

# Society and Clubs

MRS. J. G. MERRITT, EDITOR PHONE 144

### Progressive Dinner

Mrs. R. J. Wallace's and Mrs. Otto Jones' families gave a very pretty progressive dinner Thursday evening to make money for the church building, and it was greatly enjoyed by the few who attended.

The dinner plate was served at the home of Mrs. Harry Ratliff. Small tables were daintily set with china,

silver and flowers. Veal loaf, potatoes, peas, rolls and iced tea were served. Music by an orchestra, and several vocal numbers, were enjoyed here.

The salad and olives were served at Mrs. Wallace's home. The house was lavishly decorated with lilacs, and a victrola program was given.

The dessert, consisting of whipped

cream and jello with wafers, was served at the home of Mrs. Otto Jones. Here, too, a very delightful musical program of piano and vocal numbers was given. The two families realized \$26.50 from their dinner party.

### Auxiliary American Legion

The Auxiliary to the American Legion will meet Saturday with Mrs. Hughes.

### Home Department Meeting

The Home Department of Methodist Missionary society met Monday in the church with the Wallace Family as hostesses. Mrs. McCloud, Mrs. Seehgston and Mrs. Key were reported as new members.

It was voted to try to collect a car of papers and magazines. Mrs. R. H. Looney, who has charge of this appointed committees in the various districts to collect, tie in bundles and store the magazines and papers until enough is gotten together to fill a car.

The sum of \$26.50 was turned in from the Mrs. Wallace and Mrs. Jones "Family" dinner.

Mrs. Garratt's, Mrs. Kiker's, Mrs. Buchanan's, and several other families turned in funds amounting to \$68.45.

Mrs. Walter King announced that Grandmother Grantland had completed the name quilt, which contained 145 names. Fifteen dollars was turned in from this by Mrs. Grantland, this being the largest amount from one individual. Since Mrs. Grantland is 73 years of age, this is indeed no small offering for the new church. It was voted to meet next Tuesday afternoon in the church basement and quilt the "Name Quilt."

Mrs. Garrett solicited for the extract and gelatine her "family" is selling. Mrs. Jeff Dobbs showed a sample of the beautiful Blue Bonnet pictures she is painting for the sale. The Mothers' Wesley Bible class showed their attractive boxes of the Mothers' Day candies, this being part of their plan to raise their \$1000 for the church. Dues amounting to \$5 were collected.

Mrs. Merritt told of visiting the new Educational building of the Methodist church in Lubbock, and said she was more convinced than ever of the need of Sunday school room. She also read Mrs. Rollins' invitation to the Council to meet in Amarillo, and showed the picture taken of the Council at the tomb of the unknown soldier.

The hostesses served pink and white cream, and two kinds of cake. The meeting next month is with the Garrett "family."

### How Mrs. Rollins Described West Texas While in Washington

The following is a description of West Texas given by Mrs. Rollins to the Council meeting in Washington, D. C.:

"West Texas is an empire of natural resources. It has more oil than California, more gas than Pennsylvania, and more wind than both of

them together. West Texas is an empire of territorial magnitude. Dietetically it is bounded on the north by cold bread and beans; on the south by tortillas and hot tamales; on the east by East Texas peaches and cream, and on the west by California prunes.

"Socially and civically, it is bounded on the north by Rotarians, on the east by Lions, on the south by Klwanians, and on the west by Optimists. All these receive their instructions for the day every morning at the breakfast table from the members of Federated Women's clubs everywhere.

"I have seen West Texas come from buffalo trails to macadamized highways; from dugout to sky scrapers; from pastures to plowed fields; from barbecues to club lunches; from land agents to loan sharks and from gunmen to politicians, and from cow camps to chambers of commerce.

"Religiously, West Texas is bounded on the north by the Presbyterians; on the east by the Methodist and Baptists; on the south by the mercy of God, and on the west by Aimee McPherson. Politically, West Texas is bounded on the north by Republicans, on the east by the Democrats, on the south by the party in power, and on the west by the Teapot Dome. Internally, it is for Herbert Hoover. Climatically, politically and perpetually, it is dry."

Mrs. Rollins got the Council to come to Amarillo in 1930.

### Primary Easter Egg Hunt

The Primary department of the Baptist Sunday school had their Easter egg hunt on Sunday afternoon, March 31, at the Manuel place north of town, with 40 or 50 pupils, and 12 or 15 fathers and mothers, who seemed to enjoy the hunt as much as the children. The Primary department is still growing, with 71 present Easter Sunday.

### Mrs. White's Class

Mrs. A. L. White's Sunday school class of the Baptist Sunday school met Thursday, April 4, with Macie Galey.

After the regular business had been discussed, a lovely picnic lunch was enjoyed on the banks of Lone Wolf creek.

### Christian Aid

The Christian Aid met Monday in the church parlors. Mrs. Root conducted the devotional. The usual business was attended to.

Mrs. Frank Pond and Mrs. Carlock were hostesses. They served homemade ice cream and cake.

### 1921 Club Did Not Meet

The 1921 Club had no meeting Friday. Mrs. Milburn Doas is hostess this week.

### Baptist Circles

The Baptist Missionary society met in Circles Monday.

Circle One had four present. They had their Bible lesson and planned to quilt a quilt.

Circle Two met in the T. E. L. class room, with six present and a splendid lesson. They discussed ways and means of making money for the building fund.

Circle Three met with Mrs. Gustine with seven present. The Bible lesson in Deuteronomy was led by Mrs. Gustine, after which a short business meeting was held.

Circle Four met in the Faithful Workers' class room, with five present. They had a very interesting discussion of the lesson.

Circle Five had 18 present. Two of these were visitors and one a new member. They began their new study, "Wandering Jew in Brazil." Eight received seals on the study just completed. After the lesson, a business session was held and then a social hour enjoyed.

### U. D. C. Meeting

The U. D. C. Chapter will meet on Tuesday with Mrs. Walter Stoneham, with she and Mrs. Jeff Dobbs as hostesses, at 3:30 o'clock. Every member urged to be present.

### Baptist Missionary Program for April 15

Theme, "Faithful to the Trust." Bible study, "The Ministry." Leaders—Mrs. C. P. Gary, Mrs. A. N. Epps, Mrs. John Colson, Mrs. Hugh Callan, and Mrs. McHaney. Roll call, Scripture quotations on Faithfulness.

Discussion, led by Mrs. Lasky on "Personal Service." Offering by Mrs. Dick Delaney.

Each Baptist woman should remember that she is a member, and to be a good member she must attend the meetings of the Missionary Society.

### Self Culture Club

The Self Culture club met Friday with Mrs. Bill Gordon. The lesson was upon Sculpture.

Mrs. C. P. Gary read a paper on "Modern Masterpiece Sculptors" who have imitated the Greek. Mrs. Lambeth had a paper on four important sculptors. Mrs. Pritchett named some great pieces of sculpture. Mrs. Lambeth and Mrs. Gary are helping edit the Howl.

At the social hour the hostess served a salad plate with iced tea. The meeting this week is with Mrs. Gary.

### Mrs. Hanson to Have Visitor

Mrs. Alex B. Hanson, wife of Rev. Mr. Hanson, rector of All Saints' Episcopal church here, is expecting a spring visit from her mother, Mrs. Frank C. Gordon of Mobile, Alabama. Mrs. Gordon will arrive the middle of next week.

### County Federation

The County Federation met Tuesday at the home of Mrs. R. P. Price, with the 1921 Club as hostesses. The house was gay with bridal wreath and lilacs.

The treasurer reported \$10.88 on hand.

It was moved that the Shakespeare club be written a note of thanks for the \$6 given on librarian's salary.

Four dollars on memberships and two on fines were reported from the librarian, and a plan made for more members.

The Daughters of the King reported that they were working for the new church.

The Self Culture club had entertained the Melody Way pupils at the home of Mrs. John Brown. They were helping to get out The Howl.

The Hesperians reported cooperating on The Howl, and enjoying their art course.

The 1921 Club reported entertaining the County Federation. Course for next year will be Contemporary Short Story. They are also working on the high school Howl, and the fifth grade working on their prize-winning stories.

Mrs. W. C. Berry reported that Fairview had no P. T. A., but she had given literature, 12 bulbs and \$5.00 for supplies to the school, was hatched out baby chicks, selling eggs and chickens.

Miss Sevier reported that the women were finishing up their living room contests. There are six entrants, four from Hyman and two from Conway.

The treasurer asked that every club member who had not done so pay 50 cents on the salary of the librarian. Mrs. Thompson asked that someone be made delegate to the district meeting at Brownwood beside herself, as she was legal adviser and had been given a new chairmanship. Mrs. C. P. Gary was elected delegate. Mrs. Ed Jones alternate. It was voted to endorse Mrs. Perry for the office of second vice president of the State Federation.

