated in daisies in some of the rooms. All golden ones were used in one room of the reception suite, and white in the other. Frances Elaine Price and Urdine Morgan received the gifts at the door, while Mrs. Whipkey welcomed the guests. Mrs. Dorn presented them to the receiving line, composed of the honoree, Mrs. Mann, Mrs. Monroe Dawson, Miss Cilla Cook and Mrs. Gilbert Quinney. Miss Moser directed them to the beautiful bride's book—a huge yellow and white daisy—presided over by Mrs. Dick Carter.

After the guests had all arrived, a delightful program was given. Mrs. O. B. Price and Miss Beatrice Logan gave piano numbers. Miss Johnnie Lou Callison sang two songs; Laura McKinney gave two readings. After this, with Mrs. Guitart at the piano, little Mary Irene Price, dressed as Cupid, came in with an air-mail letter which said the "butterflies" had found in their fluttering about a fairy treasure of love gifts for the bride. A fairy, in the person of Nancy Price, then appeared and with her magic summoned the butterflies. These appeared and flitting around the honoree, led her to the dining room, the doors of which magically opened, revealing a golden table heaped high with treasures, each wrapped in shining white. The butterflies, who were Sidney Thomas, Juanita Barber, Edwina McDaniel and Billie Wyatt, stood ready to open the gifts while the toasts were given. Miss Cilla Cook toasted the bride, Mrs. Gilbert Quinney the groom, Miss Mary Terrell the girls left behind, all in a very clever manner. The gifts were then opened, revealing many useful and beautiful articles for the new home which is to be in Big Spring.

A refreshment course of gold and white ice cream with gold and white cake was served.

COTTON CROP AND BUSINESS OUT-LOOK ARE REVIEWED BY WRITER

The Record presents with this issue an article of great value—an interpretative, boiled-down discussion of Texas crop outlooks with conclusions which are cross-sections of the best minds of the State. The data upon which the article is based has been gathered with great care and accuracy by an expert student and statistician, Mr. McQuage, a well known financial writer for the Wall Street Journal, Commerce and Finance and other publications, and operates on the floor of the New Orleans Cotton Exchange.

By OLIVER C. McQUAGE
If the law of weather averages applies this season Texas will not gain as much cotton as she did last year. This belief is general throughout not only Texas, but for everybody who is watching the Texas crop, the outcome of which will determine whether the American crop this season will or will not have the million bale difference.

Before the general rains in Texas of last week the most intelligent guessers on cotton in Texas said that the final ginnings would not be over 4,500,000 bales, or a little over a million less than last year. Now the long drouth has been broken in West and Northwest Texas and this territory is now assured a chance to make a crop. Between 15 and 20 counties which before the rains faced a crop failure now will be able to get the crop out of the ground.

Chances Are Less
Much talk has gone throughout the cotton world about the ability of this territory to make a crop this year since the rains did not fall until June 13 and 14. Cold facts lead to the belief that the chances are against a normal production of good cotton because of the danger of early frost. But it is also true that there is plenty of time until the middle of October to make a crop. Frost before that time or scarcity of labor in picking means that there will be low grades. But low grades count in the ginnings just as much as good middling. And there is reason to believe that the crop would be gathered because it can be "sledded" which reduces the picking costs, the larger item in growing cotton. It is estimated that one man can sled 40 to 50 bales a day.

Good in Older Sections
In Central, North and Northeast Texas the old cotton growing boundaries of Texas which includes the black land belt, the prospect is very good. It has plenty of rain, in some areas not needed yet, and with dry weather now the crop will soon be called a flower garden with excellent prospects.

In South Texas present expectations are for about three-fourths the size of the crop last year. If it does not rain any more in the Rio Grande Valley the movement will be early this season.

Ten Per Cent Acreage Cut
Average estimates of Texas cotton people, bankers and business men is that the acreage reduction in the State this year will be about 10 per cent. Before the rains some people put it a little higher. But those who are old hands had the belief that the continued strength of the market and the time of year when if the corn crop was killed because of the lack of rain there was nothing left to plant but cotton—all would cause the farmer at the last minute to put in more acreage than everybody anticipated. In some of the banner producing counties of Texas it was pretty evident that this very thing took place. This is the cheapest cotton crop Texas has put in the ground since 1921.

Recent Rains
In the drouth year of 1925 the feed crops of the State were roughly about one-fourth what they were in 1926. The farmer stored this feed and now has plenty to carry him through the year. Sufficient feed, together with the voluntary willingness of the farmer to use less credit this year or the forced economy because country banks could not loan more than essential, has caused many bankers to state privately that the amount of money loaned this year in Texas for cotton is one-third less than last year.

Less Money Loaned
A few days ago 57 stockholding member bankers of this federal reserve district met in Dallas and their verbal reports brought this conclusion. Also the Dallas Federal Reserve bank has only members that it loaned today to members that it had a few years ago and the leading Dallas banks report that loans to their country bank correspondents are between 20 and 25 per cent less than at the same time in 1926. Analysis made of 572 member banks from detailed reports of the last bank call of March 23 showed that their total borrowings from all sources at that date to be only \$4,555,000—an excellent condition on which to liquidate a cotton crop alone for 350 to 400 million.

Good Business This Fall
The cheapness with which the cotton crop has been put in the ground and good agricultural out-turn of other commodities has caused busi-

ness men and bankers of the State to expect a satisfactory business this fall. Wheat and oat yields will be disappointing, but the corn, cotton, cattle and tonnage crop prices and yields are encouraging.

A minimum of 4 1/2 and a maximum of 5,000,000 bales of cotton to sell at around 17 cents is the expectation today.

THE TEXAS WEEKLY INDUSTRIAL REVIEW

Brownsville.—Southern Pacific and Missouri Pacific railroads authorized to make extension in this area.

Tyler.—Over \$1,000,000 was realized in Rusk county in 1926 from forest products.

Nacogdoches.—Now \$40,000 high school and auditorium opened.

Arp.—\$16,000 bond issue approved for erection of school.

Farmersville.—First carload of onions of 1927 crop moved.

Alvin.—Western Public Service company reduces rates.

Borger.—\$75,846 contract let for sewer system. Electrified Water company installs \$10,000 plant.

Edinburg.—Southern Pacific terminal to be built here.

San Juan.—\$200,000 bond issue election held for additions to Pharr-San Juan-Alamo grammar schools.

Coleman.—Arrangements completed to pipe Coleman county natural gas to many sections.

Laredo.—Seven new oil wells to be drilled.

Chillicothe.—Industrial survey of this city being made.

Cross Plains.—Two new producers brought in in Cross Cut oil field.

Victoria.—Contract let for \$700,000 hotel at Bayside Beach.

Cottulla.—Japanese farmer sells \$10,000 worth of fruit from 20-acre cantaloupe patch.

Hempfield.—New ice plant opened.

Trout.—Oil tests to be made on 5,000 acre block in Nixon community.

Stinnett.—\$25,000 building being completed for First State Bank of Stinnett.

Sanderson.—Texas-Louisiana Power company to increase local water supply.

Harrold.—\$196,773 contract let for paving of highway 5 from Oklahoma.

Dalhart.—Work progressing on new sewage disposal plant.

Sierra Blanca.—El Paso Electric company to build light plant here.

Lamesa.—Highway No. 83 from Dallas being completed to meet the New Mexico federal highways.

Ahilene.—4500 foot dam to be built in Cedar Creek. \$100,000 ice plant to be built here.

Happy.—School bond issue approved and plans for building made.

Borger.—\$200,000 school bond election for construction of three buildings.

Wheeler.—Tract of land purchased for city park.

Glenco county recording many oil leases for prospective drilling.

Hobsonville.—The New Lower Rio Grande gas line advancing two miles a day.

Levelland.—Texas Utilities company to build modern electric plant here.

Austin.—Bids for \$1,500,000 of highway maintenance machinery ordered.

Dalhart.—Dalhart, Lee & Electric and Dalhart Water companies consolidate to form Dalhart Public Service company.

Comfort.—Ground broken for two new buildings of Central Power & Light company.

Eastland.—Over 50 oil operations included in drilling campaign here.

Rosenberg.—Houston Light & Power company to extend lines from Wharton station.

Bigota.—Texas-Louisiana Power company reduces rates.

Eastland.—Federal Intermediate Credit bank organized.

Fairfield.—Thousands of acres of land leased by large oil companies in eastern section of Freestone county.

Higgins.—Federal Transcontinental highway will pass through here.

Sherman.—New Hotel Grayson is opened.

Fredericksburg.—225,000 pounds Gillespie county wool shipped from here to San Antonio.

Santa Anna.—Work on \$100,000 new high school to start soon.

Perryton.—New city water well is drilling and construction of 250,000 gallon concrete water reservoir under way.

Amarillo.—Panhandle oil production increased 3,333 barrels week.

Ozona.—Over 40,000 Crockett county lambs sold so far this season.

Alamo.—Contract let at \$102,000 for 35 blocks of asphalt paving.

Kaufman.—\$35,000 contract awarded for new hotel and office building.

Port Arthur.—Actual construction of \$1,000,000 west jetty extension off Sabine under way.

Miami.—Natural gas to be brought here.

Laredo.—New \$500,000 hotel to be built here following razing of old one.

Throckmorton.—Gas mains to be laid here.

Barstow.—Highway being surface-

MANY SECTORS IN WEST TEXAS RECEIVE RAINS

Scattered rains fell over West Texas again Wednesday, bringing moisture to cotton in some sections which needed it, and adding to the ground season in others, which would not have needed rain for ten days or two weeks.

Most of the territory surrounding Ahilene received at least a light shower. The fall at Ahilene was light, hardly enough to settle the dust. But other districts reported precipitation of as much as an inch and a half.

The heaviest fall was reported at Stamford, where 1.50 inches fell in thirty minutes—one of the hardest rainstorms recorded there in months. Ballinger, which received a light shower Tuesday, reported precipitation of .60 inch. Colorado received .25 inch and some communities in

this section reported as much as an inch.

Good Fall at Spur
Spur, in Dickens county, reported a slow rain of .38 inch, which will greatly benefit crops. The rain was light at Anson, but was reported to be heavy at Haskell, Hamlin and Albany. Miles, Paint Rock, Eden and Robert Lee reported rain.

UNIQUE METHOD USED TO ADVERTISE B. Y. P. U.

Gordon Morgan, son of Rev. W. D. Morgan, pastor of the First Baptist church, has originated an unique plan of advertising the B. Y. P. U. of that church, of which he is one of the leaders. White footprints painted on sidewalks about the town all lead to the Baptist church, and these were put down to advertise the B. Y. P. U. meeting next Sunday. Young Morgan says a treat will be

in store for all who attend and extends a special invitation to the public to hear the program Sunday evening.