Mrs. Thompson read a letter on billboard restriction to which chairmanship she has recently been appointed. What is happening to America's landscape? Instead of America the beautiful, we are becoming an America the cheap, the ugly. A film is to be sent over the country showing what billboards are doing to the trees and the scenery, and a poster contest held soon.

At the close of the business session a clever diversion called "A Love

**TO THE CHECKERBOARD STORE**

LIFE and growth for chicks... this sign points that out to you. It directs you to Purina Chick Startena. The new feeding discoveries that come to you in Startena this year will give better livability and 15 to 20% greater growth than ever before. There's lots of buttermilk in Startena. Chicks like it and grow on it. The cod-liver oil in Startena takes the place of sunshine and keeps chicks from getting leg weakness. And there's alfalfa leaf meal, granulated meat, wheat middlings, wheat bran, wheat germ, corn meal, bone meal, linseed meal, calcium carbonate and salt in Startena. Everything there... that chicks need. Order your Purina Chick Startena today.

**LOGAN'S HATCHERY**  
Smith Equipped 52,000 Egg Capacity

"Affair in a Garden" was enjoyed. Mrs. Ed Jones and Mrs. J. G. Merritt each answered twelve names of flowers. In guessing the right number, Mrs. Jones won and was given a beautiful bouquet of lilacs, and Mrs. Merritt was consoled with a bunch of bridal wreath.

Ice cream and angel cake were served. The Federation will meet next month in the court house, if no one offers to entertain.

### Sunday School Teachers Meeting

The teachers of the Methodist Sunday school met Tuesday evening with Mrs. J. E. McCleary, Bert Smith con-

ducted the meeting. E. H. Winn discussed the Bible as a part of the teacher's equipment. Rev. W. C. Hinds discussed the teacher and evangelism. This was followed by the appointment of a leader for the monthly missionary programs and a committee to arrange for Sunday school day.

After discussing the problems of each teacher, punch and wafers were served. The next meeting is with Mr. and Mrs. A. A. Dorn.

**ADDITIONAL SOCIETY**

**Hesperian Club**  
The Hesperian club met Friday with Mrs. Lockhart. Mrs. Millwee gave a splendid talk on the art colonies of America, dwelling especially on those of the Southwest. Mrs. Majors displayed the reproductions of painters in lesson six, and Mrs. Sadler led the lesson. Mrs. Bandy appointed her committees as follows: Federation, Mrs. J. T. Johnson, Mrs. W. L. Doss; American Citizenship, Mrs. J. G. Merritt, Mrs. Sadler; American Home, Mrs. A. L. Whipkey, Mrs. Pruder; Applied Education, Mrs. Shropshire, Mrs. J. L. Pidgeon; Fine Arts, Mrs. Lockhart and Mrs. Honsley; Legislation, Mrs. Wulfen and Mrs. Bargeroff; Press, Mrs. Wallace, and Mrs. Winn; Public Welfare, Mrs. Lee and Mrs. Gage; Conservation and Civics, Mrs. D. M. Merritt and Mrs. Texas; International Relations, Mrs. Millwee and Mrs. Majors; Delegates to County Federation, Mrs. Johnson and Mrs. Whipkey; Alternates, Mrs. Shropshire and Mrs. J.

**Bridgettes**  
The Bridgettes met Thursday with Mrs. Ed Jones, out at the California lease. She had five tables, her guests being Mesdames Zimmerman, Morgan, Shannon, Moore, Brandsfield, Yardley, Cooper, H. C. Landers, Jr., Morris and Tomrang.  
At the refreshment hour the hostesses served osgood pie with whipped cream and punch. On each table was a flapper doll which was cut for as table prizes. These were won by Mrs. Majors, Mrs. Landers, Mrs. Tidwell, Mrs. Chas. Mann, and Miss Clippie Bennett. High score was won by Mrs. Bill Broadus, who was given a pretty sandwich tray.  
This was a most enjoyable meeting. Mrs. D. M. Merritt entertains today.

**Mrs. Wm. Simpson Entertains**  
On Saturday Mrs. Wm. Simpson entertained with a tea in honor of Mrs. E. J. Cramer of Wink, who formerly lived in Colorado. Tuesday she had a bridge party, there being seven tables of players. This was also honoring Mrs. Cramer.  
On Wednesday, Mrs. Simpson was hostess to the Drama Club and at this time she had ten extra guests. Miss Mary Broadus read the play, "A Romantic Young Lady," by Martinez Sierra, which was very greatly enjoyed.  
At each of these social functions delicious refreshments were served, and the friends spent most delightful hours.

**Mission Church, Easter Party**  
Mrs. Garrett, Mrs. Costin, Mrs. Smith, Mrs. Arnett and Miss Ruth Hinds arranged a beautiful Easter party and egg hunt for the children of the Mission church on the East Side on Easter Sunday afternoon.  
There was a program of songs, readings and stories at the church at 2 o'clock, with a number of mothers present. Then the eggs were hidden in a pretty spot. Mrs. Garrett had found, and the children enjoyed their first real Easter egg hunt.  
**Garrett Family Entertained**  
Mrs. W. H. Garrett entertained her church "family" at her home Wednesday afternoon. There was a good crowd in attendance and plans were made for making more money for the church as soon as they have finished selling their extract.  
After talking over many plans, home-made ice cream and angel cake were served.

**R. O. PEARSON VISITED BY FRIEND OF LONG AGO**  
R. O. Pearson was visited this week by a friend whom he had not seen for twenty-six years. The friend was A. O. Robertson of Anchorage, Alaska, who was a frequent visitor to Colorado in the early days.  
Robertson expressed himself as being greatly surprised at the growth of Colorado since he last saw it.  
**ROSCOEITES VISIT IN COLORADO WEDNESDAY**  
A committee from the Roscoe Lions club was in Colorado Wednesday to confer with Representative Wed Reid relative to the location of an agricultural experiment station between Sweetwater and Roscoe. The recent session of the legislature passed a bill authorizing such a station within 50 miles of Abilene, and the Nolan county citizens are planning to seek its location.  
**GEORGE COCHRAN LOSES TWO FINGERS IN SAW**  
George Cochran, carpenter, lost the first two joints of two middle fingers of his left hand Tuesday while employed by the Colorado Construction Co. at the Coltex refinery extension.  
Cochran was sawing a plank with an electric buzz saw when it caught his fingers. He was carried to the Root hospital, where the wound was treated and he is recovering.

**Presbyterian Business Meeting**  
The Presbyterian Missionary Auxiliary met Monday in the church parlors. The president, Mrs. Peek, conducted the devotional, using the first nine verses of the 78th Psalm. Miss Nell Riordan led in prayer for Christian education. Mrs. Ballou gave a talk on "Tomorrow's Plans." Mrs. Jerold Riordan, on "Why the Church College?" Miss Nell Riordan read some very interesting missionary notes from workers on the field.  
It was voted to have a pageant next month. Several items of business came up and were disposed of. The meeting closed with prayer by Mrs. John Brown.  
The meeting next month is to be with Mrs. Maddin.  
**Mrs. George Smith and Libby Dupree Improved**  
The many friends of Mrs. G. W. Smith and the Dupree family will be glad to know that Mrs. Smith, who has been quite sick, and Libby Dupree who has scarlet fever, are both improved. It is earnestly hoped that both will soon be well.  
**Shakespeare Club**  
The Shakespeare Club met Friday with Mrs. J. M. Thomas. Her house was lavishly decorated with fragrant spring blossoms. Mrs. Thomas R. Smith conducted the lesson on "Comedy of Errors." The lesson in Government was on the Veterans' Bu-

**Merry Morning Party**  
Tuesday morning Mrs. T. R. Honsley very delightfully entertained with a merry morning party. She had five tables of bridge, and the score cards were clowns. The only out-of-town guest was Mrs. Ed Warren of Childress, who is visiting her sister, Mrs. Randle.  
High score was won by Mrs. Bill Broadus, who was given a pretty little piece of statuary. Mrs. Chester Jones won low and was consoled with a hand-painted sachet. The out-of-town guest was also given a sachet. Much merriment was caused by the table prizes, these being horns and whistles.  
The hostess, assisted by her sister, Mrs. Ballou, served a salad plate and coffee, followed by a fruit dessert with cake and candy.

**SPADE RECEIVES 17 BLUE RIBBON BULLS**  
Seventeen prize-winning Hereford bulls, recent blue ribbon winners in the stock shows, were received here Friday by O. F. Jones and sent to the Spade ranch.  
These fine bulls were purchased by W. L. Ellwood for herd leaders on the Spade ranch. They are said to be the finest available, and Mr. Ellwood Jones, manager, is informed, paid fancy prices for them. O. F. Office Supplies of all kinds at the Record office.