DORN LOCALS

By FLORENCE WHIRLEY

The revival meeting at Dorn's Chapel is progressing splendidly. There has been good crowds each service, with new faces in the audience almost every night. There has been a number of souls brought to Christ already. Grove prayer meetings begin promptly at sunset. The women and girls meeting conducted by Miss Jessie Still, number from 25 to 32. The men and boys service number from 17 to 27. These prayer meetings are certainly soul-inspiring services. Everybody is urged to come early and attend. Song services begin at 8:15. Bro. Northcutt is preaching some of the best sermons the writer ever heard, and we are all praying that his physical strength will continue, so that he may be enabled by the help of God to bring just the messages needed to touch the hearts of every sinner within the sound of his voice.

Mr. and Mrs. Holt, and Mrs. Stell and children of Colorado attended the revival meeting and visited Mr. and Mrs. McGuire, Saturday night and Sunday.

Mr. and Mrs. Bedford and family attended the meeting and visited Mr. and Mrs. O. R. McClellan Sunday.

Mr. and Mrs. H. U. Salley and family visited Mr. and Mrs. B. E. McGuire after attending church here Sunday.

Misses Jessie Stell, Florence Whirley and Josephine Chesney visited in the home of M. P. Dorn Saturday.

Mr. and Mrs. Paul Whirley of Weather's visited his parents, Mr. and Mrs. M. J. Whirley, Sunday.

Miss Josephine Chesney visited Miss Lillian Bynum Sunday.

Miss Ora Vines will spend the rest of this week with Christine Dorn and attend the revival.

Grandma Martin of New Mexico is staying with her grandchildren, Mr. L. J. Burrow, Mrs. Charlie Iglehart, and Leroy Iglehart, attending meeting.

Mr. and Mrs. Rube Hart of Colorado, also Lois Whirley, visited M. P. Dorn's family Sunday.

Misses Jessie Stell, Gladys Salley and Gertrude Whirley visited the family of Mr. and Mrs. C. C. Farmwalt last Tuesday.

Name Address

Vestal Well Extends Noodle Creek Field

Noodle Creek's seventeenth producer has been added by the Phillips Petroleum company. This well, one of the most important completions since the discovery of the field last September, is good for 250 to 300 barrels daily.

The addition is Phillips' Vestal No. 1, which topped the Winter pay level late Monday. It is 330 feet from the north and east lines of the west 80 acres of the southeast quarter of section 18, block 19, T. & P. survey, and is the farthest west production in the field.

Important Extension

The Vestal is the first important extension of the field in five months in for several weeks. Because of its distance to the west of the field, its development is regarded as very im-

portant, since it extends the field in that direction.

The well is west of the Midwest Exploration company's Thornton No. 3. The initial production probably will lead the Marland Co. company to sink an offset to it with another Mason well. This offset will be one location west of Marland Mason No. 3, which has been the largest well in the field, both for initial and settled production.

The general trend of the field has been south and west since the Phillips' Joe Winter discovery well tapped the pay last September. There is but one producer north of the discovery. This is the Joe Winter No. 2, the north offset.

The field has never been extended east of the first producer. Instead, development has been in the other direction and an area a half mile south and fully a quarter mile west has been proved.

Phillips' addition is the 17th producer of the field and the 19th to find commercial production from the Winter level just below 2,500 feet. Phillips now has nine producers in

the field, Midwest Exploration company four, Marland three, and Atlantic-Landreth one. Only three dry holes have been drilled to the 2,500 foot level, and one of these found a second pay at 3,035 feet. Phillips' Joe Winter No. 3 is being drilled to test the second pay and is now under way.

A COINCIDENCE

Mr. and Mrs. J. D. Williams have returned from a month's camping out trip over the west, including Davis mountains and New Mexico. While in camp up in the mountains near Madera Springs Mountain club, Mrs. Williams found a paper nicely wrapped, where it had been lost, and when the wrapper was broken it found to be a Colorado Record of November issue and was read from "kiver to kiver." The Williams seemed to think this a little odd, but there is nothing odd or strange about it as the Record circulates over mountains and plains alike. You can not get out of the Record's circulation territory.

ALVIN MYHRE TO OPEN AUTO SERVICE STATION ON THIRD ST.

Washing, Greasing, Battery Service; Distribute Kenyon Tires and Tubes

Alvin Myhre, former owner of the Coca-Cola Bottling plant here and at Big Spring, is opening an automobile service station in the new Price building on Third street, east of the Ritz theatre, and is installing machinery and equipment with the intention of opening for business Saturday.

At present the business will be confined to washing, greasing, cleaning, etc., and the sale of Kenyon tires and tubes, for which Myhre has been named distributor. Kenyon tires are standard quality tires and have been on the market for many years and are widely used.

Myhre says he expects to install a battery station also in connection with this new business.

A new auto washing machine, one of the latest and most successful inventions, has been installed. A modern compressor and vacuum cleaner machine has been installed. With these machine bodies, engines, chassis, etc., can be completely cleaned without injury to the finest finish.

The washing machine mixes air with the water in a way to remove all dust and dirt without a scratch and leaves the surface spotless. Engines may be cleaned with dry air and all grease and dirt removed.

The building was built by O. B. Price especially for this business and is ideally arranged for same. Myhre says he expects to do all kinds of greasing for cars and will handle the best line of products for that purpose.

Pat Neff Opens New Tire Shop On Oak Street

W. L. (Pat) Neff, until recently with the Hicks Rubber company here, and former member of the firm of Womack & Neff, auto supply dealers, has opened a tire and vulcanizing shop in the J. B. Pritchett building on Oak street. New equipment has been installed and Neff is now ready for business. The shop is first door north of the Cook & Son hardware store.

Neff has been in the auto supply and tire business in Colorado for a number of years and has built up a large following. He has the reputation of being the most skilled vulcanizer in this section of the State.

COUNTY AGENT ADVISES AGAINST FERTILE EGGS

Fertile eggs cost Mitchell county hundreds of dollars every week and in many cases it is the consumer, who pays. The person who does not ask for infertile eggs often pays as high as 50 cents a dozen on the basis of good eggs. The other day a well-known citizen bought a dozen eggs for 20 cents, but only five of them were suitable for food, so that his eggs cost him 4 cents each, or 48 cents a dozen.

Fertile eggs when subjected to high temperatures such as we have in Texas in summer become unfit for food in 36 hours and even though the egg might have been fresh when it left the farm, blood rings will appear before it reaches the consumer.

Produce men report numerous cases where farmers have brought in a case of thirty dozen eggs and received only \$1.25 to \$1.50 per case after the eggs had been candled. In one instance only three dozen out of 30 dozen were good eggs.

Consumers who want twelve good eggs in every dozen should get in touch with the poultryman or groceryman who sells infertile eggs. The farmers who have not penned their roosters are losing money unless they can market their eggs daily for with the average temperature we have now, fertile eggs will be rendered unfit for consumption by the second day.

MITCHELL COUNTY CITIZENS WILL ATTEND SHORT COURSE

All persons who expect to attend the Farmers' Short Course at College Station July 25 to 30, should make room reservations with their home demonstration or county agent before July 15. This method of registering the 3500 people who are expected to attend the course will save much time and trouble on arrival at College.

The room registration fee is \$1.25 and board for the five days of the meeting will be \$5.00, making the total cost of the course \$6.25.

The Short Course includes field trips, lectures, contests, pep meetings and other forms of entertainment. A large number of Mitchell county boys and girls and their parents are planning to make this trip in cars, and camp in the College tourist park.

SEARCH HELD ILLEGAL BY MAJORITY BENCH

AUSTIN, June 22.—For the first time in the history of Texas the Court of Criminal Appeals split Wednesday on the requisites of a liquor search warrant sworn out on information of "two creditable persons."

The one-year liquor prison sentence of Roy Chapin, of Shackelford county, was reversed and remanded in an opinion by Presiding Judge Morrow, Justice Hawkins concurring, holding that the warrant for search of Chapin's tent where a gallon of whiskey was found, was not legally sufficient as based merely on affidavit of two persons "with reason to believe" he was violating the law.

Justice Lattimore, in a lengthy dissenting opinion, declared the majority opinion would set up a "hydra headed, unprecedented substitute" for present rules governing issuance of search warrant.

Justices Morrow and Hawkins held that "belief of two affidants on undisclosed information does not show" the probable cause deemed necessary for search. They ruled in effect that "belief" of the affidants must be supported in the affidavit by some definite information relating to the alleged violation. The federal rule to this effect was cited.

"Exemption from unreasonable search," Judge Morrow said, "is a cherished right which makers of the Constitution and laws have been zealous in guarding and the courts in preserving."

Justice Hawkins declared that Texas now has no valid law authorizing liquor search solely on unsupported "belief."

THE BACK SEAT DRIVER

A disciple of auto-suggestion My wife is, without any question. Whenever we ride, she sits by my side and directs me through traffic congestion.

She says, "To the left! Use your brake, dear!" "Look out! Straight ahead is a lake, dear!" "Go slow! Have a care! You've stalled it—now there!" I knew you would make a mistake, dear!

She tells me of motors behind me, and headlights approaching that blind me. I say, "Oh, shut up! Who's driving this lisp?" But never have known her to mind me.

Day by day she gets steadily worse. With her comments so needless and terse, Till I fully expect when she's dead she'll direct The man at the wheel of the hearse!

INFERTILE EGGS BRING FARMERS MORE MONEY

Colorado poultry and egg dealers say many Mitchell county farmers are adopting the plan of producing infertile eggs, and as a result of the appeal made in last week's Record for farmers to sell their old roosters, many of these birds have been shipped, and several farmers who sold their male birds several days ago are now getting three to five cents more for infertile eggs.

U. G. Hardison of the Colorado Produce Company, says yard run eggs are from 10 cents to 12 cents per dozen and that infertile eggs are selling for 15 cents per dozen. About 100 cases of eggs are marketed in Colorado each week and there are 30 dozen to the case, which would mean a gain of 90 cents per case, or \$90.00 per week on the 100 cases. We would urge the farmers to produce infertile eggs at least until about November 1. Sell your old roosters and make more money from eggs, is the advice of all local egg buyers.

A TOWN WITH NO NEWSPAPER

What would town be if your newspaper should go out of business? It would soon be known as a city of the dead. It would grow backward so fast that in a short while your streets would be a good grazing place for cattle, and the only traffic you would have would be the people who were moving away or those passing through from one live city to another. Newspapers are modern builders of cities as well. As they progress so will the home city progress. It is money in your pockets to see them grow, for the better they are the better your city will be.—Exchange.

JAILING THE MACHINE

A justice of the peace of Berkeley, California, has hit upon the idea of jailing the machine for automobile traffic violations. This would seem like quite a clever way of handling people who violate the automobile laws.

The average driver is not much troubled by a small fine, and public sentiment has not probably arrived at the point where it would have the majority of these violators sent to jail. But if the machine was locked up somewhere so that the owner and his family had to walk such treatment would have a very powerful deterrent effect. Such a plan might have quite beneficial results on the speeders of Mitchell county.

POSTED—Hunters, take notice. All of the Wolfen lands are posted and part is in the State Game Reserve of Mitchell county. Keep out or you will have both the Game Warden and myself to contend with. J. D. WULFJEN. 7-1p

WARNING—Take Notice. The Ellwood lands are posted according to law. Hunting and fishing absolutely not allowed. Better take notice in time. Trespassers are warned to stay out.—O. F. Jones, Manager. 1tp

IN THE MARKET FOR A TOMBSTONE?

Since November, 1911, I have sold more than 100 tombstones, which have been set in some 17 cemeteries. If you are in the market for one, come and look over the list of people I have sold and get my prices.

I never bore prospective buyers, simply give you my prices, guarantee my work, and leave it up to you. See me or phone me at the Alamo Hotel.
ERNEST KEATHLEY,
Agent Since November, 1911.

**OIL PRODUCTION
 GAINS IN MAY IN
 ELEVEN COUNTIES**

Totals 3,574,608 Barrels
 Compared With 2,965,598
 Barrels in April

CHURCH-FIELDS LEAD

Big Lake Co. Tops 35 Pro-
 ducers; Pipe Line Runs
 3,555,760 Bbls.

Oil production of thirteen fields in
 eleven West Texas counties in May
 totaled 3,574,608 barrels, compared
 with 2,965,598 barrels in April, a
 gain of 609,010 barrels.

The Church and Fields area in
 Crane county easily led with 1,109,
 944 barrels. The Big Lake field in
 Reagan county was second with 811,
 327 barrels and the McCamey-Taylor
 field in Crane county third 596,
 775 barrels. Other areas ranged as fol-
 lows:

Yates field in Pecos county, 392,
 589 barrels.
 McElroy field in Crane county,
 331,560 barrels.
 Westbrook and Iatan field in
 Mitchell county, 112,784 barrels.
 Chalk field in Howard county, 93,
 535 barrels.

Noodle Creek field in Jones county
 58,969 barrels.
 Hendricks field in Winkler county,
 34,843 barrels.
 Powell field in Crockett county,
 30,914 barrels.

Settles field in Glascock county,
 910 barrels.
 Wheat field in Loving county 565
 barrels, and the Connell field in Ec-
 tor county, 421 barrels.

In production by companies, the
 Big Lake Oil company in Reagan
 county continued to lead with 596,
 926 barrels. The Mid-Kansas Oil &
 Gas company in Pecos county was
 second with 392,169 barrels, the
 Eastland Oil company third with
 257,724 barrels, and the Humble Oil
 & Refining company fourth with
 253,997 barrels. Production for the
 month by other companies was as fol-
 lows:

Company	Barrels
Gulf	242,948
Texon Oil & Land Co.	215,056
Simms-Atlantic	210,275
Marland Oil Co.	177,956
(Including Jones county)	
Tidal Oil Company	157,199
Roxana	120,014
Dixie	89,213
California Company	79,913
T-P Coal and Oil Co.	77,643
Independent	73,577
Magnolia	64,913
Prairie	47,291
Church-Weekley	36,821
Phillips Petrol. Co.	32,844
Texas Company	30,650
Carl Cromwell, et al	28,725
Southern Crude	22,297
Republic Production	12,137
Amerada	10,973
Sun Oil	10,151
Atlantic Oil	9,975
Snowden-McSweeney	8,196
Church and Fields	7,755
Wentz Oil Corp.	5,826
J. K. Hughes	5,768
McMan Oil	5,286
Carl Cromwell	4,431
Simms Oil Co.	3,696
M. D. Bryant	2,137
J. S. Cosden, Inc.	421
Steadman and Thresher	325

Pipe line runs by counties total-
 ed 3,555,760 barrels, an increase of
 631,713 barrels over April as fol-
 lows:

Crane county 1,527,141; Reagan
 county, 789,230; Upton county, 519,
 025; Pecos county 392,331; Mitchell
 county, 113,975; Jones county, 87,
 335 barrels; Howard county, 68,413;
 Crockett county 29,311; Winkler
 county 29,000 barrels. For Secur-
 ity and Glascock counties showed no
 pipe line runs.

Pipe line runs by companies were:
 Humble pipe line, 1,048,777 bar-
 rels; Reagan Co. Purchasing Co.,
 758,830 barrels; Southern Pipe Line

Co., 440,411 barrels; Illinois Pipe
 Line Co., 392,331 barrels; Gulf Pipe
 Line Co., 295,827 barrels; Marland
 Pipe Line Co., 215,428 barrels; Rox-
 ana Petroleum Corporation 117,928
 barrels; Colorado-Texas Refinery,
 113,975 barrels; Phill-Tex, 58,142
 barrels.

**WORMS DAMAGE MAIZE
 SEED, FARMERS SAY**

Wire worms are reported damag-
 ing maize seed that has been planted
 lately. These worms are found
 mostly in soil where the land has

recently been put into cultivation and
 where the land has been in grass a
 year or two.

W. S. Foster, county agent, states
 they may be controlled fairly well by
 moistening the seed and adding one
 tablespoonful of coal tar to the peck
 of seed and before the seed is dry
 adding enough Paris green to give
 the seed a slight green color.

These worms remain in the soil
 from three to five years and in some
 cases are so bad as to destroy prac-
 tically all the seed before it has a
 chance to germinate.

**SUCCESSFUL REVIVAL BEING
 HELD AT DORN'S CHAPEL**

The revival meeting which is being
 conducted at Dorn's Chapel (Union)
 is taking on the form of a real re-
 vival. The attendance is good and
 the interest is quite encouraging.
 There are some sixty or more attend-
 ing the old-time grove meetings each
 evening. It is wonderful to see the
 people gathering in the grove at an
 early hour--just at sunset--for the
 prayer meetings.

The first call was made for peni-
 tents last Sunday night. Four young
 men and one young lady came and

confessed Christ. There hasn't been
 a fruitless service since that time.
 There were two conversions last
 evening.

Rev. Mr. Northcutt, the pastor, is
 doing the preaching to the satisfac-
 tion and edification of the splendid
 crowds that are in attendance. Miss
 Jessie Stell is doing some wonderful
 work with the young people. The
 ladies are certainly appreciating her
 inspiring talks that she is giving them
 each evening.

The meeting will continue through-
 out the week, closing next Sunday
 night.

**FINDING A PLACE TO
 PARK YOUR HENRY**

Have you had trouble finding a
 parking place in Colorado lately? If
 you haven't, it is either because you
 walk to your labor, or that you have
 no car.

Of the many ways of judging a
 city's growth, the growing difficulty
 of finding a place to park old First-
 Cost-and-Upkeep is the most easily
 used yardstick. Time was in Colo-
 rado when it was easy to find park-
 ing space. Then, unless you were
 down early, it became necessary to

leave Betsy on the first block off the
 "main drag" now you are lucky if
 you can park the sheet metal any-
 where within two blocks of the cen-
 tral section of the city.

More cars are being sold of course,
 but that too means there are many
 people here to use them, since it has
 been several years since the average
 man bought his first car.

Colorado's growth is evident on
 every hand; no one more easily dis-
 cerned than in the hunt for the elu-
 sive space.

Waste Paper Baskets. Record.

**REDUCED PRICES.....during our
 Million Dollar Sales Campaign**

Our prices are sheared of all Discounts, Allowances, Rebates, etc.
 We have just ONE price list. We have no Red, Blue, Pink or Yellow
 Lists, with different discounts off to certain buyers. We are convinc-
 ed, that to sell TIRES is one thing--to give DISCOUNTS OFF is quite
 another

You can usually obtain the greatest "Discount from List Price" only
 where the largest profit is first tacked on. Our lowered Prices do
 not mean a level from which discounts can be allowed. On a basis
 of Quality--Weight--Mileage--you are invited to buy your Tires
 from a Hicks Store, or from one of our Associated Stores.

Mrs. Jennie Lee Hart and sons, J. L. and Gilliam, spent Sunday in Cisco.

E. Goeth, representative of E. C. Palmer & Co., paper house, was in Colorado Tuesday.

Two big specials at the Palace Theatre this week: "White Black Sheep," with Richard Barthelmess, Wednesday-Thursday, June 29-30. "Winning of Barbara Worth" with Ronald Coleman and Vilma Banky, Friday-Saturday, July 1-2. "Winning of Barbara Worth" Harold Bell Wright's big story, is one of the best pictures the Palace has ever featured. We have seen it and can guarantee it.

JOHN BAZE AND FAMILY LEAVE ON VACATION TRIP

John Baze and family will leave Friday morning for a vacation trip through New Mexico, and Colorado. They will go to the Carlsbad cavern, through the White mountains, visit the mountain lake resorts there, and on to Albuquerque, Santa Fe, Las Vegas, Raton and across the pass to Colorado Springs and possibly to Denver. They will be gone two or three weeks. Baze is foreman of the Record mechanical department.

This Old Boy Is COOL

He stays at home, that's why he is cool. Do your best to keep cool and we will help you. Just stay at home, use your telephone, let us do your shopping for you and we will deliver your groceries right up to your door for you. This will be done at a very reasonable price and you will save just as much money as you would by going from place to place.

Center your shopping with us, buy a Coupon book or pay when we deliver, and at the end of the month your grocery buying will have been a pleasure.

FORD GIVES DETAILS OF NEW CAR SOON TO BE OFFERED THE PUBLIC

Ford drivers' idea of the millennium will soon be realized, or at least nearly so, announcement of the 1928 models from the Detroit factory last night indicated.

A long standing foundation for jokes of all kinds, the 1928 Ford is going to grow up, stepping out with four-wheel brakes and what not. The machines will come equipped with standard gear shifts, three forward and one reverse, capable of making 100 miles an hour, while factory heads think one gallon of gasoline will be sufficient for 30 to 35 miles. The wheel base will be 104 inches.

Another innovation in the new car will be the cabriolet; otherwise the "tin Henry" will bear the same marks as of yore. Prices, f. o. b. Detroit are: Touring \$150; coupe \$190; sport roadster \$160; cabriolet \$470; two door sedan \$180.

BIG FREE ATTRACTION AT NEW RITZ THEATRE.

The opening of the Ritz Theatre will be Friday night at 8:30, and FREE TO ALL.