**Hyman Players Will Present 'A Prairie Rose'**  
Presentation of a play, "A Prairie Rose," at the Hyman school house on Friday night, April 19, is announced by the Hyman correspondent. Judging from the cast of this play, it will be well presented and the entertainment will be one of the best ever offered there.  
Special selections between acts and special numbers will be enjoyed. Admission will be 10c and 25c, and the proceeds will go to the purchase of a piano.  
Cast of the play follows:  
Silas Wilder, a dead old ranchman—Edgar Andrews.  
Dr. Robert Raymond, a young Chicago physician—Herman Minor.  
Philip Bryant, a wealthy young Chicago lawyer—Roy Coles.  
Arenie Featherhead, a Chicago dude—Lee Minor.  
Ralph Wilder, Silas' younger brother—William Woodard.  
Mose, Philip Bryant's servant—Bennie Black.  
Lizy Jane Slocum, Silas' housekeeper—Bertha Andrews.  
Dorothy Deane—Phil's sweetheart, later wife—Mrs. Roy Coles.  
Agnes Raymond, Robert's divorced wife—May Lee Woodard.  
Rose Wilder, a "Prairie Rose," the daughter of Ralph—Virgilia Welch.  
Proceeds will go to buy a piano for the church. Come and bring your friends with you.

**BAPTIST TEACHERS' MEETING**  
Ninety-two teachers and officers of the Baptist Sunday school were present at the regular meeting on Wednesday evening, when lunch was served by the wives of the general officers.  
Reports were made of 208 visits and 93 phone calls during the week. Mrs. Earnest's class is to serve next Wednesday.  
A large number remained for the prayer meeting after the teachers' meeting. John W. Cobb was leader of the prayer meeting, and he was assisted by Mrs. W. A. Rose and A. R. McTancy.  
**GIST BRINGS IN FREAK HEN EGG**  
A. C. Gist takes the prize so far for bringing in the greatest curiosity in a hen egg. He brought in an egg Friday that shows a plain reproduction of the rising sun.  
On one side of the egg the imprint of Old Sol is plain and the radiant rays of light branch off in true fashion. The egg is slightly under size and not true to shape, being slightly flat on the side showing the sun imprint.  
Office supplies at the Record office.

### WHAT'S DOING IN WEST TEXAS

Ten per cent of the farmers of Dickens county took advantage of the poultry and dairy short course conducted by E. N. Holmgren and E. R. Eddaly at Spur, and are putting into practice the knowledge gained. Many

farmers have taken up the idea of diversification in farming around Spur. The outlook for dairying in Haskell county is better now than ever before due to the various organizations in several towns boosting the establishment of a creamery. Farm-

ers in this section realize that the cow is hard to replace on the farm when it comes to an income the year around. Some of the recent charities of the Moran Delphian club have been the buying of a memorial window in the new Methodist church for \$75,000.

The club started the piano fund for the high school with a contribution of \$60.00. A window in the new Christian church for \$75.00 was also purchased. San Angelo was chosen the meeting place of the 1930 convention of the Texas and Southwestern Cattle Raisers' Association at the last meeting held in Houston. T. D. Hobart of Pampa, former vice president, will direct activities. Hamlin is expecting continued prosperity, considering that the early grass will make fat cattle, and the early season a good cotton crop. Some of the wealth is coming through the cream, butter, poultry, and hog avenue, these commodities making the farming outlook better than usual.

### GOV. MOODY CALLS SPECIAL SESSION OF LEGISLATURE APRIL 22

Pen Relocation, Civil Service and Board Education Mentioned

AUSTIN, April 9.—Calling the 41st legislature to convene in special session on April 22 at noon, Governor Moody today in his proclamation set out three subjects of legislation for submission. He reserved the right to present other matters from time to time during the session.

Mentioning necessity for legislation centralizing the Texas prison system; carrying into effect the amendment to the constitution providing for a board of education, as voted last November, and providing a merit system for the selection of subordinate employes of the State government, the governor did not touch on appropriations to pay expenses of the government during the next biennium.

It had been reported that he intended withholding the appropriations after his penitentiary and civil service legislation had been disposed of. The regular session failed to enact legislation on either of these subjects, and the civil service bill having been killed in the house, and the governor's measure proposing concentration and relocation of the penitentiary system having been lost in the last-minute rush of the closing hours when two houses disagreed on some of its provisions.

### WHAT'S DOING IN WEST TEXAS

Llano is looking for a man financially able to furnish and lease the new up-to-date, 36-room modern Llano Community Hotel. This building will be completed April 15 at a cost of \$85,000. It has steam heat, fans, phones, and hot and cold water. Word comes from Del Rio of a new dam to be built on Devil's River to have a storage capacity of 8,460 feet. Permission to use water to the extent of 550 cubic feet per second for generation of hydro-electric power goes with the permit. The other dam is completed and has been in use for some time. Arizona is experiencing a building boom. Many new residences are going up, and three permanent store buildings are being constructed, on

Main street. Many of the residences are of brick or stucco.

Two miles of gravel base of the Highway No. 7 have been laid near Sweetwater. Work has started at the Coke county line and the crews are working northward. A gravel base 11 inches deep has been rolled to about 8 inches.

Eastland is to have an exhibit at the Western States Exposition which is to be held in connection with the 75th anniversary of the California State Fair at Sacramento. An expressive display of western products and resources has been planned.

A prize-winning pen of ring-necked Barred Rocks chickens has been purchased by a Dalhart poultryman. The pen cost \$85.00 and won first honors at the Madison Square Poultry show in New York. The formation of the poultry show in Dalhart recently has aroused considerable interest in poultry raising.

The first shipment of certified seed which is being purchased through the efforts of the Canyon Chamber of Commerce, has arrived and been sold to farmers at cost. Dwarf maize, Texas Blackbull kaffir, and red-top sumac was included in the shipment.

An ornamental lighting system is being installed along the main thoroughfare of Brady's residence streets. All important streets in North and South Brady will share in the new system of illumination which is being

done by the Brady Water and Light Works.

Forty blocks of paving of alleys and down-town residential sections will be started in Stamford beginning April 1. The contract was let for this several weeks ago. The work will be done of brick and concrete.

Donley county cream shipments continue to increase. At Clarendon 214 ten gallon cans worth about \$12 per can, formed a shipment which recently brought \$2500 to the town. Some cream is shipped out by truck to nearby creameries.

Plainview is building up. The new Hilton Hotel will bring the skyline from four stories to eight. Montgomery Ward, J. C. Penney and other well known companies are building in the town, and permanent buildings are being erected for the Panhandle Plains Second Annual Dairy show.

### WHAT'S DOING IN WEST TEXAS

Lampasas is to be the home of a salt factory as soon as the proper location in the city can be found. It is expected that work will be started on the building in a few days, and it may be completed during the month of April.

San Saba has been the scene of the death of innumerable prairie dogs lately. L. C. Whitehead of the Federal Bureau of Biology, for extermination of predatory animals conducted the campaign, setting out over 500 pounds of poison with the aid of farmers in the community.

## CHIROPRACTIC

100% of Tissue = 100% of Nerve Energy (life) = 100% of Function (health)  
100% of Tissue = 100% of Nerve Energy (life) = No Function at all (death)  
Any fluctuation between these two conditions constitutes some disease

Brain (Spinal) plus organ (motor) plus nerve equals 100 percent of function (health).

Brain (Spinal) plus organ (motor) plus impinged nerve equals function minus (disease)

1st and 2nd L. Appendicitis, peritonitis, all bowel trouble and affections, typhoid fever.

3rd L. All pelvic organs, bed wetting.

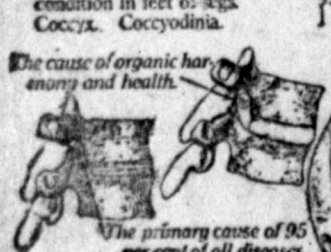

4th L. Hemorrhoids, hernia, anal fistula, lumbago.

5th L. Sciatic, rheumatism, any condition in feet or legs.

Coccyx, Coccydynia.

The cause of organic heart energy and health.

The primary cause of 95 per cent of all diseases.

### A GREAT MACHINE

There is no more intricate machine than the HUMAN BODY. It is presided over by that great human DYNAMO—the BRAIN—which generates the life force that gives LIFE to every MINUTE part of your body. The Spinal Cord and the Spinal Nerves are but the human wires that convey this vital force to the various organs and parts. These spinal nerve cables pass out from the cord BETWEEN the 24 MOVABLE segments of the SPINE, and when there happens to be a slight misplacement of one or more of these bones (see two small illustrations on left) there is PRESSURE on these NERVE cables, and the ORGANS or parts of your body that is fed by THESE NERVES are affected and disease is the RESULT. It may well be seen then that the SPINE becomes the most important part of YOUR body in relation to HEALTH. YOUR spine is out of alignment if you are sick.

### A GREAT DISCOVERY

Chiropractic, like practically all other great discoveries, came into existence by accident. Harvey Lillard of Davenport, Iowa—where the great Palmer Institute is located—after a hard lift heard something snap in his back and almost immediately noticed that he was deaf.

D. D. Palmer, the discoverer of Chiropractic, found a joint of his SPINE out of alignment and set about to get it back into correct position which he did, and almost instantly Lillard heard again and thus a great Science had its birth. Since Lillard's restoration 22 years ago many thousands of sick and suffering humanity have been restored through the scientific application of the Chiropractic principle.

### MY OPINION OF YOUR CASE

It will obligate you in no way to consult me about your condition. If I can help you I will tell you so, and if I can't I will be just as frank. Why let the CAUSE of your disease remain longer? Phone for appointment. Free Examination.

I hold Diplomas from Palmer School of Chiropractic, Three Years Course, Graduate Osteopath. Graduate Nurse. Served Overseas. Made Special Study of Women and Babies for over 15 years.

**WEST TEXAS NEWS**

Spearman will be burning natural gas by August 1st. Six inch pipe lines are to be laid to the town from the Stinnett fields to supply the commodity. The price is to be reduced from 75 cents to 65 cents per 1000 cubic feet of gas.

Fort Stockton is experiencing a lively building boom. The new opera house when completed and furnished will represent an expenditure of \$75,000. Brick business houses costing \$20,000 are being built and plans for more made. Many substantial residences are going up.

Santa Anna, after completing a new school building and a modern city hall has now started excavation preliminary to paving five blocks of the town's main streets. Plans are being considered for additional paving to be done upon the completion of these five blocks.

Although having an adequate wa-

ter supply at the present time, Childress is preparing for the future by purchasing a tract of 280 acres of land at a price of \$16,000 to be used in drilling water wells. A dam may be built later to make a lake.

Contract has been let for the new Silverton high school building to cost approximately \$85,000.00. The building will be completed by September. It will be modern in every respect and will be built and equipped with the latest and most modern conveniences and material.

Tulla will represent Swisher county at the Second Annual Panhandle Plains Dairy Show in Plainview on April 2 to 5, with 300 citizens headed by the Tulla High School band of 32 pieces.

More than 600 car loads of maize, kafir, and other sorghum grains have been shipped from Tahoka this season. One hundred cars are yet to be shipped. A car load of heads

consists of about 20 tons, and bring about \$17.00 per ton.

Forty head of dairy cattle will be taken from Lockney and Floyd county to the Panhandle Plains Dairy Show. A Floyd county delegation, composed of farmers and business men of the county are planning to attend.

The South Plains District convention of the West Texas Chamber of Commerce to be held in Tahoka on April 24th, will sponsor a "My Home Town" oratorical contest, at which all high school children under 21 years of age will be eligible.

Two well known West Texas women will be on the program of the Oil Belt District convention of the West Texas Chamber of Commerce which will be held on April 18. They are Lexie Dean Robertson, poetess of Rising Star, and Christine Carter, a vocalist of Breckenridge.

**MEN WHO HELPED GREAT EMPIRE SEEN IN PICTURE**

Renee Adoree Heads Fine Cast In Sparkling Drama Of Early Gold Rush

Echoes of great names that have come down in the history of the West are revived in the graphic representations of famous characters which make up the cast of "Tide of Empire." Peter B. Kyne's vivid story of the California gold rush, which will be at the Palace Theatre next Monday, Tuesday and Wednesday. It is a Cosmopolitan production with synchronized score and sound effects and is presented by Metro-Goldwyn Mayer. Not only are the Wells Fargo and other celebrated characters of the "Days of '49" reproduced by actors so startlingly like the originals that it seems those historical characters have actually come to life, but many descendants of those pioneers are among the actors playing their roles.

The vivid drama, which Allan Dwan directed, has among its characters such celebrities as "Bejabbers" Harmon, jailer and prospector. The name Harmon is today perpetuated by the great Harmon Gymnasium at the University of California.

Among the actors in the huge picture are many descendants of old Spanish settlers and former gold seekers. One of the most interesting is Buck Cody, who plays a bandit. He is the son of Vasquez, the famous bandit hung in Salinas in 1861, and "Leoc Mary," a historic character, who is still alive, at the age of 103. His name was changed by law.

Renee Adoree and George Duryea play the principal roles in the new drama, as the Spanish heroine and her gold-pro prospector lover, William Collier, Jr., George Fawcett, James Bradbury, Sr., Paul Hurst, Harry Gibbon, Fred Kohler and others of note are in the cast. Waldemar Young's scenario of the original novel was used to film the story.

The discovery of gold at Sutter's Mill, the founding of the Wells Fargo Express company, the grim bandit battle and the founding of the order of Vigilantes, are among the dramatic highlights in this vivid chronicle.

**COLORADO MAN BOOSTS ROADS AT SNYDER**

Following is the address delivered by Judge C. C. Thompson of Colorado before the district meeting of the West Texas Chamber of Commerce in Snyder on March 5:

"Roads Aid to Agriculture"

"Agriculture is the basic industry of the land.

"To develop this great industry is a most noble undertaking for us all, but to allow it to falter or waste is inviting the curses of a posterity yet unborn and soliciting the downfall of the commonwealth.

"Railroads have played a prominent role in the development of agriculture. The ox team and the Texas mule must be given their share in this onward march.

"A new day is upon us. We are seeking a wider knowledge and a more intensified program for the development of agriculture.

"Cotton as a one-crop plan is being cast aside. We are looking forward to a complete plan of farm development.

"The automobile and good roads must of necessity be our most valued servants in this new order of things.

"Roads have had to do with the history of the world since the deeds of man have been recorded. The Roman empire and its emperors must, in a large measure, attribute their military success to good roads. The roads of ancient Rome were so

**ENTHUSIASM FOR COMING REVIVAL WAXING GREATER**

EVANGELIST AND SINGER ARE BOTH HIGHLY PRAISED FOR ABILITY

Enthusiasm is beginning to show itself in appreciable quantities for the revival which is to begin Sunday, April 21, under the auspices of the Methodist church.

Rev. T. Edgar Neal, pastor of the First church in Temple, Texas, and a well known evangelist, is to be in charge of the preaching for the revival. Rev. Mr. Neal comes highly recommended for his evangelist power and for his ability to seize and hold the interest of the people during his revivals.

C. G. Spindler, evangelist of Tulsa Oklahoma, is to be in charge of the singing and young people's work during the meeting. Testimonials concerning his personality and ability come from all parts of the State and nation.

permanently built that today, two thousand years later, they are still in existence. The golden age of Greece gave to the world great deeds of science and philosophy, art and architecture of the rarest type. This age came to ancient Greece after she had recognized the worth of and constructed a national system of highways.

"Those countries of ancient antiquity built roads primarily for military purposes, but we in America have no military scheme nor ambition for conquest of the nations of the earth. We do, however, have a conquest to make but not with cannon, sword or rifle; our war is known as the war of progress and our battle fronts are to be the development of agriculture, commerce and religious activities.

"Roads as a development to agri-

Rods, Reels, Silk and Linen lines, Snelled hooks. Artificial bait, Minnow buckets and seines Trot lines, Sinkers, Floats, Furnished lines, Tackle boxes. Everything for fishing and camping.

culture is not to be denied but agreed by all. Over roads must be conveyed more than one-half of the products of the soil from the farm to the ultimate consumer. Over roads we must travel to rural and high schools, to our community centers and places of religious worship. All these activities add to form a part of and the aggregate compose our daily lives.

"Good roads are essential and indispensable in our development as a great center of agriculture. We are proud of the work that has thus far

been done so well, and let us look to the future with a plan that is conservative, economical and far-sighted for the development of highways and roads in Texas, and as we bring that plan into a reality, we will grow in knowledge and have added comforts and prosperity and of necessary additional responsibilities.

"America stands today out against the skyline of civilization as the greatest nation that man has developed, and yet we are in our infancy in the development of agriculture.

**TRIPLE SERVICE TIRES Appearance - Performance - Endurance**

**LORRAINE FARMER AND WIFE MAKING PROFIT ON WHITE LEGHORNS**

Mr. and Mrs. W. M. Kirkpatrick Feed Egg-Yaying Mash To Flock

A flock of 88 White Leghorn hens properly cared for is making a net profit of \$25 to \$30 a month for Mr. and Mrs. W. M. Kirkpatrick of Loraine. No hatching eggs have been sold and lately the price has been only 18 cents a dozen, but the high spring production has kept the income up to the average of the preceding months.