Everybody invited to come and bring someone with you. We will show from 8:30 until 12:30 if necessary in order that all may get to see the picture. We hope to have some special orchestra or piano music with a dandy good picture, "The Whole Town's Talking." Come see how cool and comfortable we have made the Ritz for you.

WHAT ARE ALL THOSE TRACKS IN TOWN ABOUT?

Follow the tracks to the First Baptist church Sunday night at 7:15 and see. Our B. Y. P. U. has reorganized and we have a good one—new blood, new interest, new zeal, everything new.

The young folk are going to give a program to the entire church just before preaching. It will be something different and all will enjoy it. Will you meet me there?
B. Y. P. U. MEMBER.

STOWE STILL YEARS FOR COLORADO FRIENDS

J. E. Stowe of Abilene, former Colorado resident, in remitting for the Record, says:

"Please find enclosed my check for four dollars as per your statement, which pushes up the calendar to 1928. And send on the Record—we like to keep it coming in order that I may keep tab on you old 'fossils,' as you are getting very near the danger age and need watching. We like Abilene very much, but our hearts are still warm for old Colorado and her good people."

J. E. Stowe is considered a Mitchell county product. He was formerly in the drug business at Lorraine and was elected county treasurer, which place he held for four years. He later went into the automobile business in Colorado and sold the Record publisher the first automobile he ever drove. "Them wuz the good old days." That Maxwell "Mascot" got

us into trouble and out again, into financial difficulty and out again, and afforded us worry as well as pleasure. Every time we think of J. E., we think of that Maxwell, and every time we see a Maxwell we think of J. E. They are both all right, if you know them.

COLORADO HOTEL GIVES ANOTHER DANCE FRIDAY

Mrs. R. M. Jarratt of Hotel Colorado announces another dance and social at the hotel for tomorrow evening and extends a special invitation to all Colorado people to attend. The dance will be informal and guests from other towns will be present. Colorado young people are invited especially, Mrs. Jarratt said. The Sweetwater orchestra will furnish music.

CHALK FIELD IS EXTENDED ONE MILE NORTHWEST, SAID

Owen & Sloan's No. 1 Roberts Reported Standing In Oil

Extending the Eastern Howard county field one mile north and west, Owen & Sloan's No. 1 Roberts was standing 200 feet in oil Monday morning after penetrating four feet of oil bearing hard brown sand from 1,800 to 1,864 feet, the latter figure being the depth of the well at that time.

Godley No. 1 Hooks and Magnolia 7 Chalk Completed

Marland No. 1 Guitier in Howard county, which has been watched closely since Texon-Marland No. 1 J. B. Harding came in to open a new area five miles southwest of Big Spring, was standing 2,600 feet in water Saturday, drilled to 3,600 feet in sandy lime.

Godley Oil Company's No. 1 Hooks in section 140, block 29, W&NW Ry. Co. survey has been completed at 1,842 feet, swabbing 50 barrels of oil.

Magnolia No. 2 Kelly-Chalk drilled to 622 feet in red rock. Magnolia No. 5 Mary Chalk reached 1,550 feet also in red rock.

in sandy lime at 1,425 feet. Sloan No. 2 Chalk is rigging up in section 114, block 29, W&NW Ry. Co. survey.

Donnelly, Mann & Freel No. 1 Martin drilled to 1,725 feet in red rock. Gulf No. 3 Chalk was drilled up an underreamer at 1,870 feet. Midwest No. 2 H.R. Clay was drilling in red rock at 770 feet.

Phillips Petroleum Co. No. 1 Scott in Nolan county has drilled to 3,195 feet in lime. Zweifel and others' No. 1 Longbotham has been fishing for casing at 1,620 feet.

The California Company has made a location in Mitchell county for its No. 8 Womack, 1,650 feet from the south line and 2,310 feet from the east line of section 11, township 1 north, T&P Ry. Co. survey.

W. E. COX OF WILSON PRINCIPAL SPADE SCHOOL

Prof. W. E. Cox of Wilson, for two years science teacher in the Wilson high school, will be principal of the Spade school the ensuing year.

The Spade school will have four teachers during the next term. Mrs. Edna Welch of Colorado and Miss Thelma Black of Loraine have signed contract to teach here and another teacher has been named but no contract signed to date, it is said.

The Spade school district voted \$12,000 bonds recently to build a new school house and it is said the structure will be completed in time for the ensuing term.

The Spade school district is the largest in Mitchell county and this school is classified as a rural school of the first class.

Prof. Cox is said to be a very efficient school man and comes to this splendid rural school highly recommended. He hopes to continue the excellent work of this school and to make some improvements there.

WOMEN OF MITCHELL COUNTY HAVE OUTSTANDING OPPORTUNITY, SAID

Miss Susan Landon of North Carolina, educational worker and one of the best known authorities on farm women's work, in speaking before the Colorado Lions club last Friday noon, made the statement that the women of Mitchell county had the outstanding opportunity of Texas for creation of a market for farm products and reaping of a rich harvest for the production of these products.

She had reference to the famous Mitchell county canned chicken and canned peas, that were so successfully handled by the women's cooperative market established and sponsored by Mrs. J. Lee Jones, president of the Mitchell County Federation, and the county home demonstration agent.

A standardized product in larger quantities will find a ready market at good prices, Miss Landon said, and she urged the Lions club members to

encourage the women of the farms of the county to produce a standardized product and to assist the women in the marketing of the product by using the home product.

"When you send to a foreign market for a can of peas, you leave in Colorado only the difference between the wholesale and retail price, which is most cases is very small. When you buy a home-canned product you have the difference between the cost of production and the retail price here, which will put more money in circulation in the home community and help every business as well."

Miss Landon's address was highly applauded. She told some excellent jokes, one of which caused the Lions club to gain an honorary member. She told of a widower who tamed a wild cat who had company in his home after his wife died, and made the statement that surely "an old maid could tame a lion," and Jim Greene made the motion that E. M. Baldwin be named an honorary member of the Lions club in case an emergency of this kind should arise. Baldwin was unanimously named as honorary member.

INTERESTING ADDRESS HEARD BY LION MEMBERS

Miss Susan Landon, educational worker with the Farm Bureau Cotton association, delivered a very interesting address before the Lions club last Friday noon, after being introduced as the guest of Lion W. W. Porter, along with Miss Ives Belle Jones, county home demonstrator, J. D. Coghlin of the Texas Farm Bureau and E. M. Baldwin, West Texas director of the bureau. All of these were guests.

Miss Landon stated that a real problem is facing the South relative to the marketing of proper merchandising the farm products and stated the merchants and other business men are vitally affected by the condition of the farmers of the country.

Production of a standardized product and merchandising that product on a basis that will give a market that will net the farmers a correct portion of the consumer's dollar was given by Miss Landon as the apparent solution of the problem, and she urged the business men to think it over. "When the Mary Smith or John Smith of the Mitchell county farms have money to spend the business houses of Colorado will prosper and only until then will the business men of the city profit from their business," Miss Landon said.

SNYDER SCHOOL MAN IN COLORADO THIS WEEK

Prof. I. C. Bagwell, superintendent of the Snyder schools, was in Colorado first of this week en route home from Sterling City, where he had been with his family to visit his father-in-law, Bill Kellis and family. Bagwell has been around Bill Kellis, the big cheese on the Sterling News-Record, so much that he has acquired a liking for the small of printer's ink, and when he came to Colorado he called at the Record office.

Prof. Bagwell has been at Snyder four years and has been very successful with the schools there. That city has one of the best school plants in West Texas and has strong affiliation with the State department of education.

Mrs. George S. Hiland and children have arrived from Dallas to join Mr. Hiland. They are located in the Earl Hammond home on North Walnut street.

GEORGE W. GRAY, FORMER COLORADO MAN DIED AT SWEETWATER

Head of Local Lumber Co. Passed Away Sunday; Ill Two Weeks

George W. Gray, Sr., president of the Gray Lumber company which owns yards at Colorado, Sweetwater, Rotan and Hamlin, died at his home in Sweetwater Sunday and was buried there Monday morning.

Mr. Gray lived at Colorado about 24 years ago and was known by scores and scores of local citizens. He was one of the pioneer settlers of this city and is credited with being one of the leaders in building this town. He probably had more to do with the rebuilding of Colorado in the early day than any other one man. Citizens here who knew him at the time, say he worked faithfully and earnestly to build Colorado and was very instrumental in making this city a much better place in which to live.

Mr. Gray had many friends in Colorado and Mitchell county and a number of those attended the funeral services in Sweetwater Monday. He was an uncle of Dick Gray, manager of the Colorado plant of the Gray Lumber company. He moved from Colorado to Hamlin and from Hamlin to Sweetwater.

Under the leadership of George W. Gray, the Gray Lumber Co. has grown from a one yard point to an organization with \$150,000 capital. The Record has known George Gray for a number of years. He was a good man and an honest and reliable business man, who has made a success of his business. He leaves scores and scores of friends besides relatives. West Texas has lost one of her best citizens.

The local yard of the company was closed Monday out of respect for the venerable lumberman. We clip from the Sweetwater Reporter the following: "Mr. Gray, who had suffered from Bright's disease for a number of years, had been critically ill for the last two weeks. "Born in Bell county, February 1, 1867, he grew up there and was married at Troy, forty years ago the 12th of June. He subsequently moved to Wichita county, then to Colorado and Hamlin, coming to Sweetwater something more than a year ago when the Sweetwater office of the Gray Lumber Company was made the head office for the yards at Colorado, Rotan, Hamlin and Sweetwater. "Mr. Gray is survived by his widow, three sons and two daughters, Alvin and George, Jr., of Sweetwater; Claude of Hamlin; Mrs. Lillian Gray Bloyes and Miss Anna Gray, all of whom were present for the funeral. He is also survived by five brothers and three sisters: J. R. Gray, Vernon, Texas; Tom Gray, Carlsbad, New Mexico; S. N. Gray, Pasadena, Calif.; Ben Gray, McLain, Texas; J. C. Gray, Rotan; Mrs. Fronia Golden, Binger, Okla.; Mrs. Belle Gregory, Cedarville, New Mexico; Mrs. Dora McAndrews, Dallas.

GULF PIPE LINE TO MIDLAND AREA IS BEING TESTED

205-Mile Pipeline To Crane Ector Oil Field Finished In Record Time

The Gulf Pipe Line Company's 10-inch line from Ranger to Midland has been completed, setting a new time record for a 205-mile distance.

The line extends through Callahan, Taylor, Mitchell and all other counties along the route of the Texas & Pacific, passing three miles south of Colorado. A large camp has been maintained near Colorado since construction of the line began.

The first pipe was laid April 26, and by building up a large organization, with many crews working double shift all along the route the line was connected Thursday and water was being pumped through to give a final test before running oil.