The flock was started on a mass feed last fall and with the exception of one week during a severe cold spell, production has been over fifty eggs per day for the last four months. Last fall they had about 60 Reds but they were only laying six eggs per day on the same feed the other hens had, so they were disposed of.

During January they sold 123 dozen eggs at 30 and 40 cents per dozen for a total of \$41.20. Feed cost was \$14, leaving a profit of \$27.20. In February they sold 149 dozen at 25 and 30 cents for \$43.15. Feed cost was \$11.50 and the profit was \$31.65. In March they laid 191 dozen, which sold for \$40.60. The feed cost was \$14, and profit \$26.60.

"These hens are paying for their feed, our groceries and gas, and I don't see how we ever got along without them," Mrs. Kirkpatrick says.

They have 500 baby chicks that are a month old and coming along nicely. An interesting comparison of value of the old and the new methods of brooding chicks may be seen in this bunch of baby chicks. They have one hen caring for a bunch of the same chicks and the chicks brooded with an oil brooder appear to be almost twice as large as the chicks that are with the hen.

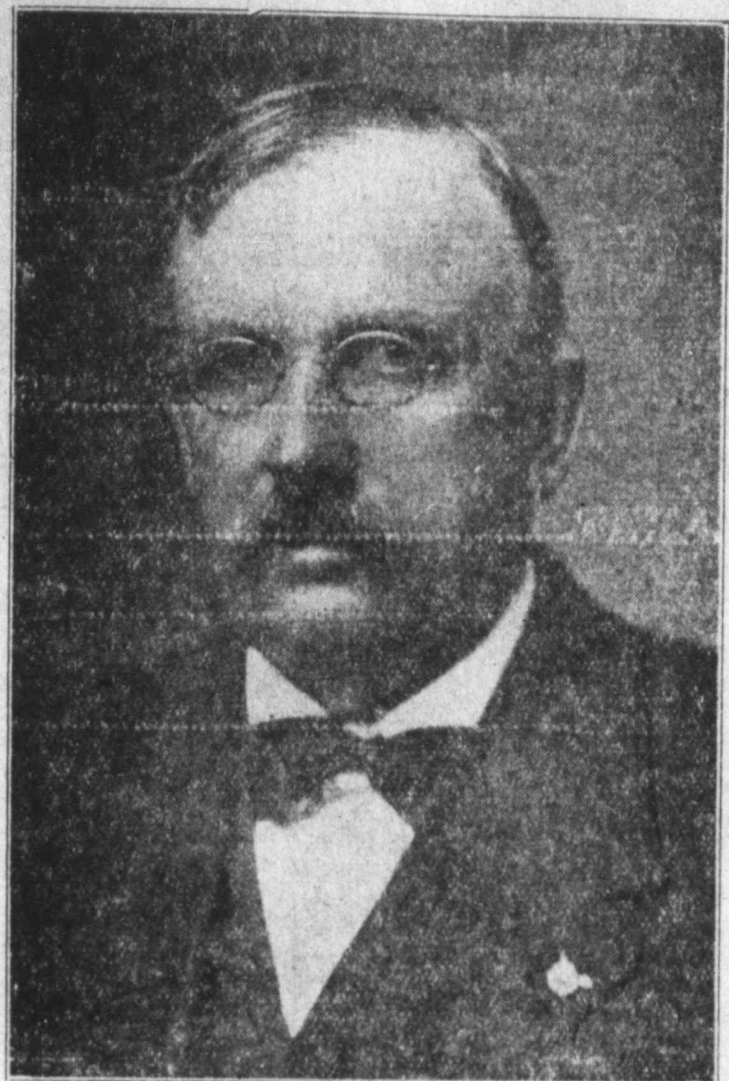

**D. N. ARNETT GETS BOOK BY CAPT. JAMES**

D. N. Arnett, pioneer West Texan, known throughout the Plains country as one of the old-time ranchers, has received a book, "Memories and Viewpoints," written by Captain Jason W. James of Roswell, N. M.

The book was sent to Mr. Arnett as a personal gift. The book begins with the experiences of Captain James on a trip to the Salt Lake Valley in 1858 and relates experiences with frontier fighting throughout the west for 50 years.

Mr. Arnett brought the book to this office at request of the editor, who expects to read it and write another story on the book later. Mr. Arnett says the book is very interesting and relates many true episodes of the old West.

**RESIGNS MAYORALTY OF CITY**

JUDGE R. H. LOONEY

**JUDGE R. H. LOONEY COMPLETED CONSTRUCTIVE SEVEN YEARS AS CITY MAYOR LAST MONDAY**

Closing one of the most constructive administrations of the mayoralty of Colorado, Judge R. H. Looney's relinquished the office to his successor, T. J. Coffee, Monday night after he had served the city in the capacity of mayor for seven years.

Among the great municipal steps forward which he has witnessed and had much to do with during these seven years are the erection of the city hall, the establishment and development of the north water works, paving of the city streets, installation of the sewer system, the white water system, and other developments.

There are few resident citizens in Colorado who have made their home continuously in Colorado for a longer period of time than Judge Looney. He came here in 1881, the year of Mitchell county's birth, and with him brought his sole possession, two horses, a buggy and \$125.00. His first business venture here was with a Mr. Solomon in the real estate business. In 1882 he became county judge, the county's second one.

Since 1885 he has been identified with the banking interests of Colorado, having assisted in the organization of the First National Bank here in that year. In 1890, when that bank liquidated, Judge Looney became interested with the Colorado National Bank, and has since been a member of the Board of Directors. During several years of this time he filled the place of president.

Born near Tulip, Arkansas, in 1851, Looney came to Texas while still a young man, spending a short time at Danison. He removed to San Antonio from there, and was soon identified with the Texas Ranger force. As a member of Company C, he saw active service in Coleman, Shackelford, and other counties along the West Texas frontier in 1878 and 1879.

Before ever coming to Colorado, Judge Looney had entered the law profession, and since then has followed the profession as a practicing attorney.

During the abnormal drought of 1917-1918, Judge Looney, as an official of the Colorado National Bank, did much to assist the farmers and settlers of Mitchell county to stay here and protect their investments. For many years he has controlled extensive farm properties in the county and has held the distinction of being a true friend to the man with the plow.

**B. A. ALLEN BUYS THE FRIGIDAIRE AGENCY FOR MITCHELL COUNTY**

Former Buick Agent And Doc Harrison To Sell Refrigerators

B. A. Allen, formerly local dealer for the Buick line of motor cars here, has bought the Frigidaire agency for this county, the sale becoming effective on April 1, according to an announcement made here this week.

G. V. (Doc) Harrison, who for the past several years has been with the John Doss Drug store, will assist Mr. Allen with the sale of Frigidaire. Both Mr. Allen and Mr. Harrison are well-known in Colorado.

Frigidaire has this year added the cold control feature that is proving to be the greatest attachment ever placed on automatic refrigeration.

Mr. Allen will soon have a very complete line of models on the showroom floor at 183 East Third street. Another carload of the refrigerators will be received at Big Spring soon, and these will be distributed to Colorado and Sweetwater. This will be the fourth carload handled this year in this territory. Mr. Allen's service and installations will be handled by Ted Garrett.

Mrs. W. L. Doss and Mrs. J. G. Merritt returned Friday from Plainview, where they attended the Northwest Texas Conference.

**PIONEER RESIDENT OF COUNTY SUCCEMBED ON LAST SATURDAY NIGHT**

F. P. Murphy Had Lived On Same Farm For 38 Years

A resident of Mitchell county for thirty-eight years, F. P. Murphy, 76 years of age, died Saturday night at his home eighteen miles west of Colorado in the Carr community after an illness of some ten weeks duration.

Mr. Murphy had lived for 38 years on the farm where he died. He was a native Texan, born in Collin county on February 9, 1853. Fifty-three years ago on February 9, he was married to Mary George, who survives him. He had been a member of the Church of Christ for many years.

Besides his wife and a grandson, Leonard Young, whom he reared, Mr. Murphy is survived by three sons, who are: F. F. Murphy of Fort Worth; W. A. Murphy of Demmitt; L. H. Murphy of Mitchell county. Four daughters also survive: Mrs. A. N. Marchmont of Clovis, New Mexico; Mrs. J. D. Houston of Fort Worth; Mrs. R. L. Adams of Abilene; Mrs. J. T. Garrett of Colorado.

Funeral services were held at the cemetery inlatan Sunday afternoon. Rev. E. O. Stewart of Sweetwater was in charge.

**Cows Purchased Recently Boast Of Fine Records**

The registered Jersey cows purchased recently by Mitchell county farmers have splendid production behind them.

R. M. Jones' cow has the highest official record with 653 pounds of butterfat. B. O. Joyce's cow has a record of 622 pounds of butter. I. K. Galey's cow produced 404 pounds of butterfat in 305 days with her first calf, while J. E. Bodin's cow was on test when purchased and had produced 287 pounds of butterfat in eight months with her first calf. E. M. Reese purchased a cow that is a daughter of Mr. Galey's cow and another registered cow that has never been tested.

I. K. Galey also leased a young Jersey bull the dam of which has a record of over 500 pounds of butterfat in 302 days. This is one of the best bulls ever brought into the county, according to dairy experts.

**METHODISTS TO VISIT AND INSPECT CHURCH BUILDINGS ELSEWHERE**

First of Two Trips To Be Made On Next Thursday

Two trips are planned by members of the Methodist church here to inspect modern church buildings in other places with a view to determining the type of church to be erected here by that denomination in the near future.

The first of these will take place Thursday, and will be made to Eastland and Abilene, two buildings to be inspected in each place. The time of the other trip is to be decided later.

The following made up the committee which will make the trip on Thursday: T. W. Stonerod, Jr., chairman; Mrs. R. H. Looney, secretary-treasurer; A. J. Herrington, J. A. Buchanan, U. D. Wulfjen, Mrs. R. J. Wallace, Mrs. A. E. Batecroft, H. L. Hutchinson and Rev. W. C. Hinds, pastor of the church, will accompany the committee.

**Colorado Man On Committee At Texas Tech**

J. T. Gist of Colorado and a student in Texas Technological College at Lubbock is a member of the committee which has been appointed from the senior class of that school to be in charge of the first Engineers' show, which is to be held at the School of Engineering of Tech College, on Saturday, April 20.

Gist is majoring in geological engineering at the college. The three engineering buildings on the campus and all the machinery and apparatus will be put in use by students and faculty members at the Engineers' school to show the general public what work the school is doing.

**COLORADOANS LEFT MONDAY TO ATTEND W. O. W. CONVENTION**

Mr. and Mrs. W. L. Doss, Sr. And E. Keathley Are Delegates

Mr. and Mrs. W. L. Doss, Sr. and E. Keathley left Monday to attend the State convention of Woodmen of the World and the Woodman Circle in Mineral Wells, beginning Tuesday and lasting until Thursday.

Messrs. Doss and Keathley are representing the local camp of the W. O. W. and Mrs. Doss is delegate from the Woodman Circle here.

While away Mr. and Mrs. Doss will visit at Weatherford and also at Marshall, where their daughter, Mrs. W. R. Motley, Jr., lives.

**TERRACING WORK DONE BY AGENTS PAYS DIVIDENDS**

State Farm Engineer Says It Is Worth \$30,000 To County Yearly

Terracing work of Mitchell county's three county agents, W. A. Dulin, H. L. Atkins and W. S. Foster, is now paying the county over \$30,000 every year, according to estimates based on a report from M. R. Bently, State farm engineer, who says Mitchell county has 31,000 acres of terraced land.

The \$1 valuation placed on the average increase in yield on terraced land is a very conservative estimate, as some Mitchell county farmers have reported an increase of \$10 per acre in a single year, and others say that the average increase in yield will amount to \$2 to \$3 per year.

**SOUTHLAND AGENTS HERE QUALIFY FOR ANNUAL CONVENTION**

ROOT & REYNOLDS WIN PRIZE BASED ON YEAR'S PRODUCTION

Geo. B. Root and Jack Reynolds, agents for the Southland Life Insurance Company at Colorado, are both qualified to attend the annual convention of the Southland Life Insurance Company at Kerrville, Texas, according to announcement by Agency Manager W. E. Talbot. The qualification is based on production for 1928.

The meeting will be held April 17, 18, and 19. A number of unusual entertainment features have been planned for the agents and their wives.

Special cars will be run from Houston, Dallas and San Antonio, where they will be consolidated into a special train for Kerrville. The Southland Life is one of the strongest companies in the South, having more than \$131,000,000 insurance in force.

**Debating Teams Get One Defeat, Two Victories**

Two victories and one defeat were the lot of Colorado High School debating teams when they met three teams from San Angelo at the high school here last Friday morning.

The senior girls debating team of Colorado, which is made up of Lenora Cook and Beola Kirby, won over the similar team from San Angelo. Senior boys' team, made up of Hoyt May and John Shurtleff, lost to San Angelo.

The freshman girls' team of Colorado was victorious in its first contest of the year, winning over San Angelo's team. Puth Hinds and Alice Harryman make up the Colorado team.

**REID GOES TO MEET OF LEGISLATIVE BODY**

Representative Wed Reid was summoned to Stephenville Wednesday afternoon to meet with the appropriations committee of the House and Senate finance committee, which will be there Thursday morning to inspect John Tarleton college. The committee will go to Arlington Thursday afternoon and inspect North Texas Junior Agricultural College, then to Commerce Friday and Denton Saturday, where State institutions will be inspected. He will probably be absent for a week.

Mr. and Mrs. E. B. Willbanks spent Sunday in Big Spring.

Royall Smith was here last week to visit his mother, who is still quite ill.

Mrs. Earl Cramer of Wink has been visiting friends in Colorado for the past week. Many parties and social functions have been given in her honor.

**CHURCHES**

**PRESBYTERIAN CHURCH**

Last Sunday was a great day with us. Five congregations at both services. A fine couple united with the church at the evening service, which made our hearts glad. We are looking for others to come into the church soon. If you are not a communicant, why not? What satisfactory reason can you give for not being one? Answer this to your God.

The morning service begins at 11 o'clock, and the evening service at 7:45 sharp. Our Sunday school is growing from Sunday to Sunday. If you are not in Sunday school somewhere else, come with us. You will do us good. Our Sunday school opens at 9:45, with J. M. Thomas, superintendent.

Christian Endeavor at 5:30 p. m. Miss Nellie Blordan, superintendent. All the boys and girls are invited to come to this Endeavor meeting. W. M. ELLIOTT, Pastor.

**METHODIST CHURCH**

Remember, our revival meeting begins April 21. It is necessary that we make preparation for the meeting as a congregation, and as individuals.

We beat Sweetwater again in the contest. Let's be sure we keep up the good work. Theme for sermon Sunday morning, "Church Membership."

The men's chorus from Mr. Stone- road's class is expected to furnish the music at both the morning and evening hours.

Our choir will be in Sweetwater Sunday evening. A great day is expected Sunday. God help us to be prayerful and make it a day of real worship. W. C. HINDS, Minister.

**FIRST CHRISTIAN CHURCH**

Bible school 9:45 a. m., W. W. Porter, superintendent. Preaching services 11 a. m., and 7:45 p. m. Subject of morning ser-

mon, "What Went Ye Out to See?" Evening, "The Church in Reformation." There will be special music at both hours. Miss Broadbent and Mr. Haney will sing a duet at the morning hour and there will also be a special communion hymn and Dr. Root will sing at the evening hour.

Choir practice at 8 o'clock each Tuesday evening. Ladies' Aid Society each Monday at 3:30 p. m. Prayer meeting each Wednesday at 7:45 p. m.

A. E. EWELL, Pastor.

**ALL SAINTS' EPISCOPAL CHURCH**

On Sunday morning at 11 a. m., there will be a celebration of the Holy Communion, and sermon, at All Saints' Episcopal church. The Women of the Auxiliary will at this time present their Blue Box offerings. Sunday school will meet at 9:50 a. m., as usual. Be sure to come.

ALEX. B. HANSON, Minister in Charge.

**FIRST BAPTIST CHURCH**

Sunday school at 9:45 a. m., G. B. Slaton, superintendent. Help it to keep growing.

In the absence of Rev. W. C. Ashford, the sermon at both the morning and evening hours will be delivered by John W. Cobb. The Scott and Williams quartette will sing at the morning hour.

B. Y. P. U.'s at 6:45 p. m.

**D. E. FRUIT, FORMER COLORADOAN, VISITS HERE**

D. E. Fruit, who is moving from Roswell, N. M., to Abilene, was in Colorado Friday, and while here visited many citizens and looked the city over in quest of old landmarks. Mr. Fruit was born in Colorado in a small house which stood in the Prude block just across the street from the old ward school now occupied by Prof. Thos. Dawes as a residence and studio.

Mr. Fruit said Colorado had changed so much in the past ten years that he could hardly recognize any place. Mr. Fruit has been with the Joyce-Fruit Co., wholesale grocers at Roswell, for ten years. He recently sold his interest in that concern and has been named southwestern distributor for the Ward floor gas furnace and is opening offices in Abilene. C. C. Chenoweth will be associated with him at Abilene in the management of the Ward business.