This line connects with the Gulf's main line from Ranger to gulf ports. It was built primarily to serve the Big Lake region in Reagan county. It will also make possible an aggressive development campaign by the Gulf company which owns the largest amount of acreage in the Crane, Ector and Winkler county areas that are receiving tremendous play at this time.

En route the Noodle Creek and the Mitchell-Howard areas will be served.

GEO. HILAND ELECTED MEMBERSHIP LIONS CLUB

Geo. S. Hiland, county engineer, was unanimously elected to membership in the Colorado Lions club at the luncheon last Friday, and Charlie Thompson was instructed to notify the club of his election and to see that he is present at the next Friday luncheon.

Dick Gregory, cub, recently elected to membership, was present and instructed to be prepared to make a speech next Friday.

In the absence of President Tom Stonerod, Jr., who is attending the International convention at Miami, Florida, J. Ralph Lee, first vice president, presided.

JOE EARNEST LEFT SUNDAY FOR EUROPE

Joe W. Earnest, son of Judge and Mrs. C. H. Earnest, and junior member of the law firm of Earnest & Earnest, left Sunday for Chicago and New York, where he will embark on June 30 for a tour of Europe.

Young Earnest was present at the Lions club luncheon Friday and gave a brief outline of the trip he will make. All the principal places in Europe will be visited. He will be gone about six weeks.

Joe has been taking a post-graduate course at Sewanee University, Sewanee, Tennessee, for the past year, and returned home for a short stay before going on the European trip.

J. M. Hunter and his Record changed from Childress to Tyler. He was formerly with the Hicks Rubber company store here, and has been with the same company in Childress. He is going to Tyler to become associated with the Hicks store there.

Milaps and L. P. Cozzans of Hamlin; Willard Burton, Fort Worth; George C. Wright, Altus, Okla.

MISS MCCOY WINS AUDIENCE WITH VOICE

Coloratura Prima Dona Gets Heart of Audience At Ardmore, Okla.

Miss Laura Townsley McCoy, who will appear in Colorado in "The Firefly," appeared in Ardmore, Oklahoma, on June 15, with the chautauqua there and the Daily Ardmoreite, in speaking of her part on the program, said:

"Society affairs were forsaken on Tuesday evening for the greater pleasure of hearing Laura Townsley McCoy, coloratura prima dona, in 'The Firefly,' comic-opera, chosen for the closing engagement of the chautauqua at convention hall.

"Seldom, if ever, has an attraction so altogether entertaining and praiseworthy been presented in this city. Miss McCoy was a joy and her voice delighted her audience beyond expectation. Supporting Miss McCoy was a remarkable cast and a chorus of beautiful girls and clever young men.

"Miss McCoy had two occasions to display her voice in different schools last night and met both opportunities splendidly. Her first number, 'Giannina Mia,' in one afforded her the opportunity of displaying the lyric quality of her voice which she did to good advantage. In act three her aria, 'Caro Nome' from Rigoletto was marvelous from a coloratura standpoint.

"Her stage presence and charm of personality endeared her to the hearts of her hearers, who will cherish the opportunity of hearing her again as a Metropolitan opera singer, for Miss McCoy is to be introduced to New York at the Metropolitan by Madam Schumann-Heink in the fall at the conclusion of her chautauqu engagement."

Mr. and Mrs. T. M. Maples and children of Spur were in Colorado Monday on visit and called on their nephew, John Base, at the Record office. They are visiting Mr. Maples' sister, Mrs. John Rogers, at Longfellow. Mr. Maples has been in a hospital at Abilene for some time but has now recovered and is feeling well.

T. M. GRANT PAYS UP FOR TWENTY-FIRST TIME

T. M. Grant came in Saturday and paid up his subscription to the Record for the twenty-first time, having been a subscriber for this paper for 21 years. He says he could hardly do without the purveyor of Mitchell county news. Grant is one of Mitchell county's most prosperous and progressive farmers and says he has had nice rains this year and has a fine crop growing. Grant works while it is still time and he planted early and has a fine stand of crops.

"Thanks, T. We needed the money and I'm glad you like the paper."

T. J. Tins of Deonta, Miss., is another Record subscriber to send in renewal and says he can hardly afford to miss an issue. Tins formerly lived in Mitchell county.

MADERA MOUNTAIN CLUB

Dear Member:

We are writing you this letter from the lofty heights of Timber Mountain, whose majestic peaks rise to an elevation of more than 7,000 feet, adding grandeur and beauty to the home of the Madera Mountain club; our purpose is to tell you of the natural beauty of this popular Texas resort and to fully acquaint you with the improvements that have been made in the heart of the Davis Mountains for the comfort and pleasure of our membership.

Members who have been so fortunate to have paid us a visit during the last few weeks are united in their praise of the accomplishments thus far attained, and while the present improvements are only a small portion of the construction program, we

feel that all members should have been interested and justifiable pride in the development of this, the highest class mountain resort in all South-west.

The Madera Mountain Club is located at Madera Springs, Texas, ten miles southwest of the Old Spanish Trail, near Bulmore; it is approximately 485 miles from Dallas or San Antonio from which centers well-paved highways make it possible to reach the club by motor within two days or less—to those who prefer to come by rail the Texas and Pacific and Southern Pacific operate modern appointed transcontinental trains to nearby rail points—to wit, Pecog or Alpine.

Slightly over a year ago only a burro trail led to the site of this resort and its only inhabitants were the deer, bear and fox. Into the heart of

this heretofore, inaccessible region there has been constructed a good automobile road made possible by the use of hundreds of dollars worth of dynamite, coupled with careful engineering and diligent labor—and now daily may be seen all types of motors winding through the mountainous enroute to the Madera Mountain club.

In the development of this project numerous obstacles were encountered because of the mountainous country, lack of highway and rail facilities and the distance from the base of supplies; notwithstanding this fact, during the brief time this project has been under way accommodations for approximately two hundred and fifty people have been completed; while the improvements at this time were made possible by the employment of capacity crews of craftsmen and laborers yet they are only a small part of the general construction program calculated to make this resort, the most permanent and elaborate of its kind in America.

The cottages for the accommodation of our members have been substantially constructed. They compare most favorably with those found in any exclusive resort.

All of them, whether on the edge of a cliff or nestled among trees, have an unsurpassed view of mountains, empyres and valleys; some are built of huge pine logs, conveyed by burro from the top of timber mountain and hewn into artistic shelter—some are native stone, while others are built of adobe brick, each brick made and laid by the skilled hand of a craftsman imported from Old Mexico.

The cottages are completely furnished with a view to the comfort of the lover of outdoor life—each con-

tains a bed with good springs and comfortable expensive mattress, also tables, chairs, cookstove, kitchen cabinet, cooking utensils and dishes—pure spring water is conveyed through galvanized pipe to the yard of each cottage. Accommodations in the cottages, as well as the use of the equipment and furnishings thereof, are free to members of the club and their immediate family—guests of members pay a fee of \$1.00 per day when occupying a cottage with a member.

On one of the highest ridges and overlooking Madera Canyon and Dark Canyon, and having also a commanding view of the Madera Valley, there has been constructed a large dining room—it is built of native stone and accommodates 100 members at one time. The kitchen is completely equipped with the latest and most substantial appliances and is presided over by a former Harvey chef. Members who have dined with us pronounce the meals unexcelled, and the prevailing prices are: Breakfast 50c, luncheon 75c, dinner \$1.25.

One of the most attractive buildings and the first to be built is "The Lodge"—it is built of native red stone and is practically fire-proof. It is interesting to know that over 1,000 sacks of cement used in the construction of this building were brought up the mountain on burros. "The Lodge" in addition to the lounging and reading rooms contains a few bed rooms. They are furnished with the latest Simmons Hotel equipment, and have hot and cold running water in each room. Occupancy rates of rooms in this building, when available, are from \$17.50 to \$28.00 weekly.

Members of the Madera Mountain club have found much satisfaction in the completion of the "General Store." It is a fire-proof building and well-stocked with a complete line of staple and fancy groceries sufficient to meet the needs of all members who prepare their own meals in "cottages." The Store also carries a general line of merchandise, such as outdoor garments, hiking boots, shirts, sweaters, etc. There has also been installed a drug store with a sufficiently large stock of drugs to satisfy the average needs. The soda fountain was opened for business on May 15.

We speak with particular pride of the fine herd of Jersey milk cows which were selected from registered stock and which are tubercular tested animals; the milk from this dairy is not only healthy for the kiddies but also gives the grown-ups a new lease on life.

Our vegetable garden covering many acres of land is putting forth in good shape and members may be assured of a variety of selection.

Not far from the center of activities a modern fire-proof bath house has been built containing the very latest equipment—work is also under way on two additional bath houses, and an effort will be made to complete them by July 1st.

Last week all equipment for the barber shop and beauty parlor were installed, and here members will receive the same careful personal attention as characterizes the most modern of clubs.

Under the supervision of Mr. Berry, and in connection with the consultation and advice of Mr. Fred Greenhill, golf expert of the Cedar Chest Country club at Dallas, a large crew of men are now busy with the golf course. This course will be the highest in Texas, and it has been pronounced by experts as the sportiest of courses. The tennis courts and racket grounds have been placed in order, and they, too, will be the scene of much activity this summer.

Last week the riding horses and burros were corralled, and a large shipment of saddles and bridles enroute.

As we write these lines, and with the aid of field glasses, a fleet of motor trucks led by a 3½ ton White, can be seen winding up the mountain, each loaded with seasoned materials to be used in the construction of the ballroom. It is expected that this construction will be completed by July 1, and after that date dances will be held each evening. We have made a contract with an orchestra for music and we feel sure that the evening's program will within a short time become famous throughout Texas. It is about 45 minute automobile drive from the cottages to the "old fishing hole." Here you will find more than 500 acres of land under water. The lake is well stocked with fish.

Other conveniences for members include long distance telephone, telegraph, laundry service, automobile mechanics, gas and oil supplies, servants quarters at weekly rates of \$5, and many other items to add to your pleasure. There will be a doctor at all times available. The postoffice address at the club is Madera Springs, Texas.

While we feel a just pride in the accomplishments during the brief months past and the accommodations that have thus far been completed and made available for use by members of the club, we likewise feel and would have you know that our development and construction program has just begun. The popularity of the resort and the high standard of our membership has exceeded all expectation of the committee, therefore, to properly care for members we must have your full co-operation this

season in the matter of advising us by return mail whether you plan to visit the club this summer, and if so, the approximate date you would like to come out, the probable duration of your visit and the number of members of your family who plan to come with you; also, the number of guests, if any, you may desire to bring.