**GUARANTY WITH USED CARS IS OAKLAND PLAN**

PONTIAC, Mich., April 11.—Another progressive step recently taken by a prominent automobile manufacturer toward better business methods in the merchandising of used cars, came to light here today when the Oakland Motor Car company announced adoption of a national policy under which all Oakland-Pontiac dealers will be asked to furnish a written guarantee with all reconditioned used cars.

Under terms of the guaranty, parts

are furnished free to replace any found defective during the first 750 miles of driving, provided the mileage is run up within 30 days after the sale. The car also may be returned within 48 hours after the purchase if it proves unsatisfactory and the full purchase price applied to any other car, new or used, of equal or greater value in the dealer's stocks.

A written guaranty printed on lithographed bond paper is issued by the dealer to the purchaser at the time of the sale, while all cars carrying the guaranty also have a windshield sticker on which is printed, "Reconditioned GUARANTEED Good Will Used Car."

The object of the new plan, according to M. L. Buck, manager of the used car department, is to provide the purchaser with concrete evidence of the good faith of the dealer who makes the sale.

"Many of our reconditioned used cars are priced within the range of the cheapest new car," Mr. Buck stated. "If the money were invested in the small new car the purchaser would receive a standard warranty with it. In making a similar purchase of a good used car, he is entitled to a like measure of protection."

"We know that our dealers' reconditioned used cars are capable of performance comparable to a small car. Consequently we aim to give the purchaser full assurance of our faith in the car by backing up our claims in writing."

The used car guaranty applies only to those cars which have been thoroughly reconditioned and refinished under the Good Will plan—a policy inaugurated some years ago by Oakland to lend individuality to the quality used cars handled by the Oakland dealer organization. The familiar figure of "Good Will Oakland" with the slouch hat and the inevitable stogie, is well known throughout the country through his association with the used car business of this company's dealers.

Featured on the used car guaranty form is a definition of good will as handed down by the United States Supreme Court. This states that "Good Will is the disposition of the pleased customer to return to the place where he has been well treated."

REPORT POTASH REFINERY WILL BE AT CARLSBAD

It is reported from Carlsbad that Snowden & McSweeney have purchased a 27 1/2 acre tract in the La Huerta district, across the river and northeast of that city, on which they will erect a refinery to treat the potash which they expect to take from their mines 25 miles east of Carlsbad.

For some time it has been known that vast deposits of potash are to be found in this section of the country and numerous tests have been made by the Federal government in both New Mexico and in Texas.

Attention was called to the area on the Lovington-Carlsbad highway about 25 miles east of Carlsbad when the Snowden-McSweeney company, in drilling for oil, found promising indications of potash. A log of the well was furnished the geological survey of the U. S. Government and as a result several tests were made in that area; in all of which large deposits of potash were found at intervals between 950 and 1950 feet.

Since that time the Snowden-McSweeney company has carried on an extensive and intensive core drilling campaign. A series of tests were made surrounding the first test in every direction. Considerable secrecy has been observed in this drilling. No information of any character has been given out. But that these tests were favorable was indicated by the fact that the work was continued and that a potash lease from the State was obtained upon 5,000 acres in that area.

The recent announcement from Carlsbad confirms the belief that potash in paying quantities is to be found in this section and that the time will come when the potash deposits of Southeastern New Mexico will enable this country to be free from Germany for this useful article.

Work by the Government geological survey during the last few years revealed the crater of an old lake east of Carlsbad that was one time a body of water without an outlet and the streams flowing into it for hundreds of years accumulated a bed of potassium salts which is several hundred feet thick. There are a large number of rich deposits of potash in Southeastern New Mexico, but most of them are in such a formation that the process for removing the mineral would not be practical. However, this particular deposit east of Carlsbad, which is said to be 50 miles wide and 150 miles long, contains a kind of ore that can be refined much easier than any other yet found.—Midland Reporter.

FORWARD-LOOKING PEOPLE WILL INVESTIGATE THIS CAR

**Making it easy for you to enjoy BIG CAR advantages**

Now it has become easy for forward-looking people to satisfy their desires for a finer automobile. The New Pontiac Big Six is responsible for that. It makes it possible for them to enjoy all the style, luxury and performance advantages of a big car without paying a big car price. It enables them to step up the quality of their automobiles without stepping out of the low-priced field. . . . Time was when the ambition to own a really fine automobile could be satisfied by only a fortunate few. But not so now. The New Pontiac Big Six brings big car advantages within the reach of practically every buyer of a motor car.

Prices \$745 to \$895, f. o. b. Pontiac, Mich., plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

THE NEW **PONTIAC BIG 6**

PRODUCT OF GENERAL MOTORS \$745 AND UP

**Payne Notes**

Our school celebrated a holiday on Friday, and some went to the circus. Robert Earl Wulfjen's time was up on his club calf on April 6. The calf was sold to Helpy-Selfy grocery in Colorado for 13.75 per pound, he realizing \$102.30 for the calf and making a clear profit of about \$25. The Payne club boys are glad the

merchants of Colorado took an interest in buying these calves, for we feel the need of keeping our products at home.

Mr. and Mrs. J. L. Pidgeon of Colorado, Mr. and Mrs. B. L. Wulfjen, and B. L. Wulfjen, Jr., and wife spent Sunday evening with Mr. and Mrs. S. O. Wulfjen.

B. J. Phillips has been on the sick list this week.

Lois Andrews of Seven Wells com-

munity spent the week-end with M. dred Cooper.

Mr. and Mrs. E. K. Henson of Roscoe spent the week-end with Mr. and Mrs. S. O. Wulfjen.

Miss Bobbie Miles spent Friday night with Mr. and Mrs. W. K. Miles of Bauman community.

Several from our community attended singing at Buford Sunday.

Mr. and Mrs. M. M. Miles and daughter and Mr. and Mrs. E. S. Miles were dinner guests of Mr. and Mrs. W. K. Miles of Bauman Sunday.

Relatives from Brownwood, Texas visited John Hammons and family over the week-end.

Mrs. M. M. Miles spent Sunday and Sunday-night with E. R. Smith and family of Looney community.

The Payne school boys entertained the grown-ups with a wienie roast on Thursday night, April 4. Everyone enjoyed the evening.

Rev. Mr. Parks of Roscoe will fill his appointment at Payne chapel on Saturday night and Sunday.

Nelson Bassham spent the week-end with his cousin, Lanier Bassham, of Seven Wells community.

J. B. Weaver and family of Rule, Texas, spent the week-end visiting Lester C. Burk and family.

**Payne School Boys Entertain Fathers Thurs.**

Boys of the Payne school entertained their fathers with a wienie roast at Seven Wells last Thursday night in celebration of the close of the dates of their feeding contest, sponsored by Lester C. Burk, principal of the school, in cooperation with the county agent.

The Payne boys, under leadership of Burk, started the feeding contest last fall. The contest was very successful, and the boys made a good profit from the experiment. They demonstrated that a balanced ration of home-grown feeds could be used with greater success and greater profit.

At the Thursday night celebration, W. S. Foster, county agent, was the guest. Several visitors were present from Colorado. Plenty of wienie and other cats, according to the visitors, and all had a good time. The principal of the Payne school was commended for his efforts in starting the contest and in helping the boys. All of the boys except one fed pigs. Robert Wulfjen fed a baby pig, which was sold Saturday at auction.

Mother—Why is it taking you so long to put on your dress?  
Daughter—I can't decide just where to put it.

**How to Raise Poultry**  
By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

**A SHORT CUT TO LONGER PROFITS**

Trap-Nesting Displaces Guess Work in Favor of Certainty for Selecting the Really Profitable Members of a Poultry Flock.

You may think you have eliminated the heavy eating, light-laying drones from your flock but are you sure you have got them all? If you are a good judge of the signs which indicate poor layers, the chances are you have eliminated the worst drones. In all likelihood, however, there are still a number of hens left which are on the border line or just below it; either they consume as much in food as they pay back in eggs or just a little bit more. In either case, they are unprofitable to keep, but hard to discover when ordinary methods of culling are employed.

Now these "border line" fowls require just as much care and equipment as their more profitable sisters. Care and equipment represent part of the investment on which a profit must be paid. It becomes self-evident, therefore, that very many such fowls will cause a serious cut in the percentage of profit returned on each dollar of capital invested. But the question is how to convict the offenders of their shortcomings. I know of but one certain way and that is to keep books on the whole lot of them and in a short while you will know beyond peradventure or doubt which are the egg layers and which are destined for a speedy trip to market.