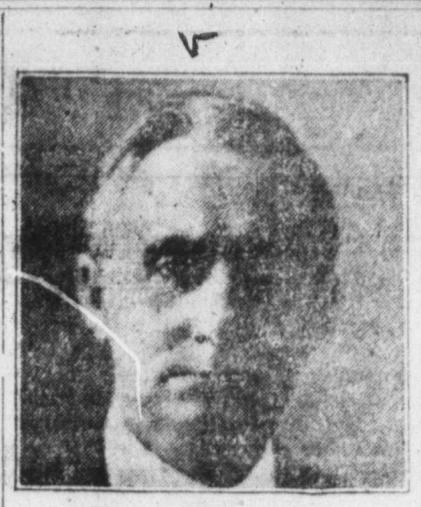

The officers and members of the Madera Mountain Club, the membership committee and the employees of the institution, wish to take this occasion to express their appreciation of the hearty co-operation rendered this worthy cause by our members and to assure you that you may well take pride in being a part of the Madera Mountain club.

Yours very truly,
MADERA MOUNTAIN CLUB.

Quite a number of Colorado and West Texas citizens hold membership in this club and the above letter is published for their benefit.

CITY TAXES DELINQUENT

List of lots and blocks delinquent for the taxes of 1926 only in the City of Colorado, Mitchell County, Texas, as reported by L. A. Costin, Tax Collector.

Table listing delinquent property owners and their addresses, including names like Beard, W. C., Belas, Felipe, and various lot numbers.

Table listing delinquent property owners and their addresses, including names like Malone, J. M., Marshall, Ed., and various lot numbers.

Various news items and reports, including 'CUBATOR to their equipment, bringing the capacity to a total of 25,000.', 'MERKEL—Contract has been let by the city council for paving ten blocks in the business section of Merkel, and for a \$23,000 extension of water works.', 'CLUBCROFT, N. M.—Hon. R. C. Dillon, Governor of New Mexico, will be a distinguished guest at the Pecus Inter Mountain District Convention of the West Texas Chamber of Commerce to be held in this city on July 9th.', 'LUBBOCK—The Lubbock Chamber of Commerce is making elaborate preparations for its sixth annual "Traveling Men's Stag Party and Jubilee" to be held June 25. An attractive program has been arranged for the event, and plenty of entertainment is being provided for.', 'ALPINE—Sen. L. Gutierrez Otero, Consul of Mexico, and other high Mexican officials, will be in attendance at the Big Bend District convention of the West Texas Chamber of Commerce, which is to convene here July 4. The Annual Cowboy's Round-Up and Old Settler's Reunion of the Big Bend county will be held in connection with the regional meet. Another attraction will be that the distinguished personnel of the West Texas Chamber of Commerce motored party to the resort section of the Davis Mountains and Eastern New Mexico will attend in a body.', 'WOODSON—The Woodson Chamber of Commerce, in co-operation with the Throckmorton Chamber of Commerce, has voted to establish mile posts on the state highway from the city, on which advertising and road directions will be placed. This is in line with the road marking campaign sponsored by the West Texas Chamber of Commerce.', 'BORGES—Hutchinson county's mammoth road building election, authorizing issuance of \$1,250,000 in bonds has been passed.', 'THROCKMORTON—Throckmorton has met the proposal of the Texas and Pacific railroad for a branch line from Breckenridge with the raising of a \$50,000 bonus. The line will be begun about July 1.', 'RANGER—Enlargement of the Oil Belt Power Plant, southwest of Ranger, is to begin this month. The improvement will increase the voltage from 30,000 to 50,000 horsepower, and will require the services of 400 men for a period of nine months.', 'TWO MEN ATTEMPT TO TIE LORRAINE WATCHMAN—Plans of two men to commit a series of hold-ups or rob a number of business places in Loraine were frustrated Sunday night by an alarm given by the nightwatchman when they attempted to tie and gag him. According to word reaching the sheriff's office here the two men stopped the nightwatchman and asked him where they could find a place to spend the night. As he started to direct them to a rooming place they seized him and attempted to tie and gag him. He called for help, arousing a number of citizens of the neighborhood, and his attackers, becoming frightened, ran.', 'THE STATE OF TEXAS County of Mitchell, I. L. A. Costin, Tax Collector of the City of Colorado, Texas, do hereby certify that the within Lands and Lots assessed on the Tax Rolls of the City for the Year 1926, are delinquent for the Taxes for 1926, and that I am entitled to credit for taxes as shown thereon.', 'L. A. COSTIN, Tax Collector for the City of Colorado, Texas. Sworn and subscribed to before me, this 9th day of May A. D., 1927. (SEAL) M. CARTER, Notary Public, Mitchell County, Texas.', 'THE STATE OF TEXAS County of Mitchell, We hereby certify that we have examined the within report of Lands and Town Lots, assessed on the Tax Rolls of the City of Colorado, Texas, for the year 1926, which are delinquent for the year 1926, and find the same to be correct, and that L. A. Costin, Tax Collector, is entitled to credit for the Taxes as shown thereon. Approved this 9th day of May A. D., 1927. (SEAL) R. H. LOONEY, Mayor. R. L. SPALDING, J. RALPH LEE, G. B. SLATON, R. O. PEARSON, W. W. WHIPEY, Aldermen.', 'WHAT'S DOING IN WEST TEXAS FLOYDADA—Two new brick buildings to serve as business houses will be completed here within the next sixty days. Fifteen new homes, representing an expenditure of more than \$40,000 have either been completed or are nearing that stage, since January 1st. These bring the total building permits this year to approximately \$85,000. POST—The Post Hatchery has added another 12,096 egg Buckeye In-

**BIG SPRING TO HAVE
4TH JULY CELEBRATION**

One of the biggest and best celebrations ever held in Big Spring is going to be staged on Monday, July 4, at which time the members of the American Legion are going to pull off a real show. Thousands of visi-

tors are expected here for this annual celebration. A rodeo, barbecue, baseball games, platform dance and other features are on the program. The rodeo features will be the best ever and many well known West Texas ropers and riders have registered for the contests. The rodeo will be held at the baseball park.

MRS. C. E. DANNER, Reporter
(Phone 21)

Mrs. S. S. Ferrell of Carnegie, Okla., visited relatives here this week-end.

Mrs. John Statser of Sweetwater was here on business Monday.

Dr. W. H. Butler and daughter, Miss Oscar Nell, left Saturday for Dallas after spending several days here with friends.

Mrs. Otis Talley, who has been seriously ill with pneumonia, is some what improved at this writing.

Miss Laundry Smith of Colorado was the guest of Miss Evelyn Danner Tuesday.

Dunne Griffith of Big Spring is spending this week with his sister, Mrs. A. W. Nixon.

Miss Bernice Talley of Fort Worth is visiting her brother and family here this week.

Mr. and Mrs. Earl Sharp of Oklahoma City are here this week visiting old-time friends. Mr. Sharp lived here in 1914.

Mr. and Mrs. Odo Keith of Eskota transacted business in Westbrook last Tuesday. They are moving to Benjamin this week.

Miss Blanche Webb of Eastland is the guest of Miss Mary Edna Gressett this week.

Miss Etta Armstrong spent the week-end in Sweetwater with relatives.

Mrs. J. L. Shout, who has been seriously ill, is reported improving now.

Mrs. Norris Lovett of Corsicana is spending the week here with her parents, Mr. and Mrs. F. L. Wildman.

Mrs. Dale Cooper entertained on Tuesday afternoon with a bridge party at her home. She had four tables of players. High score was won by Mrs. A. W. Nixon, and the low by Mrs. Van Boston. At the refreshment hour she served chicken sandwiches, paradise pie and coffee.

Mrs. Lancaster left Saturday for Eastland to be gone several weeks, visiting relatives and friends.

C. E. Danner spent several days in Midland this week on business.

The Woman's Missionary society had a small attendance Monday. Those present, however, proceeded with the regular lesson and made plans for an ice cream social to be given on the church lawn next Tuesday evening, the 28th. Each and every member is requested to come and bring a cake. Everybody invited, and don't forget the date.

Mrs. J. B. Prittle returned home from Marlin Wednesday, where she spent several days with Dr. Pirtle, who is in the Torbett sanitarium there.

Miss Mozelle Wildman of Mexia spent the week-end with her parents, Mr. and Mrs. F. L. Wildman.

Wayne Armstrong of Midland was here Sunday with home folks.

Mr. and Mrs. C. H. Miller have returned home from Cooper, Texas, where they attended the funeral of Mr. Miller's father, Mr. Miller, Sr., was well known in Westbrook and vicinity.

Mr. Lee Cummings, chief bookkeeper for the Magnolia company, is back from his vacation, having spent most of his time with home folks in Kentucky.

Miss Evelyn Danner and Miss Laundry Smith visited in Stanton Wednesday.

Mr. and Mrs. A. W. Mizon spent Sunday in Big Spring with relatives.

P. M. Rowland and D. E. Klinger were down from Toyah Sunday.

T. E. Hodges and J. C. Hall spent Sunday in Wink.

Mr. and Mrs. J. H. Hullock of Snyder were guests in the H. L. May home Saturday and Sunday.

Mr. and Mrs. S. S. Ferrell, accompanied by Miss Mozelle Wildman, left yesterday for California.

Mrs. M. M. Keeler and G. R. Quinney were shopping in San Angelo Friday.

Mrs. G. F. Gauslin and Miss Mabel Boone visited relatives in San Angelo Saturday.

Mrs. Mabel Buckner visited in Big Spring Wednesday.

Mr. and Mrs. G. C. Wildman are spending their vacation at Christoval.

R. E. Garber of Crosbyton is looking after business interests here this week.

Mr. and Mrs. J. C. Jones of Coleman spent several days here visiting their son, C. M. Jones, and family.

Mrs. L. C. Williams is visiting in McCamey.

Mr. M. P. Brady spent the week-end with home folks at Abilene.

Mrs. Roy Hice of Breckenridge is visiting Mrs. W. L. Yerdley this week.

Miss Joyce Shannon of Abilene is spending the week with her mother, Mrs. J. T. Shannon.

PROPOSED AMENDMENTS

(From Coleman Democrat-Voice)
The people of Texas will be called upon Monday, August 1st, to vote upon two proposed constitutional amendments, the adoption of which will increase the ever soaring cost of government. We are promised an era of exhortation in advance and every effort will be made to carry the proposals to a successful culmination at the polls. Law makers were buoyed by the success of proposed amendments at the polls last year and if these two are approved by the electorate we can expect a never-ending series of elections, and the old document conceived in wisdom and dedicated to humanity will hardly be recognized. It has served for the government of Texas in the past and is like the old-time religion—good enough for me.

One of the amendments to be voted upon will remove the constitutional limitation on salaries and permit the governor to receive \$10,000 per year and each member of the legislature not to exceed \$1,500 per year.

The other amendment would give us a supreme court with a chief justice and eight associate justices instead of one chief justice and two associate justices, placing six additional men on the pay roll of the state.

The two amendments, carrying appropriations for their submission and inviting more outlay of money if successful, make a little book we have in this office very interesting. It contains a list of state representatives with, what is said to be, the amount of tax paid by each. The figures, it is said, were taken from the comptroller's office and ought to be correct. Just two men in the house pay more taxes than the representative from Brown and Coleman counties, according to the book. Pearce pays \$745.19; John H. Kirby of Houston pays \$10,180.61 and J. F. Renfro of Huntington pays \$1,294.97. Eliminate these three and no member of the House of Representatives will be financially inconvenienced if every salary in Texas is doubled and the personnel of every bureau increased. Thirty of the representatives will be financially inconvenienced if every salary in Texas is doubled and the personnel of every bureau increased, says the book, pay no taxes at all and the balance show payments ranging from \$1.75 to

LORAININE NEWS

Local and Personal News About Loraine and Vicinity

MES. ZOEA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whippley Printing Company in Loraine and vicinity. See her and take your County paper

The services at the Loraine Baptist church were well attended last Sunday. The number present at Sunday school was only three less than the number enrolled. Large audiences were also present at both the preaching hours. There were four additions to the church. At 7:15 the Senior B. Y. P. U. was re-organized and a fine program was arranged for Sunday evening, June 26.

Mr. and Mrs. Mack Smiley left Sunday to visit their sons in Kansas, and will also visit in California before returning home.

Mr. J. W. Pendergrass left Saturday for Cleburne, where he has employment. He will be joined by his wife and children enroute at Dublin, where they have been visiting.

Mr. J. N. Briens, proprietor of the Shoe Shop, is moving to Clyde this week. Mr. and Mrs. Otto Turner will reside at their residence.

Mr. D. D. Myers has recently traded his Loraine hardware stock for

Mr. and Mrs. Bill DeBois, of Colorado, were guests of J. H. Neill and wife Sunday.

B. B. Baker and wife of Roscoe were guests of G. K. Baker and wife Sunday.

Mr. W. J. West will leave for Rankin this week.

Mrs. M. M. F. Johnson and granddaughter, Miss Francis Bennett, returned Monday from a visit at Abertown.

Mr. G. K. Baker, proprietor of the Royal cafe, is making quite a change in the place this week, by the addition of a new porch, repainting the building and adding new fixtures.

Mrs. Cecil Ricker left Saturday for her home in Eastland after a two weeks' visit here with her mother, Mrs. W. S. Thomas, and family.

Mr. W. A. Sloan and family of Roscoe were Loraine visitors Sunday.

Mrs. Jessy Garrett, who assists in waiting on the trade at Wooden dry goods store, is reported quite ill this week.

Mr. Leslie Collier, who has been in the sanitarium at Temple, is at home now and recovering nicely.

Mr. Elvis Altman and wife were Loraine visitors from Roscoe Sunday.

IRVING L. CAMP HEADS INTERNATIONAL LIONS

MIAMI, Fla., June 23.—Irving L. Camp of Johnstown, Pa., was unanimously elected president of the International Association of Lions clubs in the convention assembled at Miami, Fla.

Mr. Camp was born in Waterbury, Conn., and has since that time lived in New York City, Long Island, N. Y., and Johnstown, Pa., where he now resides.

He began his business career as a clerk in his father's retail coal yard, and since then has devoted his entire time to either the production or distribution of coal.

Mr. Camp is president of the Producers Coal & Coke Co., of Johnstown, Pa., and is an officer or director of other coal mining and distributing companies. He also served as director of important political, charitable, social, and civic bodies in both his city and state.

The newly elected president of the Lions International is a member of the Methodist church; Masons, Odd Fellows, and Elks.

President Camp believes that every man owes society an obligation, which can be paid only by service to others and he himself is an example of the busy business man leading in civic affairs.

ROBERT WHIPKEY HEADS SIMMONS U. PUBLICATION

The first issue of the Simmons Brand, Simmons University student publication, to appear under editorship of Robert Whipkey of Colorado, reached our desk this week. Whipkey was recently elected managing editor of the Brand and is now in active management of the publication.

In his salutatory remarks, Whipkey says:

"With this issue the Brand launches out into a new field of work under new guidance. It begins a term's work in the interest of Simmons students. The paper feels that a great deal of work will be required in order to keep pace with this active student body.

"In this first edition of the summer term we start off with high aspirations toward making the Brand a real medium of student thought and activity through the summer months. Since the direction of the paper is in inexperienced hands, we realize that much patience will be required on the part of its readers. At all times the aim of the sheet will be to uphold the best interests of the students during the summer term.

"We wish to take this opportunity to ask the whole-hearted support of the entire student body for the Brand. The paper belongs to the entire student body and should have the active interest of that group. It is an impossible task for two or three to publish a creditable and representative student publication. The Brand has a right to expect, and will expect your assistance, advice, and criticisms. It is hoped that you will realize your responsibility for giving such aid.

"The Brand is, first of all, your paper. What you do for it, and the way you receive it, will determine its worth. It will be before you every week during the session. We plead that you make it a worth-while publication."

Robert Whipkey is a son of Mr. and Mrs. A. L. Whipkey of Colorado. He will be a senior at Simmons next year.

LESTER BURK TAUGHT AT HORN'S CHAPEL

In last week's issue of the Record we stated that Mrs. J. F. Quinney was principal of Horn's Chapel school last term, when it should have read Dorn's Chapel. Mrs. Quinney taught at Dorn and Lester Burk was principal of the Horn's Chapel school and Miss Johnnie Chesney was assistant at that place. Burk is in Canyon attending the Teachers' Normal this summer. He is considered one of the county's best teachers.

HOME BREWERS BUY TWO CAR LOADS OF BEER BOTTLES HERE

(From San Angelo Standard)

The local hardware dealers of this city are reaping a small fortune off the beer lovers here. One of the merchants of the city reports that he has sold two car loads of bottles, five tons of caps, six gross of cappers, three gross of siphons, all since the first of the year, and he says business is getting better.

The only thing that fails to sell so well now are the beer testers, and that is because the makers of the drink are becoming so efficient that the beer testers are no longer necessary.

Someone could start a nice little business by just handling necessary articles for making beer. An ice delivery man made the remark that eight out of ten houses in San Angelo have their home-made beer.

ACCIDENT TOLL IN TEXAS IS ALARMING

AUSTIN, June 18.—Accidents in Texas thus far this year have claimed 686 dead and 2,263 injured, with the week of June 8 to 15 adding 47 dead and 117 injured, says the review of the Texas Council of Safety. The report follows for the June 8-15 period:

Cause	Injured	Killed
Automobiles	70	13
Railway Train	1	4
Interurban Car	0	1
Street Car	5	1
Motor Car	3	1
Other Vehicles	2	1

TEN COMMANDMENTS OF THE MAIL ORDER HOUSE

1. You shall sell your farm produce for cash, for we buy nothing from you.
 2. You should believe in us, because we do not know you personally.
 3. You shall send your money to us in advance, so we can purchase the goods from the factory with your money; you may have to wait a long time for the goods, but this is our business method.
 4. You should solicit assistance from your nearest town to build good roads, that you may easily haul out our goods from the depot, but please excuse us—as we do not assist in building good roads.
 5. You may buy church bells, song books, pews and altar fixtures from us, provided you send the money in advance—that's our rule.
 6. You should get all the assistance possible from the business men near you, although we may be getting your business, but it is against our rule to donate to churches or community enterprises.
 7. You shall convert your neighbors to your faith in us, for we have more room for more money.
 8. You shall look at the pretty pictures in our catalogs as often as possible, so as to strengthen your desire for things you do not need, but that you perhaps could get and ship with other things to save freight.
 9. You should believe us rather than your home merchant, for we want your trade, and we get to be millionaires on your support.
 10. You shall call upon the business men of your town in case you have hard-luck, your house burns or sickness overtakes you and you require assistance as it is your money we want. We do not know you unless the cash accompanies the order.
- J. H. GREENE.

CHEVROLET PRODUCTION REPORTED INCREASING

With production running at the record clip of more than 5,000 units daily and demand for the product constantly attaining new levels, the Chevrolet Motor Company today announces a \$2,000,000 development of its properties at Flint, Mich., to relieve congestion brought about by steady increases in production.

This will include two buildings, a three-story office building and new parts building. The new buildings will be completed Oct. 1, according to Charles F. Barth, vice president in charge of manufacturing.

On the completion of the new buildings, the present office and parts buildings will be razed and a modern factory building erected in their place, Mr. Barth declared. The new parts building will be a three-story structure, 530 by 122 feet, and of concrete construction. The new office building, of brick and concrete construction, will be 260 by 60 feet.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Everything a motor car can offer

Beauty Trim, graceful lines; charming proportions; rich Duco colorings; tasteful interiors—all combine to make Buick beautiful.

Comfort Ample wheelbase and cantilever springs; softly cushioned seats, conveniently arranged—Buick builds comfort for driver and passengers into every car.

Performance Buick's powerful six-cylinder Valve-in-Head engine, now vibrationless beyond belief, provides a new and higher standard of motor car performance.

Economy Low operating cost; long life; slow depreciation—these are examples of the economy of owning a Buick.

Value Because Buick gives everything a motor car can offer—in greater measure, at moderate cost—Buick is today the greatest value automobile dollars can buy.

MANY GRINS GO WITH MARRIAGE VOWS; PASTORS GIVE EXPERIENCE

Marriage is solemn. But what some ministers may be inclined to stamp as unseemly levity, just will creep in and even the ministers themselves, being only human, may feel a smile pulling at the

corners of their mouths occasionally when the groom seizes the bride too soon to implant a kiss on her inviting lips, or when the trembling benedict gets "bawled up" in the order of his lines.

Imagine for yourself the situation the groom's worldly goods may consist entirely of abstract virtues and a respondent future and yet, in the course of the ceremony he is called upon to pledge, "With all my worldly goods I thee endow!" And at this point the best man is heard to whisper, "There goes his bicycle!"

Everybody's Nervous

Of course the bride and groom are nervous as are the bride's mother and father, the groom's parents, Aunt Ellen, sister Susie and all the rest of the group, however large or small, and for this reason that many of the laugh-provoking events occur.

Around the ring centers much and because the couple is usually most concerned over this small symbol, it is with it that they are most nervous.

Children are individuals and one can never be certain of their actions, they are the cause of much grief to the bridal party and some sympathetic amusement for onlookers.

The three-year-old ring bearer is apt to decide in the midst of the ceremony reading that she is called to visit with someone in the audience and start immediately upon her quest, ring and all; she may decide as she proceeds down the aisle, to invert her rose, thus allowing the circle to roll tantalizingly between many feet, or the child may simply decide to avoid the ceremony altogether.