Trap-nesting, in short, is the precise method of determining exactly how much each hen is laying and whether or not she is going to be worth keeping on the job. Such knowledge is of especially great importance to the breeder of fine pedigreed fowls, but is sufficiently important to most poultry raisers to be worthy of consideration. Trap-nesting, incidentally, is valuable in timing young birds which tends to increase productiveness.

Many will object that trap-nesting involves too much labor. It is true there is some additional work involved but it is questionable whether there is much more than would be required for taking care of a large number of fowls from which no profit could possibly be realized. Furthermore, the work can be materially reduced by dividing the flock and trap-nesting one section at a time. As soon as the desired purpose has been definitely achieved, another section can be put through the course and so on until a dependable record has been made for every hen in the flock. This record not only serves to indicate the best layers, but is an invaluable guide for the selection of breeding stock.

A flock should be trap-nested for twelve (12) months to tell accurately just what each individual hen is capable of doing in egg production. To trap-nest for three months and multiply by four does not give an accurate yearly record.

And now, just a word about the mechanics of trap-nesting. A trap nest, as everyone knows, is one equipped to hold a hen captive when she enters it to lay. Each hen in the flock has a numbered leg band on one of her legs, and before she is released, if she has laid, her number is put down on a daily record sheet, indicating that she laid that day. After a hen lays in a nest, she has to be released by an attendant and the nest left upon ready for another hen. Home-made nests of this kind are easily constructed, although space is lacking in this article for giving definite instructions as to how it is done. There are many ready-made forms of trap-nests that give satisfaction and are reasonably priced. Some manufacturers simply furnish a front with the trap mechanism attached. It can easily be fitted to a suitable form of home-made nest. Numbered leg bands for identifying the hens are purchased in series at comparatively trivial cost.

At least one trap nest should be

furnished for every four birds in flocks of fifty or more, and one for every three in smaller flocks. Try to have a sufficient number so that hens do not have to wait too long for their respective turns. For the same reason, pay a bit more attention to the trap nests during the normally busy hours of the day, which are usually from 8 to 11 a. m. They should be visited once every hour, especially during the forenoon.

**Merchants Told How To Encourage Buying At Home**

Timely suggestions as to how to conduct "Buy at Home" campaigns have been sent to the Colorado Retail Merchants Association by the Retail Merchants Association of Texas, with headquarters at San Antonio. Some of the suggestions are as follows:

A campaign of this kind can only be successful if the merchants of the town cooperate and get behind the movement whole-heartedly and with determination to win. A plan of action should be outlined in advance but it is not necessary to spend a large amount of money. We feel that the following suggestions may be helpful:

Maintain a good, active Retail Merchants' Association and boost your home town, boost everything your town produces, everything it has for sale and everything that is connected with it.

Agree upon a slogan, have it printed and displayed in the stores, as for instance, "But in Colorado, patronize your home merchants and your industries." Stick a sign of this on every show-window, in front of the post office, the city hall and every other public place.

Use your slogan in all your advertising, get your local paper full of advertising and mention your "Buy at Home" slogan in every advertisement.

Print your slogan on all your letterheads, on your billheads, and envelopes, and print it on every piece of literature you are sending out to your customers.

Have a speaker at all of your big gatherings to make a few remarks on the advantages of buying at home, urge your citizens to back up the movement and help to build up the

community by patronizing home business and home merchants. Make arrangements with the ministers of your churches to back up the movement whenever an opportunity presents itself. They will be glad to cooperate with you.

Do not forget to make your stores attractive. Attractive show-windows and attractive store entrances, newly painted and varnished store fixtures, clean floors and clean walls help a great deal to bring business, to attract customers and to hold them.

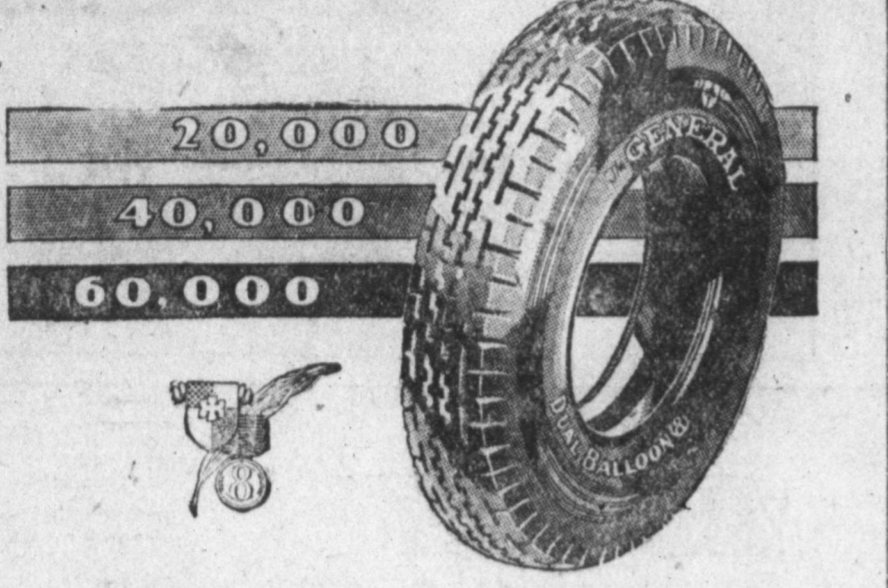

**R. C. MORGAN TO TRY OUT PURE LINE MAIZE**

R. C. Morgan of Looney community has purchased some of the pure

line maize seed from local seed breeders and will carry on a demonstration with the county agent to determine the value of this seed. The pure seed will be planted in a plot adjoining some of Mr. Morgan's old seed and will be planted the same day and cared for in the same manner. This fall the maize will be weighed and the yield of the two plots will be compared.

**HYMAN ORGANIZES FIRST 4-H CLUB**

Hyman community's first 4-H club has been organized by the county agent with the following members: M. C. Lowery, Ernest Black, Raymond Woodard, Arthur Geff, Clayton Nichols, Hoyt Andrews, Schuyler Vowell, and Johnnie Smallwood.

**TO THOSE** who have known the disappointment of mileage guarantees that mean running on smooth rubber a great part of the way, the *Dual-Balloon* brings an entirely new experience—season-after-season of non-skid security—the greatest ever known.

**Amazing new Refrigerator Works by Heat**

*no noise no moving parts needs no attention*

**ELECTROLUX REFRIGERATOR**  
MADE BY STERVO

**Pritchett, Cook & Ragan**  
DEALERS  
Located at Cook & Son Hardware and Furniture Store

**YOU** have to come in and see this marvelous Electrolux Refrigerator to realize how simple, how practical, how economical it is. At last automatic refrigeration is really perfected. At last you can have ice all the year round—clean cubes by the dozen—without the slightest trouble or worry.

*No noise—no moving parts*

The Electrolux has no moving parts. It makes not the slightest sound. It needs no attention—there's not even a thing to oil. With no mechanism inside, there is nothing to wear out or to need repairs. The action is chemical rather than mechanical, and is everlasting. A tiny gas flame does all the work. The refrigerating liquid is hermetically sealed in metal and never needs replacement.

There is no chance of odor, or leakage.

*Tested and proved for 6 years*

The Electrolux Refrigerator is made by one of the oldest and largest refrigerator companies in the United States. It has been thoroughly tested and proved for six years. We are fortunate in having just secured a few units, so tremendous is the demand. It costs less to operate than any other refrigerator and is sold on a deferred payment plan that suits almost any purse. Made in a wide range of sizes and beautiful color harmonies. Come in and see it.

**It's a Surprise!**

**Two Different Reasons for using CONOCO-ETHYL BOTH OF THEM GOOD**

**1 To Save Wear and Tear**

If you keep an accurate record of what it costs to operate your car, you'll soon realize that Conoco Ethyl Gasoline actually saves you money—despite the fact that it costs a few cents more per week than ordinary gasoline.

It saves by keeping out the knock that wears and tears the engine... and by producing 100% power from every drop. There's no waste when you use Conoco Ethyl. It burns cleanly and at the right time—regardless of the compression of the motor.

Conoco Ethyl will reduce your cost per mile. Try it and convince yourself.

**2 To enjoy High-Compression Performance**

With the introduction of Conoco Ethyl Gasoline into this market, your dreams of an ideal motor fuel become accomplished facts. Conoco Ethyl has blazed the trail to superlative motor operation under all conditions of temperature—uphill or on the level—in traffic or along the open road.

There is no motor fuel like it— for it combines all the superior qualities of Conoco, the Triple Test Gasoline, with Ethyl Fluid, the Anti-Knock ingredient developed by General Motors after years of exhaustive research.

Why not get the most from your motor? Fill your tank at the Conoco Ethyl pump—at service stations and garages.