It was not so long ago that in a wedding here, the groom presented his small ring-bearer, a boy, with a watch just before the party entered the church. As the child came in at the door, he located some friends in the church and started immediately to show them his new possession. His interest lagged in the ceremony throughout, and it became necessary for his mother to retrieve the ring when it was called for.

Last Laugh Doubtful

Whether the preacher or the groom has the last laugh about the

fee is often doubtful. "What's the damages, parson?" queried one youth of a local clergyman when he and his eye's apple had been made one.

"I'll see you later," promise others. And the minister's wife (she gets the fees) sighs over a prospective trifle. Statistics haven't been compiled because the chances that the fee will never be paid are too heavy. "How much do I owe you?" the groom often asks and is perplexed when the preacher informs him that there is no customary fee and the groom may give him whatever he wishes.

Low Estimate Here

One clergyman who was accustomed to answer, "Whatever you think she is worth," received a quarter fee with some skepticism.

A local minister was to receive a five-dollar fee from a newlywed in installments. Beginning with a dollar down, the groom subsequently paid another dollar and has since failed to contribute the remainder of his fee. "I suppose he was not pleased with the marriage," the minister was heard to mutter. And one divine reports the receipt of three cold checks as fees.

"The bride always wants to be kissed," one minister averred, "so I always tell them to go ahead," and a veteran nuptial administrator remarked that he always tutored the groom upon this point, telling him that when he closed his book, the bride might be clasped and not until then.

"I learned this after I had had to pry several couples apart to complete the service when I had paused after pronouncing them man and wife."

"Now Is the Time!"

"I remember one occasion," reminisced one, "when I had completed the service and the young couple stood, the bride looking longingly at the groom and he returning her teeming gaze. I told him to go ahead and kiss her. This was the time for it."

For many weddings, the proceedings are rehearsed the day before the ceremony in order that all participants may know what is expected of them and when. This avoids many blunders, but sometimes makes the inconsistencies more noticeable.

At all events, the minister usually tries to have a few words alone with the bride and groom before the ceremony in order that he may instruct them about their responses and thus make the actual ceremony more impressive.

It is not unusual for the groom to forget his answers and have to be reminded with a gentle nudge from the bride.

Pastor Furnishes Tip

A recent groom remarked upon the efficiency of his pastor, who looked down during the ceremony raising his eyes to those of the groom as a signal that he was to respond.

A pastor relates that he had carefully instructed one groom and the ceremony was proceeding nicely to "Do you take this woman—" when the young man interrupted with a hearty "Yes Sir!" Some girls object to the word "obey" in the ritual and most ministers have discarded that phrase, although it was not included with the intention that the head of the house must exact obedience to his commands.

Even with careful coaching, the ring does sometimes cause trouble. One minister remembers a bridegroom who grew frantic just before the ceremony, trying to remember what he had done with the ring, when he had handed it to the best man some time before.

Best Man Forgetful

The best man sometimes forgets which pocket he has put it in and fumblingly searches through his coat and vest. "I always try to smooth this over by drawing out the ceremony and adding a few words," the preacher predicated.

A matter of some embarrassment comes to the preacher concerning the ceremony to be read, especially when a couple comes unannounced to be married. He does not know whether there is to be a ring and, if possible, he draws the groom aside to inquire of him. Often, the groom does not comprehend the significance of this. And the minister finds it embarrassing to have to ask the bride.

Marrying people is a solemn duty with ministers and when couples come to them who do not seem to hold this occasion in proper reverence, they sometimes feel called upon to remind the principals, not in an unpleasant manner, but as a matter of necessary discipline, they say.

And here the minister may be piling up future woes. One local ecclesiastic tells the following story.

While calling at the house of a man, who was crazy, the divine was left alone with the sick man for a few minutes, whereupon the latter grabbed the minister by his collar, drug him upon the bed and mauled him considerably before help arrived.

Later when someone asked the crazy man why he had attacked the minister, he replied: "Well, the preacher who married me was two hours late and I have always sworn that I would get revenge."

Long Staple Mebane cotton produces a lint staple which this season commanded a premium of from 40 to 100 points. Get the seed at R. L. SPALDING.

CARRYING TEXAS' MESSAGE

A party of Texans, numbering 125, representing every section of the State, left Sunday night in a special train for a tour of Northern and Eastern cities. The idea is to sell Texas, and every effort has been made by those in charge to assemble a delegation representative of Texas' varied industries and to reach on the trip the class of people most likely to be interested in opportunities offered in Texas.

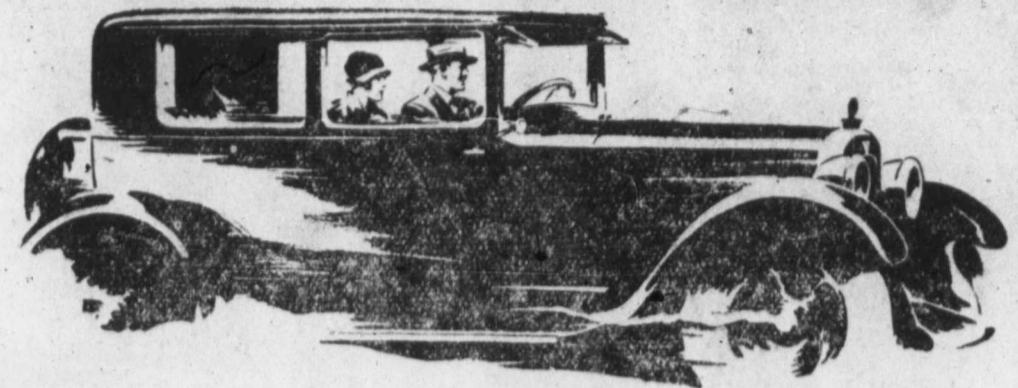

The trip is not designed as a trade excursion. Features so characteristic of excursions of this nature have been carefully avoided. Neither will the train have the nature of an exhibit, as has so often been the case and as many expected. It will be a trip of business men to visit other business men, to talk in serious fashion of what Texas has done, what it is doing and, better still, what it can do as its resources become more generally realized and its opportunities more widely known.

Preparations have been made at every city which will be visited not only to entertain the party, but to gather the type of audience the Special is intended to reach. In Chicago, for instance, the entertainment will be in charge of a business men's organization, and the Texans will have opportunities to present their message to what is considered the largest organization of business men in the Nation.

Extreme care has been exercised in the selection of speakers and the choice of subjects. Men fully qualified from study and experience have been selected in each instance. Dr. Splawn, president of the University of Texas, former member of the Railroad Commission and a recognized expert on transportation and rate problems, will discuss this phase and the needs and opportunities of Texas from a transportation standpoint. Col. Clarence Ousley, a former assistant secretary of agriculture and one of the best students and best-informed men in Texas on agricultural problems, will present the message of Texas' opportunities that lie in its soil. The financial situation will be handled by F. M. Law, vice president of the First National Bank of Houston, whose subject is "Texas Banking." Dr. S. P. Brooks, president of Baylor, has assigned to him the subject of "Texas Citizenship." The questions of raw materials, fuels and power and industrial opportunities are in the hands respectively of Dr. E. R. Sellards and Dr. A. B. Cox of the staff of the University of Texas, while Tom H. Ethridge, a reactor of Sap Antoinette, will discuss the matter of climate.

One of the most important subjects in the relation of Texas to foreign capital is that of the State's attitude, which will be handled by Cullen E. Thomas, a Dallas attorney. Mr. Thomas has an undertaking in which the assistance of the entire delegation should be given and which the very trip itself, if properly handled, should accomplish much. Texas has suffered greatly in the past from its reported attitude toward foreign capital. All of it has not been justified and much of the prejudice of past years has been dissipated, but a great deal yet remains to be overcome. If the Special is able to convince the monied interests of the North and East that Texas is not hostile to foreign capital, that its citizens realize that the very life and future of the State depend upon the investment of capital from without the State, that once here it will be fairly treated and protected, it will have accomplished a great deal.

If it does this and nothing more, the trip will have been more than worth while.—Ft. Worth Star-Telegram.

Extra Power

Delivered with flying smoothness

This extra range and activity of Hudson power, as every one knows, are advantages exclusive to the Super-Six principle. It can never be confused with any other car.

In every phase of performance there is effortless ease, from its smooth, swift getaway, to sustained high speed, and back to the soft instantaneous stopping action of its four wheel brakes. Power is so smoothly delivered in all ranges of performance that you are scarcely conscious of it.

With the development and increased capacity of the Super-Six principle came also the creation of a chassis engineered in every detail to provide safely, continuously and economically for the speed, power, and safety of the motor.

A ride will convince you, with the increasing thousands, that it is the "World's Greatest Value."

Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Theford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."

Theford's **BLACK-DRAUGHT** LIVER MEDICINE

MELLON APPROVES REDUCTION SIZE OF PAPER MONEY

The plan to reduce paper money by one-third of the present size has been approved by Secretary of the Treasury Mellon.

The present size of 7 7/16x3 1/8 inches, will be cut to 6 1/8x2 5/8 inches. The bill will be aged three months before being put into circulation. New size dollar bills will be the first issued.—EX.

We should worry about the big bills. If one dollar bills were as big as bed quilts we would have no trouble carrying our bankroll around.

But then, the smaller bills will save considerable paper and ink, and these savings which look small to the general public, in the volume of governmental affairs, amount to large sums. Personally we would prefer the larger bills because we could take five one dollar bills and make a roll that would look like a thousand dollars. Anyway, we would never object to having a large bankroll, we could manage some way.

COTTON MADE BIG YIELD AFTER JUNE 24, 1924

Coleman Wells says everybody is getting scared too soon. Cotton can be planted very late here and still make a big crop. "There was no rain here from October, 1925, till June, 1924," Mr. Wells said Wednesday, a representative of the News, "and yet I remember that J. H. Cowan planted ten acres of cotton after that date and made four bales. He had it ginned at Big Spring. There was no gin here then. In 1923 Henry Reed's crop was hailed out and he replanted. He finished replanting on July 6 and made a half a bale per acre. There is plenty of time for cotton yet, if we don't have an early frost." Mr. Wells declared.—Lynn County News (Tahoka).

Don't Forget Your Lesson On Thrift

YOU, who come forth this June with diplomas and degrees, you can forget the intricacies of higher mathematics without much material loss. But you should never forget the principles of thrift.

Now, when you are about to earn money, is the time to put into effect what you have learned. Open a Savings Account. Save a definite amount regularly. Save for a purpose. Start your account at this Bank with \$1. We'll do all in our power to help you grow with us. You'll appreciate this advice later.
